FOSTER GOVT OFFICIAL MAY GO TO PRISON

L. A. Gagnon, Chief Game Warden, Refuses to Pay Fine or Give Securities.

St. John, N. B., Sept. 30.—The further hearing of the charge of assault preferred by Chester Peck of this place against L. A. Gagnon, of Fredericton, chief game warden under the Foster government, took place here today and resulted in the defendant being fined \$20 and \$84 costs, or in default of payment, two months in gaol. The presiding justice was Newman Berryman, and Edson E. Peck appeared for the complainant, and J. C. Sherron, of Moncton, for the defendant.

WARRANT FOR ARREST

A summons was issued and Gagnon appeared on the first hearing. On subsequent hearings on adjournment he did not appear, and ultimately a warrant was issued for his arrest. This was executed upon Gagnon at his home in Fredericton, and he was brought in custody to Albert yesterday, and the hearing continued.

Opposition at Woodstock Convention Decides Not to Nominate Party Ticket.

CONSERVATIVES ON FARMER PLATFORM

Leadership of Hon. John J. B. M. Baxter is Endorsed by the Delegates.

Special to The Standard. Woodstock, N. B., Sept. 30.—The Government convention was held here this afternoon. There were sixty members of the party present from Carleton County, R. L. Simms, of Woodstock, was chairman, and A. J. Simms, of Grandville, was elected county secretary in place of John S. Leighton, who had resigned. The nominating committee recommended that only two names be put on the ticket, leaving the third place for voters to cast their ballots for either Counsellor Ronnie Tracey, of Tracey Mills, who is on the Farmers' ticket, and a Liberal, or S. J. Barber, of Avondale, who is also a Liberal and running as a candidate endorsed by the G. W. V. A. On the committee's recommendation the delegates endorsed are Dr. M. E. Cummins, of Bath, and Robert L. Simms, of Woodstock, both of whom accepted in brief speeches.

MILLION DOLLAR FIRE FOLLOWED WARNING LETTER

Galveston Piers Are Swept by Furious Outbreak and Huge Loss Inflicted.

Oliverton, Texas, Sept. 30.—The second disaster in the United States within a month to be preceded by a sort of warning note from Canada occurred here early today when fire destroyed piers 35 and 36, doing damage estimated in some sources at two million dollars.

Fire Chief Ryan declared this morning that he received a letter yesterday post marked from "Some City in Canada," warning him that he was "going to be destroyed." The letter which he took to be the work of a crank, was signed "John."

Several steamships in the vicinity of the pier were removed to places of safety before the flames could reach them. Thousands of bales of cotton were destroyed.

All the fire fighting apparatus of the city responded to alarms but wind blowing thirty miles an hour made the work difficult for firemen.

Forty freight cars on tracks of a sulphur plant were destroyed as was also the plant of the Anchor Milling Company, a cotton seed grinding concern.

Miss Mabel Carson, R. N., left last night for Boston, to resume her work after spending the summer with her parents, Mr. and Mrs. B. A. Carson.

SOCIALISTS IN GERMANY ARE EXCITED

Plan for Compulsory Work Meets With Their Disapproval—Claim it Slavery.

(Copyright, 1920, by Public Ledger.)
Berlin, Sept. 30.—The socialists are much perturbed over the fact that Herr Scholz Minister of Economics, in order to solve the problem of unemployment, is preparing a plan for forced labor. At the present time, there are said to be some 420,000 drawing unemployment pay from the government, which amounts to several millions of marks weekly. To end the drain, the Scholz scheme is said to contemplate forming this vast number into an army of workers under the direction of the state. Women are to be included as well as men and they are to be sent wherever needed to perform necessary labor. The plan has been highly approved by a writer in the *Borsemann Zeitung*, who says that taxation has failed to save Germany from ruin and the only salvation is the disciplined work to which the German people are accustomed.

The writer suggests that such a work army could be used in reclaiming more lands, building roads, repaving streets and building houses for miners in the Ruhr district. The latter is especially desirable, as it is stated the coal output could be increased greatly if the miners had sufficient and suitable dwellings. The women could be employed in hospitals and in other such work.

Although the plan has not been announced formally, and never may be, the socialists are putting strong objections, already saying that it is no less than slavery.

WAGE DEMANDS REAL CAUSE OF HIGHER RATES

C. P. R. Counsel Argues Side of Transportation Companies at Ottawa Hearing.

Ottawa, Sept. 30.—That a railway company is entitled to whatever profits it is involved in working under rates that are fair and reasonable was the crux of the argument advanced by W. N. Tilley, K. C., chief counsel for the C. P. R. in opposing the request for a reversal of the decision of the railway board by the government-in-council in the railway rates case being argued before the premier and his colleagues.

The whole rate situation, he said, had been reviewed in connection with the western and eastern rates cases previous to 1917, under rates which the railway board had found to be just and reasonable and not involving any discrimination. But, owing to the increased cost of operating expenses, the new rates proved to be insufficient and application had to be made for an increase which was not granted until early 1918.

Dealing with the operations of the company during 1917 under "fair and reasonable rates," Mr. Tilley said that the surplus for the year was \$12,420,916. The return was only \$6,473 on the actual cash investment of \$328,221,711, which was \$200,000,000 less than all capital issues while the surplus was only 1.52 on the total investment.

Replying to a question by Sir James Loughheed, Mr. Tilley expressed the view that it should represent half the current value of money. In other words, if the current value of money was seven per cent, the surplus should be three and a half per cent on the investment.

Labor Demands Increase
To the argument that the rates were discriminatory against the West inasmuch as the increase came during the last four months of the year when the crop movement was heaviest, Mr. Tilley answered that a period of the increase was necessitated by the demands of labor. The railways had been threatened by a general strike unless wage increases were granted. The railway companies felt that it was most important, in view of the crop movement, to keep their employees at work in order to avoid any tie up of this movement. But it might fairly be argued that the traffic which necessitated the increased wages should pay the increased cost.

Right Hon. Arthur Meighen dissented to this argument. The increased rates should be spread over the whole country insofar as possible, he said.

Statement a Guess
Mr. Tilley asserted that the statement of the chief commissioner in his judgment that Western rates are from fifteen to eighteen per cent higher than eastern was merely a guess and put forward as a justification of the action of the board in making the western increase five per cent less than the eastern. He quoted figures to show that present gross earnings per mile in the east are \$19,173, as compared with \$12,405 in the west. He estimated that with the new rates effective western gross earnings will be \$15,129 per mile as against \$23,894 in the east.

The Prime Minister asked Mr. Tilley to state his view of the argument advanced that the passenger rates should have been made permanent. What would the effect have been had passenger rates been permanently increased by 30 per cent? Mr. Tilley said that the result would have been harmful. The railways had hesitated to ask for a twenty per cent increase.

The St. John Increase
The counsel for the C. P. R. referred to the order of the railway commission increasing the rate on export traffic from the ports of Montreal, Quebec, St. John and Halifax, exception to which was taken by Mr. Symington, counsel for the Winnipeg Board of Trade. He said that there was no intention of concealing this order, which was made at the time of the last hearing before the commission. It was based on an order passed by the railway commission in 1906, which provided that rates on export freight from the above named ports should correspond with the Chicago, New York rate. When the Chicago New York rate went up, the order was made automatically. There was no intention or desire to discriminate against the west. The order did not apply to the western haul, but only to that territory east of Port William.

IMMIGRATION UP FIFTY PER CENT. IN CANADA IN JULY

Of the 16,611 Admitted 10,472 Were British and 4,310 from the United States.

Ottawa, Sept. 30.—An increase of 50 per cent in the immigration in July 1920 as compared with the same month of 1919 is shown in the July figures for the department which were issued today. These statistics have been delayed owing to a change in the system of manifesting passengers arriving in Canada. In July, 1919, there were 11,977 immigrants, and in July, 1920, the number had increased to 18,661 from all countries. Of the 16,611 admitted in July, 1920, there were 10,472 British, 4,310 Americans and 1,888 from other countries. In the four months, April, May, June and July, 1919, there were a total of 40,355 immigrants from all countries, of whom 16,377 were British and 21,878 from the United States. In the same months of 1920 there were 67,003 immigrants of whom 36,959 were British and 20,898 from the United States.

WALK UPSTAIRS AND SAVE TEN

GRAND OPENING SATURDAY OCT. 2

MEN, this date will make history for St. John. From that day on you will be able to save \$10 to 20 on every Suit or Overcoat you buy. I am very proud of this store. For years I have waited for a favorable location in St. John and I have now secured one. I have felt that any chain of shops from Coast to Coast was not complete until this important link had been added. This Coast to Coast chain is the outgrowth of an idea which I started seven and a half short years ago in Montreal. That idea was simply to give every man a square deal, and not tack on to a suit of clothes the cost of ground-floor rent, delivery service, fancy fixtures, velvet trimmings, cut glass chandeliers, and losses on charge accounts. TRUTH and HONESTY have been my principles, and on this "cornerstone" I have built from a small \$400 start — IN SEVEN AND A HALF YEARS THE LARGEST EXCLUSIVE MEN'S CLOTHING BUSINESS IN CANADA.

I want every man and woman in the City of St. John to come up on opening day and see the wonderful values that I am showing in the face of these present high price conditions. Nobody has ever been able to sell clothing at the prices that I sell them for. I expect this opening day to be a trading event never before equalled in the history of St. John.

I Sell Genuine \$30 to \$65 Suits and Overcoats for

Every Suit and Overcoat that I will show on the opening day will be advanced Fall models. Nothing of last season's styles and nothing in carried over summer goods. Buy your Fall Suits and Overcoats now while the selection is complete.

\$20 to \$50

SINCE starting seven and a half years ago in a 15-foot square, upstairs room in Montreal, hundreds of thousands of men have come up to that store and all the others which have since been opened from Halifax to Vancouver. When you come upstairs on Saturday, you'll be surprised to see the lightest clothing store in St. John plus more "style" than you ever before saw crowded into a clothing store. The values will most surprise you, and the greatest courtesy will be extended to you whether you buy or not.

Get acquainted with the man who has saved the people of Canada Over Two Million Dollars. I specialize on a few set prices. My prices are \$20, \$28, \$35, \$45 and \$50 and on each one of these prices I guarantee you saving of at least TEN DOLLARS.

No Crooked Ball Player Will Escape—Attell and Gandil Talk

Chicago, Sept. 30.—A declaration that the investigation of the 1919 world's series baseball scandal would be continued by a special grand jury, was made in a statement issued today by Chief Justice Charles A. McDonald, who ordered the original inquiry.

Prosecution of Players

The investigation which has resulted in the voting of true bills against eight White Sox players, including Jack Gaudin, who was not with the team this year, the judge declared, still has much to accomplish. "To this end," he added, "the present grand jury will be instructed as a special body Saturday and will go ahead until it has laid down the evidence to that incriminating fact."

There need be no doubt about the prosecution of guilty players and their co-conspirators. None of those who have confessed has been granted immunity; in fact, each has specifically waived it. Of course, it will be natural for the prosecution to take into consideration services which the indicted men have performed for the state, but that does not mean they will escape indictment.

Investigation Delayed

Further investigation of the Chicago White Sox world's series scandal was temporarily delayed today, when a subpoena received from Maclay Hoyne, state's attorney, now in New York, to hold up proceedings until his return. The grand jury will be completed examination of witnesses on hand, and are awaiting the arrival of other baseball players and sporting celebrities who have been summoned.

An official statement of the grand jury from "Happy" Felsch, was expected soon. He is reported to have confessed his share in the throwing of the 1919 world's series yesterday to newspaper men.

In his statement to the grand jury, said Felsch got five thousand dollars for his share in the alleged conspiracy, but the statement credited to Felsch yesterday said that only one misplay could have been changed to him in the series, and that misplay of a fly ball was unintentional.

Abe Attell Talks

New York, Sept. 30.—Ten gamblers made at least \$35,000 as a result of betting on the Chicago White Sox in the American Baseball team in the 1919 world's series, said a statement made here today by Abe Attell, former featherweight champion, whose name has frequently been mentioned in connection with the scheme.

"There is a master mind who organized and operated the entire scheme," said Attell. "Of course, he was assisted by several others. His name is not mine. I know but I do not care to reveal them at the present time. Later I shall give names and particulars."

Gaudin Says Not Guilty

Houston, Tex., Sept. 30.—"If Williams has given out such a statement, he has been untruthful, and I shall give him a little trouble proving this stuff when I can get out of the hospital," Gandil continued. "It is not going to be necessary for anyone to come down here after me to get me back to Chicago for that is where I am going just as soon as my physician will allow me. I want to clear my name of such scandal, as I expect to stay with the game for some time."

"When Gandil read the statement declaring him to be the go-between of the 1919 world's series gambling conspiracy, he said that is a lie and the perpetrator shall have an opportunity to show his hand."

Willard Will Try It Again

Former Champion Signs for Fight With Dempsey Within Six Months in New York

Kansas, City, Sept. 30.—Jesse Willard is going to fight again. Within six months the giant Kansas, who won the world's heavyweight title championship from Jack Johnson and lost it to Jack Dempsey, again will climb into a roped arena and answer the call of the referee and the clang of the gong.

The Contract on its Way

Willard had the proposal under consideration for a week, and Friday he signed a contract and mailed it to Jack Johnson in New York. This statement is made on the authority of a close friend of the former champion, who is now in training on his farm near Lawrence, Kan. Another friend of the ex-champion was seen in a sporting goods store yesterday buying a set of boxing gloves. This friend was Fritz Meyer, a former K. U. football player, who has been close to the champion since Willard took up his residence near Lawrence. Meyer was one of the champion's backers in the Toledo fight, and probably was the most amazed man in Kansas City when he heard the news that Dempsey had knocked out Willard.

Fritz was buying gloves for Jess Meyer, wasn't very talkative when caught in the act of buying the padded mitts. However, he admitted that he was getting the gloves for Willard and that he had been working out once or twice with the champion. Further, Meyer admitted that the champion expected to get into condition to enter the ring if he should so desire.

However from an authoritative source the news comes that "Big Jess" has sent his signed contract back to New York. In this contract with Carley and Kearns, Willard agrees to terms for another bout with Dempsey, the fight to be held in New York within the next six months. A guess is that the bout will be held possibly in one of the greater New York ball parks, probably Decoration day. Willard is said to have been guaranteed \$100,000 for his share of the bout.

Hagen's Recent Golfing Exploits

As Given on Liner Have Been Criticized But His Criticism Been Just?

(By Cross-Atlantic News Service.) Manchester, Eng., Sept. 30.—Idonel V. Manning, writing in "The Dispatch," comes to the defense of the American as a sportsman, saying: "Hagen's recent golfing exploits on board a liner have been much criticized by English sportsmen. But has the criticism been just? It is a human weakness the world over to condemn what we do not understand. We do not understand the American as a sportsman—and we are apt to misjudge him. His supreme concentration, his frank belief in himself, his embarrassing habit of speaking aloud his inmost thoughts, and the national weakness for 'stunts,' have blinded us to his real worth as a sportsman.

When Hagen, the crack American golfer, came over to take part in our open championship, he drove some 600 golf balls spectacularly into the sea—just for practice. When he arrived, he gave the Deal course what he would term the "once over," told the nearest Press man he guessed he "could do four 73's," and offered to take odds of 10 to 1 against himself winning the championship!

Upon the return voyage he fixed up a driving contest (from the best deck) with the French amateur champion for "the championship of the Atlantic," and had the details wirelessly from mid-ocean. Yet those who played golf with Hagen on this side vouch for him as a splendid sportsman and a chivalrous opponent. What is the explanation? It is partly that the American concentrates just as severely upon the issue as if his business career was at stake. The average British player of games has a deep-rooted habit of deprecating his own merits and flattering to an almost fatuous extent his opponent.

Canadian Women in Golf Championship

United States Women's Tournament Begins at Cleveland Next Monday

New York, Sept. 30.—Three Canadian women golfers will participate in the United States Women's Golf Championship Tournament which begins next Monday at the Mayfield Country Club, Cleveland, O. One of them, however, is doomed to elimination in the first round as Mrs. C. F. Armstrong, Royal Ottawa Golf Club, and Miss Edith Bault, Halifax Golf Club are paired, according to the pairings of the 104 entrants announced today.

Miss Fritie Noblett is the other Canadian entrant who will tee off for the medal round of 18 holes on Monday morning. She is paired with Mrs. I. G. Gertrude McMillan, Westwood.

Miss Aloisia Sterling, Atlanta Athletic Club, who recently won the Canadian title, is paired with Miss C. P. Fox, Huntington Valley.

Wilbert Robinson Brooklyn Manager

Led National League Club Pennant Winner Twice in Five Years

New York, Sept. 30.—Manager Wilbert Robinson, who for the second time in five years has led the Brooklyn National League Club's players successfully as pennant winner to the contestants for the World Series Championships struggle, was born at Hudson, Mass., 54 years ago. For 23 years Robinson has been identified with the national game. Away each in 1884 he was catcher for the Haverhill, Massachusetts team for which at that time John Kirby Tenor was one of the club's pitching staff.

In 1880 Robinson joined the Philadelphia Athletics of the American Association and in his first major league game as catcher, scored the only run made by his team, which was beaten 4 to 1 by the New York Metropolitan.

Robinson came as catcher and batter as well as a fast baserunner is closely allied with Baltimore where he spent many years of his baseball career. Back in the 90's with Joe Judge, Jennings, Keeler, Kelly and others, Robinson established an enviable reputation as a great player when Ned Hanlon's famous Orioles won the championship three years in succession.

After McEwra became manager of the New York Giants in 1912, Robinson remained in Baltimore and played for several seasons with the International League there.

In the development of pitchers Robinson was singularly successful for several seasons he assisted old friend McEwra in this department. He made several trips to the spring training camps of the Giants after he had ceased to be an active player. As a pitcher's coach with the New York Nationals he brought out Rube Marquard, who contributed his share to the winning of three successive pennants in 1911, '12 and '13.

Robinson began his management of the Brooklyn team in 1914 and two years later made them champions of their league. He persuaded President Eberhart to secure the services of Marquard and Mannix when these pitchers were on their way to the minor leagues and they are still with him now that he has landed his club for the second time as a big factor in the world series.

Never a martinet with his men Robinson seems to have an innate power of controlling his players, displaying a sort of fatherly interest in them and by establishing a bond of confidence and camaraderie with them gets the best that is in every member of his team either on or off the playing field.

virtue, diplomacy or frankness. "The American boxing man's method of 'fighting with his tongue' is, of course, indefensible, but it is not quite so objectionable when one understands the Americans. It is when one comes to baseball that it is most difficult to get the American point of view which is so alien to all our notions of fair play. Imagine, say, Hoibs shaping to bat in Old Trafford. Just as he is about to make his stroke, the whole of the crowd—if it were baseball—would consider it part of his business to throw him off and his purpose of hitting the ball by hurling rude remarks at him. They would set themselves deliberately to confuse and upset the player. No American has ever satisfactorily explained this to me. They say it is just part of the day's fun for the spectator, that it is meaningless, and that the players never take any notice of it. They point to the fact that out football crowds and their attitude towards the referee, but no football crowd—even at the most exciting episode—ever goes to the lengths of abuse heaped by the 'stage rooster' at an American ball park."

Of course it must have been that. Make clothing prices are to some extent next spring. Treat of the real bitterness of that overall campaign, maybe, but which is the higher point?

Chilly Weather At Grand Circuit

Frisco June Established World Record for Three Year Old Pacers

Columbus, Sept. 30.—Tramp safe won the Western Horseman's Futurity for three year old pacers, the feature event of today's Grand Circuit program here. The colt took the first and third heats the second going to Frisco June with whom Tramp safe had such a hot battle last week when he forced Frisco June to establish a new world's record of 2:03.4 for three year old pacers. Last week's fast time, however, was not duplicated today, chilly weather and showing up to the horses. The third heat, 2:07 trot of which three heats were run yesterday, went to Peter L. when only heat winners came out today. He easily outstripped Dotty Day and Bolla.

Gay David, a favorite, was the 2:18 trot almost as he placed. Alicia was his chief contender.

Loyal W. was the best of the 2:18 pacers, however, he dropped the third heat to Ora Direct. In the 2:05 pace one of the best betting races of the day, Jay Brook defeated Northern Direct, the favorite, but dropped the final mile to Captain Mack, Northern Direct was not in the money.

Since the very beginning of his stage career, Mr. Mantell has paid close attention to the art of making up properly. Possessed of no mean talent as a painter and sketch artist, he has devoted his talent, as well as an instinctive feeling for dramatic effect, to his stage appearance. In his dressing room, under this perfectly adapted for the purpose, he uses his face as a canvas and is so careful of the lights and shadows of the camera lens that his face will stand the closest scrutiny of the strongest opera glasses, producing at the same time to the unaided eyes of the casual observer the effect upon which he depends for no mean part of his general dramatic impression.

his hair and beard than on perhaps all the other articles of his makeup put together. During the last summer, he was fortunate to obtain, for the first time in his career of Lear, a board that he considers ideal. A curious study for anyone interested particularly in the art of makeup is furnished by Mr. Mantell's characterization of Macbeth. As the originally god-sent and somewhat stupid thane plunges deeper and deeper into crime and feels more and more keenly the pangs of remorse, Mr. Mantell alters his face and hair to keep pace with the tragedy going on in his soul.

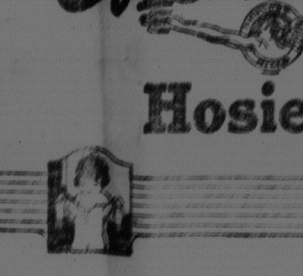

There is a harmony in dress quite as attainable as in music—and quite as desirable. There may be discordant notes that clash unless one is discriminating with that good taste which spells elegance and comfort.

Hosiery that is chosen without regard to fit and texture may be the jarring note that puts the whole scheme of dress out of tune.

Horace Fogel Makes Statement

Former President Tells of Attempts to 'Fix' Games in 1905

Philadelphia, Sept. 30.—Horace Fogel, former president of the Philadelphia National League baseball club, is quoted in a story today by the Enquirer, as declaring that two attempts were made to "fix" games here in recent years, and that the evidence is in the archives of the major league officials and club owners.

The first attempt, according to Fogel's story, was made in 1905, when a trio of New York gamblers headed by "Lattie Tim Sullivan" approached Rube Waddell, star pitcher of the Philadelphia Athletics, and offered him \$17,000 if he would not pitch in the world's series against the New York Giants, who won the series chiefly through the mastery work of Matthews.

Waddell, now dead, did not appear in any of the games, the reason given being that he had hurt his arm by stumbling over a suit case while on a train. Fogel, according to the story, says Waddell was paid \$500 in a Boston hotel, but that he was double crossed out of the remainder.

The other attempt, Fogel is quoted as saying, was made in 1908, when a former New York National League player, now a magnate in a western town in a minor league, tried to bribe Doon, Otto Knabo, Kitty Branshead, Mike Doulan and Sherwood Magee, offering them from \$1,000 to \$5,000 each to remain out of a series of games played here.

Lear's Beard Almost A Hobby

Robert B. Mantell Has at Last Obtained Ideal Make-up for His Work

Robert B. Mantell, one of the great artists on physical makeup the American stage has ever known, is particularly careful of his appearance in "King Lear," his masterpiece, in which he will be seen at the Russell Theatre on Thursday night of next week.

Since the very beginning of his stage career, Mr. Mantell has paid close attention to the art of making up properly. Possessed of no mean talent as a painter and sketch artist, he has devoted his talent, as well as an instinctive feeling for dramatic effect, to his stage appearance. Little More Than A Fighting Chance

Crippled White Sox at St. Louis to Play Final Three Games

Chicago, Sept. 30.—With little more than a fighting chance to win the American League pennant, the Chicago White Sox, crippled through the loss of seven stars as a result of the baseball scandal, left today for St. Louis to open the final three games of the season tomorrow with the St. Louis Browns.

The players were determined to fight to the end and were not backward in expressing their belief that the Browns, who have just lost four straight to the Cleveland Indians, would lose three more in a row. For the Sox to win the pennant they must win three in a row, while Cleveland is dropping three out of four to Detroit.

In this final drive for the pennant, Manager Gleason expects to pitch Keer in the first game, Fisher in the second and then come back with Keer in the third.

These announcements that on perhaps all the other articles of his makeup put together. During the last summer, he was fortunate to obtain, for the first time in his career of Lear, a board that he considers ideal.

LEONARD-BRITTON FIGHT POSTPONED

Cleveland, Sept. 30.—The ten-four boxing contest between Benny Leonard, champion lightweight, and Jack Kilgus, champion welterweight, scheduled to be held at American League Park tonight, was postponed until a date until tomorrow night, because of a heavy rain all day and cold weather.

Hand Tailored Shapeliness

What makes one suit give you several seasons' wear and hold its shapeliness as long as you care to wear it . . . while another suit loses its shape on the first damp day?

Because the shape of the first suit is made permanent by intricate hand tailoring, while the shape of the second is merely pressed in by the hot iron.

THE FOSTER GOVERNMENT.

The Foster Government organs are being somewhat pampered in consequence of the way in which former politicians are coming forward in the House of Commons. These organs are that in the event of a considerable number of these candidates being elected, they would join up with the opposition, which would make a fair-acting majority in the House and add greatly to the complications. As a result, the organs are bestowing a clerical to return as many supporters of the Foster Government as will make any other combination possible. There is every reason to believe that the government organs do worry; the outlook is bad.

THE NIGHT SCHOOLS.

An institution that is worthy of all possible support are the night schools that are about to be reopened in the city. An institution of this kind affords opportunities to those who have from one reason or another, been able to get much of an elementary education even, or possibly none at all. Many men who in after life have become famous have owed their success to the advantages gained by attending night schools, and there is nothing to prevent the same thing happening again to any young fellow. Employers who have men in their employ who are in need of a better education should not fail to impress upon these men the desirability, from their own standpoint, of attending the night schools; and the same may be said to parents who may have children whom circumstances compelled to leave school earlier than they should have done. The tuition is practically free and all are invited to avail themselves of it. There should be a good response.

WILL YOU COME INTO MY PARLOR?

It is laughable the manner in which the Government agents in Kings County are competing with the farmers' nominees. After telling us readers yesterday what a "splendid reception" the Government speakers are getting, "The Telegraph goes on to say, 'The Government supporters are also working in the interests of Mr. Huggard, who is on the Farmers' ticket,' and it also advocates the election of this pro-union with the two recognized Government nominees. The fun of the thing lies in the fact that Mr. Huggard and his two comrades on the Farmers' ticket have definitely repudiated all connection with the Government or any other party, have renounced all party affiliations, and taken their stand on the Farmers' platform solely. Although cordially invited by the Government spider to enter his parlor, the farmer has been smart enough to decline the invitation.

THE BASEBALL SCANDAL.

The baseball scandal which has been the subject of gossip for a year appears to be pretty well cleared by the admissions of a number of the players implicated. Two of the leading players of the Chicago Americans have told the grand jury that they did their best to lose games in the world series but failed and say that some eight of the players conspired with members to determine the result, the players to divide some \$100,000 as the result of their treachery. From the evidence as disclosed it would seem that some of the players got their money or part of it and that others did not. Promptly upon learning of the confessions, Oswald Comiskey, of the Chicago team, suspended the players implicated, informing them that if they are not proven guilty they will be reinstated, if they are found guilty they will be driven from baseball if he can achieve such result. Considering that the Chicago Americans were considered to have a chance of winning the pennant in their league, Comiskey's action in suspending some of his stars is a step that may be to his disadvantage financially, and yet he could have done nothing else. It is in the towns. Most of this growth has altogether entirely that the National

McAvity's Note

BY LEE PAGE

This afternoon me and Patsie was sitting on Patsie's front steps looking like deer stinking but not being able to think of anything to do, and I sed, I sed you lets wait do, lets take a long walk tomorrow, there ad back.

Good, O, all right, lets take the longest walk we ever took, sed Patsie.

Which we started to do, walking just as anything and swinging our arms ambitious me saying, This is grate exercise all right, wen it comes to walking there nothing like a fine long walk.

You sed, it makes the blood circulate and everything, and Patsie.

And we keep on walking and sawing, almost as fast but not quite, and after a while Patsie sed, This is grate all right, how much further shall we walk, much?

Sure, lets go about 10 miles further, ony dont forget we haff to walk all the way back again, you dont want to start back yet, do you? I sed.

Heck, no, lets take a farse long walk, sed Patsie. Which we keep on doing slower and slower, and after a while I sed, I dont believe walking is the best exercise, do you, Patsie?

No, it all goes to the legs and Patsie.

And we keep on going about 5 more blocks the slowest yet, and a huckster wagon with a big step hanging down in back started to go past in the other direction, Patsie saying, There goes a poeetly hilted, honey wa: do you say we catch it back?

Sure, what do you say? I sed. And we stuck up in back of the huckster wagon and scrouched down on the step and it took us all the way back all but 3 blocks.

Proving you cant judge the end by the beginning.

Beware of Tender Gums

Unhealthy soil kills the best of teeth. Unhealthy gums kill the best of teeth. To keep the teeth sound keep the gums well. Watch for tender and bleeding gums. This is a symptom of Pyorrhea, which afflicts four out of five people over forty.

Pyorrhea menaces the body as well as the teeth. Not only do the gums recede and cause the teeth to decay, loosen and fall out, but the infecting Pyorrhea germs lower the body's vitality and cause many serious ailments.

To avoid Pyorrhea, a very expert dentist frequently for tooth and gum inspection. And use Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea. Not only does it prevent it in time and used extensively. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. Start using it today. Herminol-herinlage has set in, use Forhan's according to directions, and consult a dentist immediately for sound treatment.

Financial Accounts of the Foster Administration

Premier Foster, in his manifesto to the people of New Brunswick, lays great stress upon the wonderful improvement that has been made in the system of keeping the public accounts since the passing of the Audit Act in 1918. Under this system it is supposed to be possible to ascertain the exact state of the provincial finances at a glance, and any "juggling" with the figures is said to be impossible.

The accounts are prepared for audit by the Comptroller-General, and then submitted to a firm of chartered accountants, Price, Waterhouse & Co. of Montreal, who prepare the balance sheet. One would naturally suppose that the balance sheet would agree with the accounts supplied by the Comptroller, from which it is prepared.

Yet what have the people got? They have a balance sheet which Hon. Robert Murray says was prepared by the Comptroller-General, and audited by Price, Waterhouse & Co. "to make sure it was accurate," which hardly agrees in any particular with the figures as given in the Comptroller's report. The following figures show, in the first column, the amounts received from the different sources of revenue as stated in Price, Waterhouse & Co.'s balance sheet, and in the second column the same items taken from the Comptroller's report:

	In Balance Sheet.	In Report
Subsidies	\$637,976.16	\$637,976.16
Territorial Revenue	860,975.63	858,166.60
Fees, Provincial Secretary	27,246.82	26,945.32
Taxes, Incorporated Companies	77,483.18	75,962.12
Taxes, Amusement	64,043.42	67,781.17
Motor Vehicle Fees	116,583.45	116,584.80
Sale of Seed	345.70	4,714.99
Interest, Etc.	11,294.94	11,291.29
Patriotic Tax	19,824.60	12,959.19
Probate Fund	23,590.59	23,615.59
Succession Duties	75,198.82	79,325.02
School Books	20,877.40	20,569.45
Jordan Sanitarium	10,176.45	13,312.14
Provincial Hospital	55,258.93	58,881.60
Prohibition	56,422.40	54,646.00
Railway Earnings, Southampton Ry.	2,149.69	6,297.72
Miscellaneous	6,918.04	6,584.23

Now, taking the Territorial Revenue again, these discrepancies will be found to exist between the Balance Sheet and the Report:

	In Balance Sheet.	In Report
Stumpage	\$575,617.83	\$568,383.00
Royalties	29,679.39	29,941.34
Wild Land Tax	53,509.70	53,944.50
Timber Licenses	78,787.97	82,429.33
Game Licenses	53,309.06	53,525.75

One begins to wonder what books and accounts Price, Waterhouse & Co. used to make up their balance sheet from, or, rather, what books and accounts they were shown to enable them to check the balance sheet which the Provincial Secretary says the Comptroller prepared for them. In some instances the balance sheet and the report agree, but in the instances given above, they do not.

The figures on the Expenditure side are open to the same criticism. In some cases they are the same in the balance sheet and the report, but in a large number of cases they are totally different. Anyone can check the correctness of this assertion for himself. Take the very first item, for instance. The expenses of the Administration of Justice, according to the balance sheet, were \$29,654.06, while according to the Comptroller's report they were \$29,776.83. It is the same all through the page; only in a few instances are the figures the same. What sort of a balance sheet have the people got? And just how far astray is it?

The balance sheet, according to Price, Waterhouse & Co.'s statement, exhibits "a true and correct view" of the financial position of the Province. Then, if it does, the statements contained in the Comptroller's report cannot be true and correct also. The Auditors' expression "a true and correct view" is a peculiar one to use under any circumstances. The people are not asking for any "view," they want a statement that cannot be controverted.

The first thing one would expect from a business man's government would be an accurate statement of the financial position of the province. What sort of accuracy is this, when two different statements are given out for the same item?

PRESIDENT PARDONS MANY WAR FELONS

Shows Exceptional Consideration to Those Obstructing Draft and of Sedition.

(Copyright, 1920, by Public Ledger)

Washington, Sept. 29.—President Wilson has pardoned and commuted the sentences of 180 persons convicted of violating the espionage act and other war measures. The records of the Department of Justice show that among these so-called political prisoners who have been turned loose again there are persons convicted of crime ranging from conspiracy to obstruct the draft to sedition, for which the sentences given ranged all the way from a few months to 17 years.

Although the administration, through A. Mitchell Palmer, Attorney General, recently made it plain that a delegation from the American Federation of Labor and another from the Socialist party, that no general amnesty would be granted so-called political prisoners, the figures of the Department of Justice show that the majority of these persons have already been set free. At that time, Mr. Palmer told those seeking freedom for violators of war statutes, there were only 174 cases left.

He also explained there were eleven cases pending. The figures of the Department of Justice show that persons seeking amnesty for political prisoners, that the Federal Government in reality, has been giving those so-called victims of their convictions exceptional consideration.

The administration is considering these cases on their respective merits, one by one. It is, therefore, highly probable there will be more of those war criminals released in the future before their terms expire.

The outstanding case is that of Eugene V. Debs, Socialist candidate for President. The imprisonment of Debs has been capitalized by Socialists for campaign purposes. But whether the administration contemplates releasing him before the election in November is not known.

Report of Year's Work Given by Mrs. J. H. Jenner—Officers Re-elected.

A splendidly written report of the year's work was given yesterday afternoon by Mrs. J. H. Jenner, secretary of the St. John Branch of the Canadian Women's Hostel for the Immigration of Women for Household Service. The annual meeting of this organization was held at the Board of Trade room and members were gratified to learn of the usefulness of the Hostel in its first year of being.

The President, Mrs. H. A. Powell, was in the chair and spoke of her pleasure at the work which those in charge had been able to do. She thanked all committees who had so ably assisted her.

After the minutes of the first meeting had been read, Mrs. J. Goldman gave the treasurer's report for the past month showing a balance on hand of \$115. A detailed annual report will be forwarded to Ottawa, as some of the figures given in yesterday's report had to be revised to later information received.

Miss Brewer, matron, reported that the Hostel had received from Aug. 26 to Sept. 29, \$102.35 from boarders. An English family had visited the Hostel and many of the overseas girls return there and are very welcome.

Secretary's Report

Mrs. Jenner submitted the annual report which will be forwarded to Ottawa. This gave, in excellent detail, the history of the organization from the taking over of the Salvation Army Hostel and included the following items: Sending the budget to Ottawa, furnishing the hostel, opening it formally on Dec. 27th, a tribute to Mrs. Powell's untiring work as president, an account of the coming of twenty-one girls to St. John and their location here, letters received from them of thanks for the care received at the Hostel, meeting of girls at boats and taking to trains, a public inspection of the Hostel on January 23rd, an account of a social held for the girls, and the formation of a club which unfortunately did not materialize, and the fact that books and magazines are available for the girls at the Hostel at all times. It is the aim of the committee to make the Hostel a home centre for overseas girls.

The following societies send delegates to the meetings: Y. W. C. A., Victorian Order of Nurses, Soldiers' Comfort Guild, High School Alumnae, Women's Canadian Club, Associated Charities, I. O. O. F., St. Monica's, Y. W. P. A., Daughters of Israel, Methodist Women's Missionary Society, Women's Suffrage Association, Baptist Women's Missionary Society, Salvation Army, A. O. H. Auxiliary, Catholic Girls' Guild, Church of England Institute, Local Council of Women, St. Vincent's Alumnae, Y. M. C. A. Auxiliary, Women's Institute, The King's Daughters, Presbyterian Women's Missionary Society, Children's Aid Society.

It was suggested that a better attendance should be made by the delegates at meetings and that a social given at the Hostel by each of the societies might stimulate interest in the work.

After the resignation of Mrs. Gordon in April it was thought wise by the executive to make the Hostel self-supporting, and on the appointment of Miss Brewer as working house-keeper rooms were rented to women boarders. This has been quite successful. 67 women have stayed at the Hostel and 105 passed through. 18 separate meals were served and 155 nights' lodgings given.

A resolution was moved by Mrs. John Owens seconded by Mrs. D. P. Puddington and passed that the St. John Branch recommend that means be taken to acquaint intending settlers with conditions in Canada from a business and medical standpoint.

Officers Re-Elected

It was moved by Mrs. Lawrence, seconded by Miss McInerney and passed, that last year's officers be re-elected. They are as follows:

Mrs. H. A. Powell, president.
Mrs. D. W. Puddington, 1st vice-president.
Mrs. John Owens, 2nd vice-pres.
Mrs. J. H. Goldman, treasurer.
Mrs. J. H. Jenner, secretary.
Executive, Mrs. Arthur Adams, Mrs. E. A. Young, Miss E. McInerney, Mrs. Lawrence.

A agenda for the Ottawa meeting of the council was adopted. It concerned financial statements, estimates for next year, suggestions re the betterment of the work and other measures.

Mrs. Jenner made a suggestion regarding the establishment of an employment bureau and Mrs. Lawrence stated that girls had formerly to be placed from the Government employment bureau. It will be settled by the Government what procedure would be followed in St. John.

It was stated that the girls who had come from overseas have proved most satisfactory when it is remembered that they are war service girls and have to readjust themselves to Canadian conditions. Excellent accounts were given of those in the city and vicinity.

Mrs. E. A. Young, convener of the reception committee gave an account of her work. Mrs. Young stated that she had only missed meeting two girls last year, and that the girls had been met at boats and escorted to the trains when they were going away from the city.

and Mrs. H. L. MacGowan. The couple were unattended, and after the ceremony left on the express for a honeymoon trip to Boston and New York. On their return, Mr. and Mrs. MacGowan will reside at 22 Duke Street.

The wedding took place in the presence of relatives and friends. The young couple are very popular with a large circle of friends and received some coming from friends in the United States.

The groom is a returned officer, having been a lieutenant with the 26th Battalion and was wounded during the big drive on August 6th, 1918.

WHAT MORE DO THE FARMERS WANT?

From the day the Foster Government assumed office the interests of the farmers of New Brunswick have been given every consideration. In striking contrast to the Old Government, a practical farmer was made Minister of Agriculture and the record of this department is a triumph of achievement.

In the first place, the Foster Government has encouraged the development of the co-operative spirit and has greatly aided in the marketing of wool, live stock, fruits, etc., and assisted as well in the establishment of co-operative creameries. The farmers are getting results; in opposing Government candidates they run the risk of going back to the old regime. Do they want to do this?

Or Do They Want Definite Results Such as These:

- The present Government provided the first system of extension of credit to the farmers of the province on a sound business basis. Fifty thousand dollars was provided as a fund to establish a line of credit at the banks for the use of farmers in purchasing breeding sheep. Four thousand sheep were purchased and added to the breeding flocks by this system. A strong campaign for increased sheep production was also put on at the same time. The effectiveness of all this work is shown in the increase of the sheep population of the province. In 1917 there were 140,000 sheep. The 1920 statistics show 230,000, or an increase of 100 per cent. in three years.
- The Minister of Agriculture adopted the policy of grading all the pure bred rams for sale in the province. The system encourages the pure bred breeder and raises the standard of his flock. Through this assistance and encouragement the number of rams offered for sale this year will be sufficient to supply the needs of the province. In the past it has been necessary to bring in from outside seventy-five to 100 rams each year to meet requirements. Another new policy adopted last year encourages the men who have never before used a pure bred ram in his flock to purchase one. A bonus of \$15 was given to such a person. This resulted in more than 160 farmers purchasing a pure bred to raise the standard of their flocks.
- The Provincial Department of Agriculture organized live stock associations in order to take advantage of the Federal policy of loaning pure bred bulls. This resulted in over sixty bulls being placed in the province without any cost to the farmers. In addition to this, 105 bonuses, representing over \$2,000, were given to agricultural societies to assist them in purchasing pure bred bulls.
- Twenty-six boys' pig clubs with a membership of 200 have been organized and started out with pure bred pigs. As a result of this start these boys now own over 3,000 pure bred pigs and supply their communities with breeding stock.
- Thirty-six poultry clubs have been organized, representing 450 members. These have been supplied with the best strains of bred-to-lay poultry available. These members now own 10,000 pure bred hens. This poultry has been in an egg-laying competition open to the Dominion and won first place.
- Seventy thousand pounds of wool have been marketed co-operatively in 1920 under the direction of the Department of Agriculture. This has increased yearly since 1917, when only 5,000 pounds were marketed co-operatively. Assistance is given in the co-operative marketing of lambs, cattle and hogs. Over twenty-six carloads were shipped out last fall by the farmers co-operatively. This resulted in their getting from two to three cents per pound more for their live stock than would be secured locally. The department officials are now busily engaged organizing these shipping associations and are placing from four to five carloads of stock on the Montreal stock yards each week.
- The dairy industry has been entirely reorganized. Attention has been directed toward the encouragement of central co-operative cream gathered creameries owned by the farmers themselves. The Moncton Farmers' Co-operative Creamery was organized in the fall and winter of 1917 and 1918. The first season they had 360 patrons and made 369,000 pounds of butter. In 1919 they had 600 patrons and made 212,000 pounds of butter. In 1920 the business has grown to such an extent that they have entirely remodelled and enlarged their plant and installed a mechanical refrigeration system at a cost of \$20,000. This is now the most complete creamery in the Maritime Provinces. Its output in butter this year will reach the half million mark in addition to a business of 100 cream canisters to over \$30,000. The Department of Agriculture organized this creamery and to enable the company to get capital to start guaranteed all stock-
- holders six per cent. interest on the paid-up capital subscribed. The company have paid out this year to the farmers \$225,000 for their cream. A similar creamery is being encouraged in Fredericton. In two years' time it will have an output equal to the Moncton creamery and will provide an excellent market for the farmers' cream and at the same time is providing the consumer with high quality butter and ice cream at a cheaper rate than they have been paying. The Madawaska creamery is now being operated by the Government for the benefit of the farmers of the northern part of the province. This creamery is rapidly going ahead and will reach an output of 75,000 pounds of butter this year.
- The cheese industry has also been wonderfully strengthened. In 1917 buyers did not care to take chances on purchasing New Brunswick cheese. The cheese is now being supervised in its manufacture by department officials who also grade it. The buyers have no fault to find with the cheese and are now buying it according to grade. A cheese board has been organized where salesmen and buyers meet every two weeks and the cheese is sold on a competitive market.
- An outstanding policy carried into effect by the present Minister of Agriculture in the development of a supply of ground limestone for the farmers. A soil expert was first employed to determine the need for lime in the soils of the province. A very thorough investigation was made in every county, which revealed the fact that there was a very great deficiency of lime in our soils and that the best results could never be obtained in crop production nor from the use of fertilizers until this was remedied. This investigation being completed, steps were at once taken to provide the farmers with lime at a minimum cost. The Government has now purchased a large limestone quarry at Brookville, St. John County, containing inexhaustible supplies of high grade lime rock. A plant has been erected and machinery installed to convert the raw rock into finely ground limestone for agricultural purposes. This plant is now in operation and has a capacity of 80 tons per day. It is a most modern plant. The ground limestone will be delivered freight prepaid to farmers in the province for 85 per ton, the cheapest lime being supplied anywhere in the Dominion, and the best. Its general use will be an enormous saving to the farmers in their fertilizer bills, as it will put the soil in such condition that less fertilizer will give better results.
- The organization of the district representative system, which was brought about by the present administration, has done a great deal to assist farmers. These are field agents of the Department of Agriculture and spend their whole time working with the farmers of their district. Much of the co-operative organization work for buying of supplies and selling of farm products has been brought about as a result of their activities.
- The department's encouragement in the bee industry has resulted in an extension of this industry by over 100 per cent. in the province in three years. Statistics show that a quarter of a million pounds of honey were manufactured in 1919.
- The assistance given the apple industry has been such as to place New Brunswick fruit foremost on the markets. New Brunswick apples are now commanding a very high price on the Montreal market and are in big demand.
- In pursuance of the policy inaugurated by the late Hon. Henry H. Emerson and because of the high price of flour consequent upon war conditions, the Government upon the recommendation of the Minister of Agriculture has encouraged wheat growing in the province and provided modern wheat grinding mills. Since we have assumed office the bonus has been increased to larger mills. Fifteen thousand dollars has been given as bonuses to establish these mills. They are of very modern type and put out a grade of flour equal to the western mills.

It is for the farmers of New Brunswick to say. There can be no "farmers" government as was the case in Ontario. It will be Foster and Tweeddale or Murray and Baxter.

Remember that, Mr. Farmer.

TORONTO MAN HAS GAINED 30 POUNDS

Godfrey Was Going Down Hill Rapidly When He Began Taking Tanlac—Now Feels Fine.

I know, it sounds unreasonable, it's a fact that I have gained 30 pounds since I began taking Tanlac," was the remarkable statement made the other day by A. R. Godfrey, residing at No. 12 Hamilton street, Toronto. Mr. Godfrey is a stocker employed by the J. J. & Co. Safe Works. He served in Canadian forces in France during the war.

My health had been ever since I was passed in France," said Mr. Godfrey. "My stomach was first affected, and finally my health completely broke down. I never wanted to get up, and the little I forced down disagreed with me. I had a feeling in the pit of my stomach, when I would bend down to pick things up off the floor it would tickle my back when I tried to straighten up again. I had such awful dizzy spells at times I would almost topple over. I felt completely worn out all the time, had little life and energy left me, and was so nervous I didn't get a good night's sleep. I had terrible headaches, and was confined nearly all the time. I fell

BRITAIN APPEALS FOR RECRUITS FOR THE IRISH POLICE

Special to The Standard.
London, Sept. 30.—The British Government today, through advertisements in the press, launched a nationwide appeal to former officers and men to join the Royal Irish Constabulary for special duty in Ireland to restore law and order. At the same time the leading Sunday newspapers carried editorially that the Government has decided not to take any steps toward granting self-government or independence to Ireland, until the disorders there stopped and order was restored.

Today's advertisements are headed: "A Policeman in the Finest Constabulary in the World" and announce that "well-paid jobs" await men of good physique and character. The pay is \$2.50 per day, with 50 cents extra for each extra day for as long as certain areas are in the grip of abnormal conditions. Vacations are to be given only for one month on full pay, as long as there are offered for twenty-five years' service, as well

Free Night Schools Will Open Monday

Large Attendance Expected to Accept Opportunity at King Edward and Albert Schools.

Dr. H. S. Bridges, Superintendent of Schools, has announced that the local school board will open the evening schools for boys and men on Monday evening, October 4th. City pupils will attend the classes, which will be conducted in the King Edward School, corner of Wentworth and St. James streets, where Rex R. Cormier has charge; pupils from Carleton will enroll in the Albert School, Watson street. In this building W. L. McDiarmid is to be the instructor.

In both buildings, reading, writing, spelling and arithmetic will be taught. These schools provide ambitious boys and men a splendid opportunity to improve their education. Returned soldiers are extended a cordial invitation to attend.

Business men are requested to recommend the free night schools to any boys and men in their employ who, in their opinion, may need the instruction which the evening schools afford. Also, parents of working boys who left school before reaching the higher grades, should advise their sons to enter immediately before the classes are filled.

An enrolment fee of \$2 (two dollars) is collected from each pupil; this, however, is returnable on the bases of attendance.

Those wishing to enroll may apply to Secretary Leavitt, School Board Office, Union street; or to either of the instructors, Rex R. Cormier, principal of King Edward School, or W. L. McDiarmid, principal of Albert School.

Reject Offer For Pulp Wood

Application to Cut Timber on City Lands Rejected by Council.

Spruce Lake continues to hold the stage at City Hall, the matter of allowing the cutting of pulp wood on the city lands in that vicinity being brought before the council yesterday. C. T. Dean had made application for this privilege but on the recommendation of Commissioner Jones it was rejected. The Commissioner basing his recommendation on the report of the city engineer made in 1915, in which it was stated there was much valuable lumber there.

Commissioner Jones recommended that he be allowed to make some arrangement with the present tenants at Mispeck and the unoccupied buildings be sold. He was authorized to call for tenders for the buildings, to report back to the council before taking any action.

Commissioner Jones also recommended that owners of vacant lots in Douglas Avenue be notified that they must within fifteen days from the date of notice install water and sewerage to their lots or the city would do the work at the expense of the owner. This was referred back for further information.

Commissioner Frink was given authority to have plans for a new street through the newly acquired Shamrock grounds.

Lancaster Women Have Organized

Hon. John B. M. Baxter Addresses Enthusiastic Meeting in Fairville Theatre.

An enthusiastic and well attended meeting of the women of Lancaster was held yesterday afternoon in the Gaiety Theatre, Fairville, in the interest of the Opposition. Hon. J. B. M. Baxter was present and addressed the meeting after which a discussion took place regarding organization for the coming elections. The following executive committee was appointed: Chairman, Mrs. Geo. T. Eley; vice-chairman, Mrs. Edward Duff; secretary, Mrs. J. H. Henderson. Another well-attended meeting was held in the evening and at which committees were appointed and the organization generally perfected. The women of Lancaster, in fact the women of the whole County, are taking keen interest in the coming elections and are determined that the Opposition candidate will be elected. Otherwise the cause to which they devoted themselves so heartily on "Plebiscite Day" will be defeated.

W. Claude Sinclair Becomes Manager of the Bank of Nova Scotia at Amherst.

W. Claude Sinclair, who for some years has been assistant manager in the main office of the Bank of Nova Scotia in this city, received word yesterday that he had been promoted to the position of manager of the Amherst branch of his Bank, one of the most important branches in the Province. He will be succeeded in St. John by W. A. Clark who has been accountant in the main office.

ABOUT HAT PRICES

You will, unfortunately, pay more for your hat this fall than you paid in 1914. But the manufacturer paid for the fur that goes into that hat 700 per cent more than in 1914. For the trimmings on the hat he paid 400 per cent more! For the lining, if there be any, 500 per cent more; leather 200 per cent more; the box in which it is packed 300 per cent more. The labor which determines more than anything else the value of the hat, cost over 100 per cent more. All of these things naturally are directly responsible for the increase you will have to pay over the 1914 product. But it costs no more to buy a Stetson or Knox hat, value considered, than a hat minus a mare's name. We feature Knox and Stetson because they feature value—Magees, 63 King street.

Called For Doctor Got A Coroner

Coroner Porter Summoned to Fairville Found Sick Woman Instead of Corpse.

Coroner H. A. Porter last evening received a telephone message to the effect that there was a woman dead in a flat near the Fairville station and they wanted a coroner at once. Knowing that Coroner Keenney was engaged on an inquest being held in the Provincial Hospital, Coroner Porter took his car and hastened to the scene, which is across the C. P. R. tracks in a section once known as "Paddy's Flats." After trying for information at two dwellings, the official received information at the third house. He was met at the door by a man and on questioning the resident regarding the mission, the man said it was not a coroner that was wanted, but a doctor. He explained that his wife had some difficulty with a neighbor, and when a police officer called for her to attend court, the wife became hysterical, went into fits and finally became unconscious. He had requested that a doctor be summoned, through some mistake some persons had telephoned to the city for the coroner. Coroner Porter left the dwelling about 8:45 o'clock last evening, and said that the husband was still waiting for a doctor and the woman was still unconscious.

Threatened Suicide

Policeman Stinson, of Fairville, was spoken to about the case last night, and said that he called at the house in question Wednesday evening and been summoned to attend the court in Fairville. The woman was rather excitable and exclaimed that before she would go to court she would drown herself. She started from the house towards the water, but turned back and entered her home. It is believed that the woman did not understand the police officer's mission, and thought that she was to be placed under arrest, hence her actions.
