KING'S EVIL

Was the name formerly given to Scroful because of a superstition that it could be cured by a king's touch. The world is wiser now, and knows that

SCROFULA

can only be cured by a thorough purifica-tion of the blood. If this is neglected, the disease perpetuates its taint through generation after generation. Among its earlier symptomatic developments are Eczema, Cutaneous Eruptions, Tu-mors, Boils, Carbuncles, Erysipelas, Purulent Ulcers, Nervous and Phy-sical Collapse, etc. If allowed to con-tinue, Rheumatism, Scrofulous Ca-tarrh, Kidney and Liver Diseases, Tubercular Consumption, and vari-ous other dangerous or fatal maladies, are produced by it.

Ayer's Sarsaparilla

Is the only powerful and always reliable blood-purifying medicine. It is so effectively as an alterative that it eradicates from the system Hereditary Scrofula, and the kindred poisons of contagious diseases and mercury. At the same time it enriches and vitalizes the blood, restoring healthful action to the vital organs and rejuvenating the entire system. This great town in these Provinces. Write us and we swill make it to your advantage to sell them. They can be sold readily in your store, on Railway trains, at Summer Resorts, &c. If you are out of employment it will pay you to sell them from door to door. Everybody wants

Regenerative Medicine Is composed of the genuine Honduras Sarsaparilla, with Yellow Dock, Stillingia, the Iodides of Potassium and Iron, and other ingredients of great potency, carefully and scientifically compounded. Its formula is generally known to the medical profession, and the best physicians constantly prescribe AYRE'S SARSAPARILLA as an

Absolute Cure For all diseases caused by the vitiation of the blood. It is concentrated to the highest practicable degree, far beyond any other preparation for which like effects are claimed, and is therefore the cheapest as well as the best blood purifying medieine, in the world.

Ayer's Sarsaparilla, PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. [Analytical Chemists.] Sold by all Druggists: Price \$1; Six bottles for \$5.

A ROYAL WEDDING.

London, June 14.—It is officially announced that the marriage of the Princess Beatrice to Prince Henry of Battenburg will take place on Thursday, July 23. The wedding is to take place in the parties of Wight, and will be as private aspossible. The Archbishop of Canterbury and the Bishopof Winchester would officiate under of diarry circumstances, assisted of course by Canon Prothero, the rector of Whippingham, but it is stated that at present the Queen inclines to have Rev. Randall T. Davidson, dean of Windsor, as principal officiating clergyman. The Queen will herself give the Princess away and Prince Henry is to be attended by his brother, Prince Alexander of Bulgaria, as best man. The bridesmaids will be the nieces of the Princess, the daughters of the Princes of the A ROYAL WEDDING. The bridesmaids will be the nieces of the Princess, the daughters of the Prince of Wales and the Duke of Edinburgh, and Princess Christian and the Princess Irene of Hesse. It is stated the affair will be s quiet that, except royal personages, there will not be more than a dozen invited

We find the following startling figures Ben's hand as he came over toward my in a recent exchange. The facts stated bed. nsideration Tobacco costs more than education or re-ligion, the army or navy; it costs England

and America a sum sufficient to support 50,000 ministers with a salary of \$1.000, or more than 100,000 missionaries. The students in one college pay more than \$6,000 for cigars yearly. The following table is compiled from United States Government statistics, "Nightmare," said Ben, when I had told and shows the amount expended yearly: him the story.

"Ben" said I, "what is there at the cross-roads."

Austrian consul, Mr. Hansal. When the mistake was discovered a second search at work at the time, that 190 were taken out and 230 are still imprisoned, and that it is feared most if not all will perish.

Cohlor colliery; that there were 350 men at work at the time, that 190 were taken out and 230 are still imprisoned, and that it is feared most if not all will perish.

Mr. Scriver moved to compel a record to be kept of spirits sold under the amendments adopted—carried.

Notre Dame Church, where the body of coaches, a baggage and mail car: que had been erected in the main isle and que had been erected in the main isle and the casket containing the body of the Archbishop, which could be very plainly seen by all present, had been placed on it. The catafalque was surrounded by innumerable lighted tapers. There were 10,000 people in the church. The Mayor and Aldermen were seated on chairs directly before the steps of the sanctuary. A procession was was borne out by eight priests and de posited in his hearse, which took prece dence of that of Mgr. Bourget. The Papal Zouaves formed the Guard of Honor and the two hearses proceeded to the Cathedral, followed by an immense crowd. The remains were deposited on a catafal que in St. Peter's Cathedral and will be buried to-morrow, after special services by Mgr. Fabre, Bishop of Montreal, and a sermon by His Grace Archbishop Tache,

"Thank ye, sir," said the man. "Goodnight," said I.

If his object had been robbery, probably he had decided from my rough appearance that I was too poor a man to be worth the trouble. But after all, I thought, probably he spoke the truth.

It is aid.

The old man was not a miser, but he had saved some few thousand dollars for his old age, and living more plainly than he need have done, had given rise to the rumor, and so brought the burglars to the parance that I was too poor a man to be worth the trouble. But after all, I thought, probably he spoke the truth. bably he had decided from my rough appearance that I was too poor a man to be worth the trouble. But after all, I thought, probably he spoke the truth. A man may have such a voice without being a highwayman, no doubt. So I went homeward and soon found myself under shelter, and partaking of a warm and savory supper.

Tumor, and so brought the burglars to the spatches for Gen. Middleton. The march from Jack Fish lake was very difficult. The heat and mosquitoes were something terrible. Some men fainted while others without a flavor of romance, I will tell them that she became in after years, not my wife, but the wife of my darling and savory supper.

Tumor, and so brought the burglars to the spatches for Gen. Middleton. The march from Jack Fish lake was very difficult. The heat and mosquitoes were something terrible. Some men fainted while others were sunstruck, but none dangerously. Two days from here the roads and heat became simply horrible. Two days from here the roads and heat became simply horrible. The guns stuck swould enable the company to obtain my wife, but the wife of my darling and savory supper.

(Ivan Vjoczoaski, Vienna.)
In England the ordinary method of warming rooms is by means of an open fire. It is a very cheerful way, certainly, but very dear, because not half the warmth given out by the burning coal is Only a dream born of my meeting the strange man in the road I felt had awakensed me. I went to bed and fell asleep again. Again I was awakened by the same words, this time shrieked in my ear by an unearthly voice:

We dream born of my meeting the words at the ceremony the happy guests. After the ceremony the happy guests and the couple will spend a week in Quarrabley, but very dear, because not half the guests. Again I was awakened by the same words, this time shrieked in my ear by an unearthly voice: the chimney. In France there's an improvement by using stoves. Here in Austria it is still better. The stoves are large, about six feet high and two broad, but have a small place for the fire. So when the fire is kindled, heat is given out to the sides of the stove before it can lose

itself in the flue.

MADRID, June 16 .- The Government

ment that cholera is raging in the provinces of Valencia, Castellon de la Plana and Murcia, and in the city of Madrid.— The opposition papers deny that cholera exists in Madrid and say all the testimony that they are cholera,

In ten minutes we were splashing through the mud and rain along the road. It was perfectly dark; now and then a red star in the distance told us that alanp was beaming through the rain in some cottage window, but otherwise we would not have been conscious of our proximity to any habitation whatever, At last, nearing the spot where the road.

SIOUX CITY, June 13 .- An accident on the Sioux Falls line of the Chicago, Mil-Montreal, June 12.—The service for the dead was celebrated this morning in Dakota. There were two passenger coaches, a baggage and mail car. The waukee and St. Paul Road, occurred near Archbishop Bourget had been deposited.
The body was lying slightly raised at the head in the iron casket in which it had been placed before starting from Sault-au-Recollet yesterday. An immense catafal-raise sasengers in the cars and most of them miraculously escaped with slight injuries

Dominion Zarliament.

OTTAWA, June 16.—In the House of ommons, this afternoon, Sir John Mac donald, replying to the enquiries of Mr. Peter Mitchell, said the Government were at present asking permission from the Imperial authorities to bring down recent correspondence between the British Government and the United States (lovernment on the subject of the Fisheries clauses of the Washington Treaty. With-out venturing to be more specific he said

to turn back three miles for water. On granted would be sufficient to finish the Friday they found it impossible to get the guns or wagons along and road much superior to the standard restarted westward, the country becom-ing worse every mile. Much of the the company asked in addition was tem-DIFFERENT METHODS OF WARM-ING ROOMS. system, etc. In order to enable the com-pany to do this the proposal was to cancel the thirty-five million dollars of stock now held by the Government and issue instead thirty-five millions bonds to be a first lien on the road; that Government should hold twenty millions of these bonds as security for 20,000,000 of the loan of last year, and that for the balance of 9,880,000 of said loan of last year the Government shall have a first lien and mortgage on the whole of the unsold lands forming the remainder of the company's land grant earned and to be earned, amounting to 21,400,000, which, valued at \$2 an acre, would be equal to \$41,800,000, less outstanding land grants bonds of \$3,688,000; no further charge to be In Russia the stoves have a number of created of property mortgaged until the flues, usually six, up the first of which above sum of \$9,880,000 is paid off. Mr flues, usually six, up the first of which the heated smoke goes, down the second, up the third, etc., so that by the time it reaches the chimney it is almost cold. A handful of wood warms the stove enough to heat a large room. When the fire is burnt out the communications to the chimney and room are cut off, then the stove slowly radiates its accumulated heat into the room. Where I am writing this letter is a large, white earthenware stove 12,000,000 35,000, 35,000,000 six feet high and forty-eight square feet of surface. A pound of coal sets it going amounted for the six months ended Dec. 31st last to \$643,065, and the total charges to 51,450, leaving the sum of \$131,655 as net surplus revenue above the fixed

on the question being asked, and answered that the ranks had been unbroken by death during the year, the Conference rose and sang the Doxology.

Conference opened at 9. Rev. T. W. Smith, Editor of the Wesleyan, appeared before the Conference, and made explanations with reference to the affairs of the Rock Room and Wesleyan. The financian lass

calculable benefits derivable from the higher education, benefits which would be more gener-ally diffused were the church to wake up to her duty in this regard. As it is our educated men the who moved public opinion, how necessary that they should receive their education while they are surrounded by Christian influences. Our church is responsible for the proper education to the control of the contr

His able address was listened to with rapt attention, and was frequently applauded.

This honored and faithful servant of the Church was followed by the beloved General Superintendent, who was greeted with an ovation of applause as he rose to speak. Your reporter regrets that he must necessarily confine himself to a brief outline only of the learned Doctor's powerful address. He opened with the statement that John Wesley recognized the great importance of education by founding a school before he built a church, and that the hope of evangelizing Japan, India, and the world at large rested in the education of the young—to be done largely by Christian schools—by the higher education of christian men and women who at great self-scariffice leave home and friends.

the Book Room and Wesleyan. The fin-ancial statement submitted shows a loss

Mr. Jamieson moved to reinsert the been similarly cheered. He had no sooner man was a veritable Rip Van Winkie who but shall indulge with pleasure the hope of meeting shall of the day, George A. Scott and aides, members of the Board of Aldermen, the American Committee, him again at an early day."

and its interests too well to desert her for more pecuniary gain, a statement which elicited great applause. Dr. Stewart made a most excellent speech, of which this is the merest outline. His able address was listened to with rapt attack and was frequently amplauded.

Bro. Wm. Heard submitted the Report of the Committee on memorials. Re-

trict in regard to deficiencies on Circuits and Missions be adopted, and that the President and Secretary of Conference be a committee to prepare a Circular Letter in accordance with the recommendation of said District."

duty in this regard. As it is our educated men who moved public opinion, how necessary that they should receive their education while they are surrounded by Christian influences. Our church is responsible for the proper education of the young men and young women of the church, in order that they may be fitted to take their proper position in society. In referring more particularly to the institutions at Sackville, the doctor quoted a number of instances where students from these institutions had carried off the leading prizes when brought into competition with the students of other schools and colleges. He also paid a graceful tribute to the present Principal of the College, Dr. Inch, who, he said, had refused to accept more remunerative positions offered by other halls of learning, simply because he loved the church and its interests too well to desert her for more pecuniary gain, a statement which elicited great

Big Bear's fighting force has now been reduced, it is said, to 150 warriors. Gen. Strange has sent part of the Winnipeg Light Infantry with provisions in packs after some Indians supposed to belong to Big Bear's band.

In response to a request of Gen. Middleton for volunteers to form a provisional corps to remain in the north-west till November, only four men of the 90th regiment and six from the grenadiers have

CATARRH CURED. TWENTY-FIVE YEARS STANDING.

CONSUMPTION CURED.

GASPEREAUX, P. O., N. S. We have received the last four numbers of this work which is completed in thirty-six parts. These contains the remainder of the portion rescribing New white prisoners. The early return of the troops confidently expected, and the capture of Big Bear will be left to the mounted police and short-term service one.

Rain.

Rain.

It rained haavly on Monday evening and already vegetation shows how much it was needed, as the warm and windy weather of late had left the land dry and parched. During Monday attention it blew a gale from the S. W. and the dust was flying in clouds.

FORT FIFT, Julie 18.—Cell. Middleton has placed and confirms the report of McLean and other the report of McLean and other white prisoners. The early return of the troops confidently expected, and the capture of Big Bear will be left to the mounted police and short-term service forces. Big Bear is supposed to be at Green Lake, where Col. Irving with the mounted police may encounter him.

THE SITUATION.

THE SITUATION.

Bor. Washington:

Dear Sir,—I was given up to die by several leading physicians of Halifax and elsewhere. I was failing fast, could not walk upstairs without getting out of breath, bad cough, raising large quantities of matter, night sweats, etc. After taking your treatment for a month and a laft, I gained 21 lbs, and since then have gained 45 lbs.—increasing in general weight from 145 to 190 lbs. My recovery has been a very great surprise to physicians and friends, who seem unable to believe that such a wonderful cure has been effected. Accept my many thanks.

Lowden Bruss.

Lowden Bruss

IT IS A FACT

That Philoderma is the best Toile Article ever introduced for Sunburn, Freckles, Tan or Redness of the Skin. It is pre-eminently superior to any claimed for it. Prepared only by E. M. Estey, Pharmacist, Moneton, N. B. For sale by all Druggists.

Toronto, Ont. June 19.—An accident that happened to Hanlan yesterday, through which he nearly lost his life, he just been made public. It appears he was out practising on the Bay yesterday merning in one of Trickett's boats, which he had recently purchased. When about three-quarters of a mile out from shore the boat completely collapsed and he was thrown into the water. With the assistance of what was left he swam for shore and after getting over half a mile of the distance was about exhausted when some sailors on a schooner lying at the dock observed him, went to his assistance and saved him, as he says himself, from drowning. He had a very narrow escape and was never so exhausted in the water before. The water seemed intensely cold and it chilled him. He left for Buffalo in the afternoon to meet Teemer.

Blow ye the trumpet, blow,
Make glad the joyful sound,
Let all the people know,
It's thirty cents per pound.
Packages of 5, 10, and 20 lbs. put up at
REDUCED RATES for my customers.
Every Tea Pot throughout this county of
ours is singing the praises of my Young Hyson and Oolong

JOHN ROBINSON, tho, feeling an interest in the welfare is customers everywhere, quotes undoubte uthority on the benefits derived from the us f good ten, also the evils of the bad. 12,000 YEARS AGO.

Lo Yu, a Chinese scholar, wrote of tea,—"It tempers the spirits, harmonizes the mind, dis-pels lassitude, and relieves fatigue, awakens thought, prevents drowsiness, lightens and re-freshes the body, and clears the perceptive MORE TESTIMONY. Rev. T. DeWitt Talmage says his experience s that there is nothing that so loosens the hinges of the tongue, soothes the temper, exhilarates the diaphragm, kindles sociability, and makes the future look promising, like Tea. His great aunt who used to come from town with the pockets of her Bombazine dress standing away out with nice things for the children, would come in looking like a thunder cloud until she had got through with the first cup of tea when she would empty the right pocket. After finishing the second she would empty the second pocket, and an extra third cup as

the second pocket, and an extra third cup a she felt so very chilly. It then took all th sitting room, parlor, kitchen and part of th woodshed to contain the exhilaration. Gunpowder Tea.

When used, the conversation at the tea table will be explosive, and somebody's reputation will be killed. The effect of Lie Tea; as seen by Lucy Ann Stretchitlong, who was there herself—a woman of good parts, fine open gait, good knee action, head erect, could walk faster, step lighter, and talk louder than any Boss on a river drive. She always wore her oversocks so she could make good time when she atttended the Dorcas sewing circle. At one of these meetings away. sufficient to intimate that I am here, ready, willing and able to attend to the wants of the people.

JOHN FERGUSON.

Newcastle, May 12.

make good time when she attended the Dorcas sewing circle. At one of these meetings away down river where this Lie Tea was served it resulted in four black eyes, and I have no reason to doubt it, for Mary Ann's sister heard Jemima's oldest boy say John French heard—Well, I aint agoing to say, it will make trouble in the neighborhood.

Water Supply by the Pierce System!

Pure Cold Water, sparkling and refreshing, from Nature's fountains in the solid rock or deep enough in the earth, that all impurities, foul drainage and filth are avoided.

To secure this we use one of the Celebrated Portable Artesian Well Drilling and Mineral Prospecting Machines, which can be transported easily on a farm waggon over any common road. Two men unload the Machine and set it up and are ready for work in one hour. For motive power for Drilling Machine, we use a steam engine (four horse) power.

If solid rock is to be penetrated to get a sufficient supply of Water, we drill a 7 or 8 inch hole through the earth or alluvial deposit, and down into the rock a few inches, using a water tight metal casing down to the rock, making a water tight connection with the rock to shut off the surface water and all drainage. We then use a six inch drill inside of the surface casing and go deep enough to make a flowing Well if necessary.

Procuring a supply of good well water is only a question of depth, as it is a settled fact that water can be procured in every country at depths that can be easily reached with our portable machinery. achinery.

If the well is not made deep enough to flow, a small engine can be used or a wind mill erected, r the water be pumped by man or horse power, and the water be forced into a tank in top of the ouse (in tower of mill) or in any other convenient place, thus having an equivalent to a flowing

well.

If a wind mill is used have the tank made large enough to hold water for at least one day's pumping to last through a calm. This solves the question of water supply. Pure drinking water a abundance can now be had from Nature's fountains beyond a doubt in any and every country. By this system good and pure drinking water can be obtained in any locality, in marshy or ow swampy districts as in more favorable localities, the question being only one of depth. It sever fails. ever fails.

The expense of sinking a well by the aid of our machinery is much less than the cost of the orfree from contaminating influences.

Persons who desire information about prospecting for minerals, oil, or want an estimate for water supply, or a well, should write us fully and describe the geological foundation. State if it is clay, gravel, sand, hard-pan, boulders, sand-stone, soap-stone, lime-stone, slate, shale, lime-rock, granite, trap, quarts, gneiss or conglomerite rock and the probable distance through each, especially the distance from the surface through the earth to the bed rock. Also state the distance from the nearest river, height of banks, general depth of wells and the deepest in the vicinity; if there are any overflowing springs near and the distance from the well, and if above or below the general surface. How far off is the nearest mineral spring and its character. The elevation of and the distance from the direction of the nearest highlands, also lowlands, and the highest elevated land within one mile and twenty to fifty miles.

as distance from the direction of the nearest highlands, also lowlands, and the highest elevated and within one mile and twenty to fifty miles.

We can also furnish pumps if desired.

Among the many for whom we have drilled wells we are pleased to refer to the following from thom any information can be obtained if desired:—

Messrs, Geo, Chandler and Thomas Colwell, Dorchester, N. B., ; Messrs, Christopher Atkinson, Alexander Barnes, Sackville, N. B.; Messrs, A. Robb & Sons and David Chanman, Amberst, Messrs. Geo. Thirty years study and experiment have been given to perfecting the formula for Parsons' Pills, and the universal judgment of the highest medical authorities, scientists, and men of learning, is that our formula is the best yet devised by the brain of man, and should rank with the wonderful discoveries of the world. No family should be without them, for there is no other remedy in the world capable of conferring so much benefit, excepting, possibly Johnson's Anodyne Liniment. The information contained in the wrapper around each box is worth ten times the cost of a box of pills; it shows how to avoid and how to cure all maner of diseases, and how to correctly interpret the symptoms thereof. Sold everywhere, or sent by mail for 25 cents in stamps. A valuable illustrated medical book sent free to all who send their address.

with agrain diet, for one counteracts any possible deleterious influences of the other. If kept in a darkened place and fed unsparingly on milk with grain food in the proper proportions, you will soon have something very choice to set upon your tables to your own friends, as well as to your family.

The cost was in the unusual beauty of the "curls," which made it yaluable for veneers.

AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derange-ment of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other allments, for all of which they are a safe, sure, prompt, and beauty targets. pleasant remedy. The extensive use of these PILLs by eminent physicians in regular prac-tice, shows unmistakably the estimation in which they are held by the medical profes-

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient. A Sufferer from Headache writes: "Ayer's PILLs are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLs are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.

W. L. PAGE, of W. L. Page & Bro."

pleasant, safe, and reliable family medicine.
FOR DYSPEPSIA they are invaluable.
J. T. HAYES.
Mexia, Texas, June 17, 1882. The Rev. Francis B. Harlowe, writing from Atlanta, Ga., says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing transverse in the contraction of the inconvenience, until some months ago I began taking Aver's PILLS. They have entirely corrected the costive habit, and have vastly improved my general health." AVER'S CATHARTIC PILLS correct irreguarities' of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.
