SPIRITUAL CONFERENCE AT WOODSTOCK

General Rally of Methodist Ministers and Laymen—Second Event of Like Nature

The Annual Spiritual Conference in connection with the Woodstock District of the Methodist Church of the N. B. and P. E. I. Conference inaugurated at Hartland on October 19, 1922, was held at Woodstock in the Methodist church on Wednesday, Oct. 11, 1922.

The day was a day long to be remembered by all those who attended.

At 9 a.m. a session of prayer was conducted by Evangelist Fred Foster in the school room adjoining the church. The time thus spent was a great source of inspiration and preparation for the coming sessions of the day. The unfavorable weather conditions undoubtedly affected the attendance from the outlying circuits but in spite of that as the morning wore away the delegates kept coming in until we had in the afternoon and evening sessions from 200 to 250 people present, there being over twenty delegates from several different circuits, many coming in cases over very muddy roads indeed, and in a pouring rain, and others driving twelve and sixteen miles or more in open wagons.

The formal opening took place in the auditorium of the church at 10 a.m. under the chairmanship of John A. Watters from Lakeville. Fifteen minutes at the opening of each session was spent in song, under the direction of Rev. Charles Plummer of Andover with Rev. E. E. Fyche of Lindsay presiding at the organ. After the singing at each session a session of prayer was engaged in. This meant much for the atmosphere of the whole conference.

An address of welcome was delivered by Rev. M. B. Couron, B. A., pastor of the entertaining church. His remarks were based upon the topic "Our Purpose." The words spoken gave to every one a feeling of homelike and acquaintanceship which were necessary to a successful issue of the day's work. Short addresses were then delivered by Charles Baker, A. Plummer and Ernest Plummer of Hartland. These brethren addressed the Conference on the following subjects respectively: "What should our consecration mean to the average Christian?" "The Layman's Opportunity in the Sunday School" and "Personal Evangelism for all Christians." These addresses were all most appropriate and helpful. After this more singing interspersed the whole program, the Rev. D. R. Chouven, B. A., of Florenceville spoke earnestly and in a most capable manner on "Gods Will for us today." Mr. Chouven applied his subject especially to men who already had a personal experience of God's love in their own hearts. To understand God's will he said "We as Christians must get a clear conception of what service means, of what it is to act as witnesses." "The great conception of life is to get larger vision of service. It is to do good to somebody else." The Master said "Thou shalt love thy neighbor as thyself." "We must ask ourselves what is God's will concerning me? We must learn the lesson of obedience. Whatever he says to you do it. We need the consciousness that God by the agency of His own spirit does the work through us."

The afternoon session was presided over by Ernest Plummer and the opening address was delivered by Rev. Hugh Miller of Centreville. His subject was "Our Reasonable Response." Mr. Miller based his remarks on the parable of the talents, dealing especially with individual responsibility. He commenced by presenting three leading thoughts. 1st. God has sent each one of us into the world to accomplish a certain life's work for Him and to help Him to pull this poor old world straight. 2nd. He has bestowed upon each one certain gifts and endowments for the accomplishment of that work. 3rd. One day He will ask us "How have you done the work, how much is the world better, how much is your own life better for having lived?" Whose are those talents bestowed upon His servants. They are the Master's. How can any man dare to use those gifts of his master merely for his own selfish purposes. It does not matter whether the talents be one, two, or five, faithfulness is the thing to be aimed at. Well done good and faithful servant. The faithful worker sees in the Master a great giver, but the unfaithful eye in the Master a great demander. The attitude of the Master towards the servants. He is always looking for the good in his servants and is so glad that they have not all disappointed him. The reward

of the faithful work in promotion. Our reasonable response to the will of God, in faithful service, going out with the Christ if needs be into the outer darkness to see the lost it so be that we may find it.

The next address was by the Rev. G. R. Fitzpatrick of Canterbury on "Going back to put a Heart into our Church Organization." The address was helpful and forceful, enumerating the varied organizations of church life, and the need of a greater impetus in all its departments.

Greetings in Christ were ably brought to us by Charles Sampson of Fredericton, from the Fredericton District. Mr. Sampson is an old friend and was warmly welcomed and enjoyed in witty, bright and cheerful remarks.

J. B. Saunders of Woodstock spoke on "The Need of Testimony in the Christian's Life." It is a vital thing.

The Rev. Stanley Young then introduced the subject of the "Family Altar" and prefaced his remarks by reading from the "Old Book" a few verses, Deut. 6, 7-12. He emphasized the need of giving the children a part in the religious exercises of the home. His remarks were helpful and to the point. He was followed by Rev. M. B. Couron, B. A., of Sachville, who read the Field Secretary for Young People's Work. He prefaced his remarks by referring to his own special department by showing that universal methods cannot be applied to all boys and girls, but rather they must be broken into groups according to age. It is necessary he said to appeal to the heroic in them. Christianity must appeal to them as a man's job. They must be shown the need of sacrifice. Mr. Couron then linked up with Mr. Young on the "Family Altar" and showed how that a Godly Home was the greatest asset in community life and how the home could do more for the child than either church or Sunday school. Family worship, he said, is an absolute necessity. Religion must be practised before the family. This is the thing that sets the standard. However simple it may be "go home" he said "and erect the family altar if it has not already been erected." "Why," he asked, "are there so many minister's sons in the ministry? Because of religion in the home."

This was followed by an hour given over wholly to testimony and prayer in charge of Mr. Foster. It was indeed a rich hour. It was remarkable how many paid the highest tribute to the family altar, all proving the necessity for the establishing of such an altar in every home. Time and time again several were on their feet at once all waiting opportunity to express their gratitude to Almighty God for his wonderful love and goodness to the children of men.

The evening service was a service not easily to be forgotten. Rev. D. R. Chouven, B. A., presided and Evangelist Fred Foster made the address. Mr. Foster's subject was "Winning Men to Christian Service." His address was broken up into four parts and based upon the text "Why stand ye here all the day idle?" His points were Repentance; What it is; Consecration; Meditation on God's law; and Go out and tell the tidings to others. To repent is to be forgiven. Consecration is to be purified. To meditate is to shine. To go is to obey. The address was delivered with a great earnestness and zeal that must have left its impress on every soul present. This was immediately followed by an Altar Service also in charge of Mr. Foster. The day's services closed by a brief testimony service on "What one day has meant to me."

The church was decorated with banners bearing short passages of scripture or other mottoes supplied by the various circuits of the district. Refreshments both at noon and for the evening meal were heartily supplied by the ladies of the Woodstock church and were served in the school room so that the entire day's proceedings were conducted under the one roof.

The Conference a year hence is to be held at Lakeville. We pray for a great day again and that it may result in great good as the day which has just closed has done.—Contributed.

WONDERS NEVER CEASE

The wonderful success of the Family Herald and Weekly Star of Montreal has been more marked year by year continuously for half a century. There are households literally by tens

of thousands all over Canada where for thirty, forty and fifty years the Family Herald has not only been a welcome weekly guest, but one indispensable to the home life. The success of the Family Herald of Montreal has been so conspicuous and so overwhelming that Publishers everywhere

refer to it as a phenomenal journal. The price of subscription to it looks ridiculously small when the wonderful contents of the paper are considered. Those who do not know it can, we understand, have a sample copy free by writing to its Publishers, Montreal.

JOHN R. BRADEN CONQUERS ROY GRATTAN IN WOODSTOCK

Pride of Presque Isle Humbles Caribou Flyer in Three Straight

Woodstock, N. B., Oct. 13—A real October Day with pleasant sunshine and a crisp wind was Nature's contribution to the much talked of "overcoat" race met today on Island Park. When the first race was called a very large crowd was present, with Woodstock County having a strong representation.

This was the occasion when the famous flyers from the potato belt were expected to settle definitely the question of supremacy on the turf. It was announced that Jackson Grattan, 2024, the pride of Houlton, had been injured in a workout and would not start. The crowd was plainly disappointed but the other two representatives, John R. Braden, the Iron Horse, Presque Isle, and Roy Grattan, Caribou's boy, furnished thrills enough to keep all on their feet. In a last effort to have their horse a winner, Jos. Johnson, the grand circuit driver was engaged to drive Roy Grattan and his work was always in evidence, but John R. again demonstrated his superiority by winning every heat.

At the close of the last heat a huge floral banner was presented John R. Braden. On behalf of the citizens of Woodstock, Mayor E. W. Mair, in a few brief remarks to the popular champion, John Willard, said: "This wreath is presented as a slight token of the esteem and good will we have toward our sporting friends across the border and all affords me much pleasure to present to John R. Braden this floral honorific. It is our wish that the very pleasant relations existing in the

fraternity of the lovers of clean sport will continue, and that every season will see us joined in friendly contests that will all go towards the elevation of the sport or horse racing that is now and will continue to be the popular pastime for all good sportsmen."

The floral decoration did not appeal to the "Iron Horse" and was placed around Mr. Willard's neck by Mrs. Ida Brower, amid the tuneful cheering of the big crowd.

Every race was well contested and the introduction of Tom B., a new comer to the Maritime Provinces, was a surprise and his work nearly upset the betting ring. He was right up in the front line in every heat.

FIRST STEAMBOAT ON THE UPPER ST.

Was the Reindeer in 1847—Interesting Account of the Early Navigation

In a series of articles entitled "Old Times in New Brunswick" which has been running in the Daily Telegraph Rev. W. O. Raymond, D. D., writes of the first steamboat to ply above Woodstock, and gives further interesting records of the early days of navigation. The article reads:

A name now appears in the history of the evolution of the steamboat, worthy of greater honor than it has yet received and claims our attention here.

Andrew Tibbitts, with his wife—whose maiden name was McFarlane—settled in Canning, Queens county, in 1817, where his children Hannah, Elizabeth, Henry M. and Benjamin Franklin were born. His house having been destroyed by fire, Mr. Tibbitts moved to the Grand Lake in 1822, removing eight years later to Fredericton.

Young Benjamin Tibbitts was something of an artist and a mechanical genius. After attending school four years in Fredericton, he was apprenticed to Mr. Robertson, a watchmaker in Woodstock. The latter old gentleman I knew well in my young days. Tibbitts soon began to construct miniature engines, and having served an apprenticeship of several years in various workshops and foundries, he at length succeeded in perfecting his long cherished scheme of combining high and low pressure of steam. As he lacked the means to build the engine he had designed, Thomas Pickard, a well-to-do citizen of Fredericton, came to his assistance. They built the steamer Reindeer at the mouth of the Nashwaakie. She was launched in the spring of 1846, and amid the double of friends and the ridicule of enemies.

She was a particularly graceful craft was unobtrusive as contrasted with the fine buoys; pine raft, which stood well out of the water while the heavy black birch seemed almost water-logged and was scarcely sufficiently above the surface of the water to ensure dry feet. An old raftman let us into the secret by informing me that the birch raft, being much heavier than the pine, would run down to Springhill in perhaps a couple of hours less time than the pine raft for the same reason that a heavy loaded car will run down a grade faster than a light one.

In those days the raftsmen almost always wore red flannel shirts and as the deck of the steamboat was often densely thronged with them on their return trip up the river, when viewed from a distance they resembled a regiment of British troops.

The raftsmen tied up their rafts at Springhill, the "head of the tide," where, in the olden days, there were a number of taverns bearing such inviting signs as "Rest and Be Thankful," "Dew-drop Inn," etc., which were frequented by the raftsmen. Here the men awaited the steamboat in the morning. The interval, needless to say, was not usually spent in total abstinence for the day of "prohibition" was not yet.

The large number of returning raftsmen, who were usually waiting at Springhill for a passage up the river, served to stimulate the rival steamboats in a desperate endeavor to reach the place first. They were not allowed to cast off their lines till the Cathedral clock struck 6 a.m.

One morning in the early days of June, 1850, three rival boats lay at their several wharves ready to start for Woodstock and with full heads of steam on. Two of these the James D. Pierce and the Ben Beveridge, were at the middle landing, and the other, the Reindeer, at the lower landing. The boats cast off their lines at the same moment, and as a large number of raftsmen were to embark at Springhill there was every prospect of a very exciting race. At Government House Point the Reindeer was passing the Ben Beveridge, both at full speed, when the boiler of the latter boat exploded. The Beveridge was torn to the water's edge and the fireman killed outright. Many of the passengers were thrown violently into the water. The passengers of the Reindeer, who were gathered at the rail watching the race with keenest interest, were, of course, badly frightened.

The Reindeer was rebuilt in 1852 and her name changed to the Antelope, a still faster boat. Her rival, the Tobique, of the People's Line, decided to try conclusions as to speed. The Tobique was a stern-wheeler of light draft of water and powerful engines. The boat left Fredericton at 6 a.m., the Antelope arriving at Woodstock about forty minutes in advance.

MISSION BAND ENTERTAINED

The Mission Band of the N. B. church was very pleasantly entertained on Saturday afternoon from 5 to 6 o'clock at the home of their leader, Mrs. Basil Sealey, Caples were indulged in after which the meeting was called to order and new officers were appointed for the coming year. At the close life certificates were presented to Pauline Price, Agnes Waters, Pearl Saunders and Faye Sealey. Afterwards refreshments were served. Mrs. Sealey was assisted by Miss Alvarotta, Estabrooks, assistant leader and Mrs. H. A. Sipprell, Mrs. A. Baker and Mrs. H. D. Kowick.

CARLETON COUNTY VOCATIONAL SCHOOL

To the young man who is satisfied with his present state of fitness, this article does not apply. But to the young man who is looking out into life with the desire to be of service as strong within him as the desire to fit himself to live life to its fullest and to do his own work worthily we have a message.

The world moves on. And in no other sphere of human activity has progress been made more rapidly than in the varied phases of agriculture. Farming occupies a position today greatly removed from that occupied by the agriculture of a couple of decades ago. And with this wider field of endeavor has come new demands for wider education. The farmers' club, the women's, the newspapers and the agricultural press are some of the roads to greater knowledge that lie immediately at hand. To them must be added the avenue open through our agricultural schools. And to those residing in Carleton County this last named avenue is not closed, for there is offered at the Carleton County Vocational School a two years' course in Agriculture and Farm Mechanics, the controlling aim of which is to fit for a useful life and a sense of leadership. What can we expect from such a course? In the first place such a course cannot train a young man who knows nothing of farming to be a good farmer. It does not pretend to do so. But the farmer's son who can take the course should be a better farmer, and a broader minded man for his training. There he will learn some of the "whys" of the things he has been taught to do as a boy; he will find out the various methods of doing things that are giving the best results under conditions similar to those with which he will have to deal. But of greater importance than the formulae he may learn will be the forming of the habit of seeking out and applying to his problems those principles that constitute the basis of good farm practice, and he will receive the broadening effect on his make up of meeting and working with his fellow class-mates. True education does not consist in a number of "points" stored in the brain, but of a broadened personality.

The course given at the Vocational School does not consist merely of a group of agricultural subjects such as field crops, livestock, soil chemistry, etc., but it incorporates within it a practical course in Farm Mechanics, including gas engine instruction, automobile repair, concrete work, carpentry, forging and blacksmithing, for all of which ample facilities are provided. Nor would the above brief outline be indicative of a well rounded off course were we to omit mention of the academic training that goes hand in hand with the practical work taught. English grammar and composition, arithmetic, farm accounts and banking, civics, economics and public speaking occupy an appropriate amount of the agricultural student's time.

The course starts on Wednesday, November 1, and the school term ends on or about April 15, depending upon the season. No tuition fees are charged. The only expense to the student is that of board and lodging while in Woodstock—a period of approximately twenty weeks. A limited number of homes wherein board and lodging may be had for \$5 per week are yet available.

What is the answer? Shall you make an effort towards self-improvement by fitting yourself to better perform your work? This is for you to decide, but your decision must be made early, for only a very few weeks are to pass before the course in question is to start. Applications for enrollment, and any letters soliciting information should be addressed to R. W. Maxwell, Woodstock, N. B.

MADAM RICHER

Labelle, P.Q., April 18th, 1932

"It is my duty to tell you and publish to all what your remedy 'Fruit-a-tives' has done for me.

I suffered with Rheumatism for ten months; could hardly move in bed, and was miserable all the time. I tried several physicians and took many remedies, but they left me at the same place, in bed and suffering, the Rheumatism was so bad.

I finally started in taking 'Fruit-a-tives' and continued the treatment regularly as I found myself getting better. After using eight boxes of 'Fruit-a-tives' (which cost only \$4.) I am completely well without a trace of Rheumatism."

Grant." This new book runs true to the Stead tradition of a good story, real humour, pure love and a real idea—even some real mystery, and it has more of the real atmosphere of life in it, than any other which has come to us in a long while. It is true writing, and will add fresh laurels to the fame of this already well-beloved author. "Neighbours" relates how two families of young people, brother and sister, neighbours, in a little Ontario town; neighbours, fifteen years later on adjoining homesteads in the Saskatchewan country, find life and love. Their stories run smoothly until a young Englishman settles in the community and upsets all expectations, including the sister's. But the best part of "Neighbours" in my mind, and what makes it a great book, is the picture of the people who make up that far-scattered "Neighbourhood" of homesteaders. Jake is the old villain who finds "lo- the 'Sneezers' are a gaunt big-eyed folk family who live in a cave that the precious live-stock may have builded shelter—and the widow, and the Scotch family—and the wedding! All of that is written of the finest type, and places this Canadian book in high order among the best literature of to-day.

WHY BABIES CRY

It's often hard to find the trouble—it may be teeth—it may be stomach—but oh! so often it is just a chafed irritated skin on which poor Soap has been used.

The remedy for this is so simple! Hours of suffering—night after night of disturbance—have been avoided by mothers, who have insisted on—Baby's Own Soap. Of course it costs a little more, a very little more, however, than what is often bought and used—but four generations of Canadian Mothers are there to vouch for its purity, for the soothing healing effect on Baby's delicate skin, for the lovely pure flower fragrance it leaves when Baby fresh and clean is taken from his bath.

Don't you think, Madam, it's worth paying the 15c. a cake, a little less if you buy a box (8 cakes) which your dealer asks for Baby's Own Soap. Adv.

BRISTOL N. B.

SINCE OCTOBER 1 WE ARE DOING A STRICTLY CASH BASIS

and will sell no more goods on CREDIT after that date. All kinds of
Produce will be accepted same as Cash.

Every REASONABLE and SENSIBLE person knows that in the
long run this will be much better for BOTH my CUSTOMERS and
myself for I can sell my goods MUCH CHEAPER and yet have more
clear profit, as it will save the big expense of Book-keeping and Book-
keeping supplies, cost of making out accounts and mailing them, and
the BIGGEST LOSS of all, in BAD DEBTS and loss of interest on
overdue accounts.

Further arguments in favor of the Cash System is unnecessary as
EVERY ONE KNOWS we can SELL CHEAPER for CASH than on
Credit and we are going to do so. Watch for ANNOUNCEMENTS
of SPECIAL CASH SALE prices later. We will prove that we will
SAVE YOU MONEY.

Come and Trade at the Cash Store.

Better Value--Better Service For Less Money

On Oct. 1 we change from the old credit to a strictly cash
basis—pay for what you get and when you get it, either with
money or produce—and we then can give you BETTER value
for your money as stated above.

All kinds of PRODUCE will be accepted just the same as
cash.

Rev. I. W. Williamson accompanied
by his daughter Nina and Mr. and Mrs.
Lorne Simonson motored to St. John
last week to attend the meetings, con-
ducted by Rev. Dr. Campbell G. Mor-
gan. Mr. Williamson reports the roads
to be in very fine condition with the
exception of Carleton county between
Woodstock and Florenceville.

Mr. Williamson preached sermons
on Sunday based on the lectures of
Dr. Morgan on the subjects "The por-
trait of Jesus as found in the Gospel
of Luke" and "The Bible in its rela-
tion to the child, the church and the
nation". Great interest was mani-
fested in these addresses.

The field committee of the Florence-
ville United Baptist Church, held its
regular quarterly meeting on Monday
night. Representatives from all the
churches were present and reported
the work of the field to be in a very
satisfactory condition. It was decided
to include the Greenfield church in the
circuit and in order to supply the ser-
vices, the East Florenceville and Bris-
tol churches are to be asked to give
up one morning service each month.
Mr. Williamson is commencing a series
of special evangelistic services
next week in the Connell church, which
will be followed by meetings in Bris-
tol.

The Florenceville Band is making
splendid progress at the present time.
A practice every week is giving the
young recruits a fine opportunity for
improvement. The Band is to play at
a social on Tuesday night held under
the auspices of the Tuxis group of
young people led by Miss Madeline
Smith.

Mr. Wood, the principal of the
school has now taken up residence
with his family in Percy Bell's home.
Mr. Wood is rapidly taking a promi-
nent place in the life of the community.
He delivered a splendid address to the
members of the Orange Lodge a week
ago and taught the Adult Bible Class
in the Baptist Sunday School last Sun-
day.

Miss Bernice McNerlin of Debec is
visiting her sister, Miss McNerlin, the
popular teacher of the primary grades
of the public school.

A very successful pantry sale was
held last week by the ladies of the
Methodist church in the store lately
occupied by Miss Myrtle Carle.

Old Time R. R. Man Says It Is Fine

"Both myself and wife have taken
Tanlac with fine results," said P. P.
Folkins, 130 Dominion St., Moncton,
New Brunswick, a few days ago. Mr.
Folkins has been employed in the Cana-
dian National Railway shops in Mon-
cton for thirty-six years.

"As for my own case, I had a trou-
ble that upset me so I could neither
eat or sleep to do much good. At
first it was just my nerves and then
my stomach went wrong and I got
into a general run-down condition, and
was fast losing my strength.

"About this time so many people
were praising Tanlac among them, a
clergyman, that my wife, who was
feeling run-down, but not exactly sick,
decided to try the medicine. She took
a few bottles and it made her feel so
much better that she couldn't help
praising it and telling people what it
had done for her.

"So I concluded to try some myself
and can truthfully say it was Tanlac
that brought me through my trouble,
too. It did me a world of good just
at the time I needed help the most.
It set my stomach in order, fixed up
my nerves so I could get a good
night's rest so I could do my day's
work and not lose time. My wife and
myself will always have a good word
for Tanlac."

Tanlac is sold at all good druggists.

PERTH NOTES

Miss A. Stickney returned recently
from a visit of a week with Mrs. H.
Post of Grafton.

MAN GIVES WIFE GLYCERINE MIXTURE

She had stomach trouble for years.
After giving her simple buckthorn
bark, glycerine, etc., as mixed in Ad-
ler-ika her husband says: "My wife
feels fine now and has gained weight.
It is wonderful stomach medicine."
Adler-ika acts on BOTH upper and
lower bowels, removing foal matter
which poisoned stomach and which
you never thought was in your sys-
tem. EXCELLENT for gas on the
stomach or chronic constipation.

HARTLAND, N. B., OCT. 19, 1922.

THE WOODSTOCK TRAGEDY

(Montreal Star)

The horrible scene enacted in the jail yard at Woodstock (N. B.) on Friday morning last, when through inexcusable bungling a man was cut down after hanging before life was extinct, and on showing signs of revival was carried unconscious to the scaffold and hanged again like an animal, is enough to disgust any decent-minded citizen. Such things as this simply ought not to be, and never could be if proper precautions were taken by the authorities. In the Woodstock case two amateur executioners, who gave Montreal as their address, were employed to carry out the grim decree of the law. The result was a nauseating scene of a character that disgraces the administration of law.

The whole trouble arises from the fact that the federal government disowns responsibility for the employment of a public executioner. Yet it is federal law that imposes the death sentence. It would seem only fit and proper that the federal department of justice should see that a proper qualified individual is employed to carry out the sentence. One thing is certain—no repetition of the repulsive proceedings at Woodstock will be tolerated by Canadian public opinion. Advocates of the abolition of capital punishment have a fine argument with which to work today. But without discussing the merits of their contentions it is impossible to regard with equanimity the present state of affairs, whereby there is no official delegated with the carrying out of the death sentence when it is imposed. The law places the responsibility upon the sheriff of the district, but it is well known that sheriffs are always ill if no executioner is available. We do not too severely blame them. We blame the unsatisfactory conditions which permit of any doubt as to the swift, merciful and efficient execution of the law. Such doubt must be removed from the minds of Canadians, and that with the least possible delay.

THE CANADIAN DOLLAR

(Boston Post)

The Canadian dollar today equals our dollar in value. This is more than the establishing of an equality of exchange. It places the investments and bonds and business of the Dominion on a par with those of the United States. It gives appreciation to the big sum owned by our neighbors to individuals and financial institutions in this country.

This very debt shows what our investors have been doing towards the progress and development of the people up there. It does not mark the limit by any means. Canada is larger than the United States, with an immense wealth of natural resources that have not as yet been touched. Canada is becoming an agricultural competitor with her 250,000,000 acres of rich soil still awaiting cultivators. She is already second to the United States in the production of wheat.

It is not only in farmlands that the Dominion is rich, but also in coal, copper, gold, silver, nickel, asbestos, forests, all tremendous reservoirs of new wealth that are sure to attract many more millions of Yankee capital. Canada owes nothing to our government, quite in contrast with the millions owed us by European nations. Her government is stable, her people thrifty, her leaders energetic. It is not to be wondered at that her monetary system should, thus early after the armistice, have reached an equality with ours.

SWIM TRAGEDY

Sheriff Foster, in expressing satisfaction over the decision for an investigation into the swim execution, says:

GILLETT'S LYE

Comparatively few people realize to what extent Gillett's Lye can be used to advantage in every home. For instance, with one can of Gillett's Lye and five and a half pounds of lard or grease, ten pounds of good hard soap can be made. Use one tablespoon Gillett's Lye in gallon of water for cleaning and disinfecting refrigerators, sinks, garbage cans, tiled floors, baths and toilets.

Useful for over 500 purposes.

"I brought two executioners who were both recommended by competent authorities as capable and experienced as such, and one of them was said to be the official hangman of the Province of Quebec. I have nothing to cover up in the regrettable occurrence. The whole trouble was that the condemned man was cut down too soon after the trap had been sprung the first time, and the investigation will reveal whose fault that was."

There is here a clear cut admission that there were two hangings and that the Sheriff is not satisfied with the way the work was done. It does not appear that more is necessary than an official report from the Sheriff. He is a man of sterling honesty, who can be relied upon in a report to state facts just as they occurred.—Globe.

SUCCESSFUL HOME MADE RADIO

Mr. and Mrs. Irwin Grey who have, during the summer been located, with Mrs. Grey's parents in Peel, Mr. and Mrs. Thomas Ebbett, are soon to return to their former home in Fort Fairfield, which their many friends will much regret.

Mr. Grey, who has been engaged in the Red Ball Garage at Hartland, is somewhat of a genius, he having installed in their home a radio-receiving apparatus minus any instruction, with the result that many of his friends have been entertained by musical concerts, both instrumental and vocal selections given in New York and other American cities, by some of the best standard artists.

It is hoped that Mr. and Mrs. Grey may find it their advantage to return to Peel some time in the near future.

BARACA CHORAL CLASS VISITS WOODSTOCK

Baraca Choral Class went to Woodstock Thursday evening and sang at the Young People's social evening in the Baptist church. After the Woodstock young people had carried out a wonderful program of singing and recitations Rev. Mr. Ackland called on the Hartland delegation. Special mention should be made of the solos of Miss Page which were very beautifully rendered. Hartland programme fol lows: Quartette—Vernon Simms, Kathleen Kennedy, Queenie Britton and Arthur Dickinson; full chorus—"When Shall We Meet Again" Fred Allan, Willie Taylor, Lorne Britton, Raleigh Britton, Gage Montgomery, Arthur Dickinson, Warren White, Ben

Irvine, Vernon Simms; duet—"Ab-sent"—Fred Allan, Willie Taylor; full chorus—"Medley"—"Little Old Red School"; full chorus—"Till We Meet Again". An excellent lunch was served and everything went merry as a wedding bell.

Mr. and Mrs. S. S. Miller championed the Hartland delegation.

RECEPTION

(Edmundston Observer)

The Rev. N. and Mrs. Franchetti were married seven years on October 2. On October 5 their parishioners gave them a surprise by coming to the house occupied as a rectory on Canada Road, to help them celebrate. Mr. and Mrs. Franchetti were not at home, but were located nearby, and were brought home and a good time was enjoyed by all. The parishioners brought with them an electric iron, which was presented to Mrs. Franchetti. Refreshments were served at 11.30 and soon after the visitors left for home, expressing many wishes that many years of life together should be the portion of their minister and his wife.

BIRTHDAY CELEBRATION

On Friday evening, Oct. 6, a surprise party greeted Mrs. Allison Clark at her home and celebrated her thirty-sixth birthday. Among those of her family were Owen from Millville, Mr. and Mrs. Archie Robinson of Windsor, Mr. and Mrs. Harold Clark, Mr. and Mrs. David Clark of Hartland. Among Hartland friends were Rev. E. A. and Mrs. Trites, Mr. and Mrs. Ernest Plummer and Mr. and Mrs. J. E. McCollum; from Peel were Eliza Harmon, Mrs. Annie Estabrooks, Mr. and Mrs. Harvey Ebbett and family, Mr. and Mrs. Erwin Gray, S. J. Hatfield, Mr. and Mrs. Earl Campbell and Johnnie Campbell. After spending a pleasant evening a birthday dinner was served, then the friends wishing Mrs. Clark many more such days departed.

RESTIGOUCHE POTATO CROP

Only Some 30,000 Barrels from 2,000 Barrels Planted in One Section is Estimated—Hay Great Crop

According to late reports the potato crop throughout Restigouche county is more or less of a failure considering the extensive scale on which farmers of certain districts have gone into this branch of agriculture in the last summer. Digging except in the cases of a few farmers who have an immense acreage to cover is about over and comparing the crops with last year the result shows only about half the expected yield. In districts the potatoes are of a first class quality at

though very scarce in the ground. In other localities, especially near the Gloucester county line, a very heavy yield is reported but about a third are affected by rot.

Last spring the farmers along the Charlo and Newmillis section of the coast planted great quantities of government inspected seed potatoes.

Many whose former limit was thirty or forty barrels planted from fifty to 150 this year, according to their facilities to handle the harvest. One horticulturist who has rented several farms in that vicinity planted more than 600 barrels. For the last few weeks men, horses and machinery engaged in digging operations have presented a busy scene along this section of the coast. One estimate placed the yield on more than 2,000 barrels planted at fewer than 30,000 barrels.

In addition to this unsatisfactory outcome of the season's work farmers in that neighborhood face another discouraging circumstance in the matter of prices. So far \$1.75 a barrel is the maximum offered for government inspected potatoes while ordinary stock is bringing about \$1 in local markets. Moreover, the foreign markets show little signs of activity as yet. Unless the price advances at least fifty per cent of the farmers who have gone into potato raising on an extensive scale will be hard hit, as the cost of operation, including machinery, fertilizer, spray, labor and other incidentals, are very heavy.

One blessing which attended the farmers of Northern New Brunswick this summer was a bumper hay crop. Throughout Restigouche county the hay yield was an excellent one and many barns are stored with record quantities of hay of fine quality. The grain crop was also above the average but in the aggregate does not amount to any unusual proportions as so much land was taken up by the large potato fields.

KNOW ABOUT THIS?

M. L. Wright, of Perth, who motored to the city yesterday, reported that he saw a dead horse lying beside a broken carriage in the road at the lower

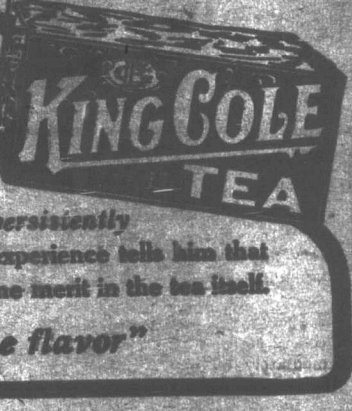

end of Perth, when he was leaving about 5 o'clock in the morning. He thought that the horse had been struck by an automobile during the heavy storm late Sunday night. The horse was lying on the middle of the road, and he had to drive almost into the ditch to get past.—St. John Journal.

Better roads between Houlton and Woodstock are expected the coming season. A member of the New Brunswick Road Commission was in Houlton recently looking into the matter and informing the people of the work that was to be done on the New Brunswick part next year. Few provinces of states anywhere have made greater advances in the condition of their roads during the past few years than New Brunswick.—Port Fairfield Review.

VOCATIONAL CLASSES

(Edmundston Observer)

The vocational classes will open next week. It will be remembered what splendid work has done last in these classes, and it is hoped to surpass last year's splendid record. This year the award given at the Exhibition in St. John for work done in homemaking classes was awarded to the Edmundston School. It is to be hoped that the pupils this year will make such progress that next year a like certificate will come to Edmundston. Professor Pencock, the instructor and Vocational Director of the province, was here arranging with the trustees of the school for these classes, and the announcements are hereby given: Classes in French and English will open on the 15th. The Sewing Classes will open on the 17th. Attending pupils can apply for further particulars, or for permission to enroll, of either the school trustees, W. R. Belyea, Police Magistrate Michael, or Immigration Inspector Leon Belanger, the latter being the secretary of the school.

Secret Skin Troubles

MEAN NIGHTS
A DAYS OF ITCHING TORMENT

A well-known physician says that he comes across many terrible cases of secret skin disease. Because there is a natural disinclination to seek advice, the sufferer either neglects the trouble in its early stages, or else aggravates it by use of some poisonous mineral ointment. While this may hide up surface trouble, it also drives disease further into the skin.

You cannot thoroughly and permanently banish disease like eczema, tetter, psoriasis, ringworm, etc., unless you first destroy all disease germs. Zam-Buk does this quickly and thoroughly.

Zam-Buk is unique in its germicidal and healing strength. Its soothing, healing essence penetrates into the skin, right into the weakened and diseased inner tissues, killing the germs and expelling disease at its very source.

The fast dressing of Zam-Buk ends the dreadful itching and when all skin inflamed diseases have been thoroughly soothed and purified by Zam-Buk, every trace of disease is made to disappear, and there is a splendid new growth of clear healthy skin.

Zam-Buk
Cures Skin Disease

Don't endure skin trouble a day longer! Get Zam-Buk to-day! Apply to the first druggist, store or express; use it for healing cuts, burns, scalds, ulcers and poisoned wounds; also for weakening, painful piles.

Use Zam-Buk, all chemicals and doctors.

Mrs. Burns and two daughters are visiting Mr. and Mrs. Frank Griffin, R. F. and Mrs. Smith at Florenceville.

Fred Petras who has been in Woodstock hospital some months on account of serious injury, passed through Aroostook on Friday on the up express en route for his home in Edmundston, and received a most hearty welcome from all the C. P. E. employees at Aroostook and other points along the route.

H. Walker, local foreman, leaves today on his annual vacation which he will spend on a hunting trip to White River, Ontario.

BEAUTY OF THE SKIN

In the natural beauty of every woman's face, the skin is the most important feature. It is the canvas upon which the features are painted. If the skin is healthy, the face is beautiful. If the skin is diseased, the face is ugly. Dr. Chase's Ointment is the only preparation that will cure all skin diseases, and restore the skin to its natural beauty.

DODGE BROTHERS

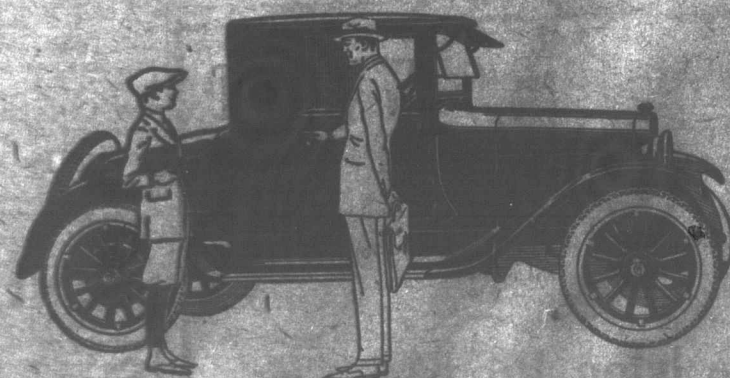

BUSINESS COUPE

With this coupe Dodge Brothers have proved once for all that a closed car can be as sturdy and practically as inexpensive as an open roadster.

This is largely due to the all-steel body—the first ever marketed—which admits of lower cost of manufacture through standardized machine production. Unlike wood, the steel surface will take a finish of enamel, baked on at high temperature. This process results in a permanent lustre, and eliminates the trouble and expense of repainting.

The wide straight seat is upholstered in genuine Spanish blue leather, durable and readily cleaned.

WOMAN COULD NOT WORK

Made Strong and Well by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I took Lydia E. Pinkham's Vegetable Compound for a tired, worn-out feeling and painful periods. I used to get up with a pain in my head and pains in my lower part and back. Often I was not able to do my work. I read in your little book about Lydia E. Pinkham's Vegetable Compound and I have taken it. I feel so well and strong and can do every bit of my work and not a pain in my back now. I recommend your medicine and you can use this letter as a testimonial."—Mrs. Paul, Mass., 801 Winslow St., St. Paul, Minn.

Just another case where a woman found relief by taking Lydia E. Pinkham's Vegetable Compound. Many times these tired, worn-out feelings and pains about the body are from troubles only women have. The Vegetable Compound is especially adapted for just this condition. The good results are noted by the disagreeable symptoms passing away—one after another. Lydia E. Pinkham's Vegetable Compound is a Woman's Medicine for Women's Ailments. Always reliable.

Headaches Gone

Perhaps you can imagine what this means to one who has suffered terribly with headaches for ten years.

Read about it in this letter.

Mrs. Tena A. Smith, Country Harbor Cross Roads, N. S., writes:

"I feel that if anyone can recommend Dr. Chase's medicine I certainly can. I suffered for ten years from severe headaches, and although I took all kinds of headache powders they just relieved me at the time. I became very nervous and run-down, and everything seemed to trouble me. I have taken eighteen boxes of Dr. Chase's Nerve Food and it has made an entirely new person of me. I felt that I could not have lived without it. I do not have one headache now, and my nerves are good and strong. I just weighed 100 pounds when I began using Dr. Chase's Nerve Food, and now I weigh 121. Knowing what this treatment has done for me, I cannot too highly recommend it to others."

Railway News

Mr. Edward Everett Beck, who since the death of Mr. Jackson has been acting manager of the Vancouver Hotel for the Canadian Pacific Railway, has been appointed manager. Mr. Beck has been connected with this hotel ever since he entered the service in 1907, first as clerk, then as rooming clerk, and since June 16th, 1920, as assistant manager.

Calgary—For the first time in two years the car department at the Canadian Pacific Ogden Shops worked full time. This was the official announcement made at the offices of the general superintendent of the Alberta Division. The department mentioned is one of the largest at the shops and will effect carpenters, car repairers and helpers. It is stated that the heavy movement of grain is the cause of the increased work. The announcement has been received with much satisfaction by the men concerned.

Sherbrooke—Three years in the St. Vincent de Paul penitentiary was the sentence on Joseph Couture, of the township of Lingwick, for placing a bolt and a spike on the Canadian Pacific Railway track. The case was heard before Judge J. H. Lemay, in the District Magistrate's Court, when the accused was charged with placing obstacles on the railway track with intention to destroy valuable property and endanger human life. The accused immediately pleaded guilty and, after receiving the usual warning from the court, was committed for trial. He asked for a speedy trial before Judge Lemay. Counsel for the plaintiff advised the court that the accused had a rather bad record and claimed that he had previously served one term of two years and two separate terms of four years in jail.

The court commented upon the seriousness of the offence insofar as valuable property and scores of lives were threatened, and pointed out that he was liable for a term of years, or even a term for life if it were proven that the obstacles had been placed there intentionally.

Regina—"There is so much wheat in some parts of Southern Saskatchewan that it will take until next summer to get it shipped out of the country," said J. H. Chown, superintendent of the C.P.R. at Regina, last night.

Mr. Chown made this statement upon his return from a trip over the southern lines of the Regina district, the trip including the Arco line as far south as Stoughton, through to Weyburn as far west as Assiniboia and thence up the Soo line to Moose Jaw.

"The wheat crop in some of the districts in this area is as good or better than 1915," said Mr. Chown, "and now that threshing is well under way some remarkable yields are being demonstrated. Where people expected to get 15 bushels to the acre the threshing machine is registering 25 bushels, where 25 bushels were anticipated they are getting 35 bushels and where 30 bushels were estimated the yields are running close up to 50 bushels to the acre."

"At Vantage," continued Mr. Chown, "I walked up to a threshing outfit operating not far from the station and engaged the thresherman in operation. He told me the field he was threshing was running 48 bushels to the acre. The grain was uniform, well ripened, a good color and an excellent sample of wheat in every respect."

Edmonton—A good harvest and the existence of a plentiful supply of foodstuffs in all parts of Canada is the basis upon which C. E. E. Usher, general manager and traffic manager of the Canadian Pacific railway, with headquarters in Montreal, makes the encouraging prediction that business is bound to show considerable improvement during the next few months and soon to reach the level of the best of previous times.

Mr. Usher was a visitor in Edmonton in the course of a tour which took him as far west as Vancouver.

Passenger traffic business is a worthy barometer in the testing of general business conditions, and Mr. Usher announces that the year, from a passenger traffic standpoint, has been an excellent one, while it is felt certain that the coming winter and spring will see still further increases. Tourist travel during the past season has been almost as good as it ever was, while reservations made for winter traffic, including ocean cruises, are exceptionally numerous at this time.

The again, traffic to and from the old country during the past few months has taken accommodation to capacity, while steamers plying between the west coast and the Orient have also been doing great business. Mr. Usher is a strong enthusiast for an open door policy of immigration into Canada, and in speaking upon the topical subject he declared that there would come a time before many months had passed when Canada would be setting up a 50¢ for labor.

LOCAL AND PERSONAL ITEMS

Picture lovers' hearts were made glad twice last week by two pictures of widely divergent type. On Wednesday Dicken's last complete novel was presented, "Our Mutual Friend" using the author's own wording for subtitles. The quiet old English characters were wonderfully portrayed and the old country stage settings most picturesque. On Saturday night with Lon Chaney and Cullen Landis in the principal roles, "The Night Rose," a close woven fiction with San Francisco's underworld and its police and detective agencies at odds all through the piece made a most thrilling drama. This was supplemented with a Gayety Comedy, "Oh Brother." Everyone is on the qui vive for the master production "Over the Hill" on Wednesday. Messrs. Burpee and Teddie deserve a great deal of praise for their untiring efforts to procure the wonderful brand of pictures they bring us semi-weekly.

Mr. and Mrs. C. F. West of Presque Isle spent Sunday with Mr. and Mrs. H. L. West. Rev. C. R. Canham is making preparations incidental to leaving this parish over which he has ministered for the past year and a half. L. Burton Clark left on Wednesday for Toronto, where he will take a course in optometry. A number of racing enthusiasts attended the overcoat meet in Woodstock last week. Mr. and Mrs. Albert Fields of Woodstock visited Mr. and Mrs. A. J. Lee on Sunday. E. R. Stiles is spending a month in St. John. Friends of Mr. and Mrs. Roy Wildman assembled on Monday night to give them a good old-fashioned cheer.

vari and wish them happiness on their new venture.

Miss Pearson of Glassville spent last week with Mr. and Mrs. W. Kirk.

H. S. Hatfield of Fredericton was in town on Monday.

New signs are about now for the preparation of people to regard the change in the role of the road after Dec. 1. The reading "Turn to the Right" is striking enough, but the main sequel "after Dec. 1, 1922" is in much too small type and might be overlooked altogether by a casual observer. Perhaps with disastrous results. It, failing to finish his reading lesson, he should promenade to the right too soon.

Sam Cormier is at present confined to the house by illness.

Truman Jones of Houlton called on his sister, Mrs. Cronkite on Sunday.

Mr. and Mrs. Carey Dickinson of Avondale spent Sunday with Mr. and Mrs. Theodore Jameson.

Mrs. C. N. Boyer returned home from Presque Isle on Sunday.

C. T. Black of Woodstock was here on Monday.

B. E. Huestis and Roy Watson of St. John spent two days of last week in town.

G. W. Bishop of Grand Falls was here on Monday.

Hueston Clark spent last week at Grand Falls as a guest of G. W. Bishop.

Ames Downey returned from a trip to Grand Falls last week.

Miss Ruth Anderson of Good Corner visited Miss Glenna Weade on Monday.

L. H. London of Woodstock was here on Sunday.

ONE WAY TO GET AN EDUCATION

Some time ago, writes a subscriber to The Youth's Companion, I was travelling in Europe with a young lady who lived in a small town way Down East in Maine, and who was more generally informed in the history, literature, art and music of the countries we visited than those who had lived in and had the advantages of a large city. "Where were you educated?" I asked. "I was brought up in my home town and on The Youth's Companion," was her reply. And this same liberal education is in The Companion for anyone who will seek it. Try it for a year and see.

The 52 issues of 1923 will be crowded with serial stories, short stories, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1923.
2. All the remaining issues of 1922.
3. The Companion Home Calendar for 1923.
4. All for \$2.50.

Or include McCall's Magazine, the monthly authority on Fashions. Both publications, only \$3.00.

KENNEDY HOUSE

CENTREVILLE, N. B.

I have purchased in the above town the property known as the Centreville Hotel and after having made necessary alterations in order to meet the demands of the public, I feel satisfied that with my up to date house and efficient staff of help, I can meet and cater to the requirements of the travelling public and in view of this solicit your patronage. Our slogan is "CLEANLINESS, COURTESY, CONGENIALITY."

We shall make arrangements to carry and bring passengers from trains here and at Fredericton.

The hotel in future shall be named THE KENNEDY HOUSE.

L. L. KENNEDY, Proprietor.
