

COTTON WORKERS DE CIDE TO ACCEPT EMPLOYERS' TERMS

With the Exception of the Spinners—It is Expected That An Agreement Will Soon Be Reached.

A despatch from Manchester, Eng., says:—Although the Textile Workers' Association, representing all branches of the cotton industry, voted to accept the employers' offer for a settlement of the cotton strike, a hitch occurred when the spinners' delegates refused to sign the agreement until it had been approved by their members in various districts. Meanwhile the mills will remain closed.

After the declaration of the spinners' delegates to sign, the Negotiation Committee reassembled and decided to allow the various districts an

opportunity to consider the agreement. The vote in favor of a resumption of work was 266 against 237, and immediately after it was taken arrangements were started for a resumption of work next Monday.

The compromise was based on an immediate reduction of 46 pence to the pound and a further reduction of seven pence at the end of six months. It also provides for a reduction of 60 per cent. in the rates for piece work and another 10 per cent. six months hence.

BOY RESCUED FROM NIAGARA WHIRLPOOL

Drawn Into Current While Swimming Below the Falls.

Niagara Falls, N. Y., June 19.—Edward Denny, 16 years old, was rescued from the Niagara whirlpool yesterday afternoon after he had been in the water for nearly an hour. Denny saved himself by clinging to a drifting log which was whirled around and around in the outer eddy of the big pool.

The boy, with a dozen companions, was swimming from the old Maid of the Mist landing on the United States side of the rapids. Practicing floating, he was carried out into mid-stream and was in the grip of the swift current before he realized his plight. His companions swam out as far as they dared but were unable to reach Denny. They shouted to him to stop struggling and to hold on to a piece of drift-wood.

The boy managed to catch a floating log and with it was whirled through the first of the lower rapids and into the whirlpool. Here he was swept around in the outer eddy for half an hour, while the other boys, who had followed him on the bank, ran for aid. Some of them found a long rope and one ventured out as far as he dared and threw the rope across the path of the log. Denny caught it and was hauled ashore, badly frightened, but unharmed.

Police and fire departments were called to the scene and aided in the rescue, but when they arrived all they found was young Denny lying on the bank recuperating. His companions had fled when the police were sighted.

100,000 LIMIT OF GERMANY'S ARMY

Staff Officers and Sub-Officers Included in Total Permitted to Receive Training.

A despatch from Berlin says:—The Reichstag on Thursday passed a new law fixing definitely the exact number of officers and men which the Ministry of War will be permitted to hold under arms. The law obeys orders given by the inter-Allied Council Commission. The total number of Germany's military forces is not to exceed 100,000, including staff officers and sub-officers, the number of which is not to exceed four thousand. The law further provides that the number of officers to be discharged annually shall not be more than five per cent. of the total number of officers and men.

The War Minister will be unable, therefore, to call more than 100,000 to the colors annually as was originally planned.

FRENCH SCIENTISTS CONQUER FOOT AND MOUTH DISEASE

A despatch from Paris says:—The discovery of a serum rendering cattle immune to foot and mouth disease has been made by Professors Vallee and Carre, of the Alfortville Agricultural Research Laboratory. This announcement was made on Thursday to the Agricultural Commission of the Senate by Senator Beaumont.

The discovery is the result of years of experimenting with blood elements

and microbes in order to make possible the fixation of the bacillus of foot and mouth disease which is so infinitesimal, that it could not be retained in the most minute filters. Once this was accomplished, it would be possible to cultivate the germ. Fixation now has been accomplished, and the serum has been made in small quantities through a phagocytic process.

THE WORK OF THE SINN FEIN
The picture shows the Dublin Customs House burning just as the fire fighters arrived. Sinn Fein forces seized the building, poured petrol on the papers and floors and then fired it.

ONTARIO WILL BE DRY AFTER THE EIGHTEENTH OF JULY

Canada Gazette to Contain Proclamation Giving Effect to Result of the Plebiscite—Act Becomes Operative Thirty Days From Date of Publication.

A despatch from Ottawa says:—Proclamations to give effect to the result of the plebiscite held in Ontario under the Canada Temperance Act and to provide for two plebiscites elsewhere was published in Saturday's number of the Canada Gazette. The proclamation affecting Ontario provides that thirty days from its publication, that is, on July 18, the sections of the Canada Temperance Act prohibiting importation of intoxicating beverages into the province shall become operative. That is to say, on and after July 18, importation of such liquors, except for medicine, industrial and sacramental purposes, into Ontario will be illegal. Another proclamation calls for a vote in New Brunswick on a date to be fixed by the chief electoral officer, on the question whether or not importation of liquors into that province should be prohibited. A third proclamation provides for a vote in Quebec City on the question whether or not the Canada Temperance Act should continue operative in that city. The Act has been in force in Quebec for several years, and it is now proposed to repeal it and allow the provincial law, which permits sale of beer and wine in licensed hotels and provides for sale of spirituous liquor through Government vendors to residents of the province, to take effect.

German Societies Ordered to Disband

Coblenz, June 19.—The Inter-Allied High Commission has ordered the dissolution of the branches in the Rhineland of three German societies: the "Deutsche Offizier Bund," the "Reichswehrmilitarische Fur Offiziere" and the "Okkasus." These organizations are of military character, and the abolition of the Rhineland branches is considered advisable to prevent the possibility of endangering the safety of the allied troops, it is explained.

Rainfall Where Hatfield is Working

A despatch from Medicine Hat, Alta., says:—Thursday was a great day for "Rainmaker" Charles M. Hatfield, when 1.10 inches of rain was recorded over the entire 100-mile radius covered by his contract. Under his agreement with the local Farmers' Association he will receive \$1,100. The crops in the district are in splendid shape, and now have sufficient moisture to last well on into July.

BELFAST PREPARES FOR VISIT OF KING GEORGE AND QUEEN MARY

Every Precaution to Safeguard Persons of Their Majesties at the Formal Opening of the Ulster Parliament—City in Gala Attire to Welcome Royal Guests.

Belfast, June 19.—Every precaution is being taken to safeguard the persons of King George and Queen Mary during their presence in Belfast on Wednesday for the formal opening of the Ulster Parliament.

General Bainbridge, commander of the troops in Ulster, has issued a notice under his signature, which says: "No person shall at any time on Wednesday be upon or using in any way whatsoever the roof of any building in the Belfast area unless provided with a permit." He has also ordered all owners and persons occupying houses to block all means of access to their roofs from 8 p.m. Tuesday to 8 a.m. Thursday.

Saloons have been notified to remain closed on Wednesday until after the departure of the royal party. Parliament will be assembled in readiness to receive their Majesties. The King, having taken his seat on the throne, remembering that in the House of Lords in Westminster, the members of the House will be summoned formally to the Senate Chamber. His Majesty will himself read his speech opening the Parliament, and the brief ceremony will end.

The decision of the Queen to accompany the King to Belfast has given enormous pleasure and great impetus to the city's interest in the event. The King's arrival will be greeted by a royal salute, and the sirens of the mills and steamers will join with the chimneys of the churches in a noisy welcome.

WATER SEEPS INTO HELMET, DROWNING GREAT LAKES DIVER

A despatch from Sault Ste. Marie says:—Death in one of its most terrifying forms came to Damon S. Godfrey, a diver in the employ of the Great Lakes Towing & Wrecking Co. on Thursday, when the great copper helmet he wore as part of his diving dress became loosened in some way while he was down 25 feet on the bottom of Georgian Bay, near Little Current Ont.

Little by little the water began to trickle inside the diver's rubber suit as the helmet worked still looser. The Damon signalled frantically to his mates on the lighter above to be hauled up, but in some way, it is said his jerks at the lifeline were not properly understood owing to the lines becoming tangled, and the men at the air pump continued to send down fresh air.

Finally, when no further signals were received the helpers became alarmed and hauled the diver up. When the helmet was unscrewed Godfrey's head toppled over to one side. He had been dead for several minutes.

Godfrey had been in the employ of the Great Lakes Company for 15 years, and was considered one of the most expert deep-water divers on the Great Lakes. He was 55 years old and lived at the Canadian Soo. His wife, three daughters and four sons survive.

Installation of Lord Byng Probably at Quebec

A despatch from Ottawa says:—It is presumed that the installation of Lord Byng as Governor-General of Canada will take place at Quebec, inasmuch as it is anticipated that he will arrive in Canada while navigation on the St. Lawrence River is still open. The Department of the Secretary of State, however, has not yet ascertained the exact date of his coming.

Lives and Property Lost in Japanese Floods

Tokio, June 19.—Japan's rainy season has been unusually persistent, and the resulting floods in various sections are the worst in thirty years. One hundred persons have been drowned at Fukuoka in the northern part of the Island of Kiushiu, while at Oita, on the same island, thirty persons lost their lives.

Several thousand houses have been inundated or destroyed in Fukuoka, Saga, Oita and Nagasaki prefectures. Bridges have been carried off and cottages flooded in the cities of Kokura, Kurume, and Wakamatsu.

Britain will give Mesopotamia Arab rule

Hon. Arthur Meighen has arrived in London to attend the conference of the Prime Ministers of the Empire.

EMPIRE PREMIERS MEET IN LONDON

Lloyd George to Preside Over Conferences in Downing Street.

London, June 19.—The conference of the overseas Premiers will open in the official residence of Mr. Lloyd George in Downing Street to-morrow and will probably sit three weeks for the next three weeks. Mr. Lloyd George will preside.

The first business of the conference will be to settle questions of procedure and publicity—how and to what extent its decisions will be communicated to the public. After the opening sessions, the meetings will probably be held in St. James palace. The Government has throughout carefully avoided outlining a definite program owing to the many difficult problems needing discussion. Some of these, it is clear, will have to be left for a subsequent conference. This is especially the case with the question of armaments until it is seen what, if any, international action is taken on this subject.

Other important questions are closer co-operation in foreign policy and improvement in communications between all parts of the Empire.

She Did Her Part

She—"Before you married me you used to say that I was the sunshine of your life."
He—"Well, you still do your best to make things hot for me."

Weekly Market Report

Toronto.

SWEEPING ROUNDUP BY CROWN FORCES

Sinn Fein Gunmen Arrested in "Murder" Counties.

A despatch from Dublin says:—The Government forces have been making a sweeping roundup of certain areas in the last few days with the apparent idea of making large captures and sifting them for men who are "wanted." The operations have been in progress in Monaghan county all this week. Hundreds of arrests were made, but on Tuesday all were released with the exception of about a dozen persons.

Five cavalry regiments invested Carrickmacross, Monaghan, early on Thursday morning and commanded several private houses. They made several arrests, including a despatch carrier of the "Irish Republican Army." Similar raids occurred at Wexford and Athlone.

Severe Engagements between Crown Forces and Sinn Feiners occurred in Dublin on Wednesday night and early Thursday morning, the firing being the heaviest which has been heard in the city since the rebellion five years ago. General military headquarters declines to issue a report.

There are various rumors as to the cause of the outburst, which took place about 11 o'clock. Officially, the only reason assigned is that a number of civilians fired on sentries outside the ruins of the Customs House, but the most intense fire occurred in the centre of the city. About midnight, it is reported, a party of the Crown forces were sniped as they crossed O'Connell bridge by men on the roofs of buildings and from concealed positions.

A machine gun was brought into action and Westmoreland street and Sackville street were swept with bullets. Searchlights lit up the city. Particular attention being paid to the roofs of houses and offices.

BIGGEST GOLD PILE IN THE WORLD

Will Take Four Men a Month to Count Money in U.S. Treasury.

A despatch from New York says:—The task of counting, piece by piece and note by note, the largest amount of gold and gold certificates ever brought together in one spot in the history of the world has been undertaken by four of the fastest counters in the employ of the Government.

These four men constitute a board representing the Treasury Department and the Mint, and it is their task to check up and calculate the amount of gold now held by the United States Assay Office, with certificates held there and to certify the amounts as correct to the last penny.

Just how much gold the members of the board will be obliged to count will not be made public by the Assay Office officials. In fact no figures ever have been given out as to the amount of gold the vaults hold. It is known, however, that the amount is upwards of \$10,000,000,000, and probably close to \$12,500,000,000. It is the largest amount of gold ever concentrated in one spot.

Deutschland Sunk by French at Practice

A despatch from Cherbourg, France, says:—The former German super-submarine, Deutschland, which in 1916 slipped into Baltimore harbor from Germany, after darning; running the gauntlet of British and French cruisers standing guard off the Virginia Capes, was sunk by gunfire on Friday during target practice.

The submarine had served as a target for a series of submarine attack experiments carried out by the French armored cruiser Gueydon, and was sent to the bottom to-day seven miles off shore. Seaplanes hovered over the scene, taking photographs of the different phases of the attack on the submarine.

1919 Class Troops Replaced by 1921 Class

A despatch from Paris says:—Soldiers of the class of 1919, who were mobilized early in May for duty on the Rhine, in the Dusseldorf area, commenced returning to Paris on Thursday.

Two thousand of them went direct to the city barracks, where they will be demobilized in a few days and returned to their homes.

The 1919 class troops gradually are being replaced on the Rhine by soldiers of the class of 1921, who now are in training.

Past Year's Murders Total 568

London, June 16.—Murders by rebels in Ireland since July, 1920, have totalled 568, Sir Hamar Greenwood, Chief Secretary for Ireland, stated in the House of Commons on Thursday. The number of Crown forces convicted for murder in the same period, he added, was: The military, none; the Royal Irish Constabulary, one; and the police auxiliaries, one; the latter being found to be insane.

This Store Figures on Increased Volume of Business and Less Overhead Expense

To get this increase in sales we must sell merchandise at TODAY'S LOWEST PRICES, not what prices were or what merchandise might have cost us.

Replacement Prices Today

are our price guide. In many cases our prices are below replacement values. This is the reason for our sales increasing each month when most business houses are complaining of sales falling off.

Greater Reductions This Week in Almost All Departments.

Shoes Show Big Reductions

All lines of Fine Shoes down about 40 per cent.
All lines of Heavy Wearing Shoes down about 30 per cent.
A few other lines down more or less.

Clothing

Clothing shows big shrink in prices, in some cases 50 per cent.
New lines opened up this week.

Working Men's Outfits, 40 to 50 per cent. down

Work Shirts, Overalls, Smocks, Sox, etc., down about one half.

Big Change in Staple Prices

Cottons, Cottonades, Denims, Shirtings, Sheetings, Galateas, Gingham and Chambrays, all down 40 to 60 per cent.

Hot Weather Requirements

You will benefit by our splendid values in these lines.
Summer Underwear for men, women and children, direct from Watson Manufacturing Co.'s factory.

Advance Styles in Sport Skirts

including all the new things in All Wool Flannel, Gabardine and Serge, in cream, plain and fancy. 25 per cent. below city prices. Compare and see.

New Waists

in new advance styles. Just the "snappy stuff" people are looking for.

This store's reputation for a step ahead in quality and a step back in price is well maintained through this most trying period.

J. N. CURRIE & CO.

This Way — to Broader Markets

Right at your elbow is your Long Distance telephone. With it, you can talk with any of 12,000,000 telephones in Canada and the United States.

"Clear the Way!" Long Distance seems to say — "here's an important message!"

For there is something impressive about a Long Distance call. The customer is favorably impressed before he knows what the message is about. And Long Distance gives you the right of way into every man's office. He can ignore your advertising, your letter, or even your traveller, but ignore a Long Distance call? Instinctively he reaches for the telephone!

Keep down selling expense. "Use the 'Bell' to Sell." You will be amazed to find how many people can be sold your product by Long Distance—quickly—economically.

If you have several calls to make, our Local Manager can arrange to have one follow the other. Think of him as the Manager of your telephone service. He can suggest ways of applying Station-to-Station service to your business.

High Average Mileage

Sometimes you find a tire that gives extraordinary mileage—one in a dozen perhaps. Whereas the average of mileage given by a dozen—or a hundred—Ames Holden "Auto-Shoes" will be as high as that given by the exceptional ordinary tire.

It's the high average that counts—that cuts the cost of miles—that makes it worth while to get Ames Holden "Auto-Shoes" instead of ordinary tires.

AMES HOLDEN "AUTO-SHOES"

Cord and Fabric Tires in all Standard Sizes

sence of a market for this wool is the emergency tariff put on wool by the United States Government, which is 15 cents a pound, and practically amounts to an embargo.

Mr. O'Brien, of the Co-operative Wool Growers' Association, has gone to England to look into the wool situation there and see if he cannot find a market for the wool, as there is not much hope of the American market opening up.

Thirty-nine million dollars have been collected so far this year by way of 1920 income taxes. Many people have availed themselves of the instalment plan of paying this year, so the figures are considered very favorable as only one instalment has been met in many cases.

In the first year in Canada, nine millions had been collected. In the second year, twenty million. In the third year Canada collected over six millions. The average per person collected in the first year was \$200 and last year \$244.

This is the time of readjustments, and the painful process will be over the more quickly if people get that get-rich-quick idea, begotten of the high price era, out of their heads and settle down to a slower, less feverish process of acquiring a competence. To many—particularly those who have had to live on a settled income—the present lowering of prices is salvation from poverty; and those who have "made big money" the last few years should now be content to give less fortunate ones a chance to live comfortably. However, it is going to be no easy matter to get down to anything like the old levels, and to accept the dollar at its increased value as prices decline.

Says the Ridgetown Dominion: A sign of real smartness is to drive a motor car at an excessive speed on a crowded highway. It is all very well for a bunch of dubs to be considerate of the laws or of the rights of others, but the real bright guy shows his superiority by endangering the lives and property of his fellow citizens.

Toronto Saturday Night says that a potent cause of juvenile crime is the undue prominence given to reports in the daily papers of criminal actions of all kinds. The tendency of the press to furnish the public with sensational stories is, no doubt, doing much to create in the youthful mind a feeling that acts of daring are really heroic deeds, and incite many youths to commit crimes they would not otherwise think of. To ignore them would be better.

McCREADY

The crops in this locality are sadly in need of rain. The bounteous showers which have visited other localities have somehow missed this section.

The boys have organized a baseball club and play on Monday evenings. We wish them success and hope they will be able to distinguish themselves on the diamond and that our burg will be able to produce a Ty Cobb or a Babe Ruth.

Mr. McLean, editor of the Alvinston Free Press, accompanied by his wife and Mrs. Sara McLean, spent Sunday, the 12th, at Lachie McTaggart's. Mrs. Joseph Waterworth, accompanied by her sisters, Mrs. McRobbie of Detroit and Mrs. Stewart of Alvinston, spent Thursday in London visiting their sister, Mrs. McCahill. On Friday they spent the day with their sister, Mrs. Dewar, West Aliborough. Alex. McClure has rented a farm near Sarnia and intends moving there in the near future.

A little ad. will sell it.

WEST MIDDLESEX

U. F. O. Picnic STRATHROY, JULY 1st

All Roads Will Lead to Strathroy on Dominion Day
Great Program Prepared — Races Already Well Filled

U. F. O. Picnic, July 1—a celebration of, for and by the people of West Middlesex. This means that each individual friend of the organization is responsible for its success or failure. The committees are only striving to carry out your wishes.

The organization cannot remain stationary. It must go forward or back. This is the natural law which shall it be? It is yours to say, absolutely.

The pivotal idea of this celebration is to strengthen your organization and to prepare for the strenuous times ahead.

There is no other method which so effectively consolidates the ranks, dispels suspicion and ensures success. It is clearly your duty to be there, and it is also your duty to see that everyone else will be there.

If your organization fails, your last condition as a class will be worse than your first. They will do with you as they will. But if you remain steadfast, your ideals of democracy will ultimately prevail.

It is true we have had some disappointments, but these are incidental to the history of all great causes and should incite us to greater efforts.

Regarding disappointments: Do your own criticizing; do not listen to your enemies, for you know when Satan gets a prospect he immediately enlists the services of seven other demons.

Those not directly interested in the farmers' movement will get their

money's worth heaped up, pressed down and flowing over.

Our battle cry: "On to Ottawa!"

When Shakespeare wrote "To thine own self be true" he meant that you should go to this great celebration and give yourself and your recognized agent a square deal. Remember that ordinary excuses will not do on this occasion and that nothing but sickness or death will excuse your absence that day.

The secretary has received official notification that Mr. Crerar cannot be with us on July 1st, as he has been subpoenaed to give evidence before a government commission that week. This is a great disappointment to the committee, but they have strong hope of securing Dr. Michael Clark as a substitute. The result will be made known through the press.

The relay race is causing great interest and keen rivalry. Already 14 teams have entered. All entries should be in this week.

The ball teams will play as follows: Strathroy vs. Appin at 9.30 a. m., Poplar Hill vs. Ilderton at 11 a. m., winners to play at 6 p. m.

In future years your children will inquire, "Were you at the great U. F. O. celebration in 1921?"

The vanguard of 38 horses entered for the three staked races are already here. More are arriving daily.

Four thousand dollars in purses and prizes.

Get Your

Pictures Framed

Before they get Soiled and Broken

Up to July 15th we will allow 25 per cent. off all Picture Moulding. A few odd ends as low as half price.

We carry a full line of first-class Mouldings, also Framed Pictures and Mirrors.

J. B. GOUGH & SON

SPECIAL NOTICES

25c trade and 27c cash for eggs at Mayhew's.

Wooden cistern for sale.—Mrs. Nixon, Glencoe.

Wanted—stave jointers.—Reid Bros., Bothwell, Ont.

Rev. A. A. Graham of Moosejaw College, Saskatchewan, who is visiting at his former home here, will address the weekly prayer meeting of the Presbyterian church on Wednesday evening this week.

Changes have been made in the postage on articles accepted for transmission by parcel post to places in Canada, commencing last Saturday. Full information regarding these changes can be obtained by applying at the local post office.

The mercury climbed up into the nineties on Tuesday. The sun and refreshing showers of rain in many districts in Ontario. Immediately north and east of Glencoe there were heavy thunderstorms. The weather was still warmer yesterday.

Wm. A. Hagerly attended the annual meeting of the I.O.O.F. Grand Lodge of Ontario at Brantford last week, being a delegate from Glencoe Lodge No. 133. W. J. Hamilton of Fort William was elected grand master. Eight hundred delegates were in attendance.

A terrible tragedy occurred on Monday afternoon when Mrs. Charles McCallum, who resides on Black's Lane, in Aldborough township, near Rodney, killed her two-year-old son with a butcher knife and then attempted to take her own life by slashing her throat.

A meeting of the supporters of the Meighen Government will be held at the town hall, Strathroy, on Monday afternoon, June 27, to discuss political affairs and reorganize the party in the riding of West Middlesex.

Two Glencoe rinks are at London participating in the big bowling tournament.

The annual picnic of the members of London Presbytery was held at Port Stanley on Tuesday afternoon. At a business session of the Presbytery held in St. John's church there in the forenoon, Bro. J. R. Beaton, Presbyterian church London, Jo Rev. Col. Beattie of Ottawa was sustained. Rev. John Elder of Melbourne was elected moderator of the Presbytery for ensuing six months.

Townsmen Henry reports that a number of motor car drivers disregard the traffic rules, particularly as regards the warning of the stationary traffic officers to keep to the right at street intersections. Even some of the town fathers are said to be negligent in this respect. It is a good rule for drivers to accustom themselves to the traffic rules, even though it may not appear in all instances necessary for safety. By observing the rules carefully at all times it becomes automatically a habit and they are practically assured of doing the right thing in an emergency. It might be well to point out, too, that the lawbreaker is always liable to prosecution and is more likely to be assessed the damages in case of collision or other mishap.

Anniversary services were held in the Presbyterian church on Sunday, conducted by Rev. Mr. O'Brien of Chatham. The choir was assisted by B. Jarvis Sedman of London, who rendered much appreciated solos morning and evening. The usual social gathering of the congregation was held on Monday evening, when a splendid lunch was served by the ladies, following a program of music and addresses. Solos were given by Mr. Sedman of London and little Miss Margaret Dickson, vocal duets by Misses Elizabeth and Mayme Grant and Miss Olive Watts and Ross Lettbridge; reading by Miss Mayme Grant, and piano solo by Mr. Gray, organist of the lawbreaker is always liable to prosecution and is more likely to be assessed the damages in case of collision or other mishap.

The funeral service of the late Mrs. Dr. J. McLaughlin was held on Thursday afternoon, June 16, at the Presbyterian church, conducted by the pastor, Rev. D. G. Paton, and Rev. D. C. McGregor of St. Andrew's, London. The pallbearers were six members of session: J. G. Lettbridge, A. B. McDonald, John Strachan, R. B. McKellar, Alex. McAlpine and Robert Eddie. Interment was made at Oakland cemetery. Those present from a distance were: A. McKellar, Miss Alice McKellar, Miss F. J. E. Mayhew, Detroit; Mrs. Ball and Mrs. Bert Elgie, Dresden; Mrs. J. H. Brown and J. C. Brown, Tupperville.

Recognized as a leading specific for the destruction of worms, Mother Graves' Worm Exterminator has proved a boon to suffering children everywhere. It seldom fails.

We suggest that those men who are criticizing women's costumes imitate the women and keep cool.—Detroit Free Press.

Studebaker

"Built-in-Canada"

LIGHT-SIX \$1885!

FROM the very start of the design, the NEW STUDEBAKER LIGHT-SIX was built to live up to Studebaker's ideal of what a light six-cylinder car should be—and the new low price is merely a result of Studebaker's manufacturing facilities and greatly increased volume.
