ANNOUNCEMENTS OF OUR GREAT
RE-ORGANIZATION SALE.

A. D. FARRAH AND COMPANY

RED CROSS WILL HOLD PAGEANT

The Red Cross Societies of the towns of Newcastle and Chatham are putting on a Pageant and Tableau in the Opera House, on Friday Oct. 13th. In order to bring before the people, the wonderful work of the Red Cross in War and Peace, from the earliest times to the present, some of our best local talent are taking part and an interesting feature of the program will be the unveiling by history of the portrait of Henry Dunant, the originator of the International Red Cross. In this scene, 38 public school children as flag bearers, representing all the countries, who signed the Peace Conference at Geneva, will group themselves below the picture.

The price of admission to the Pageant has been placed within reach of all, in order that everyone will be able to avail themselves of the opportunity of becoming acquainted with the great work that the Red Cross is doing to help humanity in Peace times as well as War. The price of admission is 25 cents. Be present yourself and bring your children.

Not So Much—A Philadelphia professor declares he has patented a light without heat. That's nothing very big. Why some of the coal we had last winter did, practically the same thing.

A Telling Test—The Windsor pastor who preached on modern women's dress very appropriately took his text from Revelations.

Mrs. Fraser Harris returned home last week having spent two weeks with relatives in Blackville.

Mrs. Sarah Coughlan of Blackville visited relatives in town last week.

**Pageant And
Tableaux**

Given by the Newcastle & Chatham Red Cross Societies

In the Opera House, Newcastle Friday Evening, Oct. 13th
Lantern Slides, illustrating the work of the Red Cross in War and Peace presented by Mrs. Kuhring, Provincial Organizer.

The program will be an interesting one. Admission to all parts of the house 25cts 40-3

DAYS OF SAW MILL JUST ABOUT OVER

Bathurst, September 30—Bathurst new paper mill for the manufacture of newsprint, will be the first of the kind in the Maritime Provinces.

It will be the vanguard of a series of paper mills in various parts of New Brunswick, revolutionizing the lumber industry of the Province.

The lumber industry, as carried on for the past half century or more has reached its high water mark and the exportation of lumber in the rough, or raw state, is now on ebb tide and, before many years there will be little doing along that line.

Instead of that, a great paper mill industry will have grown up in New Brunswick, adding materially to the labor and capital wealth of the Province.

Asked what additional population would come to Bathurst as a result of building of the new paper mill, Mr. McLean said:

"We will follow our usual custom of drawing from the town and vicinity for the bulk of our help. We will, of course, have to bring in some forty or fifty expert paper makers and machine workers; but the new enterprise will mean more employment for three hundred and fifty or four hundred people and the bulk of these we expect to get from Bathurst and the outlying districts."

Regarding the future of New Brunswick, Mr. McLean said the fact that his company was engaging in a new enterprise of the magnitude of the paper mill pretty clearly indicated the Company's confidence in the future of New Brunswick. Speaking especially of the lumber business, Mr. McLean made a prophecy that will be read far and near with much interest. "The lumber industry of the Province so far as the saw mill end of it is concerned has reached its high water mark and the tide is now receding and will continue to ebb rapidly—until there is little or no incoming tide in that direction. That will, of course, have its disadvantages, but it would also have its advantages, and there is no occasion for despair. The Pulp and Paper Mills will be the back bone of the lumber business in the near future and will replace the lumber mills of the country to a very large extent. Under the new order a tremendous waste of lumber will be practically eliminated. Pulp and paper plants will be able to utilize every part of a tree down to a three inch top, and in addition to that the expenditure for labor will be fully three times as much in manufacturing one thousand feet of timber into paper than on one thousand feet manufactured into lumber."

MONOTONY

I have always noticed that people who move about the world much, people who travel, who feed their minds upon new, fresh impressions, new experiences, have more vitality than those who remain cloistered at home. They are fresher, their minds are more alert, they are more buoyant physically and mentally, more cheerful, hopeful, more alive because their minds are better nourished; they are growing while the others get into a rut and stagnate.

Monotony is fatal to growth. People who live secluded, monotonous lives, become such slaves of habit that after a while they don't want to make any change in their daily routine. They cannot bear to go away from their home comforts. They are rooted in one place; their lives are rutty, their minds become rutty, stale. They are dull and stagnant like a pool of water that has no outlet.

**RUMOR DENIED BY
BRITISH ADMIRALTY**

The British Admiralty has emphatically denied that any capital ships, due to be scrapped under the Washington treaty, were being sent to, or prepared for service in the Near East or any other part of the world.

The Admiralty further stated that on the contrary, these ships long since had their stores unloaded, their ammunition taken off and all parts dismantled ready for the shipbreaker, while several others have already been broken up.

A GREAT CROP OF CRANBERRIES

Cranberry picking is in full progress on the Shepody marsh, in Albert County, with one of the best crops in years. Some of the best are solid berries covering quite a large surface on certain sections of the marsh, and will yield a nice sum to the marsh owners. The berries are selling locally for \$2.50 a bushel, and hundreds of bushels will be gathered. The cranberry "colony" numbers many pickers, those not owning the marshes picking "on the shares", meaning half to the pickers and half to the owners. In the old days the pickers as a rule only received a third of what they picked. Good hands will pick from a bushel and a half to two bushels a day, but these must be experts and have particularly "good picking." A bushel a day is pretty fair work, as a novice will agree. The berries this year will not only furnish a large yield in the aggregate but are said to be very large and a good quality. If all the cranberries on the Shepody marsh are used they will make a big hole in the sugar crop.

Don't forget the Rummage Sale on Oct. 12th in the Town Hall in Aid of the Miramichi Hospital.

ST ANDREW'S CHURCH

Owing to St. Mark's Nelson having their annual sale of Work and Tea at Birch Hill, Nelson, on Thursday of this week, the W. A. of St. Andrew's Church, Newcastle, will meet on Wednesday of this week at 3 o'clock in stead of Thursday.

INCREASED REWARD

Premier Foster announced that the department of the attorney general of the province had decided to increase to \$1,000 the reward offered for information leading to the arrest and conviction of the murderer or murderers of Frederick H. Trifts, who was found dead in his automobile in Douglas Avenue early on the morning of July 6, 1922. The original reward was for \$500.

DEMPSEY IS WILLING

"I am willing to meet Battling Siki, the new light heavyweight champion of the world, or any other aspirant for my crown, if proper arrangements are made." Such was the declaration of Jack Dempsey, world's heavyweight fighter, when seen Wednesday night on his return from his camp at Correy's Lake, where the famous champion was successful in bringing down a moose. The moose threw Dempsey, but did not hurt him.

**RETURNS FROM AUTO
LICENSE FEES IN N B
MAY EXCEED \$300,000**

Information that a new high record had been made in returns from automobile license fees has been given. The actual receipts to date are about \$296,000, and it is expected that the \$300,000 mark will be reached and probably exceeded when all returns are in.

There are about 16,000 motor vehicles being operated in the province which would be in excess of 2,000 more than last year.

**1922 LOAN WILL BE
FULLY CONVERTED**

Ottawa, Sept. 26—(Canadian Press)—With the books in the government's conversion loan closing on Saturday, September 30 (there is at present every indication of the 1922 loan being fully converted. Less than one per cent of the holders of bonds maturing this fall have so far asked for cash redemption of their bonds, it is said, and in every case this course is followed because the holder needs cash.

RELIGIOUS COUNCIL WILL MEET HERE

A convention of the Northumberland County Religious Education Council will be held in St. James' Hall Newcastle, on Tuesday, Oct. 10th 1922. There will be an afternoon session from 2.30 to 5 o'clock and an evening session from 7.30 to 9.30 o'clock. All are cordially invited to attend and the following program will be carried out.

Afternoon Session 2.30-5
Devotional Service led by the President
Business
Address and Conference by Miss Alice Harrison, Children's Division Secretary, M. R. E. C.
Address and Discussion by Rev. F. H. Littlejohns
Studies in the Times of Jesus—"The Social Custom" "Moral Conditions" Religious Conceptions by Rev. L. H. MacLean
Evening Session 7.30-9.30
Devotional Service led by Rev. F. W. Thompson
Report of Nominating Committee and Election of Officers
"Studies in the Times of Jesus" (2) The Sects, Institutions, Feasts etc by Rev. W. McN. Matthews
Address—Miss Harrison
Address—"Today's Challenge to Young People" by Rev. F. E. Bishop

ANOTHER STEAMER

The Danish steamer, "Johnsbury" arrived in port on Saturday to take a cargo of deals.

FOREST FIRE

As we go to press, a large forest fire is raging near Mr. Hogbin's residence on the north side of the C. N. Railway track. An alarm was sent in and some men went out to endeavor to check the flames.

BRYENTON-MURPHY

The wedding of Miss Agnes Murphy of Sunny Corner to Mr. Everett Bryenton of Bryenton, took place quietly at the Methodist Parsonage, Newcastle, on Wednesday evening, Sept. 20th, the Rev. J. B. Champion officiating.

ST ANDREW'S CHURCH

Owing to St. Mark's Nelson having their annual sale of Work and Tea at Birch Hill, Nelson, on Thursday of this week, the W. A. of St. Andrew's Church, Newcastle, will meet on Wednesday of this week at 3 o'clock in stead of Thursday.

INCREASED REWARD

Premier Foster announced that the department of the attorney general of the province had decided to increase to \$1,000 the reward offered for information leading to the arrest and conviction of the murderer or murderers of Frederick H. Trifts, who was found dead in his automobile in Douglas Avenue early on the morning of July 6, 1922. The original reward was for \$500.

DEMPSEY IS WILLING

"I am willing to meet Battling Siki, the new light heavyweight champion of the world, or any other aspirant for my crown, if proper arrangements are made." Such was the declaration of Jack Dempsey, world's heavyweight fighter, when seen Wednesday night on his return from his camp at Correy's Lake, where the famous champion was successful in bringing down a moose. The moose threw Dempsey, but did not hurt him.

**RETURNS FROM AUTO
LICENSE FEES IN N B
MAY EXCEED \$300,000**

**1922 LOAN WILL BE
FULLY CONVERTED**

Ottawa, Sept. 26—(Canadian Press)—With the books in the government's conversion loan closing on Saturday, September 30 (there is at present every indication of the 1922 loan being fully converted. Less than one per cent of the holders of bonds maturing this fall have so far asked for cash redemption of their bonds, it is said, and in every case this course is followed because the holder needs cash.

NEWCASTLE CHILD BADLY INJURED BY AUTO TRUCK

The little four year-old son of Offe Collette was struck and very badly injured by an auto truck Tuesday afternoon near Hennessy's Corner. The child ran in front of the truck and was knocked down, fortunately the car did not pass over it, or the result would have been fatal. The child was taken to Dr. McGrath's office in an unconscious condition and bleeding profusely from the mouth, nose and ears. The head was injured at the base of the skull. The child was removed to its home, and after regaining consciousness suffered considerably. The driver of the truck, which was from Chatham was taken into custody and locked up but later released, the facts going to show that the occurrence was purely accidental. The truck driver expressed his willingness to appear any time he was asked for.

TURKS AGREE TO AN ARMISTICE

London, Oct. 1—The British cabinet held a two hour council, beginning at eleven o'clock last night and then adjourned until ten o'clock this (Sunday) morning, after many hours of intensive study of the situation throughout Saturday.

It was announced that there was no material change in the Near East situation but this was merely the official way of putting it.

Direct word has come from Constantinople in the Associated Press despatches that M. Franklin-Bouillon's mission to Smyrna has been successful which means that Kemal Pasha is ready to consider a peaceful way out of the recent difficulties. Another announcement was made at Constantinople that Kemal would confer with the allied generals early in the week and that Kemal has been requested by General Harrington, the British Commander, to arrange for a new line between the British and Turkish forces around Chanak in the neutral zone.

A Paris despatch to the Exchange Telegraph Company says that M. Poincare has handed to Lord Hardinge, the British ambassador and Count Sforza, representing Italy, a telegram from M. Franklin-Bouillon relative to his conversations with Kemal.

Lord Hardinge is quoted as declaring that Kemal's attitude is very reasonable.

Paris, Oct. 1—The text of Mustapha Kemal Pasha's reply to the allied joint note of September 23 was made public tonight by the foreign office. The reply is dated September 29 and promises immediately to stop the military operations which have been developing toward Constantinople and Chanak "in pursuit of the Greek armies"

It accepts the proposal for an armistice conference at Mudania next Tuesday with representatives of the entente and nominates General Ismet Pasha to act for the Turks.

Dealing with Thrace the reply is worded by marked firmness. It credits the entente with sentiments of justice towards Turkey but demands that Thrace shall not be left one day longer under the Greek Army, saying it is indispensable that Thrace shall be evacuated immediately and restored to the Angora government up to the west of the Maritza River, including Adrianople.

The Newcastle sub-division of the Catholic Women's League of Canada, will hold a sale of Home Cooking in Mrs. Bannon's store on Saturday, October 7th, commencing at 3 p m

Won't Relinquish the Perquisites—Another thing that adds no little to the gaiety of nations is the sight of an emancipated-and-independent suffragette suing for divorce on the grounds of non-support.

The Unspeakable Turk—Only a people hardened by killing Armenians could produce a cigarette with that kind of smell.

Our deadly Dissipations—Sleeping on one's left side is healthy, but probably more and more men are doing it—since it's about the only form of dissipation left.

Adding Insult to Injury—It's a blooming shame to have to pay taxes on what some people smoke. At least so writes a subscriber who declares he was gassed in the war.

BIG GAME SEASON OPENED YESTERDAY

The big game season opened on Monday, October 1st was the first official day but as big game hunting is illegal on Sunday October 2nd was the day. Game shot already has been killed on special license which can be obtained by the payment of an extra fee.

The big game licenses have been sent out from the Crown Land Office for distribution among the vendors for sale in order that the hunters may lose no time. The number of licenses are expected to be about the average.

The Department of Lands and Mines is attaching to each big game license sent out a warning to hunters to be careful of human life. Note is made of the fact that eighteen men were shot in mistake for game in 1921 in this province.

WEDDINGS

MOUNTAIN-CROCKER

A very quiet but pretty wedding was solemnized at the home of Mr. and Mrs. Andrew Crocker, Newcastle on Sept. 5th when their third daughter Ethel Sarah became the bride of Freeman John youngest son of Mr. and Mrs. Nathaniel Mountain of Blackville.

The ceremony was performed by the Rev. G. A. Grant of Blackville in the presence of relatives and immediate friends of the bride.

The bride was given away by her father and looked charming in a gown of blue canteon crepe with steel trimmings and carried a bouquet of sweet peas. She was unattended.

The house was beautifully decorated for the occasion with cut flowers and potted plants.

After the ceremony a dainty buffet luncheon was served. The out-of-town guests being Mrs. A. M. Underhill, Misses Muriel E. Underhill and Ethel S. Corney of Blackville.

The happy couple left by auto amid showers of rice and confetti for the groom's home, where supper was served to the immediate relatives and friends of the contracting parties.

The bride who for the past year has been teaching in Blackville was the recipient of many useful and beautiful presents testifying to the esteem in which she is held. The groom's gift to the bride being a handsome string of pearls.

Miss Edna Vye, who has been visiting her uncle Mr. G. A. Vye Digby N. S. and her cousin Dr. J. V. Graham Halifax, for the past three weeks has returned to her home in Blackville.

DURING THE WEEK

The eyes of Canada are again across the sea. The call for contingents if needed, to support Britain is stirring the military ardor of the war veterans, and offers of service are pouring in from individuals, battalions and battalions. We had put our war maps away not expecting to need them again in our life time, but again we look at Thrace the neutral Dardanelles zone, and the new geography which may again need to be revised overnight.

Meanwhile Canada is gathering her greatest harvest and is starting on the upward way again, with exchange at par. We may well hope that another billion of dollars may not be added to our burdens.

The Unspeakable Turk—Only a people hardened by killing Armenians could produce a cigarette with that kind of smell.

Our deadly Dissipations—Sleeping on one's left side is healthy, but probably more and more men are doing it—since it's about the only form of dissipation left.

Adding Insult to Injury—It's a blooming shame to have to pay taxes on what some people smoke. At least so writes a subscriber who declares he was gassed in the war.

TUESDAY, OCTOBER 3RD, 1922

THE EASTERN WAR CLOUD

The "unspeakable Turk" is again showing his brutal, blood thirsty and insatiable lust, in the affairs of Europe. He is seeking once more to obtain a prominent position in European nationalities, and to recover some of the territory diverted from him by the late great war.

No doubt with a desire for peace, and a strong wish to avoid it at all possible another great war England, France, Italy and other powers, are adopting every diplomatic means in their power to settle matters by treaty, and not the sword.

It is at the same time, almost unthinkable, that the Christian powers of the World, and of Europe particularly, should permit Turkey once more to have any ruling power in Europe. The late war seemed to have fixed their fate in national standing. Their rule for hundreds of years had been a curse, wherever they could enforce it. As for treaties, when was Turkey ever known to respect, or abide by them, if she saw any chance of breaking them?

They have been known as a power—sometimes a mighty power—for over six hundred years, and every page of their history, furnishes examples of bad faith, merciless massacres, and hellish abominations. Their rule was built upon a satanic hatred of Christianity; and heaven awaited every true believer in their Moslem Creed, who died fighting against a believer in Jesus Christ. Over and over again, despite pledged word, or solemn agreement they have proved themselves incapable, of any good faith towards those who were not followers of their Prophet Mohammed. From their earliest history, down to the present day, our own times, they have indulged in atrocity and massacre of darkest cruelty. Men, women, children, and helpless infants have been the victims of their devilish orgies, simply because they were adherents of the Christian faith, their last debauch in blood, only a few days ago, in the very cradle of Christianity, in the Smyrna whose church, existed in the very days of the Apostles, and is mentioned in Revelations, among other Churches of Asia Minor.

It is hardly to the credit of the Christian powers of the world, that they should come to terms, with

such inhuman beasts—terms which would allow them any place or power among the more human and Christian peoples. There can be no peace, lasting peace, with a Turkish power. Premier, diplomats, and political intriguers, may fondly shout peace, peace, but there can be no peace, where Moslem rule holds sway, and the Moslem the Christian powers recognize the fact, and act accordingly, the sooner will a real peace be triumphant. If to save France and Belgium, it was righteous to fight and crush the power of Germany, surely it would not be unrighteous to crush out of existence such a blot on the map of Europe as Turkey is, to stop her massacres and save Christians from her butcheries. There can be righteous wars. There is "a God of battles", and there is "a Prince of Peace" Who Himself declared "I came not to send peace, but a sword," a statement with a deep spiritual meaning, but in a broad true sense, well applicable to the battle field in defence of Christianity against merciless scoundrels who delight in slaying Christians.

To yield to Turkey now, a restoration of territory taken from her as a result of the terrible four years of war, we have lately enacted in would be a shameless, sacrifice of the result we fought for, and obtained in the East. Turkey was one of our opponents in that war, and shared defeat with the rest. She is now again troubling the waters not with any healing intent; but to obtain more power to gratify and satisfy her lust for slaughter. So far, England has taken the most straight forward course in the situation, and has appealed to other parts of our Empire for support. If needs be, that is should war come again. Australia and New Zealand made no delay to promise troops for the fray if necessary. The Government of our own Dominion has not been so ready to respond, and has to indulge in certain formulas and pow-wows, political pulls and red tape before coming to a decision. Not so, our people. Sons of Canada all over our loyal and loved land, have offered military service and help, should the motherland, the heart of the Empire require it. Thousands have already sent the message "Ready, aye Ready" to join with our brothers from every part of the "far flung empire" over which the sun never sets. We trust our people will never lower the standard of righteous honor, at the bidding of "the false prophet and the Beast." There can be no truce with Mohammedanism, no real lasting peace with Turkey. All past experience confirms the historical truth of that position.

"VITUPERATION"

Premier King in one of his recent speeches, and attacks upon the Leader of the Opposition, Mr. Meighen has hit upon a word, which suits his case admirably. In trenchant terms, he accuses Mr. Meighen of "Vituperation."

Of course Mr. King is mad at being always told about unfulfilled pledges and broken promises. He doesn't like to be reminded every now-and-then about the platform dung to the bow-wow, or rechristened "a chart" it is a source of unending solicitude, and amazing to know that his party, is only half the house, and absolutely dependent as a Government upon other votes, for its place in power. He is angry at having it pointed out, how barren of good results, his first session of Parliament, really is. The wheat board twist, and the railway muddle, has not sweetened his temper. He hates to hear of these things, he seems unable to cope with them, is ripping mad at the Opposition Leader for referring to them. Mr. Meighen's call to memory of pre-election performance harrows his very soul, so he raises his eyes to the roof, sets his arms akimbo, opens his mouth and vociferates with all the tragic force of an anguished spirit—Meighen vociferates!

The mischief of it is, Meighen tells the truth, and the truth stings. In place of better argument, the Premier is thoroughly welcome to the use of the word he has chosen. It may just suit his purpose, and sound stupendously diplomatic, in place of any real argument he seems unable to produce. His whole political career, his every position taken both before and after his obtaining Premiership, shows him to be an apt pupil of political trickery, and any critical listener to his forensic efforts, cannot fail to notice how sanctimoniously he administers the doctrine "to gull". If he were only up against the real thing, and spirit-

ually endowed with heart earnestness, he would make a first class revivalist, and vituperate as much as suited his taste, when naming the sins of the unholly mortals who came under his lash. He might even call us "a generation of vipers." Yes Vituperation is a useful word. Keep at it.

A Mother's Duty
To Her Daughter

Health Must Be Guarded As She Comes to Womanhood

Every mother who calls to mind her own girlhood knows how urgently her daughter is likely to need health and strength during the years between early school days and womanhood. It is then that growing girls droop and become bloodless and nervous. Nature is calling for more nourishment than the blood can supply, and signs of distress are plainly evident in dull eyes, pallid cheeks, weak and aching backs and a dislike for proper food. These signs mean that the blood is weak and watery. The watchful mother takes prompt steps to give her girl the new, rich blood her system calls for by giving her Dr. Williams' Pink Pills. No other medicine has ever succeeded like them and thousands of mothers have proved their worth. Mrs. W. H. McIntyre, Gananogue Ont. tells what these pills have done for both herself and her daughter. She says—"I have used Dr. Williams' Pink Pills for many years, especially in times of weakness and general debility, and have found them a most satisfactory medicine. After a severe attack of influenza I found myself in a nervous condition and resorted to my old tonic—Pink Pills—and they did not fail me. I also gave them to my eldest daughter, who was in a serious condition due to ailments of girls of her age. She complained of headaches and backaches, and would often grow hysterical. She began taking the pills and was soon on the road to health again. She never complains now of headaches or backaches, and I give the credit to Dr. Williams' Pink Pills. When ever I see any of my children ailing or in need of a blood tonic, I give them these pills and always with the best results."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Vancouver, B.C.—Without actual figures, even a close estimate of the number of tourists who have passed through this city during the summer months can hardly be formed. Yet, from information received from both Canadian Pacific Railway and White Pass & Yukon officials, it is certain that travel to Alaska, both via this port and Seattle, has been heavier than for several seasons—perhaps since several years before the war.

Every trip of the steamers "Princess Louise" and "Princess Alice", which ply between this port and Skagway, has found the accommodation of the vessels wholly taken up and the indications are that for several trips the heavy travel will continue. Tourists and sportsmen have been flocking to the north by the hundreds, while the mining developments which have been extensive this summer, have induced many mining men to move northwards.

The addition of the "Louise" to the Alaska service this season has furnished the finest service to the north since the B. C. Coast Service was established. Both the "Louise" and "Alice" are palatial, speedy and commodious craft and there is not a tourist returning from the north but who speaks in glowing terms of the splendid equipment of the company.

Live and Learn—These conferences have at least taught us that Ford isn't the only one who can make flivvers.

GOOD MORNING
HAVE YOU ORDERED?
DWEYERS?

Northway Tailored Coats

Every Lady should see these garments—tailored by Canada's finest tailors in stunning styles and excellent cloths.

Velours, Check-backs, Bolivias, Heavy Tweeds, etc., in all the wanted colors. Fur Collars and Cuffs are found on nearly all the garments.

Styles are numerous and among the 100 coats we show no two are alike. Each coat is an individual model of its own.

Well dressed women will appreciate the wonderful showing in our mantle department.

Prices Range From
\$20.00 to \$69.50

J.D. Breaghnan Co. LIMITED

WHERE THE GOOD GOODS COME FROM

FIRE WIPES OUT
BUCKLEY'S MILL

The Buckley mill at French Fort Cove was destroyed by fire at an early hour Friday morning together with a large amount of lumber piled on the mill side of the road.

The mill property was valued at \$150,000 and employed about 70 or 75 men. The lumber burned amounted to 6,000,000 feet and was the property of the British Admiralty.

The fire broke out shortly after one o'clock and was near the pump house when discovered with some tongues of flames running up the mill walls. Newcastle was notified and assistance asked. The mill fire pump was got ready by the men and had this been available the big blaze would likely have been stopped early in its career. But when the steam was turned on it was found that something had fallen on the pipe line and broken it and the men had nothing to fight the fire with.

In the meantime the Newcastle fire engine had been sent down by scow and when it reached the wharf it could not be landed owing to the flames there. The tide was low and the result was the engine stayed out of action for over an hour and then the last chance to save the property was gone.

The Miramichi Lumber Co. tug came to the assistance of the fighters, but it had no pumping appliance. The arrival of the Snowball Co's St Andrew made a material change and her two big streams helped to confine the fire within bounds. As it is, everything from the bridge to the far end of the yard has gone up in smoke excepting the brick burner, the power house and office.

Fortunately the wind did not bear on the large lumber piles across the road, belonging to the Buckley estate, and these were saved.

The amount of insurance carried is unknown, but a large loss will be sustained.

WOULD LIKE TO
BE A WHITE MAN

"I would give 50,000 francs to be changed into a white man," said Battling Siki, the conqueror of Georges Carpentier, after receiving an immense ovation from a multitude of admirers in a Paris restaurant. The towering Senegalese said that he was afraid Dempsey would draw the color line.

The new champion is married to a white woman, who comes from an excellent Dutch family in Amsterdam. She is a tall, slender and blue eyed Hollander. She appeared rather over-come with the sudden fame and attention paid her.

Furnaces, Stoves, Ranges

This is the season of the year that the above LINES are in demand. I can furnish you with any or all of your REQUIREMENTS.

HEATING STOVES—of most all kinds made.

RANGES—the finest Ranges made in both Camp and Kitchen Styles.

HUNTERS SHOULD BE CAREFUL

Now that the Hunting Season is again here, it is in order to sound a note of warning to sportsmen, particularly those of little experience. Every year the public is horrified by shooting accidents and the regrettable part of it is that in most cases these could be avoided had sportsmen been more careful. A note on the Game License issued by the Provincial Government says "Do not shoot until you are sure what you are aiming at." A rustle in the bushes is not sufficient to warrant a shot nor is a glimpse at an object which is apparently a part of a moose or a deer sufficient. The sportsman should be sure that the object before him is not a human being or that the rustle in the bushes is not caused by another sportsman. Then again, there is the annual

Stiffness

It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.

Gives Great Relief

Mrs. A. B. Calcutt, 26 Park Ave., South, Ont., writes: "My husband has used Minard's Liniment frequently, always with good results. Friends of mine use it for Rheumatism and tell me that it gives great relief."

Mrs. Fred Johnson, Box 715, Toronto, Ont.—"I suffered very much with rheumatism in my face last winter, was advised to try Minard's Liniment, and was relieved immediately after first application. I persevered in using it and it has entirely gone. This winter I can go out without trying up my face and give the credit to Minard's Liniment. Have told several people about Minard's, and others are using it."

"THE THIEF"

Why Select Your Physician with any
Greater Care Than You Select
Your Druggist?

Use the same care in selecting your druggist to fill your prescription as you do in selecting your physician. It is just as important. Your druggist has to be just as careful in compounding a prescription as your physician is when he diagnoses your case. The druggist has to be sure that every medicine used is pure and of full strength; that every container used for mixing shall be perfectly clean; that every item weighed shall be absolutely correct; that the ingredients are combined not only in the prepared proportion but that each one is added at the proper time.

OUR PRESCRIPTION DEPARTMENT

We want to tell you something about the qualifications we have in filling your prescriptions. All of the above conditions are fully met in our store. Your prescription receives the most careful consideration in every way by a Graduate Druggist. There will be no substitution; you will get exactly what your Doctor prescribes and at moderate prices.

OUR SERVICE DELIVERY

Our Delivery Service is prompt and will respond to your telephone call quickly. Medicines will be sent to any part of the town.

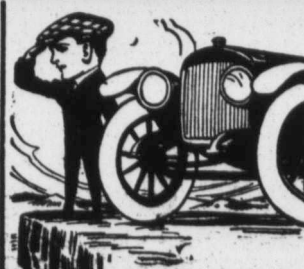

FREE TELEPHONE SERVICE

If you are in our vicinity, and wish to speak with your doctor or anyone else, have no hesitation in coming into our store and using our phone at any time.

SPECIAL MEDICINE PROCURED

We keep the best and widest variety of foreign and domestic drugs and their combinations, but if there is any particular prescription that you wish to secure, or that your physician prescribes, we will get it for you.

to know that a damaged tire doesn't mean the expense of a new one. Just keep our address in mind. And when you have a tire accident bring the injured one to this tire hospital and we'll cure all its troubles. Our vulcanizing will give you back the tire as good as ever. The cost? A mere fraction of the expense of a new one.

WORKMANSHIP GUARANTEED

M. F. RUSSELL, Newcastle, N. B.

PERSONALS.

Mrs. Richard Hutchison is the guest of Mrs. Aitken.

Mrs. W. J. Bate is a patient in the Miramichi Hospital.

Mrs. McCurdy of Moncton is visiting Miss Elva McCurdy.

Mrs. Allan Menzies of Fredericton is visiting relatives in town.

Mrs. W. A. Allain of Neguac was in town last week visiting friends.

Fred McCormack of Moncton spent the week-end at his home here.

Mr. John Russell attended the Charlottetown Exhibition last week.

Mr. David Ritchie left on Thursday night's maritime express for Toronto.

Stuart Weldon is on a hunting expedition on the Northwest Miramichi River.

Messrs. Leroy White and Edward Menzies motored to Tracadie on Wednesday.

Mr. James Stables and young son George were visitors to Moncton on Wednesday.

Mr. J. W. Spurdin of Fredericton was in town last week auditing the Town Books.

Miss Elizabeth Munroe of Petitcodiac was the guest last week of Miss Mona Lindon.

Miss Florence Doyle, of New York is spending her vacation at her home in Douglastown.

Miss Gwen Belyea left last week to continue studies at Acadia University, Wolfville.

V. J. McEvoy has returned to Dalhousie University Halifax to resume his studies in law.

Miss Florine Wright returned last week to Halifax to resume her studies at Mount St. Vincent.

Mrs. Graham Jardine of Charlotte town, P. E. I. is the guest of her sister Mrs. Waldo Crocker.

Mrs. John Russell has returned from a visit to Fredericton, where she was the guest of her brother.

R. H. Morrissey returned last Friday to McGill University, Montreal, to resume his studies in medicine.

Mr. and Mrs. Robert Melrose left on Saturday, for St. John, where they will spend the winter months.

Mr. and Mrs. Waldo Crocker entertained a number of friends on Wednesday evening, September 29th.

Rev. J. B. Champion left on Monday for Toronto to attend the General Conference of the Methodist church.

Miss Nan McCoombs left Wednesday for Montreal, to enter the Royal Victoria Hospital as nurse-in-training.

Mrs. H. B. Cassidy returned yesterday from Fredericton, where she spent the past week visiting friends and relatives.

Hudson Sproul recently left for Boston where he will take a four year's course at the Boston School of Osteopathy.

Mrs. Robert Armstrong entertained at a bridge party on Monday in honor of her guests, Miss Collins and Miss Moyer, of New York.

Mr. and Mrs. Graham Jardine of Charlottetown, P. E. I. were guests of honor at a pleasant bridge given by Mrs. Fleming on Tuesday.

Mr. and Mrs. Wm. Corbett Jr. entertained a number of their son Richard's friends in honor of his birthday last Wednesday evening.

Mr. Louie LeBall, of Fredericton, arrived in Newcastle on Monday and will take the position of foreman with the Miramichi Hosiery Co.

Percy Clark left on Friday for Montreal to resume study at McGill.

He was joined by his brother Arthur in Campbellton, who is also attending McGill.

Messrs. Keith Anderson, Wm. A. Touchie and James Shanahan have been awarded the Imperial Service Medal by the Department of Railways and Canals.

Mr. J. M. Andrew, of Marinette, Wisconsin, was a visitor to town yesterday. Mr. Andrew was formerly of Bathurst, N. B. and was well-known in Newcastle. It is forty years since he left New Brunswick and sees many changes and few faces that he can remember.

Mr. Andrew's wife was Miss Jodry of Newcastle.

WEDDINGS

ARCHIBALD—EVERTON

A quiet wedding of general interest took place at the home of Mrs. R. L. Maltby on Wednesday evening at 9:30 o'clock, when Miss Dorothy Margaret Everton became the bride of John Gordon Archibald, son of Mrs. Mary Archibald of Chatham, and one of the Commercial Ltd. of that town. The wedding ceremony was performed by Rev. W. J. Bate, rector of St. Andrew's Church.

The bride was given away by Mrs. Maltby, and wore a navy blue tricot-line suit, jade green feathered hat and carried a bouquet of pale pink and white carnations. The house was beautifully decorated for the occasion and the bride and groom stood under a bell of cut flowers, suspended from an arch of autumn leaves and cut flowers. The wedding march was played by Mrs. C. H. G. Gough. Only immediate relatives were present at the ceremony which was followed by a delicious luncheon.

The happy couple left on the Maritime on their honeymoon which will include Windsor, Detroit, Toronto and Montreal. A number of friends from Newcastle and Chatham were at the station to express their wishes for future happiness.

Mr. and Mrs. Archibald have rented a furnished house in Chatham in which they will reside for the winter.

Nothing can equal Baby's Own Tablets as a medicine for little ones. They are a laxative, mild but thorough in action, and never fail to relieve constipation, colic, colds and simple fevers. Once a mother has used them she will use nothing else.

Concerning them Mrs. Saluste Pelletier, St. Damas des Aulaines, Que. writes:—"I always keep a box of Baby's Own Tablets in the house. They are the best medicine I know of for little ones and I need not be without them." The Tablets are sold by medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville Ont.

Deep psychology the finding of a man's soul, a drama of the most compelling type, gripping and sustained as to plot and bristling with incident—such is "Travelin' On," the new William S. Hart production, a Paramount picture, which will be seen at the Empress Theatre Wednesday.

In the leading role of "J. B." Mr. Hart excels all previous work. His character depiction is a work of art and his supporting cast is powerful.

Ethel Grey Terri is the leading woman, and her beauty and forceful acting make her ideal. It is a tale of the unbridled West, thirty or forty years ago—a story that brings the blood tingling to one's cheeks and causes the spectator to sit spell-bound till the final scene.

Mr. Hart had the story "up his sleeve" for a long time, and finally developed it into its present striking form. It was produced with skill and cleverness, and it touches the deepest recesses of the heart in its steady development to a smashing climax.

The Presbytery of Miramichi held quarterly meeting in St. James' Hall Newcastle, on Tuesday, Sept. 26, with forenoon and afternoon sessions.

There were present Revs. F. W. Thompson, moderator, W. McN. Matthews clerk, L. H. MacLean, G. A. Grant, W. Girdwood, B. C. Salter, T. Harrison, A. D. Archibald, J. H. A. Anderson and B. H. Penwarden, ministers, and Messrs. J. O. Sherer, Wm. Carruthers, elders.

It was noted that since last quarter meeting no less than five vacancies have been created in the Presbytery. There are now only five settled ministers within the bounds north of Newcastle.

Mr. Matthews, interim moderator of the session of Upper Miramichi, reported having moderated in a call from that congregation in favor of Rev. Alex. Firth of Douglastown and Nelson.

The call was hearty and unanimous, though for lack of time incompletely signed by the members and adherents of the congregation.

BEAUTY OF THE SKIN

is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and sores disappear, and the skin is left soft, smooth and velvety. All dealers, or Edmanson, Bates & Co., Limited, Toronto. FINAL NOTICE

All persons owing the undersigned accounts over six months are requested to make payment, otherwise they will be given our Attorney for collection with costs. A collector will call on you within a few days, please have the money ready and pay the bill.

Moody & Co., Ltd.

Messrs. W. C. Cummings, Otto Hilbrand, Bradford Ogilvie and Willard McDonald appeared as representatives of the congregation, attending the unanimity of the call and the fervent hope that Mr. Firth would accept the same. On motion the conduct of the moderator was approved, the call sustained subject to a completion of signatures, and the clerk instructed to cite the congregation of Douglastown and Nelson to appear for their interests at an adjourned meeting of Presbytery to be held in Newcastle on Thursday Oct. 12, at 2 p. m.

Rev. A. Firth tabled his resignation of the office of Presbytery treasurer which he has held for several years. On motion the resignation was accepted, the Presbytery expressing very cordial appreciation of his faithful and efficient services during his term of office. Rev. J. H. A. Anderson was elected treasurer in his stead.

The clerk reported that Rev. B. H. Penwarden, minister of the Congregational Church who was being admitted to the ministry of the Presbytery Church in Canada upon certain specified conditions, had now fulfilled all the requirements as laid down by the General Assembly. The Moderator thereupon received from Mr. Penwarden his assent to the prescribed questions, and after prayer declared him a minister in full standing in the Presbytery Church in Canada, the members of the court joining in extending the right hand of fellowship. Mr. Penwarden has very efficiently filled an appointment for three years in the congregation of Harcourt.

In order the better to conform with the requirements of Assembly, it was decided to change the time for appointing Standing Committees from June to March in each year. Leave was asked from Assembly to retain the name of Rev. Lewis J. King on the constituent roll of Presbytery.

Jarvis McCurdy, son of Rev. J. F. McCurdy, who this year enters Dalhousie University, Halifax, to begin his studies for the Christian ministry, was recommended to the Presbytery College Board for favorable consideration in the assigning of Bursaries. The special Thanksgiving offering called for by the Assembly to meet the accumulated deficit on Church Budget was cordially commended to the sympathy and generosity of the several congregations of the bounds.

The Assembly programme for the fifth year of the Forward movement was discussed and resolution passed with a view to carrying it out as fully and effectively as possible. The Committee on Public Education was asked to take steps to secure information as to the number of vacant schools throughout the area and any other such conditions as tended to the weakening of the educational life of the community and report to a later meeting of Presbytery. Mr. Sherer reported as to the progress being made in connection with the School Home project in New Carlisle, much to the satisfaction of the Presbytery. The Presbytery adjourned to meet in the same place on Thursday Oct. 12 at 2 p. m.

Hallow'E'en ENTERTAINMENT

FARRAH'S REORGANIZATION SALE

Oh! for a Word that is Better than "Sale"

EXTRA
Sales people have been engaged for this great event.

The word "SALE" falls far short of expressing a situation which enables every man, woman and child on the Miramichi to make their winter outfitting money go about three times as far as ordinary circumstances. The ruthless hand of the organizer is going over the stock Prices—Cutting and Slashing—It is like the hand writing on the wall—All goods must be converted into Cash—No matter at a loss or a profit. Thousands of dollars worth of New Crisp Merchandise have been purchased specially for this Sale, to compliment our already extensive stock and thus insure our customers a complete assortment of sizes and ample supply for all. Many manufacturers who are entering with

us into the new organization have made special concessions in prices to help and make this sale the largest and greatest ever staged on the banks of the Miramichi. All offerings in this sale regardless of how low the prices are, bear the Farrah guarantee of satisfaction. Please remember that this announcement is read by eight thousand people who know Farrah's values and the truthfulness of their advertising—and that a stock, no matter how large it is, will soon give way to their demands at such low prices. Do not put off the hour. List your wants and come. Numberless bargains are offered that are not on this page. Everything will be on display with a Sale Price marked in plain figures.

STORE
will be closed all day Friday to finish necessary preparations.

PARIS ON STAND IN TRIAL AT ST. JOHN

St. John, N. B. Sept. 29.—For the entire duration of court session this morning John Paris was on the witness stand at his trial for the murder of Sadie McAuley. He was subjected to a gruelling cross-examination by Mr. J. P. Bryne, as to his alleged movements in Truro on August 2, 1921, and almost constant reference was made to his testimony at previous trials. He persistently maintained that his memory had failed him considerably since the last trial because of what he had gone through and chafed somewhat under the constant fire of questions and demands upon his memory.

He identified Conductor Capson as the man in charge of the train on which he had come to St. John from Truro and also identified Mrs. Kings of Sagwa as the woman at whose house he had been while fighting the Westfield fires.

There was a large crowd of spectators in the court room and interest in the testimony was keen. The evidence of Luther Smith as to having seen Paris in Douglas Avenue this city on the day in question came in for discussion.

Good boots will be sold at the Miramichi Hospital Aid Rummage Sale on Oct 12th

MANUFACTURERS WANT CHANGE IN TAXATION PLANS
Winnipeg, Sept. 30.—Canadian manufacturers will make a big effort to get duplication of taxation eliminated as much as possible, according to J. E. Welsh, general manager of the Canadian Manufacturers Association, last night, before he left for the west. The research bureau of the Association had ascertained, he said, that there were 5,500 taxing bodies in the Dominion and they overlapped and duplicated in an objectionable manner. In an effort to bring about a much more satisfactory state of matters the officers of the Association will endeavor to arrange for conferences with the Dominion and Provincial governments.

Anaemia

Thin, watery blood is no more nourishing than thin, watery milk—skim milk.

But you can soon enrich thin blood, overcome the anaemic condition and build up the whole system by using Dr. Chase's Nerve Food.

Mrs. F. G. Simmons, 42 Curtis St., Brantford, Ont., writes:

"For about eight years I suffered from anaemia. My circulation was poor, my gums and lips were pale, and my hands and feet were always cold. I was nervous and unable to sleep well. I had frequent headaches, seemed restless and easily worried or irritated. There was a buzzing sound in my ears. Indigestion was also one of my complaints, and I often was attacked by weak spells. I went to a doctor, who told me I was anaemic, but as I did not get any better I decided to try Dr. Chase's Nerve Food, and after the first box I felt brighter and my headaches completely disappeared. I continued using the Nerve Food for quite a while. I am quite well now, and cheerfully and gratefully recommend Dr. Chase's Nerve Food to people suffering as I did before I used this splendid medicine."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

The Only Remedy Says This Doctor

"The treatment of skin diseases (eczema) and diseases of the scalp is known to be difficult," writes Dr. W. L. Knudsen. "However, there is one remedy that is known to be entirely dependable in this distressing and troublesome disease. I refer to D. D. D. Prescription."

If you have never tried D. D. D. for skin disease, whether a small spot, or whether one of the dreaded forms—the torment of eczema or the hard scales of psoriasis—get a bottle at once on our guarantee that if it doesn't relieve you your money will be refunded. Get a bottle. Try D. D. D. Soap, too.

COMPLETELY FREE OF CONSTIPATION

Tried for Years to Find Relief

"FRUIT-A-TIVES" GAVE IT

Chronic Constipation or insufficient action of the bowels, is one of the great causes of disease. Some authorities even claim that Constipation cannot be permanently corrected. This is a great mistake, because here is the proof that constipation can be cured and the bowels made to act regularly and naturally.

YARMOUTH, N.S.

"For years, I was troubled with Constipation, and had to take laxatives and purgatives all the time. If I neglected to take these, the bowels would refuse to do their work.

About two years ago, a friend advised me to try "Fruit-a-tives", which I did. The first box helped me so much that I obtained further supplies of the remedy and continued the treatment. After using about eight boxes, my bowels were able to perform their particular function without aid.

The relief in my case has been lasting, as up to date, I have never had any further trouble. I can recommend "Fruit-a-tives" to all suffering as I did and I am sure they will derive equal benefit!"

A. W. FRANKLIN.

"Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c., or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Railway News

St. Stephen, N.B. — Accidents through carelessness on the part of automobile drivers are continuing to be frequent. At King Street Crossing, St. Stephen, an auto ran into the side of a Canadian Pacific engine, damaging the auto and throwing the occupants out on the street. The driver claimed that he did not see the train until he was within 100 feet and could not stop in time to avoid the accident.

Toronto.—At 1.12 p.m., on September 9th, a Ford coupe ran into left side of Canadian Pacific yard engine 6112, at Allens Road crossing, Guelph, breaking front fenders, lamp, axle and wheel of the motor car. The engine was moving very slowly at the time. The driver admits his responsibility in connection with the accident.

Woodstock, Ontario.—Going at a fast rate in his automobile, and finding himself almost in the track of a Canadian Pacific train, Frank Lancaster, of East Zorra, Ontario, wisely chose running into a ditch rather than running into the train. He was approaching the C. P. R. crossing and did not notice the train until he was nearly on the crossing. The brakes refused to work and he turned the car into the ditch. The auto upset and was badly smashed, but Mr. and Mrs. Lancaster escaped injury.

Vancouver, B.C.—Tourist traffic during the past summer has exceeded our most sanguine expectations," said Mr. C. E. E. Usher, General Passenger Traffic Manager of the Canadian Pacific Railway, who arrived at the coast to look over the ground prior to laying plans for next year's business. The feature this year, said Mr. Usher, has been the large volume of business done in June and so far in September, two months which are usually more or less slack.

Kamloops, B.C.—Old-timers say that never did the C. P. R. gardens bloom so bravely or colorfully as this year. And surely they never seemed to look quite so lovely with their riot of shades, vivid scarlets and unbelievable blues vying in every bloom. It is visitors, however, who are most impressed, residents even getting used to such beauty, and between trains, many compliments are paid those whose handicraft brings about such a perfection of blossoms.

Victoria, B.C.—Railway building in the interior of British Columbia is being held up by lack of labor, according to D. C. Coleman, vice-president of the Canadian Pacific Railway Company. Mr. Coleman announced that his company could secure only a handful of men to push the Kettle Valley line south from Penticton to the new town of Oliver. While it had been planned to complete the line to Oliver in August, this had been found impossible owing to the scarcity of laborers for the proposed undertaking. The line would be finished this fall, and probably in September, he said. The grade has been completed south to Oliver, but the laying of tracks is being impeded by the labor shortage, he said.

Canada's prairie wheat crop will be 49,000,000 bushels larger than the crop of 1921, said the Vice-President.

Posterity's Ponderous Thumb—Modern inventions are developing a race of button pushers. It means that all of the physical exercise of the future will be confined to posterity's thumb.—Medicine Hat News.

INTENSE HEAT IN THE ARCTIC

For something like five weeks every summer more heat a day is received from the sun on a square mile in the Arctic than the equator asserts Vilhjalmur Stefansson in the National Geographic Magazine. If the North Pole were located on an extensive lowland, remote from high mountains or any large bodies of water, it would be about as hot as the equator on the fourth of July. There is, however, at the Pole and in many places in the remote north, a local refrigeration that tempers what otherwise would be unbearable heat. We can take it for certain that there is far less permanent ice and snow in the lowland of north Siberia than there is in the mountains of Mexico. It is even possible that tropical Africa, with its one or two snow-clad mountains, contains more permanent snow than do all the lowlands of Arctic Siberia.

AMERICAN ANTHRACITE

In response to a wire, sent recently by George S. Cushing, provincial fuel administrator, seeking information in regard to American anthracite, the Federal Fuel Advisory Committee telegraphed as follows: "Maximum price American anthracite fixed by Governor Sproul of Pennsylvania at \$8.50 at mine. No priorities necessary. Your dealers must secure their supplies from same agencies as in the past."

Distinctive - Exclusive

IN the higher grade of tea there should be something more in its appeal than merely quality. There should be that distinctive character which separates it from the mass. King Cole Orange Pekoe has a richness of flavor entirely its own. It is the King Cole judgment of what is delicious in a cup of tea.

MILK

as pure, as rich in cream, as nourishing, as if just from the cow

Yes, even richer than it comes from the cow, for most of the natural moisture has been removed from St. Charles Milk which makes it so creamy.

Always fresh, pure and sweet, St. Charles Milk should be used every day for every cooking and table use. It is the finest milk you can buy.

Depend upon it—absolutely—for the name St. Charles is our good name. It always stands for the best—the highest quality.

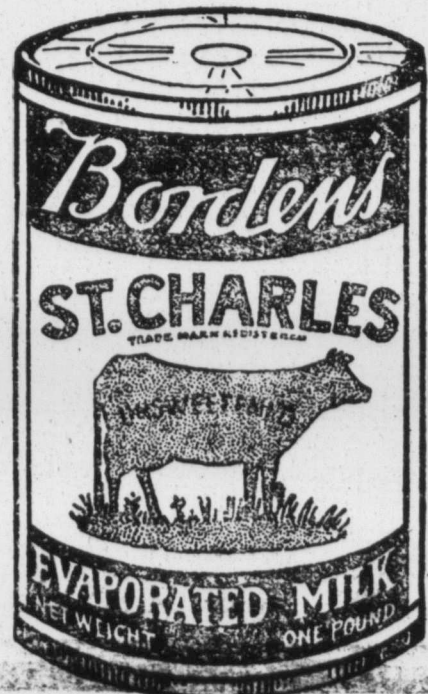

With a few tins of St. Charles on your pantry shelf you are always assured of a plentiful supply of rich, pure milk to use as you need it. Your grocer will gladly supply you.

The Borden Cook-book FREE on request to The Borden Company Limited, Montreal

Recipes worth saving

ONE EGG CAKE.—1/4 cupful St. Charles Milk diluted with 1/4 cupful cold water; 1/4 cupful vegetable cooking oil, salt; 2/3 cupful sugar; 1 egg; 1/2 teaspoonful salt; 1 1/2 teaspoonfuls baking powder; 1 cupful hot water; 1/2 cupful cornstarch; 1/4 teaspoonful vanilla; 1/2 teaspoonful lemon extract.

Beat the egg light and cream it with the sugar, salt, and flavorings. Combine the milk, diluted, with the cooking oil. Stir together the dry ingredients and add them alternately to the first mixture with the milk. Beat thoroughly, turn into a lard, medium-sized pan and sprinkle with nuts, chopped raisins or coconut over the top. Bake in a moderate oven, for forty-five minutes.

NORTH'D. COUNTY AGRICULTURAL FAIR

Arrangements for the Northumberland County Fair to be held at the Chatham Exhibition Buildings on Wednesday and Thursday of this week, October 4 and 5, are nearing completion. Everything now points to a big entry list, enquiries coming in from all parts of the County. This is an opportunity that farmers and all others interested in the agricultural development of our County should take advantage of. Everybody is free to make all the entries they can, but are urged to send in their entries early to A. G. Dickinson, Secretary.

Bake with BEAVER FLOUR

OBTAIN bread with that delicious home-made flavor—pies, cakes and pastry with tender, delicate, flaky crusts.

Beaver Flour is made from the finest of selected Ontario Winter Wheat combined with enough Western Hard Wheat to give it strength.

Beaver Flour is the original blended flour—and blended flour is recognized by all qualified experts to be the best flour for general baking purposes.

Don't hesitate! Try it! Sold by your grocer.

THE TAYLOR CO. LIMITED CHATHAM ONTARIO

"DIDN'T KNOW IT WAS LOADED," AGAIN

Usual Result, Man Instantly Killed

MONTMARLE, Sask., Sept. 26—Edward Poulton, a farmer, whose home is in London, Ont., was accidentally shot and instantly killed on the farm of Ferdinand Stecan, near here, Sunday afternoon.

Poulton, who was about 20 years of age, and a lad named Runks, had decided to have their pictures taken in wild west style, each having a gun pointed at the other.

Before posing for the camera, five shells were taken from one of the guns and Runks appears not to have been aware that there was still a shell left in the barrel. When he pulled the trigger at a distance of six feet from Poulton, the latter received the full charge in the breast.

WAS IT ALL PLANNED?

New York World—Because of the shortage of fuel that has been created, the time has come again to dig coal in earnest. The operators have cause to know that they will sell on their own terms all the anthracite they produce. The miners have a busy winter ahead and all the work they want to do at their old wages. The operators have escaped the danger of having to sell coal cheaper and the miners of having their wages cut. It could not have turned out better if it had expressly been planned that way.

MAGIC BAKING POWDER

Magic Baking Powder has been known and used all over Canada for more than 25 years. It has set and maintained the standard for goods of its class. Its use is increasing daily because of its strength, purity and universal satisfaction. Pure food insures good health. Magic Baking Powder insures pure food. CANADIAN MADE. EWINGLETT COMPANY LIMITED TORONTO, CANADA.

SNOW FLURRIES AT ...HRANE, ONTARIO
The first touch of winter in the north was reported Tuesday morning from Cochrane, Ontario, where snow flurries were experienced in the early part of the day.

Railway News

Vancouver. — When here recently Mr. Grant Hall, Vice-President C. P. R., said his trip was simply in the nature of an ordinary inspection tour and that the company had no undertakings in mind connected with it. The new pier work will proceed as soon as possible.

As far as he could judge from his trip through the prairies and from reports received, there would be a big crop this year, and the company was making its usual preparations to handle its share of the business expeditiously.

Asked if the big harvest and readjustment of freight rates would mean that this company would carry larger quantities of grain here this fall, Mr. Hall replied that it was a matter over which the Canadian Pacific had no control.

"It all rests with the owner of the grain," he said. "We are prepared to haul it either East or West, just as he directs."

Rumor periodically revives the story that the Canadian Pacific is about to electrify its mountain lines in British Columbia. In regard to this Mr. Hall stated, as he has on former visits here, that the company is still conducting experiments with a view at some later date of formulating a policy in regard to the proposed electrification. The impression he gave was that if the plan is pronounced feasible by its experts and the company is ready, it will proceed with the work. In any event this is liable to be a considerable time distant.

The vice-president was accompanied through the British Columbia division by Mr. F. W. Peters, general superintendent. He was met on arrival here by leading officials of the company and several personal friends.

Assinibois, Alberta. — A further programme of improvement of lines of the Canadian Pacific in the west was announced by D. C. Coleman, vice-president in charge of Western lines, who is on his way west.

The largest item on the list was the relaying with one hundred pound steel of the double track between Ignace and Kenora.

A considerable number of bridges will be replaced with more permanent structures.

With respect to work on new branch lines it was announced that the existing gap on the Weyburn-Lethbridge will be closed; the line from Russell north will be completed; the first fifty miles of the Lanigan northerly line will be fully equipped for traffic; and the grading will be continued on the branch lines from Consul east. In this connection, Mr. Coleman said: "We had hoped to announce a larger programme of branch line construction but until the effect of the freight rate reductions just ordered on the revenues of the railway companies can be accurately determined, it is obvious that an ambitious policy is out of the question."

Port Hope. — The C. P. R. Port Hope bridge is fifteen hundred feet long. It is an interesting question how long it will require to paint it and how much paint will be used on the work. There are at present eleven men swinging the brushes; they will be busy for at least eight weeks and three hundred gallons of paint will spread over the long span. The work of preparing the girders is a big job and a tedious one. Men go over the entire structure with small picks and hammers removing all the corroded parts after which it is brushed down with steel brushes. A graphite paint is used and it comes all ready prepared for the work. The wages of the men for this job will exceed two thousand five hundred dollars, which gives some idea what the painting account for the C. P. R. would amount to each year. There are two cars which provide eating and sleeping quarters for the men. It is just seven years ago that this big structure was given a liberal coat of paint.

Montreal. — Mr. Alfred Price, General Manager Eastern Lines, Canadian Pacific Railway, for over forty years, who has relinquished his duties with the railway for an indefinite period, left Montreal on the C. P. S. "Montrose" recently, bound for England.

Mr. Price, who is accompanied by his daughters Misses Laura and Grace Price, will spend some time at Torquay, Devonshire, England, where it is hoped Mr. Price's health will be restored.

Several of Mr. Price's friends went aboard the "Montrose" to see him off. Amongst the Canadian Pacific officials present were: A. D. MacTier, Vice-President; James Manson, Assistant to Vice-President; John J. Scully, General Manager Eastern Lines; W. G. Annable; W. Ballantyne; Arthur Allan; George H. Ham; John Leslie, C. P. R. Comptroller, who was accompanied by Mrs. Leslie and Miss Leslie. There were several other friends and well-wishers present. Souvenirs presented to Mr. Price included a pair of binocular glasses.

Mr. Price's cabin was lavishly decorated with flowers by his friends.

"Have Courage My Boy to Say No" — There will always be need of courage so long as the waiter brings back at least three dollars of your money in small change.

Their Foolish Funny Bone — A New York man told a judge he had married his second wife as a joke. They are surely showing a highly developed sense of humour in that country.

You Can Get Back Your Grip On Health

Thousands have stated that they have spent large sums trying to obtain relief from stomach trouble and run-down condition, only to find that Tanlac proved the one medicine to bring the desired results. These facts were emphasized only the other day when Joseph Benedetto, well-known machinist of 192 Grafton St., Halifax, N. S., said Tanlac did him more good than anything else he ever tried, although he spent over a hundred dollars on different remedies for his stomach.

"I got into mighty bad shape," he declared. "My food would sour on my stomach and cause gas so bad I was miserable for hours. I couldn't get a good night's sleep, even though I was always completely tired out at night, and it was all I could do to get up mornings and drag myself off to work. My appetite was gone and many a time I went off without a bite of breakfast. I suffered all the time with constipation, too, and had headaches so bad I felt like the top of my head was coming off."

But Tanlac and the Tanlac Pills put me back in fine shape and I always keep them on hand now. I can sleep sound again, feel energetic and my stomach trouble is a thing of the past."

Tanlac is sold by all good druggists.

CATARRHAL DEAFNESS

is greatly relieved by constitutional treatment. HALL'S CATARRH is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and assisting Nature in restoring normal conditions.

Circulars free. All Druggists.

F. J. Cheney & Co., Toledo, Ohio.

PREPARING FOR CHANGE IN RULE

Hon. P. J. Veniot, Minister of Public Works was in Fredericton last week and devoted attention to departmental business. The Minister is making arrangements for advertising the change in the rule of the road which is to go into effect December 1st next. Thousands of notices are to be placed in conspicuous places warning the travelling public of the change. The posting of the notices will begin at once. "Turn to the Right!" will be the wording of the notices.

GLAD TO BE ABLE TO WORK

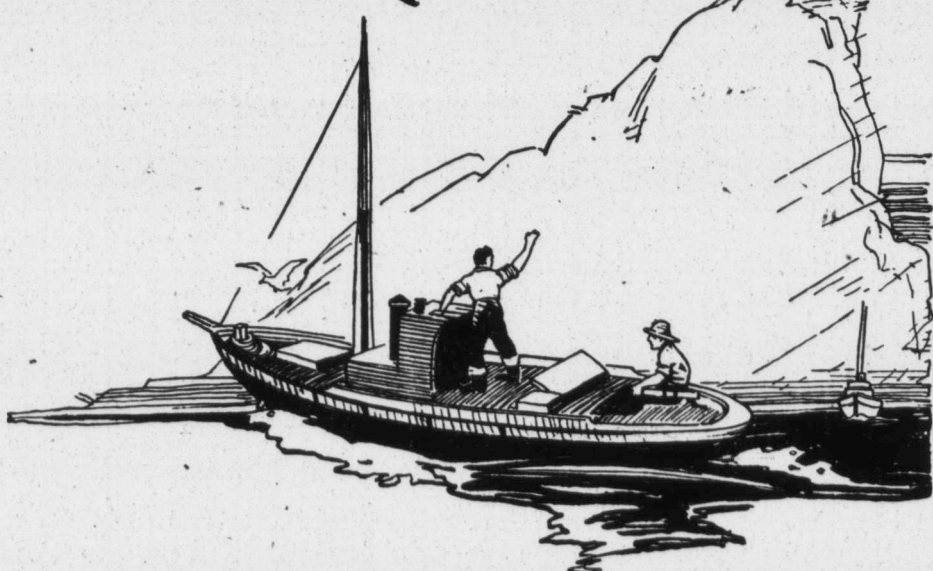

Toronto Woman Gives Credit to Lydia E. Pinkham's Vegetable Compound

Toronto, Ontario. — "I suffered with irregular periods, was weak and run down, could not eat and had headaches. The worst symptoms were dragging-down pains, so bad I sometimes thought I would go crazy, and I seemed to be smothering. I was in this condition for two or three years and could not seem to work. I tried all kinds of medicines and had been treated by physicians but received no benefit. I found one of your booklets and felt inclined to try Lydia E. Pinkham's Vegetable Compound. I received the best results from it and now I keep house and go out to work and am like a new woman. I have recommended your Vegetable Compound to my friends and if these facts will help some poor woman, use them as you please." — Mrs. J. F. FRASER, 357 King St., West, Toronto, Ontario.

Various forms of female weakness many times make work almost impossible. Lydia E. Pinkham's Vegetable Compound has helped thousands of women over these troubles.

MURINE Night and Morning. Have Clean, Healthy Eyes. If they Tired, Red, Smart or Burn, if Sore, Irritated, Inflamed or Gravelled, use Murine often. Excellent. Safe for Infant or Adult. At all Druggists. Write for Free Eye Book. Males Eye Healthy Co., Chicago.

A Test Proves It

Easy Starting—Powerful—Economical—The New Imperial Premier Gasoline meets every Requirement of Automobile and Motor Boat Engines.

Before the new Imperial Premier Gasoline was ever offered for sale in the Maritime Provinces, it had passed most exacting tests in our refinery laboratories at Imperoyal. It remained, however, for automobile and motorboat users to make the final test as to its actual performance in their engines. The results have proved conclusively that the new Imperial Premier Gasoline is a superior motor fuel from every standpoint.

You will find that the new Imperial Premier Gasoline starts even more quickly than Queen Gasoline which some owners have been using in spite of the fact that it was manufactured primarily for use in light plants and was never intended as a fuel for engines.

You will also find the new Imperial Premier superior to Queen or similar gasolines in every other way—pick-

up, power, mileage, economy and dependability. Believing, as we do, that this is the best gasoline we can make, we have discontinued the manufacture of all other grades.

You owe it to yourself to make a test of this new gasoline which is made right here at home. If it proves satisfactory (as we are positive it will) you can save from 3 to 5 cents a gallon over gasolines which will not give anything like the same results.

The proper way to make a test:—Have your carbureter adjusted to use this new gasoline—then use it exclusively—and you will be able to operate your engine on a lean mixture and not only save gasoline but avoid operating troubles which often result from faulty fuel.

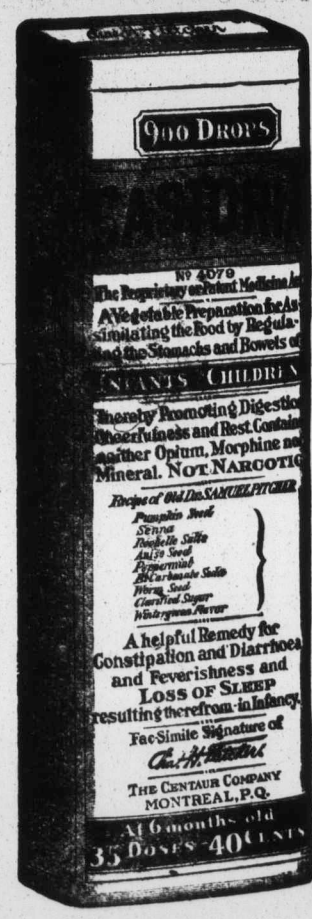

The new Premier Gasoline is obtainable everywhere in the Maritime Provinces—at the Red Ball Sign.

ONE WAY TO DEAL WITH THE GOSSIPERS

In a current popular magazine is a story by that master interpreter of human nature Governor Morris, there is a passage so entirely applicable to the inhabitants of every small town that The Observer quotes it for the benefit of its readers: "...But a very large percentage of every Anglo-Saxon population is composed of persons who spend a good deal of their time in putting evil constructions upon the actions of other people. And of course the gossip about Ellen and Terry was meat and drink to them. To grieve from Ellen the reputation which she had always enjoyed even among themselves was the work of an instant. To acquaint Ellen's father with the "facts" was the agreeable task of a committee of the Mother's Club appointed for the purpose. It was curious but true that the president of the club, who now acted as chairman of the sub-committee, had never had a child or a husband.

"Mr. O'Brien listened to what she had to say—and the committee listened. Miss Gottlieb and the committee imagined that the veins which had begun to stand out on the O'Brien forehead were due to rage against Ellen. They believed that whatever they recommended to him he would do. They began to roll their tongues.

"Mr. O'Brien listened to their slanderous deductions and to their Victorian recommendations without speaking a word. Then, Miss Gottlieb having finished her speech and emphasized the committee recommendations, he advanced one single step and began to quiver and shake as if he were very cold.

"What other possible conclusion—interrupted the chairman in her sharp, self-centred, self-righteous voice. The effort which Mr. O'Brien made to control himself should be described in Shakespearean words and printed in letters of gold. It was almost a success.

"To a bunch of dirty-minded, foul-mouthed ugly faced, childless, middle-aged hens there wouldn't be any other possible conclusion..... You spoil my daughter's life and you spoil mine. What do I care if I go to jail? I don't.... If you aren't out of my house and out of my yard in ten seconds, I'll take down the horse-whip yonder and cut your yellow, withered hides to ribbons." Good.

YOUTH OF 14 HAS NEVER SHED A TEAR

The case of the boy who never laughs which recently aroused interest in the English scientific world, now has a rival in that of a boy who has reached the age of 14 and never shed a tear.

This strange lad is Bernard Waites of Camberwell, England. His mother states that she has never seen his eyes moistened since he was born, although he has had all the childish ailments and troubles which normally bring tears.

Bernard's boy companions long tried to make him cry by all manner of devices. They tormented him, told him sad stories and even stuck pins in him, but without avail.

He was a strong, well knit boy, but lips like a young child and still has seven of his first teeth uncut. He only began to talk when he reached his twelfth year. His mother says he has more than the normal boy's share of feeling, intelligence and understanding, but she believes a good burst of tears would cure him of his backwardness.

"I would sell my home to see him cry," she declared. Bernard continually wears an expression of one who is very sad and on the verge of tears. He said: "I would like to cry, if only to make mother glad.

The Healing Virtue of Herbs

VALUABLE SECRETS EXTRACTED FROM NATURE'S STOREHOUSE.

There is a power and reliability in herbal medicines that never belong to mineral drugs. The curative power of herbal remedies, too, does not wear off with constant use, as is the general rule with mineral compounds. These truths were more clearly realized in bygone days when the famous athletes and gladiators of ancient Rome anointed their wounds and sores with secret herbal balms and vegetable oils of magical power. The secret and liking for these preparations perished with the fall of Greece and the burning of Rome.

BACK TO THE MINERAL AGE.

In the age that followed, the people of Europe fell back on artificial salves and ointments composed of mineral oxides of lead, zinc, bismuth and other deleterious metals, without thought of the great damage which these unnatural compounds undoubtedly did to the delicate under-skin.

The explanation was that herbal remedies, whilst admittedly ideal, meant more trouble seeking, refining and making up. A return to natural perfect healing was never made until the discovery of the greatest and most perfect example of herbal compounding. The immense resources of modern science have been linked up in zam-buk with Nature's remedial herbs.

The rare and costly herbs used in the scientific manufacture of zam-buk are carefully selected, gathered at the right season, compounded in up-to-date and elaborate laboratories and cleverly combined. Each ingredient assists the other in the curative work.

NATURE & SCIENCE UNITE.

The ultimate outcome of all this patience and skill is a rich super-balm, one as unique in conception and combination as it is successful in treatment of skin troubles of all kinds.

Apart from the fact that it is conceived on altogether novel lines zam-buk is absolutely free from any of the animal fats which are present in ordinary ointments and which cause these ointments to turn rancid and useless in very short time.

Whether it is a cut or scratch, that threatens to fester, a patch of eczema, cold sores or salt rheum, an obstinate ulcer or poisoned wound, or an attack of piles or disfiguring pimples, zam-buk is the one ideal herbal healer superior to every other form of skin medicine. It is a novel combination of all those healing, soothing, and antiseptic powers which Nature had hidden in the juices and the herbs of her virgin forests.

Judged either by its character or the cures it makes day by day, zam-buk is in every way a remarkable healing substance. With a box of this wonderful balm always at hand you have a ready means of dealing with a hundred-and-one common skin complaints.

PROVE THIS FOR YOURSELF.

All you need do to obtain a free trial sample of this great herbal healer is to write to the zam-buk laboratory at Dupont St., Toronto. A small trial box of zam-buk will be gladly sent anyone if a stamp is enclosed to cover return postage. Herbs good in throat troubles. Mention where you saw this offer when writing. Regular size boxes of zam-buk at fifty cents, obtainable of all chemists.

WILL RACE ON OCTOBER 17

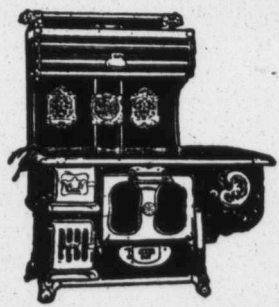

Five province fishermen have entered to compete for the champion ship of the Nova Scotia fishing fleet commencing Oct. 7. They are the international champion Bluenose, Captain Angus Walters; Mahaska, Captain Emil Mack; Margaret K. Smith, Captain Frank Whynacht, and Alcala, Captain Roland Knackte all of Lunenburg; and the Canada, Shelburne built, but fishing out of La Have, Captain Joseph Conrad. One of these will be chosen to meet the United States champion in the international championships of Gloucester commencing Oct. 17.

DO IT RIGHT

If we were giving advice to young men today we should tell them to beware lest they become popular and get a reputation for being a nice fellow by the negative method. Many men have achieved a great deal of friendship and are known as most likeable persons because they have opposed nothing and made nobody angry. It is an easy route to mediocre popularity and thousands there be who travel it. Anyone who really amounts to anything in his community will gather a few enemies. That is to say, let him stick persistently to the things that he doesn't like so long as he is convinced he is right. Choose your enemies carefully and do not desert them. Be for something and be against something. This does not mean that one has to go about wrangling and shouting unpleasant truths into long-suffering ears. But let people know that you have opinions which you yourself respect and which you want them to respect. You can not always be right, but you can always do what you think is right at the time that the thing is to be done. That is the limit which can be expected of any man.

Peerless Corona Ranges

We carry a large stock of the above Ranges, which are recognized to be the best on the market. The price is reasonable and the terms are right. They come in two sizes, with or without reservoir, polished top or water front.

Heaters

The Healthful Apple—You can't tell about motives, and it may be that Eve was just trying to keep the doctor away.

THE BURDEN OF BUSINESS

Canada's industries are burning up. Its wage and wealth producing properties are being destroyed by fire. Buildings and products worth millions of dollars are annually reduced to worthless ashes. That is why the people of Canada are paying absurdly high insurance rates.

The insurance companies know all about this destruction of wealth. They pay out huge sums because of it. Mind you, they are not the losers—they make a profit on the transaction. They merely pay out the money we foolishly furnish them with. By carefully constructed tables they can estimate the approximate amount they will require. Those figures enable them to make out the bill.

That bill is rendered with grim regularity. It commences, "Your Fire Insurance Premium is Now Due" And we pay it—pay it to the last dollar, no matter what it amounts to. Every property owner in Canada is as helpless before the demand as the unarmed wayfarer before the automatic of the thug.

These premium payments pour into the giant fund that goes to reimburse the sufferers by fire. We pay our contribution because we are afraid that some day we shall need to draw upon that fund. We pay heavily in proportion as the companies estimate that "some day" will be "soon."

Are we going to continue longer in this bondage of fear? Shall the devouring greed of preventable fire rob us further of the earnings of our industry?

Can we stay this tremendous waste of our National wealth? We Can by Preventing Fires. **WILL YOU HELP?**

This week October 2nd to 9th is Fire Prevention Week, and if we all do our part in cleaning up etc. the danger of fire through the coming winter months will be greatly lessened.

FEARED THAT BIG MASSACRE IMPENDING AT SMYRNA

Earl of Balfour Warns League of Nations That Great Calamity is Threatening Greek and Armenian Refugees

ASSEMBLY AFFECTED BY APPEAL

Geneva, Sept. 25—Earl of Balfour brought before the assembly of the League of Nations today information that a great calamity was threatening the Greek and Armenian refugees in Smyrna. He said Great Britain was ready to give £50,000 to a relief fund and he appealed to the other countries to contribute to this fund.

Lord Balfour especially asked the Persians representing the only Muslim nation here, to do what they could in the special situation they occupied towards relieving this situation, and Prince Dowleh, of Persia, offered to give him all the help he could in promoting the relief work and to serve as mediator, if necessary.

The assembly was much affected by Lord Balfour's appeal and by reports from British sources that a massacre was impending at Smyrna. According to the British report such a massacre had been set for September 30.

A Smyrna despatch on Sunday said Mustapha Kemal Pasha had set September 30, as the date by which the evacuation of the 50,000 or more refugees remaining in Smyrna must be completed. If vessels were not sent by that time, it was added, the refugees would be taken into the interior.

Want Union Jack For All Parades

TORONTO, Sept. 22—The Canadian Federation of Labor, yesterday passed a resolution urging the Dominion Government to make compulsory the carrying of the Union Jack at the head of all parades and demonstrations throughout the Dominion.

SHOULD DO THE JOB WELL

If you work for a man for heaven's sake work for him. If he pays wages that supply you your bread and butter work for him, speak well of him, think well of him, stand by him, and stand by the institution he represents.

I think if I worked for a man I would work for him. I would not work for him a part of his time but all his time I would give an undivided service or none. If put to a pinch an ounce of loyalty is worth a pound of cleverness.

If you vilify, condemn and eternally disparage, why resign your position and when you are outside, damn to your hearts content. But, I pray you, so long as you are a part of an institution do not condemn it. Not that you will injure the institution—not that—but when you disparage the concern of which you are a part you disparage yourself.

The Crowning Shame—A woman's suffering is nothing compared with that of the man whose wife calls him "honey" in public.

His One Chance—Once there was a man who ran the whole world. That was before woman came. His name was Adam.

THE UNDERWEAR THAT OVERWEARS

ATLANTIC UNDERWEAR Limited, Moncton, N.B.

So genuinely good is its reputation in our Home Provinces here in the East, folks who like good Tea are wont to say: "We use **RED ROSE TEA.**"

The fine quality of **RED ROSE COFFEE** will please particular people.

HOME SAFETY

Every Member of the Family Should be Able to Answer These Questions

1. Do you use safety matches?
2. Are floors under stoves protected with tile, stone, brick, concrete or metal, so as to prevent them taking fire from the heat?
3. Are walls, ceilings and partitions similarly protected in all places where they would be exposed to high temperatures in the event of overheating of stoves or furnaces?
4. Are ashes deposited in METAL receptacles and removed from the building weekly?
5. Is there any unenclosed space under the house where inflammable trash may accumulate?
6. Are chimneys built on the ground, or on brackets? Are they in good repair? Have flues been cleaned for winter?
7. Are stovepipes passing through partitions properly protected? Do stovepipes pass through attics, closets, or unused rooms where they may come in contact with anything combustible?
8. Is the use of gasoline forbidden inside the house?
9. Have you any fire extinguishers? Do all members of the family understand their operation?
10. Do you know where the nearest fire alarm box is? The telephone number of the Fire Department?

New Brunswick Fire Prevention Board—H. H. McLellan, Fire Marshal
Angus McIver, Asst. Fire Marshal.

Local and General News.

Procure your Winter Hat at the Rummage Sale on October 12th.

SCARLET FEVER

There are two cases of scarlet fever at Pt. aux Carr reported to H. D. Morris, Sec'y of the Board of Health. Two cases at Black River have also been reported.

MOTORED TO FREDERICTON

Rev. William Girdwood, Presbyterian Minister at Redbank, motored to Fredericton with his wife and five children on Thursday. They will spend some days with Mrs. Girdwood's father Mr. John Greer.

OYSTER SEASON

The open season for fishing oysters began on Sept. 25th. The price is expected to be much lower than the past few years, probably down to pre-war figures.

LECTURER COMING

The N. B. Temperance Federation have completed arrangements to have Dr. F. R. Sallaby, noted British temperance lecturer, make a tour of New Brunswick and Prince Edward Island early in November.

FIRE PREVENTION WEEK

Fire Prevention Week is to be generally observed this week, October 2nd to 9th. The observation is to be general in Canada and the United States. Fire Marshal H. H. McLellan of St. John has issued suitable literature which has been distributed all over New Brunswick.

SACKVILLE EXHIBITION

The annual agricultural exhibition, and live stock show of the Sackville and Westmorland Society will be held on the Society's Grounds at Sackville on Wednesday, Oct. 4. There will be horse races consisting of free-for-all and a 3 minute class, mile heats; also a hauling match and probably running race. Dinner on grounds.

The Newcastle sub-division of the Catholic Women's League of Canada, will hold a sale of Home Cooking in Mrs. Bannan's store on Saturday, October 7th, commencing at 3 p. m.

TEA AND BRIDGE

Mrs. McRae and Mrs. Charles Stothart were hostesses at a large and enjoyable tea and bridge on Tuesday the guest of honor being Miss MacRae, of Newfoundland, cousin of Mrs. MacRae. The guests were ushered to the prettily decorated dining room by Miss Jessie Fleming. Mrs. Gilmore Stothart presided at the table. Miss Molly Robinson and Miss Minnie Stothart served. The floral decorations were marvellous.

MAN INJURED AT PULP MILL
Thomas Frost, a carpenter in the employ of the Fraser Companies mill at Millbank was severely injured about the head, early Thursday morning.

While at his work he was struck by a heavy deal and rendered unconscious. He was also injured about the head.

The injured man was immediately rushed to the Hotel Dieu hospital and was there treated by Dr. Marven. The latest reports are that he is resting comfortably and doing as well as can be expected.

OLD HOME BURNED

AT OAK POINT
The fine old home of Mr. John A. Morrison at Oak Point was totally destroyed by fire on Tuesday. The origin of the blaze is thought to have been a defective fuse and when discovered it had made too great a headway to be controlled. Despite the utmost efforts of Mr. Morrison and the neighbors who gathered at the alarm the flames devoured the large structure and nothing was left but a few ruins.

The furniture to a great extent was saved from the flames and though Mr. Morrison carries considerable insurance his loss will be heavy.

GOOD TEETH

mean a well-nourished body and the bone-structure amply supplied with lime.

Scott's Emulsion nourishes the whole body. It contains elements that build strong bone-structure and healthy dentition.

	\$4441.75

MONCTON HOME FOR YOUNG WOMEN

Collectors are calling on the citizens of Newcastle this week asking for contributions for the Moncton Home for Young Women. This worthy cause has already been referred to in the local churches, and it is hoped that the response will be a general one.

FIRE ALARM

The citizens were aroused about 4.30 last Thursday morning, when the fire alarm was sounded for a fire in the shoe repairing shop of John Sevisky. Considering the early hour, the firemen responded quickly and soon had the blaze under control. One end of the building was badly burned. The origin is unknown.

The firemen responded to an alarm of fire in the residence of the Misses Wheeler on Saturday at noon. The damage caused was slight.

SLEEPLESS HOURS

Residents in a section of the town last Thursday night were obliged to spend a number of sleepless hours, caused by the bellowing of a cow during the greater part of the night. The cow apparently was in great agony; burying her horns into the earth and throwing herself into the air she made a terrific noise. A number of the near by residents endeavored to move her from the pasture but without avail and consequently the noise continued throughout the night, much to the annoyance of those living in close proximity. The cow was removed to the owner's barn on Friday morning.

Fruits for Winter Canning at the Rummage Sale in the Town Hall

CELEBRATED 25TH WEDDING ANNIVERSARY

Mr. and Mrs. Addington McLean of Whiteville, N. B. were very pleasantly surprised on Saturday evening Sept. 23rd when a large number of friends gathered at their home in honor of their 25th wedding anniversary.

A very enjoyable evening was spent by all, games and music being the chief amusement.

The "Bride" and "Groom" were presented with several beautiful pieces of silverware. The following address was read by Mrs. Olive Whitney.

Dear Mr. and Mrs. McLean, We your merry friends have gathered here this evening in honor of your 25th wedding anniversary. We would ask you to please accept these gifts as a slight token of our love and esteem. We wish you much happiness in the future, and hope we shall have the pleasure of celebrating your "Golden Wedding."

The presentation was made by Misses Frances McKay and Margaret Howe after which an excellent supper was served to some sixty five guests.

All went "merry as a marriage bell" and the guests departed with the assurance that the surprise had been genuine and a complete success.

KINDLY REMIT YOUR SUBSCRIPTION TO THE ADVOCATE

THE KING HAS ABDICATED

London, Sept. 27—King Constantine of Greece has abdicated his throne in favor of the Crown Prince, according to an Athens despatch to the Central News.

UNITED SERVICES

The local Methodist and Presbyterian congregations will unite at both services next Sabbath. The morning service will be held in the Methodist Church with the evening service in St. James' Presbyterian Church. Rev. L. H. MacLean will conduct both services.

SMELTS ON "FREE LIST"

It is understood that the new United States tariff will come into effect in a few days. It is definitely decided that smelts will remain on the free list which will be a distinct boon to the industry and of great importance to the people of the North Shore of New Brunswick, which is the chief smelt producing centre of the world. Under the new tariff, however, there will be a duty of 2c per pound on salmon and mackerel, which will be detrimental to the profitable export of these fish.

CHURCH UNION

The machinery for the creation of the United Church of Canada as the desired result of the church movement as contained in the draft bill for the Canadian Parliament to consider, provides against any possible coercion or compulsion of any congregation to join the union, or any taking of church property by the United Church against the will of the owning congregation. The draft bill contains express provisions for the "dissenting" congregations of any of the three churches concerned, Methodist, Presbyterian or Congregational, to dissent as far as they like, and to take their property with them—with that provision that their equity is to be determined by a commission created for that purpose.

CAMPBELLTON TO HAVE FINE NEW CURLING RINK

The tenders for the new curling rink which is to be erected on the lot on the west side of Ritchie street were opened at a meeting of the Campbellton Curling Club held last Wednesday evening.

There were several tenders ranging from \$9,000 to \$17,000.

The new rink will have four sheets of ice, large comfortable club quarters and banquet hall.

After a general discussion it was decided to let the matter of tenders stand for a few days and in the meantime get further information. It is proposed to form a joint stock company capitalized at \$15,000 shares to be \$25.00 each. Already a large number of shares are being subscribed for—Graphic.

INDUCTION

The Reverend Hugh Miller, M. A. B. D., arrived in St. John on Monday to take up his duties as minister in charge of St. David's church. He was given a warm welcome by a large delegation of trustees, etc. who met him at the station. His induction service took place Tuesday evening, when the Reverend J. V. Morash, of Sussex, presided. The new minister was addressed by the Reverend William Townsend of Fairville and the address to the people of the church was ably given by Reverend Moorhead Legate. At the close of the induction service an informal reception was held for Reverend Mr. Miller in the school room.

Mrs. Hugh Miller will join her husband here in a short time. She is at present visiting relatives.

RUMMAGE SALE.

The Miramichi Hospital Ladies Aid are holding a Rummage Sale in the Town Hall on Thursday, Oct. 12th, for the general funds of the Hospital Aid. The sale begins at 10 o'clock a. m. and will continue until everything is disposed of. All persons are respectfully requested to donate any article of clothing, foodstuffs or vegetables etc. that they possibly can, and the Aid would appreciate it if the donors would kindly have same left at the hall on Wednesday the 11th, or advise the President Mrs. C. C. Hubbard and the articles will be sent for. The Town Hall will be open on Wednesday to receive donations.

Sheriff's Sale

Biscuits for Tea

Light, and crisp, and appetising, and above all, healthful and nourishing. These are best, of course, when made with REGAL FLOUR.

WHY FRUIT IS HIGH

The fruit crop in the Niagara peninsula this year is said to be enormous but high express rates is making it difficult for the growers to find a profitable market. Last week a local merchant obtained a shipment of plums from Toronto but

found the express rates equal to the first cost of the goods. The best price that he could sell them here to provide a profit and cover losses was 90 cents a basket. The grower at Niagara considers himself lucky if he gets 15 cents a basket for his fruit.
