Member of the committee on the parks department, disclosing beyond a doubt that the department is disorganized, that citizens are complaining of the work done in the various parks, and that Iwerson is not the man for the place. But "setting tight" seems to be the rule around the city hall these days.

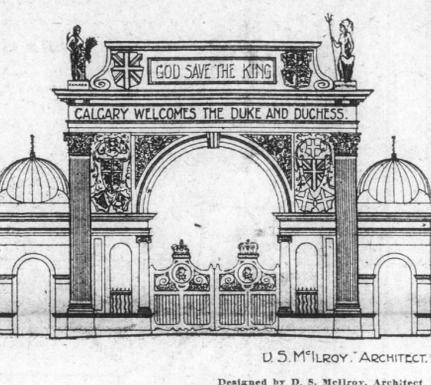

In the same article referred to in the afternoon paper, it is stated that the committee on the parks department, at the instance of Commissioner Graves in the case of the sewer west of the Mission bridge on the north bank of the Elbow river.

"Early in the year," says the article, "a 24-inch, single strength sewer pipe was put in there, despite the fact that the city engineer recommended a double strength pipe. The single strength pipe has not been able to stand the strain, and is now being exposed and replaced with a bed of concrete at an expense of \$12,000."

The inference is that, as this sewer is being laid in Commissioner Graves' department, he deserves the criticism for its failure, but the investigation committee overlooked the matter entirely. So far as the facts on the statement are concerned, it is correct, but modifying details are omitted.

It is pointed out that the investigation committee did take up the case of this sewer, one of the many instances of bad management in civic affairs of Calgary. It was proved that the engineer had recommended a double strength sewer for this section. But members of the committee say that evidence shows that Commissioner Graves reported that the sewer pipe was not to be secured at that particular time, and that the firm offering the single strength pipe was not to be secured. It would then be the duty of the committee to see that it would be secured, and would guarantee it. Thereupon, says the article, the committee reported that the sewer pipe was not to be secured, and that the committee was not to be secured.

Calgary's Handsome Arch of Welcome Which Will be Built Across Centre Street on the Occasion of the Visit of the Duke and Duchess of Connaught

THAT Calgary intends to spare no expense in welcoming the Governor-General the Duke of Connaught, accompanied by the Duchess and the Princess Patricia, during their forthcoming visit to this city is evidenced by the accompanying picture of the triumphal arch of welcome under which their highnesses will pass. The arch will be erected on Centre street, opposite the Canadian Pacific railway depot.

The gates beneath it will bar the street, and when the royal party is ready to enter Calgary, His Worship Mayor Mitchell, will press the electric button which will swing the gates wide welcoming Their Royal Highnesses to the city.

Designed by Architect D. S. McIlroy, the triumphal arch as 45 feet high and clear across the street, its side sections extending the picture discloses a creation of beauty. The arch will be over the sidewalks also. Surmounting it on each side will be majestic figures, the one on the right hand side representing Britannia as the emblem of protection, the figure on the left hand side representing Canada with a sheaf of wheat and a cornucopia as the emblem of production. Beneath Britannia will be a shield bearing the royal standard and beneath Canada a shield bearing the Union Jack.

On one panel of the arch will be the Royal Standard and shield showing the emblems of England, Scotland and Ireland of which the standard is composed. On the other panel will be the Union Jack emblems of the different nations, St. George's, St. Andrew's and St. Patrick's. The spandrels of the arch will be effectively decorated with the rose, thistle and shamrock.

The arch will be surmounted with the royal crown, the other gate with the duke's coronet, and on the centre of each gate will appear the royal monogram.

The inscription "God Save the King" will be emblazoned across the top pediment of the arch. On the frieze of the arch, it was first intended to inscribe, as the picture shows, "Calgary Welcomes the Duke and Duchess," but it has been decided to change this as a compliment to the presence of Princess Patricia to "Calgary Welcomes Their Royal Highnesses."

Alderman R. S. Whaley, the indefatigable chairman of the reception committee, who is working like a beaver to get things in readiness for the arrival of the royal party, believes the arch will be one of the most striking features of the decorations. The design as prepared by Architect McIlroy shows that the chairman's belief is not unfounded.

## CONDITION OF FIELD CROPS GOOD ALL OVER CANADA

Condition of Spring Wheat is 83 Per Cent of Standard for All of Dominion

It is Above 90 in the Extreme Provinces of Prince Edward Island and B. C.

Root Crops Are Good; Hay and Clover Excellent; Wheat Yield Estimate 21.4c

OTTAWA, Aug. 15.—A bulletin on the condition of field crops in Canada, compiled from data supplied by correspondents in all parts of the Dominion at the end of July, is issued today from the statistics office. The bulletin states that good rains which fell generally throughout Canada during July have improved the outlook, and on July 31, the condition of all grain crops was favorable. The condition of the spring wheat is 83 per cent of the standard for the whole of Canada. It is above 90 in the two extreme provinces of Prince Edward Island and British Columbia, and between 80 and 90 per cent in each of the other provinces, excepting Ontario where it is just below 80 and in Quebec where it is 70. Oats, barley, rye, mixed grains and flax seed are all marked above 80 for Canada as a whole, and for each province, except Quebec, the average for the crop is 80. In Quebec the condition is lower, being between 70 and 80. Buckwheat in the maritime provinces shows 85, but in Ontario and Quebec the average for this crop is respectively 75 and 72. Corn for husking is 70.37, and for fodder, 72.19 for Canada, the condition being comparatively low in Ontario and Quebec owing to the cold and wet weather of the early part of the summer.

The condition of potatoes, turnips, mangolds and other root crops is generally favorable.

## Golden Days for Alberta; Good Crop Weather Means A Million Dollars a Day; 10,000 Harvesters Needed

(Special to Albertan)

Edmonton, Aug. 15.—These are literally golden days for Alberta, according to Chas. H. Hotchkiss, publicity commissioner for Alberta; fine weather that Alberta is having now means a million dollars a day for Alberta farmers. It is estimated that there will be required 10,000 men to harvest the bumper crop that she is now commencing to reap. The earlier estimates placed the number of men that would be necessary at 8,000 extra harvest hands, but crops are so heavy and have advanced so much in the last few weeks that that estimate has been increased by an additional 2,000 and the representative of publicity and immigration department for Alberta, who is stationed in Winnipeg, R. J. Daley, has been told to secure that amount of extra help for Alberta farmers.

Reports appearing in Eastern papers to the effect that there was likely to be a shortage of help in the Western provinces on account of alteration in harvest excursion rates is discredited by Hotchkiss. Far from new arrangements working detrimentally so far as Alberta is concerned Hotchkiss thinks it will make it easier for Alberta farmers to secure extra men that they require. Up to last season excursion tickets were issued to points as far west as Saskatoon and Regina, where as this year they will only be issued to Winnipeg. According to previous arrangements men coming as far west as Saskatoon or Moose Jaw were not likely to purchase transportation for points beyond that, but under the new arrangement when they get to Winnipeg they will have to book again to their destination for points further west. Legitimate harvesters are granted by railway companies a rate of one cent per mile west of Winnipeg. Under this arrangement it is contended, by Mr. Hotchkiss, it will be so much in the favor of the agent at Winnipeg to get men to book again for points in Alberta. The agent will give men certificates which, when presented at ticket office will entitle them to one cent rate. Last year arrangement worked all right and it is expected that this year will work out even better, especially as the harvest in the south is about ten days earlier than usual this year. This means that men arriving about now will be sent to points in the south and later they will be shipped further north, when harvest in northern part of province is ready. The fact that harvesting will come this year in sections will be a great factor in securing efficient supplies of labor for all points. Men for harvest will begin to arrive from the East this week end.

## REVENUE SINCE STAMPED TICKETS NETS \$12,000

The advance sale of the stamped tickets, which commenced yesterday morning at McLean's drug store, was a surprise to the public. The demand for tickets exceeded the expectations, and an enormous number of tickets were disposed of.

The sale opened at nine o'clock, but it was not until ten o'clock that there were men in the line, and by eleven there was a big crowd waiting. The sale commenced at nine o'clock and from that time until twenty minutes after four yesterday afternoon there was not a break in the steady stream of buyers.

It is expected that there were \$12,000 worth of tickets sold during the day. Tickets will be on the way today now until the opening day of the Stampede.

## URGENT CITY'S BOOKS IS

THE books of the city of Calgary should have an immediate audit by someone not connected with the government, and capable of ascertaining the true state of affairs, is the opinion of President Dagg of the Board of Trade.

Until this is done the public will never know the true state of affairs at the city hall, and how the business of the city has and is being run," said Mr. Dagg.

"In view of the report of the investigating committee brought in which might expect from an independent committee of citizens." In view of this report it would seem that those affected would have counted on further into details and not ask that the matter be brought to a halt. Either the investigation should have gone further or those affected should have immediately resigned. Were I in their place I think I should have counted a thorough and searching investigation or else stepped down and out immediately.

"What I mean by an audit is to have the affairs of the city thoroughly gone into in the same manner that any business institution would do it. It does not seem businesslike for a city to go as long as this one has without an audit. Until this is done no one will know the true state of affairs and what is being done with the people's money. There is too much money passing through official hands for this condition to be allowed to continue.

"As an illustration of the difference between the conduct of private and public business this institution with which I am connected sends its auditor every three months, unheralded and unannounced. This should be done with the city affairs, not by a government official, but by an experienced accountant who is familiar with such work and whose findings would be beyond question.

"Calgary is growing every day and the volume of taxes and other public money is increasing at the same ratio. There must be something wrong when such a report as that of the investigating committee is turned in."

TO INVESTIGATE DOUKHOBORS.

Vancouver, Aug. 15.—William Blake, an editor of Victoria, has been appointed a commissioner to investigate the Doukhobors on behalf of the provincial government. He will inquire into the habits of their life and general desirability as citizens. He will conduct his investigations at Grand Forks, Brilliant and other British Columbia colonies of the Doukhobors.

## A FLATTERING PRAISE FOR OFFICERS OF FLOWER SHOW

Mr. Justice Walsh Pays Glowing Tribute to Energy of Horticultural Society

Exhibition Discloses What May be Grown in Gardens and Lawns of Calgary

Idea That Alberta is Merely Wheat Country Dispelled by Great Display

MID GLORIOUS words of praise and a flattering tribute to the energy and industry of the horticultural society, the fifth annual exhibition of the Calgary Horticultural society came to a close last night.

The occasion of Mr. Justice Walsh's remarks was the presentation of the medals won by the contestants in the various exhibitions.

An appreciative audience listened to the learned jurist as he dwelt upon the importance of the exhibition, not only from the standpoint of visual beauty, but its instructive feature and its power to dispel the erroneous presumption that Alberta, and especially Calgary and vicinity, was nothing more than a great country.

Importance of Exhibition.

"While from the glowing accounts in the press I had anticipated something of the ordinary," said Mr. Justice Walsh, "this magnificent display on the main floor of the hall far surpasses my expectations. But this is not the most important part of the exhibition by any means. It is in the vegetable section where one finds much to marvel at, and much to show what can be done in the gardens of Calgary."

"I wish those who believe that Alberta grows only wheat could be here tonight and view this display. It would do much to advertise the city and the country and to show that our gardens may bloom with flowers, fruit and vegetables.

The Home Beautiful.

"One of the features for which the society deserves especial thanks and praise is the competition in lawns. Nothing serves to benefit a city more than beautiful surroundings for the home. I cannot fancy any greater good toward building up a beautiful city than that which the society is putting forward. I believe I voice the sentiment of everyone who has beheld this grand exhibition when I say that the thanks of the entire city and community are due the officers, members and exhibitors at this display."

Despite the rain a large number of persons visited the show in the evening and revelled in the sea of blossoms and verdure.

From the individual displays of cut flowers to the gorgeous centre-piece settings and groups and beautiful table decorations, eyes wandered in ecstatic admiration, while showers of praise were heaped upon the hands of the decorators, especially in the case of the floral arrangements.

## WHAT THE GREAT WEST DID YESTERDAY

In Vancouver: Third railway through the mountains awards contract for sixty mile grade west of the summit of Yellow Head Pass.

In Winnipeg: Biggest excursion of harvesters the Canadian Pacific has ever carried on route west of the mountains, carrying thirty thousand men, including men from Nova Scotia, Alberta, British Columbia, Ontario and Quebec. Canadian Pacific officials estimate excursion harvest this fall fifty thousand men.

1914 international convention of the Supreme Grand Council decided 1914 convention for Winnipeg.

In Weyburn: Plans completed for ninety thousand dollar creamery for Weyburn.

In Victoria: E. and N. railway almost completed, last four track right of way being several miles out from Victoria.

Apartment house announced, the cost to be one hundred thousand dollars.

In Regina: Three building permits yesterday aggregated one hundred thousand dollars. All railways hasten construction throughout district. Heavy rains available for the movement of grain this fall. Three elevators under construction at Regina, ready for this winter's crop.

In Calgary: H. H. Over, formerly Illinois farmer, who is now located on farm near Lettbridge, states that three years ago he bought land for twenty-one dollars an acre, and would not now accept fifty dollars per acre. Last year he harvested eight thousand bushels of No. 1 hard wheat off the land. Two years ago he harvested only two thousand bushels per acre. This year the crop just harvested went forty bushels to the acre. Secretary's report showed the greatest agricultural district in the world.

Street car for the Stampede Frontier celebration, Sept. 2 to 7, opened today. Great rush for tickets. Small order requests heavy. Expect to sell every seat by opening of the Stampede.

In Carleton Place: Car load poultry from Wisconsin arrives for the exhibition of Lethbridge fair next week.

In Kelowna: Second day sixth annual convention of Western Canada Irrigation association opens, three hundred in attendance. Delegates entertained today with automobile trip through surrounding country. Last night the power of A. E. Ashcroft "Public Ownership of Irrigation Works" provoked large discussion. He urged that the time is now opportune for the government to open large parcels of land through irrigation projects. Secretary's report showed the association to be on a firm financial basis. This afternoon the convention discussed more than a score of resolutions.

## MRS. D. PINKERTON DIES SUDDENLY

Wife of Prominent Retired Farmer Succumbs to Heart Failure En Route Home

Had Been Visiting Family of James Leask, Accompanied by Latter's Sister

Remains at Undertaking Establishment Awaiting Instructions From Husband

Mrs. Pinkerton, wife of David Pinkerton, a retired farmer of Pinkerton, Bruce County died suddenly about midnight last night, while en route to the depot to take a train for her home. While on board a street car she was taken suddenly ill. Accompanying her at the time was Miss Leask, also of Pinkerton. Seeing that her companion was desperately ill, Miss Leask had the car stopped, and Provincial Constable Critchton was called. Mrs. Pinkerton was removed to a restaurant near Eighth avenue and Fourth street east, and the ambulance summoned.

Harrison & Foster's ambulance responded and rushed Mrs. Pinkerton to the general hospital, where she was pronounced dead from heart failure. The remains were retained to the Harrison and Foster mortuary, where they will be held pending advice from the husband of the deceased.

Mrs. Pinkerton, with Miss Leask, had been visiting the brother of the latter, James Leask of Calgary, for about two weeks, and accompanied by Miss Leask, was en route to the depot to take a train for home.

## FOUR YEARS IN THE ARCTICS; EXPLORERS EN ROUTE FOR SEATTLE

Stefansson and Anderson, Who Left New York in 1908 On Homeward Voyage

Dawson, N.Y., Aug. 15.—Two men who arrived from the mouth of the Mackenzie river by trail yesterday reported that Vilhjalmur Stefansson and Dr. R. M. Anderson, two of the men who have been in the Arctic regions more than four years for the American Museum of Natural History, making ethnological studies, have embarked on a whaling vessel for Seattle, going by way of Point Barrow.

The explorers left New York city in April, 1908, for Hudson Bay, and nothing was heard from them until they were reported to have returned in 1912 with complete surveys of Langston Bay, Horton river, and several other uncharted regions on the south coast of Victoria Land. Stefansson found a relic of Bionda Esquimaux.

## AN INCREASE IN CANADIAN MANUFACTORIES

Ten Years Ago There Were 14,650 Manufactories; Now There Are 19,202

Ottawa, Aug. 15.—According to figures given out by the New Zealand Shipping company, Canada's export trade in automobiles to the Antipodes is rapidly increasing. The three varieties of the line which so far this season have sailed for Australia and New Zealand ports from Montreal, have carried an average of 162 cars each, while 142 more cars have already been booked to go on the Wayvero, which does not sail for some time.

During the twelve months ending May 1 last, 1,290 Canadian-made cars were shipped to New Zealand and Australia by the line.

By May 1, next, the total will be, it is estimated, 2,000.

## CANADA'S EXPORT TRADE IN AUTOS INCREASING

During the Past Twelve Months 1,290 Machines Were Sent to the Antipodes

Chicago, Aug. 15.—Illinois suffragettes have set August 14 as "Petition Day." At that time an effort will be made to obtain 100,000 signatures of registered voters to petitions asking that the question of whether women shall be granted the right of suffrage in Illinois be submitted to a vote at the general election in November.

## WINNIPEG WILL EXPEND THREE MILLIONS

Half a Million Will be Spent for New Exhibition Site Adjoining Kildonan

Winnipeg, Aug. 15.—At a special meeting of the city council today it was decided to submit four money bids, aggregating \$3,000,000, to ratepayers on September 13th next. First in public interest is that authorizing an expenditure of half a million for a new exhibition site adjoining Kildonan park.

Mayor Waugh had sought to couple with this an alternative plan for the enlargement and renovation of the present unsatisfactory site, but this was over-ruled. The biggest item is \$1,300,000 for the extension of the city's artesian well system at Crystal Springs, and this is being fought by supporters of a viable subway.

## PORTLAND POLICE TAKE THREE BOYS FOR MURDER

Portland, Aug. 15.—Three youths were taken into custody yesterday on charges of murder, and a warrant was issued for a fourth, in connection with the death of Adam Baker, a lineman who died on July 28, following a beating received late at night on one of the main streets of this city.

The men under arrest are Charles Christensen, aged 17, a machinist; Harry Leese, aged 19, a tinner; and Robert Burns, aged 20, a lineman. The name of the fourth will not be given until the arrest is made. The police stated that the three under arrest acknowledged responsibility for Baker's death, but they denied intent to kill.

## BLOW WITH AXE RESTORES MEMORY OF YOUTH

Atlantic City, N.J., Aug. 15.—Edward Clarke, 10 years old, who became a victim of aphasia four months ago, as the result of a fall, recovered his memory today when he received a blow with an axe while chopping wood in the yard of his home when his axe struck a clothes line and hit him on the head alongside the scar made by his former accident. When he recovered consciousness this time his memory had been restored.

## COAST BABIES ARE HEALTHY

Vancouver Rains Responsible for Infants' Health, Says M. H. O.

Vancouver, B.C., Aug. 15.—That Vancouver rains are responsible in summer for the great health for the babies is the statement of Medical Health Officer Underhill. Since Aug. 1st there have been only seven deaths of infants from intestinal trouble, and none at all from typhoid. Dr. Underhill thinks that a spell of wet weather would improve things in Winnipeg.

## WEALTHY MINER SLAIN BY 10-YEAR-OLD SON

Salmon Creek, Cal., Aug. 15.—William W. Wainwright, supervisor of Kern county, was the most wealthy miner in the San Joaquin district, was suddenly killed yesterday by his 10-year-old son on Salmon Creek, where he was camping with his family.

The boy had just returned from a hunting trip and was taking the shells home when one of them was accidentally discharged.

EAST AND WEST

It is to be regretted that the not unfamiliar suggestion made by the editor of The Toronto Globe in his address before the Calgary Canadian club, that Eastern members of the Dominion parliament should be required to make a tour of the West before taking their seats in the House of Commons, is not a new one.

this portion of the Dominion. It is not to be expected that he, and Eastern members of parliament who share his views, should admit after a visit to the West that the demand of the Western farmer for wider markets is wholly reasonable.

It would be impracticable to require every Eastern member to visit the West before taking his seat in the House of Commons, but much might be done to encourage many of them to voluntarily undertake such a trip.

AN OFFENSIVE SUGGESTION

The discussion of the duty of Canada to the Empire in the matter of Imperial defence has been fruitful in rash and malicious utterances which cannot be too strongly deprecated.

"Prominent government and opposition members say that Australia is becoming popular with British investors owing to its natural contribution. It is strongly felt that Canada must show practical loyalty, remain a part of the Empire, and keep the confidence of Great Britain financially."

One of the few newspapers that took note of this dispatch was The Edmonton Bulletin, which expresses in the very strongest terms the resentment which all loyal Canadians will feel at the intolerable suggestions contained in the paragraph we have quoted.

A FLATTERING PRAISE FOR OFFICERS OF FLOWER SHOW

(Continued From Page 1.)

The prize-winning 875 pieces like the pillow and stars and group exhibited by the Kerrison Floral company. The former was executed in roses and other flowers of various delicate hues.

Another gem of floral creation, the work of Mrs. N. Clarke, decorator for the Campbell Floral company, shared in the praise.

Those who attended the two days and nights exhibition were treated to a rare privilege, and the officers and members of the association are much encouraged with the high appreciation shown by all visitors.

Following the usual custom, many a sick room was brightened by the exhibition of flowers from the exhibition, the bulk going to the various hospitals.

Although the blossoms have been standing more than forty-eight hours, they are well preserved and not withered, showing the excellent preservative properties possessed by Calgary grown flowers.

That is the Recommendation of Board of Trade's Committee in Report Made Today  
Vessel's Tonnage Should Regulate Number of Boats Carried Under the Davits

LONDON, Aug. 15.—The merchants' shipping advisory committee of the board of trade to which was referred the question raised by the Titanic disaster as to what changes in the existing regulations regarding life saving appliances were necessary, today issued its report.

The committee states that the disaster demonstrated the extraordinary difficulty experienced by ships carrying large numbers of passengers in utilizing their full capacity even in calm weather, the boats already provided and declares that the security of the passengers is best attained by the adoption of all the possible precautions to insure the buoyancy of the vessel and the capacity and by securing the most efficient means of communicating with the shore or with other vessels.

The tonnage of vessels in the opinion of the committee, should continue to form the basis of the number of boats carried under the davits, it being impracticable to make the number of persons carried the standard for such boats. To this is added the recommendation that the existing scale for additional boats and life rafts should be varied by substituting a percentage of calculated tonnage, the principle of carrying the capacity of the boats provided under the davits and the additional rafts, collapsible boats, and life rafts, to accommodate all the passengers and the crew.

The committee recommends that the regulation against undue speed be extended to include a provision for moderate speed at night and when in the presence of rough ice.

Four robbers boarded a Western Avenue car, covered the passengers with revolvers and escaped after taking \$31 and a watch from the conductor. Several passengers, among whom were women, were forced to give up their jewelry.

A. C. Thumm, owner of a chain of cigar stores, was choked into unconsciousness and robbed of \$1,500 and jewelry valued at \$500 by three men on the north side. The robbers escaped.

Managua, Nic., Aug. 15.—Despite the armistice, the Nicaraguan insurgents began the bombardment of the capital today at noon. The firing continued all the afternoon, bursting shells bursting in streets and boarding houses on application.

Several women and children have been wounded by bullets and fragments from the bursting shells, and many have fled from the city. The guns on Loma Hill, the fortress of the revolutionaries, a proclamation has been issued by the government warning the people to leave the town.

The revolutionaries attacked the penitentiary and also the fortress at 5 o'clock this morning, but by 6 o'clock had been repulsed. They then attacked the government troops covering the east side of the city and again were repulsed after a sharp engagement.

The Nicaraguan government is said to be depending on the support of the United States. A large number of American bluejackets are in the city.

A Government Victory.  
San Juan, P. R., Aug. 15.—It is reported here that Naranjo, about 25 miles south of Managua, was occupied yesterday by the government troops, who left on Friday to Gen. Men's revolutionary force there.

Much Vexed at Report That Two Millions Are Necessary to Make Fight  
Say He Proposes to Confine Expenditures to a Reasonable Degree of Economy

Seagriff, N.J., Aug. 15.—Economy to the extreme and the smallest campaign fund in the history of any party, if possible, represent the wishes of Gov. Woodrow Wilson for the coming campaign. Discussing reports that the Democratic party wanted to raise at least \$2,000,000 Governor Wilson said:

"It vexes me that it has been said \$2,000,000 has been fixed as the figure. I have not the slightest notion of how much is necessary, but I remember Mr. Bryan telling me the sum used in his campaign. I have forgotten the exact figure, but it certainly was under \$1,000,000.

"My desire is to confine expenditures to a reasonable degree of economy and absolutely legitimate objects. I regret that it costs as much as I do to run a campaign."

**WILSON'S REGRET IS BIG COST OF CAMPAIGN**

Much Vexed at Report That Two Millions Are Necessary to Make Fight  
Say He Proposes to Confine Expenditures to a Reasonable Degree of Economy

Seagriff, N.J., Aug. 15.—Economy to the extreme and the smallest campaign fund in the history of any party, if possible, represent the wishes of Gov. Woodrow Wilson for the coming campaign. Discussing reports that the Democratic party wanted to raise at least \$2,000,000 Governor Wilson said:

"It vexes me that it has been said \$2,000,000 has been fixed as the figure. I have not the slightest notion of how much is necessary, but I remember Mr. Bryan telling me the sum used in his campaign. I have forgotten the exact figure, but it certainly was under \$1,000,000.

"My desire is to confine expenditures to a reasonable degree of economy and absolutely legitimate objects. I regret that it costs as much as I do to run a campaign."

Gov. Wilson also amplified his views on organizations and political machines over which Frederick W. Hinrichs, once candidate for lieutenant governor in New York, took issue with the governor on Saturday, calling the governor's attention to Mr. Roosevelt's position on these questions.

"Organizations are absolutely necessary," said the governor, and it is always right to discriminate between political machines and organizations. A machine is that small part of an organization used for wrong purposes, generally private and personal. It is not right to confuse an organization with the machine."

**WIFE ACCUSES MONTANA MAN OF MANY CRIMES**  
Kalispell, Mont., August 15.—Accusing her husband, Philip Gleifer, of the murder of four men, of bargaining to kill two others for a consideration of \$400, and of planning the wrecking of a Pullman car on northern trains on various occasions, Mrs. Gleifer testified hysterically for two hours at the hearing of Gleifer on a charge of assault in the

first degree upon her wife, July 30, on their home near Froid, in the heart of the Rocky Mountains. Mrs. Gleifer told a rambling story through a German interpreter, asserting that her husband had beaten her brutally with a board, wrenched from the roof of their cabin and that when she fled he shot at her, causing her to swoon. Reviving a few moments later, Mrs. Gleifer said she found her clothing had been set on fire by her spouse. Gleifer was bound over to the district court on a charge of second degree assault.

## GET READY FOR STAMPEDE WEEK

To most of us the promised enjoyments of Stampede Week will be enhanced by the presence of their Royal Highnesses the Duke and Duchess of Connaught and Princess Patricia, and as loyal citizens, we shall all wish to show our appreciation of the honor done our city, making it as attractive as possible during their stay. One way in which everyone can participate is by a profuse use of flags and bunting and other decorative paraphernalia. No one need hesitate on the score of expense, for the lavish way in which we purchased the supplies which are now in readiness for you kept prices down to a very low mark indeed. In fact, we doubt if you could better these prices even by buying wholesale. Just read them over and see if we're not correct:

# OUR FINAL SUMMER CLEARANCE COMMENCES FRIDAY, AUGUST 16th AND CONTINUES

In announcing another of our famous sale events we wish first to put on record our earnest appreciation of the good will and confidence you have shown toward us. The spring and summer season just ending has been markedly successful, in fact, quite as large as could be reasonably be expected, and we are not unmindful of the fact that this success is due to your good faith and constant patronage.

Now we want to enlist your further assistance in clearing out the last vestige of summer merchandise, for, as we have told you before, the store's policy is to carry over nothing from one season to another. We tell you frankly, much of the merchandise offered in this clearance announcement today is priced at cost to us; in many instances at less than cost. From one standpoint a heavy loss is involved, but we do not count it loss. It's true we receive less than we paid, but this

# HIGH CLASS PIANOS IN REMOVAL SALE

THE GREAT REMOVAL SALE AT MASON & RISCH, LTD., 710 CENTRE STREET, HAS OPENED MOST BRILLIANTLY

It is a Sale Far Different From Any Other That Has Ever Been Held in Calgary—One Comprising the Best Instruments at Lowest Prices

The removal sale of high-class pianos at Mason & Risch, Ltd., 710 Centre Street, was inaugurated yesterday, and the sale is in musical circles the most brilliant first time in Calgary's history. The instruments of such high quality have been substantially reduced in price. Every dealer who came to the sale was made in the first and second days more than satisfied. Many left, after having made arrangements for the delivery of their new pianos with the firm belief that they had finally secured at a great saving the instrument they had always wanted in fine condition.

## MAKING WAY FOR ERECTING DEPARTMENTAL BUILDINGS

Ottawa, Aug. 15.—Government land holders of the Wellington street site for the new departmental buildings have been asked to have their report filed in the hands of the prime minister by August 22. This is an indication that the government is anxious to dispose of all possible delay in connection with the commencement of the work and it is not probable that

## REBELS' GENERAL ADMITS PEACE PROPOSALS

Opened Negotiations With Hernandez, But Was Angered By Madero

Warring Troops in Sonora Postpone Hostilities, Expecting News of War's End

EL PASO, Texas, Aug. 15.—General Orozco, chief of the Mexican rebels, admits negotiations have been under way with the federals, but says they are suspended so far as he is concerned. He declares that negotiations were opened by Rafael Hernandez, Mexican minister of the interior, when Hernandez was here last week, and says while they were discussing terms for a basis of peace, President Madero, who is General Huerta to do as he thought best with the rebels if any should surrender, and that he (Orozco) did not propose to accept any such terms. It is said Orozco's proposition to Hernandez was that Madero resign and that De La Barra be declared provisional president, a new election to be held as soon as possible, at which Madero could be a candidate for reelection if he wished. A detachment of federal soldiers who have been following the rebels along the Mexican side of the river fought a battle at the T. O. ranch opposite Fort Hancock, Texas, yesterday. The federals killed five men and wounded several and captured nine men, eight wagons with families and guns, horses and ammunition. Wait News of Peace. Tucson, Ariz., Aug. 15.—Mexican federals and rebels, by an agreement, were arrayed today face to face in the Sahuaripa district in the state of Sonora, but no fighting resulted, as both armies were awaiting advice as to possible peace according to representatives which reached Tucson. The federals said they had 2,000 men in Sonora under the leadership of Generals Sanguin and Blanco and Colonel Rivera. Rebels Along Border. Washington, Aug. 15.—Parties of Mexican rebels are reported concentrating near many American towns along the border, and Orozco, the chief, is contributing to gather forces at Juarez, according to war department advice today from Colonel E. Z. Steever. Salazar Declares Independence. Juarez, Mex., Aug. 15.—The rebels scattered over a radius of many hundreds of miles, General Pascual Orozco with a scant 700 rebels at his command awaits here the advance of a federal army aggregating more than 5000 men. Gen. Salazar, a rebel general subordinate to Orozco, appears to have ignored the commands to bring his forces to Juarez. An officer of Salazar's command arrived here today to report that his leader, angered by reports of peace overtures between Orozco and the federal government, has declared himself operating independently. The federal army led by General Rabazo, Sanguin and Telles, has forced its vanguard far to the north of the Casas Grandes district, reclaiming the Mormon colonies deserted by the rebels. Clergyman Interviews Orozco. El Paso, Tex., Aug. 15.—In reply to repeated appeals for peace on the part of the Rev. H. Allen Tupper, honorary president of the International Peace forum, General Pascual Orozco late today presented the American clergyman with a long document, fully signed and countersigned. Armed with this paper D. Tupper, who is pastor of the Calvary Baptist church of Brooklyn, N.Y., returned to the American side from Juarez and is having the statement translated for the use of the society of which President Taft is the head. Dr. Tupper said his talk with the rebel commander-in-chief was highly satisfactory. Orozco merely set forth his attitude in the revolution, reiterating his assertion that peace may be secured only through the resignation of President Madero and his cabinet. Careful investigation has disclosed no grounds for the rumors that official negotiations for peace have been under way since the visit here last week of Rafael Hernandez, minister of interior in Madero's cabinet. More Shooting Across Border. El Paso, Aug. 15.—Reports of continued shooting across the border at Columbus N. M., where a detachment of the Third cavalry is stationed, have been received by Col. E. S. Steever, in command of Fort Bliss. Colonel Steever said tonight that today's shooting on the Mexican side lacked consequence as no one was injured, and that there was no proof of malintent.

## GRAN ELEVATOR CONTRACT GOES TO MINNEAPOLIS

First Government Owned Terminal Storage Plant Will Cost \$1,579,374

Must be Completed and Ready by September 15, 1913, According to Contract

Ottawa, Aug. 14.—Barnet McQueen Company, incorporated, of Minneapolis, has been awarded the contract to build the first government-owned terminal elevator to be constructed at the head of the lakes. The elevator which will have a capacity of 250,000 bushels will be built for the sum of \$1,579,374, and the terms of the contract entered into between the government and the company call for the completion by Sept. 15, 1913, or in time to be available for the handling of next season's crop. Five companies submitted tenders, but that of the Minneapolis company was lower than the next highest submitted by \$285,861. The greatest expedition promised by other bidders was eighteen months. The other bids submitted were by J. A. Jamieson, Montreal; J. H. Trumanhauser, Toronto; The Canadian Stewart Co., Montreal; and John Metcalfe Co., Montreal.

## FORESTRY CONVENTION TO BE HELD IN VICTORIA

Victoria, B. C., Aug. 15.—The fourth annual convention of the Canadian Forestry Association is to be held at Victoria this year from September 10 to 15. The greatest expedition promised by other bidders was eighteen months. The other bids submitted were by J. A. Jamieson, Montreal; J. H. Trumanhauser, Toronto; The Canadian Stewart Co., Montreal; and John Metcalfe Co., Montreal.

## UNCLE SAM CONTRACTING WARSHIP FEVER

Washington, August 15.—Democrats of the house have agreed in caucus to recede from their "one battleship" program in this session and to permit the battleship champions to vote in the house for one such vessel. Unlike the four preceding caucuses, there was an absence of bitterness of feeling and by a rising vote of 95 to 11 the resolution of recession was put through. It is thought that the senate will agree to the one battleship, ending the deadlock over the naval bill. While the solid support of the majority in the house will not be given to the battleship programme, the leaders are confident that they will have far more than the necessary strength when aligned with the Republican "friends of the navy."

## COL. SAM HUGHES SAYS WEST FAVORS NAVY

Ottawa, Aug. 15.—Hon. Sam Hughes, minister of militia, returned from his western tour tonight. In the course of an interview he said that the people of the west are particularly enthusiastic over the government's policy of one great imperial navy, commanding the respect of all nations and controlling the seas. Col. Hughes, after attending the unveiling of the monument to Sir Isaac Brock, at Brockville, will proceed to Quebec where he will spend a few days before sailing for England, Sept. 21, to attend the Aldershot military maneuvers. He will be accompanied by Col. Higgins of London, Col. Landry of Quebec, Col. Harrison, Lieut. Col. Morrison, Col. Manson and Major Robertson.

## 300 IRON WORKERS STRIKE; WORK STOPS

San Francisco, Aug. 15.—Three hundred members of the Bridge and Structural Workers' Union, Local No. 21, struck today for higher wages and full structural iron and steel work in the city came to a stop. The strikers have the sanction of the international union. They demand an increase of \$1 a day over their present wage schedule of \$5. Notice was served on the employers several weeks ago and the demands were rejected.

## KAISER'S BROTHER REPRESENT GERMANY

Berlin, Aug. 15.—Prince Henry of Prussia, brother of the German emperor, has been selected to proceed to Tokyo to represent Emperor William at the funeral of the late emperor of Japan on September 13. The first batch of notes will be sent in circulation today. This lot will represent Uncle Sam's first job as a laundromat. For weeks the treasury has been cleaning and reviving dirty notes by the washing machine perfected in the bureau of engraving and printing. Secretary McVeagh yesterday stamped the venture a success, and the laundry will be run in full swing from now on. The first batch of notes will be sent to subscribers and banks in the middle West. The Treasury Department has ordered three more washing machines. The government expects to save hundreds of thousands of dollars annually.

## RAIDS ON GAMBLERS COST GOTHAM LARGE SUMS

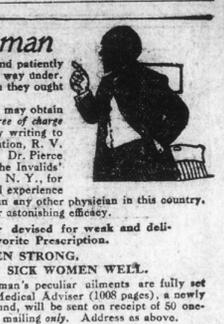

City Pays for Dinners, Drinks and the Lost Bets of the Detectives

Big Expense Accounts Turned in by Gumshoe Men; Last Year's Expense \$20,000

NEW YORK, Aug. 15.—From bills or vouchers filed in the controller's office it is learned that it costs the taxpayers more than \$20,000 a year to yap the bills of policemen in the "dog" or "strong arm" squads who are sent out to get "evidence" against gambling houses, saloons violating the excise and other illegal resorts. Vouchers sent to the controller by the police commissioner show that the city's money is paid for wines, dinners and losses at gaming tables. According to law the police commissioner is authorized to have a perpetual fund on hand of \$10,000 for paying these bills. As the money is spent the commissioner sends a requisition to the controller's office for more funds, vouchers accompanying such requests. The money must be applied as called for, no matter how exorbitant the bills may seem. When a policeman is ordered to investigate gambling or other illegal resorts he receives a hundred dollars or more. When he turns in his vouchers to account for it his superior officer certifies to their accuracy and the necessity of the expenditures, and then the bills go to the controller for payment. An examination of bundles of these vouchers in the controller's office yesterday showed that from April 1 to 15, 1912, the police commissioner's office had paid for dinners, dinners and losses at gaming tables. The following is a list of the bills: Police Commissioner Joseph A. Neary played games and paid for drinks and cigars at a house in Fulton street, at 140th Street. Then a raid was made, a trial was held, but the prisoner was discharged. The drinks, cigars and gambling lost the city (according to the vouchers) ... \$250. One Officer Spends Big Sum. Then in May, Policeman Daniel J. McElroy, the vouchers show, spent \$149.75 in buying drinks and cigars and in gambling while on an investigation of a house in Fulton street. His second bill for similar duty, at the same place, was for \$115.45, while the third, at a place in Barlett street, Brooklyn, was for \$100.00. The investigation was done under instructions of Lieut. Dominick G. Riley. May was a good month for investigations for between the 16th and the 31st days in all. The lieutenant spent \$71.80 on the same house in Fulton street visited by McElroy, and a raid was made and his prisoner held in \$500 bail. William A. Murphy spent \$27.40 investigating a place in Third Avenue. Following is a list of the vouchers: Police Officer Charles R. Steinhilber, from June 18th to 14th, Lieut. Neenan's detail, investigated a house in Broadway street and \$20 at craps, the voucher states and arrested three of the gamblers, who were held for the case did not appear on the voucher. It cost Policeman Charles C. Steinilber \$72.50 to drink and gamble at a place in Rector street. His prisoner was fined \$200 and sentenced to thirty days in jail. Joseph F. Brovley drank and gambled at several places in March and April. He was fined \$100 and arrested. But in May and June he investigated a house in Bleecker street and was fined \$40. His prisoner was held in \$1,000 bail. In the capricious month of April Policeman Eugene R. Dunn was investigating and spent \$57.70. His prisoner was discharged.

## Natures Food For Weak Nerves

If your nerves are weak they need energy—nourishment. Drugs don't give that. The man who tries to curb a nervous ailment by dousing the stomach with drugs is working against nature. Drugs poison the nerves—decrease their energy. What the nerves want is nourishment—something that gives new power. Electricity is nature's food for the nerves. It's the power that runs the human machine. Nearly every ailment can be traced to a lack of electric energy. When the body has a full supply of this force there can be no pain or sickness. ELECTRO-VIGOR pumps a stream of electric life into the nerves while you sleep. It fills them with new energy—new vim. It removes the cause of pain and sickness by giving to every organ and issue the force which builds health. ELECTRO-VIGOR is an electric battery, which makes it own power and is always ready for use. It is not an electric belt—requires no charging, and the only sensation is a soothing glow, which quiets the nerves and induces sleep. After using Electro-Vigor three months, I am pleased to announce my complete cure. My trouble was a horrid breakdown of the nervous system from overwork. In six weeks I began to mend rapidly and now I am as well as ever and working again. "M. GALL." 1900 Barclay St., Vancouver, B.C.

Taber, Alta., Aug. 7th, 1912

The Western Canada Fire Insurance Co., Calgary

Dear Sir:

Re policy 1605-11171.

Will say that I am very much pleased in the manner in which you are treating me and returning my note as per your letter of Aug. 5th, and will say that I am farming extensively in the Taber and Cardston district and next year should insure my crop. I will give your company the greater portion of my business, if not all.

I will also recommend inquiring friends to your company and let them know in the way I have been treated.

Yours truly  
W. E. Bullock.
