EIGHT KILLED AND FIFTY INJURED IN TRAIN WRECK NEAR OTTAWA

TALK OF INCREASE IN GOOD ROADS PERCENTAGE

Provincial Government's Policy For Highways Improvement Will Also Provide For Two Chairmen in Proposed Commission—W. A. Maclean May Be One.

Altho the plans of the Ontario Government for creating a good roads commission to supervise construction in the older parts of the province are yet in a tentative shape, it is understood that the policy decided upon embraces several radical features.

In addition there will be a complete reorganization of the co-operative system by which the government advances to counties, so desiring it, a grant of one-third of the amount to be expended in the county good roads movement.

Mention W. A. Maclean. Sir James Whitney stated last evening that the personnel of the commission was not decided upon.

The interests of eastern Ontario may be regarded in the choosing of a commissioner from that district. The chief qualifications the government will demand of him will be a recognized financial ability and a dissociation with active political interests.

TITANIC TEST CASE DECIDED

Those Who Claim Damages For Loss of Relatives Will Be Able to Recover.

LONDON, June 25.—(Can. Press)—In a test case brought in the King's bench division by Thomas Ryan, a farmer of Cork, Ireland, against the White Star Steamship Company, to recover damages for the loss of his son in the Titanic disaster of April, 1912, the jury handed down the following verdict:

As the judge had left the court, judgment had not yet been entered. This verdict is tantamount to finding for those plaintiffs who claim damages from the White Star Steamship Company for the loss of relatives drowned in the disaster.

NO BOAT ON FIRE

Rumor Was Caused by Bright Lights on a Barge.

The life saving crew were called out at 8.30 last night to Kew Beach, where it was said a motor boat was on fire. After a record run, Captain Ward's "Patrician" arrived in front of the beach and discovered that the "fire" was the big dredge "Dragon Rouge" being towed down the lake by the tug Earl King and the barge John Ross.

HORNE PAYNE'S ATTACKS

Repudiated by Sir William Mackenzie—Canadian Banks Are Partly to Blame—The New York Raid Is Over.

With reference to the warning to English investors to keep clear of Canadian municipal securities pronounced by R. M. Horne Payne in London, England, last week, Sir William Mackenzie last night stated that the speech was not prompted from Canadian Northern headquarters.

Altho Mr. Horne Payne has charge of a great deal of our financial business in England, said Sir William, "he is in no way representative of the Canadian Northern, and we can accept no responsibility for any statement he may have made to his shareholders in the British Empire Trust Company."

Horne Payne's attack was cabled out here, and is being vigorously repudiated in the west and in the east. If this were Mr. Payne's first offence it might be ignored. But he has denounced Canadian municipal securities before and praised Canadian railway and industrial issues.

The Winnipeg Free Press calls upon Sir William to disown any responsibility for these attacks. The World blames Horne Payne, and it blames more certain Canadian bank officials who started this kind of criticism.

FORTUNES LEFT TO EMPLOYEES

Karl Hutter, Millionaire Inventor, Remembered Those Who Assisted in Perfecting His Ideas.

NEW YORK, June 25.—The will of Karl Hutter, millionaire inventor, who killed himself in the bathroom of his bachelor apartments on May 15, was filed in the surrogate today. He remembered handsomely those who worked for him in perfecting and commercializing his invention—a patent porcelain and rubber stopper for bottles—leaving \$147,000 to employees.

Of his residuary estate he gave one-half, estimated at about \$300,000, to be divided equally between Cooper Union and the German Hospital at Park avenue and 77th street. He made additional specific bequests aggregating \$80,000, to charities and institutions, and left the rest of his property to relatives in Germany and friends here.

SUGAR AND WOOL TO BE DUTY FREE

WASHINGTON, June 25.—(Can. Press.)—Free sugar in 1916 and free raw wool are now established in the tariff revision bill having been approved late today by the Democratic caucus of the senate after two days' fight.

That before the present action the harbor commissioners offered to dredge the R. C. Y. C. moorings for them free of cost, they to retain the sand for their reclamation work, and that, at the present moment, were the commissioners to do any dredging on the property and take away the sand, Sand Supplies, Limited, would, on the basis of their contract with the R. C. Y. C., claim that sand, formed the most interesting points brought out at yesterday's resumption of the case.

Witness said the finances of the club were not large, and that previous to his connection with the sand company he had never been able to get dredging done for nothing. On one occasion, he said, the yacht club had to pay \$1400 to get the company to dredge out a very small channel. For the work done recently by the company, he said, they would have had to pay \$10,000, probably more.

Further questioning by A. C. McMaster, K.C., brought forth a rather heated statement that the yacht club, in letting the contract, had no other motive than that of deepening the water. He declared he had but a small interest in the company, \$3000 out of a capital of \$40,000.

TWO C.P.R. COLONIST COACHES CROWDED WITH IMMIGRANTS PLUNGED INTO OTTAWA RIVER

Train Was Traveling at Fair Speed When It Apparently Struck Loose Rail, Seven Cars Being Derailed—Colonist Cars Topped Over Bank and Rolled Upon Their Sides in Three Feet of Water—Only Two of Fifty Injured Are Believed to Be Fatally Hurt—Three of the Dead Not Identified.

OTTAWA, June 25.—(Can. Press)—Eight dead and more than fifty injured, two probably fatally, is the toll of a railway accident three miles from Ottawa this afternoon, when the C.P.R. Winnipeg train left the track. All the dead and practically all the injured are immigrants, principally from the British Isles. The cause of the wreck is not known, but it is thought to have been either a loose rail or what is known in railway circles as a "sun kink."

The train left here at 1.30, and consisted of baggage and mail cars, three colonist, one first-class, two tourist, a diner, and a Pullman car. Two of the colonist cars turned completely over and lay on their sides in the Ottawa River, which is skirted by the C.P.R. track for some distance. It was from these two cars that the dead were taken.

Dan Cameron, the conductor on the ill-fated train, was in one of the colonist cars which toppled into the river, and was in the act of punching a ticket. He escaped with a dislocated shoulder, and was the only member of the train crew injured.

The dead are: PATRICK MULVENNA, of County Antrim, Ireland, aged 25, single, en route to Winnipeg. JOHN MOODIE of Sanday Orkney, Scotland, aged 17, single, en route to Calgary. JOHN HOGG, of County Derry, Ireland, aged 30, single, en route to Calgary. MRS. JANE McNEALY of Glasgow, Scotland, aged 40, en route to Edmonton. JOHN PEACE of Glasgow, Scotland, aged 21, single, en route to Edmonton. UNIDENTIFIED WOMAN, apparently a Jewess, aged about 45, believed to be going to Mrs. Bunting, 308 Broadway, Winnipeg. UNIDENTIFIED BOY, age about eight, no particulars known. UNIDENTIFIED FEMALE CHILD, about six months old, believed to be grandchild of unidentified woman.

From the stories told by passengers on the train and by eye-witnesses who reside at the McKellar townsite, the rural subdivision just in rear of which the accident happened, the train was traveling at the rate of about twenty-five miles an hour. Children and women in the cars were waving to people along the track when suddenly the people near the houses saw the cars begin to rock and the train to resist. The next instant there was a crash as the centre of the train left the rails and then the cries of the injured and dying.

The engine, baggage car and mail car, with one of the colonist cars, remained on the rails. The next two cars were colonist and both toppled into the river, one turning over twice, while the second simply shot off its trucks and lay on its side, the first-class car, which followed, remaining partly on the rails with its nose pointed towards the river. The tourist cars, which were next, went to the side furthest from the river and remained tilted at an angle of about forty-five degrees.

R.C.Y.C. COMMODORE EXPLAINS CONNECTION WITH SAND COMPANY

Further Interesting Disclosures in City's Suit to Restrain Island Dredging Operations—Judgment Reserved to Permit of Amicable Settlement.

Mr. Justice Middleton has reserved judgment in the suit of the harbor board to restrain the Royal Canadian Yacht Club and the Sand Supplies, Limited, from further dredging and retaining the sand from the mooring grounds of the R. C. Y. C. at their clubhouse at the Island. Meanwhile, at the suggestion of the trial judge, the parties are trying to come to an amicable understanding, and will report to the court in the course of a day or so.

Witness said the finances of the club were not large, and that previous to his connection with the sand company he had never been able to get dredging done for nothing. On one occasion, he said, the yacht club had to pay \$1400 to get the company to dredge out a very small channel. For the work done recently by the company, he said, they would have had to pay \$10,000, probably more.

Further questioning by A. C. McMaster, K.C., brought forth a rather heated statement that the yacht club, in letting the contract, had no other motive than that of deepening the water. He declared he had but a small interest in the company, \$3000 out of a capital of \$40,000.

BLAMES CITY FOR HUSBAND'S DEATH

Sequel to Drowning of Alex. McWilliams Heard by Judge Middleton.

NO LIGHTS ON DOCK

Plaintiff Claims There Was No Protection on Church Street Slip.

The City of Toronto is defendant in a suit for unstated damages brought on by the widow of Alex. McWilliams of Dutton, who on the 8th of October last, was drowned off the Church street slip, at about 11 o'clock at night. The allegation of plaintiff is, the city was negligent in having no protection of any kind around the wharf, and no lights whatever, to warn persons of the end of the dock. The action is being heard before Mr. Justice Middleton, in the non-jury civil assize court, in the city hall.

James Dickie, who had been a companion of McWilliams, on the night of the drowning, admitted to G. R. Geary, K.C., representing the city, that he and McWilliams had had four or five drinks during the day, but emphatically denied being helplessly drunk. McWilliams, he said, was a sick breeder, and he was in his employ. All morning they had been in Burns and Sheppard's repository, disposing of their horses, and finished about 3:30 in the afternoon. In the evening they went to a theatre, and afterwards set out together to find a certain house at the foot of Church street. The witness was walking a pace or so behind his companion, he said, when he suddenly heard a splash, and saw McWilliams in the water.

And on This Plea G. N. Ferrier Secures Assessment Reduction.

The court of revision yesterday made several assessment reductions. George N. Ferrier, 52 Colborne street, said that he paid a "sentimental" price for a lot on Beniamond avenue. The court discovered that in this case the meaning of sentimental was fancy.

Two years ago J. P. Forrest purchased property at 45 Eandean avenue for \$2800. Today it is assessed at \$2540. The assessment was raised by \$300 when Mr. Forrest protested. J. P. Forrest's property next door was also reduced by the same amount.

So Supply on Local Market Was Light—Big Demand For Cherries.

There were a few red currants picked green on sale; 10 cents per box was asked for them. Gooseberries went at 40c to 50c the small basket, while large baskets of selected "greese" sold up to \$1.50. Miss Grace Simpson of Montreal, and Miss Florence Riley, attended as bridesmaids. Mr. Oscar Erickson, brother of the groom, was best man.

Mr. and Mrs. Erickson left later for Muskoka, the bride traveling in a tan suit with hat to match. On their return they will spend the summer at Ward's Island.

Don't Be A Goop! HYDRO REPLACING FAULTY INSULATORS

Thirty thousand dollars will be expended by the Hydro-Electric Commission in replacing the faulty insulators which have been interfering with the service. To make the whole system thoroughly reliable under any circumstances is the object and large bodies of men are now working towards this end. Five autos will rush the insulators out along the lines when they arrive in Hamilton.

"Good tea, that." "Glad you like it." "Wish I were able to have such luck." "There's no luck to it. This Electric Samovar, you see, doesn't require any. Simply put in cold water and turn the switch and then when the water boils, adjust the tea ball to make tea to suit your taste. You can make the tea any strength you like, and the beauty of it is, girls, the tea is always just right—it never has that bitter taste." "Of course, I admire and am fond of all my gifts, but this Electric Samovar—well, I hardly know what I'd do without it—it's so handy, and it makes such good tea." "Bother! Why, no! It's no more trouble to clean than a plate. But let me help you to another cup." "If you please. . . . Thank you."

Advertisement for Efficient Housekeeping by Henrietta D. Grauel, Domestic Science Lecturer, featuring an illustration of a woman cleaning.

For the Belated Gardener If the spring housecleaning, or moving day, has left you no time for gardening, you find the outside of your home looking bare and neglected. But for every ill in life there is a remedy and for this one, box gardens will prove a satisfactory prescription. You can put them in every place where a bright color will add artistic, or the old-fashioned mass of color that a mixture of sweet alyssum, geraniums, heliotrope, tiny French marigolds and other pot plants give. A pretty fairy for porch boxes is to have three; the centre one filled with pink or scarlet blooming plants and the two end boxes with only white flowers. One showy box garden that was a prize winner at a school garden competition last season contained French marigolds, and asparagus. The brilliant yellow flowers and overhanging nasturtiums for vines, an original and attractive little garden. "Jennie gardens" is the old name the French give to baskets, or boxes of blooming plants that fill the windows and porches of their closely built apartment houses. The name comes from an old, popular song that praises "The garden of Jennie, the sewing girl, Contented heart, content to live, She might be rich, but she prefers To have what God shall give." It seems absurd to attempt to have a garden in a box, to persons who have real gardens, but a "Jennie" garden is a pleasant oasis in a world of brick and stone and capable of giving much happiness. The boxes need not be more than eight inches deep. Bore holes in the bottom and put in bits of broken crockery for drainage. Fasten the boxes securely and fill with soil. Now for the plants; get them from a reliable grower. The market women bring in hardier flowers at this season than the florists. As it is late in the season you can make a good bargain for pot plants by the dozen. Avoid putting flowers that require different conditions for blooming in the same box. For instance, begonias, fuchsias and ferns need shade, while heliotrope, lemon verbena and ivy demand quantities of water and hot sun. Box garden plants need a little tonic to produce luxuriant bloom. Buy ten cents worth of sheep manure at any seed store. Put it in an old bucket in the sprinkling can and they will grow wonderfully and bloom lavishly in return. Do not kill your plants with kindness; unless the weather is very hot and dry, boxes and hanging baskets should not be wet often than twice you do wet them, and give no more until they seem thirsty. This is the season to start plants for fall and winter blooming and will be glad to give advice or answer the questions of flower lovers who write to me about their gardens. I am only too glad to tell you my garden secrets and to hear yours.

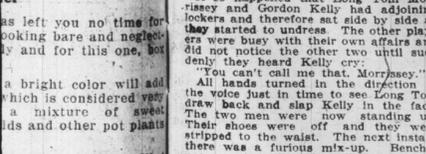

THE GARDEN SERIAL STORY

THE TRIPLE TIE BY A. H. C. MITCHELL

Kelly flushed and a look of surprise came over his face at the sarcastic tone of Long Tom. But he merely answered "Maybe so" and walked away. There were some unpleasant things connected with baseball, he thought. He could not understand why Morrissey should go out of his way to belittle him. Long Tom's remarks were entirely uncalculated for there was no occasion for them. He finally came to the conclusion that Morrissey was of a crabbed and morose disposition. Yet he recalled having read columns and columns in the newspapers about this veteran catcher and there had been no word that would lead one to think he was other than normal in his disposition.

Daily Fashion Talk's BY MAY MANTON, A FASHIONABLE SUMMER COAT.

7875 Girl's Low Belted Coat, 10 to 14 years.

THE low belted coat is the fashionable one for girls this summer and it is exceedingly attractive. There are a number of variations, as a matter of course, but this is among the prettiest. As it can be made with either a fancy or plain collar and with a straight or cutaway peplum, it supplies all needs. Wraps of this kind are made from ribbed silk and charmeuse satin, from serge, linen, piqué and ratiné and from various other fabrics. In the picture, white serge is trimmed with collar and cuffs of embroidery. Black charmeuse satin would be handsome with collar and cuffs of rose color or blue, or black silk Bedford cord would be pretty with collar and cuffs of colored satin, while linen or piqué could be made with collar and cuffs of contrasting color to make a good effect. The body portion of the coat is gathered at the lower edge, making a slight fullness, and the peplum is perfectly smooth.

She seemed to wish to give them to the district attorney; but he indicated that the coroner should examine them first.

(TRADESCANTIA VIRGINIANA) By many names is this old-fashioned plant known: fairy lilies, spider lilies, Job's, or Widow's tears, and blue-eyed Mary, which, to my mind, is a good description, for it is not only most decidedly blue-eyed, but it has a homey old-fashioned look that goes well with the name Mary.

Nettie Blanchard, in her masterpiece, "Nature's Garden," commenting on the fact that so many of our blue flowers are "naturalized immigrants from Europe," remarks that it is good to know that this specimen belongs to our own country here. She also informs us that roots of it were sent home to England in the time of Charles I., whose head gardener cultivated the little wild flower so successfully that it soon became an immense favorite in other gardens besides those belonging to royalty.

That it was originally a wild flower is not disputed. In fact the peculiar straggly plant in little encouragement to jump over the garden wall and go wandering here and there over the hills and far away. In many old gardens the plants have become domesticated to such an extent that the lovely purple-blue three-petaled flower cup is not half the size of those to be found in well-kept gardens.

The May Manton pattern of the coat 7875 is cut in sizes for girls from 10 to 14 years of age. It will be mailed to any address by the Fashion Department of this paper, on receipt of 15 cents.

NO OTHER WAY

(Continued From Yesterday) Producing a small gold purse from an inner pocket, and thus revealing the purpose of a gold chain that hung round her neck, Mrs. Delamar took two tiny slips of paper from the purse, and held them forth.

As a matter of fact, Forbes had never received a greater setback from a witness. He was expecting a plausible story—some feminine expedient that would seem to reconcile her suspicious moments with her silence at his courtship—but he certainly did not look for a candor that went far beyond the knowledge gleaned by the police. Mrs. Delamar had taken the wind out of their sails so effectively that they even forgot to watch Waverton. They knew, better than the coroner or anyone else, that she was probably speaking the truth, and indeed, after a moment's scrutiny of the postoffice receipts, the coroner said:

"These receipts bear out the witness' words. The addresses are those she has named, and they carry the date-stamp of the Atlantic City postoffice. A perceptible wave of interest ran thru the court. Opinion was distinctly in Mrs. Delamar's favor. With few exceptions, nearly all present settled down comfortably to hear a thoroughly interesting bit of cross-examination. They were not disappointed. Not often is a man chosen to represent the district attorney because he happens to be somebody's nephew, and, although Forbes might carry no armament other than heavy artillery, there was metal in his broadsword.

"I am much obliged to you for the straightforward explanation you have given of events on the evening of the day that, by common consent, is fixed as the date of your husband's death, Mrs. Kyrie," he said, "and I want you to tell us now why you withheld these facts during the opening of the inquest a fortnight ago?" "That is a simple matter," Mrs. Delamar smiled with a sad sweetness that reached many hearts. "In common with the rest of the world, I thought my husband died from natural causes, and I saw no reason why my unhappy domestic affairs should be published, nearly all present settled down comfortably to hear a thoroughly interesting bit of cross-examination. They were not disappointed. Not often is a man chosen to represent the district attorney because he happens to be somebody's nephew, and, although Forbes might carry no armament other than heavy artillery, there was metal in his broadsword.

"The slight pause before Waverton's name was not lost on the one man whom it affected more than all others. It is that question properly framed, Mr. Coronor?" "Really, sir, I must protest against these interruptions," Forbes bristled with indignation. "You may protest as much as you like—I refuse to sit here and listen to your willful twisting of facts!" said Waverton, and Clancy, brought back to the real significance of the drama before play before spectators unconsciously of its quality, found himself re-

The Gourlay Wins Enthusiasm

Wherever played the Gourlay piano wins a large following of enthusiastic musical friends who judge it by just one consideration—musical quality. Its rich pure tone is so satisfying as to charm the most critical musical minds.

The high favour which the Gourlay piano holds to-day in thousands of Canadian homes is the realization of Gourlay aim. Long before the first

Gourlay Piano

appeared on the market the closest study of piano manufacture was made—eliminating all that was inferior and carefully assembling the best principles known to human intelligence.

This experimental study and thought has created a standard of Gourlay construction that is unsurpassed by any other instrument. Each successive stage is highly developed by employing the very finest materials procurable until the final inspection approves it to be the highest achievement in artistic workmanship possible in a piano.

The Gourlay therefore cannot fail to enthuse its owner with its superior material and musical excellence. Ask anyone who plays or hear it for yourself, and you will be convinced that you cannot do better than make the Gourlay your final choice.

THIS VACANT LOT IS NOT ENJOYED

Ward Seven Residents Wonder When Playground Will Be Ready. It is now several months since the large vacant lot on Cleland Avenue, opposite a new Annette Street School, was filled in and a large concrete retaining wall built at the rear of the property, at a cost of \$8000. Since that time, however, nothing has been done towards completing the proposed playground for which the land was purchased by the board of education and citizens residing in the neighborhood, a good residential district, are wondering how much longer the one side of the street will remain covered with little mounds of earth, with occasional weeds and heaps of rubbish.

"FINDERS KEEPERS" RULING OF JUDGE

Cornwall Women Fought Legal Battle Over Diamonds. CORNWALL, June 25.—(Special.)—An interesting case was tried at the non-jury sitting of the high court of justice before Hon. Mr. Justice Latchford here today. The case arose out of the finding of diamonds and other valuables in a bundle of old paper at the St. Lawrence Paper Mill, in January last. Mrs. Buell, a widow, found 300 odd diamonds, 75 unset emeralds, a gold ring set with diamonds which was valued at \$600, and a pair of diamond earrings, in the waste paper she was sorting.

"Finders Are Keepers." The judge held another view, stating that, on the common law, "finders are keepers" until the rightful owner was located. It is a generally understood thing that in sorting-rooms any findings belong to the finder, though there is no rule to that effect. The claim of Mrs. Buell was dismissed with costs. R. Smith, K.C., appeared for Miss Foley and George A. Stiles for Mrs. Buell. Mr. Antern picked up a valuable ring from the same bale, which he also claimed, and a suit has been entered in that case also. The St. Lawrence Paper Mill put in no claim to the valuables found.

RECORD ENTRIES FOR BIG PARADE

Display of Horses on Dominion Day Will Be Largest Yet. The entries have closed for the twentieth annual work parade and show to be held in Queen's Park on Dominion Day morning. They number over 500, and upwards of 1000 horses of the City of Toronto will be on exhibition in Queen's Park and adjacent streets. Judging commences sharply at 9 o'clock. Exhibitors are requested to enter the park at the College street entrance, where they will be directed to their respective classes. After the judging has taken place and the return of the parade, to the reviewing stand at Sir John Macdonald's monument the medals will be presented by the mayor, and the sum of one dollar given to the exhibitor for each class as an acknowledgment and to encourage cleanliness and the humane care of their horses.

Mr. C. A. Burns of the Repository has arranged to mount 120 men of the Ninth Miltassauk, Horse and Government Cavalry, under the command of Capt. Chadwick and Col. Sandford Smith. The regiments will head the parade, and there are two military classes for which gold medals are offered for the best troop horses which have taken part in the annual training recently held at Niagara. The bands of the Governor-General's Body Guard and the Queen's Own Rifles will play in the park during the judging. Mr. H. Tomlin, reference report that a very liberal response has been made to the solicitation of subscriptions, but that there is yet required a few hundred dollars to defray the expense, as the entries are free.

KNOX BEAT MACDONALD FOR ALL-ROUND TITLE

Orillia Professional Secured the American Championship Title.

Walter Knox of Orillia successfully defended his title of Canadian professional champion and also secured a new and wider title, that of champion of America, when he defeated John A. MacDonald of Boston, the American champion, in an all-round athletic meet. Knox simply outclassed his opponent and won by the handsome majority of 1207 points. Of the ten events contested MacDonald was only able to win three of them, the running high jump, 56-lb. weight and the hammer throw. No records were broken and, although some of the results were far from being good, still Knox would certainly have made better trials if he had been pushed. Longboat and Wood ran a mile in 4:35-2-5, which the Indian won by about a yard, after a terrific sprint. He seems to be going at top speed again and should just about win that match race on Saturday night from Shrub. The results were as follows:—Knox—

Table with 2 columns: Event, Result. Running high jump 5 ft. 4 1/2 in. 56-lb. weight 22 ft. 4 in. Pole vault 11 ft. 3 in. Hammer 102 ft. 2 in. 100 yards 24.02 secs. Three standing jumps 31 ft. 5 1/2 in. Discus 103-3-5. 120 yards hurdles 19 secs. 400 yds. 1:16. 16-lb. shot 41 ft. 3 1/2 in. Running long jump 20 ft. 10 in.

Running high jump 5 ft. 6 1/2 in. 56-lb. weight 26 ft. 7 in. Pole vault 120 ft. 6 in. Hammer 120 ft. 6 in. 100 yards 11-1-5 secs. 706

HAMILTON, June 25.—The spring meeting of the Hamilton Jockey Club opened here today under ideal conditions. The weather being good and the track record Little Nephew looks about the best two-year-old shown around these parts in years.

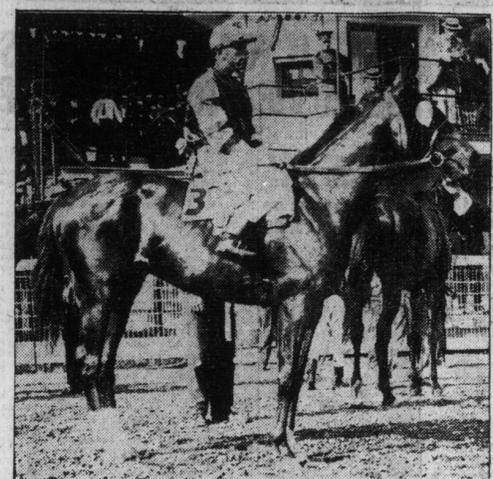

Nephew. He was up against that good filly, Southern Maid and The Usher, but that made no difference. He just ran Southern Maid to the ground. The Davies filly at no stage could get her nose in front, and she was easily beaten at the end in 59 4-5, which equaled the track record. Little Nephew looks about the best two-year-old shown around these parts in years.

UNION STOCK YARDS DEPARTMENT

Horse trade this week is only fair, no extensive demand being evident in the market. Medium priced horses are mostly sought after, with some light demand for heavy horses. Call for horses for local demand is not very brisk.

SCIENTIA WINS STAKE SECOND DAY AT AYLMER

Feature Trot Goes Five Heats—Pacers Win in Three Straight.

AYLMER, June 25.—The second day of the Aylmer race was favored with ideal weather for fast racing. There were three races on the card for harness horses and one run. The Battalion Band under the leadership of John Low provided music for the meeting. This being a half holiday the grandstand, paddock and all available space was taken up with one of the biggest crowds yet seen at the races.

The 15 trot was the stake event for the day, and had only four starters. Larabee Gyp, in the stable of E. A. Sunderland of Lebanon, and Scientia were split favorites in the betting for the heat, the former winning the first two heats apparently quite easy. Silver Tail was placed second in the betting for the second heat, but the Sunderland horse stood a great drive thru the stretch and finished in front. In the third heat Scientia came strong race thru the stretch and nipped Larabee Gyp at the wire. He won the next two heats and the race handsly. Silver Tail, owned by Jimmie Nesbit, went one of the best race of his career. Although finishing third she was right in the bunch each time.

Geo. Gray of Picton was a much pleased man when his horse, Adrian Pointer, driven by Gordon Knowles, won a good race from a field of 10 horses, winning with lots in reserve every heat. Owner Gray was complimented by his many friends on the victory, this being his first win in the betting for the season. Much credit is due Gordon Knowles, as he has trained and raced this horse to victory. The Sunderland horse was easy for the Ottawa-owned horse, Capt. Larabee. He won in straight heats and was at no time in trouble. The summary:

FIRST RACE—Central Hotel Stake, \$1000, for 2 1/2 trotters.

COSGRAVES (CHILL-PROOF) PALE ALE

The Beer That Never Pours Flat

Temperature plays an important part in the life of most beers. But this is not so with Cosgraves (chill-proof) Pale Ale. You can pack it in ice until it's as cold as you like—and when the bottle is open "Cosgraves" still retains its sparkle and brilliancy. This condition is not an accident. It's the result of care in brewing and quality of materials.

Remember this when ordering and ask for

Newark Defeats Montreal Scoring 1 Run in 15 Innings

NEWARK INDIANS WIN REMARKABLE GAME

Montreal Royals Lose Pitching Duel Between Smith and Aitchison.

IN FOURTEEN INNINGS

Manager Smith, Pinch Hitter, Sends in Only Run of the Game With a Bunt.

NEWARK, June 25.—In a heart-breaking fourteen-innings game between the Indians and Montreal Royals here today, the locals won by the score of 1 to 0. The game developed into a pitching duel, with Aitchison and Smith as the principals, and the former came out on top. Tooley led the assault in the fourteenth inning that produced the run which gave the locals the victory. He singled to centre, was sacrificed to second by Getz, and advanced to third on Higgins' infield hit. Home Run, Bases Full Wins For Senators

BRANTFORD, June 25.—(Special)—Dolan's home run with the bases full broke up today's game in the eighth, Ottawa winning, 6-4. It was a game full of sensations. The game threatened to break up in a riot any minute, Davis having all kinds of trouble with both sides. Score: Ottawa—A. B. R. H. O. A. E. Berlin Drops Last Of Series to Petes

PETERBORO, June 25.—The Berliners dropped the last of the series here today, as the Petes by all round good work won by 5 to 1. Rowan scored in the third on his own single and Hillard's double and Hillard's double hit in two runs in the fifth. Brent, who walked, scored in the seventh on Rowan's double and McEvoy's bad throw home. Auld's double, Burns' single and an infield out gave Auld the only run for Berlin. Schrage and Thompson joined the Petes and fielded faultlessly.

COCKNEYS BEAT SAINTS Star Pitching by Heck

ST. THOMAS, June 25.—London won by the great bow work of their star twirler, Heck, here today by the score of 4 to 1. They only secured two hits off Wild Bill Baker, the local team, but these, including a sacrifice, passed for nothing. The cockneys, however, passed the long end of the score. Fine field work by Bierbauer and the hitting of Eddie Wright featured.

GOULAIT COULD NOT RETIRE GRAYS J. LUSH RUSHED TO THE RESCUE

Presidents Barrow and McCaffery Saw Leafs Humiliated in First Innings Before Sparse Crowd in Chilly Weather.

PROVIDENCE, June 25.—(Special).—With President McCaffery of the Toronto and President Barrow of the International League looking on from seats in the grand stand, and 800 shivering spectators scattered around the grounds, Providence defeated Toronto, 7 to 3, in the fourth game of the series, today, afternoon. Barring the fatal first innings, when the locals stowed the game safely away by some terrific hitting, for which Goulaite was the goat, the visitors played the better ball of the two, and were dangerous at every stage of the journey, despite the long lead. Laffitte was wild and in the hole the greater part of the time, almost every man up getting three balls. He was lucky, however, in getting the third man in a half-dozen cases, Mitchell especially, who, by the way, is playing the best game in the outfield of any man who has pitched for the locals since Goulaite was in the wind cast, but only one counted in the scoring, and reasoning intended for three-baggers, Laffitte passed six men. Goulaite continued, Captain Bradley sent Lush down to warm up, and after six runs had gone over the stocky southpaw, Lush went into the machinery of the merry-go-round, however, and from that time to the finish had the Grays eating out of his hand.

JERSEY CITY, June 25.—Rochester pounded out a victory over Jersey City today, 3 to 2. Until the ninth frame the Hustlers had the Skeeters shut out, but Schlafly's men flashed another of their batting rallies, with four hits in a row, earning two runs, the substitution of Wilhelm in place of Quinn saving the bases for the Gansettes. Gallia, who relieved Johnson, was hammered all over the lot. The locals hit Bush safely in but two innings. BALTIMORE, June 25.—The Orioles and Bisons split even in a double-header here this afternoon, the locals taking the initial encounter, 1 to 0, the second contest being won by Buffalo, 7 to 1. Cooper's single, Corcoran's sacrifice and Twombly's hit were responsible for the only tally of the first game.
