Banks Bank at Using Government Aid to Finance Business

In the United States the banks are withholding assistance to business to the end, so it is charged, that they might run up the rate of interest. The leading paper in the United States is The New York World, and it often speaks for the Wilson administration. The attention of the president and his colleagues has been called to the fact that the banks are not affording relief to business at the present time; and Mr. McAdoo, the secretary of the treasury, has intimated to the banks that if they are not more disposed to let out money to help along business he will be forced to do something, and he says what he has ever one hundred millions of government funds on deposit with various banks of the United States, and this money he placed there so that the banks might aid customers. He has told the banks that he will withdraw the money from any bank or all the banks if it is shown to him that they refuse to assist business now more or less dislocated by the great European war. He has also intimated that banks who do not relieve their customers will be deprived of the right of excess circulation. Here is a clear-cut assumption by the government of the United States to direct the banking and currency of the country. It has come too soon. Here is the pointed way in which The World deals with the matter:

THEIR LAST INNINGS.

National bankers who have acted on the theory that emergency currency has been issued for their profit alone will do well to heed Secretary McAdoo's warning to the contrary. Emergency currency is issued for the relief of the people at times when for any reason financial stringency was prevalent. It has happened more than once that what is called a scarcity of money was due to the position taken by some, if not all bankers. There is more than one way to hoard money. It is hoarded when it is locked up in safe deposit vaults. It is hoarded when loans are called arbitrarily. It is hoarded when there is a general unwillingness to lend. The deposit of public funds in banks and the issue of emergency notes are wholly within the discretion of the secretary of the treasury. In both cases he acts in behalf of the people. If through the greed of bankers the currency thus put into circulation and the credit thus made available are to be cornered, it is idle to place any dependence upon temporary measures of relief which in other countries work to perfection.

Irritating as the attitude assumed by many bankers has been, it serves a useful purpose in proving anew the wisdom of the new federal reserve banking and currency system. When that goes into operation a few weeks hence, there will be no further monopolization of money and credit in the United States. Those who are playing the old game now are positively having their last innings.

What The New York Herald says our neighbors can be said with much more force of the Canadian banks who have failed to take advantage of the facilities placed at their disposal by parliament for "financing business," to use the pointed phrase of Lloyd George. In fact, the governments of England, of the United States and of Canada have been more than willing to help to finance business and have put means at the disposal of the banks of their respective countries; but have in each case found banks not disposed to do what the governments thought they should do. What happened in the United States was that before the half a billion of emergency currency in a way that was not necessary, therefore, to stimulate and improve business should be at the present time the chief object of governments, both municipal, provincial and federal.

Means by which this end can be accomplished are many, and he would be a bold man who would undertake to say which would be the most effective and suitable. The Dominion Government has already recognized this, as is shown by the steps it took to strengthen the position of the banks, with the intention of using the banks to extend assistance to the people of the country. The government of Great Britain has taken just that step. In Britain it was not necessary or desirable to use the banks for the purpose, and so it was done direct. In Canada the attempt has been made to use the banks, and we do not believe there is anyone, save the bankers themselves, who will say the attempt has been successful.

Our minister of finance should assume the same leadership of the nation's financing as did George and McAdoo and tell the banks what they must do. He may not have the direct jurisdiction, but he has the power to do it. Be a McAdoo and be a Lloyd George.

Coming back more specifically to the bank situation in Canada as illustrated by the bank statement up to the end of August, we find that the call loans outside of Canada were reduced by something like \$25,000,000 in that month, and this covers about the last ten days of the month and includes the time when the stock exchange closed down in New York. There was therefore left about \$100,000,000 of Canadian money on call loans on Sept. 1, and the public will wait patiently to hear how much of this \$100,000,000 has been collected during the present month. There is no doubt that the banks are trying to get it in, and they told the Canadian public they could get it in at any time they called it. As money is badly needed in Canada at the present moment, it is to be hoped that most of the \$100,000,000 is now in hand, especially as it is made up of the savings of the Canadian people, and would be most efficient at this moment in helping along the needs of the business of our country. Our farmers and those of the general public who are regular customers of the Canadian banks.

The figures also show an increased issue of bank notes to the extent of \$50,000,000, and this amount would raise the total issue to about the legal limit and make no encroachment on the excess issue, as authorized by parliament. It may be, however, that the September returns will show that the banks have availed themselves somewhat of the excess issue.

GERMAN CONTEST GETS THREE WEEKS IN JAIL

LONDON, Sept. 24.—5.02 p.m.—Baroness Marie von Neuberg was sentenced by a London police court magistrate today to imprisonment for three weeks for failing to register as an alien enemy. The baroness said her husband is the general commanding the 8th German army corps while her son is a member of the officers' training corps at the Westminster school. The baroness for years kept a private hotel in the Bloomsbury district.

CARRANZA AND VILLA CONCENTRATE FORCES

WASHINGTON, Sept. 24.—Advices to the war department today said Carranza was concentrating his forces at Zacatecas and Villa's army was gathering at Torreon. Railroad communication between these points has been severed.

AUSTRIANS HAVE CHOLERA.

LONDON, Sept. 24.—Official confirmation has reached London of the appearance of cholera in the Austrian army. According to this intelligence it is admitted that there are nine cases of cholera among Austrian wounded sent back from the front.

COUNCIL MUST DECIDE

If Toronto's city council votes "yes" today, every one of the 2500 men from here now enlisted for service overseas will be insured for \$1000. Late yesterday Controller McCarthy met the patriotic fund finance committee and this plan will come before the council today for ratification.

Each policy for \$1000 will cost Toronto \$42 for one year; thus the total cost to the city will be \$100,000 for one year.

Queries have come from Valcartier, especially from married men, asking if the insurance plan is desirable when the men enlisted it seemed very likely that the city would insure them.

All depends on how the council votes today.

ALLIES ADVANCED, PERONNE SEIZED

French War Office Reports Progress Between Somme and Oise.

NO CHANGE IN CENTRE

Enemy Continues to Hold Important Bodies of Men on Aisne.

PARIS, Sept. 24.—(2.56 p.m.)—The following official announcement was made in Paris this afternoon: "First—On our left wing, between the River Somme and the River Oise, our troops have advanced in the direction of Roye. A detachment occupied Peronne, and held this position in spite of a spirited attack on the part of the enemy. Between the River Oise and the River Aisne, the enemy continues to maintain important bodies of troops, well entrenched. We have made a slight advance to the northwest of Berry-au-Bac.

"Second—On the centre, between Rheims and the Argonne district, the situation shows no change. To the east of the Argonne and on the heights of the Meuse, the enemy has continued his attacks, delivering them with special violence. The fighting continues, accompanied by alternate retirements at certain points and advances at others.

"On our right wing there has been no change of importance.

"In the region of Nancy and in the Vosges, certain detachments of the enemy have again attempted to enter upon French soil, driving back light covering bodies of our troops, but their offensive was soon stopped.

"In Galicia, the Russians, having taken possession of Jaroslavl, are completely investing Przemysl and continuing their offensive movement on Cracow."

OFFICIAL CONFIRMATION.

LONDON, Sept. 24.—It is announced officially from The Hague that the British survivors of the cruisers Aboukir, Cressy, and Hogue lost in the North Sea, who are being held by the Netherlands Government, will be released and sent home. Their internment is contrary to the Hague convention.

ARRANGING FOR LOAN

Villa Expects to Get Large Amount From American Capitalists.

Special to The Toronto World. CHIHUAHUA, Mexico, Sept. 2.—General Francisco Villa ordered today the mobilization of 25,000 troops of the Constitutional army of the north at Torreon, where he expects to withdraw an attack by 10,000 Carranzista troops, said to be coming up from southern Mexico by way of Aguas Calientes.

General Felipe Angeles, Villa's chief lieutenant and commander of the rebel artillery, has been placed in charge of the Torreon forces and will command them in the first battle of the new revolution now impending.

Carranza Must Go. "Carranza must go and go quickly," said Villa today in commenting on his proclamation to flee. "I have declared hostilities on him and I am prepared to fight until he is forced to flee from Mexico, just as Huerta was compelled to flee. This will not take long, as I expect to push the campaign I have inaugurated with all possible speed."

Villa expects that the states of Zacatecas, Sonora, Chihuahua and part of Coahuila will support him, and he declared today additional aid will come from the states of Durango, Sinaloa and Aguascalientes.

Negotiating for Loan. Negotiations for an immense loan from American capitalists are said to be in progress, and if the transaction is successful Villa will have a large fund. He has been recruiting heavily of late and has been replenishing his ammunition supply. General Alvarez Obregon, Carranza's personal military leader, who was arrested by Villa recently, precipitating the crisis, has been released. Villa has permitted Obregon to return south and lead the Carranzistas against the Villistas. Obregon is enroute to El Paso and from there will go to Mexico City.

GERMANS SUFFER DEFEAT AT SUBIR

Russians Re-Enter East Prussia, Occupying Soldau—Enemy in Flight.

LONDON, Sept. 24.—(3.35 a.m.)—The Paris Matin prints a despatch from Petrograd, stating that the Germans, who drove Gen. Rennenkampf back into Russia, are reported to have suffered a great defeat at Subir. The Russians have reoccupied Soldau in East Prussia, on the Polish frontier. It is stated that the Germans are evacuating East Prussia to reinforce the line from Thorn, in West Prussia, on the border of Poland, to Kalisz, a town in Russian Poland.

Special to The Toronto World. BERLIN, Sept. 24.—(By Wire.)—German successes on the centre of the battle line in France are claimed by the official war bulletins which declare that the heavy artillery of the North Sea, who are being held by the Netherlands Government, will be released and sent home. Their internment is contrary to the Hague convention.

The Wolff bureau publishes a statement alleging outrages committed by French military bicyclists in charge of an officer of wounded soldiers in two Red Cross motor cars near Bethencourt. One was successful in effecting an escape, while the other was killed and the rest were killed and looted by the bicyclists. The German press cites the case as another proof of the barbarous treatment suffered by German soldiers at the hands of the French.

The submarine U-9, in charge of Lieut.-Commander Weddigen, escaped unharmed after sinking the British cruisers Aboukir, Cressy and Hogue. Every member of the crew was given the Iron Cross for their deed.

GERMAN OFFICIAL REPORT.

LONDON, Sept. 24, 2 p.m.—The correspondent of the Reuter Telegram Company at Berlin, in a despatch reaching here by way of Amsterdam, transmits the following report given out at the German army headquarters. This announcement is dated Sept. 23, evening, and is as follows:

"The right wing of the German west army, beyond the River Oise, has been engaged in battle with the French, who tried unsuccessfully to envelop it. The result was that the Argonne forest, where there were no important engagements took place.

"To the east of the Argonne region, Varennes was captured in the course of the day, and the attack is proceeding.

"German troops attacking the French forts south of Verdun victoriously repulsed a violent counter attack made by Verdun, Tou and across the River Meuse. The heavy artillery used against Verdun, Les Paroches, Camp des Romains and Luneville was visibly successful.

"In French Lorraine and on the Alsace frontier French advance guards have at some points been repulsed. There has been no decisive action at any point."

HOSPITAL SHIP ARRIVES.

FALMOUTH, Sept. 24.—The American Red Cross hospital ship, which sailed from New York, September 13, arrived at Falmouth this afternoon. The Red Cross hospital ship, the Hamburg, a German line. She sailed on this trip under command of Captain Rust and has on board 150 nurses, 30 surgeons and immense stores of anaesthetics and medical supplies.

BRITISH TROOPS LANDED.

TOKIO, Sept. 24.—The war office makes the official announcement that British troops, under Brigadier-General Sir Bernard Freyberg, commander of the North China forces, landed on Sept. 23 in the neighborhood of Loashan Bay to participate in the movements against the Germans at Tsingtau.

TRAWLER SUNK BY MINE.

LONDON, Sept. 24.—(1.53 p.m.)—Another Grimby trawler was blown up by a mine yesterday in the North Sea. The vessel remained afloat ten minutes, which enabled all the members of the crew to escape except one deckhand, who was killed by falling debris.

LABOR CONDITIONS BEGIN TO IMPROVE

Ottawa Finds Number of Unemployed About Normal—Situation Relieved by Cessation of Immigration—Room for Workers in New Areas for Farming Opened by Government.

By a Staff Reporter.

OTTAWA, Ont., Sept. 24.—"There are good grounds for taking an optimistic view of the labor and industrial situation" was the comment of the labor department today when questioned if there was any change in the outlook during the last few weeks.

At the end of August as the Labor Gazette published today stated, the view was that "the coming winter was likely to be a hard one for the large number of unemployed" although there was "a general feeling of confidence in Canadian ability to weather the industrial storm."

Conditions Much Better. Already says the department today, a much better condition prevails, and not too much faith should be placed in statements which are being made regarding the number of unemployed in Canada. Most of these statements are exaggerated.

The number of unemployed is regarded as just about normal, and although the business depression which would have been expected to create a larger number of unemployed than usual, several causes have contributed to relieve the situation.

Decrease of Immigration. The chief of these causes is the decrease in immigration. Had the rate of immigration which characterized the first few months of the last fiscal year been maintained, there would have been a new population of half a million to provide for, but immigration dwindled since last December, and since the war began it has dropped practically to nothing. There is therefore no influx of people from outside of Canada seeking work as has been the case for many years.

The filling of the ranks of the overseas force has also had some effect in reducing the demand for work. The places of these men in the industrial field have to be filled by others.

Activity in Farming. There is great activity in agriculture owing to the increased demand for foodstuffs, and the efforts of the federal and provincial governments in opening up new areas for cultivation have given employment.

In the industrial world there is marked activity in several lines with the result that more men are employed in several spheres of labor than usual at this time of the year.

Public Works For Winter. In public works the government will make an effort to find employment for those men who are as a rule laid off during the winter months when certain work is at a standstill.

Although, says the department, the outlook is very much brighter than it was at the end of August and there is no need to be pessimistic. The labor department is thoroly in touch with the industrial situation. Weekly reports, instead of monthly, as formerly, are being received from its correspondents, so that the department is enabled to keep abreast of developments week by week.

MANAGEMENT COMMITTEE JUSTIFIES HAGARTY, WHO NOW WANTS ACTION TAKEN

Resolution Expressing Resentment at Attitude of University Professors Passed With Enthusiasm - Criticism Leveled at Night Schools.

The whole-hearted and enthusiastic way in which Principal Hagarty of Harbord Collegiate was backed up and endorsed on account of his recent patriotic speech to the pupils was a feature of the meeting of the management committee of the board of education yesterday.

The letter from Professor Squibb, J. H. Cameron, R. Davidson, F. B. Allan, H. J. Burtie and A. B. Macalium, in which Principal Hagarty was censured for "the harassment to his pupils" was read to the committee.

Justice Shaw moved:

"That while it may be true that Principal Hagarty used strong language in addressing his pupils, we commend him for the words he used to impress upon them the principles of loyalty and devotion to the empire, and that we resent the criticism contained in the communication."

This was passed cheerfully and with enthusiasm. Chairman McTaggart declared "That the public schools are the proper place to teach loyalty, and that the board wouldn't allow itself to be governed by representatives of a country with which Canada was at war. If positions were reversed, and the professors were English ones in Germany, they wouldn't live very long."

Principal Hagarty was told that he would be lowering himself if he made a speech to the committee defending his course, but that it would be all right to attend the board meeting. He said that he would be glad to have action be taken against the professors.

It was decided, on motion of Trustee Fairbairn that copies of the governmental white paper on the subject with the war will be sent to all the public and high school teachers in the city.

Need Keying Up.
Trustee Shaw criticized the way the night schools were being run. He said things needed keying up, that the principal of each school should be responsible for the night work.

Trustee Hopkins favored an entirely separate night school staff. It was decided to have the night school committee—Steele, Hopkins and McTaggart—investigate the situation.

Form Junior Cadets.
On recommendation of the cadet committee, it was decided to establish junior cadet companies in all schools where possible; to place gallery ranges in the schools, the government to supply the targets, guns and ammunition; to devote an hour each week for drill, and to transfer Cadet

Co. No. 2 from Dawson to McMurrich school.

The suggestion that the cadet movement be extended to all the high schools in the city, corps to be formed in all of them and equipment provided, was passed, but this will require an amount of money available in 1915.

The employment of night school teachers who can speak Yiddish and English in McCaul, Ogden and Hester High schools three nights a week was moved by Trustee Vokes, and urged by Rabbi Pries and Louis Burofski, who addressed the committee. The motion was carried.

Additional Teachers.
The request for two additional teachers for Oakwood Collegiate and one for the new school at Riverdale was granted.

A motion to provide additional rooms for the following schools was carried: Carleton school, two rooms; Queen Victoria school, shed; Clinton one room; Bedford Park, portable; Mackville, one room; John Fisher, one; Manning, two; Ryerson, one; Earl Grey, one; St. Andrew, three; Pauline, Essex and Alexandra, kindergartens; Dovercourt, one room; Williamson road, four rooms.

The recommendations of the sub-committee on medical inspection were passed, as follows:

That Dr. Tanner, Dr. Carruth and Dr. Zimmerman be appointed to the staff.

That consideration of Dr. Steele's motion that the education department be asked to recognize the chief medical inspector as a regular inspector, under the same regulations as other inspectors, be held in abeyance until the government issues the regulations governing medical inspection of schools.

Dr. Conboy, who attended an international educationist convention at St. Paul as the representative of the board, presented a report to the committee, and said he would move as follows at the meeting next Thursday:

"That the board of education engage a competent psychologist to have charge of the examination of mentally defective backward children be organized at convenient city centres; that a special school be established outside the city for the very backward children (mental age of eight or higher), where a sufficient amount of land could be secured at reasonable price. About 500 acres would be required. The cost of the buildings would be \$900 per capita, if there were 500 inmates."

BY THE WAY

It is folly for Germans living in our midst to protest against the feeling extant in this country unfavorable to the cause of Germany in the present criminal war aggression. In defence, it is said that news from Germany giving its version of what has happened, cannot come true, and that is why one-sided stories appear. But granting that Germany had the censorship despatches, that it could tell a different story, we believe that the opinion of Canada would remain the same. If it is true that all Germany as a man stands behind the Kaiser, then the condemnation of the Kaiser has extended to include also his supporters.

Germany, thru its Kaiser, with or without the consent of the German people, precipitated the present world conflict. For all this bloodshed, for the suffering of millions of people, for replacing the ideals of peace with the ideals of war, the Kaiser himself is responsible. And as the criminal provoker of the world catastrophe, Kaiser Wilhelm stands condemned, and is receiving what is his due in the voices of public opinion in this and other countries.

Had Germany accepted England's offer to submit the issue between Austria and Serbia to arbitration, the conflict would have been avoided. The Kaiser refused to arbitrate. His refusal was a declaration of war, and was a piece of diplomatic duplicity for Germany to charge Russia with mobilizing while its determination to provoke a war had been expressed openly by consenting to the Austro-Serbian combat. And what need is there for this duplicity when all the world knows that Germany had been preparing for war for months, for years? Its plans were made. The attack on Belgium was conceived years before August, 1914. Under such conditions it is a burlesque of rationality to claim that because Russia moved toward its frontier (which it has not yet reached) Germany was provoked to take up arms! The war was premeditated by Germany. It depended upon the neutrality of Belgium. It counted on making it worth England's while to remain neutral, and it hoped first to silence France by an overwhelming attack which would paralyze its memory of Alsace and then with Austria and Italy it could move against Serbia and thus against Russia.

These sanguinary plans, involving the death of hundreds of thousands of human beings, the ruin of hundreds of thousands of families, the destruction of the world's commerce, were formulated and set in motion by a curfew of war maniacs who reached the Kaiser, as if these hundreds of thousands of men and women were pawns in a chess game. The strategists were men of cold intellect, not men of religion, not men of ideals, with humane instincts. And what are they proposing to fight about? Commercial advantages? Yes, commercial advantages, but disguised as a struggle between the Teutons and the Slavs. A fantastic theory, which if it had any truth in it works without being provoked by the conscious prediction of the atoms composing the groups, but which, in fact, is manufactured merely to cloak the predatory instincts of the involved.

If there is any conflict between Slavs and Teuton, let it be fought out in terms of peace. German efficiency and culture need no armies to give them an advantage. To defend Teutonic culture against the wrongful aggression of the Slavs would be justified; but

what right has Germany to say that the Slavs in the Balkans shall give way to German culture, and the Slavs must be forced to abdicate? No nation has any moral right to impose its culture, government, or its religion upon another nation. To claim that its existence is menaced by the existence of another culture, is merely to state, in other terms, the animating motive of barbarism. No culture is depreciated in value because another culture flourishes.

The attempt to create feeling against the cause of the Slavs by pointing to Russia is doomed to failure. No matter how contemptible Russia has been in its treatment of the foreigner, it is not the aggressor in this fight, and it could have been rendered innocuous had Germany been willing to forego the pleasure of a conflict. Certainly when it is a question of extending the power of the decrepit anachronism known as the dual monarchy, which is neither Teuton nor Slav, Russia has some rights in the matter. But the aggressor in this fight, and it could have been rendered innocuous had Germany been willing to forego the pleasure of a conflict. Bright Outlook For Penman Mills
(Special Correspondence.)
MONCTON, N.B., Sept. 23.—General Manager Bonner, of Penman's Limited, manufacturers of hosiery, underwear, blankets, etc., is of opinion that industrial conditions treated by the war will stimulate activity in the ten mills operated by the company. In a general summary of the situation, Mr. Bonner said that the prospects for the hosiery business look bright. The fact that the German and Austrian competition being cut off is bound to make a very noticeable increase in the demand is holding steadily, compared with what it has been for the past eight months. Of course, the demand is still below what it has been in previous years, but we do not anticipate any further falling off.

There are 2,300 employees in the ten mills of Penman's Limited, and these employees are assured of continued employment. If the export demand for hosiery continues, as it is likely to, the staff in the hosiery department will have to be increased. The continued operation of the ten mills will mean the circulation of a million dollars a year in wages to Canadian employees. It will mean much more than that, as the finished product of a year's operation of the ten mills is worth \$4,500,000, and much of the difference between that amount and the payroll of \$1,000,000 will be spent in the purchase of raw material, in factory supplies, in freight, cartage and other necessities.

BELGIAN DELEGATES HERE NEXT WEEK
Public Reception on Large Scale is Probable.

Belgium's representatives sent to Washington to lodge protest against German vandalism in their country will be in Toronto next week. They are now in Montreal, and at yesterday's board of control meeting an invitation was drafted to them.

A public reception on a large scale of the Slavs would be justified; but

MAYOR PROMISES WORD STATEMENT

Will Discuss Situation at Postponed Council Meeting This Morning.

HOT ARGUMENT LIKELY

"Wobbling" is How Controller Church Describes Commission's Course.

Controller Thomas L. Church has galloped into the limelight again. For several weeks he has not been seen attending to the city's affairs in the council chamber but at this morning's meeting he threatens to have much to say.

"P. W. Ellis, Mr. Black and Mayor Hocken have wobbled all over the lot on the question of rate reduction," he is quoted as saying. "But from statements by the mayor and by Engineer Couzens it seems very much as if they had refused to 'wobble' despite all the jostling their critics have done. It is very plain that they have refused to make a step toward rate reduction until they ascertain if such a move is in accord with Toronto people's interests."

Here is one statement by Engineer Couzens yesterday to The World. "I would like to see rate reduction. It will mean more business for the city. But what the Toronto commission has insisted on first knowing is—can the provincial commission's rate reduction order be followed and Toronto's business remain sound? It was apparent from the engineer's statements that the Toronto commission did not intend to decide either for or against reduction until it had all the facts and figures.

Agreement Likely.
And these facts are now being gathered. They will be ready probably within two weeks. Mayor Hocken stated that a unit cost system was being established. Since New Year's men had been at work on it. For some time Mr. Conboy, for the provincial, and Engineer Couzens, for the Toronto commission, have been busy directing the work. It is on these facts and not on personal opinion—opinion to council this morning in his decision. In all likelihood an agreement will be reached in two weeks.

Controller Church may or may not have known it when he talked today to such a great length yesterday but Mayor Hocken purposes to make a statement of the Toronto hydro affairs to council this morning. It is expected to show that the Toronto commission had exercised ordinary business precaution and looked before leaping.

TWO PARADES TONIGHT

Thirty-Sixth Peel and G.C.B. G. Will March - News of Militia.

The Governor-General's Bodyguards, 250 strong, are slated to camp at Stanley Barracks over Saturday and Sunday. Already 150 men are encamped there, and the 150 more are to go there Saturday. A full strength parade is to be held from the armories tonight.

Collegiate Cadets.
Cadet corps will be formed in all the high and technical schools in Toronto. At present regular corps exist in Parkdale, Harbord and Jarvis Collegiate schools. Owing to the large number of aspirants at Harbord Collegiate it is likely that two companies will be formed there. Oakwood has the largest number of recruits, the total being 150.

TO RELEASE RUSSIAN HELD AT FORT HENRY

KINGSTON, Sept. 24.—Orders were received from the militia department today to release on parole from Fort Henry the young Russian interned for the full strength of the organization composing it will be inspected. The inspecting party will consist of General Officer, colonel-in-chief; General Leslie, colonel; William Meredith, major; Sir Edmund Osler, Sir D. Mann, Archdeacon Cody, Cawthra Mulock, W. K. McNaught, W. S. Dinick, W. K. Gault, J. E. Clarke, K.C., H. C. Fortier, W. H. Fairbairn, and Mayor Hocken.

Offered Exhibition Park.
Mayor Hocken returned from Ottawa yesterday where he, besides attending the Methodist Conference, made a formal offer to the militia department of the use of the Exhibition grounds and buildings for housing the troops. At the mayor pointed out this would be a good thing for Toronto, as the location of 20,000 troops here would open up new business for merchant supply houses. Also, the sum of \$1.10 a day of the soldiers would be largely spent in Toronto.

Insurance Rifle Club.
The first meeting of the newly-formed Rifle Club, under Capt. J. F. Weston, general manager of the Imperial Life Assurance Co., was held in the armories yesterday afternoon and was very largely attended, about 120 being present, including a number of managers and other prominent officials of the various companies. The squad was drilled by Staff-Sergeant Wright and the results exceeded expectations. The ranges were in charge of Staff-Sergeant Medford and Colour-Sergeant Bullock and the scores aggregating 2 out of a possible 25. The next meeting will take place in the armories Tuesday afternoon at 4.45. On Wednesday afternoon the club will shoot at Long Branch. Considerable enthusiasm is being shown by the insurance men in the club, and plans are now being laid which will shoot at Long Branch in a short time result in the club becoming a most efficient unit.

The officers are: J. F. Weston, Imperial Life, captain; Alfred Wright, London and Lancashire, treasurer; W. Kerr, Canada Life, secretary; A. M. Kirkpatrick, Aetna; J. B. Laird, law, Norwich Union; Percy Quinn, Royal, C. S. Wainwright, Western; C. E. Withers, Dominion of Canada Accident, and C. W. I. Woodland, Employers' Liability, committee.

Last night's parade of the Royal Grenadiers at the armories was not only the largest since the first detachment left for Valcartier, but the most enthusiastic was above the average, some of the scores aggregating 2 out of a possible 25. The next meeting will take place in the armories Tuesday afternoon at 4.45. On Wednesday afternoon the club will shoot at Long Branch. Considerable enthusiasm is being shown by the insurance men in the club, and plans are now being laid which will shoot at Long Branch in a short time result in the club becoming a most efficient unit.

SENT CAP TO EACH ROYAL GRENADEER

Regimental Chapter, I.O.D.E., Report Many Have Received Wristlets as Well.

HOME COOKING BAZAAR

Beaches Branch of Red Cross Will Conduct Sale Tomorrow Afternoon.

The Grenadiers at Valcartier have been well provided for. Mrs. Hunter, regent of the Grenadier Chapter, I.O.D.E., gave a full report yesterday afternoon at the regular meeting, held in the Armories, of the provisions sent down, and stated that every member of the chapter had been supplied with a cap and most with wristlets. The women have been working gallantly to supply the necessities to their husbands and brothers at camp, and are now eagerly joining the sewing circle in connection with their chapter to supply clothing to needy wives and children left at home.

In response to Mrs. Gooderham's plea, it was decided to hold the sewing circle every Wednesday afternoon at St. James' Parish Hall at 2.30. Mrs. Gooderham explained that everything the women undertook this winter would be for patriotic motive, and that those aided were not receiving charity, only their dues while their husbands were serving the empire. "This is to be a year of service, and we must give, not get," said the president.

As Mrs. Surplis has been made assistant secretary, Mrs. Cox was voted to the office of secretary.

From Girls and Boys.
The North Toronto W.C.T.U. will hold a meeting in Eglinton Methodist Church this afternoon at 3 o'clock. The Friends of the Philistine Club of Parkdale Methodist Church will, with the boys of the brotherhood to present Mr. F. Hardman with a soldier's kit. Cooks will read an address and Miss Cooke will present the presentation. The club is still working on the Red Cross supplies, and contributions will be gratefully received by the treasurer, Miss Furse, 10 Hayward avenue.

On Thursday afternoon and evening, November 12, Corinthian Chapter, S.O.E., will hold a bazaar the proceeds of which will go to the war fund. Members and friends who can be responsible for any number of articles are requested to communicate with the captains of the booths as soon as possible to make arrangements. Mrs. J. H. Dodgson, 33 Constance street; caps and aprons, Mrs. H. Fowler, 22 Ossington avenue; pickles and fruits, Mrs. W. W. Anderson, 132 Close avenue; home-made bread, Mrs. Abernethy, 31 McMurray avenue; groceries, Mrs. James Free, Mimico; candy, Mrs. Annetta Clark, 1733 Dundas street; fish, Mrs. J. M. Mains, 7 Willard apartments; tea, Mrs. Edwin Barry, 228 Dunn avenue.

Sell Home Cooking.
At Masonic Hall, Balsam avenue, tomorrow afternoon, from 2 to 6 o'clock local home-made cooking will be held in aid of the Red Cross Fund. Mrs. S. H. Warrin and Mrs. Caspar Clark, who are in charge, request that all those who can be of service to the cause of the Red Cross, and who are conducting the sale, have been increased owing to giving work to some of the unemployed and to the Red Cross.

The branch has already supplied 1000 articles and is anxious to make another donation. The returns of the Beaches branch of the Red Cross, who are conducting the sale, have been increased owing to giving work to some of the unemployed and to the Red Cross.

HELD AT BROCKVILLE ON BURGLARY CHARGE

Man Arrested Gave Winnipeg Address - Five Places Were Robbed.

Special to The Toronto World.
BROCKVILLE, Sept. 24.—In the arrest of a man giving the name of Joseph Johnston, 235 King street, Winnipeg, the authorities believe they have a daring burglar. No less than five business places were burglarized here during the night. The place entered were the barroom of the Centennial Hotel, two butcher shops, a clothing store and the office of a baking powder concern. Two valises filled with booty were expressed to Montreal by Johnston and another man before the police caught the former.

Johnston's hands were cut and bleeding when he was arrested, and examination of one of the places burglarized revealed the fact that an intruder cut himself and left tell-tale blood stains behind.

Inefficiency Charged Against Mimico School Grants May Be Stopped

"On account of its inefficiency" the board of control yesterday recommended that all payments to the Mimico Industrial School be stopped. There have been complaints lodged with the board of control at different times of trouble at the school, and now the expected that a legal dispute will ensue and the system in vogue at the school will be required into.

Mayor Hocken made the motion recommending that the grants be stopped. Superintendent Ferrier yesterday said that there was ground for an appeal of the school. The government inspector's report he considered excellent.

MISSIONARY SOCIETY HAS BIG BANK BALANCE

Methodist Annual Meeting Closed Yesterday—Japanese Interdenominational College Likely.

Yesterday brought to a close the thirty-third annual meeting of the board of managers of the Women's Missionary Society of the Methodist Church, which had been in session in Wesley Church, Dundas street, since Tuesday morning. The chair was taken through by Mrs. W. E. Ross, the president, who was assisted in her work by Mrs. Victoria, vice-president. Statistics were given by Mrs. N. A. Powell, showing 43,221 members of the auxiliaries, 840 circles of young ladies, 562 missionary bases, and a total of \$160,000.

A visitor from Japan, Rev. Mr. Hamamoto, gave an interesting talk on his native country. The work among the Chinese in Japan was explained by Miss Maggie Smith, of the Oriental home in that city.

Missionary addresses were given by Mrs. George Kerr and Mrs. Strachan. The financial report showed a balance of \$150,000. The work in Japan was explained by Miss Edith Campbell, who told of the work of an interdenominational college there.

THREE OUT OF FOUR APPEALS NOT GRANTED

In Eight Cases Roman Catholic Had Moved Since Sign Application.

The net result was that of the thirty appeals of the Separate School Board twenty six were won by the Public School Board. Thirteen appeals were properly signed, but as the appellants were properly signed by occupants in the houses some time before the court opened, and has since moved, it was thought by the chairman that the court's decision would be in favour of the Public School Board.

Yesterday's session dealing with school appeals, while not as hot as others, was no end of a round of confounding.

The net result was that of the thirty appeals of the Separate School Board twenty six were won by the Public School Board. Thirteen appeals were properly signed, but as the appellants were properly signed by occupants in the houses some time before the court opened, and has since moved, it was thought by the chairman that the court's decision would be in favour of the Public School Board.

ATTEMPT TO EXPEL HENRI BOURASSA

Utterances of Nationalist Chief offend Montreal Canadian Club Members.

MOTION OUT OF ORDER

Action Deferred to Give Him Chance of Defending Attitude.

Canadian Press Despatch. MONTREAL, Sept. 24.—An attempt was made this afternoon to expel Henri Bourassa, the Nationalist leader, from the Canadian Club at a banquet held in the Windsor Hotel, at which the Belgian delegation to President Wilson were present.

The resolution follows: "That this club regrets to feel that the spirit which prompted it to extend the honor of its membership to Henri Bourassa, one of the most eloquent of our French-Canadian orators, does not seem to have been either understood or appreciated by him, and that the club now feels in justice to those of our French and English fellow-members who believe in a united Canada, and who are loyally giving their time, their money and their lives in the service of their King and country, that the treasurer should return Mr. Bourassa his fees, expressing the hope that he will live long enough to realize that it means to be a true patriot and honored citizen."

The motion was cheered loudly by both French and English members. Because Mr. Bourassa had been given no opportunity to reply to the motion, and because no notice of it had been given, Dean Adams asked that the matter be referred to the executive, which was agreed to.

Cause of Trouble. The statement of Mr. Bourassa to which most exception is taken by his critics here appeared in Le Devoir, his organ, and follows:

"Canada, an irresponsible dependent of Great Britain, has no moral or constitutional obligation, nor any immediate interest in the present conflict. There are grave reasons for abstinence, and the future will demonstrate, and perhaps very bitterly, that its military intervention will be of little efficacy to the allies, but will have very disastrous consequences to itself."

However, Mr. Bourassa also contended in Le Devoir that it is Canada's national duty to contribute in the measure of its forces and of the means at its command to the triumph of the combined efforts of France and England, because of the ethical, social, intellectual and economic bindings which the Dominion to France and England. As a humane community and a developing nation, Canada could not rest indifferent to the European conflict.

MAY ARRANGE SUPPLY OF APPLES FOR CITY

Department of Agriculture is Considering Scheme to Help Distribution.

If a scheme now being mooted at the present time in the provincial department of agriculture can be worked out satisfactorily, great quantities of apples now going to waste in Ontario orchards will find their way to the tables of people who are undergoing privations because of war conditions. The high price of apples as a food, and the fact that this year is much heavier than the strained accommodation of the market can bear, have given rise to the suggestion.

Nine-tenths of All Stomach Trouble Said to Be Due to Acidity.

A Physician's Advice on Cause and Cure.

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to the changed condition of the stomach which in turn was due nine times out of ten to excessive acidity, commonly termed sour stomach or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers.

ANCIENT BRITISH FLAG RETURNED TO CANADA

Canadian Press Despatch. MONTREAL, Sept. 24.—A British flag, 140 years old, has just been presented to the Canadian Patriotic Fund by A. McO. Young, a British subject resident in Milwaukee, Wis. Mr. Young, who sent the flag to Sir Thomas Shaughnessy, writes that the flag was captured from the British at Detroit in 1774. It was raffled for in Milwaukee in 1864 and Mr. Young, determined to own the flag, bought nearly all the tickets. He won it and has now sent it to Canada to be disposed of in the best way for the fund.

NEW MARRIAGE ACT WORKS OUT WELL

Percentage of Marriages to Population at Border Points Decreasing.

ONTARIO STATISTICS

Ratio of Births Greater This Year — Tuberculosis Less Fatal.

The growth of Ontario's population from year to year may be seen reflected in the 44th annual report of the vital statistics issued by the registrar-general yesterday. A marked increase in births, marriages and deaths, is entered for the year ending December 31, 1913. 126,831 registrations being made, an increase of 5,968 over the preceding year.

The revision of the marriage act has caused a falling off in the number of unions, but it is stated that a beneficial effect has been produced. In spite of every effort being taken to keep the issuance of marriage licenses above reproach, mention is made of "the cupidity of certain issuers," and the warning is given that further violations will mean their dismissal.

CONSERVATIVES OF LEEDS ORGANIZE

Association Formed for New Riding — Officers Elected.

HON. MR. WHITE SPEAKS

Germany Deliberately Brought on War, He Declares — British Cause Righteous.

Special to The Toronto World.

BROCKVILLE, Ont., Sept. 24.—The organization meeting of the Conservatives of the new Dominion Riding of Leeds, which is now composed of the former ridings of South Leeds and Brockville, was held at Athens with a large attendance. Senator Taylor presided and the officers elected were: President, N. J. Skinner; vice-presidents, T. J. Storey and W. N. Bowen; secretary, H. A. Stewart, K.C.; treasurer, R. G. Leggett.

Hon. W. T. White Speaks

The principal address was delivered by Hon. W. T. White, minister of finance, the sitting member for the old riding of Leeds. His speech dealt almost exclusively with the war, and after a sketch of the events leading up to the conflict, summed up the situation by saying that Germany deliberately brought it on and that the present struggle was whether the soldier or the citizen should rule; whether autocracy or democracy, despotism or freedom should rule. It was the ruthless policy of Bismarck, without the brains of a Bismarck, to guide it. It was the knowledge that the cause of Britain was righteous which had accomplished the unity of the British Empire in such a spectacular way.

MANITOBA WILL BE POINT OF ATTACK

Intended Invasion of Eastern Canada by Illinois Manufacturers Abandoned.

A TURNING MOVEMENT

Articles in Chicago Newspaper Reveal Plan of General Business Staff.

The story of an invasion of Canada planned in Chicago and dropped after the interchange of diplomatic correspondence, and of a turning movement aimed at western Canada, is told in a series of articles which appeared in The Chicago Herald of recent dates.

The first hint of hostilities appeared in The Herald of Sept. 9, when it was announced that the Illinois Manufacturers' Association hoped to organize a commercial sortie into Canadian territory.

With Special Train. Stripped of its headlines the article is as follows: "A special train invasion of Canada by the Illinois Manufacturers' Association was suggested recently."

"The proposition has been laid before P. G. Morley, secretary of the Toronto Board of Trade. Secretary John M. Glenn yesterday wrote each member of the association as follows: "Will you join a trade investigating trip to Canada? A special train will be arranged if sufficient interest is manifested. Your present salesmen can sell goods in Canada. No foreign language is necessary. The trip will consume about a week's time."

"Canada imported from Great Britain more than \$189,464,000 worth of goods the last fiscal year. Its importations from Germany, France, Austria and Belgium amounted to \$25,771,000."

"The war has interfered seriously with Canada's trade," said Mr. Glenn, "and it is possible the manufacturers of the middle west may be able to supply some of the things the Dominion merchants lack. It would be to our mutual advantage if a delegation of Illinois manufacturers visited Toronto to discuss trade opportunities."

"Illinois Too Slow. Four days later the following article appeared in The Herald: "Meeting with a slight check in the projected invasion of eastern Canada, the commercial army of the Illinois Manufacturers' Association is planning a rapid flank movement to the western part of the Dominion, first moving on Winnipeg and other Manitoba points, thence throwing out lines of contact into Saskatchewan and Alberta."

"The censored report of the abandonment of the eastern Canadian sortie was given yesterday by Secretary John M. Glenn after receipt of dispatches from within the Canadian lines, the correspondent being F. G. Morley, secretary of the Toronto Board of Trade."

"Canadians Get Trade. From this source it was learned that the slowness with which the Illinois manufacturers' mobilization had taken place had given the Canadians an opportunity for the construction of vast defensive works and the installation of some heretofore unknown artillery, labeled 'Made in Canada.'"

"The eastern Canadians have also occupied all their own territory, and even hope to protect the American frontier in western Canada if the Illinois manufacturers will continue mobilizing and neglect forward marching."

"Our advisers are that an armistice will be respected by the Canadians if we establish ourselves there for the

FRIDAY MORNING, SEPT. 25.

What Have You Got?

Attention is called to the decision of the city council to send a deputation to New York and Pennsylvania to examine the municipal accounting departments in operation there by the Bureau of Municipal Research.

Accounting is one of the things that are learned very slowly, even by individuals. Most men, as long as they have money in their pockets, go on spending. One day they find that there is nothing more left to spend.

Very few men comparatively make out a budget for themselves and figure out all their probable expenses for a year ahead and their probable income and try to adjust the one to the other.

A city is made up out of all these classes of people. The city council is elected by the suffrages of all these classes. Most of the citizens do not make out budgets or do any figuring.

Naturally also it is defended and attacked by those who are interested in carrying on the government, quite apart from the merits of their policies. Out of all this we get such conditions as the citizens of Toronto live under.

Very slowly it advances to the stage where they take stock and draw up balance sheets and behave in financial matters as sensible business men do. Toronto is approaching the stage and is going deliberately about it.

The hydro-electric, for example, has been busy for months finding out what it costs to supply light and power to its customers. Some people who probably live from hand to mouth and do not know what they have or what they spend think this is not a wise idea and that it takes too long.

It is the wish of all business men in the city to have all the city departments placed in the same position. The deputation going to New York will report on the results attained there. If Toronto adopts the method, as it is hoped, then it will be possible for the officials, as the bureau of municipal research puts it:

- 1-To supply all information necessary to effective administration. 2-To maintain an adequate control of all city departments. 3-To issue balance sheets, with supporting detailed statements, in such form that the "man on the street" can understand.

The Cry for Peace. Naturally some irritation is caused by the peace meetings and peace petitions. The activity of the peace propagandist can result in little else at this time. The terms which most of

us take for granted the allies would insist upon, are terms which would scarcely be accepted by any country that had strength enough to resist. They would no doubt involve the loss of territory and the payment of a huge indemnity—perhaps the destruction of the Kiel Canal and the German fleet, and a limitation upon armaments and military preparations. In any event a treaty of peace to which all would agree at this time would be the merest truce.

However great the cost of life and treasure, public opinion in this country, we think, demands a clean-up of the European situation, which would place it beyond the power of Germany to threaten Europe again. We say Germany and not the Kaiser, because there is little analogy between the present situation and the situation at Waterloo. The Kaiser is not a military genius nor is his personality important. Were he killed tomorrow it would make no difference from a military standpoint, and no doubt his successor would carry out his policies.

Neither have the allies any intention of deposing one royal family and putting another in its place.

Hence it is inevitable that the fight must go on. When peace comes it will mean more changes in the life of the world than we are able to calculate. For one thing it will mean a tremendous demand for capital in Europe and a great decrease in the amount of British and other European capital available for the United States and South America.

The South American republics for a time, at least, will have to suspend construction works and other developments and endeavor to finance themselves with what assistance they can get from the United States. And the United States will have to institute some radical reforms.

Some of the peace meetings may be inspired by German sympathizers who hope to influence public opinion by representing the allies as occupying a bloodthirsty attitude; others may be influenced by sincere men and women who desire universal peace, while still others may be dominated by busy-bodies who embarrass the president and annoy everybody. Then the end of the war is earnestly desired by the ordinary business man in the United States, who thinks times will improve if peace is declared, and finally by the Wall Street operator and the high financier who foresees that a revolution must come in the United States which, if the war is not speedily terminated, will sweep him out of existence.

With an Ax. The United States senate this week reduced the annual appropriation for river and harbor improvements from \$53,000,000 to \$20,000,000. The bill as it passed the house of representatives appropriated \$43,000,000 and contained an innumerable list of items. The senate committee put on another \$10,000,000 and added a great many unimportant streams and harbors to those already provided for. The substitute bill wipes out all schedules and specifications and cuts down the amount appropriated by \$33,000,000. It provides:

"That the sum of \$20,000,000 be and the same hereby is appropriated out of any money in the treasury not otherwise appropriated to be immediately available and to be expended under the direction of the secretary of war and the supervision of the chief of engineers for the preservation and maintenance of existing rivers and harbors works and for the prosecution of such projects heretofore authorized as may be most desirable in the interests of commerce and navigation and the most economical and advantageous in the execution of the work."

The river and harbor bill, together with the public buildings bill, corresponds to our public works estimates and serves much the same purpose. They constitute what is known in United States politics as "the pork barrel." A great deal of useful public work is provided for, but numerous appropriations are made merely to strengthen members with their constituents. Undoubtedly in both countries a large amount of money is dribbled away in petty political jobs which should be conserved for truly national undertakings.

Placing the Blame. Now that the Kaiser is realizing in his own experience the truth, brought home innumerable times to the common people he ignores, except as food for powder, that "the best laid schemes of mice and men gang aft a-gley," he has disclosed his kinship to quite ordinary humanity by his readiness to transfer responsibility for failure to the shoulders of the officials who supplied him with what he wanted. For he and they were alike infatuated with the notion that Germany was destined to rule the world

COLONEL LOWTHER IMPROVES RAPIDLY

Wounded by Shell—Thoroughly Trained Men Needed to Fight Germans.

Canadian Associated Press Cable. LONDON, Sept. 24.—Colonel Lowther, ex-military secretary to the Duke of Connaught, who was wounded in the battle of the Aisne, is progressing satisfactorily at the American Hospital at Neuilly and hopes to be back in the thick of the fight shortly. Col. Lowther gives a graphic account of the battle and mentions that his own horse was killed under him. One piece of shell tore away one of his spurs, another inflicted a slight wound on the other foot and a third struck him on the chest. Col. Lowther emphasizes the fact that this is a far different affair from that in South Africa, that Germany's legions are thoroughly trained soldiers and need trained men to compete with them.

Lieut. Eustace Spread, graduate of the Royal Military College, Kingston, in his fourth epoch, which, it may seem strange, did not produce a single military genius of the first order. There can be no question that Larned's History of the World, now being distributed in the religious faith of Europe; and Shakespeare, perhaps the mightiest human intellect the world has ever seen. These are among the great names treated of by Larned in his fourth epoch, which, it may seem strange, did not produce a single military genius of the first order.

The So-Called Era of the Renaissance of History

Larned's division of all History into six great epochs is logical as well as interesting. His fourth epoch is one of the greatest of all historical eras, that of the great of olden times, appearing in the religious faith of Gutenberg, who discovered a new world; Copernicus, who first demonstrated that our earth was a satellite of the sun; and Galileo, who formulated the laws of their movements; Galileo, who anticipated the methods of modern science; Cervantes; who wrote one of the world's masterpieces; Raphael and Michael Angelo, who raised painting to a height not known before; Lavoisier, who founded the great order of the Jesuits; Luther, who wrought a change in the religious faith of Europe; and Shakespeare, perhaps the mightiest human intellect the world has ever seen. These are among the great names treated of by Larned in his fourth epoch, which, it may seem strange, did not produce a single military genius of the first order.

MRS. RYAN WINS CASE AGAINST CITY

Justice Middleton Refuses to Order Destruction of Apartment House. MUST PAY ALL COSTS

Building Does Not Violate By-Laws—No Good Order.

In the judgment handed out by Mr. Justice Middleton at Osgoode Hall yesterday concerning City of Toronto v. Ryan his lordship held that as Mrs. Ryan's apartment house was not in violation of the city's building by-laws no good would result in his ordering the destruction of the building on the ground that the plans had not been submitted for the approval of the city architect.

The building has been the subject of much litigation. The house as originally contemplated violated certain building restrictions, and was so declared by Justice Teetzel in the case of Holden v. Ryan. Subsequently amended and modified plans were submitted to the city architect, who refused to sanction the changes proposed. A motion was then made for an order compelling the architect to approve the plans. This was refused in the action of Ryan v. McCallum, the reason being that a new permit was sought, and in the meantime the city had passed a by-law prohibiting the erection of apartment houses in the locality in question, and also because the building did not comply with the requirements of the amendment to the building by-law with reference to open space and yard area.

The building, was, however, proceeded with. An order was then made for its destruction by Hon. Justice Britton, but upon appeal being made the appellate divisional court took a contrary view and called in an architect to advise whether the structure could not be altered so as to make it unobjectionable. Certain changes and modifications were recommended which the owner undertook to make, and on this understanding no order for the destruction of the building was made. Mrs. Ryan, in proceeding to make these alterations, is now confronted with the present litigation, for the plans for the altered work have not been submitted to or approved by the city architect.

"I think I have a discretion," his lordship concluded, "which I ought to exercise in this particular case and refuse to order the destruction of the building. The building is in accordance with the by-law which destruction would serve no good purpose. The building is in accordance with the requirements of the by-law, so that this court does not see fit to make any order other than that the defendants pay the plaintiff's costs of this action."

In the case of Wilson v. Wilson, in which plaintiff sued for alimony, Mr. Justice Middleton made an order for the payment of \$400 a year, to be paid every three months. The alimony is to run from the date of the writ.

George B. Kirkpatrick entered action against N. M. Cantin and Jean Narcisse Cantin, of Montreal, to recover possession of 8 Coolmine road, N. M. Cantin agreed to purchase the property, which has a frontage of 100 feet on Dundas street and 250 feet on Coolmine road, in May, 1913, for \$25,000, and it is alleged that there is a default under the agreement of purchase.

The Equity Fire Insurance Company of Canada is suing the British Empire Insurance Co. of Vancouver, and William Greenwood Brown of Toronto, to recover \$25,750, alleged to be due on two promissory notes made in January. A second suit is directed against William Greenwood to recover \$5000, alleged due on a promissory note.

The following cases are down for hearing in the appellate divisional courts today:— First Divisional Court—Wauchope v. Hobbs, McReynolds v. Sockett, Campbell v. Barrett, Langdon-Davis Motors v. Gaelectric, Steel v. Weir. Second Divisional Court—Carique v. Catto, Carique v. Catto, Fort William Chambers v. Braden, Fort William Chambers v. Dean, Fort William Chambers v. Perry, Turner v. East or Corrin, Guardian Trust v. Algoma Steel, Mann v. Young.

NO DECISION GRANTED IN N. Y. C. BRIDGE CASE

Ontario Railway Board Reserved Judgment—National Gas Company Opens Appeal.

The Ontario Railway Board yesterday reserved judgment on the appeal of the New York Central Railway against the Cornwall assessment of \$300,000 on the railway bridge spanning the St. Lawrence. The railway claims the bridge exempt under the act, whereas the town classes it with other railway property.

In an appeal against the board's decision to prevent the National Gas Company from piping gas thru Jarvis in Walpole Township. Geo. Lynch Staunton argued that the board exceeded its jurisdiction.

Walpole urges that the contract calls for the use of only the townships gas in the pipes, and that the practice has been departed from; the odor is very disagreeable. Judgment was reserved.

O'KEEFE'S PILSENER LAGER

How can anyone doubt the concentrated strength, the mental and physical refreshment, in a bottle of O'Keefe's "PILSENER" Lager, when Prof. Gaertner—in his famous book—"Manual of Hygiene"—states that "one quart of beer is equal in food value to three and one-tenth pounds of bread, and in food value of meat."

Of all pure foods O'KEEFE'S PILSENER LAGER can be said to be absolutely pure. Scientifically brewed in the O'Keefe way from only the finest Hops, choicest Barley Malt and filtered Water it is absolutely pure and healthful, rich in food values and mildly stimulating. Order a case to-day at your dealer's. If your dealer will not supply you, phone us Main 4202, and we will see that you are supplied at once.

ADVERTISEMENTS

Bad Complexions Are Now Easily Discarded

Every woman has it in her own hands to possess a beautiful and youthful complexion. No matter how soiled, faded or coarse the cuticle, ordinary mercurized wax will actually remove it, and Nature will substitute a skin as soft, clear and lovely as a child's. The action of the wax is not drastic, but gentle and agreeable. Minute particles of scar skin come off day by day, yet no evidence of the treatment is discernible, other than the gradual, but certain, improvement. One ounce of mercurized wax, procurable at any drug store, suffices for most cases. It is put on at bedtime like cold cream and taken off in the morning with warm water. It is a certain method of discarding freckles, liver spots, moth patches, blackheads and pimples. Wrinkles can be in a loton prepared by dissolving in a lotion prepared in a pint which hazel. Instantaneous results are secured.

CAMPAIGN IN GUELPH FOR PATRIOTIC FUND

Big Meeting in City Hall Followed Parade Thru Streets.

Special to The Toronto World. GUELPH, Ont., Sept. 24.—The campaign to raise a patriotic fund in this city received a good send off this evening, when a big public meeting was held in the city hall.

Previous to the meeting a procession was held thru the main streets, those taking part in the parade including the Salvation Army Band, the Army and Navy Veterans, the Guelph Collegiate Institute and the Public School Cadets, Clark's Rifles, the Home Guard and Euple Band.

The speakers at the public meeting included J. M. Taylor, president of the patriotic fund, Hugh Guthrie, M.P., and Kelly Evans, who made a plea for a ready and liberal response.

The employees of the Taylor-Forbes Co., Page Hersey Co., and other industries have taken the initiative by contributing a day's pay and in some cases a week's salary to the fund.

BAND, SONG, PICTURES AIDED PATRIOTIC TALK

Frank Yeigh Lectured at Massey Hall on the Great War.

Frank Yeigh spoke at a patriotic entertainment held in Massey Hall, last night. The concert consisted of selections by the Queen's Own Band, songs by Mr. Harold Jarvis and pictures and talk on the European war.

The musical selections included our soldiers, reminiscences of Scotland, and grand military tattoo, while several encores were demanded and given.

Harold Jarvis sang some very appropriate songs including "Rule Britannia" and "O Canada" but his chief contribution occurred in the second part of the program, in the form of singing "Land of Hope and Glory" he rendered "As We Fight For Our King and Country," and as an encore "Lord God of Love, Let Us Have Peace," which proved to be two of the best songs heard for some considerable period.

Views of Great Britain's army and navy, and scenes in the British Isles and Europe were shown in an interesting lecture given by Frank Yeigh.

GOVERNMENT WILL CENSOR MESSAGES

Ottawa Takes Steps to Seize Telegraph and Telephone Offices.

TO WATCH LEAKAGES

To Prevent Information of Value to Enemy Leaving Country.

By a Staff Reporter.

OTTAWA, Sept. 24.—The order in council passed today giving the government power to censor all telegraph and telephone messages transmitted to points outside the country provides that the government can take possession of any telegraph or telephone office. When expedient, the government, instead of or in addition to taking possession of an office, can place a censor in control, to whom all messages must first be submitted. It may also be ordered that all such messages going out of Canada must pass

thru certain named offices only, and the censor or company employe in charge may be required to take an oath not to allow the transmission of any message respecting the sailing of ships or the movement or disposition of forces, ships or war materials of Britain or her allies or respecting plans for naval or military operations or measures regarding fortifications or defences, if the information is likely to be directly or indirectly useful to the enemy.

Any company, official, or director, knowingly allowing the violation of this order will be liable to a fine not exceeding \$5000 or five years' imprisonment. It is understood that the order is chiefly precautionary, but that a close watch will be kept on messages going to the United States from one or two points.

BRITISH VESSEL CHASED BY A GERMAN CRUISER

Ortega Proved Too Fast for Dresden—Pursuit Lasted Three Hours.

Canadian Press Despatch. BUENOS AIRES, Sept. 24.—News received here today from Punta Arenas, on the Strait of Magellan, says that the British steamer Ortega was pursued for three hours and fired upon by a German cruiser, believed to be the Dresden. The Ortega, however, escaped and arrived undamaged at Cape George, in the Falkland Islands.

The Ortega, sailed from Liverpool July 9 for Callao, Peru, by way of Valparaiso, which port she left Aug. 18.

GOLD POOL A SUCCESS

Tension in International Money Market Likely to Be Relaxed.

NEW YORK, Sept. 24.—

Dealings in the more elastic regular market recently announced by the stock exchange were larger today than at any time since the closing of that institution. Many sales of this class of securities and short term notes were effected at "moderate concessions" which ranged from 1 to 2 1/2 per cent. A brisk demand for the New York City 6 per cent. notes was reported, the three per cent. issue selling at a premium of 2 per cent. with fractional premiums for shorter maturities.

BANK CIRCULATION HAD BIG INCREASE

Call Loans Outside of Canada Shrunk Twenty Millions in August.

Canadian Press Despatch.

OTTAWA, Sept. 24.—A marked decrease or more than \$29,000,000 in call loans outside Canada, in continuation of the movement begun in July, some curtailment of domestic credits, the call loans in Canada are up three-quarters of a million, and a striking increase of nearly \$20,000,000 in note circulation, are conspicuous features of the August bank statement, out this afternoon. The figures are of particular interest in that they are the first to be issued covering a period since the war began. The big increase in circulation is in large measure to be accounted for by the emergency powers granted soon after hostilities broke out. Deposits, both demand and savings, show a falling off, as does also the total of assets and liabilities, particularly the latter, but on the whole the statement is considered highly satisfactory, in fact, it is regarded as surprisingly favorable under the circumstances. The comparative figures for July and August are:

OPTION EXTENDED ON MINING PROPERTY

Jupiter Directors Grant Extension in McKinley-Darragh Deal.

The secretary of Jupiter Mines, Limited, announces that the McKinley-Darragh option, which was granted September 18, was extended for a further term of three months. Development has been more favorable during the last two or three months than in the early part of the option period, but the McKinley-Darragh Company did not feel that the result yet justified the extending of their option at this time. The Jupiter directors considered that, under the circumstances, the interest of all concerned would be best served by the extension called for.

CANADIAN PACIFIC RAILWAY COMPANY

NOTICE TO SHAREHOLDERS.

The Thirty-Third Annual General Meeting of the Shareholders of this Company, for the election of Directors to take the places of the retiring Directors and for the transaction of business generally, will be held on Wednesday, the seventh day of October next, at the principal office of the Company, at Montreal, at twelve o'clock noon.

SPECIAL MEETING.

The meeting will be made special for the purpose of considering and, if approved, of authorizing an increase of the present authorized Ordinary Capital Stock of the Company by the amount of \$75,000,000, that is, from \$250,000,000 to \$325,000,000, in order to make it accord with the amount for which the Company has the sanction of Government, no portion of additional stock to be issued, however, until the authority of the abovesaid Special Meeting called for the purpose.

CHICAGO LIVE STOCK.

WINNIPEG GRAIN MARKET.

WINNIPEG, Sept. 24.—Following the sharp advance at the close of yesterday's market further advances occurred in the wheat market today. Opening figures were 1/2c to 3/4c higher, and further fractional gains were made from 1/4c to 1/2c, but these were not maintained.

The strength was caused by strong Liverpool cables, which were 1 1/2c higher. Cash demand was fair for wheat and oats while it was keen for barley.

Inspected ordinary grade Wednesday, as against 1137 last year, and in sight were 935 cars, Cash grain: Wheat—No. 1 northern, \$1.10 1/4; No. 2 do., \$1.08 1/2; No. 3 do., \$1.05; No. 4 do., \$1.02; No. 5 do., \$0.98; No. 6 do., \$0.94; Oats—No. 2 C.W., 45c; No. 3, 45c; No. 1 extra feed, 46c; No. 1 feed, 46c; Barley—No. 2, 55c; No. 4, 50c; rejected, 55c; feed, 56c. Flax—No. 1 N.W.C., \$1.23 1/4; No. 2 C.W., \$1.21 1/4.

MONTREAL GRAIN AND PRODUCE.

MONTREAL, Sept. 24.—The chief market of inactivity in the local grain market was not that there is no foreign business in sight, but on account of there being no shipping room available on outgoing steamers—the government having every available bit of space commandeered. The demand for all lines of grain is not very brisk, but the market, that is, being done shows no lowering in prices.

Cheese is but little demanded for export account, and eggs show signs of becoming easier. Butter was again easy at its recent decline. Hay followed the rest of the market sentiment, and did not show any disposition to advance to higher levels. There was a fair demand in the local provision market, but it was purely for immediate requirements.
