DECISIVE VICTORY GAINED BY FRENCH ON HEIGHTS OF MEUSE

Germany and Austria Framing Ultimatum to Roumania

RUSSIANS ENGAGE GERMANIC ALLIES ON FRONT OF 1,000 MILES

TEUTONS CLAIM PROGRESS ON WARSAW FRONT

Operations of Forcing in Russian Outposts Lauded as Victories.

QUIETNESS IN FRANCE

No Big Operations Expected in West for Some Weeks.

LONDON, July 18, 10.15 p.m.—The Russian front, running from the Baltic in the north, to Bessarabia in the south, a distance of nearly 1000 miles, is being subjected to violent attacks by the Germans and Austrians, and in places, according to the German official report, has been pierced.

In the Baltic provinces Gen. Von Below, who is using large forces of cavalry, has crossed the Windau River and is moving toward Riga. In the Przasnysz district, Field Marshal von Hindenburg, who is making his fourth attempt to reach Warsaw, claims that he has twice broken the Russian lines and compelled the defenders to retire toward the Narow River.

Mackensen on Move.—In southern Poland, after a period of inactivity, Field Marshal von Mackensen is again on the move and claims to have captured some Russian advanced positions, which stood between him and his objective, the Lublin-Chelm railway.

Simultaneously with these attacks, which are the main ones, the Austro-German armies are on the offensive west of the Vistula River, in central Poland, and along the Dniester River.

ATTACK ON ORDUNA EXPOSES PERFDY

German Excuses for Lusitania Horror Discredited, Says Daily Chronicle.

DELIBERATION SHOWN

Steamer Carried No Munitions and Was on Outward Journey.

Special Cable to The Toronto World.

LONDON, Monday, July 19.—The Daily Chronicle says: "The Orduna case makes inexcusable of German official excuses for sinking the Lusitania. The German foreign office told the United States the Lusitania was sunk because she was alleged to be armed and because she was bringing munitions to Britain. The pretenses were flimsy but they were official."

"Yet while President Wilson is still considering his further reply, the Orduna steamed into New York with a wholly destructive of them. She was attacked by a German submarine, first by a torpedo and then by shell fire. It cannot have been supposed to have been bringing munitions to Great Britain for at the time she was engaged on her outward journey from Great Britain to the United States. She cannot have been supposed to be armed for the submarine pursued her on the surface with a heavy shell fire to which she made no reply. There is no conceivable explanation of the attack except that it was deliberately intended to expose non-combatants and neutral passengers to the fate of those carried by the Lusitania and Falaba. Speed and good navigation alone preserved them from it."

TWO TRENCHES RETAKEN FROM ENEMY BY BRITISH

Last Two Weeks Passed Without Important Engagement—Mining Operations Conducted By Both British and Germans—Many Gas Shells Used.

LONDON, July 18.—(8.30 p.m.)—The following official communication was given out here this evening: "Since the last communique of July 9, there has been no change on our front. Alto there has been no engagement calling for a special report, there has been considerable activity in front of our line, several mines having been sprung both by the enemy and ourselves, and various positions on our front having been subjected at times to heavy bombardment."

"On July 10 the enemy developed a small attack north of Ypres, and gained a footing in our front line. Our local supports, however, immediately reoccupied what was lost. On July 13 the enemy rushed an advanced post on the Ypres-Menin road, but were immediately driven back again. Further north, on the same night, our line was heavily shelled, and we lost a trench held by one company. Again the Germans were driven out at once by our bombing parties and the trench was reoccupied. A feature of this incident was the employment by the enemy of a large quantity of gas shells."

ALLIED TROOPS FOLLOW UP SUCCESS IN WEST AFRICA

Movement to Encircle German Forces Progresses Favorably Near Coast of Guinea—Important Victories Are Fully Confirmed.

PARIS, July 18.—Additional details regarding the capture by Franco-British troops of Garua and Ngaundere in the Kamerun, a German colony in West Africa, are contained in a statement issued tonight by the ministry of colonies. The assertion is made that the movement to encircle the German forces also is progressing favorably nearer the coast of the Gulf of Guinea. The communication follows: "The allied troops recently captured the post of Garua in the Kamerun, forcing the garrison to surrender unconditionally, and continued their victorious march to Ngaundere (125 miles south), which was captured June 29."

"Ngaundere, owing to its situation, climate and the number of roads diverging from it, appears to have been the centre of German resistance and its loss is a serious blow to them. "After a vain attempt to retake Ngaundere, the Germans retreated in the direction of Tibati (110 miles southwest). "Near the coast, Franco-British troops captured Djehane and Tjabe on July 14, thus extending the movement to encircle the German forces."

Greece's Wavering Policy Denounced By Venizelos

Former Premier in Accepting Call to Party Leadership, Attacked Government For Ignoring Wishes of the People.

LONDON, July 19.—(12.05 a.m.)—An Athens despatch to The Central News says: "At a meeting held today, 186 members of the chamber of deputies requested Eleutherios Venizelos to resume the leadership of the Liberal party. The ex-premier, in accepting, said it was his duty to obey the call of the people, as 'the wavering foreign policy of the present government constitutes a grave national danger.' "Mr. Venizelos attacked the government for remaining in power against the wishes of the people, and expressed the opinion that with the recovery of King Constantine affairs would resume their normal state. "The reopening of the Greek Parliament has been postponed until Aug. 16."

VEILED THREAT OF WAR BY SWEDISH PREMIER

Told Deputation Government Not Committed to Peace at Any Price.

LONDON, July 19, 2.40 a.m.—The Daily Telegraph's correspondent at Copenhagen says: "That it is not impossible that Sweden will enter the war was indicated by a speech of the Swedish premier, Dr. Hammarck, in replying to a deputation representing the peace congress recently held in Vargburg. The premier said: "The Swedish Government sincerely desires to remain neutral, but it does not necessarily follow that peace can be maintained. It is as dangerous to believe Sweden favors war as to believe that she favors peace at any price."

MEASURES IN EGYPT TO PREVENT PLOTTING

Solemn Warning is Given in Proclamation Issued at Cairo.

LONDON, July 19, 2.06 a.m.—That the government is determined to deal promptly and effectually with any attempts to assist the Germans, Austrians or Turks, is made evident by a proclamation which has been issued at Cairo as follows: "Every person having knowledge of the existence of any plot against established order or the identity of persons guilty of any offense against the government must communicate without delay to the nearest authority. Failure to comply will render a person liable to martial law."

CUNARD LINER'S SAFETY MARGIN ONLY TEN FEET

German Torpedo Missed Stern of Orduna by Half a Second.

AMERICAN TO PROTEST

Chicagoan Will Lay Situation Before the Wilson Cabinet.

NEW YORK, July 18.—The Cunard liner Orduna, bound from Liverpool to New York with 227 passengers, including twenty-two Americans, was attacked without warning. It was learned on her arrival here Saturday, by a German submarine, on the morning of July 9.

Twenty miles from the graveyard of the Lusitania, off Old Head of Kinsale, the Orduna escaped the Lusitania's fate by one-half a second of time, or ten feet of space, the German torpedo churning the water that distance behind the liner's rudder. Then the Orduna sped away. She was followed by the submarine, which rose to the surface, manned a gun on her deck and shelled the fleeing steamer. The attack was timed at 5.50 o'clock in the morning, when all but a few of her passengers lay sleeping in their berths. Aroused by stewards, the passengers dressed hurriedly and went to the upper decks, where they put on life belts and took their places at the lifeboats. They heard the scream of the shells and saw the ocean spit up columns of water where the shells struck. When the fire grew hot they were ordered, for their own protection, to the next deck below.

Half Hour's Chase.—For half an hour the Orduna showed her heels to the assailant. Thru marine glasses the passengers watched the dark splotch on the water's surface as the low-lying German warship came on, but the Orduna's flight was faster than the pursuit and after seven shots had been fired, without effect, the submarine gave up the chase. A wireless call for help was sent out by the Orduna when the torpedo was seen. She was then 37 miles south of Queenstown. The reply, Capt. T. J. Ryan says, in his official report, was that help would be given within an hour. It was four hours before the first British vessel, a small armored yacht, appeared.

Protest to Washington.—"It probably will be several days before I shall make my report of the attack and my protest," Mr. Thompson said. "I consider that I am in duty bound to do so. As an American citizen employed in an official capacity by the government to go abroad, I feel that I should bring the government's attention to the attack. "I felt that I had a right to return home on the Orduna, also she flies the British flag, because she is a passenger ship. The fact that she had no munitions of war aboard fortified this opinion. The Orduna, an unarmed passenger ship, carrying no munitions, was deliberately attacked without warning, pursued and subjected to shell fire. It is little short of marvellous that she was not sent to the bottom with all on board."

"In making my protest to Washington I shall proceed along these lines, combining with the protest a report of the attack as I saw it."

U. S. Ship as Shield.—Whether the submarine hid behind an American ship—the barque Normandy from Galveston, Miss.—was a point upon which passengers held varying opinions.

GERMANIC ALLIES PREPARE ULTIMATUM TO ROUMANIA

LONDON, July 19.—(2.26 a.m.)—An Austro-German ultimatum to Roumania is being prepared, according to The Moscow Russkoye Slovo, which is quoted in despatches received here. It is added that large bodies of the Teutonic troops are massing on the Roumanian frontier to give emphasis to the ultimatum, which, it is declared, will demand unimpeded transit for munitions of war.

BULGARIA BREAKS WITH TURKEY.—LONDON, July 19.—(3.02 a.m.)—A ministerial order was issued today, says The Times' Sofia, Bulgaria, correspondent, under date of last Thursday, "definitely suspending railway communication with Turkey. The step appears to have been taken in consequence of continued Turkish interference with traffic, and may probably be regarded as marking the collapse of the negotiations for the cession to Bulgaria of the Dedeagatch railway."

ENTIRE FRONT OF ALLIES ADVANCING IN GALLIPOLI

LONDON, July 19.—A despatch to The Daily Mail from Athens, dated Sunday, says: "Heavy fighting continues on the Gallipoli Peninsula. The allies are attacking vehemently along the whole front. Each attack is preceded by a bombardment from heavy French artillery and the guns of the warships. All the attacks are reported to have been successful, but there is no definite news concerning them."

Premier Visits Canadian Camp and Hospitals.—Congratulates Soldiers on Martial Appearance and Bearing. Cheers Up Wounded Officers Addressed on Importance of Duties and Caring for Men.

Canadian Associated Press Cable.—LONDON, July 19.—Sir Robert Borden, premier of Canada, left London for Shorncliffe Friday afternoon, and in the evening, he attended a dinner given by Major-General Hughes at which were gathered General Steel and the officers of the staff. He inspected and reviewed the Canadian division Saturday. The men presented an inspiring appearance as they marched past the saluting point. Both officers and men were in the best of health and spirits and were eager for an opportunity to get to the front. The prime minister was accompanied by General Hughes, Sir Archibald Murray, representing Earl Kitchener and by the general commanding the troops in Shorncliffe district.

The prime minister later proceeded to the camp, about a mile distant, where the details of the reinforcements for the Canadian troops at the front are stationed. He inspected and reviewed the Canadians at this camp. Among them were several hundred wounded men, now convalescent, who had sufficiently recovered to appear on parade. The prime minister went carefully thru the lines of these wounded men, enquired of each as to his condition and treatment in the hospitals. Without exception they reported that the care and attention bestowed upon them in hospital has been most excellent and satisfactory.

Officers Addressed.—In addressing the officers of the Canadian division and of other Canadian forces assembled at Shorncliffe, the prime minister congratulated them on splendid appearance of men under their command, and he reminded them that while the training of the men is important, that of the officers is even more essential, as to them are confided the care and safety of thousands of men under their command. "We realize," he said, "the great importance of the officers' training, and we feel that you have devoted yourselves to your duties in that regard with the greatest possible success. The cause for which we are contending is the highest that can be imagined. Not only does it involve the future of our Dominion and Empire, but it vitally concerns the future of humanity and the destiny of"

FRENCH WIN BIG FIGHT WITH FOE IN MEUSE AREA

German Attempts to Carry Positions on Cliffs Along Wide Fronts.

BRITISH LINE QUIET

Heavy Artillery Engagements Proceed in Artois, North Arras.

Special Cable to The Toronto World.

LONDON, July 18.—A German attempt in considerable force to expel the French forces occupying trenches on the heights of the Meuse, was defeated in fighting, lasting from Friday night to Sunday afternoon, the enemy sustaining severe losses and losing two officers and 800 men belonging to three different regiments as prisoners.

The engagement was commenced by a violent artillery bombardment begun under cover of Friday night and Saturday morning. Next came a violent infantry attack on the French positions, extending from the Calonne trench to Les Eparges Village and on the southern ridge of the Sonvaux ravine. At one point the enemy succeeded in gaining a foothold in the French position. This was a trench captured from the Germans on July 6. Some parties of Germans who succeeded in creeping into the Sonvaux ravine were either killed or taken prisoner. In the section between the Sonvaux ridge and the Calonne trench, the Germans were completely repulsed with heavy losses.

Regain Ground at Dawn.—At dawn this morning the French infantry launched a counter-attack on the

POLICE SEEKING VITAL WITNESS

Passenger Said to Have Been Talking With Motorman Just Before Wreck.

PROBE STARTS TODAY

More Than Twenty Witnesses From Toronto Have Been Summoned.

NIAGARA FALLS, Ont., July 18.—High Constable Boyle of St. Catharines is making search for a man who, it is claimed, was riding on the front platform of the trolley car that was wrecked at Queenston, Wednesday, July 7, when fifteen persons were killed outright or died of injuries received in the accident.

Passengers on the ill-fated car claim the man was talking with Motorman Sidney Best, who was in charge of the car just before the crash came. Authorities believe this man would be able to give valuable testimony at the inquest Monday. More than a score of Toronto people who were in the wreck have been summoned to give testimony at the inquest, which is to be opened at the Queenston Schoolhouse tomorrow afternoon at 2 o'clock, by Coroner Greenwood of St. Catharines. Most of the witnesses will be persons who were injured in the wreck. Twelve of the injured are still at the General Hospital here. It is not likely they will be able to leave the institution in time for the inquest, it was said at the hospital.

Then there are great lines of caps—most desirable for such pastimes as golfing, motor-ing, yachting, bowling, etc. You can't go wrong at Dinsen's—in fact, you may select your hat with entire confidence that it is faultless as far as style and fit are concerned.

RUSSIANS HOLD GROUND IN FIGHT ON GREAT FRONT

Violent Engagements Prevail From Dniester to Baltic Sea.

WIN SOME SUCCESS

Enemy Defeated on Dniester and Cossacks Win Near Radom.

LONDON, July 18.—Violent fighting has broken out on the thousand mile front in the Russian theatre of war and in all cases the Germans and Austrians are advancing to the attack. They are meeting with a desperate and heroic resistance by the Russian advanced troops, who are firmly holding their lines or slowly withdrawing to more strongly fortified positions.

Success on Dniester.—The Russians gained what they describe as a rather important success against the Austrian troops, who had crossed the Dniester River. The enemy was thrown back with the loss of about 2000 prisoners and seven machine guns in one day's fighting.

Ten Attacks in One Day.—More than ten attacks were delivered on the road to Lublin by Austrian and German formations in one day, these being all repulsed by the Russians. Great losses were inflicted on the enemy, who attacked in great numbers.

OPERATIC ARTISTS TO BE HEARD SOON

Negotiations Pending for Great Musical Festival in November. HELP PATRIOTIC FUNDS Receipts in Excess of Expenses to Be Given for Soldiers.

Assurance of a considerable fund for the patriotic cause may be counted on with the conclusion of negotiations now pending between Managing Director...

All the receipts in excess of actual expenses will be devoted to one patriotic society or more, which will thus entitle the co-operation of Toronto men and women who have done and are doing so much for the country at this time.

Other distinguished operatic stars to be heard with this organization are the soprano, Miss La Scala (Milan), and the Boston Opera Company, and who created the role of the Empress in the opera 'The Empress'...

When 'The Dumb Girl of Portici' is given here the public will have its first taste of what is known as 'mimodramatic' grand opera, a type widely popular abroad.

Probably 'Carmen' will be the first time on this continent, as the first possible offering, while the fourth will consist of important portions of 'Faust' and 'The Barber of Seville'...

WINDSOR ARTILLERYMAN DROWNED IN THAMES

LONDON, Ont., July 18.—Gunner Edward Kennedy, a Windsor man with the 25th Battery C.F.A., in training here for overseas service, was drowned in the River Thames here today. The soldier, who was unable to swim, sank in a hole 20 feet deep while in bathing. The body was in the water but three minutes, and shock and heart failure are assigned as the real causes of death. The water was expelled from the lungs immediately, and Fire Chief Aitken and others worked over him with the pump for two hours. Bugler Victor Foulkner, 15 years marked, of the 33rd Battalion C.E.F., had a close call from death when he went to his comrade's assistance.

GOOD YEAR MADE IN CANADA Fortified Tires

Fortified Against Punctures and Skidding. Fine rubber, staunch fabric and good workmanship are not enough to protect a tire from trouble. Many makes besides Goodyears have those things. But Goodyear Tires alone are fortified in five costly ways against the worst attacks that a tire encounters.

So they have proved out best in countless tests when run with rival tires on opposite wheels. For your own sake please note these five exclusive defenses—

- Fortified Against Rim-Cutting by our No-Rim-Cut feature, that best combats rim-cuts. Millions of tires have proved that. Fortified Against Blowouts. Our 'On-Air' cure, that saves so many blowouts due, in rival tires, to wrinkled fabric. Fortified Against Loose Treads. Our Rivets, formed in each tire. They reduce loose tread risk 60 per cent. Fortified Against Insecurity by our 126 vulcanized in each tire base. They make the tire secure.

WINDSOR ARTILLERYMAN DROWNED IN THAMES

LONDON, Ont., July 18.—Gunner Edward Kennedy, a Windsor man with the 25th Battery C.F.A., in training here for overseas service, was drowned in the River Thames here today. The soldier, who was unable to swim, sank in a hole 20 feet deep while in bathing. The body was in the water but three minutes, and shock and heart failure are assigned as the real causes of death. The water was expelled from the lungs immediately, and Fire Chief Aitken and others worked over him with the pump for two hours. Bugler Victor Foulkner, 15 years marked, of the 33rd Battalion C.E.F., had a close call from death when he went to his comrade's assistance.

MOTOR CAR AFIRE

Forty dollars damage was caused to the motor car of L. L. Lamb, 539 Jarvis street, last night, when it caught fire at the corner of Yonge street and Davenport road. The trouble was started by the engine of the motor car back firing. The fire department stopped the blaze.

NEWS OF SPECIAL INTEREST TO WOMEN

DOUBLED AMOUNT FIRST EXPECTED

Rose Day at Mimico Was Greater Success Than Anticipated.

SPLENDID DECORATIONS

Orms Cliff Presented Beautiful Spectacle and Was Headquarters.

Success more than crowned the efforts of the women of Mimico on Saturday. When they planned their Rose Day, they set themselves a goal of \$1,000. At the close of the day they were able to report that double that amount had been secured with a probability of reaching the \$2,000 mark. Everything was planned so well that order had a good deal to do with the success of the day. The roses were sold systematically through the district and the beautiful home of Mr. and Mrs. A. B. Ormsby was turned into a centre of patriotic activities. Tents were erected in the grounds decorated with many flags and the collection was known as the Camp of the Allies.

Tea and supper were served at a moderate price, and when the sun went down the wide verandahs and picturesque environment were lighted with red, white and blue lights, a large red cross being raised above the house telling of the cause in which all were engaged. The Salvation Army Band played giving their services free, and a very interesting program of musical selections and readings was given, the "March Past of the Allies" being a very attractive feature.

The proceeds are for a motor ambulance which will be sent from the Mimico District to the Red Cross for the use of the hospitals at the front.

Notes of Women's World

The Women's Auxiliary of the Army Medical Corps has made arrangements to send monthly shipments to the men of the Field Ambulances, No. 2 Clearing, No. 2 General and the hospital at La Touquet in France. Donations will be received by Mrs. F. W. Marlow, 417 Bloor street west, not later than the 26th of each month. Cigarettes should be sent in packages, not tins, on account of added weight.

During the past year the Franco-British Aid Society of Toronto has cleared the sum of \$2,623.45. Of this \$1,583.20 has been given to Belgian relief work in France, \$607 has been given to French relief work, \$50 has been given to Toronto University Base Hospital, \$382.25 has been given to local charity (in the towns where Mr. Leacock lectures).

As a result of Mr. Leacock's lectures under the auspices of the Franco-British Aid Society, in Welland, St. Catharines, London, Galt, Guelph and Brantford, the sum of \$877.20 was raised, of which half went to the Belgians, and half to local charity funds, with the exception of Welland, whose entire proceeds were given to the Belgians.

In response to the invitation of the military authorities a number of representatives of the different organizations of women met in the city hall on Saturday to discuss means for the women to become directly active in the work of recruiting. Mrs. W. H. Cunningham was in the chair, and among others present were Mrs. Torrington and Mrs. A. M. Huestis. Lieut. Cochran addressed the meeting on the matter in hand, and after some discussion it was decided to take no definite action until after the next meeting, which will be addressed by Sir George Foster in Massey Hall on Tuesday evening.

CHILD DIES AT PLAY.

Special to The Toronto World. NIAGARA FALLS, Ont., July 17.—The unusual case of a two-year-old child dropping dead was brought to the attention of Coroner Dumville across the river about 10 o'clock this morning, when he was called to view the body of Rocco Traini. The infant was dead when the coroner arrived. An enlarged liver was the chief cause of death. The child was playing in the street when stricken.

PREACHING GOSPEL WHERE NEVER HEARD

Rev. Robert Jaffray Says Missionaries Are Not Nation Builders.

RETURNING TO CHINA

Farewell Sermon at St. James Square Presbyterian Church Last Night.

Rev. Robert Jaffray, son of the late Senator Jaffray, who is about to return to the Presbyterian missions at Wu Chow, China, preached a farewell sermon at St. James Square Church yesterday morning. He was a member of the St. James Square Sunday School and Church previous to going to the foreign field, and has been home on furlough. He said his aim was not to make China into a Christian nation, but to preach the gospel where it had not been preached before. Missionaries were not nation builders, and did not have any aims or ambitions that way. The missionaries could not hold up all the Christian nations of Europe at the present time as examples to China. The body of Rocco Traini, the infant who died when the coroner arrived, was the body of a child who had been neglected, and whose father had a population equal to Canada. It had not yet been visited by a Christian missionary.

The northwest part of the province was a vast country, occupied by millions of people who had never heard the gospel preached. In the southern part of the province the missions were for the most part self-supporting. At Wu Chow there was a training school for native workers which had accommodated for 25 native missionary students. A large site had been purchased on high land for the erection of a new training institute. There would be no lack of students to enter the missionary work. Since he came home disastrous floods have inundated Wu Chow, and the old institute has been covered by water. The high site for the new institute was not reached by the flood. Great pains for the evangelization of the northern portion of the province have been adopted. Missionaries are to be sent to the three strategic points, and they are to be followed up by native preachers as rapidly as they can be trained and sent to develop the work. In conclusion, Rev. Mr. Jaffray said that the response of the young men of Canada to the call to the colors on behalf of the empire was an inspiration to all engaged in service for humanity. After the service many of his friends in the congregation went to the front of the church and bade him goodspeed on his return to China.

HELD FINE CONCERT AT MILITARY CAMP

Q. M. S. Proctor of the Eaton Machine Gun Battery Sends Dominion Day Program.

B. D. Proctor of Toronto, has just received a letter from his brother, H. A. Proctor, Q.M.S. of the Eaton Machine Gun Battery, which gives those who stayed at home an idea of how Dominion Day was spent by the second division at the Canadian base, at Shorncliffe. According to the letter the troops had a half holiday, declared and celebrated the day in military style. At 6:30 p.m. a concert was given on St. Martin's Plain, near Shorncliffe, by the bands of the different battalions and the program was as follows: 1. Military Tattoo Bands of the 9th, 11th, 12th and 49th, followed by the Pipes; 2. "O Canada"; 3. Massed Bands; 4. "Out on the Deep" Trombone Solo Band of the 12th Battalion; 5. Selection "The Irish Airs" Band of the 48th Battalion; 6. Selection "The Perfect Day" Band of the 11th Battalion; 7. Cornet Solo "Massed Pipes" Band of the 9th Battalion; 8. Sword Dance "Piper Reid"; 9. Waltz "Nights of Gladness" Massed Bands; 10. First Post "Massed Buglers"; 11. Hymn "Nearer My God to Thee" Band of the 11th Battalion; 12. Light Post "Massed Buglers"; 13. "God Save the King" Massed Bands; 14. "The Ideal Vacation Route." WOMEN'S HOSPITAL OFFICIALLY OPEN

Ceremonies Conducted at First Institution of Kind in Canada.

NEED OF ASSISTANCE

An Appeal Made for Financial Help and Equipment.

Picturesque and promising was the formal opening of the Women's College Hospital and Dispensary, on Saturday afternoon, at 125 Rusholme road, in Canada, and the board of women doctors and others were complimented on all sides upon the success of their undertaking. The grounds and locality are ideal situated as they are on a retired boulevard street, and the house retained its original character in its appointments. There is accommodation for 21 beds, and the furnishings are in pretty good order, equipped with the monogram of the donors. The board room is in tans, diversified by the blue flowering in the curtains and the handsome stairway is lined by a rich wainscoting of mahogany colored lathwork. The wards in sanitation, and the sun-room, with green in curtains and walls, is ideal for the uses to which it will be applied. A government grant of 20 cents per capita per day has been given. Opening Ceremonies. The ceremonies were opened by the reading of letters of regret at Bruce Smith, Hon. W. J. Hanna and the mayor. Mr. Skinner-Gordon gave an address, in which she enthusiastically and sympathetically outlined the history of the institution, eulogizing Dr. Jennie Gray, who was unable to be present, but to whom no small share of acknowledgment was due for the progress of the hospital, and detailing the comfort and usefulness the institution had been to countless women, even in its previous curtailed condition. The Dominion, Ontario and Toronto ought to be proud of what had been accomplished, declared the speaker. Dr. Hastings, medical officer of health, gave a very encouraging address, in which she acknowledged the fact that several instances exist in which women can be of more help to other women as physicians than men. He admired the ambition and energy that had

MADE SPECIAL PLEA FOR SEMINARY WORK

Provision is Made for Young Men of All Classes to Be Educated.

Right Rev. Mgr. Kidd, D.D., occupied the pulpit at the masses at St. Francis Church yesterday, when he made a special plea for the seminary of St. Augustine. He explained that the institution was for the exclusive work of educating young men for the priesthood, and that as those who entered upon this work were from all classes of society, provision had to be made for those who came from homes unable to afford the long educational preparation necessary. Eight years devoted to the college or university and theological course are necessary after a boy has gone through the academic work of the preparatory schools before he comes to ordination. For this the people are asked to contribute in accordance with their means. Dr. Kidd also asked the congregation where possible to take in hand the entire work of educating one student.

OPEN PARISH HALL ON KINGSTON ROAD

Garden Party of Special Interest at St. John's Church.

FINE PROGRAM GIVEN

Sports in Afternoon and Music at Night Greatly Enjoyed.

Special interest was added to the annual garden party of St. John's Catholic Church, Kingston road, on Saturday, as it was marked by the formal opening of the parish hall, a long-felt want in the neighborhood, and the possession of which adds much to the attractions of the rapidly growing district. The new building is of red brick with hardwood floors and gallery and a well equipped basement. The ceremony of "opening" was simple. The band of the 48th Highlanders, followed by spectators, marched to the building to the accompaniment of their own martial strains. The National Anthem was played, after which the building was open for inspection. A fine program of games and races for the kiddies and grown-ups preceded the opening. Tea was served in large marquees erected in the grounds of the school, which were marked off by the row of small bright flags which lined the fence and waved in the breeze. In the evening a musical program was given by the De La Salle band, with brass and others. A small tent above the entrance attracted a large clientele, and table under the direction of Mrs. W. T. Kerishan did a brisk sale in fancy articles. Rev. G. Williams and his assistant, Rev. A. Francis, did all possible to make the affair enjoyable.

RECRUITING SERMON PREACHED AT NIGHT

Rev. Dr. Robertson Places Responsibility at St. James Sq. Presbyterian Service.

Rev. Dr. Andrew Robertson, pastor, preached on recruiting at St. James Square Presbyterian Church last night. His topic was: "If the boy wants to go." Dr. Robertson emphasized the responsibility of parents in the path of a young man's duty, who felt a call to join the colors for active military service in defence of the empire.

FRANCE GAINED GREAT SUCCESS AT FONTENELLE

Three Columns Aided in Advance Up Heights by Artillery Fire.

A SWEEPING TRIUMPH

Elaborate System of Defences Fell Into Hands of Victors.

PARIS, July 18.—A French official eye-witness at the front has sent a despatch giving details of the success of the entente allies in the battle of Fontenelle in the Vosges.

It was in this region, says the observer, that the Germans after the battle of the Marne, took up a position on a summit commanding the surrounding countryside.

On June 22, after severe losses, the enemy succeeded in occupying Fontenelle, says the observer. The entente counter-attacked vigorously, taking 142 prisoners, the enemy held the summit.

On July 8 all necessary preparations for the attack had been completed. The same day at nightfall, three columns, aided by a remarkably accurate artillery fire, took a position of the enemy's trenches.

At daybreak not only the whole of the summit had been retaken, but a majority of the German defences as far as the observer is concerned.

"During the battles on July 9 and 10 we took 881 prisoners, including 21 officers. When questioned the prisoners gave greater details of our excellent artillery marksmanship, saying: "We did not believe there could be such a hell of fire."

SWEDEN IS LACKING COAL FROM ENGLAND

German Commission of Six Members at Stockholm to Obtain Some Cotton.

LONDON, July 18.—The Weekly Dispatch says this morning that a German commission of six members has arrived at Stockholm to take up the question of obtaining cotton for Germany.

The same newspaper quotes the Copenhagen Politiken as saying that Sweden has not received any coal from England for a week and consumers cannot ascertain the cause of the stoppage.

It says that in commercial circles of Sweden it is believed that the order is connected with the Anglo-Swedish commercial negotiations which are under way, and these take in the coal question.

As a result of official negotiations Sweden during the last few days has bought \$2,000,000 worth of coal from Germany and \$400,000 worth of drugs and chemicals used in the cotton industry.

It is stated that Sweden is at liberty to buy German aniline dyes to the value of \$500,000.

Bourse Has Dull Spell With Tendency to Decline—Exports Fell.

PARIS, June 18.—By Thursday last Finance Minister Ribot's call on the people of France to give their gold to the government had brought fifty-eight million dollars into the Bank of France, while contributions to the end of the week totaled \$70,000,000.

For the first time in its history the Bank of France remained open on Sunday during the regular banking hours to receive gold.

In response to a request of the minister of education all school teachers will call on their pupils tomorrow to ask the parents to send their gold to the bank.

Withhold Shipments. The exchange has now reached a point which has led some American exporters to withhold shipments when the price is made in France and French buyers to withhold payments when the price is in dollars.

Official figures just issued show that French exports fell 57 per cent. in the first six months of 1915, as compared with the same period in 1914.

Imports in all departments only decreased 19 per cent. This decrease was entirely in raw material for manufacturing purposes, there being increases in both importation of foodstuffs and manufactured articles.

The Bourse fell last week with a tendency to decline. Three per cent. rents have fallen a point in the last ten days and all departments ended the week dull.

GERMANS SILENT ABOUT ROUMANIA

Officials Refuse to Discuss Austro-Hungarian Ultimatum to Her.

MUNITIONS FOR TURKS

Roumania Also Requested to Enter War on Side of Turks.

BERLIN, via London, July 19, 1:10 a.m.—German officials decline to discuss the Austro-Hungarian proposals to Roumania, which have as their object the assurance of "Rumania's friendly neutrality, and perhaps even participation in the war against the entente powers."

No denial is uttered that such proposals have been made, by Germany's knowledge of the nature of the territorial concession offered by her ally is regarded as confidential, and inquirers are referred to Austrian-Hungarian sources for details.

It is an open secret that one phase of the negotiations has to do with shipments of munitions to Roumania. There negotiations have not reached a direct point, and it is considered certain that a negative answer from Roumania has not been received.

The negotiations between Turkey and Bulgaria have not yet been concluded. Turkey is willing to make certain territorial concessions in the Adrianople district to give Bulgaria the desired railroad route to the sea, but a point escaping general attention is the fact that Turkey demands in return not merely passive neutrality, as heretofore, but participation in the war, or at least, some form of pressure against Turkey's enemies.

Meat is Beyond Them and Socialists Protest Against Food Prices.

RELIEF IS DEMANDED

Ask Government to Expropriate Supplies and Fight "Harpies."

BERLIN, via London, July 18.—The executive committee of the Socialist party and the federation of the German Labor Unions have united in a protest to the minister of the interior against an increase in the maximum prices of grain and flour. It has been intimated that there will be an increase when the federal council adopts the new regulation for the conservation and the distribution of this year's harvest. The executive committee of the federation publishes in the Vorwarts, a manifesto "against food harpies." This manifesto follows:

The general rise in prices is pressing even heavier on the poor classes. The prices of meat have risen almost 100 per cent. under the ruthless exploitation of the situation caused by the scarcity of swine and cattle, and the rise continues. The consumption of this so important food product has become thereby almost an impossibility in the widest circles, particularly among the laboring classes.

Unusually dear, particularly those recommended as substitutes for meats, such as vegetables, fish, eggs, milk, butter, cheese and mushrooms, are being sold at steadily becoming more expensive. Speculation of the most unprecedented sort is going on in the potato market. Potatoes, stored a month for prices manipulations had to be unloaded in the spring and sold at low prices to dealers who in turn are selling at profits of from 200 to 300 per cent.

It is now announced that the federal council is about to increase the maximum prices of grain, which already are from 30 to 40 per cent. higher than in times of peace. Bread, an all-important food, is to cost the people more. This will arouse indignation in the widest circles, particularly among the laboring classes.

All other necessities, particularly those recommended as substitutes for meats, such as vegetables, fish, eggs, milk, butter, cheese and mushrooms, are being sold at steadily becoming more expensive. THE WORLD, TORONTO, ALSO IN LONDON

ON THE WARP

By William Henry Taylor, author of "Canadian Seasons."

Thru the land of Hiawatha. Chieftains send the fiery cross, From Quebec to far Vancouver, Roll is called to fill our loss. Come, bold bravest young warrior tribesmen! Show the world that you desire Honor on the trail that leads you Where your brethren bathe in fire.

Be the heirs of noble Red Men, Was a Mohawk e'er a slave? Was a Huron e'er a coward? Was a Blackfoot less than brave? Glory to our first contingents, Thru the lines they "blazed" a way; They are thinned, but not down-hearted— Show them that you'll "save the day."

A hundred years of peace behind us, War now grips us in its vice; Every man should do his duty, Every one must pay its price; Every son whose mother weaned him On the maple syrup sweet, Now should don his paint and feathers, Moccasins should speed his feet.

Swift across the big salt water Iron war canoes glide on; Eagles scream above the slaughter, "Come, revenge our heroes gone." Much "bad medicine" the spirits Gave the War Lord for his Bag; But his gas can never wither Our immortal crimson flag.

Better die than live to blush, That you were a tender "squaw-man." When your brethren led the "rush"; Let the Teutons hear your war-whoop, Let them feel your tomahawk; Poor old Britain's load is heavy: Shoulder arms! and cease your talk.

RIVERDALE ASKED TO GIVE ITS MEN

Ten Thousand Citizens at Monster Open Air Recruit Meeting.

WHAT WILL THEY SAY? Pointed Questions to Young Men Who Do Not Enlist.

Over ten thousand Riverdale citizens turned out on Saturday night at the monster open-air recruiting meeting, held under the auspices of the Frankland School Corps of the Toronto Military Training Association...

After a route march traversing the main streets of the Riverdale section, the detachments from the Mississauga Horse, Queen's Own and Grenadiers lined up in the open square at the corner of Logan and Danforth avenues.

The chairman introduced P. A. D. Armitage, the young despatch rider, who was a sniper in France in the left limb, necessitating the amputation of it. The young man spoke briefly of his experiences while at the front.

Rev. F. E. Powell delivered a lengthy address, which was vociferously applauded. His witty remark that he had his marriage register with him and would marry any one free, whose sweetheart would not permit him to go to the war, greatly interested the young people who were present.

"REMEMBER LUSITANIA" SAYS HUGE POSTER

Mississaugas Have Placed New Recruiting Placard That Attracts.

SATURDAY WAS PAY DAY After Being Paid, Men Were Given Much Deserved Rest.

The 8th Mississauga Horse introduced an innovation when they strung their big recruiting banner across West King street, opposite their recruiting station at 111, and they scored another point in their advertising campaign on Saturday when they secured the use of the premises at Dunning's restaurant and placarded the big bay window with their recruiting posters.

The biggest of these posters came from the war office in London, and consists of the words, "Remember the Lusitania," in huge letters, followed in black type by the verdict of the coroner's jury in the Lusitania disaster. This is one of the most effective recruiting posters yet seen in Toronto, and since it has hung in the window has attracted much attention from passersby.

There is no cessation in the steady stream of recruits at the Mississaugas' red and white tent just outside the arched moria. Their officers report that they are well satisfied with the progress of the recruiting and that they are still maintaining their lead over the other regiments with just about the same margin. The Mississaugas are still attracting numerous veterans of famous British regiments, many of whom when they come to enroll bring statements as to previous service.

One of the men enrolled by the Mississaugas late Saturday afternoon had seen thirteen years' service in South Africa and India with the First Devonshires. He had an Indian medal with two bars and two South African medals, one with five bars and one with two.

Saturday was pay day for Mississaugas, and Paymaster Captain Wilson of the regiment was on hand with a huge roll of bank bills, amounting to \$200, which, however, dwindled very rapidly as one platoon after another marched up to the tent and drew their pay. The men were given a half-holiday in the afternoon, of which no doubt they were very glad, as they had been drilled hard during the last couple of days and there have been a number of prostrations from the heat.

THE WAR'S DURATION. M. Jules Guadet, the French Socialist minister without a portfolio, stated in an interview that he expected the war would be finished within three months.
