copy which repre	The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the eproduction, or which may significantly change he usual method of filming, are checked below.			L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifiune image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.					

The to the

The poss

Orig begi the i sion othe first sion or ill

The shall TINU which

Mapa diffe entir begin right requi The copy filmed here has been reproduced thanks to the generosity of:

Library of the Public Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à 'n générosité de:

La bibliothèque des Archives publiques du Canada

Les images sulvantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents.
Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

= Ibistorical =

TORONTO BICYCLE CLUB was organized in the Spring of 1881 by ten riders, four of whom, H. and W. Goulding.

E. H. Macklin, and R. H. McBride, are still connected with the Club. A bicyclist was then thought a curiosity, and the sport looked upon as child's play.

The first Race Meet was held at the Exhibition Grounds, and was a complimentary affair. It went off so well and excited so much interest that it was made an annual affair thereafter, and is now looked upon as one of the chief sporting events of the city, and Civic Holiday without it would be like Christmas without Santa Claus to a great number of citizens.

The Club grew from year to year, and from time to time changed its Club rooms, always towards improvement, until last year the Club was transferred into a Joint Stock Company, and obtained a charter from the Government. They purchased their present comfortable quarters on one of the finest residential streets of the city.

When the Club was first organized it joined the L.A.W., but on the formation of the C.W.A. withdrew from the former, and has ever since been a loyal part of the latter.

On the race track the riders of the Club have always done a fair share and the present season bids fair to surpass all previous achievements, as its riders have taken the majority of the prizes at all the meets they have attended in Canada this season, including two of the track championships of the C.A.W., and the road team championship, repeatedly lowering existing records. They have also distinguished themselves at the L.A.W. meets, where, in the company of the best talent on that side of the line, they took several valuable prizes.

New Grounds of the Toronto Lacrosse and Athletic Association, Toronto, Can., where the Races will be held.

Track, Races, and Prizes

※※

E HAVE a new track this year built in the most approved manner, under the supervision of II. Crewe, Esq., Civil Engineer. It is composed of clay and brick dust; 1546 feet in circumference measured 18 inches from the pole; the ends are well banked, and there are excellent level stretches on each side.

The list of races will, we think, be found to be very complete, and as well arranged as possible, there being all the standard events, and a sufficient number of novice and class events to bring out young aspirants.

The prizes will be ahead of anything ever offered at a race meeting in Canada heretofore, there being three first-class Pneumatic Bicycles and a large assortment of handsome and useful trophies and articles amounting to over \$1000 in value.

Bicycles at Dry Goods Profits

THE WORTH CONVERTIBLE

Modern retailing resolves itself into having everything that will go well together, for every shopper of every circumstance. Instead of confining ourselves to dry goods proper, we have advanced by easy stages, adding new departments as often as required. The latest acquisition is a

.. FIRST CLASS STOCK .. OF FIRST CLASS BICYCLES

which we can afford to sell cheaper than the average because of the aggregation of profits—all on a dry goods basis. The combination of widely different stocks under one management reduces the average expenses and lessens the proportion of profit required from each.

We have the exclusive agency for certain well-known wheels, and we mean to place them within easy reach of modest purses. An illustrated catalogue can be had for the asking, and detailed information will be cheerfully furnished at the store.

The "Wanderer"

THE "Wanderer" is a first-class machine in every particular. It is the outcome of years of experience in the constructing and riding of bicycles by a thorough mechanic, who understands just what the wheelmen need, and possesses the mechanical knowledge and skill necessary to supply that need.

Every machine is a good specimen of high-class modern cycle construction. Its great rigidity gives confidence to the most timid rider, and assures safe cycling on the roughest roads. To examine is to admire; to admire is to purchase, if you are in want of a wheel.

The Piano selected for the Toronto Bicycle Club Rooms is one of the celebrated

New · Scale · Dominion Pianos

THESE pianos have a distinctive tone quality peculiar to themselves. No person possessing any claim to musical taste, and unbiased by prejudice, can hear or try these pianos without warmly endorsing their superior merits. During the past two years we have placed some 400 of these pianos among Toronto families alone. In every case they have given the liveliest satisfaction. We have just now an unusually fine stock of these superb pianos on hand which we will be pleased to have you inspect.

We are also Sole Agents in Ontario for the worldrenowned Steck Pianos of New York.

Don't-

BUY DIAMONDS

BEFORE YOU SEE OUR STOCK

Why?

- 1 Because our stock is the largest in the city.
- 2-Because we visit the European markets yearly and purchase them at first hand from the diamond cutters in Amsterdam.

Therefore our prices are right.
