RECIPROCIITY TOINO BENEFIT TO MEMBERS USE BE TAKEN UP FIRST THE FARMERS PARLANSAGE

Democratic Caucus Decides on This, But Has Long List of Articles Which It Wants Added to Free List—Meeting Was Not Altogether Harmonious.

WASHINGTON, April 11.—Reciprocity with Canada and a farmers' free list was decided at the Democratic caucus here to-night, will be the first legislation taken up in the house, in the order named.

Wool and cotton schedules, according to the present indications, will follow. In the caucus there was no opposition to Canadian reciprocity and no change or amendment to the bill as presented by Chairman Underwood of the house ways and means committee was offered by any of those present at the caucus.

On the free list will be included those things which the farmer needs most, namely, agricultural implements, dressed meat and meat products, flour, rough lumber, boots, shoes and saddles, wire fencing, baling wire, cotton gins, cotton ties, bagging ties, burlap and salt.

On many of these products the present tariff is practically prohibitive and there are few importations of them on that account. It is impossible for this reason to estimate what the difference will amount to by putting them on the free list.

In the debate which followed Chairman Underwood's presentation developed on the part of several members before the caucus, a demand that the reciprocity bill and the free list bill be combined. Representative Rucker of Colorado, and Sharkey of Kentucky, in these efforts to override the majority, but the ways and means program was generally supported.

It is probable that the Canadian bill will be introduced on Thursday. The caucus added a provision to the Underwood reciprocity bill, calling on the president to continue negotiations with Canada with a view to establishing reciprocal trade relations.

Mr. Fitzgerald, New York, introduced this provision, but it was voted down. The caucus voted a straight endorsement of the Underwood reciprocity bill, 123 ayes, 29 noes, and 8 voting present.

NOT FOR OTHER COUNTRIES Unless They Ask for Reciprocity, Says Underwood.

WASHINGTON, April 11.—A European government the first to raise the point officially, has been advised by the state department that the tariff concessions offered to Canada under the pending reciprocity agreement will not be extended by the United States to other nations under the "most favored nation" clause of their treaties with this country.

The state department declined to-day to disclose the name of the country which raised the question. The discussion occurred several weeks ago and was purely academic, as the reciprocity agreement had not become a reality. The department reiterated that out that a reciprocity arrangement with the United States would be a reality, the United States would grant similar concessions to other countries only through special arrangements.

State department officials to-day suggested that there are numerous reciprocity treaties existing between the United States and foreign countries, but the United States has never claimed favored nation treatment in connection with them.

LAURIER TO STAY IN OTTAWA Will Not Attend Imperial Conference—May Withdraw Pact.

OTTAWA, Ont., April 11.—It is reported to-night that Sir Wilfrid Laurier has concluded that his services are more needed here during the next few weeks than in London, and that he will abandon his intention to take part in the proceedings of the imperial conference. The reasons for the change are twofold.

In the first place, the premier is not a great lover of conferences, and in the second, Sir Wilfrid is not anxious for the reins of leadership fall for a few weeks into the hands of Mr. Fielding.

While Sir Wilfrid Laurier may go to London later to attend the coronation ceremonies, it is practically settled that he will cancel here from the Virginia early in May. There is still a great deal of work before parliament, and in order to prevent resigning in the government ranks his presence is absolutely necessary.

It is noticeable when Col. Hughes in the house to-night declared that in his opinion the "Ne Temere" resolution drawn from the consideration of with the next few weeks, it was not met by the speaker, the resolution which such assertions usually call forth. It is rumored that Sir Wilfrid will stop in Ontario in the summer.

FOUND TRAWLERS' BOAT. CUXHAVEN, April 11.—A fishing smack, which has drifted here from Iceland, reports finding an empty row boat belonging to the steam trawler Burgemeister Barchard, which is believed to have foundered off the Shetland Islands. The Burgemeister Barchard was commanded by Capt. Busch and carried a crew of 15 men.

Anti-Reciprocity Meeting at M. Y. McLean (S. Huron) Declares Himself an Out and Out Free Trader—Clashes With Colonel Hughes.

OTTAWA, April 11.—(Special).—The reciprocity debate to-day was highly entertaining, if not instructive. M. Y. McLean provided some of the amusement. Col. Hughes provided some more. Mr. McLean proclaimed himself an out-and-out free trader, and the colonel took him to task, describing his free trade language as "a ludicrous socialist utterance."

Before the reciprocity debate was resumed there were some interesting points raised. How George E. Foster acknowledged that there had been an error regarding the figures he had used in his speech. The customs figures for 1910 had been placed under the year 1910. He said the mistake was incomprehensible to him, and he had corrected the figures in the revised Hansard.

In reply to Mr. Herron of Alberta, the minister in charge said government officials regarding the miners there had been delayed until day evening. The operators and the miners accepted the appointment of a board of conciliation and investigation under the Industrial Disputes Act.

Coronation Stamps. Gerald T. White (North Renfrew), discussing the question of the issue of the coronation postage stamps, argued that the government should encourage home talent, and that Canadian artists should be given a chance to compete for the design of the stamps.

Hon. Rodolphe Lemieux replied that the minister was aware of the desire of the artist to design the stamps, but that the government should encourage home talent, and that Canadian artists should be given a chance to compete for the design of the stamps.

On his own frank confession of responsibility, C. Moorehouse was last night declared by the coroner's jury to have caused the death of Joseph R. Richards at the G. T. R. yards, Mimico, on April 6, dying the same night at Grace Hospital. Dr. G. G. Rowe was coroner at the inquest, at the morgue last night.

The medical evidence of Dr. Harrington showed that death was the result of shock and injuries sustained through two freight cars. James Harlow, cor foreman, deposed that he was working under a car with C. Morrison. A yard engine moved down without giving warning and shunted the car. He escaped.

Geo. Pratt, yard brakeman, thought the car was moved about three yards. George E. James, yard foreman, said that there was a lock switch which he did not look at. He should have checked it. He placed the switch key in charge of the switch key. He should have checked it. He placed the switch key in charge of the switch key.

After being out for about 20 minutes, the jury found: "That Joseph Richards came to his death owing to the negligence of C. Moorehouse, an employee of the Grand Trunk Railway Company. And we also think the G. T. R. Co. somewhat negligent in failing to properly protect the lives of their employees."

Some Warm Language. He denied that the reciprocity negotiations had been opened by the United States. He affirmed that Rev. J. A. Macdonald had opened negotiations in connection with the U. S. Peace Society. He said: "The meanest kind of liar is an equivocator, and I put Mr. Macdonald in that class."

Dealing with the leaders of the grain growers' delegation which came to Ottawa in December, Col. Hughes stated that those leaders were not the way of the government or of Jim Hill. He charged the Grain Growers' Association with speculating in notes. It was evident, he said, that these men were who operated the Farmers' Bank.

T. A. Low (Liberal) of Lennoxville, spoke, he said, as a manufacturer and a protectionist. Nevertheless, he spoke as a farmer's friend and as one who realized that the farmers, who composed sixty per cent. of the population of Canada, must be considered in the framing of tariff law. He found that when the farmer got a bit of prosperity, it was divided among the classes of the community. Some of the classes prospered every one. Mr. Low vituperated the opposition as being ill-loyal, who retired into the backwoods when loyalty required a sacrifice, and he urged the opposition to be more patriotic.

PROTEST AGAINST "NE TEMERE" The first of public meetings at which strong resolutions of protest against the application of the "Ne Temere" doctrine will be submitted, takes place to-night, when Rev. Dr. W. T. Graham Baptist, will be the principal speaker, at First-avenue Baptist Church, commencing at 8 o'clock.

FARMERS ASK APPROVAL OF GOOD ROADS PLANS

York County Deputation Waits on Government—Prompt Consideration Assured.

Three hundred thousand dollars for the good roads movement in York County and how it should be expended was the theme before Hon. Dr. Reaume, minister of public works, and a York County deputation at the parliament buildings yesterday afternoon.

The York County representatives included Warden Bull, Reeve Pugsley, County Clerk Ramden and Herb Lennox, M.L.A.

The county officials were armed with plans and documents and urged the minister of public works to give speedy approval to the plans so that the farmers of East and West York and the earliest possible benefit of the appropriations granted.

Hon. Dr. Reaume promised prompt consideration, and pointed out that the grant of \$100,000 by the legislature, of \$50,000 by the city and the two equal parts of \$25,000 by East and West York, involved the duty of ascertaining the needs of the county.

Hon. Dr. Reaume said that to satisfy himself fully on the point, a committee of engineers would be appointed to make a report. This would, however, probably be the only cause for delay.

INGERSOLL, April 11.—While playing with some companions at the edge of Parlo's Pond, little Ray Jackson, aged 8 years, fell into the mill race, Devil's Mill race, and was drowned. The mill race flows under a double bridge and the lad was quickly carried rushing down his blacksmith shop into the cellar of the house and pulled up some timbers which form a covering over the race, succeeding in pulling out the child, who apparently was none the worse for his experience.

WILL STUMP NEW BRUNSWICK. OTTAWA, April 11.—(Special).—In the event of spending Easter at homes in British Columbia, George H. Stump, M.P. for Vancouver and A. C. Goodwin, M.P. for New York, will stump New Brunswick next week along with eastern members in opposition to the reciprocity agreement.

PONTOON TOOK CRUISE IN LAKE

Broke Away From Work at Intake and Tug Brought It Back to the City.

Consternation reigned at the island between 6 and 7 p.m. yesterday, when one of the big iron pontoons, 30 feet long and 6 feet in diameter, being used in repairs to the intake, and which had been sunk, suddenly up-ended, and like some mighty leviathan of the deep, went cruising away to the westward.

W. H. Randall, assistant of Waterworks Engineer Fellows, at once phoned the city for the tug Nellie Lee, belonging to the Weddell Contracting Co.

The tug had a merry chase and did not succeed in bringing up alongside the pontoon until the heavy sea had carried the latter near the western gap, a distance of a mile and a half. Here wharf at the foot of John-street, where it will remain until the lake becomes calm enough to sink it once more.

The reason for the rough weather of the four sunk to raise the 150 feet of the intake, which is supposed to be raised, the water is replaced by air. The men were engaged in forcing the water out when the rough weather drove them ashore. It is believed that this pontoon had enough water forced out to cause it to rise to a point where the waters of the lake were disturbed by the storm and cast thus carried out by the chains which moored it to the pier.

POWER CELEBRATION PLANS Banquet Will Be Followed by Electrical Display and Speeches.

The probable program of the hydro-electric celebration on May 3 was briefly outlined at the meeting of the legislation and reception committee yesterday afternoon. The meeting at Massey Hall, originally planned, has been dispensed with and the proceedings will open with a dinner to the visitors from the other municipalities in the power ring, Hon. Adam Beck, Sir James Whitney, the members of the Ontario Cabinet and the ex-mayors of the city, at the King Edward Hotel.

From the banquet hall the party will adjourn to the city hall and the electrical display will be opened, after which there will be speeches from a platform erected in front of the city hall, and the civic building will be open until 11 p.m. Bands will be stationed in the corridors.

The committee will confer with Gen. Cotton at noon to-day in the mayor's office to arrange for a military turnout for the coronation celebration on June 22. A recommendation will also be sent to council after the meeting to be held to-morrow evening for a representation by the city at the coronation ceremonies in England.

The report of the sub-committee appointed to confer with the police commission with reference to the by-law to have slow-moving vehicles kept out of the city streets, which was the chief of police embody in it certain assurances which he made verbally regarding a common-sense interpretation of the by-law.

SPANISH ENGINEERS HERE Looking Over Irrigation and Railroad in America.

Four Spaniards, representing the Spanish Government in America, the engineering line, arrived in the city last night and registered at the Walker House. They are touring the United States and Canada to study out the methods of irrigation and railroad building in this country, and to discover what will be best for adoption in their own country.

Three of the party are civil engineers, and the other is a mining expert. They left Spain some six months ago, and have been some two months in New York. They are all young fellows and bear the following names: Jon Tolana, Enrique Solana, Ignacio de Rotana, Enrique Moleman. After leaving Toronto they will make an extensive tour of the southern and western states.

DRIVER HURLED TO DEATH ACCIDENT TOLL HEAVY

Runaway Which Cost Fred Glover Life, One Chapter in Many Misadventures.

For the last few days there has been a swelling list of death and serious injuries by accident and suicide in the city. This reached its highest point yesterday, when there occurred a death and a number of accidents.

While driving a horse hitched to one of M. Rawlinson's carts, wagon on Yonge-street, near Wellesley-street, at 11:30 yesterday morning, Fred Glover, 63 Alexander-street, was thrown from his seat and his life dashed out on the pavement.

Glover was a married man, 30 years of age. He was employed as a stableman at Mr. Rawlinson's and was trying out the horse, which had been purchased with four others at a local repository only the day previous.

While walking in Lombard-street yesterday afternoon, George Grauden dropped and was picked up in a semi-conscious condition. The police ambulance was summoned and he was started on his way to St. Michael's Hospital, but died on the way.

Yesterday afternoon a Lake Simcoe Ice Co.'s wagon ran amuck in North York-street, near Cumberland-street, and the team dashed into the doorway of the C. F. Hotel, badly wrecking the doorway.

Boy Narrowly Escaped. Ten-year-old Victor Powell, 19 London-street, also narrowly escaped death or serious injury in Bathurst-street, yesterday afternoon.

Thomas Sweet, an old man who gives 85 Glenmary-avenue as his address, was stricken down in the Hotel Mospop last night and was removed to St. Michael's Hospital in the police ambulance.

At the city morgue there have, so far, been signs of much life and activity. The bodies of James Lightal, who poisoned himself in a downtown hotel, and of Grauden, who was picked up in the street, are still there, while several were removed yesterday, and the bodies of the other two are still standing upon the list.

Coroner McCollum yesterday held an inquest into the death of George Owens, 25 Wilton-street, who fell down stairs at the house of his employer in Anne-street, Saturday night and died Monday in St. Michael's Hospital.

There are still on the corner's list inquest into the deaths of John Newman, hydro-electric workman, upon whose head a coil of wire fell; Joseph Gullnas, who was electrocuted by a T. E. L. wire, and the adjourned inquest on Glover, killed yesterday.

Civic Transportation. Civic transportation is an important question in this city in this day, and, as it should be, the topic was brought up for discussion last night at the High Park Ratepayers' Association.

That the present civic transportation was quite inadequate seemed to be the opinion of the majority of those present.

Mr. Griggs' and Goethe's Views on Art

Few ordinary readers pass beyond the first part of Goethe's Faust, but the lecture by Edward Howard Griggs last night in Association Hall on the second part was one of the most interesting of the series. There are only two more lectures in the course, the next being on the 25th inst., the Easter week date being omitted.

SCHOOL GAMES JUNE 3

The annual school games will be held on Saturday, June 3, this year. This was finally settled yesterday at the meeting of the sub-committee on games appointed by the board.

Mr. Griggs' and Goethe's Views on Art

The second part is the work of Goethe's mature and balanced wisdom, his judgment clear, his experience that of a great poet and thinker, a statesman and man of affairs. Its wide objective treatment of life demanded such breadth of experience as he could bring to bear upon it. While the lyrical fusing quality of his art abated in middle age his psychological faculty grew.

REPUTATION DAMAGED 6 CENTS WORTH.

NEW YORK, April 11.—Six cents damages was awarded today to Wm. Casey by a Brooklyn jury in the supreme court for the injury to his reputation sustained when he was arrested and photographed by Brooklyn detectives, charged with a crime of which he was acquitted on trial.

WILL SURELY SHATTER LIBERAL HOPES IN CITY

That sanguine Liberals, who expect party gains in Toronto at the next election, will receive a rude shock on the close of the approaching contest, is the best guess of the Conservative organizers in the city today.

EX-CONDUCTOR'S SUICIDE

SARNIA, April 11.—(Special.)—John McDonald, aged 60, committed suicide at the golf links at Christina-street at 8 o'clock this evening, by shooting himself with a revolver thru the right temple. The tragedy was witnessed by three small boys.

TEMPERANCE LEAGUE MEETS

The 23rd annual meeting of the Canadian Temperance League was held in Zion Congregational Church, College-st., last evening at 8 o'clock, the president, J. S. Robertson in the chair. The annual address of the president and the reports from the various officers told of a year of active work along temperance and missionary lines.

J. P. M'KENNA NOT WORRIED

Bookkeeper Willing to Assist Police in Confiscating Impure Fiction. John P. McKenna, of McKenna's book store, 189 Yonge-st., in an interview with The World yesterday, regarding the confiscation of two books, namely, "Three Weeks" and "Cynthia in the Wilderness," said that if any of his books were considered objectionable by the authorities, he should be perfectly willing that they should be destroyed, and he was quite willing to give the police all the assistance they needed in the matter.

TREKKING TO WEST.

The flood of immigration still continues. Last night three special trains carried the passengers traffic to the west, and all the 29 cars were crowded. Between 1000 and 1100 went, the majority of these from Ontario.

WAS IT WORTH IT?

NEW YORK, April 11.—Three New Haven, Conn., girls, the Misses Belle, Henrietta and Marion Fouchtwaenger, will receive \$100 each from the estate of their uncle, Meyer Fouchtwaenger, who died in this city April 8, for not marrying during his life-time. The young women filed a petition with the will to-day, saying that they had complied with their uncle's wishes.

FANCY DRESS BALL.

A fancy dress ball was held in the Forum Building last evening, arranged by Mr. James H. Drinkwater. There were many tasteful and pretty costumes worn and the dancing was greatly enjoyed by the many guests present. Mrs. F. McDonald, Mrs. J. J. Forsell and Mrs. Rice acted as judges.

PROBE WILL GO DEEP.

Judge Winchester is following out his intention, as expressed in The World yesterday, Monday, and is going to study thoroughly into the matter of school contracts. His honor commenced yesterday to examine into the books of the board of education and will look into all the contracts let in the past number of years.

BIG HOTEL FOR MONTREAL.

MONTREAL, April 11.—The property owned by the W. H. Scroggie Co., Limited, at the corner of St. Catharines and Peel-sts., was purchased to-day by the firm of Carrick, Limited, to erect a syndicate hotel. The property has a frontage of 113 feet 6 inches on St. Catharines-st., 117 on Peel-st., and 113 feet on Dominion-square. The purchase price was understood to be in the neighborhood of \$500,000, or about \$40 a foot.

A LONG LIVED FAMILY.

BARRIE, April 11.—(Special.)—Mrs. John Brunton, one of Allandale's oldest and most respected citizens, dropped dead here after six o'clock this morning. Deceased was eighty years of age. Besides her husband, nine sons and one daughter survive, the youngest being nearly forty years of age. This is the first death in the family.

APRIL PIANO SALE.

Very surprising piano bargains are being offered by the old firm of Heintzman & Co., Limited, 133-135-137 Yonge-st. during the present month. Pianos on rent and in use by music teachers and conservatories, are coming back to the firm in large numbers. Their aim is to clear these instruments quickly rather than stock up in their warehouses. Square pianos are being offered as low as \$50, in payment of \$1 a week, and upright pianos at \$175, \$200, \$225 and \$250—about half the manufacturers' regular prices. Very easy terms of payment.

WOODSTOCK INDUSTRIAL COMMISSION.

WOODSTOCK, April 11.—Woodstock's new industrial commissioner will be Mr. C. Dickson, the late G. T. R. agent at Woodstock. The appointment was made to-day. Mr. Dickson was formerly G. T. R. agent at Woodstock, and has recently been put on the pension list for long and faithful service. He will assume his new duties on May 1.

TWO 5 INNINGS GAMES PLAYED-WIN AND LOSE

Richmond Pitchers Hold the Leafs' Sluggers - McIntyre and McDonald Placed.

By W. J. SLEPE.

RICHMOND, Va., April 11.—(Staff Correspondence.)—A new scheme for practice purposes, that of playing two five-innings games in one afternoon instead of the regular nine-innings game, was tried today, resulting in a win and a loss for the Leafs.

In the first game, the Leafs pitched well, but were shut out, 4 to 0, in the first, but won the second and fifth innings, when the Richmond pitcher was liberal with his passes.

In the second game, the Leafs pitched well, but were shut out, 4 to 0, in the first, but won the second and fifth innings, when the Richmond pitcher was liberal with his passes.

Killian took the mound for the second game, and the Leafs pitched well, but were shut out, 4 to 0, in the first, but won the second and fifth innings, when the Richmond pitcher was liberal with his passes.

At far as batting was concerned, it was a decided reversal of form from the day previous, and something had to account for, as neither one of Richmond's pitchers appeared to have anything that should have been expected.

McIntyre has been ordered to report to Haverhill. This is the town in which he will have to start his season here at nine o'clock in the morning for Norfolk. Showery weather is looked for.

McDonald-to-night accepted the terms offered him by the Richmond Club, so his name will appear during the season. This is an excellent ball town and McDonald should consider himself lucky in getting a start with such a good club.

Fashion-Craft Clothes. Little BUT Important are the TRIFLES that make Fashion-Craft clothes always a success. Heavy padded shoulders as featured by most Ready-to-Wear Shops are here conspicuous by their absence, and natural formed shoulders as shown in the highest grade English or American models take their place.

ADAMS WINS SEMI-FINAL AND LOSES IN THE FINAL

New York and Boston Boxers Divide Honors in U. S. National Amateur Championships.

BOSTON, April 11.—New York and Boston boxers divided equally the national amateur boxing championships in the final bouts decided at Mechanics Hall to-night. The competition was sturdy and fast, and 5000 boxing enthusiasts watched.

McIntyre has been ordered to report to Haverhill. This is the town in which he will have to start his season here at nine o'clock in the morning for Norfolk.

McDonald-to-night accepted the terms offered him by the Richmond Club, so his name will appear during the season.

Major League Ball Season Opens To-day Weather Unsettled

NEW YORK, April 11.—Of the eight cities which have been selected for the opening games in the major league baseball season to-morrow, only one is reasonably sure of fair weather.

With this exception, conditions are reported as unsettled. The Detroit fans are most in fear of showers for the opening to-morrow afternoon.

Northwithstanding the interference which the skies may threaten, the day is expected to be warm in every city except Boston, where the promise of clear skies is discounted by predictions for a probably cool day.

The Toronto Bowling Club Two-Man League yesterday afternoon the Bankers won all five games from the Scrubbers. The letter were only dangerous in the first two games when they were few plain down.

At far as batting was concerned, it was a decided reversal of form from the day previous, and something had to account for, as neither one of Richmond's pitchers appeared to have anything that should have been expected.

CENTRAL LEAGUE PENNANT GOES TO THE NIGHT HAWKS

Hammond Bros. Defeated by 105 Pins on Roll-off—City and All Bowling Scores.

On the roll-off for the championship of the Central Bowling League on the Brunswick alleys last night the Night Hawks won against Hammond Bros. by 106 pins, totaling 344, against Hammond's 238.

At far as batting was concerned, it was a decided reversal of form from the day previous, and something had to account for, as neither one of Richmond's pitchers appeared to have anything that should have been expected.

At far as batting was concerned, it was a decided reversal of form from the day previous, and something had to account for, as neither one of Richmond's pitchers appeared to have anything that should have been expected.

WE HAVE LETTERS TO PROVE THE STATEMENT—unsolicited testimonials and enquiries, come to us from across the Atlantic and the Pacific.

The magic of the "Noblemen's" success is its quality. It is made from the choicest Havana tobacco by skilled Cuban workmen. It is therefore equal in quality to the high-grade "imported" brands. YET THE COST IS HALF (2-for-a-quarter). The cost is half, because "imported" cigars pay much heavier duties than raw leaf.

When you smoke "NOBLEMEN" you smoke the "imported" quality AT HALF THE PRICE.

CITY WILL UNDERTAKE TO INSPECT T. E. L. WIRES

Safety of Public Demands It, Says Controller Ward—Library Board After Funds.

As a result of a motion by Controller Ward in the board of control yesterday, the city's legal department has been instructed to prepare a by-law providing for the inspection of all electric wires on city streets and the appointment of a competent electrician as inspector.

Controller Ward said a number of fatalities had resulted from neglect of proper inspection of overhead wires, and that in the case of the T. E. L. many wires were poorly insulated as a result of long years of neglect. He contended that the fear of this dangerous wire should be replaced by properly insulated wire.

"If we are going to have an electric fight," said the controller, "let us start on more even terms. We have a new, up-to-date plant in the hydro-electric, while the plant providing the other day by a new company from the T. E. L. is a ram-shackle affair, almost obsolete, and daily endangers the lives of our citizens. The Toronto Electric Light Company served the citizens for many years, and personally I had no desire to harass them, but things are different to-day; they are out of it and a new company are coming into the field. They must be considered as a new concern, out to do business."

Must Protect Public.

"They cannot be allowed to jeopardize the lives of our people by present by defective insulated wires. They must be subjected to a rigid inspection. If I have my way, those decrepit poles that disfigure our streets will be removed or improved upon. We are charging our merchants a fee for areas and overhead signs to-day which take up less room than the ugly poles of this company. We can ask for legislation to cure some of these evils, and we have a provincial legislature that shows a strong inclination to favor the protection of public rights."

"We should also have the wiring of public buildings inspected, as a great many fires can be attributed to poorly insulated wires. Special legislation should be secured to have all wires underground in the commercial section of the city, as to-day the wires are a menace to the lives of our firemen at fires in that section of the city where buildings are old. Our elevator inspection is self-sustaining and has been a great success, not a single accident in an elevator under city inspection since we passed the bylaw three years ago. The same should be true of electrical inspection."

The fact that the city has been keeping back \$3000 per year from the public library board that should have gone to the maintenance of the library last twenty years was brought to the attention of the board of control by a deputation representing the library board. This amount has been deducted annually by the city treasurer from the grant to the library board to provide for the maintenance and sinking fund of the institution.

It was also shown that the rate of 1-14 mills levied for library purposes was just half the rate levied in other municipalities of the province. The board of control were shown that they had authority under the act to provide for capital expenditure up to an equal amount of the present levy without submitting a bylaw to the people, and a strong plea was put forward for enough to establish a properly the present branch libraries and provide for the erection of one new branch per year.

The speaker for the deputation were N. B. Gash, K.C.; H. T. Kelly, K.C., and G. H. Locke. The board expressed a desire to meet the requests of the deputation and promised to give them careful consideration when the estimates are dealt with.

Request.

Ald. Yeomans introduced a deputation from the Alexandra Yacht Club, asking that the city dredge a slip leading to their clubhouse, 800 to an extension of Keating's channel, at once, to give them enough water to get in and out from Ashbridge's Bay. The city engineer will be requested to report on the possibility of doing the work at once.

Church Again on Warpath.

Controller Church did not like the report of the city engineer regarding the work done at the intake, as it did not

CAN'T MAKE EXTENSION PAY EXPENSE INCURRED. Commissioner Forman Against Expropriating Land Benefited by Victoria-street Improvement.

"If there is a real estate man who would undertake the work and guarantee that the city would be put to practically no expense I would advise securing his services," said Assessment Commissioner Forman yesterday when told that a real estate man had said that the new legislation permitting the expropriating of 200 feet on each side of a municipal improvement would permit the extension of Victoria-street from Gerrard-street to Carlton-street with practically no cost to the city.

"I will be glad to give him the job," continued Mr. Forman, "and will recommend that he be engaged if the council can get such a guarantee. This legislation," he continued, "does not say that the value of the property shall be actual value upon expropriation, but that they shall make compensation, which is vastly different. The city has a right to expropriate land, and while the law might work admirably where there are no buildings to be considered, it seems to me questionable to involve in a case of this kind. On property which is built upon, the value may run up to \$200 per foot or more, according to the value of the buildings. There is no way to get the value of the case of vacant land being expropriated, and consequently, the compensation would not be so heavy."

Fresh Weeds of Bakers. City Health Inspector Robert Wilson announced that he is having trouble with bakers who do not provide themselves with scales of sufficient capacity to weigh ten loaves of bread as provided by the Bread Act. He proposes proceeding against them. He has also summoned several bakers to appear in police court on a charge of selling short weight bread.

CLEARING PIPE OF SAND

Gale on Lake Stops Work of Raising Broken Conduit. The heavy sea which drove the plant in from raising the broken pipe, leading to the intake yesterday morning, prevented any further attempt being made, and so far as the lake work was concerned everything was at a standstill.

There is considerable sand to be removed from one end of the disconnected length of pipe before the pontoons will raise it, but this will only be the work of an hour or two when the weather permits. Work is being continued at the shore end of the disconnected pipe, however, and much sand was removed yesterday.

The making of the cut at Clarendon-bay is being practically shut off from the bay. The city engineer announces that it will be only a few days until the city is supplied with lake water from this source.

The last two tests made of the water by the city analyst show an absence of typhoid bacteria from the settling basin. The water is reported better, in fact, than that secured from the lake.

QUIET IN CROW'S NEST

Miners' Executive Called to Meet on Thursday Morning. FERNIE, B.C., April 11.—The executive of the miners' union has been called to meet at Fernie on Thursday morning. None of the international members has reached town to-day, and the executive meeting is expected to be a quiet one.

President Stockert returned to Howse last night, and as manager William H. H. is not expected to return, another meeting will be held for a few days. This is the first time since the March being handed out to the men at both camps. Nearly \$200,000 will be paid to the employees here and at Michie. Every part of the district reports perfect quietness, and the miners here are more than usually careful of the cash they are getting.

The East Toronto Market Association building together with 24 feet of the building, 100 feet long, 10 feet wide, and 10 feet high, was destroyed by fire on the 10th inst. at 100 St. Lawrence street, on the premises, 188 Main-street.

Be Warned by Headache

It Tells of Serious Derangements of the Liver and Kidneys.

DR. CHASE'S KIDNEY-LIVER PILLS

You can stop a headache with powerful drugs. But it is not generally wise to do so.

A headache almost always warns you of derangements of the digestive system, the liver, kidneys or bowels.

Awaken the liver to healthful action by the use of Dr. Chase's Kidney-Liver Pills and you not only free yourself of headache, but remove the cause which will soon lead to more dangerous results than headache.

Investigate the action of the kidneys by this treatment and you take away the dangers of Bright's disease as well as free yourself of headache.

Pains are the result of poison in the system, and whether you have headache, backache or aching limbs, you can be almost sure to get relief and cure when you cleanse and regulate the vital organs by the use of Dr. Chase's Kidney-Liver Pills.

They are wonderfully prompt, as well as definite and thorough in action. You can depend upon them, no matter how long-standing and complicated your case, as long as the cause is the sluggish, torpid condition of the liver and kidneys.

Mining Stocks Show Slightly Improved Undertone

Cheaper Cobalts Brighten Up But Gold Shares Are Depressed

Some Reactions Noted in Porcupines Late in Day—Silver Mining Issues in Better Demand.

World Office, Tuesday Evening, April 11.

Interest in the Porcupines was almost overshadowed by speculation in the Cobalt issues in today's markets, and the gold mining stocks were forced to take a back seat, while certain of the cheaper silver mining shares were pushed to the front.

Several of the cheaper Cobalts, which are classed in the inactive list, have almost dropped out of sight lately through sheer inactivity, and have been picked up, and the rapid way in which quotations advance when a demand arises, shows that values have been forced down almost out of reason by holders being forced to liquidate on an unwhiling market.

Of these was the special instance of this nature to-day, these shares being bought on the assumption that the new board of directors would institute active development operations on the property. Rumor has it that they are well supplied with funds, and as the mine at one time had excellent ore in prospect, it is not unreasonable to look for a better market for the stock, if work is resumed. The shares sold up to 4 1/2 to-day, and at one time bids were made at 5 cents, but at the close the best bid was a point below that price.

Rochester was up over a point to 5 to-day, and while no information regarding the new issue of stock was obtainable, it was again reported that this had all been taken up.

Beaver gained a point from yesterday's high, the shares selling up to 4 1/2, but the advance was lost late in the day, and at the close the stock was offering at 4 3/4. Other Cobalts were about unchanged, outside of McKinley-Darragh, which sold off 5 points to 1 1/8.

The Porcupine issues were irregular, with no pronounced trend. A species of weakness was in evidence late in the day, and Vinton, Foster and Hollinger were all lower, the latter issue selling at 3 1/8. West Dome was weak, and dropped 2 1/2 points from yesterday's high to 4 1/2. There was nothing in the news to account for the decline which was set down to selling by underwriters.

Foley O'Brien sold down to a new low level, at 1 1/8, and in New York was off ten points below that price. This stock has been systematically raised during the last few days, and as yet no explanation for the movement has come to light.

China Speculates In Silver Market

Heavy Purchases of Silver Coin by Orient—Price Holds Decidedly Steady.

Samuel Montagu & Co., silver and gold bullion brokers, comment on the silver market under date of March 30 as follows:

The recent purchases of silver coin in Saigon by the Chinese Government are believed to amount to \$1,000,000, or a million sterling. This represents a redundancy of currency, in consequence of the heavy purchases of some years back by the French Government, which have since proved to have been unproductive. It must be rather disappointing to silver producers that so large a sum has been acquired in this way, rather than by a purchase from the market output.

We gather that this definite move in the direction of a reformed currency has induced the Chinese merchants to buy silver. It is a curious coincidence that in two eastern countries, both of vast population, there should exist at the same time a native speculation based on the prospect of government coinage in their respective countries on a large scale. No one, however, cognizant of Chinese governmental methods, is in a position to judge whether the Chinese speculative movement is likely to be more successful than that in India.

The silver holdings in Shanghai continue to increase; the amount has risen from the equivalent of 220,000 taels to 244, but the number of bars in Bombay have fallen from 20,600 to 18,000.

During the week silver has been remarkably steady. The forward price has remained absolutely stationary at 24 7/16, and the cash prices was fixed at 24 1/16 every day except Saturdays, when it was quoted at 24 1/4.

Porcupine Exchange

New Institution in New York to Deal in Gold Stocks.

A New York despatch states that a new exchange is to be organized in that city. It is to be the Porcupine Exchange, and seats are to be limited and to cost \$100. It is stated that Charles Knoblauch, a member of the firm of Thompson, Towle & Co., Haydon, Stone & Co., McCormick Bros., and several other stock exchange houses, will buy seats.

Charles Knoblauch, it is understood, asked Secretary George W. Ely, if there was any rule of the exchange or any reason why a member of the exchange should not become a member of the Porcupine Exchange, and was told that there was no reason. He therefore decided to "take a chance."

Sued Gowanda Mine.

An unusual case came before Judge Winchester yesterday, when Chas. H. Porter sued the Gowanda Mine Producers, Limited, for a bill of costs.

Between Jan. 13, 1909, and Aug. 2, 1910, the plaintiff performed services as solicitor and made certain payments on behalf of the defendants. On Aug. 19, 1910, plaintiff retained defendant to account made by him for the sum of \$339.72, which remained unpaid. The case was dismissed.

WILBERFORCE, April 11.—(Special)

Interest in the Ontario mineral fields just now is centred in Porcupine and Cobalt, but it is expected to spread to Haliburton and Peterboro Counties, where rich iron, graphite and mica deposits are known to exist, will do much to bring the attention of the province next before the public in the near future.

It is not generally known that extensive development operations are in progress in this section at the present time. It is estimated that over \$100,000 has been expended in the vicinity of the Village of Wilberforce alone. At this point a graphite mill, which will treat about 100 tons a day, has been erected by the Virginia Graphite Co. of New York, and sufficient power has been secured to enable the company to increase the capacity at a later date.

Considerable activity will be witnessed this spring on properties in the vicinity of Wilberforce. The English Lead Company are opening up a polydehydrate mine about two miles away, and the extensive plant recently installed would indicate that they intend getting after the ore in earnest. The North American Exploration and Development Company, of Toronto, have taken on large interests, and have grouped their properties so as to cut down the cost of mining. They have taken over claims with excellent showings of mica, graphite and magnetite from all of which will be aggressively worked. Dwyer and Elliott have a gang of men working on their magnetic iron ore properties, and have shafts down 25 feet. They have trepanned and sunk pits at intervals over an area of 250 feet wide and 1800 feet long, and have traced the iron ore for a distance of over a mile on their 300 acres. The district is also an excellent prospect as a gold mining proposition. Findley and Anderson have a large quartz vein on their claims, and it is stated that assays of \$40 to the ton in gold have been obtained. They will recommence work this summer.

This section of the province has received little publicity, but should the present plans be carried out it is likely that the results will do much to awaken interest in the rich mineral deposits which are known to exist there. Wilberforce is in Haliburton County, about 15 miles north of Trenton. The Central Ontario Railway passes thru the district.
