AT IT HAMMER AND TONGS YET

British Columbia Political Atmosphere Still at Torrid Heat—Joe Martin Said to Have Got a Sufficient Following to Form a Cabinet.

Vancouver, B. C., Aug. 18.—(Special.)—Papers supporting the late British Columbia Government continue to ensure the set of Lieut.-Governor McInnes, in calling on Mr. Semlin to form a Government, when the Turner Government had a majority. The Westminster Sun personally abuses Mr. McInnes, stating that, outside of some exterior polish, he "has not the dignity of a British Columbia Indian, and knows no more about constitutional government than a tom-cat."

The World, the Turner paper, says the first step of the Opposition Government is to increase the Cabinet from five to six—extraneous at the outset. The paper goes on to say that the Opposition members are frantic in their endeavor to secure office of a fat billet. The next portfolios will go to Ralph Smith of Nanaimo and Mr. Martin of Kootenay. The Cabinet will be completed this week, with a Liberal majority, owing to the efforts of Joe Martin. Mr. Cotton was the only staunch Tory tolerated. An Opposition convention to settle on a leader is advertised for the 26th. This means, according to several delegates, that Joe Martin will become Premier and Mr. Semlin will retire.

The Province publishes a report that the millionnaire James Dunsmuir, and his son-in-law, Mr. Bryden, supporters of Mr. Turner, are resigning. The Province says, if this thing keeps up, there will soon be no Turner party left.

Owing to the loose laws of British Columbia, 32 election protests filed will fall through. The Supreme Court has no power to try election cases and an unrepented law says guaranteed costs must be deposited in

the Bank of England. Of course, this was not done.

BASCALLY CHINAMEN

Put Up a Guy Fawkes Game on the Magistrate's Court at the Town of Seveston.

Vancouver, B. C., Aug. 18.—(Special.)—An entire village of Chinamen are engaged at the fishing town of Seveston during the fishing season. At night they convert Seveston into a Monte Carlo, with opium den attachments. Magistrate Pearson attempted to stop the gambling and force a curfew law, "lights out at 10." He fined several Chinamen heavily. To-day under the Town Hall a powder keg, with a half-pound fuse attached, was discovered. No doubt is felt that the scoundrel Chinamen had decided to blow up the Town Hall and kill all the officials when court was sitting. The powder was lodged directly under the Magistrate's chair. A slight dampness in the fuse prevented an awful wholesale murder.

ROSSLAND AFFAIRS.

White Bear Stock Advancing—Development Continues on Virginia—State Cristo Active.

Rossland, B. C., Aug. 18.—(Special.)—White Bear is advancing, and the stock is in demand owing to the good showing. Development on Virginia continues, and there is a good deal of ore on the dump. An early and sharp advance in the stock is to be looked for.

Monte Cristo, which has been quiescent for a while, again shows signs of activity. There is nothing new in Le Roi affairs, but development continues. A. R. M.

CASSINI SUCCEEDS DE STAEL.

His Presence in London Will, It is Thought, Prove a Great Advantage to Russia.

London, Aug. 18.—M. De Staël, the Russian Ambassador to Great Britain, according to a special dispatch from St. Petersburg, will soon retire from London and be succeeded by Count Cassini, Russian Ambassador to the United States.

What Washington Has to Say.—Washington, Aug. 18.—The report from London that Count Cassini, Russian Ambassador here, will shortly be transferred to London, excited much interest in diplomatic quarters, as it was felt to have an important bearing on the Chinese question, which has recently reached a crucial issue between Russia and Great Britain. Count Cassini was for five years Russian Ambassador at Peking prior to coming to Washington. It was during his service at Peking that Russia executed the coup of gaining Port Arthur and part of the Liaotung Peninsula. The recent clash between Russia and Great Britain grew out of some of the British concessions made while Count Cassini was at Peking. His transfer to London will, therefore, give his Government the advantage of having the negotiations with Great Britain conducted by a diplomat thoroughly conversant with the condition of Chinese affairs.

WHERE IS LOUIS REICH?

His Family and Friends Are Anxious—Last Seen in Kingston—Once Had Sunstroke.

Louis Reich is missing. Patiently his wife, his three children and his many friends have waited for his return, but now that two weeks have passed by and his whereabouts are still unknown, they can no longer keep silent, so ask the public to aid in locating him. The home of the Reich family is at 121 Bather-street. Up till a year ago Reich had steady employment with A. S. Norbier, but since that time he has been working but infrequently, and to find work he left for Kingston on Saturday, Aug. 6. He was seen there by a friend on the following Monday, and stated that he was coming back to Toronto that day, as his mission had been unsuccessful. But he did not come home, and where he did go or what has become of him is yet to be told.

The absent man is a German, about 32 years of age, tall, thin and wears a light mustache. He is described by his friends as "a neatly dressed mechanic, about 24." For 15 years he has been an active member of the Liederkreis Club, prominent in the athletic department. His disappearance has cast a gloom over his otherwise jovial German rendezvous, and little else is talked of.

About a month ago Louis had a sunstroke. He has since acted a little peculiarly and his speech has been somewhat affected.

HAPPENINGS OF A DAY.

Items of Passing Interest Gathered in and about the City.

Alvie Dillard sells 3 packages of Myrtle cut or Tonka for 25c.

No robbery took place at 114 Adelaide-street west two nights ago, says William Jones.

A meeting of the Metropolitan Band was held last evening in Bilton's Hall. General business was in order.

Miss McKin. Memphis, Tenn.—Miss Alice H. Wright, Detroit, Mich., and Miss Ruth D. Farrell, Detroit, Ohio, were visitors at the Y.W.C.A., Elm-street, yesterday.

The number of people from the city going over to Europe is now very small, owing, no doubt, to the coolness of the weather. Large crowds are returning by every boat.

Mr. W. H. Seyler, chairman of the Entertainment Committee, presented prizes last evening to those members of the Liederkreis Club who were successful at the annual games on Monday.

St. Jude's Church garden party is to take place on the 25th inst., at Edward Armstrong's place on the town line of Wexford. An excellent program will be given, with Principal Dymond of Bradford in the chair.

WHO WILL BE THE NEXT POPE?

That is the Question That Runs from Mouth to Mouth in Rome—Will He Be an Italian or a Foreigner?—Cardinal Rampolla the Most Likely Candidate.

St. Peter's Basilica, Rome, Aug. 18.—The Journal has a special cable from Rome to the following effect:

Despite the Vatican's assertion that the illness of the Pope is only of a transitory nature, the fact remains that his death is momentarily expected, and all Rome is discussing his successor.

"Who will be the next Pope?" This is the question that runs from mouth to mouth.

Then, again, "Will the next Pope be an Italian or a foreigner?" In the Sacred College the native and foreign Cardinals are about equal in numbers.

However, it is the general opinion that the successor of Leo XIII. will be an Italian. It is considered that a Pope of this nationality can revivify better than a stranger the rights of the church as opposed to the state.

It must never be forgotten that in the election of the next Pope, and in many elections to come, the principal motive guiding the Sacred College will be the Roman question. The Italian Liberals, who always hope for conciliation between the church and state, advocate the election of a foreign Pope, as a means to their end; but those who know well the members of the Sacred College assert that many of the foreign Cardinals would be much more uncompromising than any of the staunch Italian extremists.

Rampolla's Strength Grows.

Excluding the possibility of a foreign Pope, the struggle will be confined to Cardinal Rampolla, who will be the highest expression of a political Pope, and to a non-political religious candidate. As to the latter, the most spoken of candidates are Cardinals Angele de Pietro and Gerolamo Maria Gotti.

The former is the son of a shepherd of Euversons, Rome, and is already called the "Holy Man." He is just 70 years old and was educated for the priesthood by the bishop of his diocese.

Cardinal Gotti is 64 years of age. He was born in Genoa. He has the advantage of corresponding to a prediction of the prophet Malachi, who left a book containing a motto for each future Pope, which they say has never failed.

Leo XIII., who has a special affection for him, has often called him "My successor." Cardinal Rampolla has been Pope-elect for ten years. He is generally considered by outsiders to be the strongest candidate.

LEO XIII. AT THE CAPITAL.

His Presence in London Will, It is Thought, Prove a Great Advantage to Russia.

London, Aug. 18.—The Singapore correspondent of The Daily Mail says: "The native rebellion in the Philippines has extended to the hemp provinces, in South Luzon. Heavy fighting occurred at Taguban, Pilar and Pansol, the immediate cause being outrages committed by the Spaniards at Pagatulan. The Spaniards also burned Pilar and massacred 500 natives. The insurgents are concentrating at Albay with the object of cutting off the retreat of the numerous Spaniards in the Camarines Province."

MASSACRED 500 NATIVES.

Spaniards in the Philippines Accused of Great Cruelty—Heavy Fighting.

London, Aug. 18.—The Singapore correspondent of The Daily Mail says: "The native rebellion in the Philippines has extended to the hemp provinces, in South Luzon. Heavy fighting occurred at Taguban, Pilar and Pansol, the immediate cause being outrages committed by the Spaniards at Pagatulan. The Spaniards also burned Pilar and massacred 500 natives. The insurgents are concentrating at Albay with the object of cutting off the retreat of the numerous Spaniards in the Camarines Province."

MEDICAL MEN AT QUEBEC.

Toronto Physicians Took a Prominent Part in the Program—Medical Diplomats.

Quebec, Aug. 18.—At the first business meeting of the Canadian Medical Association this afternoon, papers were read by Dr. Roseburgh, Toronto, on the treatment of inebriates, which resulted in the appointment of Dr. Thorburn, Muir and Adams, as a committee to study and report on the subject; on Monocular Diplopia, by Dr. Ryerson, Toronto; on Septic Peritonitis, by Hon. Dr. Marcel; on Genito Urinary Instruments, by Dr. Valentine, New York; on the Physician and Life Insurance, by Dr. Thorburn, and cases in gall, stones, cancer, tumor, etc., were exhibited and commented on by Dr. Smith of Orangeville.

It is stated that the question of the Inter-Provincial Registration of Medical Diplomats will be raised before the Canadian Medical Association. It is one of the most important from the professional standpoint that can come before the convention. The aim of such registration is to provide that a man holding a diploma in any one part of Canada might practice in any other part of it.

MANITOBA'S YIELD OF WHEAT.

Estimated at 18 to 20 Bushels to the Acre—Harvest Hands From Ontario.

Winnipeg, Aug. 18.—Hon. S. C. Wood of Toronto, President of the Freehold Loan Company, has just returned from a trip through Manitoba, and says that, with one exception, he found the crops through the sections tributary to Portage la Prairie, Calgary, Neepawa and Rapid City, in first class condition. Mr. Wood estimates the wheat yield at about 18 to 20 bushels per acre.

Graham, Horn & Co., extensive Port Willam lumber merchants, have assigned.

Tonight's Pacific Express is in seven sections. The first section arrived at 6.10, bringing in the ordinary passengers, while the six sections following have been arranged specially for the convenience of the eastern harvesters, who are coming to assist the western farmers in gathering in their grain. The total number on board the six trains is 2500, and they will be distributed throughout the province according to demand.

A Guelph Lady's Death.

Guelph, Aug. 18.—Mrs. John Robertson, who had lived here with her husband for 30 years, died this morning. Deceased was born in Guelph, in the Province of Quebec, and had been in ill health for a long time. She was of retiring disposition and much esteemed. The family consist of Miss Annie G. Neile, George and Walter, in Toronto, and Ethel, Leticia and Norman at home.

Five Boys Killed by Lightning.

Independence, Iowa, Aug. 18.—The barn of Peter Foy, ten miles north of here, was struck by lightning last night. Five boys, the oldest being 16, who were sleeping there, were burned to death.

Cardinal Rampolla

ALL FOUR COMMITTED FOR TRIAL

The Napanee Prisoners Sent Up by Magistrate Daly—Ponton May be Released on Bail if He Will Accept it.

Napanee, Ont., Aug. 18.—(Special.)—Magistrate Daly in the strict interpretation of the law considered it his duty to hold the four prisoners in the bank robbery case for trial. Mr. Porter waded eloquent in Ponton's defence, and Magistrate Daly agreed to accept bail in his case. Many people had come to Napanee to-day to hear the closing arguments and participate in an ovation to Ponton in the event of his being released, but they had to go home disappointed.

KLONDIKE LIGHTS AND SHADOWS.

Strike at Lake Yagich Not Up to Expectation, Yet the Stampedes Continue.

Seattle, Wash., Aug. 18.—Three small steamers have arrived here from Alaska with 100 passengers with their stories of the lights and shadows of the Alaska gold prospector's life. About one-third of them only were included in the list of fortunate ones. Their combined sacks of gold dust are estimated at \$100,000.

ARRIVAL OF THE RIVAL.

Port Townsend, Wash., Aug. 18.—The steam schooner Rival arrived here yesterday 14 days from St. Michael's, with 100 passengers from Dawson City. There were a few miners aboard who had gold estimated at \$100,000.

DIED IN HIS GARDEN.

Mark Steel of This City Died Suddenly Yesterday of Apoplexy—An Old Resident.

Mark Steel died suddenly from apoplexy yesterday morning at his home, 57 Calton-street. After partaking of a hearty breakfast he went out into the yard and, as he did not return, his daughter-in-law, Mrs. Steel, went out to find him. He was found lying in an unconscious condition, and before medical assistance could be secured he was dead. The deceased was an elderly gentleman and had lived in Toronto for some time. His remains will be taken to Ancona, his former home, for interment to-day.

FELTERMAN'S EXHIBITS AT DINEEN'S.

The Fair-Time Exhibits at Dineen's. The passing glance at a matchless exhibit in the fair grounds falls short of the purpose of the exhibitor to impress visitors with the superiority of his styles, his taste and his workmanship. These details deserve critical inspection, and that is why Dineen's will present their special exhibits of fashionable furwear and hatwear, amidst the simultaneous conveniences of their elegant new store in their new building at 140 Yonge-street, corner Temperance. The Fair week show of fine hat and fur styles at Dineen's will surpass anything of the kind ever attempted in Toronto, and room is now being made for the new exhibits with the clearance of all summer hats—stylish straws and soft white felts at remarkably low prices.

ARMED CYCLISTS.

There was an exciting time on Adelaide-street last evening, when Mounted Constable Lydiatt attempted to capture three bicyclists who were racing along the street. The officer, after a hot run across Yonge-street, succeeded in capturing C. W. Conner, 236 Brunswick-avenue, and Mark Derrick, the Adelaide-street blacksmith. Both men will be summoned to the Police Court.

INTER-CLUB COURTESY.

Thanks are due to the committee of the Toronto Club for their kindness in extending the privileges of their club to the members of the Albany during the time the Albany is engaged in moving to its new premises in King-street east.

SUGAR REFINERY SHUT DOWN

And 350 Men Are Temporarily Out of Employment.

Montreal, Aug. 18.—(Special.)—The works of the St. Lawrence Sugar Refining Company, at Malcomber, have been shut down and will remain closed for three or four weeks. About 350 men are temporarily thrown out of employment. The reason for the closing of the refinery is that the demand for sugars this summer has fallen below the expectation, and a larger supply of the refined article has accumulated than the warehouses can conveniently accommodate.

THE DEMAND FOR SWEETNESS HAS FALLEN BELOW EXPECTATION, AND A LARGE SUPPLY HAS ACCUMULATED IN THE WAREHOUSES—OTHER NOTES.

The officials of the company state that the decline and this season from the wholesale dealers seems to have been mostly for a hand to mouth trade, and instead of the wholesalers warehousing the sugar the bulk of the stock has been carried by the refiners. It is expected that with the increased demand for sugars which accompanies the preserving season, the stocks now on hand will be considerably depleted, and the St. Lawrence Company will start up again as soon as their warehouses begin to empty.

THE CANADA SUGAR REFINING COMPANY.

The Canada Sugar Refining Company have not closed their works, but they complain of a similar disappointing demand for sugar from the trade. Their warehousing facilities are, however, large and they do not contemplate shutting down, unless conditions should become worse than they are at present.

Hon. Horace Archambault, Attorney-General Has a Summer Residence at Dorion.

Hon. Horace Archambault, Attorney-General has a summer residence at Dorion, but for about a month past, since Mrs. Archambault broke her leg, at the Pistol, it has not been occupied. On visiting the home this morning, Mr. Archambault was very much surprised to find that it had been broken into, and that two deliberate attempts had been made to set it on fire. Strange to say nothing had been stolen.

THOSE COUNTERFEITING PLATES.

Were Found in the Outskirts of Toronto Buried Under a Tree.

Detroit, Mich., Aug. 18.—The Window plates have now become the issue in the Johnson case. To find them the authorities will make another thorough and systematic search. When Edward Henry Johnson, father of those under arrest, was caught in Toronto in 1880, he disclosed the hiding place of his plates. They were buried under a big tree in a wood on the outskirts of the town. The Canadian officials dug them up, and found them carefully wrapped in oilcloth and sealed with beeswax.

HE Merritt on Manila's Fall

The Official Story of the Capitulation Given Out at Washington.

United States Troops Control the Whole Philippine Group—Congratulations From Britain on the Conclusion of Peace—Rush of Merchants From Hong Kong to Manila.

Washington, Aug. 15.—The War Department made public to-day the despatch of General Merritt, giving the official story of Manila's fall, and also the text of the significant instructions sent General Merritt, requiring the insurgents and others to recognize the authority of the United States in the territory occupied by United States forces. These despatches were about the only positive developments of the day, therefore, even among officials, as to whether our present authority and jurisdiction covers Manila only, as provided by the peace protocol, or covers all the Philippines, as provided by the reported terms of capitulation to Merritt and Dewey.

Another point on which officials are without definite information is as to the extent of the present authority in the Philippines. Under the peace protocol, the United States was given the occupation of Manila, with the bay and harbor, until a permanent disposition of the Philippine question was reached. But, according to press despatches, which are so circumstantial as to credit the most official quarters, General Merritt and Admiral Dewey received the capitulation of the entire Philippine archipelago. There has to be some doubt, therefore, even among officials, as to whether our present authority and jurisdiction covers Manila only, as provided by the peace protocol, or covers all the Philippines, as provided by the reported terms of capitulation to Merritt and Dewey.

The State Department received another international congratulation on the restoration of peace to-day. This one came from the British Ambassador, Sir Julian Pauncefote, who is now sojourning at New London, Conn. The Ambassador communicated an expression of profound gratification with which Her Majesty's Government has learned of the signature of the preliminaries of peace between the United States and Spain, and the sincere congratulations to the President and the Government of the United States on the termination of the war.

American Troops Everywhere. Hong Kong, Aug. 15.—A despatch from the British Consul at Hong Kong, dated Friday, confirms the capture of the city by our troops, and the fact that American troops are everywhere.

Names of the Killed. San Francisco, Aug. 15.—A special to the Examiner from Manila, Aug. 14, gives the following names of those killed during the fighting which preceded the occupation of that city: John Dunsmore, First California Regiment, First California; August Tholen, 23rd Regulars; Archie Latterson, 18th Minnesota; William Lewis, Nebraska Regiment; Robert McCann, 14th Regulars; Samuel Howell, 14th Regulars. Capt. Richter of the 1st California, wounded in the first attack of Manila, died on Aug. 4. Charles Winderman of the 3rd Regulars died on the 2nd. George Perkins of California died on the 7th of pneumonia. William Robinson of the hospital corps died of typhoid.

Among the seriously wounded are Captains O. Sebach and T. Bjornstad of the 18th Minnesota. Censorship Abolished. New York, Aug. 15.—(7:45 p.m.)—With the notification to the telegraph companies as follows: Censorship is raised on all commercial codes of paper despatches to and from Cuba, Porto Rico and all West Indian islands. In addition, telegraph companies hereby they agree to abolish similar restrictions on code messages in Cuba and the Spanish Colonies. This abolition will be taken regarding telegrams in the United States, but the censorship will be of the most liberal character.

Naval Base Transferred. Key West, Aug. 15.—(7:45 p.m.)—With the exception of the gunboat Princeton and the monitor Albatross, which have been sent to Key West, the fleet has been ordered to Norfolk without delay and many have already departed. The naval base has been transferred from Key West to Norfolk. The reason for this is the appearance of yellow fever here. There are now ten cases in the marine barracks, all the victims being marines.

A New Style of Fence. A New Fence on Adam Hood's Farm in Milliken—Seen by The World. On Monday last a reporter of The World paid a visit to the farm of Mr. Adam Hood of Milliken, Township of Markham. Mr. Hood is known far and wide, not only as a prize fowling man of many years' standing, but also as a scientific and progressive farmer of the present day.

Object of Visit. The object of the reporter's visit was to see and examine a new kind of wire fence, which Mr. Hood has erected on his farm, and which is called Cook & Hood's portable or stationary farm and railway fence. This fence is the production of the combined inventive genius of Messrs. Adolphus Cook of Milliken and Hood of Milliken, and is the result of several years' hard work and study. It has been patented in Great Britain and the United States, as well as in the Dominion of Canada, and is without doubt the cheapest and best wire fence ever invented. Although only patented in May of this year, Mr. Hood has on his farm some of this fence, which has stood the test of several years and is as good today as it was erected, although being along the land where his cattle and horses are allowed to run constantly.

Its Advantages. Among the advantages which this fence possesses over all others are: 1. It is made of wire and is set in the ground to rest, never sag or break, and contraction being contracted by coiled springs, which are placed in each wire at intervals of 80 rods. 2. It is made of iron and, therefore, weather proof, and when once erected is practically indestructible, while the cost is less than that of any other fence on the market.

Cost of Fence. The cost of the stationary fence is 55 cents erected for a ten wire fence erected complete, but if a farmer wishes to erect his own fence he can purchase all the material for 60c. per rod, which allows him 25 cents per rod for his own work. Or if a farmer wishes to purchase the machinery, he will be able to manufacture his own fence, he can do so for the small sum of \$12 per 100 acres. The cost of portable fence, which is manufactured in sections of two rods each, which can be folded, is \$1 per rod and is invaluable to the farmer who wishes to fence his land, as it enables him to dispense with a great amount of stationary cross-fencing, and is much more convenient.

Who Have It. Messrs. Cook & Hood exhibited their fence at the late Provincial Exhibition in Manitoba, receiving many orders from prominent men in that province, among them one from Hon. Thomas Greenway, Premier. Among the leading farmers of East York who have this fence are: the Hon. Jonathan Slater, ex-warden; Bruce Bros., Major Elliott, Thomas Empingham, Alex. Macklem, Henry Harding and Thomas Hood.

Who Have It. Messrs. Cook & Hood exhibited their fence at the late Provincial Exhibition in Manitoba, receiving many orders from prominent men in that province, among them one from Hon. Macklem, Henry Harding and Thomas Hood.

church is 1947, with \$1,035 members, an increase for the past four years of 915 societies and 34,760 members. For missions the societies have raised during the year \$121,890, an increase of \$51,208 over the previous year. A resolution of appreciation of the fine work of the general secretary of the uniting movement was passed.

ADDITIONS TO UNCLE SAM'S NAVY. Congress Will Be Asked to Build Fifteen Warships at a Cost of \$50,000,000.

New York, Aug. 15.—A telegram to The World from Washington says: Congress at its next session will be asked to increase the navy by authorizing the building of fifteen more warships, the estimated cost of which is between \$40,000,000 and \$50,000,000. The specifications will call for unusual speed and an enormous steaming radius. The list is headed with three battleships of 18,000 tons displacement and 18-inch guns. The speed requirement will be not less than 18 knots, with a draught of about 20 feet. The most important armament will be 12,000 tons displacement, with a speed of 22 knots. These cruisers will be larger than anything in the present navy. Three secondary cruisers of 6,000 tons displacement, and having a steaming radius of 18,000 knots, will also be asked for, with 6 and 8-inch rapid fire guns.

The estimates will provide for six protected cruisers of 3,500 tons displacement, carrying 6-inch rapid fire guns and a speed of 18 knots, and a steaming radius of 18,000 knots. The protected cruisers are designed for use in the Philippine archipelago to the present navy is made absolutely necessary by the acquisition of Hawaii, which will mean the extension of a portion of the coast of the Philippines. The large radius demanded in all the new vessels is considered to mean that the administration is prepared to follow the popular demand for territorial expansion. The experts of the Navy Department have been at work on plans and specifications for the new navy for months, and have not yet completed them. Smaller craft will be provided for.

The President and Navy Department feel confident that Congress will see the necessity of augmenting the navy, and will produce legislation to meet the demand for a navy of such magnitude as will give an appropriation without objection.

THE MOUNT ROYAL LAUNCHED. A Fine New Vessel for the Freight Trade Between Canada and the Old Country.

London, Aug. 15.—(Telegram Cable.)—Lord and Lady Strathcona attended the launch of a steamship on the Tyne yesterday. Lady Strathcona christened the vessel the Mount Royal. The boat is 488 feet long, 50 feet beam and 42 feet deep, and is capable of carrying 1,100 tons of cargo. The Mount Royal will ply between London and Canada. At a banquet held afterwards, in honor of the launching, Lord Strathcona replied, on behalf of Lady Strathcona, to the toast of her health. Mr. Alfred Jones, replying for the Elder-Dempster Company, said that a good deal had been said in the past about steamship service. Canada wanted, in the meantime, a good freight service, with cheap rates. In an event, fast service could in no way injure the freight carrying branch of transatlantic trade.

Fisher and Robertson. Hon. Sidney Fisher and Hon. J. H. Robertson, in the Canadian Government, and Prof. Robertson of the Department of Agriculture, are visiting Scotland, for the purpose of acquiring information regarding the best means of meeting the wants of importers of Canadian produce. Both have addressed the Chamber of Commerce at Bristol and Liverpool and have interviewed Glasgow merchants. During an interview with Mr. Fisher confessed that he entertained no hope of ever seeing the embargo on cattle removed.

HAPPENINGS OF A DAY.

Mr. Van Eyck is running one more of his popular excursions, Aug. 22 westward, and Aug. 23 eastward, leaving Toronto 7 a.m. These excursions are being patronized as never before and in reach of all. That the races at the Dominion camp-ship meet the approval of the public is evidenced by the fact that the Dominion camp-ship is being run on a regular basis and is being run on a regular basis and is being run on a regular basis.

Chief McGowan of Smith's Falls arrived in Toronto last night with William Clark, wanted at Smith's Falls for the theft of a sheep. He was arrested at Windsor on Monday night. The two will continue their trip this morning. The first of a new series of lectures on Mental Science was given by Mr. Fred Barry at Harmony Hall, Forum Building, corner Gerrard and Yonge streets, Wednesday evening. The subject was "The Science of the Future." Mr. Barry, conductor. Some vocal selections were given by Mr. Shortt and Mrs. Fox, and a concert by the Harmonic Society. Similar meetings will be held every Wednesday and they are free to the public.

SUNDAY SCHOOL REPORTS.

The annual meeting of the Methodist Board Yesterday—Reports Read—Praise Given. The annual meeting of the General Sunday School and Epworth League Board of the Methodist Church was held in the board room of Wesley Buildings yesterday, commencing at 10 a.m. Rev. Dr. Carman was in the chair. Members present: Rev. J. T. Lancelotti, J. W. Flavell, Waring Kennedy, Toronto; Rev. W. J. Ford, London; Rev. H. W. Woodworth, Woodstock; J. S. Deacon, Milton; William Johnston, Belleville; H. L. Scott, St. Mary's; Rev. J. J. Redditt, St. George; Rev. J. H. Hazelwood, Paris; Rev. C. W. Watch, Belleville; Rev. D. N. McCann, Cobourg; and Rev. J. A. Williams, general secretary. Mr. J. W. Flavell, general treasurer, read the annual report of the Epworth League, which showed a most satisfactory condition of affairs. The collection for the general fund amounted to \$144, being an increase of \$70 over last year. Mr. Waring Kennedy, treasurer of the Sunday School, presented his annual statement. The collections for the Sunday School Aid Fund for the year amounted to \$2984. The annual report of the general secretary, Rev. A. C. Crews, was read and discussed. This report showed that there are 323 Sunday schools in the Canadian Methodist Church, with 270,239 scholars, being an increase of 130 schools and 17,788 scholars during the past four years. The home department is a feature which has been developed rapidly during the quadrennium. In 1895 there were 1500 members. In 1898, 7131, an increase of 5275.

The Epworth League report was full of encouraging facts and figures. There are now 658 Epworth Leagues and 809 Epworth Leagues of Christian Endeavor, besides a number of other societies. The total number of Young People's Societies in the

Encouraging Reports as to Lake of Woods.

The gangs of workmen employed on the alterations to the Toronto Opera House are now working night and day in order that the new theatre may be ready for the opening on Monday evening.

Regina Directors Also Say Their Property is in Good Shape—Mr. Bell's Canadian Mining Manual a Good Publication—Rossland Notes—Stocks.

The mail brings us a copy of The Canadian Mining Manual for 1898, compiled and edited by Mr. B. T. A. Bell, editor of The Canadian Mining Review, and published at Ottawa. It is a nice printed and well bound volume of about 600 pages, and contains a digest of information relating to the history, organization and operations of all Canadian collectors, metal mines, blast furnaces, smelting works, etc.

Goodman Wanted Idaho, Too.

Mr. Durand is the owner of the Idaho, which adds the Centre Star on the west, and the Goodwin-Hickman syndicate endeavored to purchase this also from Mr. Durand. He refused point blank to accept any offer that was made for it, considering that though it was undeveloped, he considered it will be quite as valuable as the Centre Star when it is developed to the same extent—Spokane Bookman.

Mining Exchange.

Table with columns: Bid, Ask, and various mining stock names like Hammond Reef, Van Ende, etc.

The Washakie Railway Company.

With its superb and magnificent new train service, it is now acknowledged by all travelers to be the most perfect railway system in America. It now runs four trains each way daily, between Buffalo, Chicago, St. Louis, and Kansas City, passing through Niagara Falls, Welland, Simcoe, Tilsonburg, St. Thomas, Chatham and Detroit.

His Honor the Mayor.

The following new books have been received at the Public Library: Lydcker, Natural History; Adams, Doctrines of the Hexateuch; Waldson, Hope of Immortality; Gibbs, Lightning; Acetylene; Cassal, Workshop Machines; Newman, Electrolytic Methods of Analysis; Codman, Harry Brindley; Caserman from Maxland to England; Rowe & Hyman, Rowing (Madison); Buxton, Short Sticks (second series); Kennedy, The Story of Canada; Morris, Ireland from 1768 to 1898; Hon. Sir Charles Murray, Memoir by Sir Herbert Maxwell; Gosnell, The Whirpool; Seawell, History of the Lady Betty Street; Davis, The King's Jacket; Bootle, The Lost of Hate; Rayner, Free to Serve; Smith, His Honor the Mayor; Cambridge, Mather families; Whymper, The Romance of the Sea.

Cook's Cotton Root Compound.

Successfully used monthly by over 10,000 ladies. Safe, medicinal, ladies ask your druggist for Cook's Cotton Root Compound. Make no other mistake. Beware of imitations.

WORKING NIGHT AND DAY. THE CITY'S AMERICAN COLONY.

Toronto Opera House Hard Pressed to Receive the New Show on Monday.

The American colony in Toronto contains a host of first-class women, but none of them more so than that Mrs. Thomas H. Eastman of Nashville, Tennessee. In the romantic life that throngs the Arlington Hotel Mrs. Eastman, whose husband is general agent of the Northwestern Life of Milwaukee, is a natural leader and one who needs no fairy's wand to control the management. The winning personality known throughout the South speaks for itself, and if you add to this a tall, ballroom figure, blue eyes, a skin as clear as a child's and a soft musical voice, you have before you Mrs. Eastman.

W. H. Storey & Son, Acton.

The pretty town of Acton, passing the line west of Toronto, cannot fail to attract the attention of the home-seeker, and the building towering above its surroundings, this is the headquarters of the Storey Glass Works, a concern whose specialty is fine glass, including Saturday, and recently all hands have been compelled by press of orders to work overtime. The output comprises glass, mosaics, and glass articles, etc. Fully two-thirds of the fully finished stock required is turned by the firm and this secures excellence from start to finish.

Osogodo Hall Topics.

Osogodo Legal and Literary Society elections will be held on Saturday, Oct. 1. The society is in a prosperous state, and among its officers are: President, John S. Ewart, Q. C. of Winipeg; Judge Nesbitt, Judge McTavish, J. S. Fullerton, Q. C., and several other prominent names.

An Appreciation of Canadians.

"It is the complex of Canadian women that glows in me," went on the Southern belle, "it is simply beautiful, and under its soft, so silky and bright. I wonder why it is. You don't see this in the Northern States."

There are too many pale faces, palpitating hearts, nervous systems, run down constitutions among the young women of this generation.

TREMbled LIKE A LEAF.

A young lady prostrated with nervous and heart trouble restored to perfect health by MILBURN'S HEART AND NERVE PILLS.

"EVENING STAR"

Adjoins Monte Christo, is on the line of the big producers in the Rossland camp. No cheaper stock offering to-day. For investment buy "Iron Mask."

E. L. SAWYER & CO.
