The Duke and Duchess, who were the toast of the Duke and Duchess. The fleet arrived here ahead of time, allowance having been made for foggy weather, which was not encountered. There is no program for the day, but the Duke this evening will give a dinner to the Governor, Sir Cavendish Boyd, and the state dignitaries, on board the Ophir.

The celebration, tonight was exceedingly enthusiastic. The weather was clear, and there was a veritable forest of twinkling lights spread over the whole harbor. The Duke and Duchess were electrically lighted. Fifteen sailing steamers, moored in a long line, showed festoons of marine lanterns, while eight hundred fishing vessels were similarly decorated, making a veritable forest of twinkling lights spread over the whole harbor.

A thousand torch-bearers paraded the quay, and then massed near the wharf where the Ophir was moored, to be inspected by the Duke and Duchess. Five hundred fishing boats paraded the harbor, lighted with lanterns.

The Duke and Duchess expressed themselves as delighted, and said the assembly of shipping in the port, with its abundant bunting, formed one of the finest displays they had witnessed during the tour. It is reported that the Diadem grazed a rock while entering the port.

CENSURED PILOT LEBLANC

Islander Court of Enquiry Finds Him Blamable for Running at Full Speed Thru Floating Ice.

NO EVIDENCE OF INTEMPERANCE.

Custom of Leaving One Officer in Charge at Night Also Condemned—Ship Was Seaworthy.

Victoria, B. C., Oct. 23.—The finding of the Court of Enquiry into the Islander wreck was given out this morning. The finding says, in part:

The steamer Islander was totally wrecked at 2.15 a.m., Aug. 15, by contact with an unknown substance, presumably an iceberg, much submerged. The Islander sunk in less than 20 minutes, resulting in the loss of life of the master, 16 of the crew, 23 passengers and two children.

She was fully officered and manned, with a crew of 65, completely equipped and seaworthy previous to the accident. She was navigated as customary in trade navigation, being left in charge of the master and pilot. The master had no special instructions from the owners, and distribution, management and discipline of the crew were left with him. The master did not realize the danger, hence the lack of prompt and resolute measures in rousing the crew and pilot officers and crew to each boat.

The capacity of the boats was sufficient, but the rush to the boats at the last minute was beyond control of the few officers and crew putting out the boats, thereby preventing the rescue of several valuable lives.

While praise is due those who remained till the ship sank under their feet, the fact cannot be ignored that there was the unpardonable lack of appreciation of the existing danger to their fellow-passengers shown by those who were unable to reach the boats.

No special instructions were given to the pilot regarding navigation or speed, in the event of falling in with ice, and the pilot, Leblanc, is open to censure for keeping the ship full speed at the rate of 14 knots an hour where he had seen ice ten minutes before.

The court condemned the custom of leaving but one officer in charge at night, and found no evidence that the intemperance of the mate or officers.

T. EATON CO. 190 YONGE ST., TORONTO.

CARNEGIE STILL GIVING. London, Oct. 23.—Andrew Carnegie has given £37,000 to establish libraries in Dundee.
Distinguished Visitor at University. The University of Toronto was honored by the presence of a distinguished visitor, Professor of Mathematics at the Faculty des Sciences and at the Ecole de France, Paris.
IT IS AN OFFICER OF THE LAW OF HEALTH.—When called in to attend a patient, the physician is in a peculiar place of power, and like a guardian of the peace, he has to be on his guard.

THE TORONTO WORLD

Had it not been for the British lion, and there can be little doubt that Russia would have been the victor in the present law is too broad, that it creates a wide opening for the unscrupulous and protection, and works injustice by placing high duties on raw materials which never should have been taxed at all.

SINNERS ON THEIR DEATH BED.

If you make enquiries concerning any man you meet in the street you will find that he has a name. The individual whom Hon. Mr. Ross picked up in the streets the other day has a name like everyone else in the great human herd. When you mention his name, however, you have pretty nearly exhausted his biography, because he is a nondescript, ordinary, every-day individual. There is nothing to distinguish him from a thousand men who patronize five-cent barber shops. His name was about the only thing by which Hon. Mr. Ross could find him. Now he is known as the man who faked George Washington Ross and Organizer Smith. While this particular action shows that Mabee possesses some shrewdness it also lets in a flood of light on the weak side of George Washington's character.

CODE OF SIGNALS.

Editor World: I notice in your to-day's issue an account of the finding of the coroner's jury respecting the death of Andrew Irwin. Without desiring to in any way reflect upon the well-known intelligence of the coroner's jury, I think it only fair to state on behalf of my company and myself that the code of signals between the two boats was not in any way unusual or not in any way in violation of the whole continent, and has been in use for many years.

HOURS OF P. O. EMPLOYEES.

Editor World: In reply to the letter of "Civics," I may say that the street box collectors are employed seven nights each week, in addition to working in the morning and afternoon six days in each week. Their hours extend from 8 a. m. till 10 p. m. Many of the collectors never see their homes during the entire day, except between 4 and 5 o'clock p. m. when they appear late.

TOPICS OF THE DAY.

Gen. Buller is a victim of his own frankness. Such a confession does not do it any ways to tell the truth in public, that humane feelings will not stand in the way of military necessity. War brings about strange complications, and the doctrines of Christianity are subjected to the severest tests.

FOREIGNERS ENJOY THEMSELVES.

The Companies of the Forest, A.O.F., enjoyed themselves in St. George's Hall last night. A presentation was made to W. J. St. George, the retiring D.R.C.C., and his successor, H. J. Bobby, was installed in the office. Comp. J. S. Will was given the honor of a pleasing program was given. Those who participated were Miss Miller, Miss Long, R. Wilson, Miss Annie Snyder, R. Russell, H. Richards, W. Woods, F. Sise, Harold Scott, Miss E. M. Dean, H. Crossland.

POLICE COURT RECORD.

For stealing hammers from William Wain and Joseph Hodgkinson, John Mackenzie was yesterday sent to the Central for six months. James Fairbanks, who appeared twice in two days for being drunk, was given 60 days in the Central. A vagrant, who had been in the Central for two weeks, was given 30 days. The theft case against George Danforth, who was charged with stealing a gold watch from R. G. Campbell, got six months in the Central. Arthur Nichols, who was charged with the theft of a watch, was given 60 days.

THE OUTLOOK A LITTLE SQUALID.

With the report from Constantinople that the Sultan has refused to give England a foothold at Kowloon, the Persian Gulf, and Turkey is backed by Germany, France and Russia in her refusal to accept a fresh revolt in China, as indicated by dispatches from Hong Kong and Shanghai, and the trouble arising over the United States and the Siamite Porte over the abduction of Miss Stone, it is not to be wondered that the outlook in the east is a little squalid.

RECOVERER-TIME.

The latest news from Philadelphia comes from Brigadier-General Greeley. He says the army officers are "undermining their health by dancing the rag."

WEDNESDAY MORNING
YORK COUNTY AND SUBURBS

Quite Probable That Date of the West York Conservative Convention Will Be Changed.

WESTON MEMBERS OF PARTY ON IT. Executive Committee Has Not Yet Been Called Together to Discuss the Matter.

Toronto Junction, Oct. 23.—A meeting of the members of the Toronto Junction Horticultural Society will be held on Thursday evening at the residence of Mr. F. C. Colbeck, 142 Louise street. The assembly for the evening is Mr. M. A. Ansdale, and his subject is "Risks for Fall Planting."

Thomas Townsend of 171 Western-avenue has reported to the police the loss of five pigeons, which are thought to have been stolen.

The Executive Committee of the West York Conservative Association will meet in the Conservative club rooms, No. 10 Van Horn street, on Monday next at 2:30 p.m., to decide upon a date for the coming convention to nominate a candidate for the Dominion bye-election to fill the vacancy caused by the death of the late Hon. N. Clarke Wallace.

The drill corps in connection with the public school in the town will hold a drill day on Nov. 2. A brass band is to be engaged and prizes are to be competed for. Col. G. T. Denton, Captain Ross and Major Thompson have been invited to review the corps. The general public are invited and special invitations will be sent to clergymen, prominent politicians and others.

Judgment against the town for \$100 damages, each party paying their own costs, was given today in the suit of the Sun Life Insurance Co. v. Toronto Junction, by Dr. Maxey, Medical Health Officer, as defendant. The suit was one of alleged trespass and injury to a house on May street, owned by the company.

In this house the smallpox broke out, and into this house the town placed several patients who had contracted the disease, until an isolation house was purchased by the town. Bringing the patients in from other houses and putting them in this house was held to constitute a trespass and damage.

The three Williams, William Winkworth, William Henderson and William Hanby, are charged by another boy named Samuel Cohen, with abducting and hitting him. Their case will be tried in the Police Court on Friday. Edward Weil, Burton and Herbert Stoneham are charged by James Hall with disorderly conduct in the new house he is building on Herbert street. It does not appear for riding his wheel on the Pacific-avenue sidewalk, and Joseph Shields will answer a charge of being disorderly.

JOHN GATTO & SON

King Street, Opposite the Postoffice. DEATH OF FREDERICK ARCHER.

Great British Organist Succumbs to Cancer of the Stomach.

Pittsburg, Oct. 23.—Frederick Archer, the great British organist, who, since 1880, had been a resident in this country, died today at his home in this city of cancer of the stomach.

Mr. Archer had been director of Carnegie Music Hall here since 1895, and previously to that time had been organist of Plymouth Church, Brooklyn, and the Church of the Holy Trinity in New York.

He was a member of the Boston Oratorio Society, and founded the Pittsburg Symphony Orchestra in 1896. Two years thereafter he was appointed music examiner of the University of Toronto, and, during the time of his residence in this city, he acted as organist of the Church of the Ascension.

In England, where he was born in 1838, Mr. Archer occupied an eminent place as an organist. He gave 2000 consecutive recitals in London, all of which were largely attended and highly successful.

He was appointed organist of St. Clement's Church and Merton College Chapel in Oxford, his native city. He was subsequently made organist of the Royal Institution and joint conductor with Sir Julius Benedict of the London Vocal Association.

Mr. Archer was a well-known and capable contributor to the musical press. Until his death he had been editor of the Keynote, which he founded in 1888.

MR. JOHN STRACHAN PASSES AWAY. A Popular and Honored Citizen Who Will Be Mourned By Many.

Mr. John Strachan, whose death yesterday, after a short illness, came as such a shock to his many friends, was one of the most popular and well-loved men among his acquaintances in Toronto and wherever he was known.

He was born in Kingston in 1855, and was the son of John Strachan, one of the great residents of the Limestone City in the early days of its history. In 1865 Mr. Strachan came to Toronto, and went into the wholesale grocery business with Mr. John Smith, under the firm name of John Strachan & Co.

Thirty years ago he was appointed by the Erie Railway as a station agent, and in which capacity he served the railway with great interest as an honored and influential representative until the time of his death with the exception of a brief period in 1884, when he was a citizen of the best type, who had a quiet way of life, and whose undeviating life to charity were known to only his most intimate friends, and many charitable institutions will much miss his sympathy and support.

He leaves two daughters, Miss Annie Strachan and Mrs. Morrison, wife of W. J. Morrison of the sporting department of The World. The funeral will take place tomorrow afternoon at 3 o'clock from the residence of Mr. Hector Morrison, at the Madison-avenue, and will be officiated by the Rev. J. H. Morrison, of the other side that they will be present at the funeral.

COLLINGWOOD AND DISTRICT. Collingwood, Oct. 23.—A meeting of the Great-Northern Exhibition Association was held last night. Their reports show a very successful season. Their reports show a very successful season. Their reports show a very successful season.

Large catches of fish are reported here. Mr. Hodgson, Canadian editor of the Chicago Journal of Architecture, returned to his home here last night, after a business trip to the Windy City.

A Reputation Earned. All parts of the city are represented by the callers at Archambault's tailoring establishment, 125 Yonge-street, giving orders for these 316 made-to-order girth, shirt, overcoats, and made-to-order winter suits at the same figure. These garments have really fashionable style, fit and finish that will compare with goods made by any tailor in Toronto. Satisfaction is guaranteed.
