NOT DISFRANCHISING NATURALIZED LIENS IF LONG IN CANADA

Hon. A. Meighen, in Commons, Announces Important Change in Bill.

GIVEN SECOND READING

By Canadian Press. Ottawa, March 26.—Following an afternoon of keen debating in the house, the franchise bill received second reading, and at the evening sitting, started on its more monotonous way thru committee.

These are the clauses which have aroused the keenest criticism. Mr. Eulder, North Waterloo, claimed on Thursday night that they would disfranchise women of German birth married to naturalized Canadians, but residing in Canada for many years—numbers of them had sons who fought for the allies.

Taking up this point especially, Mr. Meighen argued that the intent of the clauses was not to disfranchise these long-time residents in Canada, as Mr. Eulder had intimated. The intent was to establish equality, so far as the right to vote was concerned, between the person naturalized by personal application, and the person naturalized by operation of law, such, for instance, as by marriage with a British subject.

Meighen Explains Clause 29. Hon. Arthur Meighen, minister of the interior, explained the intention of the government in framing clause 29 of the new franchise act, providing for the disfranchisement of certain enemy aliens.

Resident Magistrate Who Investigated Irish Banks Dragged From Tram Car and Murdered—No One Has Yet Been Convicted of Assassinations, Many of Which Occurred in Daylight.

London, March 26.—Almost every day furnishes a new victim for the "underground" warfare in Ireland. This morning, Alan Bell, resident magistrate, 70 years of age, and for many years an official of the Royal Constabulary, was dragged by a gang, some of whom were masked, from a crowded tram car in Dublin, and shot four times in cold blood before the eyes of the passengers.

other securities to the amount of \$5,000,000, to permit the commission to purchase the Ontario Power Company and certain other minor properties. Sinking fund payments by the municipalities having been deferred under the terms of the power commission act for a period of five years after the date when each municipal commission first commences operating, the province has to this point received about \$55,000,000 in reduction of these advances. Upon estimates of the commission and its engineers upwards of \$25,000,000 will now be required from the municipalities in the next two years to complete works in course of construction and meet maturing liabilities which are further \$10,000,000 to \$25,000,000 may require to be provided by the sale of issue of bonds of the commission—guaranteed by the province—for the purposes of hydro-electric railway lines. With present abnormal costs it is stated that the commission may find it to be against the interests of the municipalities to proceed too rapidly with construction work on such Hydro-Electric railway lines, as to do otherwise may impose serious burdens for the municipalities. The sale or issue of the \$25,000,000 to \$25,000,000 of bonds mentioned may be effected gradually in such a manner as to avoid any event, however, the total amount now in contemplation to be provided on the credit of the municipalities is upwards of \$65,000,000, or an amount in excess of the total present debt of the province. With such expenditures made upwards of \$105,000,000 will stand invested in Hydro-Electric enterprises and the Ontario system and of this amount approximately \$65,000,000 will be represented by municipalities, the extension of construction and operation of which are still matters for the future to determine.

COMMONS VOTES INTERIM SUPPLY
Total is Over Sixty Million Dollars or One-Sixth Total of Estimates.

Ottawa, March 26.—(By Canadian Press).—Sir Henry Drayton introduced an interim supply bill in the house today, which authorizes the government to expend one-sixth of the total amount of the estimates.

Hon. W. L. Mackenzie King stated that the opposition would only agree to such a vote on the distinct understanding that it would not prejudice any member from objecting to or refusing to pass any specific item in the estimates.

Sir Henry Drayton agreed to this. The action taken was merely the usual one for the purpose of enabling the government to carry on, pay salaries and interest.

Mr. Lucien Cannon asked the chairman, Deputy Speaker Bovin, what his understanding on the matter was. If the interim bill was carried, would a member have the right to move that a specific item should be struck from the estimates.

Routing by Speaker.
The deputy speaker said that, although the government would be authorized to spend one-sixth on any item, it was yet in the power of a member to move that such an item should be struck from the estimates. If such a motion was made, and the one-sixth voted had not been expended, the government, of course, would not have the right to spend that money.

LEGAL REQUIREMENTS.
Money raised by the province for the purposes of any department of the government or for the purposes of the audit act, be paid over without a vote of the legislature and when so voted they are not subject to the amount. Under the act regulating its powers the commission has authority to issue bonds and to guarantee the same, but no interest is imposed in the acts with respect to the aggregate amount of bonds which the commission may issue and the treasurer of the province guarantee, with the approval of the lieutenant-governor in council, the liability of the province is the same to all intents and purposes, whether it raises money direct or guarantees bonds of any other authority. This original motion provided for adjournment from Thursday, but on the suggestion of Ernest Lapointe it was amended to read from Wednesday.

HAMILTON
Hamilton, March 26.—The police were notified late this afternoon by Harry Smith, a young boy residing at 134 Burlington street east, that the body of a woman was floating in the bay off Ferguson avenue. Constables Lalonde and Coburn were dispatched to the scene, but did not find any trace of the body. They were of the opinion that the strong wind and choppy waves had carried it out again. About a month ago, Mrs. Frank Vick, 44 Campbell avenue, mysteriously disappeared. Her muffs were found floating on the bay at that time, and it is believed that it was her body the boy saw. The police intend to conduct a search for the body tomorrow, if the wind dies down.

HONORED EX-TREASURER.
The members of Rhoads Avenue Baptist Missionary Circle and Ladies' Aid met at the home of Mrs. Robert Watson, 47 Knox avenue, last evening when Mrs. Watson was presented with a set of table spoons on behalf of the visitors by Mrs. Kelley, wife of Rev. ANTI-SALOON MEN STIR UP TROUBLE
Speaker at Liberty League Meeting Tells of American Organization.

That the Anti-Saloon League in the United States is stirring up religious hatred between the Protestants and Catholics was the statement made by W. J. Cobalt, Cobalt, the speaker of the evening, at a well attended gathering in St. George's Hall last night, held under the auspices of the Liberty League, T. L. Carruthers, general secretary, in the chair. Mr. Penley asserted that the fires of hatred stirred up by that organization, will, if not checked, be duplicated in Canada as to the most suitable name. Alex. MacGregor, K.C., who was asked by the ladies' auxiliary to speak on the subject, declared that he thought the city should give to Earlscourt a couple of German cannon from those captured during the war. The ladies' auxiliary in connection with the Earlscourt branch of the W.V.A. Her husband was at the front on active service for three and a half years.

WANT WATER TROUGH AWAY FROM CHURCH
The agitation for the removal of the water trough in front of the Wesleyan Baptist Church is still being maintained by the church officials, owing to the refusal of Works Commissioner R. C. Harris to remove the same, claiming that there should be no complaint, as far as the church is concerned. The matter will be brought to the attention of the works committee at their next meeting.

RODEN SCHOOL NEEDS ADDITIONAL ROOMS
Also two additional rooms were opened recently in Roden school, Ashdale avenue, a congested condition still remains. This school contains 27 rooms and two portables in the school grounds and is filled to capacity with a total number of 1,275 pupils. According to the statement of a member of the teaching staff, twelve additional new rooms will be required within the next two years. "Some school buildings should have been at least twenty years ago," he said, "with the present difficulty," he said.

YORK COUNTY AND SUBURBS
WHY THE FARMERS ARE IN POLITICS
U.F.O. Secretary Says They Are There to Better Country Life.

"Why the farmers are in politics" was the subject of an interesting address delivered by Morrison, secretary of the U.F.O., delivered at a men's banquet held under the auspices of Danforth Methodist Men's Club in the Basement Hall, Danforth avenue, last night. Harrison Miller occupied the chair. Mr. Morrison pointed out that the U.F.O. stood first of all for the farmer, commercially, educationally, socially, morally and politically. The last three were club related as all the foregoing conditions should be included in the speaker's address. "All the U.F.O. ask is a system of fair play and a contented people. The country is just what we have made it and it is our own fault if Canada has had a free franchise sometime." Mr. Morrison stated that the influx of the rural population to the towns and cities must be stopped. He did not think that community halls and such like attractions were the remedy to keep the rural population in the land. Should the movement of the rural population to the towns continue there would be no country at all and no market for the manufactured product.

POULTRY ASSOCIATION HOLDS SPLENDID SHOW
The Earlscourt Pet Stock and Poultry Association held their regular bi-monthly show in the basement of 1232 St. Clair avenue, a large number of birds of many varieties being shown. All the available space in the basement was taken up with the birds and local poultry fanciers. The judge was R. B. Fox, White Leghorns, Plymouth Rocks, Anconas, Plymouth Barred Rocks, Buff Orpingtons, Rhode Island Red, Silver Spangled Hamburgs, Partridge and White Wyandottes. Among the exhibitors were R. R. Harris is the president and W. S. Sanderson secretary.

EARLSCOURT MEMORIAL PARK.
"Earlscourt Memorial Park" seems to be the name that most residents would prefer to have the Royce property in the City of Toronto. The meeting called last night at Belmont Hall by the ladies' auxiliary was only attended by a few people and the subject was not discussed as to the most suitable name. Alex. MacGregor, K.C., who was asked by the ladies' auxiliary to speak on the subject, declared that he thought the city should give to Earlscourt a couple of German cannon from those captured during the war. COUNTY COUNCIL TO OPEN STREETS
Will Discuss New Roadways With Trustees of Prospect Cemetery.

Solicitor J. H. Spence of York township has been instructed by council to put in a defence to the suit entered by the city, against the township for building and using catch basins on streets in the Oakwood district which, it is alleged, turn township storm water into the city sewers. The township succeeded in having an act passed last year, compelling the city to city to the township sewer connection on certain streets, but it is alleged that the draining of storm water into the city sewers, was specifically forbidden under the terms of the agreement. The city is asking for a restraining order and also for damages.

YOUR dollar is still shrinking. We hesitate to compile an index of comparative prices with 1914 for fear of further advances before the matter is run.

The one exception, however, is life insurance. No advance in premium rates in twenty years in spite of War and Pestilence.

Out of your shrinking dollar a fair proportion should be conserved through Life Insurance. A Manufacturers Life policy guarantees a competence if you live or an estate if you die. Moreover, it is always the first asset realized on.

YESTERDAY IN THE LEGISLATURE

Premier Drury told the legislature yesterday that the new franchise bill is in the printer's hands and will be distributed as soon as possible.

In reply to questions standing on the order paper in the legislature, the ministers recorded much required information.

No resignations were asked of members of the staff of the O.A.C.; but the staff was reduced by voluntary resignations in the departments of agriculture, horticulture, animal history, botany and chemistry.

J. Castell Hopkins, by authority of a special warrant, was paid \$4,775 for ten thousand copies of a book entitled "The Province of Ontario and the War".

The present government has no special information about the book being used for campaign literature. Two hundred cloth bound and 200 paper covered copies still remain in the government lumber room.

If the house desires to see Clark, Gordon and Dilworth's report on race-track receipts and profits for 1917, ordered by the old government, it will be brought down.

W. N. Simpson and M. E. White are now and were interested in the "Employers' Detective Agency" when investigated by Commissioner Meredith. They drew down from the government last year \$11,847.

Their bills were presented in their separate names. They are still employed by the board of license commissioners from time to time as required.

It was stated that John A. Thompson, Tilley & Johnson, who drew up the Ontario Referendum Act, and got \$1,900, therefor including consultations, August 14, 1919.

Major Toimie was informed that there has been a profit of \$536,800.19 upon the running of the liquor dispensaries by the board of license commissioners for Ontario.

The city of Ottawa bill was introduced by Mr. O'Neill for Mr. Pinar. Mr. H. Hall, with reference to the speech made at Ottawa, by Mr. Adam Beck, in comment upon his speech in the legislature, claimed justification for what he had said.

Howard Ferguson asked in connection with the Kapuskasing report, that house next week the evidence taken and other reports be available so that members have all full information.

Premier Drury, in reply to H. H. Dewar, said it will take the government some time yet to hear all the parties in connection with the Pie River and Black Sturgeon River timber limits and the Great Lakes Pulp and Paper Company.

Col. Price (Parkdale) has a question on the order paper on the "drunk British element" assertion imputed to a member of the university staff.

Word has been received at the university that there will be three Rhodes scholarships awarded in Canada in the first of three. This is not confined to any one province, but is open to any university.

One of the regulations is that a scholar must not have passed his 27th birthday by October 1, 1920. All applications should be addressed to J. M. Macdonnell, National Trust Co., Limited, East King street, and should reach him not later than May 31, 1920.

The student winning the 1920 scholarship must go into residence at Oxford in January, 1921.

Mr. Justice Orde has dismissed the action of Mrs. J. B. Smith against Mrs. Ella Carveth of Detroit, in which she sought specific performance of an agreement for the sale to the plaintiff's husband of 471 Pape avenue.

The appellate court yesterday decided in the action of Carson against Florence Mills, that as she had acquiesced in the action did not receive leave to appeal. Their appeal must be dismissed without prejudice to further proceedings on leave being obtained.

REDS MAY THREATEN BAKU OIL FIELDS

Making Determined Effort to Reach Caspian and Seize Volunteer Fleet.

Constantinople, March 26.—The Bolshevik forces apparently are making a determined effort to reach the Caspian Sea to the east, where the volunteer fleet at Petrovsk (a town in Daghestan on the Caspian) is reported to have gone over to the Bolsheviks.

Should the Bolsheviks gain control of this fleet they will dominate the Caspian Sea when the Volga River thaws and releases the river fleet.

The fleet consists of eight armed oil tankers carrying six-inch guns and six coastal motor boats with torpedoes each. It will be impossible to get other ships to the Caspian Sea and the Baku oil fields will be threatened by the Red army.

What Germany's Week-End Revolution May Lead To

The outbreaks and disorders in Germany, some for monarchy and some for Bolshevism, bring up sharply the question whether it is to the best interests of the Allies to enforce upon Germany the terms of the Treaty. A Washington dispatch says a fear is felt in official circles that Russian and German Bolshevism may join hands and drag Europe down into red ruin unless aid is extended.

The leading article in THE LITERARY DIGEST for this week, March 27th, presents a study of American editorial opinion upon the enforcement of the Versailles Treaty, and by reading it the average reader will get an unclouded idea of many problems that confront the Allied nations at the present time.

EXTREME LAXITY IN D. S. C. R. SYSTEM

Clerks Sign Doctors' Names and Anyone Has Access to Files.

Further evidence was adduced in the trial of Captain Russell L. Parr before Judge Coatsworth and jury yesterday in the criminal sessions on a charge that accused and Booth, who was sentenced on Thursday to six months' imprisonment, conspired to defraud the government of Canada of the sum of \$2,500 while Booth was paymaster and Parr medical officer in the Spadina avenue branch in Toronto of the D.S.C.R.

Evidence of a contradictory character was given by both Booth and Parr, while Wilson, a clerk in the office of the D.S.C.R., disagreed with both, who stated that there was an arrangement between the three of them whereby the proceeds from cheques obtained by malpractices were to be divided between the three participants to the alleged arrangement.

Both, in the witness stand, said he had more dealings with Wilson than with Parr. He admitted to purchase a house in Stouffville with his portion of the stolen money. In one case he did not split with his alleged co-conspirators and that was a cheque for \$345.

Much Evidence Given. There was a vast amount of evidence filed as to who had access to the files in the office of the D.S.C.R. Booth said it was quite possible for anyone to obtain access to the files after Wilson, who had charge of that department, had left. He often had worked late. If cross-examination by Mr. Lennox, witness and assistant member stating to Col. Morrison that if he could have got hold of Booth he would have brought Parr or Wilson into the case.

"Did Parr ever cash any of the cheques?" "Not to my knowledge." He further stated that only on two or three occasions had he any conversations with Parr. Witness said that Wilson got him into the business first and then he got Parr into it; he was not aware that all the signatures alleged to be Parr's were in fact those of Booth.

Both then went on to describe how the spoils were divided. This usually took place in Wilson's office, in the building, and he testified that at first, after which Wilson got two-thirds and settled with Parr for his share. He asserted that Wilson had got some of the cheques cashed at the bank himself, and that part of the program usually fell to him.

Questioned as to \$7,000 Victory bonds said to have been stolen from the vault of the office, witness denied any knowledge of the theft, and was a lie for Mr. Benfield to say that he had seen them fall out of witness' pocket. Witness admitted to Crown Attorney Greer that what he had stated in the witness box was purely in the way of repentance.

Defence Opens. As was reported at the opening of the proceedings on Wednesday, Parr entered a plea of "not guilty" to the charge of conspiracy and asserted that the signatures purporting to be his, were not signed by him.

The first witness called was Thomas Burroughsford, a returned soldier, who was a clerk in the D.S.C.R. office, but from which position he resigned on January 21 last. He corroborated Booth's story in that it was no trouble to get files from the central office. It was simply a case of help yourself and walk out. On being shown a number of documents bearing the signature of Parr, he only recognized two or three as being genuine.

"So that if cheques were issued to anyone the certificates were not signed by Dr. Parr?" "No." Witness admitted that observation certificates would be issued without the names of the patients. Assistant crown attorney Greer asked witness to sign the names of the patients on the certificates without the doctors being aware of the fact, and without the patient being seen. Besides the name of Dr. Parr, witness said he had signed other doctors' names. It was the custom.

The next witness, Adaye, in substance corroborated the testimony of Burroughsford. In regard to names of files and signing of doctors' names to requisitions, adding that he had a number of documents bearing the names of Dr. Parr, but he only recognized two or three as being genuine.

Dr. Parr's Evidence. The accused, Dr. Parr, next took the witness stand and had to be accommodated with a chair owing to the state of his health. He said Booth was his partner in the business and that he had no social relations with him whatever. He did not even know who Booth was. When he met Booth, the latter was paymaster of the D.S.C.R. Everyone, he stated, adopted the practice of signing the names of the doctors to requisitions for pay. When a patient called at the office he was examined by a doctor and on his return visits he might or might not see the same or any other doctor. Very often a clerk would look after his wants, and would bring a bundle of sheets, witness declared that none of the signatures were written by him. On three other documents shown to him he admitted his signature. He could recall the circumstances under which his signature were obtained in a number of cases. Booth came to his office in a rush about closing time, and at his request witness signed the sheet and without seeing the man.

Did Not Receive a Third. Dr. Parr emphatically denied that there was any truth in Booth's statement that the arrangement he alleged was made, and he certainly did not receive one-third of any share of the proceeds of any cheques. He did not know anything about the forgery of the stencil sheets until he came to court. The files were available to anyone and at any time.

Mr. Greer put witness thru a stiff cross-examination and he certainly denied that he did not look at the files to see how much money was being coming to a man as that was the duty of the clerks, and that he had signed some requisitions for pay without having seen the man. Witness

CITY HALL NOTES

Cellars are to keep vegetables, and a lucky, wet goods, but not motor cars. Such was the opinion of the Civic works committee at yesterday's session when considering complaints from residents of Marmaduke street, regarding a garage which J. McMartin had built underneath his house. Ald. Singer put in a motion which was carried that no garages should be built under private houses.

Mr. McMartin protested that the garage was almost built before anything had been said against it. The committee did not take any action on this case, as the permit had been issued by the city architect's department, and the work begun.

Works Commissioner Harris advised the works committee yesterday that he was not prepared to vary the route of the cars down Lansdowne avenue in place of the stub line now being used. A petition signed by 400 people requested the change of route while a counter-petition was signed by 614 people.

Mayor Church stated definitely that he had decided to issue a daylight saving proclamation. The new time would go into force on Sunday, May 1, at midnight, and would remain in force until Sunday, October 2. There is some opposition to daylight saving, but in the mayor's opinion, the majority of citizens favor it.

denied that Booth received the certificates signed by him according to the arrangement. He admitted that some of the signatures which he said were not in his writing were very like his signature and might deceive.

W. J. Wilson, clerk with the D.S.C.R., denied getting any money from Booth or being a party to the conspiracy alleged by him. He was in charge of the files and gave evidence as to how they could be obtained by anyone wishing them.

After counsel had addressed the jury the court adjourned until today when Judge Coatsworth will charge the jury.

ONE-WAY STREETS TO HELP OUT TRAFFIC

The police commissioners will be presented Tuesday with recommendations re the handling of traffic on the downtown streets. The suggestions call for six one-way traffic streets, and 40 parking stations for motor cars with a two-hour limit. The one-way streets are:

Victoria, between Colborne and Adelaide, northbound traffic only.

Leader lane, southbound traffic only.

Colborne street, between Yonge and Church, eastbound traffic only.

Jordan street, northbound traffic only.

Berri street, northbound traffic only.

The driveway on the east side of Queen's Park, northbound traffic only; driveway on west side, southbound traffic only.

Spadina avenue, east side of Knox College, northbound traffic only; west side of Knox College, southbound traffic only.

DEPUTATION COSTS A PROPER CHARGE

That the township of Burford is within its rights to pay the expenses of a deputation to Ottawa in 1918 to protest against an order-in-council passed by the military service act, was the decision of the second division court yesterday in the action brought by a ratepayer named Eddy to compel the members of the deputation to refund the sums paid to them by the township treasurer, amounting to \$219.15.

POWER OF ATTORNEY GOOD.

The appellate court, reversing the decision of Justice Middleton, held that it is competent for a person holding a power of attorney to convey land in the name of the former owner after that person's death. Mrs. Mary MacCarthy gave a power of attorney to her husband, which was not to be revoked by death, under which the husband undertook to convey lands in the name of his wife, but the master in titles refused to register the deed on that ground. The appellate court, however, holds that the master in titles is entitled to reject the deed on the ground of other irregularities.

DEMAND LIVING WAGE.

As has been pointed out several times during the past eight weeks, the Meat Cutters' Union is presenting a comprehensive wage and conditions schedule to the packers for signature on or before April 10. The demands of the men include a 44-hour week and in general a wage increase of 50 per cent.

Hitherto unskilled and old men have received only from 46 to 50 cents an hour. The demands call for an increase to 75 and 85 cents an hour. Truck drivers are asking a wage of \$35 a week and the helpers a wage of \$22 a week. The demands ask also for a weekly pay envelope.

THEFT OF MONEY

John Bannister, 333 Albany avenue, was arrested last night by Detectives Carter and Hicks, charged with stealing \$25 from Mrs. Holstein, 308 St. George street. Bannister was doing some work around the house, when he is alleged to have stolen the money.

SIXTY DELEGATES EXPECTED.

Twenty-nine delegates to the provincial council convention of the International Association of Machinists arrived yesterday afternoon in Toronto, and were accorded a hearty welcome by the Toronto delegates. Altogether sixty delegates, from all over the province, are expected to attend today's convention, which is being held at the Labor Temple. Another interesting session is that of the Marine Trades Federation, of which Harry Kerwin is president.

APPEAL OVER RAZORS.

The appellate court has allowed the appeal of William Moffat & Sons in their action against Messervey, Ltd., and given judgment for \$320.25, the amount sued for. The action was for payment of the price of a parcel of razors which the plaintiffs alleged they sold to the defendants, who said that they were merely deposited with them for sale.

For the Easter promenade it is essential that the appearance of the well-dressed woman be amply completed by the wearing of perfect fitting, carefully selected shoes. No more charming footwear will trip the streets than our new "Southern Time" which has the nomenclature of fashion. They are made in black, patent kid and satin, and also in a deep brown suede, and have the over-popular French heel, modishly high tongue, and the smart ribbon bow. They solve the problem for the woman who wishes to go trimly shod. With the bright French heels, the fords in patent leather, the kid and tan Russian calf. In the wide assortment I noted in the Shoe Section there would seem to be all styles and sizes. See to it that your Easter matches in becomingness the Easter costume.

ANOTHER VETERAN DIES.

The death occurred on Monday at the Weston Sanitarium of Sergeant Thomas Powers, a veteran of the 7th Battalion, Canadian Cavalry, Horse Artillery. He was 39 years old and had been troubled, since his return to Canada, with consumption. He enlisted early in the war and served for a long time in France, where his lungs were affected as a result of exposure to gas. All of his relatives reside in the Zepherus parlors of an aunt on Beverley street. The funeral, with full military honors, will take place today at 3 o'clock from W. H. Beckley's undertaking parlors. The Grand Army of Canada's band will be in attendance and members of the G.W.V.A. and the G.A.C. are invited to be present.

MANY AT FUNERAL OF YORK PIONEER

Late Frederick Roach Was Resident in County 78 Years.

CHERRYWOOD, MARCH 26.—One of York County's oldest pioneers was buried at Erskine Cemetery, Cherrywood, yesterday, in the person of Frederick Roach, who passed away on Tuesday, March 23, in his eighty-sixth year. The late Mr. Roach was born in Cornwall, England, but came to Canada when a boy, 75 years ago. His first Canadian home was at Colburn, Ont., where he lived till the time of his marriage, in 1857, to Hannah Beignall, who predeceased him eight years ago.

As a farmer, the late Mr. Roach was widely known. His homestead farm near Cherrywood is one of the oldest in the county. Mr. Roach was also a blacksmith for thirteen years in Whitevale.

The deceased was a prominent Christian and temperance worker, a member of the Cherrywood Methodist Church, a life member of Upper Canada Bible Society and president of the local branch of this society. He was an enthusiastic delegate to the recent Dominion Alliance convention, and it was on the Monday following that he suddenly took a stroke and did not recover.

He is survived by three sons, Wesley J., on the homestead; William H., in Alberta, and Francis, in California; two daughters, Miss Mary Roach and Mrs. John S. Beare, and 18 grandchildren.

Lexington, Ky., March 26.—(With Paul Little, 12-year-old son of E. R. Little, Lexington capitalist, safe at home, authorized tonight were searching for two men who kidnaped the lad Wednesday afternoon and held him for 38 hours in a room at a local hotel.)

The boy was returned to his parents early this morning after he had left a bathroom, in which he had been imprisoned by his abductors, and notified members of his family by telephone as to his whereabouts.

The youth, after being kidnapped, was taken to the hotel and locked in the bathroom. During his long imprisonment he was given only a little fruit and a piece of cake to eat. Every few hours during the period his captors terrorized him by threats against his life. A revolver often was thrust into his face by the two men.

Shortly after 7 o'clock this morning the boy's captors left the hotel, leaving the door of the bathroom unlocked. The boy entered the room and cautiously telephoned to the Little home. His sister answered the telephone and Paul screamed with relief as he told her of his whereabouts. The father of the boy went immediately to the hotel. The door of the room was broken down and Paul rushed into his father's arms.

Describing his abduction, the youth said he had been lured to the hotel by one of the kidnapers, who offered him a dollar to deliver a box of candy. The boy was told repeatedly by the men that he would be killed if he made an outcry, he said.

COATS WERE STOLEN

Twelve coats, valued at \$2000, were stolen from the store of J. Krahn, 581 College street, by burglars, who entered the store early yesterday morning. Entrance was made by climbing in the fanlight. The thieves were chased, and they left seven coats which they had bundled up ready to carry off with them.

IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll have a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get one of our pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only troubling.

What's in a Home?

There's a great deal in a name, despite the aroma of the rose. There's a great deal more in a home, despite the question "What is home without a mother?"

A remarkable distinction as between Canada and Australia, New Zealand and South Africa, resides in the common use of the word "home."

It has been officially recognized and persistently declared that the inter-relationship of the dominions and the British government is that of governments with one another.

Humanity of Franchise. If parliament could realize that statesmanship is a mixture of common-sense and humanity, it might be possible, in discussing bills, to avoid darkening counsel with words.

Limits of Trade Unionism. A pretty problem in trades unionism is reported from South Wales, where the coal miners are working fewer hours than they used to work, at wages which cause them to pay income tax.

abilities which the United States does not impose? We were at war with the people who are now the republics of Czechoslovakia, and who dwell in parts of Jugoslavia.

Does not the country owe to such as enter into an obligation of this kind—and also to itself—to treat them not as strangers only to be suspected, but as friends to be welcomed into the family as soon as the welcome will be mutually agreeable?

Too few politicians seem to understand how vast and solemn a thing it is for a man and woman not only to change their native allegiance, but to set the current in which the patriotism of uncounted generations will flow.

COMMERCE VICTORS IN BANK FINAL

Defeat Union, Four to Two, in Rousing Contest at Arena.

The Bank League final, at the Arena last night, provided plenty of thrills and some rattling good hockey. Commerce, winners of Group 1, downed Union, the Group 2 victors, 4 to 2, but only after the hardest kind of battling.

Union moved Russell Stephenson of Dental fame up on the forward line, and he had the Commerce defence worried with his corkerwise passes and hard lifts. Union were weak in the net, and with goalies reversed, Commerce would have been defeated. Crook was in his best form and handled the hard ones with uncanny cleverness. He was the backbone of the Commerce defence, and the victory was largely earned by the good goals.

The Commerce forwards paid strict attention to the passing game, and Crane was a bright, shining light at work inside. He scored three goals and made the play for the fourth. Thorpe was a strong ruckster and Huxtable and Swinney were good checkers and ably helped Crane at the combination.

For Union, Stephenson was the outstanding star, and he worked until he was hardly able to lift himself over the boards at the finish. Union were not drilled as well as Commerce in team play, but their attack was determined, and they had many more chances to score than the winners. Lujan was strong on the attack.

Commerce ran in two goals in the first period, when Crane slipped thru on Stephenson's pass and made the second by taking a pass out from behind the net and beating Crook. Crane got the next by batting in the rebound of Swinney's shot when Moore was slow

in clearing. Stephenson lifted a long one into the net from the side to make it 3 to 2 at the end of the second period. Davidson got the only goal of the third period on a rebound from Crane's shot. The teams:

Commerce (4)—Goal, Crook; defence, Davidson and Thorpe; centre, Crane; right, Swinney; left, Huxtable; subs, Watson and Dierham.

Union (2)—Goal, Moore; defence, Lynn and Sineclair; centre, Stephenson; right, Hunter; left, Bradshaw; sub, Lawson; Referee—Steve Vair.

THIRD STANLEY CUP CONTEST TONIGHT

Ottawa, March 26.—The decision to play the third game of the Stanley Cup series between Seattle (the Coast champions) and Ottawa (holders of the eastern title) was reached yesterday after a meeting of club members and the players, the players finally going into executive session and deciding that the third game of the series shall be staged at the local arena. Manager Muldon was anxious that the game be played on hard ice, but bowed to the decision of the players. He explained that, while he thought his team would win on a hard surface, he was willing to abide by their decision. "However," the Coast magnate said, "if any further games are necessary, and I am confident our team will win, we insist that they shall be played on hard ice," which will mean that the remaining games would be played on the Toronto arena.

There is hope that a cold spell of sufficient intensity will intervene between now and Saturday to allow of good ice. Ottawa was into the third game decided favorites.

A special scraper is being put on the ice today, and several inches of ice will be shaved off the surface.

Saturday's game will be played under eastern hockey rules, six men a side.

KINGSTON HOCKEY CLUB.

Kingston, March 26.—The Kingston Hockey Club had a most successful year from a financial standpoint; the gross receipts were \$4,344.36, and the expenditure \$3,411.07, leaving a balance of \$933.29. It was decided that the surplus be set aside to purchase trophies for the members of the intermediate team, and also the sum of \$50 of the subscriptions to be set aside for the members of the junior team.

PARKDALE CANOE CLUB SMOKER.

About 200 attended the Parkdale Canoe Club smoker last night and enjoyed a splendid program that included musical talent and the following boxing bouts by members of the Classic Club: 135 lbs., Wynosky vs. Courtney; 135 lbs., Coyne vs. Aikens; 135 lbs., Platt vs. Burns.

COURT TENNIS DOUBLES FINAL TODAY.

Philadelphia, March 26.—Jay Gould, the open champion, paired with Joe V. Wear, representing the Racquet Club, defeated D. L. Hutchinson and S. L. Andrews, also of the Racquet Club, in the first semi-final match of the United States doubles tennis court championship here today, 6-2, 6-1 and 6-3. Joshua Crane and C. T. Russell, Boston, won the other semi-final match from F. Cutting and S. Cutting, 6-3, 4-6, 6-5 and 6-3. The final will be played tomorrow.

PRINCE A GOOD FELLOW.

New York, March 26.—The New York Yacht Club held a meeting last night, at which the secretary said that a large silver cup had been received from the Prince of Wales a few days ago, and that a letter had arrived yesterday announcing the gift to the club as a token of the esteem of the prince.

HOCKEY LEAGUE FINAL GAMES TODAY AT ARENA

The Toronto Hockey League will settle the championships for 1920 this afternoon when four final games will be played. The first game brings together the midwest finalists in Melvins and U.T.S., and the latter are out to keep up with the Varsity seniors and are determined to put away the east enders. This game will start at 1 p.m., and when the kids get under way, they will surprise the fans with their good work. At 2 p.m., Frank McEwen, juvenile champion of the Melvins Club, takes on Mattiands for the juvenile medals and there is keen rivalry between the north and east clubs. It is bound to be a strenuous game. Melvins look best here in one respect only, and that is in weight. However, Mattiands have the best goaler seen in the league since Vernie Forbes moved up. This boy is Alf Moore, formerly with Beach midgets, he is only 15 years of age and stops them from all angles. Mattiands will also use him in their intermediate game. At 3 p.m., Glen Armstrong, Wyewood, looks up with the Melvins for the junior title, and it should also prove interesting. Wyewood are last year's juvenile champions and are played consistent hockey in the junior series, while Melvins had the distinction of eliminating the fast Melvins team of the semifinals. The big game starts at 4 p.m., when Mattiands' classy intermediate outfit meet Victoria, and the love these two teams have for each other is conspicuous by its absence. All fans should be on hand this afternoon to see these final games. There are plenty of seats to accommodate the crowd, and no doubt a record crowd will see the Toronto Hockey League wind up its season. As every real hockey fan knows, this is the league that develops the youngsters, and keeps Toronto so prominent on the world's hockey map. A few of the many stars turned out by the T.H.L. are Babe Dye and Vernie Forbes of St. Patrick's; Hudson of Dentals; Stewart and Murton, Parkdale; Clegg and Rutherford of Aura Lee; McCarry, Buck Applethorn and Hogarth of Dentals; and many others.

Writers Applethorn, Conacher and Haslop are members of the T.H.L., and are products of the T.H.L., and many prospects like them will be seen in action this afternoon.

WEST OR EAST?

The stage is set for the first game of the Allan Cup finals at the Arena tonight. Winnipeg Falcons, champions of western Canada, had a light workout at the Arena yesterday morning and impressed the large crowds of rabid fans with their speed and pretty combination. The western team are big and should be able to stand up to any body work that is hard.

Varsity rested yesterday. They had a hard grueling in the Suddury game, but all came thru without any serious injuries and the same team that devoured the northern wolves will be started against the Falcons. The winner of the series goes to Belgium to represent Canada in the Olympic games. With this trip at stake the series will be the hardest fought in the history of the cup.

No excuse will be offered by either side. Both are ready for the fray with Falcons possibly rested after their long rest, but Varsity worked up to a fighting pitch after the fling with Suddury and morning and evening practice sessions. All the reserved seats were disposed of early yesterday morning. There remains nothing but bleacher seats and standing room left. The bleacher seats and standing room are at 8.45 on the Daboussie street side. The "no smoking" rule will be on hand to handle the crowd and put out any offenders against the smoking rule. The game starts at 8.30.

PRESIDENT BETTS SAYS VARSITY INELIGIBLE

F. E. Betts, Saskatoon, President of the Canadian Amateur Hockey Association, last night to attend the annual meeting of the A.H.A. at the Hotel Vancouver, said that Varsity is ineligible for the Allan Cup and quotes the A.H.A. constitution as follows: "No player shall be permitted to play for either a challenging or defending club if he has, during the same season, played with another team in a cup match, nor shall any player be considered eligible for a cup match if he has played on another team belonging to the same league, union or association in the same season."

Mr. Betts says the fact that the Canadian Amateur Hockey Association, which has been under suspension for non-payment of dues, is a minor matter.

ST. MICHAELS CAPTURE INDOOR BALL TITLE

The final game for the inter-faculty indoor basketball championship was played at Hart House yesterday afternoon. St. Michaels defeated St. Paul's, 12 to 11. At the end of the 2nd inning S.P.S. were leading 6 to 0, and then the Saints drove back in two innings. It was a hard-fought game. The final score was 12 to 11. Ford and Dyer were best for St. Michaels.

AMATEUR BASEBALL

A meeting of the West York Baseball League was held in the Moose clubrooms on Wednesday, and the president, Kit Woodburn, in the chair. Plans for the coming season were discussed. This league will be organized by four strong teams, viz., Canada, Mt. Dennis, Waverley and Lakeview Oddfellows, and a bumper season is expected and application of officers will be held at the next meeting at the Waverley clubrooms, 2922 Dundas street, on the Wednesday evening, March 31, at 8 p.m.

At the annual meeting of the Spalding leagues, business of the past season was closed up and the teams were contemplated for the successful season made, this league having won the intermediate and juvenile city championships by Belmont and C.A. George Walker, the president of the league, and who is now residing in Hamilton, was elected to attend, and Mr. James Murphy was elected as president for the coming season. A discussion arose as to the possibility of running a senior league, but nothing was decided upon. Nearly twelve new teams were in attendance for applications to the league and the applications will be decided upon at the next meeting which takes place on Wednesday, March 31, at 7.30 p.m., 707 Yonge street. At this meeting all entries and applications must be filed with the secretary, Bill Duncan.

MRS. HURD FLAYS FINAL TODAY WITH MRS. PRICE

Pinchurst, N.C., March 26.—Mrs. Dorothy Campbell Hurd of Pittsburgh, former national Canadian and English champion, and Mrs. J. Raymond Price of Pittsburgh, a former north and south champion, will meet in the final contest for the north and south title at Pinchurst tomorrow. Mrs. Hurd played against Mrs. Myra Helmer Pritchard of Betsy Creek, former western champion, in today's semi-final round and won by 4 and 3. Mrs. Price won an unexpected victory over Miss Elaine Rosenthal of Chicago, playing the same golf so far displayed in the tournament and winning by 3 and 1.

U.S. WOMEN GOLFERS FOR IRELAND

New York, March 26.—The entries of three United States women golfers were cabled today for the 1920 ladies' golf championship of Great Britain, which is to be played for at Newcastle, County Down, Ireland, during the week beginning May 10. The entrants named by Secretary Vandenbrouck of the United Golf Association are: Mrs. H. Van derberck, Philadelphia Cricket Club, winner of the national women's title in 1915; Miss Mildred Caverly of the same club, who was runner up to Miss Alexis Stirling at Waverley Mass., the following year; and Miss Marion Hopkins of Westport, Long Island, holder of the Metropolitan title and runner up for national honors at Wilmington, Del., in 1913.

GUARD AGAINST THE 'FLU

Serious Outbreaks of Influenza All Over Canada.

GOOD HEALTH IS THE SUREST SAFEGUARD

"Fruit-a-tives" Brings Vigor and Vitality and Thus Protects Against Disease.

There can be no doubt that the situation regarding the spread of influenza throughout Canada is one of grave concern. It is quite true that the number of cases does not constitute an epidemic such as caused the suffering and sorrow during the terrible days of 1918. Yet there is no disguising the fact that everyone should be on their guard against the disease.

In Montreal alone, from January 28th to February 21st, three thousand six hundred and twenty-two cases of influenza and 139 deaths from the disease were reported to the Health Department.

If the outbreak had come at the beginning of the winter instead of the end, we might reasonably feel that the very cold weather would check the spread of the disease. But coming as it has, at the end of the winter, there is grave fear that an epidemic may occur. For spring, with its slush and rain under foot, its dampness and chill, its constant changing from cold to warm and back again, is a prolific source of coughs and colds, pleurisy and pneumonia.

The best protection, in fact, the only safeguard against the 'Flu, is GOOD HEALTH.

Those who are not as well and strong as they should be; those who are underweight; those who are "run-down" through overwork or sickness; should build up at once. What they need is a Blood-purifier, a body-builder, a strength-giver, like "Fruit-a-tives," the wonderful fruit medicine. "Fruit-a-tives" regulates the kidneys and bowels, causing these organs to eliminate waste regularly and naturally as nature intended. "Fruit-a-tives" keeps the skin active, and insures an abundant supply of pure, rich blood. "Fruit-a-tives" tones up and strengthens the organs of digestion, sharpens the appetite, brings restful sleep and renews the vitality of the nervous system. "Fruit-a-tives" contains everything that an ideal tonic should have; to purify the blood, to build up strength and vigor, and to regulate the eliminating organs, so that the whole system would be in the best possible condition to resist disease.

Now is the time to build up your health and strength, not only as a precaution against the ravages of influenza, but also to protect you against "spring fever" and the inevitable reaction which comes with the appearance of warmer weather. Get a box of "Fruit-a-tives" today and let this fruit medicine keep you well.

"Fruit-a-tives" is sold by all dealers at 50c a box, 6 boxes for \$2.50, trial one 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

FRENCH IMPORTATIONS HAVE LARGELY INCREASED

Paris, March 26.—French importations for the first two months of 1920 reached a total of 4,500,000,000 francs, as against 3,500,000,000 francs for the corresponding period last year, according to figures made public by the customs department today.

The exportations for January and February totaled 2,000,000,000 francs, as compared with 700,000,000 francs during the same months of 1919.

Danish Troops Will Occupy Schleswig's Northern Zone

Copenhagen, March 26.—It is reported that the allied international commission has agreed upon the occupation of the northern plebiscite zone of Schleswig by Danish troops as soon as possible. The voting in this zone showed the inhabitants overwhelmingly in favor of Danish sovereignty.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed in a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mix the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is the ready-to-use preparation improved by the addition of other ingredients in a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By using your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

TRAPPER IN CANADA EVADED DRAFT LAW

Pittsburg Man Says He Was Not Aware That One Had Been Enacted.

Pittsburg, March 26.—Department of Justice agents announced here last night that after a search of 18 months, they had arrested Harold W. Neville of Dawson, Pennsylvania, who is charged with evading the draft law. He is being held in the county jail here in default of \$2,000 bail for a hearing later.

According to federal authorities, Neville left the United States a few days before the declaration of war against Germany. He went to Canada, they said, and worked in an isolated section of that country as a trapper. On December 23, 1918, Neville returned to the United States, federal officials said.

Neville, who is said to come from a wealthy Fayette county family, made a statement to the authorities disclaiming any knowledge that a draft law had been enacted in the United States. He said that after working as a trapper for some time, he secured a government position in Canada and did not realize that he was violating the selective service act.

The federal charge against Neville says that he "willfully and maliciously failed and refused to register with his local board."

HAS OFFERED THRONE TO CHARLES HAPSBURG

Geneva, March 26.—Admiral Horthy, the regent of Hungary, has secretly but officially offered the Hungarian throne to former Emperor Charles with the assurance that everything has been arranged for the return of the Hapsburg monarchy, with the consent of the majority of the population, according to information from Frangins, where the ex-emperor lives.

Admiral Horthy, it is declared, has invited the former ruler to come to Budapest as soon as possible, adding that the question with the allies in connection with the move could be best arranged from the Hungarian capital.

The ex-emperor, however, is said to be apparently hesitating as to his course, and has not left Frangins.

KING'S SCOTCH EMPLOYEES ASK FOR EIGHT-HOUR DAY

London, March 26.—The employees on the King's estates in Scotland, including Balmoral Castle are demanding an eight-hour day and a raise in wages to three pounds weekly. James D. Ramsay, King's commissioner on the Balmoral estates, has given the men the option of working ten hours a day or quitting their jobs. As far as is known he has said nothing to them concerning wages.

The question is to be discussed in Aberdeen Saturday at a meeting of the Scottish Federation of Discharged Soldiers, many of the men being former soldiers. It is recalled that King George, in writing to the local tradesmen at Balmoral some time ago, said he wished all his employees to be comfortable and satisfied.

ITALIANS IN EGYPT FORM ORGANIZATION

Rome, March 26.—The Epoca announces that Italians living in Egypt have united in an organization 40,000 strong and will send their representatives to a colonial parliament to meet at Rome. Similar organizations are to be found in Syria, Palestine and Turkey.

Ottawa District Paper Mills Suffer From Pulpwood Famine

Ottawa, March 26.—Several paper mills in this district may be forced to close their doors in the course of the next few days owing to the shortage of pulpwood. The congestion of the railways at various points, where cars were held up during the recent severe storms, and the inability of the railways to supply other cars were given this morning as the cause. Only an early opening of the Ottawa River, which would permit the companies to secure their logs via the river route, it was stated, could relieve the famine.

LEAVE CANADA FOR ALABAMA.

Swift Current, Sask., March 26.—A number of Mennonites who were fined this week for breaking the school attendance act, declare that the Mennonites of this district are awaiting papers from Washington to enable them to move to the state of Alabama, where they have secured concessions in the matter of their own schools, and as soon as the papers arrive they intend to move to the south.

REPATRIATED POLES HAVE REACHED WARSAW

Warsaw, March 26.—More than 2,000 Poles, repatriated from southern Russia by the American Red Cross have arrived here in the course of the next few days. Preparations are being made to receive 5,000 each week until midsummer. Two million Polish refugees are still missing from this country, Red Cross officials say, in spite of the large numbers returning. Labor conditions, which were deplorable during the past winter, are expected to improve soon.

Wilhelm Sent Money to Berlin Just Before Kapp Rebellion

Geneva, March 26.—Former Emperor William of Germany withdrew deposits amounting to 250,000 Swiss francs from a Zurich bank early in March, it is learned here, and the money is said to have been sent to Berlin just before the attempted reactionary revolt led by Dr. Wolfgang Kapp and General Luettwitz. The German mark is now quoted at 10 centimes, and the sum withdrawn from the bank would represent quite a snug fortune in Germany.

REFUGEES ARE CUT OFF FROM TRANSBAIKALIA

London, March 26.—Under pressure of the Russian inhabitants, all the services not seized by the Chinese, such as consulates, law courts, posts, telegraphs and health, have gone over to the Vladivostok government, says a despatch to The London Times from Harbin, Manchuria, dated March 20.

Refugees, the despatch adds, are thus cut off from Transbaikalia. The railways are virtually in the possession of the soviet forces, who are operating all stations to the east and west. Officers coming from China have been dragged off of the trains and their uniforms torn off, and sick and wounded have been ill-treated. Telegraphic communication with Russia is interrupted.

Understood Hon. J. A. Calder Will Go South to Recuperate

Ottawa, March 26.—(By Canadian Press.)—Considerable worry has been felt recently over the condition of Hon. J. A. Calder, minister of Immigration and Colonization, who was suffering from an attack of influenza, and who was also threatened for a time with pneumonia. However, the minister is said to be in much better health at present, but it is expected that he may find it necessary to go away for a short time to recover his strength. While definite plans have not been made, it is understood Mr. Calder will probably go south for a few weeks, and will likely leave this week or early next.

I.O.D.E. PRESIDENT ISSUES STATEMENT

Mrs. Helen Bruce Gives Official Version of Kingsmill and Gooderham Dispute.

CONTROVERSY IS RED HOT

The dispute between Lady Kingsmill and Mrs. Albert Gooderham over management affairs connected with the I.O.D.E. has had a new fire lighted under it by a statement handed out by counsel on behalf of Lady Kingsmill, who is at present in California. The statement, which is published in Ottawa and Montreal papers, says in effect that the meeting in March of the national executive, Lady Kingsmill, feeling that it was not in the best interests of the order, that the matter should be further discussed by the national executive, thru her counsel, wrote to Mrs. Gooderham proposing that the statement of herself and Mrs. Gooderham, filed with the national executive, and all documents connected with her, should be submitted to a board of arbitration composed of persons not directly connected with the order. Order of the Daughters of the Empire, for the purpose of obtaining an impartial decision, the finding of this board to be adopted by both parties and to be forwarded to all chapters of the order. This proposal was also forwarded to the national executive.

The national executive at its March meeting passed a resolution reaffirming the position taken in January to the effect that they would take no further part in the discussion of the differences between Lady Kingsmill and Mrs. Gooderham, Lady Kingsmill's offer to Mrs. Gooderham of an arbitration was declined by Mrs. Gooderham. Mrs. Gooderham's resignation followed the action of the national executive.

A Member Comments.
A well-known Toronto member of the order, commenting on the dispute, said, according to an evening paper: "Lady Kingsmill had tried to show that Mrs. Gooderham was too autocratic and Mrs. Gooderham's latest actions bear this out. Surely," added the lady, "anyone wishing the order well would have accepted an offer to settle a controversy in private."

Mrs. Bruce Replies.
Seen last night on the subject of Lady Kingsmill's statement, Mrs. Helen R. Bruce, the president of the I.O.D.E., made the following statement: "The unprofessional and misleading statements given to Ottawa and Montreal newspapers by Mr. Norman Guthrie, solicitor, Ottawa, regarding Mrs. Gooderham's charges against Mrs. Albert Gooderham, late president of the Imperial Order Daughters of the Empire and the national executive, and the fact that these statements have been copied and most unfaithfully and erroneously commented on in a certain Toronto evening journal, compels me, in the interests of justice and truth, to depart from my rule of not giving to the press private information concerning the order. For the present, without further comment than to state that Lady Kingsmill was present at both meetings and voted against the proposal of a private investigation contained in the first resolution, which was made with the knowledge and approval of Mrs. Gooderham, I produce copies of two resolutions submitted to the national executive committee:

Resolution 1.
January, 1920.
Whereas a resolution was passed by this executive yesterday, instructing The Echoes committee to publish, in the next issue of Echoes, a letter from Lady Kingsmill, and
And whereas Lady Kingsmill has now placed on the files a copy of her charges against the late national executive and the late president,
And whereas it is the best interests of the order that the matter should be finally settled and put an end to, which cannot be done if further correspondence and the subject is permitted, which might continue indefinitely,
It is moved by _____ and seconded by _____ that a committee of three judges of the supreme court be requested to investigate the charges brought by Lady Kingsmill, and report to the national executive upon the truth or falsity of the charges therein contained, and the propriety of making such charge."

Lost by amendment carried, that no action be taken by the national executive.

Resolution 2.
February, 1920.
It is moved by _____ and seconded by _____ that this executive, having heard Mrs. Gooderham's explanation just read, being the majority of her reply, filed today, to the charges Kingsmill, is of the opinion that Lady Kingsmill's charges are in the main unfounded, and that the secretary is hereby instructed to send to Lady Kingsmill a copy of this resolution, with a request that the said charges be withdrawn."

"FESTIVAL OF THE LILIES."
Seats for the "Festival of the Lilies," on Easter Monday, are now for sale at Massey Hall. All seats are reserved.

NO INCREASED FEES.
The board of trade held a general meeting in their lounge room yesterday afternoon and considered a motion to amend a bylaw by increasing the entrance fee for resident members from \$25 to \$50. The motion was defeated by a considerable majority. Dr. J. W. Robertson addressed the meeting at some length on "Overseas conditions resulting from the war and peace conference as they affect prices and markets for Canadian food products."

The new daytime modes accentuate the long lines. Various materials are featured. Short sleeves are general.

SOCIETY NEWS

CONDUCTED BY MRS. EDMUND PHILLIPS.

Her Excellency the Duchess of Devonshire was honored by an invitation to dine with Their Majesties the King and Queen Mary earlier in the month. Their Royal Highnesses the Prince of Wales, Prince Albert, Princess Mary and Prince Henry were present, and the guests included Lord and Lady Richmond, Cavalier, Rear-Admiral Sir Lionel and Lady Halsey, the Countess of Minto, Lady Innes, Mrs. Lang, Miss Lang, Lady Grey, Lady Innes, and several other members of the cabinet added their welcome. The drawing-rooms were always lovely with flowers, begonias, carnations and roses, with palms and tall glass bankings the mantel-pieces, and filling all the corners. The long oak table was arranged with fluted lace and the cushions and tapestries in red, white and black, with a large black tulle hat. The glass stand of magnificent Russell roses, with several other vases of the same style flowers, which Mrs. Bane had brought among the assistants on their departure. Mrs. Drury, in primrose and blue, with a sapphire necklace and a black tulle and jet wide-brimmed hat, with corsage bouquet of sweetheart roses, red and white, and a black tulle hat. PRESBYTERIAN WOMEN DEPLORE MODERN WAYS

Mrs. Charles Robertson, Toronto, was appointed president at the convention of the Women's Missionary Society of the Presbyterian Church of Ontario, which was held in Stratford, at the residence of Mrs. J. M. Macdonald. Resolutions were passed against the "deplorably immodest dress of women, clear smoking by women, and the teaching of children in public in immodest dress." Ottawa was decided upon as the next place of meeting.

Red Cross Executive On Hospital Requirements

Among the things reported at the third executive of the Ontario Red Cross were the needs in parts of Red Cross province for increased hospital, medical and dental service. Mrs. Plummer, Miss Jean Gunn and Dr. Nasmith were appointed a committee to interview the government with a view to securing co-operation. A report submitted by Dr. Nasmith, outlined preliminary steps to secure a course of three months' training for public health nurses, for which there is a great demand.

The expenditure of \$2,000 during the month of February for military and hospital supplies, was approved. In East York district, it was reported co-operative experiment in public health nursing and community service has been launched and is proving quite a success.

POLICIES TO BE RECTIFIED.

Reserving the decision of Justice Middleton, the appellate court yesterday decided that S. M. Ross and Max Ross are entitled to ask for rectification of policies of insurance issued by the Scottish Union Fire Insurance Company on a row of nine houses and a store on Keele street. The court, in a previous case, held that, according to the terms of the policies, the plaintiffs could not recover insurance as to buildings, which were not occupied by dwellings and which were destroyed by fire. The plaintiffs accordingly raised the present action on the ground that the policies did not represent the contract between the parties.

\$100 FOR AUTO COLLISION.

Before Judge Vance and a jury yesterday, Sam Kozman was awarded \$100 in his action for \$244 against George Reckin for damages to his auto in a collision.

RADICAL CHANGES IN EXAMINATIONS

Matriculation to Be Combined With Departmental Examination.

For the benefit of candidates for the provincial examinations it is announced that arrangements for combining the departmental with the matriculation examinations have been completed. The universities and the minister of education have reached an agreement after several conferences, and official notices are now going out to the schools. This year the normal school entrance and pass matriculation examinations held in June will be given in the form of a single examination. The departmental examinations will be given in September next examinations for normal and faculty entrance and matriculation similar to those held in June. Candidates who are unable to write in June, or who fail to pass then may write in September. They thus have two chances in one year. The minister decided to make certain concessions to candidates in departmental examinations: a candidate whose failure at an examination is due solely to a failure on one paper, may complete his standing by writing on that one paper alone at subsequent examination and obtaining 60 per cent. thereon. Those who have carried over one subject only from previous years will be given the privilege of writing on that paper alone. Moreover, a candidate who, either in June or September next, obtains pass matriculation, partial or complete, including the election subjects, will be given a 15 per cent. concession in the middle school examination will be given a middle school certificate. The certificates of principals for practical work in science will not be executed this year. There will be no bonus papers in art and agriculture at the middle and upper school examinations in September, and no bonus on Latin in the middle school examination, nor will there be any papers set in the lower school subjects. Otherwise the September examinations will correspond to those in June. The September examinations are a novel feature, and also they entail considerable work in respect of setting new papers and prompt announcement of results will be essential in future unless unforeseen difficulties arise.

The following centres for the September examinations have already been selected, and other high or continuing school centres will be added if a sufficient number of candidates to warrant the cost of providing a centre apply before August 25:

At the University of Toronto: Queen's University, Kingston; McMaster University, Toronto; Western University, London.

At any of the following, provided a sufficient number of candidates apply before September 1:

Chatham, Sarnia, St. Thomas, Woodstock, Brantford, Simcoe, Cayuga, Welland, St. Catharines, Hamilton, Goderich, Stratford, Kitchener, Guelph, Walkerton, Owen Sound, Orangeville, Barrie, Whitby, Bowmanville, Cobourg, Lindsay, Peterboro, Belleville, Picton, Nanawauke, Belleville, Kempsville, Morrisburg, Cornwall, Alexandria, Van-kleeck Hill, Ottawa, Smith's Falls, Renfrew, Bracebridge, North Bay, Sault Ste. Marie, Port Arthur, Haliburton, Sudbury.

ROYAL ONTARIO MUSEUM RECEIVES GIFT OF ART

The valuable collection of works of art from Greece and Rome, which were presented to the Royal Ontario Museum by Mr. Sigmund Samuel, were the Greek and Roman vases of those interested in educational work and other friends of the institution. This addition to the store of the museum, which has been long in the making, is a most desirable acquisition, and places Toronto among the few centres on the continent where the wonderful products of the ancient world are preserved. The collection includes specimens which date as far back as the influence of the Greeks, which is seen in curious animals forming the decorations of certain vases, while hand-made pottery that may be traced to the third millennium B.C. is found in the Greek and Roman vases, which are the work of an outstanding background of red also mark the Greek period. Mythology is represented in the figures of the vases, and a conspicuous group being that in which Mercury is seen presenting the soul of a woman to Charon, who is shown ferrying her across the river Styx, his passengers over the Styx.

"What's in a Name?"

Facts about your name; its history; its meaning; whence it was derived; its significance; your lucky day and lucky jewel.

BY MILDRED MARSHALL

BELINDA.

The quaint and charming name of Belinda is derived from the Italian. The most frequently applied in modern times to the sweetest of the sex, and pretty coquette, Belinda means a serpent. So beware, young men, of the baby doll who answers to the cunning, old-fashioned name!

How Belinda came to be evolved is not clear to etymologists. She simply appeared in Italy, and is believed to have had her origin in the fashionable craze for names ending in "a", which swept Europe in Queen Anne's reign. The first Belinda reared in Augustan age. The first Belinda reared in history was the wife of Orlando, a debut sufficiently prominent to appear in the name far and wide, and when Pope chose Belinda for his heroine of "The Rape of the Lock," her permanence was assured.

In those days it needed only a feminine name to immortalize a woman, or to immortalize a maid of the country who adopted it for her own, just as today screen favorites' costumes are copied by adoring flappers.

Belinda flourished in England and Italy, but her popularity was negligible in France and Germany, refused her completely. Spain took her from Italy, but despite the vowel ending, she was a bit too harsh for Spanish ears, America welcomed her heartily, and she flourishes here today both actually and in fiction.

Belinda's gem is the cat's-eye. It is a tallman against evil and disease, and has a mysterious magnetic power, which renders its wearer irresistible to those whom she wishes to attract. Friday is her lucky day and 7 her lucky number.

ANOTHER EARLY CLOSING CASE.

The question whether a Toronto shopkeeper who sells groceries and confections in the same store can cover up his groceries after seven p.m. and continue to sell confections, and not be liable to prosecution under the city bylaw, was raised in the case of Luke Mills, who was charged with violating the bylaw, in yesterday's afternoon police court. Accused carries a stock of about \$1000 in confections and \$500 in groceries.

Magistrate Cohen, with a few comments about the effect of the bylaw, adjourned the case for a week for further argument.

ASSAULT AND THEFT.
Sam Garrimoni, West Adelaide street, was arrested on York street last night by Plainclothesmen Pen-neck and McArthur, charged with aggravated assault and theft. Garrimoni is alleged to have drawn a stolen razor from his pocket during a quarrel in a York street restaurant and attacked Harold King, 126 York street. Thomas Welch, 129 West Adelaide street was charged with the theft of a razor as one stolen from the room. The theft occurred on Tuesday last.

NO JUDGMENT YET ON COMMERCE BOARD

Supreme Court Adjudges Without Making Finding—Judgment Will Decide Status and Powers. Ottawa, March 26.—The Supreme court of Canada adjourned last night until April 6 without handing down judgment in the two board of commerce cases argued in the court last week.

The judgment will decide the status of the board of commerce as a price-fixing tribunal, and its power to compel the marketing of commodities at fixed prices and fix penalties for the infringement of its orders. The first case will decide whether parliament had power to create the board of commerce in the manner in which it is now organized, and whether its powers are as challenged in the second case, which was brought by the Price Bros. & Company, a manufacturing firm of Quebec, to question the constitutionality of an order of the board of commerce in effect restricting the export to the United States of newprint from the mills in Montreal. The question of provincial rights, it is argued, is vitally affected in the decision.

ATTEMPTING TO BUY PARTY CONVENTIONS

U. S. Senator Borah Charges Big Financial Interests With Spending Money Freely.

Washington, March 26.—A direct charge that big financial interests are trying to buy the national convention of both the Republican and Democratic parties was made in the senate today by Senator Borah, Republican, Idaho, in a speech advocating congressional action to regulate the pre-convention expenditures of candidates for the presidency.

Concentrating his attack on the backers of Major-General Leonard Wood and Governor Frank O. Lowden, for the Republican nomination, Senator Borah declared the Wood managers were attempting "to control the Republican convention by the use of money," while the Lowden organization apparently was spending even greater sums to gain support for their candidate. Within ten days, he predicted, two Democratic aspirants, whom he did not name, would be spending quite as much as any Republican in the field.

Calling on all the candidates to tell the country voluntarily how much they were spending, and where it was coming from, Senator Borah cited newspaper reports that the Wood managers had pledged a campaign fund of \$1,000,000, that testimonials, endorsing General Wood, were being bought in Indiana for \$250 each, and that every vote cast for the Wood or Lowden candidates in the recent South Dakota primaries represented an expenditure of \$10. Such a situation, said the senator, forecast a "saturnalia of corruption," unless congress acted.

BLACK LAKE SCORES TWO-POINT ADVANCE

More than Fourteen Hundred Shares Dealt in—Brazilian Rallies.

ATLANTIC SUGAR FIRM

Black Lake Asbestos, which scored a two-point advance to the highest level of the year, established itself as the feature of yesterday's trading on the Toronto Exchange. More than 1400 shares of Black Lake were dealt in by the morning, at a price at the close of the session being 16, as compared with 14 on Thursday. In the afternoon trading in the stock was limited to a few odd lots, but a high record for the movement was set up at 16 1/4 with this figure as the closing bid. The upturn in Black Lake from around 8, which was initiated several weeks ago, was again in the offer of J. A. Jacobs of Montreal, and pay 12 for a big block of the stock. It is now announced that litigation is pending in Montreal with a view to the annulment of the agreement made with Mr. Jacobs and that the latter is buying in the open market to strengthen his position.

Brazilian led the listed stocks with a turnover of 430 shares, and set a good rally of 1-4 to 47 1/2, closing at the day's best. Barcelona Traction strengthened up half a point to 7, N. S. Car preferred was again in brisk demand, and rose half a point to 41 1/2. Atlantic Sugar moved up a point to 88. Consolidated Smelting was active and a shade firmer at 28, Steel of Canada rose 1/4 to 81 1/4, while Dominion Iron at 72 was up 1-4. The war loan of 1927 was the only issue in this section to show even a moderate volume of trading. Its tendency was easier, small lots selling at the close as low as 97 3/4, while the closing bid, 98, was 1-4 under that of Thursday.

The day's transactions: Listed stocks, \$623, including 1050 mining; war-bonds, \$43,950; unlisted stocks, \$584, including 2500 mining.

ALTER TRADING HOURS

The Toronto Stock Exchange members yesterday agreed upon a change of hours to conform with those of the New York exchange. Starting Monday the hours of the morning session will be 9 o'clock to 11 o'clock and the afternoon session will be from 1 o'clock to 2 o'clock.

BANK OF FRANCE

Paris, March 26.—The weekly statement of the Bank of France shows the following changes: Gold in hand increased 913,000 francs; silver in hand decreased 1,806,134 francs; circulation decreased 491,044,670 francs; treasury deposits increased 45,891,057 francs; general deposits increased 127,864,088 francs; bills discounted increased 107,222,712 francs; advances decreased 18,934,738 francs.

NEW YORK FUNDS EASY

There was no decided break in New York funds in the local market, but the tendency was slightly easier, and quotations ruled at the close between 8 11/16 and 8 7/8 cent, as compared with 8 15/16 to 9 1/16 cent, on Thursday.

CLIFTON PORCUPINE

One of this Company's largest shareholders, a man well posted in mining affairs, gave us the following reasons the other day for having made his purchase of the stock:

- (1) The property is owned outright by the Company, without a dollar of indebtedness against it.
- (2) Gold ore of very unusual richness has been opened up in numerous veins.
- (3) A complete mining plant, fully paid for, is in daily operation, opening up these ore-bodies at depth.
- (4) The work done on three veins on the first level has placed in sight a substantial tonnage of high-grade milling ore.
- (5) Ore of equally profitable grade has now been proven to exist in four veins on the second level.
- (6) The management is capable and practical, being composed of men with an intimate knowledge of mining affairs.
- (7) The money of the shareholders is being expended in a consistent, business-like effort to bring the property to the producing stage at the earliest possible moment.

Finally, these efforts are meeting with a splendid success. In brief, the property has passed the raw-prospect stage and is rapidly approaching that of proven mine.

GAINS FEATURE MONTREAL MARKET

Price Brothers Rose Ten Points and Held the Advance.

Montreal, March 26.—The market as a whole showed a stronger trend on today's local stock exchange. The bulk of the not managed were gains which amounted from one to ten points. Many of the losses were confined to 1 1/2 points and closed at 323, with the gain with the Canadian General Electric, Standard Canadian General Electric, St. Lawrence Flour, and fractions for Shawinigan and Cement.

The largest gain of the day was made by Price Brothers, which rose ten points to 310, and held the gain with the Montreal Sugar, which sold at 127 1/2, and Atlantic Sugar, which sold at 127 1/2. The Montreal Sugar, which rose two points up to 287, equal to a gain of 4 points; Nat. Breweries up 2 points, and Steel of Canada advanced 1 1/2 points to 81 1/2, and held the gain.

Atlantic Sugar was again the leader in activity, and showed strength, moving up to 89 and closing at the top, a net gain of 1 1/2 points. Detroit made a new high at 11 1/4, closing at 10 3/4. Total trading: Listed, 12,735; bonds, \$43,390.

NEW YORK CURB STOCKS ARE STRONG AT CLOSE

New York, March 26.—Strength featured the close of the curb this afternoon with excited trading in many issues during the closing hours. The rise in sterling to 95.95 1/4, based on the reported arrival of several million dollars in gold on the steamer Lapland from England, was chiefly responsible for the strength displayed.

There were active upward movements in many industrials which had been sluggish during early trading. General Asphalt, after selling to a low of 86 1/4, closed strong at 101 1/2. Hayden Chemical, on excellent reports of profits, had a substantial rise from 5 1/8 to 6 7/8. Submarine Boat was higher. Profit-sharing and Steamship were active, but within a narrow quotation range.

The oils acted irregular. High Oil was a favorite, going to a high of 5 1/8, and International Petroleum registered a point gain, closing at 43 1/2. Salt Creek Producers and Simms were slightly lower. The mines remained quiet. A despatch states that the Tonopah Mining Company will pass the dividend usually paid at this time.

SHIPMENTS OF GOLD

London, March 26.—It is reported in the Bullion Market that \$4,000,000 in gold will be shipped to America at the end of the week, comprising 12,500,000 from the Bank of England's stock, and the remainder from other sources.

Officials of the Bank of England refused information on the subject today. The shipping companies say that a certain amount of gold is going out, but refuse detail as to the exact amount. It is known, however, that arrangements have been made with the Cunard and White Star lines for carrying bullion on steamers leaving at the end of the week, and it is possible that the amount going is the first instalment in preparation for repayment of the Anglo-French loan of £100,000,000.

STERLING UP AGAIN

New York, March 26.—Demand sterling touched 95.95 today, its highest quotation for the year, on an announcement that the steamer Lapland, due here tomorrow, is bringing gold from England valued at \$2,000,000, and that further shipments of an equal amount are pending. Toward the close of the stock market, sterling reacted to 93 1/2. At this figure it was five cents above yesterday's close.

GOLD INFLOW GIVES WALL STREET CHEER

Stocks Rise Buoyantly Toward Close—Motor Issues Are Spectacular.

CALL MONEY DECLINES

New York, March 26.—Stocks were moved to and fro apparently at the whim of professional traders, during the greater part of today's active session, but rose almost buoyantly in the final hour on confirmation of reports that the gold export movement was under way.

APPROACH OF SPRING SPEEDS UP BUSINESS

Available Supplies of Most Commodities Still Below Requirements. Toronto reports to Bradstreet's say that as the season advances, business continues to show more and more activity in practically every line.

Money and Exchange

London, March 26.—Bar silver, 71d per ounce; bar gold, 105s 8d; money, 3 1/2 per cent; discount rates, short and three months' bills, 5 1/2 per cent; gold premiums at Lisbon, \$1.40.

Paris, March 26.—Prices were strong on the bourse today; three per cent, rentes, 59 francs; exchange on London, 56 francs 21 centimes; five per cent, loan, 58 francs 25 centimes; the dollar was quoted at 14 francs 40 centimes.

Glazebrook & Gwynn, exchange and bond brokers, report exchange rates yesterday as follows: Buyers. Sellers. Counter. N.Y. frs... 8 11-16-18-19-20 3/4 p.m., Mont. fds... 15c dis. 5c dis. 1/2 100 1/2, Ster. dem. 429 430 Cable tr. 431 Demand sterling in New York, \$33.87 1/2.

SHARP ADVANCE IN CORN PRICES

Reports That Maximum Limit Will Be Placed on Trading Not Confirmed.

Chicago, March 26.—Sharp upturn in the price of corn took place today owing largely to nervousness of shorts, who had been apparently mistaken in assuming that a maximum limit on trading was again to be enforced. The close was unsettled, 1 1/2c to 2 1/2c net higher with May \$1.50 1/2 to \$1.58 1/2, and July \$1.60 1/2 to \$1.68 1/2. Oats gained 1/2c to 1 1/2c and provisions 2c to 3c.

Closing out of spreads between Chicago and Winnipeg gave independent strength to oats. A small failure at Winnipeg was noted in this connection. The brisk rise in sterling, together with gossip that Germany had obtained important credits, helped to Mt. provisions.

SHIP GOLD FROM OTTAWA

New York, March 26.—The Sun and New York Herald, which last week printed a report that a large amount of British gold was being shipped to New York via Halifax, today declares the gold has been temporarily stored in Ottawa and is to be shipped here from the Dominion capital in the near future.

Light which is partly a matter of policy, on account of the high prices and partly a matter of necessity as supplies are so scarce that what goods are obtained pass out without delay.
