Germany's Move to Enter League Causes Satisfaction INTEREST GROUPS IN LIBEL SUIT

DISARMAMENT CAUSE IS FELT TO BE STRONGER

German Decision Expected to be Followed by Turkey and Russia.

FRENCH CAUTIOUS
Oppose Making Any Concessions Demanded by Marx Government.

BY HENRY WOOD
(United Press Staff Cor.)

Geneva, Sept. 24.—The cause of world disarmament under the auspices of the League of Nations has been immeasurably advanced by Germany's decision to enter the League at an early date, leaders of all delegations, including even the French, declared today.

The moment was most opportune, League spokesmen said, expressing the unanimous satisfaction felt at the assembly by announcement that Germany intended to seek admission soon.

Success More Certain.
Inclusion of the late enemy in the general arbitration-security-disarmament pact now being prepared increases immensely the chances for its success, it is felt.

As Germany already is disarmed, she has nothing to lose, while her agreement to accept obligatory arbitration will strengthen greatly the feeling of security in Europe.

It is expected that Germany's decision will hasten Turkey's application also for a complete change in Russia's attitude towards the League.

Guarantees Discussed.
Already the guarantees which Germany will ask of the League council before joining—the Marx government wants to be assured that they will come in as a first rate power and have a voice as such in League affairs—are being discussed by various delegations in London, Paris and Berlin.

France will not oppose Germany's entrance into the League in the regular way but will oppose vigorously making any of the concessions demanded by the Marx government. The French say they will fight any attempt to "railroad" Germany into the League.

The French press is quoted as declaring the late enemy must enter the Society of Nations "without her sword."

Today's Meetings.
(By Canadian Press.)
Geneva, Sept. 24.—The two most important commissions of the fifth assembly of the League of Nations opened today to an article-by-article discussion of the projected protocol on arbitration, security and disarmament framed by Dr. Benes of Czechoslovakia and his sub-committee the "big twelve."

The third, or disarmament commission in which the conflict between the British and French viewpoints is expected to come up again, begins its work today. The French assembly is dealing with the routine matters which still clog the agenda and the lobbyists are eagerly awaiting news of Germany's definite application for league membership.

The prospects brighten today were that, despite the best will on all sides to finish the commission's discussions as soon as possible and report to the assembly, there was no chance of adjournment before the middle of next week.

CHURCHILL MAY BE NEW TORY LEADER

His Return to Conservative Ranks Starts Flood of Conjecture.

By C. F. GRANDALL
(British United Press.)

London, Sept. 24.—Winston Churchill's latest political somersault and his re-entry into the Conservative fold by his adoption as a candidate at the Unionists of West Essex is naturally the leading topic of conversation in political circles here. The comment on his "flip" is cynical or jubilant, according to the political inclinations of the newspaper which deals with it, but it is freely predicted that Churchill will in a brief time succeed Stanley Baldwin as leader of the Conservative party and may possibly be Prime Minister after one more term of present government.

Churchill is certainly the dominant factor in the present political situation because of his outstanding ability, to which may be added his advance of a platform that is plainly anti-Socialist. He is the only man in the cabinet who has stood up to the Socialists, and his speech at the Conservative convention in London, Sept. 20, was a masterpiece of political oratory.

MANY ARE STARVING

Floods and Disease Cause Acute Hardship in the Philippines.

Manilla, Sept. 24.—Forty thousand persons in Pangasinan and Tarlac provinces are reported reduced to a state of semi-starvation by floods, locusts and animal diseases. The American Red Cross is authorized appropriation of a \$100,000 supply of rice to relieve the suffering.

According to reports, thousands of persons have been living on the corn and trunks of papaya palms, the roots of banana trees and wild carrots—all food injurious to health.

Because the Red Cross investigation has revealed conditions in the two provinces as serious, it has been decided to arrange relief there until October 15, when new crops will be harvested.

NEVA OVERFLOWS, FORMER RUSSIAN CAPITAL FLOODED

Heavy Death Toll Believed Followed Terrible Night Catastrophe.

CITY IN DARKNESS
Storm Sweeping in From Gulf of Finland Breaks River's Banks.

By FREDERICK KUHL
(United Press Staff Correspondent.)
Moscow, Sept. 24.—Flood waters which inundated parts of Leningrad to a depth of 10 feet when the Neva burst its banks, were receding early today, leaving in their wake tangled wreckage, ruined dwellings and streets and a possibly heavy death toll.

Diminishing cries for help were heard throughout the night as rescue parties struggled in pitch darkness against the swirling floods, the city's electrical systems being completely ruined.

A terrific storm sweeping the Gulf of Finland yesterday caused a great wall of seawater to enter the mouth of the Neva, which flows through the former Russian capital. The river's artificial banks burst, losing a wave which washed over the lower city, taking the inhabitants by surprise.

Winter Palace Square, which once was the scene of glittering martial reviews when Leningrad, now re-named for the dead Communist leader, was known as St. Petersburg, home of the tsars, was submerged.

Down the Novsky Prospect, once one of the world's most famous thoroughfares, rushed a raging torrent. Trees along the sidewalks were uprooted. Pedestrians caught by the flood were dashed against shop windows; horses and carts were tossed about; frantic cries added to the confusion. Those who sought to flee down side streets found the waters swirling upon them from every direction.

Buildings Demolished.
Buildings and wharves along the river-front were demolished, as were the factories on Vasilevskii Island, in the center of the city.

Shops and warehouses were flooded. The city's canal gave way in many instances and the Red Guard turned out to patrol the city and the Communist party and the trades unions organized first aid.

It was the worst flood in Leningrad, which during the war was re-named Petrograd in lieu of St. Petersburg, since 1924.

Within a short time calls for help reached Moscow and relief parties with food and first aid outfits started for Leningrad.

Shortly before midnight, word came that the wind storm in the gulf had calmed down and permitted the flood waters to recede.

Traffic gradually was resumed in the flooded streets of Leningrad, although the streets were not able to function.

COURT REGISTRAR AND DEPUTY GIVE EVIDENCE TODAY

Former Says Plaintiff Told Him Judge Agreed to Decree Alteration.

IS CROSS-EXAMINED
T. P. Regan Tells of Questioning Accuracy of Bond Sent Him.

(By Times-Star Staff Correspondent.)
Fredericton, Sept. 24.—In the Hanson-Gleaner libel suit the morning was consumed in taking the evidence of Registrar T. Carleton Allen and Deputy Registrar T. P. Regan, who was on the stand when court rose for lunch. There was much argument between counsel. Dr. Allen testified that he changed the decree in the case because of a telephone message from Mr. Hanson, who assured him Judge White had consented to the change.

Comparison Is Made.
Dr. Baxter in cross-examination endeavored to break the force of Dr. Allen's testimony by showing it did not agree at all points with what he had said when an examination for discovery was held in court regarding the same matter. On that occasion Dr. Allen in his statement was much less positive as to Mr. Hanson being the one from whom he got the telephone message. Dr. Baxter with great skill brought out the difference between the replies reported to have been given then by Dr. Allen and those of today.

T. P. Regan testified to the issue of the original decree in the Nevres case by Judge White and to receiving a bond from Mr. Hanson which did not agree with the decree. He wrote Mr. Hanson in this letter said he did not ask the registrar to make the change. Mr. Regan referred to Judge White, who denied that he had authorized any change in the decree.

At this point in the evidence the court adjourned. The court room was again filled with attentive listeners.

POLITICS START TO WARM UP IN BRITAIN
Though no General Election is Called, All Parties Are Preparing.

London, Sept. 24.—(United Press.)—England is taking on the tone of pre-election days, although no general election has been called.

All parties have sent speakers out among the voters and are most active in their campaigning.

The Conservatives have prepared a report to be presented before a party conference soon, which warns the party supporters to be ready for a general election at any moment.

The most controversial point in the campaigning now is the Russian Treaty, including England's loan to Russia.

Labor leaders are confident of victory in the election, which seems imminent.

Wills-Firpo Bout Drew \$462,850
Rumanians Recover Bessarabian Villages From Bolshevik Invaders.

Trenton, N. J., Sept. 24.—(United Press.) The Wills-Firpo fight at Boyle's Thirty Acres on September 11 drew a total of \$462,850 from 61,280 fight fans. State Boxing Commissioner Bugbee announced at noon. Twenty per cent of the gate receipts were divided between the State and Federal governments as taxes.

The pugilists made \$300,000 from the bout, and it cost Tex Rickard, the promoter \$35,000 to prepare the arena.

The battle with the artillery followed an attack started by the Bolshevik troops, who were commanded by five uniformed Soviet officers, upon five Bessarabian villages. The Bolsheviks took possession of the villages, as assisted the local authorities and induced the population to revolt.

Many rebel villages were destroyed when the Rumanian artillery started into action, according to dispatches. The invading Bolsheviks were armed with rifles, machine guns and bombs.

Three hundred Bolshevik soldiers and Bessarabian rebels were killed in a fight with a battery of Rumanian artillery in Southern Bessarabia, according to dispatches to the Daily Express.

It was the worst flood in Leningrad, which during the war was re-named Petrograd in lieu of St. Petersburg, since 1924.

WORN TREASURE CHART HIDDEN IN TRUNK LEADS TO GOLD MINE

Son of Finder Locates a Mine Lost for Many Years.

Leadville, Colo., Sept. 24.—From a solid, age-worn treasure chart, which appeared to unimportant to its author that he never gave it a second thought, Edwin Osborne, together with three companions taken into his confidence, has located a phantom mine that promises to put the quartette on "easy street."

When Leadville was young and important mineral discoveries were daily occurrences, Zach Osborne, an old prospector, made a rich strike near the mining camp of Eagle. Soon afterward he made another discovery near Leadville and never got the chance to return to the Eagle claim, which he chartered the property, and the chart soon afterward passed to his six-year-old son Edwin, when his father died.

Chart Stored Away.

Young Edwin was sent to relatives in Arizona. In the meantime the trunk, with the key to wealth, was expressed to relatives in Canon City, Colo., and then stored in an attic, apparently to spend the remainder of its days untouched.

When he reached his majority Edwin was informed there was "nothing in it," and was advised to burn it up. Curiously, however, impelled him to explore the contents, and the musty old chart added fuel to his burning indignation.

"We've got a little time, let's take a flyer at this old 'Treasure Island' stuff," Edwin laughed, remarking to his friend Hugo Mitchell.

"I'm on," his friend replied. "We can take some tackle along and pull in a few Rainbow trout, if we don't get the pot of gold."

James Fyfe, an assayer, and Thomas Ryan, another friend of the group, were taken into the secret and started out on their "fishing trip."

A few hours after the search started, the four came upon the treasure ledge, mapped so accurately by the aged prospector that there was no difficulty in confirming their re-discovery.

Claims were located, and when the group returned after the search, they found that samples taken assayed 20 ounces of gold, 70 ounces of silver and a good sprinkling of zinc, one of the richest discoveries made in recent years.

"If that mine is half as good as it looks," Fyfe declared, "it will have something on all the Spanish treasures of the treasure hunter of fiction."

The treasure chart vein is a freak of Colorado mining discoveries in that it contains quantities of free gold, in addition to the rich ore, a combination that is seldom seen.

STREET WORK. Good progress with the restoration of the sidewalks and curb has been made by the contractor for the civic distribution system was reported this morning by Commissioner Frink.

Two new streets are being laid out in the city. In some places there had been so much material piled up around the pole that it was necessary to grade down before replacing the sidewalk, the commissioner said, and this held the work back to some extent. The work is being pushed as fast as the last of this week or the first of next. The raising on the Wall street bridge has been extended in compliance with the wishes of the residents of that section.

ST. JOHN KEYED UP OVER WORLD SERIES

Interest is Declared Greater Than Since Braves' 1914 Drive.

The interest being manifested in the world's series this year by baseball fans in St. John is greater than it has been since 1914, when the Boston Braves made their sensational drive through to the pennant. Everywhere, in business houses, factories, hotels, bowling alleys or in the streets, the fans are discussing the great race in the major leagues and speculating on the probable winners.

The Washington Senators by their great fight in the American League have been largely responsible for the special interest, while the opposition afforded the Giants has also given the great world classic an added zest.

From present indications the Senators will win in the American League and the fans look as if they would repeat in the National. This series would be a popular one, although many fans are eager to see Brooklyn win the pennant. It would be a great day for fans if Dazzy Vance and Walter Johnson, the ace of the two major leagues, were opposing each other.

Judging from comments, a large number of St. John fans will go to see the series. Inquiries regarding the series pour into the Times-Star office. The series will open on October 4, providing no tie exists at the close of the major league season. The first two games will be played in the city of the American League winning the pennant and the following three games will be played in the National League team's city. The sixth will be played in the American League city, and if necessary the managers will stop a coin to decide where it will be played.

Some fans will leave here on Saturday night and will stop in Boston to see the Senators finish the season with the Red Sox. Others will leave next Wednesday, while many will leave on Saturday, October 4, and go through to see some of the games.

IS MURDERED AS WIFE LOOKS ON

Young Contractor in New York—Assailants Both Escape.

New York, Sept. 24.—Before the eyes of his terrified wife, James R. Ardevino, a 38-year-old contractor, was murdered in the kitchen of 57 West 168th street, the Bronx, by an unidentified assailant. A second assailant is believed to have been thrown from the building by Ardevino, before he was shot and escaped.

Ardevino made a desperate battle for his life before two of the three bullets fired at him struck their mark. One lodged in his right lung and the other in his abdomen. He died within a few minutes after he was hit.

Those outside demanded to be let in and when his wife recognized an Italian accent in the voice she opened the door.

Mrs. Ardevino had gone back to sleep and was reawakened a few minutes later by the firing of the shots. She ran through the dining room into the kitchen and saw her husband lying on the floor with a man standing over him pulling her husband's hair. As she entered, the murderer, apparently frenzied, crouched down and hit the dying man on the leg. Then he jumped to his feet and fled.

"I've been shot," Ardevino muttered to his wife as he died.

Ardevino was a contractor and was engaged to see Brooklyn win the pennant. It would be a great day for fans if Dazzy Vance and Walter Johnson, the ace of the two major leagues, were opposing each other.

MUNTYRE AND FRUZETTI NEXT

Reported Matched for Oct. 3—Donovan and Morris Also.

Johnny McIntyre, conqueror of Frankie Hill, Canadian lightweight champion, has been matched with Jimmy Fruzetti of Brockton, Mass., for October 3 here. It was reported today. On the same card, Louis Donovan, Maritime amateur featherweight champion, will meet Mickey Morris in his professional debut. Fruzetti holds one decision over McIntyre and the Glace Bay boy is keen to wipe out that defeat.

While the central government at Pekin is carrying out its plans to meet the offensive of Chang Tso-lin, Manchurian leader, who reports some further successes on the Chihli-Manchurian border, interrupting the capture of Chaoyang just across the line, the Kiangsu force, allied with Pekin, is making another attempt to reach Shanghai.

Lu Hung-Hsiang, the Luchun of Chekiang, some of whose troops recently revolted, is having further trouble, some of the workers in the arsenal at Langhsu, where his headquarters are established, having gone on strike.

Lu, too, apparently fears an attack on Shanghai from the east, having established a new defence line east of the port. It is possible that he expects Sun Chuan-fang, just appointed commander of Chekiang by Pekin, to move in this direction with the Pukien army, which he organized, under the command of the central capital and which he invaded Chekiang from the south.

Some fans will leave here on Saturday night and will stop in Boston to see the Senators finish the season with the Red Sox. Others will leave next Wednesday, while many will leave on Saturday, October 4, and go through to see some of the games.

TRUSTEES TO MEET Matter of Resumption of Schooner Races is Again to Fore.

Halifax, Sept. 24.—H. R. Silver of Dartmouth, N. S., chairman of the trustees of the international trophy, gave out information today to the effect that he was in receipt of a telegram from American racing committee, and that as a result the trustees would have a meeting either today or tomorrow. The matter to be discussed at this meeting has not been disclosed.

May Have Match Race. Gloucester, Mass., Sept. 24.—A growing sentiment among mariners in this port that the yearly schooner races between fishermen of America and the Canadian Maritime Provinces, should not be allowed to lapse culminated in the sending of a telegram to H. R. Silver, chairman of the trustees of the International Trophy by the American Race Committee.

The trophy was withdrawn from competition this year as a result of the inconclusive result of last year's series when Captain Angus Walters of the Glanville entry, Bluenose, sailed away without finishing the races after being ruled against for failing to sail outside one of the buoys.

In addition to an increasing desire in this port to see the international races continued, there has been of late a growing agitation in favor of a challenge to Captain Walters to meet the Gloucester boat Columbia in a special match race in late October, for a purse to be laid.

It is possible that he expects Sun Chuan-fang, just appointed commander of Chekiang by Pekin, to move in this direction with the Pukien army, which he organized, under the command of the central capital and which he invaded Chekiang from the south.

Woman Kills Man In Accident; Ends Life

Berlin, Sept. 24.—Upon being informed that a pedestrian whom she had run down with her high-powered car had died from the effects of his injuries, Frau Antia Huttman, wife of a well-known banker, from Valparaiso, committed suicide in her apartment.

Frau Huttman was driving through crowded streets and in an attempt to evade a street car she took a course contrary to the run of traffic, with the result that her car knocked down Count Dominicus von Strachwitz, a prominent agrarian. Friends who tried to visit Frau Huttman in her hotel apartment arrived just as she sent a bullet into her left temple.

THE EVENING TIMES-STAR, ST. JOHN, N. B., WEDNESDAY, SEPTEMBER 24, 1924

INTEREST KEEN AT NOMINATION IN NORTHUMBERLAND

Premier King Addresses Meetings and Candidates Speak on Hustings.

Keen interest marked nomination day in the Northumberland by-election yesterday and the electors gathered in large numbers at meetings held in Newcastle and Chatham. As announced in The Times-Star yesterday, William B. Snowball was nominated by the Liberals and Mayor Clifford P. Hickey of Chatham was named candidate by the Conservatives. The election will be on Oct. 7.

Prominent men came here in support of the Liberal candidate, including Hon. W. L. Mackenzie King, Premier of Canada. One of his first acts on arrival in Newcastle was to call upon Mrs. John Morrissey, widow of the late federal member for Northumberland, to express his sympathy in her bereavement. Hon. Mr. King spoke in both Newcastle and Chatham and left on the Maritime Express last night for Ottawa.

Hon. Mr. King cited the recent Liberal victories in Quebec province and said these proved that the policy he advocated had the support of both urban and rural communities. Should the electors of Northumberland return an adverse decision, the Premier declared that it would not spell the downfall of his Government. The Government would survive; he would not say how long, maybe for one year and maybe for the two remaining years for which they were elected. The Premier declared that his policy was formed with the desire for national unity. His Government sought to benefit all the people of Canada and he asserted that the Liberal party was the only party that had been the path of progress for all the people; the Conservatives had never done anything for the masses of

the nomination proceedings in Newcastle during the afternoon. I. C. Rand, K. C., of Moncton, discussed several of the statements of Rt. Hon. Arthur Meighen made in speeches denouncing the King administration and sought to prove that Mr. Meighen's conclusions were wrong. One statement of Mr. Meighen to which Mr. Rand made strenuous objection, was that the tariff policy of the Liberal Government was depopulating the country and demoralizing its industrial life. He quoted a great many statistics in support of his argument.

Charles J. Morinay, M.L.A., dealt in detail with the accomplishments of the Liberal party since their assumption of power three years ago. Urges Home Buying. J. D. McKenna, M.L.A., of Sussex, supported the "Buy at Home in the Maritimes" campaign, saying that this would result in greater prosperity for the Maritime Provinces than could ever be secured through a high protective tariff. Mr. McKenna discussed briefly the railway problems of Canada, blaming the present condition of the railways on the ill-advised action of the Conservative Government in taking over so many systems.

Speaking of Maritime rights, Mr. McKenna said that the Conservatives, when in power, had done little or nothing for the Maritimes and that now, when trying to get back into power, were very solicitous for the advancement of the Maritimes. On The Hustings. The candidates both spoke in Newcastle after they had been nominated. Mr. Snowball denied being opposed to the Workmen's Compensation Board but opposed the administration of the act by the office in St. John which, he said, was taking too much of the money of industry. He denied supporting a resolution of the N. B. Lumbermen's Association meeting to make woodmen's wages this winter \$30. He also dealt with matters of general Liberal policy.

Mr. Hickey also spoke of general dominion and maritime matters. He also said that J. Kerr Loggie, one of the most active workers for W. B. Snowball had approached him and offered him his support if he would head a Conservative ticket against the Veniot Government at Fredericton. He then read a copy of a letter addressed to the Department of Marine and Fisheries to which he asserted the signature of J. Kerr Loggie was appended. The letter was a protest to the Government on having extended the fishing season. The writer of the letter had said that he had the fortune or misfortune of being a Liberal but that he was afraid that it was a misfortune. The letter concluded by saying that the Government was doomed to destruction and deservedly so.

Mr. Loggie had just entered the hall and desired to answer the statement but was not allowed because of the agreement that no other but the candidates should speak.

Dealing with the question of immigration to and emigration from the United States, the Prime Minister said that the tide had turned and read from a letter from the Deputy Minister of Immigration, dated Sept. 20, showing that 25,000 Canadians had returned to Canada from the United States during the first six months of the present year, exclusive of about 8,000 American citizens who had immigrated into Canada. He believed that, during the year, the total of returning Canadians would reach 80,000. At the Chatham meeting the Prime Minister congratulated the province on the appointment of Hon. Mr. McKenna to the Railway Commission and of Hon. Mr. Justice Anglin, whose father came from New Brunswick, to be Chief Justice of Canada. The Government had shown its confidence in and appreciation of the maritime in these appointments.

Her skin stays fresh and radiant despite the social whirl

THE woman whose beauty and charm have made her a social leader must guard the May-morning freshness of her complexion, yet lead the dizzy whirl of luncheons, teas, dinners and dances of her set.

She searched and searched for some way to keep her skin youthfully fresh and clear, undimmed by the strain of her busy days. At last she found the two creams which supply the balanced care every normal skin should have. Now she keeps every appointment on her social calendar. Yet her skin stays fresh and radiant, keeps its peony-petal tint and texture, its firm, unlined yet supple tone. For she follows Pond's method of skin care.

Cleansing first—with Pond's Cold Cream. Its pure oils provide a deep-down cleansing for tissues most methods find it so hard to reach. It brings up from the pores' depths the dust and dirt, oil and powder which clog them, and softens the skin, making it supple and young once more. At least, once a day, always after exposure, apply it generously on the face and neck, letting it stay on a few moments. With a soft cloth take it all off. What a cloud of blackness comes too! Repeat the process, finishing with a crisp little rub with ice or a dash of cold water. Your mirror speaks volumes of cleanness now, reflects a new suppleness, a new firmness, a becoming glow of health.

Then a lovely finish—with Pond's Vanishing Cream. Smooth on a light film of it, not too much. Immediately it takes away the hateful shine and gives you a clear look, a lustrous tone, making your skin just satin. And how it makes you hold your powder—which goes on next! It's a protection, too, guarding your sensitive skin from the weather. So, always before going out, and just before

powdering, be sure to smooth on a feathery film of Pond's Vanishing Cream.

You, too, can be exquisite

Try the method lovely society women are following everywhere. Buy Pond's Two Creams. Let them provide your skin with the two important principles of skin-care—a rejuvenating cleansing and a delicate, protective finish. No matter how you fill your days and nights with gay events Pond's Two Creams will keep your skin always exquisitely fresh and protected. Pond's Extract Company, 146 Brock Avenue, Toronto, Ontario.

DEFENDING MR. MEIGHEN

In dealing with the criticism of Hon. Arthur Meighen as leader of the Conservative party, the Ottawa Citizen quotes Sir Wilfrid Laurier as having once told a member of the Press Gallery that one of the finest political services ever done him was by a hostile journalist who published that he was about to retire.

THE LENGTH OF LIFE

The average age of the people in Great Britain is increasing. In 1921 the proportion of persons over sixty-five years of age was thirty-six per cent. greater than in 1841.

THE SPREAD IS TOO MUCH

The spread between the wholesale and retail cost of milk is exciting much attention in many places outside of St. John. The cost of milk delivered has been under consideration not only in Ontario, but in western cities, and the figures given show that in such places as Ottawa, where each delivery wagon handles over five hundred quarts daily, the cost of delivery is very much reduced.

LONDON STREETS

(J. Kilmey Keith, in London Sunday Times.) O London streets, I love you when the steps of twilight creep through the meadows of the sunset from the silver fields of sleep.

McLagan

It's the Reproducer that makes the McLagan so different!

EVERY musical note, from lowest to highest, is perfectly reproduced by the McLagan Phonograph. Full, clear and natural, every singing note from soprano to bass is given its proper tonal value.

Exclusive equipment, obtainable on no other phonograph sold in Canada, makes possible this faithful reproduction. The McLagan-Fletcher Reproducer has six sound openings, so placed as to scientifically distribute all the musical notes naturally and in their proper spacing.

Without glare or blast, these notes are carried onward by the McLagan-Fletcher Hexagonal Tone Arm, increasing in volume as they expand in the clear channel of heavy metal. Extraneous vibration is eliminated.

The famous McLagan Amplifier completes reproduction. It is built of the most resonant wood obtainable, and is suspended clear of the side of the cabinet. In this way the sound waves are isolated and conveyed without jar or false vibration to the open air.

McLagan Phonographs are as beautiful in appearance as they are perfect mechanically. Made in over thirty authentic period models—in upright, console and table styles—and every design is a cabinet masterpiece.

NICK DELIVERS A PACKAGE.

"Your mother wanted this to get here before you went to the party." "Mammy!" said Cutie Cottontail one day. "This is the day Charlie Chipmunk asked me to go to his birthday party."

"That's so, Cutie," said Mrs. Cottontail as she finished cutting off the edges of the carrot pie she was making and put it into the oven. "I almost forgot about it."

"No, that wouldn't do, Cutie," said his mother. "I'm going down street to Nancy, Nick & Company's store to get you some new clothes to start to school in next week."

"And while I'm out I can buy you a nice present for Charlie. I think something to wear would be nice, don't you?" "Yes, I s'pose so," said Cutie, but really he was thinking, "I guess Charlie would rather have a knife or a box of candy or a sailboat or something."

"Goodby, Cutie," she said in a few minutes. "I'll be home as soon as I can. I s'pose I ought to take you along to get you fitted, but you'll have to stay at home and see that my pie doesn't burn. Goodby."

And away she went. Cutie went out and played marbles with his cousin Billy Bunny and then he went in and looked at the pie. It was nice and brown, so he turned out the fire.

Suddenly he looked at the clock and it said ten minutes to two. Just ten minutes to party time! And he wasn't washed or dressed or anything.

"Jimnappers!" he exclaimed. "I'd better hustle. Mebbe by the time I'm dressed Mammy will be home with Charlie's present."

REV. W. W. MALCOLM RESIGNS AS PASTOR

St. John Presbytery Regrets Departure—Budget Matters Discussed

The resignation of Rev. W. W. Malcolm from the charge of St. Stephen congregation was very regretted by the St. John Presbytery at its quarterly session yesterday. Mr. Malcolm is leaving today by boat accompanied by his wife and family and will take a three years' course at the Hartford School of Religious Pedagogy, Hartford, Conn. A call from Rev. Archibald Sutherland, of Chipman, was received, and the Chipman congregation was cited to appear at the meeting of the Presbytery preliminary to the Maritime Synod meeting in New Glasgow on Oct. 8.

The recommendation of the General Assembly with regard to Church Union were read and the silence with which the meeting heard the resolutions betokened the gravity with which the matter was considered. The budget situation was considered critical and recommendations were made for special measures to be taken to assure the full amount of the budget being raised this year, the Jubilee year of the Presbyterian Church in Canada.

A report from the General Assembly of provision made for one year's training for Rev. W. E. Armstrong in compliance with the request of St. John Presbytery.

Budget Recommendations. Mr. Ramsay took up the conference on the budget once more. He presented recommendations as follows:—That as early as practicable the minister and session of each congregation in the Presbytery arrange and hold a conference on the subject of the budget that to this conference there be called the session, the board of trustees, the executive of the W. M. S., the officers and teachers of the Sunday school, the missionary committee and others who would contribute to the success of the conference.

Hopey-Miller. At the residence of Rev. A. L. Tealford, who officiated, at 187 Waterloo street, this morning at 10 o'clock, Miss Sarah Beuce Miller, daughter of Mr. and Mrs. John Miller of Prince William, York county, became the bride of William Hopey, son of Mr. and Mrs. William Hopey, Bata's Corner, St. John county. The bride has recently been a school teacher at Bata's Corner. She was attended by her sister, Mrs. William Hopey, Bata's Corner, St. John county. They will reside at Douglas street.

Rourke-Riley. A quiet wedding was solemnized this morning at 8:45 o'clock in Holy Trinity church when Miss Ellen Lucille Riley, daughter of Mrs. Ellen Riley, 9 Church street, and James Felix Rourke, son of Mr. and Mrs. Michael J. Rourke, 19 Prince Edward street, were united in marriage. Rev. F. Cronin officiating. The bride was attended by her brother, William J. Riley. Mr. and Mrs. Frank Murphy were witnesses.

Mowbray-Rossiter. A very quiet but pretty wedding was solemnized this morning at 10 o'clock at the residence of the officiating clergyman, Rev. J. S. Bonnell, when Miss Florence Mary Rossiter, daughter of Mrs. and the late James E. Rossiter, 47 Garden street, became the bride of Walter Douglas Mowbray, son of Mr. and Mrs. J. C. Mowbray of this city. The bride was attired in a dress of navy crepe-back satin with silver trimmings, with small grey hat, and wore a corsage bouquet of Columbia roses. She was given in marriage by her brother, Henry B. Rossiter. The only attendant was the groom's sister, Miss Jennie M. Mowbray, who wore a dress of dark brown crepe with hat to match, and carried a bouquet of pink carnations. The groom's gift to the bride was a white gold bracelet watch. The young people received many beautiful gifts, including checks, silver, cut glass and linen. Immediately after the ceremony Mr. and Mrs. Mowbray left on a short motor trip along the St. John river, and on their return will reside at 32 Carleton street.

home mission board at Toronto for a special grant. With regard to Gaspereaux's request, to be reunited with Chipman, it was agreed the request should be granted. Union Recommendation Received. The General Assembly's recommendation with regard to Church Union was received and was as follows:—That the Assembly enjoin all Presbyteries and congregations within the Church to assist in such ways as are within their power to carry out the policy of the Church in the matter of union and especially to use such measures as will guarantee full consideration of all the issues involved before any congregational vote is taken. After the ceremony, a bountiful supper was served in the dining room, which was decorated with pink and white carnations, the attractively arranged table being also centred with carnations. Among the wedding guests were Mrs. Charles Lyette and son, Joseph, of Houlton, Maine; and Mrs. John McCleary of Fredericton Junction. Search is Commenced for Member of Bankrupt New York Firm.

New York, Sept. 24.—A general alarm for the arrest of George H. Christian, missing partner of Day Heaton, the New York stock exchange firm which was placed in the hands of a Federal receiver on Thursday, was flashed to the police throughout the country when a preliminary investigation indicated that Christian's alleged defalcations would total at least \$700,000.

These conferences began at 6 o'clock Thursday evening, several hours after Christian's partner had notified the officials of the New York Stock Exchange of the firm's insolvency and after three customers had obtained the appointment of the receiver in bankruptcy.

Information given to the detectives by employees of the firm then revealed that, although Christian had given the address of his home, he had never left the city.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

PITTSBURGH'S LAST CHANCE IS TODAY

Will Contest With Giants Right to Leadership in National.

New York, Sept. 24.—At the Polo Grounds today Pittsburgh will force fully protest the betrothal of Miss National League to the Harlem Giant, or forever hold his peace.

The warrior from the west yesterday fell from a strategic drawbridge into the moat of a five to one defeat.

As a result of the victory the Giants, who played like champions throughout the season, were virtually eliminated yesterday by the Cubs, who qualified as best man for the Giants by trimming Dazzy Vance five to four in 10 innings, although the secured only four hits and Vance fanned 11 batters.

The Robins are a full game behind the Giants with only three left to play. Washington holds lead.

Washington maintained its two game lead over the Yankees in the American as both clubs won, the former from the White Sox 7 to 6 and the Yankees from Cleveland, 8 to 2.

The Yankees must win all of their five remaining games, while Washington loses three of its five, to win the bunting. The Senators can clinch the flag by taking four, or tie by winning three.

Detroit won its fifth straight game, defeating Boston 3 to 2, and the Athletics sharpened up their bats for the series with the Yankees by beating the Browns 11 to 9. Cincinnati retained fourth place in the National by defeating Boston 4 to 1 and the Cardinals won a ten-inning game from the Phillies 8 to 7.

WANT CHANGES IN AMATEUR RULINGS

Strong Controversy Over Reinstatement of Professionals.

(Montreal Gazette) W. E. Findlay, president of the Amateur Athletic Union of Canada, and Dr. A. S. Lamb, chairman of the Quebec branch of the union, have left Montreal for Winnipeg, where they will attend the thirty-seventh annual meeting of this governing body of Canadian amateur sport.

All in all the affair promises to be one of the most important ever held, since one of the major questions which will be reviewed concerns the proposed change in rules pertaining to professionals.

The union, "once a pro, always a pro," has, in the opinion of many eminent sportsmen, done more to disrupt harmony among Canadian sporting institutions than any other body, and one, therefore, seems to be no doubt, which will eventually have to be reversed.

Whatever may be the result of this week's debate, there must always be a great deal of discontent. Some time ago W. E. Findlay fired the opening shot when he sent a circular to the various branches of the A. A. U. of C., suggesting that the present strict code of "once a professional, always a professional" be modified.

Since pitching is about 65 per cent. of a team's strength, the Pirates are tough pickers. In a short series pitching is always the deciding factor.

White Sox Safe Is Blown Open

Chicago, Sept. 24.—When the White Sox baseball park office was opened a few days ago and it was discovered that burglars had blown open the safe, Harry Grabner, secretary of the club, issued a public statement intended for all burglars.

Star Player Is Signed By Ottawa

Ottawa, Sept. 24.—The Ottawa Hockey Association made an announcement recently, which is certain to be a popular one amongst hockey "fans."

SHIELDS MAKES GOOD IN DEBUT

Shields, star twirler of the Fredrickton and St. Stephen clubs this season, made his debut as a pitcher for St. Louis in the National League against the Boston Braves in Boston on Saturday and his initial appearance was an impressive one.

PITTSBURG STAFF BEST IN NATIONAL

PITTSBURG — Rogers Hornsby, champion batter of the National League, tells me, says Billy Evans, the Pirates offer the classiest and most consistent pitching of any club in his league.

Hornsby should know. Pittsburgh offers a bit of everything in the pitching line. The veteran Cooper and the rookie Yde rate two of the best southpaws in the league.

Meacham, Morrison and Kremer are three right handers who have everything. All three boast a good curve ball, so essential to winning pitching these days.

The Pirates have quality and quantity as far as pitching is concerned. Since pitching is about 65 per cent. of a team's strength, the Pirates are tough pickers.

In a short series pitching is always the deciding factor. The Pirates have quality and quantity as far as pitching is concerned.

Since the notice of a change has been issued abroad it is stated that the union has received many applications for re-instatement from old-time professionals.

One entire league team is said to have been sent in an application. Commenting upon this, Mr. Crow says: "If we change the present ruling and allow these applicants back into amateur sport, the chances are that an equal number of young lads will have to join the ranks of the spectators in order to make room for the professionals."

Henry Hollies To Captain Trojans

It was announced last night that Henry Hollies, grand old track and basketball star, will captain this year's Trojan rugby aggregation.

HOPPE IS LEADING RALPH GREENLEAF

New York, Sept. 24.—William F. Hoppe, world's 18-2 balkline billiard champion, won the first two blocks of his 600-point match at three-cushion with Ralph Greenleaf, world's pocket billiard title holder, for a purse of \$2,000 at the Strand Academy Monday and leads at 100 to 89.

Hoppe won the first two blocks of a single point, at 50 to 49. The balkline champion went out in 61 innings and made a high run of 9, while Greenleaf went to the table 50 times and made two runs of 5.

At the end of the eighth inning Greenleaf led at 10 to 7. A run of 6 put Hoppe in the front and at the end of the thirteenth inning he was leading, 31 to 28. Greenleaf tied the score with a 3, and after four innings of safety plays Hoppe made his high run of 9.

At the end of the fortieth inning Hoppe was ahead at 43 to 31. In the forty-sixth inning he was tied at 43 and Greenleaf made his forty-ninth run in the fiftieth inning and was kitted out on his next shot, leaving Hoppe a natural.

The balkline champion's total innings for the two blocks was 104, giving him an average of slightly under 1, while Greenleaf's total was 103. Neither exceeded his high run of the afternoon in the second block, 6 being the best made by each. Capacity gatherings witnessed both games and special seats were added for the evening, even these falling to meet the demand.

The afternoon game was the closest of the two, not only in the final score but in the evenness of the play all the way. First one player took the lead and then the other, keeping the spectators keyed up throughout the block.

The left handers, Mogridge and Zachary, get plenty of work against clubs that don't like southpaws. Marberry and Russell have been used almost exclusively as relief pitchers and with great success.
