SECOND PRIZE WINNER, Miss Susie K. Carpenter, representative of F. A. Dykeman & Co., who receives a cash prize of \$60. THIRD PRIZE WINNER, Miss Edith Dawes, F. W. Hamilton Company's entrant, awarded three prize of \$40 in cash.

Carnival Spirit Is Aroused as "Queen" Is Chosen In Arena

Brilliant and Striking Scene on Saturday During Judging—A Hint as to What Will Prevail When the Big Week Opens on Feb. 10.

St. John displayed its first flash of the spirit of carnival Saturday afternoon at the new Arena rink when the Queen of the winter fete was chosen. The resounding interior foretold with merry chatter, sparkling new outfits, costumes filled with the gaiety of the big February week, and spectators that filled row upon row of the seating space were in excellent humor. It was a happy mixing of all walks of citizenship, male and female, old and young, evidently determined to make the forthcoming celebration successful from the very preliminary stages.

This is a hard town to get started sometimes, it is admitted, but when the resolute old burg takes a notion to do something on a commendable scale, it does so with a right good will. We still remember Mafeking and Ladysmith days, the old Polymorphians, Queen's jubilee affairs, the late war's many local outbursts, not to mention last year's skating champs and lots of other inspiring occasions.

So the Queen-choosing on Saturday might truthfully be regarded as the first gun in our bombardment of snowtime sport and rollicking. In fact the carnival spirit is sweeping all of Canada and eastern United States. Small wonder, too, for in years has this section of the continent been so inundated with old-fashioned snowdrifts. Some juniors today are experiencing a new thrill entirely this winter. So, with sentiments revived in older members of the family and new experiences galore for youngsters, a Winter Carnival seems the only natural thing to hold. It will be St. John's first real get-together since war put a stop to gaieties and post-war conditions kept the brakes more or less applied.

The writer is of that type of citizen that slanders today classify as hard-boiled. He has been through St. John's village up-cuttings since the days of the late Andy Hunter and the Polymorphians, and thinks he knows the pulse and temperament of this town pretty well. What he saw and heard in the Arena on Saturday causes him to diagnose the case as one of Carnivalitis in its most unmistakable form.

In fact it bore the aspects of an epidemic. Infection seemed to be rife. With the nearer approach of February 10, the Gay Idea will be as rampant here as it is today in Montreal, and as it has been in Winnipeg and Regina of late. A survey of the skating battleground preparations, a peep into committee rooms, an eavesdropping at the meetings of the central executive, a glance behind the scenes at the propaganda in behalf of the McGill-St. John struggle, many preparations outside the scope of the officials: the social events, the good eats, the parades n' everything all point to a complete surrender to King Carnival and his cohorts long the day the big doings really begin.

wishes of all for her success in the capital meeting for the choice of Miss Canada. About Miss Blair. Miss Winifred C. I. Blair resides with her mother, younger sister and brother at No. 224 Duke street. She is of the customs brokerage and clearance staff of H. C. Olive and is a very popular young lady roundabout the younger sets in town. She is still in her teens and has for some years been granting many a happy party of youths and maidens with her pleasing personality. She is daughter of Mrs. Louise and Mr. Staff-Sergt. Fred R. Blair of the local military establishment which followed the war in this city. The returned veteran succumbed to a protracted illness due to being gassed when at the front with the first contingent. Staff-Sergt. Blair enlisted when engaged on the northern division of the C. N. R. as station master and telegrapher, first at Devon, York county, later at Debec Junction. In proceeding overseas his special qualifications placed him in the signalling division where he served with distinction but was invalided home, failing to rally. Late last week Miss Blair was invited to represent Imperial Theatre in the Times-Star Carnival Queen Con-

As Hiram Sees It

"Well, sir," said Mr. Hiram Howard, the Times reporter, "I didn't know you had so many pretty gals in St. John till I went over to that Arena on Saturday. They wasn't all on the ice, neither were they seen such a crowd o' folks. Where'd they all come from? I list looked as if the hall was was waitin' to take off its hat to the Queen o' the Carnival. I can't say for the time, the Carnival comes off you'll have to declare a holiday week-end of two half days. I'm glad it's that way. Folks wants a little excitement once in a while, 'specially to think about besides goin' on in the same way every day in the year. I was 'wonderin' if when there fer a spell after today. Ifem there judges 'ud hev to take to the woods an' get a third prize or special mention when they counted on gettin' the sweepstakes he's to take it out in—judges, his a special train 'n' go after the judge. When I told 'em about them gals she said beauty was over 'em deep 'n' I was 'n fool. Ain't that a woman fer you?"

Special music, Carleton Rink tonight. Good skating and tobogganing at Lily Lake tonight.

Dance, tonight, 105 Paradise row. Band on Carleton Rink tonight. Excellent ice.

Spring styles are in. Come early and get the big discount. Morin, tailor, 52 Germain.

HIGH SCHOOL ALUMNAR. The Reading Club of the High School Alumnar will meet at the home of Mrs. H. S. Brennan, 101 Leinster St., Thursday, Feb. 1st.

MR. BRODIE TO LEAVE HOSPITAL THIS WEEK. F. Nell Brodie, who has been at the General Public Hospital for the last few weeks, has completely recovered, and after Wednesday of this week will be at his home in Duke street. Mr. Brodie has kept in daily touch with his business during his illness, and hopes within a week to return to his office activities.

CATHOLIC WOMEN'S LEAGUE. All members of the C. W. L., St. John and St. John North sub-divisions are requested to attend a meeting in the Knights of Columbus Hall on Wednesday evening, Jan. 31, 8 o'clock; out of town delegates expected. Address: meetings, refreshments.

RACES POSTPONED. The skating races which were to have been held this evening on the South End rink have been postponed to Thursday night, and the carnival which was to have been held on Wednesday has been postponed until the Gorman night at the Arena. The rink has been cleared of snow and there will be skating as usual tonight.

WILL SPEAK TONIGHT. Sir Henry Newbolt, M.A., D.Litt., who arrived in St. John on Saturday on the steamer Marloch, will deliver an address this evening on English literature. During his stay in the city he is invited to meet the visitor and others were invited to a luncheon today in his honor.

MARRIED IN NEW YORK. A wedding of interest was solemnized in New York Saturday afternoon when Miss Bessie P. D. Allingham, daughter of the late Paul and Elizabeth Allingham of this city, was united in marriage to James F. Weston of Toronto. Mr. Weston, who is managing director of the Imperial Life Insurance Co., is a former New Brunswick boy and formerly resided in Upper Gagetown. Some years ago he was in this city studying law and for some time was employed in the insurance business with the Manufacturers' Life Insurance Company. After a honeymoon in Europe, he and Mrs. Weston will reside in Toronto.

FIRE IN SHOP; PROPRIETOR IS ARRESTED. An alarm was rung in this morning about nine o'clock for a slight fire in a tailoring shop at 81 Prince William street. The fire was caused by a few coals falling from a small stove and was very easily extinguished. The proprietor of the store, Albert Mellich, was arrested on a charge of drunkenness on the complaint of one of the owners of the building.

HURT AT VANCEBORO. Frank Smith, an employee of the Eastern Heater Car Company, was seriously injured this morning when he attempted to board the Montreal train en route to this city at a crossing in Vanceboro. He is said to have jumped from the train and missed it. He was taken to the hospital in St. Stephen, accompanied by Dr. Johnson of Vanceboro. Although no bones were broken he is thought to be injured internally.

Halifax, N. S., Jan. 29.—The steamer Manchester Shipper set a wireless message at the end of the cable, as the ship is expected to have her tow off Chebucto Head at 2 p.m.

Silk was first manufactured in China as early as 180 B. C.

Rebels Destroy Youghal Water Works and 6,000 People Suffer. Dublin, Jan. 29.—The rebel campaign of murder and destruction continued unabated and although these activities are mostly in the provinces, Dublin itself is not exempt.

At 11 o'clock last night Governor-General Healy's residence, the old vicarage lodge in Phoenix Park was attacked by men concealed in the shrubbery who maintained a heavy revolver fire which the guards around the building vigorously returned.

About the same time the Marlborough Barracks was similarly attacked. Incendiary and other attacks on the railways and stations are of daily occurrence, and the whole railway service has become precarious.

London, Jan. 29.—A Dublin despatch to the Daily Express says rebels have destroyed the water works at Youghal in reprisal for the execution of two men for the possession of arms. Six thousand inhabitants are in a critical situation as only one day's water supply is left.

The despatch adds that practically every post office in West Ireland has been destroyed and that it is almost impossible to buy stamps or to send or receive a letter. The plight of Killybegs with its 6,000 inhabitants is such that all food and coal must be conveyed seventeen miles under military escort.

Violins of the modern kind were invented about 1477.

CONFERS WITH PREMIER

H. J. Sheehan is anxious for a large representation of howling organizations at Skating Headquarters, Bank of Montreal, King St., at eight o'clock tonight to plan the Carnival bowling tournament.

MR. BRODIE TO LEAVE HOSPITAL THIS WEEK. F. Nell Brodie, who has been at the General Public Hospital for the last few weeks, has completely recovered, and after Wednesday of this week will be at his home in Duke street. TORONTO MAN, OLDEST V. C. IN EMPIRE, DEAD IN LONDON

London, Jan. 29.—Sergeant George Richardson, V.C., veteran of the Indian mutiny and the Fenian raid, oldest wearer of the V. C. in the British Empire, died last evening at Westminster military hospital, where he had been a patient for some weeks. The body will be sent to Toronto for interment with military honors.

Sergt. Richardson, who received his decoration in 1859 during the Indian mutiny, was chosen to represent Canada at the burial of the Unknown Soldier in Washington, and laid a wreath from the Dominion on the tomb.

SAYS HE IS MOST HATED MAN IN THE DOMINION

Wilson MacDonald, Poet. Tells Philadelphians He is Detested Because He has the Courage to Tell the Truth.

(From the Philadelphia Public Ledger) Preconceived ideas of a poet, based upon the long-haired, disheveled ranting products of Greenwich Village, receive an abrupt setback when confronted with the staid, slender and aristocratic poet laureate of Canada, who is the guest of the Rev. Robert Norwood, rector of the Memorial Church of St. Paul, Overbrook.

In the study of the rector Mr. MacDonald, tall, slender and aristocratic, with the finely-chisled features that one associates with a medieval ascetic, and dressed with a precise correctness that is almost meticulous, talked freely of his work and views.

The fundamental difficulty with present-day America is the high premium placed for cleverness, to the total exclusion of that genius which makes up true greatness," he remarked, explaining with the statement that in the last fifteen years he has received hundreds of offers to appear upon the vaudeville stage as a magician and prestidigitator at a salary far beyond that which his pen might ever be expected to bring him. He further demonstrated it by the exhibition of several of the East Indian slight-of-hand tricks with which he had amused and mystified the Prince of Wales while the heir to the British throne was in America.

A ring, property of one of the spectators, disappeared from one poet's outstretched hand and was extracted by its owner from Mr. MacDonald's hip pocket. The same ring traveled from his right hand to the left at a speed which baffled the eye, and was made to pass through the fabric of a silk scarf held by Dr. Norwood and a spectator.

"That," Mr. MacDonald deprecated its cleverness, and he offered that could be made large enough to tempt me to obtain any fame or cheap popularity by capitalizing such manual dexterity as I may possess."

"I am the most cordially hated man in Canada," he explained; "detested from Vancouver to Halifax because I have the one-for-one metric balance issue; that, without regard to the idols of the commonplace that I might shatter thereby."

That is somewhat substantiated by the fact that Mr. MacDonald is just recovering from a brutal attack made on him in a small town in Ontario, where he is reported to have been the cause of a riot in the village of Ontario the title of 'poet' is utter anathema.

The Amy Lowell school of American poetry was but faintly praised by the Canadian, much of whose own writings he has the one-for-one metric balance demanded by the adherents of the Old School. "Those who have made a fetish of 'vers libre,' he remarked, "have gone off at a tangent from true poetry. That in itself is well, for art never should be bound by stereotyped convention but persist in remaining upon the tangent and utterly losing the true glances of language.

In a voice still weak from the effects of the assault upon his Mr. MacDonald returned and read from his poems last night at St. Paul's in Overbrook. He may be described as a free verse—elemental and dynamic—in American literature. "The first, perhaps since Walt Whitman," was said by William Walsh, who further characterized the poet as "disturbing no more than any other else in America."

As he reads, one is unconsciously reminded of Wilde, Dowson and Masselard, though in no way has Mr. MacDonald played the seductive appeal to those who have preceded him. His poems possess the imagery and exquisite choice of words to a wide combining with the virile originality of a Maschfield, though his versatility is far greater, and he has refrained from dipping his pen into the mire of the "Doubter." His fearless iconoclasm rings through the concluding stanza of "The House of Rebels":

"Come with me, comrade, into the House of Rebels, And the comradship is milk and honey to the soul— Here is Luther, here Tolstoy, here And here the arch-rebel of them all."

The official census of Palestine shows that there are but 88,794 Jews out of a total population of 738,412.

JOKES AW FOR WIFE GOT HUNDREDS OF REPLYS. North Attleboro, Mass. Says the Boys Slipped It Into Newspapers.

North Attleboro, Jan. 29.—Israel Jordan, farmer and horseman, whose wife died last week, was surprised to find a few weeks ago, is back for a few days at his old home in Attleboro. "Did you get any letters from that old fellow who appeared in a Nashua, N. H., newspaper?" "Hundreds, yes, hundreds," he answered, "got them from all over the town. One came from way off in Seattle, Wash., and others were posted from all parts of New England. I wasn't exactly looking for a wife, some of the boys up in New Hampshire slipped the thing into the newspapers as a joke."

JOKES AW FOR WIFE GOT HUNDREDS OF REPLYS. North Attleboro, Mass. Says the Boys Slipped It Into Newspapers.

North Attleboro, Jan. 29.—Israel Jordan, farmer and horseman, whose wife died last week, was surprised to find a few weeks ago, is back for a few days at his old home in Attleboro. "Did you get any letters from that old fellow who appeared in a Nashua, N. H., newspaper?" "Hundreds, yes, hundreds," he answered, "got them from all over the town. One came from way off in Seattle, Wash., and others were posted from all parts of New England. I wasn't exactly looking for a wife, some of the boys up in New Hampshire slipped the thing into the newspapers as a joke."

HEBREWS IN TORONTO

(Toronto Telegram) From the City Assessor's figures of the religious denominations in Toronto, the Hebrews have made a remarkable growth since 1914.

In 1914 the figures given for the Hebrews were 30,810, while for 1922 the figures are 38,001, an increase of 7,191, or over 20 per cent.

At one time the Hebrew population was centered in what was known as the Ward. This was chiefly around the City Hall, north as far as College street to University avenue. Now the Hebrews have extended all over the city. They have synagogues as far east as Jones avenue, in Ward One, and as far west as Ward Seven. And where there are synagogues there is a fairly large Hebrew population.

Increase Over Seven Per Cent. The following list of religious and the number of adherents is interesting, especially in view of the fact that the Hebrews are one of the two religions which have shown an increase in the last year:

Anglican 156,333 Presbyterian 118,029 Methodist 82,896 Roman Catholic 57,233 Hebrew 38,001 Baptist 23,438 Congregational 2,549 Salvation Army 2,554 Chinese 2,640 Lutheran 1,868 Disciples of Christ 963 Christian Science 2,108 Unitarian 349 Miscellaneous 41,916

Like other large cities on this continent the Hebrew population is one to be reckoned with. During the last year, the increase was 2,769 or over 7 per cent. A few more years with a similar increase will find the Hebrew well up in the list of religious denominations. At the present time they are fifth.

As in other religions, the Hebrews have a certain amount of property which is used to pay for the support of the rabbis. This property is Church property which is non-assessable by the city. The value of this property is \$446,053, which is a considerable sum for a city of this size. The Hebrew population is \$11.45 per head, or 3 per cent. of the total non-assessable property.

The \$446,053 covers some 20 synagogues, situated as has been stated before from Ward 1 to Ward 7.

DRUNK, DRIVES AUTO INTO GROUP

Woodbridge Man is Held After Wild Ride - Kills One and Injures Two.

New York, Jan. 29 - One man, so stupefied by liquor that he did not know what had happened was charged with manslaughter and another was held as the driver of the drinks after a speeding automobile had plowed its way through a group of men in Perth Amboy, N. J., late on Tuesday night, killing one and seriously injuring two. The most serious accusation was lodged against Homer W. Ripley, proprietor of the Woodbridge Hotel, Woodbridge, N. J. He was held for the Grand Jury in \$3,000 bail by Judge Peter F. Daly in New Brunswick. The man killed was George Benyak, 52 years old of Johnstone street, Perth Amboy. The injured were Joseph Koleski and Alexander Haeg, both of Perth Amboy. They were walking in the middle of State street, there being no sidewalk, when the car battered its way through them and sped away. Some who saw the car bowled over pursued the fugitive car until, in a wild, zigzag flight, in the course of which it did not slacken speed, even when it struck the porch of a house in Newark, it shook off the other automobiles and disappeared. Soon, however, it was traced to the garage of the Woodbridge Hotel through an anonymous telephone call to the police. There were signs that the car had struck some one. Bloodstains and human hair were found on the mudguard, and the radiator was damaged and one light was broken, while inside it was found a pear, probably from the lunch-box of one of the injured men. A board that it believed to have been torn from the porch in Newark was wedged between the chassis and the front axle. Ripley was found in his hotel. The police said he was intoxicated and admitted he just had driven from Perth Amboy. He said he had begun to drink in Elizabeth, had returned to Woodbridge, and then gone to Perth Amboy, where he bought more drinks in the cafe of Thomas Warden Smith and then rode from Perth Amboy to Woodbridge. As a result of Ripley's story a warrant was issued on the charge of violating the Prohibition law, and was held for the Grand Jury in \$1,000 bail by Recorder Dickergill.

YESTERDAY IN CITY CHURCHES

The special services in the Main street Baptist church yesterday were largely attended. In the morning the soldier preacher, Rev. A. K. Herman spoke impressively on the subject "Worship." The pastor, Rev. Dr. David Hutchinson, and Mr. Herman both addressed the Men's Brotherhood in the afternoon when there was a large gathering of members. The evening service of the auditorium of the church was filled and Mr. Herman spoke of "Spiritual Foresight," taking as his text "Where there is no vision the people perish." His address was timely and a splendid exhortation. During the evening service the choir sang three beautiful selections. The after service drew largely from whence doth come my help." He gathered and at the close Mr. Herman and Dr. Hutchinson met with those who desired personal conversation. The sixty-fifth anniversary of the establishment of Methodism in Fairville and the twenty-eighth anniversary of the present Methodist church building were celebrated yesterday by special services. The special speaker was Rev. W. G. Watson, D.D., of the faculty of Mount Allison University, who is the president of the N. B. at P. R. I. conference. Dr. Watson spoke at the morning service from the text, "Unto the hills do I lift up mine eyes, from whence doth come my help." He handled the topic in a most unusual style and held the attention of his congregation closely throughout. In the evening Dr. Watson spoke on "Faith" and his interpretation was very fine. Both at the morning and evening services the choir was heard in special pieces. At both the morning and evening services Rev. J. M. Rice, the pastor of the church, referred to the anniversary occasion and also spoke most appreciatively of the sermons delivered by Dr. Watson. This evening the anniversary celebration will be continued with a congregational reunion. In the Waterloo street Baptist church last evening, the pastor made a special appeal for funds and the special offering was taken by four young ladies, Miss Hamilton, Miss Margaret Earle, Miss Florence Kierstead and Miss Minnie Allan, all under the supervision of Miss Coates and Miss Pooley. While the offering was being taken, Mrs. Brentnall sang "Cast Thy Bread Upon the Waters." \$150 was received. Miss Gore, of London, England, sang a solo, which was greatly appreciated by the congregation. Rev. Mr. Swetnam preached the second of his illustrated sermons and took as his subject "Christ as the Counsellor." Preaching in Knox church last night from the words, "If any man will come after Me, let him take up his cross daily, and follow Me," the Rev. T. Moorhead Legate said that the measure of any true life was the amount of his cross that was in it. The usual interpretation of this text was that suffering was one of the leading marks of the Christian life. But Christ came not alone to teach people how to suffer, but to teach them also how to rejoice.

POPE AIDS REFUGEES.

He Sends 50,000 Lire to Asia Minor by Colonel W. N. Haskell.

Rome, Jan. 29. - Pope Pius gave Colonel William N. Haskell of the American Relief Administration, the sum of 50,000 lire in trust for relief work in Asia Minor. The Pontiff asked Colonel Haskell to convey these funds to the Archbishop of Smyrna for the assistance of the refugees there. Colonel Haskell is on his way to the Near East to organize special emergency relief for the Anatolian refugees instituted by the American Red Cross.

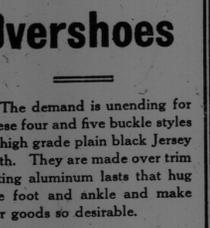

LIVER TROUBLE Pains In Stomach

Most of the misery and ill-health that humanity is burdened with arises from disorders of the liver, stomach or bowels. If you are feeling out of sorts, have pains in the stomach, especially after eating, sour stomach, bilious spots, sick or bilious headaches, heartburn, water brash, etc., you should take a few doses of Milburn's Laxative Liver Pills. They will live up the liver, regulate the bowels, and tone up the stomach.

the "purpose of the cruise."

Accompanied by Dr. Franklin H. Martin, the Director General, and in 1921 by Dr. Thomas J. Watkins, a Governor of the college, and the Director General, together with the exchange visits to us of a number of distinguished South American scientists, and study at first hand the field of scientific and cultural interest to the surgeons of North America. This interest, enhanced by the writings of these pioneers, has aroused a desire on the part of the Fellows of the College that has crystallized in an arrangement that will afford an opportunity to make a South American cruise under the most ideal arrangements and conditions.

Purposes of Tour.

Besides the pleasure features of the cruise, four other main purposes of the tour are outlined in the bulletin as follows: To hold in the principal capitals of South America a series of scientific meetings that will see more strongly than ever the mutual friendship of the surgical professions of North and South America; to observe and study at first hand the scientifically equipped medical schools, hospitals and institutions of tropical sciences, and the teachings of our southern confreres as they reveal to us their peculiar problems; to become more intimately acquainted with these neighbors of ours by meeting and commingling with them; and to enable the Fellows of the College and their families to make an ideal winter trip into the fascinating semi-tropics and tropics of our Southern Continent at a time when our own country is buried in winter.

The Evening Times and Star

ST. JOHN, N. B., JANUARY 29, 1923.

The St. John Evening Times is printed at 21 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE HARBOR PROBLEM

Now that the question of harbor improvement is to be taken up by a committee of citizens, an expression of views given by this newspaper some three and a half years ago, when the proposed harbor commission act was under discussion, may be quoted as equally applicable to the situation today.

There is no Federal Government assistance that commission is the first step towards nationalisation. Indeed, while it is intimated in the bill, that the Government will provide money should the commissioners find harbor revenue insufficient to provide interest and sinking fund charges on the outstanding liabilities and on the new capital required, Hon. Mr. Ballantyne in introducing the measure, said rather definitely that in future harbors like St. John and Vancouver, which were going into commission, must expect to pay for all carrying charges out of their revenues.

In a word, if the Government means nationalisation, it should say nationalisation. Quebec has not been called upon to pay interest upon the money expended there. The great expenditures at Halifax have been made largely on the ground that the Canadian National Railways must have at Halifax a complete system of terminals as a national need. We do not quarrel with what has been done at Quebec, or at Halifax, regarding it in the national interest that these great ports should be equipped on a scale to meet the requirements of the country's trade. Nor do we overlook for a moment the federal expenditures already made in the national interest at the port of St. John. But the harbor commission plan, as it stands today, is a proposal that the harbor revenues here shall be loaded up with the interest and sinking fund charges on old and new expenditures at a time when the National Government has not brought St. John harbor and railway connection enterprises along nearly so far as is justified by St. John's relation to national trade.

St. John would vote heartily and over-whelmingly in favor of harbor commission tomorrow if there were before it a national pledge of nationalisation, or any banking assurance that harbor commission would mean rapid and comprehensive development in respect to harbor facilities and railway connections such as national trade demands here because of St. John's fortunate geographical position.

THE CARNIVAL QUEEN

The Times once sincere thanks to the ladies and gentlemen who so graciously consented to act as judges in the selection of the young lady who is to be "Miss St. John" of the Carnival. It was not an easy task to make the choice of first, second and third, where so many attractive young ladies of differing types of beauty were in the competition. Seldom has popular interest been so aroused, and this was evident from the immense crowd in the arena on Saturday afternoon. The interest had grown steadily from the date of the first announcement of the competition, and it reaches its climax today with the announcement of the names of "Miss St. John" and the two closest competitors. The ladies and gentlemen who were asked to act as judges entered heartily into the spirit of the Carnival, and have set an example that will doubtless be followed by all the citizens in a real community effort to make the coming Carnival a complete success. The joint committee having the skating championships in hand must rely upon the other organizations to lend every assistance in making the Carnival parade, the other sport features and general entertainment so attractive as not to leave a dull hour during the week. St. John must make a record as a Carnival city.

The terms imposed by the United States for the payment of the British debt to that country are not as favorable as had been expected in London, but John Bull will pay. The thought of defaulting in the matter of a national obligation never occurs to him. The Weary Titan may be bowed, but he is undismayed.

The difficulties of France in the Ruhr increases. The signs point to a long period of occupation with all the dangers it involves. Germany cannot fight, but her policy of passive resistance is frustrating, hampering, and not easily

Vanderbilt Millions Back Hunt For Newport Hammer Murderers

Crowds gathered at the murder cottage.

William H. Vanderbilt

Mrs. Paul Fitz Simons

Newport, R. I., Jan. 29.—The millions of the late Alfred Gwynne Vanderbilt will be used to uncover the murderers of Mr. and Mrs. J. Fraser McLesh and their unborn baby, whose charred and mutilated bodies were found in the ruins of their home, the gardener's lodge, at Harbourview, the home of Mrs. Paul Fitz Simons, here on a recent Sunday.

The police in their efforts to apprehend the murderers, said Mrs. Fitz Simons, who was formerly Elsie French Vanderbilt. With her husband, Lieut. Paul Fitz Simons, and her son, William H. Vanderbilt, she went to Newport to take charge of funeral arrangements for the victims as soon as the news of the tragedy was telephoned to her.

Finger-prints in the McLesh bedroom, where Mrs. McLesh's body was found, have failed to reveal any clue to the slayer's identity. No crime in years has left the authorities so baffled; no motive can be ascertained, as the couple had not a known enemy in the world.

The possibility of murder and suicides on their part is talked of, in spite of the plain fact that neither McLesh nor his wife could have inflicted their own wounds themselves. In spite of the baffling nature of the crime, however, both young Vanderbilt and his mother declare they will not rest so long as any stone is unturned to uncover the criminals.

LOCAL NEWS

Mrs. D. P. Chisholm and Mrs. J. S. Plagor were appointed at the last meeting of the Local Council of Women as commissioners to the Board of Municipal Home.

The girls in residence at the King's Daughters Guild gave a very delightful entertainment at the Guild on Friday night for the friendship committee of the executive. Among those taking part were Miss DeWitt, Miss E. Bartlett, Miss M. Magee and Miss Bacon. Refreshments were served by the friendship committee members, among them being Mrs. H. W. Robertson, Mrs. C. A. Clark, Mrs. J. S. Plagor, Mrs. John Bullock, Mrs. John LeLachur, Mrs. R. A. Sinclair and Mrs. W. H. Niece.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 214
POINTS TO REMEMBER

REMEMBER THAT:

The value of the antenna for interception of radio waves depends not only upon its height above the earth but upon the distance between grounded objects. For this reason when the antenna is erected on the top of tall apartment houses, having a steel frame, it should be kept as high as possible above the roof due to the fact that the steel construction of the building is grounded and consequently brings the ground potential in closer proximity to the antenna.

Radio-frequency amplification increases the energy of a feeble incoming signal to a point where it has sufficient strength to operate the detector. This amplification is carried on at the original frequency at which it was radiated from the transmitting station and transmitted through the other. Audio-frequency amplification takes place after the incoming signal has been detected and converted into an audible frequency and this form of amplification is in general use for building up the signal, at an audible frequency, to a strength which is sufficient to operate a loud speaker.

Rules issued by the National Board of Fire Underwriters forbid the use of gas pipes for ground connections. This is due to the fact that in many cases there is no electrical connection available between the gas system and ground. The presence of a high potential surge would be very liable, under these conditions, to result in a fire as the system being thus electrically insulated would oppose the flow of current to the ground.

The velocity of radio waves is constant and has a value of 300,000,000 meters per second. The frequency of the wave is known, the wave length may be easily computed by dividing this velocity by the frequency. If, on the other hand, the wave length is known, the frequency may be determined by dividing the velocity by the wave length. For example, a wave length of 400 meters has a frequency of 750,000 cycles per second, this value being obtained by dividing the velocity (300,000,000) by the wave length (400).

When the storage battery is charged from a direct-current supply such as the house lighting circuit, the positive terminal of the battery must be connected to the positive lead of the lighting circuit. To determine which lead of the lighting circuit is positive, dip the two ends of the wires leading from the circuit into a glass of water in which has previously been dissolved a teaspoonful of salt. Care should be exercised to keep the ends of the wires from touching each other. Bubbles of gas will be given off from the negative wire and, on charging, this wire should be connected to the negative terminal of the battery, the other wire, being the positive lead, should be connected to the positive terminal.

Many more stages of radio-frequency amplification can be used satisfactorily than of audio-frequency amplification. The fact that the former amplifies only such signals as are of radio-frequency, that is, signals which have a frequency above audibility. Audio-frequency amplification, on the other hand, magnifies the noises due to the "A" and "B" batteries, the mechanical vibrations of the tubes and other foreign sounds, which results in a pronounced "squealing" if several stages of this type of amplification are employed.

When a large antenna is used for short wave reception, it is usually necessary to reduce the natural period of the circuit by inserting a variable condenser between the antenna and the tuning coil or between the tuning coil and ground. The use of this condenser permits the addition of more turns in service on the tuning coil in the antenna circuit and louder signals are obtained due to the fact that considerably more energy is transferred from the primary to the secondary circuit.

RECENT DEATHS

Mrs. Edward Coleman.
The death of Mrs. Edward Coleman, a former resident of the North End, occurred recently in Wilmington, Vermont. She leaves two sons and two daughters. Mrs. C. D. Strong of this city is a niece. The funeral will be held here on Wednesday afternoon from Chamberlain's undertaking rooms.

Rev. Sister Quinn.
Rev. Sister Quinn, for fifty-seven years a member of the Community of the Mother House of the Grey Nuns, Montreal, died yesterday. She was in her seventy-sixth year.

John D. Kirk.
The death of John D. Kirk occurred on Saturday night at his home in Yarmouth, death being due to heart failure. He was seventy-seven years of age.

John D. Kirk.
John D. Kirk was one of the outstanding citizens of Yarmouth and was identified with about every undertaking and enterprise which had for its purpose the promotion of the town. He was president of the Liberal Association of Yarmouth and the party in Yarmouth county loses a man who was a tower of strength to the town and an indefatigable worker in the firm of Edward Allen & Co., which suffers a great loss in his demise after his faithful service of forty years.

Mr. Kirk was also president of the Minard's Liniment Company, and devoted daily some time to the affairs of this company. He was prominent on the Board of Trade and was among the first to put forth efforts to bring the name of his town into prominence. He served last year as president of the Yarmouth Board of Trade. He was one term in the Town Council, 1917-18.

The late Mr. Kirk was prominently connected with shipping in this town and was a partner in the K. and S. (Kirk and Sweeney) Shipbuilding Company. Several fine vessels were built and are regularly fishing as the result of his enterprise.

Mr. Kirk was also interested in the various fish traps in this county and his connection with this has helped materially in their ultimate success. He took an active interest in the Rotary Club.

In religion he was a Presbyterian and one of the largest contributors to that denomination. The late Mr. Kirk was a Mason, a member of Scotia Lodge, and recently had joined Royal Arch Chapter.

He was extremely kindly in disposition and generous to a fault, and Yarmouth indeed mourns his passing. He is survived by a widow, a daughter of the late William Burrill, who is at present visiting her sister in Picton.

HOPE TO REVEAL

ROYAL MUMMY

Luxor Excitedly Awaits the Opening of Inner Tomb of Tutankhamun—Expect the Body is Well Preserved.

Luxor, Egypt, Jan. 29.—An air of suppressed excitement pervades the whole upper Nile valley as the day approaches for the opening of the inner or mortuary chamber of the tomb of King Tutankhamun, recently discovered in the valley of the kings.

Not since the American Egyptologist, Theodore Davis, unearthed more than a half dozen tombs in the same valley has the Egyptian populace shown such pronounced interest and curiosity. Pressure is being exerted by the local population to have the mummy of Tutankhamun, if it is found in the inner chamber, kept in the tomb instead of being removed to Cairo. They make no secret of their motive in the matter, declaring that, if exhibited to the public view in the tomb, the mummy of Pharaoh would attract thousands of tourists to Luxor and stimulate trade, the hotel business and the sale of antiques.

At present, in all the tombs of the imperial necropolis, there remains only one royal mummy, that of Amenophis II, which is on view in its original burial place. The whole Theban burial area, including the valley of the kings and queens, contains the bodies of countless generations. Here, all from the mighty Pharaohs to the humblest of citizens, sought their final rest.

A workman cannot strike a spike into the ground in this area without unearthing skeletons of the ancient Egyptian people, and in many cases the bodies are surprisingly well preserved, particularly those of the nobility who could afford the expense of embalming with aromatic oils, pitch and spices.

Herbert Winlock of the American archaeological mission, declared today,

"If Lord Carnarvon finds the body of Tutankhamun, as I hope he will, I am confident that it will be in an excellent state of preservation, especially if the burial vault was not previously invaded by the robbers. "The ancient Egyptian went to infinite pains to preserve his body in the world to come. I anticipate that, if the body is found, it will be one of the most perfect examples of its kind which has come down to us."

You Won't Cough After Taking Dr. Wood's Norway Pine Syrup

On the first appearance of a cough or cold do not neglect it; get rid of it at once before it has a chance to grow worse and gets settled on the lungs, causing bronchitis, pneumonia, or other serious lung troubles. In Dr. Wood's Norway Pine Syrup you will find a remedy that will relieve the cough or cold on its first inception by soothing the irritation, and healing the diseased lining of the lungs and bronchial tubes. Mrs. Percy McRae, Little Shogone, N. B., writes—"Three years ago I had the 'flu' which left me with a very bad cough. I tried different medicines which did me no good, so I took Dr. Wood's Norway Pine Syrup. It relieved me of that awful cough in a short time. "Dr. Wood's" is 30c and 60c a bottle at all dealers; put up in a yellow wrapper; three pine trees the trade mark; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Two Day Sale of Doubly Reduced Women's Wear

A group of Coats worth from \$22.50 to \$39.75—all at \$15 till Wednesday closing—a group worth \$15 to \$16.75, all at \$7.50 these next two days—and like price treats in Tailored Suits, Serge and Tricotine Dresses, Novelty Skirts and Kimonas. Here is a Sale with some snap to it, but for just two days.

SPRINGY COATS IN \$15 SALE

There's a mannish air and grace to these belted, raglan shouldered models you can wear till mid-May. A few number have pleated breast patch pockets, some leather buttons and some half linings of silk. Materials are Chinchilla, Velour and Tweed. Colors, navy, browns and greens. 25 Coats in all. If quick enough you'll have your size. Remember, \$15 gets you a value up to \$39.75.

A \$54.75 SUIT FOR \$19.50

Easter and economy are peeping right at you in Tailored Suits of a class far above the price. Tricotine, Velour and Tweed. Two lined in Satin, banded and collared in Nutria. Colors—navy, midnight blue, browns, 15 choices at \$19.50, where former prices ran from \$29.50 to \$54.75.

STREET DRESSES FOR \$13.90

A second time it saves you, when you step out of your winter coat, or think of its trimness for business. Normally it would cost you from \$17.25 to \$29.75—tomorrow and next day pay no more than \$13.90. Sizes 16—40. A few black and navy Tricotines, but mostly Serges and Tricotines.

VELOUR KIMONAS, \$7.88

A Moleton at this figure would be a great bargain, so imagine what it means to have a Satin Trimmed Velour, Tans, Mauve, Blue, Grey—all flowered.

MUTT AND JEFF

Some Hindoo Magic!

By BUD FISHER

(Copyright, 1923, by H. C. Fisher. Trademark Reg. U. S. Pat. Off.)

SOME SALARY INCREASES ARE RECOMMENDED

Amounts in All to About \$2,500 a Year—Estimates So Far \$40,000 More Than Last Year.

At a Common Council meeting on Saturday night salaries of the Public Works Department were approved. Mayor Fisher presented a recommendation for increases in his department amounting to \$1,900 but no action was taken on it.

Mr. Thornton wanted to know if any of these men had asked for an increase and if so, their names. His Worship replied that he did not consider that he should give this information. Mr. Thornton insisted.

The Mayor read a letter from E. M. Oltre, chairman of the assessors, to the effect that, in reply to a request from the Mayor for his views on the salary increase question, he favored granting increases to the men in the assessment department, excepting the district commissioners.

Mr. Thornton declared that matters should be stirred up around City Hall and he proposed to obtain all the information he could on this salary question. He was opposed to this proposal this year and he thought the rate should be kept at least as it was last year.

Commissioner Frink remarked that, so far as the merchants were concerned, they said they do not want the tax rate increased yet they would come in delegations to City Hall demanding larger civic grants.

Commissioner Thornton: "Well, I have been very much in favor of commission form of government up to the present, but all it does now is for some one to take a petition around and commission form of government will be swept out of existence."

Grants for Playgrounds Associations, Free Kindergartens, health matters and the like did not arouse much opposition from the taxpayers, commented Mr. Frink, but when it came to increasing salaries of faithful civic officials, it was a different matter because, it was the individual that was concerned and not a body. It touched the sensibilities of many people.

Commissioner Thornton declared that there had been no dissatisfaction among the men in his department regarding salary increases until the matter had been opened up in Council. All the department men should be treated on an equitable basis.

Commissioner Wigmore predicted that the labor employs will submit a new schedule on the strength of any increases. Assessment totals were increasing yearly and he believed that every increase recommended was justifiable if the city could stand for it.

Commissioner Bullock felt that some recognition was due several of the officials. He did not think the Mayor had adopted the right procedure in recommending the same increase for all the men.

He criticized the granting of a \$2,000 salary by the Civic Power Commission to the accountant-secretary. The Council must make exceptions in granting increases and could not recognize all, because there was not enough money to go around.

Commissioner Frink said that the members should ask themselves: "What would I do if this were my own private business?" Conditions were bad. He thought there should be a get-together on the matter of fixing a minimum and maximum and, if necessary, an expert should be engaged to make a complete inspection of the whole system.

Commissioner Frink then brought the matter to a head when he moved that the road engineer's salary be increased \$200; the street superintendent, \$200; the chief clerk, \$100; O. Duffy, \$100, and Miss Cliff, \$20. This carried.

Commissioner Bullock and Wigmore supported Commissioner Frink. Mayor Fisher did not think the procedure a correct one and voted against the motion. Commissioner Thornton was opposed to any increase whatever.

Following this, Commissioners Thornton and Wigmore announced they would bring in salary recommendations at this morning's meeting.

Other Estimates. With the exception of an item of \$2,000 for the development of the West St. John playground estimates of the Public Works Department were passed on Saturday evening. This item was set aside until it is ascertained whether assistance West St. John citizens will give the project.

A reduction of \$1,250 was made on the \$14,250 estimate for the asphalt plant for this year.

During discussion of the item of \$62,000 for snow removal, sanding, etc., Commissioner Frink said that the sum of \$42,642 had been expended between Dec. 18, 1922, and Jan. 25 on snow removal charges.

LOCAL NEWS

In memory of Max Nordau, the great Jewish philosopher and Zionist who died in Paris last week, an impressive memorial service was held by the local Hebrew community in the synagogue on Saturday. A. Bab, the Hebrew teacher, spoke on the life of Nordau and the achievements which had marked his career.

The annual meeting of the Children of Mary of the Cathedral parish was held last night after vespers, and the election of officers resulted as follows: President, Miss Mary McGrath, re-elected; first assistant president, Miss Marie Dolan; second assistant president, Miss Mary Kelly; recording secretary, Miss Ella Lee, re-elected; treasurer, Miss Josephine McNamara, re-elected; instructor of novices, Miss Grace Holme.

Mrs. Emmeline Pankhurst, Dr. Gordon Bates and Dr. J. J. Hagerty are having a busy time touring the province in the interests of the Social Hygiene Council. Yesterday and today were spent in Fredericton and other places to be visited this week are Chatham, Sackville, Sussex, M. Adam and St. John. On Saturday evening Mrs. Pankhurst will address the Women's Council here and on Sunday afternoon a large meeting will be held in the Imperial Theatre.

The Sunday morning service for boys at the Y. M. C. A. yesterday was well attended. The speaker, Rev. Dr. William Farquharson, Presbyterian port chaplain, who took for the subject of his address, "Jesus the perfectly balanced personality." Two of the newly-elected officers of the Boys' Council, Commissioner Goodwin and Commissioner Sargeant, upheld their new honors well. Commissioner Goodwin was the pianist and Commissioner Sargeant was the chairman.

The members of the Garrison Sport Club held a meeting over the week-end at the Army, with Major E. Mooney, president of the club, in the chair. It was decided to put a float from the club in the parade during carnival week. The club also decided to co-operate in every possible way with the committee in charge of the big parade.

The members of the Junior Boys' class of the Young Women's Christian Association had their winter party on Saturday afternoon and thoroughly enjoyed it. By their own efforts the party took the form of an outing, and taking their sleds with them, the boys went out to East St. John and had a winter picnic with appropriate refreshments. Miss G. K. Peplar, the physical instructor was in charge and for her assistants she had Miss Lenora Belyes and Miss Edna Hunt. It was a tired but quite happy little band that returned to the city.

Three fires were handled by the local department over the week-end. On Saturday afternoon an alarm was rung in from Box 212 for a fire in a house owned by Elizabeth McCaffery, 188 St. John street, West End, which was easily extinguished. An alarm from Box 9 early yesterday morning proved a fire in a large motor boat owned by the cabin and the small wheelhouse were burned before the flames were extinguished. A fire in a car of potatoes at Sand Point last night was the cause for an alarm from Box 14. It was some time before the blaze could be put out and the cargo of the car was a complete loss.

A handsome wall clock in a mahogany case has been given to the pilots of this port for their room by S. E. Elkin. The clock, which is a large one with Seth Thomas movement, hangs on a brass plate which has the inscription: "Presented by S. E. Elkin to the St. John pilots, in memory of Captain E. C. Elkin." The presentation was made on Saturday afternoon in the pilot rooms, where the majority of the pilots of the port were present. Mr. Elkin made the presentation and a suitable reply was made by the superintendent of pilots, J. C. Chesley. Other pilots expressed their appreciation of the gift and spoke in the highest terms of the late Captain Elkin, who had been a great friend of the pilots of the port.

The Trail Rangers of the city held a grand camp in the Y. M. C. A. on Saturday night, which opened with a supper served at the Carmarthen street Methodist church, gave the talk of the evening and spoke of missionary work in the West Indies. The boys enjoyed the splendid address and are hoping later to have an illustrated lecture by the same speaker. Several of the boys qualified for their swimming badge after which a game of basketball was played and the Portland Trail Rangers defeated the Ludlow street Trail Rangers. Plans were discussed for the national father and son week to be held next month and it was announced that the St. John Mentors Association hoped to see all the mentors at the M. R. E. C. Training Institute at the Y. W. C. A. cafeteria next week.

With the exception of an item of \$2,000 for the development of the West St. John playground estimates of the Public Works Department were passed on Saturday evening. This item was set aside until it is ascertained whether assistance West St. John citizens will give the project.

A reduction of \$1,250 was made on the \$14,250 estimate for the asphalt plant for this year.

During discussion of the item of \$62,000 for snow removal, sanding, etc., Commissioner Frink said that the sum of \$42,642 had been expended between Dec. 18, 1922, and Jan. 25 on snow removal charges.

Mr. Thornton declared that matters should be stirred up around City Hall and he proposed to obtain all the information he could on this salary question. He was opposed to this proposal this year and he thought the rate should be kept at least as it was last year.

Commissioner Frink remarked that, so far as the merchants were concerned, they said they do not want the tax rate increased yet they would come in delegations to City Hall demanding larger civic grants.

Commissioner Thornton: "Well, I have been very much in favor of commission form of government up to the present, but all it does now is for some one to take a petition around and commission form of government will be swept out of existence."

LOCAL NEWS

Rheumatic pain—relief! Congestion, inflamed tissues—then persistent pain. Apply Sloan's to break up congestion, draw out inflammation—and stop that pain!

Sloan's Liniment—kills pain! Made in Canada. For rheumatism, bruises, strains, chest colds.

CALL FOR TENDERS FOR HYDRO POLES

Authority Given at Saturday's Meeting of the Civic Commission—Different Views on Distribution.

Authorization of a call for tenders for poles in carload lots was given by Barry Wilson, the commission engineer, at meeting on Saturday afternoon of the Civic Power Commission. He said that about 2,500 poles would be required for the city.

A motion by Mayor Fisher that the engineers be asked to take into consideration when planning the electric distribution system, the delivery of the current to all parts of the city at the earliest possible date occasioned a division of opinion on a matter of policy.

The members of the Garrison Sport Club held a meeting over the week-end at the Army, with Major E. Mooney, president of the club, in the chair. It was decided to put a float from the club in the parade during carnival week.

The members of the Junior Boys' class of the Young Women's Christian Association had their winter party on Saturday afternoon and thoroughly enjoyed it. By their own efforts the party took the form of an outing.

Three fires were handled by the local department over the week-end. On Saturday afternoon an alarm was rung in from Box 212 for a fire in a house owned by Elizabeth McCaffery, 188 St. John street, West End, which was easily extinguished.

The Trail Rangers of the city held a grand camp in the Y. M. C. A. on Saturday night, which opened with a supper served at the Carmarthen street Methodist church, gave the talk of the evening and spoke of missionary work in the West Indies.

NOTED FORGER BACK TO JAIL

Man Whom Bankers Pensioned to End His Crimes Tried to Cheat a Turnstile.

New York, Jan. 29.—Charles Fischer, 70 years old, with an international criminal record running back fifty-eight years, was sentenced to ten days in the Tombs in Special Sessions for dropping a slug in a turnstile in the subway station at Broadway and Seventy-ninth Street on Jan. 3. Fischer said that until recently he had worked as a telephone operator in the Yale Club.

The record of Fischer's career in this country and Europe was read to the court by Peter Berry, chief investigator for the Interborough. It said that Fischer admitted that he became a forger at his birthplace in Germany when he was 12 years old, and finally became such an annoyance to bankers that the American Bankers Association awarded a life pension to him to bring his depredations to an end.

Fischer paid his passage to America when he was 18 by forging a check on his employer in Germany. He organized a band of German criminals here and "squealed" on him and he was sent to the House of Refuge for eight months. He was arrested often after he was released. In time he organized a band of forgers which victimized many Chicago banks.

Fischer frequently escaped prison terms, the record showed, by turning State's evidence against his accomplices. Eventually he got ten years in Sing Sing after a band of forgers had defrauded New York banks out of more than \$100,000.

While in the Ossining prison, Fischer organized another group of forgers. When the members were released in 1895 for forgery there after the American Bankers' Association had offered a large reward for him. He escaped from jail while awaiting sentence and fled to London.

He was sentenced to nine months' imprisonment there for robbery and in 1897 was extradited to this country. He was imprisoned for three years on the conviction in Cincinnati. Then he was sent back to London and spent two years in Old Bailey for thefts from letter boxes. Later he received a five-year sentence in Old Bailey for counterfeiting. On his release he came to this country once more, only to be sent to Sing Sing for two years for forgery.

The last time Fischer was arrested in this country was in 1914, when Judge Rosalys in General Sessions sentenced him to two years, as usual, for forgery. It was when he was released at that time that the American Bankers' Association decided to pension him in the hope that he would quit harassing bankers.

Thousands of overfat people have become slim by following the advice of doctors who recommend Marmola Prescription Tablets, these harmless little fat reducers that simplify the dose of the famous Marmola Prescription. If too fat, don't wait—go now to your druggist and for one dollar, which is the price the world over, procure a box of these tablets. If preferable you can secure them direct by sending price to the Marmola Co., 4612 Woodward Ave., Detroit, Mich. They reduce steadily and easily without tireless exercise or starvation diet and leave no unpleasant effect.

SAYS PUPILS THREW BAD EGG. Teacher Declares Hurter Spotted Fur Coat—He Gives Ball.

New York, Jan. 29.—An ancient egg, a fur coat, a school teacher and her 14-year-old pupil, Hyman Moveman of Bedford avenue, Brooklyn, figured in a charge of juvenile delinquency brought against the boy in the Brooklyn Children's Court.

Miss Alice Morriarty of South Pennsylvania avenue, Brooklyn, Hyman's teacher, alleged that on Jan. 12 she reprimanded him and that on the same day he threw a rotten egg at her when she was boarding a trolley car at South Eighth street and Bedford avenue, Brooklyn. The egg spread over her fur coat, and a tailor told her he doubted if he could remove the stains from it. Hyman pleaded not guilty and was released in \$200 bail.

A Clear, Beautiful Skin

There are millions of tiny openings or pores in the skin and these must be kept open and clean if the beauty of the skin is to be maintained. Because it cleanses these pores and encourages the healthful action of the skin, Dr. Chase's Ointment is most effective as a skin beautifier. Roughness, redness, pimples and all sorts of skin blemishes disappear by its use, and the skin is left clear, smooth and velvety.

DR. CHASE'S OINTMENT. 60 Cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

MUTT AND JEFF—THE SAP STREET CAR HAS A PASSENGER AT LAST

AM! A CUSTOMER, FINE! I'LL SUBMIT IN AND COLLECT THE FARE! FARE, PLEASE LADY! YES SIR! IS THIS THE SMALLEST YOU HAVE LADY? YES— BUT IT'S NONE OF YOUR BUSINESS! I'VE BEEN MARRIED ONLY FOUR YEARS!

By "BUD" FISHER

Registered Optometrists, Practising 28 Years. L. L. Sharpe & Son, 21 King Street.

Next—the Eye Witness. Question:—What is your profession? Answer:—Government Optometrists and Inspector. Question:—Your duties? Answer:—I am one of hundreds appointed by certain cities throughout the land to take an eye census. Question:—How many eyes were healthy, not in need of glasses? Answer:—Out of all the million cases, the average is one in five not needing glasses. Question:—But you don't mean to tell me four men and women in every five have glasses? Answer:—The pity is they haven't. Too many have headaches instead, indigestion, eyestrain, irritability—gradually they are wearing their eyes and nerves out. But I am glad to witness the fact that the people are fast learning in health matters, beginning with their eyes. Question:—What is your advice to them? Answer:—Go to the best Optometrist you know.

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

AGAINST CLARKE BROS. CO. LIMITED

Judgment in a Nova Scotia Court in Favor of New York Brokers.

Halifax, N. S., Jan. 29.—Judgment was given in the Supreme Court on Saturday by Justice Benjamin Russell in favor of Charles H. Jones et al. of New York in their suit against Clarke Bros. Company, Limited, et al. of Bear River, N. S., for \$76,000 paid in cash on a portion of a bond issue of \$400,000 by the defendants. Justice Russell gave judgment that the plaintiffs were entitled to recover their purchase money with interest and a "handsome compensation."

STEEL MERGER DECLARED AN UNLAWFUL ACT

Washington, Jan. 29.—Merger of the Bethlehem, Lackawanna and Midvale steel companies was declared on Saturday by the Federal Trade Commission to be an unlawful action in restraint of trade. There will be a hearing before the commission on March 16.

BANKER SEES THE SKIES CLEARING

Sisson Expects Steady Progress in 1923 Toward Normal Conditions.

Boston, Jan. 29.—Francis H. Sisson, vice-president of the Guaranty Trust Company of New York, speaking at the Credit-Plaza Hotel, said the country's credit structure is stronger than it was 12 months ago and looks for steady progress toward more normal conditions this year.

BUYING OF RAIL SHARES MAKES THE TONE STRONG

Good Initial Gains Shown in Some Stocks — Trading Quiet on the Montreal Exchange.

New York, Jan. 29.—(Opening.)—Buying of railroad shares imparted a firm tone to opening prices in today's stock market. The preferred stocks were pushed up one point, and B. and O. advanced fractionally to 46 1/2, a new high record for the year. Other low-priced stocks were in good demand. California Petroleum, United Fruit and May Department Stores also made good initial gains. Kansas 2 1/2, 4 1/2, 5 1/2, and Steel and Tube preferred dropped 1/4.

WOOD EXPORTS ESSENTIAL

They Stabilize the Lumber Industry. Says Commerce Official.

That any artificial curtailment of lumber exports would have very serious effects upon the whole lumber industry is the opinion of Axel H. Oxholm, Chief of the Lumber Division of the U. S. Department of Commerce.

New York, Jan. 29.—(Wall Street, noon)—Publication of additional December statements showing exceptionally good net earnings, combined with reports of a continuation of heavy traffic movements on most lines, stimulated the demand for railroad shares, more than a score of which advanced one to three points. Sales of low priced issues were unusually heavy. Among the stocks to advance two points or more before noon were St. Paul, B. & O., Chicago and Northwestern. Good buying opportunities also developed in a number of specialties, including Reynolds Spring, American Smelting and Reynolds Tobacco "B" all up two to nearly three points. The steel stocks, such as the steel shares, Baldwin, Studebaker and the Pan-American, showed little change. Baydeck Tobacco dropped four points and the preferred 5 1/2. Steel and Tube Pfd. extended its loss to nearly six points. Call money opened at 4 1/2 per cent.

HOME OF VALZEE FOUND.

Dr. E. L. Hewett, director of the School of American Research, at Santa Fe, N. M., after sixteen years of study on the subject, announced in a lecture at the University of Toronto that he had found the home of the Aztec race. The home of the Aztecs was in the Casas Grandes Valley of Chihuahua, Mexico.

Mammoth White Star Liner

Fresh laurels have come to the "Olympic" since the return of this mammoth steamer—the largest of all British-built vessels, to the trans-Atlantic passenger trade between New York, Cherbourg and Southampton. Re-echoing the opinion of the "Olympic" passengers, the lounge, the smoking room, the reading room, the verandah cafe and the Cafe Parloen, are decorated in various pleasing "period" styles, all of them effective and dignified in effect. The "Olympic" also boasts of a large salt water swimming pool, a complete Turkish and electric bath establishment with steam room, hot room, a squash racket court and a fully equipped gymnasium, the latter fitted with all the latest forms of apparatus for exercising.

Events at Arena

A large crowd witnessed the third race of the series under the arena management on Saturday when the 440 event was skated. The series will conclude with the 860 event tonight.

ON THISTLE ICE

The results of the Saturday races follow: Junior: First heat—First heat, Leonard; second, Cassidy. Time, 50.4-5 seconds.

To Defend Title

Young Irving Leonard, the West St. John youngster who holds the Canadian's boys title, expects to leave for Montreal early this week to defend his title at the Canadian national championships in Montreal on Feb. 2 and 3.

Gorman Day Entries

Sixty-three entries have been received for the races to be held on the arena on Wednesday night when the proceeds will be used to help defray Gorman's expenses on the skating tour he is now taking part in. M. J. Perry of Mass., yesterday, making the time of 14.5 seconds.

Two New Records

At Borden Park, Edmonton, on Saturday, Everett McGowan, professional speed skater of St. Paul, Minn., broke the world's record for a fifty-yard dash from a flying start, covering the distance in 8.5 seconds. He made three attempts to break Jewtraw's mark for the hundred, but fell one-fifth of a second short.

Chicago Meet Transferred

The committee in charge of the American national amateur skating championships, disappointed in the prospects that it would continue, decided on Saturday night to abandon plans to hold the events in Ingham and award the meet to Endicott, N. Y., for Feb. 4, 5 and 6. The schedule was postponed.

Public Now Prefers Vegetable Laxative

Dr. Caldwell's Laxative Syrup Pepsin offers prompt relief in a natural way.

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that doesn't irritate the bowels?"

table compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and has been satisfactorily used for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required; in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with.

Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as for example, Mrs. Jack Turtle of Cherry Valley, Ont., who finds it equally valuable for herself and the children, and Mr. H. S. McLaren of Montreal, Que., who uses it regularly. Try Dr. Caldwell's Laxative Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to break up fevers and colds.

A generous-size bottle can be had at any drug store, and it costs less than a cent a dose!

TAKE DR. CALDWELL'S SYRUP PEPSIN LAXATIVE The family remedy

JOE PAGE PREDICTS WILLIE LOGAN AN INTERNATIONAL CHAMPION IN FEW YEARS

Review's Father's Fine Performances of Years Ago, and What Was Said About Him Then—Sees in Son a Worthy Successor.

(By Joe Page.)
Some years ago there came from St. John, N. B., unheralded and unsuspected a youthful ice skater, who was thought at the time by the local followers of the skating game in St. John to have little if any chance of success against the speed kings of 1907-8.

So firmly convinced of this were the sharpshooters of the speed skating game, that no club or set of citizens were sufficiently interested in aiding this youngster either to Saranac Lake, N. Y., or Montreal, where the national and international meetings were being held at that time.

There was, however, one gentleman, connected with the Canadian Pacific Railway, very much interested in the general sports of the city, who took a particular fancy to this youth's performances on the ice so much so, that he was very often caught timing him at the local meets taking place quite frequently, and he became greatly impressed by the speed shown at the various distances time after time as proven by the clocking of his trials. Efforts were made to have the expenses of this youth defrayed and have him represent St. John at the two big meets of the year, but the proposition met with flat failure.

However, means were taken, unknown to but very few of the St. John public, to have him test his speed against the best there was under the colors of the Montreal Amateur Athletic Association, to which his friend Morris Woods was attached and consequent right to test his speed as required by the laws of the International Skating Union.

Morris Woods was the international champion at the time. Among others who have since held championship honors are Wheeler, Lamy and Bush. If Woods serves right, this youth, practically unknown, a thought hardly being wasted on his chances even to make a fair showing, left the tape in every instance at both the National and International meetings and finished first in all but one race. That youthful aspirant for international championship honors was Fred Logan, the only skater to bring home to St. John an international championship. Logan settled down a well known and respected citizen of St. John, with a wife and family. After giving up the game actively, he went quietly along and fostered a love for the speed skating game in his eldest son, Willie Logan. He has brought him along step by step, giving him a tuition in the game that today at fifteen years of age, he not only ranks head and shoulders over boys several years his senior, but within the next year his development will have become so much greater that one may expect (and reasonably so) to see him competing for international honors.

Logan, Jr., is a remarkably youngster, with plenty of speed and endurance and at present is going like a greyhound. With the knowledge he has assimilated and under the excellent care that he will have from his father's attention his prospects for carrying off the Junior championship events look to be extremely bright. Young Logan

so far this winter has competed in practically all maritime province speed skating races and not only cleaned up as the saying is, but the time made in the different events has in many cases equalled that of the best there is in the speed game, irrespective of age.

The writer predicted the father's success nearly twenty years ago, and today, after watching Son Willie's work, has no hesitation in saying that if any one of the present trio of Canadians—Gorman, Garnett and Glover—do not annex the international championship this year, Logan, Jr., will be the next Canadian holder of the title, and that within the next two years.

The Logans, father and son, left St. John, N. B. for Montreal on Saturday by the Canadian Pacific Railway, and spent Sunday in Montreal before proceeding to the racing events at Saranac Lake, N. Y., and later to meetings at Montreal, Lake Placid, St. John and Moncton.

WOULD PUT CLAMP UPON ALL BETTING

Draft of Michigan State Bill Contains Drastic Clauses.

Detroit, Jan. 29.—The draft of the proposed state law against horse racing and other kinds of gambling, and public betting, is being completed by the Michigan State Bar Association, according to present plans.

The title of the bill is, "A Bill for the Suppression of Gambling."

There are twelve sections. The first prevents the acceptance of bets "upon the result of any race, contest or game or upon the happening of any event not known by the parties to be certain."

Section two makes it unlawful to keep or assist in keeping a gambling house, or to permit any premises to be used for gambling, or to frequent a gambling place.

Section three prohibits maintaining a place "for registering bets or buying or selling pools upon the result of a trial of contest of skill, speed or endurance, or upon the result of a game, competition, political nomination, appointment or election, or by any purported event of like character, or to be present in any such place or to register bets, or buy or sell pools or to be concerned in buying or selling pool."

The remaining sections are equally drastic.

city, who are eligible to membership. Separate organizations are now maintained by graduates of 71 of these institutions. The present University Club was organized in 1892 at the suggestion of Amherst men, whose idea was to form a luncheon club.

Specifications of the new structure for a building in the Renaissance style, of limestone and brick. The basement will contain squash courts, swimming tank, billiard and poolroom, barber shop and locker room. The two floors next above will include dining and grill rooms for both men and women, reception rooms, library, lounging and guest rooms. The third floor will be given over to women's use and the fourth and fifth floors will consist of sleeping quarters.

Don't Spoil Your Child's Hair by Washing It

When you wash your child's hair, be careful what you use. Do not use prepared shampoos or anything else that contains too much free alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulford's coconut oil shampoo, for this is pure and entirely greaseless. It is very cheap and beats anything else all to pieces.

Simply put two or three teaspoonfuls of Mulford's in a cup or glass with a little warm water, then moisten the hair with water and rub the Mulford's in. It makes an abundance of rich creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to manage. Besides, it loosens and takes out every particle of dust, dirt, and dandruff.

You can get Mulford's coconut oil shampoo at any drug store, and a few ounces will last everyone in the family for months. Be sure you get Mulford's. Beware of imitations. Look for the name Watkins on the package.

MORE DISCUSSION ON SALARY MATTER

Motion That No Raises be Made Left Undecided.

Delegation From West Side Improvement League is Heard—Mayor Scores the Building Law—The Estimates.

To increase or not to increase, that is the question at City Hall. This morning's committee meeting of the Council was very largely taken up with a discussion of the question of salary increases and wage increases. At the time of adjournment a motion by Commissioner Wigmore, seconded by Commissioner Thornton, that no increase be given in any department in the City of St. John, had not been voted on and it was decided to allow it to remain on the table until the next meeting. It provided a great deal of discussion. Figures asked for from the school board showing the reason for the increase in assessment asked for were presented and will be considered later. A delegation from the West End Improvement League appeared in support of the request for a grant of \$2,000 to develop the West Side playgrounds and were heard. A building permit for repairs to the premises owned by the Mayor, and for which the city building inspector had refused a permit was dealt with by all the members of the Council and the Mayor denounced some of the provisions of the building law as unfair to property owners. Some of his remarks evoked warm response from Commissioner Thornton.

A delegation composed of S. G. Olive, W. Farren and P. J. Legge appeared. The latter said it had been an understanding that the land on the West Side should be developed as a playground. There seemed to be a feeling that because no delegation had appeared the development was not wanted. This was wrong. He asked that the council carry out the understood agreement at the time the land was bought. He was representing the West End Improvement League, of which he was secretary. The president, W. E. Scully, was unable to be present.

Mr. Farren made some explanation of the stand of the League, which, he said, was solidly back of the project. The delegation then withdrew.

Mayor's Building Matter.

Com. Thornton said with reference to the building permit for the building by the Mayor that he had a letter from the city solicitor to the building inspector. It said that the inspector's permit was necessary for the Mayor as anyone else. The Council had no authority with reference to the granting of permits. It lay with the building inspector to decide.

Commissioner Wigmore said there had been discussion on the building laws every year and he thought something should be definitely settled and the laws revised.

Commissioner Thornton said it would be necessary to get permission to revise the Acts of Assembly. The city solicitor had recommended a revision of the building laws or the enactment of a new code. This was a difficult matter. He moved that no action be taken.

The Mayor said it was a matter of great public interest. While the building inspector was not authorized by the Council made the law. No consideration had been shown owners.

Commissioner Thornton said in the case of a building at the corner of Union and Dorchester streets had been permitted to be repaired because it was decreasing the fire hazard. The Mayor had been taken off. He said this in answer to a question from the Mayor.

The Mayor said this was a parallel case to his.

The Council had proved it could act in that case. The City Solicitor had tried to show this could not be done; that the Council had no authority. He thought the building inspector had used very poor judgment in trying to influence the Council in this matter. Commissioner Thornton objected to this as unfair. His motion carried; the Mayor not voting.

Salaries and Wages.

Commissioner Frink moved that the section of the wage schedule of the Public Service Employees' Union relating to the Public Works Department be adopted. This was carried.

Commissioner Bullock made the same motion with reference to the ferry employees. Commissioner Wigmore said his department had a union of its own. He intended to recommend ten per cent increase. Unless the increases were general it was class legislation.

The Mayor said he had looked up some information on this score. It was not expected that there would be much reduction in taxable incomes including profits this year. His information came from the chairman of the board of assessors.

There was evidence of an increase in the tax rate this year which he hoped to escape. Last year it had been \$2.95. This year it should not be more than three and less if possible. There must be drastic economy. He thought there would be an increase of \$90,000 in the estimates. It might run to \$115,000.

School Board Report.

On motion of Commissioner Thornton the report of the school board showing the reasons for the increased amount asked to be voted was received and a copy furnished each commissioner. The figures submitted by the school board showed increases over last year of \$15,825 in teachers' salaries; \$870 in officials salaries; \$17,676 in rents. The total increase in 1923 estimates over 1922 was shown as \$20,165.84. There was an increase of \$500 in estimates for evening technical schools.

The Mayor thought that some means must be devised to cut down expenses, to cut out the non-essentials.

Commissioner Thornton said business men had told him they expected little profits this year. He was glad the Mayor had come to his way of thinking. If things went on as at present the people would be clamoring for a change in Civic Government. The Mayor ruled him out of order. Commissioner Thornton moved that the ruling of the chair be not sustained. The motion was carried and Commissioner Thornton resumed.

The Mayor, had spoken of keeping the tax

LOCAL NEWS

POLICE COURT
Before Sitting Magistrate Henderson in the police court this morning, two men charged with being drunk were fined \$8 or two months.

LANCASTER FERRY MATTER.
The matter of the Lancaster and Indiantown ferry was one of the subjects to be taken up this afternoon at the meeting of the finance committee of the Municipal Council which met at 2.30.

TWIN GIRLS
The interesting news that twin girls were born to his wife in the Winchester Hospital in Winchester, Mass., was received today by D. J. Sullivan, 63 Park street, a member of the D. S. C. R. staff in this city.

LOCAL SPORT.
The Fredericton High School hockey team arrived in the city today to play the local High school team in a regular interscholastic league fixture.

IN HONOR OF MISS ETHEL PARLOR.
An afternoon tea was held at the home of Mrs. O. H. Tracey, 4 Carleton street on Saturday afternoon in honor of Miss Ethel Parlor, who is to leave for the United States in the near future to study singing. More than fifty guests were present. Mrs. May Parker presided and those who served were Miss Edith Svetka, Miss Audrey Purchase, Miss Lena Hunter, Miss M. Morton, Miss G. Parlee and Mrs. N. A. MacLeod.

DEATH OF CHARLES J. WOOD.
Charles J. Wood died at his home, 6 Spout street, yesterday after a lingering illness. Besides his wife he is survived by five daughters and one son. The daughters are: Mrs. Leonard Moore, Mrs. Frank McLaughlin, Mrs. H. Lester of Nauwigewauk, and Mrs. Cyril Moore of East St. John and the son is John E. Wood of this city. He also leaves five step-daughters. The funeral will take place tomorrow afternoon at 8.30 o'clock from his late residence.

ARRIVE AT WESTPORT.
The tug F. W. Roehling and the schooner Hiram D. Maclean are at Westport, N. B., according to word received by the local agents of the schooner today. They left here last week for Meteghan where the Maclean was to go on the marine railway for repairs following her running ashore early in the month on Libby's wharf but were prevented from reaching their destination by drift ice which blocked the passage to Meteghan. They will stay at Westport awaiting orders.

EVERLYN MAY CRUSER.
The death of Mrs. Evelyn May Cruser, wife of Wm. B. Cruser, occurred at her home in Jamaica, L. I., New York on Sunday, Jan. 21 from pneumonia. Mrs. Cruser was a daughter of Mrs. Fred H. Ford, Gladys M., Wm. B., George L. and Medora E., all of Jamaica, L. I.; also two brothers, G. Leonard Clark of London, Eng., Amos LeB Clark of Nauwigewauk, and two sisters Mrs. Margaret S. Fowler, French Village, N. B., and Mrs. Andrew M. Foster, Nauwigewauk funeral was at Jamaica.

TOO MUCH SNOW IN WOODS.
Fredericton Clearers—Certain lumber crews engaged in operations in the woods in the Fredericton district for one of the largest lumber companies in Eastern Canada will be compelled to close down because of the excessive amount of snow unless conditions are changed by the first of the week, according to a well known local lumberman. There is too much snow in the woods now for cutting and yarding and hauling off the yards will have to await more favorable conditions also.

FEAR NOVA SCOTIA BOYS ARE DROWNED.
Guysboro, N. S., Jan. 29.—Alvin Scott, 14, and Gordon Hart, 15, have been missing since Friday and it is feared have been drowned. They were shooting in the vicinity of Long Beach and when it became time to return to their homes on the south side of Guysboro harbor they were unable to get across to their small boat on account of ice which drifted in. They were seen to return to Long Beach. Since then they have not been heard of.

SIR HENRY OPTIMISTIC ON RETURN TO OTTAWA.
Ottawa, Jan. 29.—After an inspection trip of ten thousand miles covering the national lines from coast to coast, Sir Henry Thornton returned to Ottawa last night, to use his own words, "as optimistic as ever."

MARRIED IN DETROIT.
Word has been received announcing the marriage at Detroit, Mich., on January 15 of Miss Anna Hilda Allen, daughter of Mr. and Mrs. John F. Allen, of Pokok, York County, and John Edward Akerley of Detroit, son of Mr. and Mrs. B. W. Akerley, of Southampton. Mrs. Allen, mother of the bride, accompanied her to Detroit.

DIED ON SUNDAY.
Fredericton, N. B., Jan. 29.—Charles S. Courser of Queensbury, died Sunday, aged sixty-nine years. He is survived by his widow, one son, Lee, who made his home with him and Mrs. George Dougherty of St. John. He had been ill a short time. He was a native of Prince William, York County, but for some years farmed at Grand Bay, moving to Queensbury.

Refuses to Ask For Life.
Warsaw, Jan. 29.—Nicuwadmski, the artist who assassinated President Narutowicz, has refused to appeal for a pardon from the death sentence imposed upon him.

HYDRO CONNECTED WITH MONCTON TRANSFORMERS TODAY.
Moncton, N. B., Jan. 29.—Hydro electric power from Musquash waters was connected with the new transformers and switchboards of the Moncton Tramway Electricity and Gas Company at 12.25 o'clock this morning.

The work was done under the supervision of Gordon Kribbs, electrical engineer of the provincial power commission at Musquash, Blair Bain, of this city, instrument man of the power commission, and H. E. Redmond of the General Electric Company, Halifax, who has been in the city since October 1 installing the new switchboard which was purchased by the tramways company to carry out the distribution of hydro current.

TUG NEPTUNE IS DAMAGED BY FIRE

Blaze Breaks Out as She is Towing Steamer to Wharf—Captain Shows Coolness Under Difficulty.

The Furness, Withy Co. Ltd. tug Neptune will be out of commission for some time as a result of a fire which broke out under her boilers this morning while she, with the tug Margaret Hackett, was docking the Manchester Brigade at Pettigall wharf. Captain William Hurley earned a great deal of credit for sticking by the wheel of his ship until he had brought her in to the dock. An alarm was rung in from Box 81 and the fire department quickly responded.

At about ten o'clock the two tugs were towing the Manchester Brigade and had got her almost completely docked up when the fire broke out. The engines were worked at full speed and the fire department quickly responded.

At about ten o'clock the two tugs were towing the Manchester Brigade and had got her almost completely docked up when the fire broke out. The engines were worked at full speed and the fire department quickly responded.
