IMPORTANT DECISIONS THIS WEEK IN PARIS

Said Germany Must Destroy Ports on Right Bank of Rhine; No Big Indemnities For Two Years

Paris, March 31.—(Havas Agency)—The probability that important final decisions will be taken this week by the peace conference is pointed out by the French press today. Dwindling upon the French press today, the newspapers reiterate their arguments that these are just and legitimate and absolutely necessary for the safety of France and for the world.

Regarding the indemnities, the experts, the newspapers continue, have admitted the impossibility of Germany paying enormous amounts during the next two years. The newspaper says it understands that the payments required will be on a rising scale yearly, each of the Allies to contribute its share either in cash or various products.

Ukrainians Also Declared Ready for Negotiations—London Hears That Bolshevik Forces Have Evacuated Kiev

London, March 31.—According to a new labor paper, the Daily Herald, the Allies have received a proposal for an understanding with the present rulers of Russia, making possible a just peace which would immediately bring Russia into the league of nations.

The writer minimizes stories of outbreaks by Russian revolutionaries, declaring that such happenings have been frequent in other revolutions on a similar scale. He says that the Bolsheviks, Lenin, Trotsky, and other revolutionaries have been expelled from their own former government and are now in a state of flight.

FOR LEAGUE BUT WANTS CHANGES

Elihu Root Suggests Amendments to Covenant as Made Public in Paris

New York, March 31.—Elihu Root last night declared himself an advocate of the league of nations covenant made public by the peace conference, providing it is amended, primarily by written enforcement clauses into the articles calling for arbitration and limitation of armaments, by restricting the unanimity of the American people of the present political and territorial status of members and by protecting non-American interference in the affairs of the American continent.

He made his approval contingent also upon amendments stating periodic revision of international law and a general redrafting of the covenant in an atmosphere removed by several years from the issues attendant upon the settlement of a world war. To dispel doubt as to the right of withdrawal from the league, he favored specific reservation of this privilege to any signatory, coincident with or after the proposed redrafting conference.

If these changes could be made, the former secretary of state asserted, it would be "the clear duty" of the United States to enter into the league agreement in keeping with what he termed the "public opinion of the country" which he said "does its full share toward the establishment of an effective international organization to preserve the peace of the world."

Mr. Root reviewed the league project before the board of directors of the Republican National Committee, which the latter gave out for publication.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, St. John, N. B., March 31, 1919. The weather is becoming milder in the western provinces.

The City In Confusion

Some On Daylight Some On Old Time

With the railways running on daylight saving time and the city still on local time, the confusion which such a condition is bound to produce began this morning. The railways made the change yesterday, but few people were affected by the Sunday traffic. The real trouble began this morning when the commuters had to catch the trains on the amended schedule.

It continued during the day at every point where railway traffic comes into contact with the life and activities of the city and this evening it made trouble for the men who work until six o'clock, when the six o'clock train leaves at 5.15.

The Board of Trade has gone on record as strongly supporting the adoption of the daylight saving plan and their resolution to that effect is before the city council.

The Retail Merchants' Association also is taking the matter up in the hope of some basis for uniformity. A meeting of all those interested has been called for eight o'clock this evening (city time, nine o'clock daylight saving time), in the Red Triangle rooms when the matter will be discussed.

Officers of the association are endeavoring to arrange for the meeting without taking sides on the question—merely seeking to give opportunity to get together on the matter. By the time they had got in touch with all the members they had to find out the feeling on the subject in favor of the daylight saving time was practically unanimous.

A canvass of prominent manufacturing firms and wholesale establishments in this city brought conclusive evidence that the desire of the employers was for uniformity of time with the daylight saving plan and they surely do not want uniformity between local and railway time. The meeting this evening will reflect their sentiments.

At least one establishment employing a large number of workers would make the change on their own account if it were not for the fact that many of the employees are dependent on the street railway for transportation and they would not be able to get to work an hour earlier unless the street railway changes also.

Among those who do not want the daylight saving plan, the chief objection seems to be that it continues too late in the fall, as by the end of October there is little daylight at either end of the day.

The change is to be made by local enactment, it might be considered to take this into consideration. To shorten the period would leave the opportunity for the same confusion in the fall when the city reverted to local time and the railway was still on daylight saving time.

It is felt that fewer people would be inconvenienced, and that it would be a better plan to have the city revert to local time for that short period than for the entire six months.

Among the most ardent supporters of uniformity are the hotel people. Under the best of circumstances, they have their own troubles with train schedules, but if the city were to operate on one time and the railways on another their problems would become much more serious.

Some people who thoughtlessly depended upon the street cars to land them at the depot in time for the out-going early trains were left out.

Hotel help was forced to bestir themselves a whole hour earlier to get breakfast for their parting patrons, while all around the town was still in the arms of Morpheus, as the poet has it.

HOME FROM WAR

News of Some of the Gallant Lads Who Have Just Returned

Among those who arrived on the S. S. Empress of Britain last evening was Spr. Arthur J. Cotter. He was met by his brother, William J. Cotter, of this city, who went down on the Helena to meet the liner. Spr. Cotter enlisted in the Canadian overseas railway construction corps in 1915 and was in England only two months when the unit went to France in August, 1918.

He served in France until the armistice was signed when he was sent to Belgium, where he was doing railway construction work. In last January he was sent to England to await transportation home.

Spr. Cotter is a brother of Frank L. Cotter who went overseas with the "Fighting 20th" and gave his life in the famous crater fight. He was a matter of regret among the members of the corps that they were not able to return to St. John to see their friends.

Half of the corps thinks the people of St. John for the kindness which was shown to the unit during its stay here while mobilizing. The unit, first construction corps to go to France, did excellent work. All are glad to get back to their native land. The trip over on the Empress was excellent.

F. J. McCullough, 287 Waterloo street, arrived home on the Empress. He enlisted with the 140th battalion in October, 1915 and was transferred to the 26th. In France he was sick for some six months with trench fever and after going back with his unit he served until the day before the armistice was signed when he was wounded slightly.

He was invalided to hospital in England and a short time before getting transportation home was taken sick with influenza and pneumonia. He was wounded at Arras, E. T. Speight.

Pte. E. T. Speight, who came home on the Empress, enlisted in the 12th battalion. He went overseas on the first contingent. In England he was transferred to the 14th battalion and went to France in February, 1918. In May, 1918, he was wounded, gassed and taken prisoner at the second battle of Ypres. He has a large number of friends in this city and wherever they are glad to hear of his safe return.

Pte. G. O'Leary of Peters street arrived home on the Empress. He went overseas with the 1st Depot Battalion and was transferred to the 14th. In France he sustained a broken ankle and was invalided to England.

J. Murphy, 69 St. James street, West St. John, who arrived on the Empress, enlisted in June, 1917, in the 8th Field Ambulance Corps and transferred to the machine gun section of the 2nd Battalion. He was wounded at Arras, L. Corp. D. W. Machum.

Among St. John men who crossed on the Regina was L. Corp. Donald W. Machum, son of H. W. Machum. He enlisted in February, 1915, in the 6th C. M. R. At the battle of Sancti Spiriti Wood he was the first to render aid to General Williams, who was wounded, and was also taken prisoner. The party taken at that time were held at Camp Dulman, Germany. L. Corp. Machum made two attempts to escape but was unsuccessful. After the armistice nine managed to escape and make their way across to Holland. He arrived home this morning and is as fit and well as when he left.

Gerard Lawlor. After more than two years' service overseas with the Broad Guinon Railway Operating Company, Gerard Lawlor, son of Mr. and Mrs. J. W. Lawlor of Brookville, arrived home this morning on the 6 o'clock train from Halifax, where he had landed from the steamer Regina. He was with the government.

Toronto, March 31.—The cellar of one of Toronto's wealthy citizens was deplored of fifty-six cases of liquor while the residence was temporarily in charge of a maid, the depolter misrepresenting himself as an inspector from the Ontario license department and explaining that while the law allowed only four cases of liquor in the cellar, there were sixty cases.

COMMON COUNCIL

Workmen's Licenses—New Site for Market Square Fountain

The common council, in committee this morning, discussed the abolition of the license fee for non-resident workmen, but delayed action until Thursday. The chamberlain asked for amendments to the tax schedule for vehicles to provide particularly for commercial motor trucks. He was asked to submit a draft on Thursday.

A new site for the Market Square fountain was decided on. Authority was given for the reconstruction of three retaining walls.

Mayor Hayes presided and all the commissioners were present. The chamberlain said that the total revenue from the license fees was only \$800 or \$900 a year. The mayor did not think it worth while to consider the matter.

The city chamberlain said the collector should be given power to arrest. Mr. Crawford told that Montreal men working here, objected to paying on ground that St. John men are not taxed in Montreal. This was questioned by some of the commissioners.

The chamberlain said that the total revenue from the license fees was only \$800 or \$900 a year. The mayor did not think it worth while to consider the matter.

The mayor remarked that the Automobile Association had objected to a smaller tax for that purpose. The chamberlain explained that the motor vehicles now are taxed according to the horse vehicle schedule and he thought a new schedule should be prepared, including all vehicles used for general purposes whether private or for hire. He was asked to prepare a draft and submit it on Thursday.

Police Commissioner J. J. Doherty presented the claims of twenty policemen for value of time lost while on duty for being dismissed, eleven of the men making no claims. The total was \$2,265.00.

Mr. Fisher proposed payment until all the conditions of the conciliation board's recommendations had been fulfilled. One provision was that the constitution and by-laws of the police union be approved by the council and, while he did not anticipate any trouble, he would be whole master should be dealt with at the same time.

Mr. Jones vigorously opposed this suggestion. Mr. Thornton said he would not press the matter if there was any opposition to the horse vehicle schedule and he was carried unanimously.

Mr. Fisher moved that the Market square retaining wall be removed to a site to the southwest of the grass plot, now indicated by a temporary obstruction.

Messrs. Bullock, Jones and Thornton opposed the motion, suggesting instead that it be moved westerly and placed in the grass plot. Mr. Jones moved an amendment to this effect. The amendment carried by a majority vote.

Mr. Fisher was given authority to reconstruct a portion of the retaining wall at a cost of \$1,677, and in City room from Stanley street eastward about 136 feet, with cement concrete at an estimated cost of \$1,600, both by day's work, and to call for tenders for building with cement concrete the retaining wall in Main street between Sheriff and Murray streets, all to be paid for by bond issues.

The commissioner of public works reported regarding a claim on behalf of A. W. Smith for injuries sustained while falling from the sidewalk at the Royal Hotel in King street on March 6, the alleged cause being a bad sidewalk. The sidewalk was found to be defective and has been found in the sidewalk referred to.

Heart Palpitated Could Count Every Beat

When the heart begins to palpitate, it will beat fast for several seconds, then slow, then start to flutter, and a feeling of utter depression will come over you; whole system, accompanied by weak, fainting and dizzy spells.

When the heart gets into this condition, you become weak, worn and miserable, and are unable to attend to either social, business or household duties.

Milburn's Heart and Nerve Pills will give prompt and permanent relief to all sufferers from any heart weakness or nerve derangement.

Mrs. Walter Graves, Apsley, Ont., writes: "I had been run down, and doctors told me I was anemic, but did not help me with their medicines. I could not sleep nights, my heart palpitated, and I could count every beat."

I used to have such dizzy spells I would have to go to bed. I was not able to do any work for eight months. Alexander Crawford, a cousin of mine had taken Milburn's Heart and Nerve Pills and told me what they had done for her. I took eight boxes of them, and now I am able to help every day with the work. I am so thankful to tell others what they have done for me, so that they may try this great and wonderful remedy. I could not sleep nights, my heart palpitated, and I could count every beat. Who is suffering the way I did?

Milburn's Heart and Nerve Pills are 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Letters to this effect were authorized. FRENCH M. P. APPEALS FOR CANADIAN UNITY. Toronto, March 31—Thomas Vien, M. P. for Lotbiniere, Que., addressed the open forum here last night and appealed for Canadian unity.

"I extend to Ontario," he said, "the right hand of good fellowship from the province of Quebec, and it is up to you to say whether you will grasp it or not. I was an English-speaking citizen of Canada. I would endeavor to induce you to grasp it because in my judgment it is more to the advantage of the English provinces than to the province of Quebec."

REPORTED ULTIMATUM TO CZECHO-SLOVAKS. Basle, Switzerland, March 31—The Hungarian government is reported in Vienna despatches to have sent an ultimatum to the Czecho-Slovak government. This ultimatum, it is said, was taken because of the concentration of Czecho-Slovak troops and a rumor that there would be a general mobilization in Bohemia in the near future.

MARINE NOTES. Digby Courier: There will be a launching at Wedgeport, Yarmouth County, on April 1. A schooner recently built for Edmund LeBlanc is now awaiting the spring tides to leave the ways and it is expected the first of the month will see her under way.

Two fine steam fish trawlers recently purchased in England by National Fish Company, are now operating out of Digby for the company, which is now represented at that great English port in the summer.

The trawlers will come to Halifax late in the summer. Thirty years ago Halifax had a large fleet of West Indian brigantines, all but one, it is said, disappeared off the coast of the waters. Today Lunenburg has a very large fleet of schooners in the same trade.

A large fishing schooner being built at Saultville, Digby Co., by the Duffy-Blinn Co., and of which Jerry S. d'Entree is master builder, is progressing favorably. She is all framed, clamps are in and she is now partially sealed. The three-master building at the same place by the Acadia Shipbuilding Co. is also moving along rapidly. She is already largely sealed and the deck beams are now being put in.

Yarmouth Herald:—On a recent trip of the steamer Keith Cann to St. John, the crew picked up and towed into Yarmouth two spars from the schr. George Melville Cochrane, which was dismantled and abandoned a few weeks ago several miles southwest of Yarmouth Cape. The spars had sails and a considerable quantity of running rigging attached, which last week was stripped from them and brought to Yarmouth by the Keith Cann on Saturday. A tug will later be sent there to bring the spars to Yarmouth. Two more of the Cochrane's spars were reported a few days ago off Sandy Cove, but owing to the large amount of gear attached motor boats of that vicinity were not powerful enough to tow them in.

Moncton Transcript, Saturday:—The Misses Mac Magee and Mary Rawlinie left this afternoon for St. John, to spend the week-end with their sister, Miss Marion Lea left this afternoon for New Westminster, B. C., to spend a vacation with her sister, Mrs. Steeves, wife of Dr. H. S. Steeves. Miss Lea, on her return, will be accompanied by Mrs. Steeves.

GUM DECAY CAUSES TOOTH DECAY. Healthy teeth need healthy gums to hug them. Else they will loosen in Pyorrhea. Tiny openings will come in the gums to act as the gateways of disease germs, which infect the joints or tonsils, or cause other ailments. Forhan's prevents Pyorrhea, if used in time and used consistently. No more toothpaste does. Are your gums tender gums? Are they bleeding gums? If so, you are certain to have Pyorrhea (Gigg's Disease). Four out of five people who are over forty have it. For you who earnestly recommend Forhan's, it preserves the gums which hold the teeth secure. Brush your teeth with it. Forhan's cleans the teeth scientifically—keeps them white and clean.

If gum-shrinkage has already set in, cure using Forhan's and consult a dentist immediately for special treatment. Forhan's and 60c tubes. All Druggists. FORHAN'S, LTD., 307 St. James St., Montreal.

FRIENDS GREET J. N. HARVEY. Many old friends are extending a hearty greeting to J. N. Harvey, formerly a successful clothing merchant in St. John, and now a much more successful merchant in Vancouver. One of his first visits since arriving was paid to the Boys' Industrial Home, of which he was formerly a member of the board of governors. He addressed the boys, and expressed gratification at improvements made.

Mr. Harvey says that probably 95 per cent of the people of British Columbia would vote in favor of daylight saving. He heard the debate in Ottawa, and says it was simply a general assent to the proposition that the farmer must have his way in this matter.

Of educational matters in British Columbia Mr. Harvey says that the policy of the government and of the university is to train up the young in a practical way that will fit them to aid in the development of their own province, so that they need not go abroad, as so many from the maritime provinces have done to help build up other communities.

In Vancouver a great deal is done to promote child welfare, and the Judge in the juvenile court is a woman. Mr. Harvey has been very successful in business, but he and Mrs. Harvey are very lonely since they lost their son, a young man of brilliant promise, who is numbered among many such who are lost to Canada and the world because of the great war. He was their only child.

MEMORIAL. At a meeting of the executive of the High School Alumni held on Saturday at the residence of Miss Jessie Lawson, the president, preliminary arrangements were made for a lecture to be delivered by Miss Agnes Warner at an early date. The final plans for the honor roll to be hung in the High school were completed and it was definitely decided that the alumni should establish a scholarship as a memorial to the High school boys who had fallen during the war. A first donation towards the scholarship fund was received in memory of Lieutenant Charles Lawson, the brother of the president. The donation was most gratefully received and was of the very appreciable amount of \$15 annually.

The Story of the Diamond

Chapter 5.—Its Uses.

The part that the diamond is called upon to play for purposes of adornment is too well known to call for further comment.

"Diamond Cupid and Benedict" is a long established firm, still carrying on business at the same old stand.

Since but a limited number of diamonds found are, however, sufficiently fine quality to be used for such adornment, the balance serve

a very useful purpose in the industrial fields.
The impure diamonds, or such as cannot be advantageously used as jewels, are known as "flints," and include all grades, shapes and colors, even to the "coal-black."

Because of their excessive hardness, such stones or pieces of stones, are valuable for the drilling of glass and porcelain, and a great many of stones, dentists' drills, cutting of glass, whitts for rock drills in mining they are almost indispensable.

The term "diamond cut diamond" finds its verification in the fact that all diamonds are cut and polished by the use of the dust from such stones, which operation we will explain later.

Tomorrow we will tell you where the diamond is found.

MONTEAL TORONTO WINNIPEG VANCOUVER

IN WALL STREET

New York, March 31—Advances and declines at the outset of today's stock market were so marked as to indicate further confusion of sentiment in speculative circles. Interest attached to the trading in United States Steel because of its publication of its annual report. Steel opened at a slight loss, made immediate recovery but reacted against its purpose. The military pay offices are located on the ground floor and they, with other tenants, have been given notice to quit by May 1.

THOUGHT IT WAS A BOIL

Doctor Young Abscess

Mr. Gleason R. Young, Kiltgoor, N. B., under date of Feb. 29, 1918, writes us as follows: "About five months ago a lump came on my jaw-bone. I thought it was a boil, and after it had been there a week it began to grow larger. I went to a doctor and he said it was an abscess, and he told me to get a bottle of Burdock Blood Bitters, so I got and got a bottle, and by the time it was all gone, the abscess had disappeared, and now it is all better."

Burdock Blood Bitters will heal and dry up sores, ulcers, and abscesses, no matter how large or of how long standing. If you have never applied it to a cut, wound, sore or ulcer, just try it and see what soothing, healing, cleansing, purifying and refreshing effects it has. It stings and burning, and promotes the growth of healthy flesh. So, too, when taken internally, by its power of eliminating all impurities from the blood and making that vital fluid rich, red and pure, it cuts off the origin and source of boils, pimples, sores, ulcers, abscesses and the like, and at the same time purifies and enriches blood, creating healthy tissue where there was formerly, perhaps, a sore full of pus.

Burdock Blood Bitters has been on the market for 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

HOW MEMBER OF 55TH WON V. C.

Callant Act of Sergeant Herman James Good, New Brunswick Lumberman and Farmer

(Sussex Record.)
"For most conspicuous bravery and leading when in attack his company was held up by heavy fire from three machine guns, which were seriously delaying the advance. Realizing the gravity of the situation, this N. C. O. dashed forward alone, killing several of the garrison and capturing the remainder. Later Corporal Good, who alone, encountered a battery of 5.9 inch guns, which were in action at the time. Collecting three men of his section he charged the battery under point-blank fire and captured the entire crews of these guns."—From Official Gazette.

Among the men who enlisted from the lumber camps of the Chaleur basin was Herman James Good. He was not yet thirty years old, but he had for a number of years been boss on the big lumber drives under the Bathurst Lumber Company. He worked in the forest and on the drives in the winter and spring. The rest of the time he worked his farm, about three miles from Bathurst. Outdoor life made him strong and physically courageous. It gave him great powers of endurance, so that when he was in the great battle in France, though wounded three times, he recovered and was at the front on the memorable 11th

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

of November, when the armistice was signed.

Sergeant Good enlisted June 28, 1915, with the 55th Battalion. After a period of training in Sussex and at Valcartier, he went to England. He got to France April 12, 1916, just a year after the first heroic stand of the Canadians, of which the men in the lumber camps had read and talked of the year before. Sergeant Good has been through all the fighting since with the exception of a few months in hospital as the result of wounds received on three different occasions.

Just a month after going into the trenches Sergeant Good received his first wound. Back to the trenches in a short time, he was again sent back September, 1916, for shell shock, when he was in hospital for six weeks. Two whole years of active service followed without any more wounds or sickness. He received his third stripe for wounds, Aug. 17, 1918, when he was gassed, just eight days after he had won the Victoria Cross. After being in hospital for a month, and then spending three weeks' leave in Glasgow, he went back to France and was there till fighting stopped.

Sergeant Good is the son of Mr. and Mrs. Walter Good of Big River, N. B., about four miles from Bathurst, their nearest town. He was born on his parents' farm at Big River, and lived in that vicinity all his life until he set out for France, where he has distinguished himself so signally. Sergeant Good himself owns a farm not far from his father's. After he left school he worked on his father's farm. Then he took charge of a farm of his own, and spent his time between it and the lumber camps.

The victory which we all rejoice over was not won by chance. It was made

possible by individual acts such as are recorded in the official report of Sergeant Good's deed of valor—which won him the highest honor conferred on British soldiers. On the field of battle he was made lance corporal, then corporal, and after he won the V. C. he was made sergeant. In the thick of the awful fighting of last August, when the Allies were in the heat of their great advance, when they had staked their all for final victory, Sergeant Good performed the act of valor which won for him the Victoria Cross. He was no sluggard, no quitter. The Canadians were advancing in the face of the awful fire. The Germans had three machine guns which were giving them trouble. Those guns were taking many good men. Sergeant Good made up his mind that that sort of thing should stop. Alone he dashed forward, killed several of the men operating the guns and made prisoners of the remainder. He took back his prisoners, but did not stay back long. Into the fight he went again, and this time he encountered a battery of big guns, guns that throw a shell more

than five inches in diameter. He was alone. Did he hesitate? Did the point blank range that the guns had on him frighten him? Did he run, or fall flat on the ground? This is what he did: He called to three of his section who were near to follow him. The four of them, with Good leading, attacked the big gun crews, and one of the miracles of the great war was performed. Those four men captured the whole of the gun crews of the three guns of the battery. So was the V. C. won by Sergeant Good.

It was hardly a fair way to rate Canada's preferential surtax on Canada and the colonies, and now that the over it will be an injustice must be explained.

TROUBLE IN KOREA SPREADS

H. Yun Soop, special representative of the Korean Independent Union at Shanghai.

Very pleasing news has come to Mr. and Mrs. J. H. O'Brien of Milltown, N. B., to the effect that her son, Lance Corbett Arthur J. O'Brien, has been awarded the military medal. He went overseas with the 15th Battalion in 1916 but was transferred to the 24th Battalion, a Montreal regiment, in which many New Brunswick boys served, and because it was a Montreal battalion the award was not posted in New Brunswick.

It is important that advertisers in The Evening Times take notice that under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day. It is therefore necessary that advertising copy be in the office an hour earlier than has been customary. Observance of this will be to the mutual benefit of the advertisers and The Times.

LOCAL NEWS

N. S. SOLDIER DEAD.
The funeral of William Marshall, who died at the St. John hospital, was held at the residence of his wife, Mrs. Marshall, on Saturday afternoon.

LITTLE ONE DEAD.
Mr. and Mrs. Percy N. Woodley of 102 Wright street were the sympathetic friends in the death of their infant daughter, Bessie, who passed away yesterday.

BURIED AT HAMPTON.
The funeral of Nathan McCloskey took place on Saturday afternoon from his home in Lakeside to the Methodist church in Hampton, where services were conducted by Rev. G. Stanley Helps. Interment was made in the Hampton rural cemetery. Mrs. Ryder is seriously ill.

FOR SCHOOL THEATRE.
Mr. and Mrs. Arthur McCloskey of Coburg street returned after an American trip Saturday. While away Mr. McCloskey visited several theatrical outfits and returned with a number of interesting items for the school theatre. He is a member of the school board and is interested in the school building, which is a modern auditorium with more than 800 seating capacity.

TRAINS LATE.
The Montreal and Boston trains were both late today, the former an hour and the latter fifty-five minutes. This practically offset the new daylight time. The delay in the steamship passenger traffic, therefore set the post office staff at ease for a spell and mails were sorted much on the same schedule as before. However this is only a fluke today; tomorrow the trains may arrive on time.

BURK-MACDONALD.
The wedding of Arthur C. Burk of this city to Miss Mabel MacDonald, daughter of Mrs. M. H. and the late Dr. MacDonald, took place at three o'clock this afternoon at the home of the bride's mother, Cedar street. The ceremony was performed by Rev. I. W. Williamson and after the wedding Mr. and Mrs. Burk will leave on the Montreal train for Ottawa and Toronto. On their return they will reside at Cedar street. Among the many beautiful gifts received were a chest of silver from Stetson, Cutler & Company, with whom Mr. Burk is employed, a silver service from his fellow members of the office staff, a check from the Famous Players Film Service with which the bride has been engaged, and an electric lamp from the Imperial orchestra.

WILLIAM MARSHALL.
The death of William Marshall, aged thirty-one years, occurred this morning in the St. John county hospital, where he had been a patient since last September. His wife died only a few months ago and he leaves one small daughter. Also surviving are three brothers, Oakley and Walter of this city, and George of Mexico, Me., and two sisters, Mrs. John O'Neill and Miss Onda Marshall, of this city. Mr. Marshall was a native of Kings county, a son of the late William and Catherine Marshall of Moss Glen, but had resided in this city nearly all his life and had many friends here who will learn of his death with regret.

TAUGHT ST. PETER'S SCHOOL GIRLS.
At the various services in the Cathedral yesterday prayers were asked for the repose of the soul of Sister Annette, a religious of the Sisters of Charity, who will be kindly remembered by many in this city, particularly young women who as girls sat under her efficient instruction in St. Peter's public school, North End, more than ten years ago. Sister Annette had been in declining health for a considerable period and death took place on Saturday morning in Shediac. She had been in school work in Shediac and Buctouche since her retirement from the St. John schools and was a successful teacher. In private life she was Sarah Goudreau of St. Joseph's, Westmorland county. Her parents are dead but several brothers and sisters survive.

INDIANTOWN WANTS POST OFFICE.
People living in the Indiantown district feel as if they are being neglected and are urging a speedy resumption of that public utility now that the river season has begun and buses will take on the spring and summer boom. Since Mr. McKelvie, shoemaker, abandoned the post office after his little shop was destroyed by fire a long time ago, there has been no post office. Prior to Mr. McKelvie's incumbency, Messrs. Davis, a postmaster, succeeding D. H. Nasc, a young widow, Mrs. Brown, daughter of the late Oty Baguel, who was killed some years ago while in the government railway yard here, is soon to open a store in Miss Murphy's premises, head of Indiantown hill, near the public steps, and she has made application for the post office work. Indiantown people are supporting her request.

FRED. L. BARRETT

VERY BADLY HURT

Left Leg Below Knee Cut Off in Railway Yard This Morning

A serious accident occurred in the Canadian National Railway yard this morning, when Frederick L. Barrett, a car inspector, had his left leg cut off. Mr. Barrett was gauging the wheels of a car and while doing so crawled underneath it. While at his work the car was struck by another, which was being shunted, and the wheels passed over his leg, amputating it below the knee. He was picked up by Yardmaster McEade and others, who rendered first aid while a rush call was sent for the ambulance. The unfortunate man was conveyed to the hospital, where he received treatment. Mr. Barrett is a married man and has four small children. Many friends will regret to learn of his accident and will unite in wishing him a speedy recovery. Some comment has been occasioned over the condition of the highway at Gilbert's lane over which the ambulance had to transport the injured man.

Looked Like New Record For Port in Dismarkation

ARRIVAL OF THE EMPRESS

Trains Soon Speeding West After Soldiers Began to Leave the Vessel—Compliments Showered Upon the Staff

That a new disembarkation record would be established was the indication today as the large number of soldiers, who arrived here last night on the Empress of Britain, were hurried ashore into the waiting cars and rushed off over the line enroute to Toronto. At 10:10 a third special got away to Kingston and Ottawa, and at 10:40 a fourth started for London and Hamilton. A fifth for Montreal and Quebec got away a little after 11 o'clock and as everything was in readiness and the remaining two for Regina and the coast were expected to get away early in the afternoon. That the port of St. John was not adapted for the quick handling of troops and that local officials were not able to rush them to their destination has been asserted in some places, but the great work this morning refutes that statement. As the soldiers came down the gang plank they were met by delegations representing the local reception committee, the Knights of Columbus, the Salvation Army, the Y. M. C. A. and chaplains. They were wished God speed on the last lap of their journey home and then given a good supply of cigarettes, fresh candy and cakes. As they marched through the shed into the waiting cars the band of 7th Canadian Garrison Regiment played patriotic and popular airs and the boys showed their appreciation by repeated applause. The quick despatch of the troops was the subject of much favorable comment and as one train containing the soldiers pulled out from No. 6 shed another engine was on hand and immediately shunted another train into line. The soldiers were supplied with transportation, etc., and no time was lost in entraining. The efficient staff under N. R. Desbrisay, local C. P. R. passenger agent, were warmly complimented on their good work and it was due to them and the untiring efforts of Mr. Desbrisay that the work was accomplished in record time. H. C. Groat, general superintendent of the C. P. R., New Brunswick division, was on hand and watched the proceedings. The Empress of Britain arrived in port last night and docked about nine o'clock. She had on board the largest number of soldiers that have arrived at this port since the boys started returning home. There were ninety-seven officers and 2,784 other ranks. The list included three officers and ninety-four other ranks for St. John area. The steamer encountered fair weather on the passage out and there was comparatively little sickness on board. One soldier from Ontario developed pneumonia and passed away Saturday as the steamer was nearing the Bay of Fundy.

The following St. John men arrived this morning on the Empress of Britain: Sgt. N. McL. Tennant, 79 Paradise Row; Sgt. E. L. Danvers, 56 Chapel street; Cpl. H. Ingle, 238 Main street; Lt. Cpl. J. S. Jenie, 27 Lancaster avenue; Lt. Cpl. C. A. Nason, 25 Herby street; Pte. S. C. Brown, 27 Wright street; A. Brandie, 188 Mecklenburg street; J. L. Carey, 297 Millidge avenue; A. J. Campbell, 91 Queen street; J. N. Fitzgerald, St. John West; E. Graham, 56 St. Patrick street; W. E. Jenkins, 97 Brussels street; F. J. McFadden, 801 Princess street; F. J. McCollough, 287 Waterloo street; J. Murphy, 69 St. James street; J. O'Leary, 80 Peters street; E. T. Speight, 622 Main street; E. Wearing, 371 Lancaster street; T. Woick, 45 Smythe street; Spr. A. J. Cotter, 176 Duke street; E. F. Dick, 82 Erin street; Stuckie, 235 Brussels street; A. A. Clarke, 23 Carmarthen street, and Gar. S. N. Raynes, Fairville. The soldiers all speak very highly of their treatment on board ship.

Arrived at Halifax. The following St. John soldiers arrived at Halifax on the S. S. Regina from England and came to St. John this morning: Sgt. F. H. Stockwell, 880 Douglas avenue; Spr. R. N. Aitken, 75 Adelaide street; Pte. A. J. Buckley, 199 Main street; Pte. W. E. Clayton, 29 Hanover street; Pte. C. E. Langbein, 188 Paradise Row; Spr. C. T. Livingstone, 89 Wall street; C. Cpl. D. W. MacClume, box 760; Pte. W. E. Miller, 183 Brussels street; Dvr. J. W. McCloun, 99 Sea street; Pte. J. D. Nesbitt, 86 Kennedy street; Pte. W. D. O'Connor, 27 Cedar street; Spr. W. E. Perry, Lancaster Heights; Pte. G. W. Ring, 24 Murray street; Pte. H. G. Ring, 24 Murray street; Gar. J. E. Taylor, 801 Chateaufort street; and Sig. R. K. Vail, 165 Rockland Road.

BAPTISMS.
In Main street Baptist church last evening eight candidates for membership were baptized by the pastor, Rev. Dr. David Hutchinson. In Victoria street Baptist, Rev. L. W. Williamson, the pastor, baptized seven. These baptisms are the result of the first month's special services under a united leadership.
