EFFECT OF CO-OPERATION.

An Offer of Momentous Interest.

THE WORLD'S GREATEST WEEKLY WITH THE UNION ADVOCATE FOR \$1.75.

Our readers will be pleased to know that we have made special arrangements by which the Union Advocate and the Family Herald are sent to subscribers for \$1.75.

The Family Herald is the greatest weekly family newspaper in the world, and has been wonderfully successful. So greatly has it grown that its publishers have had to enlarge its circulation, and even now it is hard to get all the good things in. No family can afford to do without the Family Herald, for not only does it amuse and instruct but it repeats its subscription price many times over. The young folks are particularly fond of the pages given them. It contains matter of interest to every member of the family. Every subscriber, at no cost to himself, has his insurance for \$500 against death by railway accidents.

You can get the Family Herald with its premium and free insurance, and the Union Advocate for \$1.75. This is an offer so generous that everybody should accept it.

Sample copies may be seen at the ADVOCATE office; or they will be forwarded upon application to the Family Herald Publishing Co., Montreal.

GRASS SEED.

FRESH Timothy and Clover GRASS SEEDS.

AT THE
SALTER BRICK STORE,
Wholesale and Retail.
JNO. FERGUSON.
Newcastle, 14th April, 1896.

Keep out the Flies and let in the Air.

Now is the time to get your Screen doors and window screens on as the flies will soon be here in force. I have doors all ready to put up and spring hinges to suit; a large lot of green wire window netting which I am selling very low, also poultry netting three, four and five feet wide.

J. H. PHINNEY.
Newcastle, May 25.

AYER'S Hair VIGOR

Restores natural color to the hair, and also prevents it falling out.

It will also offer his stock for sale by Public Auction, at his store every afternoon commencing on

Wednesday, June 10th,

and continuing on Friday and Monday afternoons and evenings until the present stock is disposed of. It comprises—

Dry Goods, Groceries, Hardware, Haying Tools, Ready made Clothing, Boots and Shoes, Glass and Crockeryware, Wall Papers, Floor and Table Oilcloth, and a general assortment of goods usually kept in a country store. Also a lot of

one bottle of Ayer's Hair Vigor will restore the hair to its original color and prevent it falling out.

An occasional application has done more to restore the hair to its original color than any other preparation.

"A little more than two years ago my hair began to turn gray and fall out."

"I have used Ayer's Hair Vigor for three years, and it has restored my hair to its natural color."

H. F. FENWICK, Digby, N. S.

9. Admission of Newfoundland to Confederation.
10. Maintenance of Canadian Credit.

Election Matters.

Quietness seems to reign in this part of the county at least, despite the fact that the people are on the eve of a Dominion election and that there are three candidates in the field, who are all to be engaged in personally canvassing the electorate with varying success.

Tuesday next is Nomination Day, and in all probability the following candidates will be nominated: James Robinson, Conservative, Peter Mitchell, Liberal, John Morrissey, Independent, and the decision rests with a majority of the people as to whom they will have to represent them at Ottawa.

The records of Conservatives and Liberals are before them, and those who have in former years continuously voted for the Liberal Conservative Government and against the vacillating and shifting policy of the Liberals will continue to vote. Those who have closely watched the course of events know in their inner consciousness that the Government in power so many years have raised the Dominion to the position of a powerful nation; that during their term of office important public works have been inaugurated, its resources opened up. Even if the debt is large on the country there is something to show for it and if any would wish to return to the conditions of twenty-five years ago when the confederacy was in its youthful days.

This plea of debt is the only promising argument the Liberals can make, and endeavor to get the people to place them in power, and hence the changes are rung on this point continually. But they apparently think the people forget the record of the Liberal Government in the one solitary term they occupied the Government benches since Confederation. They materially increased the debt while they were in power, they raised the duties on necessities thus increasing the taxation, they allowed the country to be made the slaughter market for Yankee manufacturers, until the people rose in their might and rebuked them to the opposition benches in Parliament because of their "fly on the wheel" policy and inability to adopt some means to put a stop to the trade evils to which their attention was called.

These are the two parties now in the field asking for the suffrages of the people. One a progressive and patriotic party, banded together to work for Canada and continued connection with the motherland, under whose government they have made astonishing progress in utilizing the wealth of the country; the other is a—a—prayer what is it, for it has so many policies to suit different parts of the country that it is difficult to place it. It would be a step backward to return to the Dominion of a party whose success is devoutly hoped for and helped by aliens across the United States border. The efforts of the Liberal party to obtain the Dominion would be almost anything to do that warring voices, and hence the justice of the charge of inconsistency and vacillation against Mr. Laurier and his followers is clear.

So far as this country is concerned, there is but very slight prospect of the Liberal candidate being elected. A supporter of the government will be returned to assist the Liberal Government in advancing the material interests of this great country and working in the best interests of the constitution it represents.

The Talk of the Day.

The Toronto Globe has been amusing its readers with a carefully prepared tale, which it imagines will have influence on the elections. It is to the effect that the Canadian people are about to be despoiled of from ten to twelve hundred thousand dollars, by means of a secret Order-in-Council, passed on the pretext of granting aid to the different railway enterprises scattered over the whole Dominion. A slyer cannot than this could not well be imagined. It is preposterous on the face of it, and it is so clumsily constructed that nobody but an ignorant could for one moment believe it. Of course, the Globe tries to make out that this money is to be used to bribe the voters. If the alleged bribe does not vote until he gets a kick from this fund, we fear that he will not be able to exercise his franchise at this election. (Judge's Chronicle.)

Dinner Meeting.

A small meeting of the Mirmachio district of the Methodist Church opened in Chatham yesterday afternoon.

The Chatham Civic Contest.

DR. J. B. BENSON WINS BY TWO VOTES—A GOOD BOARD OF ALDERMEN CHOSEN.

The town election on Tuesday was warmly contested. It was a big fight from start to finish. The worthy war of Monday evening was the prelude to hard fighting on Tuesday. Carriages were out in plenty, and canvassers were abroad all day. Voters were brought from Bathurst and Edmundston, and from other places as well. Both parties were well organized, and carried on a silent but resolute fight for victory. The women were in it as well as the men. One lady had authority to act as agent at every poll, and she marched into one after the other with lady ratepayers. Thirty-seven women voted, and nearly all of them voted for the Doctor. If all the ladies had voted no candidate would have a chance against a physician. Mr. Snowball is considerable of a lady's man himself, but the Doctor got the ladies almost "to a man," so to speak. His two sisters, who were with him, but they were persuaded to do so late in the day, and their votes gave him his majority of two. He got the solid Liberal vote, with scarcely an exception, and a great many Liberal Conservatives voted for Dr. Benson because they had signed his requisition before Mr. Snowball became a candidate. It was this vote that saved him. Mr. Snowball was a good fight, considering the handicap he had at the start, and greatly surprised his opponent by coming so near to winning the prize. A good many small votes were made at even money, but one of Dr. Benson's supporters laid \$100 on him against \$50. A good many ballots were spoiled, even though any voter could get his ballot marked outside and carry it in with him. We don't think any liquor was used in the contest, as there were very few persons in the streets who appeared to be under the influence of the ardent. The counting of the votes was a very slow process. The first announcement was from Queen's Ward. Snowball 29 ahead—28 ahead in all. The next announcement was King's. Benson 38 ahead. The excitement around Masonic Hall was at fever heat as the returns from Wellington were awaited. "Snowball wants only 11 majority in Wellington to elect him!" shouted one of his ardent supporters. Then came the Wellington returns—10 majority for Snowball. The tie between the crowd, and just then another signal rumbled out of Masonic Hall with the news that Benson's majority in King's was 40 instead of 38 as at first announced which gave the Doctor a majority of two. His friends, who were in the hall, and he was mobbed by his friends and escaped from their demonstrative congratulations in his carriage.

A great crowd gathered before the new Mayor's residence in the evening, and the Mayor and Mrs. Benson were welcomed. That is, they serenaded his residence, for the Mayor was attending a patient up town. Fireworks were burned, and a big bonfire was lighted. The Mayor arrived after an hour or so, and was welcomed "cheerfully." He made a speech, a good speech it was too, thanking his friends for the work done on his behalf, and expressing the pleasure he felt in being elected to the position of Mayor. He was welcomed by a large number of his friends, and he was welcomed by a large number of his friends, and he was welcomed by a large number of his friends.

The vote was as follows:

THE PUBLIC DEBT.

The Liberal papers throughout the country have frequently quoted the Montreal Star with approval, but they have not mentioned the following extract from an editorial article in this paper, in answer to a correspondent who was writing about the public debt.

"Now our correspondent is not called upon to pay that \$50 down to day or to-morrow. He is only asked to pay the interest on it at a rate of something less than three per cent. This, he will readily see, is not a very large matter for all; for even if it should cost him a dollar and a half a year, that will only come to three cents a week with two weeks holiday in which he need pay nothing.

If this continues to give him the income he would respectfully suggest that he should his sleepless hours calculating how he would get on without the things which the borrowed money, that this debt represents has purchased for him. The greater share of it has been used to build and assist railways, to construct canals, to improve the navigation of the rivers, and to provide other public works, and the like. Let the May's critic imagine the Canadian Pacific, the Grand Trunk, and the International railway system wiped out; every post office pulled down and Her Majesty's mail distributed on the counter of a 'general store,' as is usual in post office-less places; the river unimproved between this city and the sea; no canal between Montreal and Port Arthur or between Montreal and Ottawa; Parliament itself meeting in a hired hall, and the province promptly starved whenever the revenue fell off enough to affect the annual subsidy! Let him reach a realising sense of the stripping of the country in this way would mean to him; and then let him say whether, if he could get all these blessings back again by the payment of three cents a week, he would still think the price too high, preferring rather to invest his three cents in a postage stamp with which to convey a warning to the Government a hint the awful calamity of a public debt. Debt is not, it ought to be remembered, always, or even usually, signs of embarrassment. All the large financial institutions have their debts; but they do not close their doors on that account. Debt must always be judged in connection with what the debtor has to show for it; and Canada has a magnificently equipped country to set off against hers.

"PERSIMMON'S" DERBY.

THE PRINCE OF WALES' HORSE WINS THE GREAT TURF EVENT.

LONDON, June 2.—Derby Day opened with a clouded sky and sultry atmosphere, but otherwise the day was pleasant enough. Light showers occurred during the night, which had the effect to lay the dust on the highway, but they were not sufficiently heavy to soften the race course. From early morning arrivals by road and rail were far in excess of the usual number and the crowd in attendance at the start of the race was larger than last year, and was greater than any seen since 1880.

There was a steady exodus of racegoers from London throughout the forenoon. Hundreds of four-horse coaches started from the various West End hotels, and the roads were almost choked with every conceivable kind of vehicle, from the gorgeous drags of the aristocracy to the donkey carts of the poorer classes, making their way to Epsom Downs. An unusually large number of prominent society ladies were included in the almost innumerable racing parties and their superb toilettes contributed to make the scene one of brightness despite lowering skies.

The Royal train left Victoria Station at 1.30 o'clock, conveying in the saloon the Prince and Princess of Wales and their daughters, Princess Victoria and Maud; Prince Carl, of Denmark, Duchess of York, the Duke and Duchess of Fife, the Duke of Cambridge, the Duke and Duchess of Devonshire, Lord and Lady Cadogan and Sir Horace Farquhar, M.P.

The great race was captured by the Prince of Wales' 'Persimmon' despite the assertion made yesterday that the horse was disabled and his chances of overcoming the mighty speed of Leopold De Rothschild's 'St. Frusquin' were practically destroyed. 'St. Frusquin' had beaten for the first place in the good account of himself and finished second. Mr. H. E. Reddington's 'Earwig' running third.

The horses got a good start. 'Tamarind' and 'Toussaint' were the first to get away, but after the first hundred yards 'St. Frusquin' drew to the front, followed by 'Bradwardine' and 'Tamarind'. After those came 'Earwig', 'Spook', 'Gullistan', 'Toussaint' and 'Knight of the Thistle' with 'St. Frusquin' and 'Persimmon' as the 'whippers in'. Shortly afterwards 'Gullistan' went to the front and held the lead passing the mile post, followed by 'Bradwardine', 'Spook' and 'Earwig'. Then came 'Bradwardine', 'Toussaint' and 'Knight of the Thistle' in front of 'Earwig' and 'Persimmon' with 'Tamarind' trailing off.

'Gullistan' seemed to be in trouble upon arriving at the top of the hill and fell back. 'Bradwardine' then went to the front with 'St. Frusquin' next. Entering the straight 'Bradwardine' yielded to 'St. Frusquin' and 'St. Frusquin' a quarter of a mile from the finish 'Earwig' was done and 'St. Frusquin' took the lead, followed by 'Persimmon'. Opposite the mile post 'Persimmon' got on even terms with 'St. Frusquin' and there was a most exciting finish, resulting in 'Persimmon' winning by a neck. 'St. Frusquin' beat 'Earwig' by four lengths. 'Toussaint' was fourth and 'Bradwardine' fifth. 'Gullistan', 'Bradwardine' and 'Spook' followed home in the order named and 'Tamarind' was last. Time, 2.42.

PAST YOUR PRIME.

Perhaps not in years, but in energy, few health is not good, yet you have your business, too, is on the decline. People miss the old elastic spirit you showed in former years. The secret of all this is that your constitution is worn out and your blood is bad. Set both right by the use of Chase's Kidney-Liver Pills. One box will cure you.

Dyspepsia.
Bilemiasis.
Catarrh.
Cystitis.
Ailments peculiar to women.
Scrofula.
Nervousness.
Sticosis.
Poor blood.
Indigestion.
Liver complaint.
Loss of appetite.
Gravel.
Stomachic diseases.

Thousands of sufferers have publicly testified to the efficacy of Chase's Kidney-Liver Pills. They are the best medicine for the blood. One pill a dose; one pill a dose; 25 cents a box. For sale by all dealers, or by the manufacturers, Edmondson, Bates & Co., Toronto.

Use Chase's Liniment and Turpentine for all throat and lung troubles. Large bottle, small dose, small price, 25c.

Cripple

The iron grasp of scrofula has no mercy upon its victims. This demon of the blood is often not satisfied with causing dreadful sores, but racks the body with the pains of rheumatism until Hood's Sarsaparilla cures.

"Nearly four years ago I became afflicted with scrofula and rheumatism."

Made Well

Running sores broke out on my thighs. Pieces of bone came out and an operation was contemplated. I had rheumatism in my legs, drawn up out of shape. I lost appetite, could not sleep. I was a perfect wreck. I continued to grow worse and finally gave up the doctor's treatment to take Hood's Sarsaparilla. Soon appetite came back; the sores commenced to heal. My limbs straightened out and I threw away my crutches. I am strong and healthy and am farming, whereas four years ago I was a cripple. I gladly recommend Hood's Sarsaparilla. CHAS. HAMMOND, Table Grove, Illinois.

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists sell. Prepared only by C. I. Hood & Co., Lowell, Mass.

A BUSHEL OF WHEAT.

It WILL BUY MORE NOW THAN IT DID IN 1878.

If a bushel of wheat will now buy as much of the things the farmer wants as it would in 1878, then, no matter what the price is wheat is worth no less now than it was then. Let us examine the buying power of wheat in 1878 and 1896, by comparing its price in the two periods with the prices of the staple articles of commerce required by farmers, taking 80c. a price current in both years, as the money value of wheat. The leading lines and grades of store goods taken by the Montreal are to be quoted as follows for the two years, the prices being based on actual and regular transactions:—

1878. 1896.

Granulated sugar per lb. 11c 4½c
Yellow sugar per lb. 9½c 3½c to 4c
Valencia raisins per lb. 7c 3½c
Syrup per gal. 45c to 50c 25c to 30c
China tea per lb. 63c 30c
Japan tea per lb. 30c to 50c 15c to 20c
Nails per lb. 5c 2½c
Heavy hinges per lb. 7½c to 8c 4½c
Rope per lb. 17c 12c
Grey cotton per yard 12c 6c
White cotton per yard 10c 6c
Shirtings per yard 15c to 16c 9½c to 10c
Woolens per yard 70c 40c

Here we see that in 1878 the farmer had to pay for his necessary merchandise prices ranging from one and a half to two and a quarter times as much as he has to pay to-day, that the average of present prices is not much above one-half that of the prices of 1878. Hence, when wheat at 80c. an actual price in both years—say at 80c. an actual price in both years—one bushel of it this year buys what in 1878 it would have bought two bushels bought in 1878.

MR. ALLAN'S BRILLIANT WEDDING.

THE CEREMONY AT BEVERLY AND THE FLOWERS.

Boston, Mass., June 2.—Not in a long time has any wedding been celebrated on so magnificent a scale as that of Miss Anna Palfrey, daughter of the late General Palfrey, and Mr. Byron Allan, son of the late Sir Frank Bartlett, of Montreal, which took place to-day just after noon at St. Peter's Church, Beverly, one of the most fashionable summer resorts, a few miles out of the city, on the north shore.

The weather was perfect. In the hands of the Rev. Father, the church was transformed into a place of rare beauty, and when the guests had assembled the scene was one seldom equalled, even in the most sumptuous of the chateaux of Europe. The church and altar were hidden by the most expensive of flowers, and all of the pews were ornamented with huge bouquets of roses and sunflowers, tied with white satin ribbons.

Miss Palfrey was attended by her most intimate friends and given away by her uncle, Mr. Frank Bartlett, of Montreal, in a gown of costly white silk, cut princess a train, and trimmed with old point lace. Mr. Allan was attended by his brother Mr. H. M. Allan, of Montreal. The reception breakfast was served at the home of Mrs. H. M. Sears. The reception was on a magnificent scale. The estate, where Mrs. Sears' country home is situated was transformed into a fairy bower. Great pieces of white canvas were stretched on the lawn, and this evening innumerable colored lights will illumine the grounds. Arches and wreaths of roses, entwined by skillful hands, added to the splendor of this woodland bower.

Mr. and Mrs. Allan will make a European trip, and upon their return will make their home in Boston. Mr. Allan has a summer home at Frides Crossing. The bride is one of the leaders in the most exclusive of the fashionable set. She has been a belle for several seasons, and is equally popular in New York and Paris, where she has spent much time. She is an enthusiast regarding horses. Much of her time is spent driving or riding on horseback, and it is agreed that a finer figure never sat a horse.

QUERIES.

[Montreal Gazette.]

Has there ever been in Canada a liberal government, federal or provincial, that has curtailed expenditure, or lowered taxation, or reduced the public debt? Has there ever been in Canada a liberal government, federal or provincial, that has curtailed expenditure, or lowered taxation, or reduced the public debt? If there has never been in Canada a liberal government, federal or provincial, that has curtailed expenditure, or lowered taxation, or reduced the public debt, Canada, federal or provincial, has increased the expenditure or raised the taxes, or increased the debt—what reason is there to believe that the liberal party would do any better at Ottawa than it is doing in the provinces to-day?

Children Cry for Pitcher's Castoria.

DR. AGNEW'S TRIUMPHS IN MEDICINE.

HEART DISEASE EXILED—OVER FIFTY MEMBERS OF THE HOUSE OF COMMONS TELL OF THE VIRTUES OF DR. AGNEW'S CATHARTIC POWDER.

The name of Dr. Agnew is one that deserves to rank with Jenner, Pasteur and Roget in the good done humanity. Deceased as it is by everyone heart disease has no terrors where Dr. Agnew's Cure has become known. Mrs. R. Adhouse, of Wilkesboro, Ont., has just written me to-day I know nothing of the terrors of this trouble, it relieves instantly, and saves many lives daily.

It has been said that everyone in Canada suffers, to some extent, from catarrh. Whether the trouble is in the air, or where, it is a satisfaction to know that Dr. Agnew's Cathartic Powder is the medicine that gives relief in ten minutes, and has cured some of the worst cases, where the doctors and other troubles have followed the disease. (Geo. E. Casey, Michael Adams, Donald W. Davis, A. Fairbairn, C. T. Ferguson, W. H. Bennett, and all told some fifty names of the House of Commons have borne testimony to the effectiveness of this remedy.)

Ask your druggist for Agnew's remedies, and see that you get them, and not worthless imitations.—Sold by E. Lee Street.

DESERTERS, ETC.

HALIFAX, June 3d.—A sergeant of the Royal Artillery, who deserted several years ago, was captured last night by a body of military police in a house on Albert street where he had been concealed. He was dragged from his place of concealment and placed under military guard. It is understood that there has been an unusually large number of desertions from the garrison this spring and the military police have been given special orders to keep a sharp watch for absentees. There have also been a number of desertions from the British warships.

Peter Wheeler was indicted at Kentville today for the murder of Annie Kempton, at Bear River, two months ago. His trial takes place the latter part of June.

The British flag ship 'Crescent,' accompanied by the 'Intrepid' and 'Tartar,' will sail for Quebec and probably visit that port. It is stated that a new warship of the size of the 'Intrepid,' one is recently launched in Great Britain, will be ordered to Halifax to join the North American Squadron. The intention of the Admiralty seems to be to replace the old ships on this station, one by one, with new cruisers. The fleet will be much strengthened in guns and probably in the number of ships also, and the necessity for the change here is stated to be the fast growing navy of the United States. The North American Squadron of British ships will be strengthened in these waters proportionately with 'Udele' and 'Sant'.

GRIT EXTRA-VAGANCE.

When the Grits were in power, in 1878, they required 40 employees to manage every 100 miles of the Intercolonial Railway. Last year, under Hon. Mr. Haggart's management, though there were more than twice as many passengers carried, and over two and one-half times more freight handled, it only required 282 employees for every 100 miles. This does not look like 'Tory extravagance.'

THREE GREAT REMEDIES.

SURE SPECIFICS FOR KIDNEY, RHEUMATIC AND STOMACH DISEASES.

These remedies are not a cure-all for all the ills that flesh is heir to. The great South American remedies, each have their particular purposes. South American Kidney Cure does not cure rheumatism, nor is it a specific for indigestion, but in kidney trouble, as well as South American Kidney Cure, Mr. D. J. Locke, of Sherbrooke, Que., offered for three years from kidney trouble, expending in two times \$160 on doctor's medicines. He got no relief until he used South American Kidney Cure, and four bottles he says, effected a permanent cure.

When a remedy is needed for rheumatism, it is very much needed—and quickly. William Pegg, of Newmarket, Ont., was nearly doubled up with rheumatism and suffered intensely. This was in 1892. He took three bottles of South American Rheumatic Cure, and now says: "I have had neither aches nor pains from rheumatism since that time."

When disease affects the digestive organs and general debility takes hold of the system, these cannot be removed unless the medicine taken gets at the root of the trouble. South American Nervine cures its excess to the fact that it works directly on the nerve centre, and removing the trouble there it cures the system of disease. Barker John Boyer, of Kincaidville, who suffered from indigestion for years, was permanently cured by the use of South American Nervine. He says: "I have no hesitation in proclaiming the virtues of this great remedy."—Sold by E. Lee Street.
