TRAVER BOARD
If you are building or going to con-
plete some detached rooms, let us
show you some colored samples. Dis-
tributing the beautiful color effects ob-
tained by using this sanitary and dis-
posable board for walls and ceilings in all
classes of buildings.
We carry a large stock in assorted
colors.

MAIL ORDERS
We solicit out of town orders which
receive our personal attention. The
length of time taken to fill orders is
governed very largely by how busy we
are in the department of our factory
in which the particular goods are
made. While we have exceptional facili-
ties for promptly turning out goods,
it is important to place orders as far
ahead as possible. Orders are filled
by us in the rotation in which they are
received, and customers can always
depend on our doing everything in
our power to give prompt despatch.

WORLD'S FAIR WAS A GREAT SUCCESS

Assembly Hall of School Was
Crowded—Interesting Pro-
gram Rendered.

Yesterday was Children's Day in the
public schools and all enjoyed a holiday.
In the evening the pupils held their
"World's Fair" and the large assem-
bly hall of the school was crowded to
capacity.

F. F. Matheson, chairman of the
school board was chosen chairman.
The following program was rendered:

PROGRAM

Piano Solo—Miss Michaud.
Reading—Miss Ina Currie.
Violin Selection—Three little girls
and two boys under the direction of
Mrs. Sharpe.
Solo—Mr. P. Carter.
Reading—Miss Muriel Stevens.
Piano Solo—Miss Graham.
Solo—Miss Mowat.
Solo—Mr. A. McDonald.
Reading—Mr. H. R. Smith.
Solo—Mrs. Sowerby.
Solo—Miss Ford.

At the conclusion of the program the
chairman announced the special fea-
tures of the World's Fair and the large
audience proceeded to investigate each
booth, which represented different
nations.

China—In charge of Misses Jessie
Ferguson, Isabel Currie and Ruth
Young, dressed in Chinese fashion.
Here were served China's national
drink, tea and cake.

France—As all the beautiful crea-
tions of fashion are supposed to be
created in Paris, the young ladies in
charge were models in this respect,
and sold hand-made fancy articles.
Misses Florence LeBlanc and Francis
McPherson looked after this booth.

Iceland—From the frozen north we
get our blasts, so Isabel McNichol and
Amanda Quinn, dressed in white
served ice cream. Their booth was so
popular that it was almost impossible
to get near it.

Belgium—Poor little Belgium. The
children did not think so, for in her
booth was displayed the choicest tit-
bits of confectionery which were
served by Misses Audrey McKenzie
and Estelle Bruce, and the supply was
soon exhausted.

Great Britain—When we think of
our home land we always associate it
with a large, well nurtured man, and
so this booth was given over to the
sale of things to eat, done up as only
the Campbellton ladies know how.
The various cakes and pastries were
served by Misses Hazel Quinn, Edith
Baird and Isabel McBeath.

Japan—Our ally of the far east was
dressed in her best garb and her de-
cked Hindon was ably taken care of
by Misses Annie Wetmore, Georgie
McDonald and Jean Sansom. Here
was mystery—their bins filled with
sawdust. For a small fee you were
allowed to dig down and bring up an
article and much fun resulted.

The most mysterious of all was the
fortune tellers room. This was entire-
ly enclosed with only a small door
leading thereto. Only the most cour-
ageous ventured within, and fearful
and wonderful were the tales of the
past and future as unfolded by the
seers of old.

The various booths were works of
art and decorated with the national
colors and emblems.

The large hall was tastefully deco-
rated with flags and bunting, while the
potted plants and stage furniture added
much to the general appearance.

Mrs. Sharpe's orchestra rendered
music during the evening.

Altogether the affair was a most
enjoyable and the teachers and pupils
deserve great credit for planning and
carrying it to so successful a finish.
A large amount will be realized. Up
to the time of going to press the total
was not known but it will be publish-

HEAD-ON SMASHUP ON N. B. LINE

Engineer Hurt and Fireman
Scalded in Collision at
Plaster Rock.

A third of a series of railroad ac-
cidents occurred early Saturday morn-
ing, near Plaster Rock station on the
N. B. R., when No. 756 east bound
hauling two powerful engines and
running at a good rate of speed crash-
ed into extra No. 113, which was
standing in front of Plaster Rock
station.

Fireman Frank Lebell was badly
scalded and engineer Paul Derube, was
painfully injured. Plaster Rock sta-
tion is situated on a sharp curve.

PAPER TRADE CONTROL

IN CANADA AFTER WAR.

Reports from Canada indicate that
paper and pulp interests in that coun-
try are well started on a campaign to
make Canada after the war the chief
sources of the world's paper and pulp
supply.

The country has been slow to take
advantage of its large pulp supply, and
cheap and efficient water supply, with
the result it now finds itself many
years behind the times in number of
paper plants. However, in the ten
months the unusually large demand for
news print has put new activity in the
Canadian market, and new construc-
tion and additions are under way which
will increase output by about 30 per
cent.

By January 1, 1917, new machines
put in operation will increase Canada's
output to from 75 to 100 tons daily.
Canadian production of newsprint is
now a little less than one-half that of
the United States, although it has an
advantage in cost and manufacture of
from 10 per cent to 15 per cent per ton
and a bulk of this production, or about
one-fourth of the annual requirements
of the United States, comes from Can-
ada.

It is evidently the intention of Cana-
dian paper and pulp makers to con-
trol the British market after the war,
ousting both the German and Scandi-
navian interests, who have been fore-
most in British paper trade heretofore.
German paper mills shipped thousands
of tons of newsprint and other paper
products to Britain before the war at
prices well below the price of British
mills, which was made possible by large
combinations under government
subsidy. The business between Ger-
many and Great Britain after the war
will not be renewed, and the large pro-
fits now being realized in Canadian pa-
per companies will place them in posi-
tion to successfully carry on a cam-
paign for export trade to Great Britain
and her colonies.

NEW COMPANIES

Messrs. Claude Brown, of Chatham,
and William A. Gallop of Dalhousie,
and Mrs. Frances E. Gallop, of Dal-
housie, have been incorporated as the
Northern Motor and Garage Company,
Limited, with a capital stock of \$49,000
and head office at Chatham.—Mr.
James P. Whalen, Mrs. J. P. Whalen,
and Mrs. Chesley Eddy have been
granted letters patent of incorpora-
tion as J. P. Whalen & Company, Lim-
ited. The head office of the company is
at Bathurst and the capital amounts
to \$9,000.

The tension in the coal situation has
eased in the past few days and whole-
sale prices have dropped several dollars
a ton, according to statements by trade
authorities here to-day. Anthracite,
selling recently at \$12 to \$12.50 a ton,
wholesale, may now be purchased for
from \$8.50 to \$10, coal men said.

The proceeds are for the Belgian
Children fund.

BRITISH SUCCESS WAS VERY IMPORTANT ONE

Capture of Beaucourt Delights
Army Leaders—5,000
Germans Taken.

London, Nov. 15—The British ad-
vance along both sides of the Ancre,
which continued yesterday with the
capture of the village of Beaucourt,
is considered by the British command-
ers as one of the most important suc-
cesses in the four months of the of-
fensive. They insist especially on the
relatively insignificant character of the
German resistance in a position which
they consider of great strategic im-
portance, and one of the most highly
fortified on the entire western front.

More than 5,000 prisoners have
been collected in the extensive subter-
anean galleries and chambers which
were sunk on both sides of the valley
and were miles in extent. Five hun-
dred Germans surrounded in a tunnel
near St. Pierre Divion, which was a
mile and a half long.

FORMER NORTH SHORE

MAN LEFT BIG ESTATE

John Hendry, Native of Gloucester
Co., Made Fortune in West

John Hendry, a Vancouver, B.C.,
capitalist, who died recently was a na-
tive of Belledune, Gloucester county
N.B., went in the "infancy" of the
country, and acquired a large for-
tune. How large is told in the following
paragraph from the Vancouver News-
Advertiser:

The gross value of the estate of the
late John Hendry at the time of his
death was \$1,245,829.23, and the net
value was \$725,783.63. The usual peti-
tion for administration of the estate
was lodged with the Supreme Court by
Messrs. Davis, Marshall, Macneil &
Pulch on behalf of the executors, and
Eric Werge Hamber, son-in-law, and
Mrs. Adaline Hendry, the widow. Un-
der the will, dated June 18, 1914, three
quarters of the real and personal es-
tate and effects pass to Mrs. Adaline
Hendry and one-quarter to Mrs. Alden
Irene Hamber. The widow's share is
estimated as \$544,337.87.

THE YOUTH'S COMPAN-

ION CALENDAR FOR 1917.

The Publishers of The Youth's Compan-
ion are presenting, as always at this
season, to every subscriber whose sub-
scription is paid for 1917, a Calendar
for the new year. It is decidedly un-
usual, and strikingly artistic. The colors
are well chosen and richly blended. It
was made primarily, however, for ac-
tual use, and is well named the Prac-
tical Home Calendar.

CASUALTIES

Corp. R. Ferguson of Flatlands is
reported wounded.
Lane, Sergt. Harris S. Chalmers,
Bathurst, wounded.

PRESIDENT WILSON IS

RE-ELECTED PRESIDENT

Woodrow Wilson has been re-elected
President of the United States, after
several days of uncertainty it has now
become clear that the President has
been returned for a second term, though
after one of the hardest fights in
American history.

SHIPPING PULPWOOD OVER INTERNATIONAL

Shortage of Shipping Tonnage
Makes This Necessary.
About 400 Cars.

The scarcity of tonnage and the high
water rate of freight has made it ne-
cessary for the Dalhousie Lumber Co.,
to make arrangements to ship their
seasons pulpwood by rail instead of
water. There are about four hundred
carloads of wood on the dump. A con-
siderable quantity has been shipped
in cars all summer but the work will
be undertaken on a larger scale from
now on. Mr. W. A. Nelson, travelling
representative for the B. & A. Railway
was in Dalhousie last week and ar-
ranged with the Dalhousie Lumber Co.
to place at the disposal of the com-
pany some 200 flat cars to handle this
business for his road. The pulpwood
will be loaded on the cars at Dalhou-
sie, brought to Campbellton, taken over
to St. Leonards on the I. N. R., where
the B. & A. Railway will then take
charge of it.

The work of loading at Dalhousie is
proving a big job. Many teams are
engaged in hauling from the mill to the
station. The Dalhousie Lumber Co.,
are finding men exceedingly hard to
get, and many of the older school boys
consented to give the company a help-
ing hand and are working as never be-
fore.

CANADIAN TROOPS

REACH ENGLAND

Several Western Battalions and Drafts
of Army Medical Corps, Engineers and
Naval Rating Cross Safely.

Ottawa, Nov. 13—It is officially an-
nounced through the Chief Censor's of-
fice that the following troops have ar-
rived safely in England:

The 110th, 114th, 133rd, 142nd, 159th
161st, 162nd, and 168th Ontario Bat-
talions.

The 184th Manitoba Battalion.
The 195th and 209th Saskatchewan
Battalions.

The 131st British Columbia Bat-
talion.

The 196th Western Universities Bat-
talions.

Drafts, 192nd Alberta Battalion,
Army Medical Corps, Engineers and
Naval ratings.

LIEUT. GOVERNOR

McKEEN IS DEAD.

Accumbed t Stroke of Paralysis

After Only Six

Days' Illness.

Halifax, N. S., Nov. 14—The Hon-
orable David McKee, Lieut. Governor
of Nova Scotia, died at his summer
residence, "Maplewood," North-
west Arm last night, at the age of seventy-
seven years, after an illness of but six
days.

CANADA SOURCE OF

PULPWOOD SUPPLY

Says it Will Produce Enough to Meet
The World's Needs.

New York, Nov. 14—J. E. A. Dubuc,
president of the North American Pu-
per Company, who is in the city says
it is his belief Canada will eventually
produce enough wood pulp to supply
the needs of the entire world. Owing
to the increasing demands for paper
and the many uses to which it is being
put, Mr. Dubuc does not look for any
recession in the prices of paper. The
North American Company controls
1,000,000 acres of pulp wood lands and
plans have already been perfected for
a greatly enlarged output.

15 YEARS SUFFERING FROM PILES

Mr. J. McEwen of Dundas, Ont., writes:—"For fifteen years I suffered with Piles and could get no permanent cure until I tried Zam-Buk. Perseverance with this herbal balm resulted in a complete cure, and I have not been troubled with the painful ailment since."

Mr. Henry Fougere of Poulton, N.S., says:—"I suffered terribly with Piles and could find nothing to give me relief until I tried Zam-Buk. This cured me. I consider Zam-Buk the finest ointment on the market."

The above are specimens of the many letters we are constantly receiving from men and women who have ended their suffering by using Zam-Buk. Why not do likewise?

Zam-Buk is best for eczema, blood poisoning, ulcers, sores, cuts, bruises, and all skin injuries and diseases. Six boxes, all druggists and stores, or post free from Zam-Buk Co., Toronto. Send this advertisement with name of paper and one cent stamp for free trial box.

SIR SAM HUGHES OUT OF CABINET

Sir R. L. Borden Asks Him for His Resignation—Friction in Cabinet.

Ottawa, Nov. 13—Gen. Sir Sam Hughes has resigned the portfolio of Minister of Militia.

To-night the following statement was given out from the Prime Minister's office:

"It is announced that the Prime Minister has requested and has received the resignation of the Minister of Militia and Defence.

"The retirement of Sir Sam Hughes is in part the outcome of the establishment of the ministry of overseas forces, and in part is due to the assumption by Sir Sam of powers which, in the judgment of the Prime Minister, can be exercised only by the government as a whole.

"It is anticipated that the correspondence which brought about the request for the minister's resignation will be made public immediately. It must first be submitted to the Governor-General."

After reading this statement, General Hughes made the following statement:

"The correspondence will show that Sir Robert Borden asked for my resignation on account of the tone of a letter written November 1 by the Minister of Militia, showing that the Prime Minister had made mis-statements which the Minister of Militia promptly proved to be incorrect and had made criticisms which were shown to be unwarranted when all the facts considered."

Sir Sam added: "Accompanying my resignation was a request to the Prime Minister that all the correspondence in connection with the affair might be published promptly. I feel quite happy. There is a load off my back that has been on for years. The Canadian citizen soldiers, during that time, have made a record second to none in the world. They have proved themselves gentlemen, fearless and self-sacrificing. Canada regards the force with pride.

THE DUKE OF DEVONSHIRE ARRIVES.

The Duke of Devonshire arrived in Canada to-day and was sworn in as Governor-General.

A Helpful Mistake—"What do you suppose has come over my husband this morning, Sophia," exclaimed a conscientious little bride to the new servant, "I never saw him go start down-town so happy. He's whistling like a bird!"

"I'm afraid I'm to blame, mum. I got the packages mixed this morning and give him birdseed instead of his regular breakfast food, mum."

NOW A STRONG MAN

My father-in-law was troubled with Rheumatism for a number of years. He was advised by a friend to try

Gin Pills

He purchased a box, and after taking them for a week found that they gave him some relief. He then purchased three more boxes, which were the means of entirely relieving him. He is now a strong man in good health and able to attend to his daily work. For this great change all is due to Gin Pills.

Yours truly, Alex. Moore.

All druggists sell Gin Pills at 50c a box, or 4 boxes for \$2.00. Sample free if you write to NATIONAL DRUG & CHEMICAL CO. OF CANADA, LIMITED, Toronto, Ont.

LIBERALS STARTED BATHURST HARBOR WORK

Conservative Papers Shown Up In Attempt to Take Credit for Dredging.

Editor Graphic—

Sir— I notice a contribution to the Times of Montreal, and Standard of St. John, touching harbor improvements at Bathurst in which great praise is given Hon J. D. Hazen and the Conservative government.

The correspondent in question goes out of his way to attach the Liberal party by saying: "Many times the citizens of Bathurst have tried to get some dredging done, but without avail. Mr. Hazen recognized the justice of their claims and had the necessary appropriations put through with the result that the handicap has been removed, and it now possible for large steamers to come right up to the wharves and dock when fully laden, whereas before they could come up light."

Everyone in Bathurst who has read the above must at once perceive the attempt to deceive the public. The idea of giving Mr. Hazen or the Conservative government all the credit for the improvements at Bathurst harbor is so absurd that even Conservatives here are disgusted with such trash as appeared in the Times and Standard.

A few facts connected with the dredging of our harbor will show the absurdity of the contention advanced by these two papers.

In 1909, Mr. Turgon our federal representative, foreseeing the advantages that would occur to the ever growing industries of Bathurst by the dredging of our harbor, pressed upon the federal minister of Public Works, Hon. Wm. Pugsley, the necessity of deepening the channel from the outside loading ground up to the steel bridge that spans the Nepisiquit River. His work was crowned with success and that same summer an engineer and his staff made a thorough survey of the harbor. The plans submitted by them which entailed a large expenditure, were approved in the fall of the same year, by Mr. Pugsley and an order-in-council was passed in January 1910 authorizing the dredging of a channel 25 feet deep and 200 feet wide, the initial appropriation for this work was voted.

A powerful suction dredge was purchased and in July 1910, began work in our harbor. This work was continued in 1911 and considerable progress made. In August of that same year arrangements had been made for a second powerful suction dredge, and with one working on the outside and the other in side the harbor the engineers estimated that by the end of 1913 the contemplated improvements would have been completed.

In the fall of 1911 the Conservatives came into power and the work in Bathurst harbor was immediately suspended. After a great deal of bickering, wire-pulling, etc., by the local politicians, without any satisfactory results, the Town Council had to take a hand in the matter and at the expense of the citizens a delegation consisting of J. B. Hachey, T. M. Burns, A. J. H. Stewart and P. J. Veniot, was sent to Ottawa and finally succeeded in getting an appropriation. The balance of work was then given out by tenders to the Northern Dredging Co., and each year long before the end of navigation the small appropriation was exhausted and again delegations had to rush to Ottawa to urge the continu-

GLOUCESTER BURGLARS GET HEAVY SENTENCE

One, a Ticket-of-Leave Man, Gets Seven Years, Other Five Years.

His Honor Judge McLarty presided at the fall term of the County Court which opened in the Court House on Tuesday. Three criminal cases were admitted to the Grand Jury, two of which were thrown out, while the third, involving Euclid McGrath and George Duguay of Tracadie on a charge breaking and entering A. R. Loggie's store at Tracadie resulted in the finding of a true bill. Both prisoners pleaded guilty, and His Honor sentenced McGrath who was a leave-of-ticket man to seven years in penitentiary, and Duguay to five years in the same institution.

Had the Liberals continued in power the work begun by them would have been completed in 1914, but with the back and falling and weak-kneed policy which has characterized every step of the present government in dealing with this important matter it will be several years yet before the work is completed and then it will not be what was at first obtained by Mr. Turgon. Instead of a 25 foot channel at low tide, as was at first planned the present government only contemplate giving a 17 foot channel.

In view of the above facts, how can any credit be claimed for Mr. Hazen? Rather should he not be censured for the very small appropriation given annually for a work of such dimensions? Why should he receive credit, when delegation upon delegation had to be sent to Ottawa to urge the claims of our port after the former government had already expended nearly \$300,000 which was a positive proof of its intentions to carry these works to completion?

As a proof of the unreliability of the Standard correspondent one has only to read what he says about vessels carrying 8,000,000 feet of lumber taking their full loads at the mill wharves. He refers to the British Transport, Inkonka now at the wharf, "where she will load 3,000,000 deal." This vessel would no doubt have been able to take her full load of 3,000,000 feet at the wharf had not the work of dredging been delayed by the bungling of the present government, but as matter now stand she cannot take more than one half that amount inside harbor and the balance on loading grounds outside.

This correspondent further says it is now possible for large steamers to come up to the dock fully laden. While I wish for the sake of the good name of our harbor, that this would be done, I must say that the writer of that article either does not know what he is writing about or has deliberately falsified the record in order to give undeserved praise to the Conservatives party.

ANTI-HUMBUG.

His many friends throughout the Bay Chaleur country will be glad to learn this. His present address is Surgical Ward, Overcliffe Emergency Hospital, care Army P. O., London.

SERIOUS SHORTAGE OF COAL

The L. C. R. is finding it extremely difficult to procure coal enough to keep traffic moving, and one division has to borrow from another to do so. Recently there was not a car of coal in the dump here and eight cars had to be transferred from Mont Joli to enable engines to get enough to take them on their runs.

CURLERS MEET

A meeting of the Campbellton Curling Club was held in the club rooms, Friday evening. President R. K. Shives was in the chair. The secretary treasurer's report showed the finances of the club to be in good shape. Eleven new members were elected. Any person desiring to join should hand his name to any member of the club on or before Friday, Nov. 24th as on that date another meeting will be held and skippers chosen for the season. Committees were appointed and other business transacted when the meeting adjourned to meet Friday evening, Nov. 24.

WOMEN'S INSTITUTE

The regular meeting of the Campbellton Women's Institute will be held at the home of Mrs. A. A. Andrew, Monday evening, Nov. 20th.

LOST A FINGER

Master William Currie, the little son of Mr. and Mrs. Wm. Currie had the misfortune to lose one of his fingers recently. He was playing with an axe when he chopped it off quite close to the hand.

OYSTER SUPPER

The Campbellton Women's Institute will hold an oyster supper in St. Andrew's Church Hall on St. Andrew's night, Nov. 30th. Proceeds for Patriotic purposes. Further information next week.

MAKES GOOD APPEARANCE

The new building on the Belanger corner, opposite the post office makes a very neat appearance. The brick used are the ones made at the old brickyard here, and have the appearance of being satisfactory in every way.

PROFESSIONAL

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John, will be at the St. Louis Hotel, Campbellton, FRIDAY, NOV. 17th, where he may be consulted, professionally—2 p.m.

KIND WORDS

During the past three weeks a large number of our subscribers have paid their subscriptions and during that period we have received many gratifying letters commending the Graphic in its work. Despite the fact that the subscription price has been increased to \$1.50 per year, very few have even mentioned this and less than a dozen have ordered their paper stopped for this reason. We thank our readers for their kind words.

Fawcett Stoves, Ranges and Furnaces are the best. They save fuel.

SUCCESSFUL SERVICES

Rev. Geo. S. K. Anderson has concluded a very successful series of union services at Debec Junction—the Methodist, Presbyterian and Baptist churches uniting. The whole community has been stirred and greatly blessed. About sixty persons made a religious decision and professed faith in Christ. On the second Sunday of the campaign a union Communion service was held in which all the churches with their pastors took part.

CANADIAN RED CROSS SOCIETY

London, Oct. 17th 1916.

Dear Madam:

I beg to inform you that Pte. S. Harrison, 24th Canadian Regiment, who is now at Birmingham War Hospital Birmingham, is suffering from shrapnel wound in his arm and our visitor at the hospital Mrs. Young, reports was that he is going on satisfactorily. This is all we know at present but, no doubt you will have been informed by the War Office that he is wounded, and we will report to you from time to time now he goes on as we hear from our visitor.

We in England have a great admiration for the noble part taken in this war by the Canadians and if there is anything more we can do to relieve your anxiety please write us. The report does not say if the wound is in his right or left arm, but we expect more particulars later on.

Your Faithfully

BEATRICE CAVERHILL.

Mrs. William J. Harrison,
Grand Casapedia, Pro. of Que.

PARCELS FOR OVERSEAS

Fawcett Stoves, Ranges and Furnaces are the best. They save fuel.

CHURCHES SEND PARCELS

The various churches have each sent individual Christmas parcels to each member on their respective lists. The ladies looked after this work.

IN MEMORIAM

In loving memory of our dear brother, Harry Hamilton Adams, Matapedia, Que., who died Nov. 12th 1915.

One year has gone our hearts are sore,
As time roll on we miss him more.
Your gentle voice, your smiling face,
No one can ever fill your place.

Inserted by the family.

IS YOUR TOWN REPRESENTED

The Graphic is very anxious to procure a correspondent in every district in the counties of Bonaventure and Gaspé, Que., and Restigouche, N. B., who will send in reliable news each week. Nothing is more interesting to absent ones than to see notes from their home town. We frequently receive letters from boys at the front with the question, "Why don't you publish notes from—, we would like to hear what is going on at home." These notes from the home town are like a letter from home, not only to the boys at the front but to old residents who have moved away. The Graphic supplies a few copy of the paper weekly, stamped addressed envelopes and writing paper. If you can do this work write the Editor, etc.

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery!

Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

FREE TRIAL. Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 60c. box.

Peps

SNOW AT ST. JOHN

A heavy snow storm prevailed at St. John on Tuesday. It did not reach as far north as Campbellton, but it has been very cold here.

Boots and Skates bought at this store will be attached free. A full line of Automobile Skates in stock.

ENCOURAGEMENT NEEDED
Sometime ago the Graphic threw out a suggestion, which was heartily approved of by many but which evidently has been forgotten. That was that the citizens of Campbellton offer prizes for the highest marks made by pupils in the Grammar school in certain named subjects.
These prizes need not be gold or silver medals, but might be a small sum of money, books or some useful article.
These prizes would be valued not so much for their intrinsic value, but from the fact that they were the reward of good work of a pupil at the Campbellton Grammar school to be held away for future generations to see.
In other towns there are distributed each year many such prizes, and this stimulates the work is said to be great.
Surely Campbellton has enough public spirited gentlemen who can afford a few dollars for this object. The Graphic would be pleased to acknowledge any and all such prizes, or if the donor wishes they can be sent to Principal, J. B. Carr.
We trust that there will be a spontaneous reply to this suggestion.

TWO TRIBUTES
Twice within the week have public speakers pictured to St. John audiences the heroism and the noble self-sacrifice of French people, to visit the centres of a visit to France made on Sir George H. Foster was the same as made on Miss Kathleen Burke, who also had opportunity to meet the leaders of the French people, to visit the centres of population as well as the trenches. They learned, as have other visitors to the Western battle region, how bravely, how heroically the French soldiers are fighting and how self-sacrificingly the French people, young and old are aiding his cause. It is well for Canadians, too prone to think that on Britain and her colonies is falling the heaviest burden, to learn from representatives of their own race that, wonderful as are the Canadians, the Australians, the British, the French are still more wonderful and are daily bearing a burden of war infinitely greater without complaint, fighting and dying that France may live. The tribute paid to France by Sir George H. Foster and Miss Burke is the tribute every British leader has paid to a great, a wonderful people, but it cannot too often be repeated.—St. John Globe.

HELMET BACK TO WARFARE
The German army was equipped with steel helmets long before the war was begun. After the conflict was under way the French discovered that the percentage of head wounds sustained by their soldiers was much greater than the percentage in the German army. The French adopted the steel helmet. The British following suit, and now even the slow-moving Russians have equipped a small form of protection against head wounds. After

MOTHER TELLS HOW VINOL Made Her Delicate Boy Strong
New York City.—"My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil, but he could not take it. I decided to try Vinol—and with splendid results. It seemed to agree with him so that now he is a strong healthy boy."—Mrs. Thomas Pennington, 1090 Park Ave., N. Y. City.
We guarantee Vinol, which contains cod and cod liver oil, iron, and manganese phosphates and glycerophosphates, for run-down conditions. A. McE. McDonald, Brantford, Campbellton. Also at the best druggists in all New Brunswick towns.

Russia comes the United States with an announcement through the War Department steel helmets for American soldiers are being "considered."
GERMANY AND CANADA'S NICKEL
The Government cannot credit the story that the big cargo of nickel which has been taken on board the Deutschland for transportation to Germany to make guns to slaughter more Canadians at the front, really came from Canada's nickel mines at Sudbury. It seems such a strange thing that the foreign corporation which owns all Canada's nickel and ships it out of the country as fast as it can be dug up, should sell it to somebody in sympathy with Germany, whether openly or covertly. The Government now announces that they will make an enquiry to find out if Canadian nickel really has been stowed on the Deutschland. Canadians would be better pleased to hear that the Government were taking prompt measures to make sure that no more nickel would filter to the wily agents of the German Government, instead of trusting to a foreign corporation which does not care a snap of the finger for Canada and the Allies to do this for them.—Montreal Herald.

Boise, the capital of Idaho, is the only city in the world to use natural hot water supply for heat to houses, public buildings and business blocks. Water at a temperature of 171 deg. F., comes from wells in the low foot-hills of the Boise Mountains just outside the city, and for twenty-five years it has been used for heating purposes.
These are two, each 18 in. in diameter and 400 feet deep. The natural flow is only 800,000 gallons a day. Centrifugal pumps have increased the supply to 1,250,000 gallons every day. The water is pumped into a tank or reservoir, and thence distributed to users in the city. One hundred and thirty-nine buildings use it for all purposes, including heat, and 100 other buildings use it for bathing, washing and cooking purposes.
Engineers have tried to increase the flow of water, and they think that if they could tap the main subterranean stream they would get enough hot water to supply all the needs of the city. The heat is so intense that men can work only 18 feet in 10-minute shifts. These hot springs were well known by the Indians, and they made the spot where Boisenow stands a sort of winter resort for the Snake and Banock tribes.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists.

CHICAGO, Nov. 8.—Oliver W. Stewart, in a statement on results on prohibition in the various states to-day said: "Returns indicate that the 'drys' have added four states—Michigan, South Dakota, Nebraska and Montana—to the 'dry' column. We saved Arkansas to the array of 19 dry states with which we entered the campaign."

The election of Bamberger as governor of Utah, a Democrat favoring prohibition, I think means prohibition by statute out there. We are particularly pleased with the victory for woman's suffrage in South Dakota for that means the election of officials who will make the prohibition laws effective."
Incomplete returns in Arkansas indicate the defeat of the amendment to substitute local option for the present state-wide prohibition. The state-wide prohibition referendum in Missouri has been defeated by a vote of more than 3 to 1. Prohibition also met defeat in California.

MOTHER SEIGEL'S SYRUP
The proof of Mother Seigel's Syrup is in the taking. That is why former sufferers, whose vitality was being sapped by indigestion, say it is just excellent for stomach, liver and bowel troubles. Thanks to Mother Seigel's Syrup, they are now strong and well.
IS EXCELLENT FOR
If you are afflicted by indigestion or other disorders of the stomach, liver and bowels take Mother Seigel's Syrup regularly for a few days; long enough to give it a fair chance to make its beneficial influence felt. Then note the improvement in your appetite, your strength, your general condition.
HEADACHES, BILIOUSNESS, CONSTIPATION, INDIGESTION.
This bottle of Syrup contains three times as much as the 50c size.

Proved It—The hostess summoned one of her guests to the lawn to try his luck at the new moon, and said: "You must hold this silver dollar in your left hand, look at the new moon over your left shoulder, make a wish, and it will come true."
The thing was very quickly done, and they rejoined the party. Later the hostess asked if the wish had been made, and, upon being informed that it had, she remarked: "Where is my silver dollar?"
"Oh!" replied the guest, "I wished that I might keep the silver dollar, and it came true."

HITTING BACK—Uncle Silas (visiting city relatives who use electrical appliances for cooking at the table)—"Well, I swan! You make fun of us for eatin' in the kitchen. I don't see as it makes much difference whether you eat in the kitchen or cook in the dining-room."

HOPETOWN, QUE.
The annual Harvest Supper and Service was held in the Anglican Hall and Church on Friday the 10th. inst., and was very largely attended, in fact it is reported to have been the largest in number since the inauguration of the Anglican Festivals in Saint James parish. The service in St. James church was conducted by the Rev. A. J. Vibert the Incumbent and Rev. W. M. Whiteley of Port Daniel the latter being in the preacher his text was "The Angels are the Reapers" his sermon throughout was most instructive and interesting and was well delivered and listened to by a large and devout congregation, and was much appreciated. The collection at this service proved a record one and was devoted to the Widows and Orphans fund of the Diocese of Quebec. After the service the congregation together with quite a number of others who through the church being crowded could not gain admittance, attended the supper in the hall, which was also a marked success. Two more of the young men from here have joined the colors and have left for the headquarters of the 171st Battalion.
Miss Rena Shearer is teaching this year on the 2nd Range.

10 CENT "CASCARETS" FOR LIVER AND BOWELS
Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess "bile" from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

GEO. G. MCKENZIE & COMPANY, LTD.
Commercial Block Near Depot.

This quiet town was recently enlivened by the procession of a wedding party through its midst on their way to and from New Carlisle where the ceremony was performed. Our congratulations to them.
Miss Annie Carney has returned home from Montreal where she was for a short while.
Our sympathy goes to Mr. George Ames and his three little girls and son on the recent death of Mrs. George Ames.
Service in the Anglican church is now held on Sunday in the morning and the next at 2 p. m. instead of 7 p. m. as was customary in the summer.
The congregation of Saint James church here have sent a resolution to the Premier of the Province asking for total prohibition of the liquor business in the Province of Quebec, in this we understand and they are being joined by many others.

Sold by druggists everywhere. Write to
Kendall's Spavin Cure Co., 123 E. 1st St.,
Franklin on the Hudson, New York, for a
free booklet.

"Bill had charge of the animal tent,"
said the old circus man, "and among
his pets was a leopard, the only one we
had with the show, and quite enough,
too." This leopard gave Bill more trou-
ble than all the rest of the menagerie
put together. It was certainly an ugly
brute.
"Well, one day, when we were show-
ing in the Midlands, I had come up to
London to arrange about some advance
business. I was eating my dinner in
the hotel when a telegram was handed
to me. It was from Bill, and read,
'The leopard has escaped. Prowling
about town. What shall I do?'"
"That was just like Bill. He had to
have explicit directions, even in an
emergency like this. He didn't want
to make a mistake."
"I immediately wired back to Bill,
'Shoot him on the spot.' I didn't think
any more about it until a couple of
hours later, when I received another
telegram from conscientious, careful
Bill, asking, 'Which spot?'"

BLUE JACKETS UNIFORM
The establishment of a Naval Re-
cruiting Station at 103 Bay Street
under the charge of Commodore Aemo-
lie Jarvis will soon make Toronto-
nians familiar with the blue jacket's
uniform, which hitherto has been too
rarely seen in the city. The three
represent Nelson's three great victories
—at Copenhagen, the Nile, and Trafal-
gar; while the collar itself survives
from the time when the Pig-tail regu-
lar and it was introduced to pro-
tect the uniform from hair oil and per-
spiration dripping from the hair. The
black silk handkerchief worn round the
neck and passing under the collar is
supposed to commemorate the death of
Nelson when the Nation and the Navy
were plunged into mourning in spite of
his great victory at Trafalgar on Oct-
ober 21st, 1805.
The "bell mouthed" trousers-legs
were introduced in about 1812 and
while adding to the distinctive features
of the Naval uniform make it easy for
a man to roll them up while scrubbing
decks and thus keep them dry.

**Fawcett Stoves, Ranges and Furna-
ces are the best. They save fuel.**
The late Sir W. S. Gilbert of Savory
opera fame met Liebling, the pianist,
and the following interchange of cour-
tesies occurred between them.
Liebling was introduced to Gilbert,
and Gilbert said:
"Sir, I have heard Liszt."
"Sir, I have heard Liszt."
Liebling bowed his head in acknow-
ledgment at what he supposed was the
coming compliment.
"I have heard Henry Hertz," contin-
ued Gilbert. Liebling bowed still
lower. "I have heard Paderewski,"
Liebling made a genuflection even un-
to the ground.
"Well sir," continued Gilbert, in
abrupt tones, not one of them—not one
of them, sir, perspired as profusely as
you do!"—Tit-Bits.

**Oils Soothe
Skin Disease**

Oil of wintergreen, thymol, glycer-
ine and other healing ingredients com-
pounded in proper proportion into D.
D. D. Prescription has now become the
universal favorite of skin sufferers in
relieving skin disease. It is a mild
wash that penetrates the pores and
gives instant relief from all burning
and itching. It kills and washes off
the gnawing disease germs and its soo-
thing oils quickly heal the inflamed
tissues.
Come to us we will tell you more
about this remarkable remedy. Your
money back unless the first bottle re-
lieves you. D. D. D. Soap keeps your
skin healthy. Ask about it.

VICIOUS DOG.
The owner of a large black dog has
been ordered to destroy it as it has
been annoying pedestrians.

RIVER FROZEN OVER.
The cold weather since Sunday has
frozen the river over at the islands,
and a few nights more of heavy frost
will make good crossing.

Having been informed sometime ago
about the critical condition of the lea-
ther market we planned large orders
for Boots and Shoes for spring deliv-
ery some of which have already ar-
rived and are prepared to serve you
at very little advance over old prices.
McRAE'S SHOE STORE

LIQUOR CASE.
A citizen was up before His Honor
accused of selling liquor to a soldier.
The case was postponed until to-day.

REPORTED PRISONER OF WAR.
Word has been received here that
Louis Annett of the Mounted Rifles,
recently reported missing, is now a
prisoner of war in Germany.

ANOTHER SON WOUNDED.
Mr. D. F. Graham has received
word that his son, Bomb. Frederick
Allison Graham, artillery, was wound-
ed October 25th. Mr. Graham has
three sons at the front, and this is the
third reported wounded in the last
three weeks. All were slightly
wounded.

ces are the best. They save fuel.**

NEW TIME TABLE
The winter time table of the Que-
bec Oriental Railway went into effect
Wednesday morning, Nov. 15th. The
express train leaves Cross Point at
8.15 every day except Saturday, when
it leaves at 11.15, thus connecting with
the Limited at Matapedia on that day.

COUNTY COURT
The regular session of the County
Court met at Dalhousie on Tuesday.
There was only one case, that of the
young lad belonging to Hazen who was
charged with train wrecking. The
grand jury brought in a time bill, but
the judge, considering the youth of the
prisoner, allowed him his freedom af-
ter giving him some fatherly advice.

FROZEN OVER
The river was caught over with ice
this morning. The ferry had to break
a lane through the ice.

BROKE HER ARM
Mrs. Mahoney of Tide Head while
walking along Aberdeen street, oppo-
site St. Andrew's chch, on Friday morn-
ing, broke her left arm just above
the wrist. Dr. Price was called and
rendered the necessary surgical treat-
ment. Mrs. Mahoney who is at pre-
sent staying with Mrs. Geo. Dunn,
Gerrard street, is doing as well as can
be expected.

POLICE COURT.

Frank Davis, arrested here accused
of robbing a passenger on the I. C. R.
between Montreal and Lewis was al-
lowed his liberty as no one appeared
against him.

A deserter from the 171st Battalion
was held here and handed over to an
officer for transportation to Quebec.
Three drunks were before his honor
during the past week and contributed
the usual amounts.

The citizen accused of stealing the
dog belonging to another was fined \$15
and costs.

MANY PARCELS
The post office was a busy place
Friday afternoon as a large number of
overseas parcels were mailed that day.

SOLD CEDAR TIES.
The Shovel Lumber Co., have sold a
large quantity of cedar ties to the Bos-
ton & Maine Railway. These will be
shipped from here as soon as cars are
available.

GRANTED ANOTHER SIX WEEKS
Private James McNaughton who has
been in the Mechanical Transport in
France and who is now home on leave
has been granted a further six weeks
leave of absence, dating from Nov.
24th, next.

REJOIN ARTILLERY
Lt. Alf. Gillis, who has been busily
engaged for sometime recruiting for
the N. B. Kilties, will leave shortly to
rejoin Col. Anderson's battery at the
front.

DOING GOOD WORK
According to a statement made at
the monthly meeting of the Soldiers'
Comfort Association, St. John, last
week, by the President, Mrs. George
McAvity, New Brunswick ranks first
in patriotic work for the Soldiers'
Field Comforts activities in England.
This work came to Mrs. McAvity thro-
ugh Miss Plummer, who has charge of
the operations in Shorncliffe, England.
During her talk on comforts work,
Mrs. McAvity also referred to the
splendid undertakings of the women
in Montreal.

DENTAL OFFICE
CHANGES HANDS
As I will be out of my office until
the end of the war, I have rented it to
Dr. Gillis, who will conduct a business
of his own.
Dr. Gillis is a duly qualified Dentist,
a graduate of Baltimore and has had
honorable mention in some subjects,
for which he holds certificates.

I take this opportunity of asking
my patients to patronize Dr. Gillis as
I feel confident they will be satisfied
with his work, also feel that my pa-
tients will not be neglected during my
absence.

OBITUARY

The funeral of the late Mrs. Isabella
Smith took place on the 2nd inst., at
2.30 p. m. from the residence of her
daughter, Mrs. James MacKay, 918
Victoria drive. Deceased was 85 years
and 7 months old, native of New Brun-
swick, and came to this city 22 years
ago. She leaves to mourn her loss
two sons, Mr. J. B. Smith and P. J.
Smith of this city; three daughters,
Mrs. James MacKay of this city, Mrs.
Bell McIsaac of Eleva, Wis., and Mrs.
P. McLean of Campbellton, New Brun-
swick; one brother, W. H. Dempster
of Victoria, B. C.; one sister, Mrs. Jane
MacKay of North Vancouver; also 23
grandchildren, seven of whom are ser-
ving their King and country; also ten
great-grandchildren. The deceased
was loved and highly respected by all
who came in contact with her daily
life. Rev. David James conducted an
impressive funeral service both at the
residence and graveside; T. Edwards
& Co., funeral directors having charge
of the funeral arrangements. Her re-
latives wish to take this opportunity
to thank their many friends who as-
sisted by kind words and deeds dur-
ing their late bereavement.—Vancou-
ver paper.

The death of Mr. Wm. Lewis occur-
ed at Madison, Me., on Oct. 29th inst.,
of paralysis. Mr. Lewis was formerly
a resident of this town, and was 67
years of age. He leaves a widow, three
sons and two daughters to mourn their
loss, also three brothers, Robert S. of
Petit Rocher, John and Thomas in the
west. Mr. Lewis' mother predeceased
him about three years ago at the age
of 98 years.

Nerves!!
—“On Edge”
—“Jumpy”
**Yours is a case
for Wincarnis**
If your nerve centres
have become weakened
by overwork, worry or anxi-
ety, they are unable to trans-
mit the necessary nourish-
ment, and the nerves become
worn out and “on edge.”
Then it is that sudden sound
makes you “jumpy”—you
get irritable—you suffer from
neuritis—you are restless
and depressed. In this condi-
tion there is nothing to equal

WINGARNIS
Because, being a powerful
nerve food, Wincarnis gets
right to the root of the
trouble, and, by creating a
supply of new nerve force,
stimulates and revitalizes the
whole nervous system. Try
Wincarnis for “nerves.” It
is wonderful. Over 10,000
doctors recommend it.

BROAD-MINDED

QUEBEC ELECTS JEW
Sworn in as M. P. P. in Jewish Fashion This Week.

For the first time in the history a Jew become a member of the Quebec Legislature last week. With hat on head, and hand on the Old Testament, Mr. Peter Bercovit, Liberal member for Montreal, St. Louis division took the oath, surrounded by French-Canadian and English-Canadian members, who saw such an oath administered for the first time.

In 1808 a Jew, Mr. Ezekiel Hart, was elected for Three Rivers, but he was not allowed to take the seat because he could not take the oath upon his faith as a Christian. So he resigned and went back to his constituents, who re-elected him by a bigger majority than ever. But before he had time to take his seat, the Legislature was dissolved.

Twenty-nine years later, Mr. Louis J. Papeneau brought in a bill doing away with the disabilities of the Jews, but from that time to this there has been no Jew officially on the floor of the House.

Mr. Peter Bercovit, a bright young lawyer, therefore, has the distinction of being the first Israelite to sit in His Majesty's Parliament in the Province of Quebec, and he received a cordial welcome from English-speaking and French-speaking members alike, belonging to both sides of politics.

He was born in Montreal just 37 years ago. His parents were immigrants from Warsaw, Poland. He was educated in the public schools of Montreal, but made quick progress, and passed through McGill and Laval Universities. He speaks French as well as any of the French-Canadians of Quebec, and English as well as the folk of Westmount.

Fawcett Stores, Ranges and Furnaces are the best. They save fuel.

the same as in the preceding case; when, however, potatoes were cooked with the skins on, there was but a trifling loss of matter, either nitrogenous or mineral. In the baking of potatoes there is practically no loss other than very little which may escape in the moist steam given off.

To obtain the highest food value, potatoes should not be peeled. When peeled, there is least loss by putting directly into hot water and boiling quickly. Even then the loss is considerable. When potatoes are peeled and soaked in cold water the loss is very great.

It has also been found that considerable losses occur in the boiling of other vegetables such as carrots, beets and parsnips. The loss in the mineral matter is serious, as vegetables furnish mineral materials from which teeth and bone are formed. Vegetables should be boiled in large pieces and in as small a quantity of water as possible.

To prevent the serious loss which occurs when the water in which vegetables have been boiled is thrown out, the water should be boiled down and used in the making of the sauces which are to be served with the vegetables.

COOKING VEGETABLES

Loss of Valuable Ingredients Through Wrong Methods.

While boiling vegetables the nutrients soluble in water may be dissolved out and lost. The nutrients liable to be lost include protein compounds, mineral constituents, and sugars. The Minnesota and Connecticut Experiment Stations have conducted interesting experiments in connection with this subject. The first experiments were made with potatoes, which were boiled under different conditions, and the loss determined. When the potatoes were peeled and soaked for several hours before boiling, the loss amounted to 52 per cent of the total nitrogenous matter and 38 per cent of the mineral substance; when the potatoes were peeled and put into cold water, which was then brought to the boiling point as soon as possible, the loss amounted to about 16 per cent of the nitrogenous matter or protein and 19 per cent of the mineral matter; potatoes peeled and placed at once into boiling water only lost 8 per cent of the nitrogenous matter, although the loss of mineral matter was about

HIS HEART BADLY AFFECTED

"Fruit-a-lives" Soon Relieved This Dangerous Condition

632 GERRARD ST. EAST, TORONTO.
"For two years, I was a victim of Acute Indigestion and Gas in The Stomach. It afterwards attacked my Heart and I had pains all over my body, so that I could hardly move around. I tried all kinds of Medicine but none of them did me any good. At last, I decided to try "Fruit-a-lives". I bought the first box last June, and now I am well, after using only three boxes. I recommend "Fruit-a-lives" to anyone suffering from Indigestion".

TUNNELING THE BRITISH CHANNEL

(From the Boston Transcript)
The statement of England have at last given the foolish notion, which is comparable to their adherence to a medieval system of currency, to a senate of aristocratic nobodies and a good many other exploded notions, that a tunnel under the Channel would expose them to continental invasion.

"A snug little island—a right little, tight little island." That was Britain, in the days when only the winds of heaven could move a ship to her shores. A tunnel under the Channel, with a possible Bonaparte sitting at the other end of it, it represented itself, even down to this generation, to the average Englishman in the light of the key to your front door which you might obligingly leave under the door-mat convenient to the burglar's hand. But the war has opened the nation's eyes to the fact that rigid insularity, in the day of steam and electric power, and also in the day when England's first line of defence has turned out to be the frontiers of Holland and Belgium, it is a liability instead of an asset. If there had been a tunnel to Calais on the first day of August, 1914, and if England had been already awake to the German plan of advance through Belgium, Britain might have concentrated such a force in that country, within two weeks of the declaration of war, that the Germans would never have been able to cross the Meuse. This, or something like it, the British realize now, and the Government is prepared to bring in a measure for the construction of a tunnel under the Channel, to cost eighty million dollars. The world, as well as Britain and France, will benefit by this enterprise. It will be a type of awakening of the spirit of insularity the world over.

Collected by Miss Quenny Garrahy, Cross Point \$7.50
Jos. G. Olcamp, Restigouche \$2.00
R. W. Montgomery, Treasurer.

GOOD ADVICE TO LOCAL MERCHANTS

Recently a merchant of Natchez, Miss., happened to see a farmer receive a box at the depot and noticed that it as from a mail order house. He also noticed that the goods were right in his line and the same as he had carried for years. He immediately approached the farmer and said: "I could have sold you the goods you have here for less money than the Chicago house and saved you the freight." "Then why don't you do so?" said the farmer. "I have taken the local paper a year and have not seen a line about selling these goods or any other goods. This mail order house sends advertising matter to me asking for my trade, and they got it. If you have any bargains, why don't you put them in the paper so we can see what they have?"

Unanswerable—Policeman—"What are you standing 'ere for?"
Loafer—"Nuffink."
Policeman—"Well, just move on. If everybody was to stand in one place,

FORCEPS CAUSED

WOMAN'S DEATH.

Left Within Body After Operation for Appendicitis.

St Catharines, Ont., Nov. —Mrs. Amy Levia Moir, wife of the Rev. D. A. Moir, pastor of the Methodist Church, Thorold, died at St. Catharines General and Marine Hospital as the result of a surgical over-sight.

Two years ago Mrs. Moir underwent an operation at Hamilton for appendicitis, which was apparently successful outside the fact that a pair of forceps were left within her body after incision was mended.

The presence of the forceps was made known by excruciating pain and they were removed in a second operation. The instrument, however had worked its way into the intestines, which had become seriously affected.

Consoling —The Bride to be—"My only worry is about mother. She's bound to miss me terribly."
Friend of the Family—"Ah, well, she can complain. After all, she's had you longer than most mothers keep their daughters."

Thorough mixing is what makes cake delicate and tender

Lantic Sugar

makes the best cake because it creams quickly and thoroughly with the butter which is the hardest part of the mixing. Its purity and extra "fine" granulation make it dissolve at once.

Social & Personal

Our Readers Are Asked to Contribute Items to This Column.

Miss Inez LeBans is visiting friends in Bathurst.

Miss Cox of Loggieville is visiting Miss Jennie Sheals.

Mr. and Mrs. John T. Reid are in Chatham this week.

Miss Mary Haley of Matapedia is the guest of her aunt, Mrs. James Lynd of New Richmond.

Mr. and Mrs. Jas. Paterson have returned from visiting friends in Petteriac and Moncton.

Miss Ruth Cameron of Montreal is the guest of her parents, Mr. and Mrs. John Cameron.

Lieut. W. W. Hart of Winnipeg was in town last week enroute to Halifax from where he sails for France.

Miss Gwendolyn Richards is attending the Provincial S. S. Convention in Chatham this week.

Rev. Geo. M. Young is attending the Sunday School Convention in Chatham this week.

Mrs. J. C. Ferguson and Mrs. Fawcett are the guests of friends in Chatham and are also attending the S. S. Convention.

Mr. and Mrs. Wm. Wilkinson and little son of Hampton are the guests of Mrs. Wilkinson's parents, Mr. and Mrs. John Cameron, Water St.

Capt. H. E. Mann of the C. A. D. C., who is stationed at Sussex uniting for the 173rd Kilties, a western Battalion, spent a few days at his home here last week.

Mrs. Jas. Henderson is in Chatham attending the Provincial Sunday School Convention which is being held there this week. Miss Marjorie Gerrard is also attending the convention.

Miss Ford, a graduate of Mt. Allison Conservatory of Music, who arrived in Campbellton on the 7th inst., has been appointed Directress of St. Andrew's Church Choir. Miss Ford is a soprano with good range and clear enunciation and was very favorably received as Leader and Soloist at both services on Sunday.

Many friends of Pte. H. K. Hamilton of the 158th Battalion were at the station to see him when he passed through Campbellton this week. Pte. Hamilton is but sixteen years old, and has already served three years with the Navy on the Pacific. He enlisted in Vancouver and is with the Stretcher Bearer's Section. Pte. Geo. Hamilton of the 26th Battalion, who was killed in action on June 16th was a brother of Pte. Hamilton's.

FIOTT-CAMERON.

The home of Mr. and Mrs. John Cameron was the scene of a pretty wedding on Wednesday afternoon at four o'clock when their second daughter, Miss Isabel Forbush Cameron, was married to Mr. James A. Fiott of Vancouver, the Rev. Hugh Miller officiating. The bride was attended by her sister, Miss Ruth Cameron of Montreal, as bridesmaid and Mr. Earl McWat acted as best man, while the wedding march was played by Miss Maud Fiott. The happy couple left on the Ocean Limited for their future home in Vancouver. The bride's travelling suit was of taupe broadcloth trimmed with black fox fur and taupe hat to match. Among the many presents was a chest of silver from the groom's parents.

Out of town guests included Mr. and Mrs. P. J. Fiott, Miss Maud Fiott and Mrs. LeRiche of Carleton Place and Mr. and Mrs. W. S. Wilkinson of Hampton, N. B.

Costly.—"When do you expect to go abroad?"

"Not for sometime. It will take several years after the war is over for us to recover from the expenses of having to live at home."

Unnecessary.—The town council of a small Scotch community met to inspect a site for a new hall. They assembled at a chapel, and as it was a warm day a member suggested that they should leave their coats there.

"Someone can stay behind and watch them," suggested another.

"What for?" demanded the third.

"If we are going out together, what need is there for any one to watch the clothes?"

The eye of the Law.—First Officer—"Did you get that fellow's number?"

Second Officer—"No; he was going to fast."

First Officer—"Say, that was a fine-looking dame in the car."

Second Officer—"Wasn't she?"

His Answer.—The teacher had been reading to the class about the great forests of America.

"And now, boys," she announced, "which one of you can tell me the pine that has the longest and sharpest needles?"

Up went a hand in the front row.

"Well, Tommy?"

"The porcupine!"

PROFESSIONAL.

Dr. A. Pierce Crockett, eye, ear, nose and throat specialist, of St. John, will be at the St. Louis Hotel, Campbellton, FRIDAY, NOV. 17th, where he may be consulted, professionally.—2 pd.
