GRIM MURDER STIRS CARLETON

Bennie Swin Shoots Man and Girl—
Sheriff Foster Arrested Him
in a few hours

Fortunately it is but seldom that Carleton county has been stirred with such a tragedy as that occurred at Benton Ridge on Monday when Bennie Swin of Mainstream, seven miles from Hartland, shot and killed Harvey Trenholm and a girl whose name is given as Olive Swin.

A dispatch from Woodstock to the Telegraph on Tuesday gives the following account:

"It is awful what a woman will bring a man down to," Bennie Swin in a conversation so expressed himself this afternoon when visited in his cell at the jail. He talked freely concerning the awful crime of yesterday when two persons were sent into eternity with tragic suddenness. He is rather a good looking chap and was twenty-one years old last October. In his story of the affair, he said: "It was all over ten minutes after I arrived at the house." Olive Swin was not his wife as has been reported, but had lived at his home all winter and they were engaged.

One day she left and he next heard of her at Harvey Trenholm's, at Benton Ridge, where he said he went to see her two weeks ago and asked her to come back. About this time the girl, who was eighteen years of age, was married to Harvey Trenholm by Rev. Mr. Worden, at Meductic. Swin's story is that Trenholm had the revolver and threatened him when he went there yesterday. Swin took the revolver away from him, the prisoner says, and shot him, killing him instantly. The girl came to the door and Swin asked her for his ring. She made no reply, refusing to give it to him, when he shot her in the breast, and on her turning into the house he followed and shot again, this bullet going through her heart. He then went to a sheep pen about five rods from the house and shot himself, the bullet going in near his ear, and is believed over his right eye.

Tonight he is suffering considerable pain and the doctors decided to operate tonight and try to extract the bullet. The revolver is a "five shooter." Swin had another cartridge in the chamber, but he evidently lost his nerve and did not finish the job on himself. He bled considerably and started away, going a distance of seven miles, when he arrived at a house in which a man named Carr lived. He asked for something to eat which was given him. He then went on a mile further when he came to J. Doherty's house, almost exhausted, as he was bleeding from the self-inflicted wound and was easily tracked through the snow by the blood spots.

Arriving at Doherty's house Sheriff Albion Foster went upstairs and found him in bed, when Swin exclaimed: "Sheriff, this is awful, I will hang for this." He was cautioned to not make any statements that might be used against him. When asked about the revolver he said he threw it away. The officer took him to the spot where he said he left it and after some delay he showed them where it was concealed.

"I loved this girl and would die for her," he said, when talking about the affair. He was brought before Police Magistrate Condon this afternoon and remanded until next Monday at two o'clock. Both bodies are at Henderson's undertaking rooms where an autopsy will be held. The inquest will be held tomorrow before Coroner W. W. Hay.

Harvey Trenholm is a returned soldier and has discharge papers from the 20th Battalion. His father lives in Bale Vette, Westmorland county, and efforts are being made to get in communication with him. Arrangements for the burial of the bodies are not yet completed.

MARY ANNE GALLUPE

Mary Anne Gallupe, widow of the late Chesley Gallupe of Robinson, Me., passed away at the home of her niece, Mrs. Lee Good, Monticello, Monday morning, March 27. She was the second daughter of Peter and Hannah Harris and was born at Tracey Mills 56 years ago. Besides a host of friends she leaves to mourn, three sisters and one brother: Mrs. Geo. Burke of St. John; Mrs. Emmeline Hartley, Waterville, Me.; and Mrs. Hammond Blaisdell, Robinson. Fred Harris of Tracey Mills. She was a devout Christian and generous to a fault. The funeral service was held at Monticello on Tuesday morning and the remains were brought to Robinson and laid beside those of her

husband who died 6 years ago. The large funeral and beautiful floral offerings spoke of the high esteem in which she was held.

FIRE DESTROYS FARM HOMES

Sandy Hayward Burned Out on Saturday and George Somers Loses His Home on Monday

The home of Alexander Hayward on the Rockland Road, three miles from Hartland, was destroyed by fire on Saturday. Mr. Hayward had risen early and put on a fire in the cook stove and while he was attending his stock at the barn the blaze caught somehow and before Mr. Hayward was aware of the disaster it got beyond control. The rest of the occupants barely had time to escape. The house, which is up to date and nearly new, was burned flat. Very little of the household furniture was saved. Only a small amount of insurance to cover the loss.

On Monday fire destroyed the farm home of George Somers at Victoria. The flames got their start from an over-heated stovepipe in the attic and while most of the household goods were saved the building was a total loss. There was a small insurance. Only last year the house was enlarged and put in first class shape and this loss is a heavy one. The family have found temporary shelter in the Harris home.

MRS. AMOS BROOKS

Death of the late Mrs. Amos Brooks occurred at the home of her daughter, Mrs. Gordon Dickinson, Newburg, March 16, at the age of 68.

Mrs. Brooks was a daughter of the late David Melvin of Lower Wakefield. Late years she has been living with her daughters, Mrs. Rigby Shaw and Mrs. Gordon Dickinson. Although bedfast for a number of years she very patiently waited for the summons, "Child, come home." At an early age she embraced the Christian faith, and through the vicissitudes of life ever remained a faithful follower. Deceased leaves to mourn their loss seven children—Mrs. Abner DeWitt, Mrs. Rigby Shaw, Upper Woodstock, Mrs. John Hanley, Cheever, N. H., Mrs. Gordon Dickinson, Newburg, Daniel of Ashland, Me., Allen at Houlton, Gilbert in New Hampshire, 32 grand-children, and 22 great grand-children; also two sisters and one brother, Daniel Melvin in the west; Mrs. Jarvis Shaw, Mainstream and Hannah Miller, Wakefield.

Funeral service was conducted by Rev. A. Hatfield in Primitive Baptist church at Bristol. Appropriate music was rendered by the choir, from Medoctee New and Old. Interment in the family lot Bristol.

REFORMED BAPTIST CHURCH

The meetings in the Reformed Baptist church are progressing favorably. The evangelist is preaching the old time gospel, and the messages are deep and searching. His sermons are clear and logical and very interesting. Two young lady singers, the Misses Cogswell and Henderson will be with us on Sunday and will remain for a time. Noonday prayer meeting each day between twelve and one and Bible readings on Wednesday and Thursday at 2.30.

Card of Thanks

We wish to extend our heart-felt thanks to all those who so kindly lent us their aid during the long illness and at the time of the death of our husband and father. Also to Mr. and Mrs. H. H. Hatfield for beautiful flowers and the many friends for their kind words of sympathy.

Canadian Woman Recommends Lydia E. Pinkham's Vegetable Compound

Winnipeg, Manitoba.—"I can not speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Life was a misery and work was a burden. Even the sound of my own children's playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said that he could do nothing for me owing to my condition, but told me to expect another miscarriage. My husband's grandmother advised me to take Lydia E. Pinkham's Vegetable Compound. I started it right away and everyone noticed what a different woman I was in a short time. I went and engaged my doctor and he did not know me, I was so well. I was able to do my work once more and it was a pleasure, not a burden. Now I have a 'fine bouncing baby' to use the doctor's own words. I am able to nurse her and enjoy doing my work. I can not help recommending such a medicine, and anyone seeing me before I took it and seeing me now, can see what it does for me. What it has done for me it can do for anyone in the same condition. I am only too pleased for you to use my testimonial."—Mrs. EMILY DAVIS, 721 McGee St., Winnipeg, Manitoba.

Economical Trench Silo

At the recent dairyman's convention at Regina Mr. G. H. Hutton, superintendent of agriculture and animal industry of the C. P. R. department of natural resources at Calgary, gave an interesting description of a trench silo. He said: "During recent years it has not been a very serious problem to make money in dairying, inasmuch as the prices of butter and cream and whole milk have been falling relatively high during that time, and the man who gave his business, the serious consideration which it should receive, has been able to show a satisfactory return on his investment."

"However, with the decline in values of all dairy products, which has taken place during the last 12 months, and which, according to certain forecasts will continue for another six months, the question of reducing costs of production becomes a very live and important problem."

"Cattle give best results when supplied with an abundance of succulent fodder. June pastures have frequently been named as the ideal condition for economical production of milk and beef. If by a system of picking grasses or similar fodders we can make them available for a much longer period or even during the entire season when good grass is out of season, we will have accomplished a result, which will contribute toward the production of maximum quantities of milk and butter at minimum costs. Such a result can be achieved by the use of silos and silage crops."

"The sunflower will set aside some of the objections which might be raised to the other ensilage crops. It is superior to corn for dry areas, as it outyields that crop during years of low precipitation. It is a crop which responds quickly to an increase in rainfall or to irrigation as we have secured yields of over 34 and a half tons of sunflowers to the acre on irrigated ground, while this season we secured a yield of 12 tons to the acre on dry land and during a very dry season. Second, on the other hand, the sunflower crop germinates and grows at a lower temperature than corn, and resists frost in spring and fall, thus enjoying in this climate a much longer growing season than corn."

"This crop, because of its weight per cubic foot, can be safely stored in the trench silo. Such a type of silo brings this class of fodder within the reach of thousands of dairy men. It means more than this to many farmers, for many of them will now be enabled to engage in mixed farming, keep dairy cattle, and thus stay on the land and get on their feet, whereas prior to the advent of this crop they were facing defeat and despair."

Other Silos
"In recommending the trench silo, I do not for a moment disparage any of the types of silos now in use, as means of storing feed. They have one disadvantage, however, and that is that they cost money. The trench silo affords a method of storing feed which is inexpensive apart from labor, and most men who are struggling to get on their feet are willing to make an expenditure of their own labor in order to achieve success."

"The quality of the feed so stored appears to be quite equal to that stored in the ordinary silo. It may be argued that there is a certain loss of moisture by drainage, and the

point is doubtless well taken. "I am certain that the silage stored in the trench will give excellent results, as we are now feeding some sixty-five late summer and fall calves in the open on sunflower silage from the trench silo. These calves are making excellent growth, and I have seen no thrifter lot this year nor at any time. My argument is, therefore, that even though there may be some loss of food value through moisture which drains away from the trench silo, the fodder which remains is highly nutritious and superior to any fodder ordinarily available."

Construction
"The method of construction of the trench silo is simple. It consists of an excavation on a fairly well drained site. It is not lined with cement or lumber, nor is it provided with curbing to permit the filling of the silo above the surface. It is simply an excavation. It is about eight feet deep, sixteen feet wide and can be as long as desired, depending upon the size of the herd and the material to be stored. It is fed off one end, like a loaf of bread. The daily capacity per animal is from forty to fifty pounds, depending on the quantities of straw, hay or grain, if any, which is being fed. The weight of a cubic foot of ensilage in a trench silo averages about 35 pounds, and based on the above figures the length of the silo required to accommodate sufficient feed for the herd can be readily determined. The trench silo was set up outside the farm, and a short length of pipe and the trench provided the necessary piping. The silage was distributed and well tramped. This year the trench was filled only to the level of the ground, when it was well covered with straw from a stack bottom, which it would be an improvement to round up the silage above the level of the ground a couple of feet, keeping it well tramped as for two or three days. When the silage has finished settling, the trench would then be approximately full. The straw or other covering to be used could then be put on. The trench method of storing has kept the silage with practically no loss and the quality of the fodder, as I have already said, is first-class."

Conditions Demand Economy.
"Conditions demand the strictest economy in the handling of any of our fodder propositions, and if the dairyman is prepared to do some manual labor in the way of cutting the crop by hand, the only equipment that he will require in order to provide his stock with ensilage in abundance is a cutting box, the purchase of which could be handled by the community or a group of farmers, so that the cost would be a very small amount for each member of the 'Silo Association' as it might be termed."

"In conclusion I simply want to point out that this matter has been sufficiently tested to remove doubt as to its feasibility. We have at hand in western Canada means by which the cost of production of which products can be reduced twenty to thirty per cent. in areas which have been dairying under former methods, which includes practically all western Canada. Figures indicate that a reduction of twenty per cent. in the cost of production of dairy products in the three prairie provinces would mean a saving of one million, six hundred and sixty-six thousand dollars."

THE EMPRESS OF SCOTLAND

The Canadian Pacific Steamship "Empress of Scotland" has been chartered by Frank G. Clark, New York for a cruise of 56 days to the Mediterranean, calling at the various European ports. She left New York on February 4th, with every berth booked.

This being the "Empress of Scotland" will carry on a regular service between Quebec, Cherbourg, Southampton and Hamburg. She is scheduled to leave Quebec on her first outward journey from Canada early in May.

The "Empress of Scotland" is the largest vessel in the Atlantic fleet of the Canadian Pacific, and one of the most luxurious vessels in the service. This steamship has recently undergone a very comprehensive overhaul and has been adapted for burning oil fuel instead of coal. Her Second Class passenger accommodation has been increased and improved. Her Third Class accommodation has also been greatly improved, a new Third Class Dining Saloon having been arranged at the forward end of the ship, together with a Lounge and Smoker's Room, and an additional Third Class Dining Saloon arranged aft. The heating capacity has been brought up to the most modern standard, new lavatories having been fitted throughout, and new boats of the latest collapsible type fitted under each existing lifeboat, these lifeboats also having been completely overhauled and made good.

The principal dimensions of the "Empress of Scotland" are as follows:—

Length B. P. 677 ft. 6 in.
Breadth 77 ft. 6 in.
Depth 54 ft. 0 in.

Gross Tonnage 24,606 tons

The vessel is of the Shadde Deck type, with a Bridge Deck over, extending fully half length, and a long Forecastle Deck. Above the Bridge Deck there are Lower and Upper Promenade Decks extending the full length of the Bridge Deck, and above the Upper Promenade Deck there is a Boat Deck. There are two complete "T" Deck, and a Lower and Orlop Tween Decks at the forward and after ends of the ship.

The vessel has a straight stem, elliptical stern, two funnels and four masts, and presents a most imposing appearance.

The "Empress of Scotland" is classed at Lloyd's, has a full Board of Trade certificate as a Passenger Ship, and is well subdivided with watertight bulkheads. There is a cellular double bottom extending fore and aft for almost the complete length of the ship, this bottom being carried well up the sides in way of the Engine and Boiler Rooms. Oil fuel is carried in the bunkers, and there are large cargo compartments both forward and aft of the Engine and Boiler Rooms. Ample Fresh Water is provided for in tanks at the sides of shaft tunnels and in the double bottom.

The vessel carries about 10,000 tons of dead weight, and has a sea speed of 17 to 18 knots.

Spacious and very well-fitted accommodation is provided for about 465 First Class, 450 Second Class, and 900 Third Class passengers, together with a Crew of about 510.

The First Class accommodation is arranged on "B," "C," "D," "E," "F," "G" Decks in large State Rooms for one, two and three persons each, all these State Rooms being fitted with beds, no upper berths being fitted in any of the First Class rooms. In addition there are twenty-five large suites of rooms with private bath and toilet. All this accommodation is exceedingly well fitted up and equipped.

There is a large Dining Saloon situated on "F" Deck, capable of accommodating over 450 people at one sitting, the tables being arranged for small parties of from six to two people. This room is decorated in the "Empire" style in white and gold, the furniture being of mahogany. The Dining Saloon has a large open well extending over two decks in height, and there are fine paintings at both forward and after ends of the room. The First Class Lounge is on "C" Deck, and is treated in the Louis XVI. style, having a fine lay-light over the centre of the room. A large marble mantelpiece with handsome mirror over it is fitted at the after end of the Lounge, and has an electric fire of the latest type with great heating properties. A group of finely painted furniture is arranged under the fireplace, and the general type of furniture in this room is satinwood, with many large settees and easy chairs.

GRAND FALLS

Miss Helen Costigan is home from a visit with relatives in Edmundston.

Mrs. Helen Wood is home from a four months' trip through the west, visiting friends in Payette, Idaho and Golden, B. C. Her many friends are glad to see her looking so much improved in health.

Chas. Mignault made a business trip to St. John last week.

James Day returned from Five Flinders Saturday. While up there Mr. Day lost one of his fine team horses from pneumonia.

Master Alistair Robertson had a birthday party Thursday afternoon, he was 11 years old, and there were about 22 of his little friends at the party and all report a very good time.

Herbert Mulhern accompanied his brother Harry Mulhern to Montreal last Wednesday where Harry went for medical treatment.

John Hudson who has been visiting his family here returned to his work near St. John last week.

Mrs. H. Ridgout visited relatives in St. Leonard's last week.

Mrs. Fred Prie returned home Saturday from Limestone where she has been visiting her mother, Mrs. G. Clark.

Robert Olmstead came up from Woodstock last week to take up his work here with F. W. Olmstead.

Mr. and Mrs. William McCormack are happy over the arrival of a young daughter last week.

Mr. and Mrs. E. Long are ill at their home here with la grippe.

The sock social at the manse on the 17th was well attended, over 100 people being present. About \$40 was brought in the socks. A very pleasant evening was spent with music and games and a recitation by Miss Hagerman was much appreciated; also a solo by Mrs. J. Clark. An excellent supper of sandwiches, cake and coffee was served.

THE EMPRESS OF

At the forward end of the Lounge is a Writing Room in white, also a small room decorated in the Empire style, the walls being of inlaid satinwood with ornate enrichments. There is a parquet floor for dancing, and an orchestra platform arranged in one corner of the Ballroom. The furniture round the sides of the room is of satinwood.

The Ballroom is situated at the forward end of "C" Deck, and is a very spacious room decorated in the Empire style, the walls being of inlaid satinwood with ornate enrichments. There is a parquet floor for dancing, and an orchestra platform arranged in one corner of the Ballroom. The furniture round the sides of the room is of satinwood.

A double Smoke Room is situated on "B" Deck and "C" Deck, that on "B" Deck being in the form of a broad balcony looking down on the Smoke Room below on "C" Deck. The decorations of this room are very pleasing, being in the Dutch style with oak walls, tiled frieze, and oak beams on ceiling having old ships' lamps of the hanging type.

A fine oak staircase with carved novel posts is arranged at the forward end of the Smoke Room, with two very fine paintings at the head of the staircase, and a fireplace with a similar type of electric fire to that in the Lounge is fitted at the after end of the room, where there are also two fine paintings. Leather-covered settees and easy chairs are supplied, the furniture being generally of oak.

At the forward end of the Boat Deck there is a First Class Winter Garden treated in white with green trellage on the walls and having large casement windows and a fine view of the sea. The floor is laid with parquet and the furniture is of painted wickerwork. Stone fountains with gilt cupids over same are fitted at the forward end of this room, and also fine electric Promenade space for the First Class is provided for on "B" and "C" Decks, the forward end of "C" Deck being screened off in steel with large glass windows. The length of promenade space is over 400 feet.

WHAT CAUSES HEADACHES?

"Fruit-a-lives" Prevents Auto-Intoxication

Auto-intoxication means self poisoning. Many people suffer from partial Constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headaches, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases.

"Fruit-a-lives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

One box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

BRAWN-WOLVERTON

On Wednesday morning at eight o'clock in the Anglican church by the rector, Rev. N. Franchetti, were married Gladys, the only child of Mr. and Mrs. Charles Wolverton, and Victor, youngest son of Mr. and Mrs. F. Brawn, late of Edmundston, but now residing in Portland, Maine.

Only the immediate relatives were present at the ceremony. The bride was dressed in a navy blue travelling suit with squirrel collar and hat to match the suit. She wore a corsage bouquet of roses and maiden hair ferns. The bride was given away by her father. The groom's gift to the bride was a beautiful pearl necklace. Miss Sandra Howlett, of Bairdville, played the wedding march. The young couple, who were very popular with everyone, received a large number of beautiful and costly wedding gifts. After the wedding breakfast was served Mr. and Mrs. Brawn left on the Bangor and Aroostook train at Madawaska for Bangor where a few days will be spent, afterwards continuing to Portland where they will reside temporarily. The best of wishes are with them from a host of friends in Edmundston.

Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities.

If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify, that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicine I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

Coldstream Notes

There are only a few patches of
snow left now. There is still quite
a lot of produce to be marketed.
Wellington Craig left on Monday
for Millinocket.

Mrs. C. A. Bell and Miss Pauline
are spending a few days in Houlton.

On Saturday morning about 4.30
fire destroyed the home of Sandy Hay-
ward. Part of the contents were
saved. The loss is partly covered by
insurance. The family are being cared
for at the home of W. C. Craig.

Miss Lily Nevins, who spent part
of the winter with her sister, Mrs. S.
W. Smith at Florenceville, is at home
again.

Burton Colwell, Minnesota, is vis-
iting his sister, Mrs. H. J. Shaw, at
the home of her son, Hatfield Shaw.

The supper given by the church, at
the home of Edmund Estabrooks, was
quite a success considering the roads
and sickness. The people of Cold-
stream feel grateful to Mr. and Mrs.
Estabrooks for the use of their home
on such an occasion.

Rev. A. B. Tedford, St. John, spent
part of Saturday at the home of S. S.

LIVED FOR TWELVE YEARS AT ST. JOHN

J. D. Palmer, New Leader of Provincial Conservatives

A Fredericton despatch to the Montreal Gazette, noting the selection of J. D. Palmer, Fredericton, as leader of the provincial Conservative party, adds: Mr. Palmer was born at Hexton, Kent county, 46 years ago, and

lived for 12 years at St. John, where he was connected with G. E. Barbour, Ltd., before removing here 12 years ago to open a wholesale grocery business of his own. Later he became president and principal owner of the Hartt Boot and Shoe Company, Ltd., here. It is expected that Mr. Palmer will continue to act as House leader of the Opposition party in the legislature, as Mr. Palmer has no seat in the House.

Melon-Growing in the Okanagan

There is a certain market-gardener at Summerland, a little settlement on the shores of the Okanagan Lake in British Columbia, who has made his ten acres famous for canteloupes, egg-plants and peppers. He has five acres of canteloupes from which last season he shipped 1,200 crates averaging \$3.00 gross per crate.

Mr. A. McLachlan in his winter lettuce house, Summerland, B.C.

They are grown on the usual "hill" system 5 x 5 ft. apart and far in rows. The nature is applied in the spring. Great care has to be taken when irrigating the melons as they won't stand being chilled. From 1/2 acre of early slicing-cucumbers the grower makes at least 3 pickings in the season, taking from 110-125 boxes at each picking. These average a clear profit of 90 cents per box, the prices varying from 60 cents up to \$2.00 according to season. Another highly profitable line followed by the same grower is early lettuce under glass. Last Christmas I saw one of the greenhouses (18 x 40) full of lettuce for the Christmas trade around Summerland alone, about \$150.00 of it and this acre of the latter is grown and shipped regularly to certain stores in

LOCAL AND PERSONAL ITEMS

The attendance at the movies is steadily increasing, this week's program being a most attractive one. "Riders of the Dawn" on Wednesday eve and an all star cast in "The Circus" on Saturday night. On last Wednesday the "Song of the Sea" with Vivian Martin full of heart interest stuff while "The Tiger's Coat" on Saturday, a picture of directly opposite type lent good variety to the week's bill. The reel of scenes, used as a foil each night for the headliner, makes a most pleasing and attractive opener. To make these films will be missing a real treat. "Birth Pangs" will be the feature film for April 5 and "Wet Gold" the main attraction on the evening of the 6th.

On Friday morning a house at East Centreville occupied by Harry Clark and family caught fire at an early hour. The flames spread so rapidly that the inmates had to make their escape from the second story. The house owned by A. A. H. Margison and all the household effects of Mr. and Mrs. Clark were totally destroyed.

Hugh John Peppers is able to be around after his recent operation.

Leroy T. Lee and A. A. H. Margison spent Friday and Saturday in the Capital on business.

Mr. and Mrs. J. C. Stevens were in Woodstock Thursday.

Dartt Hawkins opened a new restaurant and quick lunch on Main St. on Friday and stands ready at all times to cater thoughtfully to all hungry souls who enter the portals thereof. He has already a reputation as a chef.

The Ladies Guild of St. James Episcopal church was entertained on Thursday afternoon last by Mrs. Alice White and Mrs. W. M. Brown.

Rev. H. R. Bell is conducting a series of successful evangelistic services in Tabernacle Baptist church at St. John.

Winnet Weade returned to Acadia College on Wednesday after a few days in Centreville at the home of Mr. and Mrs. W. B. Harold.

Miss Thelma Scott, who has charge of the girls in music at Woodstock, let spend the week-end at home last with her grand-parents, Mr. and Mrs. W. S. Wiggins.

Rev. A. L. Tedford of the Tabernacle Baptist church, St. John, preached in the U. M. church here on Sunday morning. His address was the most farcical and gripping, the theme being "Footprints".

The advanced department of the school was closed for two days last week on account of the indisposition of the principal, H. S. Harper.

Mr. and Mrs. McElath have rented the apartment over Botsch's Hardware and will move shortly.

H. W. Peppers went to Woodstock on Saturday.

Miss Mary Harold has gone to Florence Brook to supply as principal of the superior school there.

E. J. Tremble of the Imperial Products, Woodstock, was in town Thursday on business.

Mr. and Mrs. E. L. West left on Saturday for Four Falls, called thither by the death of the latter's sister, Mrs. C. Brown.

Howard Dartt of Woodstock was the week-end guest of Mr. and Mrs. S. W. Dartt.

Miss Kathleen Dartt of Fort Fairfield is spending a week with her grand-parents, Mr. and Mrs. S. W. Dartt.

The Misses Faye and Daisy Dartt left on the Valley Tuesday morning for a visit with friends in St. John.

Miss Annie Wilson of Fort Fairfield spent the week-end with her sister, Mrs. H. S. CBE.

Rev. I. F. Keirstead will preach at the following places on Sunday, April 2nd: Centreville Baptist church at 11 a.m. and 7:30 p.m. and Carleton at 3 p.m.

On Sunday, April 5, 5th Sunday in Lent, the Rev. C. E. Cushman will preach at Florenceville 11 a.m., Greenfield 9 a.m., and Centreville 7:30 a.m. Friday evening service at 7:30 p.m.

M. A. Dartt of Bridgewater was in town on Sunday.
