The considerable discussion.

Mr. Allen urged that the Trustees should be paid for their service or the man telefic to be, in the defended to be, of self-taught, men, to shew what man could the time and talents which is the defended to be, of self-taught, men, to s Several other amendments were proposed and lost, and the sixth section carried entired ing Master, who may be imagined as addressible to the control of the sing the teachers in this wise, - Here, gen tleman, are pupils, and here is the mode I of a school"-giving them, then and there,

practical demonstration of the efficiency of his system. What then, we ask, is a Model a? Let the Government reply, and tell us, where the necessity of another Model School in connection with the one already in exis-"Economy" will not justify it. It is foreign to our intention to find fault needless-ly, with the Government on the School Bill, or any other measure; but, when others attempt to laud and magnify a Government, and their supporters, in every act whether good or bad, it then becomes the duty of every man who would not be a "tame follow-er" to speak out the truth fearlessly, rather

in the United States. Within the last six months more persons have returned to Belfast from New York than sailed hence direct for that port during 1857. There are but two vessels on, berth here at present for America—one for New York and the other for Quebec. A few years since there would social intercourse among the inhabitants of completed next fail, the farmers up the Riham of the America.

Tesources of this part of the country are very great."

He thus alludes to Railway operations:

"Speaking of the first and last article of languages spoken in New York city. Eighty produce, it seems to me evident, that when the St. Andrews and Woodstock Railway is social intercourse among the inhabitants of completed next fail, the farmers up the Riham of the St. Andrews Mechanics of the country are very great."

He thus alludes to Railway operations:

"Speaking of the first and last article of languages he said, are used in business and the St. Andrews and Woodstock Railway is social intercourse among the inhabitants of completed next fail, the farmers up the Riham of the St. Andrews Mechanics of the country are very great."

He thus alludes to Railway operations:

"Speaking of the first and last article of languages spoken in New York city. Eighty produce, it seems to me evident, that when the St. Andrews and Woodstock Railway is social intercourse among the inhabitants of completed next fail, the farmers up the Riham of the St. Andrews Mechanics (Science In New York in the Town Hall, this (Wednesday) very great."

Lecture to commence at 8. Tickets to be had at the Stores of Odel & Turner, D. Clark, and Wm. Ingram.

BENJ. R. STEVENSON, St. Andrews Mechanics (Science In New York in the Town Hall, the farmers of the country are very great."

Secretary.

ESCAPE OF A FORGER.

Firsperor he felt satisfied it was his sincere wish to keep on terms of amity with England.

The Foreign Secretary, Lord Malmesbury, was preparing a reply to Count Walewski's despatch, which he believed would satisfy public feeling, and there was nothing in Mr. Miner Gibson's resolution which would prevent the Government from proceeding with the Conspiracy Bill, although further action would depend upon the reply from France to Lord Malmesbury's despatch.

With regard to the policy of the Gevernment. Progress reported to office suddenly, and not at the commenceat £250 each, the fixed salary, amounts to rangement. It was shown that man must £1000, and we leave it to any and every, perhave passed through a sad process of deteri-On the subject of Government of Husin in Studendin in Kneed in Countries for any vide the Parish of Studendin in Kneed in Countries for any vide the Parish of Studendin in Kneed in Countries for Cou
