DAMAGED LINENS

A Special Offering on Wednesday and Thursday

Months ago we placed an order with one of the Belfast Linen Manufacturers for Seconds—in Damask Table Cloths and Table Napkins. These seconds are not made to order, you have to wait until the manufacturer has accumulated them—sorted them out, here a cloth, there a few napkins—and it takes a long time before there is enough for a shipment. Our order has just come to hand, and a more worthy lot we never offered. In some instances we can't locate the damage at all, it is so slight. There is not a large lot, and they will sell rapidly, so to get first choice, be on hand Wednesday morning.

Damask Cloths

2 yds. by 2 1/2 yds. in good designs at \$1.65, \$1.70 and \$2.15.

Damask Cloths

2 1/2 by 2 1/2 yds. in elegant patterns at \$3.75, 4.00 and 5.00.

Damask Cloths

2 by 2 yds. choice designs and splendid quality at \$1.75, 1.95, 2.25, 2.50 and 2.65.

Damask Cloths

2 by 3 yds., wonderful values at \$1.45, 1.75, 1.85, 3.25 and 4.10.

Damask Cloths

2 1/2 by 3 yds., a lovely lot and very cheap at \$3.95, 4.25 and 5.50.

Table Napkins

1/2 size—These are put up in 1/2 doz. lots, and not less than six napkins will be sold. This size is priced at 20c to 25c each, and are worth easily 35c.

Table Napkins

1/2 size at 30c, 35c and 50c each. These are beautiful designs and fine quality. They are really worth 50c to 75c each.

Bleached Damasks

By the yard—a very select lot of designs, the qualities the best you have ever seen at the prices. All 72 inches wide at 75c, \$1.00, 1.25, 1.50 and 1.75 per yard.

Dress Linens

A large assortment of perfect goods, the fashionable thing for white dresses this season. Big values at 35c, 50c, and 75c per yard.

HARDWARE AND IMPLEMENTS.....

King Street, Chatham

ISOLATION HOSPITAL

City Will Purchase One on Pine Street Near The Fair Grounds

ALD. SCULLARD'S REPORT

Chatham will have an Isolation Hospital for the successful treatment of contagious diseases. It is located on the grounds familiarly known as The Elms, and will cost \$2,500.

Ald. Scullard, chairman of the Finance committee, in moving the reading of his by-law, providing for the purchase of this property, explained that there is a dwelling house on the premises with two front rooms and two rear rooms and a kitchen down stairs, and five bedrooms upstairs, and also a barn at the rear, so that it would be quite suitable for the purpose for which it is intended.

Ald. Stone—It is the best available property and there is a large acreage. The city cannot lose, for they could sell it at any time for as much as they paid for it, or for even an advance on the cost.

Ald. Scullard—I have been adverse to making this expenditure but the Government has laid the burden upon us and has compelled us to provide such an institution, and we will have to comply with the law. The City Clerk has found out that St. Thomas, Windsor, and one other place are the only cities where Isolation Hospitals are established, but the Government is going to compel the others to fall in line. The Finance committee has experienced considerable difficulty in selecting a suitable site, but we decided that we could not settle upon any site without incurring a certain amount of opposition from neighboring property owners. This site is the best one that we could find, and is strongly recommended by the Health Officer and the Board of Health. The present owner of the property is Agnes Elizabeth Wemp, and we will have to pay \$1,000 down.

The by-law was put through its various readings with little discussion, and was finally passed.

CURES WORST CATARRH

Just Breathe Hyomei Four Times a Day And Be Cured.

Not until Hyomei was discovered, had it been possible to say truthfully that a remedy for catarrh was known.

Hyomei cures the worst cases of catarrh simply by breathing the remedy through the pocket inhaler that comes with every outfit. Using the treatment in this way for a few minutes four times a day, every particle of air taken in the air passages and lungs is laden with germ-killing and health-giving Hyomei.

Stomach drugging often causes disordered digestion, and never makes a permanent cure of catarrh. Hyomei not only kills the germs in the throat and nose, but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the catarrhal germs in the blood.

The complete Hyomei outfit, consisting of a vest-pocket inhaler and medicine dropper, and a bottle of Hyomei, costs only \$1. If this does not effect a complete cure, extra bottles can be obtained for 50 cents.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

YES U CAN

Receive great value for your money by leaving your order with us. A trial will convince you. Saturday, the 28th, we will give a knife sharpener with every order amounting to 50c.

6 bars Richard's Pure Soap for 20c and a 5c coupon.
Maple Syrup, 25c per quart.
Ginger Snaps, 6c per lb.
1 lb. can Sunlight Baking Powder 10c.
3 large cans Mustard Sardines 25c.
Wash Boards 20c.
7 lbs. Best Rolled Oats 25c.
20 lbs. Redpath Sugar \$1.00
Compound Lard, 12c per lb.
Clothes Pins, 1c per dozen.
Best Table Syrup, 50c per gallon.
Rolled Wheat, 4c per lb.
3 cans of Corn or Peas 25c.

Great clearing sale of Crockery is still on and will be till all the Dinner, Tea and Chamber Sets, China and Glassware are all gone. You don't know what you are missing if you need these goods, and are not seeing our stock before buying. Lots of it to choose from.

THE ELECTORS WILL VOTE ON BEET SUGAR INDUSTRY

By-Law Granting Certain Concessions to the Keystone Company Will be Decided Upon by the Electors on May 31

600 TON PLANT MAY BE IN OPERATION SEPT. 1, 1907

A by-law granting certain inducements to the Keystone Company, providing they move the Warton beet sugar factory to Chatham, was put through the Council last evening as far as the second reading, and it will be submitted to the ratepayers on the 31st of May for their approval, before it is given its third and final reading.

The following letter addressed to the Mayor and read by him at the meeting was the cause of considerable discussion and interest:

His Worship Mayor of Chatham:

Dear Mr. Mayor,—Noticing an article in the papers re the establishing of a beet sugar factory for your progressive city, I simply wish to extend to you my good wishes for your success in this undertaking, as no one in Canada is more deeply interested in this industry than I am, and no one has paid so dear for this experience as I have.

But I want to give you a little information in regard to the Warton plant that is now being removed to Chatham. This is that anyone attempting to remove that plant from Warton will have to go into litigation that might take five years to settle, as it will be carried to the Privy Council if necessary.

Mr. Fowler has spent months at Warton securing money and acreage with a view of removing that plant to Chatham, and when I notified the Keystone Company's solicitor that the plant could not be removed from Warton, Mr. Fowler at once goes to Warton, getting people out to secure acreage and allows himself to be languished, and almost in the same breath he goes to Chatham, asking the people of Chatham to put up money to remove that plant to Chatham.

Mr. Fowler knows that I will put that plant into operation at Warton, and if he were half alive to the situation he would have dropped it long ago.

If you want a much better and much larger plant than the one at Warton you can get two for a song only a stone's throw from your city, viz., Mount Clemens and the City of Mich., and you could bring these over on a sack at a little cost.

I have given you these facts with all due respect to you and Mr. Fowler, so that you may know what you have ahead of you if you make calculations on the Warton plant. I made this statement verbally this morning to Mr. Matthew Wilson, of your city, whom I know well. If you do not succeed in your present attempt of securing a sugar factory I may talk the matter over with you in a year from now.

Yours very truly,
J. C. SIEMON.

When the Mayor had finished the reading of the letter there was an awkward pause, and the aldermen looked at each other in a puzzled manner, and all eyes were directed towards Mr. Fowler, who was in the room.

The gentleman was naturally called upon for a reply to the imputations contained in the letter. "I spoke to Mr. Fowler about the matter," said his worship, "and he being a very shrewd man will not doubt, I suppose, to get mixed in this matter contained in the letter. After that you can proceed as you see fit. I am sorry that I am called to Hamilton to-night on business and will be unable to remain at this meeting, but I hope you will let this letter into consideration. I for myself do not feel like taking hold of a thing over which there is a squabble. Of course they do not get anything until the plant is established here, and so you have nothing to lose, but it will not do to get mixed in this matter. I would move that Mr. Fowler be heard on this matter."

The motion was unanimously passed, and Mr. Fowler came forward. Upon arriving at the front he asked for a little time to peruse the letter. The motion was granted. After a thorough perusal, Mr. Fowler said: "I had an inkling of this affair this morning, and to anyone who knows the party who wrote the letter, the contents are plainly misleading. This man, who is a former resident of Warton, has not a dollar's interest in the town, and has not a dollar's interest in the factory. Some of the people in the place would no doubt like to see him come back, and settle up, a few of his kind. He can't carry anything to the courts, or anywhere. I did attend a banquet in Warton. It was given to a man named Perry, who was leaving the town, to me. I was quiet was a guest. I went to Warton to get 1,500 acres of beets, and to put the factory there in operation. The people of Warton formed a company to secure the necessary acreage. They succeeded in getting 61 acres of beets—a nice thing to run a factory on. The result was that came to Chatham, to get acreage for beets. While I was here, the proposition came up to sell and run yet. Mr. Fowler, who is a former resident of Warton, has not a dollar's interest in the town, and has not a dollar's interest in the factory."

THE BOARD OF HEALTH

Regular Meeting Held in Harrison Hall—Routine Business

THE BANNER GETS MIXED

A meeting of the Board of Health was held yesterday afternoon in the City Clerk's office. Those present were—Chairman Charteris, Drs. Hall and Bray, Health Inspector Mounteer, Mayor Marshall and Messrs. C. Hadley and W. R. Baxter.

Some accounts were read and ordered paid, and two petitions from residents of Park Avenue West and Wilson Avenue, in regard to sewers on those streets, were referred to the City Council.

Letter from Mrs. L. Callender, Colborne St., was read. This letter asked the Board to assist the petitioner to obtain relief from the overflowing of the creek, on the bank of which her dwelling house is situated. She asked the Board to recommend a glazed-pipe sewer from her lot to the creek. The matter was referred to the City Council.

The matter of unsanitary houses was next dealt with. It was stated that several houses, against which notices have been issued, were still in the same unsanitary condition. After a little discussion, Mr. Hadley moved that the Health Inspector be instructed to deal with all places returned as unsanitary, and against which notices have been issued to the owners, by posting up notices ordering them closed until they are placed in a sanitary condition to the satisfaction of the Board.

This motion was seconded by Mr. Baxter and unanimously carried. Mayor Marshall then spoke on the subject of the G. T. R. hog pens, the nuisance of which has not yet been abated.

The Mayor stated that he had arranged an interview with Superintendent Canningham, of the G. T. R., for yesterday afternoon, but the latter was too busy to come and had asked that the interview be delayed a couple of days. He (the Mayor) had written to the company giving them notice that if the hog pen nuisance was not abated in five days he would issue a writ against them. The G. T. R. officials had replied that they did not think he would need to resort to this course, as they desired to settle the matter amicably and without any litigation. He expected that the matter would be settled as soon as the superintendent was able to see him.

The Mayor then drew attention to a report which had appeared in the Banner dealing with the last meeting of the Board. In this report Mr. Hadley was credited with saying that the Mayor had previously stated that he would not proceed against the G. T. R. because he wished to keep on friendly terms with them in regard to his business. If this report was correct he wished to inform Mr. Harg that he had never made such a statement and that it was false in its entirety.

Mr. Hadley said that the Banner's report of the meeting was incorrect in many details. It credited several members of the Board with statements they had not made and this was an instance. He did not say anything about the matter.

Mr. Baxter said that he had read The Planet's account of the meeting and that there was no mistake in it. The Banner's report was mixed up.

Dr. Hall spoke to the Board on the matter of the isolation hospital. The

arrangements for the taking over of the site were now almost complete and the question of appointing a caretaker was now before the Board. He had spoken to a man who was willing to take over this position, providing the Board would allow him a portion of the building to live in, and would also allow him to use part of the lot as a garden. This was a very reasonable proposal and he recommended it to the consideration of the Board.

Borrow trouble, see double.

We Have Got

The crowd with us. Every one wants the most he can of his money. Every one learned that more is to be gotten from a man's pocket than from his pocket.

THE SPOILS SYSTEM.

Probably Mr. Aylesworth is sorry now that he dismissed the Postmaster of Cannington on the ground that this officer had some interest in a small grocery, which interest the Postmaster denied. Mr. Aylesworth himself is gaining thousands of dollars in his outside practice in addition to his \$9,500 income and he can hardly show good cause for this treatment of a \$900 official. About a score of members during the afternoon told him about Liberal postmasters with much larger salaries than the Cannington man, who are carrying on private business most of their time. Finally Mr. Aylesworth took refuge in the plea that all the postmasters held office only at the will of the Minister and had no grievance if he should dismiss them at any time. This rather startling announcement may be found interesting in the future when a change of government takes place.

SENATE REFORM.

A resolution was moved by Mr. McIntyre, a Government supporter, seconded by another Liberal in the Dominion Parliament, in favor of Senate reform. They advocated the abolition of life senatorships and appointment for three Parliaments, or fifteen years, with an age limit of eighty. The most interesting part of their address were quotations from the Liberal platform and certain Ottawa convention speeches from Sir Richard Cartwright, Sir Oliver Mowat and other leading Liberals, in favor of Senate reform. After they were heard, the Premier spoke vaguely on the subject, asking his friends to kindly withdraw their resolution, and promising to lay the matter before a conference of provincial ministers at the close of the session. Sir Wilfrid suggested the election of senators by the provincial legislatures, in such form that each party in the legislature would be represented according to its numbers. Nobody seemed to think that this proposition was serious, and Mr. Borden intimated that the Premier would no doubt accomplish as much in the way of Senate reform during the rest of his short term in office, as he had done in the last ten years.

WAS A SUCCESS

The address, "In the Shadow of the Cross," by Commissioner Coombs, which was delivered in the Grand Opera House Sunday night, proved most entertaining. The Commissioner was brought here by the local Salvation Army, who are deserving of much praise for the artistic success of the event. Commissioner Coombs' address was illustrated by views thrown on a canvas. The views were of the death and crucifixion of Christ. A number of highly appreciated vocal selections were rendered by Commissioner Coombs and Lieutenant Pugmire.

SAD DEATH

The sad death was received in the city yesterday morning of the death of Hugh Murphy in a London hospital. The deceased had been taken to London a little over a week ago, when his illness became critical, in the hope that expert medical attention might save his life. Towards the latter end of last week, however, slight hopes were entertained of his recovery, and the members of his family here were called to his bedside.

The deceased, who for the past three years or so had been head engineer at the City Waterworks, was a most highly esteemed citizen, whose many many qualities had won for him a host of loyal friends in Chatham. He was for many years connected with the T. H. Taylor Company's mill, and in his younger days had been noted as a local minstrel man. A cut in The Planet souvenir number shows him dressed in a minstrel costume. The photo from which the cut was taken is taken in 1896, in the Western City.

CORDIAL INVITATION
ADDRESSED TO WORKING GIRLS

Miss Robitaille Tells How Mrs. Pinkham's Advice Helps Working Girls.

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories. Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must go to her place of employment, perform the duties exacted of her, and be agreeable.

Among these class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Alma Robitaille, 78 rue St. Francois, Quebec, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—Overwork and long hours at the office, together with a neglected cold brought on a very serious female trouble until finally I was unable to go to work. I then thought of a friend who had taken Lydia E. Pinkham's Vegetable Compound when her health was in the same condition that mine was and straightway sent out for a bottle. I finished that and took two more before I really began to improve but after that my recovery was very rapid and I was soon well and able to go back to work again. I certainly think your medicine for sick women worthy of praise and am indeed glad to endorse it.

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. She is daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Her long record of success in treating women's ills makes her letters of advice of untold value to every ailing working girl. Address, Mrs. Pinkham, Lynn, Mass.

DISTRICT

TILBURY.

May 8.—Miss Gertrude Stevenson spent Sunday with friends in Chatham. Donat Mailloux, of Detroit Medical College, is visiting his parents here. Dr. R. Smith, who has been with Dr. Mills here for the past year, has purchased the practice of Dr. Thornton in Chatham and takes possession next week. J. A. McGregor returned last week to Calgary. Mrs. Alex. Lemire, of London, is the guest of Mrs. Jean Lemire. Mr. Sullivan and Miss Coatsworth, of Chatham, were the guests of the latter's sister, Miss Bertha Coatsworth, on Sunday.

Coughs, Colds, Hoarseness and other throat ailments are quickly relieved by Cresolene Tablets; 10 cents per box. All druggists.

DAWN VALLEY.

Born, Friday, April 27th, to Mr. and Mrs. Matthew Couborough, a son, Chas. Hart and family moved into the house with his parents, Mr. and Mrs. Miles Hart, 2nd concession, and Fred, Hart and family moved into the house formerly occupied by Chas. Hart.

Miss Jane Travis is visiting her sister, Mrs. Enoch Wallace, Dresden. Mrs. H. Oliphant was a Dresden visitor on Saturday.

Miss Phyllis Reycraft, teacher at No. 12m returned to her duties on Monday afternoon.

The Planet Patterns

DESIGNED BY MARTHA DEAN.

A NEW IMPORTATION.

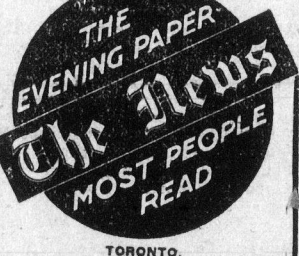

6473-6474. All of the latest models in dressy street suits which the importer brought over from Paris show the corset skirt and abbreviated Eton. This is a model most kind to those of good figure, and will do much to increase the attractiveness of feminine wearers. The drawing shows one of the newest of the French Models, which is exceedingly smart and becoming. The skirt is circular with a straight front panel which extends up to high neckline depth and is completed by a fitted girdle which joins the skirt. This corset effect may be omitted if desired. The coat is of matty length and is strapped with folds of the material or braid. Buttons are an effective adornment as is the lace which embellishes a small velvet vest and collar. The skirt fits smoothly over the hips and flares generously about the hem. The suit will be very chic developed in Rajah or Burlington as well as voile, taffetas or linen. For the medium size the suit requires 7 1-2 yards of 36-inch material. Two Patterns—6473—sizes 32 to 42 in. bust measure. 6474—sizes 20 to 30 in. waist.

PATTERN DEPARTMENT OF THE PLANET.

Please send the above mentioned pattern, as per directions given below, to

Name Street
No. Town Province
Measurement—Waist Bust
Age (if child's or miss' pattern)
CAUTION—Be careful to enclose above illustration and send size of pattern wanted. When the pattern is sent measure you need only mark 32, 34, or whatever it may be. When in waist measure, 22, 24, 26, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern write the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is 10 cents in cash or postal order, or postage stamps.

(Supplied to The Planet by Press Agents.)

GEORGIA MINSTRELS.

Richards & Pringle's Famous Georgia Minstrels continue to do large business everywhere and it is likely to do the same in this city at the Grand on Wednesday evening, for there is a fascination about the fun and music that will draw the people to the theatre many times, and Richards & Pringle are strong believers in advertising and keeping faith with the public in their advertising.

The managers of Richards & Pringle's Famous Georgia Minstrels endeavor to advertise nothing but what they can show. They are in a class by themselves, being the only recognized negro minstrels that play the first class theatres and cannot afford to mislead their patrons. Some show people are careless in their statements. They become so used to writing biggest, grandest, greatest, best, and worlds largest, that they can only think in superlatives. They mean to be honest, probably are. They are merely careless, and failure is the price of carelessness.

The performance given by these "Sons of Ham" gained its vitality with the introduction of something new each season, and this, their 28th annual tour, a program of novelty is promised of unusual excellence.

There will be no long waits between acts. The curtain will never fall until the final act on the program.

The usual parade will be given at 11:30 a. m.

"THE HOLY CITY."

"The Holy City" will be given at the Grand Opera House on Thursday, May 10th.

For this, the second season of Gordon & Bennett's wonderful drama, "The Holy City," every degree of theatrical representation has been made to excel. The allegory, musical, spectacle and thrilling situations so greatly enjoyed last year, the large company of superior talent, costumed in garments of almost bewildering beauty, is stronger and more brilliantly arrayed, and additional accessories have been provided. Nothing more dramatically complete will be seen this season, and it is of pleasant record that last year's success is being

Helpfulness of This Store

Helpfulness means success—it means more, the public's confidence, and in turn the public's trade. That's our aim—through helpfulness we accomplish it.

Just now, perhaps more so than ever, this store is especially helpful and attractive, both for good appareling and economy.

Mother Summer has numerous and exacting requirements—many more than any other season we have met each by a most capable preparation.

We account our low prices to our perfect organization and to our careful, watchful, intelligent expert buying. Never have their efforts shown better results than now. We invite you to come and get acquainted with this store and its helpfulness. It helps others—it will help you.

Minard's Liniment cures Diaper

Like a Vision of Fairyland

Why travel thousands of miles to see the wonders and beauties of Foreign Lands, to study the Manners and Customs of Strange Peoples, to secure specimens of their quaint and Curious Handiwork?

THE FAIR
of NATIONS

will afford you a delightful

Trip Around the World!

Representatives of Canada, England, Scotland, Ireland, United States, Germany, Spain, Iceland, Italy, Turkey, Switzerland, Holland, Japan and the Indian Tribes will attend—charming ladies in native costume.

A Bewildering Series of Special Attractions will be presented. Nothing like it has ever been seen in Canada. Given for the benefit of the Building Fund of

Public General Hospital of Chatham

By the Ladies' Assisting Society, in the Skating and Curling Rinks at Chatham, May 14 to 19. You cannot afford to miss this brilliant affair. Everybody invited. Don't forget the date. Admission, Monday, 25c.

On other occasions 10c. To conclude with a Grand Ball on MONDAY EVENING, 21st inst

Red Rose Tea costs no more than other teas

EVERYONE agrees that the best in anything is always the most economical even if it costs more.

But when you can get the best in tea at the same price you pay for inferior teas,

—when you can get that "rich fruity flavor" of Red Rose Tea,

—when you can get all the good qualities of both Indian and Ceylon teas with none of their weaknesses,

—when, in short, you can get Red Rose Tea at the same price as other teas; why not have it?

Red Rose Tea

is good Tea
T. H. Estabrooks
St. John, N.B., Toronto, Winnipeg

OUNGAH

Miss Aikens has been sewing at the residence of W. J. Brown. A number of the boys in this vicinity were in the city on Sunday, on account of the Oddfellows' parade.

The Askin Bros. are busy fencing. Lost, a gold pin. If found, return to Box N, Oungah.

NORTH ORFORD

Miss Villa Clinkersmith spent Sunday with her parents.

Edwin Vickery was the guest of his sister, Mrs. J. MacBride, last week. J. Christner and family moved to Dresden on Wednesday.

Fred. Nicholls was a Highgate visitor last Wednesday.

Maggie MacPherson, of Stewart &

Howat's, is spending a week at her home here.

John Bateman left Saturday morning for Detroit.

Mrs. Nicholls is recovering from her recent indisposition.

Bert Christner is in Detroit.

R. W. MacPherson, of Woodstock, spent a few days with his brother, D. J. MacPherson, here.

Mr. and Mrs. R. Hetherington, of Highgate, spent Sunday with the former's brother here.

PUT IT DIFFERENTLY.

Does your husband go out much between the acts? asked Mrs. Gaus-sip.

Well, you would hardly put it in that way, responded Mrs. Tanker-ville. He comes in occasionally between the drinks.

Humor and Philosophy

By DUNCAN M. SMITH

PERT PARAGRAPHS.

You can talk a man to death, but you can't make him think.

Sometimes a little flattery will change the whole complexion of things.

If any business is profitable long enough it will become respectable.

Perhaps cleanliness is next to godliness, but homeliness ought to be a close second.

You don't know how mean you can feel until toothache plays you an accompaniment to a boil on the back of your neck.

The less you say about your good qualities the better they are apt to be.

Civilization is responsible for gold filled teeth. Do you wonder some shake their heads when it is under discussion?

It is charitable not to judge a man's truthfulness by the stories he tells.

Some people who have a clean conscience must use formaldehyde.

If you can't blow your own horn, hire a trombone player.

Not Worth While.

It doesn't pay to be a crook. And with the crooks go crooking. Because your record will rise up. Some time you are not looking; Will rise up when you're trying hard. To lose it or forget it. And in the region of the neck Is just where you will get it.

You see a thing that looks real good. And think it would be funny To go in on the sly and get A piece of easy money. You start in in the bloom of youth To be a busy grafter, Forgetting you may bump into A very large hereafter.

The prison does not always get The man whose ways are shady. But public scorn comes round, and she's A most annoying lady. And, though your fortune may not grow

At once to be so ample, Fond mothers will not see in you A horrible example.

It's always best to play the game As Hoyle has made the ruling. You find as in experience You get a larger schooling. The crooked way may hold at first A very great attraction, But later you will find it has A double geared back action.

The Explanation.

"You might not believe it, but that girl with the set of diamond hatpins that you see over yonder is the most beautiful in the state."

"Ah, I see! What life insurance company is her father president of?"

Looked the Part Anyway.

Why stands the maiden on the beach In bathing dress arrayed? Why sinks this timid, startled peach As though she were afraid?

Her bathing suit is short and sweet And much inclined to cling; The outfit is from head to foot Too cute for anything.

But not a mermaid's glittering fin Could coax her in the pool, Because she learned her swimming in A correspondence school.

Unpardonable.

"There is a coldness between Jones and Brown."

"Yes, Jones called Brown a life insurance director the other day."

A Common Story.

"Did you lose anything in the gold mine?"

"Yes; my faith in human nature, besides a little money."

Stole His Lies.

"He is such a liar."

"Oh, all men are liars."

"Yes; but he is such an unoriginal one."

A Way She Has.

Though mild in manner March comes in. The trick is just to work us. No matter how it may begin, 'Twill go out like a circus.

After the Wrong One.

"He is a man after my own heart," exclaimed the loyal friend.

"I wish he were after mine," softly observed the bachelor girl.

No Fair Trade.

"Jenks has just been telling me the story of his life."

"What had you ever done to him?"

Obvious.

"They talk about leading the blind by the nose."

"To what, of course."

Sunshine Furnace

The "Sunshine" furnace and "sunny" ways are synonymous.

The cold, dreary winter days can be made cheery and warm with a pure, healthful heat if you have a "Sunshine" furnace.

Is easier to operate, cleaner, uses less fuel and "shines" in many other ways over common furnaces.

Two shakers are used to shake the heavy, triangular-shaped grates. This just cuts the work of shaking-down in half, besides being easier on the furnace than the old one-shaker style.

Sold by enterprising dealers everywhere.

Booklet free.

A number of Dresden boys spent Sunday at Mitchell's Bay.

Mrs. Alex. Outhbert and son Charlie spent Sunday with Mrs. A. McEneaney, Chatham.

Mr. and Mrs. Alex. Webster, were Chatham visitors on Saturday.

TILBURY

May 7.—Miss Millie Lang, of Windsor, spent Sunday with her parents.

Mr. Holloway, of Merlin, conducted services in the English church yesterday.

Rev. Mr. Nichol left on Friday for Clifton Springs, N. Y., where Mrs. Nichol, who went there a short time ago for her health, was to undergo a serious operation on Saturday.

A regular meeting of the local Masonic Lodge will be held to-morrow evening, when the third degree will be conferred on one candidate.

House cleaning is nearly completed around here.

Miss Pearl Leidsteyn has returned home, after spending the winter with her cousin, Mrs. T. Baker, London.

Mrs. John McGill is on the sick list.

Mrs. D. Edwards, of Chatham, was the guest of her sister, Mrs. Joshua Lidster, last week.

Miss R. Sporne, of London, visited her sister, Mrs. John Bourne, recently.

Mr. Chas. Eberle moved his family to Dresden last week.

Mr. Geo. H. Lidster made a business trip to Tyngsboro Friday last.

Mr. H. H. Eberle spent a few days in Dresden last week.

Your Doctor

Ask your doctor how long he has known Ayer's Cherry Pectoral. Ask him if he uses it himself, in his own family. Ask him if he can recommend anything better for throat and lung troubles, such as hard coughs and colds, hoarseness, bronchitis, weak lungs. Does he say, at any rate. We are willing.

We have no secrets! We publish J. C. Ayer Co., the formula of all our medicines! Lowell, Mass.

What to Eat?

"So much has been written about pure foods lately, that one becomes rather bewildered. The very term "pure food" is narrow, perhaps incorrect, for foods may be "pure" yet lack quality or even be unwholesome."

This extract is taken from the report of the "pure food" commission, and shows how hard it is to be quite sure you are right.

One thing you can depend on—we buy the very best goods that are put up. Our many years of experience are of some use, and we use this experience to get the goods you want.

MACARONI, 15c a package.

C. A. Cooksley,
KING STREET

sides real old Danter marmalade, are among the many different articles which will tempt the visitors' eyes and pockets.

To add to the reality of the scene, a Scotch paper will play, at intervals, selections on the bagpipes and the strains of this warlike instrument will, of course, serve as a guide to those visitors who cannot resist the appeal of stirring Scotch music.

The booth will be prettily decorated with Scotch flags and these will also be of service to the Scotch people as a guide to be clanish, and if this is so there should be enough Scotch visitors at the booth during the Fair to make it appear like a real "gathering of the clans" in "the land of the heather."

Mrs. Manson Campbell is convener of the booth and her assistants are: Mesdames McGregor, J. Turner, Martin, Black, McKellar, McKay, Young, A. Park, J. Park, Grumb, Gormann, Oldershaw, Wear, Heath and Rankin.

THE IRISH BOOTH

In modelling their section of the Fair after the famous Blarney Castle, the ladies of the Irish booth have made a very wise move. Not only is the design in keeping with the bright costumes of the Irish peasant girls, who will attend to the visitor's wants; but it is at once suggestive of the Emerald Isle because of its world-wide fame.

A great array of Irish linens, laces, Belack chins, and other representative Irish goods will greet the eye, inside the booth, and tempting "curious" views and novelties will at once attract the patron's attention. Scanning hot Irish punch will provide the "cup that cheers" and, for those who are wont to try some real old Irish fare, hot potato cakes will be served every evening at 5.30.

In the decorating of the booth green will naturally predominate and the skilful blending of a couple of harmonizing colors with the inevitable emerald tint a beautiful effect will be given to the appearance of the booth, making it well worth a visit on this score alone.

The "Green Isle" will be very well represented by this booth at the Fair, and praise is due to Mrs. S. M. Glenn, the convener, and her staff of assistants, who are: Mesdames R. V. Bray, Falls, W. G. Richards, Stegmann, Patterson, Williams and W. M. Gordon, and Mesdames Susie Taylor, Edith Tackaberry, Marion Gemmill, W. Phillimore, McKinley, and Glenn.

THE HOLLAND BOOTH

Holland is a land of windmills of even more marked. A real old-fashioned Holland Booth have placed the hall-mark of reality on their booth by the erection of one of the prettiest types of these landmarks over their quarters.

Inside the booth the Dutch element, thus far so long, will be the suctioned Dutch fire-place adds to the beauty of an environment which savors for every particular of "the low country." Genuine Delf china will be offered for sale, and in addition to this a large collection of truly Dutch goods will be found.

The young ladies of the booth will array themselves as charming peasant girls and, with becoming country grace, they will serve the thirsty patron with cups of real hot Dutch cocoa.

All through the booth an air of Dutch comfort will exist and the booth will attract, not only by its enticing wares, but by the quaintness and eye-pleasing nature of its decorations.

The energetic convener of the booth, Mrs. Willard Merritt, is being assisted in her work by the following ladies: Mesdames Charteris, G. Gray, McGillivray, Cornhill, Smith, E. R. Smith, Landon, Bennett, Russell, Graham Smith, and Mesdames Elsie Smith, Flossie Smith, and the Misses Merritt.

GIVES SHAPE TO THE FEET

A CORSET SHOE

"ONE OF THE 14"

Corsets reduce the appearance of the figure and give it shape and style.

Why not a Corset Shoe which will make feminine feet look smaller and give them a pleasing form? Dolly Vardens contain no stays, but they'll do these things, and this is why:

Their narrow construction takes the place of lacing. This narrowness reduces and shapes the foot by clinging to it at every point with the gentle firmness and snugness of a corset.

Their newly devised steel arch support takes the place of stays. It gives the foot's arch and waist an exquisite form and besides it raises the arch, which draws back the toes, making the foot shorter.

And being exact copies of perfect feminine feet Dolly Vardens will give to most wearers nearly all of the exquisite form of the original masterpieces from which they were copied.

This may strike the wary as exaggeration; but if the wary will call on the Dolly Varden agent in their city, he'll gladly prove what we claim. Purchasers or investigators equally welcome. In the States and Canada at same price—\$3.50 and \$4.00. Every pair Goodyear Welted. (To be continued.)

BOSTON MONTREAL

GUILDS.

Mr. Sidney Walker, of Toledo, was the guest of his sister, Mrs. William Burchiel, for a few days last week. The Methodist quarterly meeting will be held here next Sunday morning at 10.30.

Norman Cumming and John Arnold are sporting new rubber-tired buggies.

E. S. Stephenson took the services at Morpeth on Sunday night.

P. S. Inspector Oolles made a call on our school last week.

E. S. Flint lost a valuable horse last week, through having its leg broken.

Robt. Alford met with a very serious accident one day last week. While driving a team they became unruly and threw him out of the wheel of the wagon passing over him, breaking three ribs. One rib pierced his lungs, and as he is quite old it may prove fatal.

The masons have started to work on Wm. Mallory's new house.

E. S. Flint received word this week of the death of his father.

COM. CLEMEN

BATHING AT HOME.

A Medical Recipe For Obtaining the Best Results.

The finest method of bathing at home by which one can attain the best results in keeping the body in a clean, healthful condition, can be taken in the following manner: First, it is necessary to facilitate the thorough cleansing of the thousands of small pores in the body to open those pores by means of heat (sweating). If one has the advantage of one of the small cabinet bathtubs that are on the market it will supply the best means of producing perspiration; otherwise lying in a tub of warm water and gradually getting it as hot as can be borne and lying in that for a period of from five to ten minutes will produce the same result. Have a five pound bag of ordinary table salt, and, after placing the salt in a pitcher of suitable size, moisten the salt with hot water, enough to wet it through. Stand in tub and give the body a thorough rubbing with the salt.

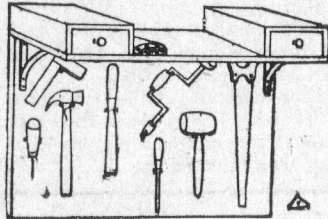

This operation should take not less than twenty minutes to rub the entire body. The salt removes the dead cuticle that is being constantly pushed off from the body by the new cuticle forming and which cannot be removed by soap. It also produces an active circulation of blood throughout the entire body. The salt is also a fine thing for the scalp and should be rubbed into the hair and scalp at least once a week. After giving the body a thorough rubbing it is necessary to cool off properly, thereby closing the pores and eliminating all possibility of taking cold after the bath. Lie in the tub and turn the cold water on gradually, and let the water in the tub get as cold as possible, then dry off with a rough towel.

If this method of bathing is practiced once or twice a week it will keep the body in a thoroughly clean and healthful condition.—Medical Talk For the Home.

THE HOUSE TOOLS.

A Way to Have Them Always Handy in the Kitchen.

"My husband," says a correspondent of Good Housekeeping, "has found a convenient disposal of tools in common use to be a board about 1 1/2 by 2 feet, with a shelf above and a small drawer at each end of the shelf. Nails driven into the board hold the tools,

HANDY TOOL SHELF.

and a surprising number may be fitted into place upon it. I made a cotton flannel case for his bits, much like a knife and spoon case. This is placed upon the shelf, while nails and screws fill the drawers. The whole is screwed into a convenient space upon the kitchen wall. When needed each tool is at hand and is easily replaced."

To the "Stage Struck" Girl.

A young girl who thinks of adopting the stage as a means of livelihood must consider many things. The most important of these is herself. Strangely enough, this will prove more difficult than it appears to be at first glance.

Introspection is not easy; it is sometimes very unpleasant. There is, moreover, no definite method by which an aspirant may learn whether or not she has dramatic ability. She must not simply think that she has; she must know it. A "stage struck" girl should never allow herself to enter the profession until she has conquered what may be simply impulse. To discover afterward that her inspiration was based merely on desire and not on self-knowledge is a serious thing, and the realization often comes when it is too late to turn back.

To such a one the future will loom up ominously; years filled with dissatisfaction and hard work will come, and no great success will be achieved. At last hope will die.—Sarah Bernhardt in Success Magazine.

Decorated Laundry Benches.

Since laundry benches (dignified to the name of settees) have been demonstrated to be decorative and at the same time eminently practical they have become almost a regulation part of the furnishing of a den or studio. Some of them are made with backs which, as the true laundry bench does, pull over to turn the settee into a table. But the most artistic ones are made with immovable backs, some of them great, high affairs—so high, apparently, that they turn over into a little shelf, ready to hold a vase or two or any of the other artistic bits with which den or studio is pretty sure to be loaded down. Long cushions, made with square edges, like Morris chair cushions, and thickly padded, are the most luxurious of the many ways of making that hard seat comfortable. Even then there should be pillows piled up on it in an inviting heap.

How to Look Well.

No woman really need be plain. Excessive fatness and chic attire will ruin her. "There are no beauties," says an old French proverb, "but who are a belle Mene." Beauty is what you make of your own face.

TORONTO MAN CURED OF BILIOUSNESS & INDIGESTION.

Bileans for Biliousness have one great distinguishing feature over ordinary medicines. They are so pure for that when ailments have defied other remedies Bileans are still able to effect a cure.

The following letter sent to the Company by a grateful Toronto man whom Bileans cured, will be interesting in this connection. The letter is from Mr. Frank O'Neill, of 722 Duferin Street, Toronto, and reads as follows:

"Dear Sirs,—I wish to express my appreciation for what Bileans have done for me. I have been troubled since last June with biliousness, wind, feelings of fullness, and a dull, miserable feeling. I had headache and constipation, and was altogether run down and out of order. All the remedies I tried failed to do me any good. I tried your Bileans, and I am pleased to say they succeeded where other things had failed. They have made me well again. In gratitude for my cure I give you my full permission to use this information as you may think proper. If anybody is desirous of really knowing how wonderfully these Bileans do act, let them write to me. I will be pleased to give them the benefit of my experience. Yours truly, Frank O'Neill."

BILEANS FOR BILIOUSNESS CURE

Headache, Constipation, Piles, Liver Troubles, Indigestion, Palpitation, Loss of Appetite, Flatulence, Dizziness, Debility, Anemia, and all Female Affections, Blood Impurities, Eruptions, etc., and all ailments arising out of defective bile flow and assimilation. Of all Druggists and Medicine Vendors, 60c. per box, or post free from the Bilean Co., Colborne St., Toronto, upon receipt of price. 6 boxes for \$2.50.

HUSTLING FISHERY OVERSEER.

Makes Three Fish Seizures and Confiscates Many Cases.

Niagara Falls, Ont., May 7.—Provincial Fish Overseer Shelley on Saturday morning seized seven boxes of fish at the Michigan Central Station, here that were passing through the Niagara Fish Co. at Buffalo. The cases contained pickerel (dore), with white fish and mullet from H. Koehler, Dutton, Ont. The pickerel were sent to the poor house at Welland, and the other fish that were not subject to the fish regulations were sold.

Saturday evening Officer Shelley at Bridgeburg, at 8.40 p. m., boarded the O. T. R. express car and found eight boxes containing several bass and pickerel, with other fish, four boxes being for the Niagara Fish Co., Buffalo, from A. Hoover, Dunnville; three boxes for Whinn & Co., New York City, from W. W. Casey, Wainfleet, Ont.; and one box for A. Booth & Co., Buffalo, from H. W. Almsley, Port Dover, Ont. These were re-addressed and sent to Niagara Falls and placed in cold storage.

The officer covered the Michigan Central train at 6.30 Sunday morning and ran into another haul of forbidden fish, 33 boxes in all, of mixed fish, many of them subject to the fish regulations. The whole lot was consigned to the Niagara Fish Co., Buffalo, being 18 boxes from Bert Clay, Iona, Ont.; 2 boxes from Johnson and Parish, Dutton; 12 boxes from S. F. Randall, Rodney, Ont.; and 1 box from P. Campbell, Ridgeway, Ont. Each box contained more or less pickerel. Those subject to fish regulation will be given to deserving persons, and the others sold.

Protecting the Fish. Brookville, May 7.—There is much illegal fishing along the St. Lawrence River at present, and Overseer J. Fraser is getting after the lawbreakers with an iron hand. He has recently captured hundreds of feet of gill nets, night lines, dynamite and other devices for destroying game fish. He is on the track of the offenders.

GOLD MEDAL

— FOR —

Ale and Porter

AWARDED

JOHN LABATT

AT ST. LOUIS EXHIBITION

Good 1904.

Rite Ale in Canada.

From Forest to Patient.

ALL modern science goes to prove that herbal medicines are vastly superior to those containing mineral ingredients. The herbs of the field and the trees of the forest constitute nature's "medicine chest," and the highest benefit which science can confer on man is the discovery of nature's medicinal balms and essences, and their preparation in form suitable for use by the people.

Bileans for Biliousness—the great Australian cure for indigestion, headache, debility, liver trouble, etc.—are purely vegetable. They are entirely different and superior to ordinary liver and stomach medicines. It is well known that liver medicines hitherto in use mostly contain bismuth, mercury, and other harmful mineral products, and rely upon these ingredients for their temporary effects. These mineral constituents are very injurious if taken for long, and produce such effects as that of loosening the teeth, causing the hair to fall out, etc. Bileans are entirely superior. They are compounded from extracts and juices of the finest known medicinal plants. In taking them there is no fear whatever of any harmful secondary effects. They cure that which they are taken to cure, and do not leave behind them evils worse than the original ones. They do not merely purge and weaken, like the old-fashioned medicines, or do the work which the liver and stomach should do. They tone up and enable these organs to fulfil their proper functions, so that when a cure is effected and Bileans are left off, the organs remain strong and healthy. Users of Bileans need therefore never fear their use will lead to the contracting of the terrible "pill-taking" habit.

FREE SAMPLE BOX

AFTER 18 YEARS OF SUFFERING

An Ontario Farmer Finds a Cure at Last in Dodd's Kidney Pills.

The Direct Cause of His Trouble Was a Strain in the Back Which Affected His Kidneys—Dodd's Kidney Pills Cured Him.

Ardoch, Ont., May 7.—(Special).—Mr. Ami Jeanneret, of this place, gives a very interesting account of his experience with Dodd's Kidney Pills. He says:

"I hurt my back and strained my kidneys and for 18 years I suffered on and off intense agony. I was subject to attacks of rheumatism and lumbago. My joints were stiff, my muscles cramped. I lost my appetite, my flesh began to fall away, my nerves were shaken. I could not rest or sleep at night and I was sinking into a deplorable condition when I was advised to try Dodd's Kidney Pills. I used six boxes and I am now as strong and healthy as ever I was. I am certain I owe my cure wholly to Dodd's Kidney Pills."

Cashier Gets Ten Years.

Mitwaukee, Wis., May 7.—Henry G. Goll, former assistant cashier of the First National Bank of this city, who was convicted on nineteen counts in the United States District Court a week ago of misappropriation of funds of the bank, yesterday afternoon was denied a new trial by Judge Quarles and sentenced to ten years in the military prison at Fort Leavenworth, Kas.

WHY SUFFER FROM RHEUMATISM?

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it, hoping only for a short relief from suffering, have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett, of Yum Yum, Tennessee, U. S. A., writes: "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." Sold by all druggists.

Present For Hon. Mr. Lemieux.

Montreal, May 7.—Hon. Rodolphe Lemieux was dined at the St. Denis Club Saturday evening by a non-political gathering and presented with a fine oil painting of Champlain's arrival at Quebec.

King Leaves Paris.

London, May 7.—King Edward will arrive from Paris this evening.

A GOOD FAMILY LINIMENT.

Every family should be supplied with a bottle of Chamberlain's Pain Balm. For cuts, bruises, burns, scalds and similar injuries, which are of frequent occurrence, there is nothing so good. It soothes the wound and not only gives instant relief from pain, but causes the parts to heal in about one-third the time required by the usual treatment. As it is an antiseptic all danger from blood-poisoning is avoided. Sold by all druggists.

Great Sums of Gold.

New York, May 7.—More than \$13,000,000 in gold is on board vessels which left various European ports for America Saturday, and probably as much more is on board ships already on the way, which will land here next week.

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure, Frank J. Cheney.

Sworn to before me and subscribed in my presence, this 5th day of December, A. D. 1896.

A. W. Gleason,
Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

POOR AIM OF ASSASSIN

Saves Life of Vice-Admiral Dou-bassoff From Bomb.

Governor-General of Moscow Had Back Burned, Leg Bruised and Was Thrown From His Carriage Among Horses' Heels by Explosion—Coachman's Skull Fractured, a Sentry Killed and Several Bystanders Hurt.

Moscow, May 7.—A bomb was thrown at the carriage of Vice-Admiral Dou-bassoff, Governor-General of Moscow, as he was being driven to the palace yesterday. Access to the palace is barred.

Vice-Admiral Dou-bassoff's life was saved by the poor aim of his would-be assassin. The bomb exploded on the pavement several paces to the rear of his carriage, hurling the mutilated corpse of the terrorist several yards backward and tearing off the arm and the face of an aide who was descending from the carriage. Gen. Dou-bassoff was thrown from his carriage and under the horses' heels. His back was burned and his leg bruised, but he was able to walk unaided into the palace. The coachman's skull was fractured and he was taken to a hospital. Several bystanders were injured, and a sentry was killed.

Grand Dukes In Danger.

London, May 7.—A despatch from Paris to the Exchange Telegraph Co. states that the Grand Dukes Vladimir and Alexis of Russia have been advised that they will be running a great danger if they remain in Paris. It is understood that they will leave immediately.

Parliament To Be Free.

St. Petersburg, May 7.—The Associated Press was enabled to give Saturday night the policy of the new Ministry on the all-important agrarian question.

The Government will not attempt to dictate to, or even direct, the Parliamentary majority. Instead, it will propose the formation of a Parliamentary commission upon which the responsibility of elaborating an agrarian project will fall. This is virtually equivalent to accepting the decision of the Constitutional Democrats. As a matter of fact the Parliament will be permitted to act freely as long as it does not assail the fundamental laws of the Russian state. The Emperor may, however, interpose in threatened impeachments by the victorious majority of Government officials.

Another One Goes.

News was received at the session of the Constitutional Democratic congress last night of the assassination of the Governor of Elizabetopol in revenge for his savage repression in the Caucasus.

Cheer Assassins.

A feature of the session was the picturesque scene when the news was received of the attack upon Governor-General Dou-bassoff at Moscow. It was then supposed the attack had been successful. The convention took a recess and cheered the assassin and the deed for 10 minutes.

Count Witte For Paris.

London, May 7.—The Daily Telegraph's St. Petersburg correspondent says it is reported that Count Witte may be appointed Russian ambassador to Paris.

Chinese Recruiting in Manchuria. London, May 7.—Official confirmation has been received at the War Office from Harbin of the report that the Chinese Generals Ma and Yuan Shi Kai are increasing their forces in the south of Manchuria.

It is stated that recruiting is going on in the district of Ninguta, that Chinese troops from Manchuria have been sent to Kirin, and that twelve hundred horses, which were bought during the Russian demobilization, are concentrated at Jialantun. In China volunteer militia is being formed. Thousands of young men are enlisting and meet twice a week for drill.

REVENUE SHOWS INCREASE.

All Departments Assist For Ten Months Ended April 30.

Ottawa, May 7.—The statement of the Finance Department for the ten months of the current fiscal year up to the end of April shows a revenue of \$63,808,355, expenditure on consolidated account \$45,243,499, and capital expenditure of \$10,421,765. As compared with last year the revenue shows an increase of \$6,677,848, the consolidated fund expenditure of \$1,330,841.

For the month of April the revenue of \$4,732,736 represented an improvement of \$1,093,053 over the corresponding month of last year. The expenditure of \$3,642,118 on consolidated fund was an increase of \$34,577 and the capital outlay of \$1,285,432 was \$379,834 larger than last year, chiefly on account of railway subsidy payments.

Every revenue producing branch of the public service contributed toward the improved showing.

CRUSHED COUPLING CARS.

Harry Johnston, Young Brakeman, Badly Hurt at Orangeville.

Orangeville, May 7.—While coupling cars in the station yard here about 6.30 Saturday night Harry Johnston, a C. P. P. brakeman, was caught and badly crushed between two sections of a freight train. The engine stopped a short distance as Johnston stepped between the cars it started again. The couplers catching him fairly in the abdomen and small of the back.

He was at once taken to the home of his grandparents, Mr. and Mrs. Jas. Keyes, where he is now lying in a state of collapse from his injuries and the nervous shock. Johnston is about 20 years of age. His father, who was an engine driver, was killed near Brampton a number of years ago.

Later—Harry Johnston died from his injuries at 1.15 yesterday morning.

SUPPORTED BY SENTIMENT.

Newfoundland Attitude on Fishing—Will Enforce Bait Act.

enactment against the American fishermen, while from views expressed in official circles it appears probable that the Premier has the endorsement of the British Government, which believes the restrictive measures proposed are within the colony's legal rights. The Government will employ whaling vessels in addition to the revenue cruisers in enforcing the Bait Act against American fishing vessels. The new foreign fishing vessels bill is expected to pass the Upper House of the Legislature to-day. Both Houses will be prorogued Wednesday.

What does it profit a woman if she gain the whole world of knowledge and lose her own health? Young women students, and school teachers, eager, ambitious and full of energy, very often neglect their health in the struggle to gain education. They eat insufficient food, and at irregular hours, they allow irregularity of the womanly functions to be established, and the result is that they become chronic invalids with all their education practically worthless. There is a plain road back to health for such as these, marked by the feet of thousands. It is the use of Dr. Pierce's Golden Medical Discovery for diseases of the stomach and digestive and nutritive organs, and Dr. Pierce's Favorite Prescription for diseases of the delicate organs of womanhood. A cure so certainly follows the use of these remedies that of hundreds of thousands who have tried them, the number, ninety-eight in every hundred have been perfectly and permanently cured. Constipation, with its calamitous consequences, which is a common ailment of students, can be entirely cured by the use of Dr. Pierce's Pleasant Pellets.

TELEGRAPH TICKS.

Edward Greenwood, a young Sarnia man, was shot in the side by an intruder in his back yard about midnight on Friday. He will recover.

The body of an unknown man was found in a mine near Morris, Man., Sunday with the head smashed and every indication of foul play. A fatal accident happened morning at Rat Portage Lumber Co's No. 1 mill. Kenora, W. B. Drummond, the night foreman, while attending a belt feed and was caught by the belt screws and hurt around the shafting. His right arm was torn from his body at the shoulder while the left arm was terribly fractured. The injured man was taken to the hospital, where he survived for nearly two hours. Deceased was forty-seven years old.

Cures Rheumatism Too.

Bu-Ju cures Rheumatism, because it cures the Kidneys. Every drop of blood in the body passes through the kidneys, to be filtered. If the kidneys are sick—tired, inflamed—they don't filter out the uric acid. It is thickened, deposited in the joints—on the nerves—that causes Rheumatism. ELECTIONS IN FRANCE.

First Day's Results Show Government Gain of 18 Seats.

Paris, May 7.—Results thus far announced in the general parliamentary elections, which were held yesterday, show few changes in the chamber, most of the former deputies being re-elected, but an extraordinary number of second ballots will be necessary in Paris. The Government has gained eighteen seats. It is estimated that there was a record poll of votes. Including Paris, 111 results are known. Of these the Government captured 188 seats and the Opposition 112, while 111 will require second ballots. The net gain to the Government is 18 seats.

Mooney's Perfection Cream Sodas

Canada's finest crackers, from Canada's finest bakery. Crisp, inviting, delicious. In the air-tight boxes, that keep them in faultless condition.

Your grocer has them.

Erased His Conscience.

In an ordinary restaurant, according to the London Chronicle, a waiter was surprised at being asked one Friday with Ireland's inimitable smile for "diviled whale." "Is it filleted shark that ye have, thin?" pursued the Irishman on being refused this delicacy. Again receiving a reply in the negative, he tried once more. "Thin ye can bring me some roasted porpoise," he said. The waiter showed signs of becoming restive, and Paddy sank back in his seat and heaved a sigh of contentment. "I'll take some roast beef and vegetables," he said cheerfully, "and sure ye'll not be for saying that I didn't ask ye for fish."

You never strike a man favorably if you hit him below the belt.

BLOOD HUMORS

PIMPLES, BLOTCHES, ERUPTIONS, FLESHWORMS, HUMORS. Many an otherwise beautiful and attractive face is sadly marred by unsightly blotches, pimples, eruptions, fleshworms and humors, and various other blood diseases.

Their presence is a source of embarrassment to those afflicted, as well as pain and regret to their friends.

Many a cheek and brow—cast in the mould of grace and beauty—have been sadly defaced, their attractiveness lost, and their possessor rendered unhappy for years. Why, then, consent to rest under this cloud of embarrassment?

There is an effective remedy for all these defects, it is,

BURDOCK BLOOD BITTERS

This remedy will drive out all the impurities from the blood and leave the complexion healthy and clear. Miss Annie Tobin, Madoc, Ont., writes: "I take great pleasure in recommending your Burdock Blood Bitters to any one who may be troubled with pimples on the face, I paid out money to doctors, but could not get cured, and was almost discouraged, and despaired of ever getting rid of them. I thought I would give B.B.B. a trial, so got two bottles, and before I had taken them I was completely cured and have had no sign of pimples since."

Burdock Blood Bitters has been manufactured by The T. Milburn Co., Limited, for over 20 years, and has cured thousands in that time. Do not accept a substitute which unscrupulous dealers say is "just as good." "It can't be."

How Little Savings Roll Up.

If a parent deposits \$1 at the birth of the child and adds at each succeeding anniversary of the birthday a number of dollars equal to the number of years, the amount by the time the son or daughter is twenty-one years old, computed at 4 per cent interest, compounded semi-annually, will equal \$300. This would be a substantial nest egg to begin life with. The man who deposits only 25 cents a week, drawing 4 per cent, compounded semi-annually, will have to his credit at the end of five years \$78, at the end of ten years \$162, at the end of twenty years \$408 and at the end of forty years \$1,204. The man who saves \$5 a week at this rate would be worth at the end of forty years the snug fortune of \$25,868.

The Baby Sick?

Then probably it's a cold. Babies catch colds easily and recover quickly. You

FOR CLOTHES OF QUALITY

MR. BECK'S POWER BILL

Cheap Power Available for
The Use of The Municipalities

THE GOVT. DOES THINGS

Toronto, May 8.—Hon. Adam Beck introduced in the Legislature yesterday a bill which is entitled "An Act to Provide for the Transmission of Electrical Power to Municipalities." Its meaning, the promoter said, was that the Government associated itself with the municipalities in the distribution of power. The first sections provided for the appointment of a commission who would have power to appoint engineers and other officials to apportion the cost among the various municipalities. The commission was enabled to furnish plans and estimates on application of the municipalities, the Government not assuming responsibility for any error or omissions in the reports. The Government retained power to approve of any contracts made with the municipalities. The commission could purchase power from any of the existing companies. At Niagara where power could be purchased at \$11 or \$12, the commission could enter into contracts with any of the companies and contract with the municipalities to transmit the power, but the municipalities must secure the Government against loss.

Current to Railways.
The bill, Mr. Beck proceeded, enabled the commission to supply power to railways or distributing companies. In such cases profits would accrue to the benefit of the municipalities, either in a reduction of the cost of production or in being applied on the payment of the plant.

The Minister outlined the method of apportioning the cost of the works. Annual payments would be made by the municipalities. They would pay interest at 4 per cent. on capital construction, and an annual sum to pay in 30 years for the retirement of the securities issued by the province. The sinking fund would be \$1.75 for every \$100, and this would be added to the 4 per cent. The cost of maintaining the works would be paid by the municipalities.

Concessions Not Applicable.
The Concessions Act would not apply to any municipality receiving power under the act, except if the municipality or the company asked that a valuation be made of the commission could do so. The commission might designate any plants to be used for the purposes of the act. Wherever it was impossible to come to any agreement with the existing companies the commission might expropriate any lands, water privileges or plants. The bill permitted the commission to take power from the companies under an agreement.

Rate Regulating Clause.
Clause 17 authorized the Government to raise funds to carry out the project. There was also a rate regulating clause. If the municipality contracted a debt the commission should have the right to regulate the rates the municipality charged for power. This applied to companies already in existence, whose rates were exorbitant. The municipality could complain to the commission, which would regulate the rates. A penalty of \$100 was provided in the case of any company refusing to furnish information.

The commission was also given power, Mr. Beck said, to report on any water power available in the province.

Mr. Ross said it was evidently a comprehensive bill, which gave the Government power to raise money on the strength of a commission. He

has the ability to do as his patients to take his medicine. He is satisfied to hear from men and women who have not only cured their kidney trouble, but also their general health. He is satisfied to hear from men and women who have not only cured their kidney trouble, but also their general health. He is satisfied to hear from men and women who have not only cured their kidney trouble, but also their general health.

THE MAN OF THE HOUR

HON. ADAM BECK

Who Has Successfully Solved Power Problem

couldn't grasp all its provisions, and asked that it be distributed a couple of days before taking it up again. The Premier said the bill meant that the Government should, as far as possible, take it to themselves to see that consumers received power at reasonable rates. The only question was as to the method of doing this. The commission was authorized to make arrangements with producers, and if the producers refused to furnish power at reasonable rates then the bill gave power to expropriate or deliver power to fulfill the pledge made by the Government to the people. He believed that the object of the bill would be arrived at without drastic measures on the part of the Government being necessary. He believed the Government would be able to carry out its scheme to the satisfaction of reasonable producers and reasonable consumers, and that expropriation would not be necessary.

Applies to All Sections.
Mr. Ross asked how it was proposed to deal with parts of the province not reached by Niagara power.

Mr. Beck said the bill applied to every section of the province. A company secured the right to develop power at the Trent or the Severn the commission could deal with municipalities wanting power from such company.

Capitalists Ready.
Mr. Beck pointed out that under existing agreements with the companies at Niagara Falls Canadian consumers were assured of as low rates as are charged in the United States. It was known that they were selling power at \$12, and he had reason to believe that it could be got at \$11. Within the past 48 hours a lawyer of standing, representing capitalists, had made the statement that if the Government wished to enter into negotiations they were prepared to develop and transmit power at the prices mentioned in the report of the hydro-electric commission. That meant that the commission said power could be delivered in Toronto at \$11 the company were prepared to take the contract. It would not be interfering with vested rights to fix the price at Niagara Falls, for if the companies were willing to supply power to United States consumers at \$9, \$10 or \$11, surely they would be willing to give the same rates to the municipalities.

What Cost Means.
The Premier interjected that what was meant by supplying power at cost was not at cost of production, but at cost to the commission. While there might be some slight amendments he would be disappointed if the bill could not be carried out without interfering with vested rights. If necessary, the commission would expropriate, but he would be disappointed if it was necessary to expropriate.

Mr. Preston (Brant) asked if any further development was contemplated. He referred to the agreement of the Waterways Commission limiting the development.

Subject of Treaty.
Mr. Beck added that the bill did not refer to the Niagara district alone. The action of the deep waterways commission made it necessary to proceed at once. It was apparent that the waterways were to be the subject of a treaty and that the users of the water at Niagara Falls on the Canadian side would be limited to 36,000 cubic feet a second. That would mean that the present companies would have the whole of the present supply.

Under the existing agreements the companies were permitted to export one-half of the power supply, so that there would be only 18,000 cubic feet a second available for Canadian consumers. Two of the companies were controlled by American capitalists and the Canadian company had made contracts to export power, and if one-half the power were exported this would give the Americans 36,000 cubic feet and the Canadians 18,000. He hoped that the whole of the 36,000 feet would be available for Canada when required. He was sure that the leader of the opposition would see the wisdom of cancelling the contract made by the old government with the Electrical Development

men.

Mr. Preston pointed out that notwithstanding any agreements the Dominion government could prohibit the export of power. Had there been any negotiations with the Dominion in this respect?

The Premier replied that the Dominion government had introduced a bill to license export, but he thought this was simply to assert their jurisdiction. He had the verbal assurance of the chairman of the Canadian section of the waterways section that no step would be taken without consulting the government of the province and he had the word of three ministers of the Laurier government to the same effect. He did not anticipate any trouble.

Mr. Mackay asked if there was anything in the bill regulating cost to consumers within the municipalities, and Mr. Beck said the commission would regulate all rates, whether of private companies or municipalities.

The bill was read a first time and then several measures were taken up in committee. The Toronto General Hospital bill was allowed to stand at the request of Mr. Ross, but Mr. Hanna said he would insist on the third reading being proceeded with to-day.

Help for the Kidneys Through Gin Pills.

A GUARANTEED CURE.

Read this letter. Read it twice. You have never heard such good news before—if your kidneys are sick. It tells how old-time health and vigor.

"I have been for years a sufferer with pain in the back and across the kidneys. There was scarcely a minute, day or night, that I was free of pain, and when I attempted to pass urine, the pain was almost unbearable. A friend of mine in Portage la Prairie, who was similarly afflicted, strongly advised me to try Gin Pills, as they had cured him, and in less than a box of Gin Pills, and in less than a week, to my great delight, found myself without pain. I have had to go as often as every 20 minutes to urinate and several times during the night. Since taking Gin Pills, I sleep through the night and am not more than ordinarily inconvenienced during the day. I can earnestly recommend Gin Pills to anyone suffering from pain in the back, kidneys or bladder.

Mr. G. O. GOWLER, Portage la Prairie. Your druggist has Gin Pills, or will get them for you. Box 5 for \$2.50. If you will send us your name and address and tell us the paper in which you have read this we will gladly send you a box of Gin Pills absolutely free. Do it today—now—and start to cure yourself. Address The Bole Drug Co., Winnipeg, Man.

The people who look for trouble are generally those who find fault.

MORE DEADLY THAN FAMINE.

Neglected catarrh sooner or later causes consumption, which destroys more human beings than famine and war combined. The way "Catarrh" cures catarrh is very simple. It first kills the germs that cause the irritation; then by soothing away the congestion and inflammation it cures the discharge, hawking and drooping in the throat. "I suffered so continually from nasal catarrh," writes Ernest R. Dikin, of Rosemont, "that I scarcely knew what it was to be free from headache and pain over the eyes. Catarrh relieved me at once and made a thorough cure. No other remedy cures like 'Catarrh'—try it for your next cold.

Self-love is no recommendation.

NOT SLEEPING WELL.

Without sleep there can be no bodily or mental vigor, consequently sleeplessness is a dangerous condition. Nothing so surely restores sleep as Ferrozone; it's harmless—just a nourishing, strengthening tonic. Ferrozone vitalizes every part of the body, makes the nerves hardy, completely rebuilds the system. The cause of sleeplessness is removed—health is restored—you can work, eat, sleep—feel like new after using Ferrozone. Don't put off—Ferrozone costs 50c. per box at all dealers; get it to-day.

Our New Clothes Are For You

Every quality of a garment that appeals to you and makes you want that garment is highly developed in T. & D. clothes.

Only stores that give good values grow fast. Our stores are exhibiting every symptom of rapid growth, they are growing in number. Another one will be opened in Berlin next week. Then we will have four of the smartest Men's clothing stores in Ontario, to say nothing of our model new factory in Hamilton, which we have just got into nice running order.

ELECTORS WILL VOTE

Continued from Page One.

put much weight on the letter, and he did not question the good faith of Mr. Fowler. He, however, believed in expressing his opinion freely. He believed that was what the electors expected of him. He thought that there was a legal point that might prove a barrier to the passing of the by-law. It was that no municipality can offer a bonus or a loan to any concern that is already established in another municipality, to induce it to move away from the place where it is established. He had not looked up the law, and did not want the aldermen to understand that he was giving a legal opinion on the matter. He did not wish to block anything that would tend to advance the interests of the city. He understood that if the sugar company did come, and if the farmers of the district, who were more interested in seeing the city go ahead than he was, and he would like to encourage new industries to locate here, but on this question he was conscientious in his position in opposing the granting of this loan.

Ald. Austin said that the point was raised and it was found that nothing had come to the city under the same circumstances. Mr. Fowler, however, was ready to take the risk of all that.

Ald. Stone thought that the Council should keep down the rate as far as it is possible, and on this ground he opposed the scheme.

Ald. Massey thought that if the city could afford to pay \$200 to send a deputation to Toronto, in an effort to secure a Normal school, they could easily afford to spend as much to try to get this concern, which will be of far more benefit to the city than a Normal school.

Ald. Austin then moved for the first reading of the by-law. It was put through its first and second readings, and it will be submitted to the ratepayers before its third reading.

The clauses provide for a loan of \$75,000, a fixed assessment of \$75,000, for school purposes, for which they will erect a plant which will handle 600 tons of beet per day, erect their factory in or adjoining Clapham, to be running on the 1st of September, 1907. They shall give preference to local labor, shall not interfere with the trade of merchants, and shall pay their men fortnightly, must erect a pulp dryer, and avoid all stench around their factory. They must spend \$450,000 in the erection of their factory free of all incumbrance. They shall issue bonds to the amount of \$200,000, and the city shall have bonds to the amount of \$90,000, as security for the loan. The city will have a controlling interest in the bonds.

The vote will be taken on the 31st of May, and full particulars will be published in The Planet, with the publishing of the by-law.

HE WAS ALL READY

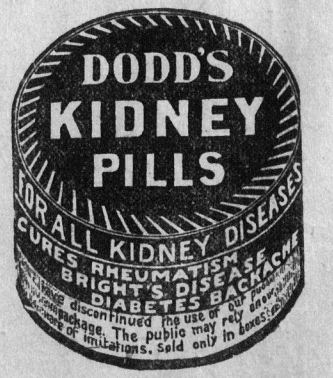

Young Man Comes All the Way from Windsor to fight an Imaginary case

A young man, named Bert Martin, was the subject of rather a cruel joke yesterday. Martin lives in Windsor, but, until a short time ago, he lived in Chatham. On Sunday, some "friend" of Mr. Martin's, in Windsor, advised him to go to Chatham, right away, as he was wanted there on a charge laid under the Charlton Act. This made Martin nervous, and he thought that rather than be arrested, and taken to Chatham, he would get on the train at once and go peacefully. His mother came with him.

When they got here they at once looked up the police authorities to find where the charge was laid. They first called on Chief Holmes, but that gentleman knew nothing about a charge being laid. They next called on Major Googan, and told him that they had seen Mr. Holmes. The rest of the time was taken up by the Major himself who was loud in his complaints against the city police for installing him in his work. He knew nothing about the charge.

The County Crown Attorney also knew of no charge being laid, and still the young man did not tumble that he was the subject of a joke. He went to G. G. Martin and engaged that eminent counsel as his solicitor. Mr. Geo. G. did a part in the interview with Chief Holmes, but could find out nothing. The young man from Windsor was on the ground, ready to fight the case, and there was no case to fight.

Judge Houston told G. G. that if he would keep his client around for awhile, and incidentally give the name of the girl in the case, the authorities would do their best to provide a case to fight. It is thought, however, that the young man tumbled to the joke before the authorities had time to find out what kind of a case could be brought against him.

PROBABILITIES.

Special per G. N. W.

Toronto, May 8.—11 a. m.—Rain to-night with east winds, veering to northwest gales. Wednesday, strong northwest winds, clearing and cold.
