CHANCELLOR VISITS UNIVERSITY LIBRARY

In contrasting to the usual furor created when U. N. B.'c chancellor comes to the campus Dr. L. R. Theismeyer striking proclamation, no new plans — at least none that any Faculty on Research were willing to reveal — were announced. His Lordship spent his time browsing through the library, chatting with Dr. Baily and library staff and talking over questions of library policy and new purchases which he is continually making.

Among his new gifts are several excellent general reference books, which will soon be placed at the disposal of the students. His Lordships generosity to the Library continues. One wonders whether the happy grateful faces of the artsmen overshadow the sad and hockey-hungry look of foresters and engineers. Like Helen of Troy's virtue, their arena was lost without a murmur. But was lost without a murmur. But the different faculties need one able of serving Canada's greatest \$500, the nine students come from \$500, the another's help. Dean Baily's influence appears not insignificant in the light of his Lordship's remark last May at the presentation of the New Wing; "Thank God Alfie doesn't skate!"

Lord Beaverbrook read with interest the signatures of their

the object of his generosity. The United Church Manse of the town where he lived as a boy, will become the public library. Say! that means that with two libraries under his distinguished patronage, the Beaver will have to find new outlets for his munificence, so as not to favour either book bin.

Education **Association Elects Officers**

The Education Association having had two metaings and a field trip during October is well under way for the year. On October 16th an organizational meeting was held at which time the following officers were elected: President Bob Hanson; Vice-President, Isabel Adams; Secretary-Treasurer, Colin McCabe. Professor C. F. McIntyre is continuing in his role of faculty advisor.

Dr. F. E. MacDiarmid, Chief Superintendent of Education for New Brunswick, addrssed the first regular meeting of the association on October 23rd. He discussed education in the province and gave some valuable advice to prospective teachers.

On Oct. 31st about twenty members of the association jourto Minto Memorial High School. They toured the school and sat in on various classes. Through the efforts of the principal, Mr. C. S. Day, and his staff the group received an excellent view of the modern regional high school and dragging the Duke of Edinburgh its work.

The Education Association is an organization for all those on the campus, both students and faculty,

FREDERICTON, N.B., NOVEMBER 21, 1951

APATHY ---HERE, THERE, EVERYWHERE

A recent issue of THE CARLETON, the official student publication of the students of Carleton University, Ottawa, carries a feature story on Jean de Margerie, the President of the National Federation of Canadian University Students. In this article, Mr. de Margerie is noted to have expressed deep regret at the apathy towards NFCUS. He attributes such apathy to the lack of knowledge of the purposes and accomplishments of NFCUS since its inception.

Perhaps this is also a logical explanation of the indifferent attitude which prevails on our own campus. Lack of interest in the Students' Representative Council and the publication of the Year Book and Brunswickan have been a few of the noteworthy examples of such apathy. Failure of students to make application for the various positions of team managers and the lack of nominations for various student positions are additional Students' Council found it imperative to use an honorarium as lure to secure a Treasurer.

Nor is this University unique in this respect. Several other Canadian Universities are now embroiled in similar difficulties. The current issue of THE FULCRUM, student paper of the University of Ottawa, blasts the students on that campus for their lack of interest and for their failure to offer ance and non respect, as a rookie ball player telling Connie Mack how to manage a ball team, but regardless of the affect or the out activities several weeks ago as a result of an unhealthy financial position. Since that time, student interest has been aroused and a solution finally agreed upon whereby all students have and a solution finally agreed upon whereby all students have realized the predicament of the few elected persons attempting to carry out the wishes of the student body. A compromise has been reached whereby each organization on the campus Federation becomes solvent once more.

The students at the University of New Brunswick fail to realize the seriousness of the situation on their own campus. The Students' Council finds it increasingly difficult to operate under the existing conditions. Seldom more than 60% attendance is recorded. Elections are of no interest to the student body, nor are the deeds of the ultimately elected persons. The Brunswickan has failed to meet with the co-operation necessary if a student weekly is to be published.

TIME MAGAZINE has recently published a survey on today's youth. In this expose, we are called "the Silent Geneneration." Is it not time for the students, especially at this University, to arise and make themselves heard? Must we be doomed to oblivion so early in our lives? If we are to leave this place of higher education and take our stations in life and form part of society, we must assert ourselves. We must train ourselves now, so that we may establish our way of life and then be prepared to maintain and defend it.

"As Seen from the Bleachers"

by the Spectator DOUBLE WINNERS

With the field and weather conditions resembling that of the Gray Cup annual the Varsity Bombers retained their N.B. Canadian Football title Saturday afternoon by over coming a five point deficit in turning back the Moncton Tri-Service in the contest which wrote 'fini" to the gridiron wars for another season.

Playing on a mud soaked field amid a consistant drizzle which made an areil attack unpractical and a ground attack difficult the Bombers had the little extra in a closely contested game which held the crowd in a state of tension till the final whistle. In the early stages of the game it was all Bombers and on three occasions they pushed to the Tri-Service one yard line only to run into a stubborn repelling defence. Despite the disappointment of having the door slamed with pay dirt but a few feet away it was one of these close ones which actually provided the winning margin. The two points they picked up by downing a Tri-Servicer in his own end zone coupled with the third quarter try proved to be just enough with the minimum

The heavier Moncton team found the sloppy under footing much to their dislike but were never the less always a threat and caused the Bomber supporters many a bad moment. The poor playing conditions turned out to advantage for the Varsity as a number of fumbles of the slippery pig skin by the Service cut short many threatening marches. In the later stages practically all the Moncton team appeared to be on its way for the try which would have turned the tables but fumbling was their undoing right up to the final play of the game when a long Tri-Service run was nullified by a lose of possession thanks to the water soaked and mud incased pig skin.

The conditions made it strictly a ground game with the slipping and sliding around end giving way to the more sure footed plunges through the middle. As far as an air attack was concerned the idea was nearly thrown out all together and of the half dozen or so passes which were attempted none were completed, in fact very few left the cossers hand headed in the right direction. Such were the conditions under which the Bombers annexed their second crown of the season.

Holders of both the Intercollegiate and N.B. titles the Bombers now find themselves in a rare position in the U.N.B. sports field champions in two different classes of their game. How many of you can recall when this was last accomplished by a Varsity team? Intercollegiate titles, Intermediate titles, and York County championships have all been won in the past few years but not for quite a while has there been a combination of any of these captured by a single team. With a Maritime Intercollegiate and N.B. senior title firmly in their grasp the Canadian Footballers have probably risen to the heights of this years athletic endeavours "up the hill" and a word of congratulations is definitely due.

WRONG GUESS Mr. REILY

In peering into the future of the Canadian game on our campus I am sadly afraid that I must disagree with the opinion expressed by the experienced, well known and extremely capable sports editor of the local Gleaner. It was he who stated a short while ago that this game was merely a flash in the pan and would die with the graduation of our "hearty upper Canadians." Well far be it for me to ones. The ultimate, it is hoped, was reached when the condemn the opinion of such a versitile and wordly mind but never I believe that at the rate in which the game is catching on with the local footballers and seeing no reason why more of these "hearty souls" will not wind their way to our campus there is every reason to believe that the game is here for a prolonged stay. If we should have to choose between the two brands of football I think the boys

in the short pants would come out on the short end.

To disagree with Mr. Reily might be termed as a show of ignor-Ottawa, the Students' Federation was forced to suspend all come I am doing just that and basing my opinion on the fact that I

ANOTHER DEBUT

Saturday was a big day in U.N.B. sporting circles as it not only climaxed a successful season for the Canadian footballers but it also will attempt to restrain its activities until such time as the brought an opening to the new basketball season. The most recent edition of the Red and Black hoopsters took the floor for their initial tilt with the bearded House of David as the opposition and as their predecessors tell before the capable and clowning antics of the Roth lead quintette. Dus to circumstances based on the center of all male troubles the game had to be forgone by yours truly but from all reports it went as well as could be expected.

Some of the fans seemed a bit disappointed with the showing of the Beards in the clowning department because after all it is this and not their playing ability which draws the crowd. It has been quite apparent that in the last few years this aspect has been gradually falling off to the point where it is now looked after almost entirely by Roth himself and even he is loosing some of the touch that made he and his team such a drawing card a few years back. Despite all this they still put on a fairly good and different show and it is imagined that their annual visit again next year is being looked forward to by

Turning to Varsity we find from all reports that for their first game they did quite well and should in the course of time under the guiding hand of Flip Flewelling come up a team and the brand of ball which will be a credit to their colors. Above all it appears that this season they will be a team and not just a group of players and that in itself is a pleasing thought, especially to the spectators.

What is your opinion of the proposed revision in representation to the S.R.C.?

* Howie Boucher - Senior Forester

Frankly I am against this committee business because I don't The Manitoban recently, one edithink it will be as representative as the present system. Committee tion of The Varsity was not printrepresentatives do not represent by population or class, and do not necessarily know what goes on outside of their own society.

To remedy the present situation, proposed class representatives university of Toronto campus. should appear at a public meeting before elections, so the students will know who they are voting for.

* Audrey Baird — Senior Arts

I think you would have less confusion at the meetings over matters regarding societies and more co-ordination of campus activities, although it would mean a lot more work for the committee presidents if they were reps. I think you would get a better crosssection of the campus represented with the proposed system. * Dick Ballanes — Junior Civil

I fail to see any advantage in it, for you will only pile more work on the committees. The S.R.C. should be a disinterested body. When the Jim Currie — Junior Electrical

I am not in favor of the plan because although it would give I am not in favor of the plan because although it would give more mature members to the S.R.C., the campus would be less evenly had been made. The Manitoban represented. People who belong to more clubs than the average would have more representation in the S.R.C. than those who belong the students who had awarded the to a few clubs. Since everyone pays the same fee this would be rather unfair.

Also, since the representatives would already be presidents of clubs they would have less time to discharge their duties as S.R.C.

(continued from page 5, col. 2) early in the first half when Bernie Scott booted the ball past Dary Mowatt in the Arts and Science net from about 20 yards out di-Foresters, Bill Sprigs 6036 and rectly in front of the goal. The shot was a fast, low one and the slippery footing prevented goalie Mowatt from getting near the ball. The Residence lead was short lived however, as Burt Simpson tied things up, scoring the first Arts and Science goal on a pretty kick to the corner which beat Mike Hassell cleanly. The first half ended with the score, Arts and Science one, Residence

> The second half was even more closely contested than the first. Arts and Science threatened numerous times around the Residence goal but the cool goal tending of Mike Hassell in the Residence nets kept the Arts and Science team from scoring for some time. After three or four scrambles in the Residence half of the field, Monoghan of Arts and Science score on a high kick from about 25 yards out in front of the Residence net. This put the eventual winners out in front by a score of 2-1. From this point on the Residence pressed ever harder and Bernie Scott threatened to tie things up things with his long kicks, many of which just missing the Arts and Science goal by a few feet. Towards the end of the contest John Kelly of Arts and Science narrowly missed on a penalty kick which hit the crossbar of the goal post. The game ended with the Arts and Science eleven winning 2-1 and coping the 1951-52 intramural soccer championship.

WORKING WITH CANADIANS IN EVERY WALK OF LIFE SINCE 1817

MBERS N.B. FOOTBALL CHAM

the UNB Red Bombers took their third NB Canadian Football title in as many years, by downing the Trie-Service entry from Moncton 7-0. This win gave them the two game total points series 19-17.

Two years ago the UNB varsity came out on top of a three team league with St. Thomas College and the Moncton Trojans. Last year the league was again formed and the Red and Black team from Up the Hill walloped the Moncton Navy, a newcomer to the league, in a two game series.

This year they had previously taken the NB intercollegiate title by trouncing the St. Thomas Tommies 45-0. In the NBRFU the schedule ended with UNB. He ran for a total of 85 yards. Tri-Service and St. Thomas tied for first place with the Trojans losers. m the cenar. UNB was given a bye and Tri-Service disposed of St. Thomas 17-6. UNB and Tri-Service then met in the first game down for UNB on their own 52 of the series, in Moncton, one week ago last Saturday. In this first game a number of fumbles end-run of 24 yards by Willie proved disastrous and at three-Johnson, one of them a 60 yard run, a touchdown and a conert by and the score was 2-0 for NB. Arsenault (later taken to the hospital with a leg injury) and a convert by G. Wilson. UNB came to life in the last quarter of the game and a touchdown each by Bird and Schure, with Bird conerting both of them, left UNB only five points to get back in the second

In this second game, led by quarterback Johnny Naysmith and halves Joe Bird, Shutz Bombers worked precision-like football and made seven big points, enough to win the game and the title. By now they had overcome their case of "fumblitis" and only twice did Tri-Service successful giving Moncton possession on their own one yard line. A penalty to UNB gave Tri-Service an automatic first down. This plus a series of plays including two runs of 1 and 34 yards

Dial 6637

On Saturday at College Field the UNB Red Bombers took their our the UNB and years, by downing the ras many years, by downing the rie-Service entry from Moncton ame total points series 19-17.

The works are the UNB at College Field threaten, once in the second the UNB's 34 where they finally lost possession. After two more plays the final quarter when they pushthe final quarter ended.

3rd quarter.

At the start of the second half high years with five games by Johnson carried them to the UNB's 34 where they finally lost possession. After two more plays the final quarter ended.

The second week of intramural basketball passed with five games with a more experienced and and a more experienced yards, 50 yards more than Tri-Serice. Each team had 20 first downs and UNB had one fumble and four incompleted passes while Tri-Searvice had 2 fumbles and

three incompleted passes. Johnny Naysmith, sparked the team all the way and at one time he ran the ball himself for a gain of 26 yards. Bird ran a total of 73 yards while Miller and Schure ran 45 and 43 yards respectiely For the Moncton team Johnson was again the man with the spark.

Play by Quarters: 1st quarter The game started with Tri-Service kicking off, and it was first end-run of 24 yards by Willie Schure, Tri-Service took over on quarter time the Moncton team their own 11 yard line. On their was in front 17-0. Their points came on two touchdowns by Barry Moncton ball carrier behind his 2nd Quarter:

The 2nd quarter opened with Moncton kicking on their third down. The ball changed hands twice and UNB then had possession on their own 53. On their UNB—Naysmith, Bi first play UNB received a 10 yard penalty and it was second down and 20 to go. Naysmith then made a quarterback sneak and gained 26 yards. UNB worked the ball to the Tri-Service 23 where they Miller and Willie Schure the Red tried a field goal which was unsuccessful giving Moncton posses-

of printing for clubs, organizations and societies.

Stencils Run Off

and had to leave the game. Midway in the quarter UNB gained possession on the Tri-Service 54. A 12 yard run by Schure, a 24 yard run by Bird and a ten yard yard penalty to Tri-Service put them on the Moncton 8 yard line. Here Schure ploughed 8 yards and Miller then plunged over for the touchdown. The convert failed and the score read UNB 7, Tri-Service 0. Twice during the rest of this quarter UNB intercepted Moncton passes. First Wager and then Mackley with Mackley's coming at the end of the quarter.

Tri-Service made one last effort about midway through this quarter, but the Red Bombers held them back. Moncton led by the plunging of Pendergast, started from their own 35 and carried down to UNB's 30. Here they were forced to kick. UNB made no headway, and Moneton took over on varsities' 35. A plunge for one yard, a pass knocked down by own goal line for a safety touch Boucher and a kick carried back by Naysmith ended the game and closed out the year for the NBRFU, with UNB's Red Bomb-

one on Saturday. Wednesday's play was outstanding for its very high scores.

In the A section the Mooseheads rolled over the Residence B squad lead by reliable Joe Bird with 16 He was closely followed by Punchy Walker, Ossie Whet-more and Jerry Boulton with 15 points each. Don Fowler headed the loosers scoring 8 points as well as playing a very steady game.

The Chemistry Society beat the 22 personal fould were called was the high man for the against both teams with 12 a- Foresters netting 8 counters. gainst the winners and 10 against the losers. John Manson was the scoring star for the Chemists rolling up a total of 13 points. John Froshmores defeated the Alumni Little and Bill Ayer followed 41-32. Once again the winners with 8 and 7 points respectively. Defensively for the winners behind and win. This time it was Denny Valenta proved very strong snaring numerous rebounds. High scorers for the Engineers were Tom Gorman and Jack Dawson with 15 and 12 points respectively.

The third A section game produced the second highest total of points in recent years with the Arts and Science team trouncing the Freshmen Bullets 88-49 in a wide open game. The game was fairly well played, rough play was at a minimum with a number of high scorers resulting. Will Cock- Team burn and Don Brannen lead the winners with 25 and 23 points respectively. They were followed by Jack Patterson and Jim Crocket with 17 and 15 points. Junior Thorpe was the only star for the osers, scoring 20 points. Watson was far behind with 9 points. A total of 11 fouls were called during the game.

The first B section contest produced a rather one-sided game Soph Foresters with the Alumni swamping the

Rogers added further to their cause by racking up 11 points.

Jack Cassidy scored 10 points for the losing Residence team.

The final game of the evening was between the Froshmores and the Sophomore Foresters with the former winning 57-22. The winners started slowly and were behind at the quarter but gradually picked up with more speed and improved team play and shooting. Dave Gammon lead the way for Engineers 48-37 in a fast rough the winners with a high total of The winners hit the 15 points and was followed by twines with successive baskets to Porky O'Blenis and Guy Doiron gather an early lead. A total of each with 12 points. Baskerville

One B section game was played as a preliminary for the House of showed their ability to come from in dying minutes of the game. Guy Doiron who was high scorer for the winners with 8 points also played a standout game. He was followed by Ken Bartlett, Dave Gammon, Jack Phillips and Don Webster with 6 counters each. Doug Rogers potted 20 points for the Alumni but it was for a loosing cause as no one else could hit consistently. Standings:

OFFICERS NEEDED

During the twelve months ending July 30, Canada's regular Armed Forces — Navy, Army and Air Force — increased from 46,886 to 81,727, or about 75 percent.

The requirement for officers has correspondingly increased. This requirement is met in three ways:

- 1 The Canadian Services Colleges at RMC, Kingston and Royal Roads, B.C.
- 2 Short Service or permanent commissions for men directly from civilian life or from the ranks who have the necessary physical qualifications and junior matriculation or equivalent;
- 3 The university training plans.

In the university there is the University Naval Training Division (UNTD) for the Royal Canadian Navy, the Canadian Officers Training Corps (COTC) for the Army, and the Reserve University Flights (RUF) for the RCAF.

Last year, in twenty-seven Canadian universities and colleges a total of 3,980 undergraduates were members of these units. This year, to match the expansion in the Armed Forces, still more university men are needed to take these courses and qualify as regular or reserve officers.

All undergraduates taking advantage of these officer training facilities receive pay for time spent in training, including full time employment with the pay of a Second Lieutenant for three or four months each summer. Undergraduates in their final year who are accepted for the regular forces can be commissioned with full pay and allowances of their rank and remain at the university to complete their year. On obtaining their degree, they will continue in the service without interruption. The cost of tuition and books for the final year will be paid by the service.

Today the threat of aggression has led Canada and the other free nations to build up the strength necessary to prevent aggression and preserve peace. Modern defence activities, new weapons, require special qualities of leadership and the kind of knowledge and skills which university men can provide.

You, as an undergraduate, can play your part in national defence while at the university by adding to your other qualifications the knowledge and experience needed in an officer. You can play your part in preserving freedom by preparing yourself to defend your country should the need arise.
