

The Acadian

DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL. No. 23.

WOLFVILLE, NOVA SCOTIA, FRIDAY, APRIL 1, 1921.

\$2.00, payable in advance

Wolfville Athletic Association

Completes Most Successful Year—
Dr. deWitt Re-elected President

The Annual meeting of the Wolfville Amateur Athletic Association, which was held on Wednesday evening in the Parish Hall, was largely attended and most enthusiastic. The president, Dr. C. E. A. deWitt, presided, and in a few words told of the splendid year the association had had and hoped for even better things for the coming year. The financial statement, as read by Mr. Morgan Tamplin, showed that the association had lost money during the baseball and cricket season, but that the hockey receipts had pulled them out of the hole and now there is a balance on hand of \$174. Encouraging reports were presented from the baseball, cricket and hockey clubs.

The following officers were elected for the ensuing year:

Patron—Mr. W. H. Chase.
Hon. Presidents—Mayor C. S. Fitch and Dr. G. B. Cullen.

President—Dr. C. E. A. deWitt.
Vice-presidents—Dr. W. A. Coit and Capt. John Pratt.

Secretary—Mr. Morgan Tamplin.
Treasurer—Mr. W. H. G. Phipps.

Mr. Gordon Thompson, vice-president of the Maritime Provinces branch of the A. A. U. of Canada, was present and addressed the meeting, making a strong plea for amateur sport. He also explained some of the rules relating to amateur standing. His remarks were listened to with great interest.

The meeting decided to hold a Big Day this year similar to that of last summer, and it was recommended that it be held on Labor Day if possible. The following were appointed a committee to make arrangements: E. Percy Brown, Dr. Coit, Capt. Pratt, G. K. Prescott and J. W. Williams.

Dr. Coit, in speaking of the coming baseball season, suggested that a coach be procured if the necessary funds could be secured, and advised all present to give the matter serious consideration. He stated that Middleton was going to have a coach.

THE DISCONTINUED TRAIN SERVICE

To the Editor of THE ACADIAN.

Dear Sir,—There appeared last week in the columns of a Kentville paper which is reputed to be controlled by the management of the D. A. R., a letter from a very clever correspondent anent the recent discontinuance of the morning and evening trains west of Kentville. The suggestion was made that if the people of the Valley towns wished the railway to continue the service they must furnish enough business to make the trains a profitable undertaking on the part of the road. In other words that citizens of these towns should make unnecessary trips up and down the Valley in order to furnish passengers to fill the cars in this train and revenue for the railway company.

How would it do for the railway people to do something themselves in the way of an inducement? Cheaper rates, better accommodation and an assurance that passengers would be provided with seats and not, as is often the case, be required to stand during the entire journey would be liable to make the train more attractive—particularly to people who are supposed to fill the trains in order to make the service pay.

The people have already done much to make the railroad pay and through the government are also contributing not a little towards the prosperity of the company but they must not be expected to do it all.

TRAVELLER.

EASTER AT ST. JOHN'S

Usual Good Friday services were held in St. John's church at 11 and 7. There was an excellent attendance at the former service. On Easter Day there were very large congregations at 8 and 11 a.m., and a great many received Holy Communion, the largest number in the history of the church. The music under the direction of Professor Manely was admirably rendered, the psalms for the day being chanted as also the Sanctus and Gloria in Excelsis. The service will be repeated next Sunday usually known as "Low Sunday" when there will be two celebrations of the Holy Communion at 8 and 11 giving those unavoidably absent last Sunday an opportunity for making their Easter Communion.

WESTWOOD HOSPITAL NOTES

Mrs. Lee Curry, who recently underwent an operation at the hospital, returned to her home in Hortonville on Sunday. Mrs. Bowles is making a splendid recovery from her recent serious operation. The many friends of Mr. W. J. Bratton will be glad to hear that his hand has so far healed that he has returned to his home.

AUSTEN CHAMBERLAIN

Who succeeds Bonar Law as leader in the British Commons, of the Coalition (Government) party.

"THE MAN ON THE STREET"

"The Man on the Street" would like to see more evidence on the part of citizens of a desire to co-operate with the Superintendent of Streets in his attempt to have our streets and sidewalks kept clean and tidy. There is certainly too much carelessness in the sweeping and throwing of waste paper and other refuse on the streets. A little more civic pride is heeded in this regard as well as in some others. There ought to be a heavy penalty for such doings as are often in evidence.

Last autumn at Hallowe'en some vandals practically destroyed the fountain recently placed on the open space at the "bridge." So far as "The Man on the Street" knows no attempt was made to locate and fittingly punish the offender. We cannot but expect such indications of lawlessness if acts of this kind are allowed to go unpunished. Repairs to the fountain will cost a considerable amount and the expense thus created is altogether needless. Somebody is not doing his duty.

The Parish Hall recently provided by the congregation of St. John's church will prove of great public value, and "The Man on the Street" feels that the enterprise should receive the commendation it deserves. The hall, it is understood, will be available for all public functions including dancing, and will be of real value to the community. It is nicely fitted up and a credit to the town as well as to its owners.

The arrival of the fine large vessel which visited our harbor last week is a vindication of the movement recently set in motion by some of our citizens to secure much needed improvements in the way of straightening and deepening the approach to our wharves. These gentlemen are performing a public service and should have the thanks and help of our people generally in this commendable work. At least this is the opinion of "The Man on the Street."

"The Man on the Street" has a faint remembrance of some action having been taken last spring by the Council to safeguard against a disastrous fire by an inspection of the condition of buildings in the congested portion of the town and the requiring that these be made safe. Evidently this action must have been forgotten by "our city fathers" inasmuch as nothing has been done. It will be too late to lock the stable after the horse has been stolen. Some day the result of the negligence will be appalling.

WE APPRECIATE

THE ACADIAN is in receipt of the following letter from Rev. Dr. Archibald, Principal of Acadia Collegiate Academy, and desires to express thanks for his appreciative remarks concerning its appearance and contents. Coming entirely unsolicited it is especially welcome and tends to lighten the sometimes seeming irksomeness of our editorial duties. The newspaper gets plenty of criticism but little praise, and the kind words of our fellow townsman is as "cold water to a thirsty soul";
Davidson Brothers.
"The Acadian," Wolfville, N. S.

Dear Sirs:—I wish to express my hearty appreciation of your efforts to give the residents of Wolfville and vicinity an up-to-date weekly newspaper. The improvement has been marked, especially during the last few months. A town of the size of Wolfville needs a newspaper which is peculiarly its own, and through which her citizens may express their views to each other.

I know that you will be able to use money in providing these improvements, and others in contemplation. For this reason, I am enclosing check for advance subscription one year.

Your work is of great importance in the public interest. I wish you the highest success.

Yours very truly,
W. L. ARCHIBALD,
Principal,
Wolfville, N. S.,
March 19, 1921.

Cricket Club

Holds Annual Meeting and Re-elects Officers

A goodly number of those interested in the game of Cricket attended the annual meeting of the Cricket Club at the Town Hall on Tuesday evening. The president, Rev. R. F. Dixon, presided, and read letters he had received from the Bridge-town, Windsor, Stellarton and St. John cricket clubs, all congratulating the Reverend gentleman upon his efforts to revive cricket in the Maritime Provinces and assuring him of their heartiest co-operation. The following officers were re-elected:

Patron—Mr. W. H. Chase.
President—Rev. R. F. Dixon.
Secretary—Mr. G. H. Ruffee.
Treasurer and Manager—Mr. J. Elliott Smith.

Mr. W. H. G. Phipps was elected Captain and Mr. Spittal the vice-captain. These two with the ex-captain, Mr. J. F. Herbin, were appointed a committee to pick the eleven for each match.

The proposition to form a Valley Cricket League was most enthusiastically considered, and the President, Secretary, Dr. Coit and Mr. Koppell were appointed a Committee to seek a conference with Windsor, Kentville, Bridgetown and any other Cricket Club in the Valley that will join to form this League, to draw up the schedule and make all the necessary arrangements. The President and the Manager were elected to represent the Cricket section on the Executive of the Wolfville A. A. Like Windsor, Wolfville will have at least a couple of Elevens this season which promises to yield excellent sport for the wielders of the willow and the trundlers of the ball.

THE BOY SCOUTS AND TUXIS SCOUTS

Those in charge of the boys work are very grateful to all who assisted in making the Tuxis demonstration a success. Thanks are particularly due to Miss Duncanson, to the College Band, and to the older boys. The total receipts were \$152.15. Expenses: Opera House, \$35.00; other expenses, \$24.90—leaving a balance out of which advertising has to be paid, of \$92.25.

On Friday evenings the Scouts are having a series of very interesting talks on different portions of their Promise and the Scout Law. On March 18th, Rev. G. W. Miller spoke on "Honoring God." Last Friday Inspector Robinson gave an address on the third portion of the Scout Promise "to help other people at all times."

On the evening of Thursday, March 24th the Boy Scouts Basketball Team visited Kentville and played a splendid game with the Kentville boys. The play was clean and fast throughout, score being 26 to 25 in favor of Wolfville. The Wolfville boys were: Jack Hill, John Johnson, Val. Rand, Wallace Bartheaux, Herbert Taylor, Claire McKenna and John Morine. After the game the Kentville Scouts entertained the Wolfville boys at supper.

Monday, March 28th, being a holiday, a "hike" was arranged for the boys of Kentville, Wolfville and Port Williams. The objective was the Power Plant and Pulp Mill near White Rock. The smaller boys of Wolfville took a short cut over the ridge; but the others went by way of the Deep Hollow road, meeting those from Port Williams at Greenwich and the Kentville Scouts at the corner of the road to White Rock. About 25 were present from Kentville, 35 from Wolfville and 6 from Port Williams. Max Brown and Vincent Schofield acted as assistants to Scoutmaster Brown. A splendid day was spent in studying the Power Plant and Pulp Mill and in Scout games and Tests. It was a long hike, especially for the Kentville Scouts, but they appeared to stand it well.

GASPEREAU NOTES

Mr. Renford Martin, of Halifax, spent Easter with his parents, Mr. and Mrs. J. D. Martin.

Messrs. Perry Baker and Roscoe Nowlin left March 21 for the West.

Miss Minnie Smith spent the Easter Holidays at her home in Lunenburg.

Mr. and Mrs. Clifford Coldwell spent Easter in Digby with Mrs. Coldwell's parents.

Mr. Morley Vaughan was the week-end guest of his aunt, Mrs. Earl Duncanson.

Mrs. Emery Coldwell spent the week-end in Ellershouse, visiting her niece, Mrs. Edward Gould.

Mrs. (Dr.) Bennett, the Misses Gladys Kenzie and Verna Westcott and Kar Coldwell are on the sick list.

Mr. and Mrs. Perry Turner, of New Minas, spent Easter with Mrs. Turner's parents, Mr. and Mrs. Andrew Westcott. Miss Ethel McNare spent the Easter Holidays with relatives here.

The city of Tokio, Japan, was visited by a disastrous conflagration on Saturday night, when one thousand houses were destroyed. The loss is estimated at about \$12,500,000.

Citizen's Meeting

Authorizes Town Council to Borrow \$21,000 for Improving Various Departments

The public meeting of the citizens on Tuesday evening in Temperance Hall was one of the best attended gatherings of the kind that has been held in Wolfville for some time.

Mayor Fitch presided and Mr. R. W. Ford, who acted as secretary in the absence of the Town Clerk, whose health did not permit of his being present, read the notice calling the meeting and stating the object of the meeting.

The different propositions of the Council were taken up on resolution and discussed at some length. During the course of the discussion on the Council's proposition to purchase land for the site for a new school building the whole project of school extension received considerable consideration. Plans were presented for new buildings and also for additions to the present school edifice. When the vote was taken those present indicated their wish to secure the lot proposed by the Council and voted accordingly, the result being sixty-four for to five against.

In connection with the proposition to authorize the Council to seek authority to borrow the sum of twelve thousand dollars for the department of fire and water quite an animated discussion took place with reference to fire-fighting equipment. Chief Fraser and other members of the company explained the needs and it was finally decided that \$5,000 be added to the amount asked for in order that the equipment be improved.

The meeting declined to sanction the borrowing of \$5,000 for street construction but agreed to authorize the borrowing of \$2,500 for sewer extension when necessary.

The meeting unanimously gave their sanction to the Council's request for permission to assess the town in a sum not to exceed one thousand dollars to defray the necessary expenses of the purchase of a tablet in memory of our boys who fell in the Great War and the erection of the same.

AN IMPRESSION

To the Editor of THE ACADIAN.

Dear Mr. Editor,—A new comer in Wolfville it has not been my privilege to attend many meetings of the citizens. In your last week's paper the subject of the meeting, in which you emphasized the importance of ratepayers being present. I determined to attend and I must say that I was pleased with the interest that was evident from the large number in attendance. I was greatly surprised and disappointed, however, to see after the first item of business had been passed, which by the way was quite trivial and of little importance, the bulk of those present leave the hall, and only a handful left to deal with matters involving large expenditures of the town funds. The action suggested to you mind a "packed" meeting for the purpose of promoting a pet idea (and that a small one) and not the broad interest in civic affairs that I anticipated. If a little town is to grow and prosper we must have a broader outlook on the part of our people and a greater personal interest on the part of ratepayers. Instead of being like "dumb driven cattle" we must have opinions of our own and be ready and willing and assume our share of responsibility for municipal doings.

Pardon me, Mr. Editor, for thus encroaching on your space, as well as for seeming to "butt in."

NEW COMER

Mr. Baker, of Dartmouth, spoke to the Baptist Sunday School Easter Sunday afternoon. He is Superintendent of the Dartmouth Sunday School.

PAUL TINGLEY

Who left Wednesday for Edinburgh University to take a four years' course in Medicine.

FAREWELL AND PRESENTATION

At the dining room of the Baptist church on Monday evening a re-union of the Men's League of the church was held which took the form of a farewell social to a highly esteemed member and vice-president of the league, Mr. Paul Tingley, who left this week for Edinburgh, Scotland, to complete his studies in medicine. In view of Mr. Tingley's splendid efforts in connection with athletic affairs and the good service he has rendered the county as a leader in work among boys and young men it was decided to unite the business men of the town and members of the athletic association to participate in the exercise of the evening. Mayor Fitch presided and announced the program. This included an overture by the College orchestra, selections by the Wolfville Male Quartette and a vocal solo by Mr. A. J. Mason. Rev. D. MacDonald on behalf of the Men's League and business men of the town read an address to Mr. Tingley and in felicitous remarks presided him with a purse of \$115.00 accompanied by hearty good wishes for his success and safe return to Wolfville. Rev. G. W. Miller also gave an appropriate address in appreciation of Mr. Tingley's splendid service.

Dr. C. E. A. deWitt, the president of the Athletic Association, in well chosen terms on behalf of that organization, presented Mr. Tingley with a handsome travelling bag as a token of the Association's appreciation of one who had been a valued member and an ardent advocate of clean sport. To all these addresses Mr. Tingley made fitting reply.

Refreshments were served by the Social Committee of the church, after which the singing of the National Anthem brought to a close a very successful and pleasing function.

Those who witnessed the performance of "The Girl from Nowhere" at the Opera House last Saturday evening agreed that it was the best show of its kind ever presented in Wolfville. It was to be regretted that the attendance was so small as those who were absent surely missed a treat. "The Girl from Nowhere" was essentially light and playful, and was quite in the spirit that has given the productions by Mr. Stuart-Whyte international reputation. The songs were played in melody and the soloists all had splendid voices. The comedians were some of the best ever heard in Wolfville and kept the audience convulsed with laughter. The trio, "We Don't Want a Girl", was especially mirth provoking. It is to be hoped that Mr. Stuart-Whyte will come to Wolfville on his future Canadian tours.

Electric Commission

There was a meeting of the Electric Commission on Thursday evening at which all the members were present with the Mayor presiding.

The following bills were read and ordered paid:

Mar. Tel. & Tel. Co.	\$ 5.04
Petty Cash	7.72
Canadian Westinghouse Co.	149.71
J. E. Hales	3.37
Winfield Spicer	3.30
Imperial Oil Co.	11.52
General Electric Co.	11.45

Tenders were read from J. C. Mitchell, and the General Electric Co. for the supply of lamps, but were not acted on.

A letter was read from Miss Abbott, deputy to the Secretary of the Commission asking that her salary be increased from \$300. to \$600. This was also laid on the table for further action.

It was decided to accept the offer of the Lloyd Mfg. Co. for repairs on the steam engine at \$1300.

An application was received from the Lower Horton Electric Light Co. asking that the Commission supply them current through its line. The matter was discussed at some length and it was decided not to accept the proposition owing to the difficulties in the way owing to the large amount of work required to be done in connection with our own system.

For the purpose of carrying on the work of the Commission to the best possible advantage the following committees were appointed. These will be only advisory as all matters must be passed by the Commission:

Purchasing Committee—Com. Hales and Sleep.

Finance Committee—Com. Fitch and Wheaton.

Construction Committee—Com. Nowlan and Hales.

ACADIA WINS DEBATE

The debate between the University of New Brunswick and Acadia, held last evening in the auditorium of the Baptist Church, before a good sized audience, was won by Acadia. The subject for debate was "Resolved that the excise or so called luxury taxes and the sales taxes imposed at the last session of the federal parliament were justifiable legislation." It was agreed the subject take into consideration the various modifications which have since been made with regard to the sales tax. Dr. Spidle of Acadia was in the affirmative.

The U. N. B. team was composed of J. W. Sears, leader, H. F. G. Bridges and R. K. Jones, and the Acadia team of J. W. Lank, W. H. Elgee, and C. B. Lumsden, leader. Dr. Tompkins, L.L.D., of St. F. X. and D. Macgillivray of Halifax were the judges. Dr. Boyle of Kings' College being unable to attend. The affirmative was taken by Acadia.

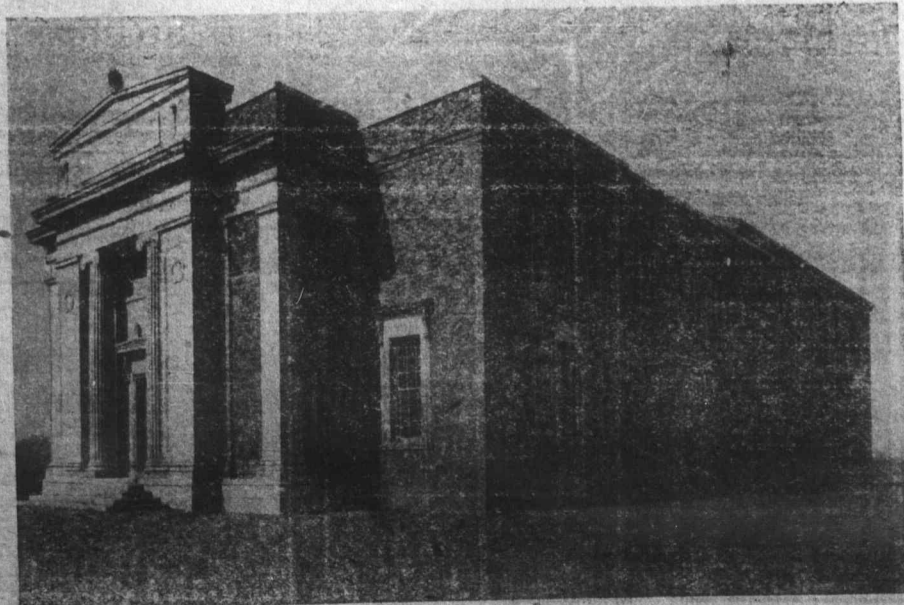

The rebuttals of both sides were good that of Acadia being especially strong. Mr. Macgillivray, after the return of the judges, stated that they felt that each side and each speaker was to be complimented, but that the judges were strongly of the opinion that the debate had been won by the affirmative.

BORN

BORDEN.—At Westwood Hospital, on Saturday, March 26th, to Mr. and Mrs. Alfred Douglas Borden, a son, Robert Crang Borden.

The first baseball game of the season was played on the Campus Monday afternoon between the College and Town boys. The game resulted in a win for the former.

"The Bluenose," Canada's challenger in the Fisherman's Race, was successfully launched at Lunenburg on Saturday amid great enthusiasm.

ACADIA MEMORIAL GYMNASIUM.

ACADIA EVANGELISTIC BAND

Assists with Easter Services of Cambridge-Waterville Pastorate.

The Acadia Evangelistic Band, composed of students from the Acadia institutions, assisted the pastor, Mr. H. B. Camp, in the Easter services at Black Rock, Grafton, Cambridge and Waterville on Sunday. The weather was ideal and the large congregations which attended all the services thoroughly enjoyed the following programs:

BLACK ROCK Service at 11 a.m.

Easter sermon by the Pastor. Selections by the Male Quartette. Violin Soloist.

GRAFTON Service at 11 a.m.

- 1-Doxology. 2-Invocation. 3-Hymn: "Christ is Risen Today." 4-Orchestra Selection. 5-Trio: "One Sweetly Solemn Thought" - Miss Amy Prescott, Miss Mabel Nicholls, Miss Mabel Pollard. 6-Scripture. 7-Solo: "Crossing the Bar" - Miss Mabel Nicholls. 8-Ladies Quartette: "Hymn to Night" - Miss Josephine Harris, Miss Mabel Nicholls, Miss Mabel Pollard, Miss Frances DeWolfe. 9-Violin Solo: "Barcarolle" - Miss Myra Alcorn. 10-Prayer. 11-Solo: "Open the Gates" - Miss Amy Prescott. 12-Announcements and Offering. 13-Orchestra: "Angel's Serenade." 14-Hymn: "All Hail the Power of Jesus Name." 15-Sermon by Mr. M. H. Mason. 16-Solo: "Jerusalem" - Miss DeWolfe. 17-Hymn: "When I Survey the Wondrous Cross." 18-Benediction. Miss Ora Annis, Accompanist.

CAMBRIDGE Service at 3.30 p.m.

- 1-Doxology. 2-Invocation. 3-Orchestra Selection. 4-Male Quartette: "Christ Arose" - Mr. E. J. Davies, Mr. J. A. McDonald, Mr. H. H. Schurman, Mr. C. B. Edwards. 5-Hymn: "Christ is Risen Today." 6-Violin Solo: "Berceuse," Godard - Miss Myra Alcorn. 7-Scripture Lesson - Romans 8:14-38. 8-Vocal Solo: "Open the Gates" - Miss Amy Prescott. 9-Trio: "Lift Thine Eyes" - Miss Frances DeWolfe, Miss Josephine Harris, Miss Mabel Pollard. 10-Prayer. 11-Duet: "Crown of Thorns" - Miss Mabel Pollard and Mr. E. J. Davies. 12-Announcements and Easter Offering. 13-Orchestra: "Angel's Serenade." 14-Trio: "One Sweetly Solemn Thought" - Miss Prescott, Miss Nicholls, Miss Pollard. 15-Hymn: "Hiding in Thee." 16-Sermon by the Pastor: "The Springs of Hope." 17-Vocal Solo: "Crossing the Bar" - Miss Mabel Nicholls. 18-Mixed Quartette: "Saviour Keep me" - Miss Prescott, Miss DeWolfe, Mr. Davies, Mr. Edwards. 19-Vocal Solo, with violin obligato: "I Heard the Voice of Jesus Say" - Miss Harris. 20-Hymn: "When I Survey the Wondrous Cross." 21-Benediction. Miss Ora Annis, Accompanist.

WATERVILLE Service at 7.30 p.m.

- 1-Service of Song. 2-Orchestra Selection. 3-Mixed Quartette: "Nailed to the Cross" - Miss Josephine Harris, Miss Mabel Nicholls, Mr. E. J. Davies.

Minard's Liniment for Burns, Etc.

The Farmer's Opportunity

There is to-day a ready market for everything you can produce. Cultivate your land to the limit. Increase your production and your profits.

A portion of your profits deposited today in our Savings Department will have far greater purchasing power in the future.

The Royal Bank of Canada

WOLFVILLE R. CROUGHTON, Mgr. F. R. WILLIAMS H. K. FOLDING, Mgr.

Mr. C. B. Edwards.

4-Violin Solo "Barcarolle," Hoffman - Miss Myra Alcorn.

5-Scripture Lesson: 1 Corinthians, Chapter 6.

6-Vocal Solo, with violin obligato: "I Heard the Voice of Jesus Say" - Miss Harris.

7-Male Quartette: "Saved by Grace" - Mr. Davies, Mr. J. A. McDonald, Mr. H. H. Schurman, Mr. Edwards.

8-Prayer.

9-Duet: "Hold Thou My Hand" - Miss Amy Prescott and Miss Mabel Pollard.

10-Announcements and Easter offering.

11-Orchestra: "Angel's Serenade."

12-Trio: "Lift Thine Eyes" - Miss DeWolfe, Miss Nicholls, Miss Harris.

16-Ladies Quartette: "Hymn to Night" - Miss Harris, Miss Nicholls, Miss Pollard, Miss DeWolfe.

17-Violin Solo: "Berceuse," Godard - Miss Alcorn.

18-Duet: "Our Saviour" - Miss Harris and Miss Nicholls.

19-Hymn: "Beneath the Cross of Jesus." 20-Benediction. Miss Ora Annis, Accompanist.

RESPECT FOR NATIONAL ANTHEM

From the Ottawa Citizen.

The Daughters of the Empire in this Province are endeavoring to promote a more respectful attitude towards the singing of the national anthem in public places. In a circular letter to the theatre managers in Ottawa, it is suggested that patrons of the theatre might be asked to stand to attention during the playing of the national anthem, and to defer putting on their wraps till the last bar is played. The opinion is expressed that it is conducive of good citizenship to show public respect in this manner. This request should meet with ready response from the public in Ottawa. The desire is manifest in most people to stand in an orderly manner during the playing of the national anthem. It is obviously distasteful to ex-service men especially to see a large audience disperse without orderliness or any expression of community spirit; some standing at attention, some scrambling round for wraps and hats, while others are pushing past, filing up the aisles, and gossiping. When the people show respect for the national anthem, they show respect for themselves as an organized democracy. The Daughters of the Empire are doing a public service in helping to promote this orderly procedure.

If the Turks will execute the peace Treaty as it is modified they will be admitted to the League of nations.

E. MACLELLAN, Post Office Inspector, HALIFAX, N. S., 1st March, 1921.

Extreme Misery Day and Night

Fallows Breakdown of the Nervous System

Misery day and night is the lot of hosts of men and women who are today the victims of weak nerves. Thin, pale, drawn faces and dejected attitude tell a sad tale for nervous weakness means being tortured for morbid thoughts and unaccountable fits of depression. These sufferers are painfully sensitive and easily agitated by some chance remark. Sleeplessness robs them of energy and strength; their eyes are sunken and their limbs tremble; appetite is poor and memory often fails. This nervous exhaustion is one of the most serious evils affecting men and women of today. The only way to bring back sound, vigorous health is to feed the starved nerves, which are clamoring for better blood. This new blood can be had through the use of Dr. Williams' Pink Pills which have a direct action on the blood, and through the blood on the nervous system. That a fair use of this medicine will bring satisfactory results is shown by the experience of Mrs. Marsh, Bass River, N. S. who says: "Following a run down condition, I became practically a nervous wreck. The doctor who was called in said the trouble was inflammation of the nerves. It grew so bad that practically I had no control of my lower limbs, and had to go about with crutches. Quite aside from my suffering I had a small family and a baby in arms to care for and I became much discouraged, as I did not appear to be growing better. One evening my husband met an aged doctor on the street and told him of my condition. He asked my husband who was attending me, and when told said: 'I don't want to interfere, but why not try Dr. Williams' Pink Pills. My husband got me a supply of these pills and after taking a few boxes I was able to go about with the use of one crutch. Continuing the use of the pills I was able to discard the other crutch as well, and was active as ever I had been. There are many in this neighborhood who know what my condition was when I began the use of Dr. Williams' Pink Pills and who know what this medicine did for me, and I hope my experience may help some other sufferer.' Dr. Williams' Pink Pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THREE COUNTIES EXHIBITION TO BE HELD AT WINDSOR

A public meeting was held at Windsor last week at which it was unanimously decided to take steps to hold the annual Three Counties Exhibition this fall. This will be for Annapolis, Hants and Kings Counties.

Windsor is wise in starting early, and with the officials selected and strong committees appointed, will soon have the work in hand towards a most successful show to represent the products and industries of the Valley.

There is no doubt of the advantages to be derived from such an annual exhibit, and in their work Hants County will have the best wishes and full support of fruit growers, producers and others from Kings who will help to carry out the undertaking. Among the persons named by the preliminary executive to carry on the work in Kings are the Town and County Councillors, Prof. Blair, D. Catten, A. N. Griffin, F. W. Foster, as well as the members for the county in the Local Assembly.

Man that is born of woman is of few days and many grows. When the spring comes, gentle Annie, and the rain waters the earth he complaineth because of the mud and a few weeks later his soul is grieved because of the exceeding muchness of the dust. In the winter he cryeth it is too cold and in the summer he would fain join Arctic expeditions that he may escape from the summer heat. When the sun shineth it hurteth his eyes; when it drieth behind a cloud it giveth him the blues. When the wind bloweth he curseth the cyclone and when it stoppeth, joy departeth from him and he mooneth. O give us a breeze. Yea, verily there is nothing which satisfieth man. He cometh into this world crying, and he leaveth it sobbing. And this too, is vanity.

Mail Contract

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 15th April for the conveyance His Majesty's Mails, six times per week, over the PORT WILLIAMS NO. 1 RURAL MAIL ROUTE.

Things Every Car Owner Should Know

Draw Your Own Conclusions.
When a motor car is running fifteen miles per hour and is brought to an abrupt stop, the impact is equal to that of a body striking the earth from a height of 13 feet. When a car is running fifty miles per hour and is stopped in its tracks, the impact is equal to that of 120-foot fall.

Repairing Ball Bearings.
The fact that ball bearings have become worn does not necessarily mean that they are a complete loss. Instead of installing a complete new set of balls, have the races trued up and put in a new set of oversize balls of the size needed.

Chains Prevent Wear.
Many motorists seem to believe that tire chains induce wear. Not if they are properly used. Without tire chains the wheels tend to spin around more or less on slippery surfaces. Sharp pieces of stone, cinders and other similar material in the road cut the rubber and scrape it deeply, a condition that does not arise when the chains are in place.

Cleaning Brass Castings.
Brass castings may be cleaned in a moment by dipping them into a solution of three parts sulphuric acid to three parts nitric acid, to which after they have been mixed is added a quart of common salt, the whole being stirred until the salt has been dissolved. If this is placed in an earthenware vessel, the brass castings can be dipped in it, removed immediately and rinsed in clear water. The castings can be made as bright as new by this method, and there is little trouble involved.

Glass Cleaner.
It frequently comes in handy to know that a little bottle of kerosene and glycerine mixed in equal parts will clear the glass of the windshield of rain drops and give clear vision ahead. This compound operates to spread the rain drops in a thin even sheet all over the surface instead of letting it stand in globules.

Cracked Cylinder.
For the car owner who likes to do his own repair work, here is an interesting way to repair a cracked cylinder. Drill a small hole at each end of the crack and tap it for a copper plug. Scrape the surface near the crack until the metal is bright. Cover the crack with soft copper filings and melt them in with a blow torch. Use a flux of resin dissolved in alcohol.

Spring Tire Care.
After driving in wet weather, if the car owner is careful to sponge off the tires when he returns to the garage and then wipe them dry, especially along the meads, he will do much to prevent the formation of rust. This advice is particularly applicable during the spring months of frequent and copious rains.

Loose Vibrator.
In case the screws that hold the small brass packets to the vibrator box become worn so that they do not grip any more, do not try to remedy the trouble by using longer screws, as this will probably injure the windings of the coil and ruin the vibrator. The better plan is to put a metal band clear around the box and

attach it to the dash with small bolts.

Transmission Noise.
A humming noise in the transmission case is very likely due to an excess of heavy grease. The case should never be more than two-thirds full, and oil is the proper lubricant, not grease. It is axiomatic that a noise in the gearbox means faulty lubrication somewhere.

Truck Tires.
For the man who drives a big heavy car, the possibilities of truck pneumatics are worth consideration. These are now available in larger passenger car sizes, and they are much heavier than corresponding passenger car casings, insuring longer mileage at comparatively slight advance in cost.

To Prevent Scratching.
If strips of brake lining are tied around the jaws of bars used to bend plated or enameled levers, pedals, headlight rods, etc., scratching will be prevented.

Replacing Gears.
When work is being done on the transmission it is sometimes difficult to know whether the gears are in neutral when reassembling. It should be remembered that there are only two sliding gears on the main shaft of the transmission. One of these is high and intermediate, and the other for low and reverse. All other gears on the main and counter shafts are fixed. Move the sliding gears into such a position that they are not in mesh with any of the fixed gears, and then when the cover with the shifter forks are slid over the rings on the sliding gears the gears will be in neutral.

Melting Ladle.
For the car owner who does a lot of his own work, a very useful melting ladle may be made from an old piston. One of the wrist pin bosses is plugged up, and in the other a metal bar is welded to form a handle.

Wrench Adapters.
Some speed wrenches have sockets so deep that a small screw sinks all the way into the socket. Place a couple of nuts of the right size in the socket and they act as shims to obviate the trouble.

Surface Grinder.
A handy tool for grinding shims, piston rings, bearing caps, etc., may be made by passing a carriage bolt through the centre of the round board which holds the emery cloth. This is clamped to the breast drill in the chuck.

Compulsory service of women upon juries, which is giving rise to so much objection in England, is to be tried also in British Columbia. The Vancouver World says: "It is already the law here, and a law that will become effective when the new jury lists are made out. That there has so far been no outcry is probably only because the system is not yet working and consequently no instances of compelling women to hear the details of disgusting cases have yet arisen."

Physicians are again returning to the old favorite plan of operating for appendicitis, which indicates that the tonsils have all been removed.

THE SLAG QUESTION

Some weeks ago The United Fruit Companies of Nova Scotia made their purchase of slag requirements for the season of 1921. As is usual we purchased, after thorough investigation, what appeared to be the best value for the money expended.

Articles have recently appeared in the local press, stating that the Slag we have purchased is not as good value as the local product.

Regarding value, the prices on the local product after they have been reduced \$2.00 per ton from early quotations, are:

	Price per ton.	Price per unit of P.O.
Victory, 8% Available	\$24 50	\$3 06
O. H., 10% Available	26 50	2 65
B., 11.2% Available	28 50	2 54

It will be noticed that all of the phosphoric acid contained is classed available as is allowed by recent fertilizer regulations. It will be noted that our competitors avoid all mention of the citrate soluble content of their product, the standard by which in former years we used to purchase slag. Further regarding the term available, a memorandum from the Food and Drug Laboratories of the Department of Health which has charge of fertilizer inspection, states, "The term (available) is unfortunate, inasmuch as it is indefinite and may be misleading."

Following the Dominion regulations we may call all the phosphoric acid in our slag available.

Comparing our material with that of our competitors we have the following: average of 18.28% available according to vitrate soluble. Prices less than \$34.00 per ton. Price per unit of phosphoric acid less than \$1.85 per unit.

We will not know the exact price of our

slag until our ship is unloaded so we have named the outside price.

Cost per unit of genuinely available Phosphoric Acid is the best guide in the purchase of slag. In comparing ours with that of our competitors the price per unit of so called available or total phosphoric acid is strongly in our favor. More than that our material shows a high percentage of genuinely available or citrate soluble phosphoric acid, while our competitors avoid the term citrate soluble.

It has been circulated verbally that we purchased "German" Slag. We have not purchased German Slag, we have purchased Belgian Slag of the quality which years ago made the reputation of slag in this country, the memory of which has caused many farmers during the past eight years to wish for "some of the good Belgian Slag that we used to get."

We see no harm in purchasing from Belgium. She was one of our staunchest allies and suffered more than any other country during the war. She buys plenty of our Canadian products and we will buy her products so long as she delivers better and cheaper goods than anyone else. THE UNITED FRUIT COMPANIES OF NOVA SCOTIA, LIMITED.

"Bonar Law," says The Toronto Globe, is a true cosmopolite. He is of Ulster blood, a Canadian by birth and schooling, a Scot in his business training and career, and essentially English in his political affiliations. Now that he has some leisure his fellow-Canadians would like to make his acquaintance."

THE ACADIAN

(Established 1883)

Published at Wolfville, N. S., every Friday by

DAVIDSON BROS., Printers and Publishers

Members of the Canadian Weekly Newspaper Association.

Subscription Rates—In British Empire, in advance, \$2.00 per week. To U. S. A. and other countries \$2.50 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Editorial Notes

In rising to second the motion of THE ACADIAN of last week, anent the practice followed by some weekly journals of appropriating editorial matter from contemporaries without due credit being given, the valued Berwick "Register" makes the error of thinking that we called attention to the matter in the spirit of complaint. On the contrary we signified our commendation of their good judgement so far as the editorials of this paper are concerned. Evidently our friend of the "Register" is endeavoring to fit a shoe on his own foot for which it was not intended, and in retaliation calls attention to a news item which appeared in THE ACADIAN last week and which, he complains, had already appeared in his paper. To this indictment we plead guilty, our defence being that no newspaper can be expected to exclude from its columns matter of news merely because such have already been in print. The item referred to had to do with the withdrawal of the morning and evening trains west of Kentville, and the peevishness of our contemporary may perhaps be explained as due to the sensitiveness of the Berwick scribe over this subject. Only the other day the "Register" was boasting that to that town alone was due the credit of having the train continued during the summer. It must have been a little disconcerting, to say the least, to be obliged to forgo the credit after all.

Our sketch of Wolfville in the long ago in last week's paper was evidently received with a good deal of interest, especially by older residents. This week we present another instalment. There is no doubt but that many inaccuracies will be found in this story but the main facts are not far out of the way. THE ACADIAN will be very glad to publish any corrections which may make the sketch of greater value, or any additional facts that may be offered by those who are competent to do so. There still remains a few citizens whose memory carries them back as far or further than the time of which we write and we venture to hope that some of these may contribute to our columns some items which will be of interest and value to our readers.

Now that spring has opened up no time should be lost in completing the work of erecting the tablet to the memory of Wolfville's brave boys who gave their lives in the Great War. This work was

interrupted last fall and has remained unfinished during the winter. It should be completed now and the tablet fittingly dedicated. This will enable the caretaker of the grounds to put them in condition early in the season and thus ensure the usual satisfactory state of the lawns. Wolfville people have reason to be proud of the grounds surrounding the public building and ought to be glad to assist in any way in their power in making them a still greater credit to the town. Some provision ought also to be made for suitably locating the captured German gun which so far seems to have been regarded by the authorities as an intruder for which no room could be found.

Wolfville set a pace for the other towns of the province in the matter of street construction and won a reputation for enterprise which has been of real value. If we wish to maintain our enviable position we must not be content to rest on our oars. The world moves and if we do not continue to push forward we will soon be hopelessly left in the rear. Good sidewalks are a necessity if we are to continue to rank as the foremost town of the Valley. The work has already been too long deferred and should be pushed on as rapidly as possible.

The time for cleaning up the accumulation of winter is close at hand and operations along this line will soon be in full swing. Every encouragement should be given citizens to dump refuse material at the "bridge" and thus get this place filled in and put in a respectable condition as soon as possible. The town authorities, if they are alive to the best interests of the town, will give every assistance in their power. This place, which might be made a credit, has too long been allowed to remain a blot upon the reputation of our pretty town.

NORTH GRAND PRE NOTES

The Misses Elizabeth, Kate and Harriet Palmeter, of Halifax, spent Easter with their parents here.

Miss Munro, of Bridgetown, spent the week-end with her sister, Mrs. Fred Palmeter.

Mr. Kenneth Palmeter, of Yarmouth, has been spending a few days at his home here.

A number of young people from here attended the Quadrille Club dance at Grand Pre, on Monday night.

Mrs. Matheson, of Richard, Sask. (formerly Miss Nora Palmeter), is to be congratulated on the birth of a baby boy.

Know A Good Repairman?

Ever neglected shoe repairs because you did not know where to take them? It's not economy—to do that. You can have your work done right here in a way that pleases. You can—and by your own judge. We repair children's shoes—work boots—all kinds of jobs—carefully and promptly. You can have **NEOLIN SOLES**—we apply them. They add longer life to the uppers and preserve the shape and form of the shoe. Very conveniently located—we await to be of service to you.

G. D. JEFFERSON, Wolfville
"THE CASH SHOE STORE"

Items of Local Interest

The United Mission Study Class met Monday evening at the Presbyterian church.

Mrs. Frank W. Barteaux's solo Easter Sunday morning at the Baptist church was highly appreciated by all present.

The children sang very nicely Easter Sunday morning at the Baptist church, under the direction of Miss Clara Chisholm, Supt. Primary Department.

The Glee Club of the Seminary entertained their college friends in the Gymnasium of the Seminary on Saturday evening. Mrs. Gregory acted as chaperone.

The Dalhousie girls basketball team won the championship of the Maritime University League by defeating the Mt. Allison girls at Halifax on Saturday by the score of 28 to 8.

On Saturday last the ladies of the I. O. D. E. gave a most delightful Blue Bird Tea at the home of Mrs. H. E. Calkin, on East Main St. About \$25. was realized from this pleasant function.

Last Sunday morning the congregation of St. Andrews' church were favored with a delightfully rendered vocal solo by Mrs. J. W. Smith, who is always heard with real pleasure and heartily appreciated. At the evening service Mrs. Thompson rendered a selection on the violin which was much enjoyed.

The four-masted schooner "Augusta W. Snow" which was discharging fertilizer here last week left on Saturday for Windsor. A large number assembled on the wharves to see her off. Capt. Norton expressed himself as highly pleased with his visit to Wolfville and hopes to return again in the near future.

Inspector Robinson has sold his property on Seaview avenue where he has been residing since coming to Wolfville, to Mr. C. A. Bentley, who will take possession in the near future. Mr. Robinson has purchased Mr. Gerald S. Bauld's place on Main street, where he will reside. Dr. Grant, the owner of Mr. Bentley's present home, is expected soon to come to Wolfville and take possession.

Twenty old maids of this town have formed themselves into what they call an "Old Maids Convention", the idea being to devise ways and means of getting married. Rumor has it the Convention is to be open to the public. It is hoped that no one will let anything prevent them from being present, and have one hilarious evening. The date I believe is to be decided on later, and no doubt we will see it more fully advertised.

The barn belonging to Mr. E. C. Johnson was destroyed by fire on Tuesday morning. When the fire was discovered about nine o'clock, it had gained such headway that it was impossible to save any of the contents with the exception of three horses. The ten head of cattle which were in the building were destroyed, as well as \$2,000 worth of machinery. The firemen were soon on the scene but were unable to save the building, so devoted their efforts to keeping the fire from spreading. The loss was about \$4,500 only partially covered by insurance.

News was received in Wolfville this week of the death at Albuquerque, New Mexico, of Christine, wife of Rev. H. S. Davidson, Ph. D. Mrs. Davidson was formerly Miss Bruce, of Dartmouth, and had many friends in different parts of the province. For years she has been a sufferer from tuberculosis, against which she made a gallant and courageous fight. A few years ago they went to New Mexico with the hope that her health might be restored, but without avail. Dr. Davidson who is a native of Wolfville, and an only son will have the sympathy of many Wolfville friends.

Coming Events

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

The Easter music at the Methodist church will be given next Sunday evening. Special program of solos, quartettes, anthems, etc.

AVONPORT NEWS

Miss Olive Parker spent the Easter holidays with her parents, Mr. and Mrs. W. O. Parker, returning to Halifax on Monday morning.

Mrs. George Pye and daughter Alice, of Bridgewater, are guests of Mrs. Pye's mother, Mrs. David Fuller.

Miss Minnie Brooks spent the week-end in Wolfville the guest of her sister, Mrs. H. E. Fraser.

Miss Alice Fuller, who has been on the sick list, has sufficiently recovered to resume her duties at the Post Office. Her many friends are glad to see her out again.

Much to the regret of her friends here Mrs. James Boothman, of Lawrence, Mass. has sold her summer home at Avonport to L. E. Shaw & Co. She will be much missed as she has spent the past five summers here where she made many friends.

Mrs. Brenton Borden and daughter, Miss Adelaide, were visitors in Windsor on Wednesday of this week.

"Hopeful" Division has elected its officers for the coming quarter as follows: W. P.—Sis. Dolpha Holmes; W. A.—Bro. A. Fitzgerald; F. S.—Sis. Susie Hughes; Treas.—Sis. Alma Huntley; R. S.—Sis. Lillian Marshall; A. R. S.—Sis. Winitred Hills; Cond.—Bro. Geo. Huntley; A. Cond.—Sis. Kimba Lockhart; Chap.—Sis. Bessie Cox; I. S.—Sis. Ethel Carey; O. S.—Bro. Oren Neighforth; P. W. P.—Sis. Minnie C. Brooks.

The Sewing Circle met on Wednesday of last week at the home of Mrs. Albert Starratt. An enjoyable evening was spent by all present.

Mail Contract

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 22nd April, for the conveyance His Majesty's Mails, six times per week, between AYLESFORD AND WESTON, under a proposed contract for four years, to commence at the Postmaster General's pleasure.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Offices of the terminal and route offices and at the office of the Post Office Inspector:

SLAG

We offer, as usual, the best goods and the best price This time we offer:

BELGIAN SLAG

of the quality that made the reputation of slag years ago and which you have longed for during the past few years when it was not available.

Our slag averages 18.28% total phosphoric acid. Under present Canadian regulations we may label it as averaging 18.28% available phosphoric acid.

Our slag averages slightly over 13% citrate soluble phosphoric acid. Our competitors do not seem inclined to state the citrate soluble content of their slag.

Our slag will cost less than \$34.00 per ton or less than \$1.85 per unit of so called available or total phosphoric acid.

Divide the price per ton by the percentage of total or so called available phosphoric acid that will give you the price per unit. See if you can find a slag selling for less than \$1.85 per unit. Then remember that we would like to compare citrate soluble or genuinely available, guarantees with any competitor.

BISHOP COMPANY

Wolfville in 1865

Continued from last week

The old Temperance Hall building was erected about 1868 and was destroyed by fire in May, 1881. It was replaced by Wolfville Division about twelve years later. We understand Wolfville's first public school was conducted here and "The Acadian", Wolfville's first newspaper, published by the late Mayor Theakston, also had its home in this building.

Next was the store and home of the late Bishop Palmer the former occupying the site of the building in which THE ACADIAN is now located and the latter standing where "The Palms" is now located. The store was burned at the same time as the Temperance Hall building and the house was destroyed in the winter of 1872 when the store on the corner of Main street and Central avenue, then occupied by the late H. B. Witter was burned.

This store was built by the firm of Forsythe & Rounsfell, which did a large business in its day. It was occupied later by H. B. Witter, Burpee Witter, Caldwell & Co., J. D. Chambers and the present proprietor, Mr. C. H. Porter. Originally there were two stores, the one on the west side being occupied in turn as a millinery store, a book store and finally by the late A. J. Woodman, who began the furniture business now conducted by Woodman & Co.

On the next corner was a dwelling house occupied by a Mrs. DeWolf at the time mentioned in this review. The building was taken down when the present Bank of Montreal building was erected by the old Peoples Bank.

The residence of Dr. Elliott was then occupied by John Rounsfell, of the firm of Forsythe & Rounsfell, his partner, Geo. E. Forsythe, the living in a house which stood where the Royal Bank now is. This building was removed by L. E. Duncanson and now occupies a site on Gaspereau avenue.

The late S. R. Sleep lived in the building that is now Blakeney's Store which was converted from a dwelling house a year ago. Mr. Sleep did a tinware and stove business where Mr. G. A. Johnson now carries on business.

Where F. W. Barteaux's grocery now is stood a building known as the Acadia House and occupied by the late James S. McDonald, who carried on a large dry goods and clothing business. Mr. McDonald sat for a term in the provincial legislature and afterwards went West where he died a few years ago.

Just east of this on the site of what is now Calkin's Drug Store was a store in which Miss E. R. Gould carried on a dry goods business. This store was later occupied by the late W. J. Higgins and the firm of Higgins, Crowe & Co., which carried on a large bakery and confectionery business. It was occupied for some time by THE ACADIAN, which made its first appearance here in April, 1883. This building which was occupied at the

time as a hardware and paint store by B. G. Bishop was burned in the winter of 1889, when this paper, which was then located in the building occupied now by Mr. E. S. Crawley and Dr. Bars, had a narrow escape.

On the corner where the store of R. E. Harris & Sons now stands was a small store carried on by the late Aubrey Crane. Mr. Crane afterwards built a larger building, in which he carried on a grocery business. This building was later destroyed by fire.

On the corner in the house now occupied by Mr. F. W. Woodman was the home of the late T. A. S. DeWolf. Mr. DeWolf had a very fine place here to which he retired after conducting a successful business in Halifax, which business is still in existence under the name of T. A. S. DeWolf & Son. Afterwards the Central House was conducted here by the late Charles Brown. It was also the home of a number of well known Wolfville people at different times. The late John W. Bars also made his home here for a short time after his coming to Wolfville.

A small house stood on the site of the Starr, Son & Franklin building (where W. O. Pulsifer and J. F. Calkin now carry on business). This house was owned by Mrs. Thompson who conducted at that time the old Wolfville Hotel which stood east of where W. A. Reid's buildings now are. The latter, which was one of the oldest buildings in Wolfville, was burned some years ago. It was a great resort in the old days and a favorite stopping place in old coach days. Many interesting stories might be told regarding it.

Just east was a hardware store conducted by a son of the proprietor of the hotel. It was afterwards owned by "Orpheus" Lodge, I. O. O. F. and was burned a good many years ago with all the lodge's fine equipment.

Next were three small tenement houses owned by Mrs. Thompson and which disappeared in turn.

"The Bridge" was an important centre in those days before the railway bridge was constructed. Sea going vessels came up to the wharf which was on the side of the Main street here and the late A. D. DeWolfe, father of Mrs. T. E. Sherwood, had a store here where he did a thriving business. All these buildings and the wharf have now gone, and the creek is rapidly filling up and in a short time all trace of the old activity will have been obliterated.

Next was a blacksmith shop carried on for many years by Mr. J. L. Franklin, the carriage shop of the late D. A. Munro and his residence, now the home of his son, Mr. D. R. Munro. These buildings were erected by the late Edward Paine who sold to Mr. Munro. The latter was one of our most public spirited men. He afterwards converted his carriage shop into a wood-working factory and did a large contracting business. Most of Wolfville's enterprises of long ago had their origin here including the first skating rink, the electric lighting system, etc.

Mr. Munro was also one of the original water commissioners.

On the corner where Mr. R. E. Harris's garage stands was the store of F. & H. Brown, one of the leading business places in the county. This firm did a large business. The late Frederick Brown resided now occupied by Mr. R. E. Harris. He was a well informed man and a great politician in the Liberal party and a man of wide popularity. After Mr. Harris became the owner he removed the store and it is now occupied by R. E. Harris & Sons.

Mr. Brown's partner, the late Henry Brown, lived where Mr. Henry Hill now resides, with his brother the late Dr. Brown, who had his office and apothecary shop in a building that stood on the west side. This was afterwards moved up Willow avenue and converted into a residence.

The late H. O. McLatchy, M. D. lived where Mr. Jonathan Hayes now resides. Dr. McLatchy was one of our early orchardists. He and the late Dr. Brown were the "beloved physicians" of that day.

Where Mrs. J. F. Armstrong now resides was the old Armstrong home then occupied by the late James Armstrong. The Armstrongs were then one of the best known families. Mrs. Irene Fitch, of Sea-

view avenue is a daughter. The place has remained in the family ever since, the husband of the present owner, the late J. F. Armstrong being a son. This house was also the home of the late Rev. "Father" Harding.

The next place was the present residence of Mrs. Gue then the home of the late Dr. J. Johnston who came here from the West Indies. He was a brother of the late Judge Johnston, at one time Attorney General of the province. The house was for many years the home of a former well known Wolfville citizen, the late J. W. Hamilton. Others who since then made it their home were the late J. S. Dodd, the late Capt. H. Taylor, the late R. Earl Burgess.

Where Mr. Geo. A. Prat's home now is stood a dwelling occupied by the Rev. John Chase and just east a small house, at one time a shop, in which John Clement, an old country man and an ex-soldier who for many years lived with the late John W. Bars made his home.

Next was St. John's church erected in the year 1818 and still standing with some additions.

Then came the house recently removed by Sir Charles Townshend to the lot in front of his property. This was once the

home of the late S. W. deBlois. It was an old building formerly moved from a site near the present Catholic church.

Next to this was the dwelling now occupied by Mr. H. E. Calkin. This was the home of Dr. A. deW. Bars who went to live there about 1865. Dr. Bars is one of our oldest residents and could give many interesting details concerning early Wolfville.

Then came the home of the late Dr. R. V. Jones, now the property of Judge Ritchie. Dr. Jones built this property and resided there until his death a few years ago.

Next was the place now occupied by Mr. J. D. Chambers. This house was built about the year 1855, by the late William Brown for the late Joseph Starr, who came from Halifax to make his home here. It was for many years the home of the late John O. Pineo, and since his death has had a number of occupants, Mr. Chambers purchased and renovated it a few years ago. "The Lindens" is one of Wolfville's oldest and most desirable places.

Continued next week

Baby's Health in the Spring

The Spring is a time of anxiety to mothers who have little ones in the home. Conditions make it necessary to keep the baby indoors. He is often confined to overheated, badly ventilated rooms and catches colds which rack his whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will prevent colds, constipation or colic and keep baby well. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

When Sir Philip Gibbs states that ninety-five per cent. of the people of the United States are friendly to Great Britain, he confirms, as The Financial Post says, the conviction of every level-headed Canadian.

A humbug is bad enough—but a bed-bug is worse.

Pessimism is optimism in a state of bankruptcy.

Minard's Liniment Relieves Neuralgia.

Have You A "Twenty Pay Life Policy?"

A true story of a Canada Life Policy issued over forty years ago.

At age 30 he secured his \$5,000 Twenty Pay Life Policy.

At age 35 he received his first Dividend, which was added to the Policy.

At age 50 he received notice that his Policy, with 20 years' Dividends, was fully paid for.

At age 60 his Policy, still earning Dividends, helped him to finance the purchase of a new home.

At age 70 he withdrew the Cash Value for his own personal use. He received a Canada Life cheque for \$6140 in return for his \$2830 paid in premiums. For many years his home had been protected by insurance of \$5,000 and Dividends.

A Policy on your life may do much that you intend to do—if you live. It may pay off the mortgage, supply food and clothing for your family, keep the children at school and prevent a forced sale of your other property.

It may be all that is left of your life work—to keep you in comfort in your old age.

But—your Policy must be large enough.

The Twenty Payment Life.

Our new up-to-date policy provides—

1. That premiums will cease in 20 years.
2. That dividends will be paid during the 20 years, and afterwards.
3. That if you should be totally and permanently disabled before age 60, all premiums will be cancelled, and a monthly income paid to you.
4. That such monthly payments will not be deducted from the policy at your death.
5. That after 3 years you may take a Cash Value, or receive a paid-for policy or pledge the policy as security for a loan.
6. That the policy cannot lapse while a cash value exists; that the policy is indisputable after one year; that you may reside or travel in any part of the world or engage in any occupation without affecting your insurance.

(There are many other valuable privileges.)

An Immediate Estate

The great advantage over any other form of investment is that a small percentage paid yearly creates immediately an estate of \$5,000, \$10,000 or more.

These active, progressive years of life in which you are earning the most money are the years in which premiums can be more easily met.

Twenty years is a convenient period and premiums spread over that length of time are moderate and easy to handle.

Do not delay this important matter. Ask for particulars today.

DON'T USE DRUGS FOR CONSTIPATION

BATHE INTERNALLY—THE ONE NATURAL WAY OF RIDDING SYSTEM OF POISONS.

Chronic constipation is never cured permanently by the use of medicines, larger and larger doses usually become necessary to obtain even temporary relief, the consequence being a weakening of the system.

Nature's own cure, just sterilized warm water, with the J. B. L. Cascade, is the only scientific and permanent treatment for constipation, and its attendant ills—headaches, indigestion, sleeplessness and loss of energy.

Hundreds of Canadians every month are discontinuing the practice of drugging for constipation. A few minutes' reflection shows them the simple truth—that the cause of their ailment, namely, clogging of the bowels, can be reached and corrected only by means of the internal bath.

T. Babin, Ottawa, writes: "I have used the J. B. L. Cascade two years. It has made a new man of me. In reality I feel that I would not sell it for all the money in this world if I could not buy another."

The J. B. L. Cascade will be shown and explained to you by A. V. Rand, Druggist, Wolfville, who will also give you free, on request, an interesting booklet by Dr. Charles A. Tyrrell on "Why Man of Today is Only 50 Per Cent. Efficient."

WHEN IT PAYS TO ADVERTISE

(From the Ottawa Citizen)

New York bank clerk stole \$8,500 and with a young woman companion skipped to Florida, and bought a cottage which he named "We Should Worry". The other morning he found a large detective sitting on one of his porch chairs waiting until he finished breakfast, and smoking a particularly rancid cigar. The young lady has gone home and the bank clerk is in a place where he should worry for some years to come. The detective says he'd have gone right past the place if it hadn't been for its peculiar name. It pays to advertise—but, only when you have the goods straight.

He—My dear, I have just paid off the mortgage on our home.

She—I'm so glad. Now you can put on another and buy a motor car.—San Francisco Chronicle.

RE-ESTABLISHING CANADA'S DOLLAR

(From Le Soleil, Quebec)

It is good news to hear that the Canadian Government intends to pay off completely a debt of \$25,000,000 at maturity in New York on April 1st next. The sooner the Canadian people are rid of their obligations, public and private, to the United States, the sooner shall we recover our commercial independence. With the present balance of trade and exchange against us, we are paying tribute, though unwillingly, to our rich neighbors. The latter have, during the past year, invested an enormous capital in order to establish and develop industries in this country. We soon shall feel the benefit of this monetary immigration. As production increases on this side of the frontier, our credit will be re-established. Now more than ever the wisdom of the proverb is manifest: "Who pays his debts enriches himself."

All the large railroads in New England have decided to reduce the wages of their employees. They have set April 4 as the date on which this reduction is to go into effect, giving the men one month's notice of the change.

The wholesale price of gasoline in New Jersey on the 9th was 24 1-2 cents per gallon.

What one of the Best Known Travellers in Canada Says.

"Now I am going to give you an unqualified testimonial, as they say in the patent medicine advertising. Heretofore I have had a profound contempt for patent medicines, particularly so-called liniments. Perhaps this is due to the reason that I have been blessed with a sturdy constitution, and have never been ill a day in my life. One day last fall after a hard day's tramp in the slush of Montreal, I developed a severe pain in my legs and of course like a man who has never had anything wrong with him physically, I complained rather boisterously. The good little wife says: "I will rub them with some liniment I have." "Go ahead," I said, just to humor her. "Well, in she comes with a bottle of MINARD'S LINIMENT and gets busy. Believe me the pain disappeared a few minutes after, and you can tell the world I said so."

(Signed) FRANK E. JOHNS, Montreal.

SHEFFIELD MILLS WOMEN'S INSTITUTE

The Women's Institute of Sheffield Mills met with Mrs. Harry Vaughan on March 11th, the President, Mrs. A. W. Bowser, in the chair. The design for the memorial tablet was placed before the meeting, which after discussion it was decided to accept. Mrs. David Ellis gave a very interesting paper on "Rest and Recreation," and Mrs. John Kinsman gave a reading, both of which were much enjoyed. The next meeting will be held at the home of Mrs. Byard Brown on March 25th.

MY SALARY

The hours I work for three dear cheques, Seem like a string of years to me. I earn thee over several times, by heck! My salary, my salary. Three bones a day or thereabouts, By toil and perspiration won. I count them o'er by fives and twos, And one by one. Oh, little shekles that I earn, You come so slow and go so fast, Strive as I will, I fear I'll never learn To make you last.

"Yes,..... the test shows that your blood is in a very poor condition, you are completely run-down. You have Dyspepsia, Liver-Trouble and Constipation, too. My recommendation to you is a bottle of

Dr. Wilson's HERBINE BITTERS
an old, reliable family remedy, made from the principles of Dandelion, Mandrake, Burdock and other purifying herbs.
A positive remedy for common ills—relieves that tired, drowsy feeling and builds up the entire system.
50c. a bottle. Family size, four times as large, \$1. At most stores.

Personal Paragraphs

Rev. E. S. Mason was in Yarmouth last week.

Miss B. Rockwell is in Wolfville for a few days.

Mrs. F. P. Rockwell spent the Easter holidays at New Glasgow.

The Misses Edith and Alice Stairs were home from Halifax for Easter.

Dr. Cutten spent Easter Sunday in Ottawa, going from there to Boston.

Mr. Cecil Thompson spent the Easter holidays with friends in Dartmouth.

Mrs. Bartheaux spent Good Friday at Springfield, returning Saturday afternoon.

Mr. R. J. Swift, sales Manager for the Frontier Press Co., of New York, is in town.

Mr. G. H. Ruffee returned on Tuesday from Halifax where he has been spending some weeks.

Paul Tingley's Sunday School Class of boys presented him with a G. W. V. A. ring on Sunday.

Miss Ernest spent Easter at her home in Bridgewater Miss Evelyn Bartheaux accompanying her.

Miss Julia Haliburton, of Annapolis, is a guest at the home of her aunt, Mrs. Haliburton Moore.

Mr. and Mrs. J. D. Chambers went to Truro last week on a visit to their daughter Mrs. D. M. Smith.

Rev. W. S. Smith, of Paradise, was a visitor in town last week, a guest at the home of Mr. and Mrs. W. E. Fielding.

Miss Lalia Chase and Mr. William Chase, students at Dalhousie Medical College, spent the Easter holidays at their home here.

Miss Cora Macklin left on Tuesday for Waltham, Mass., where she will enter upon a course of training at the Waltham General Hospital.

Mr. and Mrs. J. F. Ryan, of Truro, have been visiting in town this week, at the home of the latter's parents, Mr. and Mrs. Johnson H. Bishop.

Mrs. Edna M. Wilson, Dean of Women at Acadia, spent Sunday in Halifax, where she addressed a large gathering in the First Baptist church on the work of the world-wide Guild.

Mr. William Stairs, who has been attending the Agricultural College at Truro, returned home on Saturday. On Wednesday he left for Alberta, being accompanied as far as Halifax by his father, Mr. Herbert Stairs.

Personal Paragraphs

Mrs. J. G. Elderkin spent Easter in Bridgewater.

Dr. W. L. Archibald was in Deep Brook last week on business.

Mr. C. R. H. Starr has returned from an extended business trip to New York.

Mrs. G. F. Kingston, of Windsor, spent Easter with her parents, Mr. and Mrs. H. Brown, Gaspereau avenue.

CANNING NOTES

A full choir gave an excellent program of Easter music in the Methodist church on Sunday morning. The choir has been strengthened in the person of Mrs. Glen Blenkhorn who with Mrs. Blenkhorn and their little baby returned from the North West this month. Easter hats were not much in evidence but a fine congregation listened to Rev. F. Friggins deliver an appropriate sermon.

The children of the Methodist Sunday School gave an enjoyable concert in the evening.

One of the largest gatherings of the W. M. S. listened to an earnest address by Mrs. J. W. McConnell, of Halifax, Provincial President, in the Methodist vestry on Easter Monday evening. The sum of one hundred and forty dollars was collected for Missions.

Mr. and Mrs. Fred McGowan, nee Miss Gladys Newcombe, arrived on the 29th from New York where they were married on the 17th inst.

We are sorry to note the sickness of Mr. John M. Sanford.

The Sheffield Mills Woman's Institute are giving the Drama "Miss Fearless" in the Armories here to-night.

Moving picture shows start in the Woodburn building next week. No pictures shown on Wednesday night.

On Tuesday night, April 5th, the Social Service Council held their regular monthly meeting when reports of delegates to Provincial meeting will be received.

The following Port Williams scouts attended the Scout convention at Halifax last week: Troop Leader Harold S. Chipman, Patrol Leader Donald S. Ellis, and Secretary Mason Daniel Cogswell.

Easter—which came unusually early this year—was a delightful spring day, more like the end of May than the end of March. Overcoats were discarded and spring apparel prevailed. There was a good attendance at the various churches and interesting and helpful services were held.

GREENWICH NOTES

This community has been shocked by the sudden death of Mr. Cuther Forsythe, a young man highly esteemed by all. Mr. Forsythe was recovering from an attack of mumps and on Saturday last drove to Kentville. He was taken seriously ill and passed away on Monday. The deceased, who was 39 years of age and a son of Henry Forsythe was a member of the firm of Forsythe Bros. He was a man of industry and good business capability and in company with his brother had built up a large evaporating business and prospered, and was highly esteemed in the community. A widow and three small children, the youngest only a day old, survive him.

The funeral will be held this (Friday) afternoon at 3 o'clock from the home of his brother, Mr. Dexter Forsythe.

SNOW AT 7.30. PRICES 20-35c.

COMING: "WHY CHANGE YOUR WIFE"

FERTILIZERS—"Made at Windsor, N. S."

During the past month we have had numerous requests from the farmers and fruit growers in the Annapolis Valley for the address of our nearest local agent, where they can get the "Made at Windsor, N. S." fertilizers. This request as a rule came from those who have used our fertilizer exclusively the past several years and have had such good results from the use of it they do not want to make any change. Others are from those who have not been using our fertilizer but from year to year we are adding new customers not only in the Annapolis Valley but in all sections where our brands are offered.

Most of those writing to us are interested particularly this year in buying fertilizer made in Canada and more especially fertilizer made here. They do not feel that they should go outside for anything that they can buy which is made here and they know they can depend upon getting from us the best of materials in good shape and delivery when they want it.

The Canadian Reconstruction Association which was organized immediately at the close of the war for the purpose of doing what it could to get things back to normal conditions in its recent issue calls particular attention to the necessity of everyone spending his money at home and not going outside for anything he can buy here. The latest pamphlet issued by them refers particularly to the importance not only of supporting the industries that are already here but attracting foreign capital to develop to the full possibilities all branches of industrial activities.

Everyone has read in the daily papers during the last year that an immense amount of money is sent out of the country for imported articles. This is due to two reasons. One, a more or less tendency to feel that there is something in the word "Imported" and the other to the fact that there are so many things which it is necessary to import because they are not made in Canada.

Along the same line and for the same purpose the Canadian Manufacturers Association says that

now is the time above all others that every man should examine everything he purchases and find out whether or not it is made in Canada and if there is any reason why it should not be a Made in Canada product when he can get it on equally advantageous terms.

The early part of March we mailed to all the customers on our books and to a large number of users of fertilizer, a poster showing our complete plant. This was mailed at the beginning of our 9th year of operation, to give our customers and others an idea of the size of the works of the "Made at Windsor, N. S." fertilizers. This plant is the largest plant in Canada for the manufacture of complete fertilizers. It gives employment to from 50 to 100 men and has been continuously in operation since starting. We maintain a travelling and office force and spend for wages in all departments, together with local supplies in the way of coal barrel stock and materials of all kinds necessary to conduct a business of this size, upwards of \$100,000.00 yearly.

It is industries like this that the Canadian Reconstruction Association and the Canadian Manufacturers Association call the material life of the country and which they ask the people to support. It is yours by buying "Made in Canada" goods that further industrial developments can take place and indeed will it be possible to continue present industries or at least to run them to anything like their full capacity.

Under the present industrial conditions the most serious difficulty is that of un-employment. Every person who buys a "Made in Canada" product assists in reducing unemployment, while every purchase of imported goods adds to that difficulty.

We have arranged to have the "Made at Windsor, N. S. fertilizer on sale at most of the principles centres in the Annapolis Valley. The price will be as low as you can buy similar goods from anyone else and the terms will be as advantageous. We believe that our goods will be in better mechanical condition, packages in better shape and it will be in every particular superior to that which you can buy from anywhere else.
