MR. MAN---We Can Save You Money on Your CLOTHES.

Some men think that when they spend their money for a Ready-made suit, that they are buying their clothes at the smallest possible cost. They think only of the first cost. They do not consider that if they would spend a few dollars extra and have a suit made for them by a good tailor, that it would wear at least double as long, and from this standpoint alone, they would be saving. And then again, in a tailor made suit along with getting at least double the wear, you get style and good looks that stay, you get comfort and satisfaction that can only be had in a made-to-order suit. Are not these features worth from three to five dollars extra?

The appointment was bound which his party had arrived to go to a Liberal, and his regarding its attitude towards ping claims probably could not the reciprocity pact, and at the same time set forth the tion of labor exchanges. well be overlooked. We ex desire that the Leader of the tend to him our congratula-Government should attend naval and military forces of filled by Mr. B. C. MR. MAN---We Can Save You Money on Your CLOTHES.

WEDNESDAY, MAY 10, 1911

Some men think that when they spend their money for a Ready-made suit, that they are buying their clothes at the smallest possible cost. - They think only of the first cost. They do not consider that if they would spend a few dollars extra and have a suit made for them by a good tailor, that it would wear at least double as long, and from this standpoint alone, they would be saving. And then again, in a tailor made suit along with getting at least double the wear, you get style and good looks that stay, you get comfort and satisfaction that can only be had in a made-to-order suit. Are not these features worth from three to five dollars extra?
