### ENEMY LOSSES IN MACEDONIA WERE TERRIFIC

Formidable Assaults Delivered by Bulgars Saturday Repulsed With Great Slaughter.

### EVACUATION OF DOIRAN AND GIEVGLI COMPLETE

Allies Retreat Proceeding Slowly and in Security; Tumels and Bridges Destroyed.

London, Dec. 12.—The Saloniki correspondent of the Times sends the following: "Two of the most formidable assaults yet delivered by the Bulgars were made Saturday against the British front north of Lake Doiran and were repulsed. The enemy's losses were terrific. His massed battalions being moved down by our machine guns as with a scythe."

### Doiran and Gievglis Evacuated

London, Dec. 11.—The Saloniki correspondent of Reuters' Telegram Company, in a dispatch dated Sunday, relative to the fighting in south-eastern Serbia, says: "The evacuation of Doiran and Gievglis was completed today and the Bulgars are reported to be within five miles of the Greek frontier, following very slowly in the wake of the allies."

### Desolation in Serbia

Paris, Dec. 13.—The Athens correspondent of the Havas Agency sends the following dated Sunday: "Members of the diplomatic corps here describe the situation in Serbia as learned from reliable sources. There is the greatest desolation over the entire territory occupied by the Germans and Bulgarians. The Bulgarian, Austrian and German soldiers and merchants refuse to take Serbian money except at a discount of 25 per cent. or more. In spite of posters officially declaring that Serbian paper money and coins retain their face value, Austrian, Bulgarian and German merchants are ready to overvalue the country and boasting that Serbia never again will be a free nation. Their procedure is increasing the misery of the Serbians left in the country which is becoming intolerable."

### Greek Question Settled

Paris, Dec. 13.—A dispatch to the Havas Agency from Athens dated Sunday says: "According to semi-official sources a definite solution of the questions pending between Greece and the entente powers has been nearly reached. Col. Phallos of the Greek army, who is in command of the Greek army in the Orient, declared that negotiations were proceeding satisfactorily."

### The Allies Retreat is Proceeding Slowly, but normally and in security.

The French and British are taking time to destroy the tunnels and bridges in order to prevent the enemy following too closely. The Greek government is considering seriously the risks which the Greek army may run as the result of interruption of communication by rail with western Macedonia.

### Battle North of Doiran Violent

Paris, Dec. 13.—"The battle between the Bulgars and the British troops north of Doiran (Serbia) was exceptionally violent," says the Athens correspondent of the Havas Agency in a dispatch dated Sunday. The message continues: "Two columns of Bulgarians with light artillery succeeded in shaking the British line, which retreated to the second line. A British counter-attack inflicted heavy losses. The British are drawing back their line toward the Greek frontier in accordance with Gen. Sarrail's plan."

### The stationmaster at Doiran reports that shells fell today (Sunday) in the vicinity of the station."

### Agreement is Welcomed

Paris, Dec. 13.—The agreement of the British and the French governments to remain at Saloniki and send reinforcements with a view to an offensive when conditions become favorable is generally welcomed.

### The weekend has seen a considerable amelioration of the Balkan problem.

In the first place France and England, with the agreement of Italy and Russia, have taken a more completely united and positive line than hitherto. Second, the Greek government yielded to their demands. Both in France and England the change will be reflected in better political feeling.

### Paris, Dec. 13.—The Athens correspondent of the Havas Agency telegraphing Sunday, says:

"In the Dardanelles the Turks renewed their attack, which the allies repulsed successfully. According to Mitylene dispatches Turkish batteries yesterday bombarded without effect, two allied cruisers served in the Crimea and China wars."

### EARL OF GLASGOW DIES

London, Dec. 13.—David Boyle Glasgow, seventh Earl of Glasgow, died today at his home at Fairlie, Scotland. He was 82 years old. He served in the Crimea and China wars.

## Truce Made to Repair Trench

Germans and Canadians Flocked Out, Work in Open Without a Shot Fired.

Montreal, Dec. 13.—Major Rev. Dr. Bruce Taylor of St. Paul's Presbyterian church, has arrived at St. John on the Missanabie and will reach Montreal tomorrow after spending six months in France as chaplain of the 5th Royal Highlanders. "There is no doubt we have the upper hand on the west front now," he said. "For every shell they send over we shoot across a dozen. You can't see much of the western front nor get much of an impression of it in the trenches. You see six hundred yards of mud, and it is mud, I can tell you."

A fortnight ago Friday there was practically a truce declared. We had a steady downpour of rain for eight days. The front trenches caved in and communication trenches caved in there also. There was nothing for it but to get out in front and build them up. The Germans opposite had to do the same. All afternoon they worked in the open in spite of one another and not a shot was fired on either side until the trenches had been repaired.

### LOSSES AMONG BRITISH OFFICERS ARE HEAVY

Total to Date 6,572 Killed, 12,866 Wounded, and 1,733 Missing, or Total of 21,171.

London, Dec. 13.—Officers' casualty lists for three weeks ended November 29 are very much smaller than for some weeks past and indicate the comparative lull in operations in the Dardanelles and on the western front. The losses would have been still smaller had not there been included some casualties in Persia and elsewhere.

Brig-Gen. Knatchbull is reported wounded and three lieutenant-colonels have been killed. The army lost 183 officers killed or died of wounds, 307 in the three weeks, with six killed, 22 wounded and 36 missing. The total and 36 from the missing (who have since died and are included in total killed) the losses to date since the beginning of the war are 6,572 killed, 12,866 wounded, 1,733 missing, total 21,171.

Principal losses during the last three weeks were: The Royal Field Artillery, with six killed, 22 wounded; Cavalry, two killed, 21 wounded; Lancashire, 14 killed, eight wounded; Australians, five killed, 16 wounded; Yorkshire, 16 killed, 12 wounded. The Royal Flying Corps has been more unfortunate than of late, losses during the three weeks among officers being four killed, six wounded and ten missing.

### CALGARY CROOK GIVEN THREE-YEAR SENTENCE

Calgary, Dec. 13.—Three years' imprisonment with hard labor was the term of imprisonment meted out to Kenneth Germain for forging C.N.R. express money orders to a value of \$1,000 and on a charge of stealing \$1,000 from the C.N.R. Railway by Magistrate Davidson today.

Germain was brought from Toronto in September. Dr. Baird, chief investigator of the C.N.R., at Winnipeg, after Germain had finished a term of one year's imprisonment for forgery. He had also served six months in Vancouver.

In September, A. Germain of the Germal Lumber Company of Pittsburg, was traveling through the west. He wired to his firm that he would need more money, and that he would stay at the King George Hotel in Calgary. Kenneth Germain, the accused, registered at the King George Hotel, collected a wire from the clerk addressed to A. Germain, opened and read it. He also obtained a number of letters for A. Germain which he opened.

Being aware that Germain had more money, the convicted man wired to the firm in Pittsburg for \$1,000. He applied for the telegram which was delivered to him. He visited the C.N.R. express office, and received 50 C.N.R. express money orders for \$20 each. He signed them in the presence of C.N.R. agent and got the agent to take him to a bank to be identified.

This done, Germain got the money and left the city. He was not heard of again except when he sent back to the Pittsburg Company \$400 of the stolen money. Then he was arrested in Windsor, and sentenced to one year in the Toronto central prison for forgery.

At the termination of his sentence he was arrested and brought to Calgary by Mr. Banerman on twenty charges of forgery and one of theft, to which he pleaded guilty. He was sentenced to three years' imprisonment on the charge of theft. He sentenced to run concurrently with the three year sentence on the forgery charge.

### Ship Handed Over to Crown

Hullfax, Dec. 13.—An order has been issued in the exchequer court releasing from custody the prize ship Hocking, which has been handed over to G. W. Hensley, agent for the Crown. She was valued by the appraisers at \$5,000, net. The Hocking, which has not yet been released to the Crown, has been valued at \$5,700 pounds.

## LOCAL PASTOR AGREES CHURCH UNION BEATEN

War and Organized Opposition Defeated It, Says Rev. Murdoch MacKinnon.

### GREY FROM WEST FELL ON DEAF EARS IN ONTARIO

Must Continue to Waste Resources and Plead in Vain for Men to Enter Ministry.

"War and organized opposition defeated church union," said the Rev. Murdoch MacKinnon, pastor of Knox Presbyterian church, after having read a statement in The Evening Province by Rev. Dr. A. B. Baird, principal of Manitoba College, that the cause was lost. "The people are apparently not ready to take so radical a step when their thoughts are in another direction," said Mr. MacKinnon. "The cry that is so often heard in politics—this is no time for an election—was used against the church union cause, and we were told that 'there was no time for union.'"

"When the vote was taken in 1911 there was no organization of anti-union forces, although there was a better leadership among the anti-unionists. Today, Principal McKay, of Vancouver, who championed the anti-union cause three years ago, would not stand for the methods resorted to by Doctor Scott of Montreal, and those associated with him, who found it an easy matter to arouse prejudices and play upon the sentiments of the people so as to lead them away from the religious needs of the country and the implications of Christian principles."

The Presbyterian Church seems to have missed its greatest opportunity in this generation, but it would be the height of folly on our part to consummate a union which did not carry with it the hearty consent of the bulk of our people.

### Eastern Vote Opposed to Union

"It is apparent that the anti-union vote has come from the conservative elements of the country where the need for union is not as striking as in the West. The maritime provinces have split even this year, and Ontario has given a less favorable vote. In British Columbia the vote was not particularly favorable the last time, and there is no evidence that it will be now. The vote in Regina, which was at least fifteen to one in favor of union, is a criticism for Saskatchewan. It was about ten to one in Manitoba. Outside of the three provinces, Saskatchewan, Manitoba and Alberta, there was not a strong union vote. The cry falls on deaf ears."

"The west, and especially the vision fields of the west, have pleaded for church union by a vote ranging from ninety per cent. upwards, but they have fallen on deaf ears, and we must continue to waste our resources and plead in vain for men to enter the ranks of the ministry because we failed to give them a program commensurate with their ability. There is work to be done, however, and we must continue to do it to the best of our ability in our separate organizations."

According to the dispatch coming from Winnipeg, Dr. Baird will in all probability be moderator at the General Assembly for the Presbyterian Church when it meets in Winnipeg next June. He has been formerly a devoted advocate of this great proposal. Rev. Mr. MacKinnon has been a leader in the movement in Saskatchewan.

### SPIES PLEAD NOT GUILTY

New York, Dec. 13.—Breitling, Dr. Herbert Kienzle, Engelberg, Brokhorst, Robert Fay and Walter Scholz, recently indicted in connection with alleged activities to destroy munitions ships of the allies, pleaded not guilty today when arraigned before Federal Judge Meyer.

The original bail of \$20,000 was continued but the defendants Fay and Scholz were unable to give bail and were remanded to jail. Judge Meyer said that in the next five days he would hear a motion for appointment of a commission to go abroad and take testimony in the prisoners' behalf.

### SNOW FALLING IN EAST

Washington, Dec. 13.—The Atlantic seaboard, the upper Mississippi valley and the Great Lakes region were snow-covered today except in isolated spots. Over most of the area snow was still falling with indications it would continue tonight in the Great Lakes region. Colder weather for the lake region was forecast.

## "I Remember—"

"I first set foot in Regina on the rude platform overlooking the street of the present Broad Street 'way," said John McCarthy. "That was in 1884. The station then was an overgrown boxcar, which was not improved much till several years later."

"The next year after I came here I attended the trial of Louis Riel. I recall the many distinguished barristers who appeared in the case; the striking appearance of the prisoner; the emotion of the foreman of the jury of six, a sentimental Irishman, recently deceased, which brought in the verdict of 'guilty'; and the powerful words Riel uttered before receiving sentence."

"I remember the courtroom scene of one of the old Indian chiefs who had participated in the Rebellion. The chief protested strongly against the charge of treason. Then the interpreter, staunch old Peter Hourie, explained to the Court that, since the Indian language had no words in which to express legal phraseology, he had translated the charge of treason into the 'Crown and dignity' of the Queen into Sioux words meaning that the old chief had pulled the Queen's bonnet off her head and trampled it under foot. The court remarked that it was a wonder the chief didn't die of the charge."

"I recall particularly how in '85 Father Joseph McCarthy was discovered in the aftermath of a box-car station, in the middle of the night, waiting for a train to take him back to Winnipeg. He was pleased to have namesakes here, and established acquaintance and an interest in our spiritual welfare which we hope is still maintained, although they found it an easy matter to arouse prejudices and play upon the sentiments of the people so as to lead them away from the religious needs of the country and the implications of Christian principles."

"One of our most interesting elections was that for legislative council in '87 or '88. The open road system was used. I recall how the agents of each candidate would surround some of the voters as they came into the hall. One citizen, especially made a striking impression around his head as he announced the name of his candidate. In that election, both candidates' names began with the letter 'S' and the exact majority received by the winner was agreed with the number of names of voters in the district which began with 'S'. I remember that the press comments upon the fact, at the time."

"The day after the fatal morning in 1891 when the body of the beloved priest, Father Gratton, was brought in from the south. He had perished out on the prairie from exhaustion while traveling in order to reach ahead of his sleigh in order to reach Regina in time to offer the Holy Sacrifice for his little flock. His devoted soul had discerned the sleigh coming in the distance, and had fallen on deaf ears, and we must continue to waste our resources and plead in vain for men to enter the ranks of the ministry because we failed to give them a program commensurate with their ability. There is work to be done, however, and we must continue to do it to the best of our ability in our separate organizations."

## BERLIN CLAIMS ALLIES ALL OUT OF MACEDONIA

Official Statement Says Neither French Nor English Troops in Serbia.

### CLAIM TWO DIVISIONS OF BRITISH WIPED OUT

Advancing Army Has Occupied Doiran and Gievglis, Germans Announce.

Berlin, Dec. 13 (wireless to Sayville).—The French and British have been entirely expelled from Macedonia territory. It is officially announced today by German headquarters, the advancing army under Gen. Todoroff occupying Doiran and Gievglis.

It is declared that two British divisions were nearly wiped out during the advance.

Text of Statement. Berlin (via London), Dec. 13.—The text of the statement from German headquarters is as follows: "Western theatre—There is nothing to report."

"Eastern theatre—Army group of Field-Marshal von Hindenburg: There have been minor engagements with advanced posts with enemy reconnoitering patrols at various points. In these the Russians succeeded in destroying a weak German post. "Army group of Prince Leopold: A fruitless attack against our positions near Vukla, south of Lake Vygovskoye cost the Russians one hundred men."

"Army group of Gen. von Linsinggen—There is nothing to report from this army group.

"Balkan theatre—The situation has not materially changed. More than 900 prisoners were brought in yesterday by the army group of General von Koevess. (Wireless report gave number of prisoners 500.) "At Ipek twelve modern guns with ammunition rooms were captured. Behind our front more than 1,000 straggling Serbians were taken prisoners during the last few days."

"Macedonia the army of Gen. Todoroff captured the villages of Doiran and Gievglis. No Englishman or Frenchman now is at liberty on Macedonia soil.

"The wireless reports. Berlin, Dec. 13 (via wireless to Sayville).—The wireless reports of engagements and capture of several hundred more Serbians, Sunday passed quietly on the various German fronts. The reports from the front today says that at Ipek, Montenegro, 12 cannon which had been buried by the Serbians were discovered. The army of Gen. von Koevess took 500 prisoners. During the last few days more than 1,000 Serbians, whose retreat was cut off, were taken. On the eastern front the Russians took unimportant positions. There were skirmishes among advanced posts at several places. A Russian attack near Vukla, south of Vygovskoye lake, failed. The attackers lost about 100 men."

### PRESERVING NEUTRAL RIGHTS

London, Dec. 13.—"The object of all these agreements with neutral countries is reduction of all German trade, while preserving to neutrals their legitimate rights," said President of the House of Commons today in response to a question from Sir John Lonsdale.

Sir John intimated that recent agreements made by the foreign office with neutrals would make it impossible for goods essential to Germany to pass into that country through neutral countries. The premier contended the agreement involved no change of policy and did not indicate a failure of the British blockade.

### OPENING TO BE QUIET.

Ottawa, Dec. 13.—It was officially announced today that the opening of parliament next year, on January 12 will not be a "full dress" affair. It will be quite devoid of the usual display of uniforms, gold lace and ladies' brilliant gowns. The invitations will be confined strictly to the official list, and it will be a quiet opening in keeping with the serious war business of the times. The customary levee usually led by their Royal Highnesses in the senate chamber on the Saturday night following opening will be dispensed with. There will be, however, the usual dinner and reception in the evening of the formal opening, at Rideau Hall.

### Kelly Files Appeal Bond.

Chicago, Dec. 13.—An appeal bond for \$1,000 was filed today in the United States District Court to cover the costs of perfecting the appeal of Thomas Kelly from the judgment of the court denying his petition for a writ of habeas corpus and refusing him freedom of bail during the pendency of his appeal to the supreme court of the United States to prevent his extradition to England.

## HOW BATTLE OF KUT-EL-AMARA ON TIGRIS WAS WON

Clever Work of British Indian Army Scored Remarkable Victory.

### FOUND TURKS IN STRONG POSITION; TRICKED THEM

Flank Attack Led to Success, Though Turkish Forces Fought Valiantly.

London, Dec. 13.—Details of the great battle in which the British Indian army turned the strong Turkish position at Kut-el-Amara on the River Tigris, eighty miles below Baghdad, and opened up the way to that city, are contained in a letter from an officer, who writes: "The position was the strongest the Turks have ever held in Mesopotamia. Here the river flows almost from west to east in one of its unimmaculate bends. The position with a front of four miles and a half across it at right angles to the river."

"One-third of the position was held by a division of Turks extended on the right (south bank) from desert to river. Another third on the north bank (left) extended from the river to a small horse-shoe shaped marsh. This was the central position. The remaining one-third extended north from the edge of a much larger marsh north of it."

"The whole plan was a Gallipoli with trenches seven or ten feet deep and loopholed over by covers. Rabbit-warren trenches, underground wells, water storage rooms and ammunition rooms were provided. Dummy guns had been fixed to attract our fire and deceive our aeroplanes. Besides the wire entanglements there were deep pits with pointed stakes in front of the position. The gun emplacements were regular caves with screens of bushes planted to deceive our aviators. In short it was a position up at that is most peculiar to us by frontal assault at the expense of an immense number of casualties."

"All day on the 26th we were engaged in disembarking. At sunset our regiment was sent forward a mile and a half, and we dug ourselves out at an advanced position near the left bank within 6,000 yards of the Turkish line. We were only half-hearted. It was very serious work wandering about without a light wondering if one would fall with enemy fire all day, but there was no time to rest. At 11:50 night attack was made on us, but my right shin having been injured by a bullet."

"Our main battle took place Sept. 28. Our plan was rather a clever one. The 18th brigade (including ourselves) were to advance very slowly all day and make a holding attack on the central one-third of the enemy's position, drawing the Turkish fire as much as possible while our heavy land guns and naval 4.7s hammering their whole front. "Meanwhile the main body of our force was to do a flank march on the night of Sept. 27 and attack and carry at dawn the northern (left) bank one-third of the Turkish position, come into the river behind the Turks, surround them and attack the central third from behind. This one hoped to catch and scupper the whole force and cut their lines of retreat."

"To some extent this proved successful. The 18th brigade moved forward at dawn. We came under fire till 11 p.m. Creeping slowly forward we arrived within 500 yards of their barbed wire by 3 p.m. and then dug ourselves in for the night of Sept. 28-29.

"Our main body carried the northern position as scheduled at 9 a.m. taking seven guns and 1,200 prisoners. Then they advanced toward the Turks. As they did so, however, the Turks evacuated their right flank, south of the river, brought a whole division across the stream on a flying bridge, and threw a desperate counter-attack at our main body in an effort to recapture their left flank. This counter-attack was beaten off. But fighting went on till sunset at 6 p.m. and our main body did not actually get as far as the river; in the meantime, one brigade, 450 yards in front of the Turks, waiting for them to be attacked in the rear. From 6 p.m. to 8:30 p.m. there was a furious battle raging everywhere. Over us passed a constant stream of shells, bursting 700 or 800 yards behind us in the desert."

### Regina Officer Back Wounded

Capt. Maugh McCausland, of 28th Battalion, Injured in Eyes by Bursting Bomb.

St. John, N.B., Dec. 13.—Four wounded officers, Lt. D. Carter, 26th; Capt. McCausland, Regina; Captain R. Girouard, Perth, 22nd battalion; and Lt. Smith, Field Artillery, Montreal, and three chaplains, Major T. J. Thompson, Ottawa; A. E. Payne, Moose Jaw, and Dr. R. B. Taylor, 5th Highlanders, Montreal, returned on the steamer Missanabie, and left for their homes today.

Captain McCausland was injured in the eyes by a bursting bomb. Captain Girouard was twice blown in the air by exploding mines and is broken down physically, while Lt. Smith was shot in the arm.

Captain M. McCausland is on his way home from St. John, N.B., where he landed with three other wounded officers, from the steamer Missanabie. Captain McCausland was injured in the eyes by a bursting shell, and while reports from St. John indicate he has been left for home, Mrs. W. McCausland, his mother, stated this afternoon that Captain McCausland "cabled them that he was sailing December 3, but since then no direct word has been received."

### LORD LANDOWNE WAS "PERFECTLY ACCURATE"

Lord Robert Cecil Refers to Landing of Allied Troops at Saloniki.

London, Dec. 12.—The statement of King Constantine of Greece to the Associated Press that the landing of allied troops in Greece was made without his assent was quoted in the House of Commons this afternoon, and Lord Robert Cecil, parliamentary under-secretary for foreign affairs, was invited to reconcile it with Lord Lansdowne's statement that it was at the instance of the Greek premier that Great Britain sent troops for Serbia by way of Saloniki.

### SPRIT OF FRANCE IS SHOWN BY WOMEN'S WORD

"We Must Not Let a Word of Peace Be Heard Until Our Dear Dead Are Avenged."

Paris, Dec. 13.—The National Council of Frenchwomen after deciding not to take part in any international political congress during the war issued the following manifesto: "The German women are making demands for peace. We mothers, wives, daughters and sisters, who have not lost, but have given up all that is most precious to us, must make demonstrations for war. "We must not let a word of peace be heard until our dear dead are avenged, our country liberated and a great victory won. We do not want war for war's sake; we want war for the sake of peace. "French women, love and be worthy of your country. If we cannot give our blood, let us give our hearts and souls."

Lord Robert Cecil confirmed Lord Lansdowne's statement as "perfectly accurate," but declined to discuss the relations between the King of Greece and his ministers as that, he said, was a purely domestic affair.

### GOLD IS SEVERE ON DARDANELLES FRONT

Australians and Turks Alike Both Suffer Greatly by Real Winter Weather.

London, Dec. 13.—Winter in the Dardanelles is proving to be a severe test for the Australians and Turks alike. Reuters' correspondent at this front reports that the first days of December found the Turks entirely unprepared. It was necessary for them to evacuate several positions as the trenches were flooded. The bodies of several Turkish soldiers as well as a number of dead mules were washed down into the allied trenches.

Prisoners taken by the Australians were poorly clad, and the correspondent says, reported the Turkish troops were on half rations, pending an improvement in their communications.

The colonial troops, including the Maoris from New Zealand, withstood the cold, although many of them had never seen snow before. The British authorities believe that owing to their hardy physique and excellent equipment, the colonials will get through the winter in satisfactory condition. Turkish activities recently have been comparatively unimportant. Such attacks as have been made have not been pushed. Severe weather is expected through January and February.

### Few Women Take Advantage of Suffrage Up to Three o'Clock.

Still a few hours remain for rate-payers who have not yet done so to cast their votes, and, judging from the inactivity at the polling places, a great many voters will have to come out late this afternoon if the vote is going to be anywhere as near as large as last year's. Figures gathered round the polling places indicate that the total vote will not be more than fifty or sixty per cent. of that cast last year, and there are so many slates being promulgated, that, in who would venture to predict more than two or three winners for the vacant aldermanic branches would either be very rash or a veritable wizard.

### SENECAS PLAY TRADING CO., AND 68TH WILLIAMS TONIGHT

Senecas Have Lined up a Formidable Bunch of Hockey Players And if They Play up to Form Will Be Hard to Beat; All Other Teams Look Strong And Two Great Games Are Booked

There will be two important games in the City League tonight, when the Senecas meet the Trading Company and the Williams play the 68th.

You've got to hand it to that Seneca bunch for getting the fast players together. If the men they have corralled play in their own terms, they should romp through the league. They have two men, Nicholl and Traub, who comprised part of the champion Civil Service defence last season and have also snared Dick Elliott, who made an excellent impression trying out with the Williams in the season. Alvin Hammond, who was a star member of the Vics for two seasons, will be stationed at left wing, and Burrows, another star, so the report goes, will play the right boards.

With the Trading Company have got together a first-class aggregation on paper and will be a hard even to beat. Young Paquet, who has been playing "kid" hockey around Regina, will make his debut in City League company, and, judging on past performances, the youngster should make good. Hogarth, Billy Molisky and Shepherd are well-known local hockey players who have signed with the Traders.

Senecas Goal: Roberts; Point: Nicholl; Forward: Poucher; Cover Point: Traub; Rover: Elliott; Centre: Adamson; Left Wing: Hammond; Right Wing: Burrows; Molisky; Backs: The 68th and Williams teams should put up a hard battle. The soldiers will be without the services of Albert McCusker, who played such a stellar game last Thursday. Miller will take his place. The team practised on Saturday. Monday shows good form. The Williams team looks strong, and will give the military men a hard run.

The first game, which will see the Senecas and Traders in action, will begin at 8:00 o'clock, and the second will follow immediately upon conclusion of the first.

68th Goal: Williams; Miller; Point: Loucks; E. Stewart; Cover Point: Barker; Johnstone; Rover: Barringer; Morrison; Centre: Clark; Wills; Achtsener; Paddock; Left Wing: Russell; Ross; Right Wing: McDougall; Nicholl.

There are ten teams with averages better than 700, whereas one week ago there were only nine. The Pressmen are in third place, and Williams and Semi-Ready are tied for fourth position. The Sawyer-Massey jumped into the 700 class the past week.

### All After Baker

Chicago, Dec. 12.—Trades involving well known ball players and possible disposition of the problem of the Cleveland Club will be featured at the American League annual meeting here next Wednesday, it is predicted. The program for the meeting contains nothing but routine business, according to a league official, but trades suggested and settlement of Charles Somer's affairs, as far as they affect the Cleveland team and the league generally, remains to offer interest.

Several bids for the services of Frank Baker, now under contract to the Philadelphia Athletics, may furnish the main excitement in the trading line. President Conkley is usually after Baker; the New York Yankees, it is said, still hope to acquire him, and reports today from St. Louis indicate that the Browns will be among the bidders.

The organization will leave the city tomorrow, and will be met by Connie Mack, of

### HILL AND GRENDO WIN

New York, Dec. 12.—Fred Hill, of Boston, and Alfred Grendo, of Australia, the American-Australian team, won the twenty-third annual six-day bicycle race, which closed at 10:05 o'clock Saturday night in Madison Square Garden. The final score was 2,770 miles and 8 laps, which betters by 117 miles and 6 laps the best previous mark, which was set by Cuculet and Grendo in New York in 1914. McNamara and Speers finished second, while Magin and Lawrence were tied with Thomas and Ryan for third place. The other teams finished in the following order: Egge and Dupuy, fifth; Eaton and Madden, sixth; Walthour and Moran, seventh; Hanley and Halstead, eighth; Drobisch and Corry, ninth; Sarrea and Linart, tenth; Mitten and Hansen, eleventh.

## Nervous & Sleepless

Take 2 Tablets at Bedtime and you will arise feeling Refreshed, Bright & Vigorous.

When you feel gloomy and depressed and cannot sleep, suspect your nerves. When you shrink from company and would rather be alone you are losing confidence in yourself, and that can only mean weak nerves. It is not natural to be solitary and unsociable, it shows clearly that vitality has become reduced, and the nervous system correspondingly weakened. But take Dr. Cassell's Tablets for such a condition and you will be astonished at the results, astonished at the bright new health you will gain, at the splendid vigour and vitality they will give you.

Mr. Poole, a business man of 60, Infirmiry Road, Sheffield, England, says:—"I had lost all confidence in myself, and was actually afraid to meet people. The alertness and activity I had formerly possessed were gone. My digestion was feeble, and sleeplessness was terrible. But when I commenced taking Dr. Cassell's Tablets I soon felt better. Now I am as well and fit as any man of my age."

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-Spasmotic, and of great Therapeutic value in all derangements of the Nerve and Functional Systems in old or young. They are the recognized modern home remedy for Nervous Breakdown, Nerve and Spinal Paralysis, Infantile Paralysis, Rickets, St. Vitus' Dance, Anæmia, Sleeplessness, Kidney Disease, Dyspepsia, Stomach Catarrh, Brain Fog, Headache, Palpitation, Wasting Diseases, Vital Exhaustion, Loss of Flesh, and Premature Decay. Specially valuable for Nursing Mothers and during the Critical Periods of Life.

Perhaps the most noteworthy event in the Lancashire Section on Saturday was the defeat of Stoke at home by Stockport County, and that, too, by 2-0. Stockport has come along splendidly, and are now close on the heels of Burnley. The leaders beat Preston by 4-1, but this occasioned little surprise.

An inter-city contest, The Manchester and Liverpool clubs held a field day, and the honors were evenly divided. Manchester City beat the Liverpool club at Hyde Road by 2-1, while Everton had Manchester United as visitors and triumphed by 2-1.

Bury and Bolton—neighboring teams—had a set-to at Bolton, with Bury the winners.

Rochdale did well in drawing at Southport, while Oldham had a welcome win over Blackpool.

While there was practically little or nothing in the way of a surprise result in the Scottish League on Saturday, the 4 to 0 victory of the Celts at Ayr was an outstanding event. Not so much that the leaders won, but rather that the Ayrshire men fell by such a score on their own ground. It was their biggest reverse this year, but it only served to show that the Parkhead organization has once more got into working order.

Morton, Hearts and Rangers were also on the winning side on Saturday, so that the relative positions on the table are the same as last week. The Rangers were in one of their scoring moods against St. Mirren, the Paisley men being beaten by 4-0.

Morton won at home by 2-0 in their game against Kilmarnock, and this result is just about right—that is to say, the Greenock team is at least two goals better than Killie on the season's play.

The Hearts, however, just scraped through at Kirkcaldy, where they beat Raith Rovers by 2-1. The Rovers are just about due a win, and there will be much rejoicing at Stark's Park when the tide does turn.

Judging by recent results, Aberdeen is the most improved team in the league. They beat Raith Rovers and Dundee at home, then drew at Motherwell, beat the Hearts at Tynecastle, and on Saturday won against Airdrieonians at home by 2-1—quite a good record.

A notable result was Queen's Park's victory over Falkirk, while another good win was that obtained by Third Lanark over the Hibs at Easter Road.

Motherwell easily beat Dundee by 3-0, while Partick Thistle lost at Dumbarton by 2-0 after a long run of success. Hamilton Academicals did well in beating the Clyde in Glasgow, 2-1.

The Imperial Life bowling team of the City League received a bad bump on Saturday night, when the Bank of Ottawa team took two out of three games from them. Incidentally it brought the Insurance men down to a game and one-half ahead of both the Moose Jaw and Creswells, and if either of those teams win three straight tonight, they will be on even terms with the Leaders. The Bankers can thank Pete Thauberger for their success, for Peter was going strong all the way and finished with a total of 570.

No bowler made an honor roll single, although two got into the honor total and five men finished above 500. Dave Bulyea was the only other man besides Pete to make the honor roll.

Eleven games are scheduled for this week in the Commercial League. The reason so many games are billed is because three of them are postponed affairs and one between the Goodyears and Crescents will be replayed on account of the fact that the Goodyears protested the game on account of Jack Elliott, a City League player last year with an average of better than 185, being in the Crescent lineup.

The officials of the league desire that all the games be played this week because the two man patriotic tournament will start next week and they do not want any league games conflicting with the tourney.

Following is the complete list of games for the week:  
Monday—Goodyear v. Post Office, at Capital.  
Tuesday—Pressmen v. Capitals, at Capital.  
Wednesday—Goodyear v. Crescents, at Stag (replay).  
Wednesday—Leader v. Crescents, at Capital.  
Wednesday—Sawyer-Massey v. Pressmen, at Stag (postponed).  
Wednesday—Smiths v. Semi-Ready, at Capital (postponed).  
Wednesday—Cochshuts v. Williams, at Capital (postponed).  
Thursday—Williams v. Post Office, at Stag.  
Thursday—Province v. Semi-Ready, at Stag.  
Friday—Pressmen v. Province, at Stag.  
Friday—Crescents v. Post Office, at Capital.

There will be a three-cornered telegraphic bowling game tonight between Brandon, Weyburn and Regina. It is possible that Moose Jaw may also enter, but this will not be known until this evening. New pins will be used in all games. Tommy Barnard has made all arrangements for the game with E. V. Campion, of Weyburn.

The following will be the Weyburn teams:  
Team 1—E. Johnston, L. Johnston, W. Wilson, E. Smith, E. V. Campion.  
Team 2—W. Martz, Howard, Martel, Mitchell, Duncan.  
The following men will represent Regina:  
Team 1—Downey, Thauberger, Austin, Bulyea, Heffernan.  
Team 2—Ross, Dunstan, Nicolle, Barnard.  
Spares—Norris and Page.

The following entries have already been received and posted for the two man team patriotic tournament to be held at the Stag Parlors from 18th to 26th December. All entrance fees and one-half of the money received for the games will be given to the Patriotic Fund.

Entries must be posted by Friday evening, December 17. So get busy and find your partner.

Following are the entries:  
Hemstreet and Sturley; Marshall and Smith; Norris and Jones; McLean and Chauvin; Bulyea and Wisner; Nicolle and McKay; Gilhooley and Hockin; Young and Woodrow; Knowles and Wilson; Barnard and Thomas.

## Don't Let Your Truss Make Operation Necessary

Operation for rupture would hardly ever be heard of if it weren't for the mischief done by elastic and spring trusses.

Mighty few people ever have to be operated on when that ruptured.

But wearing makeshift trusses year after year is money or later almost sure to make work for the surgeon.

You know that from your own experience you know you're worse now than a year ago—probably getting worse all the time.

If you keep on that way, how long will it be before you'll have to undergo a dangerous and expensive operation?

Are you willing to let us prove—by a sixty-day demonstration—how you can save yourself from all that?

Especially when you can make this sixty-day test without having to risk a penny?

**60 Days' Trial To Prove How Good It Is**

Here is something—a guaranteed rupture holder—which has saved thousands of people from ever having to be operated on.

It has so thoroughly proved its merits that we are willing to stand it in 60-days trial.

We'll make it especially for your case—make it to your measure—and you personally send it to you just for a test.

If it doesn't keep your rupture from coming out or from bothering you in any way, then you can send it back and it won't cost you a single penny.

**Don't Send Any Money**

Simply write for our free book—that will tell you everything you want to know. It shows how our guaranteed rupture holder is made on an absolutely new principle. It fits instantly and automatically protects you against every strain on your rupture. It is so beneficial that physicians in all parts of America now recom-

CORRUPT POLITICS

Quality and steadily the W. C. T. U. of the city has formed its own committee to clean up the city, eliminating one by one the names of those whom they consider undesirable, and deciding on the spot they believe to be the best. They went and heard the candidates, and were persuaded in the case of one or two whom they had not known well enough before. They have come to a mutual understanding and are prepared to vote as a body. These members of the Equal Franchise League met, and as many of the members of the two bodies are one and the same person there was unanimity of feeling on the majority of the names.

The above is taken from the minutes of the meeting of the Executive Committee of the Equal Franchise League, held on Saturday, December 12, 1915.

In the ordinary arena of municipal politics "votes," "tickets" and "things" that are supposed to be taken. There is supposed to be neither grit nor Tory, Orangeman nor Knight of Columbus, Oddfellow nor Mason. Voters are supposed to be reprobates, and to have no other qualifications. Candidates are supposed to be reprobates, men anxious to advance the city's interests, and to have no other qualifications or classifications either.

But the women, boldly, almost hesitantly, haunt the existence of their "state" tell how it was picked out for prize, nothing else, in its possession. For naive self-protection, committed us to the very politicians!

One wonders how, and in what confidence, the women learned of the existence of such things as "states" and so forth. Some of the male persuasion must have been unguarded in his talk and unsuspecting in his disposition!

THE WEEK'S WAR NEWS

From the standpoint of the Allies the past week was as unsatisfactory as any since the outbreak of war. In only one field were there important operations, and in these the troops of the Allies were not beaten, but outnumbered and compelled to retire, not once but several times. In fact, only toward the end of the week did the situation brighten at all. Though the campaign is comparatively unimportant, it regards the larger issues of the war, still the impression created was distinctly unfavorable. On all the battle-fields other than the Balkan operations were unimportant. The Italian campaign against Austria, hampered by cold weather and mountain mists, was practically lost in view. The French front, while the scene of a vigorous attack by the Germans in the early part of the week, saw little important fighting for the German gains were of no consequence and by the end of the week the French had re-established themselves in their positions. On the Balkan front, with the end of the campaign against the Serbs both German and Bulgarian troops, with Austrian guns and some Austro-Hungarian cavalry, were turned against the comparatively small Anglo-French forces near the Varda river in the Strumitsa district. Attack followed attack. The fighting was violent on Monday and Tuesday, slackened on Wednesday, and was resumed with renewed violence on Thursday and Friday. At no time were the Allied forces in danger of envelopment, though that was the Bulgarian aim. It resembled in many ways the retreat from Mons, except that the British and French forces were not so overwhelmingly outnumbered as on that occasion, and therefore able to carry out a series of rear-guard operations. For two days of the week the Bulgarians held their ground, rolling back the attack, with heavy

English Press Wonders Why It Was Not Sent to Germany After Lusitania.

London, Dec. 13.—Contrasting the tone of the note to the Austrian government by the U.S. with the note sent Germany after the Lusitania disaster, the Daily Express concludes that "the note would have been more impressive if it had been addressed to the power capable of injuring the U.S. instead of its ally, from which the U.S. has nothing to fear."

Continuing the Express says: "It was a monstrous and cruel act, but not a whit more criminal than the sinking of the Lusitania. The note sent to Vienna, however, is direct and almost berate compliments. Germany may sin with practical impunity, but we betide Austria if she follows in her friend's footsteps."

The Daily Chronicle says: "Both President Wilson's description of the outrage and his demands are perfectly justified, but would not both have been even more justified in the Lusitania case? However, we may congratulate the president on his now making for the punishment of the captain of the submarine may cause a somewhat humorous complication behind the scenes should it turn out that he was a German officer commanding a German submarine."

Washington, Dec. 13.—Further action by the United States government on its demands of Austria-Hungary as set forth in a communication regarding the sinking of the Italian liner Ancona, the text of which was published today, now rests with the Austrian government. The formal demand is made in the communication for a prompt approval of the sinking of the Ancona by an Austrian submarine, punishment of the submarine commander and reparation for the American citizens killed or injured.

The note clearly indicates that a break in the diplomatic relations between the two countries will follow failure of the Austro-Hungarian government to redress the acts of the submarine commander which are declared to be illegal and indefensible. A week at most probably will be given Austria-Hungary to accede to the American demands.

WHI Wait Before Approving. London, Dec. 12.—The Evening Standard reviewing the American note on the Ancona says it is certain that "America is prepared to exact a proper penalty for the outrage." It adds: "The note is firm and definite; yet in view of the fact that previous worse outrages ended in smoke, the public will prefer to wait before applying the heroic standard of nations and humanity. We notice that President Wilson makes no intimation of the possibility of the submarine. It is probable that all outrages are engineered from Berlin, but perhaps Mr. Wilson is not disposed to venture an intimation. Now that the American government is compelled to charge both Austria and Germany with inhuman, barbarous conduct it is too much to expect that the British efforts to make this country relax its efforts."

LORD DERBY IMMENSELY ELATED BY HIS SUCCESS

Number of Men Volunteering Said to be Approximately Four Millions.

London, Dec. 13.—While no official computation was forthcoming last night on the recruiting accomplished under Lord Derby's scheme, outside estimates agree that the number of men volunteering in response to the call approximates 4,000,000. This, it was said by a recruiting official, must be taken only as an unofficial estimate, as the actual figures are held secret until Lord Derby's report reaches Premier Asquith's hands. The rush of recruiting during the last two weeks has been so great as to far exceed the highest expectations of Lord Derby and his aides. A considerable proportion of those offering failed to meet the medical requirements.

It is said that Lord Derby is immensely elated over the outcome of his gigantic effort, and that it is now likely that conscription will be avoided.

BERTIN DISAVOWS ACTS OF CAPT. VON RINTELEN

Washington, Dec. 13.—Count Von Bernstorff, the German ambassador, announced Sunday that he had been advised by his government to "disavow" Captain Franz von Rintelen, and declared that he had no instructions to commit any acts which were in violation of the law of the United States.

Rintelen, a German agent, now a prisoner in the Tower of London, has been charged with coming to this country armed with a large sum of money to incite strikes in munitions factories. He also has been accused of being concerned at Plymouth while attempting to return to Germany.

Rintelen, who is said to be a friend of Emperor Wilhelm, was apprehended by British authorities at Plymouth while attempting to return to Germany.

Austrian Note Ruszky States Very Vigorous Prospect Good

English Press Wonders Why It Was Not Sent to Germany After Lusitania.

London, Dec. 13.—Speaking of Field-Marshal von Hindenburg's forces facing him in the Riga-Dvinsk sector, Gen. Ruszky, commanding the northern Russian army opposite the Germans in this region, is quoted in a dispatch to the Petit Parisien as follows: "The enemy's divisions which were sent to France have been replaced by a multitude of heavy and light guns and by kilometres of barbed wire. Their heavy artillery is superior to ours, although we have enough. Our shell crisis is over. We are getting all the ammunition we want from Petrograd."

"As to positions, advantages along this front—about 200 versts (about 200 miles) or approximately half of that in France, are about equal. When the waters freeze it is certain that the offensive will become easier and the defensive harder for both sides, but the Germans will not be able to bring fresh troops up if they take offensive. The offensive is costly; whoever attacks must suffer heavy losses."

"Finally it is now all a question as to who in a few months will have the largest number of effective, German or Russian. You know your forces we have in reserve, so good days are coming when the Russian army will advance."

GERMAN EDITOR TELLS WHAT HE REALLY THINKS

Sinking of Lusitania Crime Against Humanity; Murder of Miss Cavell Horrible.

Ottawa, Dec. 13.—What one German in Canada thinks of the murderous methods of the German military authorities is detailed in the following statement by E. B. Christiansen, Editor of the German Post of Pembroke:

"To allay all rumors and reports regarding certain statements I have read in reference to the sinking of the Lusitania and the execution of Miss Edith Cavell, I make this declaration of my true and uninfluenced opinion. I was horrified and dumfounded upon reading of the sinking of the Lusitania, to think that Germany, through her military element, had commenced a mode of warfare that must naturally be branded as a crime against humanity. 'I have never at any time tried to justify or condone this act. The rumor that I have done so probably originated with some ladies who overheard a conversation in which, for the sake of conversation, I mentioned German's actions, but these were so wild and unfounded that I can hardly believe that they were taken up by the newspapers. Speaking of Miss Cavell's execution, the editorial says: 'I realize with every Britisher the horror of the deed, and denounce the harshness of the German military rule that would put to death a woman that had nursed German and British wounded alike, even though she were guilty of indiscretions which she may not have realized at the time.'"

ORDERING AMERICAN BOTTLES

Wheeling, W. Va., Dec. 13.—An order for 140,000 cases of glass bottles has been given by the British government to the Hazel-Atlas Glass Company of this city and the Williamstown Glass Company, of Williamstown, N.J., delivery to be made as soon as possible. The bottles are to be used in sending liquid food, such as soups, milk, etc. to the soldiers in the trenches.

Demand for American bottles has been so pronounced in the past few weeks that trade authorities predict an export of fully 1,000,000 gross during the coming year. There is a pronounced scarcity of workmen in the factories which were never as busy as they are at present.

MOHAMMEDAN LEADER SLAIN

London, Dec. 13.—The Delhi correspondent of Reuters states that Asa Faruk Shah, cousin of Prince Aga Khan, the spiritual head of the Mohammedans in India, East Africa and Central Asia, has been murdered by a Persian assassin at Kerman, Persia, according to a report received in Delhi from Kerman. It is stated that Faruk Shah was traveling in Persia on a spiritual mission.

Hospital Has Fire Scare

Chicago, Dec. 13.—Sixty-five women and children, patients in the Mary Thompson Hospital, were hurriedly removed from the building early today when a fire, which destroyed an adjoining building, threatened to spread to the hospital. Forty nurses were aroused, and clad only in their night clothing, worked desperately to calm the patients. The hospital was filled with smoke, but otherwise undamaged.

Explosion in California Plants

Pinole, Cal., Dec. 13.—Fire in the Hercules Powder Company's plant here caused an explosion yesterday of 1,500 pounds of gelatine dynamite. The mixing house in which the explosion was obliterated, but there were no casualties as the fire, caused by a short circuit, was discovered in time to permit all employees to escape.

Ottawa, Dec. 13.—Contributions to the patriotic fund pledged today include \$20,897 from the North Alberta branch and \$3,170 from the Vancouver branch.

VON BRINCKEN AIDE ARRESTED IN CANADA

Washington Has Official Notice That Van Koolbergen, Wanted for Conspiracy, Held Here.

Washington, Dec. 13.—Official information reaches Washington that Canadian authorities have arrested Dionnes Hannes Henrikus Van Koolbergen, a civil engineer of Mill Valley, Cal., who is wanted by the officials of the department of justice as a witness in the case of Baron Wilhelm Von Brincken and C. C. Crowley, now under arrest in San Francisco in connection with an alleged conspiracy to violate neutrality.

According to information here Van Koolbergen participated in a trap set by the Canadian military authorities and the Canadian Pacific Railway officials, and allowed himself to be employed by Von Brincken, who was an old Boer war acquaintance.

BUDAPEST WANTS FOOD

London, Dec. 13.—The Morning Post today prints a letter from Budapest which states that more than half a million people have signed a memo which will be presented to the Hungarian parliament by a deputation representing all classes of the population complaining of the high prices of food. The memo claims that prices are much higher in Hungary than in Germany. It also asserts that the coming winter threatens to overwhelm the population by starvation and urges the impossibility of going on under present conditions much longer.

Canadian Notes From London

London, Dec. 13.—(C. A. P.)—The death, occurred here today at the nursing home of George Walter Steeves, M.D., the only surviving son of the late Senator Steeves. The engagement is announced of Major J. A. Devine, D.S.O., of the Army Medical Corps, Winnipeg, to Hilda, only daughter of the late Henry Miles of Liverpool.

Vote of Confidence Given

Rome, Dec. 13, via Paris.—During the debate in the chamber of deputies which preceded adoption of the bill giving full financial powers to the government for six months, Premier Salandra raised the question of the chamber's confidence in the government. A confidence vote was adopted by 391 to 49.

7,000,000 BUSHEL SHIPPED

Fort William, Ont., Dec. 13.—The loading of the last twenty-four hours before the close of navigation, namely from twelve Saturday night to twelve Sunday night, was a very wonderful spectacle at the head of the lakes. In that time thirty big freighters were loaded and cleared. These boats carried away 7,000,000 bushels of all kinds of grain.

Quebec, Dec. 13.—The first grain shipment on the reconstituted Railway between Quebec and the western provinces will arrive Wednesday, in the form of twenty-five cars, and its arrival in Quebec will be an important event in the commercial history of Quebec. This shipment is from Winnipeg, Man. The train will arrive at Levis, and the cars will be carried to the north shore by the Transcontinental Railway ferry boat.

BROADER SPIRIT NEEDED IN MUNICIPAL AFFAIRS

Rev. Dr. Milliken Preaches on Civic Ideals, Pointing Out Dangers and Possibilities.

Rev. Dr. Robert Milliken in the Metropolitan Methodist Church last night, delivered a scathing rebuke of the politicians for a petty spirit of selfishness...

In opening his address, he stated he had intended taking up the subject the Sunday previous and that the sermon would be one of principles and not of personalities.

"We are now facing a new era and a new possibility. We have passed through the early stages rather successfully; the boom stage has been passed," he said...

"Because of this I dare to bring this topic to you thoughtful men and women. Sometimes we have a feeling that we will not reach our proper place. To do so there are evil spirits which must be cast out..."

"The Quibbling Press. A further spirit to get rid of is the quibbling, and sometimes hide-bound, careless press which has the power to make and to mar..."

"We must be unflinching, consistent and united in our search for truth and give our earnest, consistent cooperation in the effort to secure the means for progress and public good..."

TICKETS FOR MOOSE JAW-VIC GAME ON SALE TOMORROW AT CHARLEY WOOD'S EMPORIUM

Tickets for tomorrow's big game will be put on sale at 9 o'clock tomorrow morning at Charley Wood's store. They will be on sale at the store until the evening when all the remaining pastebards will be taken to the rink and sold there.

The Vics had a good practice on Saturday evening, and will turn out for another tonight from seven to eight. Coach Laird was well satisfied with the turnout and showing of the men on Saturday, and will make the final selection of the team this evening.

CALEDONIAN TO HAVE BUSY WEEK

Doc Stringer is Now Recruited to Ranks of Curlers. This week will be a great sport week at the Caledonian Curling Club. Continuing their Novelty Spiel which opened under such favorable circumstances Friday evening the Caledonian will stage some interesting games tonight, and each evening until this Spiel is concluded.

Jennings says that everything has been fixed up satisfactorily with Ty Cobb, looking toward a new contract, and that he has been assured that none of his good players have any intention of going to the Feds. "We are pretty apt to win the pennant next year," he said, "and if it had not been for one or two pitchers like Wellman, of St. Louis, who had some kind of an Indian sign on us, we might have landed this year."

MOOSE JAW SENTENCES

Moose Jaw, Dec. 11—In supreme court this morning Mr. Justice Elwood sentenced the men found guilty during the season. Thomas Glasier, found guilty of theft of a certain sum of money while he was acting as bailiff at Gravelbourg, was given eighteen months in jail. Theoret and Prevost, the two young men from Gravelbourg found guilty of arson and attempt at arson, were given eighteen months each.

Sport Briefs

The noted English tennis player, A. W. and R. D. McPherson, returned from Russia to join the British army, and have been commissioned with the Cameron Highlanders. Since their last previous visit to England the brothers had won the doubles championship of Russia. The American-bred Cesaion horse Forward III, which raced as a two-year-old in the United States and afterwards in England, won the Poona Plate, five furlongs, at Poona, India, recently. The English-bred Kiltie won the Aga Khan Cup, Arab horses get a big allowance in Indian races, but they have no chance with the English thoroughbreds. The improved animal is far abler of the parent stock.

**GET THIS ONE!**

A young ball player named James Gilbert Jones played on the Maranville team in a minor league. He was a Good Man and played ball so wisely that one Summer his Works brought him to High company.

When Jones heard of his promotion he wanted to Bura the town up he was Phelan so Good. His friend, Alexander Mitchell, the Mayor, cautioned him not to act in such a half-Whitted manner.

"If you start Doots Maranville up, Jones, the Towns Marshall, will take you and you will Land in jail," he wrote.

James thanked the Speaker Hartman before Jones left to join his new team his friends in the Bush League and presented him with a Pip-pip of a thing with a White Stone. He gave the Ring to his sweetheart, Miss Smith, to Holden preserve for him.

After the banquet James kissed Sallie Good-bye and when he thought Sallie wasn't looking he gave her friend, Ruth Collins, a Long Kiss. Sallie caught him.

"Take Back your Oldring," she said, "you Malcol it."

Her eyes were Laden with tears, James, with the aid of a little Williams and cupid the Archer, soon made her forgive his Zinn. After a Good Deal of Ringing Jones left in a Housh to board the Kraft, which was to Carry him to Birmingham, where he was to join his new team.

James soon reached Birmingham, where he reported to his new Manager. Jones wore his new clothes. He wore a High Hat, a Lavender shirt, a Long Blue Jacket, Pfeffer colored hose and Black shoes. His Cravat was Louden his Kane High Toney.

When the manager saw Jones' way of Dressing he was like a Wolf-man.

"I pity you if you have Getz caught in a Solanier. You look like an organ Grinar. After this I won't take much Stock in the Mann who looked you to me."

The next day when the House saw Jones practice he changed his mind. He watched Jones Whistling the Ball around the field his admiration started to Grew Moran Moore. Calling Jones to him he said:

"You are no wonder as a Fielder, Jones, but take it Fromms, you are a Lively Lead when it comes to Whistling the Ball. I take Beck with you about your way of Dressing."

As Jones was about to leave he was talking clothes on the field you can wear anything you want off it."

After a successful season Jones went back to Maranville. He married Sallie Smith in the Scottish Kirk and lived scrappily Evers after.

**THE HOUSE CLEANING**  
 (Note—News dispatches say several hundred men have been sent to the front for house cleaning.)

Bring forth the pail and scrubbing brush.  
 The wash rag and the mop.  
 There's going to be a cleaning from the bottom to the top;  
 The major leagues are cluttered up with scraps of bone and wood  
 and a session with the broom and suds  
 is bound to do them good.  
 That careful housewife, Connie Mack,  
 Has set the proper pace  
 Any more have gone to work  
 To tidy up the place.  
 There's Dame McGray with sleeves rolled up,  
 An' sweeping in the tubs  
 To loulder out the deadwood and  
 Residues the dubs,  
 While Housewife Griffith gets his broom,  
 The dusting brush and pan  
 To polish up those Senators  
 And dust them to a man.  
 Then comes Housekeeper Stallings, too,  
 With oil and gasoline,  
 And soap and lye—she'll need 'em all  
 To get those Braves clean.  
 For the grim is on the diamond  
 And the dust is in the cracks  
 And there's miliev on the outfield  
 And their cowboys on the sacks,  
 And the mound is thickly coated  
 With a mass of broken glass,  
 With a herd of charley horses  
 Jump around upon the grass,  
 And the fielding force is rusty,  
 And the pitching stak is punk,  
 And the work on bases musty  
 And the batting mostly junk,  
 So they've rustled up the cleaner,  
 The ammonia and the suds,  
 And will renovate the ball team  
 Like a batch of dirty duds,  
 And the soles and stains and shoddy  
 They will gally rinse away,  
 And they'll starch 'em all up freshly  
 With new players, so they say,  
 But it might be well to linger  
 In their renovating march  
 Long enough to tell a fell  
 Where they're gonna get the starch.

**WOMEN TO MEN**  
 And bless you, lady!  
 All women of the race,  
 As forth you go,  
 With you with steadfast face  
 The best they know,  
 And cheer you, lady!  
 Out in the bitter nights,  
 Down the red days  
 Through the dreed reeking fahs  
 And wasted ways,  
 And bring you, lady,  
 Back to the Motherland,  
 True laurels gained,  
 Glory in either hand,  
 Honour unstained,  
 Ourselves of Britain's race,  
 As forth you go,  
 And you proud, glad face  
 The best they know,  
 And bless you, lady!

## ITEMS OF PERSONAL INTEREST

Mrs. J. W. Mahan went to Winnipeg last night.

Mrs. Humby, R.N.W.M.P. Barracks No. 3 will receive tomorrow afternoon from four o'clock to six.

Mrs. J. W. Creswell, 2054 Angus Street, will not receive tomorrow, Tuesday afternoon.

Mrs. H. E. Armstrong left this morning for a tour of the surrounding country in the interests of the W.C.T.U. and Rebekah Lodge work.

Mrs. R. V. Price, of Calgary, with her little daughter is visiting her mother, 1424 Retailack street, and will remain until after the New Year.

Cherry Blossoms, Japanese parasols, lanterns to shade the lights, Japanese tea cups from which to drink, and last but not least, Japanese costumes for the hostesses and their assistants made the tea held by Miss Moir and Miss McElhone in their pretty rooms, Credit Foncier Block on Saturday afternoon, novel and attractive. Nearly seventeen dollars was received as a collection, to be applied to the Alpha Guild special Red Cross fund.

Miss Moir was in a lovely deft blue silk kimono embroidered in the same shade, while Miss McElhone's becoming kimono was a gelsa garment of stamped crepe with green obi. Preceding at the tea table with a long string of white doilies during the different hours of the afternoon were Mrs. E. D. McCallum in a wonderful white silk kimono embroidered in white silk in the form of a phoenix bird, and with an obi arranged with the rice straw cushion such as is worn in the sunny land of kimono clad women; and Dr. Grace Armstrong a blue grey crepe gown stamped with blue and black birds and figures and set off with a long string of white doilies. During the afternoon appropriate songs were rendered by Mrs. Ainsworth, Miss Billington and Miss Moir.

## "SHANGHAIED," NEW CHAPLIN COMEDY

Latest Production by Essanay's Famous Comedian at the Rose Today and Tomorrow

"Shanghaied," hailed as Charles Chaplin's funniest comedy, which was released Monday, October 4, has met with such a remarkable reception all over the country and has caused such uproarious merriment that the writers of letters and telegrams of congratulation to Essanay. Their houses, they say, have been packed at every exhibition.

The Essanay comedian and his company of players were busy for more than a month preparing the scenes in "Shanghaied," practically all of which were taken on board the Essanay-Chaplin schooner, Vaquero, which was leased by Essanay especially for this picture.

A week's trip from Los Angeles to San Francisco was taken for the deep-sea pictures, and for a week previous so many members of Mr. Chaplin's company fell victim to sea-sickness that all attempts to film any scenes were abandoned. Eventually, however, the players found their "sea legs" and the taking of pictures proceeded.

The scenes of "Shanghaied" are a continuous riot of laughter, filled with unexpected splashes in the ocean, hard falls and knocks, but more than anything else, running gags with Mr. Chaplin's personality.

Edna Purviance, the comedienne's leading woman, plays opposite him in this film, and adds a touch of romance.

## The Woman About Town

WHAT may not be a new department for the first time by the W.A.T. is the Equal Franchise column in the Moose Jay News, a section edited by Mrs. E. L. Scott of that city. It is a progressive move surely on the part of the Moose Jay women, and the section is bound to carry weight. And since the editor of the Moose Jay News has never expressed himself as an advocate of women suffrage, but to the contrary, although perhaps not in print, the recognition of the importance of the move to the extent of two columns of very valuable space is most encouraging.

READ the following letter, or rather contents of a post card and be encouraged when you are taking home a bundle of grey flannel shirts to make up. The letter is taken at random from a number in the last Red Cross Bulletin. That same Bulletin provides a surprising quantity of entertaining reading.

A Post Card—"Many thanks for your prompt attention. The shirts are just dandy. Unfortunately the man in the next bed to me also is a Canadian and belongs to Princess Patricia, and whenever he saw them he wanted one. Naturally, I would have given him one, but sorry to say, since he lost his leg he has got very thin, and it was too big; 12-1/2 inches is his size, and if you can oblige him you will make another glad man."

"If they treat the patients in Canadian Hospitals as well as the Red Cross people, they are some place. Thanking you again for your kindness."

## ST. ANDREW'S SOCIETY GAVE GOOD CONCERT

Large Turnout Enjoyed Bagpipe Playing and Dancing of the Highland Fling

Selections on the bagpipes by Willie McGregor and the dancing of the Highland Fling by Euphie McGregor were features in the program provided by the St. Andrew's Society in Liberty Hall on Saturday evening. Both artists were enthusiastically received, and altogether their efforts were highly appreciated.

Readings and recitations by G. G. Muir and Lena Brown were also attractive items; songs were capably rendered by Miss Muirhead, Mrs. McArthur, Alex. Spence and G. G. Muir; Olga McKay and Euphie McGregor gave an exhibition of fancy dancing, while Messrs. Douglas and A. B. Muirhead gave pianoforte selections.

Although the society has lost many members owing to enlistment several well-known local gentlemen have intimated their willingness to join the organization, and all over the prospects for the future are very satisfactory.

MONS JAN COLLIGNON  
First Bass Baritone, Antwerp Opera House and Concerts, Ostend, who will be heard in Regina next Friday evening in a concert for the Belgian sufferers.

## BELGIAN MUSICIANS IN CITY ON FRIDAY

Concert by Famous Artists For Aid of Suffering Fellow Countrymen

It is next Friday evening that the concert to be given by Belgian artists for the benefit of the sufferers in that land, an event which has been in many minds for some time actually takes place. The program which was printed several weeks ago gave promise of a musical treat, while the press notices of the performers are all of the most flattering order. The "Cercle Espérance," under which the aid to the Belgians is administered and under whose patronage the concerts have been given throughout the United States and Canada is composed of well-situated persons as the Belgian minister to London and the Lord Mayor of London, with a large committee of honor and executive committee.

The concert committee, which arranged for the series of recitals has as its honorary secretary and treasurer, Mr. August Theelen.

It speaks well for the success of the concert tour when out of twenty concerts given in Massachusetts, fifteen in return engagements were secured. Both the object and the music itself makes this Belgian entertainment one which appeals.

The City Hall auditorium has been secured for Friday evening next, and the Municipal Chapter, I.O.D.E., is arranging to the details which ensure the best success.

## A Poem You Ought to Know

EDITH CAVELL

The following poem has a special interest for many because it is from the pen of that clever woman, Elizabeth Roberts MacDonald, sister of Charles G. D. and Theodore Roberts, the well known writers. MacDonald now a resident of Ottawa, lived in British Columbia and Winnipeg for some time.

Skilled were those hands that nursed  
"Young wounded brothers,  
Tender that heart and true,  
This was a woman slain for saving  
others,  
Blindly she slew!  
Honor her! Love her! Let your  
hearts to serve her,  
Who so served so well,  
Who faced the guns—with who  
knew what of anguish!—  
Edith Cavell!

Bear in your souls her name, for pity  
pleading  
When foemen yield;  
She lived for mercy; hear her inter-  
ceding  
In trench and field;  
Strong, true and deters, her name is  
ours for guarding,  
Her story, Fame's to tell;  
Sister of heroes, in our love we hold  
her,  
Edith Cavell!

## TIPPY WILL BE HERE IN TIME FOR CHRISTMAS

All who have become interested in Tippy and in the fact that the story was written by Miss Binnie-Clark and is for the benefit of the Blue Cross Society work among the wounded war horses will be glad to learn that a limited number of the books will be in the city before Christmas. The books sell at a ridiculously small price and the entire profit goes to the work on the battlefield.

## Reports From Red Cross Departments in England

In the Red Cross bulletins, which are issued each month from the headquarters of the Canadian Red Cross in Toronto are many interesting reports from the different heads of the departments of work over in England. For instance, the Information Department which keeps in touch with the sick, wounded and missing Canadians send the following note in the last number:

October 16th.

The work is running very smoothly on the whole. It has its difficulties with some of the hospitals in Shorcliffe and Folkestone, but these, it is hoped, will soon be overcome. There have been complaints, for instance, that we do not send the comforts for wounded soldiers in hospitals there, which have been asked for by our Red Cross visitors, or that they come too late. As exact reports are kept both of the date on which the request is made and the date on which the parcels are sent, the Department has been able to show in every case that, at this end, there was neither delay nor omission. The young ladies have also adopted an arrangement by which all their parcels are sent to Moore Barracks alone. We can afford to be generous, thanks to the bountiful supplies that come from Canada.

It is probable that there is a great deal of confusion in that neighborhood owing to the recent staffing of several English hospitals by the C.A.M.C. Our Canadian Red Cross does not adopt all soldiers of the Imperial army who may be in those hospitals for "reports and parcels." This will become gradually understood as the organization becomes more complete.

Prisoners of War Department has published many authoritative statements during the past few months which has done much to throw light on a matter which is not been very clear to many. It is only of late that the real possibilities for helping to make the lives of the prisoners of war in Germany a little more bearable has begun to take a real hold on many workers. As is now known, any money for this work is forwarded directly to London, where through the Department created in very anxious anticipation in small amounts, or parcels of food or clothing or whatever is most needed are sent, and on the assurance of the prisoners themselves and the American consular agency, are delivered. The following note from the Bulletin deals with the cold weather problem for the prisoners:

October 16th

The War Office writes that they are still unable to give us an answer on the subject of uniforms and greatcoats for prisoners of war, nor are they able to state any date on which we may hope for an answer. The War Office writes that they are still unable to give us an answer on the subject of uniforms and greatcoats for prisoners of war, nor are they able to state any date on which we may hope for an answer. The War Office writes that they are still unable to give us an answer on the subject of uniforms and greatcoats for prisoners of war, nor are they able to state any date on which we may hope for an answer.

The frequent applications which we have received from the prisoners lately asking for blankets has been making us very anxious as to their supply, but Major General Carson has also promised us a further supply of warm underwear, which will, of course, be of the greatest assistance.

## ECKHARDT'S FAREWELL WEEK

Delightful Rural Comedy at the Regina Theatre This Evening

Comedy, especially rural comedy, has always been the strong point with the Eckhardt Players, and for that reason, during this their farewell week in Regina, Mr. Oliver Eckhardt has selected two of the strongest comedies of the present day.

"The Girl From Out Yonder" will be the attraction for the first three nights and Wednesday matinee, and there is not a play in the whole range of rural comedies to compare with this masterpiece. The charm of the play cannot be described; it must be witnessed to be understood. It is a better play than "The Old Homestead" or "Out of the Field," and the success that the popular players scored in these bills is still fresh in the memory of all patrons of the Regina Theatre.

The plot of "The Girl From Out Yonder" is much deeper than that which is usually associated with a rural comedy and adds to the charm of the play. The dramatic situations are more tense and the play goes with a rare swing that is sometimes missing from plays of this type. The humor is of the most delightful, and the situations that arise as the play unfolds itself are of the most laughable. One comic situation quickly follows another, each more laughable than the former, and all leading up to a grand climax at the end of the play, so that from start to finish there is not a dull moment in the whole production.

Special efforts are being put forward by the Eckhardt Players to make this their last week in Regina one of the most successful that they have had during their year's sojourn in the city.

## Can. Commissioner Over Phone

Berlin, Dec. 12.—Wireless—Direct communication by telephone between Berlin and Sofia has been opened. The first conversation by way of Nish, Orsova and Budapest was held by the Bulgarian and German ministers.

## THOUSANDS OF BABIES DIE BEFORE ONE YEAR

It is estimated that thousands of babies die in this country before the age of one year, and it is stated that one-half of these deaths are needless if all mothers were strong and all infants were breast-fed.

Expectant mothers should increase their strength with the strength-building fats in Scott's Emulsion which improves the blood, suppresses nervousness, aids the quality of milk, and feeds the very life cells.

Physicians prescribe Scott's Emulsion; it is doubly important during nursing. Every druggist has it. Always insist on Scott's—the white food-medicine. Free from drugs.

## WOMEN'S WORK

TONIGHT'S EVENTS

Musical Club Open Meeting

The Women's Musical Club is holding an open meeting tonight in the Y. M. C. A. clubroom when all lovers of music are invited to enjoy the program which has been prepared with Mrs. J. A. Wright and Miss Douglass as convenors. A collection will be taken for the Red Cross society.

Metropolitan Birthday

All young ladies of the Metropolitan Methodist church will entertain this evening at a birthday party in the church for the benefit of the organ fund. These happy birthdays in December will be given in honor of the young ladies who have adopted an arrangement by which all their parcels are sent to Moore Barracks alone. We can afford to be generous, thanks to the bountiful supplies that come from Canada.

## PAST EVENTS

Credit is Due

Because the dinner served at St. Paul's Bazaar on Friday evening was so near perfection in every detail it was taken as a matter of course that it must have been the result of the concentrated planning of a number of the W. A. members. Enquiry, however, has elicited the information that one head alone was responsible for the business of completing arrangements. That was Mrs. Matthews, and to her is due the credit in a large measure for the smoothness with which the dinner was arranged and served.

## FUTURE EVENTS

Forget Meeting and Paper

The W. A. has arranged a business meeting of the Forget Chapter, I.O.D.E. tomorrow at three o'clock in the Y. W. C. A. clubroom, followed by a paper by Mrs. F. A. Corbett on "History of the Forget Chapter." The members of the Chapter are asked to be on time for the business meeting.

## Cecil Rhodes Chapter

The regular business meeting of the Cecil Rhodes Chapter, I.O.D.E. will be held tomorrow afternoon at three o'clock at the home of Mrs. J. H. Spooner, 2245 Osler street, where a large attendance is requested. At this meeting the Municipal Chapter Christmas tree and the concert of Christmas music next Sunday evening in the Regina theatre under the patronage of His Honor the Lieutenant-Governor and Mrs. Lake will be discussed.

## West End Patriotic Club

The regular meeting of the West End Patriotic Club will be held tomorrow afternoon at three o'clock at the home of Mrs. Schiefner, 2124 Rae street.

## Salisbury Christmas Sale

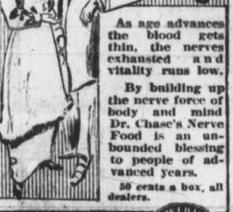

The Salisbury Chapter members have been busy preparing Christmas cakes, pies, plum puddings, fancy cakes and candies for a sale to be held in the demonstration booth, grocery department, of the Glasgow House next Saturday afternoon and evening. In addition to all these good things the ladies have bulbs, such as hyacinths, daffodils, crocuses and paper white narcissi ready for the same occasion.

## Nurses Division No. 10

All members of Regina Nursing Division No. 10 are requested to meet at the Y.W.C.A. tomorrow evening at 7.30 for examination by Dr. McLean.

## Another British Steamer Sunk

London, Dec. 12.—The British steamer Pinguin has been sunk. Her crew was saved.

Dr. Chase's Nerve Food

## CITY MARKET EXCHANGE DOING GOOD BUSINESS

There were three special sales at the City Market on Saturday, one of home-made bread in the Women's Exchange, one of candy by the Westmore L.T.I., while the Patriotic Circle served tea. This last named organization of young girls has done wonders, and is now equipped with a full tea-serving outfit, which they expect to use systematically in future.

In the future the Women's Exchange in the City Market will make a specialty of baked beans and soup in addition to the neediest work, one woman having decided to take this particular line as her own.

## PARENTS' NIGHT IN ALL CITY SCHOOLS THIS WEEK

Tomorrow Evening Albert and Benson Schools Lead Way; Others During Week.

Parents' night will be observed in all the schools of the city this week commencing tomorrow evening. In Albert and Benson schools, work will be on display from 7.30 o'clock until 9.30 by all pupils, including those in the kindergarten classes. As much practical work as possible will be arranged in the household science and manual training departments, where the pupils will be in attendance.

Considerable time and energy has gone toward making this annual event a success, and parents are expected to be present to show their appreciation and interest in the work of the children.

Last year the work was received with considerable enthusiasm and this year an even greater interest is expected.

While the open night series begins tomorrow evening, it will continue until Friday night, the following schedule being arranged:

Tuesday, December 14—Albert school, Benson school.  
Wednesday, December 15—Connaught school and Strathcona school.  
Thursday, December 16—Victoria school and Wetmore school.  
Friday, December 17—Dominion Park school, Highland Park school and North Anson school.

## TURK TRANSPORT SUNK

London, Dec. 12.—A dispatch to the Exchange Telegraph Company from Athens says that a vessel of 8,000 tons, has been sunk near Sylvania, in the Sea of Marmora, by a French submarine. The correspondent adds that, according to the same report, Turkey now possesses but seven transport ships, the remainder having been sunk by the entente allied submarines.

## PARCELS WEIGHING MORE THAN 7 POUNDS BARRED

Local Postoffice Notified Not to Take Heavier Parcels for Soldiers.

Parcels weighing more than seven pounds cannot be sent through the mail to soldiers in France and Flanders. Notice to this effect was received by telegram at the Regina post office Saturday.

No notice has been received at the local office concerning an announcement from Ottawa that an arrangement had been brought about with the British government whereby parcels from Canada for Canadian soldiers in France and Flanders would be carried at the same rate of postage as applies on the continent. This new rate would make parcels weighing up to three pounds, twenty-four cents; for parcels weighing over three pounds, thirty-two cents. The old rate, and the one still effective at Regina has been thirty-two cents for the first pound, and eight cents for each additional pound up to three pounds.

Postmaster J. Nicoll said today that if this new rate had been obtained it would help to do away with a good many bulky packages. At the same time he said that it would allow people to send small packages at a much lower rate.

Mr. Nicoll says that several sacks of parcels are being sent each day from Regina to Canadian soldiers at the front.

"The people are mailing their packages early and often," Mr. Nicoll said with a smile. "But we wish with us is indeed good—much better than last year."

## JUST TO AVOID ELECTION

Ottawa, Dec. 12.—The Morning Citizen says:

"In the best informed circles it is said that the approaching session of parliament has been called for the purpose of avoiding, if possible, an election during the war. The government has made a plain and direct appeal that there be the same extension in Canada as in Britain, namely, for one year. If this proposal is agreed to the session will be utilized for the ordinary business of parliament. In that case the government does not intend to introduce any measures except those relating to the war or rendered necessary by war conditions. There will be no railway subsidies and no bond guarantees."

## MASONIC NEWS

Masonic meetings for the week: Regular meetings of the Wascana Lodge No. 121, this evening at eight o'clock.

Regular meeting of King Hiram Lodge, No. 104, Tuesday evening, at eight o'clock.

## Emergent meeting of Wascana Lodge, No. 121, Wednesday evening, at 7.30 o'clock.

Regular meeting of Assiniboia Lodge No. 49, Friday evening at eight o'clock.

At the emergent meeting of Wascana Lodge, No. 121, on Wednesday evening Grand Superintendent J. O. Clarke, of Govan, will be present and a full attendance is expected.

## THE GRAND PRIZE

THE \$1,575.00 SIX-CYLINDER CHALMERS TOURING CAR

### And Straight-way They Decided To Enter The Province Circulation Campaign

Automobiles and other valuable prizes for active workers-- You can enter The Province Circulation Campaign and win one of these prizes

"They are all fine cars," said one of the candidates today, "of course I would much prefer the six-cylinder Chalmers, but one of the six Maxwells would do me very nicely. To really get the best out of life one must have an automobile." The candidate and his wife were considering how they might get a car, how long it would take them to save up and buy one and what kind it should be, when The Province published its list of seven free cars. "Great Scott," they exclaimed, "or something to that effect, and straight-way they decided to put in the next nine weeks accumulating votes which would be payable in an automobile.

Some people make tremendous sacrifices to get an automobile. Some borrow the money, others mortgage their homes. But in The Province campaign this is not necessary. Nine weeks of work and they are yours.

If you think that the prizes in this campaign are at all attractive to other people apply them to yourself. These automobiles are still in the possession of The Province. No one has won them yet, nor will they be until February 12th, 1916.

If your name has been entered in the list as published today and you would like to win one of the prizes consisting of one \$1,575 six-cylinder Chalmers touring car, six \$995 Maywell touring cars, three \$130 Columbia grafonolas and three \$78 Columbia grafonolas, call upon your friends today, have them save the ten-vote coupon appearing in each issue of The Province for you. Also get them to pay you their arrears or to make an advance payment on their subscription. They expect to pay for their paper and will be pleased to turn their money over to you so you will receive the benefit of the votes.

Bear in mind that all who work in this campaign will be well rewarded for their effort as a ten-per cent commission will be allowed to all who fail to win one of the thirteen awards, providing they turn in at least \$25 during the campaign.

One of the most pleasing features of the campaign is the fact that the territory has been divided into three separate and distinct districts. The Chalmers touring car will be awarded to the candidate having the greatest number of votes in the

entire campaign irrespective of where touring car, which is the grand prize, has been eliminated, the candidate having the greatest number of votes in each district will be given a \$995 Maxwell touring car, the candidate having the second greatest number of votes will be given a \$995 Maxwell touring car, the candidate having the third greatest number of votes will be given a \$140 Columbia grafonola and the candidate having the fourth greatest number of votes will be given a \$78 Columbia grafonola. In other words, this makes four prizes to be or she may reside. After the Chalmers

tion of the Grand Prize. This arrangement is made solely for the purpose of assuring all interested that all the prizes will not be won in any certain locality. However, candidates are in no way restricted as to where they may secure subscription payments.

#### SPECIAL OFFER

The special offer which runs from the beginning of the campaign until January 8, 1916, inclusive, whereby we will give to each and every candidate, 75,000 extra votes, who sends or brings \$25.00 in sub-

scription payments to this office on or before 10 p.m. Saturday, January 8th, is positively the best offer in the way of extra votes that will be made during the entire campaign. Bear this in mind. Under this arrangement you can readily appreciate the fact that it is to your interest to go among your friends and get their subscription payments while subscriptions count you the most votes. Be given in each of the three districts in addition to the Grand Prize. Candidates in District Number Two are in no way competing with those in Districts One and Three, with the excep-

# GREECE STANDS BY, WATCHFULLY WAITING MOVES

### Troops to be Withdrawn From Border, Saloniki, and From Railway.

### ALLIES WILL BE ALLOWED CLEAR FIELD; THAT'S ALL

### Bulgarians Lost 8,000 Men in Two Attacks on British Forces.

London, Dec. 13.—The difficult effort of Greece to maintain neutrality in the face of the allied retreat on Saloniki and the pursuit of Bulgarians and Germans continues to be the chief matter of interest at the moment. Latest decision of Greece, according to Athens dispatches, is to withdraw all considerable bodies of her troops impartially from danger of contact with an enemy troops in Saloniki and the German allies on the northern front, leaving only small groups of soldiers for police purposes.

### Allies Not Privileged

Whatever the future holds for Greece her effort to clear her position toward the belligerents seemingly disposes of any idea that the allied forces on Greek territory are to occupy a privileged position with anything in the nature of open Greek support.

The Greek army at Saloniki is to be reduced immediately in numbers to assure liberty of action to the enemy troops there. At the same time Greek soldiers along the railway will be withdrawn to avoid complications whenever Germans, Austrians or Bulgars enter Greek territory.

### Bulgars Lose 8,000 Men

So far as known the hard fought attacks on the British at Macedonia thus far have been delivered by Bulgarians without German assistance. A dispatch to the Times says the Bulgarians lost more than 8,000 dead or wounded on the field after two assaults on the British line.

"On the second attack," the dispatch continues, "our combined fire of artillery, rifles and rapid fire was opened on the advancing masses at a range of about 500 yards. The Bulgarians faced the murderous fire at a run of 500 yards, then broke into flight which quickly became a helter-skelter rout."

### British Making New Moves?

The possibility of various flank movements throughout the Greek territory permit the Greek to become a field for the belligerents. It is rumored for example that British troops already are landing at Kavala and that the first detachments of Serbians have been brought around from Durazzo, Albania, to Saloniki. Allies' squadrons continue to pay close attention to the Greek coasts and restrictions on the Greek commerce are unrelaxing.

### Few Actions of Importance

In the other fields of activity there are few actions of large importance. Russian troops have defeated Persian rebels and are nearing Hamadan. Allied troops still are carrying on successful operations against Turkish troops in the Sea of Marmora. On the western front minor successes are reported for British artillery and air squadrons. The Italian government has received a vote of confidence by a large majority.

### PETER STOLE AXE; COURT DROPPED IT ON NECK

\$25 and Costs Secured From Peter Lapchuck, Who Wasn't Satisfied With One.

Maybe one axe would have been enough for Peter Lapchuck. He got two. In the police court this morning he was found guilty of the theft of one. Figuratively, Police Magistrate Heffernan let one fall on his neck. The fine was \$25 and costs.

### NOT A LETTER YET FOR SANTA CLAUS IN CITY

Last Year Kris Got a Lot of Mail From Regina Youngsters; Wisen Now?

Here it is almost Christmas and there's not a letter yet for Santa Claus at the postoffice. A Province reporter called at the general delivery window this afternoon and asked for Kris' mail. "Nothing doing," said the man at the window, smiling.

Last year Santa got a lot of letters from Regina youngsters. Weigh Stolen.—Have you seen a horse sleigh with a standard top, home-made bottom—of painted wood? The police have been notified such a vehicle was stolen from rear of the Electric Bottlers & Contract Mfg. Company's store, 1340 Hamilton street, some time between Saturday night and Monday morning.

### FRENCH.

Paris, Dec. 13.—The announcement that the war office this afternoon is to begin the Champagne to the south of the knoll at Lemesnil the Germans exploded a mine before one of our trenches. We occupied the center. "There were no important developments on the rest of the front."

## Knox Church Honor Roll

A military honor roll, now being prepared by a committee of Knox church, contains the names of over 150 members and adherents of Knox now serving the Empire either at front or in camp. ## Foster Tells Of Country's Great Needs

### Address to Economic Commission Emphasizes Work to be Accomplished.

Ottawa, Dec. 13.—How the industry of agriculture may be stimulated for the good of Canada, for the good of the Empire, and to help and heal and resuscitate that large portion of the world now suffering untold misery because of the war, was the topic of a speech delivered before the Economic Commission this morning by Sir Geo. Foster, minister of trade and commerce, and acting premier. In the senate railway committee room. Sir George declared the war had brought many changes and one of these was the quickened sense of public duty awakened throughout the country.

### Agriculture Greatly Stimulated.

Canada had suffered and sacrificed to some extent in the war, but the staple and basic industry, agriculture, had been enormously stimulated with regard to the marketing of the crops. The question was how the distances could be bridged most economically.

"We cannot," he said, "cut down the miles, but it is possible to cut down the cost of transportation and the profits of those who intervene between the producer and the ultimate consumer.

"The matter of rate by sea and land is another question for your earnest consideration," he said. "We don't lack railways.

### Question of Ocean Tonnage.

"As to ocean tonnage, I hope you will consider this question. The one that has vexed all governments and it seems about as far away from a solution as it has ever been.

"As an adjunct of the agricultural industry any light which you can throw on this question will be greatly appreciated. The next question is that of immigration, or rather the settlement on agricultural lands which shall be done for our returned soldiers? How can these young men be placed on the great wild lands of the Dominion for agricultural and rural development? They will have to be settled and guided when settled.

### Big Work For Commission.

"It is up to you," concluded Sir George. "This is just about the biggest opportunity and just about the biggest work that has ever been entrusted to any commission. Everybody seems to think things will be different after the war. Everybody is asking, what will be our attitude toward the great basic industry, agriculture, on which all other industries must depend for the great wild lands? I don't think that the government has been niggardly in the past. But there is a feeling abroad that more is expected—welcome you, gentlemen, to your labors. The government will place everything at your disposal, which will be of advantage, and the country will give you every opportunity to work out something which will be of advantage.

### Why Allies Will Stick.

London, Dec. 13.—The Chronicle gives prominence to an article from a correspondent discussing the question of the allies' attitude toward Saloniki. It says: "To realize why the allies have decided to hold Saloniki, it is only necessary to think out the consequences of evacuation. Those consequences would be disastrous, morally, strategically and politically.

In the first place it would admit openly a serious check, the result would be exhilaration in Germany and corresponding depression of feeling in the allied countries. The United States, while it will not have to abandon Saloniki," it says, "to realize why the allies have decided to hold Saloniki, it is only necessary to think out the consequences of evacuation. Those consequences would be disastrous, morally, strategically and politically.

### Would Mean Abandoning Serbia.

"Third, it would mean abandonment of Serbia to her fate. Apart from the dishonor of such a course, it would have the very real drawback of leaving her in possession of the enemy as a game or hostage of which important political use might be made hereafter.

"Fourth, our withdrawal from the Balkan theatre would be, in fact, a guarantee of safety to a vital portion of the Greek flank. The enemy's communications now stretch in a long line from the Danube to the Persian Gulf. Roughly parallel to that line of communication and at a relatively short distance from it the whole way along runs from the sea, which constitutes the allies' chief communication. But it is in our power to deliver a lightning stroke at the long enemy flank at any point which we choose, in the Balkans or elsewhere.

"Finally, to leave Saloniki would certainly mean handing it over to the enemy for a submarine base. It would not be gross exaggeration to say that the Germans at Saloniki might threaten the whole of our sea communications east of Malta."

### Griegeli Being Bombed.

London, Dec. 15.—German and Bulgarian troops have begun the bombardment of Griegeli according to the Saloniki correspondent of the Mail.

### Greek Troops to Repel Invasion.

Saloniki, Dec. 11 (via London).—The newspaper L'Opinion says Bulgarian troops are preparing to cross the Greek frontier, and that Greek troops are moving toward the threatened point, apparently to dispute any Bulgarian invasion.

### French Retirement Unmolested.

London, Dec. 13.—"In the event of the allied troops being forced into Greek territory they will be pursued," says the Athens correspondent of the Morning Post, "not by Bulgarians, but by Austrian, German and Turkish troops in order not to arouse Greek public opinion. For this purpose Turkish troops said to consist of three divisions have already joined the enemy forces at Griegeli and Dolran."

### NO BANKRUPTCY TO FOLLOW WAR, SAYS ECONOMIST

Not Even Germany Will Be "Broke" Says Paul Beaulieu, French Financial Expert.

### LOSS WILL BE RECOVERED IN TWELVE YEARS' TIME

High Tariffs All Over World Will Be One Result, Even in England.

Paris, Dec. 13.—The answer of Paul Beaulieu, the French economist, to the question, "Will Europe be plunged into bankruptcy because of the war?" is "No, not even Germany."

Concerning the result of the present enormous spending of money by all the nations and the conditions following the war he forecasts the end of the war a year hence and after its end a remarkable industrial activity with an international commercial rivalry leading to high tariffs in all the nations now at war, including free trade England, and yet higher tariffs in the United States.

He said: "While such a situation has never before presented itself in history, and while, therefore, all opinions must be given with some reserve, I am confident that no fear need be felt for a collapse of the world finances. The destruction in this war, save possibly in the lives lost, has been exaggerated in the public mind. Not a single nation involved will be irretrievably ruined. The enduring power of accumulated wealth has been underestimated. It will take not more than ten or twelve years for the world to recover from its losses.

### War to End Next Autumn.

"I estimate that the war will have come to a close by next autumn. Then there will set in a period of manufacturing activity, the like of which we have never known. This period has been made necessary by the physical damage done, by the diversion to war supplies of factories once engaged in making cloth and what not. During this reconstruction period we will work harder than formerly. There will not be the stagnation which paralyzed the Southern States after the Civil War.

"Another result of the war will be increasing taxes by nations involved and increase of tariffs to collect revenues. England will do like the rest, free trade country though she is, and despite her comparatively less war loss. The United States, while it will not have to, will increase her tariffs. Although Germany is suffering far more than any of the other nations, since she is fighting them all, and spending huge sums, she will not be totally ruined by the war.

"It will, however, take her longer to recover."

### Steady Industrial Activity.

"Naturally after a couple of years of intensive manufacturing the nations will have caught up with their other supplies, will have replenished their depleted stocks of manufactured goods and there will come a steady increase in industrial activity.

### HOW BATTLE

(Continued from Page One.)

night scene was gorgeous—a riot of flame and noise. Folded Tents Like Arabs "I went to sleep dead tired, in the middle of the night. At 4.45 Sept. 29 I awoke and found the countryside bathed in sunshine, birds singing and not even a rifle going off. The Turks had walked right out of Kut and Besik during the night. The Turks lost at Esnin their second last line of defence covering Bagdad, eleven guns, 2,200 prisoners and their strongest position in Mesopotamia. Their casualties are put at 3,000.

"We are now following up a defeated, though not a routed force. But if you can imagine one man following another both up to their necks in marsh, you will get a good idea of the position."

moored near the shore. The cruisers withdrew without replying. "An Imbros dispatch says the entente allies are building huts to accommodate their troops.

"Advices from Sofia are to the effect that the Bulgarian government has prohibited business transactions in conquered territory until new authorities have assumed their functions."

### Greece Won't Demobilize.

London, Dec. 13.—Greece will not demobilize, but will withdraw all her troops from Saloniki except one division, according to the Times Paris correspondent. This correspondent adds is the result of the negotiations at Athens and the entente allies have decided to vigorously prosecute the Saloniki enterprise.

A dispatch to the Times from Athens says the embargo on Greek shipping has not yet been raised, and that Greek grain shipments continue to be held back in the entente allies ports.

### Greeks Won't Oppose Bulgars.

London, Dec. 13.—"A profound sensation has been caused by the statement from a French source that Col. Phalhis, of the Greek commission at a meeting with the French generals Saturday, declared

"The U.S. is profiting in a comparative sense by the war, but it is a mistake to say she is benefited by it. No losses can be sustained by her best customers without her feeling this loss."

### Effect on Transportation.

New York, Dec. 13.—The war effect on sea transportation and the prospects of a break in freight rates after the war is ended, are summarized in a statement today by the National Foreign Trade Council, composed of representatives of large manufacturing and commercial interests. Jas. A. Farrell, president of the U.S. Steel Corporation, is chairman.

"The main question," says the statement, "is how the break in the freight market will take place following the cessation of war. Some shipping people hold that the break will be sharp and sudden, others that the very slight additions through reconstruction now being made to the tonnage of the world will tend to ward off any tendency to a sudden decline when the war is concluded.

### Huge Movement to Follow War.

"It is said in support of the latter contention that though 5,000,000 tons of German and Austrian shipping will be released, the shipping already sunk will decrease world's fleets by a million tons, while the 2,000,000 tons of new shipping at present in construction throughout the world is

not expected at once to offset the losses due to the war.

"For several years to come the shortage due to the great war may cause a huge movement of raw materials and foodstuffs toward Europe which will provide permanent employment for a very large share of the world's merchant marine. When conditions have readjusted themselves and trade has resumed its customary routine, fooding space will not be in such demand and the slump in maritime transportation earnings which usually follows a war will be evidenced again."

### CATHEDRAL BELL BLESSED IN PICTURESQUE MANNER

Holy Rosary Scene of Striking Ceremony Last Evening, Led by Archbishop Mathieu.

Picturesque, indeed, was the ceremony with which the new bell, the gift of the Ladies' Altar Society, brought from France, was christened by His Grace Archbishop Mathieu at Pontifical Vespers at the Holy Rosary Cathedral last night.

The huge bell, weighing more than a thousand pounds, was placed in the centre of the sanctuary. The bell and the supports which held it were garlanded with wreaths of flowers. Facing it were seated members of the Altar Society.

In his sermon, which followed the Vesper service, the Archbishop spoke of the connection of the church bell with all the most important events in the life of the individual. He told how the bell rings for the baptism of the child, how it announces the marriage ceremony, and how it tolls for the departed soul. Even more important, however, said His Grace, is the meaning of the church bell in man's religious life, since it calls him to service for the worship of God ever and always.

After his sermon, the Archbishop blessed the new bell, striking it three times at the conclusion of the ceremony.

Father Gilles was deacon at the service; Father Guillo was sub-deacon; and Father Marois was master of ceremonies.

Father Schonhart acted as pastor in the absence of Father Daly. He led the congregation that each one was to have the opportunity of ringing the new bell, and that each would be allowed to contribute toward further bells for the set of chimes, of which the gift of the Altar Society is the first.

At the close of Father Schonhart's sermon, the ladies of the Altar Society, the sponsors of the bell, filed past, each striking the bell. The large congregation filed down the central aisle of the cathedral, each one ringing the bell by the decorated rope held in the hands of Father Schonhart.

On either side of the bell were placed, as each one took turns at sounding the bell. And as the people filed out into the night, the cathedral echoed and resounded with the sonorous harmony of the large tolling bell.

### Police Court

The business of being a mid-wife is not a very paying one in Regina. Two women learned this in the police court this morning. Both were fined.

Theresa Beta had advertised her business without the aid of a doctor, which is contrary to law. She has been fined \$50.

Margaret Krzemienicka—G. A. Berry, assistant magistrate, could not pronounce it either—was fined \$5 and costs. She told the interpreter that she had been quizzed for the business before coming to Canada, and that she believed she was keeping within the law.

Two men were fined in the police court this morning for not having weights attached to their horses. The animals had been found wandering about the streets. One coal wagon driver was found guilty of obstructing the sidewalk while unloading his wagon.

### CAMPAIGN WOUND UP AT MEETING SATURDAY NIGHT

Aldermanic and School Trustee Candidates Talk to East End Ratepayers.

With some eight or nine of the aldermanic candidates occupying the platform during the course of the evening in addition to two of the public school candidates and other speakers, it was not far from midnight when the last meeting of the municipal campaign closed on Saturday night in Gleisinger's Hall. The meetings in the Roumanian Hall and the Trades Hall were called off, and as a result standing room was at a premium in the Gleisinger Hall.

While the meeting was held in the interests of the labor candidate, Harry Parry, all candidates present were given the privilege of the floor. Under the chairmanship of Anton Ritter the meeting was conducted without a hitch and without any display of pyrotechnics. In addition to the candidates for election the meeting was addressed by Mr. Eymann, editor of the Courier, Clayton Peterson and T. M. Mollor, of the provincial council. He then opened an unmentioned speaking on behalf of the labor movement.

During the course of the evening the slate of candidates published in the Courier was referred to by two or three of the speakers. Mr. Eymann spent some time dealing with this question, justifying the action of the paper in the course which it had taken. Mr. McInnis also made some reference to the slate. "If there was a slate with my name on it," he said, "I did not know anything about it until I saw the letter in the morning paper, but," he added, "you people have just as much right to make slates for yourselves as anyone else. I have seen scores of slates in other parts of the city, and I may tell you they all have my name on."

E. Bruce McInnis and Dr. Rose both addressed the meeting. Mr. McInnis had some criticisms to offer but both the other two candidates had not seen fit to take the platform during the campaign. "It looks as if the other fellows think it's a walk-over for them and they do not have to come out and tell you what they have done and what they are going to do," said Mr. McInnis.

Dr. Rose drew the attention of the audience to the announcement of the Premier in yesterday morning's paper in which the Hon. Mr. Scott stated that he would not defer the question of revising the curriculum but would immediately call a conference of the teachers and superintendents to discuss proposed amendments. Dr. Rose stated that it was only one week before that he, Dr. Rose, had brought it to the attention of the ratepayers that there was something radically wrong with the curriculum, and if this decision was the outcome of his campaign his candidacy had already justified itself.

The aldermanic candidates who were present addressed the meeting. Harry Parry, S. B. Curtis, ex-Alderman Rink, J. K. McInnis, F. G. England, Alderman Black, ex-Alderman McKay and L. B. Ring.

### OBITUARY

#### D. A. MACDONALD

D. A. Macdonald, one of Regina's best known citizens and an old-timer of thirty-three years residence in this locality, died Saturday noon at his farm in Avonhurst. Before a doctor could reach his bedside he died of acute gastritis. Up to a half hour of his death Mr. Macdonald had been in the very best of health and was preparing to take his heat to an elevator.

D. A. or "Dan" Macdonald came here in 1882, working his way west as a contractor on the C. P. R. and at Moose Jaw he stopped off and came to Regina, where he opened a blanching shop. He then opened an implement shop here and in 1911 re-

tired from business and went farming on a large scale. He was town councillor for four years and has always been identified with public movements in Regina. In 1884 he married Margaret McDougall of Bruce and of that union there were eleven children, ten of whom service. Mrs. Macdonald died in trenches in France, and James Gordon, with the 38th battery, C. E. F., now in winter quarters at Winnipeg; Isabel and Jane Ann, two daughters, of Regina; Mrs. C. E. Huff of Toronto and Mrs. M. G. Little of Saskatoon. Mrs. Huff was married just a short time ago in the city of Toronto and will be unable to attend the funeral. Donald A. and Mrs. Huff will be the only members of the family not present at the funeral, which will be held on Tuesday afternoon at 2:30 o'clock from the residence, 2344 Rose street, to the Regina cemetery.

Distribution of Live Stock—Work of the live stock branch of the provincial department of agriculture has now been concluded for the year, and the sum of \$50,000 has been expended in the work. There were 456 head of cattle distributed this year, compared with 433 head last year. In 1914 there were 75 head of western grade heifers sold while this year 180 head were distributed. The number of bulls sold were 24 last year and 80 this year.
