Wonderful Cures Reported in Germany.

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous inorganic substances, has been revived very widely of late. In Germany a new school of physicians has arisen which throws out almost a whole of the pharmacopeis and relies on an adaptation of the method of wild animals in curing themselves. . . . N. Y. World.

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who first advocated the extended use of some of our native roots, such as: Golden seal and Oregon grape root, mandrake and queen's root, black cherrybark. These are the chief ingredients in Doctor Pierce's Golden Medical Discovery, which has been so well and favorably known for nearly half a century. A harmless cleanser and stomach tonic that usture has provided.

I had tried enough nux. bismuth, gentian, rhubarb, etc., to float a ship and naturally thought there was no cure for me, but after reading what eminent doctors said of the curative qualities of the ingredients of 'Golden Medical Discovery' I gave it a fair trial. Took the 'Discovery' and also the 'Pleasant Pellets,' and can truthfully say I am feeling better now than I have in years. I cheerfully give permission to print this testimonial, and if any 'doubting Thomas' writes me I will 'put him wise' to the best all-around medicine in the country to-day."

Death of a Remarkable Young Woman at Hamilton.

Hamilton, Ont., Feb. 8.-One of the most remarkable patients who ever entered the local hospital, is dead in the person of Nellie Morden, aged twenty years. She was admitted three or four weeks ago and was suffering from having swallowed pins. An X-ray photograph was taken of her stomach, and it is estimated that there were a thousand pins in it. They were to be seen in the photograph in great masses, and included not only ordinary pins, but small brooches and similar articles, and the doctors could do little for her because of the length of time her pin swallowing perations covered, as they had greatly torn the stomach.

Deputy Minister of Customs, Lessurier, received a message from dr. G. C. Hann, of Lamaline, last evening, stating in effect that two oung men, Peter Haley and Patrick Fleming, belonging to Allan's Island, were drowned while crossing from the mainland to the Island on Sunday night, the 16th inst. Both bodies have been recovered. The message finished by saying that the dory the victims were in, evidently caught in the ice and capsized. The first intimation anyone had of the tragedy was when they saw the dory drifting seaward at noon on the 18th.
