The Final Day of the Coat Sale Brings An Extraordinary Rush Offering: Wednesday, \$5.00

ON THE THIRD FLOOR, one of the most remarkable Stock-taking Day clearances that we ever have made, will be launched with the opening of the Store Wednesday morning. FIVE HUNDRED COATS WILL BE MARKED HALF-PRICE AND LESS FOR 9 O'CLOCK RUSH SELLING. This has been perhaps the busiest coat-selling month we have known, yet our earlier preparations for an extra heavy season's business have left our stocks still hundreds of garments too heavy for the day on which we take down the inventory figures — and we mean to clear these out with a rush Wednesday. Come early, expecting buying opportunities out of the ordinary. Choose from a splendid range of colors, black, navy, Copenhagen, brown, tan and fawn, greys and mixtures. Materials comprise chinchillas, curl cloths, checks, diagonals, plain and ribbed duvetyns, velours delaine, reversible English ulsterings and coatings, including heather mixtures, chevots, beavers, etc. It's an assortment such as we probably never before have offered at the price. Sizes 32 to 42. See Yonge Street window display. Stock-taking Day rush clearance price, each, \$5.00.

The Millinery Success of the Day

The New Kitty Mackay Turban

CHIC AS IT IS BECOMING, serviceable as it is artistic, what wonder that the Kitty Mackay Turban should have achieved such a tremendous success in New York? Hand-made, the dashing new shape is carried out in silk, satin or velvet and malines, with a coronet brim of silk velvet encircling a close-fitting crown of velvet or of silk moire or satin covered with malines, while malines ruffling inserted between crown and brim gives a very dainty touch. The trimmings consist of a knot and two "ears" of velvet, lined with silk or satin in front. Obtainable in black and colors. On sale Wednesday, \$2.65. —Second Floor, Yonge St.

A 9 o'Clock Rush Clearance of Waists-- Wednesday at 39c

COUNT THIS OFFERING TYPICAL OF MANY SUCH VALUES you may expect to find in the Waist Section Wednesday, between 9 o'clock and the Stock-taking hour, though the smallness of quantities does not warrant our giving newspaper mention to them. Women's linette, Madras and flannelette waists; the linen and Madras in tailored style, with laundered or soft turn-down collar, long sleeves with turn-back cuffs, front fastening; the flannelette with low turn-down collar or high collar and long sleeves, patch pocket and front fastening. All sizes in the lot and a variety of colors. Many of the waists are half-price and less. Semi-annual Sale, 39c.

Semi-annual Sale, \$1.95. —Infants' Wear Department, Third Floor, Queen Street.

SENATE ABOLITION OR REFORM HINTED

(Continued From Page 1.)

was responsible, and therefore avoided meeting its master, the parliament of the country, as long as possible.

Meighen's Insurgency. Referring to the appointment of Solicitor-General Meighen, Sir Wilfrid said that although Mr. Meighen was an able man he owed his appointment to the somewhat insouciant position he had taken on the bank bill at the last session of parliament. Mr. Meighen, he said, had discovered that with this government nothing went further than it had shown his merit, but it had shown his teeth. (Liberal applause.)

When the senate had amended the bill to revise the Bank Act at the last session, Hon. Mr. White had declared the amendments unimportant, but Mr. Meighen had denounced them as vital, and had voted against them and against the government. He had shown his teeth, and they looked so sharp and menacing that Mr. Borden had made him solicitor-general. After twenty-four months he discovered that Mr. Meighen was the man for the place and passed over six other aspirants on the government benches.

Foster's Perseverations. Sir Wilfrid Laurier referred to the absence of Hon. George E. Foster from the house. It was true that Mr. Foster was a member of the Dominion Commission, having supplanted P. C. LaRonde of Toronto, but it was doubtful whether a cabinet minister should sit upon a commission of that kind. He had tried to introduce wheat flour, and now intended to send cooks, bakers

and confectioners to wear the Asiatic from their rice diet. "I hope he succeeds," continued the leader of the opposition, amid applause and laughter. "But if he succeeds in increasing our trade by selling a barrel of flour he will have accomplished more than has been accomplished so far by the Borden government in the way of trade expansion."

N. T. R. Delayed. Sir Wilfrid touched lightly upon that portion of the speech referring to the National Transcontinental Railway. The government, he thought, had delayed finishing the branch between Cochrane and Quebec, for the reason that it had neglected to prepare any terminal facilities at the City of Quebec. He declared that the government had abandoned the Champlain market site for a station, and was building a union station in conjunction with the Canadian Pacific, neglecting the Grand Trunk Pacific altogether in spite of the law passed by parliament to the contrary.

The failure of the government to make any reference to the naval aid bill in the governor-general's speech, was hailed as the indication of the position taken by the Liberal party last session. We know how that naval scares, panics and emergencies which from time to time excited the world, were deliberately manufactured by the armor plate manufacturer, who bought space in newspapers.

Sir Wilfrid contended that the peril of Canada was financial, not military. **Sees Blue Rain.** We now had 100,000 idle men in the country. For the first time since 1897 there was unemployment in Canada and the finance minister was not justified in saying at Montreal and subsequently at Gananoque, "that the crisis had come and passed." The government knew there was a situation to deal with, and had appointed a commission to enquire into the high cost of living. It was a good commission in some respects, but being composed of civil servants, it could not touch

the tariff or any political question. "What was the remedy?" In Sir Wilfrid's opinion, the prime minister could give Canadian wheat and flour free access to the American market. Why did he not do so? The request had come from the Conservative legislature of Manitoba, from the legislature of Saskatchewan, from the Grain Growers' Association, and from the Conservative members of the Alberta legislature.

Moved Amendment. Sir Wilfrid closed by offering the following amendment: "We regret to represent to your royal highness that in the gracious speech with which you have met parliament, while it is admitted that business is in a depressed condition, yet there is no indication on the part of your advisers of determination to take any steps relieving such situation."

Borden Given Ovation. Mr. Borden, upon rising to reply, was greeted with loud and prolonged applause. He said parliament had not been summoned in November because it was the policy of the government to have the session begin in January, and this policy had been endorsed by members on both sides of the house. "He was amused at the solicitude displayed by the leader of the opposition in the absence of Hon. George E. Foster. He doubted if Sir Wilfrid or the Liberal party would shed any tears if Mr. Foster never came back. However, for their relief he would tell them that the minister of trade and commerce was now on the ocean and would be in the house on Monday next. (Cheers.)

Turning to the highways bill, the prime minister said it had been a measure which had met with the hearty approval of the majority of the provinces, and of a large majority of the people of Canada. It had been killed by the senate, which loaded it down with amendments the government could not accept.

"Let me tell the country here and

now that the leader of the opposition, the men behind him in the house, and his friends in the senate, are responsible for defeating the vote of one million dollars, the session before last, and the vote for one and a half million dollars at the last session, which we desired to substitute among the provinces of Canada, for the construction and improvement of the highways." (Applause.)

May Reform Senate. The prime minister then reviewed the action of the Dominion Senate in killing the highways bill, the interprovincial branch lines bill, the tariff board legislation, and the naval aid bill. In no other country, he said, was the upper chamber so beyond control when it saw fit to defy the people. The Liberals were warned that if they persisted in using their majority in the senate to defeat the popular will, the matter of dealing with the upper chamber would be forced upon the government, in which event Mr. Borden said that the subject would be dealt with once and for all.

Discredited Within Empire. Reviewing the history of the naval bill the prime minister said that the action of the senate in rejecting that bill had created a profound impression within and without the empire. It had delighted the foes of England and had been interpreted as signifying that Canada would be hereafter not a source of strength but a source of weakness to the British Empire. To pass the bill again, and to have it again rejected by the senate would be to further discredit this country and imperil the empire. Moreover, Mr. Churchill had declared that the British taxpayer must make up for the injury which a partisan majority in the senate had inflicted upon the empire.

If the Conservatives remained in power and obtained control of the senate they would at once construct the three Dreadnoughts. This declaration by the prime minister was

greeted with great cheering from the government benches.

"Free Food" Abandoned. Mr. Borden said that he regretted to see that Sir Wilfrid Laurier had not scrupled to summon to his assistance the cry of "hard times." He had criticized the government for having no policy worthwile to cure the present temporary depression, but the amendment offered by him showed that Sir Wilfrid had himself no policy to suggest. He had already retreated from the "free food" platform proclaimed at Hamilton only two months ago.

Mr. Borden did not wonder that the Liberals had fled from the free food policy, which meant that the farmer should be left without protection while the tariff was retained for the benefit of all other classes of the community. He was sorry to hear Sir Wilfrid singing so dolefully, and would like to inquire whether he was serious in saying that 100,000 men in Canada were out of employment.

Sir Wilfrid Laurier: "I think I am well within the mark."

Dark Days of 1907. Mr. Borden went on to say that times were not so hard now as they had been in 1907 and that conditions were much better here than in the United States, where there were one million idle men in the iron industries alone. For himself he was confident that the slight check to our prosperity which he had overcome by a great revival of business with the opening of spring.

Trade Preference Killed. Dr. Clark, the Liberal free trade member for Red Deer, said that South Bruce had done more to strangle the naval aid bill than all the senators in the world. He made a strong low tariff speech, in which he declared that the greatest event of recent years from the standpoint of Canada had been the passage of the Underwood tariff law.

It might be said that the fiscal revolution in the United States had killed reciprocity; it had certainly killed mutual trade preference within the British Empire. Canada could not offer the West Indies free sugar or Australia free wool.

Dr. Clark made a strong argument in favor of free wheat. Argentina, he said, offered the offer of the United States, and Canadian statesmen should be no less allied to the best interests of their country.

Mr. Burnham, the Conservative member for West Peterboro, observed that the Liberals in an effort to defend their cause on the naval question were discussing theories of government. These theories interested the people of Canada less than did the tango. He scouted the notion that any reduction could be made in the high cost of living by tinkering with the tariff.

BLAZE WAS CAUSED BY KITCHEN STOVE
Fire, caused by an overheated kitchen stove, did over \$2000 damage to the residence and contents at 1 Ashlynn avenue, owned and occupied by W. Forchum, at 7:30 last evening.

The blaze was first discovered by a domestic. The fire-fighters were able to save most of the building, but the greater part of the contents were destroyed. The residence was two-story brick veneered.

The second flat was occupied by Henry Thompson, whose loss in furniture destroyed will be nearly \$2000. Mr. Forchum loses \$1000 in damage to his building and over \$500 in damage to his furniture on the first floor. The loss is partly covered by insurance.

MAKE CONTRACTORS OBSERVE BARGAINS

School Board Will Adopt Sealed Tender System—Salary Increase Changes.

School board contracting, described by Judge Winchester as "a farce," is hereafter to be conducted under the terms of "sealed tenders." E. P. Brown, solicitor, explained to the finance committee yesterday that if the tenders had a seal attached, as well as the firm's signature, it might be difficult for tenders to withdraw, when profitable for them to do so, by claiming that mistakes had been made thru the tenders not having been checked over and items omitted.

The solicitor's advice was approved and will be sent to the board for ratification. Members of the committee asserted that this year tenders who withdrew accepted tenders would have to fight in the courts to get back their cheque deposits.

The action of Chairman McTaggart in agreeing to co-operate with the managers in establishing a one-class school at the Preventorium was sustained. About forty children having symptoms of tuberculosis are at the institution.

President W. J. Thomson and Secretary C. G. Fraser of the School Principals' Association presented a request that seventeen principals who are receiving less than the regular schedule should have the matter adjusted by receiving the usual raise, and an additional half raise per year until the salaries are adjusted.

Housekeeping, Nursery, Gardening and News of Interest to Women

Views are Various on Market Issue

Housewives and Farmers are Favorable, But Retailers Oppose.

PRODUCE INTERCEPTED

On Way to Market, Charges McBride—Cold Storage Plant.

More markets for the city were demanded by deputations at the meeting of the property committee yesterday. It was a field day for the fighters against the high cost of living. They want to buy market produce direct from the farmers.

The Canadian Household and Housewives' League was represented by Mrs. F. S. Mearns, and Mrs. Osler Wade. They stated that the league is buying products direct from the farmers and selling at cost price to the poor. They asked for the free use of a room in St. Andrew's Hall on Wednesday of each week. This was promptly granted.

"The woman with the auto sets the price of produce at St. Lawrence Market," said George Shields, heading a deputation from ward one. "We want a market on the Kingston road, where prices will not be affected by autos."

M. J. O'Leary asked for a market in North Toronto, Bathurst Hill. Ratepayers' Association asked for a market at Davenport road and Bathurst street. West Toronto Ratepayers' Association asked for a market at Dundas street and Weston road.

Charles Moulé, a truck farmer, stated that producers could save most valuable time in the summer could they drive to a market in a ward nearest to their farm and sell their load there, instead of peddling from door to door.

"Very few farmers will bring produce to the markets or stores unless phoned for," said F. C. Higgins of the Retail Merchants' Association. "To spend money on markets is unwise."

Would Hurt Retailers. "To establish markets is to hurt the interests of retail merchants," said M. Trovren. "Before any action is taken, the retail merchants should be given an opportunity to present their facts. The St. Lawrence Market is a dead horse, and so would every market be."

"We'll notify all parties interested before we take any action," Ald. Spence, the chairman, promised.

Ald. Ryding moved that the proposed market be inspected by a sub-committee for a report. He named Ald. Wickert, Wanless, Hillz, Ryding, Graham, and Commissioner Chisholm for the committee. The motion was carried.

"We advertised that a korb market would be established on Indian road, south of Dundas street, and never a farmer has gone there," said Ald. McBride. "What happens is that dealers meet the farmers on the road and buy their produce before it can reach a market."

The estimates of the property department were submitted. They total \$425,737.24, an increase of \$100,000 over last year's expenditure. More lavatories, a civic garage and improvements in the city hall make up the increase.

Ald. Dunn argued for a cold storage plant for the civic abattoir. Ald. Singer moved for a report from Commissioner Chisholm as to the desirability of cost of a plant, and this was adopted.

"It is now considered advisable to have a cold storage plant," said Controller O'Neill. "It will cost \$40,000. It is not really any other part of an abattoir than that of an auxiliary plant."

WINTER TOURS TO THE LAND OF SUNSHINE AND SUMMER DAYS.

At this season of the year a great many are planning their winter tours. Considerable numbers annually visit the ever-popular California resorts, while many prefer the flowers and sunshine of Florida, together with the very even climate.

Numerous people in comfortable circumstances, well able to afford a winter tour, have formed the mistaken idea that a trip of this nature is most expensive. This is not so. Mistakenly, both interesting and educational, can be made with speed and comfort at a comparatively small cost. Why not investigate?

The Canadian Pacific Railway offers particularly good service to Detroit, where direct connection is made for Florida, via Cincinnati, Ohio, and Atlanta, Ga. Jacksonville, Florida, is reached second morning after leaving Detroit. Excellent connections for Florida can also be made via Buffalo.

The Canadian Pacific-Wabash route will be found the ideal line to Chicago, where direct connection is made for the Southern States. New Orleans is reached second morning after leaving Toronto.

Direct connection is also made at Chicago for points in California, Texas, Arizona, etc.

The dining, parlor and sleeping car service between Toronto, Detroit and Chicago is up-to-date in every particular. Connecting lines also operate through sleeping and dining cars.

Those contemplating a trip of any nature will receive full information from any C. P. R. agent; or write M. G. Murphy, district passenger agent, Toronto.

NEW WING OPENED.

The Burnside (maternity) wing of the General Hospital was opened yesterday morning without ceremony by Medical Superintendent, Dr. Charles Clark. Mrs. Esther Sushols, a German woman, who was the first patient admitted, gave birth to a bouncing baby boy ten minutes after the new wing was opened.

WHY THE WOMEN TEACHERS OF TORONTO ARE ASKING FOR AN INCREASE IN SALARY

The following communications have been received from the Women's Education League in connection with the agitation for an increase in salary for women school teachers in Toronto:

Reasons why the Toronto women teachers are asking for an increase of salary: 1. For the past five years the purchasing value of our salaries has been decreasing owing to the high cost of living.

2. Considering the demands on a teacher's income the salary has never been adequate. 3. A woman begins at \$600 a year, remains at that sum for two years, then gets \$650, then \$700 for two years, then \$750, then \$800 for two years, then \$850, \$900, \$950, reaching \$1000 after 12 years. A man begins at \$1000, increasing to \$1500 in five years. Each doing practically the same work, having the same qualifications.

4. The men are given the same salary because it is said that men have others to support. It has been ascertained that as great a proportion of the women have others dependent upon them as of the men.

5. The women on the high school staff are paid the same as the men, and no difference is made in the salaries of the men and women doctors. Why such a difference in the payment of men and women assistants?

6. The primary classes are all taught by women. This is admittedly the most difficult work in the course. Which of the men would attempt to teach primary classes? The third book classes, where discipline is most difficult and trying, are chiefly taught by women.

7. The nurses begin at \$600 and receive an annual increase of \$50 until \$1000 is reached in the ninth year. As the benefits result to the child, it is vastly greater in the case of the teacher's work than that of the nurse, why should teachers be more poorly paid? The training for a teacher is much more difficult and expensive than that of a nurse. More nurses than teachers applied during December for positions on the staff. There are less than 40 nurses and more than 300 women teachers at the present time.

8. In many of the other cities, notably those of the west, both minimum and maximum are greater than in Toronto, and the maximum is reached in a very short time.

9. The business world is taking many qualified teachers, and drawing students from the high schools because salaries are higher.

10. Only 15 per cent of the money spent on Toronto schools in 1912 went to the 900 women assistants, who do the bulk of the work.

Editor World: Noting the other day that the Household Economic Association was endorsing the claim of the women teachers of the public schools of our city for better recognition in regard to salaries, made it my business to glean a few of the outstanding facts regarding the work and salaries of these guardians of our youth. It appears that the young man graduate from our training colleges, without any experience, begins at an advance of \$400 a year over his fellow girl graduate, and begins also where our finest and experienced women teachers end. He then has an increase of \$100 a year, while the ablest lady instructor is only granted \$50 and has several years to forego even that.

In view of the fact that it takes the same time for both male and female students to complete the course, and that expenses and fees are alike for both, and when one considers the absolute incapability of the young man graduate to take charge of very young children, this discrepancy in the way of remuneration is very much too great. Also, the schedule of salaries for the school nurses compared with that of the women teachers is greatly in favor of the former—starting at the same minimum, they reach the same maximum in three years less time.

There can be no questioning that the teacher's task is much more arduous and the responsibility much heavier than that of the nurse. The years of preparation for their vocation and the attendant fees and expenses ought surely to give the preference in the way of salary to those to whom the mental and moral interests are entrusted rather than to those who, only attend to the physical.

According to the last published reports of the board of education (that of 1912) the salaries of 941 women teachers (including kindergarten) make up 15.2 per cent of the general expenses. The school rate for 1912 was \$1-10 mills. Thus the salaries of the women teachers, whose numbers are overwhelming beside those of the male staff, amount to less than one mill of the school tax.

Surely the women teachers of our city, who have so much to do with moulding the character of the children, are entitled to more generous recognition of their work.

THE COMPOSER VERDI.

A Link of the Past to the Present in Opera. Wherever, whenever and however popular music is known, the composer who must be accorded universal laurels is Giuseppe Verdi, born near Parma, Italy. His true name was Francesco Fortunio. He received his musical education from the chapel master of the cathedral for whom he composed marches at an early age.

His first opera was presented at the La Scala, Milan, in 1838 and a few years later on the pronounced success of "Ernani" made him one of the popular operatic composers of the day. The arias from "Il Trovatore" were sung and whistled upon the streets whenever opportunity offered and were rendered wherever and whenever the desire for music, whether in opera, symphony, oratorio, concert, or street hand organ. He composed the popular melody, "Al! I Have Sighed to Rest Me," and others that will never be forgotten as long as fair Italian skies remain.

But when he wrote "Aida" and his later operas he proved that he was in fact a master of modern music, equal to the radical changes in opera construction and orchestration. In every collection of songs touching the heart a number of the arias from Verdi's operas will always appear. He died at Milan in 1901 at a mature age.

The musical career of Verdi is one of the notable chapters in the history of music of all time. Several of Verdi's most famous operatic arias appear in "Heart Songs." This unique volume contains a treasury of songs for a half century past. We commend it to our readers as the one collection of songs of the past century which they cannot do without, and call attention to our coupon printed elsewhere in today's paper.

THIRD COMING OF TETRAZZINI. For the third time the great diva, Tetrazzini, will have visited Toronto when, on Jan. 28, the Tetrazzini-Ruffo concert, the musical event of the year, is scheduled. Special local interest is given in the fact that a newly-built grand piano of "The Old Firm" of Heintzman & Co., Limited, on which much labor and effort has been spent, will then be used for the first time. Tetrazzini has always used a Heintzman & Co. piano.

TO PROTECT CHILDREN FROM STREET DANGERS Ontario Safety League Will Inaugurate Campaign of Education.

With the backing of several public-spirited citizens, the Ontario Safety League intends to inaugurate at once an educational campaign, which will consist of lectures, literature, newspaper advertisements, etc., with a view to pointing out the dangers of streets to school children, who run great risks by running recklessly across the streets. Later the league will branch out into the other divisions of safety work.

Sir John Gibson is honorary president of the league and J. L. Hughes is president. The vice-presidents are Sir H. M. Pollett and J. C. Eaton. Many organizations have identified themselves with the work and all have representatives on the general council of the league.

MILITANTS DETERMINED TO WAIT ON KING If They Fail, They Will "Know the Reason Why." LONDON, Jan. 19.—(Can. Press.)—"The king has got to see us or we shall know the reason why," Mrs. Dacre-Fox told a meeting of militant suffragettes in London this evening. It was at a meeting called to reopen the campaign for equal suffrage after the recent fall and the women were full of fight.

Mrs. Dacre-Fox said the suffragettes had not anticipated that his majesty would refuse to see a deputation of women on Jan. 7, but if he had been advised by his ministers not to see the women he must shield himself that way.

"He has got to see us," the speaker added, "or we shall know why." The next deputation will go to Buckingham Palace prepared for all emergencies.

THREW FLOUR ON SPEAKER. EDINBURGH, Scotland, Jan. 19.—(Can. Press.)—An irate suffragette today made Thomas McKintion Wood, the secretary for Scotland, look like a miller by throwing a bag of flour at him while he was addressing a meeting connected with the inauguration of the Edinburgh high school.

He was in the middle of his speech when the woman shrieking something about torture, leaped on to the platform and dashed a paper bag full of flour into the middle of his speech.

Not a word was said by the speaker as he brushed the flour off his face. In three years the "Salada" Tea Co. have increased their business 3,289,954 pounds. In other words, they have in three years added to their already large trade an amount equal to the annual tea consumption in the Dominion of Canada.

Not a difficult thing to accomplish. Children will not learn where they are not interested. When their interest has been awakened, it will be but a short time before their attention is thoroughly fixed on the work.

The direction given by the teacher in the schoolroom to the lay or indifferent child is too often unheeded. And unheeded again and again because no visible bad results accrue from this inattention or disobedience. But fortunately this condition cannot obtain in a child's garden.

Take the boy and the barrow for instance. The first time he wheeled his heavy load along a path rough with litter, the probability is that he either slipped his load before going very far along the path, or else he became so thoroughly disgusted at the slowness of his progress and the amount of physical and mental labor expended by him to enable him to finally reach his destination with his load that he makes up his mind even while loading up the second time that conditions before him must be bettered. Thus he thinks, "He cannot help it. He has been forced to bring his mind to bear intelligently upon the solution of the problem ahead of him."

But what if a boy, a wheelbarrow and a spade forms the greatest trio of learning that one can find in many a long day.

On one side and watch the valiant and delightfully stubborn battle for supremacy on the part of each one of them is a liberal education to the watcher.

The watcher might even be forgotten for sometimes thinking that the boy is not the only member of the trio that is possessed of thoughts. Because a spade—or pitchfork, as the case may be—can bring up some pretty problems for boy's solving, and a wheelbarrow so many equally pretty ones, that we shall use these garden helpers as teaching tools frequently.

For instance, is there any special science in the loading of the barrow?

TUESDAY MORNING, JAN. 20.
PRESIDENT GUNDY AND THE STREET RAILWAY.

The statement that caused most applause in the board of trade meeting yesterday during President Gundy's inaugural address was his assertion: "I am absolutely opposed to the purchase of the street railway and the Toronto Electric Light Company on the terms and conditions at present stated."

The statement, however, was not a declaration against public ownership, and Mr. Gundy followed it up with a proposal much further reaching than that of Mayor Hocken. We quote his words:

"I believe that in order to a complete clearing up of the whole situation and a proper solution of the transportation difficulties of the Province of Ontario and the City of Toronto should unite, on terms to be agreed upon between them, in purchasing the stock of the Toronto Street Railway (if at a satisfactory price and not otherwise), and thus secure control, not only of the Toronto Street Railway, but of all subsidiary companies, which include the Toronto and York Radial Railway Company, consisting of the Metropolitan line, extending from North Toronto to Lake Simcoe; the Scarborough line, extending from the Woodbine station at Kingston road, and the Mimico line, extending from Sunnyside to Port Credit."

The Toronto Street Railway Co. does not own the Toronto Suburban Railway, which holds the franchises in Ward Seven and adjacent lines of railway along Davenport road, also from West Toronto to Lambton and from West Toronto to Weston—this Toronto Suburban Railway is, however, owned by the Mackenzie interests and it would be essential in any deal with Sir William Mackenzie to include this line also.

Under such a plan as I have outlined, the Provincial Hydro Commission, representing the Ontario Government, could retain for its own use the Electrical Development Company and the transmission lines of the Toronto Niagara Power Company, including the right of way between Toronto and Niagara Falls and the radial railways, and hand over to the City of Toronto all the property within the city.

This, I believe, would be a complete clearing up of the whole situation in city and province, as it would avoid giving running rights for radial lines over the streets to Sir William Mackenzie, which is one of the serious objections to the plan at present before the people.

We have always distinguished between the desirable and the possible. If it can be shown that the province is willing to go into partnership with Toronto and the other municipalities in the power union; and if it can be further shown that the citizens of Toronto will be willing to undertake the responsibility of the larger share of the undertaking, we are not going to raise difficulties. But we have not been assured of that, nor do we think the matter has been gone over in sufficient detail to warrant any definite conclusion.

With regard to the purchase of the street railway and the other franchises immediately within the city's precincts, we have no doubt at all. Had we purchased and taken over the railway last July we should have already been 2 1/2 per cent. ahead on our bargain.

The serious objection to which Mr. Gundy's emphasis that Sir William Mackenzie would obtain running rights for radial cars on the city lines is partly a misconception. Neither Sir William nor anyone else could obtain any rights over city lines without negotiation with the city. But if the province should purchase the lines and desire entrance to Toronto, the city would be in no better shape for negotiation, and perhaps not as good, as with Sir William. There is nothing in Mayor Hocken's agreement that gives radial rights to Sir William, except by negotiation, and by similar negotiation any other interests, or the proposed provincial hydro radicals, would obtain equal running rights thru the city.

There is evidently some radical misunderstanding on this point among members of the board of trade. No doubt when they obtain the agreement drawn up by the city's legal department some things will be learned and some things unlearned, which The Telegram has diligently labored to make obscure.

BOARD OF TRADE ELECTIONS.
 We are glad to observe that the board of trade repudiated the interference of The Telegram in its election for a council and second vice-president yesterday. The World judged the situation, as far as it was affected by the street railway purchase proposals, as a struggle between anti-public ownership interests and those in favor of public ownership. But there was very little of a struggle, even from that point of view. The board of trade is

composed of business men, who regard affairs from the point of view of horse sense and fair play. No proposal that cannot stand unprejudiced scrutiny from such a tribunal is worth anything. We believe that cool reflection will eliminate any prejudice. The Telegram has endeavored to impart to the board of trade discussions the Telegram specially campaigned against Messrs. Howett, Dunstan and Atkinson. They were all elected. The Telegram campaigned against Messrs. Blain, Hay and Turnbull. Of these Mr. Turnbull alone was unsuccessful. The result is an excellent council, many past presidents being returned to the sphere of former activity. We trust that the board will continue to give the impartial and businesslike attention to municipal matters which it has so usefully done in the past.

THE PREMIER'S HEALTH.
 No more general and no keener, kinder sympathy has ever been felt than for the stricken premier of Ontario. The news of his journey home, following the natural, pathetic longing of a true son of Ontario to be among his own people, when the shadows are gathering, has gone to every heart. The most earnest wish of every citizen is that, like Hezekiah of old, he may be healed. He has walked in truth with a perfect heart, and done that which is good. There are none that would not have him spared yet awhile.

The truth is, however, that the premier is far spent, and only the resources of science have maintained his existence during the last anxious weeks. If he survives the strain of his journey during the next week, it may be hoped that he shall recover a measure of his strength.

BOULEVARDS AND EMPLOYMENT.
 President Gundy, on assuming office in the board of trade yesterday, confined himself in his inaugural address to a brief consideration of a few important matters. He has been specially interested in the city boulevards and parks, while the scheme for a drive encircling the city and threading the most beautiful scenery on the Humber and the Don, and to the north, has received his attention. He asked for assistance in getting the whole scheme into shape for final development. The cost will be less now than at any time in the future and there appears to be a disposition on the part of the property owners to contribute rights of way of which advantage should be taken. Mr. Gundy's observations on immigration and relief work may be coupled together. He was optimistic about the future and thought there would be sufficient work for all at an early date, but he considered that quality rather than quantity should be insisted upon in the class of immigrants permitted to enter the country. The normal condition of unemployed labor, he thought, was not so bad as represented, and relief could be afforded with a little attention, and, he added, "this can all be accomplished without sensationalism or overstatement."

OLD AGE PENSIONS.
 In all large cities there is always a percentage of unemployed. Its extent is not due entirely to conditions within the city, for that is added to by the migration inwards from districts that are even more seriously affected by any prevailing depression. That drift is inevitable, and is aggravated by the tendency of citywards, which has become so marked both in the older and in the younger communities. To all appearance cities today must continue to provide for an influx of unemployed, which will and must continue until real inducements are provided for their continuance on the land. But that again means a radical revolution in agricultural methods.

That legislation can operate in the way of reducing the amount of pauperism is shown very distinctly in the figures reported for London, England. Largely owing to the introduction of the old age pension system in 1908, the figures of recent years show a remarkable reduction in the number applying for public relief. A recent return issued by the local government board shows

a reduction of 17 per cent. in the number of indoor paupers over seventy years of age; while outdoor paupers over that age have diminished by no less than 22 per cent. These bald figures do not really represent all that this reduction means to the poor. Old age pensions have saved the home, which, however humble, is always better than the poorhouse.

IMMIGRATION RESTRICTIONS.
 Even in those sections of public opinion in Great Britain that were at first inclined on theoretical grounds to support the unrestricted movement of British-born citizens within the confines of the empire, it is beginning to be recognized that there are many other considerations to be kept in view. Acute differences have arisen over the claim of natives of British India to pass freely from one part of the empire to another, irrespective of the sentiment that locally prevails. Something of the resentment at the provisions limiting immigration is no doubt due to failure to apprehend the position of the British overseas dominions and the measure of self-government they exercise. But even apart from that, there are real and substantial reasons why each part of the empire should deal with its own problems and not seek to unload them on its other dominions.

India has a population of over three hundred millions and looks to emigration for relief. But it is evident enough that unless the volume of emigration were encouraged to an unparalleled extent, no relief can in that way be afforded. Even so, Mr. William Archer remarks in a recent article, were only four per cent. of them, or 12,000,000, to emigrate, what difference would that make to India? But 12,000,000 is little short of the whole white population of the self-governing dominions, and the arrival of so great an influx of alien and unassimilable races would involve an alteration in their whole policy, their conditions of life and course of development. Lord Bryce, the late British ambassador to the United States, remarked the other day that "to prevent friction, reduce contact as much as you find." Restrictions on immigration do not necessarily involve any reflection on the country, whose over-crowding they relieve. Rather does it mean that the best interests of any country require its home grievances to be met by internal reforms.

ARMOR-PLATERS IN CANADA.
 Ottawa Citizen, Jan. 18.—The international armor-platers have elected a notable British member for the Canadian branch at Montreal. A typically aggressive policy may be expected. The full board elected, and announced last week as follows: Sir Edouard Percy Cranwill Grouard, K.C.M.G., president; George Green Foster, K.C., vice-president; Sir George Herbert Murray, B.C., secretary; William Armstrong Noble and Matthew Joseph Butler, C.M.G.

The people of the British Empire on the south side of the river near Montreal. Until plans have been perfected a thro lobby of parliament conducted, and the country prospered. The venture—the most costly industry in the world—is unlikely that warship building will be undertaken on a big scale. But under the direction of Percy Grouard—taken from the British diplomatic service at the height of his brilliant career—the unexploited natural resources of Canada show up as profitable as in Brazil, Argentina, Turkey, Russia, Japan, Spain, Italy, and the other parts of the world where the international armor-platers are successfully established.

Trade papers in Britain, such as The British Press, commenting upon their attention to Canada, "understand that Montreal 'will probably become the centre of the armor-plating business.' A good yield is anticipated. The situation is somewhat complicated by the determination of the Dominion Government to build three battleships in the British way, as a measure of aid to the British navy. A similar way, far more economical to the taxpayers of the country, is practised by Brazil, Argentina and Chile. Instead of going to the enormous expense of supporting warship works in South America, the orders are placed, thru the diplomatic agents of the armament trust, for construction in Britain.

At the recent annual meeting of the Goodyear Tire & Rubber Co. of Canada, Limited, the following officers were elected: President, F. A. Seiberling; vice-president and sales director, R. P. D. Graham; treasurer and general manager, C. J. Oille; secretary and treasurer, C. J. Oille; superintendent, E. H. Koken.

Doctor Said He Had Diabetes
Dodd's Kidney Pills Cleared Out Every Trace of It.

Curling Single Rinks Down to 46 Hockey Games Galore Baseball More Money for Canadian Umps.

THE SINGLE RINKS PLAY ON SOFT ICE

Afternoon Games Completed in Preliminary and First Round—The Record.

Twenty-one games were decided in the single-rink curling competition for the Canada Life Trophy on soft ice yesterday afternoon. Owing to the continued thaw it was impossible to finish the first round at night, as scheduled. Play will be continued tonight, according to the order of the committee, and the fourteen skips left in the first round are asked to telephone the rinks at 6.30 for instructions.

Several of the games were close. Davy Prentiss, Dr. Peaker, Geo. Orr and President Brunton winning by one shot, John Rennie, with Ross Harstone playing, and Geo. Lovesy pulled it down to three shots at the finish. Col. Rennie (Queen City) and A. D. McArthur (Toronto), skips who generally go a long distance in this competition, went out last night before Bill Scott of Parkdale and J. H. Wellington of Queen City.

As there were sixty-seven original entries and no defaults, just forty-six rinks remain. When the remaining fourteen games are decided in the first round they will be down to the 32's.

Judge Brunton won his game by a six-foot raise in an extra end. Dr. Peaker booted in a second shot with his last stone, and gave the game to Geo. Orr.

WHITEWASH DOSE FOR THE STANDARD

Dominion Have Easiest Kind of a Time in Bank League Fixture.

The Bank League fixture at the Arena last night was just a light workout for the Dominion squad, who downed the Standard seven, 11 to 0. It never was a hockey match at any stage, and the Dominions toyed with their opponents throughout.

Reg. Blomfield, a star of former years, did some pretty skating and stick handling for the winners, while Burritt was effective on the front line. Clancy and Flynn were busy, while big Glad Murphy never had to extend himself. Sprague was good.

Right from the first bell it was all Dominion and it was just a case of how many goals they could run up. The teams:
Dominion (11)—Goal, Rice; point, Murphy; cover, Sprague; rover, Blomfield; centre, Burritt; right, Clancy; left, Flynn. Standard (7)—Goal, Kerr; point, McCubbin; cover, Kift; rover, Gray; centre, Wallace; right, Rutherford; left, Avery. Referee—Hugh Lambe.

The summary:
First Half—
1. Dominion.....Murphy 5.00
2. Dominion.....Blomfield 3.00
3. Dominion.....Sprague 1.00
4. Dominion.....Burritt 5.00
5. Dominion.....Blomfield 6.00
6. Dominion.....Blomfield 2.00
Second Half—
7. Dominion.....Clancy 1.00
8. Dominion.....Flynn 15.00
9. Dominion.....Burritt 15.00
10. Dominion.....Burritt 10.00
11. Dominion.....Blomfield 10.00

January Stock Reducing

The Last Ten Days of a Remarkable Sale

So far this year our January Sale has been one of the most successful we have ever had; due in some part, no doubt, to the large and well assorted stocks we carried. It is our intention to make the balance of the month show up equally as well. Each of the ten days intervening between now and stock listing will present specially noteworthy price reductions on selected lines—prices that will undersell hitherto matchless value-giving. In our store's custom rules we must clear everything in each department. Emphasizing for values, we invite critical inspection and comparison, knowing "Fairweather's" quality will always sell itself.

CRUDE HOCKEY BY JUNIOR OUTFITS

Toronto Canoe Club White-wash the Poor Aurora Seven in Listless Game.

The junior game staged by Toronto Canoe Club and Aurora at the Arena last night found T.C.C. with another of their bad nights, and it was more shiny than good hockey. Aurora were crude and all was absolutely no combination by either team, and the score, 7 to 0 for the red ring paddlers, was a fair indication of the play.

The checking was poor by the visitors, and it was only here that the paddlers showed anything like class. They were away of in their shooting and could never get more than one man across the ice. Young was not up to the form of Saturday, when Applegath and Webster were only good in spots. Warwick was on top of the rest, most of the time, but was no task to get thru for Aurora were very polite and opened up every time Toronto rush came their way.

Toronto ran in three tallies in the first half, but it was the poorest brand of hockey the juniors have supplied in this season. It was clam bang all the way and devoid of the first rudiments of the foot passing game.

It was a slaughter after the rest, and four more were added by the Paddlers. The teams:
T.C.C. (7): Goal, Turner; defence, Mulvihill, Robertson; rover, Applegath; centre, Webster; right, Young; left, Warwick.
Aurora (9): Goal, Harman; defence, Burdell, Holman; rover, Brown; centre, Leroy; right, Egan; left, Lloyd.
Referee: F. C. Waghorne.

The summary:
First Half—
1. T.C.C.....Applegath 3.00
2. T.C.C.....Warwick 20.00
3. T.C.C.....Warwick 2.00
Second Half—
4. T.C.C.....Applegath 1.00
5. T.C.C.....Applegath 12.00
6. T.C.C.....Warwick 2.00
7. T.C.C.....Mulvihill 3.00

ST. MIQUES JUNIORS DEFEAT ST. ANDREWS

Losers Were Ahead a Goal at Half Time in O. H. A. Game at Arena.

By coming like a house afire in the last ten minutes St. Michaels were able to tie up the score and finally win out from their rather over-confident opponents, St. Andrews, by the score of four to three, yesterday afternoon in the Arena. The Scotchmen were odds-on favorites at the start and easily looked good enough to get away with the victory until about the middle of the second half, when the Green shirts suddenly turned the tables on a good game. The sudden reversal of form caught their opponents napping, and before they were actually aware of it, St. Michaels had tied the score and were rushing them back on the defensive with every move. It didn't take long for them to get another, as they continued their dazing play, while St. Andrews found themselves battling against unmistakable odds.

The first half was rather slow, and St. Andrews looked to outclass their opponents in this period. After two minutes, St. Andrews were actually ahead by a goal and a half later Hatch put the Scotchmen up another, making the score two to nothing in favor of St. Andrews. The play began to even itself up at this stage, and the bumps were being handed out all along the line. Doyle was checked hard twice in quick succession and he had to retire, taking Douglas with him. Finally Bunyan beat the Victoria with a low shot, and the game was again, St. Michaels were having very poor luck with their shots. Doyle, who had returned to the game at this time, set the first tally for St. Andrews, and it looked as if the game was being handed out all along the line. Doyle was checked hard twice in quick succession and he had to retire, taking Douglas with him. Finally Bunyan beat the Victoria with a low shot, and the game was again, St. Michaels were having very poor luck with their shots. Doyle, who had returned to the game at this time, set the first tally for St. Andrews, and it looked as if the game was being handed out all along the line. PURE WATER WILL BE GIVEN KINGSTON

Sewage Disposal Plant if International Commission Reports Adversely.

SLEIGH GOES THRU ICE

Farmers Declare That City Unemployed Won't Work in Country.

(Special to The Toronto World) KINGSTON, Jan. 19.—Asking that work be provided for the unemployed so that they would not be reduced to the condition of paupers a deputation from associated charities this afternoon waited on the utilities commission. The commission will give all the work it can. The board of works also will furnish some employment and as many men as possible will be provided for.

The prison reform commission is taking a rest this week. Next week the members will visit the St. Vincent de Paul penitentiary, Dorchester, N.B., and the state prison at Elmira, N.Y. This will wind up its work.

Another Sink Hole. As a result of a sink hole on the C.P.R. line near Lake Opinicon, traffic between here and Smith's Falls is tied up. A ballast train passed over the scene of the mishap a few minutes before the collapse. It will take several days to repair the damage.

Charged With Desertion. Sergt. T. Hewitt, whose disappearance from Tete de Pont Barracks caused much anxiety, returned to this city this morning. He is now charged with desertion. Since Dec. 31 he had been living at Buffalo. He stated that he suffered a partial loss of memory.

Breaking thru the ice near Garden Island, Victor Sudds, his wife and daughter narrowly escaped drowning. It was with great difficulty that the horse was saved. The sleigh went down.

City's Water Supply. If it is declared in the report of the International Waterways Commission that the water in Kingston harbor is badly polluted, the city utilities commission will see that a pure water supply is provided. Such was the statement today of T. J. Rigney, chairman of the commission. The commission is now awaiting a full report. It will likely result in the installation of a sewage disposal plant.

Final year medical students at Queen's are arranging to furnish rooms in the General Hospital and Hotel Dieu as memorials to their year. The farmers declare that they have offered good positions to men for the winter, but they absolutely refuse to go to work on the farm. Sixteen letters have been declared that they will not go to the country.

MARMORA CONSERVATIVES

BELLEVILLE, Jan. 19.—(Special).—At a meeting of the Conservatives of Marmora, an association was formed and the officers elected as follows: Honorary president, E. G. Porter, M.P.; and R. J. Cook, M.L.A.; president, H. C. Wiggins; vice-presidents, W. R. Linn and C. A. Bleeker; treasurer, R. T. Gray; secretary, E. M. Gladney; executive committee, D. G. Chisholm, Joe Dale, H. Connor, D. Simmons and W. A. Sanderson.

TO ANNUL L. O. ELECTION.

BROCKVILLE, Jan. 19.—(Special).—A detective has been here for several days seeking evidence, it is alleged, upon which to annul the recent local option election. His presence is exciting considerable interest.

CHIEF OF POLICE HAD TABLES TURNED ON HIM

Prisoner Thrust Officer Into Cell and Jammed Door Shut. Tried to Fire Lockup.

NIAGARA-ON-THE-LAKE, Jan. 19.—To be locked up himself in the cell in which he was about to incarcerate a prisoner, was the novel experience of Chief of Police Wait of this town. Thomas Connolly was remanded to the cells on a drunk and disorderly charge, having not sufficiently recovered from the day he was arrested, to stand trial. The chief turned his back to the prisoner for a moment in the corridor of the police cells, when Connolly seized the officer, and thrusting him into the cell, locked the door and decamped. The noise raised by the imprisoned policeman finally brought assistance, and Chief Wait was liberated. Connolly was found in a barroom, begging the bartender for a drink. He fought all the way back to the cells, but was finally locked up.

RESIDENT IN ELGIN DIES IN CHURCH

Had Just Taken His Seat When He Fell Forward and Expired.—Sale of Debentures.

(Special to The Toronto World) BROCKVILLE, Jan. 19.—Thos. Galley had just taken his seat in the Roman Catholic Church at Elgin yesterday when he fell forward and immediately expired from an acute attack of heart failure. The incident caused a great commotion in the church. Mr. Galley was a popular man in the neighborhood. He leaves a widow and nine children. The finance committee of the town council has disposed of a block of \$33,000 debentures of the water and light company to A. E. Ames & Co., Toronto. The sale was considered the best that has been made in Brockville in several years.

TO INTERVIEW COMMITTEE.

London Manufacturers in Toronto Today Talking Over New Workmen's Act.

LONDON, Ont., Jan. 19.—(Can. Press).—Representatives of a large number of the leading manufacturers of the city leave for Toronto this evening to lay their views before the committee of the legislature, which has charge of the new workmen's compensation bill, drafted by Sir William Meredith.

SIXTEEN THOUSAND LEFT BY D. M. SPINK

Late Pickering Miller Leaves Entire Estate to Father and Mother.

According to the will of the late Dehr Major Spink, of the J. L. Spink Mining Company, Pickering, who died in Toronto on Dec. 29, his estate, inventoried at \$16,614, is to be equally divided between his father, John Lawrence Spink, and his mother, Eliza Fuller Spink. The estate is made up of \$16,000 life insurance, \$38 promissory notes, \$495 stock in the J. L. Spink Limited, and \$85 cash.

FALLS FOUR STOREYS TO IMMEDIATE DEATH

Dr. Russeau of Sherbrooke Slips Into Hotel Elevator Shaft and is Instantly Killed.

QUEBEC, Jan. 19.—(Can. Press).—Dr. Henry Russeau, a member of the St. Francis Snowshoe Club of Sherbrooke, who arrived in Quebec with his club, fell down the elevator shaft of the St. Louis Hotel at 3 o'clock this morning and was instantly killed. Dr. Russeau was on the fourth storey of the hotel, and in a dazed state pulled open the closed door to reach the elevator which at the time was at the bottom. He slipped into the space and was hurled to his death.

HULL ELECTS BOURQUE

HULL, Que., Jan. 19.—Ex-Ald. Joseph Bourque was returned mayor here today by acclamation.

SIX WORKMEN DEAD AND THREE INJURED

Premature Blast on C. N. R. Near Annprior Results Disastrously.

OTTAWA, Jan. 19.—(Can. Press).—Six men were killed and two others seriously injured, and one slightly hurt in a dynamite explosion late Saturday on the C. N. R. construction work at Ross' Point, Que., opposite Annprior. The names of the dead so far as known are:

Joseph Elliott, aged 22, single, Bristol Mines.
Stephen J. Trudeau, aged 32, with wife and three children, at Bristol Mines.

Duncan Herron, aged 55, married, but leaving a child, vice president, H. The other three were foreigners. The accident occurred on the Pembroke-Ottawa branch of the C.N.R. The men were engaged by Brennan & Grant, contractors, in excavating rock for a bridge pier, and had exploded one blast successfully. Another had been put in, but a premature explosion caught the gang before they had time to reach safety. Four of the men were killed outright and two died later. There were ten men in the gang, and the one who escaped is a Polish laborer, unable to give anything but the barest details.

ELECT OFFICERS FOR YEAR.

BELLEVILLE, Jan. 19.—(Special).—At the annual meeting of the Belleville Agricultural Society the officers for the year were elected as follows: Honorary president, Mayor J. P. Willis; honorary vice-presidents, Col. Panton G. M. Campbell; president, John Elliott; first vice-president, Arthur Jones; second vice-president, H. K. Denyess; directors, W. W. Anderson, Stanley Weibanks, Asa Brickman, Geo. McCullough, Harry Ketchum, Arthur Vermylen, Martin J. C. Farley, Chas. Weese, Robert Garbutt, A. McPee, L. R. Terwilliger, W. C. Reid, L. W. Marsh, W. Carney; secretary, R. H. Ketchum; treasurer, G. Horton; auditors, J. L. Clapp, H. A. Fairman.

COLLAPSED ON HEARING NEWS.

LONDON, Ont., Jan. 19.—(Can. Press).—Shocked by the news that her mother and younger brother had perished in an apartment house fire in Brockton, Mass., Mrs. Marion Conroy, an employe of a local shoe company, collapsed in a state of hysteria in a department store here and had to be taken home. She left the city on the first train for the scene of the tragedy.

WON'T ACCEPT MONEY RAISED FOR RELIEF

Members of W. F. M. Refuse Thirty Thousand Collected for Disaster Sufferers.

HOUGHTON, Mich., Jan. 19.—(Can. Press).—Because of the refusal of members of the Western Federation of Miners to accept the \$30,000 collected from the citizens of the copper country for the relief of families who suffered by the Italian Hall disaster, on Christmas Eve, money may be returned to the donors. The relief committee will try to distribute the money this week, although the money is being held in the care of the sufferers without assistance. President Moyer refused to accept the money on behalf of the strikers, on the ground that much of it had been subscribed by those who have opposed the strike of the copper miners.

STEERAGE PASSENGERS HELD IN QUARANTINE

Third Typhus Ship Within Two Weeks Detained by New York Health Officer.

NEW YORK, Jan. 18.—(Can. Press).—Another typhus ship, the third within two weeks, was detained at quarantine today by Dr. Joseph J. O'Connell, health officer of the port. The vessel is the Kaiser Franz Joseph I of the Austro-American Line, a sister ship of the Belvedere, from which a case of typhus fever was reported on Saturday. The Kaiser Franz Joseph I came from Adriatic ports. The patient on the vessel was removed to St. Vincent's where the case was diagnosed this morning as typhus. One hundred and forty-nine steerage passengers who had been exposed to the disease were detained at Hoffman Island for observation until the incubatory period of the disease terminates.

BAILLIE, AYLMER'S MAYOR

ATLANTIC, Que., Jan. 19.—(Can. Press).—James Baillie was elected mayor today by a majority of fifty-six, defeating Mayor W. G. Mulligan.

PHYSICIAN'S SUIT AGAINST TOWNSHIP

Former M. O. H. Falls in Damage Action for Alleged Wrongful Dismissal.

(Special to The Toronto World) CHATHAM, Jan. 19.—The case of Dr. J. C. Bell of Merlin v. The Township of Raleigh was dismissed in the county court this afternoon.

Dr. Bell was medical officer of health of the township during 1912. He was dismissed early in 1913, and he brought suit for \$400 damages against the township for an alleged wrongful dismissal. While Health Officer Dr. Bell insisted that residents refrain from draining into an open drain that runs thru the township, there was considerable opposition to this step, and the doctor claimed that he was a victim of a conspiracy in enforcing the regulations of the provincial board of health a movement was launched and successfully carried out to oust him from the position. The case was tried before Judge McBeth of London, owing to the fact that the senior judge was out of the city. The plaintiff in the judgment given, each party pays its own costs.

MOTHER GIVES HER SON CARBOLIC THRU MISTAKE

George B. Leitch Dies as Result of Poison Administered in Place of Medicine.

SARNIA, Jan. 19.—The Canadian Club of Sarnia was addressed this evening by J. B. Tyrrell, mining engineer of Toronto. He spoke of the mineral wealth of the great north country and illustrated his address with slides. Mistaking carbolic acid for medicine, the mother of George Barr Leitch administered the poison to her son last night, and the boy died today at 10 a.m. The fearful mistake has placed the mother in a serious state. No inquest will be held. The boy was suffering from scarlet fever at the time. William Coulter of the lake shore appeared before Magistrate Flock and pleaded guilty to stealing five bushels of beans from the barn of John Burden, a Sarnia Township farmer. He was fined \$25 and costs.

INTERMENT IN GUELPH

Funeral of the Late Rev. Dr. Wardrop Takes Place Today.

GUELPH, Jan. 19.—(Special).—The remains of the late Rev. Dr. Wardrop have been brought to Guelph for interment, and the funeral takes place tomorrow afternoon.

SEVERE NEURALGIA

Cured Through the Use of Dr. Williams' Pink Pills

There is an excellent reason why Dr. Williams' Pink Pills have cured the most severe cases of neuralgia. The remains of the late Rev. Dr. Wardrop have been brought to Guelph for interment, and the funeral takes place tomorrow afternoon. The board of control and the Canadian Union of Municipalities will today ask the Dominion Government to adopt the following amendments to the Dominion Railway Act: "To give the Railway Board power to regulate shunting and other like business in residential districts in cities." "To re-grant the clause regarding the ability of municipalities for the protection of level crossings." "To stop trains blocking crossings and highways in cities." "Suburban railway service for metropolitan areas in cities. To give the Railway Board power to grant same and make it mandatory and not permissive." "Burial of wires in cities. Increased legislation regarding Dominion companies."

TORONTO CIVIC GUILD

The eighteenth annual meeting of the Civic Guild will be held in the city hall (James street entrance) on Thursday, Jan. 22, at 8.15 p.m. The election of officers and executive committee for the year will be held at a very early hour. Progress made in matters pertaining to Toronto's improvement will be submitted.

CELEBRATE THEIR GOLDEN WEDDING

County Magistrate and Mrs. Hunt of St. Thomas Honored by Many Friends.

ST. THOMAS, Jan. 19.—On Jan. 19, 1864, Francis Hunt of the Township of Dereham, and Mary Ellen James of Norwich were married by Rev. Isiah Elliott, Baptist minister at Mount Elgin, and today, Jan. 19, 1914, just fifty years after, Judge and Mrs. Hunt were at home to their legion of friends from four to seven o'clock at their residence, No. 32 East street, St. Thomas, and celebrated their happy and important event in their long and useful lives surrounded by many relatives and congratulated by a host of old associates.

County Magistrate Hunt, by reason of his judicial fairness and use of common sense, more than his respect for the technicality of the law in giving his decisions, has gained a province-wide reputation, in addition to being one of the best known men in Western Ontario. The squire was appointed a magistrate in 1878 and a stipendiary of the county in 1885. Before assuming his judicial responsibilities he was in turn a blacksmith, a school teacher, oil speculator, a contractor, a merchant, a reporter, an editor, railroad foreman, an alderman, and, in an emergency, a local preacher.

Mr. and Mrs. Hunt have resided in the city for the past 48 years and are blessed with a family of five children and thirteen grandchildren.

DIPHTHERIA IN CHATHAM.

CHATHAM, Jan. 19.—(Can. Press).—An epidemic of diphtheria, traced by local physicians to the mild weather, has broken out here. Thirteen cases occurred in the city during December and five more have been recorded so far in January.

ARRESTED IN MICHIGAN.

CHATHAM, Jan. 19.—(Can. Press).—Ernest Miller, wanted by the police on a charge of highway robbery, was arrested yesterday in Algona, Mich., and is now confined in the jail at Port Huron awaiting the arrival of an officer from Chatham to bring him here for trial.

WANT MANY AMENDMENTS MADE TO RAILWAYS ACT

Board of Control and Canadian Union of Municipalities to Make Request.

NEW TORY PAPER IN ST. CATHARINES

Project Stated to Be Afoot for Establishment of "Regular" Organ.

LINCOLN AND C. T. ACT

If Votes Carries Next Week in Welland, Neighboring County May Try It.

(Special to The Toronto World) ST. CATHARINES, Jan. 19.—There is every indication that if the Canada Temperance Act is carried in Welland County next week, it will be tried in Lincoln County. This would affect Port Dalhousie, Homer, Jordan, Merriton, Niagara-on-the-Lake and Grimsby, and if carried would render every municipality in the county dry except St. Catharines. The move is due to the effort made to secure a shop license in Port Dalhousie.

Another Conservative Daily.

A well-defined project is on foot to establish a new Conservative newspaper in St. Catharines. Past independence on the part of The Standard, the only Conservative daily between Hamilton and Niagara Falls, has caused several of the strong party men to feel what they call the need of a "regular" organ. At the last municipal election the proprietor of The Standard alleged that the "machine" was used against him, and that he smashed it. Reported "proxy" beer containing as high as five per cent. alcohol, resulting in the firing of three proprietors of \$100 each, has been brought to the attention of the provincial authorities by the local license inspector. A. T. Howes, of the Sells real estate publications of London, Eng., left this afternoon for Toronto and Montreal en route for home, after quietly investigating realty conditions in the Niagara district, which has been much advertised in the old land.

GEN. PICOQUET IS DEAD WAS DREYFUS' CHAMPION

Played Prominent Part in Trial Which Resulted in Acquittal.

AMIENS, France, Jan. 19.—The death occurred here today of General Marie-Georges Picoquet, commander of the second French army corps, who was, except for the prisoner himself, the most prominent figure in the Dreyfus case. He was in his 60th year. General Picoquet regarded as one of the most brilliant officers of the French army, rose to high rank in a very early age. He was an Alsatian by birth and an extremely good linguist, and this added his appointment to the general staff. It was while serving there that Picoquet discovered a number of forgeries which had brought about the condemnation of Dreyfus to the horrors of Devil's Island. Picoquet left after became one of the most enthusiastic applicants for a revision of the judgment on Dreyfus, and his zeal led to his arrest and imprisonment on various charges, which were, however, dismissed for want of evidence.

DR. FRASER'S LECTURE.

A lecture on the early history of Ontario was given last night before the men's club of St. Stephen's Church by Dr. Alex. Fraser, provincial archivist. J. P. Clougher presided and at the close a hearty vote of thanks was given the lecturer.

"Gains 22 Pounds In 23 Days"

Remarkable Experience of F. Gagnon. Builds Up Weight Wonderfully

"I was all run down to the very bottom," writes F. Gagnon. "I had to quit work I was so weak. Now, thanks to Sargol, I look like a new man. I gained 22 pounds in 23 days." "Sargol has put 10 pounds on me in 14 days," states W. O. Roberts. "It has made me sleep well, enjoy what I ate and enabled me to work with interest and pleasure."

A "LUMP," STRONG, ROBUST BODY.

"Before I took Sargol people used to call me 'skinny,' but now my name is changed. My whole body is stout. Have gained 15 pounds and am gaining yet. I look like a new man," declares another man who had just finished the Sargol treatment. "Would you, too, like to quickly put from 10 to 20 lbs. of good solid, 'meat-clear' fat, and muscular tissue between your skin and bones?" "Don't say it can't be done. Try it. Let us send you free a 50c package of Sargol and prove what it can do for you. More than half a million thin men and women have gladly made this test, and Sargol does succeed. Does make thin fat, fat, even where all else has failed. It has proved by the tremendous business we have done. No drastic diet, flesh creams, massage, oils or emulsions, but a simple, harmless home treatment. Cut out the cause and send for this Free package today, enclosing only 10 cents in silver to help pay postage, packing, etc. Address The Sargol Co., 414-N. Herald Bldg., Birmingham, N.Y. SIR DONALD MANN IS QUITE HOPEFUL

Present Western Stagnation Only the Lull Before the Spring Activity.

Whatever the result of the money stringency may be elsewhere it is to have no effect on the enterprises of the Canadian Northern Railway, which are to be pushed forward without any let up. That such was the case was the statement made today by Sir Donald Mann, vice-president of the C.N.R., who interviewed on his return from the coast yesterday. General conditions in the west were quiet, he said, but he believed to be only the lull which preceded a resumption of activity in the spring. The past fall had seen more land prepared for cultivation than ever before.

A Study in Expression

Time is no factor in the appreciation of a great man; in fact, we are more able to judge him fairly than the less broadly informed people of his own time. A few moments spent in observing the play of emotion on the features of the doctors and churchmen who surround Columbus on Dumond's great canvas will give you food for thought, not to say self-gratulation on having been born in a country where thought, speech and action are untrammelled.

"Columbus at Salamanca"

brings across the centuries a true and vivid picture of the middle ages, and of one man's daring and heroism.

BY THE COURTESY OF THE HON. JOHN WANAMAKER, OF PHILADELPHIA,

we are able to bring this Paris salon picture here for a short time. Take the first opportunity to visit the special gallery on the fourth floor, Longe street side.
