31ST YEAR

TAFT TO PROPOSE GENERAL LOWERING OF THE TARIFF

Will Go Far Beyond Reciprocity Arrangement at Extra Session, Says New York World—The Times Points Out That There is No Legal Restriction on Action of Extra Congress.

NEW YORK, March 4.—A special despatch from Washington to The New York World says:

It can be stated with authority that when the presidential message goes to the new congress April 4 it will direct the attention of congress to much more than the Canadian reciprocity treaty.

MR. TAFT, TAKING AS HIS TEXT WHAT HE SAID IN HIS MESSAGE TRANSMITTING THE CANADIAN AGREEMENT AND WHAT HE SAID MORE SUCCINCTLY IN HIS SPRINGFIELD SPEECH, IS EXPECTED TO PROPOSE A DOWNWARD REVISION IN TARIFFS ON THE NECESSITIES OF LIFE.

He will do this not as a politician, but as a statesman, and will carry the effect of politics. He said in the Springfield speech that unless the Republican party takes up the tariff where no tariff is needed the party will find itself without a tariff law.

The president knows that the next house, being Democratic, will put up to him certain bills revising the tariff downward. Knowing this, but with the knowledge of his own conversion, as expressed in the Springfield speech, MR. TAFT WILL "BEAT THEM TO IT" BY PROPOSING REVISION DOWNWARD AS A REPUBLICAN POLICY.

BUT THE PROBABILITY IS THAT THE PRESIDENT'S MESSAGE TO THE EXTRA SESSION WILL GO EVEN BEYOND THAT, AND AFTER REFERRING TO THE CANADIAN TREATY AND TO DOWNWARD REVISION ON THE NECESSITIES OF LIFE, WILL BECOME THE TAFT PLATFORM FOR THE DEMOCRATIC OFFICE. It will include what has previously stated in his speeches and has recommended in his messages regarding the legislation that has not been accomplished.

The attitude of the Democrats as an organization was this: The reciprocity treaty should be passed, and the tariff board should not be passed. ASIDE FROM THIS THE PROGRAM WAS TO PASS TARIFF REVISION BILLS, LOWERING THE COST OF LIVING ON THE IMMEDIATE NECESSITIES OF LIFE, AND ADJOURN UNTIL DECEMBER 15, THEN BRING ON THE PARTY FIGHT.

That was the program. But it seems to-night that the president, instead of being on the defensive, has taken the offensive. If he sends in the message here forecast on the best of information the Democrats of the next congress will find it necessary to use finesse to claim the credit.

The net result is that there will be an extra session after the passing of the reciprocity agreement and revising the tariff downward on the necessities of life.

THE PRESIDENT WILL GIVE DUE CONSIDERATION TO ANY BILL THE NEXT CONGRESS PASSES WHICH DEALS IN HIS OPINION WITH THE TARIFF QUESTION.

What The Times Says.

The New York Times' special despatch from Washington, under the same date, says:

While the president gives as the only reason for his action his desire for the adoption of the Canadian reciprocity agreement, there is little doubt now that the Democrats of the house will undertake to revise at least two or three of the schedules of the tariff act, and there is every reason to believe that these bills will be favorably received in the new senate—the increased Democratic and insurgent strength in that body giving a majority to the principle of a further revision of the tariff downward.

It is supposed also that, so long as the new schedules do not flagrantly violate the policy of protection, President Taft will not withhold his approval of them. He has announced, however, that if a general revision, in violation of the protective policy, should be inaugurated, he would not hesitate to use the power of the veto.

How long the extra session will last is problematical. If tariff differences should arise between the new house and the senate, the session unquestionably would be a long one. The president has a constitutional right to bring the session to an end in case the two houses of congress cannot agree upon a time for adjournment. There is thought to be little likelihood, however, that the president would care to invoke the power vested in him by section 3, article 2, of the constitution. Members of the new congress must depend upon the publication of the president's proclamation for their notice of the assembling of congress in extra session. There is no provision in the constitution, and no statute, requiring the sending of notices to the individuals who will constitute the new congress. When the sessions of the senate and house assemble the proclamation will be read, and if the usual custom is followed, the presiding officers will have to go to the newspapers for copies needed for that purpose.

No Legal Limit to Action.

The Times editorially states the president is forced to call an extraordinary session.

The net result is that the president is forced to call an extraordinary session.

Continued on Page 7, Column 6.

Taft's Message

Whereas, by this special message, dated Jan. 26, 1911, there was transmitted to the senate and house of representatives an agreement between the department of state and the Canadian Government in regard to reciprocal tariff legislation, together with an earnest recommendation that the necessary legislation be promptly adopted;

And whereas a bill to carry into effect said agreement has passed the house of representatives, but has failed to reach a vote in the senate;

And whereas the agreement stipulates not only that the president of the United States will communicate to congress the conclusions now reached and recommends the adoption of such legislation as may be necessary on the part of the United States to give effect to the proposed agreement, but also that the governments of the two countries will use their utmost efforts to bring about such changes by legislation at Washington and at Ottawa.

"Now, therefore, I, William Howard Taft, president of the United States of America, by virtue of the power vested in me by the constitution, do hereby proclaim and declare that an extraordinary occasion requires the convening of both houses of the congress of the United States at their respective chambers in the City of Washington on April 4, 1911, at 12 o'clock noon, to the end that they may consider and determine whether the congress shall, by the necessary legislation, make operative the agreement."

AUTO VICTIM SUCCUMBS TO "JOY RIDERS"

Dundas Man Said to Be Owner of Car Which Cost Edward Jacobs' Life.

Edward Jacobs, who was run down by automobile joy-riders Friday night on Bloor-st. near Clinton-st., died in Grace Hospital at 5 o'clock yesterday, as a result of his injuries.

The identities of the two men who ran over him and abandoned him on the roadside without pausing to ascertain the extent of his injuries, have not yet been learned by the police, but a possible clue came to the local detective department yesterday in the form of a telephone message from a person who refused to divulge his name. The voice said it was probably certain that the car belonged to a man of Dundas. The name of the man who owned the car was given, and a detective or two will institute enquiries in Dundas to-day.

Detectives Wallace, Newton and Wilson are working on the case, and will seek co-operation from the Ontario Motor League, as the information concerning various cars. Chief Corcoran considers the case of such extreme importance, that he will personally conduct an inquiry in the morgue to-night, as an aged married man with a large family, and lived at 399 Clinton-st. He was riding a bicycle on his way home, when he was run down. His injuries included a broken leg, injured back, countless cuts and bruises, and internal injuries. He had lived in Toronto for a number of years, carrying on a carpenter and repair business on West Queen-st. He came from Brockville, from which he had a brother-in-law, Frank Graham, came last night to look after the obsequies. Mr. Jacobs was a member of local 129, "Star" of the K.O.T.M., and was a charter member of the Brockville lodge.

AMERICAN CAR COMPANY TO BUILD WORKS IN B. C.?

Has Been Making Enquiries Regarding Projected Plant of the B. C. Steel Corporation.

The British Columbia Steel Corporation, the one whom a charter has just been granted by the Dominion Government for the establishment of a large steel plant near Vancouver, have received a communication from the American Car and Foundry Company in which they signify their intention of establishing large works in connection with the former's steel plant. The American Car and Foundry Company is the largest manufacturing concern of railway steel cars and coaches in America and is capitalized to the extent of \$10,000,000. They have large plants in Pittsburgh and Gary, Pa., and are affiliated with the U.S. Steel Corporation. If they establish a plant near Vancouver it will mean a big thing for that city as well as the country in general.

The full plant when in operation, will employ 5,000 skilled workers and have a capacity of nearly 1,000 tons of steel daily. They will have two blast furnaces and five 200-ton open-hearth furnaces. A. P. Gilles, the sub-plant manager, has been promoting the scheme for nearly a year and states that the enterprise has the backing of European capital.

Installed New Pastor. — Dean Brady was this morning installed by Bishop Downing as pastor of St. Basil's Roman Catholic Church, Father Lennon, who recently retired, held the pastorate for 23 years.

FRENCH AVIATOR BROKE THE OVER-WATER RECORD

Flew 124.5 Miles Over the Mediterranean—Longest Previous Flight Was McCurdy's.

NICE, France, March 5.—Lieut. Bague accomplished a sensational and daring feat to-day by flying over the Mediterranean from Antibes to the little island of Gorgona, off the Italian coast. He covered a distance of more than 200 kilometres (124.5 miles), establishing a new record for overseas flight. This he did without the assistance of tug, torpedo boats or any other craft to guide him or add to his confidence by their presence.

Lieut. Bague started at 7:30 o'clock this morning in a Blériot monoplane with the intention of landing on Corsica and proceeding thence by way of Sardinia and Sicily to Tunis, to visit the colonel of the fourth Algerian rifle, from which regiment he refused to devote his time to aviation.

In the presence of a few spectators the aviator left the ground, rising at once to a considerable height. He shaped his course southward and soon vanished. Aided by a strong wind his progress was rapid, and a despatch was finally received here that he had arrived at Gorgona. This island lies between Corsica and Leghorn. It is a small wooded rock about two miles long belonging to Italy. Bague landed there at 1 o'clock in the afternoon, the descent being made awkwardly and with great danger. The aviator, on account of the trees and rocks, the monoplane struck heavily and was badly damaged, but Bague was not hurt.

It had been his intention to land at Ajaccio, on the west coast of Corsica, but losing his way the aviator shaped his course too far north. As it was, he covered a greater distance over the water than if he had carried out his original plan.

Lieut. Bague's overseas flight broke the previous record, held by J. A. D. McCurdy, who on Jan. 15 last flew from Kew West to within ten miles of the Cuban shore, a distance of 91 miles, flight over Lake Erie of 64 miles, while other aviators have done 50 or more on several occasions.

TOLD TO GO TO H—L

When He Came Back for His Money — Fraud Charged.

Perpetration of a young fraud is charged against Albert L. Bush, who was arrested Saturday night by Detectives Murray and Armstrong at 126 Simcoe-st., where he had been rooming for three days. He is accredited with having inserted an advertisement in the local papers to the effect that he was opening electric fixture stores in Hamilton and Toronto, and wanted payment to take charge who had \$200 to put up as a deposit of good faith.

One Charles Laflamme bit, but hadn't the \$200, so he gave \$25 on account. Another, Ham Mosley, contributed a ten spot.

Bush went out and got drunk and the two went back after their money. They were politely told to "go to hell," hence the complaint to the police.

Bush claims to represent an electric firm in Chicago. He has only been in Toronto three days.

HOT TIMES EXPECTED.

SPRING HILL N.S., March 5.—Twenty policemen arrived at Spring Hill yesterday from Cape Breton for the purpose of giving protection to the strikers who want to return to work in the mines. Whether the policemen who come from Cape Breton have the requisite commission to enable them to act legally in Spring Hill is not known. The town authorities are not in favor of the newcomers and may refuse to recognize them. Hot times are expected.

HE WILL NOT CHANGE

JACK CANUCK: No, son, not for me. I'll stick to the old shape.

MILLION DOLLAR FIRE SWEEPS MINNEAPOLIS

Two Lives May Have Been Lost—Fireman Leaped Across Ten Foot Space to Fire Escape to Rescue Woman—If He Had Missed Would Have Fallen Forty Feet—Origin of Fire Unknown.

AID SUMMONED FROM ST. PAUL

MINNEAPOLIS, March 5.—One of the most disastrous fires this city has ever known, destroyed to-day the syndicate block, on Nicollet-avenue, between Fifth and Sixth-streets. The total loss is estimated at \$1,000,000, and it is possible that two lives were lost, altho this has not as yet been definitely determined.

Twenty persons were rescued from the upper stories of the building, while the flames were roasting around them. Some of these sustained slight injuries, but none were seriously hurt.

The origin of the fire is unknown. The alarm was given by some passer-by on Nicollet-avenue, who saw the flames bursting out of the second story window. An alarm was quickly given, but before the firemen had arrived, the tenants of the building, who were asleep in the upper rooms, began to appear at the windows, calling frantically for aid.

A strong southwest wind was blowing, and in a very few minutes the west half of the building was a roaring furnace. The entire fire department of Minneapolis was called out, but it was totally inadequate to check the flames. Later a call was sent to St. Paul for help, and this was immediately furnished.

A Thrilling Rescue.

The members of the Franzone family, on the third floor, finding an exit by stairway and front windows cut off, made for the fire escape on the alley side of the building. Elmer Franzone leaped to the fire escape thru a blast of flame to a window out of which was his only escape. Holding to the hot members of the ladder, he helped his mother to climb thru the window and she stepped on platform beside him. As soon as her hands touched the rafters, Mrs. Franzone uttered a shriek and would have fallen to the ground, had not Fireman Caldwell leaped to her rescue from a ladder perched against the New England Building, which adjoins the Syndicate building. Caldwell made a leap of fully ten feet and took a chance of falling to the pavement forty feet below if he missed the fire escape. Fortunately he struck it right and reached Mrs. Franzone's side not a second too soon.

Several Explosions.

He assisted her to the ground, while Elmer Franzone followed, shouting "There are two women back there in the flames, I saw them fall." The firemen made every effort to break into the building.

Fear of Russian Aggression Grows

Chinese Alarmed—Report From Harbin That Russian Military Circles Are Advocating Occupation.

PEKIN, March 5.—The fear of Russian aggression is increasing here. Reports published in the Russian papers and reprinted in the Peking press greatly exaggerate the dangers from the plague. Many of the higher class Chinese fear a design to alarm Europe and justify military occupation. Despatches from Harbin state that Russian military circles are advocating occupation.

The Vladivostok newspapers print warnings of the danger of a Boxer uprising, but the Chinese Government emphatically denies the possibility of such a thing, declaring that the entire country is under control.

GAME TO CANADA TO AVOID THE TRUSTS

American Farmers in Alberta Oppose Reciprocity for Significant Reason—Will Sir Wilfrid Hold the Measure Over Till the Next Session of Parliament?

OTTAWA, March 5.—(Special.)—It is stated to-day by influential Conservatives that the reciprocity agreement will not be adopted by the Canadian parliament before May 15, the date upon which Sir Wilfrid Laurier announces he will leave for England to attend the imperial conference. This means one of two things: First, that Sir Wilfrid will not go to the conference, but will stay here to force the agreement thru the Canadian house, or, second, that he will agree to hold over the question until next session. It is pretty certain, however, that he will not go to England and leave parliament in session with this matter undecided.

The opposition to the agreement is daily growing stronger, but the most surprising news is from Alberta, to the effect that the American farmers in that province are out against it, for a very interesting reason. THEY STARE THAT THEY CAME TO CANADA TO AVOID THE OPERATION OF THE TRUSTS, WHICH HAVE BEEN CONTROLLED ON THIS SIDE OF THE LINE BY THE CUSTOMS AUTHORITIES.

They explain the farmers on the other side have not been receiving the prices for their wheat that the markets indicate, that the individual farmers have been under the heel of the trusts. They declare that the complete removal of the tariff barriers will invite the operation of these trusts in Canada, and that it will do no good to the farmers on either side of the line. It is anticipated that these objections will have considerable weight in the succeeding discussions in the house. It is notable that two of the leading opponents of the measure, G. H. Farley and H. E. Ames, are native born Americans. Mr. Farley is a graduate of Harvard.

WHO IS JEZEBEL?

So deep-rooted is sentiment against reciprocity in the peach belt of the Niagara Peninsula that even Sunday school teachers are drawing parallels from it. Yesterday a fruit-grower took advantage of the lesson to teach both patriotism and morality—more of the former than the latter, he it is known, since he professes to be a good Tory.

"Take heed and beware of covetousness," said he, repeating the golden text. "And now my children," he continued, "this beautiful lesson has a special meaning to us to-day. We are facing a great national crisis, in some respects a national peril. Covetous eyes are set upon Canada.

In this magnificent stretch of country, commonly known as the fruit garden of Ontario, we have what might be styled Naboth's vineyard. To the south of us lies the United States, and in the person of Uncle Sam we have the wicked Ahab. But worst than that, in our own midst we have the character represented by Jezebel. And who is Jezebel? None other than Sir Wilfrid Laurier. He is the one who would betray the Canadian Naboth into the hands of Uncle Sam-Ahab, that he may despoil the vineyard that we live in."

A HEAT APIECE.

Sir Wilfrid Laurier and President Taft have evidently arranged to force the reciprocity proposals thru congress and parliament at the earliest moment. Mr. Taft has called a special session of the new congress and Sir Wilfrid hopes to get his bill thru parliament in a couple of weeks or so. But are altogether too confident. The World believes that parliament will be in session all summer and the bill not pass, and it may be that this time Ottawa will walk on the job.

This recalls a story of Chairman Mabey of the railway commission. He had a case for a farmer and was a verdict from the jury; the other side appealed to the higher court and got a reversal of the decision of the court below. The farmer met Mr. Mabey and said: "I see the second court is against us." "Yes," said his counsel, "just a heat apiece."

SIR WILFRID'S APPEAL.

It is more than likely that Sir Wilfrid Laurier's speech to the commons this week will be largely an appeal for reciprocity on the grounds of international friendship and brotherly love—that friendship is more than trade and the good will of Uncle Sam more than the up-building of the interests of the people of Canada. Such a speech will read well in the eyes of philanthropists and the propagandists of peace, but the market gardeners and the fruit growers are trying to make a living off the land, not off glittering eloquence.

Five Minutes Sometimes Makes A Big Difference

If You Are Suffering the Tortures of Indigestion and Have to Wait Until Someone Runs to the Drug Store For a Box of Stuart's Dyspepsia Tablets. The instant relief afforded poor, over-burdened stomachs by the use of Stuart's Tablets is the reason for constantly keeping a box on hand—at home and at the office.

Stomach Welcomes Quick Relief.

A Stuart's Tablet not only aids digestion but it also relieves the suffering itself. In other words it furnishes exactly the same elements for the digestion of food as the natural juices of the stomach. The stomach, therefore, is not called on to do any of the work except to churn the juices furnished by the tablet and then push the digested food along into the intestines where it will be still further digested and the strength of the system, including your breath or constipation, will be restored.

To-day and To-morrow POSITIVELY THE LAST DAYS

WE HAVE not enough of these special materials to last more than another day's selling, so that this remarkable sale will end Tuesday night. It was a special lot of Worsteds, Tweeds, Serges and Overcoatings which we bought in Great Britain, all the coming season's styles, and beautiful fabrics.

The Regular Value of these Suits or Overcoats is \$20 to \$25, but we clear them out to your measure for only \$11.75.

We guarantee an absolute fit and perfect satisfaction in every particular. You don't have to take the garments unless they please you.

F. N. BURT COMPANY, LIMITED

The Second Annual General Meeting of the Shareholders of F. N. Burt Company, Limited, was held at the Head Office of the Company in Toronto on Friday, March 3rd, 1911, at 12 o'clock noon.

Table with financial data: The Balance at credit of Profit and Loss Account, December 31, 1909, was \$63,588.28. Amount voted by the Shareholders to the Managing Director was 7,500.00.

The Directors presented to the Shareholders their Second Report, with the accompanying Statement of Assets and Liabilities, showing the result of the operations of the Company for the year ended December 31, 1910.

Important enlargements to the Company's factories at Buffalo have been undertaken during the year. Your Directors have also acquired the business of the Dominion Paper Box Company, Limited, of Toronto, on satisfactory terms.

STATEMENT OF ASSETS AND LIABILITIES DECEMBER 31ST, 1910. LIABILITIES. Capital Stock: Preference Stock \$750,000.00, Common Stock 750,000.00. Mortgages payable 47,000.00. Accounts and Bills payable 171,287.74.

ASSETS. Real Estate, Buildings, Plant, Machinery, Patents, Good-will and Investments, \$1,452,969.48. Stock in Trade 226,324.19. Accounts and Bills Receivable 148,808.17. Cash at Bankers and in hand 68,552.12.

The President, Mr. (S. J.) Moore, spoke as follows: "I have very much pleasure in moving the adoption of the Report which has just been read. It speaks for a year in which much progress has been made besides that represented by the Net Profits reported."

PROFITS.—These (including the profit realized on the Pacific-Burt transaction) amount to \$182,401.24, and are equal to 12% upon the total Capital of the Company. They are also equal to 17% upon the Common Stock, after provision has been made for the Preferred.

DIVIDENDS.—Seven per cent, has been paid on the Preferred Stock during the year, and for the first three-quarters of the year dividends were paid on the Common Stock at the rate of 4%. The rate was increased to 6% in the fourth quarter to 6%.

BUFFALO FACTORIES.—The shipments from these factories made new records for every month of the year 1910, and the increase over 1909 exceeded 15%. Because of the crowded condition of all these factories, and the amount of desirable business offered to us, and also because of the belief that we could count upon this increase being permanent, we entered upon a policy of expansion which we have every reason to expect will be fully justified.

While we shall get some benefit from the enlargements during this year, it will be next year before we get the full benefits therefrom. EUROPE.—A careful study of the condition of trade in our lines in Europe was made early in 1910 by our Managing Director, Mr. Burt, who visited Great Britain, Germany, France, Holland and Belgium.

PACIFIC COAST TERRITORY.—In view of the many demands made every day upon our managerial staff, and upon capital for the development of business at Buffalo, it appeared wise to take advantage of a favorable opportunity of establishing a connection with a business already well organized and profitably conducted in California.

CANADA.—In laying plans for the development of our business in Canada, we availed ourselves of an opportunity to acquire a prosperous and well-established business, which will, we believe, form the foundation of a very profitable business in this important and rapidly growing market.

FINANCIAL.—In order to issue the Preferred Stock necessary to pay for the business of the Dominion Paper Box Company, Limited, and to provide for the extensions already undertaken in connection with the Buffalo and Toronto businesses, it will be necessary to increase the Capital Stock. For this purpose a special meeting of Shareholders will be held on Friday, March 10th, at 10 o'clock a.m.

Supplementary Letters Patent increasing the capital by \$250,000. Of this amount \$200,000 will be offered to the Shareholders at par, each

shareholder being entitled to a pro rata proportion of his holdings, which will be equivalent to one share in five.

GENERAL.—It will be evident from these remarks that this Company appears to have the promise of a very prosperous future, with the possibility of world-wide scope. I am convinced that this is the case, and that the only serious difficulty appears to be the supplying of well qualified men for the more responsible positions to keep pace with our growing opportunities.

The Managing Director, Mr. F. N. Burt, in seconding the motion for the adoption of the report, gave numerous details regarding the enlargements of the Buffalo plants and the condition of orders on hand and assured the Shareholders that remarkable progress has been made during the year in developing and strengthening the business.

The President of the Dominion Paper Box Co., Mr. Alfred Jephcott, referred to the substantial and successful character of that business, as did also Mr. Wm. Jephcott of that Company.

The Secretary was authorized to cast a ballot for the election of the Board of Directors for the ensuing year. Messrs. Clarkson & Cross were appointed auditors.

At the conclusion of the Annual Meeting a special General Meeting of the Shareholders was held, at which By-law No. 5 increasing the capital of the Company from \$1,500,000 to \$2,250,000 by the issue of 7,500 new shares of Preference Stock of \$300 was confirmed.

TACT TO PROPOSE GENERAL LOWERING OF RATES

Continued From Page 1. session of the sixty-second congress. Its primary purpose, and the one he will press on his attention, will be the Canadian agreement, but there is no legal limit to the action of congress in an extraordinary session, and what is to be done or left undone is entirely in the discretion of the majority.

"In the congress that began its legal term at noon yesterday and will assemble at the call of the president on April 4 the great change in public feeling will be strongly expressed. There has been a change of 113 votes in the house of representatives, the Republican majority of 4 being reduced into a Democratic majority of 59.

But the majority of 4 being reduced into a Democratic majority of 59, in the senate, where the Republicans had within two votes of two-thirds, their majority of 22 was reduced to 16, or will be when Albany acts. Naturally such a revolution will give rise to a good deal of comment at first, and, on that account, the extra session will prove a difficult ordeal for the new majority in the house.

Enactment of the Canadian agreement will not retard the first business. The authorization of a tariff commission, a measure they have once approved almost unanimously, is probably the only one beyond these that is to be hoped that will proceed with deliberation and care. They can exact no revision that does not mean constructive work.

But the majority of 4 being reduced into a Democratic majority of 59, in the senate, where the Republicans had within two votes of two-thirds, their majority of 22 was reduced to 16, or will be when Albany acts. Naturally such a revolution will give rise to a good deal of comment at first, and, on that account, the extra session will prove a difficult ordeal for the new majority in the house.

MILLION DOLLAR FIRE SWEEPS MINNEAPOLIS

Continued From Page 3. the building at this place, but the heat was too great and they were repulsed. All the occupants of upper floors were ordered to get to the street level. The firemen and police that young Francis was mistaken when he said that he saw two people in the building as he left the fire escape.

During the progress of the fire there were several explosions at the west end of the building, the heavy steel and huge pieces of stone scattered about the street. The explosions were attributed to breaking gas pipes.

The high wind carried embers from the fire high over the business district, and a number of small fires were started on the roofs of several buildings. Some of these embers fell fourteen blocks from the fire, burning awnings and other combustible material upon which they fell.

The Syndicate Building was a landmark of Minneapolis, and was erected in 1887 by a number of local business men. About three years ago it was purchased by the Boston Trust Co. The largest individual owner was Model Clothing Co., \$175,000; J. B. Hudson & Son, jewelers, \$100,000; outside some \$100,000 worth of other merchandise valued at \$200,000; Young & Quinlan, tailors, \$125,000; Woolworth & Co., \$200,000; other stores estimated at \$100,000, one on building \$200,000.

Windows across Sixth-st. were shattered by the heat, and \$6000 damage was also caused there by water from the fire. The New England Furniture Co., in a building adjoining the Syndicate block, suffered a loss of \$10,000 by water from burning hose that was run thru the building.

CAUSE OF DEATH UNCERTAIN

Inquest to be held on James J. Henderson, Who Died in Hospital. Coroner W. A. Young will open an inquest in the General Hospital at 10 p.m. to-day into the death of James J. Henderson, 41 years, of 2 Bishop-st., who died at 1 o'clock Saturday afternoon after an operation.

Saturday Lecture at Trinity PROF. HUTTON ON BACON.

A brilliant and elaborate depiction of Francis Bacon, by Principal Maurice Hutton opened the Lenten lecture course at Trinity College on Saturday afternoon. Bacon's glittering generalities only survived, perhaps, as his own maxim suggested, because the river of time bears along the froth and scum of things on its surface, while matters of more moment drop to the bottom.

Principal Hutton never was more brilliant nor more witty nor more cynical than in his clever sketch. Had he been moved to take the other side, Bacon would have found a congenial advocate.

"I had interest in the subject, but a strong objection to the hero proposed to me," was the explanatory prelude to his address. Enlightened dislike, however, after some months' study, in spite of his aversion, compelled him to be an admirer. Why, then, did he dislike him? For the same reason, says the wise and—Lord Macaulay's essay of eulogy.

Macaulay and Bacon were of the type which is constitutionally impatient of the unproductive sciences—metaphysics and philosophy. It seemed too tedious to say that Bacon was just the ordinary material-minded Englishman, who was courageous enough to say what he thought and rid his mind of cant.

The English mind might appear dull and tedious to the Irish or the Scotch. But the majority of 4 being reduced into a Democratic majority of 59, in the senate, where the Republicans had within two votes of two-thirds, their majority of 22 was reduced to 16, or will be when Albany acts.

But the majority of 4 being reduced into a Democratic majority of 59, in the senate, where the Republicans had within two votes of two-thirds, their majority of 22 was reduced to 16, or will be when Albany acts. Naturally such a revolution will give rise to a good deal of comment at first, and, on that account, the extra session will prove a difficult ordeal for the new majority in the house.

But Bacon never faced the relation of reason and religion. He said they were to be reconciled, but he never told us how. Next week's lecture will be on "Addison and Steele," by Prof. Routh.

WILL USE HYDRO POWER

London Street Railway First City System to Take People's Power. LONDON, Ont., March 5.—The preliminary decision between hydro-electric, city and street railway representatives for the taking of the Niagara power by the London Street Railway, took place on Saturday afternoon.

The whole situation was carefully gone into by the engineers representing the hydro commission, and a draft agreement submitted to the company. The matter is now in the hands of the engineers, who will report back to the company and commission.

The proposition that has been submitted to the company, the "unilateral" one that, providing it is accepted by the hydro-electric commission, will be the one adopted by it as a basis for all negotiations with the city and suburban railway companies.

London is the first "city" system that the system has been applied to, and should the agreement be found to cover the situation locally, when applied, it will likely be adopted without further question.

BRICK COMPANY. Red Bricks, made of Field Tiles. Mimico, Park 2856, Park 2697.

WESSNESS. Buds Are Already wing. Fruit belt on the lake indicates that during the last week had a quickening in fruit trees. In the orchards the buds are and the hard as yet. The best authorities say that the trees never all the face signs spring. A slight fall yesterday, but not the ground. The coming out.

Makes All Roads Smooth

The "Perfect" Cushion Frame Bicycle is not particular. It will accommodate itself to cobble stones, wood-stump roads, rutty roads, unmade roads.

Comfort

Vibration does not affect the rider. Jarring and jolting do not reach him. The Cushion works for his Comfort.

Profit

A Cushion Frame Bicycle will last longer than the ordinary bicycle. The frame and parts are relieved of shocks and strain.

Convenience

A "Perfect" Cushion Frame, with ordinary care, is always ready to carry you to and from business, to make emergency trips, social visits, or regular business calls.

Meteor Cycle Co., 181 King St. W., Toronto

GOES TO THE ASYLUM

Thomas Waterhouse, Who Beat His Wife to Death, Jugged Insane.

MONTREAL, March 5.—Incarceration in a criminal lunatic asylum is to be the lot of Thomas Waterhouse, who, having been committed to take his trial in the King's Bench court on the charge of killing his wife, was yesterday brought before a jury and adjudged unfit on the ground of insanity to stand for trial. The accused was apprehended on his own confession after having beaten his wife to death with a baseball bat. Four medical men gave evidence yesterday, and they unanimously agreed that Waterhouse was suffering from senile melancholia.

DIED IN CHURCH.

MONTREAL, March 5.—Almost immediately after taking up the collection, as he had done for the past quarter of a century, at the 8 o'clock mass at St. Anthony's Church this morning, Maurice Curran, a well-known and prosperous hatter of McGill-street, died while the service was concluding. He appeared to be in his usual state of health until towards the end of the mass, when he was noticed to fall back in his pew. Rev. Father Donnelly, the parish priest, with a few friends, assisted the stricken man to the sacristy, where he passed away.

LARGE AUDIENCE HEARS EX-PUG ON TEMPERANCE

Lighted Up His Talk With Lurid Details of His Past Life.

Nearly 2,500 people gathered in Massey Hall at the regular Sunday meeting of the Canadian Temperance League yesterday afternoon to hear Charlie Marks, ex-pug and erstwhile lightweight champion of Western New York, who has for several years been a convert to Christianity, speak on the gospel of temperance.

Marks has the square jaw and the sharp eye of the prize fighter still with him, and the his construction and grammar were not always classical, he planted his blows at the liquor traffic with telling effect—on the audience at least.

All the evils of humanity are traceable to the liquor traffic, according to him, and he cited his own case as one proof of his assertion, using many lurid details. "All roads of pugilism lead to drunkenness," he said, "and I went with the lowest. I was drunk for six months at a stretch. And yet I stand here to prove what the new birth into the Kingdom of God can do for a man."

"Hell will be so full of men who drink the awful stuff," he said, "that their feet will be sticking out of the windows."

He was not reluctant to tell stories of his wild days, and in his voice was not a little pride at his prowess. At the end of each anecdote, however, he came back with a stinging tirade against the fiery fluid.

"No man would fight against another in the ring," he said, "if his morals were not first deadened by drink."

He told how he had been converted to Christianity by a minister while sleeping off a debauch in his rooms over a banquet hall in Buffalo. The gospel man, at the request of Mark's mother, knocked at the famous pugilist's door, and when admitted read a few verses of the scriptures. So great an influence made him feel the repulsiveness of his life, and he turned to better ways.

Tobacco also came in for a rub. "I always thought if men were really made to smoke that God would have put a chimney in the back of their heads."

At the close of the services fully 50 came forward to sign the pledge many of whom were Mark's companions of his old days in Toronto.

Dr. Geo. L. Palmer's choir and the harmony quartet contributed a fine musical program. Major S. H. Deacon was in the chair.

HYDRO POWER AT ST. THOMAS.

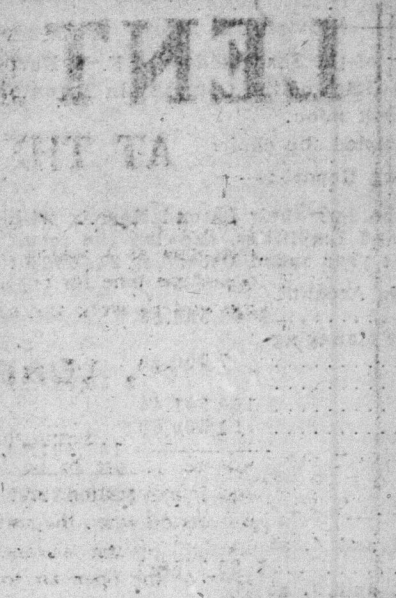

ST. THOMAS, March 4.—Hydro-electric power was given its first test here to-night, when the current was turned on for the illumination of Scott-street. The test was eminently satisfactory. The formal opening will likely be made on Wednesday. Hon. Adam Beck will officiate.

Reduced Colonist Rates.

Every Tuesday in March and April, the C. P. R. will sell one way colonist tickets from Toronto to certain points in Saskatchewan and Alberta at special low rates, which agents will give full particulars. The reduction also applies from Galt, Windsor, London and certain other stations east and west of Toronto.

Ready for Gardening.

To-morrow evening in St. George's Hall, the Toronto Horticultural Society will hold its March meeting. An interesting address on "Old Country Gardens" will be given by A. Gilchrist. Arrangements will also be made for a number of spring outings of the society and friends in order to take advantage of a number of invitations received from nurseries and conservatories. The public are cordially invited to be present.

DUNLOP TIRES MOTOR SHOW TIRE EQUIPMENT ACTUAL RESULTS

There were 86 cars shown equipped with "Made-in-Canada" Tires. Dunlop Tires represented 43 per cent. or nearly half the total showing, being over sixteen per cent. greater than the nearest Canadian Competitor. There were 157 cars shown equipped with the product of 13 individual makers of tires, including "Made-in-Canada" and foreign. Dunlop Tires represented 23 per cent. of the total, or nearly one-quarter of the whole tire equipment of the show, being 64 per cent. greater than the nearest foreign competitor.

These figures evidence the popularity of Dunlop Tires. Dunlop Tires are equipped to more cars throughout Canada than all other makes combined.

DUNLOP TIRES

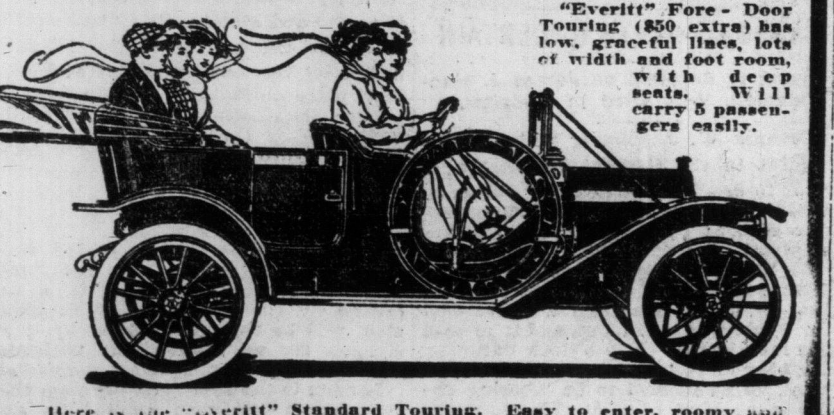

"EVERITT" --\$1450

BUY a car that is built right by a known concern with a good name of repute behind it. It is wisdom to buy "by the maker," as well as by the car itself. In design the "Everitt" dome-top frame, unit-car motor, aluminum clutch, nickel-plated transmission, big wheels, big brakes, gives longest service with least wear and tear, because the "Everitt" is ingeniously simplified throughout and built to a hairbreadth of accuracy. Weight saved means added capacity with increased tire wear, increased service.

You get it in the "Everitt" at \$1450, Orillia.

Send for Catalogue. TUDHOPE MOTOR CO., LIMITED ... ORILLIA...

Tudhope Motor Sales LIMITED, 168 King St. West, Toronto

Here is the "Everitt" Standard Touring. Easy to enter, roomy and comfortable. Full and complete equipment and extra tire. Price \$1450 at Orillia.

SHORT SESSION OF COUNCIL IS LIKELY

Little Probability of Waterworks Reorganization Till Experts Make Their Report.

Prospects are fair for a somewhat brief meeting of the city council this afternoon. This will be the first sitting under the rule passed at last session calling for the meetings to commence at 2 o'clock and the additional hour, as well as a rather light order paper, is expected to result in all the business being transacted without the necessity of a night session.

There are rumors current that some of the aldermen will demand the resignation of the waterworks engineer. Little credence is given to this, however, as the board of control have nominated their candidates for the board of experts to enquire into the water situation, and there is little possibility of the council entertaining any radical proposal for a reorganization of the waterworks department until the experts have made their report. There is every possibility that the report of Judge Winchester, who is making an investigation into the conduct of the works department, will also be waited for by the thinking members of the council before any drastic steps are taken against any of the officials.

Ald. McBrien's motion for the merging of the property committee and the fire and light committee is expected to meet with considerable opposition. In fact it is not expected to prove more popular than the motion of Ald. Yeomans for the abolition of all the committees and the transfer of their work to the board of control.

There is some talk of an attempt being made to reopen the question of the subway at the Grand Trunk tracks at the east end of the city. The council has already decided in favor of Coxwell-avenue, and the supporters of Ashdale-avenue as the site are up in arms. They viewed with interest the reopening of the Sunnyside matter, and have made up their minds to make a similar move at to-day's meeting, providing they can get an alderman who supported the Coxwell proposition to move for the reopening of the question. When that part of the city engineer's

A CORNER OF IRELAND

A Keitic Treat Served Up by the Associated Players.

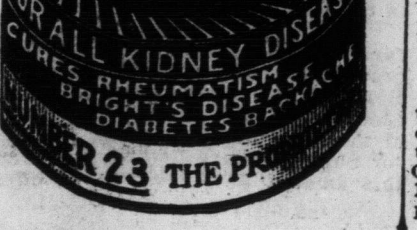

To have a genuine corner of Ireland transplanted into Toronto, that only for one evening is a real treat for the soul of the Keitic, and that is the pleasure that was afforded by the performance at the Greek Theatre on Saturday evening. The "Associate Players" have a well-established reputation and Yeats' idyllic "The Land of Heart's Desire" was done in their sympathy with the author's spirit and aim. The presentation was considerably in advance of that given some time ago, particularly in the abandon and elfin demeanor of the fairy child, and the fey and abstracted air of Maire, whose pathetic passing is so impressive. Father Hart's fine lines were excellently spoken, and the petulant Bridget was absolutely real.

Lady Gregory's amusing "Spreading the News" was also given by the student players. The opening scene is a fair in a country spot, and singing and dancing are going on. Olive Henderson's song "Killarney" very sweetly and Miss Brenda Smella contributed "The Low-backed Car" and the "Red Haird Man's Wife," in finished style. A four handed reel was danced by Basil G. Morgan, Mr. Devine and two young ladies, who footed it most fealty. The humor of the farce were naturally emphasized. An amusing sketch was also given by Mrs. Burden and Mrs. Rogers.

Natural History Section. The natural history section of the Canadian Institute will hold their regular meeting this evening at 8 o'clock, at the institute, 128 College-st., when there will be an open discussion on the subject of "The Organization of Clubs for Special Field Work and Study during Next Summer." The public are cordially invited to participate.

If You Are Going West. You need the free books, "Business Opportunities in Western Canada," "Resources and Openings," "1911 Settlers' Guide." Apply to any Canadian Pacific agent for copies or write R. L. Thompson, District Passenger Agent, C.P.R., 16 East King-street, Toronto.

Astronomical Society. Lachlan Gilchrist, M.A., will address the Astronomical Society on Tuesday evening in the physics building of the University of Toronto on "The Constitution of and the Condition of the Matter in Stars and Nebulae." The public are invited.

RECIPROCITY DENOUNCED.

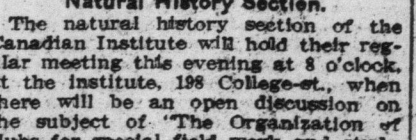

ST. CATHARINES, March 5.—(Special)—The City Conservative Association last night held a largely extended smoker, when reciprocity was again denounced by Dr. Smellie, M.L.A., Port William, E. A. Lumsden, M.P., Dr. E. Jessop, M.L.A., and Louis Blake Duff, editor of The Welland Telegraph. Dr. Smellie also spoke on the advancement of New Ontario since the advent to power of Sir James Whitney, the mining, forestry and educational policies all being thoroughly outlined and explicated. Dr. Jessop is arranging for the appearance of R. R. Gamay of Mantoulin at the next smoker.

SOLD TO A MINOR.

WELLAND, March 4.—William R. Armstrong, a driver for Toyner's liquor store, was fined thirty dollars and costs for selling liquor to a minor. A large delegation of temperance workers of Welland county had a conference at Welland court house with the Hon. George G. Macdonald in reference to the stricter observance of the law and the cancelling of a number of licensed bars throughout the county that are claimed to be merely drinking places.

THE NEED OF A TONIC IS OFTEN FELT

not only during the period of convalescence after illness but in a variety of circumstances imposing heavy strain on the physical and nervous system or when the whole system is in a weak and debilitated condition, and the consciousness of want of strength and energy is most distressing.

is the ONE preparation on this market that has received as many written endorsements from prominent Canadian practicing physicians.

No medicine that exerts a more powerful effect on the system than Wilson's Invalids Port. It is a powerful tonic and restorative. It is a powerful tonic and restorative. It is a powerful tonic and restorative.

WEST YORK COUNTY

WEST YORK CONS HAD BIG TIME ON SATURDAY

Annual Banquet Was Great Affair—North Toronto R. A. Endorse Sewer Scheme—Suburbs.

WESTON, March 5.—(Special.)—The annual rally and banquet of the West York Liberal Conservative Association held in this village on Saturday afternoon and evening was all successful in its history, and full of encouragement.

The executive committee were ordered to revise the constitution and report at next meeting of the association. A resolution moved by Thos. Griffith and seconded by Jas. McNeil, strongly protesting against the adoption of the reciprocity measure was unanimously endorsed.

The farmers of West York have listened to a more logical, convincing and eloquent address than that of George H. Cowan, M.P., who in the federal parliament, in the outset, Mr. Cowan referred to the historic associations which clustered around the old village of York, and paid a graceful tribute to the memory of the early pioneers.

Adverting to the personnel of the commission, who went to Ottawa, he charged that the members of the commission were men who favored the separation of the native provinces from Canada, and stated that his ideas were in favor of a united Canada.

BRONCHITIS

Colds, Coughs, Catarrh and Throat Trouble.

Every sufferer from coughs, colds, bronchitis, and all throat and chest ailments needs a soothing, healing medicine, which goes direct to the breathing organs in the chest and lungs, attacks the trouble at its source, dispels the germs of disease, and cures the ailment thoroughly.

"CATARRHOZONE"

A Breathable 'Direct' Medicine No medicine brings such prompt relief, exerts such an invigorating influence, or so thoroughly and speedily cures, throat, chest, and lung ailments. Doctor, hospitals, sanitarians—all say that for those who suffer from catarrh of the throat, chest, or lungs, trouble, dryness, or bronchitis, the treatment is so indispensable as "Catarrhozone."

West Toronto North Toronto East Toronto

aware of the clause and its far-reaching effect. Danish butter and Danish eggs would under the clause be free to enter Canada, and the displacement of the native article.

Trade Follows the Flag. W. F. Maclean, M.P., who received an enthusiastic welcome, dealt at length with the great commercial expansion of Canada and the rapid increase in the trade relations with the Orient, with Australia and the South American Republics.

The natural line of trade is by way of the flag, said Mr. Maclean, and the crowd cheered the sentiment again and again. "I repeat it here to-night," said the member for South York, "that the multiplicity of British institutions is the glory of the world. Let us retain intact the heritage of our fathers."

Dealing specifically with the terms under which the treaty was framed, he charged that it was drawn up in Washington, not even framed in Canada, and that when the terms were made known on the floor of parliament, protests were made by the fruit growers, the gardeners, and allied industries.

The resignation of Principal J. E. Minns of the Metropolitan High School to accept the principalship of the Pictou High School at a higher salary, is greatly disarranging the work of the pupils here. The Era, which the law should be changed which allows principals to resign at will.

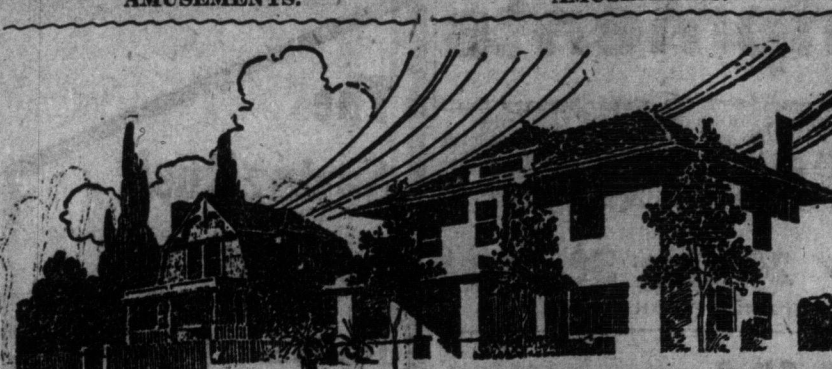

WOODBRIDGE

The Women's Institute will hold their monthly meeting on Tuesday afternoon, March 7, at the home of Mrs. Susan Stevenson, Mrs. Stone will give a "Dull on Pastries" and there will also be an exhibit of marmalades.

NORTH TORONTO

Ratepayers Deal With Live Topics and Pass Resolutions. NORTH TORONTO, March 5.—(Special.)—The meeting of the Ratepayers' Association, held in the town hall on Saturday evening, was fairly representative of the business interests of the ward, and the speakers discussed such as have an important bearing on the future welfare of the municipality.

President Banton, presided, and in the outset took up in detail the several suggestions, adopted at the meeting of the executive a few nights ago dealing with transportation, sewage and kindred topics. Among those who spoke were W. C. Ellis, Secretary, Brockley, Councilman Howe, H. E. Bell, Mr. Adamson, Councilman P. J. Reid and others.

PASSENGER TRAFFIC

LENTENTIDE AT THE SEASHORE

Lent, that period of forty days which the social world welcomes as a season of rest and relaxation, is a most opportune time for physical upbuilding after the stress of the winter's work and social duties.

PASSENGER TRAFFIC

THE LURE OF THE SEA

Is very strong during this period, for at the various seaside resorts are to be found every opportunity for rest and invigoration, and for seasonal diversionment. It is a period when the rising tide of spring and the growing warmth of the advancing sun calls the winter-bound lover of the open air to the boardwalk and the tang of the sea.

PASSENGER TRAFFIC

THE FORTY BEACHES OF NEW JERSEY

Are easily accessible to all by the splendid service of the Pennsylvania Railroad. The trains between Philadelphia and the different resorts are so scheduled that close connections may be made from all sections.

PASSENGER TRAFFIC

Atlantic City, Cape May Ashbury Park, Wildwood, Ocean City Sea Isle City, Long Branch

Extend a gracious invitation to the Lenten pilgrim, and to all seeking an outing and the relaxation which can be obtained only at the popular resorts by the sea.

Exclusive Evening Gowns

In the Paris Model Department

The gowns in our Paris Model Department are always exclusive, but it is a very rare occurrence that any of these distinctive models are sold at half price.

These gowns, a few of which are described here, are without duplicates, individually designed by a Parisian costume designer, and made in a well-known Paris shop.

An Evening Gown of pale blue and mauve chiffon, mounted over Dresden net, edged round yoke and sleeves with silver braiding; price \$45.00. Tuesday \$22.50.

An Evening Gown of flame colored chiffon, trimmed with exquisite cream lace; price \$125.00. Tuesday \$62.50.

A Dainty Evening Gown in blue-grey chiffon, trimmed with beautiful lace in same tones; price \$100.00. Reduced to \$50.00.

An Evening Gown of chiffon over pale green satin, gold embroideries; \$80.00 for \$40.00.

A Handsome Evening Gown, in gold satin with tunic, hand-embroidered, floral design; \$187.00 for \$93.50.

An Evening Gown of white satin, with crystal and pearl ornaments, with chiffon drapery, \$55.00. Half price on Tuesday.

An Evening Gown of pale blue satin, overskirt of taupe chiffon, with bead and blue velvet trimmings; \$100.00 for \$50.00.

An Alluring Evening Gown, composed of black and white ninon, edged round the foot with band of black velvet, La Mode's latest production; price \$100.00, for \$50.00.

An Evening Gown of palest seagreen satin, handsome scarabée embroideries, chiffon drapery; \$100.00 for \$50.00.

An Evening Gown of white silk lace, trimmed with cerise satin; \$75.00 for \$32.50.

Four Dainty Spring Dresses

Imported and copies of imported models, bearing the impress of style, fit and individuality. These dresses demonstrate the exclusiveness of design and moderation of price of the "Simpson" ready-to-wear garments.

A dainty Dress, made of silk foulard, semi-low collar, surrounded with black silk piping, trimmed down front with deep seli tabs, trimmed with pipings and small buttons; the new three-quarter sleeve; skirt has straight, graceful lines, with deep silk fold around knee line; shades are cadet, rose and mauve. Price... 13.50

Another smart up-to-date one-piece Dress, made of black messaline, with white dot; waist of dress is prettily arranged with pointed yoke of tucked net; collar is outlined with deep rounded lapel; new over-piece sleeve, with deep cuff to match yoke; skirt has pointed over-piece at side goes to knee line, continued with short pleats to bottom. Price... 22.50

A very attractive Dress of French voile; front and back of waist are prettily trimmed with silk braid and satin corded designs, with shoulder sleeve trimmed to match, narrow braided belt; the new two-piece skirt, with side gores, trimmed below hip line with silk braid and small silk buttons, shades are champagne and silver grey. Price... 27.50

A charming afternoon Dress, made of rich silk, in a unique spider web design; kimono waist with slanting shoulders, trimmed with plain messaline and self pin tuckings; yoke, collar and cuff are made of rich Oriental silk cord; has the new high waist line, giving a most becoming effect; skirt has the wide gores, with clinging effect; colors are mauve, cadet and navy. Price... 35.00

Read About These Pyjamas

1,000 Pyjamas, Regular \$2.50 to \$8.00 Per Suit. On Sale Tuesday at \$1.49

We have just purchased all the samples and over-makes of The Best Pyjama Manufacturer in Canada. There are cashmerettes, percales, chambrays, pure wool flannel, silk and wool mixtures and pure silk. There are just about 1,000 suits, and customers will certainly have a good time when the opportunity comes on Tuesday. The average man perhaps does not know the difference between percales and chambrays, and we can only assure him that these pyjamas are The Best Made. There are all sizes and many styles. Prices were \$2.50, \$3.00, \$3.50, \$4.50, \$5.00, \$6.00 and \$8.00. Tuesday all at... 1.49 See Monday Window Display.

Double Width Silk Foulards, a special purchase, exceptional qualities, charming colors. Tuesday selling... 1.25. 1.50

Velvet Ribbons

Each season has its new Novelty in Ribbon. This season sees the introduction of the Epingle velvet ribbon. It is a velvet ribbon with bolstered cord. For millinery the indications are that it is going to be in demand, it is 5 1/4 inches wide, and comes in the newest spring colors, including cherry red and king's blue. There will be nothing more effective for early spring wear in a novelty ribbon. Tuesday, per yard... 75

Ribbon Flowers will be worn on the early spring hats. They look rich and "out of ordinary." We make them to your order. See our show cases Tuesday.

Great Sale of Ostrich Feathers all This Week

An immense shipment of Ostrich Feathers has just come in, and there are two more big shipments due. These were bought most advantageously, and for this big sale we will more than share the saving with our customers by marking them at a very close margin of profit. The following lines will be among those on sale:
