MOTOR AND STREET CAR COLLISION THREE HURT; WOMAN MAY DIE

Mr. Jane Holstead of Madison Ave. in Hospital With Fractured Skull, Following Collision on Harbord St.—Two Other Occupants of Motor Car Less Seriously Injured.

DOZEN IN TROLLEY BADLY SHAKEN UP

MRS. JANE A. HOLSTEAD, 71 Madison-ave., fractured skull, may die. GEORGE J. REID, Mount Forest, badly shaken up and cut about the face; not serious.

MRS. G. J. REID, badly shaken up and suffering from shock, cut about face; not serious.

Still another motor car accident was added to the year's long list yesterday, when a machine collided with a street car at Harbord and Grace-sts., at 1:40 o'clock and three of the passengers in the motor were injured, one very seriously.

Mrs. Jane A. Holstead, wife of the owner of the car, was thrown out, falling on her head. She sustained a fractured skull along with other injuries, and at the Western Hospital early this morning it was announced that she had not yet regained consciousness.

The other four occupants of the car fared better, the all were shaken up, and two were cut by glass from the street car and from the front of the motor.

The accident is the first that has happened on Harbord-st. in connection with a street car since the service was inaugurated recently.

Didn't See Trolley.

The motor was traveling east back of an eastbound street car, at Grace-st. the car stopped and the chauffeur of the motor turned toward, running behind it, with the intention of going up Grace-street.

But a westbound street car was approaching on the other tracks and before the motor could clear it the car struck the back end.

The force of the collision was so great that a half-inch iron rod in the fender of the car was broken in two, the fender and the front of the car were smashed up and the rear of the motor car was wrecked.

When they came together the motor car was pushed along for a distance before it became disengaged. Then it swerved around so that the rear wheels banged against the curb.

Going at Speed.

The street car was going at considerable speed when the collision took place, but the motor car had slowed down to turn. In the street car were about a dozen people, who were jolted around by the shock of the collision.

The three injured persons were taken to the Western Hospital. Mr. and Mrs. Reid were able to be taken to the residence of their host, Mr. Holstead, several hours later. Neither Mr. Holstead nor the chauffeur, Wm. Lam Lowe, was injured.

The injured were rushed to the hospital in other motor cars that came along.

Mr. Reid is manager of the Mount Forest branch of the Traders' Bank.

COST UNDER MILLION FOR SERVICE CHANGES

Displacement of Utilities by Building of Tubes Will Mean Expense of About \$800,000.

The city works department is busy during the cost of rearranging services, such as water, sewer, telephone and electric light, in order to make way for the subway.

It is estimated that the entire cost for the three miles of subway will not be more than \$1,000,000. Engineer Root said last night that he would put it at between \$800,000 and \$1,000,000. The city will bear the cost of moving the services of other corporations like the T. E. L. Co. and the telephone company.

The sewers will cross the subway by means of siphons. The siphons will pass underneath the tube. The largest sewer will be the high level intercepter of the trunk sewer at Bay and Adelaide-streets. It is estimated that the cost of running the sewers under the subway will be about \$28,000.

Will Banquet Pelletier. QUEBEC, Nov. 5.—Hon. L. P. Pelletier, the new postmaster-general, will be entertained at a banquet on Dec. 2 next by his friends of this district. It promises to be a most imposing affair.

Preparing for Session

OTTAWA, Nov. 5.—(Special.)—Hon. R. L. Borden returned to Ottawa Saturday night from Halifax, accompanied by Hon. J. D. Hazen, Hon. W. B. Nantel, Hon. George Foster, and Hon. Dr. Sproule. Other ministers are coming in to-morrow morning, and arrangements will be made for a series of cabinet councils, in preparation of the work of the session. The house will be called upon to pass estimates, but little important legislation is in sight.

BLEED TO DEATH BECAUSE PRANK WAS SUSPECTED

David Barclay of Innisfil, Main Artery of Arm Severed, Died With Aid at Hand.

BARRIE, Nov. 5.—(Special.)—Lying on his back, lifeless and stained with his own blood, the body of David Barclay, a life-long resident of the Township of Innisfil, was found about 2 p.m. Saturday, beside a pile of wood in the rear of Irvine Rogerson's farm house on the sixth concession of Innisfil after an absence of several days from his home.

Barclay, who is 72 years of age and unmarried, left his home on Tuesday about 11 a.m. to go to Lefroy on business. While there he met a friend named Jack Barry and later went with him in a row-boat across the lake to Roche's Point, returning about six p.m. Starting his horse from the hotel he started out to call on a friend living on the sixth concession. He was last seen alive by a party of three young ladies, about three-quarters of a mile from Lefroy on the road to Nantury.

Cut Artery in Arm.

When a short distance from the fifth concession road Barclay got out of his buggy and, it is supposed his horse ran away and left him. His friends think that he afterwards walked across the fields to the Rogerson house and while getting over a fence near the house he fell over a broken bottle, cutting the main artery in his right arm. The Rogerson family say they heard a rap at the door that evening, but as it was Halloween they did not open the door, thinking it was someone playing a trick. Not being admitted, Barclay evidently walked about fifteen feet from the house and fell, being weak from the loss of blood and later died.

The horse which Barclay had been driving, was afterwards found by Wm. Goodfellow, at the corner of the 7th concession road, and, supposing the owner was visiting in the neighborhood, he tied the animal to the fence, where it remained through the night. A neighbor finding the horse by the roadside in the morning drove it to the stable.

Thought to Be Visiting.

No notice was taken of his absence during the first two days; as it was thought Barclay might be visiting his sister, Mrs. John Allen, near Churchill. By Thursday the neighborhood became alarmed and a party of about fifty started out to look for Barclay, but without success until 2 p.m. Saturday, when the searching party, scouring the fields abreast for about a hundred acres, came upon the body partly covered with snow lying by the pile of wood near the Rogerson house.

Deceased leaves two brothers, Geo. and John of Barclay postoffice with whom he lived, and two sisters, Mrs. Wm. Duncan Strout, Mrs. John Allen, Innisfil.

POLICY OUT TUESDAY.

The eagerly awaited platform of the Liberal party has been definitely promised for Tuesday morning.

N. W. Rowell, K.C., the new leader of the party, has been engaged to a great extent with professional work and as a result the final draft has not been prepared as soon as was expected. To-day, according to an interview last night, Mr. Rowell will be engaged at the courts, but will devote some time at night to his declaration, and will send it out during the evening.

RODGERS FINISHES FLIGHT TO-DAY.

FASADENA, Cal., Nov. 5.—Aviator Rodgers, approaching a successful completion of his ocean to ocean jaunt, soared into Pasadena to-day at 4:30 p.m., on the last part of 90 miles from Pomona, and from an altitude of several thousand feet, landed at Tournament Park. He will fly to the coast to-morrow, landing on the edge of the Pacific. He left New York on Sept. 17.

MONEY WORRIES LOOM LARGE IN CHINA

New Government Has No Head, and Foreign Loans Are Almost Out of the Question—Imperialists Wreak Revenge by Burning Hankow—Little Fighting.

PEKIN, Nov. 5.—Yuan Shi Kai still declines to accept the premiership, although assured of the support of the national assembly and Gen. Chang, in command of the Lanchow troops. Both the assembly and Gen. Chang, however, insist that when the parliament is elected the premier shall be chosen by that body.

In the meantime affairs here are in a state of chaos. No tangible head of the government is visible. The government urgently needs funds and hopes that the Franco-Belgian loan will be forthcoming, to enable the military operations and the administration to be carried on. The international group refuses to supply war funds. The government is urging the group to advance money in order to avert the threatened financial and public deadlock in Peking, as it is feared that the non-circulation of money will cause serious hardships to the coolies and the lower classes, which possibly might lead to local disturbances.

To this the group is inclined to accede, although foreign commercial interests at Peking are inconsiderable. The question of tangible security appears to be almost insurmountable, but the negotiations continue. The group insists that the funds be used for the purposes stated and suggests that, if completed, the loan be handed over to the local Chinese Chamber of Commerce, as was done at Shanghai in the recent commercial crisis.

Manchu Princes in Panic.

Reports from the Forbidden City show that the Manchu princes are in a pitiable state of fear and indecision. The Tientsin periodically urges drastic measures, which certainly would lead to the destruction of the nobles. The presence of Gen. Yin Tchang, the ex-war minister, has a calming effect, but only the wise councils of the old Prince Ching have averted a panic and prevented the flight of the court or something worse.

Tientsin is quiet to-night, but 4000 Manchus are held in readiness for an emergency. Another edict has been issued instructing the assembly to proceed with the election of a parliament and promising to recognize the revolutionary political party.

Bound to Destroy Hankow.

HANKOW, Nov. 4.—Fire during the last few days has devastated an area two miles long and half a mile wide. It is evident that the imperialists are determined to destroy the city. They have burned a tremendous store of shells and small arm ammunition, abandoned by the rebels. The total damage by fire amounts to many millions.

Some of the British river boats, including the gunboat Woodcock, were struck by shells during the fighting, but nobody was wounded.

Chao, a graduate of an American university, has been appointed foreign minister in the Hunan provincial government.

The Japanese are very active around Hankow, following every move of the campaign. They hold the opinion that the imperialists' tactics are bad, as they had 15,000 men and might have surrounded the city and wiped out the revolutionists.

Manchus Must Go.

The revolutionists maintain that no concession on the part of the throne will avail while Manchus remain in power. A meeting of the Kiangsu Chekiang and Fukien gentry to-day stigmatized the national assembly as

FORGING LAST LINK

Canadian Northern Completing Cross-Continent Chain.

It is announced that the Canadian Northern has completed a new section of railroad lying between Gowanda Junction and a point about 15 miles to the westward. This is the first link to be finished on the line which will eventually join Port Arthur and Gowanda Junction, and thus it is the movement towards the completion of the section, which will eventually join the great eastern and western portions of the C.N.R.

Assistant Chief Engineer Simmons of the Canadian Board of Railway Commissioners, inspected this section on Friday, and the customary letters of approval are expected in a day or two.

FIVE IN FIELD AS LABOR MEN

Party Choose Candidates for Provincial Contest—May Run Men in Every Toronto Riding.

LABOR CANDIDATES.

- North Toronto—James Richards, 92 Hazelton-ave., plumber. William Stevenson, 18 Alexander-st., conductor, Toronto Street Railway. East Toronto—James Stevenson, 300 East-ern-ave., painter. David Bullock. South Toronto—B. Seat—W. R. James, 98 Bellvue-ave., compositor, Toronto World.

Two more candidates were secured by the Independent Labor Party yesterday to contest the local seats in the coming provincial elections.

W. R. James, well known in the Trent affair in 1861, and of the Fenian Raid in 1866, decided to contest seat B, South Toronto, with Geo. Gooderham. Mr. James is a life-long Conservative, and on several occasions in Lincoln County has been on the platform stumping for Conservative candidates. He also stumped for William Garson, the only labor member ever returned from Lincoln County.

James Stevenson, well known as president of the Independent Labor Party, and in the Painters and Decorators' Union, also he refused the nomination a week ago, decided to accept the honor of standard bearer with David Bullock in East Toronto.

No candidates could be secured for the West Toronto ridings, but it is expected that one or two nominations will be made next Saturday afternoon, when the party meets again.

The executive will meet at an early date to draft a platform, and a united effort will be made by the working men of the city to secure a representative in the local house.

WOMAN DROWNED

Found in Shallow Water at Foot of Booth-Avenue.

Mrs. Christian Hanson, 145 Booth-ave., was found drowned in nine inches of water at the foot of Booth-ave. yesterday afternoon. She had been missing for about 24 hours, and it is believed that she fell into the water, and, being very old and feeble, had not sufficient strength to pick herself up. Another theory is that she was drowned in deeper water and that her body was washed ashore.

The body was taken to the morgue and later removed to her late home. No inquest will be held.

Canada's Healthy Finances.

OTTAWA, Nov. 5.—The Dominion financial statement for October shows a revenue during the month of \$12,221,653.27, as against \$9,666,924.95 in October last year. The ordinary expenditure for the month was \$4,364,993.11, as compared with \$6,099,436.69 in the same month of 1910.

The revenue for the seven months is \$76,291,178.04, as compared with \$65,814,386.28 in the same period of last year, while the expenditure for the seven months has been \$40,298,359.13, against \$41,208,109.65.

The capital expenditure for the month was \$2,561,812.30, against \$3,548,278.93, and it is worthy of note that there were no payments on account of bounties. For the seven months the capital expenditure has been \$14,889,839.43, as against \$15,978,415.24. The public debt decreased by \$5,344,844.59 during the month.

OUR WHEAT IS BEST IN WORLD EXPERTS OF U.S. ARE CANDID

Sir Thomas Shaughnessy's Prize of \$1,000 in Gold Goes to Saskatchewan Grower—Contest Was Open to Growers of North and South America.

NEW YORK, Nov. 5.—The announcement of Canada's victory over the U.S. in the contest for the prize offered by Sir Thomas Shaughnessy, president of the Canadian Pacific Railway, for the best wheat, spring or winter grown on either continent of America, was made yesterday afternoon at the Land Show in Madison-square Garden. The committee of award, composed of C. G. Williams, agronomist at the Ohio Agricultural Experiment Station; Prof. Alfred Atkinson of the Montana Agricultural College, and Prof. William F. Jardine of the Kansas State College, concurred in the official statement that Canada raises the best wheat in the world.

The winner of the world-beating wheat was Seeger Wheeler of Rosthern Sask., Canada. He received a prize of \$1000 in gold. Another Canadian, W. I. Glass, of McLeod, Alta., was the alternate.

Jim Hill's Trophy.

The \$1000 silver cup given by James J. Hill of the Great Northern Railway, for the best 100 pounds of wheat grown in the United States in 1911, was won by James Todd of Geyser, Mont. William H. Dorin of Glover, Va., won a \$100 silver cup for 30 ears of Indian corn. The \$1000 silver cup for oats was awarded to Patton & Hartmann of Bozeman, Mont.

R. Esinger of Manhattan, Mont., won a \$1800 silver cup and the honor of having raised the best bushel of barley in the country. This cup was given by Col. Gustav Faber, California, came to the fore in the short staple cotton contest, and the \$1000 silver prize cup went to the American Nile Co. of El Centro, that state. W. X. Sudduth of Montana, and Asabel Smith of British Columbia, respectively, won the \$1000 silver cup and the \$1000 silver trophy for the best alfalfa and potatoes.

G. T. P.'S PROTEST ILL-BASED

Conciliation Board Was Regularly Appointed, Says Labor Department.

OTTAWA, Nov. 5.—(Special.)—The department of labor has written to Rev. Dr. Sparling, chairman of the conciliation board, in connection with the dispute between the Grand Trunk Pacific and its men replying to the statement of the company that the board was not legally constituted. The department takes the stand that the board was properly formed, according to the Industrial Disputes Act. Wallace Nesbitt, K.C., was first appointed by the company as its representative on the board. After considerable delay Mr. Nesbitt notified the labor department he was unable to act, as business prevented him going to Winnipeg. The company did not name a successor, and in such a case the law calls for the minister of labor to name a representative. Rev. J. L. Gordon was nominated to represent the G.T.P.

The department claims that under the circumstances it is not fair to call the board "self-constituted."

ROSS IN MONCK

Present Conservative Member Was Unanimous Choice of Convention.

WELLAND, Nov. 5.—(Special.)—James A. Ross received the unanimous nomination of Monck Conservatives at the convention held yesterday at Wellandport, and the prediction is made that he will be elected on Dec. 11 by a majority of at least six hundred.

This is Mr. Ross' fourth nomination. He was twice beaten by the Hon. J. Harcourt, but in 1908 he won the seat from Thos. Marshall of Dunnville, who is again to be his opponent. The convention yesterday was unusually large and enthusiastic. Only one name was presented. The nomination was made by Frank Lalor, M.P., and seconded by Robert Chambers of Pelham. Addresses were made by the nominee, and encouraging reports were received from the chairmen of all the local committees.

ITALIAN ARMY IN DESPERATE STRAITS

Forces Are Being Pushed Back, and 25,000 Soldiers Have Sea Behind Them—Barbarous Treatment of Women and Children Confirmed—Tiring of Campaign.

LONDON, Nov. 4.—"Anasias in his palest days never wrote half so many falsehoods and misrepresentations as have appeared in the Italian press in the official statements issued by the Italian Government," telegraphs the correspondent of Reuter's Telegram Co., Limited, at Tripoli, who arrived at Malta to-day.

From Malta he was able to send an uncensored message which contains a pessimistic description of the condition of the Italian army around what he terms the besieged city of Tripoli. He says: "To sum up the results of the campaign, the Italians hold, with nearly twice as many men, half the ground that they held three weeks ago. They have lost in killed and wounded, not counting the sick, well over 1000 men. Many Arabs have been killed and vast numbers were shot in cold blood. Now 25,000 soldiers find themselves with their backs to the sea, cramped and confined, with an active enemy within a few yards of them and with cholera raging among them, for despite official efforts to conceal the truth, there have been many cases among the troops, and the civil population is suffering so much that whole streets in Tripoli have been closed by armed sentries."

"There has been no disgrace. On the contrary, the Italian troops fought with great courage, and their officers set a noble example."

Italians Nearly Routed.

The correspondent says of the engagement of Oct. 28: "Far from being a decisive victory, the fight nearly ended in disaster and would have if the enemy had had a few thousand men at any point instead of a few hundred. The Italian line was broken in two places by less than 200 Arabs, who had reached the cover of the residential oasis, thus placing themselves between the town and the line of defence. The situation was saved only by a gallant charge of 100 dismounted cavalry, who lost heavily, but managed to kill off a majority of the storming party."

"Thirty Arabs held out for three days in a house in the oasis, and could not be dislodged until the building was blown up by mines. If they had been several thousand strong instead of 200, the Arabs would have had Tripoli completely at their mercy."

Almost Papio-Stricklan.

Gen. Caneva, the Italian commander, became so alarmed that he abandoned all the outer works southeast of the city, including the strong Turkish fort Mesri. The whole army worked feverishly strengthening a new position with barbed wire entanglements and were kept under arms during the night. Reinforcements from Italy were despatched so hurriedly that the 15th Italian Regiment arrived in ordinary uniforms without their helmets.

The Arabs have advanced their artillery and are shelling the Italians. One shell dropped into Gen. Caneva's headquarters. The foreign military attaches have been kept aboard a boat and not permitted to land, the explanation given being that it would be too dangerous for them to go ashore.

Turks Hold Oasis.

The Turks and Arabs, the correspondent says, hold the oasis, which is 15 miles long and from two to five miles deep, and where they can subsist on dates and olives until April, meantime harassing the Italians by nightly raids. Every yard of the oasis forms a natural defence which must

Louis Mann at the Princess To-night.

Louis Mann's much-heralded engagement at the Princess opens to-night, when this clever character actor and an excellent company, with Emily Ann Wellman in the role of the wife, will present Mr. Mann's latest dramatic comedy success, "Elevens and a Husband." A great deal of anticipatory interest has been aroused in Mr. Mann's new play, and his return to Toronto is recognized as a dramatic event of more than ordinary importance.

CANADIAN MINK.

It is difficult to find anywhere a fur so stylish for small garments, such as neckpieces, scarfs or mufflers as our own great Canadian fur—Canadian mink. It is worn, too, in Paris and Berlin, made in full length coats, and is catalogued as the highest priced fur shown. The Dinsen Company is exhibiting some special lines in Canadian mink, made into Parisian designs of scarfs, etc. The pelts used were selected by the Dinsen agents in the far north, and are rich in coloring and splendidly striped.

AT LATORIA WINS THE FORT THOMAS STAKES

Frog's Legs is Second and Kaiser Third—Results at Marlboro and Jamestown.

LATORIA, Nov. 4.—Aryade captured the Fort Thomas Stakes for two-year-olds here today after a grueling stretch run with Froglegs. The winner was off well and made all the pace. Kaiser was third, working lead and Doncaster, both outdistanced the first two races, respectively, while Champion, the favorite, was second. A cold, raw day held back the attendance. TORONTO HUNT'S NEW CLUBHOUSE IS OPENED

Is on Site of Old One, Burned a Year Ago—An Informal Affair.

The opening of the new clubhouse of the Toronto Hunt, built near the site of the old one, burned eleven months ago, took place Saturday night. It was an informal affair, consisting of small dinner parties of members and friends. A very jolly small dance took place afterwards.

Among those in the party of the Master, Mr. George Beadmore, were: Lady Mackenzie, Miss Mackenzie, Sir Charles and Mrs. Moss, Mrs. Duncan Coulson. Others present were: Edmund Bristol, Steven Haas, R. J. Christie, J. K. Osborne, Dr. D. Kline Smith, H. K. Harris, J. T. Spaul, G. E. Goodenham, H. S. Pater, G. W. Gouinlock, C. A. Masten, Dr. J. F. W. Ross, Mrs. Hollis, C. B. Cronyn, J. L. Englehart, Mrs. Goodenham, Mrs. J. W. Beattie, Mrs. J. T. Dickson, P. Hammond and Mrs. Ireland.

ST. PAUL'S POOL TOURNEY.

The St. Paul's C.L. & A.A. pool tournament resulted in Charlie McCabe being returned the winner, after some of the most interesting pool games that have ever been played on St. Paul's tables. The winner deserved to win, as he shot some wonderful games, coming from behind in most of them and scoring a victory. The runner-up, Norman Wright, also shot some good games, and perhaps shot below his best form in the final, nevertheless for a new-comer he showed rare form and will need watching in future tournaments.

The winner will be presented with a beautiful tie pin at the stag supper in the club rooms this evening. The results: ROUND ONE. F. Reddell, 24; P. Boland, 24; T. McGrath, 23; A. Morlarty, 22; C. Meador, 22; E. Murphy, 20. ROUND TWO. N. Wright, 25; T. McGrath, 24; B. O'Brien, 23; J. Hallinan, 22; B. Haffey, 22; J. Lynch, 21; W. Slack, 20; J. Crooke, 20; P. Bird, 19; P. Kennedy, 18; C. McCabe, 17; J. Wall, 16; C. Meador, 15; E. Murphy, 14. ROUND THREE. W. Slack, 22; E. O'Brien, 22; C. McCabe, 21; F. Reddell, 20; N. Wright, 19; P. Reid, 18; B. Haffey, 17; C. Meador, 16; P. Bird, 15; N. Wright, 14; W. Slack, 13; C. McCabe, 12; E. O'Brien, 11; C. Meador, 10; N. Wright, 9. FINAL. C. McCabe, 23; N. Wright, 19.

American College Features.

At Princeton—Princeton defeated Harvard at football by the score of 8 to 3. It was the first time these universities had met on the gridiron in 15 years, the last being caught in a victory for the orange and black by the score of 13 to 0. At Ithaca—The Cornell football team nearly caught sleeping in the last period of Saturday's game with Williams, which the locals finally won by 15 to 4. At Philadelphia—For the third Saturday in succession the University of Pennsylvania football team went down at the hands of the Carlisle Indians, by the score of 19 to 0. At New Haven—Yale defeated N.Y. University 26 to 0, but not before the blue eleven had seen an opponent's ball cross their goal line at Yale field for the first time this season. The final score was 28 to 3.

Judean A. A. Defeat Beach 13 to 1.

The Judean A.C. is a team to be reckoned with was proven Saturday afternoon when they defeated the strengthened Beach A.C. by the score of 13 to 1 at Kew Gardens in the Intermediate City Rugby League. The Beaches put up a stubborn game for most part of the game, but faced away towards the end, and the Judeans had no difficulty in piling up a score, due to the excellent kicking of Welsh and Landy, the latter scoring 10 of the 13 points, and was in the centre of the fray throughout the whole game. The excellent kicking and the advantage of being able to hold the Beach line, also stood a great part in paving the way for a third straight Judean win. A most pleasant feature is the way the Judean supporters are following the team, as there were as many on hand Saturday as could be wished for, in fact, many thought they outnumbered the Beach supporters. The Judean A.C. lined up as follows: Teich, Swartz, Landy, Freilman, Pearlman, Gurroff, Dolgoff, Coll, Pearlman, Tittrocky, Ross, Finck, Sprer, and Black. Score at end: Judean A.C. 13, Beach A.C. 1.

The Trouble Is Little Jeff Can't Read Very Well

A cartoon strip by Bud Fisher. It shows a man named Jeff who is struggling to read a sign for 'Gaby De Slow the Sensation of Europe'. The sign is written in a very stylized, difficult-to-read font. Jeff is surrounded by other people who are also struggling to read the sign. The cartoon is a parody of the 'Gaby De Slow' advertisement. The dialogue includes: 'JEFF, I GOT A JOB AS ADVANCE MAN WITH THE "MUTT AND JEFF" SHOW, NOW HERE'S ONE OF OUR BILLS AND A BILL OF THE RIVAL SHOW YOU GO TEAR ALL OF THEIRS DOWN AND PASTE OURS UP', 'GIMME SOME PASTE', 'HE GAVE ME SOME OF EACH AS A SAMPLE, I FORGET WHICH ONES HE SAID TO TEAR DOWN—LET ME THINK', 'I GUESS I'M RIGHT', 'GABY DE SLOW THE SENSATION OF EUROPE', 'SOME CLASS! I'VE DONE THAT IN EVERY BOARD IN TOWN.', 'ALL THROUGH? WHAT ARE YOU DOING WITH ALL THOSE BILLS?', 'THESE? OH, THESE ARE THE ONES I TORE DOWN I PUT THE OTHERS UP', 'SIMP!'. The cartoon is signed 'Fisher' and 'COPYRIGHTED 1917 F. FISHER'.

MONDAY MORNING, NOV. 6, 1911.

MAYOR GEARY'S MAYORALTY.

Mayor Geary pleads, not unjustifiably, that he should not have to fight for a third term. He has instanced the hydro-electric system, the trunk sewer, the sewage disposal plant, the industrial farm, the new isolation hospital, and the viaduct as among the big works initiated in his term of office and approaching completion.

Controlled Hooker has been recognized by his worship as the patron and manager of the proposed tube system. He can very properly, as he generously did a few days ago, leave the tubes to Controller Hooker to initiate and carry to a finish in a mayoralty term to follow next year.

CAR TRACK CHANGES.

Whoever is responsible for the widening of the devil strip at the new street intersections is to be commended. The narrowness of our streets makes it difficult to carry out this necessary improvement through the city, but the time may come when both the streets and the devil strip may be widened.

A local member of the legislature told The World on Saturday that the city had been very foolish not to take advantage of the legislation passed last session whereby the city in widening a street could expropriate all the property affected and sell it again.

Such progressive and business-like action does not appear to be possible under a form of city government which encourages timidity in the representatives and renders them more susceptible to newspaper outcry or private pressure than to the demands of the city's future.

Another matter that must be considered with the widening of the devil strip is the standardizing of the gauge. This ought to be decided upon before the tubes are finally equipped. The spur rail is a temporary device. On all accounts the standard gauge should be adopted all over the city.

PROSECUTE THE RING.

The action of the Milk Producers' Association in raising the price of milk several times during the past year makes it necessary that some drastic steps be taken to prevent the raising of prices of this and other products to an unreasonable extent.

Every one is guilty of an indictable offence and liable to a penalty not exceeding \$400, or to imprisonment, or to a fine not exceeding \$100, or to a penalty not exceeding \$100, or to a fine not exceeding \$100, or to a penalty not exceeding \$100.

It can be shown that the price of milk in Toronto is far higher than in any other city or town in Ontario. It is admitted by many of the producers themselves that there is no real necessity for the increased price.

It is to be hoped that good audiences will greet Mr. Thomas Mawson during the series of lectures to be given this week in Convocation Hall by him under the auspices of the university, the city council, the Civic Guild, the board of trade, and the Playgrounds Association.

THE GLOBE ON THE PREMIER.

Mr. Borden can regard with indifference the venomous editorial attack on his Halifax speech in Saturday's Globe. The double-tongued organ that advocates free trade and supports moderate protection, accuses the prime minister of misrepresentation because he continues to hold and express the opinion that "the reciprocity pact proposed by the late government would have interfered with Canada's complete control of its own fiscal system."

It is not a relevant answer to this contention to cite the provision of the agreement reserving the freedom of congress or parliament to make any changes of tariff policy that might be deemed expedient. For the point is not whether parliament has the abstract right to change the nation's tariff policy, but whether the effect of the agreement was not to interlock the contracting parties' fiscal arrangements as to prevent any action except that of entire abrogation. This appears to be so plain that it is impossible to exempt the Globe from the charge that it has been guilty of the misrepresentation and indirectness of speech of which it accuses Mr. Borden.

Mr. Miller produced the goods and Lauder left his measure. "This is a first-class idea," remarked the famous entertainer. "I can wear these clothes with a clean conscience, for if anyone asks: 'Harry, where's your Highland costume?' I can say I've got it. This is it."

The Canadian Pacific Railway, always alive to the demands of the travelling public, will inaugurate, commencing Nov. 8, from Ottawa, and Nov. 9, from North Toronto, a compartment car service. Pastor Russell's Sermon

LONDON TABERNACLE, Lancaster Gate, W., Nov. 5.—"We have done those things which we ought not to have done, and we have left undone those things which we ought to have done." All agree to this and agree also that "we believed many things which we ought not to have believed and have left unbelieved many things which we ought to have believed," said Pastor Russell.

Christians-Disciples still theoretically say that everybody not immersed in water who reads in still in an account of eternal torture, although this is not the gist of their teachings. Our Baptist friends no longer believe that only those who have been fully immersed in water constitute the one "Church of the Living God, whose names are written in heaven," and that those alone who have been saved and all the remainder, all the unimmersed, will be forever lost.

Repeating all the theories of the dark ages God's people should return to the instructions given by the Lord and the 12 apostles. A careful examination shows not a single reference to infant baptism in the New Testament. On the contrary, only believers were instructed to be baptized.

LAUDER'S HIGHLAND COSTUME

The great Scotch comedian says "Woe Be It" and is going into trousers. The great and only Harry Lauder after spending what he said were three "bully days" in Toronto, started east last night.

Mr. Miller, the manager of the Scotland Woolen Mills Company and a friend of Lauder's, said he had heard yesterday about a visit he had from "Harry" on Saturday morning. The famous Scotchman arrived at the store in the city, and he went strangely twisted walking stick, which he carries in some of his parts.

Mr. Miller produced the goods and Lauder left his measure. "This is a first-class idea," remarked the famous entertainer. "I can wear these clothes with a clean conscience, for if anyone asks: 'Harry, where's your Highland costume?' I can say I've got it. This is it."

SIR ANDREW FRASER DISCOURSES ON LEPROSIES

Tells of the Methods Used in Dealing With India's Dread Plague. Sir Andrew Fraser, late Lieutenant-governor of Bengal, gave an interesting address Saturday evening on Leprosy, under the auspices of the Toronto Auxiliary Mission to Lepers, in Westminster Presbyterian Church.

"I have seen a great deal of leprosy, mainly in my official capacity," he declared. "Leprosy does not prevail all over India, but there are some districts in which it has taken hold. The old system of dealing with the lepers was to segregate them by enclosing them in villages, often to starve. If they attempted to re-enter they were beaten out. Some of the early missionaries saw lepers taken out of the village and buried alive."

"This may have been a good method of checking the spread of leprosy, but it is not one that would commend itself to a civilized and Christian people. The British regents stopped such cruelty. The outbreaks were now permitted to go about the city, and the danger of contagion was increasing. A great leprosy was increasing. A government commission were appointed to look into the matter, and they found that leprosy was increasing, and adopted legislation to again segregate the lepers, but in a more humane manner."

"It was made illegal for any leper to engage in baking or washing clothes or any such employment, and it was also made illegal for them to beg. We had to find a place to put these convicted lepers. We did not want to send them to jail, and it was decided to send them to a leper asylum. This scheme I did not like, because it was absolutely impossible to find any person willing to take charge, but ordinary hospital assistants, and they loathed the work."

"When the missionaries came forward they were taken over, and the lepers taken in. No guard was set, no door was locked. The attractiveness of the place, as compared with the jail, and the kindness of the attendants held the lepers without any guard. Speaking of an asylum in Bengal, he stated that there were 700 lepers in it. It was not one large house—it was a village, of 60 or 70 houses, with a church in the centre. The floors were concrete, and part of the walls. The houses were all sloped, and perfectly drained, and were sloshed out daily, keeping everything clean."

MRS. VALENTINE ACQUITTED.

DENVER, Colo., Nov. 4.—Less than an hour after the case had been given to the jury last evening, a verdict of acquittal was returned in the case of Mrs. Eleanor C. Valentine, charged with the murder of her husband, Harry Valentine, on March 15 last. Self-defence and temporary insanity resulting from long continued abuse formed the defence.

WILSON FUNERAL TUESDAY

Body of Late Park Commissioner Brought Back From Coast.

The remains of the late James Wilson, parks commissioner, arrived in Toronto from Vancouver, where death took place, at 2.30 yesterday afternoon and were taken to the late residence, 672 Huron-street. The funeral service will be conducted at the house on Tuesday at 10 a.m. by Rev. Dr. W. G. Wallace of Blount-street, Presbyterian Church, where the deceased was an elder.

Afterwards the body will be taken to Niagara Falls, Ont., on the 12.15 train and interred in the Drummond Hill.

The widow and Mrs. Thompson, a sister, brought the body from Vancouver. They are accompanied by the Union Station by Ald. Graham, chairman of the parks and exhibition committee, and Acting Parks Commissioner Chambers.

A widow, three sons and a daughter accompanied the body to Toronto. They are Miss M. J. Malcolm and Elizabeth, students at Toronto University, and Hugh, the youngest.

Grain Vessels Stalled.

OGDENSBURG, N.Y., Nov. 4.—Six steamers and nine barges, all laden to full capacity with grain for Montreal, are held up at the locks of the St. Lawrence Canal.

Work in lighting the half-million bushels of grain to vessels of last draught has begun, as there is no prospect of normal water, and the navigation season is drawing to a close.

NO MEETING ARRANGED TO FIX HYDRO BY-LAW

Nor Can Required Amount of Money Be Stated Until Reports Are in, Says Mayor.

"Guesswork" and Mayor Geary last night when asked if there was any truth in the published report that a special meeting of the city council would be held on Nov. 20 for the purpose of dealing with the question of submitting to the ratepayers on Jan. 1 a by-law to raise another million and a half dollars for the completion of the hydro-electric system.

The mayor said it had not been decided yet when the meeting would be held, and there was no way of deciding it for a while. It would be known only when the report came in with the estimates as to the amount of money needed. The statement as to the amount of money required was a guess which even the members of the commission did not make.

It is likely that the matter of more money will not come before the council until Nov. 27. It was thought that the estimates would be read before then, but the auditor has given out the information that his work will not be completed until Nov. 27.

As has been before stated, enough money was voted on Jan. 1, 1908, to complete the work according to the original plan, but the city has grown so much since then that considerably more work must be done. In every way the city is larger than it was then. So, in order to cope with the increased size of the undertaking, more money must be secured.

The question of securing legislation to enable the commission to make local improvements to the system will be gone into soon. When they get the right all residential streets will be able to have all the wires taken down and buried and different poles put up. A new style of pole, much more attractive than the present ones, will be used on those streets if wanted.

Palmerston Boulevard, which at present is without wires, is being planned to have buried wires and the most artistic poles procurable, will be soon lighted in that manner. Then all the city can share and find out how they like the improvement.

The charge will not cost over much, as the payments will be spread over a number of years and the discarded poles can easily be used again. The new poles are somewhat similar to the cluster light standard, which will be on have but one light, which will be on top.

STUDENT IN BURANCE VILE

Spill of War, Police Helmet, Recaptured at University.

Ross Courtney, 174 Robert-street, a student at the university, wearing the helmet of a Canadian Express Company's wagon, was captured at the university on Saturday evening while probably knocking some one down and perhaps doing bodily injury, stepped from the sidewalk and seized the horse's bridle brought the animal to a stop.

Policeman Wilson stopped at the same moment, and then started ahead, leading the young student towards Court-street station. Other students belonging to the university paraded noisily behind the officer. When on Toronto-street, Alexander Macdonald, 72 Prince Arthur-street, tried to entice the followers into an attack on the cop.

An attempt was made, in which Wilson lost his helmet, and the sequel Macdonald lost his liberty. The lost helmet was recovered in a somewhat dilapidated condition in one of the university residences.

not representing the country. Revolutionary proclamations abolish the title and land taxes, the maritime customs only being retained.

Hanchow, capital of the Province of Chekiang, was captured to-day, the governor being made prisoner, but the Tartar city held out against the rebels for a time. The fighting was furious, but did not last long.

Soochow, in the Province of Kiangsu, having acquiesced peacefully in the rising while Kashing and Ningpu also have fallen.

The remainder of Admiral Sah's fleet has arrived at Wusung, without ammunition and provisions.

Telegraphers Strike.

Reports are numerous of the defection or the capture of various other Chinese cities, those including Wuhu and Poochow. The imperial telegraph operators have gone on strike. They demand three months' pay in advance.

It is reported that Yuan Shi Kai is at Hankow negotiating with Gen. Lo, leader of the rebels, who is in a position to dictate terms. It is believed that the south will demand the retirement of the Manchu dynasty with a pension, and will not be satisfied with less.

The revolutionary leaders at Shanghai to-day expressed no fear that the imperialists would attempt to recapture the city. They said that the new government was fully competent to control the situation and protect foreign interests.

Hospital Inmates Escaped.

HANKOW, Nov. 4.—The members of the Wesleyan hospital, and the blind boys, who are under the care of the mission, have escaped death by a narrow margin in the fire, which destroyed a large part of the native city of Hankow. The inmates of the mission, numbering 800, spent the night on the lawn, terrified by the whirling shells and the rattle of rifles. The fire swept down upon the mission, and the flames from the burning buildings came so close that some of the fugitives, who huddled together on the grass, were scorched and almost gave up hope of rescue. They are all now housed in the London Mission.

Hossack Comes Back

Preaches at Morrow's Church Upon Resurrection.

Rev. D. C. Hossack preached at the Wesleyan church last night, taking as his subject the resurrection of Christ. He showed the bearing which the event had on the human race, and pointed out its weight as an argument for the belief in a future existence.

Mr. Hossack believed that all the evidence tended to substantiate the resurrection of which Christ told in his message to humanity. He showed the reasonableness of such a belief, and he thought the very fact that it was universal was a sound argument. He desires to live again and the belief in an after-existence were in

Seventy Years in York.

At 79 years of age, James Legge passed away suddenly at his late residence, 157 Montrose-avenue. Mr. Legge was born in the County of Dorset, England. He came to Canada in 1831, and located in the neighborhood of Bond's Lake, where he ran a farm. In 1861 he retired from active life and moved to Toronto.

He is survived by a widow, five daughters and seven sons. The funeral service will be held in St. John's Church, Oak Ridges, at 2 p.m. to-day.

Decline in Wheat Runs Its Course Market Takes Turn for Better

Chicago Fit in Improved Frame of Mind and Short Covering Kallies Market All Around—Corns and Oats Higher.

CHICAGO, Nov. 4.—The decline in the wheat market, which has been in effect all this week without practically a break, and which resulted in lowering of prices by about five cents a bushel, ran its course to-day, and the market took a sharp turn for the better. At the close wheat futures were 1-4 to 3-8c above last night.

The wheat pit was in a better frame of mind almost from the opening of trading, and prices at no time got below last night's closing figures. The idea was expressed that the reaction in values had been much overdone, and that any possible action by the government, in the line of an investigation of the big accumulation of wheat stocks had been fully accounted for.

There was a good deal of short covering early in the session, and the price of wheat mounted rapidly until advanced running into a full cent—about from the opening were shown. The shorts were fairly stampeded, and there was a rush to buy in sufficient quantity to cover commitments which had been assumed on the way down.

From the top figures the market sagged easily, until a large portion of the advance had been lost. Profit-taking at the higher quotations was much in evidence. December wheat ranged between 95 1-4 and 94 1-8c, and closed at 94 3-8c, against 94 1-8c yesterday. May closed at 100 3-8c.

Corn and oats were strong in common with wheat, but the upturn in these staples was more attributable to a reflection of the stronger tone in the wheat pit than anything else. December corn closed at an advance of 1-4c and December oats at a gain of 1-8c. Provisions were quiet and slightly higher.

Broomhall's Cables. Broomhall cable that the wheat crop of Great Britain this year is officially placed at 22,500,000 bushels, against 22,000,000 last year. Cais 14,000,000 bushels, against 14,500,000 last year. The hay crop is reported to be very short.

BOLIVIANIA—Agriculture and stocks of wheat at the ports are small. Rain is needed for the new sown wheat.

Argentine Conditions. Broomhall's Argentine agent wires from Buenos Ayres: The market for wheat closed steadily and unchanged. Crop conditions continue favorable. Stocks are light and arrivals small and therefore nearby offerings are firmly held. There is a general feeling of offerings of new crop as it is thought that the press discount the expected large yield and it is thought that the demand from foreigners will be on a large scale.

Northwest Receipts. Receipts of wheat in cars at primary centres were as follows:

Table with columns: Location, To-day, Week, Year. Rows: Chicago, Duluth, Minneapolis, Winnipeg.

European Markets. The Liverpool market closed to-day 1-4c higher on wheat, and 1-4c to 1-2c higher on corn. Berlin closed 1-4c to 1-2c lower, and Antwerp 1-4c to 1-2c lower.

Winnipeg Inspection. Winnipeg receipts of wheat to-day graded as follows:

Table with columns: Variety, Receipts, Shipments. Rows: No. 1, No. 2, No. 3, No. 4, No. 5, No. 6, No. 7, No. 8, No. 9, No. 10.

ST. LAWRENCE MARKET. Receipts of farm produce were 200 bushels of wheat, two or three loads of hay, many loads of corn in the north building, and a big supply of poultry and eggs. Trade was brisk as usual, and most of the produce was sold at 1-4 to 1-2c per bushel.

Market Notes. J. H. Wickson, owner of the best quality wheat, writes from the Justin, Ont., that two of the choicest butternuts, weighing from 100 to 125 lbs., from Mr. Kerwin at Egin Mill, Ont., that we have seen for some time. The workers were sold at 49 per cent.

Market Notes. One farmer, Mr. Fink, sold six dozen new-laid eggs at 50c per dozen.

Table with columns: Variety, Price. Rows: Wheat, Rye, Oats, Buckwheat, Hays, Straw, Potatoes, Apples, Peaches.

NORTH TORONTO SWITCHES. Chairman Lefsch of O. R. B. Will Give Order on Wednesday. At a meeting of the North Toronto council on Saturday afternoon Solicitor Gibson reported that he had been served with a notice of setting order by the Ontario Railway and Municipal Board with reference to the long pending of the switches of the Metropolitan Railway. The sitting of the board will be held on Wednesday morning at 10 o'clock.

The Making of Cities. Many of the city ministers yesterday drew the attention of their congregations to the Maxwell lectures on civic art and city planning every evening this week in University Convocation Hall. Bishop Farthing, preaching in Montreal last week, used very strongly that immediate steps be taken in Montreal to improve housing conditions in that city. "The church," he said, "has handicaps in her work of reclaiming the souls of men by the material conditions and surroundings in which these men are forced to live." The subject of Mr. Maxwell's lecture to-night is city building—the ideal and first principles of city planning. Sir Edmund Walker will preside. Every citizen is invited to the lecture. Toronto should make an effort to be present to-night. The lecture is free.

POSTMASTERSHIP GOES BEGINNING. NIAGARA FALLS, Ont., Nov. 5.—(Special).—It was learned to-night that Postal Inspector Durand had been appointed to the position of postmaster at the South End office, to succeed W. H. Robinson, who tendered his resignation last week. The new postmaster was out to \$150 a year, because the office must be provided on this amount. Mrs. Hill refused the position.

Financial London on the Outlook—Current Comment on the Wall Street Situation.

The Following Summary of Financial Conditions is Cabled by the Special Representative of The New York Evening Post.

LONDON, November 4.—So far as the European markets were concerned, the effect of yesterday's publication of the Morocco treaty had been completely discounted by the rise in prices since the agreement was first disclosed, fully two weeks ago. Hence the dullness of yesterday on the stock exchange.

This week's dramatic recovery in the Steel shares of your stock exchange has been witnessed here with astonishment. It is regarded as a striking example of the utter disregard of London endeavours to stir up the Wall-street sentiment.

But the financial importance of that recovery is fully recognized. London had believed that a really violent and continuous fall in the price would have meant utter demoralisation in Wall-street, and perhaps financial difficulties here, where Steels are somewhat largely held. The consensus of opinion now is that your markets will sag in the absence of any serious and our social problems. But no one dares back his opinion by selling short.

Your market's recovery is now favorable on Europe's markets, largely because of the gradual release, at Paris, of money hoarded during the Morocco conference.

Your market's renewal of loans to Europe, maturing this week, has also insured continuance of comfortable conditions, especially as it is considered that Europe's reparations to America will probably be made in the spring of the year, when conditions are usually easy on the continental market.

Nevertheless, the maximum of ease has probably been reached here. The Bank of England, with its exceptionally strong reserve, will be able to exercise control over Lombard-street in December, thru bills discounted two months ago, and coming to maturity next month. There is vague talk that Italy also may borrow in America on bills of exchange.

Our stock-exchange outlook is definitely its best point in a long time; its worst, the complete absence of the public. For the reasons already indicated, the situation at Paris and Berlin is better, but both markets have sustained a considerable strain, and recovery will have to be gradual.

The "Big Stick" in consols is partly due to the fact that bankers are considering a scheme to provide for repayment of the national debt within a fixed period, instead of the present system of a loan perpetual in form. This plan will be considered later by the Chancellor of the Exchequer.

any special demand, and price change in both these issues were too small to be of more than passing interest. Sao Paulo touched 18 1/2, but did not hold its advance.

Decrease in Idle Cars.

NEW YORK, Nov. 4.—Idle car figures this week show only 20,522 cars, against 25,877 on Oct. 11.

Business Outlook Good.

NEW YORK, Nov. 4.—Trade Reviews issued to-day report business outlook good, with tons of iron and steel trade notably improved.

ON WALL-STREET.

Erickson Perkins & Co. (J. G. Beaty) wired: The stock market exhibited a great deal of strength to-day, particularly in the rails, with Reading the leader. At to-day's top prices Reading is about 14 points above the September bottom and Union Pacific is 15 points up. American Tobacco issues were very firm, with the common stock bid up to the high prices of the September bottom. This produced the impression that the reorganization plan would be announced early next week, although there is as yet nothing definite. This incident unquestionably helped the general market. Unless something intervenes of an unexpectedly unfavorable character, stocks will probably be carried higher Monday. The New York Bank statement, giving actual conditions, showed a decrease in cash and in surplus of about \$5,000,000. This was something of a surprise. It was unexpected.

Chas. Head & Co. to R. R. Bondard: London prices came generally higher and our market opened in sympathy. A slight reaction of possibly half a point took place in the first quarter hour, but it was speedily followed by a rally which carried quotations well above opening figures. Reading was the feature. Canadian Pacific made its usual spectacular gain of 1 1/2 to 2 1/2. Bull points are out on Reading, 100,000 common shares of which are said to have been bought by Intercontinental with the First National Bank. Closing was strong and at about highest, with Reading at 148. We still look for better prices for the good railroads and would advise the long side of the market for the time being.

ALBERT H. WIGGIN

The new president of the Chase National Bank, New York City.

STILL GOING UP.

The New York stock market slowed up to a certain extent in Saturday's half session, but the tendency was still buoyant and prices kept on going up.

European Bourses.

PARIS, Nov. 4.—Prices were generally firm on the bourse to-day.

Toronto Railway Earnings.

The earnings of the Toronto Railway Co. for the month of September show another big increase in both gross and net earnings. The statement for the year to date is even more satisfactory.

Toronto Stock Market.

World Office.

Saturday Evening, Nov. 4.

The Toronto stock market to-day was a decidedly broad affair for a Saturday half session. Trading was generally active, with transactions widely disseminated throughout the list.

There was a good deal of profit-taking represented in the week-end liquidation and this was sufficient to hold any further advances in check. In some instances an easier trend developed under this selling, and price movements were downward, but in the main the market held its own very well.

Outside conditions favorable. Conditions outside of Canada during the last few days have been more than usually favorable. The sharp upturn in the Wall Street securities has inspired a more cheerful sentiment regarding United States finances. The situation abroad has improved considerably also.

There is no apparent change in money conditions in Toronto, the rate for call loans holding firm at 6 1/2 per cent. Funds are available at 5 per cent, but the difference in the price is quite a usual occurrence.

Trend Generally Firm.

A generally steady to firm trend was observable in the market to-day, prices in the majority of instances being maintained.

Steel Company of Canada and C. P. R. were the only strong features. The former issue got up a point to 36 1/2, a new high record, but the advance was not followed by local traders, who regard the movement as more or less manipulative.

The Maple Leafs were subjected to considerable profit-taking after their sharp advance, and a reaction of 3 points in the common stock followed. The preferred issue was strong at a small advance.

Neither Rio or Sao Paulo was in

ON WALL-STREET.

Erickson Perkins & Co. (J. G. Beaty) wired: The stock market exhibited a great deal of strength to-day, particularly in the rails, with Reading the leader. At to-day's top prices Reading is about 14 points above the September bottom and Union Pacific is 15 points up. American Tobacco issues were very firm, with the common stock bid up to the high prices of the September bottom. This produced the impression that the reorganization plan would be announced early next week, although there is as yet nothing definite. This incident unquestionably helped the general market. Unless something intervenes of an unexpectedly unfavorable character, stocks will probably be carried higher Monday. The New York Bank statement, giving actual conditions, showed a decrease in cash and in surplus of about \$5,000,000. This was something of a surprise. It was unexpected.

COTTON CLOSED LOWER.

Erickson Perkins & Co. (J. G. Beaty) wired: Southern selling brought about a slight decline during the opening session, but offerings were promptly absorbed, and prices lapsed into dullness, with the market leaders indisposed toward taking a decided position until the winners' report was issued on Wednesday next. It is out of the way. Week-end figures were regarded as slightly bearish. Cotton is steadily piling up, and not a few professionals are inclined to locate their profit basis in the near future. Would buy only on sharp drives.
