Tired?—Nature's Sweet Restorer

Abounding in stimulating goodness, a most healthful and pleasing beverage. Its sustaining and invigorating qualities are beyond dispute.

COMPLAINT REGISTERED AGAINST "NICKEL" SHOWS

Management Committee Considers High School Salary Schedule—Transfers in Teaching Staff.

Following a letter received from Mrs. J. A. Tovell, corresponding secretary of the W. C. T. U., in West Toronto, deploring the alleged evil influence that the five and ten-cent theatres were exerting on the minds of school children, the management committee of the board of education gave a great deal of discussion to the matter at its meeting yesterday.

Mrs. Tovell wrote that the proprietors of the "nickel theatres" waited for the children after school hours and gave them free tickets of admission, and the result was that she had received many objections from the mothers of the children against the practice. She also stated that ward seven had more comparative of these amusements than any other ward in the city.

The committee finally decided that it was beyond their power to take any steps in the matter unless the men who were giving away the tickets trespassed upon the school property. They also referred the matter to Principals Embree and Inspector Hughes for a report.

Salary Schedule.

A report was read from L. E. Embree regarding the proposed new high school salary schedule. It was advised that the initial salaries be as follows: For less than two years' high school experience, \$1200; for two, three and four years' experience, \$1300; for five, six or seven years' experience, \$1400; eight or more years' experience, \$1500.

The report further recommended that the maximum salary for heads of departments be \$2200, for assistants who are university graduates, \$2000, and for assistants who are not university graduates, \$1800; that the regular increase be \$100 per annum until the maximum salary for each grade is reached; that in fixing the salaries of present members of the staff for 1910 and subsequent years, one year's teaching in the high schools, and each to be regarded as experience outside of Toronto, or the major fraction thereof, be also regarded as a unit, and that in addition to the regular yearly increase mentioned, each teacher's salary be increased \$100 each year, until full recognition has been given for units of teaching experience, or until the maximum has been reached; that the minimum salary for heads of departments be reckoned at \$1400 as at present. This question was left over for the board.

Leave of absence was granted to Miss C. S. Brown, teacher in Borden-street school for six months, and to Miss Isabel Morris, teacher in Rose-avenue school, for six months.

Teachers Transferred.

The following transfers were made: Henry Gray, from Crawford-street to St. Clair-avenue; R. J. McIntosh, from St. Clair-avenue to Crawford-street; Miss F. T. Knowles, from Manning-avenue to Borden-street; Miss L. J. Payne, from Park to Rose-avenue.

Duncan McFadyen, holding a second-class certificate, was appointed on the temporary staff, and assigned to the Victoria Industrial School, and Miss E. M. Henderson was assigned to Manning-avenue school, holding a first-class certificate, was appointed on the temporary staff, and assigned to Park School.

The resignation of Mr. J. A. Irwin, principal of Dovercourt Night School, was accepted.

The committee confirmed the promotion of S. Richardson, principal of King Edward Night School, to be principal

IN SOCIETY.

Mrs. Oliver W. Adams, 88 Farnham-avenue, will receive on the first and second Thursday.

Mr. and Mrs. F. H. Brydges, Winnipeg, who have been the guests of all our friends, are leaving on Thursday for the last week, left for home on Saturday.

Rev. S. T. Riddell and family of Abernethy, Sask., are visiting at the home of his father-in-law, Rev. John Pepper, 321 Quebec-avenue, West Toronto.

Mrs. E. Y. Eaton has just returned from Philadelphia.

Mrs. (Dr.) Stockton, Okotoks, Alta., is visiting her mother, Mrs. Smart, 26 Simpson-avenue.

Mrs. Jack Ross of Montreal is the guest of Mrs. W. D. Matthews in St. George-street.

At the monthly social gathering of the choir of the Simpson-avenue Methodist Church, on New Year's Eve, a presentation of a handsome sterling silver carrying set was made by the members to Mr. A. J. Barker, as a token of their appreciation of his services as secretary of the choir. A very pleasant evening was spent in games, etc., after which the choir joined in the annual watch-night service of the church.

Mrs. W. Grant Noble, Nordica Apartments, will not receive Wednesday, Jan. 5, but will be at home Jan. 12, and following first and second Wednesdays this season.

There will be a meeting of the De La Salle Gradschool Society, on Thursday evening, Jan. 6, at 8:15, at the La Salle Institute. A very fine program has been arranged and all members are requested to be present.

The National Yacht and Skiff Club held a most successful at home at their clubhouse on New Year's Eve. Among those present were Mr. and Mrs. Collett, Mr. and Mrs. H. P. Wallace, Mr. and Mrs. E. Finley, Miss J. Riddell, Mr. Taylor, Miss E. Davies, Mr. F. W. Hall, Miss E. Pitters, Mr. T. G. Hurst, Miss M. Davies, Miss V. Vendow, John Powell, Miss G. Pudney, Mr. J. Hamlet, Miss P. Nixon, Mr. C. W. Hurst, Mr. A. Bottomley, Miss F. D. Hurst, Miss L. Fleury, Miss L. Newman, Miss L. McDowell, Mr. Harry Warren, Mr. C. Peers, Mr. J. A. Peath-erington, Miss A. Riddell, Mr. Barker, Mr. tree, Mr. W. Westlake, Mr. W. Johnston, Miss M. Johnston, Miss M. Long, Mr. and Mrs. J. Howes, Mr. and Mrs. Hughes, Miss M. J. W. Commey, Mr. J. Pearce, Miss P. Moran, and many others.

The music was excellent, and the refreshment served in the ante-room by Mrs. Brandon was certainly a great credit. The committee, composed of Com. E. B. Collett, Mr. W. Westlake, Mr. W. Johnston, and Jack Pearce, did their utmost to make every one feel at home. After wishing good night to the guests, the party broke up for home in the early hours of the morning.

Bold-Miller.

The marriage of Miss Ida Bold of Brooklyn, N.Y., to Mr. A. Miller of this city, took place at the McCall's, 37, Synagogue Sunday night.

Both bridesmaids wore a white lace robe over satin, and held a bouquet of roses and lilies of the valley. Mrs. Bold, the bride's mother, wore a dress of black satin, trimmed with gold and pearls. The bride wore a dress of black satin, trimmed with gold and pearls.

Miss S. Bold, sister of the bride, was bridesmaid, prettily dressed in peach-colored satin, trimmed with gold and pearls. The groom's mother, Mrs. Miller, was also present.

The list of party issues now embraces, besides that of the budget, reform or abolition of the house of lords, protection, prohibition, female suffrage, and home rule for Ireland, besides local issues of which there are sure to be some. Will the time come when such carnivals of animosity, social as well as political, as general elections under the party system will cease to trouble?

Speaking of Ireland, there is one wrong which the Irish have specially felt and which could be very easily redressed. It is the absenteeism of royalty. George IV. was the first king who since the Norman Conquest had come to Ireland.

He was rapidly received, even O'Connell finding it wise to join the acclaim. Queen Victoria knew her gracious duty. She showed this morally by her recent visit, during the latter and greater part of her reign, when she no longer visited Ireland, of any allusion to the subject. Power and influence can be in the wildest quarter of Ireland as she was in Windsor Castle. The present king has visited Ireland, and it may be hoped that the two next specimens of the moral and social influence of their orders. Still, they are of the past, and if Ireland is cut loose it would not be surprising between them and the politician of the nineteenth century, who thru the struggle for separation from the Protestant kingdom of Ireland, has come a powerful ally. Of this there have been symptoms already.

Yonge Street Mission.

The superintendent of the mission desires to thank the many kind friends who have helped him with their gifts of cast off clothing and financial support. He also wishes to be known for the demand for help is very great. Some days last week as many as 75 men were relieved and this is a severe strain on the mission's resources.

He strains on the mission's resources. He strains on the mission's resources. He strains on the mission's resources.

A postcard addressed to the mission or a phone to Main 3546 will bring a messenger to your home for any gift you desire to give, great or small.

Manitoba Elections This Year.

WINNIPEG, Jan. 3.—The next provincial elections will be held in Manitoba on or about June 1, 1910. Both sides are already busy organizing, and many candidates are in the field. The general expectation is that the elections will come some time in the spring, or in the early summer. The legislature will not meet until the middle of February.

The last elections were held March 7, 1907. The Liberals are in bad shape for a contest.

Policeman's Cold Swim.

NEW YORK, Jan. 3.—James J. Scanlan, one of the several champion athletes on the New York police force, swam half way across the Hudson river to-day and back again, his only difficulty being in dodging large cakes of ice.

Scanlan had a wager with another policeman for a swim across the river, but his challenger failed to appear.

Women's Auxiliary.

The annual service of the corporate communion of the Women's Auxiliary to the M.S.C. will be held in the Church of the Redeemer on Thursday, Jan. 6, at 10 a.m. The preacher will be the Rev. Canon Plumtree, and the service will be followed by the monthly board meeting.

U. S. Negro Population.

WASHINGTON, Jan. 3.—Predicting that the coming count will show approximately 10,000,000 negroes in the United States, Census Director Durand to-day issued general instructions to supervisors.

Bank Clerks Worked on Sunday.

WINNIPEG, Jan. 3.—A deputation understood to represent the Lord's Day Alliance visited eight of the principal city banks on Sunday and secured the names of officials whom they found alternating monthly and yearly accounts on the Lord's Day.

DON'T MISS THE WIND-UP OF THIS SALE NOR ITS FLOOD OF BARGAINS. IT'S THE CHANCE OF YOUR LIFE. COME EARLY

FOR THE CRASH

To-day, Tuesday, Will Witness A CRASHING CRASH

Note and Comment

Three down and one to go was Simpson's dilemma in the Granite Kink yesterday afternoon at the Granite Kink. He was playing second stone, and his opponent, Hugh Munro's redoubtable quarry, was down to his last stone. Simpson was playing second stone, and his opponent, Hugh Munro's redoubtable quarry, was down to his last stone. Simpson was playing second stone, and his opponent, Hugh Munro's redoubtable quarry, was down to his last stone.

There were more Rennie's play on the next shot, Bob of Queen City and his unbridled champions against Tom of the Granite. They were playing second stone, and his opponent, Hugh Munro's redoubtable quarry, was down to his last stone. Simpson was playing second stone, and his opponent, Hugh Munro's redoubtable quarry, was down to his last stone.

Newspapers of the Eastern League circuit of yesterday came to hand containing Pat Powers' official fielding averages for the past season. The averages were given right here in this town last week. Guess how!

These averages show that last season Joe McGinnis, he of the dead wing and the broken-down pitcher, pitched 20 games, of which were to a finish, 10 being parts of battles. Of the 6 full games, Uncle Joe won about 20. They were more than anyone in the National or American Leagues.

They kept panning the picture feature of the Jeff-Jack fight. It does not follow, says one, that the results of the picture fight are a frame-up, because it is accepted as true that as soon as the picture taking line limit in a fight has elapsed the pugilists always go in to win on the level, in the opinion of followers of glove combat. Would be a good thing for the game if the picture machine did not enter in fight arrangements.

Jeffries, after remaining silent for several weeks, has issued another statement. The big fellow says that he is not a prizefighter, but a professional boxer. He says that he is not a prizefighter, but a professional boxer. He says that he is not a prizefighter, but a professional boxer. He says that he is not a prizefighter, but a professional boxer.

Another crusade against the hobbled will on the harness track is to be inaugurated by the managers of the Detroit Driving Club under a new form, which is carried through as reported, will be heartily endorsed by horsemen. The Detroit Driving Club under a new form, which is carried through as reported, will be heartily endorsed by horsemen. The meeting of the Athletic Research Society, which was attended by a number of others, by President Merrick of the A. A. U. of C., closed on Saturday in New York after electing the following committee to confer with the A. A. U. committee to investigate athletic conditions. The Detroit Athletic Club, are the richest purses given during each racing season to players. The Detroit Athletic Club, are the richest purses given during each racing season to players.

The Toronto Baseball Club will report at Charlottesville, Va., on Monday, March 28. The 25th fall on Good Friday. The Toronto Baseball Club will report at Charlottesville, Va., on Monday, March 28. The 25th fall on Good Friday. The Toronto Baseball Club will report at Charlottesville, Va., on Monday, March 28. The 25th fall on Good Friday.

Baseball Notes. West Baden, Ind., will be the first training headquarters of the baseball team for the coming season, according to an announcement made yesterday by President Barney Dreyfus of the club. The team will leave for that place on March 7 and will be followed within a week by the rest of the club. The Toronto Baseball Club will report at Charlottesville, Va., on Monday, March 28. The 25th fall on Good Friday.

HOCKEY SEASON IN FULL BLAST ST. PAULS DEFEAT T.C.C. 12 TO 1

Stratford Juniors Win at Lio-towel Berlin Beats Waterloo—Oshawa Wallop Port Perry—Argos vs. T. C. C. To-Night.

St. Pauls defeated Toronto Canoe Club in the Intermediate O. H. A. series last night at Mutual-street by the score of 12 to 1. The last half was a burlesque. St. Pauls were much the better team, the score indicating the difference between the two teams. St. Pauls worked a fairly good combination, while their defense was good. Leyden at cover being, perhaps, the feature of the game. Harmon at right wing for St. Pauls, who turned out with Parkdale early in the season, is a speedy boy, with a good shot, and will no doubt be heard from before the season is over. The teams: St. Pauls—Goal, Boland; point, Levesque; cover, Leyden; rover, Curzon; centre, Couper; right wing, Harmon; left wing, Murphy.

Argos vs. T.C.C. To-Night. The game at Mutual-street to-night will be a Senior O.H.A. contest between Argos and Toronto Canoe Club. Both teams have secured victories in their exhibition games. Argos, winning at Mont-Parkdale here at Mutual-street. On paper the teams look evenly matched, and a referee is sure to result. The good, the bad, and the ugly. The plan for the game will be on sale to-morrow.

Junior Inter-Association Hockey. Following is the revised schedule of the Junior Inter-Association Hockey League: Jan. 4—Invaders at Scotch Thistles. Jan. 5—Invaders at Scotch Thistles. LONG-RANGE REFORMERS AND SHORT-GROWN ARISTOCRATS.

Toronto is enjoying the spectacle of its two professing Liberal parties, real democrats, throwing many hands over the grievances of the people of England against the lords; the woes of Ireland and of the countless masses of British; the school grievances of English Nonconformists by reason of an Established Church. But at home both parties take the side of the corporations, as against the people, have assisted to establish, here in Canada at least, one church from an educational point of view, and how confusion when the hydro-electric commission utilizes the lands of farmers at a fair price in order to advance the public welfare. It's a hard thing to be liberal and democratic at home where it means that you've got to make good; it's easy to live it in regard to things and places that do not concern you! For instance there are some people, more or less toothless, who live in Shactown (in this city), four miles from the city hall, who have to pay two fares to get to their work, who lose more than an hour's time every morning and again at night, have to walk besides in zero weather, the balance of the journey, but no untoward sentences—stuttering because of their untidiness—flow out to them from Brother Macdonald's overworked vocal. He has a long barrel and a long-sighted gun!

And next comes J. S. Willson, now in England, taking the part of his friends, the lords as against the commons. And yet Mr. Willson came like many of us from a crossroads village in an Ontario township, wore cowhide boots in his boyhood, played the drum in the village band, migrated to the city, drank in Liberalism from his parents' springs, got to be editor of The Globe, wrote the life of Sir Wilfrid Laurier as the paragon of democracy in Canada—then in a sudden perturbation of soul, readjusted his political compass, and is now in England defending the lords and telling Canadians in substance—and this is the only inference of his story—that England would be better governed by the irresponsible lords than the people's elect! He is therefore a full-blooded aristocrat, and we expect him to return and originate a campaign for the substitution of the Canadian Senate for the Canadian Commons!

The Montreal Star and Sir Hugh Graham, its chief, are also with the lords. As for The Mail it thinks that Dukes were forfeited for the government of all English-speaking people. Nevertheless let us thank God for John Robertson's chin whisker and black suit that did the trick in the rim and the tilt at the side. As president of the Canadian Press Association John is busy on the job of giving the Canadian papers a first-class and impartial cable news service of the political struggle now on in England. One such Canadian democrat working in his own walk is worth a wagon load of colonial long-range radicals but short-grown aristocrats.

INTERNATIONAL COURTESIES.
A great deal of indignation is not unnaturally felt and displayed at times over such incidents as the refusal of the Canadian Immigration officials at Windsor to permit Mr. Cheu, a Chinese post-graduate student at Ann Arbor University, to pass thru Canadian territory on his way to the convention of the student volunteer movement at Rochester.

People are prone to forget that the reign of world-wide brotherhood and international confidence has not yet been established. Canadians and Americans still require to procure passports before they can travel in Russia and several other countries. On the same principle Chinese gentlemen, however refined and educated, must not be offended when they are required to submit to what becomes an indignity in its discrimination against a man on account of the color of his skin.

There ought to be some simple means of obtaining a passport to enable persons of education and independent means to travel in foreign countries without being subjected to undue inconvenience or insulting discrimination attaching to foreign birth. It is clear that the alien laws are not aimed at such persons, whose presence cannot injure, and may materially benefit the country they visit. Residents in the United States ought to be able to obtain from Ottawa, and residents in Canada, from Washington, on furnishing satisfactory crecials, such a passport as would make their passage thru either country free from any interference to which ordinary citizens are not subject.

THE LORDS WILL BE MENDED.
Mr. J. S. Willson, now of The London Times and in England, gives us in last night's News a size-up of the struggle between lords and commons. He uses many phrases that we've seen

before, borrows from Kipling, quotes Americans, glorifies "ideals and principles," talks of the "real joy of living in the stress and strain of moral conflict"; names over the brilliant men of the lords; tells us that the United States would be better if it had its great men in the senate; says that Lloyd-George and Churchill "play with deadly skill upon class feeling"; doubts even "if the flame of popular wrath will rise" against the lords; much more. By suggestion he lands his reader at the conclusion that the hereditary chamber is a better one than the elected one, and consequently that the commons is unnecessary—that the commons might better be ended! But he begs the whole question when almost concealed in his gush of words he makes the admission, "no doubt the British house of lords should be reformed." Well, that's the issue—and the lords will be reformed. Therefore, Mr. Willson is more worthy than logical; more aristocratic than consumed with "the real joy of living in the stress and strain of moral conflict." And Mr. Willson, who is in England to help on tariff reforms, there to see lords' reform come first. The other will come later. The real truth is—and the wise man who is never rhetorical sees it—THAT BOTH REFORMS ARE OVERDUE, and that Mr. Willson is not a reliable guide.

COLORING JUDICIAL OPINION.

In its leading editorial of yesterday, The Globe drew an entirely unwarranted inference from the opinion delivered by Chief Justice Falconbridge in deciding the case of Felker against the McLaughlin Construction Company. Illustrating his view that the provincial legislature had not exceeded the limits of its jurisdiction, the chief justice remarked:

"We have heard a great deal recently about the jurisdiction of the province, a great deal of complaint about the exercise of its powers; authority has been declared that within its own jurisdiction it is supreme; in fact, what it seems rather severe, I suppose there is not any doubt it has been conceded in recent cases that if the legislature had chosen to confiscate the farm that is used—the farm of the plaintiff without any compensation they would have had a perfect right to do it in law, if not in morals."

This The Globe treats as a deprecatory criticism of the act which it had become his duty to interpret, and it proceeds with the extraordinary comment that the judge had decided "the lawfulness of something done under the authority of an Ontario statute on the ground that the act would even permit the defendants to go the length of confiscating the plaintiff's farm without compensation."

Sir Glenholme Falconbridge said nothing capable of sustaining The Globe's contention. He did not say that this particular act gave power to confiscate. What he did say was that "there is not any doubt it has been conceded in recent cases that, if the legislature had chosen to confiscate—the word that is used—the farm of the plaintiff without any compensation, they would have had a perfect right to do it in law, if not in morals."

"Had the legislature chosen," said the chief justice, evidently implying that in the instance of the particular act before him, it had not so chosen. It is perfectly plain that what the learned judge had in his mind was not a reflection on the character of the act, but an illustration of the supreme authority of the legislature within its own jurisdiction. But this is not the first time The Globe has colored judicial pronouncements for party purposes.

THE IMPERIAL LIFE.

An Excellent Year's Record.
The outstanding features which have characterized the recent annual statements of our important financial institutions are the satisfactory profits they have earned and the substantial increase in their resources—sure indications of their enjoyment of public confidence, and of the steady improvement in affairs generally throughout the Dominion. The preliminary statement for the year ending 31st December, 1909, of the Imperial Life, which has been prepared with commendable promptness, evidences a year's record of unusual attainments.

The new life insurances effected and policies revived were larger than in any previous year, and reached \$5,165,567. The aggregate of all policies in force was \$29,507,891. The assets, 79 per cent, of which are composed of first mortgages, debentures and government securities, amounted to \$5,303,286, an increase in the year of \$749,282. The reserve for policyholders was increased by \$397,494, and stood at the close of the year at \$4,035,540. Notwithstanding the large increase in insurance in force the death losses for the year were less than those of the previous year and amounted to only \$125,851. The cash received from interest on investments amounted to \$270,323 and from profit on sale of securities, etc., to \$12,012, of which \$282,916, which was \$127,327 greater than that received in 1908 and \$157,095 more than the total death losses of the year. The surplus earned in the year was \$297,294, being \$77,732 greater than in 1908. The accumulated surplus over and above all liabilities and reserve for policyholders was \$627,519. On account of the favorable rate received on western mortgages, the average rate of interest earned on the company's funds was 6.29 per cent, being an increase of .17 in the rate per cent over that of 1908. These excellent results were accomplished at a slightly reduced expense rate.

The standard of efficiency which marks the conduct of the Imperial's business, and which permeates its entire organization, is again reflected in the results disclosed by the year's operations.

BLOOR STREET VIADUCT.

Editor World: As one interested in the northeastern portion of the city, I

believe you are worthy of a great deal of credit for the stand you took in promoting the building of a bridge to enable the citizens in the newly annexed territory to have some sort of entrance to the main portion of the city, but the citizens thought otherwise, and we, who would have been benefited, have to thank 1062 electors in ward No. 4 and 1061 electors in ward No. 5, for their support. I may let the citizens into a secret and tell them that one land owner who would have been benefited would have been the city itself, as the canal lands along the highways in the part of the city that would have been built, improved had the bridge been built. H. R. Frankland.
Danforth and Pape-avenues.
Jan. 3, 1910.

THAT BUNYAN MEMORIAL.

In the hurry of the municipal campaign two contributions to the Bunyan Memorial Window in Westminster Abbey were laid aside by The World's business department and overlooked until yesterday. One for \$25 from A. B. C. are hereby acknowledged. These subscriptions with the \$50 previously acknowledged and sent to the board of control, make the total received of \$10.85.

ALD SAMUEL MCBRIDE.
To the Electors, Ladies and gentlemen of Ward 3 who so generously elected and voted in my doing elected me as one of your representatives as alderman for 1910, I wish to extend to you all my many thanks for the honor you have again bestowed upon me and I can assure you that I will endeavor to do my utmost to warrant the confidence you have placed in me.

I heartily wish you all a merry, happy and prosperous new year, and remain, Yours truly, Sam McBride.

Death of Robert David Heakes.

The death occurred yesterday after a short illness of Mr. Robert David Heakes, eldest son of Major and Mrs. J. R. Heakes, 338 Sackville-street, this city. Deceased, who had a wide circle of friends and acquaintances, was for five or six years with the Gutter Percha and Rubber Manuf. Co. He was a member of Jarvis-street Baptist Church and assistant secretary of the Sunday school.

In military and yachting circles the late Mr. Heakes, who was in his 30th year, was prominent. He had been connected with the Queen's Own Rifles, of which regiment his father was formerly a member for many years. At the time of his death he was a corporal in "D" company of the 1st Battalion of the regiment and was slated for promotion to the rank of sergeant. As member of the Queen City Yacht-club for a long time he was to the organization a strong and interesting club. "Bob" Heakes, as he was affectionately called by the scores who enjoyed his friendship, will be greatly missed. Arrangements for the funeral have not yet been completed.

The Short Route to Gowanda.

Commencing January 3rd, through service has been inaugurated to the Gowanda country via the Canadian Pacific Railway to Sudbury, then by Canadian Northern Railway and stage line, which eclipses all former means of transportation to this country.

Passengers may now leave Toronto 10:10 p. m. by Canadian Pacific Railway, arriving Sudbury 6:05 the following morning. Canadian Northern train leaves that point 7:00 a. m., arriving Gowanda Junction 10:15 a. m. where connection is made for lunch and Elkhorn for dinner. The one-way rate from Toronto to Gowanda Junction is \$15.35 and round-trip rate \$28.75. The rates include transfer in Sudbury from Canadian Pacific to Canadian Northern. One-way rate from Gowanda Junction by the stage line to Phoenix is \$2.00, and from Phoenix to Gowanda, \$6.00. Round trip rates are \$4.00 to Phoenix, \$8.00 to Elkhorn and \$10.00 to Gowanda.

The above provides the shortest, most direct and cheapest route from Toronto and Ontario points. Sudbury sleeper is carried on the Canadian Pacific train leaving Toronto each evening, and the Canadian Northern train from Sudbury to Gowanda Junction carries dining car, in which breakfast is served.

OBITUARY.

At Brooklyn, N. Y., Charles A. Gill, a native of Kingston, Ont., and survived there by two sisters, Mrs. W. H. Wormuth and Miss Gill. He was an old-time telegrapher.

At Denver, Col., Harvey A. Shipman, a mining engineer of international reputation.

At Winnipeg, Michael Cyr, father of the former member for Provencher, and a well-known contractor. He came from Montreal 28 years ago.

C. P. R. Earnings.
MONTREAL, Jan. 3.—(Special).—C. P. R. traffic for the week ending December 31, 1909, was \$2,558,000. Same week last year, \$2,310,000. Mileage increased to 10,948.

Tailor Assigns.
Patrick Regan, merchant tailor, 81 King-street east, assigned to Henry B. C. & Co. yesterday. Announcement of a creditors' meeting will be made later.

FOUR SURVIVORS ONLY OF "REDUCTION" COUNCIL.

The Eight Members Not Officially Endorsed by Blue Ribboners All Re-Elected However.

Have the citizens of Toronto come to the conclusion that the cutting off of all liquor licenses hasn't effected the object aimed at, namely a decrease in intemperance? Perhaps not, but it is a curious fact that of the fifteen members of last year's council officially endorsed by the temperance organization only four are left, while of the eight members elected without such support, every one returns to the council.

Four of the members supported by the blue ribboners last year, Mayor Oliver, Ald. Bengough, Vaughan and Adams voluntarily retired. Controller Hicken was defeated for the mayorship, and Controller Harrison for reelection. Ald. Bredin and McGhie failed to get on the board of control, and Ald. McMillin, Keeler and J. J. Graham were dislodged from their seats.

The return also indicates that in every ward the blue ribbon aldermen re-elected were either in second or third place, being in every instance led by aldermen who are not wholly acceptable to temperance extremists.

As the new men have not been tested on the reduction issue it would not be fair to attempt to classify them, but the only one who campaigned on a direct appeal to temperance sentiment is Ald. J. O. McCarthy, who, in the face of the strong sentiment in Riverdale in favor of Dr. Smith, the latter is a Liberal, and his friends showed their resentment at the polls. A year ago Dr. Harrison got 1800 votes in the first ward. This year he dropped to 1350 despite the larger number of voters in this ward which gave Ald. Foster a lead of 900 votes over the defeated controller, while F. S. Spence's vote increased from 1700 a year ago to 2000.

Mulock Deal Approved.
There are a few facts which seem rather to upset the ingenious theory that the Mulock deal had something to do with the council changes.

Ten of the thirteen aldermen seeking re-election were returned, two by acclamation. All efforts to get a majority candidate to run on that issue failed. Controller Ward lost Ald. Foster, the opponent of the deal, by 2000.

Ald. Mulock got 800 more votes and Ald. Hilton 600 more in the first ward. Ald. O'Neill headed the poll in the second ward, the one most affected, with an increased majority and E. M. Yeomans, who denounced the transaction, polled fewer votes than a year ago.

Ald. Maguire went up from third place to head of the poll with 1200—counted—more votes than a year ago in the third or business men's ward. Fourth ward was sold for the deal. Ald. Keeler dropped out in the fifth, but Ald. Dunn, companion in the alleged guilt, headed the poll.

Altogether twelve of the seventeen members who voted for the deal were returned.

Official Returns.
The official returns of the polling are substantially the same as given in yesterday's World. The majority figures are: Geary 15,996, Hocken 14,998, Davies 644, Noble 102, Briggs 92.

Board of control—Spence 12,879, Harrison 12,657, Ward 12,401, Foster 10,241, Hurron 9948, Hubbard 9488, Brown 8708, McGhie 7511, Hales 5852, Chamberlain 2730.

Board of education—Brown 13,041, Martin 12,876, Davis 9257, Agnew 9066, Bryant 8938, Foster 8708, Houston 8108, Smallpiece 7376, Carter 6720, Sidland 2807, Harper 2694, Mitchell 1959, Furness 1140.

For tubes 19,366, against 10,763, majority for 8603.
For election of board of education by wards 14,425, against 13,328, majority for 1107.

For Blue-street viaduct 7615, against 12,965, majority against 449.
For exhibition bylaw 10,225, against 5557, majority for 2268.

For firehalls and police stations 12,708, against 673, majority for 12,035.
The figures do not change the standing of the aldermanic candidates. The election of David Spence over F. G. McBrien by nine majority in the sixth ward is confirmed.

Mystified About Tubes.
"Had the word tubes been used on the ballot instead of the word 'viaduct' the majority for the bylaw would have been even greater than it was," said a deputy returning officer in speaking over the telephone to The World yesterday.

"It was my experience, and that of other deputy returning officers, that voters who came and asked for the tube ballots, and did not seem clear on how they should mark the ballot. Other subway ballots were handed in unmarked, the voters apparently being too uncertain how to mark them. I maintain that had the wording been clearer the majority would have been overwhelming."

A Hebrew Slate.
What part did the Hebrew vote play in the election? The Jewish Daily Eagle, of which Joseph Gurofsky is local manager, had a "slate" which it supported with a great deal of success. It included May Geary, Controller, and Foster, and Ald. Phelan, O'Neill, Rowland, Maguire, Heyd,

EATON'S JANUARY SALE NEWS

Consider These Prices on Plumbing Supplies

Goods of guaranteed quality, in most approved designs, at prices so very close as to make for decidedly advantageous buying.

30-Gallon Range Boiler, \$4.25.
Instantaneous GAS WATER HEATER, \$9.50. We can arrange to have the connections made for you at very moderate charges.

CORNER WASH BASIN, with nickel-plated taps, trap and supply pipes, complete 14.10

Cast-iron Porcelain-lined BATH TUBS, with 3-in. roll rim; guaranteed goods. Three sizes: 41-2 ft., \$17.00; 5 ft., \$17.75; 51-2 ft., \$21.00. Bath Taps, \$2.35 set. Waste and Overflow, \$1.60.

"Hoffman" Instantaneous Automatic Gas Water Heater, inexhaustible supply of scalding water any minute day or night. We have one of these connected for exhibition purposes in our Plumbing Department. Heater only \$65.00; installing, \$12.50; complete in your house, \$77.50.

Our LOW DOWN CLOSET OUTFIT has proven itself a success. It is of quarter-cut oak, piano finish, is lined with copper and fitted with modern fittings. Price, complete 19.00

Sundries: Tap Washers, flat, 4 for 5c; oval, 3 for 5c. Bath Plugs, 10c each. 1-2-inch Brass Taps, 30c each.

THE T. EATON CO LIMITED CANADA
The Aome Steel Range \$28.75

The Beer With A Reputation
Purity, Quality, Flavor. Filtered and pasteurized—Best Barley Malt and Hops. Delicious.—Thirst Quenching.

The Light Beer In The Light Bottle
O'Keefe's Pilsener is an ideal tonic and aid to digestion. Order a case from your dealer.

TELEGRAPHIC BRIEFS.

Two murderers were electrocuted at Sing Sing Prison, New York, yesterday.

Four thousand employees of the Waltham (Mass.) Watch Co. returned to work yesterday, after a month's idleness.

The Hotel Fitzfield, at Pt. Ontario, one of the finest hotels in the West Indies, has been destroyed by fire.

The Greek minister of the interior has resigned. The military league has demanded the abolition of all Greek legations abroad except that at Constantinople.

Negotiations extending over five months between China and Portugal on the question of Macao boundary have failed.

Serious news from Barcelona has caused Gen. Weyler, captain-general of Catalonia, to leave immediately for his post. The anarchists threaten a general strike unless amnesty is granted to those who took part in the recent disorders.

One fireman was killed and several badly hurt in a \$200,000 fire in the Williamsburg Picture Co. building, Wabash-avenue, Chicago.

At Detroit William Keller was shot dead in a struggle with an unknown assailant, who, with a companion, had come to his home from a theatre. Keller and his brother ran from the house and engaged the men.

The Archbishop of Mechlin has issued a charge, inviting prayers for the late King Leopold, who, says the archbishop, "by his religious marriage and eminently Christian death, merits the prayers of all good Belgians and Catholics."

At Buffalo yesterday Judge Hazel of the U. S. circuit court granted on behalf of the Wright Co. a preliminary injunction against the Herring-Curtiss Co. and Glenn H. Curtiss, restraining them from manufacture and sale of aeroplanes infringing on the Wrights' patents.

Eddie Cass of Guelph, while out hunting, fell in the snow and his shotgun discharged into his body. He may live.

Food standards in Canada will be raised to a higher level by the report of a committee investigating for the inland revenue department. Volunteer workers in Montreal have

Three Hundred and Forty-Seven Patients Cared For Last Year at King Edward Sanitarium.

Three hundred and forty-seven patients in the advanced stages of tuberculosis cared for in the past twelve months, was the story told in the report of Dr. W. J. Dobbie, physician-in-charge of the Toronto Free Hospital for Consumptives and King Edward Sanitarium for Consumptives, at the fifth annual meeting of the board of trustees for these two institutions.

The meeting was held at the headquarters of the Toronto Free Hospital for Consumptives, on Friday, December 31st, 1909. Mr. W. J. Dobbie occupied the chair, and other trustees present were Mr. A. Charlton, H. P. Dwight, R. H. Davies, together with J. S. Robertson, executive secretary; W. J. Dobbie, M.D., physician-in-charge; Miss E. Macpherson, M.D., physician-in-charge; Miss C. L. Creighton, visiting nurse of the Toronto Free Hospital for Consumptives and the Muskoka Free Hospital.

Since the Toronto Free Hospital was opened in 1904 eight hundred and eighty patients have been cared for, and from the date of opening of the King Edward Sanitarium in 1907 an additional one hundred and forty-seven, or in round figures one thousand patients have found treatment in these two institutions.

The patients in residence represent one hundred and twelve different occupations, and practically every religious denomination.

With the extensions made within the year there is now accommodation for one hundred patients at the Toronto Free Hospital for Consumptives and forty at the King Edward Sanitarium. Those in residence in the latter institution came from many different parts of the province. Patients in advanced stages of tuberculosis from anywhere in the province are accepted at the King Edward Sanitarium at the ordinary municipal rate of 70c a day either by the municipality or friends who desire to make payment themselves.

The financial statement which was presented by the executive secretary showed an encouraging growth in the income of the hospital during the year, the naturally expenses had increased, and over \$11,000 had been spent within the twelve months in new buildings, equipment and furnishings.

—Toronto Market Strong in a Few Issues.

World Office.
Monday Evening, Jan. 3.
The Toronto market offered a fairly free speculative field to-day and some advantage was taken of the same by floor traders.
Twin City, Rio and Black Lake Asbestos were the ultra active issues, but there were others which showed more than the usual sprightliness.
Twin City was nifty irregular owing to supreme court decision in favor of the company.
An upward movement in Rio was unexplained, but the stock was decidedly strong at a three point advance here and in London.
With the disbursement of dividends at the end of the year, further improvement of investment purchases were in the market, but these were principally confined to the bank stocks.
A shiver passed thru the exchange during the afternoon owing to the New York weakness, but local securities held up remarkably well till the close.

Wall St. Pointers.
Total railroad earnings for 1909 show estimated net increase of 20 per cent.
London advice contained expectations of good times with probability of easier money rates.
The last liquidation on Paris Bourse for the year was completed with a steady tone in evidence.
Total bank clearings, United States, week ending Jan. 1, increased 12.5 per cent.
The new year opens with substantial improvement in United States Treasury condition.

Exports of copper in December were 23,104 tons, against 21,800 tons in 1909, an increase of 6,214 tons.
LONDON: The visible supply of copper on Jan. 1 was recorded at 109,000 tons, compared with 107,180 tons on Dec. 15, 1909, and 105,740 tons on Dec. 1, 1909 and 55,880 tons on Jan. 1, 1908.

M. K. & T., Southern Pacific, Chesapeake and Colorado and Southern are reported to be in receipt of the proceeds of a bond issue of \$1,000,000. An upward tendency is still shown in Amalgamated, Smelting, Cons. Gas, Pennsylvania and Rock Island. Bull points are circled on Locomotive, Car Foundry is well taken. Financial Bulletin, Joseph says: Pacific are going higher. Southern Pacific is disappointing. What do you think of Chesapeake? It is positively going much higher. Steels are very good and the common should be bought on any recession.

Specialties: The gas stocks may still be bought. Bull St. Paul and Texas & Pacific.
There is little of special interest in the news to affect prices and the prospects for further bullish manipulation by pools with stock to sell, the Hawley issues being prominently mentioned in this regard.
There is no occasion for support for window-dressing purposes, but the re-investment demand should offset realizing in favor—Town Topics.

Artistic Calendar.
We are in receipt of a fancy calendar from Messrs. Merion, 14 King-street west. Merion & Co. are to be congratulated on the artistic production which they are distributing to their clients.

IN FAVOR OF COMPANY
Supreme Court Decides Long Drawn Out Suit in Favor of Twin City.

WASHINGTON, Jan. 3.—The supreme court to-day decided in favor of the Twin City Rapid Transit Co. in the suit entered by the city of Minneapolis to compel the Co. to sell six tickets for a quarter.
This decision is of great value to the Twin City Co., because of its absolute finality, removing as it does all further discussion of the case, which has been carried by the city of Minneapolis through every court and making the Co.'s franchise absolutely unimpaired.
Twin City stock sold off early in the New York market in common with other securities, but on the announcement that the action had been declared in favor of the company, advanced three points to a new high record for this movement.

Mexico Train Earnings.
The Mexico Trainways Company's statement of earnings and expenses for the month of November, 1909, is as follows:
Total gross earnings—\$108,450.00;
Operating expenses—\$3,741.
Operating expenses—\$108,450.00;
Net earnings—\$104,709.00;
Total earnings—\$108,450.00;
Total expenses—\$3,741.
Total earnings—\$104,709.00;
Total expenses—\$3,741.
Total earnings—\$104,709.00;
Total expenses—\$3,741.

Twin City Earnings.
The Twin City Rapid Transit Co.'s earnings for the third week of December amounted to \$140,514, an increase over the same week last year of \$15,928, or 12.78 per cent, and of \$24,727 over corresponding period of 1907.

New Record for Call Money.
NEW YORK, Jan. 3.—Call money touched its highest rate in over a year on the stock exchange to-day and caused some unsettlement in the tone of the securities market.
Opening loans were made at six per cent, and by noon hour had advanced to seven. Before one o'clock eight per cent was bid, with small offerings. The scarcity of money was ascribed to further year-end readjustments, which have tied up large amounts of cash.
It is the judgment of conservative

bankers that money will not relax materially in this market for at least a fortnight.
Practically all of the money loaned in the last half hour of the market was at 10 per cent, which was the closing rate. Stocks were feverish, but closed at a fairly firm undertone. Following the close of the market some over-night loans were made at 14 per cent. That price was eagerly bid and the demand was greater than the supply.

On Wall Street.
Erickson Perkins & Co. had the following: There was a vigorous shaking down of stocks today, closing prices being not far from bottom, with U. S. Steel leading the decline. Various reports were assigned for the set-back. But general profit-taking based either on the desire to take advantage of any re-investment buying that might develop, or on disappointment because such buying did not develop, which much to do with the selling. To-day's experience shows that it is unsafe to count on a January upturn following a December rise, for the reality of the market is a continuous trading policy, buying only on sharp drives for moderate turns.
Finley, Barrett wired J. P. Bickell & Co.: We believe that the market is good shape and do not anticipate any break following the president's message to Congress. Money at 8 per cent. This afternoon means only that the largest dividend and interest disbursements on record are being distributed.
Charles Head & Co. to R. R. Bondgard: After the initial sales the market weakened and prices dropped from one to one and a half points for the active issues, remaining dull and steady at the lower level until after 2.15 p.m. Call money bid up to eight per cent, and this tended as much as anything else to restrict operations and to bring about a pause with scattering liquidation, and later on a rise to 10 per cent rate for money the market sold off quickly a further 1/2 to 3/4 point, recording the low prices for the day. The irregularity of the market to-day has done no harm and we look for a resumption of the advance a little later when monetary conditions ease.

Artistic Calendar.

MARKET SHOWS ALL ROUND FIRMNESS.
World Office
Monday Evening, Jan. 3.
An erratic movement in Twin City on the New York Exchange, which, for some reason, was not followed here, was perhaps the feature of Canadian listed securities to-day. The range of these shares was between 114-1/2 and 117-1/2, and had a distinct appearance of manipulation. After the shares had apparently been freely sold at 114-1/2, the verdict of the supreme court was announced, when the price shot up to 117. Black Lake Asbestos was again a good speculative factor, and some bullish enthusiasm is being worked up in these shares. The South Americans took a turn for the better to-day, with Rio strong at a good advance. Taken all round, the market was strong, and further firmness was evidenced in the bank shares.
