KAISER MAKES LAST STAND AGAINST REVOLT OF MASSES

Russians Capture More Positions Southwest of Kalusz CANADIANS FORCE GERMANS TO DESTROY BIG LENS COAL MINES

FOE DESTROYS LENS MINES CANADIANS HEAR EXPLOSIONS

By Stewart Lyon
Canadian Headquarters in France, Sunday, July 15.—(Via London)—Early on Saturday morning several loud explosions were heard in Lens and when day broke, a great cloud of smoke still hung above the city. The explosions were not caused by our artillery and must have been the work of the enemy. Some, if not all of them, were due to the blowing up of the Lens No. 12, the largest of the most conspicuous features of the landscape in the east end of Lens. The enemy has been unable to raise coal from this mine because of the constant shelling to which it has been subjected lately. Fearing that he might have to evacuate in a hurry some day, he has now set to work to destroy the mine while there was yet time to do so. The mine machinery now lies in a tangled fantastic ruin, where it was thrown by the explosions.

Artillery Duel.
Our attack upon Lens has resolved itself into a fierce and long-continued artillery duel. The enemy has added greatly to the number of his active batteries. Our gunners have no measure in outgunning the great concentration and preventing the enemy from "shooting up" our infantry positions, which are now scattered about in various mining villages forming suburbs of Lens, instead of out on the open plain as during the period of our advance toward the city. The Canadian artillery has become thoroughly proficient by much practice in counter-battery work. The result of twenty-four hours operations was thus officially described in yesterday's report: "Out of many shoots with aeroplane observation, it has now been successful. Three of the enemy's positions were so much damaged that the individual gun pits are no longer distinguishable. Nine other pits were hit and three were destroyed. Five explosions were caused and one fire, which lasted seventeen minutes, was observed. This is the rarest official report of one day's work among many. The experiences of the German gunners sometimes attending their guns during the action amid a rain of fiery death falling around them, must be highly undesirable.

CONNAUGHT VISITS CANADIAN FRONT

Duke Inspects Detachment of Princess Patricia's With Colors. CLIMBS VIMY RIDGE His Royal Highness Also Hears Massed Pipers Play "Retreat."

By Stewart Lyon.
Canadian Headquarters in France, Saturday, July 14.—(Via London)—His Royal Highness the Duke of Connaught has been paying a visit to the Canadian corps. During his stay he climbed Vimy Ridge and looked over the Plain of Douai, toward Lens. The ex-governor-general of Canada also inspected some of the Dominion's troops, including a detachment of the Princess Patricia's Regiment, which carried the colors of the princess herself embroidered and presented to the unit before it left Ottawa, late in 1914. It is stated that the Princess Patricia's is the only regiment which carries its colors into action. Before leaving his royal highness saw the massed pipe bands of the corps on parade, and heard the pipers play the "Retreat," which is something the enemy will never hear.

ENEMY PLANS TO KILL OFFICIALS OF RUSSIA

Militia Chiefs at Railway Stations Receive Notice of Assassination Plot.
Petrograd, July 15.—The minister of ways and communications, N. V. Nekrasoff, has notified all militia chiefs at the various railway stations that information has been received from the staff that the Germans have sent agents to assassinate government officials, with particular intentions against A. F. Kerensky, the war minister, and urging every precaution.

KING OF GREECE SHOWS PRO-GERMAN LEANINGS Venizelos Demands That New Monarch Cease to Cling to Constantine's Policies.

Paris, July 15.—A despatch to The Temps from Athens says: "Serious differences appear to have arisen between the new king of Greece and Premier Venizelos. One indication of this is the postponement of the signing of a decree to re-summon the 1915 chamber of deputies, which was illegally dissolved by the then premier, Stephanos Skoulioudis. "M. Venizelos demands that the king openly cease to carry out his father's internal and external policies, but the king is postponing action or has refused to give his approval to such categorical repudiations."

FRENCH CARRY SALIENT NEAR MOUNT TETON RUSSIANS GAIN POSITION UPON KALUSZ FRONT

Paris, July 15.—A strongly organized network of German trenches on a front of more than 800 yards and 200 yards in depth north of Mont Haut and northwest of the Teton, in the Champagne, was captured by the French in a brilliant attack last night with 860 prisoners, the war office announced today. The Germans made a heavy attack on the salient west of Cerny on the Aisne front and penetrated to a support trench, but were ejected except from some front line elements on a front of about 500 yards. The official communication tonight reads: "There was violent artillery action during the day west of Cerny and in the night north of Mont Haut. Our first lines in the Craonne sector. "In the Champagne our troops have organized the position which they captured in the night north of Mont Haut and the Teton. The enemy reacted only with his artillery. "West of the Butte du Mesnil and in the Argonne, near Bolarde, we successfully carried out raids on the enemy trenches and brought back prisoners. "The official communication issued by the war office last night said: "The Germans delivered an attack this morning on our position south of Courroy. After a spirited engagement we retook from the enemy some trench elements where they had gained a foothold, with the exception of a small post which remained in their hands."

BRITISH AIRMEN BOMB TARGETS IN FOE LINE

Four Railway Stations, Large Rest Camp, Airdromes, Ammunition Dumps Comprise Objects Attacked—Artillery Fighting Continues Active.
London, July 15.—The official communication issued tonight says: "Our own and the enemy's artillery was active today in the neighborhood of Armentieres, Wytschaete and Neuport. "Friday night our airplanes bombed four important railway stations behind the enemy's lines and a large depot heavy thunderstorms throughout the day, bombs were dropped on hostile airdromes and an enemy ammunition dump. Much valuable work was done in co-operation with the artillery. "In air fighting three German machines were driven down and two others were shot down within our lines. Today's official communication on operations along the Franco-Belgian front reads: "Patrol encounters resulting to our advantage occurred during the night southeast of Havrincourt. Successful raids were carried out by us in the neighborhood of Bullecourt and Gavrelle and south of Armentieres. North-east of Armentieres a German raiding party was repulsed. "The official report from British headquarters in France last night reads: "Beyond the usual artillery action on both sides nothing of special interest occurred during the day. "Bombing operations by our airplanes continued with success yesterday and during the preceding night. Fighting in the air took place throughout the day, in the course of which four hostile machines were brought down and ten others were driven down out of control. Another enemy airplane was shot down within our lines by our anti-aircraft guns. Seven of our machines are missing."

KING INSPECTS CANADIANS IN FIELD OF VIMY

His Majesty Stands on Highest Point of Celebrated Ridge. COLLECTS SOUVENIRS

British Monarch Confers on Sir Arthur Currie Honor of K. C. M. G.
By Stewart Lyon.
Canadian Headquarters in France, July 15, via London.—The King, during his visit, just concluded, to the Canadian front, was intensely interested in the battlefield of Vimy Ridge, and in the men who fought there so splendidly. While on the highest point of the ridge and looked over the plain to the east where the enemy still struggles tenaciously to retain his hold upon Lens.

The King had seen Vimy before under very different circumstances. In 1916 he climbed to the top of St. Eloi at a time when it was a frequent target for German guns and looked out toward the Vimy Ridge, then held by a victorious and confident foe. In the foreground, as a memorial to the heroic battles of 1915, between the Germans and the French, lay the ruins of Souchez, Carency and Neuville St. Vaast, with abandoned trenches, stood the ridge upon which not less than 100,000 men had died in battle. Possession of the ridge was the prize for which they had striven. In the distance on the upward slope, beyond the shell-shattered trees that marked the Artois salient, could be seen the enemy's trenches, line upon line of them, protected by wide belts of wire and stretching back in ordered succession to the summit of the ridge. In all the ground between St. Eloi and the enemy's first line no man could show his head above the British trenches without risking his life.

Cheered by Men.
That was Vimy as the King saw it in 1916. On this occasion he motored in the evening, while it was lined with Canadian soldiers, who cheered like men who meant it. After greeting.

DIVISION IN RANKS OF CONSERVATIVES

Proposed Exemption of Divinity Students Raises Racial Issue.
By a Staff Reporter.
Ottawa, July 15.—The present week promises to be very eventful with the Conservative bill in sight. The conscription bill is still in the air and whereas a week or so ago the most serious situation was the split in the Liberal ranks, today the scene is changed and there is a serious difference of opinion in the Conservative ranks. It has occurred over the question of the exemption of divinity students from military service.

A deputation of Orange members of parliament has waited upon the prime minister and demanded that the exemption clause be omitted from the bill. What the government will do is not yet ascertained, but it is expected that the exemption clause relating to divinity students will remain. However, the battle within the Conservative party on the question is still on in all its vigor and in an effort to settle the matter a caucus of the government party has been called for tomorrow. Party Ranks Broken. It is stated that a number of the Protestant Liberals have linked up with the Conservative opponents of the divinity student exemption clause, and that if it comes to a vote on the question they will support them. The question they will support them. There is little doubt, however, that if the government presses the clause it can carry it, for it will have the solid support of the Irish-Catholics. There will also be a caucus tomorrow of the Liberal conscriptionists to decide upon the attitude to be adopted towards the overtures made by the prime minister to form a union government. One proposal is that as a party they should officially recognize those Liberals who may be brought into such a union government. The premier has also given notice that he will move the resolution tomorrow for an extension of the life of parliament for another year, but the debate on this is not expected to be very protracted. It will be vigorously opposed, of course.

HUN AUTOOCRACY'S GRIP FIRM MICHAELIS NEW CHANCELLOR

AUSTRIA IS CALLED ON TO BREAK WITH KAISER Separation From Selfish Ally Only Way to Obtain Peace, Says Former Czech Minister

Zurich, July 15.—The Austrian reichsrath was thrown into an uproar on Saturday when the former Czech minister, Herr Frasciek, declared the hate of the entire world was not directed against Austria, but against Germany, and that Austria should detach herself from her ally, says a Vienna despatch. "How are we to obtain peace?" demanded Herr Frasciek, "if we cling to the German side? Must we continue to sacrifice our interests to the expansion of Germany? Must we continue to submit to the German militarism that has drawn us into this war?" The speaker declared that Czech deputies had been imprisoned for attempting to bring about an alliance of Austria with Russia and France, and added that if they were to be stigmatized as traitors, then all Czechs who believed similarly should be so stigmatized.

SAVE 1200 PASSENGERS AFTER WRECK OF LINER

Norwegian-American Steamer Kristianiafjord May Be Total Loss Off Cape Race—Passengers Are Taken to St. John's, Newfoundland.

St. John's, Newfoundland, July 15.—The Norwegian-American liner, Kristianiafjord, carrying 1200 passengers, and a crew of 800 men, went ashore today, near Cape Race, Newfoundland, after a collision with a southern ice steamer, the Kristianiafjord, which was bound for St. John's by train. The liner lost her bearings during the night in a heavy rain storm which was accompanied by fog. As there is no accommodation at the landing place for any large number of persons, prompt measures were taken to have the rescued passengers brought to this city by train. Several steamers from this port and the Canadian Government steamer Stanley, which was reached by wireless from the straggled liner, were dispatched to the scene. Wireless despatches from the Kristianiafjord indicated that she was badly damaged. SCHAUFFHAUSEN ON BOARD. New York, July 15.—The steamer carried 935 first-class and 278 in the second cabin. There were 645 in the steerage and the crew numbered 800. Among those in the first cabin was Heinrich Schaufhausen, a representative of the German government, former German ambassador, who was deported to Norway under orders from the state department. He was placed on the steamship by agents of the department of justice a few hours before she departed. With Schaufhausen were Mr. and Mrs. Fritz Berne, and their son and daughter, a German family, who were also bound for Norway. The Kristianiafjord, a vessel of 6340 tons, in command of Captain S. C. Hordahl, was last reported as arriving at an American port on June 25. She was owned by the Den Norske Amerikalinje of Christiania. The vessel was built at Birkenhead in 1915 and is of steel construction and 811 feet long. MOUNTAIN SAVERS. Montreal, July 15.—Confirmation of the rescue of all the passengers aboard the Norwegian steamer Kristianiafjord, ashore near Cape Race, Newfoundland, was contained in a message received here this evening from Halifax. The Halifax message says the Kristianiafjord, which was bound for St. John's, was wrecked on the night of the 13th. The vessel was full of water, but it may be possible to save her, the message concludes.

DENIAL GIVEN CHARGES BY WILLIAM FLAVELLE

Head of the Lindsay Plant Says O'Connor Report Ignores Entirely Costs of Operation and Losses Sustained—Flavelles Ltd.'s Position Defined.

William Flavelle, president of Flavelles, Limited, of Lindsay, has given out a statement in which he declares references to the cold storage and packing industries of Canada made in the O'Connor report to be unfair and untrue. He points out that the business of Flavelles Limited, is confined to the making of butter and conducting of cold storage operations and that the company has no connection with any other operating along similar lines. In this connection it may be stated that, thru a regrettable error The World, on Friday morning, associated the name of Flavelles, Limited, with figures concerning "margin" on bacon and other commodities which were meant to refer to the operations of the William Davies Company. The fact that the O'Connor report alluded to the several companies by number, not by name, and that the name of William Davies Company, became confused with that of Flavelles, Limited, in which he has no interest. The statement of William Flavelle follows: Reflections Resented. "The reflections upon the cold storage and great packing industries of our country which appeared in yesterday's papers were most unfair and untrue, and, unfortunately, apparently had the sanction of the department of labor at Ottawa. "As far as Flavelles, Limited, whose name has been associated with the packers, is concerned, the Lindsay business has no association whatever with any other business of like nature either directly or indirectly. Our business here is simply confined to the manufacture of butter and the operating of a cold storage business. The latter performs the same service for products that elevators do for wheat, oats, barley, etc., namely, stores the surplus during the producing period and carries it to be subsequently distributed at the non-producing period as required. "The intention in the operating of our business, as in all other businesses, is to make a profit, but in securing the products which we purchase and store we do so absolutely upon the open market in competition with the trade generally, and the price is determined entirely by the open competition and the supply and demand. Because of the unusual export demand occasioned by war conditions, the farmer is today enjoying unheard of prices for his produce. "The statement of William Flavelle follows: Reflections Resented. "The reflections upon the cold storage and great packing industries of our country which appeared in yesterday's papers were most unfair and untrue, and, unfortunately, apparently had the sanction of the department of labor at Ottawa. Bavarians Tired of War

By Stewart Lyon.
Canadian Headquarters in France, Sunday, July 15, via London.—An enemy sergeant who was captured three days ago told a correspondent today:

"The chronic feeling of animosity that has always existed among the Bavarians against the Prussians is becoming more and more acute. The Bavarians are of the opinion that they are being worse used than the Prussians. They get shorter periods of rest and always have to hold the worst part of the line. The Bavarians are tired of fighting the Prussians war."

BORDEN AND FLAVELLE ATTACKED BY WATTERS

Sir Joseph is Alluded to as a "Great, Big Hypocrite."

Ottawa, July 15.—J. C. Watters, president of the Dominion Trades and Labor Congress, in a speech at Hull, Que., tonight, attacked Sir Robert Borden, the premier, who he declared had been guilty of a breach of faith in not consulting organized labor before bringing in conscription. He also asserted that organized labor throughout Canada would oppose the measure, even by a Dominion-wide strike if necessary.

Mr. Watters also attacked Sir Joseph Flavelle, whom he alluded to as a "great big hypocrite," and said that if the profits were taken from the shell manufacturers there would not be a shell manufactured in Canada. He also decried Lloyd George.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

THE Russians, fighting offensively in the region of Lodziany, 18 miles southwest of Kalusz, captured important Austrian positions and made 1000 prisoners. They also fought a stubborn defensive battle with the enemy on the Dobrydny-Novica front and, beating off all attacks, they took 600 prisoners. The enemy is striving desperately to throw the Russians back across the River Lomnica by an offensive at the crossing near Perekhinko. The Russians have held their ground. The foe is offering strong resistance to their advance on the Slivkassen front. All these events have developed soon of the Dniester to the Carpathians.

Rains which have just fallen in the country between the Dniester and the Carpathians are turning the rivers into torrents and are inundating the roads. Until the waters subside, the Russians are not likely to make rapid headway, and they may even have temporarily to halt their advance altogether. The bad weather has come at a time to favor the enemy, and probably to prevent the complete breaching of his lines by the Russians in this region. One distant objective of the Russians is the Galician oil wells. The delay will enable the enemy to prepare a strong bulwark. Nothing signals, however, to prevent the Russians from opening an offensive in Rumania or on the Stokhod to fill up the interim. The enemy note outbursts of heavy gunfire on the Rumanian front.

Dr. Von Bethmann-Hollweg has resigned the German imperial chancellorship after a week of crisis in German Government circles, and a speech from Amsterdam, a typical bureaucrat, succeeds him in office. Despatches from Amsterdam assert that the change is a victory for the absolutists and the military party. Germany will insist on a program of annexation and indemnities. If anything, the change, as regarded from the present standpoint, will make for a longer instead of a shorter war. Unless the enemy is able to work miracles, however, he will fight no better with the new chancellor at the helm than with the old. Rather the move before the revolution. It may further alienate the German common people believe that a German victory would be won, and he thought that a draw has set in towards Austria-Hungary. Bavaria chafes at the leadership of Prussia. To what lengths discontent will bring her remains an unforeseeable thing. German military leaders, at any rate, cling to their old formula of world power or downfall.

The Canadians, who are pressing in on Lens, heard several loud explosions in the town yesterday morning. The Germans were blowing up some of the important coal mines. The fire of the Canadian guns has made the enemy perceive that he will lose the town to an attack, and he is preparing for a rapid departure. The fighting for the place has become an intense artillery duel. The king paid a visit to the Canadian and inspected Vimy ridge. He spent eleven days altogether at the British front. Queen Mary accompanied His Majesty and took great interest in the hospitals.

The French took a strongly-organized network of German trenches of a depth of 300 yards and a frontage of more than 800 yards north of Mont Haut and northeast of Mont Teton, in the Champagne. The Germans made a heavy attack west of Cerny on the Aisne front and captured a support trench, but they could not hold it when the French counter-attacked.

QUEBECKERS STONE OFFICES OF PRESS

Mob Smashes Windows of Two Papers, Incited by Lavergne.

Quebec, Que., July 15.—Fifteen thousand people assembled at the Jacques Cartier market square tonight to take part in an anti-conscription meeting, which was addressed by Senator Landry, Armand Lavergne, Lelare Roy, Louis Latourneau, M.L.A., and others, after which the large crowd marched thru the streets with placards bearing the inscriptions, "Down With Kaiser Borden and His Boches," "Long Live the Jalls," "We Want Elections," "Revigny, What Have You Done for Your Brethren?"

At the foot of the Champlain monument at Dufferin Terrace they passed a resolution opposing conscription. After the demonstration, the crowd, on their way home smashed the windows of The Quebec Chronicle, and L'evenement, and other papers. Placards on the bulletin boards, "Down with conscription."

Armand Lavergne was the most violent of the speakers. He told the crowd that if the conscription law was enforced, Canadians had only one choice, to die in Europe, or die in Canada, as far as he was concerned, if his body was to fall in any land, he wanted it to be on Canadian soil.

FRENCHMEN WIN DOUBLE VICTORY

Ally Scores Important Success in Region of Moronvilliers Massif.

By a Staff Correspondent of the Associated Press.

Grand Headquarters of the French Army in France, July 14.—A double victory was scored by the French tonight among the clump of hills known as the Moronvilliers massif, to the west of Rheims, as a result of well-conceived plans and brilliantly executed tactics. The German prisoners taken numbered 200, the exact total not being computed when the correspondent left the battlefield, but the greatest significance is attached to the ground captured, which, although small in extent, possesses immense importance, as the Germans, by having it snatched from them, lost the only remaining observation post in this region, and will thus be greatly hindered in future operations.

The hill group consists of five heights—Camille, Blond, Mont Haut, the Casque, and the Teton. Tonight's fight, the French held all the crests, but the saddles between Mont Blond and Mont Haut and between the Casque and the Teton were occupied by the Germans, who were able to watch the French movements from these points of vantage.

The French, by the fronting them lay strong German forces, for three divisions had been recognized, the 19th Hanoverian, 17th Prussian and the 23rd, the infantry attacks at the extremities of the Moronvilliers on the two saddles between at the same time, and were carried out with such dash that the Germans gave way everywhere, or surrendered. At the western end the advance attained an average depth of 300 yards, along a half-mile front, while at the eastern end the average depth gained was 200 yards along about a third of a mile. But these small spaces contained all the German reserves, and the German counter-attack began shortly afterward, but the efforts to drive the French from the positions they had won did not succeed.

The artillery fire was most intense throughout the early hours of the night, and further German counter-attacks are to be expected.

MONTREAL CROWD BESETS SOLDIERS

Lieut.-Col. Rexford Contradicts Verille, Starting Big Row.

Montreal, July 15.—Lieut.-Col. I. P. Rexford, formerly officer commanding the 87th Guards Overseas Battalion and a soldier of a Highlander reinforcing company, narrowly escaped maltreatment at the hands of a mob of about 15,000 persons on Fletcher's Field this afternoon when, during the progress of the anti-conscription meeting, called by Mayor Mederic Martin, M.P., Col. Rexford shouted contradiction of a statement made by Alphonse Verille, the Liberal Labor M.P. The principal speakers were Mayor Martin and Mr. Verille. Letters stating inability to be present were received from Sir Robert Borden and from Hon. Mr. Pugsley, M.P., E. M. Macdonald, M.P.; J. Rainville, M.P., and Hon. Chas. Murphy, M.P.

The exciting climax to the meeting came while Col. Verille was denouncing the government's sponsorship of the military service bill. Mr. Verille, speaking in French, declared that there are many Canadian soldiers in England who are kept there to prevent their physical condition becoming known to the people in Canada.

When Col. Rexford, who was in English, immediately shouted in English, and hundreds followed a few who dashed towards the speaker as the most conspicuous target. Col. Rexford was in multi. When the crowd poured in, Col. Rexford had made the remark, both he and the soldier were hustled. Under escort of Mayor Martin and the police who ordered them to leave the vicinity for their own safety, the two boarded a street car. About five thousand persons followed them to the car lines, and when they had boarded the car windows were thrown and the car windows broken.

ELECTROCUTED

The Electric Wiring and Fixture Co., 261 College street, have electrocuted the high prices being demanded for electric wiring and fixtures. Through foresight they contracted for materials that today would cost over double what they paid for them, and during the summer months, to enable them to keep their workmen going they intend to let the public take advantage of having their houses wired or fixtures for electric light at or near before-the-war prices. They will break the plaster or marking the decorations and inside of three days. The fixture showrooms, located at the southeast corner of College and Spadina avenue, are worth a visit. Phone College 1578.

THREE WEEK-END ARRESTS.

Hamilton, Monday, July 16.—Three arrests were made by the police over the week-end. Grace Burton has preferred a charge of false pretences against Joseph Wasmakker, Queen's Hotel annex. John Smith faces a charge of theft, Jennie Lapeduz, who is at present in Buffalo, being the complainant, while Harry Pinter, 32 West Main street, is locked up on a charge of disorderly conduct.

PATERSON SAYS HE SUFFERED 20 YEARS

Life-Long Resident of Toronto Now Gives Tanlac His Endorsement.

NOTHING ELSE HELPED HIM

Had to Give Up One Job on Account of Rundown Condition—Improvement is Remarkable.

"The best evidence of a medicine's merit is what people who have actually taken it have to say about it, and this is especially true and beyond all doubt, when such statements are made by people of high character and published right in the community where each and every fact can be investigated and verified, and consequently no statement could be of more interest to the people of Toronto than the one made a few days ago by Lyle Patterson, a cooper by trade, residing at 163 St. James street. Mr. Patterson was born and reared in Toronto, and numbers his friends by the hundreds.

"Conquered with stomach trouble for twenty years," said Mr. Patterson, "and tried nearly every medicine I heard of, but this Tanlac has done me more real good than anything I ever tried. Nearly everything I ate disagreed with me and would cause gas to form in my stomach, and rise up into my throat, nearly cutting off my breath. I had terrible pains around my heart, and had such awful smothering spells at times I thought I would die. My sleep was poor and I would get up of mornings with a bad taste in my mouth, feeling tired and fagged out, and often had those dull, throbbing headaches. My health was badly run down and I had to give up one job on account of my condition. I got mighty discouraged, for it looked like I couldn't find anything to help me.

"After I had read much about Tanlac I decided to buy a bottle and see if it wouldn't help me, and I want to tell you that my improvement has been simply amazing. I can now eat and enjoy things I didn't dare touch before, and my food agrees with me and does me good. I am not poorer and I would get up of mornings smothering spells, nervousness, and pains about my heart like I was. I sleep good and have more life and energy. Somehow Tanlac acts differently than any other medicine I ever took, and I don't believe there ever was a better medicine made for troubles like I had. I am recommending it to all my friends and Tanlac is sold in Toronto by Tamplin's Drug Stores and by the leading druggists in every town in Ontario.

CONFEDERATION ESSAY AWARDS AT HAMILTON

Young Russian Scholar Contributes Interesting Paper on the Canadian Subject

Hamilton, Monday, July 16.—To mark the tenth anniversary of the Canadian Confederation the Women's Canadian Club of Hamilton last month announced a competition among the scholars of the public schools of the city on the story of the Canadian confederation. Great interest was manifested, and a large number of scholars entered the contest. The examining committee, composed of the Revs. Canon Forrester and W. H. Sedgewick, have just handed in their report, showing that George Lyman Duff of the Central School took first place among the boys and Gladys Bell of the Adelaide Hoodless School won the prize offered for the girls. Norma Whelan of the Central School won honorable mention. The prizes were Hammond's new book, "Confederation and its Leaders," and \$10 in gold. One of the most interesting contributions to the competition was by a young Russian by birth, Kevey Kosky of the Gibson School. "Writing of the progress of Canada in the half century, this contestant says: "Like a man who goes away from his poor old home to try his fortune in another place and then returns at last to find his old home fixed all over again—everything beautiful—that is what may be said of Canada now." And he concludes his essay in the loyal wish, "God save the King and long live Canada."

DUTIES OF HANNA FURTHER DEFINED

Food Controller's Powers Are Emphasized in Labor Gazette's Announcement.

By a Staff Reporter.
Ottawa, July 15.—The duties of Hon. W. L. Bennett, the food controller, are set out in The Labor Gazette as follows:

"He is directed and empowered to investigate the quantities, location, ownership and sources of supply of food commodities, the prices of same and the causes of such prices. He is also to make regulations as to prices, storage, distribution and conservation of food, and the consumption of food in hotels, restaurants, cafes, private homes, and other places. The food controller may also make regulations respecting the manufacture, transportation and storage of food, and may purchase, requisition, store, sell and deliver food."

Prices of grain, live stock and dairy products showed some decrease for the month of June, but there were advances in many other lines, especially in fruits and vegetables, textiles and metals.

RUSSIANS GAIN IN KALUSZ FIGHTING

Our troops have driven the Austrians from their positions and have taken more than 1,000 prisoners and a number of guns.

"At the crossing of the River Lomnica near Perekhinko, the enemy is conducting an offensive with the object of throwing our detachments back to the right bank of the Lomnica.

"Our offensive on the Slivkassen front is meeting with stubborn resistance from the enemy.

"In consequence of heavy rains, the Rivers Lomnica and Dniester are rapidly rising, and the small streams which run into them will soon turn into rivers and cause the roads in their neighborhood to be inundated.

"On the remainder of this front there is nothing to report.

"Rumanian front: The situation is unchanged.

"Caucasus front: In the direction of Van our scouts have driven back the enemy's advance guards on the left bank of the River Arish-Dams, ten versts west of Vastan. Our advance detachments dislodged the Turks from the region north of Serdash and from the heights 20 versts southwest of Van.

"On the Black Sea one of our submarines sank two laden schooners in the Bosphorus region."

REPORTS AUTOMOBILE LOSS.

Hamilton, Monday, July 16.—W. H. Marsh, 14 Robinson street, secretary and sales manager of the Standard Underground Cable Company, has reported to the police the theft from his residence of his McLaughlin automobile.

RUSSIANS GAIN IN KALUSZ FIGHTING

(Continued from Page 1).

Asian success south of the Dniester as of an unimportant nature and casually call towns like Halicz hamlets. The Tagelblat's correspondent at headquarters says it is idle to deny that the front north of the Dniester is affected by the "decisive changes south of the river."

Neither Lemberg nor Kovel is yet threatened, says the correspondent, but the Russian advance is moving in the direction of the important petroleum field at Drohobycz, southwest of Lemberg. He adds, it is now clear that the revolution has affected the offensive power of the Russian less than had been believed and that the army is better equipped with heavy artillery than ever before.

The text of the Russian official statement reads:

"Western front: On the lower Lomnica anti-air fire has taken place. Over 1,600 Prisoners.

"Southwest of Kalusz the enemy several times attacked our troops, which were occupying the Dobrydny-Novica front. All the attacks were repulsed. As a result of the battles in this region we captured sixteen officers and more than 600 of the rank and file.

"In the region of Lodziany (18 miles southwest of Kalusz) as the final result of a series of stubborn attacks,

THE RIGHT DIET FOR YOUR MAXWELL
—POLARINE and PREMIER GASOLINE. Polarine is an economical lubricant because it has the correct body to resist wear.

Polarine
MAKES A GOOD CAR BETTER
It is made from one crude oil and is uniform wherever you buy it.

Polarine is supplied in two grades, Polarine and Polarine Heavy. Also Polarine Greases and Transmission Lubricants.

Look for the Premier "Red Ball" sign when buying oils and greases.

HIGHLANDERS OFF ON NEW YORK TRIP

Party Going to United States Gets Rousing Send-Off.

At 8.45 o'clock last night a picked contingent of the 48th Highlanders, including 31 bandmen and 20 overseas infantrymen, left Toronto for a two weeks' trip to New York City and Chicago, where they will hold special parades in connection with the recruiting campaign now being conducted by the British mission to the States. About a thousand citizens and the 48th Regiment took part in the send-off ceremonies at the Union Station. The regiment, which had spent Sunday at Long Branch rifle ranges, arrived back in time to form a guard of honor by lining Station street while the touring kilties passed by.

The Highlanders making the trip met at the armories at 4 p.m., had a luncheon in town at 5 p.m., and then marched by way of Yonge, Bay, Front and York streets to the station, arriving at the corner of York street about half an hour before train time. Fifteen minutes of the interval was spent by the brass and pipe bands in playing stirring Scottish and patriotic airs.

Those present at the station to see the kilties start on their American tour included Mayor Church, Claude Macdonell, M.P., Lieut.-Col. Duncan Donald, Lieut.-Col. J. S. Campbell, representing the state officers of the Toronto military district; and all the officers of the 48th Regiment. The touring party of kilties went away under command of Lieut.-Col. C. W. Darling, with Capt. M. P. Godfrey, Lieut. A. F. White, Lieut. J. C. Webster, Capt. (Dr.) M. T. McLaurin, Major (Rev.) Crawford Brown, Capt. Allen Case, Capt. Alex. Sinclair, Lieut. R. E. Holdenby and Lieut. R. A. R. Sinclair. Lieut. John Slater was in command of the brass band.

A Special Train.

The touring Highlanders are traveling in a special solid vestibule train consisting of six sleepers, diner and baggage car. The regimental colors are being taken on the trip, and the officers are all wearing their tasseled claymores.

An interesting figure in the contingent is Corp. Wm. Evans, now of the 48th C.E.F. battalion, who has just received his Persian Gulf medal from the British Government for the part he took in the Mesopotamian campaign in the action before Kut-el-Amara, where he was twice wounded. At that time he fought as a private in the Royal Marine Light Infantry, from the British warship Esmerald.

At New York City the 48th's men will stay at the 71st Regiment armories and the officers at the Hotel Biltmore.

HOOLOGANISM RAMPANT IN OAKWOOD DISTRICT

Gangs of Young Men Who Should Be in Khaki Annoy Women.

"Unless we get more police protection in our district, we will be compelled to take the law into our own hands," said a resident of the business section of the Oakwood district to a World reporter recently. "Of late there are gangs of young men who should be in khaki parading the main thoroughfares and hanging around in the evenings using obscene language and insulting girls and women. This matter has been brought to the attention of the police, but the nuisance has not been grappled with."

DRY WEATHER NEEDED TO HARVEST HAY CROP

Farmers throughout all the central Ontario counties are hoping for fine dry weather in the immediate future, so that the hay crop may be harvested in good shape. Clover cutting is now two weeks behind normal years, and a start has hardly been made on one of the heaviest crops in years, with the exception of last summer. All the grass crops are extraordinarily heavy, never better, and will require extra labor to harvest and garner in. Alex. Bruce, a representative farmer, and mill-owner in Alimra, York County, said to The World last night that if the weather starts in at once little or no harm except to some of the root crops will have taken place and that the next few days are vital to the average Ontario farmer and country in general.

If your piano is out of tune, telephone or write us and arrange for one of our men to come to you and do away with the trouble. When a Mason & Risch tuning expert does the work you will be greatly pleased. You will realize what a good piano you have, after all! Mason & Risch, Limited, 230 Yonge street, Toronto.

FOUND DEAD IN BEDROOM.

Edward Buss, aged 55, of Ontario street, was found dead in his room yesterday by the landlady of the house. He had not come down to breakfast at the usual time in the morning, but the landlady thought he was taking a little longer nap than usual and therefore did not bother him. At noon she became uneasy and him kneeling on the floor, she found taken to the morgue and it is likely an inquest will be held. Buss had complained of feeling unwell on Saturday.

PORT COLBORNE DOES WELL.

Special to The Toronto World. Port Colborne, July 15.—The French netted the amount of \$873 to the fund.

FOE CLAIMS SUCCESS.

Berlin, July 15. (via London).—British Admiralty, per Wireless Press. Capture from the French of important positions on the Chemin-des-Dames on the Alsace front southeast of Courtenon, along a front of 1500 metres, and 300 metres deep, is announced by army headquarters today. Three hundred and fifty prisoners were taken. The substantial remains of a French attack in the Champagne southeast of Moronvilliers also is reported.

YORK COUNTY AND SUBURBS

UNIONVILLE HERO HONORED IN DEATH

Memorial Service in Methodist Church for Late Osmond Appleton.

Rev. J. J. Ferguson, pastor of the Unionville Methodist Church, conducted an impressive memorial service last night in honor of Private Osmond Appleton (son of Mr. and Mrs. H. Appleton of Unionville), killed at Vimy Ridge. Official notification of his death was received only a few days ago by his friends. Private Appleton was reported missing after the Vimy Ridge engagement, and the family had been in a state of suspense until they received definite news. He was one of the original members of the "Princess Pats," having enlisted with them early in the war at Winnipeg. He had been constantly in the trenches, with the exception of 11 months spent in an English hospital when he refused to take his discharge, and was sent back to the front. Pte. Appleton was 29 years old and was born in Richmond Hill. The memorial service last night throughout was of an appropriate character, special music being given by the Unionville Methodist choir. The church was thronged to the doors.

SILVERTHORN RATEPAYERS HOLD THEIR FIRST PICNIC

Large Gathering in School Grounds Enjoyed Athletic Sports and Dancing.

The first annual picnic in connection with the Silverthorn District Ratepayers' Association was held on Saturday afternoon in the school grounds, Silverthorn. A big program of events arranged by Chairman J. Hunt and the committee were successfully carried out, the following being the prize-winners: Boys' race, ten to twelve years, Sam. McCormick; Gents, 100 yards, F. Webby; Ladies, 50 yards, Mrs. McLaren; Ladies' mail-driving contest, Mrs. Durcan and Mrs. Staples; ladies and gents, three-legged race, Mrs. Wilson and J. Bradley; sack race, Muriel Royce and Mrs. Miles; guessing competition, Mrs. Whelan and Mrs. Butler.

An event of special interest was the tug-of-war. Silverthorn, fighting against Silverthorn-Grove, which was keenly contested, the former team being victorious.

The musical program was provided by the 110th Irish Regiment military band, by permission of Lieut.-Col. McGeog. Refreshments were served, and dancing was enjoyed towards the close of the proceedings.

ALLEGED CHURCH ROBBER ARRESTED LAST NIGHT

Caught in Basement of St. Cyprian's Church With Bunch of Keys.

Norman Williams, 16 years of age, 729 Manning avenue, was taken into custody last night in the basement of St. Cyprian's Church, corner of Follis and Manning avenues, by Acting Detective Carter. When searched at the police station, a bunch of keys were found on Williams, and it is alleged that he is the youth wanted on a charge of entering the Church of St. Mary the Virgin, Westmoreland avenue, a few days ago, also the Church of St. Mary Magdalene, Uster street, and Manning avenue; Westmoreland Methodist Church, Westmoreland avenue, and St. Andrew's Church, Jarvis and Carlton streets.

It is alleged that this is Williams' second entry into St. Cyprian's. The first time he got away with \$5. To gain admission to the church of St. Mary the Virgin, it is alleged the Williams cut out a pane of glass, and in gaining access to Westmoreland Avenue Methodist Church, he broke a door down.

INDUSTRIAL FARM IS CONSIDERED NUISANCE

Markham Township Farmers Complain That It Is Overgrown With Weeds.

Farmers in Markham Township in the neighborhood of Langstaff, where the industrial farm is located, are incensed at the manner in which the farm is run, charging that it is now and has been a menace to the farms surrounding by reason of the noxious weeds which abound. On one portion of the farm about 75 acres is growing for the last three years, between 15 and 20 acres has been this summer sown to corn, but the land is a mass of twitch-grass and from present appearances the crop will be smothered out by weeds. The balance of the 75 acres is given up to twitch-grass and other noxious weeds with no attempt being made to cultivate it. The area is regarded as among the best farming land in Ontario, and on the farms immediately adjoining the hay and grain crops are of the most luxuriant nature and promise an abundant yield. The farmers are thrifty and take exception to the general effect on their own properties.

FIRE DESTROYS BARN.

Outbuildings on T. A. Gibson's Farm Burned Down.

Fire from some unknown cause completely destroyed the barn and other outbuildings on the farm of T. A. Gibson near Milliken's Corners on Saturday morning. There was no electrical storm at the time, and the

MIMICO ENJOYED L.O.D.E. GARDEN FETE

Union Jack Chapter Gives a Successful Party for the Red Cross.

Fortune yesterday favored the Union Jack Chapter of the Imperial Order of the Daughters of the Empire of Mimico. When the gay festivities of their garden fete commenced on the spacious combined lawns of Mrs. Louis J. West and Mrs. E. Hutchnins the dark clouds disappeared, leaving the whole afternoon and evening free of that disturbing factor—rain.

Being a patriotic affair in the aid of the Red Cross, large crowds thronged the grounds and all seemed to enjoy themselves immensely, and the numerous booths were well patronized. Altogether the garden party was a grand success, especially from the financial point of view, realizing over \$750.

With Japanese lanterns hung about the trees and a jolly crowd flitting about, intermingled with about twenty-five of Mimico's prettiest girls strikingly costumed, the lawn at night presented a very pretty scene. These young women represented countries and characters by their novel gowns, among whom were Miss Rosalind Hutchins as Miss Canada; Miss E. Hutchins as Miss Britain; Miss E. Wright as Miss Wales; Miss E. Stortz, C. Godfrey, B. Johnston and L. Smith as pierrots and pierrettes; Miss M. O'Donnell as Britannia; Miss G. Everett as Hilarion; Miss E. Wright as Night; Miss S. Ryding as Martha Washington; Miss M. Maybes as Miss Canada; Miss J. Shelton as Miss Ireland, and Miss M. Renton as a girl of the Victorian period.

Well Patronized.

Generous buyers thronged the gaily decorated booths, which did a thriving business, and were in charge of the following: Fruit, Miss Mary Free; candy, Mrs. W. Wallace; fish ponds, Mrs. A. Dods and Mrs. E. Hutchnins; wheel of fortune, Mr. A. Dods; cooking, Miss Ina McCormick; sand-tray, Mrs. A. Adamson; painting, Mrs. W. Taylor; ice cream, Mrs. N. Smith and Mrs. Fred Archer; tea room, Mrs. T. Ryding; and raffles, Mrs. E. Ballard and Mrs. J. Hartley.

Open air dancing was enjoyed upon a temporary floor, under the supervision of William Kay. The success of the affair was largely due to the untiring efforts of the president of the chapter, Mrs. West, and the convener, Mrs. James Free.

DEMAND FOR MORE CARS ON LAKE SHORE RADIAL

Ratepayers Urge Company to Take Action to Relieve Summer Traffic Congestion.

The demand for more cars to accommodate the six o'clock crowds was strongly registered at a meeting of the Long Branch Ratepayers' Association, who thought that the Toronto and York Radial Railway should treat the workers as they do the pleasure cars, for whom they always provide extra cars. Many of the members made attacks on the poor service given by the company, and urged the board to take action to remedy the present congestion of traffic.

To keep the surface water off the highway, Long Branch, a resolution was passed urging the provincial government to construct a larger drainage system than the one now in use, and to pass the cost of the same just east of Stop 25. This action was deemed necessary, because it is claimed that the Toronto-Hamilton Highway Commission is building a large cement culvert without enlarging the present two 24-inch pipes, which are inadequate.

For presenting the best plan of the Long Branch school grounds, Margaret Ball, Clarence McLean, Roy McKenna and Willie Fitzhenry were declared winners, by Acting Deputy Mayor J. M. J. Owens and S. Behan.

In honor of the Long Branch boys who are overseas the association decided to compile an honor roll to be hung in the school, and appointed S. Behan and J. Mosher to secure the names.

ALLEGED CHURCH ROBBER ARRESTED LAST NIGHT

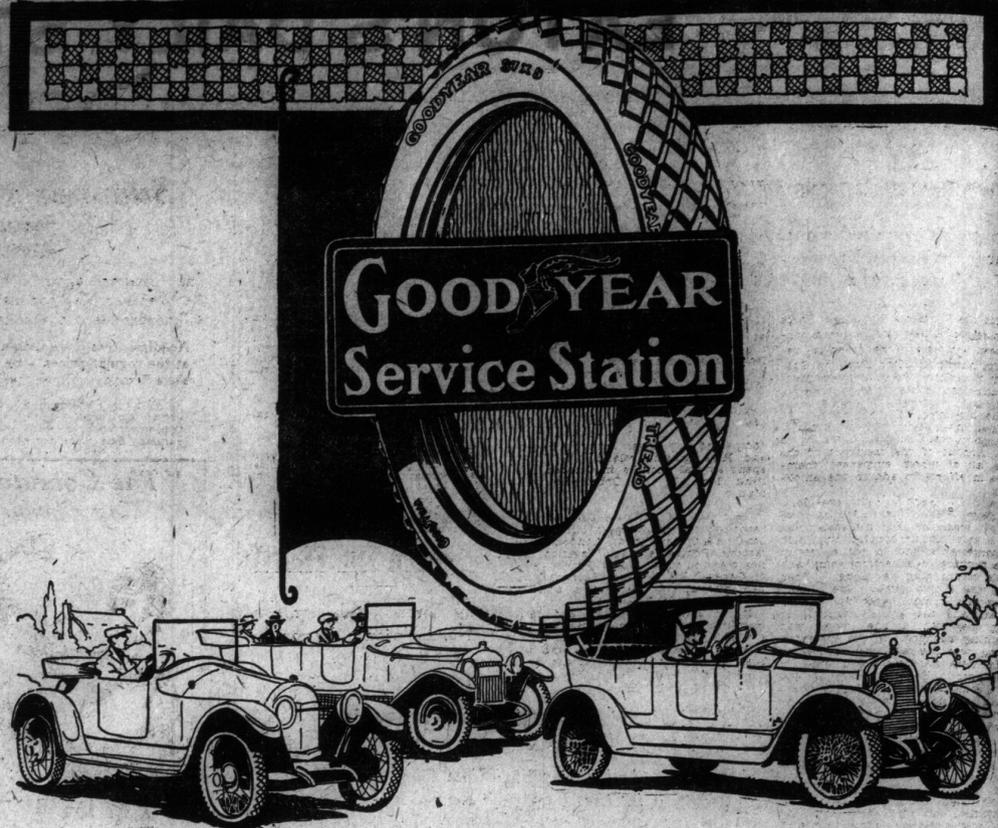

Caught in Basement of St. Cyprian's Church With Bunch of Keys.

Norman Williams, 16 years of age, 729 Manning avenue, was taken into custody last night in the basement of St. Cyprian's Church, corner of Follis and Manning avenues, by Acting Detective Carter. When searched at the police station, a bunch of keys were found on Williams, and it is alleged that he is the youth wanted on a charge of entering the Church of St. Mary the Virgin, Westmoreland avenue, a few days ago, also the Church of St. Mary Magdalene, Uster street, and Manning avenue; Westmoreland Methodist Church, Westmoreland avenue, and St. Andrew's Church, Jarvis and Carlton streets.

INDUSTRIAL FARM IS CONSIDERED NUISANCE

Saving Worry and Money Through Service

There are many motorists buying Goodyear Tires to-day who base their preference on the assured comfort, appearance, or security these tires lend.

They are the epicures among tire buyers. Their standards are exacting. In Goodyear merits their demands are amply answered.

There is another class of Goodyear users. This class is overwhelmingly in the majority.

Men in this class bring their business instinct into tire purchasing. They measure tire virtues by a far more exacting standard—the capacity for delivering long, loyal, economical service.

It is because these men obtain their due in Goodyear Tires, that they regularly prefer them as their equipment.

For the construction of these tires is a summary of all our tire-building knowledge—the full embodiment of our laborious experience.

In the course of that long experience Goodyear engineers developed the tire-making machine, the No-Hook bead, the All-Weather-tread, the Braided Piano-Wire base, and other quality-giving Goodyear features.

These tires have out-grown experiment. Their goodness is in-built, exact, definite. Their qualities ensure that long, loyal, economical service that the bulk of business-minded motorists demand.

Go to the Goodyear Service Station Dealer near you. Ask him to describe his work. He will be glad to tell you the many tasks he performs. He will be pleased to demonstrate to you that his service is money-saving, efficient, courteous, complete—that his service is service such as you have been seeking.

FIRE DESTROYS BARN.

Outbuildings on T. A. Gibson's Farm Burned Down.

Fire from some unknown cause completely destroyed the barn and other outbuildings on the farm of T. A. Gibson near Milliken's Corners on Saturday morning. There was no electrical storm at the time, and the

Yes—every Goodyear Tire that reaches the hands of a customer has had the benefit of Goodyear improvements. Its quality is further made sure by a rigid system of inspection. This inspection touches every process of tire-making from the gathering of the raw rubber to the delivery of the finished tires to the shipping room.

In Canada more than 1000 business men, realizing the reliable and economical service yielded by Goodyear Tires, have so organized themselves that they can support and extend this service.

They work beneath the emblem shown above. Their set aim is to make your tire bills smaller, to build their business on your friendship, to win your friendship by deserving it.

Their service embraces many tasks. It is yielded courteously and willingly. It involves doing many things that would take the pleasure out of your motoring if you had them to do yourself. It is a service that saves you worry and money.

You should take advantage of the Goodyear Service Station Dealer's work. It helps you realize what you and every other motorist desires—tire service that is long, reliable and economical.

Go to the Goodyear Service Station Dealer near you. Ask him to describe his work. He will be glad to tell you the many tasks he performs. He will be pleased to demonstrate to you that his service is money-saving, efficient, courteous, complete—that his service is service such as you have been seeking.

Were Guests of Women's Volunteer Corps at Picnic in High Park.

TWO PRESENTATIONS

Flag for the Women's Corps and Little Red Car for Wounded Men.

With the Women's Volunteer Corps as hostesses, a party of returned convalescent soldiers were given a delightful outing at High Park on Saturday afternoon.

The Messrs. Archibald Dodds and Kenneth Lidster, lieutenants 264th Battalion, are both taking a course at the Practical Institute No. 2 School of Instruction, Bedford, England.

Dr. and Mrs. C. V. Snellgrove and Miss Edith Snellgrove spent a day at the Queen's Royal, Niagara-on-the-Lake, last week.

Lady Ross, who left Quebec last week for New York, expects to sail shortly for England.

The Duchess of Wellington gave a reception to the overseas officers recently at Apsley House, London.

Major Hamilton, C.E.F., and Mrs. Hamilton have been in Brockville for a week's fishing and have been most successful.

The engagement is announced in Vancouver of Diana Ogilvy, second daughter of the late Hon. Justice Irving, Victoria, B.C., to Mr. Herbert Howick-Kenyon, late corporal B.C. Horse, 2nd C.M.R., C.E.F., second son of Mr. and Mrs. H. Howick-Kenyon, Silver Star Ranch, Ewing Landing, Okanagan Lake, B.C.

Master Ernest Dennis, with a party of Toronto high school boys, is working on the fruit farm of Col. Nellie R.C.D., C.E.F., Oaklands, Niagara-on-the-Lake.

Mr. and Mrs. Auden, who were in town for a day last week, have returned to their island in Muskoka, and it is understood will permanently take up their abode there until they are able to return to England.

Some of the Toronto people at the W.A. Norway Point are Lady Melvin Jones, Mrs. Crawford Brown and her children, Mrs. Lawrence Cosgrave, Miss Cosgrave, Mrs. Ernest Seitz, Mrs. A. G. Northway, Miss Northway.

Mrs. Edgar Jarvis and Miss Caroline Jarvis have returned from Montreal.

Mr. Cecil Snellgrove, C.E.F., and some of the officers of the I.R.F.C., spent the week-end at the Queen's Royal, Niagara-on-the-Lake.

Miss Isabelle George is in New York visiting her sister, Miss Margaret George, and her brother, Mr. Arthur George.

Mr. W. Ritchie, lieutenant C. E. F., who graduated from the School of Practical Science, Toronto, and who has been missing for two years, has turned up again and is in charge of tunneling in France.

Mrs. Sidney Small asked a few people to luncheon to meet Mrs. Van Rensselaer and Mrs. Rogers Bacon, New York.

Mrs. Willis Chipman and her daughter, Miss Katharine Chipman, and Mrs. George Powers, left last week for Sydney, Cape Breton, and will spend some weeks there.

Miss Kathleen Burke of the Scottish Women's Hospitals, and her mother, are in Ottawa at the Chateau Laurier. Miss Burke will accompany Mr. and Mrs. W. E. Matthews on a fishing trip.

Mr. and Mrs. Hilton Tudhope, with their children, have motored to the sea, and are at Chatham, Cape Cod.

Captain J. Ernest Proctor, who went overseas with the 83rd Battalion, has gone to France. Mrs. Proctor has sailed for Canada.

Mr. J. A. MacKellar has returned from the Lake Placid Club, in the Adirondacks, where Mrs. MacKellar and Mrs. Clinch are spending the summer.

Prof. Squair is giving lessons in French to the soldiers at Fort Niagara, N.Y.

Miss Edith Scott, who has been visiting her aunt at Kenilworth, Ill., has left with twelve girls and a chaperon on a camping trip to Michigan.

The marriage was very quietly solemnized at the house of Mr. and Mrs. Frank Clowes, 24 Chester avenue, on Saturday afternoon, of Ethel Maude, eldest daughter of the late Mr. and Mrs. Joseph Clark Dudley, England, to Mr. Albert Lashbrook, Goderich, Ont. The Rev. Hardy Andrews officiated. Mr. and Mrs. Lashbrook will reside in Goderich.

Miss Sternberg has just returned from a three weeks' trip to New York, where she was accompanied by some of her pupils, and they visited the different centres of instruction to get into touch with the newest ideas in classical and modern dancing.

Mrs. H. J. Dwyell and Miss D. Dwyell are visiting at the house of Mr. and Mrs. Dwyell in the vicinity of Green Lake before returning to Toronto.

The ladies of Old St. Andrew's Church have sent 200 parcels of comforts, shirts, socks, chocolate, etc., to the men of the church who are overseas.

Society—Conducted by Mrs. Edmund Phillips

The commandant, officers and candidates of the 4th Division Training Corps, Fort Niagara, N.Y., and the ladies, have issued invitation to an open air entertainment and dance on Saturday night, and special arrangements are being made for a late boat back to Toronto, as a great many invitations have been received by people in town.

The Messrs. Archibald Dodds and Kenneth Lidster, lieutenants 264th Battalion, are both taking a course at the Practical Institute No. 2 School of Instruction, Bedford, England.

Dr. and Mrs. C. V. Snellgrove and Miss Edith Snellgrove spent a day at the Queen's Royal, Niagara-on-the-Lake, last week.

Lady Ross, who left Quebec last week for New York, expects to sail shortly for England.

The Duchess of Wellington gave a reception to the overseas officers recently at Apsley House, London.

headquarters cash box. Secours National, \$101.10; Women's Patriotic League, Cooksville, \$50; Fort Credit, \$92.33; individual subscriptions, Mrs. T. H. Woods, \$500; R. Woods, \$100; Sir Edmund Cole, \$200; Frank Darling, \$100; Major Christie, \$100; Mr. Hungerford, \$100; Mrs. Mulock, \$50.

ORPHANAGE GARDEN PARTY. The grounds of the Sacred Heart Orphanage at Sunnyside were gay with many pretty booths and Chinese lanterns strung thru the beautiful trees on Saturday afternoon and evening, when the postponed garden party in aid of St. Vincent de Paul parish was held. A varied program of sports provided amusement, a tug-of-war, in which the boys of the orphanage were the successful competitors, being a particularly attractive feature. Mr. J. Kelly and Mrs. Weis were general conveners. Among other workers were Miss Catherine MacMahon, in charge of the tea room; Miss Gertrude Colgan, cashier; Mrs. Wm. Russell, candies; Miss Crosby, in charge of the flowers.
