# DEBATE OVER TIMBER PROBE ENDS IN STARTLING CHARGE

## Premier Meighen States Definite Policy Regarding Grand Trunk

### WINDLE ASSAILED IN SPIRITED STYLE BY DRY ADVOCATES

Rev. Dr. Pidgeon Has Also  
Something to Say About  
Prof. Leacock.

### PREDICT BIG VICTORY

The referendum committee held a well-attended meeting of their Toronto workers last night in Mission Hall for the purpose of giving to them some final instructions as to the nature of the work yet to be accomplished before voting day, and to listen to an address by Rev. Dr. George C. Pidgeon. The meeting, which was composed about equally of men and women, was tremendously enthusiastic throughout the whole proceedings.

The chair was occupied by C. L. Burton, chairman of the referendum committee. He declared the opposition were not fighting on clean methods; at least, he added, on methods the referendum committee would not depend upon. The story put forward that prohibition in the United States was not a success had nothing to do with them—Ontario people lived in a British possession, where laws were respected.

### ANNOUNCES FEDERAL RAILWAY COMMITTEE

Premier Meighen States He Will  
Move for Body to Deal With  
National Lines.

### LARGE LIST OF INQUIRIES

Ottawa, April 5.—(By Canadian Press)—At ten minutes to one this morning, Right Hon. Arthur Meighen, prime minister, gave notice that he would move for the appointment of a select standing committee on national railways and shippings.

The motion follows: "That a select standing committee on national railways and shipping be appointed for the present session and be instructed to inquire into the following questions: (1) What information as to operation of Canadian National Railways and shipping as conducted by the board of directors and management should, in the public interest, be brought down in parliament on questions, motions for production of papers, or otherwise. To Plan for Policy.

### CUSTOMS BOUNDARY NOT YET DEFINED

Germans Complain That the  
French Are Already En-  
forcing Regulations.

Coblenz, April 5.—The German local authorities have delivered a protest to the Rheinland Commission, declaring that the French are already enforcing the new customs regulations in the Mayence Bridgehead, although the commission has not yet officially authorized this. The French assert that they are not doing so, but are waiting instructions from the commission. The commission has today, but did not reach a final decision regarding a definite customs boundary. A night session is being held, but the commission is finding difficulty in establishing a boundary in the British and Belgian zones.

HON. MANNING DOHERTY MILKS A COW.  
Ontario's minister of agriculture demonstrated yesterday that oratory is not the only thing he dares to attempt at a public gathering. Yesterday afternoon in front of the main entrance of the parliament buildings he, properly aproned, milked with practiced hand a Holstein cow from the dairy farm of George Cooper of Pier Hill. He did it to further the cause of "drink more milk," which the Canadian Public Health Association is promoting.

### GRAND TRUNK SYSTEM MUST BE SURRENDERED BY APRIL THE NINTH

No Financial Assistance to  
Railway So Long as Present  
Board is in Control—Premier  
Meighen Sounds Clear  
Note of Confidence in Public  
Ownership—Looks to  
Day When Roads Will Be  
Great National Asset—De-  
bate Precipitated by Motion  
for Investigating Commit-  
tee—More Time for Arbitrators.

BY TOM KING.

A strong, clear note of confidence in public ownership was sounded in the house of commons by Premier Meighen tonight. He warned parliament and the country against getting into a panic over the railway situation. The railway deficits, he said, were a disappointing, but they did not create a desperate situation. We were suffering in Canada from world-wide conditions, and under all the circumstances it must be admitted that the Canadian National Railways had made a better showing during the past year than had the railways of the United States. Our problem in Canada, the premier admitted, was accentuated by the fact that we had a vast area and a comparatively small population. We had been premature in constructing the transcontinental railways. We could not hope for them to become profitable enterprises until we had more people in Canada, but he was satisfied that within the not distant future, the day of deficits would be passed and the government railways become a great national asset.

### Charles on His Way Back, Crosses Frontier Today

Vienna, April 5.—Announcement was made this evening by the foreign office that former Emperor Charles, who had been at Steinamanger, arrived today at Fehring, where he went aboard the Austrian train bound for Samitz. Charles entered his compartment in the train at 2.45 o'clock this afternoon, having had to await the arrival of the train at Fehring for some time. In the meantime, he had remained in the private car which had brought him from Steinamanger. The train left Fehring at 4.30 o'clock this afternoon, and it is reported that the former monarch will reach the Swiss frontier early Wednesday.

### MINERS PREVENT THE OWNERS SAVING MINES FROM WATER

Transport Workers Meet, But  
Defer Decision on Strike  
Till Today.

### TROOPS CONCENTRATE

London, April 5.—The stoppage of all coal mining in Great Britain is an accomplished fact and the question the public is considering anxiously tonight is whether the paralysis will extend to the railways and other means of transport and even spread among the workers generally. Both houses of parliament discussed the situation today without taking any steps to relieve it. The National Transport Workers' Federation delegates conferred without reaching a decision as to whether to call a strike in that line in support of the miners. The three branches of the triple alliance—the railwaymen, the transport workers and the miners—will meet separately tomorrow, which promises to be a decisive day.

### CHARLES STILL CLINGS TO CROWN OF HUNGARY

London, April 5.—Prior to his departure from Steinamanger, former Emperor Charles expressed the conviction that he would return within a short period, and he was determined to do all in his power to bring about such a change of view in Europe as to make this possible, says the Steina-manger correspondent of The London Times. He drew up the following declaration, which it is understood will be published tomorrow by the Budapest government: "His majesty leaves the country because of his conviction that the moment has not yet come for him to exercise his right of governing. He cannot permit maintenance of his right to entail disturbances in the present state of peace. He leaves the land as the crowned king of Hungary. (Signed) "Charles."

### French Population Less By Twentieth in Decade

Paris, April 5.—France has lost approximately five and seven-tenths per cent. of her population since the 1911 census, according to a change of view in Europe as to make this possible, says the Steina-manger correspondent of The London Times. He drew up the following declaration, which it is understood will be published tomorrow by the Budapest government: "His majesty leaves the country because of his conviction that the moment has not yet come for him to exercise his right of governing. He cannot permit maintenance of his right to entail disturbances in the present state of peace. He leaves the land as the crowned king of Hungary. (Signed) "Charles."

### HAS NO AUTHORITY IN ESMONDE CASE

Minister of Justice Wires That  
B. C. Authorities Must  
Enforce Own Law.

Ottawa, April 5.—Hon. C. J. Doherty, minister of justice, has wired to Mayor Gale of Vancouver that he has no authority to intervene in the proceedings instituted by the mayor against Grattan Esmonde on the charge of uttering seditious words. In reply to a telegram received from Mayor Gale, the minister of justice tonight sent the following despatch: "Your wire received. Impossibility for me to give instructions. Enforcement of law is for local authority. Proceedings instituted by you entirely under your control subject to provincial authorities. Action must be on your and their responsibility. Constitutionally administration of justice rests with province. I have no authority to intervene."

### PAPER COMPANY REDUCES PRICE OF NEWSPRINT

Minneapolis, Minn., April 5.—Directors of the Minnesota and Ontario Paper Company today announced a further reduction of \$17 a ton on newspaper paper to publishers. This concession, together with that of \$8 per ton made on January 1, reduces the price from \$138, as fixed by contract, until July 1 next, to \$121 per ton for the next three months.

### PROPOSED SUBSIDY TO COAL INDUSTRY IS INDEFENSIBLE

Lloyd George Says That Bur-  
den Cannot Be Placed on  
Taxpayer.

### OTHER DOORS OPEN

London, April 5.—The prime minister, replying in the house of commons today in the debate on the coal situation, declared that what all wanted was to arrive at pacification in a very dangerous dispute, if it could be done in a way compatible with the interests of the nation as a whole. He contended, however, that subsidizing a great industry out of taxation was wrong in principle and completely indefensible, especially at the present time in view of the heavy taxation and the condition of their exchequer. He recalled that the loss before March 31 on government control of the mines was more than £1,000,000 weekly which would mean a loss of £100,000,000 if the arrangement were not terminated. If it had been purely a question of extending control one month, said Mr. Lloyd George, the extra burden on the taxpayer, to avoid calamity, would be justified, but there was no guarantee at the end of the extension that they would not have been faced by the same position. Under control of the government there was no inducement to terminate the negotiations, because both wages and profits were guaranteed. The government had therefore concluded that it must bring the industry face to face with the end of control by placing it on an economic basis.

### Wide Field for Discussion.

The premier would not express any opinion as to whether the wages were adequate or inadequate, as he pointed out, that would cripple the govern- (Continued on Page 10, Column 1).

### HON. PETER SMITH IS QUIZZED ABOUT RECENT FINANCING

Admission That the Present  
Budget Will Approach  
Hundred Millions.

### METHODS CRITICIZED

Hon Peter Smith's recent financing in which he floated \$10,000,000 of treasury bills, \$6,000,000 of which was advertised, and \$4,000,000 added without tenders, provoked a little flurry in the legislature yesterday during the course of which the treasurer of Ontario's "economical" government admitted that the total budget of the province for the present year will be close to the \$100,000,000 mark. Mr. Smith, in response to a question by Hon. G. H. Ferguson, said that he had already borrowed \$36,000,000 on capital account, and would need about \$28,000,000 more. The Conservative leader pointed out that the treasurer was figuring upon \$25,000,000 or more of ordinary revenue, so that he would have nearly \$100,000,000 to spend.

### Escaped Prisoner Killed As a Spy by Sinn Fein

Dublin, April 5.—The mystery of the finding of a man who had been shot and killed on the Ashford, Middlesex Golf Course on Sunday, with a note affixed to his clothing reading: "Spies, traitors, beware!—I. R. A." has been deepened by the identification of the dead man as Vincent Fournarque, who is reported to have escaped from the custody of the police in Dublin Jan. 31. An official report, from Jasie Feb. 2, said that a prisoner named Vincent Fournarque was being conveyed from Kilmalinbeg to Dublin Castle in a police lorry at nine o'clock the previous night for examination. When the lorry was passing along a circular road fire was opened on it. The lorry was stopped and the escort alighted and drove the attacking person or persons. In the excitement, the prisoner escaped and was not recaptured. At the time it was reported the prisoner was considered an important person on the possession of the Dublin metropolitan police have been collected by the military authorities. It is considered unlikely that they will carry arms in the future owing to their recent dis- (Continued on Page 2, Column 3).

### HILL MAKES CHARGE R. T. HARDING BILLED FARLINGER FOR \$500

Vancouver Transporting  
Unemployed to Prairies

Vancouver, B.C., April 5.—On receipt of information that the provincial employment bureau that 500 men out of work here could be placed in Alberta, Saskatchewan and Manitoba, the city council today voted \$500 toward transporting the men to the prairie provinces. The total cost will be about \$15,000, and the balance of \$10,000, it is understood, will be provided by the provincial and federal authorities.

### HARDING IS AVERSE TO HASTY ACTION IN MAKING PEACE

Versailles Covenant Useless  
as Basis for Association  
of Nations.

### CANVASSING SITUATION

Washington, April 5.—Whatever may be the expectations of Republican senators, who want an early declaration of peace with Germany, it was made known authoritatively today that President Harding had not thrown the influence of the administration behind the movement, but was inclined to look with disapproval upon any prospect of precipitate action. It was revealed that the president had not, in fact, committed himself to any definite program for the restoration of peace, though he was said to be leaning more and more to a belief that the Versailles covenant cannot in any practical way be used as a basis for his association of nations.

### BOARD'S JUDGMENT GRATIFYING NEWS

Earn 8 Per Cent. Dividend  
Plus 2 Per Cent. Surplus  
Pleases Bell President.

Montreal, April 5.—(By Canadian Press)—That the outstanding feature of the recent judgment handed down by the board of railway commissioners of Canada in the telephone rate case is the ruling of the commissioners that the Bell Telephone Company shall be allowed to earn its eight per cent. dividend plus a surplus of two per cent. or more annually under certain circumstances, was the statement made today by L. B. McFarlane, president of the company. "The establishment of this principle," said Mr. McFarlane, "is the most gratifying news to our shareholders and bond holders, since it assures them the usual return on their investment hereafter."

### Escaped Prisoner Killed As a Spy by Sinn Fein

Dublin, April 5.—The mystery of the finding of a man who had been shot and killed on the Ashford, Middlesex Golf Course on Sunday, with a note affixed to his clothing reading: "Spies, traitors, beware!—I. R. A." has been deepened by the identification of the dead man as Vincent Fournarque, who is reported to have escaped from the custody of the police in Dublin Jan. 31. 41ST YEAR—ISSUE NO. 14,756

TWO CENTS

Demand Alleged to Have  
Been Made as Sequel to  
Effecting Settlement With  
Government for Timber  
Dues—Accusation Brings  
Climax to Bitter Debate  
Between Ferguson and At-  
torney-General Raney on  
Timber Probe.

Charging that R. T. Harding, who, as crown counsel in the timber enquiry, acted for the government in arranging a settlement by G. E. Farlinger with the government for an amount due on timber not paid for, had since "billed" Farlinger for \$500 for his services in that connection, and a demand that the attorney-general take action to report Mr. Harding to the benchers of the Law Society and have its former counsel disrobed, were made in the legislature last night by H. P. Hill, Conservative member for West Ottawa. The charges produced something approaching consternation in the government ranks, and both Hon. Mr. Drury and Mr. Raney hastened to declare that they had not heard of the alleged attempt. Mr. Hill had been speaking in the course of the debate upon the government amendment to the public inquiries act and had referred to Harding's peculiar course in respect to the Farlinger settlement. Mr. Drury asked him to be explicit, and Mr. Hill made the following statement: "I will give you the story. Farlinger's lawyer come down here and arranged to see Mr. Harding or the attorney-general's department or the crown lands department about the settlement of claim made against him. In payment for the services rendered to the Farlinger company in connection with this settlement, he has rendered an account for \$500."

Now what the house would like to know is whether Harding was acting for the attorney-general in arranging the settlement or was working for Farlinger. "But," he said, "the attorney-general referred to a fellow-practitioner at the bar. Now, I say that it is the attorney-general's plain duty to report his complaint to the benchers of the Province of Ontario and have him disrobed. The thing he has done, for retaining a secret agent to attempt to get money from Farlinger for a settlement in which he was supposed to be acting for you, is the first I have ever heard of after an anxious, whispered consultation with Mr. Drury. "But you are going to hear a whole lot more," was the retort, as Mr. Hill went on to discuss the bill.

Earlier in the evening Mr. Raney, to show how a campaign had been directed at the timber commission, referred to the resolution "viliifying" the commission passed at the Conservative convention. He said that there had been no charge against Mr. Ferguson, and that the system followed in that department was not associated himself with that system by his attitude. The attorney-general then went on to read the evidence of C. C. Hele, Mr. Ferguson's former private secretary, to show that papers had been carried away from the department. "He quoted evidence to show that in the private file carried away were letters of complaint, letters that referred to matters of policy. He maintained that such letters were public documents. He painted a picture of the former minister's representative taking away these files, but got into trouble when he said that the interval between the election and the resignation of the Hon. Mr. Ferguson had been utilized by the minister in sifting the department."

As Mr. Ferguson rose to a point of order, Mr. Raney tried to go on. "Just a minute," said the Conservative Chief. "You get too cocky sometimes." Continuing, Mr. Ferguson declared that there was not a word in the evidence taken before the commission to show that a document of value to the department or to the inquiry had been taken away. The word "sifting" should be withdrawn.

Appealed for Ruling.  
Mr. Raney said he would not press the word, but that did not satisfy him. (Continued on Page 2, Column 5).

### HAVE YOUR FURS STORED.

Call up Main 6322 and the W. & D. Dineen Co., Ltd., will send their motor car and have them stored in their large cold storage. Phone us to spring approaches you must store your furs. Inevitably a certain amount of dust and dirt get into the fur and this acts as a magnet for the moth. The only sure remedy is to have them stored. Dineen's charges are very moderate, as based on the value of the garments. Phone us today and our messenger will call for them.

PACKERS DECLINE STRIKERS' OFFER

Men Say Ten-Hour Day Is Issue—General Gunn's Statement.

Neither the employers nor the striking workers yielded any ground in the packing house workers strike yesterday, the strikers' offer to arbitrate being refused by the employers and the former still holding out against the terms offered them.

The issue has now practically been brought down to the clause in the proposed agreement whereby the employers could break the agreement at 30 days' notice. It is held by the strikers that the employers would break the agreement at the end of May and that they would then have the men at a very decided disadvantage.

Also, the original demand of the employers that they pay for overtime be discontinued has been withdrawn, it is contended that as soon as the slack season sets in the packing houses will once more force the issue and that it would mean going back again to the ten-hour day.

The feeling among the workers was that they would rather face a long strike than go back to the ten-hour day, that if they went back to work under the thirty-day clause they would never know when they might be faced with another strike, and that it was better to have the issue fought out to a finish now and be done with it.

Also not now demanded by the packing houses, the strikers have decided to make the ten-hour day the issue, and say they will continue to strike until given adequate guarantee that they will not lose the eight-hour day.

It is understood that if the packing houses will consent to making an agreement over a definite period and will guarantee the continuance of the eight-hour day, there would not be any very strong opposition to moderate reduction in wages.

A mass meeting of the strikers is to be held at Ravina Rink at 10 o'clock this morning, when it is expected a proposition to the employers will be decided upon. It is quite likely that the strikers will agree to go back to work if the eight-hour day will be guaranteed for a specified period of reasonable length. Should the employers be willing to agree to this, it is believed the strike will end today.

Gunn's Plant Running. General John A. Gunn, of Gunns Ltd., stated to The World last night that his plant was running along with but little inconvenience, and that the firm could afford to stand that. He remarked incidentally that a few men came in today.

The general said he wished to emphasize the point that he brought out yesterday in addressing some of his workers in a frank and open talk. This was that the packers in Toronto today were earning a wage three times that paid to the workers in the year 1914. In this connection he also laid special stress on the fact that the cost of living today in most instances were not twice those of the period just prior to the war.

The workers, General Gunn asserted, should remember that although wages were the last to go up, they were also the last to come down.

Conciliation Committees. He wished to draw attention to the existence of conciliation committees connected with the various firms for the purpose of negotiating in case of differences. In the present trouble, however, the workers were refusing to take advantage of these and declared they would only deal with the plants if the union was a whole.

General Gunn declared that the packing firms had been suffering through conditions of the present reconstruction period and that the banks could not help how the packers had been suffering.

Quarter Century Club Elect Their Officers. A most enjoyable evening was spent at the Eaton recreation rooms, 115 Yonge street, last night, when members of the Timothy Eaton Quarter Century Club sat down to a complimentary banquet.

This was interspersed with musical numbers given by a quartet composed of Messrs. Moore, Armstrong, Priest and Law, also selections by Misses E. Thompson, the accompanist being Miss Betty Tate. The tables were artistically arranged with spring flowers and after a sumptuous repast a short business meeting was held, when the officers elected for 1921 were announced as follows: Hon. president, Sir John C. Eaton; hon. vice-presidents, W. J. Bowman; vice-president, W. J. Snider; treasurer, A. Loudon; secretary, Miss M. Taylor; executive, Miss Baldwin, Miss E. Diamond and Mr. T. W. Miller.

Brief addresses were made by the new officers and the members adjourned to the assembly rooms, where they met their invited guests and spent the remainder of the evening in dancing and renewing old acquaintances.

BOY STRUCK BY AUTO. Struck by an auto, driven by Harold McKay, 688 Dufferin street, on King street, near Danforth avenue, last night, Norman Lockett, aged eight, of 13 Tyndal avenue, received bruises about the face and body. He was able to proceed to his home. The driver of the auto reported to the police of Cowan avenue station, but was not detained.

WANT CARS BUILT IN CITY. The Great War Veterans Association have notified the Toronto Trades and Labor Council that they will stand behind that body in its fight for the erection of car building shops in Toronto. They declare that cars for the Toronto Transportation Commission should be built in this city instead of being imported from the United States.

TO APPOINT WOMAN INSPECTOR. The Toronto Trades and Labor Council have received a communication from the Hon. Walter Rolo, Ontario minister of labor, stating that it was the intention of his department to appoint a woman inspector on the Ontario factory inspection staff to replace Miss Carlyle, who resigned recently.

THEFT IS CHARGED. Wanted in Halifax, N.S. on a charge of theft of \$700, Arthur N. Burgess was arrested last night by Detective Berge, Dawn and Greenley.

FIVE M.T.A. OFFENDERS. Winnipeg, N.S. —Offenders against the Manitoba temperature act predominant at the city police court today and fines totaling \$1,885 were collected.

MAKE TORONTO CITY OF BEAUTY

Horticultural Society Suggest Garden Competitions and More Parks.

"Toronto as the most beautiful city in Canada," is the slogan and ideal of the Toronto Horticultural Society. In connection with their campaign an educational course extending over four nights of this week is being given by the society in the Central Technical School. Members turned out for the first lesson last night and with them were many others who were attracted by the idea.

Dr. J. M. Baldwin, president of the society, outlined some of the work to be undertaken during this year and said one of the chief events on the program was the garden competitions in the different wards of the city. These competitions would be divided into two classes: gardens of 25 feet frontage and under, and from 25 to 30 feet frontage and over. The horticultural society has secured the co-operation of the commercial growers and prizes valued at a total of \$400 will be awarded. These prizes include shrubs, bulbs, plants, etc.

Favor More Parks. The Toronto Horticultural Society was doing its utmost to create public sentiment for a more beautiful city, the doctor said. It was specially active in trying to arouse a sentiment in favor of more parks and bigger and more beautiful school grounds. If anything was to be accomplished by the parks committee of the city, the general public would have to support it. The aldermen representing the various wards would not push any project which they did not think the voters were favoring. Education along the lines of the beautiful was needed.

Stick to Few Varieties. "Peonies, varieties, soil preparation and planting," was the subject of an educational address delivered by J. H. Bennett of Barrie, Ont. He showed the best results could be obtained by soil preparation and careful planting. It was best, he said, to stick to a few varieties which were beautiful and yet of moderate price. Fessiva Maxima, Milton Hill and Felix Mousse were three varieties which he favored. In connection with this he announced that a peony show was to be held during the year in Jenkins' art galleries and a trophy valued at \$50 would be awarded for the best display. The trophy would be held for one year. He pointed out that amateur gardeners would have every chance to compete as only five varieties of Toronto spoke on the subject of a suburban garden. The lectures will continue every night until Friday.

DID EVERYTHING TO PREVENT ACCIDENT. Coroner's Jury Exonerates Motorist From Blame for Wilson Russell's Death.

About 4:40 p.m., March 25, Harry Hudson, 105 Westminster avenue, was driving east on Dundas street, and had just crossed the old Wilton avenue bridge, when he saw a number of street cars standing on the tracks. The condition of the south side of the street near Munro street was bad, and as there were a number of auto tracks leading to the north side, he disobeyed the law and continued east on the north side. He did not see any openings between the street cars that which he could regain his own side, and when about midway between Munro and Hamilton streets he struck and fatally injured a small boy, Wilson Russell, aged 6, 160 Hamilton street, who had started suddenly out from between the cars. He tried to avoid the accident, but did not have time. This was the evidence given by Hudson at the inquest last night by Coroner F. J. Snider.

The jury found that Hudson did everything to prevent the accident. It is understood that a settlement has been effected with the boy's father to prevent further civil action.

Mrs. Hudson, on the stand, said she saw some obstacle on the right side of the street, but could not tell what it was. An auto ahead also crossed to the wrong side of the street, as did two boys directly in front of her husband's car, and just before he hit young Russell he blew his horn to warn the cyclist that he was about to pass them.

Opposed to Restrictions Hurlful to Real Estate. Last night the regular fortnightly meeting of the Building Owners and Managers' Association was held in the board room of the Trusts and Guarantee Company. Assessment Commissioner Forman detailed the method of assessing buildings as decided on for the future. His department has covered the city, and photographs were shown of every type of building in Toronto at present; each is classified and will be assessed in their respective classes.

He showed the per capita assessment in 1878 as 10 and in 1920 37, and the total assessment in the same period increased from \$50,000,000 to \$700,000,000. It was his personal opinion that real estate which today pays 75 per cent. of the cost source of revenue of the city should be not hedged around with restrictions, among them the fair rent bill, and that the property owner should be allowed 10 per cent. net on the saleable value of his property today.

MAY DAY PROGRAM MAY CAUSE CLASH. Invitations were sent out yesterday by the National May Day Conference, association to the different labor unions and labor councils in the city to participate in arrangements for the holding of a big May Day demonstration in Toronto.

The question is to come up before the next meeting of both the Metal Trades Council and of the Toronto Trades and Labor Council, when a strenuous fight is likely to result, it being contended by the moderate element that this is an attempt to get organized labor to go on record as favoring the soviet system of government of Russia for Canada.

FIRE IN FUEL CO.'S SHED. Fire which broke out at 8:40 yesterday morning in one of the sheds of the Standard Fuel Co. at 380 Greenwood avenue caused damage of \$2,000. A spark from a passing locomotive is given as the cause of the fire.

YORK COUNTY AGRICULTURAL SUBURBAN NEWS

HAZARD RECORD YEAR ANGLICANS REPORT. Nearly Twenty Thousand Revenue for St. Jude's, Oakville —Will Enlarge Church.

The report for 1920 of St. Jude's Church, which has just been issued, shows that the year was a record one in all respects. The total giving amounted to \$19,983.74, and there remains a balance in the hands of the treasurer of \$300. All the various branches reported advancement in their spheres of work. Owing to the large increase in the congregation, steps are being taken to have the church buildings enlarged during the present year. There are at present 225 families in the congregation.

Earlscourt. The usual sign of spring in the building line is evident throughout the Earlscourt and Fairbank districts. In the former district nearly all the vacant property is in demand. Business sites are conspicuous by their absence and numerous residents of the city are seeking residences in this suburb where they can enjoy the better air. Many have failed to find what they want.

At last night's meeting of the Men's Club at St. Chad's Anglican Church, arrangements were considered for holding a three-day concert to begin on Monday evening. The talent will consist of St. Matthew's minstrels and the proceeds will be devoted to the building fund.

Proceeds from the recent birthday party at St. Chad's Anglican Church amounted to \$127 and will be devoted to the building fund of the church.

At a recent meeting of the board of directors of Earlscourt G.A.U.V. a vote of thanks was expressed to the Canadian Universal Film Co. for their donation of the film, "The Rich and the Poor Girl," to be presented at the Royal George Theatre this afternoon in aid of the distress fund. President Bert Willes occupied the chair.

Rev. Dr. Kettlewell will speak on prohibition next Sunday at the open forum in Belmont Theatre. The "case of the drowsy" was given at the last meeting and next Sunday's address will present the "case of the drowsy."

MILK FOR CHILDREN URGES MRS. BURNS. General Hospital Dietitian Explains Its Composition and Nutritive Value.

OAKWOOD. At a well-attended meeting of Oakwood Ladies Community Club at 10 Edgewood avenue yesterday an interesting address on the milk question was given by Mrs. Burns, dietitian at the General Hospital. In explaining the composition and intrinsic values of milk, the speaker pointed out that each child between one and ten years of age should drink one pint of milk daily.

Some of the members thought this too expensive for the average working man with a large family, but Mrs. Burns advised them to buy less meat. After the address general business was discussed and arrangements were made to have an open meeting on April 29 at Oakwood Hall, for the purpose of increasing the membership.

A musical program and a speaker on industrial lines will feature the program. Mrs. R. Dillon presided.

STOUFFVILLE RESIDENT LEAVES BIG ESTATE. Houses Nos. 650-664 Parliament street and 1-10 Pine terrace, \$17,000; 21 O'Hara avenue, \$4,000; 482 Manning avenue, \$4,000; 112-114 Sheridan avenue, \$7,000, is the Toronto real estate of the \$97,750 invested in real estate by Frederick R. W. Wade, who died at Stouffville on Jan. 21, 1921, and whose will is probated today.

He also possessed \$22,320 secured by mortgages and \$214 in cash and Victory bonds. From his \$65,544 he bequeathed his widow an annuity of \$800 or more, if necessary. To his daughter, Queenie M. Hall, he gave an annuity and a life interest in 112 Sheridan avenue; he divided his real estate among his children, Wm. D. Hall, Norman A. Hall and Susan Amelia Brown. Ten grandchildren in Stouffville are left cash bequests of \$800 and \$1,000 each, and two daughters, Sarah H. Burnett and Lucinda J. Dean, are bequeathed \$200 each.

FAIRBANK RATEPAYERS DISCUSS FIRE QUESTIONS. A lively meeting of Fairbank Central Ratepayers' Association was held at Wilcox Hall on Monday evening, over which George A. Alton presided. Discussing the recent convention held at the John R. Wilcox School, the members decided it was a complete success in regard to the fire brigade, to which the township council had promised to give assistance. Organization of the brigade will be commenced shortly. Matters of transportation were also considered.

Weston Bowling Club Elect Their Officers. Weston Bowling Club held their annual meeting last night in the town hall, the following officers being elected for 1921: President, Fred R. Wade; vice-president, Rev. Hughes Jones; secretary, L. R. Barlett, and treasurer, N. J. McEwen. A deficit of \$18.27 was reported for the year in addition to \$100 unpaid for recreation club rental. The total receipts were \$122.25. Seventy-one members were reported and one non-resident. A meeting of \$55 President Wade referred to the coming of the English bowlers this year. "I do not know how the work even the lower may have enough pull to get them out here," he said, "but we hope to get sufficient training to meet them if they come."

CORRECTION IN REPORT. At a meeting of York township council on Monday, one delegate, W. Dillon, of Oakwood, was reported in The World as pleading for a continuation of the work, even tho a lower rate or any had to be given to those not physically fit, but willing to work. This remark was made by another member at the meeting, and is not attributable to Mr. Dillon.

ORANGEMEN ELECT OFFICERS FOR YEAR

H. Waterson Chosen W. Master, Captain Tom Wallace Memorial, L.O.L., Long Branch.

The newly organized Captain Tom Wallace Memorial, L.O.L., No. 2820, has elected the following as its officers: H. Waterson, W.M.; J. C. Reid, D.M.; H. Horton, chaplain; J. Shanahan, recording secretary; J. Chavener, treasurer; C. Stead, 1st lecturer; R. Hillier, 2nd lecturer; J. Bulgin, tyler; T. C. Foye, D. of C.; committee, A. McFarlane, J. Smith, W. Woods, J. Boyd.

West Toronto Lodges Hold Social Meetings. McCormack R.B.P. and L.O.L. held a joint euchre and dance last night in Colvin Hall, West Toronto, with 175 present. The proceeds were for the True Blue Orphanage at Richmond Hill.

Moore Lodge No. 87 held a monster euchre in their quarters on Dundas street last night, every room being occupied. A smoker was arranged for Saturday night in Moore Hall. The proceeds of both functions are in support of the orchestra campaign.

Moore Athletic Association held a continuation meeting in Moore Hall, West Dundas, last night, the main business of the evening being the arrangement of program for a boxing tournament at Gurney's cafeteria on the 12th.

FORM ASSOCIATION OF BUSINESS MEN. East Danforth Merchants Organize and Elect Their Officers. DANFORTH. East Danforth Business Men's Association was organized in Thursday and Goselin's offices, 1243 Danforth avenue, last night, with Frank H. Abbott in the chair. The following officers were elected: Frank H. Abbott, president; J. T. Burns, vice-president; W. H. Boyle, financial secretary; W. H. Boyle, publicity secretary; R. O. Darling, treasurer. Householder, Hills with ward eight board of education, were appointed ex-officio members of the association.

It was decided to charge an admission fee of \$5 to members and \$2 for associate members. There were over 40 business and professional men present and J. E. Corbett, president of the Bloor-Bathurst Business Men's Association, and Joe H. Harris, president of the Monarch Park Ratepayers' and Business Men's Association, also J. Muir, treasurer of the Rosedale Business Men's Association, addressed the meeting.

Considerable activity is prevalent in real estate throughout the eastern section and a busy season is expected in the coming months. Many scores of buildings are changing owners at advanced prices and much vacant land is being sold to private buyers. As an example of the rapid advance in property, a storekeeper on Danforth avenue, east of Greenwood, whose lease is shortly to expire, has been advanced 100 per cent. in rent. Another case in point is a seven-roomed dwelling in the same locality which was offered \$2,500 and was sold for \$3,500, paid for the house three weeks previously.

That a piece of land at the corner of Woodbine avenue should be sold and another lot purchased at the corner of Woodbine and Danforth, upon which an eight-room school should be built, was decided at the meeting of the separate school board at the administration building last night. An addition of four rooms will also be added to Holy Rosary school at St. Clair and Temple avenue, making it an eight-room building. The opening of Corpus Christi School on Edgewood avenue, near the Woodbine, will take place on the 18th of the month.

The fine new school of St. Patrick's will be completed by the end of the month. This is a twelve-room building, everything the latest and best. The entire third story will be given over to the work of open air classes. Two rooms and kitchen with equipment for cooking and welfare work generally being provided. Accommodation for recreation on the roof is also a feature of the new school. The eastern section harbor development scheme regret the fact that progress in connection with the expropriation of property and water lots has been held up by a few waterfront property holders who ask for extremely high prices.

ASSESSMENT UNFAIR SAY RATEPAYERS. Want City to Pay 75 Per Cent. of Cost of Mount Pleasant Work. NORTH TORONTO. At a meeting of Mount Pleasant Ratepayers' Association held at Ketchum school last night, it was decided that a deputation wait upon the parks committee next Friday to protest against the unfair assessment of Mount Pleasant road bridge and grade. The meeting was of opinion that the city should bear 75 per cent. of the cost.

Oppose New Wood Yard. It was further decided to write Property Commissioner Chisholm protesting against the locating of a new wood yard on the north side of Merton street. It was said the firm had not yet got permission to conduct this business, which the meeting considered a dangerous one to the locality.

Fire broke out in a disused lumber yard on Berwick avenue, North Toronto, yesterday afternoon, but no damage resulted. Reels from North Toronto and Belmont stations were early on the scene and succeeded in preventing the fire from spreading.

WESTON BOWLING CLUB. Weston Bowling Club held their annual meeting last night in the town hall, the following officers being elected for 1921: President, Fred R. Wade; vice-president, Rev. Hughes Jones; secretary, L. R. Barlett, and treasurer, N. J. McEwen. A deficit of \$18.27 was reported for the year in addition to \$100 unpaid for recreation club rental. The total receipts were \$122.25. Seventy-one members were reported and one non-resident. A meeting of \$55 President Wade referred to the coming of the English bowlers this year. "I do not know how the work even the lower may have enough pull to get them out here," he said, "but we hope to get sufficient training to meet them if they come."

CORRECTION IN REPORT. At a meeting of York township council on Monday, one delegate, W. Dillon, of Oakwood, was reported in The World as pleading for a continuation of the work, even tho a lower rate or any had to be given to those not physically fit, but willing to work. This remark was made by another member at the meeting, and is not attributable to Mr. Dillon.

BEAUTIFY THE TOWN PROPOSE CITIZENS

Would Attract More Residents and Manufacturers to Locality. PORT CREDIT. The success of the "clean-up" campaign recently carried thru by the Men's Club of Clarkson, has aroused a spirit of emulation among a section of Port Credit citizens, who feel that the only way to bring new residents to the locality is to make the town one that will impress the stranger. It is felt that the local horticultural society, which numbers in its membership most of the prominent men of the town, should undertake the task of cleaning up and beautifying the highway. "It is a remarkable fact," remarked a well-known Port Credit business man to The World, "that Oakville is the only community on the Lake Shore road which has attempted to make a favorable impression on the thousands of tourists who use the highway in the summer. The result of these activities," he added, "is that a large number of wealthy Toronto men have bought summer residences in Oakville, while not a few of the large industrial plants in Dundas, last night, the main business of the evening being the arrangement of program for a boxing tournament at Gurney's cafeteria on the 12th.

FORM ASSOCIATION OF BUSINESS MEN. East Danforth Merchants Organize and Elect Their Officers. DANFORTH. East Danforth Business Men's Association was organized in Thursday and Goselin's offices, 1243 Danforth avenue, last night, with Frank H. Abbott in the chair. The following officers were elected: Frank H. Abbott, president; J. T. Burns, vice-president; W. H. Boyle, financial secretary; W. H. Boyle, publicity secretary; R. O. Darling, treasurer. Householder, Hills with ward eight board of education, were appointed ex-officio members of the association.

It was decided to charge an admission fee of \$5 to members and \$2 for associate members. There were over 40 business and professional men present and J. E. ### ANTIS ON VIADUCT SHY AT ARGUMENT

#### Throw Up Sponge After Hearing Case Stated by Officials of City.

#### GOOD LISTENERS

#### Newly Organized Downtown Association Gives Opportunity for Debate.

The newly organized Downtown Association, successor to the King Street Association, nearly staved off the viaduct issue yesterday, at their first luncheon at the King Edward Hotel, but the antis threw the sponge into the ring before the battle got under way. Mayor Church, Controller Maguire and Engineer E. L. Cousins of the harbor board were on hand to represent the viaduct forces, and representing the railways were: U. E. Gillen, general manager of the Toronto Terminal Railway; his assistant, J. R. Ambrose, and A. W. Caldwell of a local iron works, who were at the head table with invitations to open it if they cared to do so against the viaduct. After hearing the city officials, however, Mr. Ambrose announced that on the advice of his chief, Mr. Gillen, and in view of the fact that the parties concerned in the viaduct order were slated for a friendly conference at once in an effort to clear away the differences of opinion and reach an agreement, he did not think it would be wise to enter into an argument at a semi-public gathering.

The representatives of the city, however, embraced the invitation to discuss the question, and the speech of Engineer Cousins of the harbor board was especially illuminating.

Mayor Tells Tale.

His worship took up most of his time telling the association how they could help the city in securing much-needed improvements. First, he wanted all the help possible in retaining the headquarters of the national railways for Toronto. He also declared that the federal government had fallen down badly on the construction of the Welland Canal, and until that work was completed, Toronto's shipping would amount to very little. The customs situation here and the lack of a customs building was also handicapping Toronto, and he urged the association to use its influence with the government to get busy with a remedy. Toronto was furnishing the government with most of its revenue from postal receipts, and the mayor thought it was high time the old rates of two cents with a one-cent drop letter rate were re-established. The lack of a suburban train service here and the service of 25 trains a day enjoyed by Montreal was then referred to. Toronto, said the mayor, was the only city of half a million people on the continent without a suburban train service.

With regard to the viaduct, his worship regretted the attitude of the railways on that matter. There could be no reasonable objection to the viaduct, and it was a vital question for the city, because \$1,000,000 had been expended in waterfront improvements that would be mostly a loss if the viaduct was not constructed. He wished to say to Chairman Carvell of the railway commission: "Hands off the viaduct order."

Maguire Traces History.

Controller Maguire said that if for no other reason, the fact that two or three million people cross the tracks at Yonge street every summer, was a sufficient argument in favor of grade separation. He traced the history of the viaduct order, and recalled that after the order had been issued and confirmed by the privy council, and the city had started development work on the waterfront, the railways had come to the city

and suggested getting together and co-ordinating plans and working in harmony on a plan and harbor development. That looked as if they had accepted the order in good faith and it was not until recently when they suggested closing Bay and other streets they had begun to suspect them of desiring to ehelve the whole proposition. The city said the controller stood firmly for the elimination of level crossings and the opinion of the best engineers and of the late Judge Mabee, who made the order was that the viaduct was the best means of attaining that end.

Mr. Caldwell said he had not been able to get all the information about the viaduct. For instance, he could not discover whether it was to be a real viaduct or a Chinese wall, if the latter he did not think that would be very ornamental. Traffic bridges over the tracks would be much more ornamental. The high cost of money at present, he figured, was a barrier to the building of the viaduct.

Cousins Has Information.

Mr. Cousins, the next speaker, announced that Mr. Caldwell had not applied to him for information about the viaduct. He was prepared to supply all who applied with complete data.

The proposal of the railways to close Cherry and other streets, said Mr. Cousins, was out of the question. Seven million dollars had been invested in new industries in the Ashbridge's district which would not have gone there if the streets had been closed. He also pointed out that bridges would mean hauling freight over elevations 21 feet above the present tracks. Furthermore, if bridges were to be built at all the streets giving the same number of crossings as at present the bridges and land damages would cost more than the viaduct. However, if the business interests were willing to permit the closing of half the streets he would have nothing more to say. The harbor board, said Mr. Cousins, was prepared to accept a temporary arrangement east of Bay street if the railways would go ahead with a permanent viaduct between Bathurst street and Bay.

Chairman Col. K. R. Marshall thanked the speakers for the light they had thrown on the subject.

The election of directors of the association was announced as follows: Messrs. W. H. Alderson, E. H. Anderson, J. E. Addison, J. E. Gandy, K. R. Marshall, John O'Connor, George H. O'Neill, A. T. Reid, E. R. Wood and George Wright. The directors will elect the president. The membership of the association now stands at 400.

### TORONTO BOOKMAKERS RECEIVE JAIL TERMS

Having pleaded guilty to a charge of keeping a common betting house, William Edwards was sentenced to two months at the jail farm by Magistrate Jones yesterday.

W. B. Horkins for Edwards, pleaded that a fine be imposed. He read letters referring to Edwards' good character and told of the man's honesty when caught.

"This has got to be stopped and fines won't stop it," said Mr. Jones.

John Fitzgerald, an agent of Edwards, also received two months, while Joseph Payne found in the house, was fined \$30 and costs.

### STUDENTS WIN MEDALS IN ORATORY CONTESTS

With his excellent speech on "Books," W. F. C. Nelson, of the graduating class of McMaster University, carried off the gold medal prize, and Mrs. Harry Ryle at the annual inter-year oratorical contest. The second prize of a silver medal, awarded by the McMaster Debating Union, was won by A. Burgess, representing the theologians.

ADDRESSES PIONEERS.

"Surgical Development in Recent Years" was the subject of an interesting address delivered yesterday afternoon by Dr. Herbert Bruce to the York Pioneers. The meeting was held in the theatre of the Normal School.

### Grandma is Their Doctor

"ON an old-fashioned bureau, in a house I know, lies a large-sized New Testament with the binding well worn, and with it a much-used old copy of Dr. Chase's Receipt Book. When the calves have the colic or the neighbor's baby the earache, 'Grandma' hands out well-assimilated advice from the Dr. Chase Book. When 'Grandma' herself feels 'run-down,' Dr. Chase's Nerve Food stands ready on the dining-room table among the salt and pepper shakers."

In these few simple words Mrs. Bert Smith, Way's Mills, Que., beautifully describes the way in which many a grandmother is a blessing to her family and to

THE "DRINK MORE MILK" CAMPAIGN.

Children of various ages and not a few adults availed themselves of the opportunity to quaff a cup or two of the milk distributed in front of the parliament buildings yesterday afternoon, under the auspices of the Canadian Public Health Association. Here is shown a baby imbibing with evident relish from one of the paper cups.

### RADIALS TO INSURE MORE COAL SUPPLY

#### Will Also Have Tendency to Lower Price, Witness Tells Commission.

It was brought out by Chas. J. McGill of the McGill Coal Co. of Toronto before the Sutherland Radial Commission at Osgoode Hall yesterday that not only would the projected Hydro radial line to the Niagara frontier insure a greater supply of coal for the citizens of Toronto, but also that it would have a tendency to make the price lower.

Mr. McGill stated that the Grand Trunk Railway was the only line now available for 90 per cent of the coal coming to this city from the frontier, and that owing to the poor facilities possessed by that road for handling coal shipments the result was that the United States railways were continually forced to place embargoes against it. This meant that for weeks at a time no coal supplies from the United States could cross the border for Toronto consumers, and kept the available winter supply short and the result prices much higher than they would be if the coal shipping facilities between Niagara and Toronto were what they ought to be.

In the winter time the steam lines were handicapped by the severe weather, were forced to place hundreds of cars of coal on sidings all along the line, and had such a long wait that the American lines placed an embargo against Ontario shipments just when the coal situation would be most acute in Toronto.

It was a well-known fact, witness said, that electric locomotives were not affected by winter weather in that regard having an immense capacity over the steam railways. With the adequate rapid transit service which the proposed Hydro-Electric line was going to inaugurate there would be nothing to stand in the way of an uninterrupted supply of coal coming into Toronto all during the winter and the necessity of American lines placing an embargo against coal for this province would be eliminated.

Mr. McGill stated that he was president of the Coal Dealers' Association of Toronto and spoke from the experience, not only of his own firm, but for all the coal dealers of the city.

Business for Radials.

President Carruthers of the Inter-lake Tissue Mills, Limited, of Thorold, stated that his shipments from Toronto took from seven to eleven days in transit. There is in the Kinloch Paper Co. St. Catharines, declared his shipments from Toronto took nine to ten days in transit. Both witnesses desired the Hydro radial would get their business.

Leslie McMahon, a Thorold merchant, stated that the cars on the N. E. & T. Railway between Thorold and St. Catharines were so crowded that no one made the journey except when necessary. With the improved service to be inaugurated by the Hydro radial, witness would increase by leaps and bounds. "There is in no place a better opportunity for a first-class service," he said. "The business is already there and the line runs thru the finest country in the province. I am in favor of municipal ownership," asked Commissioner McCullum.

"I am not," was the reply, "but I am in favor of municipal ownership with Sir Adam Beck at the head of it."

Mayor Burgess of Guelph declared that with a fast electric service into the centre of the city the Hydro would get the bulk of the business between Toronto and Guelph. The present Toronto suburban line gave a very poor service, and only came as far as West Toronto, causing an additional 45-minute street car trip to be made in order to reach the centre of Toronto.

Mayor Cross of Port Colborne complained about the existing passenger service between that town and Toronto, and also said the Port Colborne manufacturers were suffering because of poor freight service.

HOUSE OF INDUSTRY REQUESTS MORE MONEY

Representatives of the House of Industry asked the board of control yesterday for a further vote to take care of relief, which they are distributing, amounting to about \$800 a day. They have about 1,000 families on their list. At the end of March they had a net overdraft of about \$36,000. The board instructed the property commissioner to bring in a report on the relief work now being carried on, and the directors of the House of Industry were instructed to carry on in the meantime.

### WILL DISCUSS STATUS OF RADIALS ON KINGSTON ROAD

When the board of control meets Sir Adam Beck this week in regard to the clean-up agreement, the status of the Hydro radials on the Kingston road will be subject of discussion.

Sir Adam Beck said yesterday: "We are satisfied so long as we can run in our trains on standard gauge and the money was paid by the boy's father, which it was rather hard that he should have to pay the authority because both systems belong to the people, both being the one business, as it were."

Sir Adam stated that unless they were assured of running rights it would have the bad effect of slowing up the radial service.

### FINED FOR BIRD SHOOTING

For shooting at birds on the C.N.R. property, Kenneth Manton, a lad, was fined \$10, including costs, in the county police court yesterday. The money was paid by the boy's father, which it was rather hard that he should have to pay the authority because both systems belong to the people, both being the one business, as it were."

Magistrate Clay said if the case got into the papers boys would understand that they are not permitted to use firearms even to shoot birds.

SINCLAIR LEWIS TO LECTURE.

Sinclair Lewis, author of the well-known book, "Night and Morning," will deliver a lecture under the auspices of the American Women's Club at St. Lawrence House on Tuesday evening next. The proceeds to be devoted to the Victoria Day Nursery.

### BOARD STILL GRINDS ON TAX RATE MILL

#### Cut Off One-Eighth, But Soon Restored It With Another Grant.

#### TALK ON ESTIMATES

#### Controllers Will Confer With Education Board to Seek Another Cut.

The board of control yesterday afternoon talked and fumed over the estimates and succeeded in reducing the tax-rate by one-eighth of a mill, but before they adjourned they authorized a further grant to the House of Industry equal to the cut, so that the rate stood at the end where it was at the start, practically at 3 1/2 mills. A conference will be held with the board of education this morning with a view to inducing them to cut another half-mill off their rate, which now stands at 10 1/2 mills. If they are unsuccessful the rate will likely be struck at 3 1/2 mills.

At a series of private meetings the board of control wiped \$1,384,678.50 off the estimates, and they trimmed another \$94,000 off yesterday.

An additional \$50,000 was cut off the street cleaning department, making the estimates \$1,700,000, or \$125,000 less than was expended last year.

Opposes Further Cuts.

Commissioner Harris strongly objected to further cuts in the estimates of his department and declared at one stage that the controllers were crippling the city's service without apparently knowing it. He said that at one time last year it had been necessary to turn raw water into the city mains, and, under the present action brought by the attorney-general of Ontario to have it declared that the Wholesale Grocers' Association was an illegal combine in restraint of trade, the city might wake up to find an outbreak of typhoid on its hands.

"If the referendum carries on the 18th the city will need more water than ever," said Controller Maguire. "If the referendum carries them, will be less water drunk and the bootleggers will flourish," declared Mayor Church.

Mayor Scores Auditor.

Mayor Church strongly criticized the street cleaning department for exceeding their estimates last year without notifying the board, and also scored Auditor Scott for permitting an overdraft without authority. Commissioner Wilson said the overdraft was necessary by the increase of wages to teamsters that had been authorized by the police commission.

"Why did you not protest against that increase?" demanded the mayor. Mr. Wilson did not think it was up to him to make a protest, if the commission, of which the mayor was a member, wanted to be good to the teamsters.

A letter was then produced showing that Auditor Scott had notified the board of control last December that the street cleaning department had exceeded its estimates. The board had taken no action on the letter. The mayor seemed anxious to carry on the debate on this matter, which riled Controller Gibbons.

### FIND DYNAMITE STOCKS WHEN UNLOADING COAL

While unloading a carload of coal at the International Varieties Co. siding at Carlaw and Logan avenues, Mr. Arbor and his employees uncovered six sticks of dynamite buried in the coal. The fuses and caps were also found unattached.

The city works department moved the dynamite yesterday morning to the sheds outside the city limits. "There was enough dynamite to have blown the entire trail to smithereens," it was stated.

### NOTICES SENT OUT ON YONGE ST. WIDENING

The authorization bylaw in connection with the widening of Yonge street is now ready and notices were sent out yesterday to the property owners affected by the local assessment.

According to the law, the owners must have at least ten days' notice of the proposal of council to pass the bylaw and they will have the privilege of appearing in opposition if they so desire. A two-thirds vote of council is required to put it thru.

### NEW BRANCH IMPERIAL BANK

The Imperial Bank of Canada announces that a branch has been opened at College and Shaw streets, Toronto, under the management of O. D. Robinson, who had been secretary of the branch at Yonge and Queen streets for some time.

## NEW COLD TREATMENT BRINGS QUICK RELIEF

#### Druggists Instructed to Refund Money in Every Instance Where Satisfactory Results Are Not Obtained After First Few Doses.

#### RESULTS FROM USE ALMOST IMMEDIATE

#### Thousands Using It With Gratifying Results—Great Superiority Over Ordinary Remedies Is Clearly Demonstrated.

Dr. Smathers' Aproxalx, the new scientific cold remedy which has been accomplishing such remarkable results, probably provides the safest, surest and quickest, as well as the most practical treatment for colds yet discovered.

A dose taken every two hours until three doses are taken usually breaks up the severest cold and ends all Grippe misery. The very first dose unstops the head, relieves dif-

### UNEMPLOYED RANKS SHOW LARGE INCREASE

Figures issued by the government employment bureau yesterday show the total number out of employment to be 21,272, of whom 10,430 are returned soldiers and 10,842 civilians. The married number 11,559 and the single 9,715.

A steady increase in unemployment has been recorded during the past month, the figures for March 5 being 17,028, March 12 17,894, March 19 18,742 and March 26 20,246, which total is now well over the 21,000 mark, an increase of more than 4,000 to the ranks of the unemployed during the past month. Since Monday of last week an additional 1,500 new applicants for work have registered.

### LOWER RATES ON LUMBER FROM PACIFIC PROVINCE

The new rates on lumber and shingles from British Columbia coast points to eastern points on the C.P.R. came into effect yesterday. The rate on lumber to Toronto is reduced from 19.05% to 87 cents per hundred, and on shingles from 11.14 to \$1.04. The new rates to Hamilton, Chatham, London and other points near the border are 84 cents and \$1.07% respectively, and to Windsor 91 cents and \$1.04, the cut being seven cents on both lumber and shingles.

### BULLOCK RUNS WESTWARD, INJURING LITTLE GIRL

While being driven by an employee of Puddy Brothers to the Harris Abattoir a bullock escaped, and for a time there was considerable excitement. The animal went at top speed along Weston road and St. Clair avenue to Lansdowne avenue, and thence to Lappin avenue, via Emerson. On the run he tossed a man twice, who finally found refuge under a sign board; chased three policemen; knocked down and injured M. Mylet and little Violet Spence as well as wrecking a baby carriage, which fortunately was unoccupied.

### TORONTO WATCHMAN'S WILL

Samuel McPherson, watchman, who died on March 12, bequeathed his \$3,326 estate in equal shares to his five children, Mrs. Mary Henderson, 2 DuVerne avenue, Toronto; W. McPherson, chief constable, Englehart, Ont.; Edith Salt, Niagara Falls, N.Y.; Mildred Cross, Buffalo, N.Y., and Jennie Strauss, Cleveland, Ohio.

**The Electric Range**  
Solves the Cooking Problem.

Every Hydro customer who is cooking electrically feels so proud of her electric range because.

- It gives sure results.
- It is easily controlled.
- It is economical.
- It causes less shrinkage of foods.
- It makes cooking cool, pleasant work.

Many styles to choose from—easy terms to Hydro Customers.

RUSSIA IMPORTING CHIEFLY FROM U.S.

Despite New Trade Agreement Between Britain and Soviet.

Reval, April 5.—Despite the new trade agreement between Great Britain and Soviet Russia, the largest proportion of the extremely small amount of goods entering Russia thru Esthonia continues to be of United States origin.

The docks at Reval are still congested with shipments of machinery, some of which are held up for lack of railway transport, and others because of reported financial hitches after their arrival.

No Russian goods were exported thru Esthonia during the first three months of the present year.

Aspirin Bayer logo and text: Warning! You are not getting Aspirin at all unless you see the name "Bayer" on package or on tablets.

IMPOSING GREEK TEMPLE UNEARTHED IN THESSALY

Athens, April 5.—Greek archeologists have unearthed an imposing temple at Rerrae, Thessaly. The structure is in an excellent state of preservation and is stated to be as large as the Temple of Jupiter at Olympia.

WARNING BY G.T.R. IN ASKING TIME

Government Would Remain Liable for All Time for Interest on Debts.

Montreal, April 5.—A semi-official statement regarding the affairs of the Grand Trunk from the company's viewpoint was made today.

SPRING FISHING. The season for speckled trout fishing opens on May 1st.

OTTAWA PLUMBERS RESTLESS. Ottawa, April 5.—There is a strong possibility of a walkout of union plumbers in the city, according to an official of the union today.

OTTAWA PLUMBERS RESTLESS. Ottawa, April 5.—There is a strong possibility of a walkout of union plumbers in the city, according to an official of the union today.

TERRIFIC STORM IN SOUTHERN JAPAN

Thirty Persons Killed and Immense Property Damage Wrought.

Tokio, April 5.—Great property damage was done and thirty lives were lost in a terrific storm which swept the southern coast of Japan on Sunday night.

AIRPLANE KILLED EIGHT OF CROWD IN BOLIVIA

Buenos Aires, April 5.—Eight persons were killed and many were injured at La Paz, Bolivia, Sunday, when Lieut. Baudrau, a French army aviator, lost control of his airplane during an exhibition flight and plunged into a crowd.

J. R. BOOTH CELEBRATES NINETY-FOURTH BIRTHDAY

Ottawa, April 5.—John Rudolph Booth, veteran lumberman and manufacturer, today celebrated his 94th birthday, and in a manner very much to his distaste, as owing to a cold which he contracted some time ago.

BIG THEFT CHARGE FAILS.

Montreal, April 5.—Sam Fournelle and Joseph Beauregard were this morning found not guilty of the theft of \$45,000 worth of goods from the Canadian Pacific Railway by the jury sitting in the court of King's bench.

BLISS NATIVE HERBS advertisement with logo and text: Your face is covered with PIMPLES. Your SKIN is swollen. The eyes are red. You have HEADACHES. You are tired. You have bad dreams.

TO DENATIONALIZE RUSSIAN INDUSTRIES

Paris, April 5.—The denationalization of Russian industries, in order to permit of the exploitation of various works by foreign concessionaires, will begin with the British-owned properties.

NEW YORK CUSTOMS PERMEATED WITH GRAFT

New York, April 5.—Charges of graft will be lodged against 30 customs inspectors or approximately 50 per cent of the entire personnel of the New York office, it was announced by Byron R. Newton, collector of the port.

HUGHES GIVES PROGRAM OF IMPERIAL CONFERENCE

Melbourne, Australia, April 5.—Premier Hughes announces that the main subjects for consideration by the imperial conference in London in June, at which premiers from the dominions will be present, will be the control of the Pacific, naval co-operation, and the relations of the empire and dominions in foreign affairs.

Big Candy Manufacturer Dead at Atlantic City

Atlantic City, N.J., April 5.—Walter M. Lowmyer of Boston, widely known candy manufacturer, died suddenly at a hotel here last night of heart disease. He was 65 years old.

BERNHARDT STILL ACTING.

London, April 5.—Sarah Bernhardt last night appeared with her Parisian company at the Prince's Theatre in the title role of Louis Verneuil's play, "Danter." Madame Bernhardt received an ovation.

PRICE ANDREAS NOT DEAD.

Paris, April 5.—The Greek legation here today denied reports that Prince Constantine, had died from wounds received while fighting in Asia Minor.

VOTE DOWN IMMIGRATION VOTE.

Winnipeg, April 5.—The Manitoba government declined last night to vote in favour of the purpose of fostering immigration as urged by J. T. Haig, Conservative leader in the house.

The Toronto World

FOUNDED 1850. A morning newspaper published every day in the year by The World Newspaper Company, of Toronto, Limited.

The Movie Minister.

From attending meetings in the heart of the empire and fraternizing with nobility under the leadership of Lord Beaverbrook, Hon. Manning Doherty yesterday performed the plebian duty of milking a cow.

The Turnover Tax.

Manufacturers and others are clamoring for a more simplified system of Dominion taxation than that at present in operation. Strong emphasis is being placed upon a turnover tax as one which would produce a large revenue for the Dominion, and spread the onus of taxation more equitably over the people.

Public Lumber Yard.

The high price of lumber is a question of more than ordinary moment at the present time and promises to be so for some time to come. This concerns not only the city residents but has an equally, perhaps a more important bearing, on the farming community.

Would Allow Cities To Aid Hospitals.

Belleville Council Moved That Ontario Sanction Levying of Special Rate.

Remains of Dinosaur Found Near Leduc, Sask.

Regina, Sask., April 5.—A discovery which will be of interest to archeologists was recently made on a farm near Leduc, Sask., when bones of a prehistoric monster were found.

Diffidence in Price Holds Up Coal Contract.

Sydney, N. S., April 5.—A difference in price of approximately 75 cents per ton between what the Canadian National Railway offers and what the Dominion Coal Company is willing to sell for, is the real difficulty in the way of an immediate conclusion of a contract with the railway for six hundred thousand tons of Cape Breton coal, it was learned here last night.

Use Government Ships For Carrying Nova Scotia Coal.

Inverness, N.S., April 5.—The local board of trade last night passed a resolution urging the federal government to put Canadian government merchant marine vessels into use as an order for 1,000 tons a week for the Canadian National Railway has been received.

Mail Service to Russia.

London, April 5.—It is announced that a mail service for European and Asiatic Russia will be reopened April 7. All mails are to be forwarded to Moscow for distribution.

NEW RAILWAY MAGNATE: Is she going to pull out on time? DRIVER MEIGHEN: Right on the dot.

Rhyming Views On Daily News

When crooks are caught and charged with crime, a good defence they think, is that they were misled. My mind is on the milk. That plea of being a little off and, therefore, not to blame. They've worked so close often you would think they'd work some other game.

G.A.U.V. OUTLINES PLANS AT OTTAWA

Ottawa, April 5.—(By Canadian Press)—The Grand Army of United Veterans' plans for re-establishment were placed before the special house committee on those subjects this morning by J. F. Marsh, Dominion secretary of the G.A.U.V. The committee was allowed to go home apparently it declined to discuss the plan for the \$2,000 gratuity to which it adhered in an altered form.

Commons Pensions Committee, However, Refuses to Discuss Gratuity.

Ottawa, April 5.—(By Canadian Press)—The Commons Pensions Committee, however, refused to discuss gratuity. In regard to general re-establishment the G.A.U.V. adhered to the principle of \$2,000, \$1,500, or \$1,000, according to the place of service of the ex-service man or woman. This, it was suggested, could be worked out by a reconstruction bond issue on Victory loan lines.

Build Bridge Over Detroit River

Canadian Transit Company Will Operate Railway Over Detroit River. Ottawa, April 5.—(By Canadian Press)—The standing committee on railways, canals and telegraph lines this morning passed the bill to incorporate the Canadian Transit Company, with capitalization of \$5,000,000.

Harding Averse To Hasty Action

(Continued From Page 1). It has been hinted to the president allied statements would consider passage of the measure a great handicap in the negotiations for a peace pact, weakening the position of the United States government with its former associates in the war and making them less susceptible to United States suggestions.

Remains of Dinosaur Found Near Leduc, Sask.

Regina, Sask., April 5.—A discovery which will be of interest to archeologists was recently made on a farm near Leduc, Sask., when bones of a prehistoric monster were found. The discovery was made by well diggers, who at a depth of 50 feet, embedded in a gravelly clay, and at a spot about one mile north of the Saskatchewan River, came upon the prehistoric bones. One of these is a tooth measuring over two inches across the crown, three latched to where it was apparently connected with the animal's jaw bone and over one inch thick.

Use Government Ships For Carrying Nova Scotia Coal.

Inverness, N.S., April 5.—The local board of trade last night passed a resolution urging the federal government to put Canadian government merchant marine vessels into use as an order for 1,000 tons a week for the Canadian National Railway has been received.

The World's PEARD ISLAND Weekly Novel

By HENRY C. ROWLAND. (Copyright, by W. J. Watt & Co.)

(Continued From Yesterday's World.) Alice's reply to this suggestion was all that I had any right to wish and made me rather sorry for the playman. I did not not flatter myself that Alice was any more madly in love with me than I with her, but we seemed thoroughly well fitted to each other, while propriety and the peculiarity of our positions for the last few weeks had precisely the same natural result. No doubt I appealed to her a great deal as she did to me and now that vast wealth seemed to have been striven at our feet was quite ready to give her emotions full scope. One can scarcely blame a woman for a passion inspired by riches, in this day and age money stands for power, just as in the middle ages, and it is certain type of woman requires this sense of being wanted, especially when she has already tasted it.

So I proceeded to satisfy this demand, in respect which her lustrous eyes were beginning to glow and her breath came more quickly when suddenly there came a crunching in the sand behind us and spinning quickly about, I discovered at our shoulders the beaming bishop and the star of pirates, Captain Channing Drake.

"SHOULDN'T wonder but what 'prety good kavanagh," said he, observing the jewel. "Perhaps," I answered, "you never called, but in here to take water about eighteen months ago, and it struck me that there might be possibilities in this sense of being wanted, especially when she has already tasted it."

"But you don't mean to say that you are going to give her alone," she cried. "I can't be helped," I said. "Drake knows perfectly well what we have in mind, and he saw that black pearl in your hand. If I were to go back with him, he would rather have the whole lot. I do not wish to be vain, but I had several times felt the want of me very strongly, and if I had not been so vain, I could have returned to you with a quantity of certain periods of emotion I could, without doubt, have got my promise. Perhaps it was my own fault, not having pressed my suit with greater ardor. No doubt the piggy-man was a better hand at the sort of thing, but while I fancied myself in love with Alice, I felt naturally, at times an almost irresistible desire to see her, and I was always a quality which was subtly lacking. Drake's coming also had raised the barrier, less in the danger of his getting away with the pearls, and more in the fact that he was a step on the island to the westward, and so, as it were, put us again in contact with society. We all felt the difference, a sort of sagging down from our high tension, and I felt that I was in a position to return from the freedom of the wild to fenced enclosure. Enid appeared to have given evidence of her own desire to resume her strict life, and I, too, felt that I was in a position to return from the freedom of the wild to fenced enclosure. Enid appeared to have given evidence of her own desire to resume her strict life, and I, too, felt that I was in a position to return from the freedom of the wild to fenced enclosure.

"I pointed this out to Alice and she laughed. 'After all, why not?' she asked. 'We were born in captivity, and the barnyard has its blessings.' 'I don't think I shall be very keen about the civilization,' she answered. 'Nor do I think you will,' she answered. 'I believe that I made a mistake in promising to marry you in six months if you make me a man who would never be happy in the sort of life I lead.' 'Do you want me to release you?' I asked. 'Not that it makes any particular difference to me as to whether of us would care to hold the other to an undesired obligation. I was sure, dear, but after all one can scarcely be sure of oneself under such extraordinary conditions as we are in. Perhaps it would be better should by any free wings and tossed us back into the fattening coop.'

"I pointed this out to Alice and she laughed. 'After all, why not?' she asked. 'We were born in captivity, and the barnyard has its blessings.' 'I don't think I shall be very keen about the civilization,' she answered. 'Nor do I think you will,' she answered. 'I believe that I made a mistake in promising to marry you in six months if you make me a man who would never be happy in the sort of life I lead.' 'Do you want me to release you?' I asked. 'Not that it makes any particular difference to me as to whether of us would care to hold the other to an undesired obligation. I was sure, dear, but after all one can scarcely be sure of oneself under such extraordinary conditions as we are in. Perhaps it would be better should by any free wings and tossed us back into the fattening coop.'

ST. MICHAEL'S CLUB SCORE A SUCCESS

Performance of "Silas Marner" in College Auditorium Delights Large Audience.

Before a large and appreciative audience the dramatic club of St. Michael's College presented a notable dramatization of "Silas Marner" last night in the college auditorium. The production was an ambitious one for amateurs, and in justice to the students it must be said that the presentation was of near professional calibre. Basil Loughrane made the most of the principal roles. The adaptation followed closely to the story, and the dramatic episodes were used to much advantage. The play was followed by a deep impression. Each member of the cast displayed eloquent finish and elegance in deportment. The stage settings were original and designed by the students. An orchestra played appropriate music during the interludes. A few of those who distinguished themselves were Vincent Loughrane, Joseph McGahay, Vincent Egan, Gerald Bodoin and Messrs. Begley, McInyre and McNally.

MILLER & SON'S

Largest Wholesale and Retail Dry Goods Store in Toronto. PHONES: KENWOOD 150 and 161. LAUDER AVE., TORONTO. E.T.D. MEMBERS.

RATES FOR NOTICES

Notice of Births, Marriages and Deaths, not over 50 words, \$1.00. Additional words, 10 cents. Notice to be included in Funeral Announcement, 50 cents. Poetry and quotations up to 4 lines, additional 50 cents. For each additional 4 lines or fraction thereof, 25 cents. Cards of Thanks (Reservement), 1.00.

BIRTHS

BOLSBY—At private residence, Toronto General Hospital, Monday, April 4, 1921, to Mr. and Mrs. C. S. Boloby (nee Babe Miles), daughter of Mr. and Mrs. A. W. Miles), a son.

MARRIAGES

McCONNELL-INSELMAN—At Toronto on Tuesday, April 5th, 1921, by Rev. John Neil, Florence May Inselman of Toronto to Roy Kirkwood McConnell of Neil, B. C.

DEATHS

CHELEW—At his late residence, 23 Rosemount avenue, Toronto, on Monday, April 4th, Alfred Chelew, dearly beloved husband of Annie Madala, locally. Funeral (private) on Wednesday, at 2 p.m.

HALL—Suddenly, on Sunday, April 3rd, 1921, John Hall, in his 64th year, at the residence of his daughter, Mrs. John N. Beck, 6 Oswald crescent.

Funeral service at 9 o'clock Wednesday from Christ's Church, Dear Park, to Mount Pleasant Cemetery, April 4, 1921.

HOPESON—At Wesley Hospital, Toronto, on Tuesday, April 5th, John Norman Hopeson, in his 48th year, beloved husband of Minnie J. Cochrane.

Service on Thursday, 7th inst., at 2 p.m. at A. W. Miles' funeral chapel, 39 College street, Interment Mount Pleasant Cemetery.

MACDONALD—At Toronto General Hospital, Sunday, April 3rd, David Macdonald, in his 85th year, husband of the late Mary Macdonald.

Funeral from his late residence, 621 Crawford street, Wednesday, at 2:30 p.m., Interment in Prospect Cemetery.

MEMORY—At private pavilion, Toronto General Hospital, on April 4, 1921, Miss Annie Florence Memory, of New York, U.S.A., daughter of the late Henry Memory of Chicago.

Funeral from the residence of W. B. Maclean, 53 Highland avenue, Toronto, on Wednesday, at 3 p.m. Interment in Mount Pleasant Cemetery.

WHITE—At her late residence, Downsview, April 5th, Florence May Boynton, beloved wife of Alfred C. White.

Funeral Thursday, April 7th, at 2 o'clock, to Maple, Ont.

ORGANIZE SYSTEM OF APPRENTICESHIP COMMISSIONERS OF TRADE URGED IN U.S.

New Council in the Building Trade Will Regulate Employment of Beginners. Lieut.-Col. Cooper Points to Likely Benefits to Canadian Business.

CONFER MANY BENEFITS

Can Attend Technical School Besides Being Taught by Employer.

A body to be known as the National Apprenticeship Council of the Building Industry with Dominion-wide scope is shortly to be organized and will be composed of one employer for each branch of the building trade, one journeyman for each branch of the building trade, two architects and two industrial engineers. The various building trades councils and builders' exchanges were notified of this effect yesterday from the Ottawa headquarters of the national joint conference of the building and construction industry in Canada.

Details in connection with the formation of the national apprenticeship council are to be taken up before the Toronto Building Trades Council at its next meeting, and will also come up before the next meeting of the Toronto Builders' Exchange.

Meet in Ottawa. Definite organization of the national apprenticeship council will follow the meeting of the national building conference which the federal minister of labor has called to meet in Ottawa on May 3, and at which thirty representatives of the building trades of Canada will be present and thirty representatives from the building trades councils from all parts of the country.

Following the establishment of the national apprenticeship council, local apprenticeship councils are to be formed in every city and town in the Dominion and a Canada-wide apprenticeship system in the building trades of the country established during the coming building season.

Under the new national apprenticeship system boys apprenticed to an employer shall not only be given the fullest opportunity of efficiently learning the trade, but shall attend a technical school for about one-sixth of their time and not less than two full-day each week during the employer's time, and without deduction from wages. An examination board will be set up to conduct apprenticeship examinations at stated periods.

May Transfer Apprentices. The council will assume responsibility with the employer for protection of the apprentice in the event of any branch of his trade, and to this end, will become a party to the indenture. In order that apprentices may have a wide range of knowledge of the various trades in their own locality and will determine the periods of apprenticeship, the rate of wages to be paid, the conditions of labor, the working conditions and all other matters relating to the training of apprentices.

Appeal to National Council. All complaints or disputes arising between employers and apprentices, or between apprentices of different trades, or other causes of dispute, will be taken before the local council, but subject, however, to appeal to the national council.

The boys will be legally indentured for a certain period of years, and in addition to the boy himself, his father, his employer and the local council will be jointly responsible for the carrying out of the agreement.

In emphasizing the need of trade commissioners in the United States who would have their fingers on the industrial pulse and would be able to transmit such information to Canadians that would mean the saving of immense sums, Lt.-Col. John A. Cooper, who resigned his connection with the Canadian trade and commerce department in New York last March, pointed out to the board of trade yesterday that, historically, our trade with the United States had declined compared with that of foreign countries. Canada had admitted the principle of trade representation with every country except the United States.

The importance of a trade commissioner service on Canadian sales in the United States was dealt with by Col. Cooper at some length. The decline in our trade with the United States, to our faults, rather than those of the Americans and if we were as fully represented in the United States as they were in Canada, the decline in our trade with the United States would have been prevented. The United States had always pursued the same policy towards other countries as they had to Canada and out of the 1,200 trade commissioners which the United States had abroad, 93 had been sent to Canada. If they needed that many here to keep them informed, Canada needed just as many over there for the same purpose.

In the last ten years, Col. Cooper asserted, Canada had dug up from all over the world for export purposes, some two thousand millions of dollars which had found its way to the United States. For the year ending last February, Canada had sold \$336,000,000 less than she had bought. Some, to be sure, had found its way back again, but there was a net loss of \$40,000,000, which they could not recover owing to foreign exchange. Then the question of spending \$500,000 on trade commissioners was only a mere bagatelle compared to the enormous loss they would naturally have an effect on increase of sales, which would ultimately stabilize exchange. The advice of the manufacturer was to cut down on United States purchases was only half a remedy, he thought, as we had to consider our exports, and until they compared favorably with our imports, the present method would stand in need of re-creation.

Neglected Opportunities. Hitherto, Canada had been represented in the United States by the British consul, but they gave so much trouble that the British consul in the British foreign office of conditions as they found them, that they naturally could not be expected to pay much attention to the affairs of Canadians. Col. Cooper felt that our trade relations with the United States could not be rightly estimated. Canadians could sell profitably in the United States, but they were not doing so. He pointed out that in the last twenty years as we had been in other countries, the present situation would have been vastly different. Also, it would involve \$3 offices in the United States, it would take 88 experts to properly investigate and report on trade opportunities in the country. It also the same fee of \$150 was charged on every invoice, the revenue would be sufficient to maintain such a number without any expense being shouldered by the merchant. Every country had its consuls in New York visting invoices and collecting fees for the same except the British consul-general. That alone would convince anyone of the opportunities that were being passed by.

"I have, during the past few months," said he, "exchanged letters with over 100 leading Canadians and representatives abroad. Every country has its own system, if our commercial promotion system, if the business men of Canada show that trade representation in the United States meets with their approval, they will earnestly desire its immediate introduction.

STREET CAR DELAYS Tuesday, April 5, 1921. Dundas street, westbound, was delayed 10 minutes at Dundas and Spadina, at 8:51 a.m., by wagon with broken axle on track.

Bathurst cars, both ways, delayed 5 minutes, at Front and John at 12:45 p.m., by train.

Bloor cars, both ways, delayed 5 minutes, at Bloor and Gladstone, at 2:44 p.m., by military funeral.

Queen cars, westbound, delayed 7 minutes at 4:35 p.m., at Queen street crossing, by wagon stuck on track.

King cars, both ways, delayed 5 minutes at 4:38 p.m., at G.T.R. crossing, by train.

Bloor cars, westbound, delayed 17 minutes at 4:15 p.m., at Bloor and St. Clarence street, load of dirt on track.

How You Can Make Hairs Quickly Disappear (Hints to Beauty)

Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with this cream. To remove hair from arms, neck or face make a stiff paste with a little powdered detelone and water, apply to hairy surface and after about two minutes rub off with skin and soap. To avoid disappointment, be quite certain you get real detelone and mix cream.

ROBINS, PIRATES FOR N.Y. GIANTS

To Win the National League, According to the Dope.

New York, April 5.—With the prospect of a nip and tuck race in the National League, condition is going to count heavily at the outset, according to indications today.

Your Uncle Wilbert Robinson's Brooklyn Robins, 1920 champions, loom up strongly as contenders. John McGraw's battling Giants are also expected to be in the thick of the marathon.

All eyes here are toward a race in which at least three teams will figure most of the way, and there are the Pirates, Reds and Cardinals to be considered.

The Giants, harried by the jinx and a hospital list, will not be any too zippy unless Bancroft and Goldie Rapp fully recover from illness, and Frank Frisch manages to find good care for his injured leg.

THE GIANTS, harried by the jinx and a hospital list, will not be any too zippy unless Bancroft and Goldie Rapp fully recover from illness, and Frank Frisch manages to find good care for his injured leg.

THE GIANTS, harried by the jinx and a hospital list, will not be any too zippy unless Bancroft and Goldie Rapp fully recover from illness, and Frank Frisch manages to find good care for his injured leg.

BRITISH COMMENT ON G.T.R. TANGLE

Confidence Expressed That Government Will Not Drop Plan to Acquire Road.

London, April 5.—(By Canadian Associated Press).—The Grand Trunk Railway Company's office here issued a notice to the press last evening stating that the money required to meet interest on its securities due on April 1 has not been received from the Canadian government.

The issue in the coming Referendum is a clean-cut one between total prohibition and Government Control. To make an honest decision in favor of one or the other, every man and woman in the Province should consider the effects of both.

Look on This Picture Today the Ontario Temperance Act is being openly defied, and crime and criminals are being bred wholesale.

And on This As an alternative the Citizen's Liberty League, which stands for moderation in all things, urges the people of Ontario to make possible the enactment of a sane, safe and practicable Temperance measure under which the Government would control the sale of every bottle of liquor.

Vote "NO" in the coming Referendum and sign the Ontario Temperance Memorial for Government Control.

Milwaukee, April 5.—Charles White, Chicago boxer, twofoldly participated in a fake boxing match.

EASIER MONEY RATES STRENGTHEN MARKETS

Many Speculative Favorites Advance One to Almost Four Points—Unsettled Conditions Abroad Tend, However, to Offset Favorable Developments at Home.

New York, April 5.—Relaxation of money rates infused a firm to strong undertone to the broad stock market today, many of the favorite issues, particularly those comprising the speculative groups, registering gains of 1 to almost 4 points.

Prices were unsettled and uncertain at the outset, some of the stocks in fact, displaying marked heaviness. The list went rapidly forward, however, after a call money opened at six per cent, establishing the minimum initial rate since January 20 last, and ease of 1-2 to 3 per cent later.

In the open market, demand money was freely obtainable at five and even 4-1/2 per cent. Rates for time funds were mixed, sixty and ninety-day loans being negotiated at as low as 6 1/2 per cent, while bank acceptances and discounts were unaltered.

Other hopeful developments of the session embraced the resumption of operations by the largest of the pulp and paper mills in the Ohio district, and several better statements of

earnings by leading railroad systems. These were offset in measure by the omission of the Kelly-Springfield Tire common cash dividend and cables, which indicated an extension of the British coal strike, and signs of acute financial disturbances in Holland. Foremost beneficiaries of today's stock market movements were the oil, metals and their subsidiaries, steel and railway equipments. Unclassified issues profited to a more moderate extent, the entire list reacting 1 to 2 points from top prices in final hour, when Sumatra Tobacco reacted 1-1/2 points, closing at a net loss of 1-1/4. Sales amounted to \$55,000,000.

Despite economic unsettlement, British, French and other important rates of exchange were variously higher. Great remittances caused to fall, however, with the Danish rate. Liberty bonds were steady, but most domestic and foreign issues were irregular. Pennsylvania Railroad 6 1/2's quoted at another new low quotation at 95. Total sales, par value, aggregated \$9,575,000.

MARKET JARRED BY BREAK IN STEAMERS

Another jar was given the Canadian exchange yesterday by the further collapse in Steamships common and preferred. Both made new low records, the common dropping to 23 1/2 and the preferred to 55. There has been a suspicion for some time that the preferred dividend was in jeopardy, and the rumor yesterday of a new dividend issued by the company was sufficient to warrant the belief that the preferred dividend would be passed for the next quarter. The break in steamers gave a weak undertone to the whole market, and losses were registered in practically all the speculative issues. General Electric was down 2 1/2 points and papers and sugar reacted perceptibly. Brainin earnings had a quiet first movement between 8.91 and 6.98, closing at the top price. McIntyre was also stronger with sales at 198.

STEAMSHIP LIQUIDATION IS MONTREAL FEATURE

Montreal, April 5.—The outstanding feature of today's trading on the local stock exchange was the liquidation of the Steamship common and preferred, registering a new low since 1915 at 23 1/2 and 5 1/2 points, and the preferred a new low for all time at 55. Various rumors accompanied the drive, the most prominent being that of heavy new financing being about to be instituted by the company in London.

UNITED STATES NOW HOLDS ONE THIRD OF WORLD'S GOLD

Washington, April 5.—Gold is pouring into this country so fast that there is today nearly \$20 worth of it for every person in the United States. Imports of the yellow metal are being received at an average rate of almost \$2,000,000 a day. The United States has become the reservoir for nearly a third of the estimated gold supply of \$9,000,000,000.

MONEY MARKETS

London, April 5.—Bar silver, 33d per ounce. Bar gold, 106s 10d. Money, 5 1/2 per cent. Discount rates, 5 1/2 to 6 per cent; three-month bills, 6 1/2 to 6 3/4 per cent. Gold premium at Lisbon, 140.00.

DIVIDEND IS PASSED

New York, April 5.—The Kelly Springfield Fire Company today passed its regular quarterly cash dividend of one dollar a share on common stock, and three per cent on the stock dividend of three per cent.

MORE SPECULATION IN MINING SHARES

There was a somewhat larger speculative market on the Standard exchange yesterday, with some irregularity of prices, and any strength mainly confined to the better class gold shares.

HOLLINGER WILL RUN TO FULL CAPACITY

Timmins, April 5.—This week Manager Brigham of the Hollinger gold mine will turn the machinery on full capacity. It has once before, in 1918, had the huge gold factory operated at capacity. That capacity is 3,200 tons of ore a day, or ten million dollars' worth of ore a year.

UNITED STATES NOW HOLDS ONE THIRD OF WORLD'S GOLD

Washington, April 5.—Gold is pouring into this country so fast that there is today nearly \$20 worth of it for every person in the United States. JULY WHEAT SELLS AT YEAR'S LOWEST

Beneficial Rains in Three Important States Make Sentiment Bearish.

Chicago, April 5.—Wheat dropped to the lowest prices touched yet this season by the July delivery. Removal of any likelihood of a dry weather scare was largely responsible. The market closed heavy at 1 1/4 to 1 1/2 net lower, with May at 1 1/4 to 1 1/2, and July at 1 1/4 to 1 1/2.

Under the bearish influence of general rains in Kansas, Oklahoma and Nebraska, the wheat market dipped at the start, but quickly rallied, owing more or less to the fact that the market had been already conducting for new wheat, the harvest of which is still about three months off. Besides, Washington and the emergency tariff bill would receive quick favorable action, and a barrel in short crop belt had been so heavy that a lack of moisture would be felt for an indefinite period.

Prices then broke rapidly, and finished near the bottom figures of the day. Corn and oats sympathized with the action of wheat, but in the late trading were steadied by talk of liberal exports of corn.

MINNEAPOLIS FLOUR AND GRAIN

Minneapolis, Minn., April 5.—Flour unchanged to 10c higher; in carload lots, family patents quoted at \$8.35 to \$8.60 a barrel in 90-pound cotton sacks; shipments, \$1.013 barrels.

CHICAGO CASH PRICES

Chicago, April 5.—Wheat—No. 2 red, \$1.46 1/2 to \$1.50; No. 2 hard, \$1.52 1/2; No. 2 yellow, \$1.57 1/2 to \$1.60 1/2.

ST. LAWRENCE AND PRODUCE MARKETS

General Trend Was Toward Little Easier Prices.

Generally speaking the trend of prices at the St. Lawrence Market these days is toward lower levels, and while there is nothing very outstanding on which to base the statement, it is admittedly the fact that eggs are easier and in some country points are quoted as low as 80c to 24c a dozen. The wholesale men are quoted from 24c to 22c and in some of the stores in the city, what is said to be strictly new-laid are quoted as low as 24c. There are undoubtedly immense stores of eggs in the country, but whether the peak of production has been reached or not is an open question.

FRUITS AND VEGETABLES

California oranges, \$1.45 to \$1.50 per box; lemons, \$1.40 to \$1.45; grapefruit, \$1.40 to \$1.45.

CHICAGO MARKETS

A. L. Hudson & Co., Standard Bank building, report the following prices for Chicago board of trade:

UNLISTED STOCKS

Bromp'n. 34 3/4 Macd. p. 65 Black L. 13 North A. 4 1/4 4 1/2

BOARD OF TRADE

Manitoba Wheat (In Store Fort William) No. 2 northern, \$1.75; No. 2 northern, \$1.75; No. 2 northern, \$1.75.

TORONTO SALES UNLISTED

Brempton—2 1/2 1/2 1/2 1/2 Macdonald—4 at 22 McIntyre—10 at 196 1/2, 100 at 184.

TRADING IS QUIET ON WINNIPEG MART

Is Firm—Prices Buying Fractionally Lower.

Winnipeg, April 5.—The local wheat market was inclined to be quiet today, with the undertone was firm. There was some early buying credited to foreign account. The pit offerings were well absorbed, and the buying orders showed selling pressure extremely light. The close was 1/2 to 1/4 lower.

There was a good demand for cash wheat, with the offerings light and premiums 1/2 higher at 12 1/2 over for the top grade. Prices for the first time in many days some oats were worked to New York, believed to be for export. This business, however, was not large, considering the stocks in store. Oats closed 1/2 to 1/4 higher, barley 1/4 to 1/2 higher, and rye 1/4 higher.

NEW YORK COTTON

A. L. Hudson & Co., 802-7 Standard Bank building, report New York Cotton Exchange fluctuations as follows:

SPANISH RIVER INTERIM CERTIFICATES

Holder of Royal Securities Corporation certificates for the Spanish River Pulp & Paper Mill, Limited, 356 General Mortgage Bonds, Series 'A', due March 1st, 1941, are advised that official interim certificates of Montreal Trust Company, in registered form, are now available for issue. They may be obtained in exchange for certificates now held, from any of our offices.

ST. LAWRENCE AND PRODUCE MARKETS

General Trend Was Toward Little Easier Prices.

Generally speaking the trend of prices at the St. Lawrence Market these days is toward lower levels, and while there is nothing very outstanding on which to base the statement, it is admittedly the fact that eggs are easier and in some country points are quoted as low as 80c to 24c a dozen.
