### JAMES VANCE IS TIRED OF IT AND INTENDS TO RESIGN AFTER A WHILE

#### Will Give Evidence in the Belleville Bogus Ballot Box Case and Then Go Away on Physician's Advice.

James Vance, secretary of the Ontario Liberal Association, has intimated to his friends that he intends to resign as soon as the election conspiracy investigation at Belleville is concluded. He would have been out of office now had it not been for the Liberal convention and the conspiracy case causing a change of his position.

When Mr. Vance told The World of his intentions he was asked for the reason. "I am tired of it," he said, "and will be glad to get out. I do not know just what I am going to do. I have not been well since the convention, and my physician has ordered me to take a rest. If it were not for the fact that my name has been mentioned in connection with the ballot box case, I could immediately go away for a rest, which I so much need; but if I left now my absence would be looked upon as a desire to evade giving testimony. If they want me I will go down to Belleville and explain the telegram that passed between me and the Hon. Mr. Kerr."

It has been well-known to his friends that he desired to get out, and he intended to do so as soon as the Dominion campaign was over. Then the convention came on and I did not want to leave the association without a secretary. I told Senator Kerr verbally before the convention that I wanted to resign, BUT IN THE FACE OF THE INSINUATIONS THAT ARE BEING HURLED AGAINST ME, I HAVE NOT RESIGNED, AND I DO NOT INTEND TO JUST YET."

Mr. Vance will give evidence in the ballot box conspiracy case, which will be continued at Belleville on Friday. The telegram sent at Hartwood to the home of W. J. Shibley, chief Liberal conspirator, was in the box on Saturday last. He was called to produce telegrams that passed between him and the Hon. Mr. Kerr on Friday. He refused to do so, and the Hon. Mr. Kerr is now in possession of the telegrams. Mr. Vance was served with a subpoena by Detective Forrest yesterday morning. Early in the afternoon he called up the detective office to find out if there was a subpoena for him. He was told there was and he later called at the office for it. Mr. Vance made no attempt to evade service, as his absence from his office yesterday led some people to believe.

Mr. Vance has been in charge of an organization in Ontario since the removal of Alexander Smith to Ottawa a couple of years ago. He has been previously to that time he worked conjointly with Mr. Smith in organizing the Ontario Liberal party. He has been responsible in a large way for the success of the recent Liberal convention. He organized the committee, sent out the notices and worked day and night to promote the event. He has been an indefatigable worker and his services on behalf of the party will be missed.

George P. Graham, the new provincial secretary, was also served with a subpoena to attend the ballot box investigation. Mr. Graham said he was on the point of telegraphing to Belleville, asking that he be permitted to give evidence.

Mr. Graham told The World yesterday that he remembered the visit of E. O. Lott and F. J. Kelly to his home in Brockville. There was nothing political in the visit. Mr. Lott said he had a few hours to spend in Brockville, so he thought he would call.

"Was there any mention made of election boxes during the interview?" "The slightest."

"How did the talk about corruption arise?" "The conversation on that point was in perfectly general terms, and had no reference to any riding in particular. I remember saying that I had no confidence in crooked methods of trying to win elections, and that I disapproved of outside workers being brought into any riding. I thought each constituency should manage its own campaign."

"Mr. Lott told me that the Liberals had a good chance of winning West Hastings and Frontenac, and I told him that I did not think they had the slightest chance to win either of them."

"Did he give any reason for his confidence?" "No, excepting that the Trent Valley Canal and the influence of some prominent man were going to help him a lot."

"Was there anything remarkable in Mr. Lott calling on you?" "No. I had charge of the organization in that district and it would have been surprising if, when he was in

Senator Kerr of Toronto, president of the executive of the Ontario Liberal Association, who is in the city to-day, fully confirmed the statement that James Vance had placed his resignation in the senator's hands.

### APPEAL TO METHODIST ELECTORS NO DICTATION, BUT A REMINDER

Moved by Dr. A. D. Watson, seconded by Rev. M. L. Pearson, and resolved: Whereas our last general conference instituted the department of Temperance and moral reform to promote the policy and propagate the principles of our church in these important matters; And whereas said principles and policy have always been declared in favor of the prohibition of the whole traffic, which is held to be the fruitful source of ignorance, poverty, misery and crime, and a personal, social and national misfortune and disgrace; And whereas on account of the large financial interest and strength of the manufacturers and dealers in intoxicating liquors enabling and inciting them to exercise a corrupting influence in politics, and the indifference of even intelligent Christian men to the grievous and terrible consequences of this trade, we have been unable to make the advance that Christianity, good citizenship and patriotism demand and further efforts by the violence and subterfuge of party spirit, almost unjustifiable in that they seek the establishment of a kingdom of crime; And whereas the recent party conventions in their manifestos have afforded ground for encouragement, continuing on one side as aforesaid propositions and promises of little value, and on the other making affirmations which reveal no progress, neither party giving hope of practical advance;

This executive committee of the board of temperance and moral reform of the Methodist Church would appeal to the electors of our church to see to it in

### Promises to Pay \$200,000 Betsey Bigley's Progress

Lies Ill With Nervous Prostration in Holland House, New York, Which is Surrounded by a Cordon of Detectives.

Elizabeth Bigley of Woodstock, Ont., a farmer's daughter, living on her father's farm 25 years ago, and now known as Mrs. Leroy S. Chadwick, is lying ill in the Holland House, New York City, a victim of nervous prostration consequent on the disclosures made public as to how she was enabled to borrow \$200,000 on securities that were made stable only by her hypnotic eye. The lawyer says she will settle one claim for \$100,000 in full, there are others that are pressing for liquidation. It may be but a matter of a few hours when she will be in the hands of the law. A cordon of detectives have been drawn around the Holland House, and an added sensation is due to-day.

Complications and sensational revelations monthly in a bewildering manner in respect to the moneyed operations of Betsey Bigley. The big uses representing various sums that the former Woodstock woman is known to have procured from leading financial institutions and individuals through the country already foot up to \$200,000. The methods by which this large amount was obtained are the wonder of the banking world, and the dowry in interest, the sordid story of the woman's past.

Already one time-honored banking institution—the Citizens' National Bank of Oberlin, O.—has gone to the wall because of her heavy investments in it, and yesterday the aged president of the broken bank made a pitiable confession of how he had come in excess of her amount three times in excess of the bank's capital, and in addition, a fortune of his own money.

Another bank the Wade Park Bank of Cleveland, in whose strong box Mrs. Chadwick has led wisest of capitalists to believe that she had \$5,000,000 in stilted securities, was heavily drawn upon yesterday by its depositors. The withdrawals were so steady that the alarmed officers determined to withdraw the 60 days' notice of the withdrawal rule, and a card to that effect was posted in the bank in the afternoon.

It appears that whenever a bank makes known that it has Mrs. Chadwick for a debtor the creditors become uneasy, and for this reason it is believed that there may be many banks that have not yet made known their transactions with the feminine marvel of finance.

### JAPANESE NOW HOLD 203-METRE HILL PORT ARTHUR WILL FALL ON FRIDAY

Tokio, Dec. 1.—(United-Press.)—The Japanese have captured and now hold 203-Metre Hill. The fort operating against 203-Metre Hill advanced at 10 o'clock yesterday from trenches already captured near the summit of the hill and struggled for the southeastern portion of the fort on the summit till after 7 o'clock at night, when the Russians were driven back.

There is no refuge for General Stoessel's army except on the line of hills southwest of Port Arthur, known as the "Ladies' Mount." There is no water there for the army's supply, and there would be no way of obtaining food except that carried in the night, which must follow the final assault of the Japanese.

Speaking of a leader, Alderman Ames said that Mr. Borden if he came back to his role of leadership, "I have a great admiration for Mr. Borden." The suggestion to hold a Dominion convention of the Conservative party meets with Ald. Ames' approval. "It would be a good thing," he said, "to afford an opportunity to Conservatives from the Atlantic to the Pacific to meet at a central point and discuss with out prejudice the important issues that will arise during the life of the coming parliament. Such a convention need not necessarily be held before parliament is called together in January."

Very possibly it might be better to let it stand over until spring. By that time the government may have presented or foreshadowed new legislation which would need to be discussed by such a convention."

### OWEN SOUND GREET'S M'KAY WHO GIVES NO WORD OF ELECTIONS.

#### Will Open Local Mining Agencies at Several Points and Reforesting of Timber Lands at Once.

Owen Sound, Nov. 30.—(Special.)—Hon. A. G. MacKay, commissioner of crown lands, received a welcome here to-night that will take its place as one of the memorable political demonstrations in the history of North Bay. It was largely a welcome from Mr. MacKay's political supporters, the many Conservative friends of the minister were in evidence and the enthusiasm was great.

Hon. Mr. MacKay, accompanied by special train at 8 o'clock, the arrival being marked with the din of factory, steamboat and locomotive whistles. A procession was immediately formed, in which 100 torchbearers, a half-dozen fireworks floats and the 21st Regiment and Markdale bands took part. The route of the procession was illuminated with fireworks, while paper balloons floated high overhead.

The town hall non-partisan speeches were delivered by F. W. Harrison, president of the North Grey Reform Association; H. S. Miller, W. P. Telford, ex-Mayor Kennedy, W. H. Wright and others. An address from the association was read by George A. Ferguson, and Mr. MacKay's appearance was the signal for another demonstration lasting for several minutes.

Mr. MacKay referred only twice during his speech to the prospective elections, and that most guardedly. LEAVING THE IMPRESSION, HOWEVER, THAT THE PROSPECTIVE CONTEST WAS NOT AN IMMEDIATE PROBABILITY. On one occasion he spoke of the election that "may take place in the course of a couple of years," and again, in outlining the labors of his department, he referred to the work which he would undertake during the remaining two years of his term of office.

Mr. MacKay made two important statements. He proposed forthwith to open local mining agencies at Saund's Bay, Mackay and other points, where the original prospector could settle his grievances and establish his title without an appeal to Toronto. The other statement was an assurance that the reforestation of the timber lands would be undertaken at once.

Hon. Richard Harcourt followed in a speech devoted largely to the resources of the province. As the special train passed into Grey County another demonstration took place at Dundalk and Markdale, where brass bands and cheering crowds made life worth living for the new commissioner.

LOLITA ARMOUR HOME. New York, Nov. 30.—Little Lolita Armour, daughter of the millionaire packer of Chicago, returned to America yesterday, having fully recovered from the illness which cost her father \$75,000. She is no longer a cripple. The operation for congenital dislocation of the hip performed by Dr. Adolph Lorenz, the great surgeon of Vienna, has proved a success, and little Miss Armour is like other children.

NOW BISHOP DE VESNET. Montreal, Que., Nov. 30.—(Special.)—The consecration services of Rev. F. H. DuVernet as Bishop of Caledonia were held to-day in Christ Church Cathedral. Morning prayers were conducted at ten o'clock, Archbishop Norton, Rev. Herbert Symonds, and Rev. S. Boyle participating. Archbishop Bond, the primate of Canada; Bishop Sweetman of Toronto; Bishop Carmichael, co-adjutor Bishop of Montreal, and Bishop Mills of Ontario took part in the consecration services.

What to Give at Xmas. Wear it gives there is the entire suitability of a fur coat for a present at Christmas time. Furs will never be cheaper than they are this season. In fact, each new season finds furs a trifle more expensive. The W. & D. Dineen Company, manufacturing furs, corner Yonge and Temperance streets, excel in the production of high quality fur garments at reasonable prices.

COLDER BY NIGHT. Observatory, Toronto, Nov. 30.—Weather of a wintry type prevailed this evening over the greater portion of the territories and Manitoba, with temperatures below zero in the latter provinces. Light local snowfalls and furies have occurred in the territories, Ontario and Quebec, and there have been showers in British Columbia and Nova Scotia. Minimum and Maximum: Victoria, 48—52; Calgary, 14—20; Q'Appelle, below—8; Winnipeg, 4 below—8; Port Arthur, zero—2; Parry Sound, 18—23; Toronto, 20—24; Ottawa, 22—28; Montreal, 22—30; Quebec, 18—28; St. John, 40—48; Halifax, 45—50.

Lower Lakes—Westerly and northerly winds; fair with scattered snow flurries, colder by night. Georgian Bay: Fresh west to north-west winds, fair and cold, light local snowfalls or furies. Ottawa and Upper St. Lawrence: Fair and turning colder, local snow flurries. Lower St. Lawrence and Gulf: Fresh westerly winds, fair and turning colder, scattered snow flurries. Maritime: Moderate to fresh south-westerly to westerly winds, fair and becoming colder. Superior: Strong northwesterly winds, fair and decidedly cold. Manitoba: Fair and quite cold.

### WILL MEET MR. BORDEN.

Word Sent out to M.P.'s-Elect and Defeated Candidates. Montreal, Nov. 30.—(Special.)—R. L. Borden will be in this city on Sunday next, and it is understood that he has been sent out to Conservative members-elect and to the defeated candidates to meet him on Monday at the Windsor Hotel.

A. E. Kemp, M.P.-elect for East Toronto, spoken to by The World to-night, said he had understood that Mr. Borden was to be in Montreal on Monday, but did not know any general word had been sent out to Conservative members-elect and defeated candidates to meet him. It might be so. He had just returned from a trip outside of Toronto, and was not seized with his vote for leadership. He indicated that it was likely he would go to Montreal for the Monday meeting, but was not aware of any others who would go.

### SCOTLAND'S HONORED DAY GIVEN ROYAL OBSERVANCE

Annual Ball of St. Andrew's Society Provides Brilliant Spectacle at King Edward. The patron saint of Scotland was royally honored last night by the sons and daughters of the heather, at the annual ball given by the Society of St. Andrew. The entire crowd of the King Edward Hotel was reserved for the occasion, and presented probably the most brilliant spectacle that has ever been witnessed in the city. The costumes of the ladies were magnificent and the sombre hue of the conventional dress of their escorts was relieved by the many brilliant uniforms worn by the military attaches. The church and the state were equally well represented, but the affairs of the nation were not the subject of discussion, as the little groups scattered thru spacious corridors evidently found lighter topics much more timely and more interesting.

The walls and pillars were hung with tartans and banners of Scotland, and masses of flowers filled every available niche. No pains had been spared to render the affair a memorable one, and the success that attended the efforts was gratifying to the members of the committee and their admiring guests.

The dancing took place in the American dining room, which was a perfect bower of beauty. Chrysanthemums formed the chief decoration and they were used lavishly. The floor was perfect and brought forth many pleasant comments.

The Set of Honor. The guests began to arrive at 10 o'clock, and by midnight the revelry was at its height. The set of honor was danced at 10.30, the following being the participants: Mr. Nairn and Miss Morimer Clark, Mr. Catto and Miss Nairn, Dr. Kennedy and Mrs. J. S. Bain, Col. Davidson and Mrs. J. K. Kerr, Commander Law and Miss Ross, Col. Otter and Mrs. Macdonald, Col. Macdonald and Mrs. Allan Cassels, Col. Sweeney and Mrs. Davidson.

The arrangements for the affair were well high perfect and the slightest wants of the guests were almost anticipated. The waiters and waitresses were served during the night. The following is a list of the invited guests of the society and of those present:

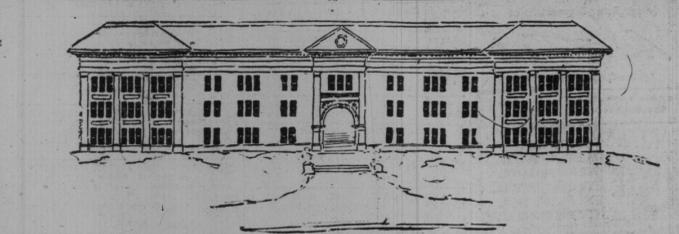

His Honor the Lieutenant-Governor, Mrs. and Miss Clark, Commander, Mrs. and Miss Nairn, A. G. MacKay, A. D. C., Col. and Mrs. Lake, Hon. Chief Justice and Mrs. Moore, Hon. Seagram's Persistence and Barbarossa and Meagher's Moonraker Among Also Rans.

Benings, Nov. 30.—Go Between to-day won the Fifth Benchmark special in recording time, lowering the track record for 1 1/2 miles to 2:20.40. The favorite, Seagram, was beaten shortly after the fall and never was headed. Danze was an easy winner in the highweight selling race, Posen, the favorite, taking place honors. Footman had the second race all his own way. Shaw lauded a winner with Wild Irishman in a neck-and-neck finish with Bohemia, in the fourth race. The favorite, Seagram, won from Tom Lawson in a drive with St. Roman. Andrew Mack, the favorite, won handily in the last event. Summary: First race, highweight, selling, 6 furlongs—Danze, 1:08.40 (L); Seagram, 1:09.40 (L); Posen, 1:10.40 (L); Bohemia, 1:11.40 (L); Wild Irishman, 1:12.40 (L); St. Roman, 1:13.40 (L); Andrew Mack, 1:14.40 (L); THE MEN TO PUNISH FOR THE FRAUDS.

A great many newspapers are dealing with the election frauds with a long pair of tongs. They talk of frauds and about them having been worked by outsiders, who go into a county where an election is being held, and they also mention something of a machine that directed these outsiders, and they say, as The Weekly Sun this week does, that the persons who work these frauds ought to be prosecuted for treason, and others suggest all kinds of legal remedies in the way of new laws.

Talking about laws, why not hold the attorney-general of the province, the crown attorney under the minister of justice, all officials, responsible, and when they all disclaim them and their party? We've got lots of law; additional laws will do no good when the chief criminals are protected by or really are the chief officers of the law themselves, or what is the same thing, have profited politically by the frauds.

Next to agriculture, the cotton manufacture is the greatest industry in Ontario. Any interruption in the supply of the raw material at once inflicts loss and brings distress upon thousands of homes throughout the Midlands of England.

WHAT THE ARCHBISHOP CAN DO. The Roman Catholic Archbishop of Kingston is, we believe, an honest, upright and moral man. He has more than oversight of Regiopolis College at Kingston. One of the teachers thereof has confessed to being mixed up in the trick ballot box frauds recently unearthed at Belleville.

CHEAPER FARES ON AND HIGHER TAXES FOR RAILWAYS. The farmers of Michigan have found a way of regulating the railroads in that state. The farmers put up such an agitation in favor of reduced passenger rates that both parties had to adopt a platform in favor of two-cent a-mile railway transportation, and the result is that in that state they now have two cents a mile over the main railways and not more than three cents over the railroads in the back part of the state.

of telephone, telegraph and power wires and probably pneumatic pipes as well. The effect of an up-to-date engineer on these matters would make the Toronto Railway have cold shivers in twenty-four hours.

UGANDA AND COTTON PRODUCTION. Uganda, one of the most recent British African protectorates, derives its present importance chiefly from its command of the upper waters of the classic Nile and because it insures full control of that waterway from the Mediterranean coast to the great lakes. Its population is estimated at between 2,000,000 and 3,000,000, and since December, 1901, it has been connected with the coast at Mombasa by a railway. The report on the protectorate for the year ending March 31, 1904, by the commissioner, Lieut.-Col. J. Hayes Sadler, was recently issued and is on the whole favorable. He says the general results of the year may be summed up in increasing efficiency of administration and the maintenance of peace and order; in a satisfactory increase of revenue and a decrease of expenditure; in a large expansion of trade, particularly in imports and in a general advance in material and social well-being, despite the fact that progress was hampered by the continuance of the sleeping-sickness epidemic.

Referring to the country's suitability for colonization, Col. Sadler remarks that he does not consider Uganda will ever be a white man's country in the sense that South Africa is, and parts of East Africa will prove to be. The climate is not conducive to European settlement nor to European manual labor in the open, nor are there large tracts of almost uninhabited country yielding in practically a European climate and easily accessible to the railway as were those parts of the eastern district now forming part of British East Africa.

THE ARCHBISHOP'S VISIT. The development of the protectorate, Col. Sadler thinks, will come by native agency under European supervision and with the help of European capital, and it is here that the opportunities for British enterprise come in. Land can be obtained in tracts up to one thousand acres and under lease in larger plots on favorable terms. Money can be profitably invested in the cultivation of cotton, coffee, fibre and other products, in the collection and preparation of rubber and sisambria fibre, and very probably in the cultivation of tree rubber.

THOMAS GREENWAY IN CHICAGO. Takes great interest in the International Live Stock Show. Chicago, Nov. 30.—(Special.)—Thomas Greenway, ex-minister of the Province of Manitoba, Canada, was the most prominent visitor at the International Live Stock Show today. The ex-minister, who is especially interested in the exhibition, was direct to the ring where the Hereford and unimproved Angus classes were being judged. The exhibition, which is the largest of the kind in the world, is being held in the city of Chicago, and is the most important event of the season.

PREVENTION OF DUST. Rufus Fleming, U.S. consul at Edinburgh, Scotland, has contributed to a recent trades journal an interesting article on the prevention of dust on highways, which is of rather timely local interest. "During the past summer the western section of the Scottish coast was the scene of a series of experiments in the prevention of dust on roads by the use of waterstrout. The first work was done on a road of about two miles in length, in which the metal of the road was treated with a solution of waterstrout. The result was a marked improvement in the condition of the road, and the dust was reduced to a minimum.

LET POETRY BE SIMPLE. Goldwin Smith Disagrees With Practice of Modern Bards. Prof. Goldwin Smith last night gave an address before the Browning Club of Jarvis-street Unitarian Church on "Personal Recollections of Matthew Arnold."

KILLED BY A BLOW. Winnipeg, Nov. 30.—Antonio Starwood was killed in his room at the Norwood House this morning, under circumstances which may develop into a case of manslaughter. Deceased was about 24 years of age and a native of St. Genevieve de Bastien, Que. He arrived here 12 weeks ago and had been working as a plumber in St. Boniface. Last evening he had a scuffle with a man named Collins, on the street, in which he either got knocked or fell down several times, and was apparently likely to have been caused by a blow from a fist.

HOW TO GAIN FLESH. The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh. Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

SMOTHERED UNDER THE CLOUDS BALLOONIST NISSEN'S FATE

Started From Chicago for Trip Across Lake Michigan and Has Not Been Heard From.

Chicago, Nov. 30.—Peter Nissen is believed to have either smothered or frozen to death in his rolling balloon, the "Foolkiller," in which he started for a trip across Lake Michigan yesterday, when it was found that after 24 hours of silence there was still absolutely no word from the inventor, who, some years ago shot the Whirlpool Rapids of Niagara Falls in a barrel.

Several Other Canadians Presented to the Pontiff Yesterday. Rome, Nov. 30.—The Most Rev. Paul Bruchési, Archbishop of Montreal, was received by the Pope in audience today. The audience with Archbishop Bruchési lasted half an hour. His Holiness said he was pleased to hear the condition of ecclesiastical affairs in Canada in general and in Montreal in particular.

COOKE NOT GUILTY OF ANY CORRUPT ACT OR THE ACCEPTANCE OF RETAINERS. Montreal, Nov. 30.—We are compelled to report that, whilst we find Mr. Cooke, K.C., not guilty of any corrupt act, he has nevertheless accepted fees and retainers from private prosecutors, in cases where he was not directly acting as a representative of the first law officer of the crown, and that his association as such counsel for the private prosecution with Mr. Jacobs, advocate, is a violation of the provisions of the section of the Criminal Code which prohibits a barrister from acting as a prosecutor.

THE DUTY OF CHRISTIAN VOTERS. The Liberator: The parliamentary election is the constitutional opportunity of the people for expressing their approval or disapproval of the government, and the efficiency of the government in its administration of the affairs of the state. A party may or may not carry out its declared policy or fulfill its pledges, consequently a voter should not be guided by mere speculation as to the course of the party, but by the confidence of the people in the government.

T. EATON CO. LIMITED. 190 YONGE ST., TORONTO

WHERE SKATING IS FREE. MORE CARS TO-DAY. The Toronto Street Railway, beginning to-day, will inaugurate a two-minute headway service on the line leaving Dundas-street car barns, doubling the service. This will add five cars on Dundas-street, four on College, three on Bloor and four on Colborne and Yonge. Additions will be made to the Yonge, King and Queen-street lines in a month's time. Superintendent Giam said that the 20-minute "rush hour" problem in Toronto is rendered difficult because the runs of people go home on the main lines.

PELL TWENTY-FIVE FEET. Chatham, Nov. 30.—(Special.)—While working to-day putting up eave troughs on a city residence S. J. Inglis, a tin-smith, fell from the scaffolding 25 feet, fracturing his thigh. His head and shoulders were also horribly lacerated.

Jap Enterprise. Secretary Morley of the Board of Trade yesterday received several copies of Yonmuir Shimura, a Japanese illustrated paper, published at Tokio. The pictures are of militant order, and indicate all sorts of unpleasant things happening to the Russes.

The Mincemeat and Plum Pudding are assured successes with good ingredients to aid the cook.

Goodness is the keynote of Michie's store, and the careful selection conducted here is for the benefit of thousands of users of high-class foods who entrust us with their confidence. Among the necessary ingredients are Currants, Raisins, Peels, Almonds and flavourings. There is also the liquor so necessary to good keeping. Brandy is best—\$1.00 bottle at Michie's. Port and Sherry are also good—65c bottle. The cement works of the company are situated in Victoria County, near Cobocook, and many Lindsay and Uxbridge people are interested in it. No work has yet been undertaken, but samples secured are said to justify active operations at an early date.

Truthfulness is perhaps the most admirable trait in any man—whenever his faults, you always know where to find a truth teller.

A "prevaricating" watch, like a prevaricating man, is an abomination.

Our watches, both by heredity and training, are truth tellers—we have nothing to do with any line of watches that we do not know to be good—it wouldn't be good policy.

HOUSE BREAKERS ACTIVE BOY TILL-TAPPER CAUGHT

And While Crime is Rampant Judicial Leniency Apparently Frees Young Man of Doubtful Record.

The merry house-breaker keeps a break-in and gets away with the goods. Although the police are continually arresting these thieves, others bob up serenely, to take the place of those who have been sent down, or discharged by Judge Morgan. Yesterday four more cases were reported. In two of them the thieves got some valuable stuff.

Walter Anderson, 15 years of age, residing at 12 Sunnyside-st., was arrested last night, charged with till tapping.

Mrs. George Johnston, grocer, 142 Duke-st., found the last hiding under a counter. She tried to hold him, but the young fellow was too much for her, had not a friend to her assistance. This store has been robbed twice within a month. Young Anderson has been in trouble before for a similar offence.

There is a new prospector at the city hall. It has been named the "lockstep." The route is into the hands of the police, thru the Justice-street entrance, up to the police court, before the magistrate, over to Judge Morgan, discharged, out to the Toronto-street entrance, around town for a couple of nights, then over the route again. And when a citizen is robbed, the city is where are the police?

A young scapegrace named William Kyle, who has given the police a great deal of trouble, was brought before Magistrate Denison on Tuesday, on the charge of stealing two bicycles. He pleaded not guilty, and elected to be tried by a jury. Yesterday he was before Judge Morgan, without the jury—and pleaded guilty. His honor gave him one of his famous lectures, during which he called the prisoner a hero, a thief and a criminal—then released him on suspended sentence.

Kyle has been convicted of attempted horse-stealing, and has had his goods and money on bogus cheques and other devices. Walter Ross, 24 Constance-st., lost his bicycle. Yesterday Detective Wallace arrested Joseph O'Leary on a charge of stealing it.

UNIVERSITY FINANCES.

Statement for Year Ending June 30 and What it Shows.

According to a financial statement of the University of Toronto, issued to June 30, by W. H. Cross, auditor, a total expenditure on revenue account of \$160,681 is shown. The revenue account exceeded the estimate by \$8484, leaving the net deficit of the year \$30,097. The consumption of property, the scholarship trust fund at \$83,322; scholarship expenditures at \$228,382; and the maintenance of the University at \$14,774 from first year students. An expenditure of \$45,432 was slightly less than the estimate in the department of maintenance departments—chemistry, physics and mineralogy and geology. It was announced yesterday that the government would contribute \$10,000 toward replacing the engineering and physics apparatus destroyed in the fire at Ottawa University.

DO NOT GO FROM BAD TO WORSE

Influenza Coughs, Bronchitis, Consumption, Pleurisy and Pneumonia—A Certain Cure in Reason of All.

Influenza, coughs and colds, had and distressing as they are in themselves, often lead to yet worse and more dangerous maladies. Very frequently bronchitis, or inflammation of the bronchial tubes results, which in turn is a forerunner of the fatal and dangerous disease of consumption. Pneumonia or inflammation of the lungs, and pleurisy or inflammation of the serous covering of the lungs, are also the direct effects of influenza. It is highly important, therefore, that influenza should not be allowed to run its course unchecked or fatal consequences may result.

Stuart's Catarrh Tablets are a never-failing cure for influenza, coughs and colds and are so recognized throughout the land. They go direct to the root of these diseases and thoroughly expel from the system all causes and thus render the disease impossible. Under their influence all poisons are carried away and the system is thoroughly cleansed, the blood purified and the diseased and wasted tissues and membranes are restored and rebuilt. The disease is conquered and destroyed, and all danger of the fearful consequences are permanently removed.

The unparalleled success and popularity of Stuart's Catarrh Tablets, both in England and America, conclusively prove the effective merits and virtues of this great remedy. Being in reach of all classes, they relieve the suffering and danger of rich and poor alike, and, as a consequence, their name has become a household word throughout the English-speaking world. The cures they have effected in the health and happiness they have brought to the people of these two countries and the reasonable price at which they are sold, render them so far ahead of other remedies at competition have been given up.

Stuart's Catarrh Tablets are sold by druggists everywhere at 50 cents a box. Druggists don't dare to sell without them, for the people insist on having them and no other. Physicians are prescribing them throughout the land and if your own doctor is real honest with you he will tell you frankly that there is nothing on earth so good for influenza, coughs, colds and all catarrhal affections as Stuart's Catarrh Tablets.

This is a gathering of about twenty high priced New York Coats, none in the lot worth less than \$18.00, while most of them were priced higher, even up to \$12.50. The only drawback is the size assortment, which is somewhat broken, altho there's every size to fit ages 3 to 7 years, yet there isn't every size in every style, that's our chief reason for making the price so low. The coats are made of lovely fine beaver cloth, some are satin lined, finished with strappings cloth or velvet or fancy braid, handsomely tailored. In the whitewor wear, Friday, each 4.00

REORGANIZED UNIVERSITY GROUNDS GENERAL SCHEME IS SETTLED ON

Convocation Hall is shown in this plan to the west of the lawn, but this may be changed as there is a feeling in the minds of many of the alumni that it should be on Bloor-street.

Nothing has been definitely done about the observatory altho it is likely that the weather bureau will be removed to Ottawa in the spring, and that if not torn down to make way for the proposed science building the astronomical portion of it will be placed in charge of the Royal Astronomical Society for scientific research.

The chief objection to the arrangement of the grounds as proposed by the board of trustees is that the road at present leading from College-street will run eventually to the entrance of the university and thereby destroy the beauty of the lawn.

It is learned from a reliable source that the Ontario government has been considering for some time past a general scheme of reorganization of the university grounds; and the accompanying plan shows what has been done up to the present time.

Owing to the enormous increase of students at the School of Science and to the many complaints about the unsanitary condition of the draughting rooms, another building for electric engineering and draughting must be provided in the near future. This will be placed either in the position shown on the plan or in some contiguous place.

The physics building will be much smaller than was anticipated owing to the recent removal of the students of the School of Science from the physical laboratory.

CANADA'S BIG WINNINGS AT ST. LOUIS EXPOSITION

Live Stock Men Cleaned Up Half the Prize Money and Poultry Breeders Made a Wonderful Record.

The success which has attended the Canadian exhibits in all lines of live stock represented at the World's Exposition at St. Louis, which closes last night, is unparalleled in the history of the fair. In horse, cattle, sheep and swine the Canadian exhibits were exceptionally good, while in poultry the success swept the boards. Throughout the fair the Canadian building where was located the office of the superintendent of the Canadian exhibit, G. B. Cottrill of Montreal, presided over the various departments. Mr. Cottrill, with his assistants, was waiting in his efforts to promote the interests of the exhibitors. In his report he submitted to the Dominion Department of Agriculture, Mr. Cottrill points out that in cattle and horses Canada won over half the total prize money offered.

In sheep, with 17 exhibits, in nine classes, and with a total premium list of \$27,644, Canada won \$12,446 cash, 23 diplomas and seven premium championships. In Louisiana, Lancashire, Ontario and the Canadian win everything.

In swine, Canada had four exhibitors, competing in four classes, and from a prize list of \$12,441, got away with \$2003, three premium championships and six diplomas.

In view of the customs difficulties placed in the way of Canadian exhibitors, the Dominion Government promised to duplicate, dollar for dollar, the winnings of Canadian exhibitors, and this was done as soon as the certificates from the St. Louis authorities are forwarded to Ottawa.

In addition, the money prizes offered by the various separate stock associations were also duplicated to the Canadian winners.

The winnings of the Canadians in poultry were most gratifying, totaling \$3033 out of a possible \$3033, in the classes in which they were entered. The largest individual winner, Thelma Billy McNeill of London, who won \$950, this means that nearly 60 per cent of the total prize money was won by one-sixth of the total entries, which were the largest in the world's history.

The individual successes.

The official report will present the following very interesting statistics: In bakery horses, Robert Beth of English Horse Society, totaling in value \$900. In a yearling colt of \$2000, J. G. Clarke of Ottawa won \$800. Robert Beth of Quebec, won a premium championship for broodmare.

In showhorses, with total entries of 243 and a total prize list of \$3115, Mr. Campbell of Montreal, won \$1250, together with a premium championship for broodmare. In addition he won a special cash prize of \$50 for the best of his yearling colts.

In Southdowns, T. J. Bro of Paris and J. W. Smith of Montreal, secured the grand prize for championship broodmare.

In a lot worth less than \$18.00, while most of them were priced higher, even up to \$12.50. The only drawback is the size assortment, which is somewhat broken, altho there's every size to fit ages 3 to 7 years, yet there isn't every size in every style, that's our chief reason for making the price so low.

### SENATE BARS RECIPROcity.

Canada Also Takes Hostile Attitude on the Question.  
Chicago, Nov. 30.—Walter Welman, in a special from Washington to The Record-Herald, says:  
"Not much hope is entertained in Washington of anything practical resulting from the agitation now going on in favor of reciprocity with Canada, at least not at the present time. Both President Roosevelt and Secretary Hay are sincerely in favor of closer commercial relations with the Dominion, but both know the difficulties that stand in the way, and neither is sanguine. Those difficulties are the senate on one side and Canada on the other."  
In a quiet and unofficial way the administration has been testing both the senate and the Canadian government to ascertain if there is any ground on which the negotiators can meet which would afford the slightest prospect of results.  
In view of the abortive ending of the last attempt to establish better and more intimate commercial relations between this country and Great Britain's largest colony, neither the Washington government nor the Ottawa cabinet shows any marked disposition to waste time over a conference if it is foredoomed to failure. Unless there is a marked change of heart on both sides of the border, failure seems inevitable, so far as the immediate future is concerned.  
The attitude of Canada is no more unreasonable than that of the senate, which is saying all that is necessary to say. The time has gone by when Canada can be considered "whispered or done" by any sharp trading.

### THREE FATALLY SCALDED.

Signalman Details Freight to Prevent Collision at Crossing.  
Windsor, Nov. 30.—Owing to some misunderstanding, apparently, by the flagman at the Pelton crossing of the M.C.R. and Pere Marquette Railways, a freight train going east on the M.C.R. was thrown from the track. The train was a doubleheader, the first engine passing the switch all right, but the second engine and freight cars are piled in the ditch.  
Engineer Bruce Little, Fireman John Matthews and Brakeman Thomas Short, all of St. Thomas, were scalded, thought a M.C.R. freight and the Pere Marquette would collide and derailed the freight.

### TEMAGAMI TOURIST TRAFFIC.

G.T.R. Officially Consist Government Next Season's Business.  
H. R. Charlton, advertising agent, and W. E. Davis, passenger traffic manager of the G. T. R., were in consultation with the crown lands officials yesterday with a view to making arrangements for tourist travel over the Temagami Railway next season.  
In this connection the new summer hotel to be erected on Lake Temagami by a company, which Dan O'Connor, "the King of Temagami," is now organizing, is a matter of some importance.  
The hotel is to be not only for tourist accommodation, but for the general purpose of the district.

### FEWER AND BIGGER FAIRS.

Will Secure Exhibits From the Leading Manufacturers.  
A large number of leading manufacturers have signified their willingness to exhibit at the fall fairs in the event of these being reduced in number and increased in size, so that the attendance might be increased. This firming that the multiplicity of exhibitions, with their attendant expenses and short duration, makes it not worth the trouble to exhibit and send round stock men with them.

### FIELD BATTERY SCORES.

Ottawa, Nov. 30.—Sherford Field Battery, Major W. H. Seal, leads in the general efficiency returns of field batteries, with a total of 222 out of a possible 240. Ottawa comes second with 227. Following are the batteries and scores: First Quebec, Major E. Laidner; 2nd Ottawa, Major E. A. Laidner; 3rd Montreal, Major E. D. Belford; 4th Hamilton, Major W. O. Didsdale; 5th Kingston, Major W. B. Rathbone; 6th Catharines, Captain W. H. Singer; 8th Gananoque, Major J. B. Robinson; 9th Toronto, Captain E. W. Grier; 10th Woodstock, Major W. C. Good; 11th London, Major J. M. Malby; 12th Newcastle, Lieut.-Col. E. L. Malby; 13th Winnipeg, Major L. J. D. Dunsheath; 14th Montreal, Lieut.-Col. N. J. MacNaught; 15th Sherford, Major W. R. Seal; 16th Guelph, Major W. R. Harrison; 17th Sydney, Major W. Crowe.

### ANSWERED BY CANADIANS.

London, Nov. 30.—E. H. Holden, addressing the Haywood Reform Club, referred to a recent visit to Canada and conversations with Canadian business men. He had asked the manufacturers, if the Lancashire people agreed to buy Lancashire goods, would they not buy any more Lancashire goods?  
The answer was: "Not if we know it." The Huddersfield Chamber of Commerce has received a communication from the British Chamber of Commerce, which is co-operating in trying to get the new Canadian customs regulations altered. Huddersfield did not take any action.

### TOOK POISON IN PETERBORO.

Peterboro, Nov. 30.—(Special.)—Mary Williams, a young girl who resided with her mother in the town of Mulden, in Smith Township, today took a dose of poison and assembled a few hours later. She gave no reason for her act. For the first time in the history of Western Ontario, the girl was taken into a hospital in the Children's Shelter here.

### The Weather in November.

Last month was the driest November on record in the Dominion. There was only .10 of moisture while the average is 3.07. In 1884 the total rain and snow fall was .61. There were 138 hours of sunshine, while the average is 81; the mean temperature was 35.5, a variation of half a dozen degrees from the average of 62, and the highest temperature was 58, on the 23rd and the lowest 10 above on the 25th.

### Fire at Underwood.

Underwood, Nov. 30.—This afternoon about 2 o'clock fire was discovered in the Green Bush Hotel, owned by F. S. McLennan. The fire was confined to part of the upper story of the building. The loss is about \$100, fully covered by insurance.  
One Killed, Three Fatally Injured.  
Xenia, O., Nov. 30.—One man was killed and three fatally injured in an explosion at Gees, five miles north of Xenia, to-day. A press mill of the Miami Powder Works exploded with several thousand pounds of powder, destroying the building and everything about it.  
John Morley Sails.  
New York, Nov. 30.—John Morley, the noted English publicist, was a passenger on the steamer Baltic, which sailed to-day for Liverpool.

## BUY ASSETS, NOT WATERED STOCK CITY'S WAY TO ACQUIRE RAILWAY

### Controller Spence Amends the Mayor's Resolution, Fearing Straight Expropriation Would Mean Loss to City.

The board of control yesterday endorsed Mayor Urquhart's resolution that council should apply to the legislature for power to expropriate the plant and equipment of the Toronto Railway Company. The motion was amended by Controller Spence so that expropriation will be asked for on the basis of the terms of the agreement, provided that the city will pay only the value of the tangible assets, and not for "watered" stock.  
Controller Spence produced the last statement of the company and proceeded to attack the resolution. He thought that taking over the street railway would set back the cause of public ownership and that it would be better to seek legislation providing for the expropriation of the street railway. He figured out that on the present value of the stock the city would have to assume a liability of \$10,741,873, while the assets would not be more than \$4,750,000. This would leave almost \$6,000,000 the city would pay for the stock. The company's profits last year, he said, were \$57,177, which would be a doubleheader, the first engine passing the switch all right, but the second engine and freight cars are piled in the ditch.  
Engineer Bruce Little, Fireman John Matthews and Brakeman Thomas Short, all of St. Thomas, were scalded, thought a M.C.R. freight and the Pere Marquette would collide and derailed the freight.

### MORE ALARM BOXES AT HOSPITAL.

Two New Ones to Be Installed at Cost of the Board.  
The Cyclone Wire Fence Co. was granted permission by the fire and light committee yesterday to erect a one-story temporary addition to its factory at Dufferin and Dundas-streets. A permanent building will be put up in the spring.  
It was recommended that four water hydrants be placed on King-street opposite the King Edward Hotel and on the east side of the street, between Front-street and York and Simcoe.

### OUTSIDERS DO THE DIRTY WORK.

That's Rule in Election Matters, Says Justice Osler.  
The court yesterday reserved judgment in the North York election case. During the concluding argument by counsel, Justice Osler remarked to Mr. Aylesworth, that the counsel for Mr. Davis was "splitting hairs," which implied that while the newspapers had said so, he hardly expected the court to go so far, and Justice Osler also remarked on the matter of bringing strangers into the constituency, that he had practically all the acts of corruption had been attributable to the whole case turned upon the defective construction of the statute, which was the whole case turned upon the defective construction of the statute, which was the whole case turned upon the defective construction of the statute.

### SEVEN FREE SKATING RINKS.

City to Provide Them—Two New Parks Named.  
The parks and exhibition committee yesterday decided that the Goswami property should be known as Queen Alexandra Park, on Ald. Foster's motion. Ald. Ward suggested Alexandra Park, and Ald. Dunsheath suggested King Edward, Brock and Minto.  
The park commissioner reported that Mr. G. Grover had been granted a license for the skating rink on the property. There is a caretaker and a gardener on the property, and the committee secured \$100 for maintenance and \$200 for improvements.

### Suffered Intense Pain Around the Heart For Four Years.

Was Very Dizzy. Four Boxes of Milburn's Heart and Nerve Pills Effected a Complete Cure.  
They are a specific for all troubles arising from a weak condition of the heart or from the nervous system. For troubles such as Palpitation of the Heart, Sleeplessness, Nervousness, Pain or Dizziness, Shortness of Breath, Starting in the Sleep, Cold, Clammy Hands or Feet, Brain Fag, etc., we would strongly advise you to try Milburn's Heart and Nerve Pills, as this remedy, taken in time, has been the means of saving many lives, and restoring strength to those who were weak, nervous, and shattered invalids.  
Humberstone, Ontario, writes:—"Allow me to tell you of the great results I have derived from Milburn's Heart and Nerve Pills. For four years I suffered intense pain around the heart, and was very dizzy. After using four boxes of Milburn's Heart and Nerve Pills, I was completely cured. I feel like a new man, and my strength is restored. I feel like a new man, and my strength is restored. I feel like a new man, and my strength is restored."

### Can Eat Anything Now.

How many Dyspeptics can say that? Or perhaps you are dyspeptic and don't know it. Have you any of these symptoms? Variable appetite, a faint gnawing feeling at the pit of the stomach, unassisted hunger, a loathing of food, rising and souring of food, a painful load at the pit of the stomach, constipation, or any you gloomy and miserable? Then you are a dyspeptic. The cure is careful diet, avoid stimulants and narcotics, do not drink at meals, keep regular habits, and regulate the stomach and bowels with BURDOCK BLOOD BITTERS.  
Nature's specific for Dyspepsia.  
Miss Laura Chicoine, Belle-Anne, Que., says of its wonderful curative powers:—"Last winter I was very thin, and was fast losing flesh owing to the run-down state of my system. I suffered from Dyspepsia, loss of appetite and bad blood. I tried everything I could get, but to no purpose; then finally started to use Burdock Blood Bitters. From the first day I felt the good effect of the medicine, and am now feeling strong and well again. I can eat anything now without any ill after-effects. It gives me great pleasure to recommend Burdock Blood Bitters, for I feel it saved my life."

## SHOE BALANCE

HE shoe of choice upper leather, with fine appearance, and poor insole or outsole, is only as good as its worst part. The life of a shoe depends as much upon the invisible portion—the hidden material and labor—as upon that which is visible and showy.  
Yet all shoes are made primarily to sell, and the manufacturers' temptation to add to selling effect, by subtraction from wear is great, and rarely resisted.  
A direct responsibility from Maker to Wearer is the only check upon this extravagant tendency.  
That responsibility is easily crept out of, unless the Maker (not the Dealer) sets the price, and stamps it on the sole, with his trade mark.  
Thus priced, it is a distinct "promise to pay" so many dollars worth of shoe value, and pledges shoe-balance, uniformity of material, wear, permanent satisfaction.  
No Canadian shoe but "The Slater Shoe" is thus pledged.  
When you buy "Slater Shoes" you can rely on their being just as good as they look—inside and outside.  
The Slater Shoe Makers dare not make "superficial" window shoes.  
Goodyear welted, and priced on the sole, in a slate frame.—\$3.50, \$5.00.

### BRINGS HIS HEART WITH HIM ARMY WELCOMES NEW CHIEF.

Commissioner Coombs Given Wildly Enthusiastic Reception—Says World Needs a Hot S. A.  
With an enthusiasm that was more spontaneous and unbounded than marked the departure of Miss Booth, the Salvation Army received its new commander, Thomas S. Coombs, yesterday. The welcome took more of the form of a greeting to an old comrade, and the heartiness and abandon which characterized the day's proceedings showed that the soldiers rejoiced at the prospect of the new regime.  
Commissioner Coombs was met at the Union depot at 2.30 yesterday morning by a huge concourse of troops and escorted with flags flying and drums beating; to the Army Temple, where a series of conferences were held during the day.  
The formal welcome was made last night at Massey Hall, where several thousand of the soldiers were gathered. The meeting was in charge of Col. Jacobs, and use platform was filled with stout officers. Mr. Lippincott, vice president of the Ontario branch of the Y. M. C. A., presided, and the Rev. J. M. H. Jones, of the Y. M. C. A., presided over the Y. M. C. A. company of his regiment under Capt. (now General) Hogg.

### OUTSIDERS DO THE DIRTY WORK.

That's Rule in Election Matters, Says Justice Osler.  
The court yesterday reserved judgment in the North York election case. During the concluding argument by counsel, Justice Osler remarked to Mr. Aylesworth, that the counsel for Mr. Davis was "splitting hairs," which implied that while the newspapers had said so, he hardly expected the court to go so far, and Justice Osler also remarked on the matter of bringing strangers into the constituency, that he had practically all the acts of corruption had been attributable to the whole case turned upon the defective construction of the statute, which was the whole case turned upon the defective construction of the statute.

### SEVEN FREE SKATING RINKS.

City to Provide Them—Two New Parks Named.  
The parks and exhibition committee yesterday decided that the Goswami property should be known as Queen Alexandra Park, on Ald. Foster's motion. Ald. Ward suggested Alexandra Park, and Ald. Dunsheath suggested King Edward, Brock and Minto.  
The park commissioner reported that Mr. G. Grover had been granted a license for the skating rink on the property. There is a caretaker and a gardener on the property, and the committee secured \$100 for maintenance and \$200 for improvements.

STOCK MARKETS STEADY

N. Y. CALL RATE FIRMER

High Priced Issues Selected for Advance on Wall St.—Local Standards Steady.

World Office, Wednesday, December 29, 1904.

More activity noted in the local stock market today, and there was a stronger tone than yesterday.

The London market closed firm for Americans, although irregular, from the effect of the recent failure outside of the exchange.

While the decline in cotton and wheat is not altogether an unmitigated evil, it is nevertheless a factor in the market.

There is a fair demand for stocks in the local market.

Westerns claim a large short account opening in wheat.

Norfolk and Western reports the heaviest traffic ever known at this period of the year.

The pool will advance the official price of bar iron at the next meeting.

Trolley roads for October show an average net increase of 2.12 per cent.

Eighty-eight roads for the third week of November show an average gross increase of 11.60 per cent.

The banks look to the sub-treasury since Friday \$2,411,000.

London was a fairly early buyer of common stock, but with a preference for the steel and iron industry.

The C.P.I. Company has booked orders for wire and wire rope to the extent of its capacity for the year.

Official Distilleries securities declared that current quarter from standpoint of production will be the best in the company's history.

Chicago reports received from reliable sources say that the steel market is closing, but details may not be disclosed for 20 days.

The court of appeals in Brooklyn decided that Metropolitan and Brooklyn Heights must issue free transfers to all holders of stock.

On Wall Street, the market was steady, with a few fluctuations.
