BRITISH ARE OPPOSED TO NEW PARLEY

Government Later Would Discuss Chinese Territorial Changes

WANT AGITATION STOPPED FIRST

Reported Move By United States Is Well Received in Official Circles

LONDON, July 3.—While the British Government may be said to be in agreement with the principle that early conferences should convene to discuss the whole question of the extra territorial rights of China, it is equally clear today that the Government is opposed to any immediate summoning of such a parley—that it will some responsible central Chinese government is able to and prepared to negotiate with the powers and until the present anti-foreign agitation shall cease.

SETTLEMENT

Autan Chamberlain however while voting his faith in this means of reaching a settlement in China, made it plain that such a parley is not likely to be held until the autumn. It is evident today in political quarters that there are serious doubts about the advisability of calling a conference of the powers at the present juncture. There is a general approval at least by the Conservatives of the government of the insistence on the return to order in China before any such negotiations can be undertaken.

The diplomatic correspondent of the Daily Telegraph says: "It is hoped that Chamberlain's standpoint, as it is now formulated will be upheld against any suggestions from the powers which have less at stake than the British Empire for unlimbly concessions to Peking so long as the present disorders are allowed to continue unchecked by the Chinese authorities."

WAR TALK OF TCHICHERIN IS DISCOUNTED

London Will Not Act Without Absolute Proof

RUSSIA BEHIND SOME PROPAGANDA

When Situation Becomes Intolerable Rupture May Come—Not Imminent

LONDON, July 3.—The talk by Tchicherin, the Russian Foreign Minister, of a British-German-Russian alliance, if Britain breaks off relations owing to the Soviet propaganda in China is discounted in official quarters here, but it is learned that there is an increasing determination on the part of the Government to call Russia to book if definite proof can be found of the effect of British-German-Russian alliance in the East.

On the other hand, Britain is not going to break off relations without weighing all the consequences such as the effect of British-German-Russian trade and the releasing of the full propaganda food in the East and India. Only when the situation is so intolerable that Britain cannot do anything else will Foreign Minister Chamberlain contemplate such steps as must lead to breaking off the present relations.

LOWER STUMPAGE

The Veniot Convention has not made all the concessions asked for the relief of the lumber industry, but the cut in the stumpage rate from four dollars a thousand to three dollars is an important one which should have considerable influence in increasing next winter's operations.

EXPORT TRAFFIC

It seems odd that the Boston Post should be complaining because "that port does not participate more largely in the handling of Canadian exports. The Post publishes an item which it says is of direct concern to the shippers and merchant marine of Boston. We might supplement that by saying that it is of interest also to the port of Saint John, legitimately of more direct interest here than in Boston. Here it is item:

THE TARIFF AN ISSUE

Improved trade relations with Canada through lower customs charges were made an issue in the Congressional election in the Fifth Massachusetts district by former Governor Foss, the Democratic candidate, a few days ago.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

On Living Long

Before a gathering of the alumni of his hygienic institute William Muldoon delivered a lucid and eloquent address on the subject of living long.

To live long, said President Muldoon, is to have obeyed the laws of God. He is erect and hale, though his back is curved and his shoulders are square and his moustache as bristling with defiance, he has lately become a generation.

THE HARD ROAD OF ECONOMY

The conference of governors of twenty states which is being held in Maine serves to direct attention to the fact that while the Washington government has made noteworthy strides in the matter of national economy, the state administrations, like the Canadian provinces, continue to increase expenditures.

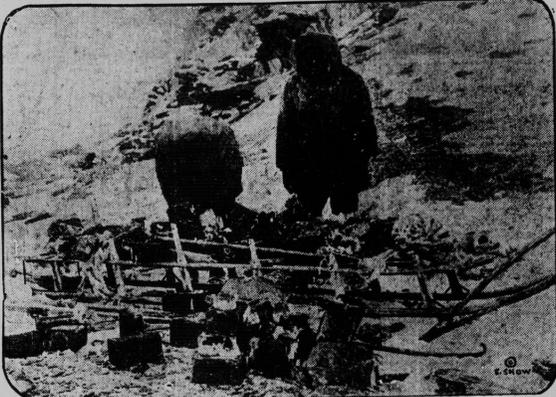

Mr. Barnjum, who was one of the victorious Conservative candidates in Nova Scotia, says that he will build a paper mill in that province that will provide a market for every cord of wood that is now shipped to the United States by the Nova Scotia farmers.

Premier Veniot has not yet announced the date for provincial elections, but he characterizes as "nonsense" the Montreal Gazette's report that the provincial contest is to be held off until after the federal elections, in the late autumn.

Those Fishermen

In the early days of Fairbanks the back bar in the famous old Florida dance hall was more or less ornamented with a stuffed fish in a glass case. The fish was a grayling and it was a very prince of all graylings.

TELLS MUTE STORY OF ARCTIC TRAGEDY

A broken sled, a pile of human bones, scattered heaps of broken tin cans and bottles—these told the story of the ill-fated "bird group" of the Stefansson expedition which wandered away when the "Kartuk" jammed in the ice during the 1914 exploration trip.

Some sort of talk over here. In Europe the audience often hisses, and from this it is concluded that it feels more deeply that the American audience, which rarely shows resentment, no matter how badly it has been used. But this is contrary to what the artists say; they repeatedly remind us that the American audience is as alert and discriminating as any audience in the world.

Quick Quaker

makes porridge in 3 to 5 minutes

from fruit to Jam or Jelly in 15 minutes

LUSCIOUS ripe fruits! Do them down the Certo way—one-minute boiling, no waste of delicious flavor and juice. Easy, economical—and all in 15 minutes.

The old, long-boiling process—so uncertain and wasteful—has been supplanted by the Certo way in over 3,000,000 homes. Certo is the concentrated pectin that makes jams and jellies "jell." The Certo one-minute boiling saves 50% of your fruit which, under the old, expensive, long-boiling method, evaporated and was lost.

Do it the Certo way and make success certain.
Remember—you have exactly the same proportion of sugar in a jar of jam or jelly done the Certo way as in a jar done the old way—and you get 50% more jam and jelly.

Follow exactly the complete, simple directions in the Certo Booklet which goes with every bottle.

DOROTHY'S DIARY

Mr. Buskin pinched my arm this morning when he came in. It was a sign that he was pleased about something, and soon learned that my want ad about the electric fan had brought him several attractive propositions.

It is difficult to read music at our place as the light is bad. Alice said: "Well, see if one of your famous want ads will cure THAT situation."

Seriously, I think one will, because I seem to remember one offering instructions in making a lamp shade. We'll have a floor lamp that will be a beauty.

STUMPAGE RATE REDUCED IN N. B.

Government Agrees to Some of the Demands of Lumbermen.
FREDERICTON, July 2.—Reduction in the stumpage rates on lumber cut on Crown lands was announced yesterday by the Government, but the request of lumbermen that the Quebec scale be adopted and a refund on stumpage rates due for last winter was not acceded to. The reduction ranges from 50 cents a thousand on pine to \$1 a thousand on spruce and fir. The stumpage on hardwood has been increased 25 cents a thousand.

NEW STUMPAGE SCALE.
The Government granted the reduction in the stumpage rate with regard to the cut for the coming logging season. The announcement of the following new rates, effective Aug. 1, as compared with the rates now in force, is made:

Table with 3 columns: Species, New Rate, Old Rate. Spruce, Pine, Hemlock, Fir, Poplar, Hardwood.

With regard to the adoption of the Quebec scale, the Government has decided to inform the lumbermen that no change in the system of scaling can be made except by legislative enactment. The Government is not able to deal with the matter.

SEEK EVIDENCE TO CHECK SMUGGLING

City Merchants Believe Much Being Done—New Law Strict.
Local retail merchants are of the opinion that there has been and is considerable smuggling of goods from the United States into New Brunswick. They are inclined to suspect a number of persons and are endeavoring to find evidence to support their suspicions in order to prosecute the parties involved.

Change in Act.
The act has been changed recently and now reads as follows: "If any person smuggles or clandestinely introduces into Canada any goods subject to duty under the value of \$200 and not less than \$50 or imprisonment for a term not to exceed one year and not less than one month or both fine and imprisonment. Where the goods so harbored, kept, concealed, purchased, sold or exchanged are of the value of \$200 or over, such person shall be guilty of an indictable offence and liable to a term of imprisonment not to exceed seven years and not less than one year for a first offence and to a term not to exceed ten years and not less than three years for a second offence."

TENDERS FOR DREDGING
Sealed tenders addressed to the undersigned and endorsed "Tender for dredging, West Saint John, N. B.," will be received until 12 o'clock noon (daylight saving), Tuesday, July 7, 1925, for dredging required at West Saint John, in the Province of New Brunswick.

Tenders will not be considered unless made on the forms supplied by the Department and according to the conditions set forth therein. Combined specification and form of tender can be obtained on application to the undersigned, also at the office of the Engineer, Old Post Office Building, Saint John, N. B. Tenders must include the towing of the plant to and from the work.

Each tender shall be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, for 5 per cent of the contract price, but no cheque to be for less than fifteen hundred dollars. Bonds of the Dominion of Canada and bonds of the Canadian National Railway Company will be accepted as security, or bonds and a cheque if required to make an odd amount.

Dog Finds Twenty Stowaways On Ship

NEW YORK, July 3—Odd, the "stowaway hound," of the President Wilson, Coastal Line, has now achieved a record of having uncovered twenty stowaways in one voyage. According to Captain Zar, of the liner, the dog when he discovered a stowaway, growls like a bloodhound, his fur stands up straight like an Albatross, and his nose, like that of a pointer, shows the way.

PITTSBURG PIRATES ARE AGAIN LEADING IN NATIONAL LEAGUE

RAIN ENABLED THEM TO PASS MCGRAW'S TEAM

World's Champions Increase Lead Over Mackmen

NEW YORK, July 3.—The Pirates today are leading the National League again. Rain for the second time this week has enabled them to pass the Giants. Showers kept New York bats idle in Philadelphia yesterday, while Pittsburgh beat the Reds, 2 to 1. The Pirates runs were made in the sixth on a pass, a triple and a sacrifice. The Phillies and Giants will play off the postponement September 2.

Fatten Their Lead. The world champions fattened their lead to the American League peak to one game by winning a double-header from the Red Sox, 4 to 4 and 11 to 4. Joe Harris, former Boston performer, contributed a home run in the tenth inning when with a runner on base to decide the first contest.

Have Hard Luck. Troubles fell aplenty in the Huguenot camp. Before the start of the game, Wally Pipp, veteran first sacker, was knocked unconscious when hit on the side of the head by a ball thrown by Charley Caldwell, ex-Princeton twirler, in batting practice. At a hospital an X-ray revealed brain concussion. Wally Schanz was forced to retire when the fingers of his right hand were severely bruised in receiving a fast curve. The Yankees lost, 6 to 5, despite Ruth's sixth circuit wallop of the season. Before the contest, several school boys were trampled when trampled on in a rush for the Yankee Stadium gates.

The Robins deluged the Braves with 22 hits and won, 20 to 7. Ten runs were scored in the opening inning, Maxbauer succumbing to the barrage. The Cards and Cubs split a double bill, St. Louis finishing the day with a 6 to 2 victory, after losing the opening game, 11 to 6. Hartup poked out his 18th and 19th homers of the year, while Blades of the Cards also cleared two circuit smashes.

Cleveland evened the series by beating Detroit, 11 to 8, Carroll being the pitching victim. Cobb wrenched a leg in the fourth inning and had to leave the diamond.

Bill Hargrave, late of the Senators, drove out two homers, one with the bases crowded, while the Browns trimmed the White Sox, 15 to 5.

Fred King, who has secured Moosepath Park for the balance of the season, announced today that owing to the heavy rain last night he did not think the track would be sufficiently dry to permit racing tomorrow and as a result has postponed the card indefinitely. The next big event there will be the big match race between Eldridge Eastman, former world's professional sprint champion, and Patsien King, a local race horse, which will be staged next Thursday evening as a feature attraction to a special program.

Local Boxing Fans Astounded When Shade Kayoed Slattery In Third

Along The Sport Trail

By RAY HANSEN

ACCORDING TO a well known baseball fan, who was in his day one of the leading umpires in these parts, there was too much umpiring and far too many uncalled personalities hurled at the players in the City Amateur League fixture on the North End grounds Wednesday afternoon. He said the game as played was as fine an exhibition of ball as anyone would want to see, but the bombardment of knocks and insulting remarks to the players annoyed those who wanted to see the better team win.

A lot of feeling has been worked up over the outcome of the pennant race in the league and this undoubtedly is responsible for thoughtless remarks. No offense could be taken at good natured raillery but fans sometimes forget themselves in their eagerness to see favorites win and make remarks they would not even think of under ordinary conditions. Fans should not overlook the fact that they can show good sportsmanship as well as the players. There is no denying the average fan wants something or someone to yell at. To get comfortably seated in a grand stand and then light up a cigar, cigarette or pipe or secure a bag of peanuts and then howl "Attahoy," "take him out," "knock him to the timbers," "strike the fatted out" or some other similar remark is his idea of a good time. Such is life.

GEORGE FIFIELD, who is here training for a coming bout, is one of the most popular boxers who ever stepped into a local ring. He is a willing and hard worker and is ready to meet any man in his class. If there were more like George the sport would be very popular.

AFTER CAREFULLY following the Athletics in the American League championship race it is quite evident that the great fight they are staging for premier honors is due to strong substitutes. In Jimmy Dykes they seem to have a youngster who can perform capably in any infield berth. Frank Welch is another addition to the team and a rattling good hitter in the bargain. According to recent averages published he was clearing the ball for 389. Doc Gustreau, formerly one of the stars on the Holy Cross team, has been playing sensationally at the keystone sack. When Sammy Hale was injured Mack sent Dykes to third and his hitting as well as his fielding were features. It is only on rare occasions that any big league club can boast of having men like Dykes and Welch warming the bench for they are apparently as good as any of the regulars.

WALTER JOHNSON is certainly making a great showing this season. Despite his age and long service in the American League he is apparently not going to be far from the top when the curtain is rung down at the termination of the pennant race. Cowenskie is another veteran hurler who is setting a great pace.

IT IS EVIDENT that Jimmy O'Connell, the former Giant outfielder who was expelled from organized baseball for his part in the Sand bribe plot last year, had better put away his suit and give up trying to get back into the game. Only recently he signed on with a team in the Sacramento Valley League, but following protests from other clubs was declared ineligible by the president. O'Connell may have been the "goat", but nevertheless he was mixed up in the deal and must pay the penalty. While this drastic action may seem hard on the young player it will be a warning to others not to attempt to corrupt the great national pastime. If any leniency was shown to O'Connell others might take a chance to make some easy money hoping to be forgiven if their crooked dealings were found out.

ROYALS ARE HOME

Fast Colored Team Defeats Hillsboro in Twin Bill on Dominion Day.

The Royals, of the City League, journeyed to Hillsboro for July 1, staging a doubleheader there with the Hillsboro team and easily coping both games, 8 to 2 in the afternoon and 12 to 2 in the evening. Earl Nelson twirled the afternoon game and his pitching and batting in both games was a feature. Freddie Diggs was on the mound in the evening and would have had a shut-out only one of his teammates shut out a ball in the sun. All the locals battled well and are loud in their praises of the treatment accorded them by the Hillsboro people. On their way home in a motor truck, they ran into a series of mishaps that forced them to spend the night outside in the truck when it broke down. The team did not arrive home until midnight. The Royals were scheduled to play the Saint Johns last evening but were unable to show up owing to the breakdown.

Modern Pavements Make Feet Tired

The miles and miles of hard surface roadways and side-walks are very wonderful, but, being hard, non-resilient, and excellent conductors of heat and cold, they torture our poor feet unmercifully. It has been found that if tired, sore feet are bathed in warm water containing a few drops of Absorbine Jr., they will be delightfully cooled and refreshed.

Not only does it kill germs and prevent infection in open cuts and sores, hastening the healing—not only does it limber up new flesh, tired, stiff muscles, but as a mouth wash, throat spray or gargle it protects you against wandering disease germs and leaves behind a pleasant, clean taste and odor. \$1.25 a bottle at your druggist.

BOSTON ATHLETIC CLUB SEEKS GAMES

A letter has been received from the management of the Boston Athletic Club, expressing a desire to match their baseball outfit with the local Pros. On the Boston roster are Dick Casey, first baseman and well-known local diamond follower, Roy Kelley, Dorchester College, third base; Roach, captain of Tufts University team; Cronin, centre fielder of Boston College; and McCrehan, Boston College twirler.

When informed of this last evening the managers of the Alerts and Saints said that they would take the matter into consideration. Both asserted that the best policy to pursue might be to accept a team from both outfits to meet the Boston nine. Tom Mullet, in charge of the Alerts, reported that he had received a letter from Joe Ford, of Boston, also expressing a wish to bring his team to Saint John to meet the locals.

An air liner carrying seven officials is accompanying the fliers and will keep the Croydon airforce informed of their progress by wireless.

Another floored him for a count of six. A third dazed him for a count of nine. The Buffalo boy was helpless. A stiff right to the jaw knocked him to his knees, but he staggered to his feet and reeled around the ring at the mercy of the coast fighter. BUFFALO BOXER BADLY BEATEN IN PRELIMINARY

Greb Defends Title—Wills Kayoes Charley Weinert

NEW YORK, July 3.—Results of bouts at Polo Grounds last night were as follows: Joe Lynch fought a four-round draw with Jack Sharkey. Dave Shade, California, won by a technical knockout over Jimmy Slattery of Buffalo in the third round. Harry Wills, Negro heavyweight, knocked out Charley Weinert of Newark in the second of a fifteen-round bout, and Harry Greb defended his title of middleweight champion when he won a decision over Mickey Walker in fifteen grueling rounds.

Greb enjoyed a seven-round advantage over his welterweight challenger, the middleweight titlholder weighing 159 with Walker scaling 162.

As the boxers in the semi-final came into the ring Wills' weight was announced as 213 and Weinert's 184 1/2.

The fight by rounds: Round one—Wills started to rush Weinert as he sprang from his corner, but the Newarker felled him up. Wills scored twice to Weinert's body, Weinert countering with a left to the chin. They exchanged body blows at close quarters. Wills continued to batter away at Weinert's ribs. A stiff right evaded Wills' guard and the Negro backed up. Wills battered Weinert into a corner, hitting relentlessly as the Newarker covered up. A stiff right knocked Weinert from the ring, but he got back before the count had started. The bell found them in a clinch.

Wills Lands Kayo. Second round—Wills was warned for hitting on the break in the first minute. The Negro landed five straight blows with his right to Weinert's head without a return. Another right almost floored Weinert. The Newarker was absorbing plenty of punishment. Weinert down for a count of ten, helpless against the aggressiveness of his opponent. The end came after one minute and 45 seconds of the round had been fought.

Shade-Slattery Bout. Round one—The fight started fast, Slattery doing his customary dancing, they clinched and wrestled, both falling to the floor in a neutral corner. Shade got inside Slattery's guard and landed three times to the Buffalo boy's head without a return. Shade landed twice to the body. A weak right caught Slattery on the jaw.

Round 2—Slattery landed his first blow of the fight, a stiff left flush to Shade's face as the round opened. Shade countered with a beautiful right to the jaw. Both landed damaging blows to the jaw as they came to a clinch. A stiff right staggered Slattery. Another similar blow put him on the back of his heels. Three straight times Shade's overhand right ricked Slattery. They were punching furiously. Slattery landed a beautiful right to Shade's jaw just before the bell.

Round 3—Slattery was bleeding from the mouth as he came up for this round. They fell into a clinch. Three lefts to the jaw backed Slattery to the ropes. Another floored him for a count of six. A third dazed him for a count of nine. The Buffalo boy was helpless. A stiff right to the jaw knocked him to his knees, but he staggered to his feet and reeled around the ring at the mercy of the coast fighter. WAS AT GREETING FOR NEW STEAMSHIP

D. W. Ledingham, Home From Halifax, Says Newfoundland is Fine Vessel.

D. W. Ledingham, local manager for Furness Withy and Co. Ltd., returned yesterday from Halifax where he was attending a reception and entertainment aboard the new Furness liner Newfoundland on her maiden voyage across the Atlantic. He described the vessel as being up-to-date in every way and added that the furnishings were the most magnificent he had ever seen on a steamer.

The Newfoundland was constructed by Messrs. Vickers Ltd. at Barrow and develops a speed of just over 16 knots. The liner, which is an oil burner, is a combined freight and passenger boat with accommodations for 100 first class and 80 third class passengers. She was built expressly for the Liverpool, St. John's, Halifax and Boston service. The dimensions are: length, 423 feet; breadth, 48 feet 8 inches; depth, 54 feet 4 inches; net tonnage, 4,180. The vessel can be converted so as to use coal if necessary.

The holds and 'tween decks are specially arranged for grain transport and two of the 'tween deck spaces are insulated. The special combined automatic and mechanical weatherproof system of ventilation has been installed. The first class dining saloon is paneled in oak fumed to a pleasing grey color with raised mouldings and quartered centres to the panels. The main staircase is lined with oak wainscoting in the style of the Jacobean period. The lounge and music room are decorated in the English style of the latter part of the 18th century. The smoke room is paneled in rich figured walnut in the style of the William and Mary period.

While at Halifax the vessel was thrown open for inspection and many took advantage of the opportunity to view the new liner. The reception and dance was attended by many prominent Halifax citizens. Mr. Ledingham said: "He added that he expected the new vessel would be a splendid addition to the Canadian service of the company."

Repair Crossing At Union Station

Workmen were busy yesterday morning and afternoon making repairs to the C. P. R. Mill street crossing on the south side of the Union Depot. The cobble stones between and on either side of the C. P. R. suburban track have become chipped and broken of late and their uneven surface has presented an uncomfortable road for motorists and pedestrians crossing the track.

The C. N. R. delegated members of their construction department to work yesterday and by last evening new stones had replaced the old and a smooth gravel bed had been laid out. This bit of work is much appreciated by motorists who may now drive over the crossing without being roughly jolted.

Success is being in "the right way," happiness is keeping well away from it.

Inquiry Begins in Montreal With Evidence of Several Witnesses.

The official enquiry into the loss of the tug Ocean King, which was sunk in collision with the Marloch, was begun last Tuesday in Montreal.

First Officer Robertson of the Marloch said it was only a matter of seconds from the time he saw the tug ahead of the liner until it was bottom up. He could not give any reason why the tug capsized.

THE STORY HAS TO DO WITH A YOUNG MILLIONAIRE who dreams the thought of getting "left" and hires a couple of professional pugilists to keep him in trim. Frances Howard is the girl in the case. She is the daughter of a building contractor who likes Dix but doesn't take to his little accomplishments. Dix tries to cool down, but everywhere everyone seems to be tempting him to demonstrate the famous "shock punch" he has developed as the result of weeks' strenuous training. And he does, not once but several times, and when that old blow hits home, you'll almost break the handles off the seats.

FRED. M. MORRIS PINNED UNDER CAR AND KILLED

Former Saint John Man's Body Being Brought to City

BLACKS HARBOR IS SCENE OF FATALITY

Allan McLean, in Car Over Bank, But Escapes Injury

Fred M. Morris, formerly of West Saint John, was instantly killed in an automobile accident at Blacks Harbor last night about 11:30 o'clock. In company with Allan McLean, treasurer of Connors Bros., he was about to turn sedan car on a section of the road close to the factory when in some unaccountable manner it took a lurch and pitched down a bank. The car turned over and the unfortunate driver was pinned underneath it. Mr. McLean was thrown out through the top of the car and although badly shaken up fortunately escaped serious injury.

TELLS OF FATALITY
Mr. McLean in conversation with a Times-Star reporter today over the long distance telephone gave the following account of the accident.

"We were about to turn the car on the road near the factory when it suddenly pitched over an embankment. It all happened so suddenly that I have no idea what followed until I found myself alone inside the car in a dazed condition. I think I must have been hurled right through the top. Almost immediately Captain Benton of Connors Bros. steamer, who was passing a short distance away when the accident happened, was on the scene. Others quickly assembled and a messenger was despatched for Dr. Taylor, who was just starting along the road. The car had turned over and had pinned Mr. Morris underneath it.

"Dr. Taylor was there as soon as the car was moved and he pronounced Mr. Morris dead. It was thought that a dislocation of the neck had taken place. Dr. Taylor is the coroner and said no inquest was necessary. I cannot explain how the accident happened but I think Mr. Morris must have misjudged the distance to the edge of the embankment in making the turn. Mr. McLean said he himself was still suffering from the shock, but had not sustained any injuries.

Mr. Morris was manager of the dry-goods department for Connors Bros. and had been with the company for two years. The body was being brought to the city today by his brother, C. O. Morris, and the funeral arrangements will then be made.

WAS UNMARRIED
Mr. Morris was 38 years of age and unmarried. His sudden death has greatly shocked the whole community of Blacks Harbor where he had very many friends. He was a son of the late Mr. and Mrs. Charles Morris, of West Saint John, and was survived by four brothers and one sister. The brothers are Walter E. and Charles O. of West Saint John; Jerome, of Moncton; and Edward L. at River Glade. The sister is Sister Marie Charles of the Assumption, Welleley Hills, Mass.

A. Neil McLean, brother of Allan McLean, left for Blacks Harbor by auto this morning.

Ludlow Not For River Picnic

AN INQUIRY as to whether the ferry steamer Ludlow could be secured for carrying picnic parties up the river has been received by Commissioner Bullock. He said this morning. The commissioner said he was inclined to favor the idea, especially as the boat would have to be taken above the Falls and might not be available if wanted in a hurry. He said that at one time the ferry steamer which was not being used on the route was used to carry picnic parties to Manawogish Island.

As Hiram Sees It
"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "don't you think we have had enough rain for a while?"
"We've had enough of a hull lot of things lately," said Hiram. "Why pick on the rain?"
"We might begin with that," said the reporter.
"Yes," said Hiram, "an' then go on to the rat-warms—an' potato bugs—an' politicians—an' spekulaters—an' taxes—an' joy killers—where'd we ever stop?"
"The list is certainly long," said the reporter.
"An' in the meantime," said Hiram, "he's a lot of things we ain't got an' held next week. Among names mentioned are those of John Thornton, L. F. D. Tilley, W. H. Harrison, M. E. Agar, J. Starr, Tait, R. G. McInerney, James Lewis, and Thomas Nagle. Rumor also was that three of the Government candidates would likely be Hon. W. F. Roberts, Alex. McMillan and Hon. W. E. Foster."

R. S. SIME AND SON HIT BY AUTOMOBILE

Stewart, 15 Years Old, Has Shoulder Blade Broken at Riverside.

Stewart S. Sime, 15 year old son of Robert S. Sime, was injured and Mr. Sime was knocked down by an automobile on the road near Riverside last evening. The boy's shoulder blade was dislocated and he suffered from shock and was delirious for a time. The driver of the car, he said, gave his number as 4371. He stopped when he found that he had struck Mr. Sime and his boy and drove them to their home at Riverside.

Father and son had been at a baseball game, Fair Vaux and were walking home. When about a quarter of a mile from their house, Mr. Sime said that the boy had been struck by the car as it was coasting towards the city. They were about six feet from the side of the road, he said, and the car was travelling outside the tarvin part of the highway. He said it was dark for the boy had been able to tell the time from his watch a few minutes before. His son, he added, was thrown 2 or 15 feet and slighted on his head and shoulder while he himself was thrown a shorter distance. The boy was brought to the city and Dr. G. A. B. Addy attended him.
