AMDUK'S LESS THAN WHOLESALE

Sensational Offerings This Week at This Popular Firm's Stores.

In sensational offerings, Amdur's will this week introduce to the public their new department of men's clothing, in their shops in the city proper and West St. John. At less than wholesale, Amdur's plan to submit to their patrons and to new customers whom they are certain to attract through the unique inaugural sale which they have arranged, clothing manufactured by one of the leading Canadian houses in quality and in style, the men's suits Amdur's have secured are the last word in the metropolitan figure which will emphasize most strikingly the superior quality of the goods by Amdur's, is a thing of the past. Amdur's decided some time ago to add to their rapidly growing business a men's clothing department, but postponed the opening on account of the fact that supply and demand prevented the operation of the Amdur's policy of selling lower than the market. The hour has struck, however, fortunately for the public, wherein Amdur's are able to practice what they have preached, that prices have been too high in men's clothing. Their inaugural sale, which will be ample and convincing evidence that their doctrine is sound and that they have the courage of their convictions. All the foremost styles, all the popular colors and all the more conservative shades in men's suits are on hand at Amdur's stores, east and west, in quality backed by the standard and reputation of one of Canada's leading clothing manufacturers. The garments will be placed on sale at less than the market price and since the market has dropped considerably this summer, it is safe to assert that the Amdur's opening of their men's clothing department is going to be one of the most attractive showings in retail trade since 1914, and from the public viewpoint one of the most economical.

ANNE OF GREEN GABLES AT UNIQUE THEATRE TONIGHT

Mary Miles Minter, that inimitable little star will appear at the Unique tonight, and better still, will be seen in a wonderful Reclaire picture "Anne of Green Gables" made famous from the story by our own Canadian author, L. M. Montgomery, a native of Prince Edward Island. "Anne of Green Gables" is a delightful picture, and to watch her escape, and to watch her follow the delightful "Anne" in her many scrapes and escapades, is a treat to follow the delightful picture. See her confound the Pie family who made life so miserable for her. See her enjoy with her very happy moments when she comes to her own when every one votes her the best little girl in the world. It surely is a picture worth seeing and no doubt many will avail themselves of this opportunity. Send the children along to the matinees they will enjoy every moment, and the efficient staff of this popular theatre will look after them.

Says Cigarette Smoking and Alcohol Also Causes of Delinquency. (Toronto Mail and Empire.)

Cigarette-smoking, dancing, moving pictures, alcohol and poolrooms were condemned by Rev. Dr. John Steele, of Pittsburg, Pa., at the morning service at Cook's Presbyterian church yesterday morning. The speaker, who has just returned from Great Britain, where he took an active part in the campaign which is being waged at present in the cause of temperance, said that it was the duty of the Church of Jesus Christ at the present time to take the field and actively combat these and other influences that are a great menace to the State. He stated that the Presbyterian church in the United States dealing with the delinquents and the measures to be undertaken to decrease the large number that now exists in that country. The Presbyterian General Assembly in the States has started an active work in various directions against influences that are considered to be against the moral and physical well-being of the country. These departments include temperance, at home and abroad; narcotics, family and juvenile delinquency; assisting the Government in promoting social hygiene; amusement and recreation; and the moral and physical well-being of the country. "Alcohol is one of the greatest evils of the present time," he stated, "and already we have made great progress in the States in stamping it out, but even in the States where it is still rampant, very few are doing anything to stamp it out. Speaking from Exodus 10, verses 22 and 23, he stated that wherever there is a light and wherever there is a darkness, the light will overcome the darkness. His opinion was that the light of the moral and physical well-being of the world, and the people were again freed and light broke over the world. We are in the age of free grace and unyielding love. The darkness is on the other side of Christ and we are in the light. "In this period of reconstruction there is a lot of camouflage and selfishness. Wherever these exist the gospel has not taken hold of the hearts of men and women and there is no combat, and the people must have their hearts burning brightly in order to show the people who are in the darkness. We are the duty of the church of Christ to show them the way. "Moving pictures are a great menace to the young of the country. Between 30 and 75 per cent. of the films exhibited have suggestions for the young which should not be entertained by people who should be following God. I am not against the movies. If properly censored they would be of great assistance in educating the people in the proper way. The war caused millions to learn the use of tobacco and this is most deplorable. The war caused millions to learn the use of gambling and swearing among the young. "Many of the girls who are in reformatories state that they blame the dance halls for their first downward step. Men should be responsible for this. This is because there is a double standard. The time is coming when there will be but one standard for men and women instead of the double standard of today. Let us speak boldly. "Poolrooms are another evil influence. They were reared beside the saloon and are against the movies. If properly censored they would be of great assistance in educating the people in the proper way. The loss will be about \$10,000 practically covered by insurance. The furniture was saved.

A MULTITUDE AT  
CAMP MEETING

Steamers, Motor Boats and  
Cars—Baptism in River—  
Notes Along the Reach—  
Haying at Hand—Fruits  
of the Garden.

Upriver steamers had large passenger  
lists on Saturday. The steamer Ocean  
left Indian town on Saturday. The  
Dream, which left later, after being up  
the Kennebecasis with a good number  
of passengers and excursionists, also had  
a full list for the Long Reach.

Between sixty and seventy people got  
off the two steamers at Public Landing,  
where a large crowd of city people were  
on the wharf to greet them. A summer  
hotel at the Landing would do a great  
business. The dancing pavilion there on  
Saturday evening had the largest crowd  
of the season, including a party of young  
ladies and gentlemen who landed from  
the yacht Villain for an evening's pleasure.

Brown's Flats was the centre of attraction  
along the river yesterday. The steamer  
Hampton brought a crowd from the  
Bellisle and the Majestic another  
from Washademoak. Many others were  
in yachts and motor boats, and one  
visitor said he could hardly believe there  
were as many motor cars in commission  
in this part of the province as were  
parked there yesterday. The horse and  
carriage of former years are no longer  
popular. The tabernacle would hold but  
a portion of the crowd of people yesterday,  
and outside services were also held.

A constant procession of motor  
cars went up in the early part of the  
day and down again in the late afternoon.  
A number of converts were baptised  
in the river. Great numbers of people  
took lunches and could be seen every  
where refreshing themselves.

The day was hot. At Public Landing it  
was eighty in the shade in the afternoon.

Midsummer has brought some of the  
fruits of early toil in the garden. One  
may enjoy new potatoes, beets, radishes,  
chard and lettuce fresh from the earth.  
Peas will be ready in another week,  
beans are in blossom. One farmer plans  
to put in some hay this week.

**Bride of Day Divorced.**  
London, July 12.—Mrs. Alice Raymond  
sued her husband for separation the day  
after she was married. She charged him

the day after the wedding.

**College Dean Defends Cats.**  
New York, July 12.—An anti-cat  
campaign is being waged by the city's health  
officials. They are rounding up all the  
stray felines. But the cats have a warm  
defender in Dean W. Horace Hopkins  
of New York University, who declared  
the city was in no great danger from  
the animals. He said that cats were  
not carriers of contagious disease to any  
great extent. He admits, however, it  
would be a good thing to eliminate  
thousands of cats which roam around  
starving.

**BE SUSPICIOUS OF  
TENDER GUMS**

Be suspicious of any tenderness or  
bleeding of the gums. This is usually  
the first stage of Pyorrhoea—an in-  
sidious disease of the gums that de-  
stroys the teeth and undermines  
bodily health.

Gradually the gums become spongy.  
They inflame, then shrink, thus ex-  
posing the uncleaned tooth-base  
to the ravages of decay. Tiny open-  
ings in the gums form gateways for  
disease germs to enter the system.  
Medical science has traced many ills  
to these infecting germs in the gums  
weakened by Pyorrhoea.

They are now known to be a fre-  
quent cause of indigestion, anæmia,  
rheumatism and other serious con-  
ditions.

So watch carefully for that first  
tenderness or bleeding of the gums.  
Try Forhan's immediately. It im-  
mediately prevents Pyorrhoea (Riggs' Dis-  
ease) if used in time and used con-  
sistently.

And in preventing Pyorrhoea—it  
guards against other ills.  
Forhan's (For the Gums) cleans  
teeth naturally as well. Brush  
white and clean. It keeps the teeth  
healthy and bright.

If gum-shrinkage has already set in,  
start using Forhan's and consult a  
dentist immediately for special treat-  
ment.

THE VERDICT.

Prohibition, by the will of the people of the law of New Brunswick. It is the duty of the municipal as well as the provincial authorities, to see that it is enforced. It is the duty of every citizen to observe the law and as far as possible prevent its violation by others.

It can be pleaded no longer that this was a war-time measure imposed upon the people by the legislature without their consent and an intolerable condition in time of peace. The people have spoken, and it is their law. Not only do they want prohibition of hard liquors but they have put the ban on beer and wine. Nor can it be said again that prohibition is not a workman's law.

In the meantime there is the matter of enforcing the law at St. John. It has been notoriously violated in the city of St. John. The civic authorities have taken no active part in the matter, although it is the duty of a police department to enforce all laws.

One of the reasons the vote for prohibition was not larger in this city was the fact that the law was not enforced, and many people argued that continuance of the law meant a continuance of the conditions under which some men were getting rich while there was a daily loss to the community.

The significant feature of Saturday's plebiscite was the activity of the women. They and their children were the sufferers in the days of the drinking saloon, and they were determined those days of anguish and bitterness would not return.

Senator William Dennis, whose death occurred in Boston yesterday, was a successful journalist, whose newspapers, the Halifax Herald and Mail, have exerted a very wide influence in Nova Scotia. Mr. Dennis came to Halifax when young, and associated himself with the papers of which in later years he became the owner.

St. John, which had such a very large export trade during the war, extends a hearty welcome today to the warship which is a symbol of that naval power which made the seas safe for the commerce of Canada and the Empire.

Are the interests of the citizens at large to be sacrificed or put in jeopardy because the New Brunswick Power Company and its employees have a disagreement? Both sides profess a willingness to arbitrate.

The Standard today says: "Doubtless the Temperance Alliance will have all their plans made, and their demands formulated, well in advance of the next session of the legislature, after which it may be expected that New Brunswick will become a country fit for decent men to live in, and in which they can bring up families without any fear of their being contaminated by the delinquency caused by the curse of drink."

THE GREENWICH OBSERVATORY. The celebrated Observatory at Greenwich, the place from which we reckon longitude, was founded by Charles II. in 1675, mainly for the purpose of investigating the movements of the moon in the intervening two and a half centuries.

OUR COAL SUPPLY. Stratford Beacon—It may surprise some people, including some Canadians, to know that Canada possess one-sixth of the coal resources of the world; but the production so far is relatively small.

THE CIRCUIT. Soon the statesman presidential candidates for White House fame, in a heat that's pestiferous, will pursue the modern game: Beg the country they'll be chasing, making speeches here and there, with the perspiration racing down their noses and their hair. And their collars will be wilted, and their shirtfronts will be wet, and their neckties will be tilted, and their whiskers dripping sweat.

CANADA—EAST AND WEST

Dominion Happenings of Other Days

HULL INVADES CANADA. On July 12, 1912, General Hull of the United States army, having completed his preparations at Detroit, crossed into Canada with several field pieces a short distance above Sandwich.

When he reached Sandwich he issued at once a famous proclamation to the Canadian people. The tone taken was that of one certain of victory and the document breathed threatening omens of the future. But Hull made the mistake of forgetting that most of the Canadians in the district were United Empire Loyalists who had left their homes in the United States after the revolution rather than fight the Moth.

OF THOSE WHO WALK ALONE.

Women there are on earth, most sweet and high, Who live their own, and walk bereft and lonely, Loving that hot heart until they die, Loving it only.

Good deeds they do; they comfort and they bless In duties others put off till the morrow; Their look is calm, their touch is tender, To all in sorrow.

LIGHTER VEIN. Twisted, Niblick—"What do you think of Jones?" Thomson—"Jones! He is one of those people who pat you on the back before your face and hit you in the eye behind your back."

A Vacation for All. "We've decided to give our minister a three months' vacation." "Rather a long time, isn't it?" "Yes, but he's overworked, and anyhow the congregation needs a rest, too."

Not His to Give. Old Lady (to policeman at the corner of "Polite Policeman"—"I'm afraid I can't let you have it, mum."

"Has" or "Had." Millionaire—"Tell me, child—that some man of yours, has he any money?" Innocent—"Money, father? Why, he has just given me a cluster diamond ring, studded with pearls."

Poor Director. Mrs. Youngusband—"Well, Aunt Jane, how did you like the symphony concert?" Aunt Jane—"Oh, pretty well, but kind of spoilt the effect to see that fool up in front pretending to drum on nothing."

RECENT DEATHS

Probus, July 11—John Bremppall, twenty-two years of age, died at his home here yesterday, after an illness of about a month. He moved here from Mechanics' Settlement about a year ago and entered a partnership with his brother in farming.

Mrs. George McLaughlin died on Saturday at her home, 128 Prince William street after an illness of about six months. Mrs. McLaughlin is survived by her husband, a son, R. J. of this city, two sisters, Mrs. Rebecca Ward and Mrs. J. C. Warren, and a brother, Robert Gopd, all of St. John.

The many friends of Francis Ruddock will regret to learn of his death, which occurred on Saturday, July 10. He was in his eighty-third year, and was a son of the late Francis Ruddock, who was actively engaged in shipbuilding in this company.

BURIED ON SUNDAY. The funeral of Mrs. Caroline McLeod took place yesterday afternoon at 3 o'clock from the residence of Mrs. G. A. Dickson, 109 Germain street.

The funeral of John Maher took place yesterday afternoon at 2:30 o'clock from his late residence, Silver Falls, to St. Joachim's church. The service was conducted by Rev. Noel Landry and interment was made in the New Catholic cemetery.

COALS OF FIRE (Toronto Globe). France's recent ratification of the Treaty of Peace, including the League of Nations, as urged by President Wilson, at once sacrificed of what her statesmen regarded as material securities for peace and with some misgivings about the future.

WOMAN QUITS KITCHEN TO BECOME SHERIFF. Mrs. Cates of Duncan, Oklahoma is Making Good on the Job, as Raids on Stills Testify.

From the kitchen to the office of sheriff is a long jump, but Mrs. William Cates of Duncan, Okla., has taken it and is making good on the job, according to her deputies.

Mrs. Cates is the first woman to be appointed to the office of sheriff in Oklahoma or in the entire southwest. She readily admits her age, 43 years, and doesn't believe that her seven children are a handicap to her.

Mrs. Cates' appointment by the commissioners of Stephens County came as the fulfillment of a promise they made her husband shortly before his death. As he lay on his bed, expecting death, she called the commissioners to his bedside and asked them to appoint his wife as his successor in the office after his death.

That a woman can make just as good a sheriff and enforce the law just as well as a man is being demonstrated every day. Duncan citizens say. While the city is being flooded with oil field workers who are coming to help open up the new Duncan field, she has had no trouble in handling them.

Three girls have been captured since she took charge of the office. Mrs. Cates doesn't go on raids herself, but she says she is going to see that the moonshiners are cleaned out as fast as she learns of their activities. She has kept intact the forces of deputies, built up by her husband, and says she has implicit confidence in their ability.

Miss Mary Collier, daughter of Mr. Cates, is getting well. North street, Fairville, was united in marriage at St. Rose's church this morning to William H. Kehler. Mrs. William Collier, sister of the bride and William Bradley supported the groom. The ceremony was performed by Rev. Charles Collins.

<b>Total</b>	<b>44,390</b>	<b>22,096</b>	<b>24,888</b>	<b>39,924</b>

The electors of New Brunswick on Saturday's plebiscite intimated in an uncertain manner their opinions on the subject of provincial prohibition and the course that they desire future legislation to take. While the returns are as yet incomplete the totals available are as follows: For the present act, 44,390; against, 22,096; for light wines and beers, 24,888; against, 39,924. These returns may be taken as representative, as they yet to come in will be so small that they will not materially affect the issue. By the results it will be seen that the electors have declared by a vote of virtually two to one in favor of the present act. The voting in the various counties was tangible effect on the result. Many of them took this first opportunity of recording their opinions at the polls in a provincial election. The weather was all that could be desired and it is rather surprising that a larger vote was not polled. Apathy on the part of voters is a sign of poor citizenship and it is no credit to the province that only one-third of the voters felt called upon to exercise their franchise.

Due to the large increase in the number of qualified voters, the number of polling places was much greater than ever before, and for the same reason the work of collecting and tabulating the returns was much more difficult than formerly. Only one county, Madawaska, declared against prohibition, and Kent was the only other county in which the voters declared for beer and wine.

In the city the voting in the first part of the morning was slow, and done mostly by women. Thorough organization on the part of the prohibition forces resulted in many more women recording their opinions than otherwise would have done. Automobiles were provided to bring women to the polls and return them home again. In the case of women having young children which they could not leave, some one took care of the young ones while the mother voted. There was considerable rowdiness about the polls, the voters in some cases entering in more or less advanced stages of intoxication. In one case a special constable who was appointed to keep order in the polls so far forgot the cause in which he was engaged as to indulge to such an extent that he became intoxicated himself. Some blushing June brides got into difficulties by trying to vote under their newly acquired names, but with the help of gallant returning officers this difficulty was surmounted. Many did not understand that they could vote only in the ward in which they had registered, so those who had moved last

as that of the workers for prohibition, the "wet" would have carried the day. In Westmorland a majority of over 4,000 was rolled up for prohibition. A very small vote was polled in Carleton county but it was strongly in favor of the act, the majority being in the vicinity of 2,500. In Queens county prohibition carried by nearly three to one. In Charlotte county little interest was taken in the campaign by the men but the women turned out in good numbers and assisted very materially in winning the day.

The strongest wet votes in the province proportionately were probably cast in St. Ignace, Kent county. There prohibition got three votes while 171 were cast against it. The same vote, reversed, was cast for beer and against.

There was a stronger beer vote proportionately, however, in St. Andre de Madawaska, only one was cast against prohibition there were eight votes and 164 against.

Jacksonville, Carleton county, was a banner dry place. There prohibition received 285 of the 394 votes cast.

Rev. W. D. Wilson, chief inspector under the intoxicating liquor act, 1916, which is generally referred to as the prohibition act, tonight made the following statement relative to the support of that act at the polls Saturday:

"Temperance people are extremely satisfied on account of the result. We expected to win on both points and the results are very similar to what we anticipated. Personally, I consider the vote deeply gratifying and extremely significant. It shows that the people of New Brunswick have appreciated the trial of prohibitory legislation which has taken place in this province during the last three years and three months, for that is the period of trial although the law was drafted and passed in 1916. The election was held because the people had not been given an opportunity of expressing themselves concerning that legislation.

"Now that the electors have expressed their opinion it will be easier to determine what path to follow in legislation for the betterment of the law. Many amendments are necessary, to give an effective and up to date instrument for dealing with violators.

"I am of the opinion that the best thinking people of the province have expressed themselves and have served notice that the prohibitory law is here to stay and that wine and beer are things of the past as far as legal sale is concerned."

SENATOR WILLIAM DENNIS IS DEAD

(Canadian Press Despatch)  
Halifax, N. S., July 11.—The death of Hon. William Dennis, of Halifax, at the Massachusetts General Hospital, Boston, late this afternoon, is announced in messages to the family here. Senator Dennis, on the advice of specialists, had gone from Ottawa for an operation, which was performed on Friday. It was at first thought that the operation had been successful but early this morning complications developed.

Hon. William Dennis was born in Cornwall, England, on March 4, 1856, the son of John and Mary Ann (Parrell) Dennis. He came to Canada in 1878 and two years later became a reporter on the Halifax Morning Herald, when it was started. He worked his way gradually up the journalistic ladder until he became editor and eventually controlled the property. At the time of his death he was president and owner of the Herald, Evening Mail and another publishing company. He was a member of the Halifax city council for seven years and had long been identified with philanthropic life of that city and had taken a leading part in numerous movements for the betterment and uplifting of the people.

In 1918 he was summoned to the Canadian senate and took his seat as an independent Conservative, a political policy his newspapers adhered to. He had taken positive stands on many public questions and had a faculty of writing plainly and strongly. He opposed the naval policy of the administration of Sir Wilfrid Laurier and also opposed reciprocity with the United States. He supported the presentation by Canada to the British government of two warships of the Dreadnought type instead of the construction of a fleet of smaller vessels.

to be known as the Canadian navy. During the great war he did much to aid the Allied cause and devoted large sums of money towards caring for those in need, both from the war and from the disastrous explosion which wrecked a large section of Halifax. One of his sons, Capt. Eric Dennis, gave his life in the war, and the senator endowed a chair at Dalhousie university in memory of him.

Senator Dennis is survived by a son and five daughters, one of the latter being Miss Clara Dennis, who is well known through her relief work during the war. Mrs. Dennis was formerly Miss Agnes Miller, who was married to Mr. Dennis in 1877.

Senator Dennis was a member of the Halifax, Weymouth, Royal Nova Scotia Yacht, Halifax Golf and Rideau clubs, the latter of Ottawa. He was a member of the Ancient Free and Accepted Masons. In religion he was a Presbyterian.

FOR TUNE FOR BABE RUTH TO APPEAR IN MOVIES. New York, July 12.—When Babe Ruth exceeds his world's record of twenty-nine home runs—which is now regarded as a sure thing—he will get a contract that will call for the biggest salary ever paid a screen star for appearing in a single production. Film men figure that the picture will bring in more than \$1,000,000.

SERIOUS FIRE IN ST. STEPHEN. The Mann Axe and Tool factory at St. Stephen was completely destroyed on Saturday by a fire arising from a break in the oil feed pipe leading to the forge. The building was a large wooden structure and burned so readily that although the firemen responded quickly they were unable to save the building. The employees had some difficulty in escaping. The loss is estimated roughly at \$100,000. The woods near the factory took fire and it was difficult to save the neighboring farm houses. Up till last night they were still safe, but the fire in the woods was still burning.

Syrian Archbishop Celebrates Mass at Cathedral and Meets His Fellow Countrymen in Informal Meeting—On Tour of Canada. His Grace Archbishop Kouril, of Mount Lebanon, vice-patriarch of the east, who arrived in the city on Friday night, celebrated mass at 11:30 in the Cathedral yesterday morning according to the Syrian rite. The mass was chiefly for the Syrians of the city who attended in large numbers. His Grace was assisted by Father Watkins and was introduced to the congregation by His Lordship Bishop LeBlanc, who told of the archbishop's mission which was to visit the Company in Sydney on Saturday. Charles McNeil, an employee of the bank, is lying in the hospital in a critical condition having been badly burned in the explosion. The explosion was caused by a defective tank, it is said, and the damage is estimated at thousands of dollars, as the wall of the building was blown out, besides other damage to the plant. Several firemen of the department and citizens are suffering from the fumes of the deadly ammoniac.

Too Much Government. Kingston Standard: The members of the dominion house, as well as those of the various legislatures, should take note of the rising feeling in Canada against the high cost of government, and that this is being recognized as one of the reasons for the high cost of living. This feeling is not confined to Canada; it is also being shown in the United States. The Minneapolis Journal points out that "Part of the high cost of living results from the high cost of government, and the proportion of the living cost attributable to government cost is large indeed."

WITH THE POLICE. Samuel Simon, a Russian, was arrested Saturday by Policeman McNance for reckless driving in Main street. He is also said to have collided with the rear end of Frank Doherty's car but did little damage. He also refused to stop when signalled to do so but Policeman McNance boarded Mr. Doherty's car and overtook him in Douglas avenue where he arrested him. His case came up in the police court this morning. Three juveniles were arrested on Saturday night on suspicion of stealing a car from the Great Eastern Garage.

Invictus. For many years the INVICTUS Shoe has been universally regarded as the best shoe made in Canada. Your feet deserve the best! CALCUTTA GIVEN HEARTY WELCOME. Early Events in Connection with Visit of War Vessel to St. John.

A warm welcome was given to the officers and men of H. M. S. Calcutta, flagship of the eighth light cruiser squadron, which docked at the Pettigill wharf shortly after 6 o'clock Saturday evening following a visit to Portland and Bar Harbor (Me.), where the vessel had participated in the ter-centennial celebrations of the State of Maine. The harbor was dotted with small craft as the warship pulled in, and from these and the crowds which lined the adjacent wharves, the greatest interest was shown in the speedy light cruiser. As soon as the vessel was made fast an informal visit was made by a party of city officials, including Mayor Schofield, Dr. J. B. M. Baxter, K.C., the city recorder, John Flavel, and Dr. James H. Fink, city commissioner; R. E. Armstrong, Col. E. T. Sturdee, Capt. A. J. Mulcahy and G. B. Allan of the New League; R. S. Barker, secretary and Col. Alexander McMillan, A.D.C., to the lieutenant-governor and Col. Spurling, general staff officer of this military district.

Spurling, Fleet Lieutenant Bottomley, Mrs. W. E. Foster. Following the custom of similar occasions only one toast was proposed and the health of "The King" was given full honor. A five-piece orchestra furnished enjoyable music during the dinner and for the subsequent dancing which terminated shortly before midnight. For the Men. For the benefit of the men a band concert in King square was provided by the City Cornet Band through the Navy League, and the Seaman's Mission was also opened. Yesterday morning a party of men paraded at eleven o'clock for divine service in St. John's (Stone) church, headed by the pipe band, and an appropriate sermon was preached by Canon Kuhring. There was a band concert on board by the ship's band for those who stayed aboard.

Several of the officers, accompanied by local men, enjoyed a motor trip through the country yesterday, and a special Sunday service for the men was held in the Seaman's Mission last night at 8:30 o'clock. THE NEW HOTEL PROJECT. To the Editor of The Times:—It is the sign of a progressive city that a modern and up-to-date hotel is being planned for St. John. Some forty years ago St. John could boast of having such a hotel—the Victoria, located at the corner of German and Duke streets, and which compared very favorably with any hotel in Canada. We should have another ranking as the Victoria did in comparison with any hotel of its size in Canada. We can have it if we accept the opportunity which is afforded us by the building of a sufficient amount of civic patriotism. The city that has quietly investigated its own weakness and has taken friendly steps to eliminate them even at considerable expense, is entitled to rank among progressive cities. A.

#### Food Producers Decrease.

Hoard's Dairyman estimates that the forthcoming census in the United States will show sixty-five per cent of the population living in large urban centres and only thirty-five per cent in the country and in urban centres of less than 2,500 people. Since there are a large number of these smaller urban centres, the proportion of food producers will be a good deal less than thirty-five per cent of the total population, and it is estimated that every farm in the United States, great and small, must, on the average, produce food for fifteen per cent of the population of the United States.

**BASEBALL.**  
 Home After Good Week.  
 St. Peter's baseball team arrived home last evening after their baseball trip to Moncton, Amherst and Truro. All say it was one of the best trips they were ever on. The treatment accorded them by the people of Amherst and those in Truro was greatly appreciated and all are unanimous in the statement that they are the best type of sports. In the former place prominent citizens threw open their homes to the members of the team, who were unable to secure hotel accommodation, and in addition entertained them to a musical and social party to their departure for Truro. In latter town the boys were taken for a tour around the town and surrounding country in automobiles, and after the game in the evening were tendered a banquet. All three towns can boast of good ball teams, and while St. Peter's won five out of their seven games, they met stiff opposition and had to fight hard for victory.

A large number of fans from this city journeyed to Moncton on Saturday to witness the two games and they formed a regular band of "royal rooters". In the afternoon game St. Peter's won by a score of 9 to 4, and in the evening they again defeated the Vets, who were strengthened by some of the best players in Moncton. In the afternoon contest Priors and Cummings formed the battery for the All-Moncton team, and Stafford pitched for Moncton and Cummings and Addie caught, while Chestnut and Dever were at the points for the St. John boys. There were several accidents in the afternoon game, Joe Dever receiving an injury to his left knee in addition to having one of his thumbs quite badly hurt. Milan and Callaghan collided in left centre while going after Algie's fly, and both sustained minor injuries. In addition other members had fingers injured. On their arrival home last evening quite a number of fans were on hand to welcome the players and offer congratulations.

Ottawa, Ontario

#### Railway Rates.

It is pointed out that during the year 1918 the increase in wages granted on Canadian railways amounted to more than \$80,000,000, while the revenue increase was approximately \$40,000,000. It is also claimed that the prices of supplies and materials have increased more than 100 per cent since the beginning of the war period.

### REAR ADMIRAL AT CITY HALL

#### Warship Visit Returned This Morning

#### Provincial Welcome by Governor Pugsley, Who Later Boards the Calcutta — Officers Entertained at Club.

The fates this morning again greeted that dull, misty weather should greet distinguished strangers within our gates. On the occasion of the visit of the Prince of Wales on board H. M. S. Renown the weather man saw fit to welcome him with showers. So this morning when the city is being honored by the presence in port of H. M. S. Calcutta the elements would have their little bit of play.

Promptly at 10.30 Rear Admiral Sir Allan Everett, K. C. M. G., C. B., M. V. O., B. N., accompanied by Captain Commander Percy L. H. Noble, M. B. E., M. V. O., flag captain, and Lieut. R. G. Bottomley, flag lieutenant, left the ship and were driven to city hall, where they officially returned the visit of the city officials paid while the vessel was coming into port. They were received by His Worship Mayor E. Allan Schofield and Commissioners J. H. Frink, T. H. Bullock, John Thornton and J. B. Jones.

Receptions were exchanged and the party left at 11 o'clock for the Union Club, where they were officially welcomed to New Brunswick by His Honor Lieut.-Governor William Pugsley, who was attended by his aide-de-camp Major William Vassie and his secretary, R. S. Barker. The military authorities were represented by Brigadier-General A. H. Macdonnell, C. M. G., D. S. O., general officer commanding military district No. 7, and Lieut.-Colonel H. C. Sparling, D. S. O., general staff officer. Governor Pugsley spoke a few words of welcome to which a fitting reply was made by Rear Admiral Everett.

At 11.30 the gubernatorial party, composed of his honor, his aide and his secretary, drove to the ship, which is lying at the Pettigill wharf. As they passed on board the ship they were met by a detachment of marines commanded by Captain Williams. The marines band played a selection, after which his honor inspected the detachment. Rear Admiral Sir Allan Everett, who had received the party, then conducted his honor to his quarters, where he gave him an official welcome to H. M. S. Calcutta.

#### Luncheon for Officers.

A civic reception to the ship's officers was held this afternoon at 1.30 at the Union Club when the officers of the ship were the guests of the mayor and commissioners at luncheon. The dining room of the club was handsomely trimmed with flowers. The tables, at which officers were laid for sixty, were arranged in the shape of a horseshoe and were decorated with vases of red and white peonies. The mantle and buffet were trimmed with purple and red.

Mayor Schofield presided. He gave a brief address, extending a hearty welcome to the visitors and speaking of the pleasure afforded by their visit. Rear Admiral Everett replied, thanking the mayor and commissioners for the warmth of their welcome. Lieut.-Governor Pugsley made a happy speech, reiterating the sentiments already expressed in his honor to the vast shale deposits and the opportunities for the development of oilfields in the province. He spoke of these things in view of the fact that the Calcutta is an oil-burning ship. He continued in an optimistic vein, speaking of the future of the province and of the glorious destiny which was hers if she would embrace each opportunity. Brief speeches were made by a few others present.

The guests of honor included Rear Admiral Sir Allan Everett, Capt. Percy L. H. Noble, Lieut. Commander H. W. Rice, Pay Commander Roy, Engineer Commander Guinell, Surgeon Lieutenant Commander Lloyd Jones, Lieutenant Parry, Mr. Donnelly, Mr. Berry and Flag Lieut. F. C. Bottomley. Others present were His Honor Lieut.-Governor Sir William Pugsley, Hon. Dr. E. A. Smith, Hon. Dr. W. F. Roberts, Senator W. H. Thorne, Senator F. W. Daniel, Brigadier-General H. Macdonnell, M. P., S. E. Elkin, M. P., R. W. Wigmore, M. P., Collector C. B. Lockhart, J. D. Tilley, M. L. A., F. L. Potts, M. L. A., Dr. J. Roy Campbell, M. L. A., Sir Douglas Hazen, chief justice, Hon. J. E. A. McKeown, chief justice, Mr. Justice Grimmer, Hon. J. R. Armstrong, Hon. R. J. Ritchie, B. E. Armstrong, Capt. A. J. Mulcahey, Brigadier-General A. H. Macdonnell, C. M. G., D. S. O., Lieut.-Colonel A. J. McMillan, D. S. O., Col. W. H. Harrison, D. S. O., Lieut.-Colonel A. H. Powell, Col. E. Sturdevant, Col. Murray Macarthur, Col. H. C. Sparling, D. S. O., Major N. P. McCord, Major William Vassie, A. D. C., U. S. Consul H. S. Culver, Commissioners J. H. Frink, T. H. Bullock, John Thornton, J. B. Jones, Rev. G. A. Kurling, R. S. Barker, R. H. Anderson, F. A. This evening there will be a dance for the officers of the ship at the River House Golf Club. Among the entertainments planned for this evening are a series of rowing races in the harbor and an entertainment in the Seaman's Institute. While the vessel is in port the Imperial Theatre is open to all the officers and men.

H. M. S. Calcutta will probably leave tomorrow morning for St. John's, Newfoundland.

### Not Necessary of Course to Sell a Baby Carriage to Those Who Need One

No extensive selling effort needed to sell a family a baby carriage if a baby is a member of that family. So we'll merely say a few words about our stock of baby rolling stock.

First, it is complete and represents a wide range of material, design and, naturally, price.

Second, the springs and the whole workmanship represented in the line is second to none in town.

And springs are a big feature in a baby carriage because a hard riding carriage will cause the precious occupant a world of uneasiness.

We want you to at least include this store in your list when considering a carriage as we know you'll find it well worth while.
