BRITT TONIGHT

Lightweights Will Battle for
Pugilistic Championship.

Battle Between Corbett the Un-
beaten and Britt the New
Wonder Will Be Sensational

SAN FRANCISCO, March 25.—Young
Corbett and Jim Britt meet tonight.
Both men will be in the best possible
condition for what is expected to prove
one of the most sensational fights be-
tween lightweights ever waged in Amer-
ica. The California boy has never yet
known defeat either as an amateur or
in his two years' professional experi-
ence in the ring. His opponent, the
champion featherweight of the world,
has lost but three fights in the four
years during which he has been meet-
ing all comers and in many cases, in-
cluding desperate chances. The fight to-
night will decide the future of both
boxers and the winner will be hailed
as the prospective lightweight cham-
pion of the world. The men will fight
straight Marquis of Queensberry rules;
when they enter the ring both will be
down to weight, although it is expected
Corbett will go considerably below it.

Both men passed a quiet day, al-
though Corbett did some light work
during the morning. The betting was
brisk. The heaviest money is behind
the Denver boy, with the odds as a
rule ten to six. A good deal of western
money has been coming into town, most
of it from friends of Corbett, but they
are asking eight to ten in most cases.
The house has all been sold out and it
is calculated that fully five thousand
people will be turned away, the accom-
modation at Woodward's Pavilion being
limited.

"Spider" Kelly will be behind Britt
when he enters the ring, with Harry
Tuthill and Tim McGrath in Corbett's
corner. Eddie Graney will referee the
contest.

AN OLD HOUSE BURNED.

WOODSTOCK, N. B., March 25.—Fire
this morning almost completely de-
stroyed the residence of Wilmet Bal-
loch, known as the "Red House." It
was probably the oldest house in the
town, and had always been occupied
and kept in good repair. It is the
fire occurred from the barn, where a
trap had taken refuge. The house is
near the railway track. The firemen
are still working at the site.

CHINESE FOR CANADA.

VICTORIA, B. C., March 24.—The
British Columbia government has
learned from London that the Chinese
government has made a proposition to
the British government to allow the Chi-
nese immigration into British Columbia
under very much easier conditions than
now prevail, and hinting at the
abrogation of the \$500 head tax now
imposed by the Dominion government.
The members of the provincial govern-
ment interviewed today say that this
is the first time they have heard of
the matter, but that to them it
seems absolutely preposterous. The
question is an imperial, not a Dominion
one. The members of the ministry
say that no such interference with the
Chinese immigration laws of this country
could be tolerated, but they do not
believe that anything of the kind is
contemplated by the royal government.

JAPAN TRIED TO BRING

SWEDEN INTO WAR.

ST. PETERSBURG, March 25.—It
appears that the Japanese, who ap-
parently left no stone unturned to obtain
support prior to the war, went so far
as to send a special agent to Sweden in
order to see whether he could prevail
upon that country, counting upon the
well known sympathies existing there
to fall upon Finland and acquire that
country while Russia's hands were
tied.

The Norwegian government, however,
was not taken in by any such excec-
tingly naive political proposal, the ac-
ceptance of which would have been
fatal to her, and the Japanese mission
failed.

However, Mr. Kurino's late visit to
Stockholm, which excited curiosity,
may perhaps be in a measure explained
by the above.

The French officers, General Sylves-
tre, Major Cheminon and Captain Bul-
let, are here before going to the front.
The first is specially attached to Gen-
eral Kuropatkin's staff.

A telegram from the French de-
partment at Port Arthur, dated at
Port Arthur, repeats that neither at-
taches nor correspondents are wanted
at the scene of war until April 15.

EMINENT BOTANIST DEAD.

BERLIN, March 25.—Professor Carl
Schumann, curator of the Royal Bot-
anical museum, is dead. With the ex-
ception of the aged Sir Joseph Dalton
Hooker, no one probably had so com-
prehensive a knowledge of flowering
plants as had he. Prof. Schumann
made large contributions to the Flora
Braziliana and had studied deeply in
Tropical Africa. He was not yet fifty
years of age.

NOTED ATHLETE KILLED.

(Special to the Star.)

CORNWALL, Ont., March 25.—James
Riley, aged thirty-five, one of the best
known lacrosse men in Canada and an
ex-captain of the Cornwall Lacrosse
team, was accidentally killed in the
storm on Monday night last morning
just after the mill started.

The big Allan liner Tunisian will
sail tomorrow for England. She will
take away a large cargo and it is ex-
pected she will have a big passenger
list.

RUSSIAN TROOPS ARE
MASSING IN KOREA.

Strong Forces Crossed the Yalu River—Japs
Have Blocked the Entrance to
Port Arthur.

SEOUL, March 24, 7 p. m.—Japanese
scouts report that they have discov-
ered that the Russian troops are south
of the Yalu in much stronger force than
was thought.

A SPY HANGED.

SEOUL, March 25, 1 p. m.—A Korean
accused of being a Russian spy, has
been executed at Ping Yang by the Ja-
panese.

MARQUIS ITO DINED.

SEOUL, March 24, 7 p. m.—Marquis
Ito was a guest of honor at a luncheon
given today by the British minister,
resident, J. N. Jordan, and the British
consul.

RUSSIA WAS POOLED.

LONDON, March 25.—The Tokyo cor-
respondent of the Times, commenting
on the white book recently issued, says
that the signal concession in Japan's
last note during the negotiations with
Russia offering to recognize Manchuria
as outside Japan's political sphere, in-
stead of placing the Russians seemed
to lead them to imagine that Japan
would sacrifice anything rather than
fight. The entire correspondence, ac-
cording to the report of the Times,
shows that Russia was inventing false
pretenses for delay and that the
government at St. Petersburg subor-
nated itself to Viennese Alievist
throughout the negotiations.

KUROPATKIN WELCOMED.

IRKUTSK, March 25.—The entire
population of this place gave General
Kuropatkin an enthusiastic welcome
when he arrived here on his way to
Mukden. The general is accompanied
by Col. Khorkovat, superintendent of
the trans-Siberian railroad, with whom
he has been conferring regarding the
prompt transportation of troops and
supplies.

TRANS-SIBERIAN RAILWAY IN
GOOD SHAPE.

The work of constructing the Trans-
Siberian railroad around Lake Baikal
is in such shape that Prince Khilkoff,
who is at the head of the system of
Russian military railroad communica-
tion, feels that he can relinquish im-
mediate personal supervision of it. The
prince will have today for St. Peters-
burg.

BUSY SIBERIA.

ST. PETERSBURG, March 25.—A
p. m.—A correspondent on his way to
the Far East writes that Chita
(Siberia) "which formerly was popu-
lated by dogs is now alive with
troops."

He saw a mounted battery, drawn
by the Japanese, and the price are
very high and the supplies cannot last
more than four months. The railroad
was too busy with troop transportation
to haul provisions. The military trains
are proceeding with clockwork regu-
larity. The Bourne in a leading article
on Japanese sympathies among the
commercial nations at the outbreak
of the war is not being sustained, owing
to the fuller realization that the growth
of Japan into a great commercial cog-
nyr will mean the destruction of all
that the Europeans have accomplished
in the Far East.

A correspondent at Port Arthur has
interviewed a Russian officer who has
returned there from Shanghai. He
says the British are rejoicing at the
news of the Japanese victories and
that bulletins, in English and Chinese,
are distributed in the streets reporting
the destruction of the Russian fleet
and the fall of Port Arthur.

PARIS, March 25.—The St. Peters-
burg correspondent of the Echo de
Paris says that the head of the Arm-
strong Ordnance Company has had an
interview with high Admiral Grand
Duke Alexis. He will go to London
Saturday to solicit the permission of
the British war office to remain in
St. Petersburg during the entire period
of the duration of the war. Should this
permission be granted he will return
to St. Petersburg immediately.

TROOPS HEALTHY.

VLADIVOSTOK, March 25.—The
troops arriving here are in good health
and spirits, weather beaten and in
some cases with frost bitten faces, and
the only indications of their 7,000 mile
journey are their fur coats and felt
boots, which they brought with them,
though no longer necessary, as spring
is setting in with sunny days.

LONDON, March 25.—The Daily Tele-
graph publishes a despatch from its
Tokyo correspondent, under yesterday's
date, which says:

"On the night of March 22 the Japan-
ese fleet renewed the attempt to bottle
up Port Arthur. Sixteen warships es-
corted seven merchant vessels to the
mouth of the harbor, and under cover
of the bombardment the steamers ran
in and were sunk in desired positions.
Three thousand Japanese officers and
blue-jackets volunteered for this duty.
An official report is expected this eve-
ning."

LONDON, March 25.—The Daily Tele-
graph's circumstantial report from its
Tokyo correspondent that the Japan-
ese fleet renewed the attempt to bottle
up Port Arthur on the night of March 22 is
not confirmed from any other quarter. The
special despatches of the other morning
papers announce no new develop-
ments in the situation, but throw a few
slightlights on the operations.

ST. PETERSBURG, March 24.—Al-
though slow to believe that Japan de-
liberately contemplated a violation of

her pledge to respect neutral Chinese
territory, the reports received at the
ministry of war are so specific that
they compel consideration. The pre-
sence of disguised Japanese soldiers act-
ing as spies along the Shan-Kwan
road has been established, and Rus-
sian agents say that there is every
indication of an intended landing on
the west coast of the Gulf of Liao
Tung. The information conveyed by
these agents seems to coincide with
other information indicating a com-
plete change in the Japanese plan of
campaign or of its entrance into a
second stage practically involving the
abandonment of further heavy land-
ing of troops in Korea.

WOMAN LEFT HOME.

Mrs. J. H. Napier Leaves Her Hus-
band and Little Child.

Mrs. J. H. Napier, whose husband is
employed on the C. P. R. left home
suddenly a few days ago and at latest
accounts her whereabouts are unknown
to her husband and friends. Mrs.
Napier is a young woman and left be-
hind her a child about five years of
age. She also had a number of board-
ers and rumor has it that from them
she secured advances in money. Some
of the United States immigration
officers boarded with Mrs. Napier.

FUNERAL.

The funeral of Frank Roster, who was
killed by a train at his late residence, 18
Brook street, was held in the
New Catholic church, at 11 o'clock
yesterday. The Rev. Mr. McMillan
officiated and the Rev. Mr. Long and
Mr. McKim assisted. The Rev. Mr.

TRADE CONDITIONS.

NEW YORK, March 25.—Special tele-
grams from correspondents of the In-
ternational Mercantile Agency through-
out the United States and Canada
chronicle the customary irregularity
incident to the breaking up of winter.
General sentiment among traders is
less optimistic east than west, though
nowhere, unless it be southwest, is the
demand or distribution equal to that of
a year ago. Trade conditions in the
Dominion of Canada have improved
with the weather. Country buyers have
flocked to the larger cities, attracted
there by millinery openings and whole-
sale traders report orders satisfactory
in fancy goods, whitewear and shoes.
It is not thought, however, that the
volume of business will be quite as
large as that of last year. Wheat
of lumber are firmer on prospects of a
decrease out and inability to deliver
promptly at larger markets.

CANADIANS APPOINTED.

ST. LOUIS, Mo., March 25.—The
World's Fair committee have been
fired by Dr. Clark Ball, of New York,
chairman of the committee on arrange-
ments of the world's tuberculosis con-
gress to be held here during the
World's Fair of the following addi-
tional appointments: Honorary vice-
presidents, for the province of Ontario,
J. R. Stratton, Dr. Charles A. Hod-
gins, Toronto, and Henry O'Brien.
For the province of Quebec, Hon. A.
Robitaille.

Members of the committee on organi-
zation, Dr. John Ferguson and Prof.
Adam H. Wright, of the University of
Toronto.

GRAND TRUNK REDUCES
EMPLOYEES.

(Special to the Star.)
MONTREAL, March 25.—The gen-
eral manager says that he will reduce
the number of Grand Trunk employes
all over the system on account of
losses, caused by heavy storms which
interfered with transportation during
the winter.

tested the man.
Yes, darling, I did; but you must re-
member, that was before he proposed.

A TORNADO'S
DESTRUCTION.

Chicago's Suburb Wrecked
by Fierce Storm.

Houses Blown Down, Street Car
Knocked off Its Track by a
Flying Roof.

CHICAGO, March 25.—Several per-
sons were injured, many houses shaken
or lifted from their foundations and
miles of telephone and telegraph poles
and wires torn down by a heavy rain
and wind storm, which cut up some
queer freaks in the suburbs of Chi-
cago last night.

Further details obtained today show
that in Morgan Park and Fernwood the
storm reached tornado proportions.
Five houses were unroofed, another
blown from its foundations, and miles
of wires were blown down, blocking the
tracks completely. Sidewalks were
torn from their places and thousands
of yards of fences scattered through-
out the streets. The families of Peter
Mellen and Mrs. R. Ray had narrow
escapes in Washington Heights. Mrs.
Mellen and her daughters were in bed
when the roof was carried away and
the terrified women were drenched by
the rain. The Ray cottage was 200 feet
away. Mrs. Ray and several friends
were in the parlor when the roof of the
Mellen house crashed upon their dwell-
ing, wrecking the upper story.

Almost every house in Burnside was
damaged in the storm. Chimneys were
blown down, roofs torn away and there
was scarcely an unbroken window left
in the suburb.

Part of South Chicago was flooded.
The wind blew the roof from a build-
ing and hurled it against a street car
filled with passengers. The car was
knocked from the track. None of the
passengers were injured seriously. Falling
trolley and are light poles and
tangled broken wires stopped all traf-
fic.

A NARROW ESCAPE.

MONCTON, N. B., March 24.—A sleigh containing F. W. Winter, of this city, his wife and sister-in-law, Mrs. John White, was precipitated about six o'clock this afternoon over the Boundary Creek Railway Bridge. The fall was about twelve feet. Mrs. Winter's right arm was broken and she received other serious injuries. The others escaped with a bad shaking up. If the accident had happened a few feet further on the fall would have been fifty feet or more and all would probably have met death.

R. K. Y. CLUB.

A Most Enjoyable Smoker Held Last Evening.

There was a large gathering at the smoking concert held last evening by the Royal Kennebec Yacht Club in their city quarters and it proved a most enjoyable occasion. The programme was made up of an opening overture by the club orchestra, songs by Mr. Watson, G. S. Mayes, Mr. Kingsmill, Mr. Hicks, a trio by Messrs. Jones, Stevens and Jones, a band solo by Mr. Holder, mandolin and guitar duet by Messrs. Belyea and Beattsey, comic song by R. Mollison, selections by the Triantofe club, selections by the Holder quartette and the band quartette, Geo. Hoyt, Wm. Clarke, C. D. Holder and G. D. Davidson. During the evening Judge Ritchie in a few well chosen words wished Commodore Thomson a pleasant trip to Berlin and a safe return to his friends of the R. K. Y. C. Refreshments were served during the latter part of the evening.

HERBERT TUPPER.

MONTEAL, March 24.—The Star's London cable says: Sir Chas. Herbert Tupper, who is now in London in connection with the Yukon case, in an interview with the Star correspondent said that English people should understand that Canada was unanimous for preference. That decision would be more clearly shown during the debates of the present session at Ottawa. The conservative party were absolutely united on the subject. The reason that more had not been said is that Canadians do not want the British people to think that Canada cannot do without preference. Preference is desirable from a wide imperial standpoint, and would be a powerful incentive to British sentiment in Canada. And if the colonies made too much of a fuss just now, the British electorate might think the preferential movement was solely for the benefit of the colonies.

MORE FOR-MCGILL.

MONTEAL, March 24.—For some time graduates of McGill have engaged in forming a college union on lines of similar institutions at Cambridge and Oxford. A movement to further the project was held today at which the announced that Sir William MacDonell had made a donation of a valuable lot in the vicinity of the college, \$50,000 for a building and \$25,000 for equipment. Undergraduates have already raised about twenty thousand dollars and it is hoped to increase the amount to \$75,000, which will give the institution a sufficient endowment to make it thoroughly successful. The sum total of Sir William's gifts to McGill runs over three million dollars.

HAYS WANTS MORE.

TORONTO, March 24.—General Manager Hays interviewed Premier Ross regarding provincial subsidy for the Grand Trunk Pacific railway. The subsidy asked is to aid in building the branch lines from Port Arthur or Fort William on Lake Superior, to run northerly and connect with the main line, thus providing direct connection with Lake Superior and thus placing the new transcontinental line on equal terms with the Canadian Northern and C. P. R. The ground over which the branch would be constructed is mountainous and would entail great expenditure in construction work.

A ST. JOHN GIRL'S ROMANCE.

Began to Study Nursing, But Gave It Up to Marry Her First Patient.

The climax of a pretty romance occurred on Wednesday, April 6th, when Miss Constance Arnaud, daughter of F. H. Arnaud, of this city, will be married to Alfred Shorey, a prominent and very wealthy merchant of Montreal.

A couple of months ago Miss Arnaud, who has been one of the most attractive and popular young ladies in St. John society, left for Montreal to take up the study of nursing. She began her work in a leading private hospital of that city, where her first duty was the care of a convalescent patient. This patient, who was Mr. Shorey, succumbed to the ravages of disease, and that the sentiment was mutual is amply evidenced by her agreement, given before she left the hospital, to give up general nursing for the life-long care of a private case. The wedding will take place in Montreal and Miss Arnaud's parents will be unable to be present as they had completed arrangements for their departure for England before the date of the marriage was announced. Miss Arnaud will reside with friends in Montreal until the wedding day, after which she and her husband will make a tour of leading American cities, probably visiting St. John before their return to Montreal. Mr. Shorey is a young widower with two small children.

F. H. Arnaud, Mrs. Arnaud, Miss Winnifred Arnaud, and Mrs. Arnaud's maid will sail tomorrow for England, the Royal Bank of Canada in this city, has retired from the service.

BACK TO NEWFOUNDLAND.

William Pierce, Deputy Little Queen, Can't Visit the States.

William Pierce, the Newfoundlander who was turned back at Vancouver last week by the United States immigration officials, was sent back to Grand Narrows, the station in Cape Breton where he purchased his ticket.

Pierce was considered by the United States officials to be an undesirable citizen, and by the officers in this city to be of rather unsound mind. His baggage had been checked through to Boston. The local police who were hired to look Pierce up as a wanderer, appealed to the I. C. R. with the result that they secured a rebate on Pierce's ticket and that a search was made for his trunks. These were located in Boston and reached this city last night.

ORDER MADE IN COURT this morning to release Pierce from jail and send him home.

DIED ABROAD.

The Anacosta Standard of March 18 tells of the death at Missoula, Mont., of Mrs. Dinmore Pond, aged 58, who went there from Fredericton about nine years ago. She died at the residence of her daughter, Mrs. G. N. Butler. One son, John, is the sheriff of Ravalli County, another, Louis, lives in Missoula, and another, Dinmore, lives in Minnesota.

A LABOR PLATFORM.

The Trades and Labor Council held their monthly meeting tonight. Some important business will come up and the delegates from 20 different local unions are requested to be present.

The labor people intend giving out a platform in reference to civic matters. Upon this they will ask for support for their candidates.

NO OBJECTION.

The labor people will probably offer no objection to an amendment of the Factory Act involving the striking out of the section providing for a half-holiday. The arguments made by factory owners against the half-holiday portion of the bill are generally regarded as reasonable.

COUNCIL OF WOMEN.

There will be a meeting at 2.30 p. m. on Saturday at the home of the King's Daughters, of the Local Council of Women. Members are requested to accept this instead of usual notice.

Whom do you think about when you are about to house clean? Why, Ungar's of course.

HE WAS A GOOD SON.

So the Magistrate Dismissed Joseph Sudebear, Though the Evidence Was Strong.

On Wednesday night Joseph Sudebear was arrested on suspicion of stealing a die from Edward Murphy's blacksmith shop at the Marsh bridge. Thursday being civic court day he was remanded. This morning he was brought into court and pleaded not guilty. Daniel Mullin, R. C., appeared for the defendant, a young man of 22 years of age, who showed great self-possession and made several suggestions to his lawyer.

The first witness examined was Mr. Murphy. He said his place had been broken into Sunday and the die which he identified stolen. It was part of an outfit that cost him \$25. He valued the part in question at \$16. He also stated that since Sudebear had the die in question in his possession and that he recommended him to sell it. James L. Fitzgerald swore that he bought the die from Sudebear for fifteen cents, that the defendant said it was one his father used to own and that if there was anything wrong to send for him.

The defendant took the stand in his own behalf and swore that he found the die in the middle of the road. He admitted selling it, but denied he said his father had owned it.

Defendant's mother swore that Joseph was a model son and with tears in her eyes described how he had worked hard since his father's death to assist her to support the seven other children. Recently he determined to go to sea and signed articles in a schooner bound for New York. It was greatly against her wishes, but her boy pleaded with her that it was sure money and that she would not have to work so hard to support the younger members of the family.

The magistrate asked witness if Joseph had been a good son, and when she replied that he had been the best of sons tears streamed from the defendant's eyes. She told of her conversation with him regarding the die, of giving him the money to buy it back and his desire to return it to the rightful owner.

Mr. Mullin and his honor had a short discussion over technical points. Mr. Mullin, quoting a supreme court judgment as to what constitutes theft, re-argued his case. After some further discussion the charge was dismissed.

WOMEN PLEAD GUILTY.

Have No Defense For Keeping An Unlawful House on Brussels St.

Emma Ward better known to the police as "The Wasp" when brought face to face with unpleasant circumstances invariably tells the truth. At least Emma calmly admitted to the magistrate this morning that she and her husband were conducting a bawdy house on Brussels street.

Ethel Daig says she is seventeen years of age, but looked younger as she sat on the bench in front of the magistrate this morning. She appeared very bashful as with down-cast and tear-stained eyes in a soft and musical voice said "guilty to the charge of being an inmate of a bawdy house kept by Emma Ward."

His honor looked the couple over carefully, remarking that the full penalty was a fine of one hundred dollars or nine months in jail with hard labor, but he remanded them with the remark that he would have the case fully investigated.

The house in which the Ward woman lived is directly opposite the Centennial school. A small beer shop was run as a blind.

LIQUOR LICENSES.

All In Today—Number Will Probably Not Be Decreased.

At ten o'clock this morning eighty applications had been received for retail liquor licenses. This number was increased by a few others during the day. Seventy-five is the legal number. The liquor license commissioners met this afternoon at three o'clock to receive the report of Inspector Jones. The applications will be considered at a later date.

People on Douglas avenue are protesting against the re-licensing of saloons on that street. Representatives of the W. C. T. U. of North End are also protesting against the increase of licensed taverns in that section of the city.

Dr. J. M. Smith, chairman of the board, gives it as his opinion that the saloons of the North End cannot be shut up while those in other parts of the city are left open—petitions or no petitions.

The W. C. T. U. ladies who are back of the movement, say that their action was taken upon the advice of H. A. McKeown and A. W. Baird.
