CONTINENTAL EMIGRATION TO CANADA BLOCKED BY THE MORGAN COMBINE.

Ottawa, March 5—(Special)—A News cable from London says: 'The use of the continental emigration to Canada is a triumph for the continental ship combine and Morgan trust. The several combine determined to raise rates because the Beaver line has been the outlet for the emigration trade. Now more opposition has been met and there is a fear of the Canadian becoming a member of both the ship and Morgan combine. Sir Thomas Shaughnessy's arrival is expected to settle this question.'

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., MARCH 7, 1908.

SPROUL AND O'CONNELL MAKE EXHIBITION OF THEMSELVES AT KINGS DECLARATION.

Former Makes an Attack Upon a Reputable Hampton Firm, and Mr. O'Connell Tells About Giving a Man \$5--Hon. Mr. Pugsley Replies--Proceedings in Carleton and Restigouche Counties.

Hampton, N. B., March 3--(Special)--This was declaration day for Kings county and a feature of the proceedings was the exhibition which F. M. Sproul and J. D. O'Connell, two of the defeated opposition candidates made of themselves in addressing the electors.

There was a fair crowd in attendance at the proceedings. Sheriff Hatfield opened his court at 12 o'clock and the reading of the results of the election occupied until nearly 2 o'clock. Hon. Wm. Pugsley, Ora F. King and George G. Scott were declared elected, the official vote being as follows:

Pugsley.....2,210
Scott.....2,234
King.....2,071
Sproul.....2,196
O'Connell.....1,928
Moore.....1,973

This being done, the sheriff adjourned his court sine die and speech making was in order. W. H. Baxter, of Norton, was appointed chairman, and introduced Hon. Wm. Pugsley as the speaker of the day.

Doctor Pugsley expressed his sincere thanks to the electors for the support given him. Reviewing the campaign, he said he felt that he had given his best and anything to regret. He regarded the verdict of the people all over the province as an endorsement of the policy of the government and, in reviewing briefly that policy, he spoke of the exports of butter and cheese and predicted that in a few years the amount of those products would be \$1,000,000.

Gen. G. Scott followed and thanked the electors for electing him the fourth time. Ora F. King echoed the sentiments of the other speakers. He dwelt on the cheese and butter industry and urged on the farmers to take hold and have these factories in the middle and western sections of the county as well as in the eastern portion.

Mr. Sproul.
Fred M. Sproul spoke briefly. He referred to the political battle. He stated that if the people would let him serve in the future he would be at their disposal. During his remarks he expressed his doubts as to the allegiance of Hon. Mr. Pugsley to the Liberal party and said that it was stated the attorney general had used money and influence in the last federal election to defeat Orl. Donville, and he gave the name of a third party in the affair. He followed up by making a statement that a leading firm in Hampton had intimidated their employes to vote for the government.

Mr. O'Connell's Exhibition.
Mr. O'Connell, who followed, took the firm in question literally took their employes by the throat and forced them to vote as they did.

The accusation brought a storm of indignation and for several minutes the speaker could not proceed. One of the employes referred to stepped to the front and denounced it as a deliberate falsehood and stated he had worked 25 years with the firm and they had never asked him for his vote.

Mr. O'Connell evidently saw he had made a mistake and turned the subject aside.
Of the course of his remarks, Mr. O'Connell stated he had paid a man \$5, but that one of the committee men of the government side had bought him for a larger sum. He said there was a man in the gathering today with whom he would not shake hands and it is understood he referred to this committee work as claiming the honor for the government.

Mr. Whitehead's majority over Mr. McLeod, the highest opposition candidate, is 833.
Mr. Burden's majority over Mr. McLeod is 833.

DECLARATION DAY IN RESTIGOUCHE.

Hon. Mr. LaBillette and H. F. McLatchey Declared Elected--Mr. Mott Only Saved His Deposit.

Dalhousie, March 3--(Special)--A large crowd assembled today at the declaration proceedings. Hon. C. H. LaBillette and H. F. McLatchey were declared elected, and Mr. Mott barely saved his deposit.

The official returns are as follows:--
LaBillette.....1,566
McLatchey.....1,537
Mott.....678

Speeches were made by the three gentlemen and the Dalhousie brass band furnished music during the proceedings and entertained all the afternoon at Murphy's hotel.

DECLARATION DAY IN NEWCASTLE.

Newcastle, N. B., March 4--(Special)--A large crowd attended the declaration proceedings today. The full returns give the following results:--Morrison, 2,515; Loggie, 2,191; Morrison, 2,092; Watt, 2,002; Tweedie, 2,128; Burchill, 2,034; O'Brien, 1,915; Esch, 1,791.

Speeches were delivered by the elected and defeated candidates.

Official Result in Sunbury.
Oronotus, March 4--Sheriff Holden held court at Burton this morning and declared Messrs. Hazen and Glazier elected. The official figures are: Glazier, 632; Hazen, 648; Harrison, 568; Peake, 335.

After the result had been announced the candidates briefly addressed the electors, returning thanks for the support given them.

OFFICIAL FIGURES IN KENT COUNTY.

Richibucto, March 4--(Special)--An unusually large number of electors attended the declaration proceedings here today. The official returns gave Barnes 1,892; Goggin, 1,365; Johnson, 1,368; Hebert, 1,192 and Grouard 789.

Messrs. Barnes, Goggin and Johnson were declared elected. The candidates briefly addressed the electors thanking them for the vote given.

Mr. Hebert declared he would again be a candidate at the next election, and Mr. (Continued on page 6, fourth column.)

CHINESE TO PAY A TAX OF \$500 IN THE DOMINION

Government Will Bring in a Bill at Next Session of Parliament.

AN INCREASE OF \$400

Britain Warned That Germany May Swamp Her With Manufactured Goods--Brunet May Not Be Disqualified--General News of Ottawa.

Ottawa, March 4--(Special)--The dominion government has decided to bring in a bill next session of parliament increasing the head tax on Chinese from \$100 to \$500, this in accordance with the recommendation of the Chinese and Japanese commission.

A letter which appeared in the British press advocating protection by Britain against German manufactured goods is being circulated here. The writer of the letter says that Germany intends increasing the present duty on grain imported from Russia and in consequence Russia will not doubt more than double the existing duty on manufactured goods from Germany.

There was a meeting of the railway committee of the privy council this forenoon and evening, when all the members, Messrs. Blair, Fitzpatrick, Sutherland, Bernier and Sir Wm. Alcock, were present. A batch of growing cases were settled.

William T. Miles, meteorological observer at the central experimental farm, sub mits a statement for the month showing a total snow fall of 27 inches. It is five and a quarter inches more than last year and 13 inches more than the year before. The heaviest fall in 24 hours was six inches, on the 8th.

The dominion government has not yet been officially advised that C. R. Devlin, the immigration agent in Ireland, intends doing in regard to acceptance or refusal of the nomination in Galway. Mr. Sifton has called him as to his intentions.

Argument in the St. James election case was closed in the supreme court today. Mr. Aylesworth put up a strong case for Mr. Brunet and it looked this morning as if the applicant would escape disqualification. To disqualify, actual knowledge on the part of the candidate is necessary.

NOMINATIONS IN NORTH ONTARIO.

Candidates Are Geo. D. Grant, Liberal, and Geo. E. Foster, Conservative--Mr. Foster Too Ill to Present.

Beaverton, Ont., March 3--(Special)--Nominations for the dominion by-election to be held in North Ontario, March 10, were made here today. The candidates nominated were George D. Grant, Orilla, (Ont.), Liberal, and Geo. E. Foster, of Toronto, Conservative. Mr. Foster was not present, owing to illness.

GRANDEUR MARKS CELEBRATION OF POPE'S JUBILEE.

"PLEASANT TO DREAM OF." Retires to Rest With This Exclamation--Holy Father Supported Admirably the Fatigue of the Ceremony--7,500 People at Mass in St. Peter's.

Rome, March 3--The twenty-fifth anniversary of the coronation of Pope Leo was celebrated today with all the grandeur and impressiveness associated with the high ceremonies of the Catholic church and amid a display of enthusiasm and emotion on the part of the vast assemblage gathered within the walls of St. Peter's, such as vied with the greatest of previous demonstrations of reverence and affection for the aged pontiff.

Tonight all the sacred edifices in Rome, monasteries, convents, seminaries and also many private houses are illuminated in commemoration of the event. The Trevi square and the Leonine city especially presented a blaze of light while the general effect was heightened by the burning of Bengal fires throughout the city.

Pope Leo, who supported admirably the fatigue and excitement of today's ceremony, after having retired rose again from his couch and going to the window of his bedroom gazed for a while upon the scene of illumination. The view from the Vatican embracing a stretch of seven miles brilliant with light was a marvellous one and his holiness exclaimed as he withdrew from the window: "This will, indeed, be a pleasant thing to dream of."

About 7,500 people attended mass in St. Peter's this morning. At 11 o'clock the great bell of St. Peter's rang out a signal, followed by the changing of the bells of about 400 churches in Rome as they sounded the announcement that the pontiff was on his way to the basilica.

The life of the ancient city seemed to pause for a moment, hats were raised and for a moment, then all the pent up enthusiasm burst forth in a tremendous roar of welcome. From his elevation on the new sedia gestatoria carried by 12 men the Pope appeared to be more than a human being. He seemed to be a white spirit, this impression being added by the pontiff's white robes and white mitred, delicate features, face as white as alabaster and his thin hand moving slowly in benediction. It almost seemed as if all human attributes had been expelled from that stender venerable form.

As the sweet toned, well trained voices of the aistine choir sang Tu es Petrus, thousands of voices shouted long live Pope Leo, handkerchiefs fluttered in the air, the banners of the various societies present were waved, many of those represented overcome with emotion, sobbed loudly, and their fainter voices were heard.

When the Pope arrived at the throne the ceremony proceeded rapidly. Leaving the sedia gestatoria the pontiff knelt and prayed and then rose with his assistants, donned the falds and the new triple crown and the celebration of the mass began.

At the elevation a profound silence fell on the assembly, the guard presented arms and from the cupola came the sounds of silver trumpets. The Pope then administered the papal benediction and retired to a room for restorative, prepared for the purpose in the Vatican.

Every time he goes to St. Peter's, then addressing Dr. Lapponi, his private physician, the pontiff said: "You see, that after all your warnings the ceremony did me good, what touching loyalty."

HUSBAND KILLS WIFE AND SELF IN THEIR HOME.

He Was Maddened by the Jealousy of His Life Partner.

HURLED HER TO FLOOR.

Then Drew Revolver and Shot Her Through the Breast--Onlooker Fled as He Ran--People Belonged to Canada.

Leominster, Mass., March 4--After accusing his wife Cordelia of receiving attentions from another man during his absence, Medard Fiset shot and killed her tonight and then ended his own existence with a second bullet from the same weapon. The single witness of this family tragedy, Joseph Gariepy, says Fiset was actuated by jealousy in committing the deed and at the time was infuriated in the belief that during the afternoon his wife had deceived him.

Gariepy says that he does not know to whom Fiset referred as the "other man" when he came into the house and attacked Mrs. Fiset, throwing her to the floor. Fiset worked as a mechanic at the Whitney Reed Chair Company. He was known there as a good workman, sober and industrious at all times.

He left work at 4 o'clock. Gariepy says it was 5.30 when Fiset came into the house, meeting his wife in the kitchen, she being engaged in preparing supper as boarders were taken by the couple. Gariepy was in the kitchen also. He says Fiset at once accused his wife of having entertained a man during the afternoon and referred to attentions this same man had paid to Mrs. Fiset.

The woman made a retort and Fiset grasped her by the throat and, exerting his full bodily strength, hurled her to the floor. As she struggled to rise and had gotten upon her knees Fiset pulled out a revolver and placing it in front of her breast fired. Gariepy says he bolted out of the kitchen with the report of the weapon. As he rushed into the streets he heard another report.

When the police reached the scene Mrs. Fiset was found dead in a chair in the sitting room and her husband was lying in the hallway with a fatal wound in the right temple. Neighbors said bickering between husband and wife had been frequent of late and it was their opinion that Fiset's temper was often aroused by jealousy.

Mr. and Mrs. Fiset came here from Canada about four years ago. The couple had two sons--William, aged 21, and Eugene, one year older. Fiset was 46 years and his wife five years younger.

During the evening Gariepy added some facts to his previous story, saying that when he went to the Fiset house in the afternoon a man whom he did not know was in the kitchen with Mrs. Fiset. This man left the house about five minutes before Fiset came in. Gariepy says the same man was in the house yesterday and Mrs. Fiset made him promise not to tell her husband of this man's visit.

CONGRESS OF ALL-BRITISH CHAMBERS OF COMMERCE TO HAVE BIG BILL OF FARE.

St. John Delegates Will Have Very Important Matters to Deal With--C. P. R. Takes Over the Whole Elder-Dempster Staff--Now Confesses to Cold-Blooded Murder.

Montreal, March 3--(Special)--The 12 resolutions which will be submitted by the Canadian Manufacturers' Association to the congress of the Chambers of Commerce of the empire which will meet in Montreal next August are:

That British capital and emigration be directed more to the colonies, rather than to foreign countries; That the various colonies should undertake to contribute to the expenses of imperial defence; That a reciprocal preferential tariff be established within the empire;

That all treaties between Great Britain and foreign countries should leave Great Britain free to enter into such relations with her colonies and dependencies as might be deemed expedient; The establishment of a fast steamship service between the various ports of the empire;

The adoption of decimal currency and metric system; The establishment of intercolonial commercial consular; Imperial postage system throughout the empire not only on letters, but on printed matter and parcels;

In all contracts for public works, preference be given to British subjects; An imperial commission to visit all parts of the empire and prepare a report pointing out the resources of the various portions and how they may best serve the interests of the whole.

What facilities should be arranged whereby to and from the different parts of the empire news should be transmitted entirely through British channels and not be subject, as at present, to the censorship and influence of foreigners; That if the large tracts of land to the north of Canada are not at the present time part of our dominion or of the empire and held with a clear title, steps should at once be taken to have possession established.

C. P. R. Takes Whole Elder-Dempster Staff.

It is understood that the whole Elder-Dempster staff, as well as D. W. Campbell will be retained by the C. P. R. Mr. Campbell has been with the line, which he now represents, for some 27 years, having joined the staff of the old company in 1887 when he was a mere boy. In 1890 Mr. Campbell was made manager of the Beaver line. In 1896 he began dealing with Sir Alfred Jones about the selling of the staff of the line and in the spring of that year the transaction was closed, the old Beaver line being merged into the Elder-Dempster Company.

At the time the Beaver line fleet consisted of four steamships, the Lake Huron, the Lake Superior, the Lake Ontario and the Lake Winnipeg. The ships were sold to be unprofitable in this trade owing to their comparatively small carrying capacity and one by one they disappeared, new and larger ships taking the place of the four vessels. The Elder-Dempster Company will retain one, the Lake Ontario.

Killed in Cold Blood.
Belanger, the self-confessed murderer of Antoine Seguin, mayor of St. Eustache (Que.), has made a most important statement to the court, in which he admits the murder was without any extenuating circumstance and that the suggestion that his daughter's honor was at stake was without foundation.

Belanger says that a young man who was speaking to him at the time that he was about to admit that he killed Seguin, helped him to make up his mind by suggesting to him that as Seguin had been a man who was fond of women, perhaps Seguin had attempted the ruin of his (Belanger's) daughter. This prompted him to the declaration as given in the newspapers, but from the moment that it was first made known to him that his daughter had been made public he regretted the cowardice which had forced him to the excuse.

To the court, he frankly added that he killed Seguin in cold blood and had not an excuse in the world to offer.

PREMIER SPEAKS OF ELECTION.

Hon. L. J. Tweedie, premier of New Brunswick, arrived here from Chatham, Thursday and is at the Royal Hotel. He will be in town all day today. He says the legislature will probably be called for transaction of business on March 26.

"I am delighted with the result of Saturday's elections," said the premier in answer to a Telegraph reporter last evening. "The result was not a surprise, however, for I never anticipated that more than 10 of the opposition candidates would be elected. My calculations were based upon the grounds put forth by Mr. Mott for his opposition were not the real one and the electors seemed to be aware of this."

Hon. Mr. Tweedie expressed great pleasure at the outcome in St. John city and county and in Westmorland. He was his opinion that there would not have been as many opposition men elected as were, had it not been for the action in Charlotte county. This injured the government candidates in some parts of the province, as it was freely canvassed that Hon. G. F. Hill had left the government and joined the opposition.

Hon. Mr. Tweedie regretted very much the loss of his colleagues in Northumberland county, as they were all capable men and good representatives. Two of them, Messrs. Burchill and O'Brien, had been continuously here from Chatham since 1880 and he felt that this was a disadvantage because of this, feeling there ought to be new blood in the ticket.

As to Gloucester county, the government, he said, did not interfere in the election as both tickets were in support of the government. Speaking of the defeat of W. A. Mott in Restigouche county, he thought the electors were justified in their course as the grounds put forth by Mr. Mott for his opposition were not the real one and the electors seemed to be aware of this.

Hon. Mr. Tweedie was asked what day the New Brunswick legislature would meet for the transaction of the business of the province and replied that it would probably be about March 26. He could not say who would move the address or second it but this would devolve upon two of the new members of the house. The meeting of the government will be on Wednesday next at Fredericton, on Tuesday as before announced. Hon. Mr. Tweedie will be in the city all day today. He was the recipient yesterday of many congratulations on the handsome victory of Saturday last.

Let Me Convince You.

You who are sick and discouraged-- You who are doctoring without result-- Be fair with yourselves--ask me for the facts-- Learn how half a million others got well.

What Proof do You Want?
I have 65,000 letters from cured ones, and will send you all you care to read. I have a circular giving the names and addresses of one thousand people in one city, whom my Restorative has cured in just the past six months. Do you want it? I have actual records of over half a million chronic cases which I have cured in the past 12 years. Almost every year a neighborhood in America has its living witness to what my Restorative will do. Just ask for evidence and I can overwhelm you with it, for the evidence is everywhere.

My Restorative has made these cure by strengthening the inside nerves. It will do that with you. It will bring back the nerve power which alone operates the vital organs. It will give the weak organ power to do its duty. It does that invariably, and the results are permanent. I speak from a lifetime's experience with disease that no common treatment cures. It will make you well all over.

Dr. Shoop's Restorative on Trial

Advertisement for Dr. Shoop's Restorative, including a coupon to request a trial bottle. The coupon asks for name and address and offers a trial bottle of the medicine.

FATHER O'NEILL NOT TO GO TO THE PACIFIC.

Gifted Prefect of English at St. Joseph's University Will Remain--News of College at Memramcook.

St. Joseph, N. B., March 3--The rain and wind storm on the night of the election was the wildest experienced in this part of the province for a good many years. Father Cormier, though still weak, is practically free from pneumonia at present, and will probably resume his duties as steward in the course of ten days.

F. J. Sweeney, the Irish-Catholic M. P. for Westmorland, is a member of the St. Joseph's Alumni Association. He attended college in the student days of his lordship, Bishop Casey. It has been definitely settled that Father O'Neill is not to go to the Pacific coast to take charge of an Oregon Catholic paper. His Canadian religious superiors refuse their assent to the proposed plan, so for another year or two at least, St. Joseph's will probably retain her present prefect of English studies.

Our president, Father Roy, returned from Montreal on Tuesday. His trip proved far less melancholy than he anticipated. Although, according to professional advice on the 24th ult., his mother could not live another year or two at the most, he reached home on the 25th, and notwithstanding her 86 years, showed every sign of recovering when he left St. Laurent on the 29th.

OFFICIAL RETURNS OF QUEENS COUNTY.

Wednesday was declaration day in Queens county. The official figures are as follows: Farris, 1,331; Carpenter, 1,281; Woods, 938; Camp, 880.

OFFERED CURACY OF HALIFAX CHURCH.

Kingston, Ont., March 4--(Special)--Rev. T. W. Savary, curate of St. James church, this city, has received a tempting offer to assume the curacy of St. Paul's, Halifax. Rev. Mr. Savary is a son of Judge Savary, of Annapolis (N. S.).

COLD IN THE HEAD Can be Cured in a Few Minutes by Inhaling Catarrhazone.

By gently breathing Catarrhazone through the mouth and slowly exhaling through the nostrils, cold in the head can be cured almost immediately. Catarrhazone is very simple and pleasant to use, and is guaranteed to cure colds, Catarrh and all other ills of your money.

Mrs. Helen Brown, Annapolis, N. S., writes: "I have used Catarrhazone, and always found it satisfactory. It gave immediate relief to coughs and colds in the head, and the cleanest and most convenient cure for Catarrh I have met."

Mr. Robert Bennett, Kingston, N. B., writes: "I could not get without Catarrhazone. I had a cold in the head, and it was so bad that I was unable to do my work. It is so pleasant and convenient that it can't be praised too highly."

Buy a Catarrhazone now and you won't have colds; it prevents as well as cures them. Physicians pronounce Catarrhazone the most marvelous cough and cold cure of the age and state that it has no equal for bronchitis, lung trouble and catarrh. Two months' treatment costs one dollar, and is guaranteed to cure or your money back. Trial size 25c. At all druggists or by mail from N. C. Polson & Co., Kingston, Ont., or Hartford, Conn., U. S. A.

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., MARCH 7, 1903.

THE SEMI-WEEKLY TELEGRAPH. Published every Wednesday and Saturday at \$1.00 a year, in advance, by The Telegraph Publishing Company of St. John, a company incorporated by act of the legislature of New Brunswick.

ADVERTISING RATES. Ordinary commercial advertisements taking the run of the paper. Each insertion \$1.00 per inch.

IMPORTANT NOTICE. All remittances should be sent by post or by order of registered letter and addressed to The Telegraph Publishing Company.

AUTHORIZED AGENTS. The following agents are authorized to receive and collect for the Semi-Weekly Telegraph:

ST. JOHN, N. B., MARCH 7, 1903.

DECLARATION DAY IN KINGS.

Measrs. Fred. Sproul and J. D. O'Connell, two of the defeated opposition candidates in Kings county, were not satisfied with the judgment pronounced upon them by the people.

The second dance with which Mr. Sproul relieved the proceedings so interrupted by Mr. O'Connell that he, too, made propositions to explain away the dancing he received.

Mr. Moore showed good taste and good judgment by refusing to join Messrs. Sproul and O'Connell in their abandoned and foolish complaint.

AN EXTENSIVE BILL OF FADE.

As St. John will have delegates present at the congress of the chambers of commerce of the Empire which is to be held in Montreal in August, we read with additional interest the list of subjects which the Canadian Manufacturers' Association will ask the congress to discuss.

have the preference in regard to all contracts for public works in British dominions, that news should be sent to and from the different parts of the Empire only through British channels and should be freed from the influence of foreigners.

These resolutions make up but a single contribution to the bill of fare which the chambers of commerce will discuss.

STILL TALKING.

At the National Democratic convention in 1896, when the nomination of Richard Bland seemed inevitable, William Jennings Bryan, smooth of face and resonant of voice, captured a series of delegates and the nomination by his "You shall not press down from the crown of those upon the brow of labor!"

TWO IDEAS.

Every railroad train should carry a supply of anesthetics, says Mrs. Maude Ballington Booth, in order that the sufferings of the maimed and dying may be alleviated pending the arrival of wrecking trains and surgeons.

Mr. Booth's idea is that, however carefully any railroad may guard against an accident, it might better store in every train a supply of anesthetics than run the risk that its passengers might be subjected to torture and slow death before aid could reach them.

LIKE A LAMB.

March came in like a lamb, politically. The conquered thinned the electors and went back to their proper places in the social scheme without apparent rancor and certainly without any undue evidence of excitement.

THE JOINT HIGH COMMISSION.

In its issue of yesterday the Boston Herald expresses doubt as to the wisdom of convening the Joint High Commission again. In discussing the matter the Herald says:

shore than from shore to ship for the reason that in ninety-nine cases out of a hundred the wind is blowing almost directly from the vessel to the land.

during crises in the Empire's affairs. The people have hailed these verses as their voice expressed by a master.

GOOD NEWS FOR THE PROVINCE.

It is probable, as is set forth in an article in another column, that the Messrs. Harmsworth, of London, who own the London Daily Mail and a chain of newspapers in Great Britain, will establish in Gloucester county a pulp mill in which a vast sum of money will be invested.

THE PREMIER AND THE COUNTRY.

There are opponents, happily as few as they are, who take of deliberately wearing him out by obstructive tactics during the coming session.

Mr. Thomson, whose business appears to be to serve up for the American public a spiced dish of Canadian possibilities—some of which really are possibilities—foresees a great deal of trouble not only for the Liberal party, but for the country, when Sir Wilfrid Laurier shall have relinquished the reins of power.

THE PEOPLE'S LAUREATE.

London, March 1.—Rudyard Kipling's poem, "The Settlers," is hailed with delight by the Imperialists as a fitting epilogue to Chamberlain's mission. The Spectator describes it as majestic, patriotic verses by which the laureate crown of the empire has been earned and suggests that as every parish has its vicar's church warden and people's church warden, so England is entitled to have a King's laureate and a people's laureate. This is the unkindest cut which Tennyson's successor has received.

limited to go into better in promoting the rising ambition of Canadian youth for more independence of British rule than he will give them if he lives to lead in the next general elections.

Mr. Thomson, like many other observers of affairs in Canada, has a word to say of that "meaningless phrase, adequate protection." The present tariff, he says, is a "mighty satisfactory" although it is a compromise.

INCUBATORS AND BROODERS.

We have now a good stock of Cyphers Incubators and Brooders. Non-moister Self-ventilating Self-Regulating.

LOCAL AND PROVINCIAL.

The ice on the St. John River and tributaries is reported in excellent condition for skating.

The Jewish feast of Purim will be observed by the Jews in about two weeks. A month later the feast of the Passover will be celebrated.

Messrs. J. F. Reed and Harvey Weston have taken out about 9,000 sticks of timber back of Westfield this winter and have finished their work.

The first fifth match of the season will be shot on May 24th at the North End range. The corporation cup at present held by Captain J. H. Frost will be awarded the highest score.

Hugh J. McCormick, the ex-champ speed skater, came down from the Williams on the Kenebec, Tuesday morning, and reports the river smooth and solidly frozen.

The steamer Springfield will be put on the Bellisle route as soon as the river opens and will be kept there till early in June when the new steamer Beatrice E. Waring will be ready to commence traffic.

Mr. Miller, one of the owners of the wrecked steamer Lake Superior, has arrived in the city from Boston and will commence on Monday next the work of breaking up the vessel.

The local government will meet in Fredericton next Tuesday. It is not yet announced on what day the legislature will open, but this will be decided at the government's meeting.

The Italian barque Prospera, having been purchased by the Inverness Railway & Coal Company, will be used as a harbor tug during the winter months and as a tow barge during the summer.

Word received from Liverpool by William Thomson & Co. says that Captain Foote, of the steamer Pharsalia, is not so badly injured by the seas as was stated in the press dispatches. The steamer had a rough voyage, stowages were damaged, the main hatch was stove in and part of the cargo of grain was damaged.

Hon. J. J. Tweedie told a Telegraph reporter last night that the lumber business outlook on the North Shore is very favorable. Several small mills are going up and the big mill of the Shives Company will be ready for manufacturing this year. There is every prospect of a good season.

A despatch from Boston Thursday says that the steamer Penobscot, of the Eastern Steamship Company, which went ashore near Bucksport (Me.), Wednesday last Saturday, arrived at Boston in tow yesterday and was hauled out on the marine railway for repairs. She will probably be laid off for a month.

Inspector Belyea went to Mispege the beginning of the week to investigate a charge laid against fishermen that they were capturing salmon in the Shives Company's bay. He found that there was nothing to investigate as Saturday's storm had made such a clean sweep of the beach that there was practically no vestige of lobster fishing left.

Martin Hogan, father of Michael, and James Hogan, of this city, died Wednesday night at his home in Portland (Me.). Mr. Hogan was aged 88 years and is survived by six sons and one daughter—Michael and James E. of St. John; Martin H., John F., Thomas J., and Patrick of Portland; and Miss Annie, also of Portland.

Three bodies were taken through the city from the United States, Thursday. One was that of Miss Elizabeth J. Mazonald, who died from pneumonia in Boston on Monday. Deceased was 29 years of age and will be interred in Loganville (N. S.). The other was that of Colin H. Gordon, who died in Danvers (Mass.) on March 3. The third was that of George H. Chandler, who died in Boston on March 3 and was taken to Windsor (N. S.) for burial.

Friends of Miss Ellytha Ketchum, who was here a year ago with the Baker Stock Company, and again for a few weeks this winter with the McCallahan-Elis Company, will be interested in hearing of her engagement to W. J. Holmes, author of the pastoral play "One Night in June" which Miss Ketchum has played the leading role for nearly a year. The marriage will take place in June and the couple will make an extended tour of the old world. Mr. Holmes presented the prospective bride with a diamond engagement ring and a 3 carat diamond ring valued at \$5,000.

Mr. and Mrs. Charles Vanwart, of Woodstock, celebrated the 50th anniversary of their marriage last Thursday evening. About 30 guests were present and a very enjoyable evening was spent. A number of beautiful gifts were received from friends in Calgary, Ontario, Boston, St. John and Hampstead.

Some weeks ago a young Armenian arrived in the city from Halifax and the immigration officials searched the steamer arriving for a young Armenian girl, who he claimed, was kidnapped and sold to a Boston Armenian for \$25. The search here was without result. According to an article in Tuesday's Boston Herald the girl is but 14 years of age, arrived in the city Tuesday evening, and was purchased, and as his wife. She has been detained by the United States officials at Boston and she claims she was overpowered and does not want to remain the wife of the man, who went to London and married her. Her aunt and lawyer have the case in hand and it may go to the courts.

Mr. and Mrs. Charles Vanwart, of Woodstock, celebrated the 50th anniversary of their marriage last Thursday evening. About 30 guests were present and a very enjoyable evening was spent. A number of beautiful gifts were received from friends in Calgary, Ontario, Boston, St. John and Hampstead.

Some weeks ago a young Armenian arrived in the city from Halifax and the immigration officials searched the steamer arriving for a young Armenian girl, who he claimed, was kidnapped and sold to a Boston Armenian for \$25. The search here was without result. According to an article in Tuesday's Boston Herald the girl is but 14 years of age, arrived in the city Tuesday evening, and was purchased, and as his wife. She has been detained by the United States officials at Boston and she claims she was overpowered and does not want to remain the wife of the man, who went to London and married her. Her aunt and lawyer have the case in hand and it may go to the courts.

PRESENT SUBSIDIES FOR STEAMERS SUIT THE BOARD OF TRADE

Recommendation to Ottawa and Fredericton That They Be Continued.

These include Trans-Atlantic, and Lines to West Indies and South Africa; Also, for Services in Bay of Fundy and Along Shore—One Exception, However—Statement on City Taxation Matter.

The board of trade Tuesday afternoon dealt with steamship subsidies, taxation and other matters. The following were present: President W. M. Jarvis, in the chair; G. Fred, Fisher, H. G. D. Duncan, G. D. G. McLaughlin, W. E. Vroom, J. H. McRobbie, Thos. Potts, Joseph Ballou, and J. Hunter White.

A letter was read from Mr. J. H. Pemberton, representing the Marconi Wireless Telegraph Company, of Montreal, to the effect that the company must erect a station somewhere along the Bay of Fundy shore, and possibly in the neighborhood of St. John. The matter was referred to the committee.

Paraphrase, descriptive of the city, have been sent to the company.

President Jarvis referred to Colonel Tucker's report that he might get some definite idea of the board's attitude toward the breaker extension. Colonel Tucker will go to Ottawa on the 11th inst.

A summary of the proceedings of the council was read by Secretary Allison. In part it was as follows:—

Transportation Subsidies. The council has decided to recommend to the Dominion government the continuance of the existing subsidies to the lines of steamers running from St. John to the United Kingdom, West Indies and South Africa, and also those to the steamers running to Grand Manan and the Bay of Fundy.

The council has also decided to recommend an additional subsidy of \$750 per trip for the St. John-Halifax service for 10 extra trips for the winter season of 1903, to be made weekly, instead of fortnightly, and making the total subsidy for that service \$1,500, instead of \$750, as at present.

They have further decided to recommend a subsidy of \$10,000 by the Dominion government and \$3,000 by the provincial government for the St. John-Halifax via St. Stephen and South Shore Nova Scotia ports service.

They have also decided to recommend the continuation of the existing subsidies to the Government of New Brunswick for the Grand Manan service, and also to the steamers Clifton, May Queen and Star, and the Millville ferry.

These recommendations have all been forwarded to the Dominion and New Brunswick governments, and the council's action as to the Fort Kent dam.

It was also announced that the Manitoba Free Press, which had been added to the board's reading room, that Mr. T. S. Simms and H. B. Schofield, who have gone to the United States, have been given letters of introduction which, it is hoped, may promote business between St. John and the Islands.

The new arrangement that the following had been appointed delegates to the congress of chambers of commerce of the empire at Montreal next August: W. M. Jarvis, W. S. Parker, T. H. Somerville, J. H. McRobbie, W. F. Hatheway, J. F. Robertson and George Robertson, M. P. P.

The board's position on the proposed extension of the railway to the breaker extension was referred to the board of trade, and the report continued:—

The tariff and customs committee have had under consideration the payment of customs lockers by an increased rate of duty on private bonds, and have recommended that the existing arrangement remain unchanged. This recommendation, and also the request for taxation purposes, and also the request for the long term in the long term at the custom house, have been forwarded to the minister of customs.

The taxation committee have requested the publication of the following memorandum, sent to the common council on January 15th last:—

In the assessment committee of the common council, regarding civic assessment, which is now under consideration by your committee, I desire to remind you that, about four years ago, the board requested the common council to obtain legislation so as to enable the assessors to prorate the information as to rentals and other taxable values required to secure the preparation of an improved system of municipal taxation for St. John.

The necessary legislation was obtained about three years ago, but so far the common council has declined to undertake the procuring of the information.

Shortly after the time of asking the common council to obtain the above legislation, the taxation committee of the board of trade passed a resolution that the present system of taxing personal property and income should be abolished, and that the common council should be respectfully requested to consider the adoption of a measure based on the principles of the Montreal system, and that proposed for Halifax, as far as the extent of the subject of this resolution has been reported by the board of trade, because the information about the rental values, etc., has not been obtained.

It is perhaps proper to say here that some are in favor of taking into consideration the fact that, as far as the extent of the subject of this resolution has been reported by the board of trade, because the information about the rental values, etc., has not been obtained.

At a public meeting on February 19th, 1900, a resolution was passed asking the common council to amend the St. John

THE CITY AND COUNTY LIBERAL CANDIDATES DECLARED ELECTED.

Mr. Lantaulum's Majority Increased by Eight Votes.

Official Count Brings Him Within One of D. J. Purdy and 32 Above John E. Wilson—The Candidates Make Address.

Wednesday was declaration day in St. John city and county, and Sheriff Ritchie declared Hon. Mr. McKeown and Messrs. Robertson, D. J. Purdy and John E. Wilson, the Liberal candidates, to be elected.

The official figures are somewhat different, in the case of Messrs. Robertson, Purdy and Lantaulum, from those before published. The first returns as given in the official figures are as follows:—

Mr. Purdy loses five by the official figures, this being in Dufferin ward No. 1. Mr. Lantaulum gains eight—six in Dufferin No. 1 and two in Lansdowne No. 1. This brings his total within one of Mr. Purdy and gives him 22 lead over John E. Wilson, the highest Conservative.

The opposition figures as given before are correct. The official totals are:—

McKeown 4094
Robertson 3903
Purdy 3839
Lantaulum 3778
Shaw 3777
Wilson 3589
McInerney 3582
Hatheway 3570

In the county Hon. A. T. Dunn's total is 1245; Doctor Riddick's, 1100; F. M. Anderson's, 685, and Miles E. Agar's, 608.

The county men were just declared elected and then Hon. A. T. Dunn spoke for himself and Doctor Riddick. The meeting was held in the colored children's school room, which apartment occupies the upper story of St. Philip's church.

Miles E. Agar said he aspired to a seat in the legislature because it was the right of all. He believed in the opposition policy, but bowed to the will of the people. Side issues had returned the government and the government, he believed, so far as the administration of affairs was concerned that conditions would grow worse. For Mr. Anderson and Mr. Wilson, he thanked the people for the kindness shown them.

The City Candidates. After the official city declaration, Hon. Mr. McKeown said he did not look on his large vote as personal, but as a representative of the government. He thanked his colleagues and colleagues who had expressed their confidence and support towards the principles for which they stood. They had sought to carry on the government, and he hoped to remain to create a feeling between man and man. He thanked the people for their large vote and expressed satisfaction with the sheriff's conduct of the contest.

George Robertson, M. P. P., thanked the electors who had stood by the government. In the campaign he had said that nothing but the government, he apologized for. He spoke of the proposed public works here, expressed pleasure at Mr. Lantaulum's election and thanked the electors of the county.

D. J. Purdy, M. P. P., made a brief address. He spoke well of the government's policy and said, referring to a statement he had made, that he had not voted right on the Sunday law, that he would cast his vote the same way again. He thanked the electors.

Edward Lantaulum, M. P. P., thanked the electors and said he would do all he could for the city and province. His position as fourth man showed that his friends had stuck to the ticket.

John E. Wilson expressed thanks for his large vote and said he was proud to lead the opposition ticket than to be in the minority. He thanked the electors and said he would do all he could for the city and province.

William Shaw said he believed if the people had had a chance, they would have elected again. As it was he saved the trouble of going to Fredericton to watch the government doing things which almost made him sick at heart. He thanked those who voted for him and said if he was wanted again, his health would permit he would be at the service of the party.

George Robertson thanked the sheriff and returning officers and those who voted for him. He said the stumps were not properly collected and that \$500, which would be collected each year in Northumberland showed that the people knew the candidates.

He thanked the men elected, who were opposed to the Fort Kent dam. He hoped Mr. McKeown would send the school books are printed here. He thanked the resources of barbarism, and trusted that in a few years, with a secret ballot, the opposition to the dam would be put in power.

A vote of thanks to Sheriff Ritchie was moved by Hon. H. A. Brown, seconded by Mr. Shaw. The sheriff acknowledged it on behalf of himself and his deputy, John Rankin, and with cheers for the sheriff the proceedings closed.

The candidates made addresses. Mr. McKeown said he believed if the people had had a chance, they would have elected again. As it was he saved the trouble of going to Fredericton to watch the government doing things which almost made him sick at heart. He thanked those who voted for him and said if he was wanted again, his health would permit he would be at the service of the party.

NURSING MOTHERS

A mother's poor health had enough for the mother but worse still for the nursing baby.

Mothers find Scott's Emulsion a nourishing and strengthening food. The best milk is scanty or thin. Scott's Emulsion will make it rich and more abundant.

When mothers take Scott's Emulsion the babies share in the benefits. Thin babies grow fat. Weak babies get strong.

A VICTIM OF REFORM.

By John Fleming Wilson.

The San Antonio was a square stern, slender funnelled cutter, not beautiful or shabby, but profitable. So profitable, indeed, that she was now being painted and her skipper had gone East to get married. To the friends of Captain Van Olanda the two facts were indicative of a revolution. To think that the grimy San Antonio should be so successful was a puzzle. How had she prospered when the bride had been expected, the mate and engineer grew strangely uneasy. "I don't like it a bit," said the mate. "I tell you, Ben, when a seared old ruffian like the skipper gets a wife, there's trouble brewing. Why, he can't even get along with us."

DECLARATION PROCEEDINGS IN CHARLOTTE

Liberal "Colts" Gave the Opposition Ticket a Hard Chase.

MR. HILL'S POSITION.

Ex-Cabinet Member Says He is Still a Liberal, and Will Support the Government--Defeated Candidates Make Telling Addresses.

St. Andrew, March 6--(Special)--Today was declared a day in this county and quite a large number of the electors assembled in the morning to hear the returns and hear the speeches of the candidates.

The official figures as announced by the sheriff were: 2,125; Green, 3,075; Clark, 2,064; Hill, 1,834; Byron, 1,738; Mills, 1,698; Dewar, 1,588; Vroom, 1,449; Wetmore, 569. The first four were declared elected.

MATRIMONIAL KNOTS UNTIED IN LOCAL DIVORCE COURT.

In Ward vs. Ward and Hartley vs. Hartley, the Contracts Were Dissolved.

Divorce Not Granted in Case of Clements vs. Clements--Judge Gregory Gives His Reasons for His Decision in Each Case.

Fredrickson, N. B., March 5--(Special)--This morning Justice Gregory, in the divorce court, delivered judgment in the cases of the Clements and the Hartley vs. T. Chalmers B. Hartley, the following facts were reported.

The defendant did not put in any defence in the suit nor make any answer to the adultery charges. The defendant after the departure of his wife continued to live with her in the same house and then continued of openly keeping the company of Ethel Galloway and of having improper relations with her. Since that time they have lived together as man and wife until 1896 and had one daughter born to them who is now 14 years of age.

The case of George William Clements vs. Madeline Jane Clements was then taken up. This couple were married at Yarmouth Nov. 19, 1872, by Rev. Israel White, a Baptist Minister, who is now deceased. They afterwards lived at Darlings Lake until 1883. The plaintiff then left his wife and went to Montreal to work as a contractor. The defendant followed him to Montreal and there they lived together as man and wife until 1884. In 1884 defendant gave birth to a daughter at Halifax and wrote to her husband telling him that he need not adopt the name of his wife, as she had no other children. His honor doubted the jurisdiction of the court to grant an annulling of marriage since both parties had resided in Nova Scotia. Aside from that the plaintiff did not give sufficient evidence of having acquired a domicile in New Brunswick. With regard to the letter on which the plaintiff based his charge, he did not produce the letter nor could he tell if it was his wife's handwriting. His evidence was so shifting and ambiguous that it could not be trusted. The plaintiff had labored and his honor could not, on account of the long neglect and failure of plaintiff to provide for his wife, the marriage was dissolved on the grounds of desertion, and the divorce granted.

Ward vs. Ward
The case of Esther Ward vs. Bess Ward was then taken up. Both parties belonged to Westmorland county and were married Aug. 8, 1882, in Boston (Mass.) by the Rev. C. W. Withers. The husband deserted and took up his residence at Base Verre, where they lived together as man and wife for 12 years. After that time the defendant was addicted to drunkenness and maltreated his wife in a most cruel and shameful manner. In the year 1892 defendant left his wife and went to United States, where he resided for a month. He then returned to Base Verre and lived for a year without doing a day's work, being supported by his wife's hard labors. He then left his wife and went to United States, where he has since resided. The plaintiff has been reading and is still a resident of Base Verre. He has used for divorce on the grounds of desertion and adultery. The plaintiff gave evidence and her charges were proven true. The evidence was such that the plaintiff was held to be guilty of adultery. His honor then in view of the evidence adduced and the character of his wife, the marriage was dissolved on the grounds of desertion and adultery and he decreed and pronounced that the contract of marriage entered into by Esther Ward and Bess Ward be of no further effect. The defendant also shall pay plaintiff the costs of the suit.

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., MARCH 7, 1903.

LAURIER'S LIFE, AND THE PLACE HE HAS TAKEN IN HISTORY OF CANADA.

J. S. Willison Issues First Volume of His Historical Work—Fight for Freedom Waged Against Ultramontanes in Quebec the Central Theme—Sketch of Leading Politicians.

The first volume of "Sir Wilfrid Laurier and the Liberal Party" by Mr. J. S. Willison, has been issued from the publishing house of G. N. Morang & Co. The book is a singularly fine example of the publisher's art. Paper, printing and binding are of the best that has been issued in Canada.

The book is not written in the ordinary biographical form. It opens with a brilliant sketch of the early growth of the Liberal party in Canada, with graphic pictures of the great leaders who laid its foundation.

Mr. Willison traces the remarkable career of Mr. Laurier from many of his speeches, and it is interesting to observe, even in the earliest of them, the same strength, moderation, justice and nationalism that have won for him the admiration of the empire.

In entering upon the consideration of the momentous question of the relations of church and state, speaking of the clerical opposition to Liberalism which had caused Mr. Laurier's defeat in Drummond and Arthabaska, Mr. Willison says: "It may be that the clergy misconceived the aims and misunderstood the spirit of the Liberal party; and did not for sinister purposes maintain a deliberate alliance with the Conservative politicians."

MAINE NOT THE ONLY PLACE FOR HUNTSMEN.

Agitation of Hunters License Fee May Turn Sportsmen to New Brunswick.

The following letter appeared recently in the Boston Herald:—To the Editor of the Herald: The Maine Sportsmen's Association has held three meetings within about a year, at each of which the chief topic was the reported excessive slaughter of game, and what should be done for its curtailment.

All interested agree that with the annual increase in killing the total each year will eventually exceed the natural annual increase. No one knows whether the supply would indefinitely stand the drain of 1902 or not. It is well to take measures for reduction of the illegal slaughter—no some extent by voters I have no doubt, but it is too horrible to contemplate.

Open time in Maine: On deer from Oct. 15 to Dec. 15, on moose from Sept. 15 to Dec. 31, on everything. Old moose, with antlers measuring 20 inches, are very scarce in Maine; often met with in New Brunswick.

THOMAS TAIT'S NEW POSITION.

Some Details About Australia's Railroads, of Which He is the Manager.

Thomas Tait, the newly-appointed chairman of the board of railway commissioners for Victoria, will have his headquarters in Melbourne, the seat of government, and the most populous city in Australia, having a population, including its suburbs, of 463,836.

DESPERATE NEEDS OF MUTINEERS.

More Details of the Tragedy on the St. John Bark Veronica Related.

The seamen charged with the murder of Capt. Shaw, two mates and seamen of the bark Veronica, and setting fire to the vessel, were brought before the court at Liverpool on Feb. 16 and remanded till the 24th. The following account of the tragedy is told by the detective in charge of the case, as obtained from Capt. Brown, who picked the men up, and the steward's confession to him on the way home.

The dining galley was a dreadful mess, but the men were not to be deterred and just how the trouble commenced. The mutineers first killed an Irish sailor named Patrick Ryan, and then the first mate was shot at night watch at the time. The captain came out of the companion way and was struck down by a bullet in the head, which missed his head, and he got back to his cabin. The first mate came out and was at once shot dead in the cabin door. The steward, who was in his room in the cabin, hearing the men there, came in, and did not himself see the murders committed.

OBITUARY.

James McGuire. The death is reported of James McGuire, formerly a resident of Millidge street, who died at his home, 177 Leinster street, on Tuesday night, the 4th inst.

Mrs. G. F. Walker, formerly of St. John. The death of Mrs. G. F. Walker, formerly of St. John, wife of P. Walker, M. P., occurred at Boston (Mass.), last Monday. Deceased was in her 67th year and besides her husband leaves one brother and three sisters.

J. H. Wagstaff, formerly of St. John. The death of J. H. Wagstaff occurred at New York last Friday. Deceased was at one time a resident of this city and manager of the telephone exchange. Later he resided in Melbourne, and then removed to New York. While here Mr. Wagstaff invented a rapid index that met with success and is still used by many accountants. Deceased was 60 years of age and leaves a wife and family.

William Sinclair. A worthy citizen passed away Wednesday in the person of William Sinclair, who died at his home, 177 Leinster street, on Tuesday night, the 4th inst. Mr. Sinclair was 74 years of age and had not been in active life for some years; still he was able to be about, and on Saturday drove to the polls and voted.

Mrs. George A. Vessey. After an illness of but six days, Mrs. George A. Vessey was taken ill. North End woman, died Thursday. On Saturday last Mrs. Vessey was a prominent child, but nothing serious was thought of. On Sunday she had grown worse and a physician found that pneumonia had developed. Despite the best care and untiring watchfulness fatal termination could not be averted and the end came at 4.30 o'clock Thursday afternoon. Mrs. Vessey was the daughter of the late William Wallace, of Jerusalem, Queens county, Ireland, and was the wife of George A. Vessey, a prominent member of the W. G. T. U. Many friends will regret to learn of her death. Saturday morning the body will be taken to the morgue for burial.

TRAVELLER WITH HIS SKULL VERY BADLY INJURED.

P. E. Islander Hurt in Woods, Taken Through Here Thursday Night.

A badly injured man named W. R. Keegan, of Charlottetown (P. E. I.) was at the depot Thursday on his way home from the New Hampshire lumber works. He was in the employ of the Messrs. Blanchard, and in assisting to load cars with lumber, received a very severe blow on the head, caused by a log which, being insecurely fastened, started from its place.

A TERRIBLE FATALITY.

Walter Parks, Engineer at Gilbert's Island Stone Crusher, Caught by Revolving Belt and Dashed to Death.

Walter Parks, son of John Parks, of No. 230 Main street, lost his life by a terrible accident at Gilbert's Lane about 4 o'clock Tuesday morning. The young man was on a night shift as engineer of the engine which is running the stone crusher at Gilbert's Island where the L.O.R. is making improvements.

PRESENTATION AT LORNEVILLE, ST. JOHN CO.

Lorneville, St. John county, March 3.—The people of Lorneville and Sea View treated their pastor, the Rev. L. A. Macken, and his wife with a big surprise when on the evening of Feb. 27th, the second anniversary of their marriage, they without warning, invaded and took possession of the manse. The ladies bringing with them a supply of good things which they speedily spread in tempting array on the table in the dining room.

HOW TO AVOID GRIP.

An Eminent New York Physician Gives Some Sage Advice in Regard to It.

New York, March 3.—Dr. Cyrus Edson, in discussing the present epidemic of grip, is quoted today as saying:—"Grip is contagious, and if the public were fully aware of that fact many unnecessary infections would be avoided. The grip germ, a spirillum or bacillus, is located itself principally in the mucous membranes of the respiratory tract, and as it is an air-borne disease, one acquires it by breathing in the germ. Any evidence of its contagiousness is found by its passage through a family, a city or a section of the country, traveling along the ordinary lines of travel. It is in this way that it was brought to this country some 15 years ago, coming in steamers from Europe."

A New Temperance Division.

Rev. Mr. Hamilton, G. W. P., and grand officers of the Sons of Temperance organized a new division of the Sons of Temperance at Westfield Thursday night. The organization was conducted in the Agricultural hall. Every member was initiated and addresses were given by Rev. Mr. Hamilton, L. P. D. Niles, Lieut.-Col. A. J. Armstrong, John Law, P. A. Everett, L. P. McDevour and Joshua Shack. Officers were elected as follows:—G. W. Crawford, W. P. D. W. McKee, W. A. S. W. Sharp, O. S. Mabel Lingley, R. S. Annie Hayton, A. R. S. Wm. Duplissy, R. S. L. C. Prime, T. C. Stevens, C. R. Lingley, C. Laura Lingley, A. C. W. Stevens, I. S. S. W. Sharp, O. S. Mabel Lingley, S. Z. V. W. Edgar Stevens, P. W. P. Doctor Curran, D. G. W. P.
