New York School Tax .- There is some thing worth pondering upon: the school tax required from the Counties for 1877, is \$3,529,-174.32, being an actual reduction of \$5,677, 506.29. This reduction shows that the financial department of the Government is managed with great ability and care. The amount, however, for one State is enorm

A PRINSYLVANIA BOY MONSTER.—On Thurs day of last week a lad about 12 years of agrammed Francis Van Barrigar, whose parents live in Windsor, N. Y. lured two little boys into a barn and said he was going to kill them. He stripped the cloths from the youngestchild, and beat the little fellow with a heavy strap and buckle until he fainted from loss of blood, which streamed from his head, shoulders, back and legs. But this was not enough, and while his victim was still unconscious he attached the strap to his neck in good hangman style, and proceeded to hang him to a lawler. He placed the strap over one of the rounds of the ladder, and just as he was in the act of suspending his victim in the air, Mr. Creany's son, who had made his escape, came upon the scone with several other boys, and seizing the young Nero, dragged him to Justice Debois's office, from whence he was sent to jail. He shot a baby in Campville but a few weeks since, and the Coroner's Jury prenounced it "accidental."—Great Bend Reporter.

PROSPECTUS FOR 1875--- EIGHTH YEAR.

THR ART JOURNAL OF AMERICA, ISSUED MONTHLY.

A MAGNIFICENT CONCEPTION, WONDER FULLY CARBIED OUT."

The necessity of a popular medium for the representation of the productions of our great artists, has always been recognized, and many attempts have been made to meet the want. The successive failures which so invariably allowed each attempt in this country to estab and to be people of America to the cleims of egh art. So coon as a proper appreciation of the want and an ability to meet it were shown, the public at once rallied with enthu siasm to its support, and the result was a great

THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant mi-cellany of pure, light, and craceful literature; and a collection of pictures, the rarestep-cimen of artistic skill, in black and white Although each succeeding num ber affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it is bound up at the and of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class THE ALDINE is unique and original conception—alone and un approached—absolutely without competition in price or character. The possessor of a complete volume can not duplicate the quantity of uber of volumes for ten til and then, there is the chromo, besides!

The national feature of THE ALDINE DW be taken in no narrow sense. True art is cos mopelitan. While THE ALDINE is a strictly entirely to the reproduction of native art. Its mission is to cultivate a broad and appreciative art tasts, one that will discriminate only on ground of intrinsic marrit. Thus, while placing before the patrons of THE ALDINE, as a leading characteristic, the productions of the goods by mail free. Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Mevada mountains of California, the medicinal preparates of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegan Braturs?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigentor of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegan Braturs in healing the sack of every disease man is heir to. They are a geatle Purgative at well as a Tonic, relieving Congestion or Infianmation of the Liver and Visseral Organs, in Bilious Diseases.
