PRICE THREE CENTS.

SEBASTOPOL IS BEING EVACUATED AS REDS ADVANCE

GERMANY WILL NOT SUBMIT AN APPLICATION FOR MEMBERSHIP IN THE LEAGUE OF NATIONS

Dr. Hermann Mueller, in Making This Announcement, Declares That His Country's Government Would Not Hesitate, Though, To Accept Admission If an Invitation Was Extended—Does Not Consider the Organization Perfect.

Geneva, Nov. 13.—Germany will not make a formal application for admission to the league of nations, but would not ignore an invitation to become a member should it be extended, said Dr. Hermann Mueller, vice-president of the foreign affairs committee of the German Reichstag, in a statement to the Journal De Geneve yesterday.

"Germany will not ask the Assembly to admit her to the league," he declared, "because such an application would give rise to a sharp discussion in the Assembly, for it is known certain states have given indications they would oppose her immediate entry. I do not know whether they have sufficient support to insure the triumph of their viewpoint, but however that may be, such a discussion would be a danger to the league itself. Besides, the German Government does not consider the league in its present form as perfect. How, indeed, could it be, since to mention only two states, it includes neither Russia nor the United States, and universality is the fundamental condition of its existence.

"That, however, does not mean that Germany would maintain a reserved attitude in the event of some delegation raising the question of her admission, and if the Assembly should accept her, Germany would not decline an invitation resulting from such a decision."

C. N. R. MEN TO ASK HANNA TO RESCIND ORDER

Employees of System Strongly Opposed to President's Action.

ASK FOR REINSTATEMENTS

Delegation Awaits Reply of Official of Government Road.

Winnipeg, Nov. 13.—Employees of the Canadian National Railways are out flat-footed for the rescinding of President D. B. Hanna's order prohibiting employees from holding legislative offices, and for the reinstatement of the three men who have been put out of the service.

Action was taken yesterday, when a delegation representing all the C. N. R. organizations waited on A. E. Warren, general manager of the western lines, and placed their case before him. Mr. Warren referred the delegation to Mr. Hanna, and last night a wire was sent to Mr. Hanna, asking him to name a date for hearing the delegation. A reply is expected today, when arrangements will be made for a strong delegation going to Toronto.

WILL ADVOCATE GREATER IMMIGRATION RESTRICTIONS

Washington, Nov. 13.—Congress at the coming session will be urged by the house committee on immigration to restrict admission of aliens to the United States to close blood relatives of naturalized citizens. Representative Albert Johnson of Washington, chairman of the committee, said today. The committee, he added, will begin Monday to prepare recommendations for the restriction of immigration and for the foreigners in the naturalization bill now on the house calendar.

MINERS' EXECUTIVE IS WILLING TO ACCEPT A 50 PER CENT WAGE CUT

Truro, N. S., Nov. 13.—The agreement between the mine owners and the executive of the United Mine Workers, which was submitted to representatives of the miners in conference here yesterday, is a sweeping modification of the recommendations of the royal commission which recently investigated mining conditions in Nova Scotia. The reduction in the wage increases amounts to 50 per cent. The miners' executive urged its acceptance, but definite action is not expected to be taken until further conference is held here next Tuesday.

THE WEATHER

LOCAL TEMPERATURES.
Following are the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 32; lowest, 18.
The official temperatures for the 12 hours previous to 8 a.m. today were: Highest, 25; lowest, 18.

TOMORROW—SNOW FLURRIES, COLD.

Toronto, Nov. 14.—The weather forecast: Fresh to strong westerly winds; partly fair and cold, with snow flurries to day and on Sunday.

BIG TRADE POSSIBILITIES IN SOUTH AFRICA

Mr. W. J. Egan, Canada's Trade Commissioner in South Africa, who declared that the latter country prefers purchasing their requirements from Canada. He is now inquiring into trade possibilities in West Africa.

U. S. AND JAPAN ARE AGREED ON EXCLUSION ISSUE

Japan Wants To Assume the Initiative Regarding Emigration.

AMERICA'S METHOD Calls for Specifications of the Plans To Be Adopted by Japs.

Tokio, Nov. 13.—Newspapers of this city report the Japanese and United States Governments have reached an agreement relative to the exclusion of Japanese laborers from the United States. It is asserted, however, that there is no disagreement regarding the method to be employed.

The United States is understood to desire provisions for exclusion embodied in a treaty, but Japan, it is said, regards this procedure humiliating and as forming a precedent she might be forced to follow in treaties negotiated in future. Japan is declared to consider that measures prohibiting her subjects from emigrating can be taken only on her own initiative. In other respects the negotiations are progressing, it is reported, and, once this point has been settled, an agreement may be expected.

BOARD HAS NOT YET MADE AN OFFER FOR THE BECK PROPERTY

Proposition Will Be in Hands of Incoming Board of Education.

"While it is true," said R. M. McEthan, secretary of the board of education, in reply to an inquiry today, "that Sir Adam Beck has intimated, through a trustee, to the board of education that he would be willing to accept \$75,000 for his property in London for school purposes, it is not true, as stated in a Toronto paper this morning, that the board made an offer of this amount for the property. As a matter of fact, the offer has not yet been properly considered by the board."

"I understand that Sir Adam has been offered \$85,000 for the site, and that in expressing his willingness to give the board first option on it at \$75,000 he is, of his own will, showing a willingness to forego \$10,000 in favor of the school board. As the matter has gone at present, and decision on the proposition will, in all probability, be left to next year's board of education."

OFFERS LIBRARY TO UNIVERSITY.

Montreal, Nov. 13.—Rodolphe Lemieux, having inherited by the will of the late Sir Louis Jetté, K.C., M.G., dated 1903, the library of the late Lieutenant-governor of the Province of Quebec, has offered to donate it to the University of Montreal.

PUPILS HOLD PARLIAMENT

Here is a picture of the Pupils' Parliament of King George V. school, Norwood, with the principal, W. D. Bayley, standing in the position of king to the parliament. This boys' and girls' parliament settles most of the difficulties of the school without appeal to the King or to the House of Lords, which is composed of the members of the teaching staff.

WOULD CREATE BETTER INTEREST IN MUSIC THROUGHOUT WESTERN ONTARIO BY BAND COMPETITION

E. V. Buchanan Favorably Considers Suggestion for Holding of Final Contests Here During Western Fair Week.

London's growing popularity as a musical center has been noted in the minds of many citizens interested in the growth of the city, and the provision of means of recreation for the people, especially those whose working hours are spent in hand-to-hand occupations, such as obtain in many industrial callings, especially the larger factories.

Special attention will be given to this end in the annual report prepared for the board by E. V. Buchanan, general manager of the public utilities, in which report he will draw attention to the need for better bandstand accommodation, and the great part that free public music may play in the uplifting recreation of the great mass of the people of the city.

In this connection a proposition has been made, which is favorably considered by Mr. Buchanan, that a competition between all bands in Western Ontario be arranged as an annual event. The idea is that civic, military and other bands in the various counties

Marriage Of 12-Year Old Girl Annuled

New York, Nov. 13.—A decree of annulment was granted in supreme court yesterday, releasing Anne Lee Nong, 12-year-old Chinese girl, from her marriage with David Lee Nong, Binghamton, N. Y., restaurateur. Nong was alleged to have paid \$100 to the girl's foster mother, Mrs. Marie Chin Wore.

The girl, on the witness stand, testified that after she had been sold to Nong, her mother "put up" her hair and garbed her in such a way that she appeared to be a young woman. She had first escaped from Nong a week after the marriage, she said, but was captured by her mother and returned. She found refuge in New York later, with a Chinatown missionary.

WESTERN UNIVERSITY EXTENSION WORK IS PROCEEDING STEADILY

Activities of Board Not Confined to London Alone.

SERIES OF LECTURES Have Been Arranged for the Members of Trades and Labor Council.

The Western University Extension Board, which was recently organized under the chairmanship of Dr. H. W. Hill, is proceeding steadily to extend the scope of the university's work outside of regular academic classes. The activities of the board are not confined to London, but will include all avenues of possible development.

The Middlesex Milk Producers' Association, who spent a most profitable evening at the Institute of Public Health in August, witnessing demonstrations and listening to talks on subjects of importance to their business, are arranging for another evening of the same character to be held late this month.

Starting November 23 and continuing every Tuesday there is to be a class in nutrition at the institute, composed of a number of teachers and public school nurses.

The regular series of free Thursday evening lectures will begin on November 18, when Dr. R. C. Beattie of the department of physics, will lecture on "The Air We Breathe." This will be an illustrated lecture and will also be given at the institute. Three other Thursday evening lectures will be given before Christmas, and another series will be inaugurated immediately after the New Year.

The lectures to be given to members of the trades and labor council will start on the first Friday in January and continue three other Friday nights. The subjects to be taken up include industrial history, electricity, ancient Greece, and bacteriology. In this connection the Teachers' Guild and the University Extension Board are co-operating to bring Professor Dale to London to speak on the workings of the Workers' Educational Association.

The London branch of the Red Cross Society has granted to Western University a credit of \$2,000 a year for three years to carry on salary and expenses of the supervisor of the public health nurses course.

FOCH PAYS TRIBUTE TO NAMELESS SOLDIER

Famous French military strategist, who journeyed to Boulogne to honor the unknown soldier standing by the coffin and addressing the gathering he said that the annals of history hold no more glorious story than "these hundred and ten days of ceaseless offensive fighting which was done by the British army, and brought the war to a close."

THOUSANDS FLEE AS SEBASTOPOL IS EVACUATED

Refugees From Abandoned City Pouring Into Constantinople.

WRANGLER IN DANGER Anti-Bolshevik Leader's Position in Crimea Is Precarious.

London, Nov. 13.—Sebastopol is being evacuated and British authorities are requisitioning ships in Constantinople to take refugees from that city, says a dispatch to the Exchange Telegraph Company from the Turkish capital.

Eighty thousand persons in Sebastopol seek transportation from the city, says a Constantinople dispatch to Reuters, Limited. The dispatch, which was filed yesterday, says the number of ships available is limited, and that it is probable it will be impossible for more than 20,000 to embark. The first boatsloads of the refugees have arrived at Constantinople it is believed, but were not permitted to land, as housing facilities are limited and food is scarce. Their plight is described as very grave. Gen. Wrangel's situation in Northern Crimea is said to be desperate.

ALL IS PEACE AGAIN IN BASEBALL WORLD

Minors Expected To Join the Majors Under Landis' Banner.

Chicago, Nov. 13.—Peace reigned in baseball circles today following yesterday's meeting of the National Association of Professional Baseball Players, which resulted in the reorganization of the game. The sixteen club owners of the various leagues were in accord on every issue, which today left the same eight clubs in the National and the same eight in the American League, and the threatened war was averted.

The minor leagues are invited, and expected to join the majors under the Landis' banner, but whether they do or not the matter is settled as to the major leagues.

Chicago will be headquarters for the baseball commission, and offices will be opened immediately. If second and third leagues are chosen for the commission, it is virtually certain, according to the club owners, that Judge Charles F. Landis of Chicago will be one of them.

REFUSED TO BELIEVE TAXI DRIVER'S STORY

J. L. McKennon Fined \$200 For Having Bottle of Beer.

Because Acting Magistrate P. H. Bartlett would not believe that anyone could be generous enough to give away two bottles of honest-to-goodness beer, J. L. McKennon, taxi-driver, residing at 27 Glenwood avenue, was fined \$200 and costs in police court today. He was found guilty of having liquor in his possession, contrary to section 41 of the O. T. A. McKennon, who conducted his own defence, claimed that the bottle was given to him by a friend of a friend as the reward of a visit to that person's home at William and Philip street.

With a companion, McKennon was arrested as he stepped from an Ottawa car from which they had been ejected, for being disorderly. When the conductor called P. C. Thomas Fish to his assistance it proved McKennon's undoing. On the way to the station, McKennon's companion managed to dispose of a bottle similar to the one found on the person of the victim, but McKennon was caught trying to emulate his companion's example.

According to the story told by the prisoner, he and the other chap were a friend of the latter's at Ottawa avenue and Maitland street. The friend had invited them to his home, where they disposed of four bottles of beer for the "sake of Auld Lang Syne." As his guests left the house, the host gave each a bottle of beer to take home.

McKennon's companion in misery was taken into the box and corroborated the evidence given by the accused. He admitted that he disposed of his bottle. The magistrate told him he was born under a lucky star.

There is a possibility that McKennon will be charged with the offence of being drunk. His companion was fined \$10 when he pleaded guilty of being drunk.

SOVIET FORCES ARE IN CONTROL OF WIDE AREA

Paris, Nov. 13.—The Russian Soviet forces have won control of the Isthmus of Perekop, leading to the Crimean Peninsula, and the situation of General Wrangel, the anti-Bolshevik commander in the Crimea, is becoming precarious, according to dispatches received today by the French foreign office. The Al-Bolsheviks are said to be preparing to aid in the evacuation of certain districts in the Crimea.

The Bolsheviks have advanced beyond Perekop, the advances show, and have captured 12,000,000 cartridges, 18 cannon, 1 tank, 3 armored trains, 10,000 shells and much transportation material.

POLES OPEN STRONG OFFENSIVE AGAINST LITHUANIAN TROOPS

Copenhagen, Nov. 13.—A strong offensive by Polish troops was begun Wednesday on the northeast Lithuanian front, according to a Kovno dispatch to the Berlingske Tidende today. After violent fighting the towns of Smotry and Turmond were occupied by the attacking forces, which are now fighting outlying Novo-Alexandrovsk, the important station on the railway line to the Kovno province.

Disaffection is reported in the army of Gen. Zeligowski, the insurgent Polish commander, whose troops are supposed to be the ones referred to in the Kovno message.

The towns mentioned in the foregoing are just to the south of the Dvina in the region of Dvinsk. Novo-Alexandrovsk is approximately 20 miles south of Dvinsk, and Turmond is about ten miles east of Novo-Alexandrovsk.

GRADE SEPARATION IS ONE STEP NEARER

As Result of Visit by Dominion Railway Board Engineer.

Grade separation in London is one step nearer as a result of a visit from Chief Engineer G. A. Mountain of the Dominion Railway Board and Oulton Cauchon, town planning engineer, Ottawa, Friday.

With Mayor Little, City Engineer Brazier and Superintendent Charles Forrester of the G. T. R., they inspected conditions at Rectory street, where the special committee on level crossings had recommended a subway. Railroad and city plans for the work were inspected. Mr. Mountain will prepare a report for the railway board so that they will be better able to deal with the matter when it is laid before them by the city.

Every effort will be made to have the subway constructed in such a way that it will be a step in the eventual plan of complete grade separation. This may require raising the tracks for about a block in the vicinity of Rectory street.

SUGAR STOCK WEAK

Montreal, Nov. 13.—The shares of Al-lan Sugar Refineries, Limited, which were selling at 164 last July, and have fallen steadily since the sugar situation became acute, fell another ten points to 22, on the stock exchange this morning.

1,500 EXTRA HORSEPOWER FOR LONDON WILL BE AVAILABLE FOR HOUSEHOLD USERS OF CURRENT

Full Supply of Power for Homes With Exception of Two Days Per Week, Says General Manager of Public Utilities Commission.

Approximately one-tenth of the extra power which the negotiations between the hydro commission and the Electrical Development Company of Toronto have made possible for the hydro consumers in Ontario, will come to the city of London, according to E. V. Buchanan, general manager of the public utilities commission.

This means that at midnight Sunday practically 1,500 additional horsepower will become available for the use of the household hydro users in the city. But the receipt of this additional amount of power does not mean that the total shortage from which the city has been suffering will be overcome. When the acute conditions arose in the supply of power the city was docked approximately 2,000 horsepower, or 25 per cent of its requirements, so that there will still be a shortage of 10 per cent, or approximately 1,000 horsepower.

"But," said Mr. Buchanan, "I think that we shall be able to manage to get along with the 1,500 very comfortably." Asked as to how the additional power would be distributed, Mr. Buchanan replied, "It will all go to the household consumers, who are the only people who have suffered by the shortage in this way. The industrial users have been protected in order that the industrial conditions in the city should not suffer. This has been brought about by restricting the supply of power to the homes of the city from 8 o'clock Sunday, and again from 11:15 to 6 p.m. With the new supply I expect we shall be able to supply the demand for power to the homes, with perhaps the exception of one or two days a week. As soon as we are notified of the exact amount allotted to the households, we will be told what days of the week it will be possible to supply them with a full amount of power."

PRACTICAL SCHOOL FOR JOURNALISTS

Chicago, Nov. 13.—The Joseph Medill School of Journalism of Northwestern University will be established within the next few months with the plants of the large Chicago daily newspapers available as laboratories for students.

Classes will be held in the Northwestern University Building located in the downtown district, convenient to newspaper offices, to enter afternoon and evening classes of the shorter course. At Evanston, the campus of the university, the longer course will be established for beginners contemplating a newspaper career.

GUILTY EMPLOYERS ARE TO BENEFIT BY TAXATION CHANGES

Those Penalized Last Spring To Receive Remittance.

FAILED TO FILE LISTS OF SALARIES RECEIVED BY EMPLOYEES—FINE IS REDUCED TO \$10.

According to officials in the London district office of the department of taxation, the dispatch from Ottawa intimating that those for failure to pay income tax are to be refunded less \$10 per head, does not refer to individuals fined for failing to pay their own taxes, but to employers who failed to file lists of employees with their salaries, in some instances the employers being fined several hundred dollars at the rate of \$10 a day. Others were only fined for not filing a return, and it is understood that the treatment of all will be equalized by remitting fines or that part of the fine which is not correct in intimating a general refund of fines.

DEFENSIVE MILITARY TREATY WILL STAND FOR TWO-YEAR PERIOD

Prague, Czechoslovakia, Nov. 13.—The treaty of defensive military convention between Czechoslovakia and Jugoslavia, signed August 14, was today ratified by the Czech government. The treaty provides for military aid in case of unwarranted aggression from Hungary. The signing of the treaty is said to be in accordance with a third power without previously informing each other.

COTTON CONSUMPTION.

Washington, Nov. 13.—Cotton consumption during October amounted to 339,837 running bales of lint and 23,137 bales of linters, the census bureau announced today.

Consumption during October last year amounted to 325,841 bales of lint and 26,998 of linters.

EXTRA POWER TO BE TURNED ON SUNDAY

15,000 Additional Horsepower Will Be Available For Hydro Commission.

Toronto, Nov. 13.—A successful conclusion to the negotiations which have been going on for more than a week between the government and the Ontario Hydro-Electric Power Commission of the one hand and the Electric Development Company on the other, for the supply of 15,000 horsepower by the commission, was arrived at yesterday afternoon, and it is understood that the extra power is to be turned on at midnight on Sunday.

This conclusion was reached after a conference at which Premier E. B. Drury and Attorney-General W. E. Roney represented the government, R. J. Fleming, the chairman of the Electric Development Company (the Mackenzie interests), Sir Adam Beck the hydro commission, and Gen. Mitchell, the engineer chosen by the government and approved by the company to fix the price.

The agreement passed between Premier Drury and Sir Adam Beck of the terms of settlement this afternoon. Sir Adam Beck's written declaration of the terms of settlement, which was the premier's letter embodying the terms concluded as follows:

"It is believed that the hydro commission has been given the best possible arrangement to the members of the board."

It is believed that the hydro commission has been given the best possible arrangement to the members of the board."

It is believed that the hydro commission has been given the best possible arrangement to the members of the board."

Dog Owners Who Forget Taxes To Appear In Court

\$4,100 Is Already Collected From Bow-Wow Owners.

With only a month and a half of the year remaining in which to clear up accounts, City Treasurer James Bell today issued a notice to the owners of dogs in the city who have been delinquent in the payment of dog taxes. This will be the last day for the owners to pay their taxes, and those who do not respond against those who do not respond.

Whichever course is taken the city will be forced to pay the cost of the dogs, however, will make a considerable sum for the city. The city has already collected \$4,100 from the owners of dogs.

RELAY ON CHINESE BANKERS.

Hong Kong, Nov. 13.—It is reported that the ministry of finance, in view of the reported uncertainty of the terms of the consortium, has decided to rely upon the proposals of Chinese bankers for furnishing the Government with finances.

BLAMES PROHIBITION FOR CRIME INCREASE

Chicago, Nov. 13.—Statistics showing that crime and children have increased 28 per cent since prohibition arrived, and more rapidly in the last six months than during the first half of the year, were given in the annual report of Albert E. Webster, superintendent of the Chicago Protective League Association, made public today.

Persons who formerly drank heavily," the report reads, "have undergone a reaction which expresses itself in the lawlessness and crime of the family."

Other classes of complaints are also shown to have increased. Juvenile delinquency has increased 40 per cent, complaints against disorderly houses 80 per cent, the first half of the year, and complaints concerning runaway and immoral girls nearly 100 per cent over the last half of the year.

Just As Ford Reduced Prices Thomas Cut All Furniture To Pre-War Prices

Thomas---The Ford of the Furniture Business For London

It takes courage to play such a stroke as Henry Ford in the matter of price-cutting, and possibly wouldn't have done it had he not blazed the trail. We are only borrowing his knowledge of markets in our line. Despite the lack of profits, we feel it is a great stroke, as it will undoubtedly popularize furniture more than it is now, at the same time helping to reduce the world's greatest need.

Do Not Misunderstand

THOMAS ELECTED

THOMAS FURNITURE CO
LONDON, ONTARIO.

Nov. 13/20

London Advertiser Co.,
City

Gentlemen:

Attention Advertising Department.

Nothing succeeds like success and we certainly have enjoyed success aplenty in our present Pre-War Price Sale, commencing September 27. Indeed, our most sanguine expectations have been exceeded.

At the outset it was realized that in order to maintain lowered prices it was absolutely necessary to more than double ordinary business. The Executive decided to place the greater portion of this responsibility at the door of The Advertiser. The assured manner in which you accepted the onus of the burden instilled still greater confidence, with the result that advertising space was increased.

Merchandise has been shipped to almost every community in Western Ontario---call it mail order if you will---and you remember, during the second week of the sale, we were forced to suspend advertising to permit the delivery department to reorganize so that all this excess business could be handled.

A great spirit of co-operation exists in that plant of yours, resulting in some wonderful set-ups. This sale still continues and we still continue to use large space in The Advertiser and there is no doubt in our minds the value of your paper.

Yours for an Advertiser and a purchaser in every home. We are

"GIVE US A CHANCE," REPLY TO CALDER'S QUERY ON ELECTION

Saskatoon Audience Quickly
Removes Doubt From
Meighen-Henchman.

SASKATOON, Sask., Nov. 12.—(By Canadian Press.)—The Third Avenue Methodist Church, the largest auditorium in Saskatoon, was packed tonight when the prime minister and Hon. J. A. Calder addressed the electors in this city. Standing room was fully occupied and a large number of people were turned away. Hon. Arthur Meighen and his party reached Saskatoon at 6:30 this evening from Edmonton and left at midnight for Regina, where Saturday will be spent, and the electors of the provincial capital addressed.

"There is an election not very far away and it is very important that the people understand fully the nature of the issues," said the minister of Immigration.

Never Regretted.

Mr. Calder said he had never regretted his stand for Union Government and his part in it.

When the war was over and there was a period of unpopularity for the Government rather than precipitate an election, of late there have been demands for an election, but Mr. Calder gave his experience, that he had found that a person who wanted an election at that time.

"I believe," he said, "that if there was a poll, taken of this audience it would be found that very few would vote for an immediate election."

This statement was cheered and followed by cries of "Try the vote," and "Give us a chance."

Did Not Understand.

Mr. Calder said that three years ago he did not understand the tariff question as well as he did at the present time, for the reason that he had never had occasion to study it. "I was," he said, "more or less of a parrot, just as other people are parrots. I got up in our Legislature and advocated free fertilizers when I didn't know the soil and which of the other members knew more."

The speaker mentioned the Farmers' party, whereupon there were cheers.

Mention of the "Mackenzie King Liberal party" and "the party headed by Mr. Meighen" brought forth very hearty applause. He was not able to stand on the tariff plank of the Farmers' party, which stood for free trade, he said, and which denounced protection in every form.

DEMOLISH MONUMENT
ERECTED BY GERMANS

BRUSSELS, Nov. 12.—The monument, which was erected by the Germans at Couillet, near Charleroi, Belgium, in commemoration of the battle of Charleroi was blown up by dynamite by order of the municipal authorities yesterday afternoon.

An attempt to destroy the monument was recently made by private individuals.

NO ALIBIS IF SARNIA FAILS TO CUT DOWN TIGER LEAD TODAY

Borderers in Great Shape For Tussle Which Gives Chance For Another Championship.

SARNIA, Nov. 12.—With the most important game of the year less than a day off the rugby squad are all set for their battle with the Hamilton horde here tomorrow afternoon at Bayview Park. As the Tiger management has voiced the wish that they want to leave the city early in the afternoon train, the game will start sharp on time in order to give them an opportunity of making connections.

If the Hamiltonians win here tomorrow the local outfit will have no alibis to offer as they are in the best shape they have been in so far this season. With Farrott, Galloway, Rossberry, Gord Smith, Ellacott, Prangeley and "Hack" Smith available for line duty there is little prospect of the yellow and black banded crew showing any superiority in this department. On the back division Sarnia has an unchallenged edge in Harding and Karm. When Sammy Munson went in to punt for Hamilton in the last few minutes of the game Harding more than held his own with the player who once set the Big Four by the ears with his marvelous foot work. The report is that Sarnia's Tiger star half man, who will not play Saturday, is not taken seriously here. With Elford off the team the Tigers will lose a whole lot of their offensive punch. The Hamilton ends, who are in the trouble last Saturday, will be well looked after, and their effectiveness curbed, letting the Sarnia ends get down under Harding drives.

FRANK HAWLEY TO PILOT BRANTFORD JUNIORS

BRANTFORD, Nov. 12.—The organization of a Brantford Junior O. H. hockey team has been effected here. It is stated that there is plenty of material for a good team, and following officers have been chosen: Patrons, L. M. Waters, G. K. Wedlake, M. F. Verity, M. J. L. Brown, S. C. Chadsey, Roy Brown, A. J. J. Kelly, E. C. Gould, A. E. Day and J. A. Ward. The team will be coached by Frank Hawley, who was the successful pilot of the industrial boys' team last season. Frank Hawley, who was the successful pilot of the industrial boys' team last season, was unanimously chosen for manager, while Harry Fleming was appointed coach of the team.

OLIVER GIDLEY IS AGAIN PRESIDENT OF THE ELMWOODS

Fifty Members Out At Club's Biggest Meeting—Secretary Gets Purse of Gold.

Over 50 members turned out at the annual meeting of the Elmwood Bowling Club last night, making it the largest the club has ever held. A financial report turned in showed a splendid balance from the past season, and with the election of officers, was the main business of the night. The directors meeting was postponed.

The executive committee, which will be put on next season, and for which a new set of rules was adopted by the club, was elected. The conditions of the event will be later announced.

Charles Shepherd, who for several years past has been secretary of the southern trumblers, was brought up on the charge of having been elected to the position of secretary of the club, and was dismissed with a purse of gold. A. M. Hunt made the presentation address and the officers elected were: Honorary presidents, A. McQueen, John Duncan, O. H. Hunt, and George T. Mitchell; president, O. L. Gidley; first vice-president, Howard Harry; second vice-president, O. Deacon; treasurer, A. M. Hunt; secretary, C. Shepard; membership committee, A. M. McCullough, R. P. Haskett, H. E. Fairlie, C. Mitchell, Dr. Jarvis; games committee, A. Ave, S. Hildebrand, H. Harry, A. Bilbrough, P. H. Hildebrand, H. Harry, A. Bilbrough, O. B. A. H. A. Kompas and A. M. Hunt.

Big Soccer Meet Tonight Forms L. and D. Assn.

Marks New Era For Pastime in London—Eighteen Teams Certain.

London assumes new proportions tonight, as the named centre of a new London and District Soccer Association affiliated with the O.P.A. of Toronto, to be formed at a meeting at the Richmond Hotel, at 7:30.

Sarnia, St. Thomas and London will constitute the large centres of the new association and each will be proportionately represented on the officers' slate, which will be named tonight.

Of the local soccer men who are possible candidates for office in the new association, William Bisset's name is prominently mentioned as a choice for secretary. Whether Mr. Bisset would act as another matter. The other officers have had names mentioned in connection with each, but it will take the meeting to untangle some of the positions. The new association is practically certain of 18 teams as a start.

HIS SALARY ALMOST AS GOOD AS MOVIES

Judge Landis landed the job of bossing the major leagues at a salary of \$50,000, the highest salary in the new appointee stipulating that he be allowed to remain a federal judge, thus giving Uncle Sam a chance to pay part of his salary.

When a fan sees a game of organized baseball in the country across the border, he becomes the absolute word in baseball circles, and his kingdom embraces easily half a million fans. This is a bad year for democracy in the country across the border.

Landis, the supreme head of organized baseball will smash all the dreams of exorbitant salaries. Johnson may ever have dreamed into \$50,000 pieces. Fifty thou-

Judge Landis Accepts Supreme Authority in Baseballdom—At \$50,000 Salary—New Twelve-Club League Vanishes in Thin Air As Magnates See Eye To Eye Again.

CHICAGO, Nov. 12.—The warring baseball factions in the major leagues today made peace, each side conceding certain points to the other in the battle over the reorganization of professional baseball control.

After a three-hour session the representatives of the sixteen clubs voted unanimously to appoint Federal Judge Kenesaw Mountain Landis supreme dictator of the leagues' business, but did away with the civilian tribunal proposed by the Lasker plan, voting instead that Judge Landis should be a committee of one in complete charge of the administration of the leagues' affairs.

Judge Landis immediately accepted the position, but stipulated that he would remain on the federal district bench, and hold both positions. Judge Landis' salary as chairman of baseball will be \$42,500 a year, and he also will receive \$7,500 a year as federal judge, giving him an annual stipend of \$50,000. Originally he was offered \$50,000 as baseball chairman, but it was reduced by the amount he receives as judge.

The fundamental principles of the Lasker plan were agreed to by President Johnson and the five American League clubs which sided with President Johnson in opposing the Lasker plan.

After the meeting the magnates came out arm in arm, and the majority of them proceeded to Judge Landis' chamber to inform him of their decision.

No Men Left on Bags and Win? The Feat's Been Done

Brooklyn Dodgers Did It in 4-3 Decision Against Giants—There Were 11 Games in 1919 National Schedule of Same Nature.

BY ERNEST J. LANIGAN.

Out of more than 600 games played in the National League last season, there was only one in which one of the contestants failed to have anyone left on the bases. Generally, when a team goes through a combat without having one single pastime marooned on the runway it gets beaten, but on this occasion, at New York, on Friday, October 1, the club with a record of this kind won.

Brooklyn was the club in question, the Superbas getting a 4 to 3 decision over Philadelphia. The feat was accomplished by Phil Brooks Douglas, once one of the members of Gang Robinson. Shuffling Phil pitched a nice, freakish game, making first base Dead Man's Land for the flustered back bats as fast as they came up. During this time there was only one near hit, Ross Young's spooling Tom Griffith of a wisp by a noble one-handed catch of his fly ball up against the right field fence in the opening chapter.

Zach Wheat procured Brooklyn's first safety, a single, when he dedicated the eighth, and he scored after beating his way to second, on H. Harrison Myers' one spot. H. Harrison was forced by Wamm's throw, and after Kilduff's good throw, he made a terrible one and James Hart skipped to third, scoring a moment later when Griffith boosted a sacrifice to Burns.

Rather tough to pitch a game and lose it when no one is left on the sacks, but no novelty.

Same Thing.

Same thing happened to W. Dayton Perrett when he was pitching for the Cardinals against the Giants on August 15, 1913, the score of that argument being 6 to 1. Eleven McGraws qualified that day as baserunners, six of them scored. Ivy Wingo cut down four who tried to steal, and the other athlete was erased in a double play.

Eleven games in which no one was left on the bases were reported by the National League in 1919 by John Heydler, but seven of those games were phantom pombo official scores, and setting to report the number of athletes marooned when they filled out the blanks. Actually there were two games in the National that year in which no one was left—once pitched by Harry Sallee of the Reds against New York, on August 13, the other pitched by H. P. Carlson of the Pirates against Philadelphia a month later.

When a fan sees a game in which no one is left on the bases, he is witnessing something that crops up about once in a thousand times.

Twelve times last season in the National one side only had one man left on base, and in two games at the Polo grounds each side had just a single pastime stranded. These games were between the Phils and Giants, on April 20, and Cubs and Giants, on August 5, and were pitched by Eppa Rixey and Rube Benton and by Jim Vaughn and Jess Barnes. New York lost the first of these scraps, 3 to 0, and captured the second, 2 to 1. The other contests in which one man was left were as follows:

SNAIL RACES IN ENGLAND.

LONDON, Nov. 13.—England's workmen have become such habitual bettors that field laborers now arrange snail races and bet on the result, according to the report of a commission investigating industrial conditions.

MISS ALEXA STERLING MAY MEET CECIL LEITCH NEXT YEAR

American and Canadian Golf Champion Has a Strain of Scotch.

BY HEK.

NEW YORK, Nov. 12.—When Miss Alexa Sterling of Atlanta won, for the third time the Women's National Golf Championship at Cleveland recently, I heard a spectator, whose nationality you can guess, say: "I'm no surprised. The girl-I-I's a Scot."

This happy, burn-haired champion is the daughter of a Scotchman, and she is proud of it. But in addition thereto she is a perfectly magnificent, if not a sensational, perfect, golfer.

Other Stars Edged.

From time to time excellent women golfers have appeared, been headed as "world-beaters," and been eclipsed. Among them have been Miss Marion Hollins, Miss Constance Robeson, Miss Elaine Rosenthal and Miss Mildred Caverly.

Miss Sterling, however, has been a "repeater." Three in five years she has annexed the coveted title, proving that she is not a meteoric player. The only other American girl to win three times was Miss Beatrix Hoyt, who held the title in 1896, 1897 and 1898.

Here is a bit of important news, which comes direct from a personal friend of Miss Sterling: The American woman champion is seriously considering going to England next year. There she will come into competition with Miss Cecil Leitch, the British woman champion.

Great Match in Sight.

Miss Sterling and Miss Leitch are pre-eminent in their own parts of this globe. A match between the two would be worth crossing the ocean to see. And Miss Sterling would not suffer the handicap that other American players have. "The girl-I-I's a Scot," you know.

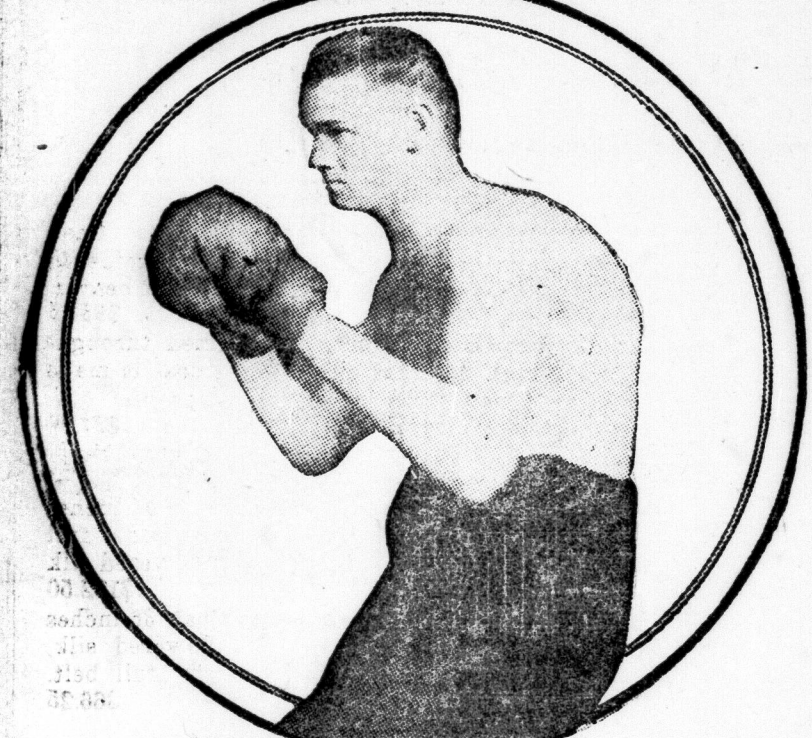

TUNNEL PIRATES TRIM SARNIA LEAFS 12-5

SARNIA, Nov. 12.—The fast-traveling Tunnel Pirates gave "Mick" McKay's Leafs a hard job when they defeated them 12 to 5 tonight. Soon after play started, Crompton passed to Barclay, who went ten yards for a touch. The Leafs evaded when Garvin fumbled, McKay falling on the ball behind the line. Garvin's punting was responsible for the next two points. Garvin placed his kicks so well that the Pirates worked up the field and scored again.

The line up:

Leafs.

Steele	L. H.	E. Robinson
Garvin	L. H.	McKay
McLean	R. H.	Rice
Barclay	P. W.	Van Horne
Canton	R. O. W.	K. Robinson
Mull	R. M. W.	G. Brown
Teskey	R. I. W.	C. E. Brown
Lamm	R. I. W.	Hallum
Haines	G. G.	G. Brown
Clark	R. I. W.	Cameron
Peyson	L. I. W.	White
Walsh	L. M. W.	White
Booth	L. O. W.	Busby
Grant	Quarter	Compton
Referee	G. Vines	Umpire—J. Knowles.

Scotty McDonald, who now makes his home in Sarnia, was nine rounds on the come-back journey Thursday evening in the bore city, fighting against Yankee Rue, a rather crusty lightweight from over the border, when he looked for a milepost and got a right cross to the jaw instead, the scenery meanwhile changing to chunks of stony night. A lot of London friends have been looking for him to make a real come-back, and that he should have run into the unexpected after making his man look very unwise for nine rounds, is rather tough. McDonald, whose real name is Swann, first came to light around Michigan fight club before the war. He was just emerging out of the preliminary class when he joined up with the Canadians. He fought several bouts in France and England, but got out of condition and training. When he came back, he started in earnestly to get into shape, and this was his first real attempt since an exhibition here over a year ago.

Manufacturers' League Lines Up Eight Teams For Start

Assure City League Supporters of Co-operation — Players Eligible For Both—Cap Graham Is Again President.

The Manufacturers' League got off to a splendid start last night at Bisco's with eight clubs in line for the season's schedule, and with the real P. T. Barnum spirit of making the crowd bigger and better than ever it was. The Manufacturers' League assured those behind the movement to form a city league that they would receive every co-operation, and that players would be eligible for both leagues.

President "Cap" Graham is still that, and most of the other officers were re-elected. P. L. Ferguson taking Clarence Armstrong's place as secretary-treasurer of the league.

A loss of the coin decided that the league would allow the teams to sign up two outside men and play one only in each game, after it had come to a vote on a motion to sign up two players of any organization and let them play each game. Those in favor of the latter motion thought it would produce a little better brand of hockey if two O. H. A. players could be signed, and while it probably would, the opportunities of some of the clubs signing such players were very small, thus giving the others an unfair advantage.

Much more enthusiasm was in evidence last night than at last year's pioneer meeting, and it spoke well for the Manufacturers' effort this season. President Graham emphasized the necessity of each club boosting for their own following.

All the clubs seem set for the start this year, and McClary, winners of the Bisco cup last year, will have a hustle on their hands shortly.

Another meeting of the league will be held in Bisco's store in two weeks.

What the Press Agents Say About the Shows

AT THE GRAND

THE MAID OF THE MOUNTAINS

AT THE GRAND TWICE TODAY.

"The Maid of the Mountains," with the entire London cast and chorus, will be the offering at the Grand twice today, at 2 and 8 p.m. sharp.

In arranging with the estate of George Edwards to bring this piece to Canada immediately following its five years' run in London, the Trans-Canada Theatres, all records for musical comedy runs in

Limited, were dependent for the assurance of its success largely upon the sentiment of the returned soldiers who saw it over there and upon their friends who have heard nothing else since the boys came back, but praises of this wonderful musical comedy.

That this dependence was not misplaced has been amply evidenced by tremendous enthusiasm, which the mere announcement that "The Maid of the Mountains," with the London company, was coming here direct from Daly's Theatre.

As the "Maid of the Mountains" broke all records for musical comedy runs in

Scene from "The Maid of the Mountains" at the Grand twice today, at 2 and 8 p.m.

London, so it promises to break all the records in Canada.

ELISIE JANIS AT THE GRAND MONDAY, TUESDAY AND WEDNESDAY.
The enormous popularity of Elsie Janis should be further enhanced by her appearance in her new Selznick picture, "The Imp," which opens at the Grand Theatre Monday. It is a far cry from this star's recent picture, "A Regular Girl," which was a light comedy, to her second production, which is a thrilling crook melodrama, but it speaks volumes for the versatility of the star.

In "The Imp," Elsie Janis appears as Jane Morgan, a girl of wealthy parents. A chance blow on the head alters the whole course of her life. It leaves her with the obsession that she is Annie Adams, a famous crook, known as "The Imp." She becomes skilled in thievery and her exploits cause the police to warn her father that she must be kept under close restraint. Dr. Gregory, a young brain specialist, offers to effect a cure and takes the case on the condition that all restraint be removed from Jane, he making himself responsible for her actions.

Then Jane disappears and is next seen amongst the denizens of the underworld. She has fallen in love with "The Leopard," an all-round "bad man" and leader of a gang of thieves. Together "The Imp" and "The Leopard" have turned several "tricks" and are now planning the big "blow-off," which will enable them to secure enough money to give up crime and start life anew. Then come a series of exciting incidents, culminating in a climax that is as novel as it is unexpected.

JOHNNY RAY COMES TO THE GRAND NEXT MONDAY, TUESDAY AND WEDNESDAY AS "FATHER."

Clever Comedian Will Star as "Father" in George McManus' Famous Cartoon Comedy, "Father's Close Shave." Johnny Ray, that funny fellow, who has created the funniest roles in film as Father in the George McManus cartoon comedy series, will star at the Grand next Monday, Tuesday and Wednesday on the same bill with Elsie Janis in "The Imp." In his latest comic scream, "Father's Close Shave," all the principals in the McManus cartoon series will be seen in the cast and the children will more than delight in seeing this latest scream.

Many new and novel added features will feature the program in addition to the feature picture and the big comedy. Prizma Master Pictures, in nature's own colors, will be something new in photoplays for Londoners, and will be one of the features of the big picture bill. Pathe Topics of the Day will herald picture news from all corners of the globe.

Matinees will prevail every day at 2:15, and the evening will feature two shows, one at 7 and one at 9.

"TWIN BEDS" AT THE GRAND NEXT THURSDAY.
It is a merry comedy that of alternate roars, screams and yells of laughter with galling-gun rapidity is what the audience want, then those that will continue on Page Eleven.

WHAT'S DOING AT THE LOCAL PLAYHOUSES

TWICE TODAY, AT 2 AND 8 P.M.—

The event of the season, "The Maid of the Mountains," direct from Daly's Theatre, London, with English cast and production in its entirety.

THE THEATRICAL EVENT OF THE SEASON!

COST HAS DOUBLED FOR NEW SUBWAY

Serious Problem Is Presented
To the Council At Brantford.

BRANTFORD, Nov. 12.—While the sum of \$45,000 was voted two years ago for the construction of the St. Paul's avenue subway, it was stated today that for \$1 voted then \$2 would be now required for the actual carrying out of the project. Tenders received show the advance in cost, and the municipal authorities are reconsidering the project of rebuilding Lorne bridge, for which the ratepayers voted \$211,000. That a new school will have to be built in West Brantford has been impressed upon the board of education. The board also faces the problem of increased accommodation at the college, and until this is settled, there will be no move made to help West Brantford. The latter district has grown appreciably, and the present Ryerson school is greatly overcrowded.

NEWBOY OLD BOYS DISPOSE OF FUNDS

NEWBURY, Nov. 12.—A meeting of the Old Boys' was held last evening in the hall, concerning the money in the treasury. It was decided to place \$200 in the Merchants Bank, leave \$50 in the treasurer's hands and give \$10 towards finishing the skating rink. Two German machine guns have arrived here as Newbury's share of the war trophies.

News has been received here of the death of Mrs. Ernest Archer, nee Miss Sadie Hagath of Windsor. Her parents are Mr. and Mrs. Edward Hagath of Moss. Besides her husband she leaves one daughter, Audrey, and an infant son, four brothers, Charlie of Nelson, B.C.; Fred, Tom and James of Moss; two sisters, Ida and Mrs. Trethaway and her parents.

Growing Children Thrive on Baker's Cocoa

Healthy children
do everything
strenuously; they play
hard, and study hard, and they
need nourishment and a lot
of it, and not one of the pop-
ular beverages meets their
requirements so well as good
and well made cocoa.

Pure and delicious.

"California Syrup of Figs"

Delicious Laxative for Child's Liver and Bowels

Hurry mother! A teaspoonful of "California" Syrup of Figs today may prevent a sick child tomorrow. If your child is constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good "physic-laxative" is often all that is necessary.

Children love the "fruity" taste of genuine "California" Syrup of Figs which has directions for babies and children printed on the bottle. Say "California" or you may get an imitation fig syrup. Beware!

1870 OUR GOLDEN JUBILEE 1920

Absolute Security

SECURITY is the all important feature in making an investment; the rate of interest promised is a secondary consideration.

Probably the safest investment in the whole world is a monthly income policy on the endowment plan taken in The Mutual Life Assurance Company of Canada for the following reasons, among others:

If the policyholder survives the term of the endowment he receives an income monthly which is guaranteed for at least 20 years.

Should the policyholder survive the 20 years the payments continue until his death.

If the policyholder does not survive the endowment term the beneficiary becomes the payee of the monthly income which commences at once.

Should the beneficiary survive the 20 years during which the payments are guaranteed they will be continued until her death.

In every way the assured and the beneficiary are both amply protected. It is impossible to lose under a monthly income Endowment Policy.

Send for our Booklet
describing this
Policy.

The Mutual Life of Canada WATERLOO, ONTARIO

S. J. HUNGERFORD AND EVOLUTION OF MOTIVE POWER

65% FREIGHT LOCOMOTIVE ON THE HUNGERFORD RATING IN USE TO DAY ON CANADIAN NATIONAL RAILWAYS. ENGINE & TENDER 81 1/2 FEET LONG. WEIGHT READY FOR THE ROAD 518,100 POUNDS.

Samuel J. Hungerford, who has been vice-president in charge of operation and maintenance of Canadian national railways, is of the type of man, young in years and old in experience. Born near Bedford, in Quebec, in 1872, he was only 48 last July, but he has been engaged in the business of the "rolling wheel" for 34 years.

As a boy of 14, at Farnham, Quebec, he first really became acquainted with a railway locomotive. Metaphorically speaking, he boarded it then and has made it carry him from the lathes of the machinery's apprentice to the chair of the vice-president of what will be, when the Grand Trunk system is included, the world's greatest railway.

Mr. Hungerford is a man of quiet action, who never seems to be in a hurry. He has a wide circle of friends in the railway world—friends that he made while mastering his various jobs in the mechanical department at important railway points clear across the country. Any of these friends, officer or employee, eastern or western, will say that "S. J." is there with the goods, and that he knows a locomotive and a car from the rails up, and how to utilize them to the best advantage. He has the reputation of being pastmaster in the art of handling men, of one who cannot be beaten on wage negotiations, and of one who is an all-round diplomat but firm as the proverbial rock when necessary.

Confidence in West.
In 1910, when the Canadian Northern, having a little more than 3,000 miles of railway in Western Canada, required a head for its mechanical department, the management approached Mr. Hungerford, at that time superintendent of the C. P. R. shops at Winnipeg.

The decision was typical of the method of the man in all things. He foresaw a bright future for the new line that was being so rapidly extended, and he saw the value of service with the C. P. R. to become superintendent of rolling stock of that company's only western competitor. He knew the west and also the country served by the C. N. R. He had been the C. P. R. expert on a system of 4,319 miles in 1886 to one of 11,000 in 1910. He knew also that Canada required a great deal more railway.

The expense of the mechanical department of the C. N. R. had been sharply during the first year of office. In 1910, when the Canadian Northern, having a little more than 3,000 miles of railway in Western Canada, required a head for its mechanical department, the management approached Mr. Hungerford, at that time superintendent of the C. P. R. shops at Winnipeg.

At the end of five years the mechanical department of western lines of the Canadian Northern Railway was in first-class shape, and S. J. Hungerford's judgment was extended over the eastern lines of the system in May, 1915. For two years and a half he was superintendent of rolling stock for the system at Toronto, having jurisdiction then that of the general manager, but he built up no department. Although always a mechanical department officer, he was bigger than his title would have made him, and he always realized that engines and cars belonged to the railway and not to the mechanical department, and that the good of the railway as a whole was also the good of any department.

of its new superintendent of rolling stock, whose motto was in effect "first get your engines in shape, then use them." He watched the operation of the line and provided the power, and his plan was to urge the use of the heaviest engines where traffic was heaviest in order to reduce the train movements, making it obligatory on the maintenance of way forces to keep the track to the standard required. The heavy engine went on and the tracks were maintained.

Brought Out Huge Engines.
The new C. N. R. official had also a definite idea as to what a real engine on a real railway ought to be. The C. N. R. standard, of 100 per cent, locomotive was of 2,000 pounds draw-bar pull, as against the C. P. R.'s 20,000 pound standard, which shows that the new road was nothing if not a locomotive in the light of the rapid development of locomotives these engines were too puny to be classed as 100 per cent, so he, as it were, "hit his character to a star" by adopting for the C. N. R. the 10,000 pounds draw-bar pull as the minimum standard for the new line. The C. N. R. had at that time no engines rating higher than 35 per cent, and he had to get up to 100 per cent, but he had engines that have a draw-bar pull of 65,000 pounds, which gives them a percentage of sixty-five. This rating means that for each 1 per cent there is 1,000 pounds of draw-bar pull or tractive energy delivered by the locomotive to the train.

At the end of five years the mechanical department of western lines of the Canadian Northern Railway was in first-class shape, and S. J. Hungerford's judgment was extended over the eastern lines of the system in May, 1915. For two years and a half he was superintendent of rolling stock for the system at Toronto, having jurisdiction then that of the general manager, but he built up no department. Although always a mechanical department officer, he was bigger than his title would have made him, and he always realized that engines and cars belonged to the railway and not to the mechanical department, and that the good of the railway as a whole was also the good of any department.

MEMORIAL HALL IS
OPENED AT COURTLAND
Tablet to Men Who Fell Overseas
Also Unveiled.
COURTLAND, Nov. 12.—People from all over Middlesex Township were here last evening for the formal opening of the splendid hall to the memory of the men of the township who fell in the war. A. O. Sandham was in the chair and a feature of the proceedings was the unveiling of a memorial tablet of bronze, 4 by 4 1/2 feet, containing the names of twelve fallen heroes, and of seven living ones, who have been willing to sacrifice their lives if necessary and are entitled to every consideration. Reeve Langford complimented the people of Middlesex on having erected such a splendid hall and the British oak, he said, was truly emblematic of the sturdy spirit of the British people of Hamilton at Simcoe, who was paymaster of the 13th Norfolk Battalion, made a splendid address, in which he pointed out the splendid sacrifice made by all who had volunteered. Those who had returned, he said, had been willing to sacrifice their lives if necessary and are entitled to every consideration. Reeve Langford complimented the people of Middlesex on having erected such a splendid hall and the British oak, he said, was truly emblematic of the sturdy spirit of the British people of Hamilton at Simcoe, who was paymaster of the 13th Norfolk Battalion, made a splendid address, in which he pointed out the splendid sacrifice made by all who had volunteered. Those who had returned, he said, had been willing to sacrifice their lives if necessary and are entitled to every consideration.

After sketching the chaotic condition of the world as a result of the war and presenting an optimistic outlook regarding the possibility for recovery from the havoc that had been wrought, the ambassador remarked that to return to normal conditions was contingent upon the establishment and maintenance of a proper international understanding. To live at peace in a spirit of war as the world lived from 1900 to 1914 would not be enough. "We must have world peace and the spirit of peace between the nations or humanity's confidence may be irretrievably destroyed," he said.

Close Co-Operation.
"To secure peace and the spirit of co-operation," continued Sir Auckland, "I firmly and truly believe that there must be a very foundation of our effort close co-operation between all the English-speaking nations, and indeed, which draw their ideal of government from the old mother of freedom—England. It is the duty of all nations to check with the United States, Canada and the United States, which for a hundred years and more has known no act of international aggression and enmity with any nation with one another as they face in succession common problems and common difficulties, and Canada, as one of the great partners in the British Commonwealth of nations, can also understand and sympathize with Britain, Australia, New Zealand, South Africa, India and their smaller partners as they face common problems and difficulties."

When that work had been completed a vacancy occurred in the general management of the eastern lines of the Canadian Northern and Mr. Hungerford was appointed to the position, which he occupied until the consolidation of the lines of the Canadian Government railways with those of the Canadian Northern Railway System was effected one year later. Again there was the necessity for standardization in connection with the shop practices and equipment of those two systems, but the Canadian National management did not consider it desirable to establish a separate mechanical department. So a new title was created—assistant vice-president in charge of the mechanical end of the great system, and second in command of the operating and maintenance forces. This arrangement was continued until the recent appointment of Mr. M. MacLeod as vice-president in charge of construction for the system. Mr. Hungerford in sequence becoming vice-president of operating and maintenance activities.

He will have the direction of forces that spend more than 90 per cent of the total operating cost of the system, and these on the present mileage (including the G. T. P.) and with the present equipment, cost the public about 167 million dollars per annum. It is Mr. Hungerford's business to see that the great expenditures of money by day on the public-controlled road are so made as to insure the largest return in condition of track structure and equipment and the movement of the largest amount of traffic possible. Those who know Mr. Hungerford well have complete confidence in his capacity. He is regarded as one of those men who, with the president, Mr. P. F. Hanna, will set new standards of devotion to duty and loyalty to employers—in this case the general public of Canada.

HOOKWAY IS NAMED
T. & N. O. CHAIRMAN
Will Succeed J. L. Englehart
of Petrolia in Big
Position.
ST. THOMAS, Nov. 12.—Labor circles in St. Thomas have been advised that A. E. Hookway, Michigan Central conductor and a prominent labor man, has been appointed chairman of the Temiskaming and Northern Railway to succeed Mr. Englehart. Mr. Hookway is an ex-alderman of St. Thomas and chairman of the board of health.

NEW LOW PRICE FOR
HOGS AT CHATHAM
Quotation Drops Down to \$15.50 at the Market.

CHATHAM, Nov. 12.—Hogs were sold at the market scales this morning at \$15.50, the lowest price on record this year. "That the Chatham branch of the G. W. V. A. called upon the Government to make armistice day an annual holiday to commemorate the day as one of thanksgiving, and as a memorial to those who have given up their lives to their country."

The above resolution was enthusiastically passed at the celebration of veterans of Chatham and Kent county in this city last evening. The veterans gathered to celebrate the signing of the armistice in the Labor Temple, and were assisted by Mayor Briscoe, Magistrate Arnold, A. E. McColl, M. P. P., and many others who helped to make the evening enjoyable.

HORSE-DOPING IN FRANCE.
PARIS, Nov. 13.—Maurice d'Okhuysen, trainer of Titante, a famous French horse, has been fined \$800 for giving the horse stimulants before the race for the prix de Glatigny. The horse won.

SUPT. BARNARD MADE OFFICIAL CHAPTER VISIT

Royal Arch Masons Elect New
Officers For Coming
Year.

ST. THOMAS, Nov. 12.—Grand Superintendent J. S. Barnard of the London district of Royal Arch Masonry, with several brethren from London, was present in his official capacity at the annual organization of Palestine Chapter, No. 54. There were a large attendance.

The officers elected were: James A. Stirling, Grand Past Master; D. M. Ryckman, Grand Past Master; J. W. J. Andrew, J. P. S. Minshall, treasurer; W. E. Edwards, Organ; H. Morris, J. W. Pollock, James Hulse, P. S. F. M. Bond, Tyler; W. V. McDonald and W. U. Latonell, Auditors Reported.

Among the local items appearing in Bradstreet's recent data is that of a judgment in the supreme court of Ontario, entered by Monk, Manhard and Davidson, against the Milk Producers' Company of St. Thomas, the amount claimed being \$237. The factory was to have been erected on Talbot street east, but although there is a large quantity of the material on hand, building operations have ceased for some months past.

A writ has also been issued by C. F. Clark, Justice of the Peace, against others to recover \$350 for goods supplied, etc.

Lad Discharged.
The alleged confession made by the Ridgeway lad, Robert Coulthard, to a couple of prisoners in the county jail that he was a party to the robbing of Mr. J. Baker's ticket office, did not bring about the youth's conviction at a hearing before Judge Coker this afternoon. The prisoners, Dyck Lenzon and W. Pollock, gave similar testimony as to what had been voluntarily admitted to them by the boy, but it was not given absolute credence by the court, and Coulthard was discharged and ordered to return to Ridgeway.

Given a Charter.
The Aldborough Old Boys' Association has been given a charter, with Hon. J. G. Macdunn, John G. Gillies, Robert Kelley, Daniel N. Buchanan, Duncan McPhail, Michael Baker and Peter Starke as the first directors. Its purposes are to acquire and hold in perpetuity certain lands situated on the shore of Lake Erie at or near the landing place of the first settlers, at St. Catharines, in the first township of Aldborough, and to establish therein a park to be known as the "Soldiers' and Pioneers' Park."

Mill is Burned.
The chopping mill of Clayton Gaddy, Richmond, was destroyed by fire last night, entailing a loss of about \$8,000, partly insured. The blaze, it is thought, started from a hot-box in the machinery. Some \$700 worth of grain and customers' chopping was included in the property lost.

KLEPTOMANIA MAY
GO TO REFORMATORY
Ungrateful Youth Robbed Those Who Had Benefited Him at Moraviantown.

MORAVIANTOWN, Nov. 12.—Shortly after the local fair, a youth giving the name of Malcom, and claiming to come from Glasgow, Scotland, arrived here and was given work by Charles Macdonald, husking corn. After having the husked about ten bushels he took the clock from his employer's auto, a new spin coat from a lady and some trinkets from those who had benefited him and went to Bothwell. At Bothwell he sold the clock for \$5 and took the train for Toronto. Although the thefts were not discovered for two days, the coat was recovered. Yesterday he turned up again and denied all the charges of stealing until brought before Judge Beattie. He then pleaded guilty on every count and was sent to jail at Chatham with the recommendation that he be sent to the reformatory, as he declared he is unable to resist the temptation to steal when an opportunity offers. He has returned some of the trinkets and has promised to work and pay back the value of the coat. An Indian plowing match will be held on the farm of Dan Hill, adjoining the reserve. A number of the Indians in this district have purchased autos lately.

ON RAILWAY UNDER ORDERS OF HANNA

Dauphin, Manitoba, Member Asks Country To Aid in Reinstatement.

WINNIPEG, Nov. 12.—George H. Palmer, M. P. for Dauphin, employed by the Canadian National Railways as a telegrapher at Dauphin, has been dismissed from the service of the company in accordance with the order of the Canadian National Railways. Mr. Palmer said today in confirming the statement of his dismissal.

TWO OTHERS DISMISSED.
TARANTO, Nov. 12.—President D. E. Hanna of the Canadian National Railways is quoted by an evening paper here as stating that James Higgins, the defeated soldier-labor candidate in the Northwest Toronto by-election on Monday last, will not be permitted to assume his work as an employee of the Canadian National Railways. Mr. Higgins resigned his position with the railway during the election campaign, following a public announcement by President Hanna that no employee of the Canadian National Railways would be allowed to run for political office. With reference to a dispatch from Winnipeg stating that President A. E. Moore, of the Great War Veterans' Association in Winnipeg, who was elected to the position of the Canadian National Railways, had declared that he would neither resign from the Legislature nor from his position in the Canadian National Railways shops, President Hanna replied: "I don't know anything about that. Except that he will be off the pay-roll. I have heard nothing further about the situation."

HEARS EVIDENCE OF DEEPENING OF ST. LAWRENCE

The International Deep Waterways Commission opened its session in Toronto today for the purpose of taking evidence on the proposed deepening of the St. Lawrence River and the opening of Toronto as an ocean port. The picture shows the commission in session in the council chambers. From right to left: H. A. Powell, K.C., St. John's, N. B.; Senator O. Gardner, Rockland, Maine, chairman of the American section of the commission; Sir William Hearst, Toronto; C. A. McGrath, Ottawa, chairman of the Canadian section, and Senator C. D. Clark, Evanston, Wyoming.

At a principle involved; the withdrawal of this order should be insisted upon. Mr. Moore said he wished to avoid anything that would tend to complicate matters, and hoped for a satisfactory solution of the problem acceptable to all.

VETERAN REFUSES TO RESIGN SEAT IN HOUSE OR QUIT JOB

WINNIPEG, Nov. 12.—President A. E. Moore of the Winnipeg Command of the G. W. V. A. from the chair of last night's meeting of the command gave out his first statement on the order of President Hanna of the Canadian National Railways, under which he was given the alternative of resigning as a member of the Manitoba Legislature or quit his position with the railway. Mr. Moore stated that he had been an employee of the railroad for 12 years, and has never heard of such an order being in existence. He believed the head of the Canadian Northern Railway should have notified him that the order existed at the time of his candidature. "This order I now refuse to accept," Mr. Moore declared, "and I will neither resign from the Legislature nor from my position in the shops. I would like to see the order in the newspapers, and returned soldiers the right to nominate members of their organizations to represent them in the Legislature. If we all fought so strenuously for the principles of democracy, are lost. There is a principle involved; the withdrawal of this order should be insisted upon."

ASKS PROBE OF GAS SITUATION

Mayor of Windsor Taking the Matter Up With the Commissioner.

WINDSOR, Nov. 12.—Alleging that Windsor's gas pressure today had reached a minimum of only a scanty few pounds, and that evidently an attempt was being made by the Union Gas Company to discriminate against the city in revenge for the leadership assumed by Windsor in the joint fight of Western Ontario municipalities against increased rates, Mayor Winter today wired Gas Commissioner Estlin at Chatham, asking that an immediate probe be made into the pressure and the reasons for it, and that means be taken to enforce better control of the producing and distributing companies.

WARNS PUBLIC OF PLOT TO KILL PROSPECT

A deputation of returned men will interview Premier Meighen on his return from the west next week.

Engineer E. L. Cousins of the Toronto Harbor Board, who told the Engineering Institute of Canada that efforts will be made to strangle the whole St. Lawrence canalization scheme by providing for it only twenty feet of water over the sill.

Soldiers To Get Gratuity Soon

SARNIA, Nov. 12.—Two members of the soldiers' gratuity committee of the city council, Mayor Nisbett and Ald. George Crawford, are checking up the lists of applicants for the civic grant to return officers and men of this city preparatory to closing the lists and striking the pro rata allotment out of the proceeds of the sale of \$70,000 worth of debentures issued for that purpose, and recently taken up by the Dominion Securities Corporation, Toronto. Delayed applications are still being received, Ald. Crawford said tonight.

LEAVING CABBAGE TO ROT IN FIELDS

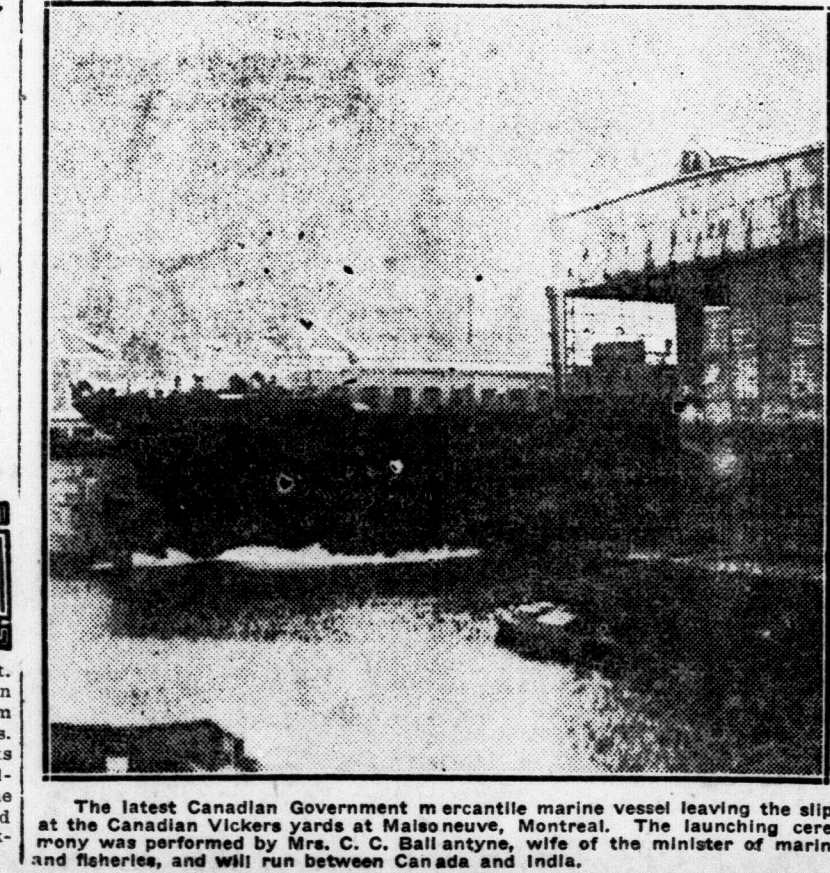

Growers Claim Expense of Handling It Would Be Too High.

DUART, Nov. 12.—Considerable cabbage was grown in the neighborhood of this year and will be left to rot in the fields, as it is impossible to find a market for it. The growers claim that the expense of harvesting and holding over to next spring would not pay them, as it might be impossible to secure a market even then. Mr. McConnell, 3rd concession, has sold his farm at a good figure. Two Belgians from Essex are the purchasers and will take possession shortly. The sugar beets, exceptionally fine fall, were hauled today. Upwards of 500 tons of Muirkirk for shipment to the village of the funeral of the late Jacob McKay. The funeral of the late Jacob McKay, who died in Walkerville, was held in Duart on Tuesday. The remains were brought here on Monday to Dr. J. R. McPherson's residence. After service at the house, interment was made in the Duart cemetery. The quarterly meetings of the Covenant Baptist were held in Duart for three days. The meetings were addressed by the presiding elders assisted by Elder George Weaver of Cleveland, and were well attended. Members and adherents of the three churches in Canada of the same denomination were in attendance.

GREY'S EYESIGHT IS NOW GREATLY IMPROVED

London, Nov. 12.—Viscount Grey's eyesight is so improved that he is "able to see birds and flowers," according to a letter which he has written to the Berkshire Naturalists' Club declining an invitation to participate in one of their field meetings. He says that although he could see sufficiently well to walk, he was unable to see birds or flowers or even a view and would, therefore, be unable to share the interests of the expedition. As Sir Edward Grey, the Viscount was British Secretary of State for Foreign Affairs at the beginning of the world war and conducted the negotiations with the German government concerning the possibility of evading hostilities. He was for a short time British ambassador in Washington in the latter part of last year. His eyesight has long been failing.

LAUNCH OF THE "CANADIAN COMMANDER"

The latest Canadian Government mercantile marine vessel leaving the slips at the Canadian Vickers yards at Malindi, Montreal. The launching ceremony was performed by Mrs. C. C. Ballantyne, wife of the minister of marine and fisheries, and will run between Canada and India.

BRING COUNTIES OF HURON, PERTH, UNDER DRY ACT

Stricter Ontario Temperance To Replace Scott Act, It Is Understood.

OTTAWA, Nov. 12.—(By the Canadian Press).—Although no official announcement has yet been made it is understood that the formal order-in-council suspending the Scott act in the counties of Huron and Perth, in accordance with the wishes of the majority of the people, were passed by the cabinet council today. The order-in-council have yet to be signed by the governor-general.

TAX-DODGERS MAY GET FINES REFUNDED

OTTAWA, Nov. 12.—It is stated unofficially here that fines imposed for failure to pay income tax are to be refunded less ten dollars per head. No announcement is forthcoming, however, from the finance department. It is understood that Sir Henry Drayton, minister of finance, will, on his return to Ottawa, announce the intention of the government in the matter.

MARINE NEWS

WHY ANAEMIA PREVAILS

The Strenuous Conditions of Life Today Are Responsible.

Mothers who remark that girls today are more prone to anaemia than the girls of a generation ago, should look back at the surroundings in which they and their companions lived. They would easily see the reason in life's altered circumstances today. Now the school girl's life is more strenuous; her more numerous studies are severe tax upon her strength. Also, girls enter business soon after leaving school—at an age when they most need rest and outdoor life. Their womanly development is hampered by the stress of working hours hurried and often scanty meals. Girls are more liable to bloodlessness today, but there is this consolation that, whereas doctors formerly resorted to bloodletting as an incurable cure, the cure are now counted in tens of thousands. Such medicines as Dr. Williams' Pink Pills have restored to good health thousands of weak, anaemic girls and women, simply because they contain the elements necessary to make new, rich, red blood which means good health and vitality. When your daughter's strength falls and pallor, breathlessness and backache disclose her anaemic condition, remember that you can make her well and assure her healthy development by giving her Dr. Williams' Pink Pills to make good red blood. Remember, too, that for women of all ages Dr. Williams' Pink Pills are especially helpful in the many ailments that result from watery blood. They make women and girls well and keep them well. This is amply proved by the case of Miss Eva MacKinnon, Glamis, Ont., who says: "As a school girl I grew very pale and would take dizzy spells and sometimes vomiting. My condition was such that I was not able to attend school regularly, and my mother was very much worried about my condition. Finally she decided to give me Dr. Williams' Pink Pills and I took these for a considerable time, gradually gaining strength until I was perfectly well. It is some years since I took the pills and I have enjoyed the best of health, and I am certain pale, sickly girls will find new health if they give Dr. Williams' Pink Pills a fair trial." You can procure Dr. Williams' Pink Pills through any dealer in medicine or they will be sent you by mail at 50 cents a box or six boxes for \$2.50 by writing direct to The Dr. Williams' Medicine Company, Brockville, Ont.

Mabel McKinley—Niece of the Late President of the United States—Takes Nuxated Iron for Health and Strength

And Says She Regards It as The Ideal Tonic For All Weak, Run-Down Nervous Women

Dr. George H. Baker, Formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, Explains Why Iron Is One of the GREATEST OF ALL STRENGTH BUILDERS

Miss McKinley has a voice of unusual quality and it was following her work singing for the soldiers that she became weakened and run-down and had recourse to Nuxated Iron. Once more in superb physical condition, Miss McKinley says she is convinced that Nuxated Iron has no equal as a Strength, Health and Blood-Building.

Every woman who wishes to possess health, strength and beauty, should carefully read the statement of Miss McKinley who, after her personal use of Nuxated Iron tells of the results she obtained. Miss McKinley says: "While I had often heard of Nuxated Iron must admit that prior to using it myself I had no idea of its remarkable value for building up the health and strength. "Following the strain imposed by months of the incessant campaigning for the soldiers in the various army encampments, together with my social engagements and charitable pursuits, I found myself in such a weakened, run-down state that I feared a complete collapse. "It seemed utterly impossible for me to do anything and so away for a complete rest, but I realized that as my condition was serious I must either do this or find something that would actually rebuild my weakening strength and enable me to continue my activities. "I had always been prejudiced against tonic preparations which, for the most part, I found only acted as a temporary stimulant and usually left one worse off than ever. However, when my own family physician insisted recommended that I give a fair trial to Nuxated Iron, I consented to begin its use, with a result that after a few days the weakness and exhaustion from which I suffered began to be replaced by a feeling of renewed strength and vitality. In less than three weeks' time my whole system was brimming with energy and power and I was overjoyed to find that I was once more in superb physical condition. "Nuxated Iron has accomplished so much for me that I regard it as the ideal tonic for all weak, run-down women. As a strength and blood-builder, I am convinced Nuxated Iron has no equal. In commenting on Miss McKinley's statement regarding the efficacy of Nuxated Iron, Dr. Ferdinand King, New York Physician and Medical Author, says: "It is my opinion that in practically nine times out of ten, unstrung nerves and failing strength and vitality are due to deficiency of iron in the blood. Many a woman who is run-down, nervous and who quickly tires out, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, might readily build up their red-blood corpuscles, increase their physical energy and get themselves back to vibrant and vigorous health. By enriching the blood and increasing its oxygen carrying power, Nuxated Iron will often transform the flabby flesh, toneless tissues, and pallid cheeks of nervous, run-down women into a glow of health, and make them look younger within a surprisingly short time." Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich, pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron."

NUXATED IRON For Red Blood Strength and Endurance

ANCHOR PLUG TOBACCO

15¢ a Plug
2 for 25¢

THE freshness, and flavor, of ANCHOR PLUG is not equalled, nor approached by any other chewing tobacco. That is why ANCHOR PLUG is supreme.

It Holds its Flavor

How To Keep Fit

Be Alive to the Dangers of Uric Acid

If the world were fully alive to the effects of uric acid in the blood, there would be much less suffering than at present.

Every sufferer from rheumatism, sciatica, gout, lumbago and kindred complaints should realize that these afflictions are caused by poisonous elements in the system. When your kidneys fail to drain the dangerous uric acid from the blood, the first symptoms of kidney disease quickly appear—headaches, backache, constipation, dizziness, pains in the sides. At the first sign of any of these symptoms you should take Gin Pills at once. They will give you speedy relief.

Gin Pills FOR THE KIDNEYS

Gin Pills FOR THE KIDNEYS

This splendid remedy removes the trouble by going straight to the cause—the kidneys. Gin Pills help these organs to perform their natural function once again, and the blood is soon purified.

Thousands of sufferers daily testify to the excellence of Gin Pills—even cases of long standing having obtained relief from this fine remedy.

Do not let your kidneys go from bad to worse. At the first sign of trouble, go to your nearest dealer and buy Gin Pills—60c a box.

Or, if you prefer, a free sample of Gin Pills will be mailed upon request.

National Drug and Chemical Co., of Canada, Limited
Toronto, Ontario

Gin Pills sold in the United States are the same as Gin Pills sold in Canada.

THE EXCHANGE RATE

VII.—What Controls It?

WE have shown in former issues of this series that currencies, outside their own countries, are commodities, not money; the advantage of Bills of Exchange over gold for making settlements and the effect of the Trade Balance on the Exchange Rate. In our last article, we explained the influence of the Inflation of the Currency. We will now deal with the effect of the second of the War Finance measures, the Restriction of the Export of Gold.

Before the War, except during the greatest financial crises, paper currencies of the chief countries could be redeemed in gold on demand, and the gold could be sent to another country.

The fact that this was possible had great controlling influence on fluctuations in exchange, for when the premium on a Bill of Exchange on any country rose above the cost of shipping and insuring the gold, settlements were made by such shipments. Gold reserves, if depleted by shipments to countries where our paper money was at a discount, usually were restored by the purchase of gold in countries where our paper money was at a premium. The range of the rise and fall in exchange was thus kept within comparatively narrow limits.

When war broke out, however, all the belligerents prohibited the export of gold in order to retain as large reserves as possible for their future financing.

The principal controlling factor in the exchange market was therefore withdrawn, and the price of Bills of Exchange depended chiefly on whether the amount offered exceeded, or was less than the demand.

In our next issue, a week from to-day, we shall touch upon some other influences on the exchange value of the dollar which, to keep the problem in its simplest form, have so far been omitted.

Rub soothing, penetrating "St. Jacobs Oil" directly into your sore, stiff joints and muscles and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and cannot burn or discolor the skin.

CONTENDS SEAT HELD BY WHITE IS NOW VACANT

Ottawa Legal Authority Says Arbitration Board Job Opens It.

OTHERS CHALLENGE

White Says He Obtained Ruling From Department of Justice.

[Special to The Advertiser.] OTTAWA, Nov. 12.—With reference to the electoral district of Leeds in the province of Ontario, where Sir Thomas White was elected as member to the House of Commons in the election of 1917, and where the writ for a by-election has been anticipated for some time, the matter is entirely in the hands of the Government. It has been so for some time. In response to an inquiry Alexander Smith of Ottawa refers to the law governing representation in the House of Commons and states that section 15 of chapter 1 of the revised statutes of Canada, 1906, reads in part as follows:

Legal Opinion. "If any member of the House of Commons accepts any office or commission—or performs any service for the Government of Canada or for any of the offices of the Government of Canada, for which any public money of Canada is paid or to be paid—the seat of such member shall thereupon be vacated, and his election shall thereupon be null and void."

Can Enact Penalties. Mr. Smith points out that section 16 of said act provided no penalties recoverable from any person who sits in the House of Commons while disqualified from sitting and committing upon this, Mr. Smith says that if Sir Thomas White has accepted any office or commission, or performed any service for the Government of Canada, for which any public money of Canada is paid or to be paid, his seat not only became vacant at the time he accepted the position, but should he sit in Parliament he is liable to penalties.

It is more likely that Sir Thomas White knows his position is vacant and it is not for him to do anything about it, it is for the chief election officers and the Government. The issue of the writ within six months after Sir Thomas accepted the position as arbitrator rests with them.

OTTAWA, Nov. 12.—(By Canadian Press.)—The claim put forward that the federal constituency of Leeds and Grenville is automatically vacant with the resignation of Sir Thomas White, the sitting member, formally resigning, the board of arbitration, which is fixing the value of the Grand Trunk Railway, is challenged by high legal authorities at the capital.

It is understood that subsequent to his acceptance of the position as arbitrator, the ex-minister of finance sought legal advice as to how such acceptance affected his standing in Parliament and that he received the assurance that he would be justified in keeping his seat in the House of Commons should he desire to do so.

It is admitted that under the provisions of the Independence of Parliament Act, a member of Parliament who accepts a post of emolument under the Government or any of its officers, forfeits his seat. But in the case of Sir Thomas White, it is understood, the point is advanced that the Grand Trunk board of arbitration is the creation, not of the Government or any of its officers, but of Parliament itself.

The argument, in other words, is that the member acting on a body especially created by an act of Parliament and whose work and expenditure will be reviewed by Parliament, does not, of necessity, have to relinquish his seat. In this connection it can be authoritatively stated that in the opinion of the Government the constituency of Leeds and Grenville has not become automatically vacant.

WHITE SECURED DEPARTMENT RULING

TORONTO, Nov. 12.—(By Canadian Press.)—When informed tonight of the statement by Mr. Alex. Smith, of Ottawa, that the constituency of Leeds and Grenville is automatically vacant, Sir Thomas White stated that in September last before entering upon his duties as arbitrator in the valuation of the Grand Trunk Railway, he before the question to the Department of Justice, to the effect that the appointment involved no disqualification under the Senate and the House of Commons Act. Sir Thomas has under consideration the question of whether his duties in connection with arbitration will be such as to make it impossible for him to attend the session of Parliament. On this point he will decide before Parliament meets.

GUELPH POPULATION ALMOST 18,000

During the Year Assessment Has Increased by \$961,360.

GUELPH, Nov. 12.—The features of the report of City Assessor Hastings handed to City Clerk Moore today, are substantial increases in the population and the total assessment of the city.

During the year Guelph has grown by 890, the population now being 17,322. Including the suburbs it is nearly 21,000. The total assessment is \$13,330,675, an increase over the previous year of \$961,360. The fixed assessment is placed at \$411,800. Every ward in the city showed an increase in population.

FRENCH MINERS TO CALL GENERAL STRIKE

PARIS, Nov. 12.—The French Federation of Miners today decided to send out a general strike order unless the capitalists agree to a discussion proposed by the federation concerning an increase of the miners' wages. The strike, if called, will become effective Monday.

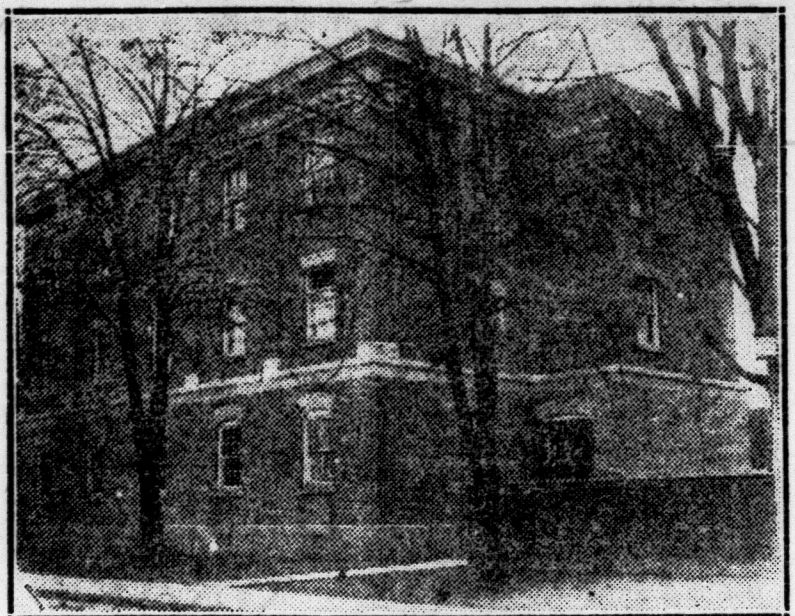

ST. JOHN ELEVATORS ARE WITHOUT GRAIN

ST. JOHN, N. B., Nov. 12.—There is no grain in the local elevators, although a small quantity is expected to arrive over the Canadian Pacific Railway the first of next week.

Local shipping people say they are somewhat at a loss to understand reports recently published to the effect that large shipments of grain are being routed over the Grand Trunk and shipped from Portland, Me., while the present conditions prevail here.

CANADIAN GOVT. WOULD WELCOME POSTPONEMENT OF CONFERENCE, BELIEF

If Date Is Fixed For 1921, As Lloyd George Announced, Canada Will Likely Be Represented, But Will Maintain Right To Differ.

[Special to The Advertiser.] OTTAWA, Nov. 12.—The announcement of Premier Lloyd George that a conference of imperial premiers will be held next June and that proposals have been made to hold it in Canada, is about the first official intimation Canada has had on the subject, either as to date or place. A rumor to the effect that the British premier would come to the Dominion to open such a conference in Ottawa next year reached here by cable prior to the departure of Sir George Foster, who was then acting premier.

"Speaking for the Government," Sir George said at the time, "this is the first we have heard of it. Speaking for myself, I doubt the authenticity of the news. No arrangements have yet been made."

While there was an impression that the imperial conference would be held next year, no definite negotiations in this regard have been held. Speaking before the Canada Bar Association recently, ex-Premier Borden expressed strong doubts as to the wisdom of holding a conference of such importance at such a short notice and with inadequate preparation. He pointed out that the question of the future of the Dominions, he frankly declared, was the question of the future of Canada should be sounded before her ministers committed themselves to any course in imperial relations which would affect the people as a whole. Imperial naval defence and constitutional status are among the questions to be discussed.

Ex-Premier Speaks. The ex-premier spoke in the presence of his successor, Premier Meighen, and it is believed that his opinion did not clash with that of the latter. In fact, it is believed here that the Canadian Government would welcome a postponement until 1922. If the date is fixed for 1921 Canada will be represented, but Canada's representatives will not go with cut and dried policies, for they have no mandate for such, but will, it is believed, preserve an open mind and maintain the right to differ on questions which may be approved by others.

The whole question in the first place must come before Parliament and Parliament is quite jealous of its prerogative. The desire of Great Britain to hold an early conference is understandable. The whole question of British naval policy is now being held up and it is naturally the desire of the British Government to have a decision reached by which the burden of defence will be distributed.

SUGAR PRICES PLUNGE AGAIN AT NEW YORK

Raw Grade Drops Another Half Cent—Montreal Refineries At \$13.

NEW YORK, Nov. 12.—Plunging down another half cent today, the raw sugar market settled into new low ground for the season. There were sales of Porto Rico at 6.51c for centrifugal, and at the close North Cuban outside sugars were offered at this level without being taken.

While no further changes occurred in refined sugar from the level established yesterday, a decline is expected by traders, owing to the further break in raw sugar prices today.

BIG EVAPORATOR AT KINCARDINE BURNED

[Special to The Advertiser.] KINCARDINE, Nov. 12.—Fire of unknown origin, which started in the furnace room, completely destroyed the Kincardine evaporator, owned by W. Brenault of Windsor. This evening the blaze was one of the hottest experienced here for some time, and as a result of the high wind and showers of sparks for a time it was feared would spread. Sparks fired the gable of the Royal Hotel, and a loss of \$200 was sustained. Manager McOrie of the evaporator endeavored to make his way into the burning evaporator and save the books, but the fire was so hot that it was deemed safe and he was not allowed to go in. The loss, which is placed at \$15,000, is partially covered by insurance.

CREAMERY IS BURNED. WINGHAM, Nov. 12.—Fire completely destroyed the River Valley Creamery near Dunnington at noon today. The fire originated in the engine room while the employees were at dinner, and had gained such headway when discovered that only a small portion of the stock was saved. The building and machinery, valued at upwards of \$5,000, was a total loss, though partly covered by insurance.

SENSATION IN RUM SLEUTHING IS PROMISED

Border Is Agog Pending Announcement From License Department.

[By Staff Reporter.] WINDSOR, Nov. 12.—That startling developments may be expected from Toronto momentarily, following a conference between the Spracklins and officials, was broadly hinted by aides of the fighting parson tonight.

Just what new angle is to be given the situation could not be ascertained, as officers, beyond promising that the province is due for a big surprise, refused to give any definite hint as to what is contemplated.

The latest interesting development in the liquor situation here occurred tonight, when the Detroit Saturday Night, a weekly publication, came out in re-buke of the action of Rev. J. O. L. Spracklin. On its front page the paper, which enjoys a heavy circulation across the river, printed a glaring cartoon, bearing the caption: "Shoot First."

Underneath there appeared two revolting scenes, and an inscription at the bottom: "P.S.—Found in Sandwich church in year of Our Lord, 2020." The cartoon, which had created a sensation, shows a reproduction of the sixth commandment as torn from a leaf of the Bible, reading: "Thou shalt not kill." The last word being struck out and the word "drink" substituted.

In the meantime, the situation remains unchanged. Both Rev. Leslie Spracklin and his brother, Rev. Arthur Spracklin, who is also a free-lance liquor sleuth for the Ontario License Board, are in Toronto in conference with officials there, and according to a report received here today, the former is to be granted a month's leave of absence to recuperate, while his brother remains over the command.

While Chief License Inspector Moussey declines to discuss the well-founded story that he is to be appointed magistrate for Essex County, exclusive of the municipalities of Windsor and Walkerville, it is but a matter of a few days. The Advertiser learned on good authority tonight, before official notification of the appointment will be announced from Toronto.

Nearly Insane From Leg Ulcers

She Tells of Suffering and Brief Story of Her Cure.

Read these two letters from Sarah D. Lawrence of Roebuck, Ontario: "I can't sleep at night from leg ulcers. I am in pain most of the time. I have doctor, but no use. A lady from Winnipeg says that D. D. D. cured her of a bad case of eczema. These leg ulcers are all healed. Can you help me?"

Now a few words from a later letter: "I have used D. D. D. directed, and my leg is completely well."

Why not be convinced and try this remedy today for any form of skin disease? One application and the itch is gone. Your money back if relief doesn't come from the first bottle; \$1 a bottle. Try D. D. D. Soap, too.

PHYSICIAN IS KILLED

BELLEVILLE, Ont., Nov. 12.—Dr. John Moore, aged 65, of Shannville, a well-known Hastings County physician, was killed this morning, when a car in which he was riding was struck by an express train near the Parlow station. His skull was fractured, his right arm broken and other injuries inflicted. An inquest was opened before Coroner Dr. Yeomans of this city.

Scalds Fatal To Babe at Sarnia

Little Son of G. B. Prenatt Dies in the Hospital.

SARNIA, Nov. 12.—The funeral of the infant son of G. B. Prenatt, aged two years, who died of burns received on Tuesday last, when he accidentally fell into a pail of scalding hot water while playing around the house, will be held from the residence of I. Mahou, 295 Nelson street, on Saturday afternoon.

WILL DISCONTINUE SUPPLIES OF GAS

Petrol Oil and Gas Company Notifies the Union Company.

CHATHAM, Nov. 12.—The Union Natural Gas Company has been served with a notice from the Petrol Oil and Gas Co., stating that on December 10 they will discontinue their supply of gas to the Union Natural Gas Company. It is thought that by that time the new line connecting the Dover wells with the Southern Ontario Company's pipeline to eastern cities will be completed and the Petrol Company's gas will then go to increase the supply for residents of Ingersoll, Woodstock and Brantford.

FIREMAN LAMONT FATALLY CRUSHED

[Special to The Advertiser.] HANOVER, Nov. 12.—William Lamont, son of G. Lamont, was instantly killed here today when the locomotive on which he was riding suddenly left the rails. Engineer Wait and brakeman Hanheffer escaped, but Lamont was caught between the cab and a car of cement and terribly crushed about the chest. He was 23 years old and unmarried, and had only been in the employ of the Cement Company for a short time. Besides his parents, he leaves one brother and one sister. An inquest will

Vapo-Cresolene
Est. 1879
A Vapor Treatment for Coughs and Colds
The time for Vapo-Cresolene is at the first indication of a cold or sore throat. It is simple to use, you just light the little lamp that vaporizes the Cresolene and place it near the bed. The Best Support in the World For a Rupture Is the Human Hand

The WORST Support Ever Devised Is a Hard, Unyielding Knob, or Pad, Pressed Into the Rupture by a Steel Spring--Thereby Preventing Nature From EVER Having a Chance to Bring About a Healing of the Parts.

The Brooks Appliance most closely resembles the human hand as a rupture support. You will notice the first moment you put on a Brooks Appliance, the pliable, flesh-like touch of the velvet finish rubber and it will take only this first experience of comfort and security to make you decide---"This is what I want."

For the benefit of our readers we take pleasure in publishing the Brooks offer to save all who are ruptured from wearing painful, makeshift trusses that do not cure.

No man or woman ever can look and feel his or her best while suffering the torment, pain and discomfort of rupture.

Every day that you suffer from rupture--every hour of truss torture that you endure--after you read this page IS YOUR OWN FAULT.

For many years we have been telling you that no makeshift truss will ever help you. We have told you about the harm ill-fitting trusses are doing. We have told you that the only truly comfortable, sanitary and scientific device for holding rupture is the Brooks Rupture Appliance.

Now we offer to prove it to you, entirely at our risk. We will send you a Brooks Rupture Appliance ON TRIAL. If you really want to be rid of your rupture fill out the coupon below and mail it today.

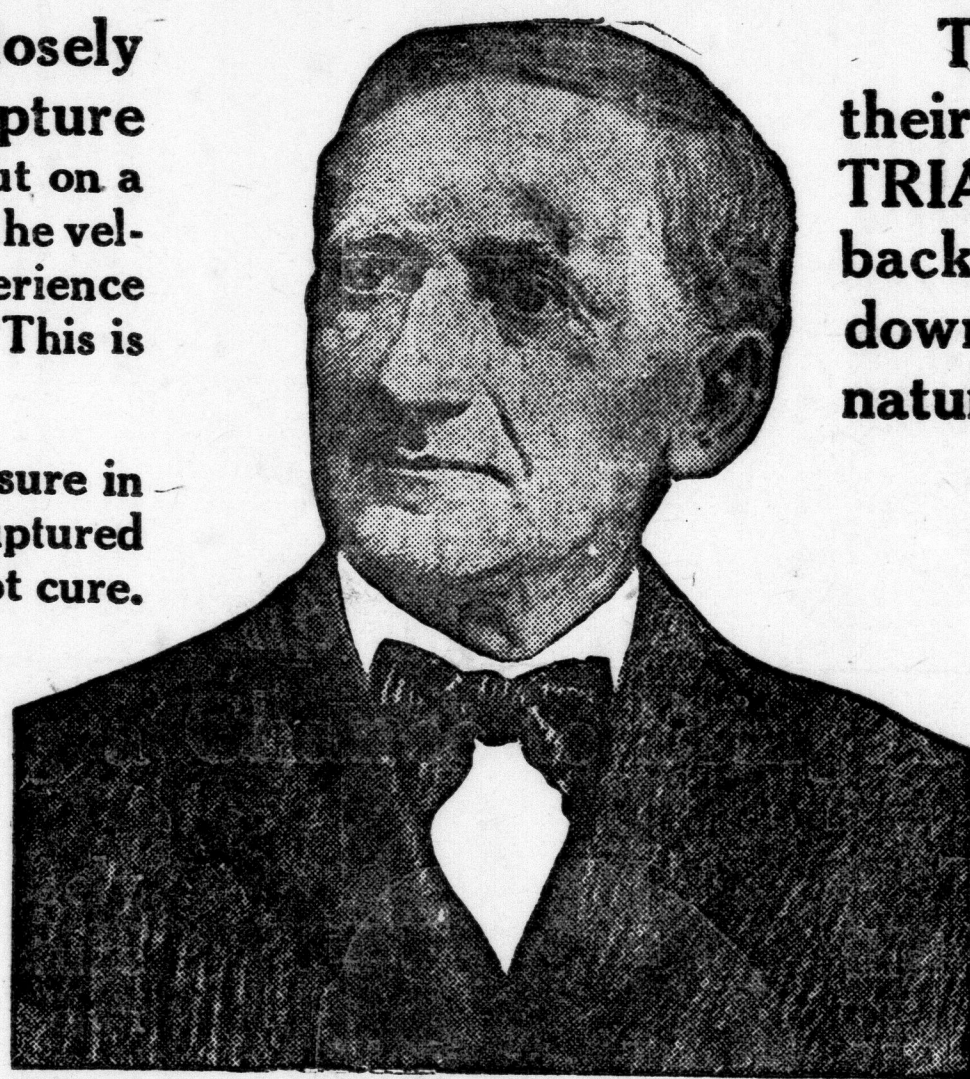

Instead of wearing a steel spring or inflexible harness, try the VELVET-SOFT Brooks Appliance.

Instead of the old hard or stuffed pad, use the SOFT AUTOMATIC RUBBER AIR-CUSHION of a Brooks Appliance.

The Brooks Appliance clings to you without force, and you are hardly conscious of its presence. But above all else, it HOLDS ALWAYS.

Within an hour after you receive the Brooks Appliance, if you take advantage of this remarkable trial offer, you will throw away your truss.

Many hundreds of physicians and surgeons recommend the Brooks Ap-

A Portrait Done in Charcoal by Herman Pfeifer, From a Photograph of Mr. C. E. Brooks, Inventor of the Appliance and Founder of the Brooks Appliance Co.

pliance and condemn makeshift trusses as more harmful and dangerous than any other method of retaining and treating rupture. Thousands of people have written us testifying to the amazing results they have secured from this great invention. Many of these people live right in your vicinity, and we will be glad to send you copies of their thankful letters if you will ask for them when you write.

Men, Women and Children Find the Brooks Appliance Equally Effective

No matter if your rupture is old and severe or only recently developed, no matter if you are young or old, you should not fail to profit by this NO-RISK TRIAL OFFER.

No other rupture support, truss, lock, device, pad or plaster is offered to the public under so broad a guarantee of satisfaction.

The Brooks Appliance Co. gladly sends their remarkable patented Appliance ON TRIAL to prove that it holds the rupture back, keeps it in place, prevents its coming down or slipping out and finally assists nature to heal up the rupture.

Ten Reasons Why You Should Accept This Offer.

1. It is absolutely the only Appliance embodying the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body yet never blisters or causes irritation.
4. Unlike ordinary so-called pads, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands do not give the unpleasant sensation of wearing a harness.
7. Nothing to get foul; it can be washed without any injury.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All materials are the very best that money can buy, making it a durable and safe Appliance to wear.
10. We GUARANTEE YOUR COMFORT at all times and in all positions, and sell every appliance with this positive understanding.

Over 715,000 People Have Accepted This Offer. Why Not You?

Doesn't that prove that the Brooks Appliance is not an experiment but a positive success--that it does all we claim for it? Among these 715,000 men, women and children there must be HUNDREDS WHOSE CONDITION WAS IDENTICAL WITH YOURS. Can you afford not to investigate and satisfy yourself when it costs you nothing to prove what the Brooks Appliance will do for YOU?

This wonderful device is a triumph of scientific and mechanical genius, the outcome of more than 30 years experience and the results accomplished by its use are little short of miraculous.

When you try a Brooks Appliance you will notice instantly how very much this support resembles the touch and clinging pressure of a human hand.

Send the coupon NOW for further description of the Appliance and for our FREE, NO RISK, TRIAL PLAN.

THE BROOKS APPLIANCE HAS FREED THOUSANDS OF MEN, WOMEN AND CHILDREN FROM RUPTURE-WITHOUT PAIN, OPERATION OR LOSS OF TIME

The Brooks Appliance Co.
953K State St., Marshall, Mich.
