## TOWN COUNCIL

Tuesday, July 1, 1919

The monthly meeting of the Town Council was this day held in Chambers at 8 o'clock, p. m.

Present, Aldn. Douglas, Doon, Finigan, Gilman, Malpas, McFarlane, McLaren, Worrell.

In the absence of the Mayor, Aldn. Douglas was called upon to preside. Minutes of the meeting of June 3, read and confirmed.

Dr. Wallace Broad, Chairman of the School Board, was heard in an application for the use of the town team to assist in putting the school grounds and side walks bordering on the same in order by grading, draining, etc.

Following some discussion it was moved by Aldn. McLaren and carried that the matter be left in the hands of the street committee to cooperate with the school board in carrying out the proposed improvements.

Aldn. Douglas reported results of an interview with Mr. Groul of the C. P. Railway Co., and submitted memo of terms on which the St. Andrew's Land Company would supply water, and suggested that Mr. Fraser Armstrong, C. E., be engaged to take charge of the work on behalf of the Town, etc.

The St. Andrew's Land Company will supply the Town of St. Andrews with a water supply subject to the following terms and conditions:—

1. The Town supply to be delivered at the existing ten-inch pipe connection, with a Venturi meter to be installed, the readings of which will determine the amount of payment.

2. The Town shall not connect outside mains at any other point than the above except by special permission and then only provided that meters are installed at this connecting point at the expense of the Town.

3. In any partial or total breakdown of the hotel requirements shall have precedence over those of the Town, but an effort will be made to so distribute any available supply so as to meet the most urgent requirements of both parties.

4. The hotel and cottages on the hill shall be supplied directly as at present, but shall not be connected with the Town's water system.

5. The Town shall pay for its water supply as per the following schedule:—  
Cost per 1000 gals. Cost if Reservoir enlarged

Moved by Aldn. McFarlane seconded by Aldn. Finigan and carried. That the committee on water supply be authorized to engage an engineer and have the matter submitted to the people as soon as possible.

Aldn. McLaren called attention to the necessity of having a culvert on the "Joe's Point road widened, etc." referred to the street committee.

A communication from the School Board advising the expiring of the term of office of Mr. E. A. Cockburn, and requesting that he be re-appointed, was submitted. On motion of Aldn. Malpas, seconded by Aldn. Finigan, and unanimously carried, Mr. E. A. Cockburn was reappointed a member of the School Board.

Aldn. Malpas made enquiries as to what action had been taken in regard to the fire tanks. In reply Aldn. Worrell stated that the tank at the Court House had been recovered, that notices had been issued calling for tenders for filling and abandonment of the fire tank on the Market Square, that one tender had been received from L. T. Stinson agreeing to fill in accordance with notice for \$400, and that it was proposed to fence in the area covered by the tank, etc.

The application of W. H. Sinnett submitted to Council at the meeting of Council on May 6th and which had been referred to the Street Committee, was taken up. Aldn. Douglas promised to confer with other members of the committee and endeavor to have the matter satisfactorily arranged at once.

Aldn. Worrell prepared a request from the Marshal to have arrangements made to enable him to prosecute drivers of autos or other vehicles who exceed the speed limit. Aldn. Douglas suggested that the Marshal be authorized to secure legal assistance in case of trial, etc.

An application from Isaac Storr for rebate of poll tax in assessment of 1919 was submitted. On motion seconded and carried, ordered that the Town Treasurer be instructed to remit the amount of poll tax to applicant.

## GOD SAVE THE KING

The papers read, and the valedictory address extemporaneously delivered, were of unusual excellence. Judge Byron's address was both felicitous and eloquent, and was interspersed with numerous witty sallies. Miss Alice Anderson led the singing, and the piano accompaniments were played by Mrs. G. H. Stickney. The orchestra consisted of Dr. Worrell, violinist, and Mr. Newton, cellist. The ushers were Emma Odell, Margaret Keay, Alfred McLaren, and Gordon Williams.

## ESCAPE FROM DROWNING

Mrs. Allan K. Grimmer, who arrived here on Saturday to visit her mother, Mrs. George N. Babbitt, University avenue, had a narrow escape from drowning shortly before she left Temiscaming, Ont., where Mr. Grimmer is now municipal engineer.

Mrs. Grimmer was the only woman in a party of five, including Mr. Grimmer, who were out in a motor boat on Lake Temiscaming, when it suddenly began to fill with water and sank in thirty seconds. The men were all good swimmers however, and Mr. Grimmer and Ross Hall, of Halifax, managed to save Mrs. Grimmer, the party being rescued by another motor boat which came along some minutes later.

Just what happened to the motor boat is still a mystery as it sank in about 150 feet of water and has not been recovered. Mr. Grimmer remained at Montreal to await the arrival of Nursing Sister Bessie L. Babbitt, who is returning from overseas.—Fredericton Gleaner, June 26.

## Mrs. Pankhurst to Visit Canada

Regina, June 28.—Mrs. Emmeline Pankhurst is coming to Canada, in August for lecture engagements from September until Christmas. Toward the end of September, Mrs. Pankhurst and Mrs. Ralph Smith, M. L. A., of Vancouver, are to be the lecturers at a mass meeting to be held at Massey Hall, Toronto.

## FATHER AND SON HONORED

That Dr. George F. Matthew, the well-known geologist and former President of the Natural History Society of New Brunswick, was lately elected an honorary member of the Royal Society of Belgium was an agreeable piece of news announced at the N. H. S. outing on Saturday afternoon. It is hardly necessary to add that the Belgian body was recently reorganized.

Before the war Dr. Matthew was a corresponding member of the Belgian society. The letter conveying to Dr. Matthew the news of this honor is signed by M. Fowmarrer, mining engineer, president of the Belgian society. At Saturday's outing it was also announced that Dr. Matthew's son, Dr. William D. Matthew, has been elected a fellow of the Royal Society of London. In making these announcements Dr. J. Roy Campbell, M. P. P., president of the Natural History Society, referred in fitting terms to the great honor conferred on father and son. All members present joined in the congratulations to Dr. and Mrs. Matthew.

Both father and son are honored for their scientific work. The recognition that has come to them is recognition very few Canadians have received, and it may be doubted if there is another Canadian case of both father and son being so signally honored at the same time by the leading men of the scientific world. In acknowledging the congratulations of fellow members of the Natural History Society, Dr. Matthew said they were very proud of the honor given their son, which he regarded as a recognition of Canadian scholarship.

His principal work has been for some years the curator of vertebrate paleontology in the American Museum of Natural History, New York, and one of the most important of his recent investigations has been in showing that the theory of "natural bridges" to connect the continents in ancient times is quite unnecessary to account for the dispersion of various kinds of animals throughout the earth, as this dispersal might have occurred without any such hypothetical bridges.

In speaking of his own award, Dr. Matthew said that if he had written anything of a scientific nature it was largely due to Sir W. J. Dawson, who first induced him to record such observations, but he did not tell, and few in St. John know, how valuable those observations have been and how highly men of science value and appreciate the work of Dr. Matthew and his gifted son. As Canadian investigators each has won for himself a distinct place in the scientific world.—St. John Globe.

**PEACE AT LAST**

ON Saturday afternoon, June 28, in the historic Hall of Mirrors of the Château de Versailles the Treaty of Peace between the Entente Alliance and Associated Powers, and Germany, was formally signed. The German delegates were the first to sign: then followed the signatures of the representatives of the United States, Great Britain, France, Italy, and Japan in the order given, and after them the signatures of the minor Powers in alphabetical order. The representatives of China did not sign, as they were not permitted to do so under the reservations they desired to make. They may sign later. General Smuts, one of the British delegates, signed under protest.

The exact and full terms of the treaty have not yet been given to the public but the summary that has been published shows them to be severely just. The Germans made every conceivable effort to have the terms modified, but practically without avail. Yet it is conceivable that if the Germans should faithfully strive to fulfill the treaty obligations, the other signatory Powers may voluntarily modify such terms as are difficult or impossible of fulfillment. It is expected that the German congress will soon ratify the treaty; and the legislative bodies of the other signatory nations will do likewise.

Other treaties must soon follow: with Austria, Hungary, Bulgaria, and Turkey; and when all are signed and ratified there will be a possibility of the beginning of a lasting World Peace under which the enormous cost of the devastating war may be wiped out and the havoc created be completely obliterated. But there must be a change in the mental attitude of some of the spokesmen of the Germans towards their conquerors, an attitude which is expressed in words and put into the mouth of Satan by Milton:

"What though the field be lost?  
All is not lost, the unconquerable will,  
And study of revenge, immortal hate,  
And courage never to submit or yield,  
And what else is not to be overcome,  
That glory never shall his wrath, or might  
Extort from me."

**PROCLAMATION OF KING GEORGE, R. I.**

Ottawa, July 3.—The following telegram from the Secretary of State for the Colonies has been received by the Governor General:

London, July 1, 1919.—The following proclamation was issued here, to-day by the King:—

A PROCLAMATION, GEORGE R. I.  
Whereas a definite treaty of peace between us and the associated Governments and the German Government was concluded at Versailles on the 28th day of June last:

"In conformity therewith, we have thought fit hereby to command that the same be published in due course throughout all our dominions and we do declare to all our loving subjects our will and pleasure that upon the exchange of the ratification thereof the said treaty of peace be observed inviolably as well by sea as by land, and in all places whatsoever; strictly charging and commanding all our loving subjects to take notice thereof and to conform themselves thereto accordingly.

"Given at our Court at Buckingham Palace this first day of July, in the year of our Lord nineteen hundred and nineteen, and in the tenth year of our reign."  
(Signed) "MILNER."

As explained in our last week's issue, we resumed publication of the BEACON without our proper complement of compositors in the printing office, and we regret to have to say that we have not yet secured the required number. Owing to being thus short-handed, last week's issue was not all off the press till Monday of this week. If we attempted to print this issue as an eight page paper it would, with our present staff, be well into next week before we could have sufficient type-matter set to fill it; so, under the circumstances, we are printing this number as a four page paper, and even with the reduced number of pages the paper will be somewhat late off the press.

Just as soon as we can secure a full staff of compositors the paper will revert to its regular number (8) of pages, and will be printed on a Friday evening each week, as in the past. We rely upon the patient forbearance of our readers, and shall not impose upon it beyond the extent to which we are forced to go.

**OF COURSE!**

THE world-wide peace-signing celebration was made complete by the appearance of Nedibus Clarkibus in the dock this morning on a charge of being drunk. It was Ned's great chance as an imperialist to set the seal of his approval upon the treaty. And Nedibus rose to the occasion.  
"Your Worship," he said, addressing the court, "Saturday was a greater day than many people realize. Twenty-five years from now the peoples of the world will better understand the full meaning of that wonderful scene at Versailles. A few visionaries, like myself, your Worship, are privileged to catch a glimpse of the immensity of that spectacle. Do you wonder I celebrated? I would have been disloyal to my own convictions if I hadn't celebrated."  
"You may go," laughed the magistrate. "Thank you. Peace on earth and good will to all mankind—all but the Huns," said Nedibus.—Police Court News in the Toronto Evening Telegram.

**THANKSGIVING FOR BLESSING OF PEACE**

Ottawa, July 3.—The Government received from the Secretary of State for the Colonies, on Wednesday, two dispatches dated July 1, which are now made public.

"His Majesty has issued a proclamation appointing Sunday, the 6th day of July, as a day of general thanksgiving for the blessing of peace, and it is his desire that this day shall be observed not only in the United Kingdom, but in all quarters of the Empire.

"The King has also given his sanction to a peace celebration in the United Kingdom on Saturday, July 19, and the hope is expressed that all parts of the Empire will join as far as possible in celebrating peace on that day."

**Weekly Report, Agricultural Conditions in New Brunswick as Reported by District Representatives of Department of Agriculture**

RAIN was fairly general over the Province at the end of the week. This rain did an immense amount of good, but was not sufficiently heavy to carry the crops over a very long period. The need of rain is apparent again and would be very beneficial to the grain, root, and potato crops.

The hay crop will not be materially helped now by rain, beyond thickening it up a little at the bottom. The season for cutting is drawing near and it has practically made its growth. The crop will be generally below the average, especially on old meadows. Newly seeded meadows are looking fairly good, especially where Red Clover has been sown. A year such as this clearly indicates the value of breaking up and reseeded meadows more often.

Reports from Victoria County state considerable damage done by frost to beans, buckwheat and potatoes.

The Eastern Counties report the weather as being too cool for rapid growth of crops. The hay and grain crops on the heavy clay soils have made very little progress during the week.

Reports on Dairying indicate that conditions have been quite satisfactory. The milk flow has been good, and recent rains have freshened up pastures, and will maintain the full flow for some time longer.

A Cheese Board has been organized by the Provincial Dairy Superintendent, for the sale of cheese in the province. Fourteen hundred (1400) boxes were sold through this Board during the week at 30¢ per lb. Some cheese factories have paid off their patrons for the month of May, the farmers averaging \$2.50 per cwt. for their milk.

The ceremony was performed by Rev. William Amos, of St. Andrews.

**OBITUARY**

**MRS. D. E. ARCHIBALD**

The relatives and friends of Mrs. Annie (McCarthy) Archibald were shocked and deeply grieving to hear of her sudden death, which occurred at Brookline, Mass., on June 4th. Mrs. Archibald had left her home in Brooklyn, N. Y., and had gone to Massachusetts to take a cottage for the summer months for a rest and to recuperate her health, which had been impaired during the past year, and while visiting friends there she was taken seriously ill. Her sisters, Nettie and Addie, were telegraphed for at once, but death had taken place before they reached her bedside; and her beloved husband, Capt. Daniel E. Archibald, was on his return trip from Santo Domingo to his home in New York. Mrs. Archibald was a lady of beautiful Christian character and influence affable in her manner, and quick in her thoughtfulness for others, and by these rare charms she endeared her many friends to her; but in her own home life perhaps her influence was most deeply felt. Mrs. Archibald was born in the Parish of Pennfield fifty-nine years ago, but for a number of years she, with her husband, resided in Eastport, Me., and Captain Archibald being appointed captain of one of the largest of the Clyde Line Steamers, they moved to Brooklyn, N. Y., and their beautiful home there has always been one of happiness. The remains were conveyed from Massachusetts to Brooklyn, where impressive services were held on the arrival of her husband, and from there they were brought to Eastport, Me., and interred in the family lot in the home cemetery. Of the immediate family there survives her devoted and beloved husband, who is stricken with grief, two sisters, Nettie and Addie, of

Brooklyn, N. Y., and three brothers, William E. McCarthy, St. George, John, of Eastport, and Leonard C., of Bangon, Me., beside numerous other relatives. The stricken family have the sincere sympathy of a host of friends. Mrs. Archibald was a cousin of Mrs. Chester A. Dixon, of Cummings' Cove, Deer Island.

**RUSSELL BASKIN**

St. Stephen, N. B., July 4.—On Tuesday morning a bright young life closed its eyes to the world when Russell Baskin, only son of Mr. and Mrs. George T. Baskin, passed away. For several months he had been failing in health. Everything was done to restore him to health and strength but to no avail. He was a young lad of great promise, and his early death is a most crushing blow to his parents. He was but seventeen years of age. He was a member of the St. Stephen High School graduating class of 1919, and had his health not failed would have graduated with high honors. He was always a favourite among his school friends and teachers. His polite and gentle manners and his sense of honesty won him many friends. He leaves besides his parents one sister, Mrs. I. Howard Stannard, of New York city, to mourn his loss. The funeral service was held from his home on Marks street, on Thursday afternoon at 2.30 o'clock. The interment was in the Rural cemetery. To his parents and sister there is a most sincere sympathy from the whole community.

**GOLF CHAMPIONS AT ST. ANDREWS**

St. Andrews, N. B., June 29.—The last of the series of exhibition golf in aid of the Canadian Red Cross by the star

quartette of American golfers took place here on Saturday under ideal weather conditions. The eastern pair, Oswald Kirby, of Englewood, N. J., and G. White, of New York, against "Chick" Evans, of Chicago, and Ned Sawyer, of New York, former western champion. The eastern players had one match to the good from the previous contests at Hamilton, Toronto, and Montreal. The plays of the champions were brilliant, the tee shots long and well directed. Mr. White kept close to the champion's heels in the morning play and Mr. Kirby in the afternoon, both having holed out ties on the medal performance with their genial and popular western opponent. Mr. Sawyer's approach shots were much admired and a feature of the contest. Sir Thomas Tait caddied for the champion, Mr. Fisher, of Toronto, for Mr. Sawyer, for the three times Metropolitan champion, Mr. Kirby, and R. S. Fitz-Randolph, of Fredericton, for Mr. White.

The honor of lifting the flag at the psychological moment as well as that of official score fell to the lot of Percy W. Thomson, of St. John. The Red Cross was the better off to the extent of \$150, this important department being in charge of Miss Winifred Tait, who acted as collector and treasurer of the fund.

The result of the week's eight exhibition matches was: East, won three; West, two; and three were tied.

The scores were as follows:

Morning	In	Out	Total
Evans	37	39	77
Sawyer	37	39	76
Kirby	41	38	79
White	37	37	74

Afternoon	In	Out	Total
Evans	37	35	72
Sawyer	40	41	81
Kirby	37	35	72
White	40	40	81

The visiting players have expressed themselves as highly pleased with the course, the beautiful scenery, and with the attention to their comfort and material needs. The guests and cottagers were unanimous in the hope that they would have the privilege of witnessing again the brilliant play of the genial champions who have given such pleasure to the Canadian lovers of the noble game.—Press Dispatch.
