VERY QUIET WAS COUNCIL INAUGURAL

Just Like a Summer Sea--Mayor-Elect Spence Congratulated --- Standing Committees Elected for the Year-- Appointments Made.

The inaugural meeting of the City Council of 1914, this morning was not funeral, neither was it joyous, but it was about the quietest affair one could imagine.

Table listing council members: Mayor Spence, Hollinrake, Robinson, Quinlan, English, Wood, Sigman, Charlton, Ward, Calbeck, Bragg, Ryerson, Woolams, Sutch, Broadbent.

"STRAIGHT BUSINESS" SAYS MAYOR SPENCE IN HIS INAUGURAL

The inaugural address of Mayor-elect Spence to-day was as follows: Gentlemen of the City Council: I heartily congratulate you upon your election to office, and feel sure that it will be the aim of each one of us during the ensuing year to discharge to the best of our ability and judgment the duties devolving upon us.

GAS SUPPLY

You are all too well aware of the gas situation to render any further enlargement necessary at this time.

THE STREET RAILWAY

Matters in the above regard are still in abeyance. We have won out in the courts so far, and I trust the situation will be soon in such shape that the people can take up the municipal ownership of the plant.

QUESTION OF BRIDGES

I earnestly believe that the time has come when there should be better bridge facilities across the Grand River, alike for the convenience of the residents of the Holmedale and of Eagle Place.

SUBWAYS

The need for more shortcuts to the Terrace Hill district is most apparent. Beginning first with the dangerous Market street crossing of the Grand Trunk Railway and that of St. Paul's avenue, the necessary steps should be taken to avoid the annoyance and the peril of level crossings in this rapidly-growing city.

THE MARKET

This much-vexed question we still have with us. I hope this year that the members of the Buildings and Grounds Committee will make an early and earnest effort to grapple with the same, and also the matter of a City Hall, for the existing quarters in both regards are at present an absolute disgrace, not to mention the undoubted danger to health.

CIVIC BOUNDARIES

With regard to an agitation in some quarters with reference to the enlargement of the civic boundaries, I am of the opinion that we should first take more efficient care of the territory we at present have. In any event, residents of the township adjacent to the city should be given to understand that if they desire inclusion with the rest of us, the same should take place on the basis of city assessment and city taxes.

LAKE ERIE & NORTHERN

All regret the cessation of work upon the above important enterprise, and hope that same will be only temporary. I am of the opinion that the City Council should give this railway every co-operation in accord with the safeguarding of the interests of the ratepayers.

A SUGGESTION

I would suggest to the members of the Board of Works that they immediately take up the matter of the establishment of a proper view to that of Dr. Flint, Dr. Britton, Dr. Evans, superintendent of the New Jersey state institute for the insane, said the commission's report confirmed this testimony given at hearings where Thaw's sanity was at stake.

PUBLIC OWNERSHIP

In conclusion, I feel and recognize, as I think you do also, that we have been elected as a Council in favor of the people owning, wherever possible, public utilities. We have had a splendid illustration of the benefit of such a course in the case of the waterworks, and I believe will speedily have a like experience in connection with Hydro-Electric light and power.

### Friends of Choir Had a Fine Time

The spacious home of Mr. W. S. Brewster, M.L.A., was thrown open to the public Friday evening. The occasion was an entertainment given by the men of Brant avenue choir. Standing room was at a premium when the performance began. It was in the nature of a Village Improvement Society, and the leading citizens of "Punkin Centre" assembled and discussed the various needs of the place. Songs, witty speeches and instrumental numbers, kept the audience in good humor. They were ably assisted by Mr. W. J. Feldkamp, who acted as chairman; Mr. J. F. Schultz, and Mr. John R. Vary.

Previous to the entertainment a sale of home-made cooking and candy was held and a very neat sum realized for the choir funds.

**JURY WILL HEAR EVIDENCE.**  
On Tuesday evening, January 13, before a court presided over by Mr. James Harley, at the Y. M. C. A. Hall, Dr. Britton, a well known and highly respected citizen of this city will stand as defendant in a Breach of Promise suit brought by one of Brantford's fair daughters.

Judge Harley says the case is one of the most interesting that has ever been tried before him while W. A. Hollinrake and Col. Newton, the lawyers for the respective parties agree that it is one of the most complicated in which they have ever been retained.

## VERY QUIET WAS COUNCIL INAUGURAL

(Continued from Page 1)

was proud that Brantford had returned to the Mayor's chair.

Ald. Hollinrake referred to the perfect grasp of affairs shown by the Mayor during his aldermanic career. The people had shown wise judgment in electing him Mayor. In private or public life the Mayor-elect had always shown himself a man of probity and integrity. That he would make good emphatically, was a certainty. Ald. Hollinrake also made kind references to Ex-Mayor Hartman.

Ald. Ryerson and Broadbent also expressed their congratulations to the Mayor-elect, also to the citizens and in general. Ald. Broadbent trusted that harmony and union would mark the course of the council in 1914. An ambitious program of civic improvement had been laid down and it was hoped it would be carried out.

Ald. Pitcher said he had always found it a pleasure to act on committee with Mayor Spence, who had a better grasp of civic affairs than any other man.

Ald. Sutch was also pleased at the election of Mayor Spence. Kind words were expressed to the Ex-Mayor and Mayor Spence. Commissioner McFarland. He believed the Mayor's program covered practically every phase of civic work. Ald. Sutch called for the impartial administration and management of public works. Necessary and common sense school extensions will have to be faced this year, more drinking fountains should be placed throughout the city.

Ald. Pitcher said he had always found it a pleasure to act on committee with Mayor Spence, who had a better grasp of civic affairs than any other man.

Mayor Spence expressed his appreciation of the kind remarks. With the example of his predecessor before him he wished that neither the Aldermen nor citizens would have any cause for complaint.

Ex-Mayor Hartman congratulated the entire body. He had no doubt but that Mayor Spence would amply look after things. As Alderman he made decidedly good, and important questions were cleverly handled. He trusted that the street railway and gas questions should be soon settled. A new man in the Mayor's chair this year would have been a calamity said the Ex-Mayor. While he was retiring from the board the memory of 18 years would not be forgotten. Young men had to be secured to carry on the work. Thereupon the Ex-Mayor proceeded to give some advice to the aldermen telling them to back up the Mayor, whose service was a heavy one.

**Striking Committee.**  
The following striking committee was appointed:  
Ald. Hollinrake, Pitcher, Calbeck, Broadbent and Wood.

**The Committee.**

Other representatives of the City Council were appointed as follows:

Public Library—Judge Hardy (re-appointed).  
Parks Board—Franklin Grob J. J. Hawkins (re-appointed).  
Board of Health—J. W. Patte, W. E. Walsh, A. S. Pitcher (re-appointed).  
City Auditors—Charles Thomson and Samuel Seago.  
County Auditor—John Dowling.

**Resolutions.**  
Ald. Ward had two resolutions for the Council.  
One asked for a report from the City Solicitor as to the steps to be taken to hold election on New Year's Day, that being considered the most desirable day for municipal elections.  
A committee consisting of Ald. Calbeck, Pitcher, Hollinrake, Broadbent and Ward was appointed to take up the matter of making Eagle Place into a sixth ward in the city.

### Hon. David Laird Passes Away

[By Special Wire to The Courier]  
OTTAWA, Jan. 12.—Hon. David Laird, Indian Commissioner for Canada, died at his residence here this morning after an illness of a few days. He contracted a chill while at his office last Tuesday, and bronchitis developed. Deceased was 80 years of age and known as a statesman from the Atlantic to the Pacific. He was one of the builders of Canada, having been largely instrumental in bringing Prince Edward Island into the Dominion in 1873. He was also an ex-Minister of the Interior and ex-Governor of the Northwest Territory. Mrs. Matheson, wife of the Premier of Prince Edward Island, is a daughter, and was at his bedside when the end came.

### TRADE CONDITIONS ARE IMPROVING

Local Manufacturers Are Optimistic as to the Future.

The general opinion among Brantford manufacturers is that trade conditions are improving, and that it will not be long now before the majority of the shops will again be working full time. One of Brantford's leading factories since the 1st of January has booked foreign orders for over \$300,000, and prospects are improving generally. There were reported to be 1000 men out of work in Brantford on January 1st. This number is every week being reduced.

### Mrs. Lang Loses Case

### Montreal Women Police Active

[By Special Wire to The Courier]  
MONTREAL, Que., Jan. 12.—Montreal has two police women, unofficial, but effective, so effective that when they had an opportunity to lay their hands on a suspected thief they sat on him while their husbands went for the official police.

Arthur Courtemanche was the victim of their activities. He visited the home of Mrs. Philip Larner at 581 1/2, Dominique street Saturday afternoon to collect the money from the gas meter. The suspicions of Mrs. Larner were aroused when he offered her a receipt which did not bear the printed form of the company.

"You wait here until I get a policeman," said Mrs. Larner, who had been reinforced by her neighbor, Mrs. Viner, eaching Courtemanche by the collar.

"You fetch a policeman," she said to Mr. Larner, who immediately hurried out in search of help.

Mr. Larner left the prisoner to struggle vainly with the effective but unofficial arms of the law, and returned in a few minutes with two constables, who found Courtemanche still in the unrelaxing grip of Mrs. Larner and Mrs. Viner, having discovered that resistance was useless.

**CONGREGATIONAL CHURCH.**  
Large congregations attended most interesting services on Sunday. In the morning the pastor preached an eloquent and forcible sermon, taking for his subject "The Great Taskmaster." The words of the text were: "To him that hath shall be given, and from him that hath not shall be taken away even that which he hath." The speaker going on to show how we are all equipped by our Creator with the necessary talents to use in our development and upbuilding, in a greater or less degree, and we are only responsible for the use we make of the talents entrusted to our keeping and can all look for the Divine approval, "Well done, good and faithful servant." Music suitable was rendered by the choir, consisting of: Anthony, choir solo, "Just As I Am," Miss Campion.

In the evening the lives of Bible heroes of the time of Daniel was beautifully illustrated by stereopticon views, interspersed by an instructive talk by Rev. Mr. Kelly. Bright music enlivened the service, when the following program was given: Solo, Mr. Hollinrake; solo, "The Feast of Belshazzar," Mr. Crooker and chorus; solo, Mr. Crooker.

**Main Broken.**  
During Saturday a water main was broken on West street, the break being caused by the settling of a sewer. A gang of men worked Saturday afternoon and all Saturday night repairing it.

### JAMES TAYLOR RECEIVES CALLER

(Continued from Page 1)  
whom she knew, she came at once to this city.

When Taylor, accompanied by his wife came to Chicago, she gave him employment—such employment as would be given to a ten year old boy. His intelligence was of such a calibre as to not warrant a better class of employment. He was found to be faithful, but required to be properly handled.

While in her employ he had a stroke, and for three or four days had epileptic spasms. His mind was left a blank, and he believed that he had wronged his employer. This state, however, passed away.

Mr. A. M. Harley, Taylor's counsel, at the trial, said this morning when discussing the situation: "There was no opportunity of presenting any evidence as to insanity at the trial. I was called into the case with less than 24 hours notice. Even if I had entered on the insanity plea I had no evidence to support it. Since the trial a number of persons have spoken to me expressing doubts as to his sanity. An investigation by the government experts would clear the matter up."

Charles Cameron's financial worries led to his suicide at Toronto. Manufacturers speak hopefully of industrial conditions in the immediate future.

INAUGURAL MEETING

The opening address of Mayor Spence at the first meeting of the City Council is just what citizens who know him expected. It is business-like and to the point, and shows a clear headed grasp of municipal needs. He very properly emphasizes the fact that he and his associates were successful on the basis of public ownership, especially of the street railway, and all will hope that matters can be brought to a successful consummation in the latter regard.

Although, politically speaking, the aldermanic board stands at fifteen to one, it will be noticed that no effort has been made to take advantage of that situation.

Mr. Thomson, city auditor, Mr. Dowling, county auditor, Judge Hardy for the Library Board, Mr. Preston for Hospital Board, Dr. Hart for Collegiate board, are all Liberals. This non partizan course shows the proper spirit, and will be heartily and generally endorsed.

A SUCCESSOR.

Liberal papers have not hesitated to speculate upon the successor to Sir James Whitney. The good taste of such, a course, at the present time is somewhat open to criticism, although men in public life are not immune from such things.

The names mentioned are Hon. Mr. Hanna, Provincial Secretary; Hon. Adam Eeck, Minister of Power; Hon. W. H. Hearst, Minister of Lands and Mines and Hon. I. B. Lucas, Minister without portfolio. Of these Hearst, who represents Sault Ste. Marie is obviously not to be considered at this time. He is a young man of excellent parts but a comparatively new comer. The same, to an extent can be said of Hon. Mr. Lucas, K.C., who, when the time shall arrive (and long may Hon. Mr. Foy continue in the post), looks more to be cut out for the position of Attorney-General, than anything else.

Hon. Adam Beck has many admirers and he thoroughly deserves them, because of his great work in connection with Hydro-Electric, but it is no disparagement to say that his personal attributes do not approach those of Hon. Mr. Hanna. That gentleman is the possessor of exceptional abilities, and that he, moreover, has the gift of initiative even to a radical extent, has been abundantly demonstrated by the inauguration, and carrying out his Prison Farm scheme. He has been a tower of strength to Sir James and in addition to fine oratorical abilities, he is a man of very broad views and has a thorough grasp of Parliamentary procedure. Still further he has a personality which makes him most approachable, or to put it in street parlance, he is a "good mixer," without in so doing abating one jot of the respect which is properly due to his high place in the councils of the province.

Should it become necessary, Whitney's mantle could not fall upon any worthier shoulders than his.

THE CANADIAN SENATE

A Courier reader asks this paper to give some details with reference to the above body.

Under the Act of Confederation, this chamber when it possesses a full complement, has 81 members. They must be at least thirty years old before appointment, and possess property qualifications. Their sessional allowance is \$2,500 per annum, and they have passes upon all Dominion Railways and steamer lines. Their selection is nominally vested in the Crown, but in reality they are chosen by the political party which happens to be in power in the House of Commons. Thus, when Laurier accepted office in 1896, the upper chamber, after eighteen years of Conservative rule, was preponderantly Tory, while chiefly owing to death, during a Liberal reign of fifteen years, it became just as much the other way.

A Senator can absent himself entirely during one session and still draw his sessional allowance and remain in good standing. If he is absent two sessions in succession he automatically loses his seat. For the most part they are men well advanced in years. Sir Mackenzie Bowden,

for instance, has passed his ninetieth milestone. Senator W. J. Macdonald has been there 43 years, Senator Power 37 years, and so on.

The Senate powers are very great, many think too much so for a body not elected by the people, or in any sense amenable to public opinion. They have no elections to face, and therefore have no concern about pleasing the voters, or any fear of a calling to account at the polls. They have co-ordinate powers of legislation with the House of Commons, except in the case of revenue, taxation, or money bills. These they cannot initiate, or amend, but if they see fit can reject entirely. Among other things that they have done since Borden came into power, in 1911, has been to throw out a good roads bill, the naval bill and other measures. This action they took at a nod from Laurier, who hoped by such a fatuous and unwarranted course to embarrass the Administration. He hasn't done that, but he has succeeded in temporarily preventing useful and warranted legislation from passing into law. In the absence of a change in the constitution, placing membership on an elective basis, say for a term of years, the present undesirable condition of having these irresponsible members thwart the will of the lower house at the say so of a disgruntled ex-Premier, can only be checked by the levies of time. This may sound like a harsh statement, but it is a true one.

SOME INTERESTING FIGURES. The Canadian Year Book for 1913 issued from the department of Hon. George Foster, Minister of Trade and Commerce, as usual is full of interesting data with regard to the progress of Canada.

It contains among other things corrected returns of the last census from which it appears that at the time of its taking the total population stood at 7,206,643, representing an increase of 1,835,328 since the previous census of 1901. For the period covered the rate of increase was 34.17 per cent, the largest in the world, and mainly due to the volume of immigrants. The countries next in order in respect of the percentage rates of increase during the same period were: New Zealand 30.05, the United States 21; Germany 15.2; Holland 14.8; Switzerland 13.2; Denmark 12.6; Belgium 10.9; Austria 9.3; United Kingdom 9.1.

Ontario and Quebec continue to be the most largely populated of the nine Provinces, the former with 2,523,274 inhabitants and the latter with 2,003,232. None of the other Provinces have yet reached the half million mark; Saskatchewan is the largest with 492,492.

As an evidence of the vast amount of territory yet to be settled it is noticeable that Canada's population works out at 1.93 persons per square mile. In the States the figures stand at 30.60.

By the revision of boundaries not long ago, Manitoba received 178,100; Ontario 146,400 and Quebec 354,961 of additional square miles. This makes Quebec the largest province with Ontario second and British Columbia third.

NOTES AND COMMENTS.

A despatch from the States gravely announces that Taft has lost in weight. Well, didn't the result of the last Presidential contest show that?

During 1913, the trade of Canada increased by \$210,000,000 over 1912, itself a banner year. Johnny Canuck has struck his stride and he intends to keep it up.

A Grand Trunk Conductor couldn't get time off for his wedding, so he was married at Niagara Falls, N.Y., between trains. To make the thing appropriate he should have secured one of the yard staff to do the coupling.

The practice of holding the first meeting of an incoming Brantford City Council in the morning is one which should be abandoned. The plan is unnecessary and often most inconvenient to Aldermen. The inaugural should take place at night the same as the other regular gatherings.

Ex-Premier Bond of Newfoundland has retired from public life. His main reason seems to be that he did not like cooling his heels in the shades of Opposition. He should have taken pattern by leader Rowell of Ontario, who is looking forward to years of wandering in the wilderness with apparent composure.

The State of Wisconsin is finding it difficult to enforce the law making it compulsory for those desirous of marriage to first undergo a physical and also a mental examination. Reasonable care is of course desirable with regard to union but an astonishingly lot of notable people have in the world's history sprung from people who could not pass an inspection board. Lincoln is one illustration of that fact. His father and mother were both shiftless and came of undesirable stock. In his own brief biography he relates: "My parents were both born in Virginia, of undistinguished families—second families perhaps I should say." Other similar examples might be given with regard to the progenital origin of some of the world's greatest figures. In reality it is more largely true that notable parents fail to have distinguished offspring than that unnotables don't and can't.

Mr. Robert Slack, the well-known Hendon aviator, was killed on Sunday afternoon in a motor-smash on the Watling Street, close to the village of Radlett, Hertfordshire. He was driving a small American car, and came to grief on passing what is locally known as Motors Bridge, on account of its notoriety in connection with motor accidents. Mr. Slack and three friends, Mr. Geoffrey Gold, of the Pantheon, Oxford Street, London (the owner of the car), M. Du Forbier, of Hendon, and M. Jules Teulade (one of M. Blierot's pilots), were motoring towards London and nearing High Bridge, where the road turns awkwardly. Mr. Slack steered his car sharply to the left to avoid a corner when one of the back wheels collapsed and the car turned upside down. Mr. Gold and M. Forbier were thrown clear of the car, but Mr. Slack and M. Teulade were pinned underneath. The last-named extricated himself easily, but when help arrived Mr. Slack was found crushed to death, with his steering wheel resting on his chest. The two Frenchmen were slightly bruised, but Mr. Gold escaped unhurt. Mr. Slack, who was at the wheel, approached the bridge at a speed given by two of the passengers as

Dieting

When ailments through your system buzz, and aches are running riot, the first thing that the doctor does has reference to your diet. He asks you what you like to eat, his face all stern and wooden; you tell him fish and fowl and meat, and pie and cake and pudding, "if you would shed your pesky ache, cut out the cheese and butter." I diet for the jumping gout. I diet for lumbago; I have to cut the good things out, and live on rice and sage! I'm fond of grub that's good and rich, that in the stomach's tingles, but I must diet for the itch, and diet for the shingles. I'm living now on horse's fare (that's what I weep the briny) attempting to restore some hair to my old scalp so shiny. I wonder why the blooming dose don't change their medication? They now accept a patient's rocks and then prescribe starvation.

Arthur Greenlaw got drunk at a little party held on Saturday evening and after the pleasant affair got mixed up and found himself in the wrong room to the astonishment and discomfort of a lonely female inmate. She screamed and her husband arrived on the scene and detained the intruder. Greenlaw, penitent, was fined three dollars for his mistake. A story of domestic infelicity came before Magistrate Livingston this morning when a woman charged her husband with assault. He, looking honest and straightforward, gave a story typical of many immigrants experience during their first year's residence in this country. He had immigrated to Canada over a year ago and had prepared a home for his wife's arrival. When she arrived she found a home of which he claimed he was proud. She was dissatisfied and the trouble began. On this occasion he admitted having struck her, under great provocation. He claimed that his wife was not spotless.

She, in the box, gave her evidence with the glibness of a woman accustomed to a lengthy flow of language. Even in the court she declared her husband was a wicked man, and her nagging proclivities were quite apparent. Time after time she interjected in a very provocative manner. The magistrate thought that the assault was exaggerated, and both parties agreed to a separation order, which the magistrate eventually made, ordering the man to pay his wife six dollars a week from Friday first. To this she cheerfully consented.

Thos. Bell, alias Arthur Wallace, was remanded until Friday upon a charge of robbery, at the chief's request.

Abolishing Pauper Dress

A very interesting project is on foot amongst the guardians of the Middleton Union, namely the introduction of ordinary children's clothing instead of the distinctive garb in which the workhouse school children are attired. The idea is to abolish the distinctive pauper uniform heretofore worn by the children of the institution, so that they may no longer be branded as child paupers.

The Catholic church at Ballinlough, near Castlereagh, Co. Roscommon, has been destroyed by fire. It had been locked up in the usual way by the sexton, and the flames had taken complete hold of the building before the outbreak was discovered. The beautiful edifice was completely gutted. It was erected only fifteen years ago at a cost of about £6,000. The fire is attributed to accident.

Airman's Sad Fate

he finished his flight at the Hendon aerodrome it was noticed that the planes of the machine were covered with autographs of hundreds of people in all parts of the country. During this tour neither the airman nor his machine met with the slightest accident. Born at Nottingham twenty-seven years ago, Mr. Slack was apprenticed to motor engineering, and spent about nine years in Nottingham and Glasgow before taking up flying. He was married. One of his best feats of airmanship was performed last June, when, in the face of fierce winds and rain, he flew from Paris to London. The coroner's inquiry was held on Tuesday. The jury found that Mr. Slack met his death from shock in consequence of his injuries he received, and that the excessive speed of the car caused it to overturn, the dangerous condition of the road being a contributory cause of the accident.

"Not Fit for Pigs to Live in" A tenant of one of the cottages of Carrick-on-Suir Rural District Council, stating, "If you will repair my cottage for me before the real black winter comes, I will pray for you all the longest day ever I live, although I know it will come hard on me. (Laughter.) My house is not fit for pigs to live in. If you don't repair it, I will pay no rent, and it will fall down."

The machine on which this flight was accomplished was afterwards presented to the War Office, when

## FINE IMPRESSION BY NEW RECTOR

### Rev. C. E. Jenkins Occupies Pulpit for First Time on Sunday.

Impressive indeed was the manner in which the Rev. C. E. Jenkins conducted his first services at St. Judes Church of England yesterday. His sermons were such as might be expected from a man who was formerly a professor at Huron College, London, and who is so well spoken of in Clinton, from whence he came. Learning and deep thought were two essentials for such addresses as the congregation yesterday heard, and his fine presence in the pulpit left its impression on the gathering. Neither too short nor too long to be tedious, his teachings on the bible were excellent, and his delivery, not fiery, not eloquent as bespeaks a man of knowledge. This was revealed when the Rev. C. E. Jenkins made his initial bow to his congregation, who flocked in large numbers to welcome him as their new pastor. His demeanor was that of devout earnestness, and he conducted both morning and evening service in a manner that will speedily win for him the good will of his flock.

In the morning he took for his text Corinthians xv. 1-2. "Moreover I declare unto you which also ye stand and by which also are ye saved." Preaching the gospel was not an easy thing, the preacher continued. To preach conventional platitudes was an easy and simple matter, but not so preaching Christ, and he was going to preach Christ. To this end he asked the prayers of the members of St. Judes; he was human and liable to fail, and therefore he asked their prayers. He did not expect, for a while, to step into the place of their old rector, but in time he hoped he would have the complete confidence of the congregation.

"God is love," was the gist of his evening sermon, and the words were taken from I. John, 4:8. They were beautiful words, declared the reverend gentleman, but in this modern age the words had become so commonly used that they had lost their original "purity, and their worth. The whole bible could be condensed to three words, and they were "God is Love."

Plato, Aristotle and Sophocles had all approached near to God, and these old Greek philosophers were men of deep learning. The more men studied the more they realized that God is love, and so became nearer to God. This world was the embodiment of a divine thought. It did not come into existence itself, and a survey of the facts would lead to the conclusion that it was the result of the love of the universe was a grand outflow of divine goodness. Love is an active force. God created the earth because God is love and love is creation. Love made heaven and earth and hell. Man lives for love. A man loved his son; from whence did that love come. There was only one source.

In all the ups and downs of life one thing is paramount, and it is this, God is love, and after that what else really mattered. God's way was mysterious, but we knew his heart and we will trust.

During the morning service, the anthem, "Onward Christian Soldiers" was rendered, and at the evening session "Sun of My Soul" was harmoniously sung.

On Tuesday evening a gathering will be held in the school room when the rector and Mrs. Jenkins will meet members of the congregation.

## SUNDAY IN THE LOCAL CHURCHES

Inspiring Services Throughout City—Helpful Sermons.

### WELLINGTON STREET.

Large audiences greeted Rev. J. R. Patterson, a former pastor, now stationed at St. Paul's Church, St. Catharines, at both services yesterday. Mr. Patterson was kept busy all day. Besides preaching morning and evening he addressed the Brotherhood and also Bible Class No. 2. His sermons were based on Missionary themes and were delivered in his very eloquent and convincing manner. The evening discourse on "The First Catholic Church," was particularly interesting.

The attendances at the Brotherhood and Junior League were excellent. The Sunday school session was very interesting; 395 scholars were in attendance. The singing was led by piano and organ, played by Miss Olive Graham and Mr. Darwin, respectively. This innovation was introduced by Mr. Darwin and proved very effective.

The choir music for the day was fine as usual. Those taking prominent part were Misses R. Cann, O. Graham, C. Chave, Messrs. W. G. and Charles Darwin.

### SYDENHAM STREET.

Rev. A. I. Snyder, the pastor of Sydenham St. Methodist church, had the misfortune to fall on the ice on Saturday, and received a rather bad shaking up. No bones were broken, but as a result he had to take to his bed for a few days. In consequence his work had to be supplied. In the morning—Rev. James Chapman of Shenton Memorial church, occu-

piated the pulpit, and delivered a splendid sermon to an appreciative audience. In the evening, Mr. G. L. Goodwin, secretary of the Y. M. C. A., was in charge. He gave one of those delightfully practical talks for which he is noted, and the audience were delighted with his work. The music of the day was good and the attendances encouraging. The Epworth League are putting on a mock trial a week from this evening. In the Sunday school yesterday it was promotion day and a rearrangement of the classes took place.

### AT ELM AVENUE.

The attendance at the Elm Avenue Methodist church Sunday school, continues to increase. Yesterday afternoon there was an attendance of 68, twenty of whom constituted new members. Rev. Mr. Holling addressed the school and a quartette of little girls sang motion songs.

### AT MARLBOROUGH ST.

There was a good congregation at Marlborough St. Methodist church last evening when Rev. T. T. Holling, pastor of Colborne St. Methodist church, occupied the pulpit. He took for his subject, "Conviction of Sin." Solos were rendered by Mrs. Clark and Mr. Will Telford. At the Sunday school there was an attendance of 122, an increase of 16 over the previous Sunday.

### AT ST. ANDREW'S

On Sunday the pulpit was occupied in the morning by Rev. A. E. Lavell, this being the exchange arranged by the Ministerial Alliance.

Mr. Lavell's discourse was much enjoyed. He bespoke for the present time a steadfastness and quiet firmness in the Christian religion. He told of the frantic frenzy of the Ephesians at the time of Paul in worshipping their goddess Dione. Having visited Ephesus, he was able to draw a very real picture of the Ephesians shouting their vows of allegiance to Diana and their going away from the assembly and forgetting all about their pledges.

As a contrast, he presented the humble life of the christian, and that all endeavor as far as possible to be steadfast and purposeful in their religion, leaving aside the frenzy of the emotionalist which is soon forgotten and cast aside.

### MR. JOHN HOWARTH SANG IN THE MORNING AND MR. GEORGE CHAMBERLAIN AT THE EVENING SERVICE.

### ALEXANDRA PRESBYTERIAN.

A large congregation assembled for the morning service to commemorate the sacrament of the Lord's supper. The address of the pastor was most impressive, founded on the text, "And they compelled one, Simon, a Cyrenian, who passed by, coming out of the country, to bear His cross." A duet "What will it be to see Jesus," was appropriately sung by Miss Mar-

garet Patterson and Mrs. Wm. Lewis during the service.

## REV. GRAHAM AT THE COLBORNE ST. CHURCH

### Education Was the Theme of Address on Sunday.

Educational Sunday was observed at Colborne street Methodist church yesterday when Dr. J. W. Graham, secretary of Education for the Methodist Church of Canada, addressed the congregation both morning and evening. At the morning service the doctor took for his text I. Corinthians 1: 1 and 2: "Now concerning the collection of the saints, as I have given order to the churches at Galatia, even so do ye. Upon the first day of the week let everyone of you lay by him in store, as God hath prospered him, that there be no gatherings when I come."

Dr. Graham pointed out that Christian education was the most rational philanthropy in the modern world for where a college is on a charitable basis the recipients are of the charity have to study hard to run their course with even joy, and therefore, are not in danger of becoming pauperized. The doctor also pointed out the value of christian education.

At the evening service the text was taken from St. Luke 3: 4: "The voice of one crying in the wilderness, prepare ye the way of the Lord." The speaker pointed out that John was a man possessing a personality and one who gave out his message. This was a foundation for success. As John had prepared the way for the Christ so had men in more modern days blazed a path for future success of the nation by their inventions and by reforms brought about.

At the morning service a solo was rendered by Mrs. Leeming and the solo part in the anthem was taken by Mr. Ayliffe, Miss Nixon of St. George's, rendered a solo at the evening service, and a quartette composed of Messrs. Sills, Ayliffe, Hills and Smith rendered a selection. The solo part in the anthem was taken by Mr. George Humphries.

The election of A. Z. Trudel as Mayor of Cobalt is to be protested. There is a recount of the Sudbury Majority ballots.

## First Blizzard

### Traffic Put in State of Semi-Paralysis Today in City.

The first blizzard of the year struck Brantford early this morning and put traffic in a state of semi-paralysis. The storm was not the worst on record but it was of the old Canadian winter variety. Street railway men had a battle on their hands to get the cars through and the service was tied up for some little time. Main line trains on the Grand Trunk were a half hour late this morning. It is an ill-wind, however, that blows no good, as many out of work to-day were busily engaged on the sidewalks shoveling the beautiful. Cold is predicted by the weather man for some days.

Rev. D. D. Rolston of Walkerton, died, after an illness of two months, in his 95th year.

### "Pape's Diapepsin Digests Food When Stomach Can't—Cures Indigestion."

Do some foods you eat hit back-taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour or upset you. There was never anything so safely quick so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large 50-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

President Nelson and Roy Brown, the owners of the Red Sox are greatly pleased that the Canadian League this year will be without Guelph and Berlin.

What's the matter with the intermediaries? The team hasn't won a game this season. Beaten by Paris 4 to 3, London 9 to 5, and 9 to 1.

Pete Cancella, fired as trainer of the Intermediate Hockey Team is now refusing to be interviewed.

Now that the League matter has been straightened away, the Brantford magnates will immediately begin a hunt for a competent manager.

Once under arrest, the handcuffs were placed upon her wrists, a call sent in for the patrol and he was made to stand there while the crowd looked on.

OTTAWA, Jan. 12.—Several of the players who took part in the Ottawa-Toronto game Saturday will likely find themselves in hot water as a result of their rough work.

The Treasure of Tu'penny Cay

It Wasn't Quite What They Expected

By CLARISSA MACKIE

"Elsie," said Captain Charlie Bunce as he stepped into the horse one bleak November morning, "I believe I've got a cold on my lung."

"Hem!" commented his sharp-tongued wife. "Which lung?" Captain Charlie coughed again, ending with an alarming strangle that required a vigorous pounding on the back from the stout lady.

"By all signs I get to look out for myself," he said, with dignity, when he got his breath. "Being as there's no one to take no interest in my health, I can go and seek a balmy climate all alone."

Privilege of Hunting Dog. When David Hackett, of Egham, (Surrey) was summoned at Feltham, on Monday, for allowing a dog to be at large without a collar bearing the name and address of its owner.

Inspector Smith drew attention to a case in the High Court in which it was stated that a hunting dog was not exempt unless it was with the pack.

Two weeks later Captain Charlie sailed away, with Lem Peters and a negro boy as mate and crew of the Rosy Dawn.

"I certainly do," was Captain Charlie's firm reply. "I got so much faith in it I'm willing to risk \$50 on the venture, and Lem Peters he's going to do the same."

"So long as they were bound to go, anyway, I suppose I might as well have let Lem go in peace," worried Sadie Peters one January day.

"If I didn't have great faith in Charlie's seamanship I'd get worried," remarked Elsie, her needles flashing dizzily.

"I'd go down myself if I hadn't said what I did to Lem," admitted Sadie. Elsie Bunce said nothing, but now she knitted so fast and so inconspicuously that her wool came hopelessly tangled, which might be a token that Captain Charlie's wife was in "a state of mind."

furled and smoke curling from her galley stack. Sitting on the beach smoking morosely were two men. One was Captain Charlie Bunce, and the other was Lemuel Peters.

"How much did you pay that Portuguese for the information?" growled Captain Charlie after awhile. "My job in the shipyard," admitted Lem Peters sheepishly.

There wasn't much to say from the point of view of the two adventurers. They had arrived at the tiny island full of enthusiasm. The hold of the Rosy Dawn was freighted with empty gallon bottles to receive the golden blood of youth from the immortal fountain.

So with the original \$100 investment reduced to \$20 in cash, with supplies running low and two angry women waiting there in that Long Island village for their inglorious return, it is no wonder that Captain Charlie Bunce and his companion were depressed.

"Dinner," said Captain Charlie without enthusiasm as he rose and went toward the landing plank. They sat down at the table in the cabin.

"Beans again?" moaned Lem Peters as Frank passed him the steaming dish. "I wish I knew the man who invented canned beans!"

"I don't ever expect to see no more punkin pies," lamented Captain Charlie. "Then, with a sudden burst of confidence, he added, 'Elsie, she wrote me a letter, and she dared me to come home ag'in without that there treasure!'"

"Absorbed in the gloomy meal, neither one had heard the chug, chug, of an approaching steam launch. Neither had they heard the sounds of an arrival on board.

"So it looks like we'll not be wanted back there in Little Bay," he said gloomily. Then it was that some one laughed uncertainly, and a large, yellow pumpkin pie was placed on the table before the astonished treasure hunters.

"Elsie!" yelled Captain Charlie, jumping up to receive his wife in his arms. "Sadie Peters!" choked Lem as his wife flung her arms around his lean neck.

"We were worried to death," confessed the redoubtable Elsie, wiping away some tears. "So I took the money I'd been saving for a plush coat next winter, and Sadie she had a streak of luck with her Cousin Benjamin leaving her a bit of money, so we come down to see where you was, and we found you. We just come over from the mainland. You're going to take us home on the Rosy Dawn."

Canadian League Franchise To Be Placed in Toronto

International Club Owners Purchase Berlin Club Franchise—Erie Territory Awarded to Fitzgerald Circuit and Will Replace Guelph.

HAMILTON, Jan. 12.—Bright days are ahead for the Canadian League. President James P. Fitzgerald of the Canadian League, announced that the league has been granted the Erie, Pa., territory by the National Commission and that the Guelph franchise would be transferred there, while he also made the sensational and unexpected announcement that "a gentleman by the name of Mr. Percy Kerwin" had purchased the Berlin franchise.

For the benefit of the fans it might be said that Percy Kerwin is secretary of the Toronto International League baseball club and that the understanding is that he has purchased the Berlin club for the Toronto club, which intends to place the franchise in Toronto, playing at the Island Stadium while the Toronto International club is on the road, the decision to take this step having been hastened by reason of the activities of the Federal League in Toronto, the Toronto owners believing that the Canadian League can be used to advantage to fight the Federal advances in the Queen City.

President Fitzgerald would not say if this was true or not. Other than to repeat that Percy Kerwin had purchased the Berlin franchise and would leave for that city at once to close the deal, he would not talk. When pressed for an explanation of Kerwin's activity in the matter, Mr. Fitzgerald would only go so far as to say "it looks that way" meaning that it looked as if the Berlin franchise would be taken to Toronto. That this is a fact is only too evident and is supported by the following item which appeared in The Toronto Globe:

"The Toronto Federal League are still very much in the air. Beyond the positive statement that this city will be represented in the new league and the vague suggestion that efforts are being made to sign players, there is nothing doing. The Federals and the motordrome promoters are conferring about the establishment of a joint park for gasoline bikes and baseball on the site secured by the motordrome people on Greenwood avenue near Queen Street. Scarborough Beach is too far from the centre of the city for Federal purposes."

President Fitzgerald presented a new angle to Federal League affairs in Toronto yesterday when he announced that the Toronto International League were considering allowing the Canadian league to enter this territory. The Canadian circuit has wanted Toronto for two years. Should a Canadian league team be installed at

the Island Stadium to clash with the Federals during the absence of the Leafs on the road the people of the Queen City will have had enough. "Should the Canadian league come in there will be no chance for the Tecumseh lacrosse club at the Island Stadium, and the Indians would have to secure new grounds. "Richard Carroll and B. R. Hepburn, M.P., of the local Federals, were in conference here yesterday, but had nothing to give out concerning their plan."

The decision of the National Commission of Minor Leagues that the Canadian League was entitled to the Erie, Pa., territory, and the decision of the Toronto magnates to allow the Canadian League to invade that city under International League patronage are the biggest things that have happened in minor league baseball in some years, and will prove a source of much satisfaction to all Canadian League fans. The replacing of Guelph and Berlin by such cities as Toronto and Erie will place the Canadian League in Class B company and make it the strongest minor league circuit in America. Here are the cities that will comprise the circuit for the season of 1914, with the population figures:

Table with 2 columns: City, Population. Toronto 500,000; Hamilton 100,000; Ottawa 90,000; Erie 80,000; London 55,000; Brantford 30,000; Peterborough 18,000. Total 898,000.

For some two years now President Fitzgerald has been working on the proposition of landing a Canadian League team in Toronto. Almost daily he has been at the Toronto owners to consider the proposition, but invariably was turned down by President McCaffery of the Toronto Club. Some months ago McCaffery undertook to purchase the Hamilton club, but just when it appeared that the deal would go through he called things off. Now his reason appears evident, for at the time that he failed to go ahead with the purchase of the local club he refused to give any real reason. The success of the league in landing Erie territory is also due to President Fitzgerald, who has worked patiently and persistently on the matter for some months. He has been rewarded, and the various club owners owe him a debt that they will never be able to repay. In addition to landing Toronto and Erie, it must be remembered that Mr. Fitzgerald secured Niagara Falls territory for the Canadian League, in case it

Hockey Preston's Good Team Will be Hard to Beat

PRESTON, Jan. 10.—The O. H. A. intermediate game played in the new arena here Saturday night between Guelph and Preston teams resulted in an eleven-to-one victory for the home team. The score at half time was five to one in favor of Preston. The game was very fast; Jim Etherington was the star of the evening, while the other players made some good rushes. Short, Preston's goalkeeper stopped numerous shots. The line-up—Preston—Goal, Short; point, Bowman; cover, Bernhardt; centre, Pfeiffer; rover, Etherington; right wing, Muir; left wing, Mulroy. Guelph—Goal, Hinshaw; point, Wells; cover, Hayes; centre, Allen; rover, Kent; right wing, Hiller; left wing, Ziegler. Referee—W. Dennis of Galt.

COBALT 3; Nipissing 2. COBALT, Jan. 12.—In a game featured by close checking and brilliant defence work by both teams Cobalt defeated Nipissing 3 to 2 in a Mines League game here Saturday night. Nipissing showed up much better than on their previous appearance, and with their defence players steady down, will prove an important factor in the race. The Lake team won by reason of their better staying powers. At the close of the game it was announced by the referee that the Nipissing team had entered an official protest on the ground that Cobalt Lake scored one goal after an electric bell at one end of the rink had rung and the sound had confused the Nipissing players, who took it for the timekeepers' gong calling half time.

PLAYERS' OUTFITS LOST. KINGSTON, Jan. 12.—Queen's University senior hockey team is still without its playing outfit, their trunk having gone astray at Cleveland over a week ago. As a result scarcely any practice has been held. The players are not in very good condition to go against McGill in Montreal next Friday.

Hockey Gossip

The veteran "Bud" Glass has joined the roster of the Montreal Canadiens. The Centennials and Hamilton Hockey Club, the two remaining clubs in O. H. All four games will be played at Alerts

English Football Cup Competition Furnishes Surprises—7 Matches Were Draws.

LONDON, Jan. 12.—The first round of the competition proper for the Football Association Cup, saw twenty-five decisive results in the 32 games played. Some surprising scores were recorded, Sunderland tallying 9 against Chatham, while the dockyard team failed to get a single goal. West Ham United beat Chesterfield Town 8 to 1, and Hotsputts got 3 on Leicester Fosse's ground, while the home team were piling up the same total. Swindon settled Manchester United at once, and Glossop put Everton out and beat the Tynesiders five to 0 on their own ground.

The seven draws will be played off next week as follows: Barnsley vs. Liverpool; Bury v. Hull City; Notts Forest v. Clapton Orient; Bristol City v. Queen's Park Rangers; Tottenham Hotspurs v. Leicester Fosse; Brighton and Hove v. Oldham Athletic; Chelsea v. Millwall. The draws for the second round to be played January 31, will be made this afternoon. The scores Saturday, Saturday:

GUELPH CLUB SOLD; MAY GO TO ERIE, PA.

GUELPH, Jan. 12.—The baseball situation so far as Guelph is concerned, appears to be cleared up now, unless something unforeseen turns up to change the plans made by the owners of the clubs in the Canadian League. On Saturday Mr. George H. O'Neill, who purchased the Guelph franchise from W. A. Mahoney, handed over to Mr. Mahoney a cheque for \$2,450, the balance due, which was payable before January 15, Mr. Mahoney who has done his best to provide the fans of Guelph with baseball for the past three seasons, is out of the game, and will devote all his time to his business interests.

Mr. O'Neill when interviewed here stated that he had made the people of Guelph a fair proposition, whereby they might get the franchise back from him, but they had failed to come across, and now it was too late. He is very sweet on the Erie prospect, and is confident that the Canadian league will be much stronger with that city. He has not, however, concluded the deal, whereby the club will be taken to Erie, and there may be some drawbacks. The sale of the Berlin club to J. J. McCaffery of the Toronto Club would seem to indicate that Toronto would be the eighth city in the league, as it is understood that is the plan at present. When Mr. O'Neill left here for home he would not state definitely whether he was going to Erie or not, but intimated that he might be compelled to keep the club in Guelph this year. The whole matter will be settled at the next meeting of the Canadian League in Toronto on Friday of this week.

rink and Hamiltonians will be able to see all of them without travelling to Brantford, the home of the Centennials. Manager Laidlaw of the Argonaut seven who yesterday returned from their trip to Syracuse, where they played two games, reports that the Stars were treated excellently on the other side of the border and that only one penalty was inflicted during the two games. Referee Norfolk was very impartial. Toronto Canoe Club and University of Toronto juniors meet to-night at the Arena for the first time in their O. H. A. group, and from the showing both teams have made in their previous game, a hard fast game should result. The management of the teams have had a chance to strengthen the weak spots on their teams and much better hockey should be seen than that shown recently.

A Kick About Coal Quality

is by no means a rare thing these times. But it is a rarity with us, because we take care to buy only the best grades of coal, as we know our customers would not buy from us any inferior qualities—not twice anyway. At it is our policy to keep our customers, we could not afford to give them any at the best coal, full weight, without dirt or rubbish and at a reasonable price.

Many friends will learn with regret of the death of William P. Croome, who passed away at his late residence on the Mt. Pleasant road on Sunday morning, Jan. 11th. Mr. Croome was born in Bristol, England, 1842. He was educated in England and came to this country in his early boyhood, and settled in Brant County he was always interested in work which was a benefit to his country and at one time he was an active member of the Township Council and at his death he occupied the position of manager of the Ontario Free Labor Bureau. Is Strongly Out for Abolition of the Saloon in City of Montreal.

[By Special Wire to The Courier]

MONTREAL, Jan. 12.—His Grace Archbishop Bruchési, in a powerful sermon at the dedication of the Church of St. Tusebuis Sunday morning, gave unstinted praise to the Quebec Government for its new license legislation and the royal license commission for their report, which enlightened the government in the shaping of the new law. "We have too many saloons, it is a crying evil, and we all note with pleasure that the government will reduce the number by over 120," he said. "I am glad of the greater power given to the license commissioners to withdraw the license when the law is violated. The government has done much in the cause of temperance. It is the solemn duty of all citizens to help the government in its temperance legislation.

"Do all in your power to lessen the number of saloons in your parish. Wipe them all out if possible. Let temperance reign in each family. Let the father of the household be a model of temperance and sobriety. Let the blessings of temperance radiate from this parish church and let its holy and powerful influence be felt in each family."

**JACK CANUCK IN COURT AGAIN**

Justice Middleton Gives Him 2 Months to Pay Costs of Recent Trial.

[By Special Wire to The Courier]

TORONTO, Jan. 12.—"I think I'm not going too far in what I'm doing, therefore, I want you to live up to the indulgence!" remarked Mr. Justice Middleton this morning after giving R. Rogers, editor of Jack Canuck two months in which to pay \$175 costs in the libel action brought by E. J. Bird, formerly controller of Hamilton.

If the costs are not paid in the time named, his Lordship intimated that the editor would have to take his consequences.

"The Mr. Bird be not tabooed," warned Mr. Justice Middleton. "There must be no reference to him. You mustn't talk about him as a man with feathers or in any other manner."

T. N. Phegan, who appeared for Mr. Bird, objected to several recent references by inuendo to his client. This, he declared, was in direct violation of the terms of which sentence was suspended.

Editor Rogers declared that if it were possible for him to withdraw his plea of guilty at this time he would do so. "I poor fool, that I was," he remarked, "had to go and commit a crime against myself."

"The an does not appreciate the opportunity you gave him," declared Mr. Phegan.

"I have a latent fear that his attitude is 'I will not pay,'" commented the judge. "If there had been an honest endeavor to pay these costs, I think they would have been paid."

Mr. Phegan urged the necessity for maintaining the dignity of the court.

"These costs are going to be paid or punishment awarded," commented Mr. Justice Middleton.
