It pays to oil your harness, it adds to the wear—looks better and handles easier. Buy the Black Champion Harness Oil at Parker's, Canning and Kentville.

Mr. Watson Bishop, Provincial Road Engineer and Mr. D. B. Weaver, County Engineer were in Kentville yesterday on a tour of the roads in the county. They had visited Hantsport, Hortonville, Grand Pre and Gasperaux and the Ridge and were proceeding west laying out plans for June work and getting an idea of the parts of the main road which would be made a permanent road as soon as possible. Mr. Weaver has travelled over all the roads this spring and never found them in as good condition. The roads up and down the mountain sides are all undamaged by the spring freshets. This is on account of the winter patrol work which Mr. Weaver carries out. He has 26 patrols on these roads their duties being to go over the roads during thaws and freshets and prevent damage.

ST. STEPHEN'S METHODIST CHURCH
KHAKI SERVICE

Next Sunday evening the service will be conducted almost entirely by soldiers. The preacher will be Quarter-Master Sergt. (Rev.) Laurence, who is a Methodist minister of the Toronto Conference. The Quartette of the 122nd Battalion will sing, and Captain Bayers, of the same battalion, will sing a solo. Soldiers will be the ushers for the service. At the close of the service the sacrament of the Lord's supper will be administered.

Mrs. Frank A. Webster will be at home to her friends in Sheffield Mills, on the 17th and 18th of May.

Pratt's Foods—All kinds—at Parkers.

KENTVILLE

WAITRESS WANTED AT AMERICAN HOUSE, KENTVILLE. swift

The young ladies of St. Paul's Church will hold an Exchange on Saturday, May 12th in W. W. Rockwell's Store.

On and after May the 11th we will be showing the smartest line of most exclusive millinery for summer and will be prepared to meet all your requirements. SLOAN AND KEARNEY.

Now, Ladies—don't forget your Fly Screens and Doors. "Procrastination is the thief of time" wearing number two. W. W. Rockwell.

Oil and Grease—All kinds—Auto, Engine, Machinery, Separator, Harness, 3 in 1, etc. Parker's.

Carriages—Bargains in Carriages—new or used. Parker's, Canning or Kentville.

I have so much to blow about I forgot to tell you of my American Poultry Netting all sizes from 18in to 72in, in one, and two inch mesh. W. W. Rockwell.

Save money is now the cry and you can do it by trading with Joseph Cohen.

Cleveland Bicycles—the best known quality—are made in Canada and sold in Kings Co., N. S., by G. W. Parker, Kentville and Canning.

Sarah! If you want a little Hoe to the Sweet Sunny South, Rockwell has the finest Garden Tools for the Ladies use.

The many friends of Sergt. W. A. Porter will be pleased to know that he has received a commission as lieutenant in the 5th Canadian Infantry, France.

Mother? Little Charles Edward can do his bit too, if you get him one of the little Waggon from the Sunny South Man. W. W. Rockwell.

Private Edward Stinchard of Upper Dyke has been invalided home and is now expected here any day.

Mr. and Mrs. Sherman Belcher, Upper Dyke, received yesterday a cable from London from Mrs. Annie Primrose, wife of Major Miller, stating that their son, Kenneth Belcher was killed. This sad news was received by the parents on April 14th. It is truly sad that so many of our best families are receiving such sad intelligence.

H. G. HARRIS, THE ADVERTISER, Editor and Publisher.

In the Court of Probate

PROVINCE OF NOVA SCOTIA, COUNTY OF LUNenburg, SS. In the Estate of James W. Grant, deceased.

TO BE SOLD at Public Auction on Wednesday, the 20th of May, A. D., 1917, at the hour of twelve o'clock noon at the County Court House, at Pictou, in the County of Pictou, pursuant to a decree of the Court of Probate for said County of Lunenburg...

First:—All that certain lot, piece or parcel of land beginning where the southern boundary of Victoria Avenue intersects with the western boundary of Hollis Street as plotted on said plan...

Second:—All that certain lot, piece or parcel of land beginning where the southern boundary of Dunbar Avenue intersects with the western boundary of Hollis Street...

Third:—All that certain lot, piece or parcel of land beginning at a point on the eastern boundary of Queen Street one hundred and eighty (180) feet, distant southerly from the southern boundary of Cameron Avenue...

Fourth:—All that certain lot, piece or parcel of land beginning on the northern boundary of Dunbar Avenue at a point one hundred and twenty (120) feet distant easterly from the eastern boundary of Queen Street...

Fifth:—All that certain lot, piece or parcel of land beginning where the western boundary of Queen Street intersects with the northern boundary of Dunbar Avenue...

Sixth:—All that certain lot, piece or parcel of land beginning at a point on the northern boundary of Cameron Avenue five hundred and forty (540) feet, distant easterly from the western boundary of Queen Street...

Street; thence southerly along the western boundary of Queen Street two hundred (200) feet to the place of beginning. The above description includes or is intended to include those lots numbered 177, 178, 4, 16, 18, 19, 21, 23, 25, 27, 29, 31, 33, 35, 37, 39, 41, 43, 45, 47, 49, 51, 53, 55, 57, 59, 61, 63, 65, 67, 69, 71, 73, 75, 77, 79, 81, 83, 85, 87, 89, 91, 93, 95, 97, 99, 101, 103, 105, 107, 109, 111, 113, 115 on said plan.

Seventh:—Also all that other lot, piece or parcel of land beginning where the eastern boundary of lot No. 117 as plotted on said plan intersects with the northern boundary of Cameron Avenue...

Eighth:—Also all that certain tract of land marked "A" on the plan annexed to the grant recorded in Book Letter "D" folio 1 dated 31st May, A. D., 1913, situate, lying and being in Kings County in the rear of the township of Horton and beginning at the southwest corner of said township from thence to run north thirty degrees west along said rear line two hundred and twenty four chains...

Ninth:—Also all those certain lots of land and premises, leases, leasehold interest and agreements, rights, easements, privileges and other properties and premises situate in the Counties of Kings, Hants and Lunenburg in the Province of Nova Scotia conveyed to the said James W. Grant and Harry D. Reid by the said S. P. Benjamin Company, Limited...

Tenth:—Also all those certain lots of land and premises, leases, leasehold interest and agreements, rights, easements, privileges and other properties and premises situate in the Counties of Kings, Hants and Lunenburg in the Province of Nova Scotia conveyed to the said James W. Grant and Harry D. Reid by the said S. P. Benjamin Company, Limited...

Eleventh:—Also all those certain lots of land and premises, leases, leasehold interest and agreements, rights, easements, privileges and other properties and premises situate in the Counties of Kings, Hants and Lunenburg in the Province of Nova Scotia conveyed to the said James W. Grant and Harry D. Reid by the said S. P. Benjamin Company, Limited...

CHRISTINA E. GRANT, of New Glasgow, N.S., administratrix of the estate of James W. Grant, deceased.

TO PUT AN END TO U-BOAT MENACE

New York, N.Y., May 5.—A special despatch to the World from Washington says: British and American naval experts are understood to have discussed at their conferences yesterday three specific measures designed to put an end to German submarine warfare...

The third proposal has been discussed only as a last resort. Naval experts agreed that it would be a hazardous undertaking. If the British fleet were brought out of its protected harbors it doubtless would be assisted by American and French naval craft...

BRILLIANT PART PLAYED BY NOVA SCOTIANS IN VIMY RIDGE BATTLE

Letters received, tell of the glorious part which the Nova Scotians played in the capture of Vimy Ridge on April 9th. An officer in the famous fighting battalion who was himself wounded writes from "Somewhere in France" on April 10th:

The action yesterday will thrill the hearts of all Canadians — for to the Canadian Corps goes the honor of capturing the famous Vimy Ridge, which has been held by the Huns for nearly two years. Our training for the attack completed, we went into action yesterday morning at 5.30, with an objective 1200 yards beyond the German line to win. At that hour, every gun on this part of the front opened up, pouring a stream of high explosive and shrapnel into the enemy lines...

Major Delaney and I were in the centre, and about half way the slope I became separated from him, and never saw him again—a shell killed him instantly, leaving me the senior officer. Two hours and ten minutes after the start Turko Graben was ours, and another page added to the glorious record of this already famous battalion. Our casualties were heavy — you will have read them in the papers.

A letter received from a member of another Nova Scotia Battalion, tells of the magnificent part also played by those gallant sons of Nova Scotia. Speaking of the advance of a section of the battalion detailed to dislodge a large nest of the Huns, the writer says: "They tell us that the boys looked just as if they were on parade. They moved up steadily in the face of plenty of fire. They never wavered."

Our boys captured the trench they were supposed to take. Our men were simply splendid. They endured bad weather, exposure, lack of rest and everything else with the steadiness of veterans. Later on this Nova Scotia battalion had the distinction of posting a section of its men on a line that was the farthest forward that the Allies have occupied in the drive against the enemy.

The men, the writer adds, are as cheery as if they knew nothing about the real hardships of war.

CAN THIS BE CANADA?

Some One Responsible for This State of Disloyalty

MONTREAL, May 7.—Lieutenant-Colonel the Hon. P. E. Blondin's recruiting campaign got off to a poor start in this city tonight, when a big meeting at the Monument National, called in the interests of the 25th French-Canadian Battalion, of which Colonel Blondin, Postmaster-General of Canada, is the commanding officer, was very disorderly. The trouble makers were stationed in the gallery, and it was evident that they were organized, with half a dozen leaders. None of the speakers received a half respectful hearing, though Major-General Lessard, who was first on the programme, and Senator Dandurand, who steered clear of controversial subjects, fared the best. Sir Louis Taillon, a former Premier of Quebec, presided at the gathering, and his appeals for order were made in vain.

Captain Paineau, who has recently returned from the front, was hissed, continuously while he was trying to speak. Other speakers included, besides Lieutenant-Colonel Blondin, Hon. Jerome de Carie, Provincial Secretary, Captain Gustave Lanctot, returned from the war, an sSenator Beaubien.

On May 30 flowers will be strewn on the graves of the soldiers buried in all parts of England. Flowers will also be strewn on the water at the outgoing tide in memory of those Canadians whose bodies have been committed to the deep.

NOW SHUT YOUR EYES

A Boston paper of May 1st, says: "A solid train of 36 cars of onions is en route to Baltimore from the West."

STATE CONTROL OF LIQUOR TRADE.

London, May 7.—An order will be issued in the near future providing that the waste of any kind of food shall be a punishable offence. Captain Charles Bathurst, Parliamentary Secretary of the Food Controllers' Department made this announcement today in the House of Commons.

Discussion in the House on the work of the Liquor Control Board, which is to open tomorrow, is awaited with considerable interest, as the Government probably will indicate its policy toward the liquor trade. A lively controversy is looked for between the advocates of total prohibition and Government purchase.

The Pall Mall Gazette says it is rumored, in quarters generally well-informed, that the Government contemplates introducing a measure for State purchase of the liquor trade.

HOLD ALL THE GAINS

PARIS, May 6.—Every gain scored by the French in yesterday's brilliant advance northeast of Soissons was maintained against numerous heavy counter-attacks last night, the War Office announced. Consolidation of this ground has made them masters of most of the ridge crowned by the Chemin-de-Dames along a front of more than eighteen miles.

The prisoners taken have reached a total of 5,800 and seven cannon have been captured. A violent artillery action has been in progress northwest of Rheims. In the Champagne there has been, likewise, a terrific duel of big guns. In this region a fortified point of support near Mont Haut was captured by the French and held against counter-attack.

A Kansas paper states that of the 222 births in the district around Emporia during the last nine years, all of the babies have been boys. There are 182 families in the district.

"I DON'T SUFFER ANY MORE"

"Feel Like a New Person," says Mrs. Hamilton.

New Castle, Ind.—"From the time I was eleven years old until I was seventeen I suffered each month so I had to be in bed. I had headache, backache and such pains I would cramp double every month. I did not know what it was to be easy a minute. My health was all run down and the doctors did not do me any good. A neighbor told my mother about Lydia E. Pinkham's Vegetable Compound and I took it, and now I feel like a new person. I don't suffer any more and I am regular every month."—Mrs. HAZEL HAMILTON, 822 South 15th St.

When a remedy has lived for forty years, steadily growing in popularity and influence, and thousands upon thousands of women declare they owe their health to it, is it not reasonable to believe that it is an article of great merit?

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Captain A. Steel has sold his property on Cottage St., Hantsport, to Mrs. McCaughin of Halifax.

The Toronto Saturday Night says that the Melting Pot fund being raised by the Daughters of the Empire has amounted to \$75,000 in 18 months. Old silver thimbles have formed the greater part of the silver collected.

Veteran Soldier Honored

FRED L. LYDON.

THIRTY-FIVE years work with the Canadian Pacific Railway Company and sixty-two years service in the military forces of the British Empire have brought recognition and honour to Fred L. Lydon, for the well-known veteran has been advanced by the big transportation system, and he has been made a Lieutenant-Colonel by the military authorities. Born at Benning, West Indies, in 1828, the son of a father who came of a Galway, Ireland, family, Lieutenant-Colonel Lydon has had an interesting career. It is no wonder that his special outlet for activities lies in the military field; his father was a soldier, and on the paternal side also his grandfather fought as a private under the Duke of Wellington when Napoleon was defeated at Waterloo in 1815; on the maternal side his grandfather was soldier military secretary to the "Iron Duke," and also took his part in the overthrow of Napoleon. Both grandfathers fought through the Peninsula War.

The Falmouth Shipbuilding Company is pushing ahead with zeal and enterprise. Keels are prepared for 2 schooners. The Company is realizing more and more the need of merchant ships and like loyal citizens are responding to the call of the Empire.—Windsor Tribune.

HE'S A SUCKER
Everett Crowell, of Yarmouth Bar while trying to start a gasoline engine last Saturday, by sucking the gasoline through the hose, filled his throat and lungs full of the fluid and fumes. Dr. Williamson was called to attend to the sufferer.

STRENUOUS WORK
SOON TELLS ON YOU
Business Men and Breadwinners the Victims of Nervous Exhaustion

When worry is added to overwork men soon become the victims of nervous exhaustion—neurasthenia—the doctor calls it. Some have no reserve strength in their systems to bear the strain; others overtax what strength they have. If you find that you are nervous and not sure of yourself, that you sleep badly, and wake up tired and aching, your nerves are out of order. Other signs are inability to take proper interest in your work; your appetite is feeble; your back feels weak, and you are greatly depressed in spirits. One or more of these signs mean that you should take prompt steps to stop mischief by nourishing the nerves with the food they thrive on, namely the rich, red blood made by Dr. Williams' Pink Pills. These pills have cured thousands of cases of nervous disorders, including nervous prostration, neuralgia, St. Vitus dance and partial paralysis. Here is an example, Mr. P. H. Callan, a well known business man in Coleman, P.E.I., says: "I owe my present health, if not life itself, to Dr. Williams' Pink Pills. I had always been an active man, and when I began to run down in health paid little attention to it as I thought it was only temporary weakness. As time passed, however, I found myself growing worse, and consulted a doctor, who said that I was not only badly run down, but that my nervous system was badly shattered. I lost flesh, my appetite was poor, I slept badly and notwithstanding the doctor's treatment grew so weak that I had to leave my business and was confined to the house. Time went on and I was steadily growing weaker, and my friends were all greatly alarmed for my condition. In this condition I was strongly recommended to try Dr. Williams' Pink Pills, and as the doctor's medicine was not helping me I decided to do so. By the time I had used three boxes I could tell that they were helping me. When I had taken eight boxes of the pills I felt able to attend to my business again, and people were surprised to see me out. I continued the use of the pills until I had taken twelve boxes, by which time I was feeling as well as ever I did, and was being congratulated by all my friends on my full restoration to health. I feel now that if I had used Dr. Williams' Pink Pills at the outset I would not only have saved much money spent in doctor's bills, but would have had renewed health sooner. I cannot speak too highly of this medicine, and would recommend it to every man who feels weak, nervous or run down."

You can get these pills through any medicine dealer, or by mail at 50 cents a box, or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar's White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

CLARK'S
KENTVILLE Tel. 51

STATE MAY BUY LIQUOR TRADE
London Times Authority for Statement That Policy Has Been Adopted in Principle.
London, May 8—The Times this morning claims it has authority for stating that the Government has adopted principle the policy of state purchase of the liquor trade.

St. John papers—In St. John, immigration officer, Mr. Miller, has seen the alien head tax increased from fifty cents to the present rate of eight dollars, and in every case of increase, the amount has always been doubled. The fifty cent tax was raised to a dollar, then to two dollars, and four, and finally to eight.

NEW PEACE PROPOSALS
Copenhagen, May 7, via London, May 8—There is still talk in Berlin according to advices received here, that Germany will make new peace proposals this week. There is no definite basis apparent for the rumor, though the convocation of the Bundesrat Committee on Foreign Affairs perhaps may be confirmatory of them.

The Summerside, P.E.I., Agriculturist, of Saturday last states that there are sixty carloads of potatoes in the yard of the P. E. Island railway awaiting shipment. Prices that day were \$1.60 per bushel. It is also stated that there are 500,000 bushels of potatoes stored on the island.

NEPONSET TWIN SHINGLES

THE crushed slate surface of Neponset Twin Shingles—dull Red, or dark Green, gives the handsome appearance of best slate to the roof—increases the fire-resistance and adds extra years to the long life of the shingle. In the one year since they were introduced into Canada they have been used on some of the finest homes from coast to coast.

Neponset Dealer, Kentville,
T. P. CALKIN & Co.

NEARLY SIX THOUSAND HUNS CAPTURED BY THE FRENCH
PARIS, May 5—A brilliant success for the French arms is recorded in the official communication issued by the War Office tonight. An important French advance has been made against powerful opposition along the road from Soissons to Laon, over an extent of nearly four miles. French troops have captured all the plateau in the neighborhood of Cerny and Craonne, and the hills dominating the valley of the Ailette River. The number of prisoners captured was 4,300, in addition to the 1,000 taken yesterday.

AYLESFORD

It is most pleasing news to announce that the operation at the Infirmary Halifax on Mr. Fred. Crichton has been most successful and he is likely to be permanently cured. Mrs. Crichton went to Halifax when the operation was performed.

Mr. and Mrs. J. F. McMahon were in Kentville on Thursday last.

Mrs. Lennie Ward died in the hospital at Halifax a fortnight ago, aged 36 years. Her body was brought here for burial.

The remains of Jane Elizabeth McBride, aged 82 years who died in Boston January 24th last were brought to Aylesford last Wednesday for burial.

The Methodist Church is having a general overhauling and when completed will be practically a new and modern church.

ARLINGTON

May 1st
There was service at Charles Ward's last Sabbath. There was small attendance, as it was not announced.

Miss Ethel Porter is home on a visit from Kentville where she has been spending the winter.

Mr. Miller Porter has sold a valuable cow of late.

Mr. Blanche Blenkhorn has been doing some horse trading of late.

Our school is progressing nicely under the instructions of Miss Burns.

Sherman Porter is home again from Benjamin's Mills where he has spent the winter.

The Ladies of Arlington intend holding a fancy sale on the nineteenth inst. Proceeds for Red Cross.

We are sorry to hear Miss Emma MacCumber is on the sick list.

Mr. Stephen Metzler was summoned home by the illness of his little son.

Mrs. Eunice Wells has returned home, having spent the winter in Massachusetts.

Mr. Albert Sheffield is visiting his son in Cumberland Co.

Miss Florence Wood has returned home after spending a few weeks with her friends in Scotts Bay.

Mr. Henry Carson and family have moved in with Mr. Michael Kervin for the summer.

Miss Winnie Porter spent Sunday with her parents Mr. and Mrs. George Porter.

Mr. Leverett Brown and Miss Lillian Baxter spent Sunday evening with their aunt Mrs. Charles Ward.

SEVEN GERMAN BALLOONS SHOT DOWN BY BRITISH

(Special Cable to the Daily Echo.)
With the British Armies in the Field, May 8—Seven British aeroplanes today shot down seven German balloons in a resumption of a vigorous aerial offensive by British fliers. The weather was clear and especially favorable for fighting in the clouds. Three of the German balloons were set afire by incendiary shells, while far aloft, and fell flaming to the ground. Two more were struck down by British planes, while hovering close over the German lines. In the case of the other two, the British airmen careless of anti-aircraft gun fire slipped up to the hangar and dropped explosives on the "sausages" not yet loosed for flight.

Fighting was still going on violently today around Bullecourt at the time this despatch was sent. The Germans were vigorously assaulting that portion of the Hindenburg Line, held by British troops. On the southwest border of the village itself big bodies of Germans were massed in the southwest of the village for the attack, but has so far proved fruitless. During last night a violent German counter thrust at a British sector northeast of Fresnoy succeeded in gaining the enemy, a little ground but despite the superiority of the attackers in numbers they did not attain the evident object which was the ousting of the British from the trenches.

Wanted—1st. of May a capable maid for light house work and plain cooking, no washing, highest wages. Apply Mrs. Wm. Young, swtf "Fairview," Kentville

Big Decrease in Shps Sunk

London, May 8th.—A substantial decrease in the number of sinkings by submarines in the past week will be shown in the forthcoming weekly report of shipping losses. In fact, it is stated, the report will show the smallest losses in the past three weeks.

No reason is given out in the official sources for this, but it is plainly intimated that considerable progress has been made in the anti-submarine campaign. There is no guarantee that the weekly losses will not again assume alarming proportions, but the fact that they have been substantially reduced is very encouraging to those in charge of the campaign, and it is believed that the new measures to combat the under-water craft are already showing gratifying results.

Minard's Liniment Co., Limited.
I was very sick with Quinzy and thought I would strangle. I used MINARD'S LINIMENT and it cured me at once. I am never without it now.

Yours gratefully,
Mrs. C. D. PRINCE,

Nauwigewank, Oct. 21st.

Wanted at once a good house-keeper. Apply Box 258, Kentville.

THE ADVERTISER

H. G. HARRIS
Editor and Publisher

KENTVILLE, FRIDAY MAY 11, 1917.

TOWN COUNCIL

The regular meeting was held May 2nd all being present.
Report was read of the election by acclamation of Mr. Fred E. Wade to fill the vacancy caused by the death of Mr. F. B. Newcombe. Mr. Wade was sworn into office and took his seat being welcomed by the mayor and answered by thanking the citizens and members of the Council for the honor conferred upon him.

A representative of the Commercial Magazine Publishing Co. was heard in reference to publishing matter in reference to the town and county. On motion it was approved of by the Board.

A delegation was heard from the Board of Trade in reference to better fire protection and some restrictions on the material used in building in central district. Mr. T. P. Calkin was first heard. He suggested that the Council determine a fire district in which no wooden buildings should be allowed to be constructed. Mr. G. C. Roy followed further suggesting that the military authorities be asked to have the army removed it being a fire menace.

Mayor Pelton favored a fire district and had brought it before the Council a few months previous. He presented a letter from the Nova Scotia Board of Firewriters asking for a by-law regulating the class of buildings bounded on Main, Church and Cornwallis Streets, to the junction of last two streets at Cornwallis Bridge also the prohibition of wooden shingle roofs on new or their renewal on old buildings.

Councillor Caldwell gave notice of a motion for amending by laws at next meeting and the establishing of a fire district in the town.

On motion resolved that the Committee on Tenders and Public Property be a committee to act in conjunction with committee of Board of Trade to determine the fire district.

Letter read from General Manager Mr. George E. Graham in reference to the imperative need of more housing accommodation in the town. Employees of the Railway had been obliged to leave town on account of not finding places to live and the Railway was anxious to increase the number of their employees here.

This matter will be discussed by Fire District and Housing Committee which meets Friday night.

MONTHLY REPORTS

Police Committee reported expenditure of \$45.79.

Streets Chairman Lamont reported expenditure of \$147.02 in April.

Schools Chairman McBride reported expenditure of \$505.19.

Water Works Chairman McBride reported expenditure of \$37.72.

Pumpers Chairman McBride reported \$187.21 expended in month.

Finance Chairman Caldwell reported expenditure of \$1292.19 and receipts of \$152.54. The Bank overdraft was \$4706.41.

On motion resolved that Councillor Caldwell be a member of the School Board and that Councillor Wade be appointed a member of the Finance, Police, Band, Temperance and Tenders and Public Property Committees.

The old revisors H. G. Harris, J. R. Webster and C. B. Lockhart were appointed.

Several Bills reported on by Finance Committee were ordered paid.

A discussion ensued on the costs to the town of an appeal suit.

On motion resolved that Mr. R. U. Parker be returned part of assessment on income and personality.

Councillor Wade brought to the attention of the Council a road Bill now before the Legislature which if passed without being amended would increase the expenditure of this town \$638.00 per year to be expended on the road works, Councillors Lamont and Caldwell spoke on the same and on motion it was resolved to ask our County members to oppose the Bill.

KENTVILLE BOARD OF TRADE

The Board met on May 7th with a fair attendance, President Blair in the chair.

Mr. J. R. Webster reported for the Horse Show Committee stating what had been done and amount of prize money offered. On motion Geo. E. Graham, seconded by A. E. Calkin, resolved that in view of the necessity of increasing production that the Horse Show be deferred this year.

Motion carried.
The Committee on Brick District for Kentville reported on meeting with the Town Council and the steps taken to have fire district established.

Letters read from Mr. Geo. E. Graham and also from the Hamilton, Ont. Board of Trade in reference to work to be done on agricultural lines.

Report given of delegates to Western Counties Board of Trade.

Letter read from Mr. F. C. Whitman, Annapolis, asking for information as to lands for sale etc. and information as to possibilities of new settlers or provision for returned soldiers.

Manager Graham in a letter called attention to the lack of dwellings for new residents in town. A committee composed of Messrs. T. P. Calkin, W. Yould, B. Webster and E. B. Newcombe was appointed to work with committee of Town Council.

Messrs. Truman Bishop and C. L. Baird were elected members of the Board.

ANNUAL MEETING OF TEMPERANCE ALLIANCE

The annual meeting of the Kings Co. Temperance Alliance was held at Berwick on Wednesday with President E. B. Newcombe and Secretary Rev. F. H. Beals present and a fair attendance of members.

After communications read and reports received officers were elected as follows:

President—Mr. C. I. Wolfe.

Vice President—Mr. E. B. Newcombe.

Secretary—Mr. S. V. Sanford.

Executive—Dr. H. Chipman, N. W. Eaton, C. C. Cogswell, B. O. Davidson, S. B. Chute, N. T. Bowley, F. H. Northup, B. H. Lee, A. H. Banks, H. G. Harris, Ira L. Cox.

Mr. Newcombe after ten years of most efficient and faithful service positively declined re-nomination and the Alliance expressed its deepest regrets in losing him as presiding officer, also in losing the faithful service of its secretary Rev. F. H. Beals who has taken a pastorate at Lawrence town and will hereafter be an ardent supporter of the Alliance in Annapolis County.

The reports of Secretary and Treasurer were read showing that the Alliance had need of funds to perform efficient work in the County and pay our share of the Provincial Alliance requirements to maintain Field Secretary H. R. Grant.

Ex-Pres. Newcombe's report was an important document giving a history of the Alliance work in the County a committee was appointed to deal with this report.

THE 122nd A FINE BATTALION

The 122nd Battalion which has been at Aldershot the last fortnight is a fine body of men with capable and pleasing officers. It is thoroughly drilled and is evident to all as they witness them in their route marches through the town and county. The men are all of good morals and win a good name wherever they are stationed. The band is a good one and the bugle band is thought to be the best in Canada. This Batt was organized at Huntville, Muskoka, etc. Ontario. The headquarters of the Colonel was in the first place and the Battalion was obliged to trek through other towns.

Later they were mobilized and went to Camp Borden then to Galt where they spent last winter. They had the champion Lacrosse team out of 35000 troops at Camp Borden.

Following are the names of the officers:

Lieut Col. D. M. Grant

Major C. H. Tisdall

Major W. S. Waldie

Major G. A. Ramsden

Major H. L. Willson

Adjutant Capt. F. G. Day

Paymaster, Capt. G. W. Boyer

Q-Master, Capt. J. W. Day

M. O., Capt. J. D. McDonald

Chaplain, Capt. D. H. Marshall

Machine Gun Officer, Lieut. H. Reed

Signal Officer, Lieut. J. Hanning

Capt. C. H. Milton

Capt. William Carment

Capt. W. S. Lett

Capt. J. Brown

Lieutenants

A. Co.—F. C. Lett, W. Addenall, R. C. Armstrong.

B. Co.—J. H. Gray, W. A. Sibbett, J. D. Higgs, N. Hoorey.

C. Co.—H. Thompson, R. L. McAdam, Ditchburn.

D. Co.—A. W. Sager, D. Mahaffy.

BERWICK

Messrs. S. B. Chute and J. N. Chute were at Kentville Tuesday evening attending a meeting of Fruit Growers.

Mr. S. L. Cross representing the Excelsior Life Insurance Co., spent Tuesday and Wednesday here with good results for his Company.

Dr. Mary McFall has returned to Somerset after a winter spent across the border.

Mr. C. H. Crispo has received the sad news that his nephew Capt. Joseph P. Edwards of Halifax has died for his country being killed in action, April 26.

Berwick Lodge, I.O.O.F., will hold their anniversary service in the Methodist Church on Sunday evening.

Mr. David Harding besides his usual farm work has a neat glass greenhouse where he grows tomatoes, cabbage, cauliflower, celery, etc. His plants are showing up well and will be ready for sale as early as the season will allow for planting. Mr. Harding has been a resident of Berwick about 15 years and has proved an excellent citizen. He indulges some in fox production also.

Berwick made no mistake when it made the effort to establish a flour mill. Woodworth Mills are now well established here with machinery for producing the best flour and cereals and also feed flour, etc. Last season was a very good one for them but with the quantity of wheat and other grains sown this fall and winter will undoubtedly be a busy time with them. They have just received a quantity of nice wheat from Hants Co. for grinding but will endeavor to hold all or part of it for seed purposes.

Berwick Nurseries, Ltd., has had a very successful year and at present their large nursery under glass are looking fine. The flowers season is well advanced but we noticed when visiting the place on Wednesday an immense bank of all kinds of cut flowers which Mr. Grevatt said were to go out to different parts for "Mother's Day" use. The other flowers were looking excellent consisting of sweet peas 6 to 8 feet high, calla lilies and six long beds of carnations 150 feet long. Mr. Grevatt is just putting out his spring plants of 75000 tomatoes 100,000 cabbage, etc. and about 100,000 flowering plants of different varieties. One seed bed about 10 feet square contained about 20,000 plants ready to pot. Mr. Grevatt expects to plant out 100,000 carnations and 30,000 chrysanthemums. The handsome roses in the hot-houses are a sight to behold.

HARRY L. CLARKE

The death took place at Woodville on March 26th of Harry L. Clarke, son of A. K. Clarke, aged 30 years. The funeral service was held on Saturday the 28th, conducted by Rev. E. O. Steeves.

Mr. Clarke had been sick for several months since his return from Boston. He leaves besides a father, 6 brothers and one sister, Marchant, Ray, Edward, Arthur, John, Blake and Mrs. A. M. Covert of Canning.

DEATH OF W. MARSHALL BLACK

Mr. W. Marshall Black, Town Clerk, and a very prominent citizen of Wolfville, died at his residence on Tuesday after a short illness. The funeral service will be held this Friday afternoon at two o'clock.

Mr. Black was 51 years of age. Born at Halifax, he received his education at Kings College, Windsor. Nearly twenty years ago, he came to Wolfville and ever since has identified himself with every movement for its progress. He was elected to the Town Council and after two years service was elected by acclamation as Mayor. He filled the Mayor's chair for three years with conspicuous ability and later became Town Clerk. For nearly a year he was one of the official censors stationed at Canso.

Mr. Black a few years ago erected a beautiful residence which is one of the attractions of the west end of the Town. He also built a fine garage near the station and also erected one of the best equipped Opera Houses in the Province. He was a man of high standing having taken the 33rd degree and was prominent in the Oddfellows Lodge. He is a man who made many friends and his passing away will be regretted by many.

He leaves a wife, and three children, Misses Mary and Violet and J. Reginald Black, who is in active service in Europe.

A. K. Clarke and family wish to thank all those who assisted them during their recent bereavement—the choir for their excellent music and the brethren of Coronation Lodge for services so readily rendered.

We are selling the balance of our Spring Millinery at very low prices Children's Hats from 15 cents up, at LOCKETT and TROOPS, Kentville. 10-a

Mrs. Richmond of Wolfville will repeat the Vesper Service given by her on Good Friday in St. Paul's at 3 p. m. She will be assisted by Misses Knowles and Wilson, Messrs. Pick and Bailey and others.

Letter From One of Our Soldiers Who Was Wounded.

Mr. and Mrs. A. O. Graham of Hantsport formerly of Grand Pre received word that their son F. F. Graham was wounded and admitted to hospital April 12th. Private Graham was in the 64th but was transferred on going to France. Since the report of his wounding the following letter was received.

Ward 4
Field Hospital No. 30
April 16th., 1917 B. E. F.

Dear Mother;—
You have no doubt received my field card (by now) stating that I was slightly wounded some days ago. I got a machine gun bullet graze on my left arm and a shrapnel bullet in my right shoulder, "just a nasty bang." We had just taken up our new position and started to dig ourselves in when I got first one and then the other, you have no doubt seen the account of how we took Vimy Ridge, our battalion was not supposed to take any active part in the advance, "just support" but the battalion failed to take a certain hill so we were sent in to take it we started at noon and reached our objective about 4.30 after some rather stiff work, machine guns bothered us the most, Fritz did not stop to take the bayonet, either beat it back to the rear or came over to us with his hands up, we took a big bunch of prisoners and glad Fritz was to come over. After I got my second wound, I was ordered back to the dressing station, after having my wounds dressed I was sent out of the line along with more walking cases, on our way out we were given biscuits and hot tea, right in the line, as soon as we were out of the trenches we were packed into motor vans and sent to another dressing station from there we went back to a village where we were sorted etc., after a days trip on a hospital train a bunch of us arrived here and now are enjoying a good rest, good food, and dandy treatment, I can't say too much in favor of the way I have been treated since being wounded, every possible thing is done for a person. I guess you had better address all mail to my old address as I will be going back up the line before a great while, I think in about two more months this thing will be all over, the prisoners think so also, they know they are beaten. I must close now, don't worry about me because I am jake.
Love to all,
Fred.

A Harley Davidson Surprise the New "Master 17"

For 1917 the twin cylinder Harley-Davidson models have a NEW MOTOR. We want you to see this new motor PERFORM.

A giant in power, this motor has the "jump," "punch," "getaway" and that extra burst of speed that will make it THE TALK OF THE TRADE.

"Pop" is the one word which best describes its performance. Such SNAP has never been built into a motor before.

Slowed down on a hill it will pull, AND KEEP ON PULLING.

We believe this motor will out-run and outpull any other stock motor. We make this statement because the Harley-Davidson has won every big race of the past season and each one of these contests taught the Harley-Davidson engineers something new about motor performance, and all of this experience has been built into the 1917 twin motor.

WOLFVILLE AGAIN SORROWING FOR A YOUNG HERO

In a recent issue we reported the wounding on April 10th of Henry Burton DeWolfe, son of Principal H. T. DeWolfe and Mrs. DeWolfe of Wolfville.

Dr. DeWolfe has recently received official notice that his son reported wounded was killed in action on the date mentioned. This is sad blow to the parents who saw in their boy the promise of an exceptional record in life had he been spared.

H. Burton DeWolfe was a graduate of Acadia College. He early felt the needs of the Empire for many men and enlisted with the 4th Universities Company of the Princess Pats in September 1915. He had received the first stripe as Corporal after enlisting as a private, though he had qualified as a lieutenant.

The deepest sympathy will be extended to Dr. and Mrs. DeWolfe and the other members of the family in their hours of grief. This war is coming home with all its horrors to the hearths of many of our people.

SUDDEN DEATH AT CANNING

On Monday morning last the body of Mr. Lewis Brady was found in the carriage house at the farm, Woodside. He had not been seen since Sunday, his hired man being away and the man returning Monday morning found him dead in the building. An inquest was held by Coroner H. B. Webster and the verdict was death from heart failure.

Mr. Brady was 42 years of age a son of the late William Brady. The funeral service was held on Thursday conducted by Rev. Dr. Donahoe, burial at St. Joseph Cemetery.

RHEUMATISM CONQUERED

"I have been for the last two years a cripple with Muscular and Inflammatory Rheumatism. I tried almost everything known to medical science to relieve me of the intense pain and inflammation. I sought change of climate in Kentucky and other Southern points without relief. Your manager in this city recommended GIN PILLS and I have since taken eight boxes and am now cured. I consider

BRITISH CLOSING IN ON GERMAN LINE

The great human nippers which General Haig has forged around the Southern end of the Drocourt-Queant switch line are steadily closing and the rolling up of this important section of the German defences appears to be a matter of a few days. The Drocourt-Queant line is the hastily improved barrier, thrown up by Field Marshal Von Hindenburg to protect Cambrai and Douai after the more famous line, named in honor of himself, had been smashed by the British.

The bitter resistance offered by the Germans to the British advance has centred in their defence of Bullecourt, two and a half miles West of Queant. To the south the British have forged well beyond Queant, but have forced to mark time until Bullecourt falls. The capture of the village was entrusted to the Australians and these hard fighting colonials have almost surrounded the German Stronghold so that its surrender or extinction is expected momentarily.

The Drocourt-Queant line forms a broad salient in the British front, eighteen miles at its top and paralleling the Douai and Queant about ten miles from Cambrai. The crushing in of this salient will mean that the German grip on the great Lens coal region will be broken and the entire German line in northern France imperilled.

Minard's Liniment Cures Burns, etc.

Shaving Single Handed in a Military Hospital

Only those who have been there can realize what the Gillette Safety Razor is doing for the wounded!

Clean shaving on the firing line, possible only with a Gillette, has saved endless trouble in dressing face wounds. In the hands of orderly or nurse it shortens by precious minutes the preparations for operating. Later, in the hands of the patients, it is a blessing indeed!

As soon as their strength begins to return, they get the Gillette into action, and fairly revel in the finishing touch which it gives to the welcome cleanliness of hospital life. For though he can use but one hand—and that one shaky—a man can shave himself safely and comfortably with a Gillette Safety Razor.

It may seem a little thing to you to send a Gillette to that lad you know Overseas, but to him it will mean so much! It will bring a touch of home comfort to his life on active service, and be even more appreciated if he gets "Blighty".

LONDON, May 8.—The price of bread in London today was boosted to ten cents for the small size. The advance is due, according to local bakers, to the big jump in flour prices.

CANADIAN TROOPS GAIN GROUND IN SURPRISE ATTACK

(Stewart Lyon in Morning Chronicle) Canadian Headquarters in France, May 6, via London.—By a surprise attack early this (Sunday) morning the battalion holding that part of our front immediately south of the Souchez River captured an important sector of the enemy front line and support trench some distance to the east. The whole region southwest of Lens, where the ground was gained, is dotted over with ruins of mining villages, and almost every house has been transformed into a miniature fortress by the introduction of machine guns, operated from the shelter of strong emplacements. The gunners who hold these post do not surrender—they die at their places beside their guns, fighting to the end. Germany still has men of that type, and they sell their lives for the utmost price they can exact.

It was to avoid, as much as possible, the concentration of machine gun fire on our attacking force that the enemy's trench was rushed. The assault was completely successful. Our men went in with bombs and bayonets and cleared the trench after a sharp fight. The occupants, one officer and thirty-three men were captured. Possession of this ground was regarded by the enemy as so important that twice during the night he counter-attacked. Both efforts failed and the German losses are known to be heavy. The ground won improves our position.

The systematic burning of everything of value in and around Lens continues from day to day. The enemy seems likely to stay long enough to make good his boast that nothing of France's most prosperous mining region will be left but a smoking waste when he goes.

Certain comments in the Canadian press regarding recent operations of the Canadian troops in France, and which especially under-estimate the probable casualties, make it necessary to say that the corps is taking its full share in what history will record as one of the greatest battles of all time, accepting its losses a spart of the inevitable price of victory.

Yesterday and today I traversed the region behind the battle line from Bapaume to Arras, thence north to Vimy Ridge, a distance of almost thirty miles. Everywhere guns were being operated at high pressure. The enemy's retaliation, as shown by the showers of earth spouting up on the hillsides, and by the puffs of bursting shrapnel on the bombarded line is far greater than when the battle of Arras began, on April 9th. He has lost many guns and has probably made good his losses only by supreme effort, but that effort has been made, and the testimony of the men in the thick of the battle is that the enemy's artillery and machine gun service are still the most formidable.

His infantry will not face the bayonet, but I am bound to say the bulk of the men captured in the Canadian front are a husky lot in the main, with an admixture of weedy lads not yet full grown. Over five thousand prisoners have passed through the Canadian Gofps cages since the battle of Vimy Ridge, of whom 18 are officers and 430 are men taken at Fresnoy on Thursday. The total number of prisoners on the Western front during April and May, to date, is about 20,000. The proportion to the credit of our men shows that they have done their part in securing a measure of the success achieved. The battle of Arras is not yet over. Many gallant deeds are recorded on this front. The cool audacity of nine airmen who, seeing the enemy assembling in the open for assault on our lines, descended to a latitude ranging from fifty to three hundred feet about the ground, and dispersed the Germans with machine gun fire, is beyond all praise.

SIR SAM FOR CONSCRIPTION

OTTAWA, May 8.—Lieutenant-General Sir Sam Hughes will raise in the Commons the question of compulsory military service. With recruiting down to a very low figure, casualties mounting, and the need for further reinforcements at the front pressing, Sir Sam believes that the Government should take more drastic measures than now obtained in order to get the sheker to enlist in some form of war work. He will move, in the Commons, at the first opportunity the following resolution: "That in the opinion of the House the best interests of Canada, of the Empire and of humanity will be served by the application of the Militia Act or by some other action to raise troops for compulsory overseas service."

Minard's Liniment Relieves Neuralgia.

THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-TIVES".

MR. MARRIOTT 73 Lees Ave., Ottawa, Ont., August 9th, 1915.

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising. During the 3 years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

WALTER J. MARRIOTT. 50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

MASSACHUSETTS RELAXES LAW ON SUNDAY LABOR

Cultivation of Land, Farming Work and Transportation of Foodstuffs May Be Done on the Lord's Day

Boston, May 2.—Under suspension of the rules both branches of the great and general court of Massachusetts have passed the following bill: "The cultivation of land and the raising, harvesting, preservation and transporting of agricultural products shall not be unlawful on the Lord's day while the United States is at war or until the first day of January following the cessation of such war."

THANKFUL MOTHERS

Mothers who have once used Baby's Own Tablets for their little ones are always strong in their praise of this medicine. Among them is Mrs. Marcelle Boudreau, Misonette, N.B., who writes: "Baby's Own Tablets are the best medicine I know of for little ones. I am very thankful for what they have done for my children." The Tablets regulate the bowels and stomach; cure constipation and indigestion; break up colds and simple fevers; in fact they cure all the minor ills of little ones. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

John D. Rockefeller was 78 years old the other day. He has his health and about a billion dollars. He expects to live to be 100 years old, in which case he will be worth about two billion dollars without any effort on his part. Why not? All the people will continue working for him, and whenever he endows a university or a hospital, they will pay back the amount in the increased price of sugar or gasoline. It is said that "he has attained age without growing old, because he doesn't worry about anything"—no, not even the awful poverty he sees all around him, for which he is in no small measure responsible. Yet he is "America's greatest philanthropist."

Whilst Mr. R. P. Saunders, the well known baker, of Annapolis, was washing his shop windows on Saturday morning he suddenly fell dead. He was 79 years old and leaves a widow and two sons. He was a native of Rissway, Digby Co., and did business in Digby for many years and also in St. John. He will be buried with Masonic honors.

ANSCO CAMERAS & SPEEDEX FILM

WATCH-LIKE in its accuracy and unusually attractive in appearance, the AnSCO Vest-Pocket Camera makes a distinctive gift.

It is so small and light you can carry it with you always, as you do your watch. It gets into action quickly and takes pictures that make fine enlargements.

Come in and let us tell you about the exclusive features of AnSCO Cameras which make picture taking so easy and so certain. Prices range from \$2 to \$55.

Clark's Drug Store

A Criticism of the Canadian Patriotic Fund that is Poorly Based.

These wives of soldiers are living better than when their husbands were at home! They are wearing better clothes! Their children are more warmly clad! They are actually in comfortable circumstances!

Clearly, the Canadian Patriotic Fund is at fault. Clearly it is time for us to tighten our purse-strings. Why should we pay to make women comfortable, or their children warm, when their own husbands or fathers did not keep them either comfortable or warm?

In every town the workers for the Fund are preaching the gospel of Thrift. In most cases successfully. But they are handicapped, sadly handicapped, by the absolute failure of the richer classes to show any example in this regard.

Pat and Bill were amateur burglars and they conceived the idea of burgling the house of Mr. Jones, the local miller. But to get to the safe they would have to pass through the miller's bedroom.

The night duly arrived and they duly gained the miller's bedroom. But just as Bill was crossing the room a board creaked and woke the miller up.

"What's that?" he cried. "Me-ow," answered Bill. The miller was satisfied. The next minute, however, the board creaked again.

"What's that?" roared the miller. "Hush now," said Pat, "be quiet. Sure, an' it's only another cat."

Awakened to a New World

Lieut. Sir Ernest H. Shackleton, the great Antarctic explorer, who left for the South Polar regions, Oct. 28th, 1914, after King George had told him to go on the mission he had planned and his service would not be required in the war, is in the United States on his way to England to enter the war.

Not a word did the great explorer hear of the affairs of the big war until he landed at New South Georgia, on May 20th, 1916.

He says: "I had heard nothing of the events of the war for about twenty months, and the first question I asked the Norwegian agent who greeted me was: 'When was the war over?' He told me that the war was still going on, and then for the first time, I heard of the sinking of the Lusitania, of poison gas, liquid fire and the extent of the fighting and killing in Europe and Asia. All that people in civilization had learned of gradually, day by day, as occurrences were reported, came to me with cumulative force—most it in one conservation. The men with me and I felt as if we had been asleep for a long time, and had suddenly awakened to see the whole world changed.

The customs revenue of Canada continues to climb. Last month showed an increase of \$3,802,584 which is the greatest monthly growth in the history of the country. Customs tolls for this April totalled \$14,149,156 while during the same month last year they amounted to only \$10,346,572.

Flour and Bread

Wednesday's drop of 60 cents in the price of flour, followed in a few hours by an advance of \$1.20, is another reminder that government intervention has become imperative in the interests of the general consumer. There is legitimate reason based on the law of supply and demand, for the present price of flour and bread. The price is fictitious and an unjust burden on the consumer, due entirely to the fact that lack of necessary restrictive measures makes speculation possible.

Halifax is starting their \$250,000 campaign for the Patriotic Fund this week.

Minard's Liniment for sale everywhere.

SUPERIORITY

Considering power, mechanical details, luxury, comfort, first cost and maintenance cost—the Studebaker is supreme.

Here are some of the characteristics that have established Studebaker as the undisputed leader of all Canadian-made automobiles:

- 3 3/4 x 5 inch bore and stroke Motor—powerful, silent and economical in operation. Full-floating Rear Axle—full equipment of Timken bearings. Long, easy-riding Springs—semi-elliptic in front, 3/4 elliptic in rear. Studebaker-Wagner Electrical System—simple, reliable, never-failing. Individual, form-fitting front seats—with seat next to driver's reversible. Armchair auxiliary seats that disappear under tonneau seat when not in use. Beautiful and distinctive gun-metal finish—dignified and conservative body lines. Genuine, semi-glazed leather upholstery—not only genuine, but highest grade.

But come in and see these wonderful Made-in-Canada cars. Compare them point by point with other cars in the same price class. Then let us show you true roadability—over any road in this vicinity at any speed you wish.

A. L. PELTON & Co. Distributor for Nova Scotia and Prince Edward Island

For an hour the captain had been lecturing his men on 'The Duties of a Soldier,' and he thought that the time had come for him to test the results of his discourse.

Casting his eye around the room he fixed on Private Murphy as his first victim.

"Private Murphy," he asked "why should a soldier be ready to die for his country?"

The Irishman scratched his head for a while; then an ingratiating and enlightening smile flitted across his face. "Sure, captain," he said, "you're quite right. Why should he?"

Heed This

People are very wasteful in the use of the potato. The average housewife wastes 12 to 15 per cent of the food value by paring away the best part of the tuber. The most economical way to prepare it is to cook with the skin on, either by boiling or baking. In this way it loses less than 1 per cent of the total food value.

Amendments to Temperance Act.

The following amendments to the Nova Scotia Temperance Act have been passed.

- 1. Drinking on trains, cars and in public places prohibited. 2. Constables and other peace officers have the right to search without warrant the person, valise or vehicle of pedlars or others suspected of liquor selling. 3. The finding of liquor on premises searched is prima facie evidence of violation of the Act. 4. Greater restrictions are placed upon druggists, chemists, vendors and physicians in the keeping and sale of liquor. 5. Inspectors are empowered to examine records of express companies and other carriers. 6. For violation of the Act instead of \$50 or one month's imprisonment for first offence, the penalty is from \$100 to \$200 or imprisonment without fine for three or four months.

FIND IMPROVED METHOD OF COMBATTING SUBMARINE MENACE

NEW YORK, May 7-(Special)-The New York World quotes W. L. Saunders,

of the naval Consulting Board, as saying that practically means of combatting the submarine menace have been discovered.

HINDENBURG MUST EVACUATE

With the French Armies in the Field, May 7-Germany's retirement from France must come unless Hindenburg can soon stop the French drive. Today's fighting brought proof of complete realization of the necessity of such a retreat by the German commanders in the superhuman efforts which the enemy is making to save the Rheims salient. Germany's picked troops are being hurled into the breach made by the French army which Hindenburg had saved for what he hoped would be final decisive offensive, is now being sacrificed.

Entirely aside from the Franco-British offensive between the Aisne and Lens the Germans are now facing an equal menace in the Champagne. They know that the French offensive, between the Aisne and Moronvilliers, threatens to force their evacuation of the Rheims salient. There is a great out and Berri and Forts Nogent La Besse and Vitry Les Rheims constitute the keystone supporting the superstructure of the entire German front. The desperate necessity of preventing the cutting off of the salient, which would precipitate withdrawal from France, is causing the Germans to sacrifice the last of their reserves in an effort to hold back the French.

The six thousand prisoners taken up today does not indicate a shattered German morale. On the contrary, the Germans are resisting with a degree of desperation hitherto unknown. But the number of prisoners does reflect the immense bodies of troops which the Germans are throwing into the conflict.

Today standing on a height from which I could see the French steadily wiping out the Hindenburg salient, it was possible with glasses to make out long lines of motor lorries behind the German trenches, each packed with German troops and speeding to the charnel house of the German front line. Arriving there these fresh reserves were launched against the French, and they melted away unending, in the French machine gun fire the deadly accurate barrage of the famous Soixante Quinzes, the cold steel of the French bayonets or the explosion of the French grenades.

Not only has the number of the enemy troops in the past few days fighting been greater than that employed in any previous engagements, since the early days of the war, but the quality of the troops is higher. Prisoners showed were most no deprecate reserves. All those captured were of choice regiments. Saturday around Craonne, for instance, a complete division of the picked Prussian Guard was called in to action by the German commanders. It was practically annihilated in a vain attempt to retake Craonne.
