**Childs 5-9 \$1.50**

Investigate Values, but for your own interest come to us before buying. Get the best at the lowest price.

### A. D. Farrah & Co.

"The Advance House of The North Shore"

A dusky doughboy was emerging from a trench amid a succotash of shrapnel and shells.

"Come back here, you idiot," bel- lowed the captain; "do you want to get killed?"

"Nossuh, don' care nothin' erbout it, yelled back Sam, "but when it comes to gettin' skeered to death or jes' nacherly killed, gimme de las."— Exchange.

#### REV. J. B. SAINDON DIES SUDDENLY

The death occurred very suddenly at Neguac, N. B., at 3 o'clock Sunday morning, of Rev. Joseph B. Saindon, aged 37 years. Although he had been in poor health for the past four or five months, he was able to attend to his duties up to Saturday, and intended coming to the Hotel Dieu Hospital for treatment in the near future. He had been in the priesthood for the past nine years, having been Parish Priest at Neguac for four years prior to his death.

He is the son of Benjamin Saindon of Cacoma, P. Q. and is survived by his mother nine brothers and sisters, among whom are Rev. B.

Saindon, who is taking the place of Rev. M. A. O'Keefe at Chatham and Rev. Emile Saindon of Ottawa, Ont.

The funeral will be held from

Neguac on Tuesday at 9 a. m. to Chatham from whence the remains will leave on the 3.50 train for St. Hilarie, Madawaska County, where interment will take place.

### REGULAR MEETING TOWN COUNCIL

The regular monthly meeting of the Town Council was held in the Police Court Room on Thursday, February 16th at eight o'clock p. m. Present: The Mayor, Aids, Atkinson, Dalrymple, Doyle, Durick, Locke, Ritchie and Sergeant.

Minutes of meeting of January 19th were read and confirmed. School estimates amounting to \$22500.00 for the ensuing school year were submitted and it was moved by Ald. Durick, seconded by Ald. Locke and carried that the estimates be received and placed in the Town Assessment for the present year.

The Finance Committee submitted tenders for printing the Annual Report from Miramichi Publishing Co. Ltd. and North Shore Leader and recommended that the tender of the N. S. Leader at \$2.00 per page being the lowest be accepted. On motion of Ald. Locke seconded by Ald. Doyle this recommendation was adopted. The Public Works Committee recommended payment of the bills of L. W. Buckley \$90.00, John Morrissy Furniture Co. Ltd. \$1.75, T. J. Durick \$2.60 and on motion of Ald. Durick seconded by Ald. Sargeant the same were passed and ordered paid. The following bills from the Light and Water Com. were passed and ordered paid on motion of Ald. Ritchie seconded by Ald. Doyle; L. W. Buckley \$93.00, Garlock Packing Co. \$33.38, Northern Electric Co. Ltd. \$325.99, Can. General Electric Co. Ltd. \$188.63.

The reports of the School Auditors the Town Auditors and the Town Treasurer were submitted and on motion were received and ordered printed in the Town Report. Annual Reports were presented by the Finance Com., the Public Works Com. the Police Com. and the Park and Fire Com. and on motion the same were received and ordered printed in the Town Report. On motion of Ald. Locke seconded by Ald. Doyle it was resolved that the reports of the Mayor and the L. & W. Committee be printed in the Town Report and submitted to the Council at next meeting. It was suggested that a total list of default taxes be printed in the Town Report and it was moved by Ald. Ritchie, seconded by Ald. Sargeant and carried that the Finance Com. secure legal advice and if permissible a list showing the total default be printed.

Ald. Sargeant spoke of the shortage of water at the plant of the Miramichi Mfgt. Co. Ltd. and on motion of Ald. Locke seconded by Ald. Sargeant the matter was referred to the L. & W. Committee for investigation and remedy.

On motion of Ald. Durick seconded by Ald. Locke the Council resolved itself into a Committee of the Whole to consider the appropriations for 1922, and the Mayor appointed Ald. Ritchie, Chairman. On

### CHARLOTTETOWN WON AT CHATHAM BY SCORE OF 4-1

At Chatham Friday night the Charlottetown hockey team defeated the Chatham team in the play-off in the N. B. and P. E. I. amateur league, by the score of 4-1. Chatham has yet to play at Charlottetown but it may be regarded as about certain that a team that has not been defeated this season, at home or abroad, will win the home game.

If the Sussex protest should be allowed this would mean that Charlottetown would have to play again at Sussex and in the event of Sussex winning there would be a play-off between these two teams probably at Moncton.

Just now however, the question as to further play in this league hinges on the protest.

The Council re-assembling the following report was presented:—

To the Mayor and Aldermen of the Town of Newcastle Gentlemen:—

The Committee of the Whole Council would recommend the adoption of the following assessment for the year 1922:—

|                            |         |
|----------------------------|---------|
| Police and Street Lighting | \$4500  |
| Park and Fire              | 4000    |
| Public Works               | 5000    |
| Contingencies              | 6500    |
| Sinking Fund               | 4700    |
| Interest                   | 7050    |
| Water & Sewerage Extension | 2000    |
| Schools                    | 22500   |
|                            | \$56250 |

It was moved by Ald. Ritchie seconded by Ald. Sargeant and carried that this report be received and adopted and the Town Treasurer authorized to issue warrants for the several amounts.

The Police and Appointment to office Committee recommended the appointment of Messrs. H. R. Moody, A. L. Barry and J. H. Sargeant as Assessors for the year 1922, and on motion of Ald. Atkinson seconded by Ald. Doyle the recommendation was adopted and Messrs. Moody, Barry and Sargeant were declared duly elected assessors. It was moved by Ald. Atkinson and carried that the assessors for the year 1922 be requested to appear before the Town Council at the next regular meeting following the time they are sworn in.

On motion of Ald. Doyle seconded by Ald. Locke, the L. & W. Committee was requested to get all possible information on the cost of sewer and water pipe and report at next meeting.

On motion the Council adjourned.

### CONVENTION OF CONSERVATIVES TO BE HELD SOON

Ottawa, Feb. 26—Premier King and the members of his cabinet have just come through a busy week, and indications are that the weeks ahead will also be strenuous. Last week the cabinet received the usual pre-session delegations, heard two appeals against decisions rendered by the Board of Railway Commissioners, and held the usual number of council meetings. This week, the last before

### GREAT CROWD AT CARNIVAL

The fancy dress carnival held in the Newcastle rink last Thursday evening under the auspices of the Red Cross and Lord Beaverbrook Chapter I. O. D. E. was a most successful affair. The attendance was the greatest in the history of the rink and all the available space, both on the ice and the promenades was taken up. The ice was in perfect condition and both skaters and spectators enjoyed the pleasant evening.

The range of costumes was indeed so wide and elaborate that it was only after great deliberation that it was at all possible to make a decision concerning prize winners. The music provided by the band was highly appreciated by both skaters and spectators. The costumes worn by the skaters showed much originality, as well as time and expense in their make-up.

A large number enjoyed the general skating for the last five bands. To make this event an annual one would be a good idea, and one which would be popular with Newcastle's skating public. The prize winners were as follows.

Ladies, Miss Lennie Stewart for the most original costume; Gents, Vincent Legere, as Tarred and Feathered; Girls, Jessie Keating, as Peggy O'Neil; Boys, Raymond Landry, as The Country Gentleman; Best Lady Skater, Miss Constance Wilson of Derby.

The opening of Parliament, will probably be crowded with last minute preparations for the session. Members will be flocking to the capital, and the Prime Minister and his colleagues are likely to be besieged by callers on a variety of matters.

Premier King will open the week by taking a hasty trip to Montreal tomorrow, where he is to be entertained by Sir Lomer Gouin at a luncheon in the Mount Royal Club. The Premier will leave in the morning and return the same evening.

Tuesday Nomination Day

Tuesday is nomination day in East Kootenay, where Hon. J. H. King, Minister of Public Works, is seeking election, and in Argen-teau, where Hon. Charles Stewart, Minister of the Interior, is the Government candidate. Present indications are that both will be returned by acclamation.

It is expected that Hon. T. A. Crerar, leader of the Progressives, will arrive in the Capital early in the week, and the question of who will lead the opposition be decided. It is understood that Mr. Meighen is likely to be the opposition leader, but the point is still undecided.

Another question, and one of special importance to members of the House of Commons, namely, the allotment of rooms in the Parliament buildings, will also be dealt with on the arrival of the Progressive leader.

A week from tomorrow, the conference of members and ex-members of the Conservative party will take place. It will probably attract a large number of former members to the Capital and may result in a decision to hold a large party convention at the conclusion of the session. Ex-Premier Meighen is in the Capital, but has not yet announced the agenda of the conference.

## RHEUMATISM GONE; WALKS WELL AS EVER

**Manitoba Man's Legs Were Stiff as Boards And He Ached From Head To Foot—Had Suffered Five Years.**

"I heard so many people telling what Taulac had done for them that I tried it in my own case and I am convinced it is a wonderful medicine," said David Wellington, a well-known drug clerk, Harperus, Manitoba.

"For five years I had been a sufferer from rheumatic fever. I simply ached all over from head to foot and my bones felt like they were going to crack. My knees were so stiff actually I used to walk like I had wooden legs, and I just dragged one foot after the other. Everything I ate seemed to sour on my stomach and I was bothered a good deal with back ache and headaches.

"I began to improve gradually from the first dose of Taulac and kept it up until my stomach was in perfect condition and the rheumatism had left me. I am in splendid health now and feel that it is only right that I should tell my experience so that others who suffer as I did may know where they may get relief, too."

Taulac is sold at all leading drug gists.

When reformers hold their meetings a miserable time is enjoyed by all.

## SOLDIERS' MEMORIALS

The Editor,  
Union Advocate,  
Newcastle, N. B.

Dear Sir:—  
Even populous centres are finding it difficult to raise suitable soldiers' memorials. Difficulties arise not only as to the form the monument should take, but as to the site, cost, etc. The chief trouble seems to be that many of the schemes are too elaborate and expensive-impracticable, mainly on financial grounds in these days of necessary economy. With the return of industrial prosperity, however, such communities will very probably find an easy solution of the problem. Then gratitude elicit pride feelings of patriotism and reverence for the memory of their noble dead will impel the living to perpetuate their memory in a manner befitting the magnificent services they rendered their country and the world.

One should be more concerned for the keeping green of the memory of the splendid men who came from the remote and sparsely peopled settlements from the lonely camp, farm or mine—and gave their all for their country with a splendid patriotism that must never be forgotten.

Such poor and thinly settled communities may find in the following suggestion a means by which they may permanently perpetuate the memory of their local heroes at a negligible cost of money. All that is needed is a spirit of cordial co-operation on the part of a few men and women who are interested. These

## SAID HE COULD NEVER BE WELL

**"Fruit-a-lives" Restored Him to Health**

159 AVENUE PUIS IX, MONTREAL  
"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured. At this time, a friend advised me to try "Fruit-a-lives". After taking two boxes, I was greatly relieved; and this fruit medicine made me completely well. My digestion and general health are now splendid!"

GASPARD DUBARD.

50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

should get together as soon as possible and arrange for the removal of a huge natural rock or boulder—the bigger the better—to say the district school grounds or nearby cross-roads (or the church or grave-yard if easy of access.)

On Arbor Day (about May 7) the children of the vicinity should plant a maple tree, assisted by the teacher and school commissioners, with appropriate ceremonies, near the rock or boulder, hereafter the cenotaph of the soldier whose memory the community desires to perpetuate. At the roots of each tree thus planted, place a sealed bottled or crockery-ware vessel containing a brief record of each soldier honored, signed by the mayor, school commissioners, councillors, teachers, neighbors and other interested persons. Such a record should give the parentage of the soldier, the place of death, etc. Current coins and newspapers in a glass or crockery-ware container, should also be placed beneath the cenotaph.

And in the schoolhouse (church or lodge room) on the same day, an official Roll of Honor surmounted by a small silken Union Jack should be unveiled, and the whole—cenotaph, maple trees, roll of honor and flag entrusted to the children for safe keeping, it being impressed upon them that it is at once a duty and a privilege to cherish the memory of our country's heroes, 70,000 having died in the cause, of humanity and right.

It may be added that the rock or boulder used as a cenotaph should be large enough and of such sort as would allow of the soldier's name etc being cut upon it at the time if the services of a capable mason are available; if not, this could be done later by a modern Oil Mortality who reverences the glorious memory of Canada's noble dead. One word of caution. Care should be taken that the rock selected for the cenotaph should be of a time-defying, element—withstanding sort—not a rock that readily splits or crumbles. There are competent men in every locality who would advise wisely as to the choice of a suitable boulder.

Yours truly,  
Eustis, P. Q. D. LOWEL

## Conservative Association Formed In Winnipeg

Winnipeg, Feb. 21—Declaring themselves true to what were described as the traditions of the party and the national policy which was stated to have been instrumental in the development of Canada and disdaining the use of any "hyphenated appellation" the Conservative Association of Winnipeg was formed here last night.

Hon. Robert Rogers, former Minister of Public Works, declared the Conservative Party was defeated and handicapped, not December 5, the day of the federal election, but when it was decided to admit "political patronage mongers" into the Union Government.

When the roll is called up yonder politicians will want a recount.

## WANTED TO WED HIS STEPMOTHER

Bangor, Me., Feb. 21—William Brooks appeared at the office of the city clerk yesterday to enter a vigorous protest against the issuing of a marriage license to his minor son, who, he said, wanted to marry his step-mother, the divorced wife of Mr. Brooks.

As the law prohibits the marriage of a man and his step-mother, City Clerk Brett refused to issue a license to the boy when he came after it, having filed his intentions on Feb. 15.

The prospective contracting parties were Frederick Brown Brooks, aged 20, and Mrs. Georgiana Dingle, aged 36, according to the form tendered the city clerk, but the father of the boy said emphatically that the woman his former wife, is 48 years old.

In the application for license the boy gave his father's residence as Newcastle, N. B., while the father claims a residence in Bangor—Daily Mail.

St. John, Feb. 23—Frederick Brooks, of Bangor, Maine, whose attempts to marry his step-mother had attracted considerable attention succeeded in his purpose when the pair eloped to McAdam, N. B., yesterday. The wedding was performed but when they attempted to return to Bangor they were refused admittance to the United States by the immigration authorities. They now are in St. John. The lady in the case had been divorced from her bridegroom's father and she alleged that the law forbidding such a marriage was inoperative in this case. Brooks is twenty years old and his step-mother bride more than twice his age.

## Enquete Of Rev. Fr. Delorme Postponed Until Feb. 28

Montreal, Feb. 21—The enquete of Rev. Father Delorme, on a charge of murdering his brother, Raoul, was this morning postponed until, Feb. 28. A huge crowd collected in the neighborhood of the court in the hope of catching a glimpse of the abbe, but they were disappointed, because the priest was spirited in the building by the police and after the brief session was taken out again without any one seeing him.

## The Kidneys

The office man and the outdoor worker suffer alike from derangements of the kidneys.

Backaches and headaches are among the symptoms. In some cases Bright's disease soon develops, others suffer from high blood pressure until hardening of the arteries sets in.

In order to forestall painful and fatal diseases prompt action should be taken at the first sign of trouble.

Mr. A. D. MacKinnon, Kirkwood, Inverness county, N.S., writes:

"I can highly recommend Dr. Chase's Kidney-Liver Pills to all suffering from weak kidneys. I suffered from kidney disease for a long time. I may also say that for three years I was nearly always troubled with headaches, and no treatment seemed to do more than afford temporary relief. I was finally told of Dr. Chase's Kidney-Liver Pills, and after using a few boxes was completely relieved. I have also used Dr. Chase's Cholesterol with the best results, and never fail to recommend these wonderful remedies."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

## A POPULAR OFFICER

The Canadian Pacific Steamships, Ltd., S. S. "Montcalm," which has just completed her maiden trip across the Atlantic is under the command of Capt. G. S. Webster, R.N.R., R.D. He was born on September 3rd, 1867, and joined Messrs. Elder Dempster & Co., on Mar. 21st, 1892. Capt. Webster is one of the most popular skipper on the Atlantic; his first Canadian Pacific command was the "Lake Michigan" in April, 1903, when Elder Dempster's Steamers were taken over by the C. P. R. Since 1903 Capt. Webster has commanded such well-known C. P. R. liners as the "Montrose," "Lake Champlain," "Lake Manitoba," and "Empress of Britain," and during the War the "Metagama" and "Melita" made many voyages across the Atlantic under his charge.

CAPT. G. S. WEBSTER

It is the only scientifically blended flour on the market—and can be relied on to give the best baking results every time. Ask for it at your grocer's.

**THE T. H. TAYLOR CO. LIMITED**  
CHATHAM, ONTARIO

Children Cry for Fletcher's

# CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

## What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

# "Can"

ADVERTISING is the public expression of a master's will and wish—the word of power.

We want to say this to the merchants of this town:

You CAN make the public of this community buy more goods from you.

You CAN teach the public new customs, new tastes, new habits. You CAN make the public do what it is not in the habit of doing. Powerful and persistent advertising has revolutionized modern life. It sends people travelling. It has made them photographers. It has made the motor-car a necessity. It makes women change the fashion of their apparel twice or thrice a year. It selects the very food we eat.

**A WORD TO THE PUBLIC**

Does not the publicly expressed will and wish of the merchants of this community influence you in your shopping? Do you not go where you are guided? Are you not very attentive and responsive to the advertisements which appear each week in the columns of the "ADVOCATE"?

**Shop Where You Are Invited to Shop**

# Rich yet Delicate

In every cup of the genuine

# "SALADA"

**BLACK OR TEA GREEN**

will be found a flavour so rich that you may instantly recognise the fine quality of the leaf yet so delicate that it refreshes and "comforts" as no other tea will do. Samples on request. SALADA, MONTREAL.

## Springs of Business Activity

The Alexander Hamilton Institute of New York has published a lecture given by Mr. E. W. Beatty, President of the Canadian Pacific Railway Co., entitled "The Springs of Business Activity," from which the following has been culled:

"What should be the relation of the state to the individual in our modern civilization? Many philosophers have discussed the relations of state and individual in an ideal world. I am not a philosopher, but a business man, and my interest is in the immediate present.

**Man's Struggle With Nature**

"The world as we know it is at constant war, not so much a war between nation and nation as a war of man against nature. The world is getting to be more populous, and its peoples must be clothed and fed. Incidentally, the nations into which mankind has grouped itself may war upon each other in the desire to control for their own needs new or old sources of merchandise and of production, but the dynamic spirit underlying human activities is the desire to preserve the human race.

**The Pioneer Spirit**

"In this New World of North America, the struggle of man against nature is more obvious, perhaps, than in an Old World, where income sufficient for food, clothing and considerable comfort is considered by so many as their undisputed heritage. We, over here, live among pioneers and the sons of pioneers, who have homesteaded, cleared their own farms, prospected for and discovered mines, started business in a wilderness and seen the wilderness become a city. We realize, perhaps more readily than the philosophers of the more complex Old World how much we owe to individual energy in this war against nature. The continent of North America has been civilized and adapted to the needs of man by the enterprise of sturdy individuals and not by state officials.

**The Personal Element in Business**

"With the struggle for existence disguised under the polite forms of settled and organized communities, it is still to men of vision and imagination that we owe our progress. The history of Canada and the United States is full of instances of men who have risen to commanding positions in the world of affairs by the force of personal merit. Mount Stephen, Carnegie and Edison are typical of the spirit of leadership which has made the civilization of our continent what it is. In all fields of business life we owe much to the indomitable energy of leaders, who, with a fair field and unhampered by tradition, have won their way to the front. In new countries the individual seems to have opportunities denied him in older nations.

"In the largest company or in the most complex corporation the driving power of the individual is the keynote of progress.

**Dangers of Individualism**

"There is, however, a danger to the human race in unrestricted individualism. "Every man for himself" is not only a selfish policy; it may imperil the harmony, indeed, the safety, of the community. Man as a social animal has a duty, not only to himself, but also to his neighbors. The business man or business company in a complex community or state has a similar duty to the public. The work of that man or company is ultimately for the preservation and benefit of his community, and while the work is most energetically prosecuted, if done in the spirit of the individual, it fails of its purpose if it is prosecuted to the detriment of the community or race as a whole.

**Socialism as a Remedy for the Ills of Business**

How many an illness is due to selfish excess! How often the decay of a once powerful company is due to its abuse of privilege and disregard of the interests and opinion of the community it ought to serve! The company or business enterprise that lives for itself and is not conducted ultimately with an eye to its usefulness to the community is an unhealthy business and a source of instability. It incorporates a wrong ideal of conduct, and, sooner or later, is bound to come in conflict with public opinion, to its own ultimate ruin. That business which desires a good old age must be conducted in a spirit of service—service to the community, and service to the public. It will be conducted all the better if it is virile and progressive, full of initiative and new ideas, free from red tape, official rules, cast-iron precedents and regulations, but it ought always to be conducted in the spirit of good citizenship.

The tendency toward state owner-

ship and control, which is now happily passing away, was the aftermath of a too reckless and selfish individualism, both in the Old World and the New, during the first stages of industrial growth. The so-called Manchester School policy of "laissez faire" or "devil take the hindmost" was carried to excess and resulted in hardship to large masses of the people, and so in an unhealthy situation in the body politic.

**Can a Government Undertaking Be a Business Success?**

The test of a private enterprise is the making of profits under competitive conditions. That test cannot be applied to government operations. A government rarely feels that it is under the obligation to make a profit from the conduct of any of its enterprises.

A private enterprise, even when operating a public utility like a railway, has the stimulus of profit to spur it to a fruitful activity, but if profits fall and losses occur through misfortune or mismanagement it must bear its own burdens. It is generally believed by business men that no undertaking run by government can stand the full test of profit making and proper conservation of the plant. Reports of profit from operations generally overlook depreciation, reserves, interest on capital and an allowance for the equivalent of the taxes paid by private undertakings. From a strict accounting view, most, if not all government business undertakings operate at a loss and would be wiped out were it not for the direct and indirect support of the public treasury. There may be circumstances in which such operation at a loss is justified by public interests, but it is hard for a business man to conceive of such a system being realized without being reminded that the inhabitants of a certain island made a living by taking in one another's washing.

**Government Interference Should Be Limited**

The business man must always bear in mind that it is himself and his fellow taxpayers who bear the burden of experimentation in the field of government industry. If the assumption of government control were to take place progressively, as some enthusiasts desire, the might come when, with only a part of the nation's industries nationalized, staggering burdens of taxation would crush the profit out of all the rest.

**War's Effect on Business Structure**

For a time the necessities of governments during the Great War seemed to upset all precedents. The governments of the belligerent countries believed it to be necessary to take a large part in directing the economic activity of the people in the production and distribution of goods and in many cases to assume complete control of it. Those who in earlier years had argued for extension of government intervention in business affairs found in these events a vindication of their position. Those who had steadfastly insisted upon the inefficiency of government agencies in practical business affairs harbored the fear that so many steps had been taken toward government intervention that it might not be possible to retrace them.

Neither hope nor fear was justified by the outcome. Both sides forgot that these were emergency measures likely to be abandoned when the needs from which they were born ceased to exist. They overlooked the fact that this government action, though intended to enhance economic efficiency, gave that idea a very limited scope and concentrated on the single purpose of winning the war, brushing aside all other considerations. They failed to perceive that when peace came the public would no longer be impressed by the mere fact that the government had done certain things, but would begin to inquire how well it had accomplished them.

**War Measures Tested by Business Standards**

The fact is that these war measures never were judged by ordinary business standards and ought not to have been so measured. Into these standards the element of cost always enters as a vital factor. In the throes of the war we laid not all ways have time to count the costs. The thing of importance was the result attained. Whatever success these measures might have had was due to the spirit in which they were received by the people, who silenced every other demand than national needs and accepted any inconvenience to trade or industry as a patriotic duty.

R. B. BENNETT IN WEST CALGARY

Calgary, Feb. 21—Arguments in connection with a petition filed by Hon. R. B. Bennett, K. C., former minister of justice in the Meighen government, to have West Calgary election declared in his favor will be heard by two judges of the supreme court at Calgary on March 3. Capt. J. T. Shaw, Independent-Progressive, secured the seat after a recount had deposed Mr. Bennett.

## QUEBEC THE LIVELY CITY OF WINTER

### The Ancient Capital Revels in Winter Sports With a Continuous Carnival.

Quebec is the lively city of winter. Kees, frosty, exhilarating and health giving, and a continuous carnival of winter sports is the medium that is attracting many visitors to the ancient capital. Snow-shoe parades, tobogganing, skiing, curling, skating, and hockey are the pastimes of the Quebec people and hundreds of American visitors from less favored climates are being initiated into the real delights of an ideal Canadian Winter.

From all Maritime Province points the Canadian National Railways offer the finest of train service to Quebec via the "Maritime Express" and "Ocean Limited."

For further information apply to the Ticket Office of the Canadian National Railways.

## Keep Little Ones Well in Winter

Winter is a dangerous season for the little ones. The days are so changeable—one day bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds and grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## MADE SURE THAT HE WOULD NOT BE BURIED ALIVE

London, Feb. 20—William Houghton, a Ramsgate builder, who died recently of influenza had a dread of being buried alive and his will left instructions that his body should be placed in a heated room for three days so that in the event of there being any life left signs of animation might be discovered.

He also directed that a main artery should be cut and that his body should be buried at sea without a coffin. These wishes were carried out, the body being secured to an oak tray with lead and covered simply with a black cloth. A motor boat conveyed the remains out to sea where they were committed to the deep.

## Baron Byng Touches On Montreal Sore Spots

Montreal, Feb. 21—Baron Byng, of Vimy, addressing the Women's Canadian Club here this afternoon, placed his finger on three social sores evident in this city. His Excellency referred to some of Montreal's slum properties, and pointed out that there was evidently small reason for their existence in a young country. Then he touched on the lack of playgrounds for children here, and said that it was the dead rather than the living, who were allowed to utilize the city's great playgrounds. Finally he spoke of the sufferings of dumb animals as evidenced by the number of lame horses he had noticed in and around the city.

His Excellency said he was trying to develop a "Montreal conscience" and that in doing so it had suffered, three little pinpricks from what he had seen during his stay here.

## FRANCE CANNOT PAY AMERICA

PARIS, Feb. 21—Louis P. Loucheur, former Minister of Liberated Regions declared last night it was his belief that France never would be able to pay a sou of her debt to the United States. This statement was made at Lyons at a banquet of the Industrial Commercial and Agricultural Associations.

"I say plainly, that I believe we never will be able to pay a sou to America. I say it because there are Americans here who, I hope, will cable my words across the sea. We never can pay the fifteen billion franc we owe America with the added interest."

He added that David Lloyd George, the British premier, had agreed in principle to cancel France's debt to Great Britain on the condition that the U. S. cancel Great Britain's debt of twenty billion marks. Referring to the question of reparations, M. Loucheur said France was determined to make Germany pay to the utmost.

NEW YORK, Feb. 12—Tables recently compiled by fiscal agents of the British and French governments, in which reference is made to the steady improvement of the foreign trade balances of those countries, had given pronounced impetus to the recovery of international credits.

Exchange on London yesterday rose to 4.39 for remand bills, the highest quotation for this remittance since August 1919.

The French rate for the same accommodation rose 7 points to 9.15 1/2, this representing the highest quotation for more than nominal dealings in almost three years.

Latest commerce reports from France show a steady gain in quantity exports, for 1921, these increased 3,146,000 tons, imports for the same period decreasing 12,558,000 tons.

## A LESSON FROM ANCIENT ROME

Two thousand years ago the athletes and fighting gladiators of the Roman Empire, to ensure speedy healthy healing of wounds, sores and injuries used magical herbal oils and balms.

Taking a lesson from the Aztecs, an eminent firm of manufacturing chemists undertook a search to recover these lost secrets. Certain rich herbal oils and essences were at last found and a scientific means of blending and refining them was devised.

After lengthy and costly experiment a super-balm was evolved which contains these potent herbal saps in the most perfect form. To this new discovery was given the name zam-buk, to indicate the highest achievement yet attained in the healing art.

Treatment of skin diseases and injuries has been revolutionized by zam-buk. Its healing and antiseptic power is enhanced by the complete absence of rancid animal fats that distinguish ordinary salves.

Eczema, ringworm, ulcers, piles, poisoned wounds, rashes, cold-sores, chaps, chilblains, children's scald troubles, etc. yield readily to zam-buk.

Mrs. Scrup—"John, I've invited one of my old sweethearts to dinner. Do you mind?"

Scrup—"Certainly not. I always like to meet lucky people."—Jack Canuck (Canada).

TUESDAY, FEBRUARY 28, 1922

**EDITORS MAIL**

San Francisco, California,  
February 15th, 1922  
To the Editor of the Union Advocate  
My dear Sir:

On account of the very great importance that efficient fire fighting and fire prevention is to our cities, may I ask your valuable assistance in urging upon your local governing body the importance of sending the Chief of your fire department to the Fiftieth Anniversary and Annual Congress of Fire Chiefs and Fire Engineers, to be held in this city, August 9th-15th, 1922.

Fire losses in this country last year totaled over \$365,000,000 with an attendant loss of 20,000 lives. The fires are never out, and are consuming a million dollars a day of the created resources of the country. With all the improvement of motor apparatus over the horse drawn, the ratio of fire loss to property value has not been reduced, but on the contrary, is constantly increasing. This loss is an enormous tax which comes directly from the pockets of the people.

Too often, unfortunately, the sending of a Chief to such a convention is considered in the light of a junket. Personally, I can say, that I immediately adopted several devices which I first saw practically demonstrated at last year's convention at Atlanta, Ga. and which I believe, will be of incalculable benefit to my city.

No Chief can come to the International Convention, for which we are now preparing, without going away with ideas that will be of great value. San Francisco has suffered from fires as no other city in the country, and we have taken precautions to prevent the recurrence of such a catastrophe by the installation of the most elaborate high pressure fire fighting system in the world. This, together with the most comprehensive exhibit of modern apparatus and equipment for the prevention and extinguishment of fires ever assembled, will be available to all. We purpose making this year's meeting one grand clearing house for the best information of fire matters obtainable.

In asking your aid it is in the belief that you can do no more important public service to your community than by urging the necessity of the attendance of the Chief of your city on this important educational congress.

Very sincerely yours,  
**THOS. R. MURPHY**  
Chief Engineer, S. F. F. D.

**Railway News in Brief**

**Winnipeg.**—A postal car service between Edmonton and Spirit River will be inaugurated within the next ten days according to a statement made by D. C. Coleman, president of the C. P. R. This service was authorized by the post-office department in November last but difficulties were encountered in getting the necessary equipment. Two cars will be ready next week and the service will be started immediately thereafter.

**Montreal.**—At a series of conferences held during the last few days at Windsor Station, at which representatives of Military District Number Four, Great War Veterans, Army and Navy Veterans, St. Andrew's Society and St. George's Society were present, plans were discussed and formulated for the forthcoming visit to Canada of the band of His Majesty's Scots Guards, who are coming to Canada next May by consent of the King, to give a series of concerts for the benefit of the Great War Veterans' Association.

**Vancouver.**—C. P. R. steamship officials report the arrival of the steamship "Makura" at Vancouver, B. C., from Australia, New Zealand, Fiji and Honolulu, carrying in addition to a passenger list of notable, a miscellaneous cargo, including 14,200 carcasses of mutton and 500 tons of butter.

Among the passengers was David Clark, sheep and cattle king of Australia. Practically all the mutton and butter carried was from Mr. Clark's ranches in Australia. He owns countless thousands of sheep and cattle on his many ranches in the Commonwealth, and although decidedly modest about his accomplishments as a cattle man, he is considered one of the most prominent men in the business in Australia.

**Banff.**—The sleigh dog and whipper races at the Banff carnival were among the most entertaining of the sports programme. The races were run down the main street, ending in front of the hotels.  
Several ladies entered teams, among them Mrs. Drummond Davis, Mrs. Jim Brewster and Mrs. William Brewster. There is plenty of dog life in Banff. Every youngster seems to have a dog. Many of these faithful and amiable animals draw their little masters round in little cutters and seem very proud of themselves. One small boy drove a team of two, and came galloping down Banff Avenue in thrilling style.

Whippet racing in Western Canada is a comparatively new sport, and to Banff belongs the credit of starting it a few years ago at the carnival.

**Montreal.**—Two free scholarships covering four years' tuition in architecture, chemical, civil, mechanical or electrical engineering at McGill University, are offered by the Canadian Pacific Railway, subject to competitive examination, to architects and other employees entitled on the permanent staff of the Company and under twenty-one years of age, and to minor sons of employees.

The competitive examination, which will be the regular entrance matriculation examination provided for in the Annual Calendar of the University, will be held at the University, Montreal, and at other centres throughout Canada, in June, 1922. The candidates making the highest average and combining with the requirements of admission will be awarded the Scholarships, and have the option of taking any of the above courses.

Scholarships will be renewed from year to year, to cover a period not exceeding, four years, if, at the close of each session, the holder thereof is entitled, under the rules, to full standing in the next higher year.  
In case a scholarship holder finds it necessary to interrupt his course for a year or more, notice must be given at the close of the session to the Railway Company and to the Dean of the Faculty of Applied Science, in order that the scholarship may be open to other applicants.

In order to establish prior claim to the next available scholarship notice of the student's intended return must be given to the Railway Company, and to the Dean of the Faculty of Applied Science, not later than January 1st, preceding the opening of the session in which such scholarship will be available.

Applications for certification as entitled applicants to enter the competition should be addressed to Mr. C. H. Powell, Staff Registrar and Secretary, Dominion Department Canadian Pacific Railway, Montreal, and to the Registrar, McGill University, Montreal.  
A circular asking above information may be had from Mr. Grant Hall, Vice-President, Canadian Pacific Railway.

**POTATOES NIPPED**  
Charlottetown Guardian: It is understood that a great many potatoes in the cellar throughout the West-end part of the island are considerably damaged by the recent Arctic weather.

**Rosy Cheeked Healthy Women**

**Know the Full Value of Rich, Red Blood.**

Robust, healthy, red-cheeked women seldom worry. Their condition of mind and body is such that they can rise above the causes that bring melancholy and brooding. It is the woman with weak, watery blood who is thrown into nervous unrest by little annoyances that grow so great in the imagination that it seems as if she must scream to relieve her feelings.

A woman's health quickly falls when her blood becomes thin and weak. The stomach is disordered and all appetite vanishes. The nerves lose their strength and so sleep is not regular and does not refresh the body. A state of weakness arises that increases gradually and gives further cause to worry. Good blood is necessary to every woman who has grown pale and weak, and in this condition Dr. Williams' Pink Pills will be found of great benefit, because they enrich and purify the blood. Women who are anemic, suffer from indigestion, palpitation, headaches and nervous attacks will find new strength through a fair use of these pills. Among the women who have proved the value of this medicine is Mrs. Enos Levy, Hackett's Cove, N. S., who says: "About two years ago I began to fail in health and was very weak. My constitution was all run down, and my blood was weak and watery, as was manifested every month. I had heard of Dr. Williams' Pink Pills and what they would do for the blood, and being in such a low condition I decided to try them. By the time I had finished the fourth box I found to my great delight that I was a great deal stronger, and my blood a deep red color. I have a lot of work to do besides taking care of my little one, and with my good health I enjoy it, and I can truthfully say I owe this condition to Dr. Williams' Pink Pills".

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**EXPECTS TO FLY ACROSS ATLANTIC**  
NEW YORK, Feb. 22—Louis Gaubert, French aviator, before sailing for home yesterday on the Rochambeau, said he intended to fly back to the U. S. in a Goliath plane carrying ten passengers within the next two months.

Gaubert predicted he would make a non-stop flight across the Atlantic in less than 32 hours. The plane, powered by four engines, is nearing completion at the Farman works in France, where he is making arrangements for the flight, he said.

**SUSSEX MAKES A GOOD POINT IN PROTESTED GAMES**  
Sussex, N. B. Feb. 27—Regarding a Canadian Press despatch from Charlottetown appearing in this morning's papers regarding the Charlottetown and Sussex hockey game last Wednesday, the manager and captain of the Sussex team, who are not in the habit of expressing their views in such matters to the public, have the following to say:

**CHARLOTTETOWN DOWNED SUSSEX IN GREAT GAME**  
Sussex, N. B., Feb. 22—More than 1,600 people witnessed the much looked for hockey game between Sussex, tonight and after a battle royal, fought for three periods and twenty minutes over time play, Charlottetown defeated the home team by the narrow margin of 2 to 1.

Charlottetown used their spares frequently throughout the game, while the Sussex line-up played the game without any assistance. In the third period, after twelve minutes play, Percy Radcliffe, the Sussex center point, was badly hurt when he fell and the heel of a skate caught him in the side of the face, inflicting a severe wound. He had to leave the game and Zan Miller took his place. In the first period there was no score. The Sussex boys had much the better of territory play in this period and Morgan, the Charlottetown goal tender, was called upon to stop many hot ones. Friars and Leclair each got two minutes in the penalty box. Leclair and H. Radcliffe played some nice combination work in this period.

In the second period, Leclair who was playing a great game, was the first to find the net after eight minutes play. He made a grand rush broke down defence and scored alone. Rodd of Charlottetown, who was also playing a star game scored two minutes later from a rebound by Williams. This period was more even, Sussex having a little the better of it, however. L. Campbell, of Charlottetown, was given two minutes after three minutes play and Hay, the impenetrable Sussex defence, got two minutes. The period closed a tie, one all.

The third period which was score less was a battle from start to finish Charlottetown had three men penalized in this period; Rodd, got the minutes, Gordon and MacEachern each three. Leclair, of Sussex, was handed two minutes.

At the end of the third period the game was a tie and it was decided to play three ten-minute periods. At the end of each five minutes play, they changed positions.  
In the first ten minutes play there was no score, and in the second ten minutes a goal from a pass by Williams' ninb goal from a pass by Williams, near the close of the period. Unfortunately, for the home team, Hay, the Sussex strong man, was in the penalty box at this critical period for two minutes, and Charlottetown taking full advantage of this, made a desperate effort to notch the winning goal.

**30 PERISH IN GIANT AIRSHIP**  
Norfolk, Va., Feb. 21—Flung eastward, presumably by a broken rudder, the giant army airship Roma, plunged a thousand feet or more to day to strike ground at the Hampton Roads army base, capsizing across a high tension electric line and burst into a roaring furnace of blazing hydrogen gas in which more than thirty of her army crew and passengers perished.  
Long after dark tonight, many hours after her fall, the ship was heading eastward.

**Plain Facts for Stomach Sufferers**  
Digested food makes us strong, vigorous, healthy. Dyspeptics are invariably weak and ailing. All they need to make them strong and well is the power to digest food, and that is just what **Beiber's Syrup** gives. It helps the stomach, liver and bowels to do their work efficiently. Sold in 50c. and \$1.00 bottles in drug stores.

## Thurs. March 9th

**is the day of wonderful bargains all over Newcastle and especially at the Creaghan Store**

It is not a day to clear out old stocks—but a special offering of new seasonable merchandise. All over the store new goods are displayed at bargain prices, and you will be surprised at the savings you can reap here Thursday.

**Dress Goods, Silks, Velvets, Coatings, Prints, Gingham, Chambrays, Voiles, Flannellette, Cotton Suitings, Ratines, Towells, TOWELLING, Whitewear, Corsets, Underwear, Curtaining, Cretonnes, Oilcloth, Gloves, Hosiery, Carpets—Men's Shirts, Neckwear, Hats, Caps, Clothing, Boy's Suits, etc., etc., all marked special for Dollar Day.**

**Come to Newcastle Thursday and be sure to come to CREAGHANS'**

J.D. Creaghan & Co. LIMITED

It has not been our custom to discuss such matters in the public press, but rather leave them to the decision of the proper officials who are appointed for such purposes and in whose hands they are at the present time. However, we consider it not only our privilege but our duty to contradict misleading and false statements such as appeared in the despatch from Charlottetown published this morning wherein the manager of the Sussex team is said to have agreed to the penalized players going on the ice before their time was up. The facts are that not only both the Sussex penalty timer and Captain Hay, of the Sussex team, protested these men being allowed to play until their full penalties had been served in overtime period, but the referee ruled that these men should start at beginning of overtime play. There was nothing left to do but play and protest the game. As to Charlottetown claiming a goal that was not allowed, Sussex also could claim a goal with even stronger grounds but as every follower of sport knows this is a matter which must be decided by the referee at the time and from whose decision on such points no protest is allowable for the single reason that this is a matter of judgment left entirely in the referee's hands; but the point under which we are protesting is a direct violation of the rules and must be determined by the executive or the final court of appeal the president of the C. A. H. A."

The better of territory play in this period and Morgan, the Charlottetown goal tender, was called upon to stop many hot ones. Friars and Leclair each got two minutes in the penalty box. Leclair and H. Radcliffe played some nice combination work in this period.

**Dozen of Crew Saved**  
Barely a dozen, of more than two score men aboard has been picked up alive. All of those who survived the fire escaped by jumping as the ship struck. The others, penned in the hull beneath the fallen bag, were burned to death. Heat of the fire fought back the rescuers for hours.  
Three fire departments fought the flames with chemicals. Derricks began picking up the wreckage as flames were driven back. There was scarcely more than the aluminum frame work and the six Liberty motors to move. Within the wreckage lay the bodies, many of them charred beyond recognition.  
Thirty bodies had been taken out tonight. Three or four more were thought to be still in the charred mass that alone remained of what had been the largest ship in the world.  
Accounts of surviving officers as to what happened were not available to night. Every man who escaped alive was burned or bruised or both. Eyewitnesses who watched the smash agreed, however, that the huge kite structure of the stern rudder, itself as large as a bombing plane, had slipped to one side as the Roma dove along a thousand feet above the army base.  
A Trial Flight  
She was making a trial flight with a new battery of Liberty motors. They were installed to replace Italian engines bought with her in Italy, but which had not proved satisfactory. Installation was completed at Langley field two weeks ago.  
It was just before two p. m. when those below at the army base at Hampton Roads had their attention caught by the approaching thunder of the six motors and looked up to see the Roma dip down from her straight flight. They agreed that the rudder seemed to have slipped bodily down and to one side.  
The ship nosed slowly down. As she came closer it was seen that the crew were hurling out sand ballast from the ports in the fragile fabric that formed the covering of the space between her keel and back, the living and operating quarters of the ship. The dipping, blunt nose of the bag did not respond. On the ship came, unchecked on her glide eastward, heading eastward.

**PERSONALS.**

Mr. Joseph Petrie is in town this week.

Mr. Albert Hill of Millerton spent today in town.

Mr. D. S' Gordon left on Thursday for Charlottetown, P. E. I.

Miss Jessie Fleming is visiting Mrs. E. B. Gillespie, Chatham

Mr. Abel Clowater was in town on Saturday en-route to Jacquet River.

Miss Helen Armstrong returned home from Bridgewater N. S. on Friday.

Mr. A. Alcorna of Blackville was in St. John last week, and registered at the Royal Hotel.

Miss A. A. Morris leaves the first of the week to attend the Millinery Openings in St. John.

Rev. W. D. Wilson, Chief Secretary of the N. B. Temperance Alliance was in town last Thursday.

Messrs. S. A. Kingston, Paul Kingston and C. F. Kingston, are registered at the American Hotel, Moncton

Miss Clare Creaghan of Newcastle, arrived in Moncton on Tuesday and will assist in the management of the J. D. Creaghan Co's branch at Moncton.

Lieut. MacMillan of Nova Scotia arrived on Friday to assist Capt. and Mrs. J. A. Goodwin of the local Salvation Army Corps in their work in Newcastle and Chatham.

Mrs. J. B. Snowball, wife of the late Governor Snowball, lies seriously ill from pneumonia at her home in Chatham, Mrs. Snowball's condition is reported slightly improved.

Fredericton, Feb. 25—The state dinner in connection with the opening of the Legislature, a function which was dispensed with last year, is to be restored.

This was announced to-day in connection with the opening of Government House in Fredericton, for the first time in about thirty years, when Evelyn Grove, which Hon. William Pugsley has leased, became known as Government House to-day.

The only social function on the day of the opening of the session of the Legislature will be the usual reception from 4 to 6 p. m. for while the state dinner is being restored, it will not be held on the date of the opening of the session, as was formerly the case, but will follow the day after on Friday, March 3rd. Another innovation will be that the wives and daughters of those who are officially entitled to be present at the state dinner, have been invited to a function at Government House the same evening; the dinner will take place at 7 p. m. and the reception afterwards at 9 p. m.

"Well," said the manager, "that's all settled. You can consider yourself engaged."

"But how about a contract?" asked the actor.

"Oh, a verbal contract is good enough for me," said the manager.

"Well it's not good enough for me," replied the actor. "Last time I had a verbal contract I drew a verbal salary."

Charity begins at home, but a little outdoor exercise helps it.

**RESTORATION OF THE STATE DINNER**

Fredericton, Feb. 25—The state dinner in connection with the opening of the Legislature, a function which was dispensed with last year, is to be restored.

This was announced to-day in connection with the opening of Government House in Fredericton, for the first time in about thirty years, when Evelyn Grove, which Hon. William Pugsley has leased, became known as Government House to-day.

The only social function on the day of the opening of the session of the Legislature will be the usual reception from 4 to 6 p. m. for while the state dinner is being restored, it will not be held on the date of the opening of the session, as was formerly the case, but will follow the day after on Friday, March 3rd. Another innovation will be that the wives and daughters of those who are officially entitled to be present at the state dinner, have been invited to a function at Government House the same evening; the dinner will take place at 7 p. m. and the reception afterwards at 9 p. m.

"Well," said the manager, "that's all settled. You can consider yourself engaged."

"But how about a contract?" asked the actor.

"Oh, a verbal contract is good enough for me," said the manager.

"Well it's not good enough for me," replied the actor. "Last time I had a verbal contract I drew a verbal salary."

Charity begins at home, but a little outdoor exercise helps it.

**Hall's Catarrh Medicine**

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

All druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

**BATHURST MAN WAS VICTIM OF HORRIBLE DEATH**

Bathurst, Feb. 24—Charles Huard, aged 48, met a horrible death yesterday afternoon while working at the pulp mill of the Bathurst Company, Limited, here when he fell into one of the digesters being charged with chips and caustic liquor. The distressing fatality happened about half past four and the remains of the unfortunate were not recovered until 8 o'clock this morning. Huard was engaged with another man named Chas Duguay in keeping the chute which leads into the digester clear of chips and in some manner as yet unexplained both he and Duguay did not notice the signal given by the pulp cooks that they were about to drop the chips into the digester. The two men dropped with the chips when the digester was opened, but Duguay was able to catch a beam and hold clear for a short time and when he fell after a few minutes he did not go all the way into the digester.

As the disappearance of the men was noticed Duguay was found and extricated. Huard was carried into the digester with the chips and met a fearful death either by drowning in the caustic liquor or by suffocation.

Montreal, Feb. 24—After two years on furlough, Rev. W. B. Williston is arranging to return to his work in the Mission fields of Central China. He is to speak at conferences in Toronto, Winnipeg, Calgary and Vancouver, before sailing from Vancouver on March 23 on the Canadian Pacific "Empress of Russia." Mrs. Williston and their three children will accompany him. Mr. Williston was for ten years stationed in the Province of Schewezan, in Central China, and it is his intention on his return to start from the outskirts of his former district and work towards the borders of Tibet. Among the friends whom he leaves behind him are to be numbered very many children, for wherever Mr. Williston went he had an irresistible attraction for the children and they thronged around him to listen to the wonderful things he had to tell.

**MISSION FIELDS OF CENTRAL CHINA**

OTTAWA, Feb. 25—A large attendance of Conservatives is expected at the party conference which opens here on March 6, as a preliminary to the coming session. Right Hon. Arthur Meighen is here preparing for the conference and parliamentary session. Hon. H. H. Stevens, former minister of trade and commerce, is reported to be on his way east from Vancouver, as are other Conservatives resident at distant points. The agenda of the conference, it was officially stated today, has not yet been finally completed. But the question of leadership is regarded as certain to arise and the general expectation is that Mr. Meighen will be confirmed in the position and also that he will be leader of the official opposition in the next House.

Party organization will be one of the further subjects for discussion.

Chatham—A most enjoyable Father and Son Banquet was held in St. Luke's Methodist Church Hall, last week. After refreshments, a hearty sing-song was enjoyed. Toasts were proposed and answered in pleasing addresses and fathers and sons competed for honors in the gymnasium in bowling and basket-ball.

Now that the Teachers' Convention has booted along we will lay off the staff.

**OBITUARY**

**MRS. JOHN A. ENGLAND**

The many friends of Mrs. John A. England will regret to hear of her death on Feb. 7th after three years of suffering. She passed away at her home in Gaythorne at the age of 22. Deceased was formerly Miss Hilda B. Leighton of Bangor, Me., and leaves to mourn a loving husband and two children, Annie Evelyn aged 3 yrs and 6 months and Eva May, aged 2 years and 3 months. About three years ago deceased was taken seriously ill and entered the Miramichi Hospital for treatment and after five months was able to walk about for a short time, but was soon stricken down again and had to return to the Hospital, from there she went home and remained till her death.

Rev. Mr. Mortmery conducted the services at the house and grave. Interment at River Cemetery.

The bereaved husband and children have the sympathy of all who knew her.

**PILES**

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required.

# Labor Unrest

The Premier of Quebec finds reason to denounce the action of certain Union Strikes, in demanding a 44 hour week, and an increase of wages, with the shorter time of working. He characterizes their action as "a crime against the Canadian nation to make such demands at a time like this" of course Liberal working men, will not find fault with Premier Taschereau; the head of a strong Liberal Government, but meekly bow.

The new Dominion Government has gone on strike against the demands of workers on certain Government jobs, and the work is ordered stopped. Men working on various improvements on canals etc, not content with having previous demands agreed to. Advances in wages, and so on; struck for still more now, they want at least \$4 per day, and the new Liberal Government, has answered

with an emphatic NO. They are "sacked."

And now the Gtels are into it, and little wonder if press reports be true; and the girls have quit work. The Penman No. 1 Mill, Paris, Ontario, is the scene of action. Drop after drop has taken place in wages, down to a 43 per cent cut. The girls claim they can only make 72 cents a day and they cant live decently on it, especially those of their number who have to refund \$2 a week, in payment of fares from the Mother Land. Some of the girls claim, they make less than \$4 a week. Certainly this should be looked into. Canadian fair play demands it.

Away at the East end of Nova Scotia, among the miners everything seems to be upside down, and now a lot of them, have to face the courts, as law breakers, and criminals. They exercised the "rough house" system, in the advocacy of their cause; rioting, smashing up premises, looting; and other devilish tricks. These are the gentlemen, who threaten the tactics of Bolshevism, if, their demands are not submitted to. There are Russians among them, and goodness knows how many other nationalities. The courts should make short work of them, even if there are native born Cape Britoners, among them. "Fair play is bonny play," and Capital and Labor, can carry on better together, when the hoodlums are behind the bars.

The unrest in Amherst, is somewhat stilled. Good news to be sure. "Busy Amherst," has been quite a while, on the other side. We can always have a good word for Amherst. It is on the whole, one of our brightest Eastern cities. The car works there, form one of the most

important industries of the Maritimes, yet, for some reason or other, it is every now and then, down among the back numbers. There ought to be enough work from the Eastern section of the National Railways, to keep things busier in the Amherst Car Works, than they generally are. Business is stirring up them, again, and we hear that about 200 men are employed, principally in repair work. Further orders are expected, and we trust the Government will see to it, that the thoroughly equipped premises, of that Amherst Car Works, will be kept going to the busy hum and employment of industry; Amherst and her workers, deserve it.

In Moncton too, there is the stress of hard times and consequent unrest. Many are out of work, and it has been found necessary to form relief societies. Families have been found almost destitute, where food and fuel were absolutely necessary to tide them over for a while. No doubt this same story could be told of other places, all too numerous to mention.

From whatever cause "the poor, we have always with us." It nas however, come to be recognized that "Moncton is a hard place, for a poor man with a family." There is a general growl, not from the poor alone; against the unreasonably high rents asked by some landlords, and truth to tell, some of the houses would be well paid for; at half the rent now asked. Of course the landlords dont think so, they are out for their pound of flesh, even if it takes more than half a mans wages to pay it, or there abouts, as actually occurs sometimes. Again "no doubt this same story could be told of other places," but the fact remains, that high rents aggravate the unemployment position, and add much to labor unrest.

The wide world over there is labor unrest. Reasonable people of sound mind, face it bravely, and reason, with sacrifice, will win in the end. It is really no doubt, the aftermath of the late Great War. Germany sowed the wind, and she is reaping the whirlwind, and its rush and whirl, has struck the other nations in the struggle. Yet after it all, Germanys labor and capital have joined hand in hand again in the march for industrial supremacy. They are hitting hard against the industries of other nations already, and the intense love, which Germany have for the fatherland, leads her workers to toil in a spirit of sacrifice for the good of their country, and its commercial advancement, more than the idea of strikes and high wages. The more the workers of other countries, go out on strike, the better for Germany, and the better will German labor flourish.

**SUMMERSIDE DEFEATED**  
SACKVILLE 7-4  
Charlottetown, P. E. I., Feb. 22—The Summerside Crystal hockey team defeated Sackville, N. B., in the match played at Summerside last night by 7 to 4.

"Bluebeard" Landru goes to the gallotine. Too many women will make any man lose his head.

## BATHURST DEFEATED OXFORD FOR THE McLELLAN CUP

Bathurst defeated the Oxford curlers last night in the McLellan cup match at Bathurst by 13 points, the score by skips being as follows:

|                   |                    |
|-------------------|--------------------|
| Bathurst          | Oxford             |

| McKay . . . . 21  | Bissett . . . . 15 |
| Totals . . . . 40 | . . . . 27         |

GOOD! Because Its Fine Qualities Are Protected by the Sealed Package

## THE EMPRESS OF SCOTLAND

The Canadian Pacific Steamships line's "Empress of Scotland" has been chartered by Frank S. Clark, New York, for a cruise of 95 days to the Mediterranean, calling at the various European ports. She left New York on February 4th, with 67-berth bookings.

This spring the "Empress of Scotland" will carry on a regular service between Quebec, Cherbourg, Southampton and Hamburg. She is scheduled to leave Quebec on her first outward journey from Canada early in May.

The "Empress of Scotland" is the largest vessel in the Atlantic fleet of the Canadian Pacific, and one of the finest luxurious vessels in the service. This steamship has recently undergone a very comprehensive overhaul and has been adapted for burning oil fuel instead of coal. Her Second Class passenger accommodation has been increased and improved. Her Third Class accommodation has also been greatly improved, a new Third Class Dining Saloon having been arranged at the forward end of the ship, together with a Lounge and Smoke Room, and an additional Third Class Dining Saloon arranged aft. The boating capacity has been brought up to the most modern standard, new davits having been fitted throughout, and new boats of the latest collapsible type fitted under each existing lifeboat, these lifeboats also having been completely overhauled and made ready for service. The principal dimensions of the "Empress of Scotland" are as follows:

|                         |                  |
|-------------------------|------------------|
| Length B. P. . . . .    | 677 ft. 6 in.    |
| Breadth . . . . .       | 77 ft. 0 in.     |
| Depth . . . . .         | 54 ft. 0 in.     |
|                         | (to shade deck). |
| Gross Tonnage . . . . . | 24,600 tons      |

The vessel is of the Shade Deck type, with Bridge Deck over, extending fully half length, and with a long Forecastle Deck. Above the Bridge Deck there are Lower and Upper Promenade Decks extending the full length of the ship, and above the Upper Promenade Deck there is a Boat Deck. There are two complete Tween Decks, and a Lower and Orlop Tween Decks at the forward and after ends of the ship, elliptical stern, two funnels and four masts, and presents a most imposing appearance.

The "Empress of Scotland" is classed as Lloyd's, has a Board of Trade certificate as a Passenger Ship, and is well sub-divided by watertight bulkheads. There is a cellular double bottom extending fore and aft for almost the complete length of the ship, this bottom being carried well up the sides in way of the Engine and Boiler Rooms. Oil fuel is carried in the bunkers, and there are large cargo compartments both forward and aft of the Engine and Boiler Rooms. Ample Fresh Water is provided for in tanks at the sides of shaft tunnels and in the double bottom.

The vessel carries about 10,000 tons of dead weight, and has a sea speed of 17 to 18 knots. Spacious and very well-fitted accommodation is provided for about 485 First Class, 450 Second Class and 960 Third Class passengers, together with a Crew of about 510.

The First Class accommodation is arranged on "B," "C," "D," "E" and "F" Decks in large State-rooms for one, two and three persons each, all these State-rooms being fitted with bedsteads, no upper berths being fitted in any of the First Class-rooms. In addition there are twenty-five large suites of rooms with private bath and toilet. All this accommodation is exceedingly well fitted up and equipped.

There is a large Dining Saloon situated on "F" Deck, capable of accommodating over 430 people at one sitting, the tables being arranged for small parties of from six to two people. This room is decorated in the "Empire" style in white and gold, the furniture being of mahogany upholstered in red morocco. The centre of the Dining Saloon has a large open well extending over two decks in height, and there are fine paintings at both forward and after ends of the room. The First Class Lounge is on "C" Deck and is treated in the Louis XVI. style, having a fine lay-light over the centre of the room. A large marble mantelpiece with handsome mirror over it is fitted at the after end of the Lounge, and has an electric fire of the latest type with great heating properties. A group of finely painted furniture is arranged round the fireplace, and the general type of furniture in this room is satinwood, with many large settees and easy chairs.

The Dining Saloons are capable of seating a total of over 380 persons at one sitting. The after Lounge and Smoke Rooms are situated on "D" Deck, and are in oak, and similar-rooms are arranged forward on

"B" Deck. Ample Promenade space is arranged for. All the public Lavatories and Bathrooms are fitted up with the most modern improvements in sanitary fittings. In addition to the foregoing the vessel is equipped with Barbers' Shops, Book-stalls, Dispensaries, Hospitals, Information Bureau, etc., and an electric elevator for First Class from "F" Deck to Boat Deck. A manicurist and stenographer are carried. The Kitchens and Pantries for First and Second Class are situated amidships on "F" Deck, between the Dining Saloons, thus ensuring a quick and efficient service. All the latest improvements have been supplied, and these spaces are equipped in the most up-to-date fashion. Separate kitchens, pantries, etc., are fitted up both forward and aft for supplying the Third Class Dining Saloons. The vessel is ventilated and heated in a very elaborate manner, the air in the Public Rooms and Cabins being changed automatically every few minutes without creating any draughts. The cargo handling equipment is operated by powerful steam winches, and is quite up to the most modern requirements. The watertight doors are operated by hydraulic power controlled either individually or collectively from the Navigating Bridge.

A telephone system is installed, between the various principal Officers' Rooms and Offices, etc. There is a complete system of Wireless Telegraphy, including a long range installation and apparatus for signalling wireless bearings. Submarine signalling and electric clocks are fitted, also the most modern type of Gyro Compass, these various scientific devices give increased safety in navigation. The vessel is fitted with large bilge keels to minimize rolling. Large provision storerooms, both insulated and ordinary are arranged fore and aft. The ship is propelled by two sets of quadruple expansion engines driving twin screws direct. The two sets of engines, together, will indicate 17,500 h.p., and at about 80 revolutions per minute will give a speed of 17 to 18 knots at sea.

The boiler installation comprises eight double-ended boilers with six furnaces each, and one single-ended boiler, with three furnaces, the working pressure being 220 lbs. per square inch.

This vessel was originally fitted with coal bunkers and burned coal on her service across the Atlantic. In order that her speed may be fully maintained, and taking into account the great advantages which are associated with the use of oil fuel in passenger ships, she has, during her present re-conditioning, been fitted with oil fuel bunkers for carrying oil fuel, and a complete installation for burning oil fuel in the boilers. This will make it quite certain that this vessel will be able to maintain her speed and time scheduled with more certainty than if she remained as a coal-burning ship. At the same time sufficient of the coal bunkers have been left intact, and the furnace fittings for burning coal stored in the ship, so that at short notice, if the oil-fuel supply fail, it is possible to reconvert the vessel to a coal-burning ship, and so prevent the laying-up of the vessel should oil fuel not be available.

The installation of auxiliary machinery is very complete, the steam-heating, lighting, and refrigerating plants are of the most up-to-date kind, and ensure that the comforts of passengers in respect to these matters are amply provided for.

Railway News in Brief

Winnipeg, Ont.—E. C. Rice, C.P.R. district agent, has relinquished his duties here, after 11 years' service.

Kentville, N.S.—The Dominion Atlantic Railway has moved 40,000 barrels to Halifax for export.

St. John, N.B.—During the present season the Canadian Pacific has hauled 2,044 cars of grain containing 4,255,903 bushels which have been unloaded to the elevators at West St. John, as compared with 2,068 cars with 3,735,545 bushels during the corresponding season last year.

The new Canadian Pacific Steamship "Montcalm," which sails between St. John and Liverpool, is equipped with motion pictures. The showing of motion pictures on board ship has proven a big success ever since its inauguration last summer.

Victoria, B.C.—There are no better known golf courses in the Dominion than those at Victoria on Vancouver Island, no doubt due to the fact that the game is played every day in the year.

Winnipeg, Man.—Miss Hazel Tompkins, candidate of the Canadian Pacific Railway employees, is queen of the Winnipeg winter carnival.

Edmonton, Alta.—Demonstrations on raising of bacon type hogs, the value of dairy cows on the farm and the value of sheep are being given from the train that has been outfitted by the Alberta Government.

CARIBOU TRACKS SEEN IN DOUGLAS

It is beginning to look as if the caribou were returning to this province. They pulled up stakes and quit about the year 1915, and most of the guides and trappers had made up their minds that they had gone for ever.

A report to this effect has been made to Chief Game Warden Gagnon and he has been asked to see to it that precautions are taken to prevent them from being attacked by poachers. Those who saw the trail in the snow say that there is not the slightest doubt but that it was the works of the woodland caribou.

The caribou is conceded by sportsmen to be the best of all big game animals and it is to be sincerely hoped that they are making their way back to this province. Scarcity of feed is supposed to have been the cause of their departure and the supposition is that they quit New Brunswick and moved over to the Gaspe Peninsula.

ARBUBKLE TRIALS PRETTY EXPENSIVE

SAN FRANCISCO, Feb. 22—The two trials of Roscoe Arbuckle, on a charge of manslaughter arising from the death of Virginia Rappe, film actress, have cost the city of San Francisco nearly \$13,000, it was disclosed today with the filing of expense sheets.

Labor Minister Defied By Dominion Power Co.

Hamilton, Feb. 21—The Dominion Power and Transmission Company is defying the ruling of Hon. James Murdoch, Minister of Labor, that it must not enforce a wage reduction upon its employees until a Board of Conciliation has investigated and reported. The company has notified him that the reduction went into effect on February 16, and will not be suspended, claiming that the agreement with the unions expired before the Conciliation Board was appointed and therefore, the act does not apply. It also cites the Supreme Court's decision in a similar case concerning the Nova Scotia Coal and Iron Company.

THE LATHER OF ADVERTISING

"I hastened into a barber's shop the other day and asked if I could be shaved in five minutes. 'Yep!' was the reply. The barber quickly applied the soap. He began lathering and lathering and kept on lathering until I felt sure I would miss my train. Still he kept on plying his soap brush I was saying to myself, 'Why doesn't he quit this process and get busy with his razor?' That would have been my way of shaving myself in a hurry. When he did finally take up his razor, the job was over in a jiffy and I caught my train."

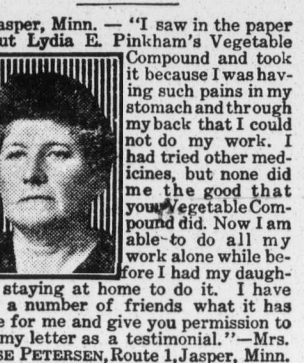

The incident, for some reason or other, begged this thought in my mind. Lathering is to shaving very much the same thing as advertising is to selling. If you do enough preliminary work and do it properly, so that the groundwork has been thoroughly prepared, then the resistance is very greatly reduced, and it is possible either to shave with less trouble or to sell goods with less trouble.

Great Lawyer Left Badly Drawn Will

London, Feb. 13—Earl Halsbury, three times Lord Chancellor and considered one of the chief lawyers of his generation, drew his own will irregularly, and affidavits had to be secured from witnesses as to its execution and condition before it could be admitted to probate.

DAUGHTER HAD TO HELP MOTHER

Now Can Do All Her Housework Alone Because Lydia E. Pinkham's Vegetable Compound Helped Her

Jasper, Minn.—"I saw in the paper about Lydia E. Pinkham's Vegetable Compound and took it because I was having such pains in my stomach and through my back that I could not do my work. I had tried other medicines, but none did me the good that your vegetable compound did. Now I am able to do all my work alone while before I had my daughter staying at home to do it. I have told a number of friends what it has done for me and give you permission to use my letter as a testimonial."—Mrs. JESSE PETERSEN, Route 1, Jasper, Minn.

## Local and General News.

Have your costumes for the next big Carnival in the Newcastle Rink Tuesday March 7th.

### DOLLAR DAY

Thursday, March 9th, has been decided on by the local merchants as Dollar Day. Further particulars and advertisements will appear later.

The Day:—Tuesday  
The date:—March 7th,  
The Place:—Newcastle Rink,  
The Event:—Monster Carnival,  
The Prizes:—Big Cash Ones  
Don't Miss It!

### MONSTER CARNIVAL

A Monster Carnival will be held in the Newcastle Rink Tuesday March 7th. Watch for full announcement. Special Prizes—Special Features—Special Music and a big time guaranteed.

### AFTER OLD TIMBER

The Secretary of the St. John Board of Trade has received a request for information in regard to possible crown land timber limits for sale in the province. The matter is to be taken up with the Crown Land Department.

### CARD OF THANKS

With much appreciation, the Miramichi Hospital Aid, acknowledges the receipt of the following articles, for the Baby room, from the Chatham Auxiliary.

19 Dresses; 12 Gertrudes, 37 Napkins; 3 gross No. 1 Safety Pins; 3 gross No. 2 Safety Pins; 3 dozen tins Talcum Powder; 1 dozen boxes Soap; 8 bows.

### THE BEST FORM

One of the questions asked at the recent Textiles Fair in Toronto was: "What do you consider the best form of advertising" and the emphatic answer was "newspapers." This has been demonstrated time and again, newspapers being now almost as necessary as food and water. Remember also that to be sure of success in this form of advertising, keep eternally at it.

### MONCTON CHAMPIONSHIP

Charles Gorman won the provincial skating championship, and the Eaton Cup for this year, in the championship meet held at Sunny Brae, Thursday. Frank Garnett, holder of the Eaton Cup last year, was a close second in points. Garnett started in the mile and three miles races. Wm Gayton was the leader in the 16 and 18 year old classes; William Logan scored in the 14 year old class, while Smythe and Comeau, Moncton, were the big point winners in the 12 and 9 year old classes, respectively.

### THE REAL REASONS

Chief Hawthorne frequently gives court statistics to substantiate his claim that there is less drunkenness now than in former times, which he says is positive proof that his official staff is doing its duty etc. He does not however, give any credit to the present high prohibitive price of liquors or the scarcity of money at the present time. It is the opinion of many that these two factors are responsible for the small amount of drunkenness, as otherwise, if liquor was cheap and money was in abundance, there would be little difficulty in securing the beverage.

**FRESH!**  
Blue Bird Tea is by far the fastest selling tea. So it is the freshest in the shop, the freshest in the cup.

Fredericton Gleaner, Saturday. Preparations were being made today by President Sterling for taking a telegraphic vote of the executive of the N. B. and P. E. I. A. H. A on the protest of the Sussex club of the Charlottetown Abegweits' victory over the Sussex team on Wednesday last.

## LAWLOR MEDAL TO NEWCASTLE

The second annual curling match between Newcastle and Chatham, that for the possession of the Lawlor Medal, was played on Wednesday the Newcastle Club, winning by twenty one points.

The skips of the competing rinks with their scores were:

|                       |                      |
|-----------------------|----------------------|
| Newcastle — Afternoon |                      |
| Edw. Dalton           | 13 H. Snowball 9     |
| J. E. T. Lindon       | 11 W. Strang 12      |
| Chatham — Afternoon   |                      |
| W. Crocker            | 23 I. Tweedie 3      |
| J. Sargeant           | 13 H. McKendry 13    |
| Newcastle — Night     |                      |
| P. Brown              | 22 E. W. Jarvis 7    |
| R. McKnight           | 11 R. A. Snowball 11 |
| Chatham — Night       |                      |
| J. Russell            | 7 S. McDonald 16     |
| W. Nicholson          | 11 C. Stapleton 14   |

111 90

On Wednesday these two clubs will again meet in Chatham in a four rink competition for the possession of the Jardine Cup this Cup having just been donated.

Creaghans are preparing for dollar day. It marks the opening date of our big spring business. We have a wonderful lot of New Goods to offer at exceptionally low prices. Your dollar will have a wonderful purchasing power here on March 9th. Prices in many cases are so low they look ridiculous. All over, our big store bargains such as you never saw before will be offered. And it isn't on old goods that you will reap your savings—it's on new spring merchandise marked specially for the big \$ Day Event. We have always tried to make this day a hummer. Our values this year will make it bigger than ever. Plan to shop Thursday at Creaghans.

## Sussex Has Good Ground For The Protest

President Granger of the Canadian Amateur Hockey Association, has replied to an enquiry from President Sterling of the N. B. and P. E. I. Hockey Association, in regard to the Sussex protest of Wednesday's game that all penalties uncompleted at the end of sixty minutes play must be served in the overtime.

President Sterling will probably call for a mail vote on the Sussex protest or else by wire of the executive.

President Granger's reply this afternoon shows the protest is well founded.

## EXPERIENCES OF LORD BEAVERBROOK

LONDON, Feb. 24—Lord Beaverbrook, in an after dinner speech last night, recalling his experiences as a newspaper proprietor, remarked that the first farthing he ever made was in selling papers in Newcastle, N. B. Later in his life he took shares in the same newspaper, which had since died eventually he had to pay £5,000 to get somebody else to take the shares off his hands.

When he was asked to interest himself in the London Daily Express, Lord Beaverbrook said, he found that there was a loss of £40,000 on the paper in 1915. This loss, he added had now been turned into a profit, although in 1920 he had put £140,000 into the Daily Express.

The New Brunswick paper referred to above was the St. John Sun.

### MEETING OF MILLERTON WOMEN'S INSTITUTE

Millerton, Feb. 25—On Thursday evening, Feb. 16th Millerton W. I. met at the home of Mrs. Wm. Kirk. Kirkwood, 9 members and 2 visitors present.

Roll call was answered with the name and birthplace of a noted musician. The subject of the evening was "Music in the Home." Many good articles were read. Miss Jessie Lyon read a paper on the benefit derived from community music. An impromptu musical program was carried out.

Mr. Kirk Masterson entertained with several Scotch songs. While luncheon was being served Mr. Wm Kirk and Miss Grace Kirk rendered violin and organ music.

Next meeting will be held at Mrs. W. McN. Matthews.
