Bureau Veritas.

Congratulations to Mr. W. E. Ladley, Superintendent of Motive Power, Reid Newfoundland Company, who has recently received the appointment of Newfoundland Surveyor to the Pureau Veritas, Paris, / Bureau Veritas is styled The French Lloyds, and is an institution for the classification of vessels on principles similar to Lloyds. It was founded at Antwerp in 1828 and in 1830 removed to Paris from whence in 1870 its head office was taken to Brussels. During the war Paris was again the location of the central establishment. Bureau Veritas has sub offices in every principal seaport and we think that several Newfoundland vessels have been entered upon its register. The position of surveyor to the institution is very important and responsible office, and Mr. Ladley is the right man in the right place.

Be Master of Your Health

A LMOST every man realizes in a general way that "success is to the

strong. But he does not always apply this rule in his own case and keep his own system

in condition. These days the worry and strain on the nerves is tremendous. Almost daily we are shocked by learning of the death of

some prominent man. The unusual strain has proved more than he could bear.

Many who have worked just as hard are standing the strain because of the attention they have given to keeping their vitality at high watermark.

Some are able to do this by outdoor exercise and a carefully regulated diet, while others find they cannot get back into condition without the help of Dr. Chase's Nerve Food. This is the most natural and most

rational treatment imaginable, for it supplies in condensed and easily assimilated form the vital substances which go to form new, rich blood, and thereby feed the nerves back to health and vigor. As an illustration of what Dr. Chase's

Nerve Food is doing for business men

Mr. William H. Kennedy, Gloucester Street, Cornwall, Ont., writes: For the last two years I have been suffering from run-down condition of the system, gradually getting worse all the time. summer, during the hot weather, doing extra work brought on the climax. I was taken with nervous prostration, feeling dizzy, sick at my stomach, the nerves in my arms and legs twitching so that I could not keep still, while at the pit of my stomach the nerves would beat quite perceptibly. I have given many remedies a thorough trial, patronized several doc-tors, and spent hundreds of dollars without getting any relief. I was even in the hospital for a short time, living on eggnogs. I was told that there was no hope. I could not eat nor sleep, with no ambition to get around very much. I was so bad that I could not even ride on a train. Vhile at the store a traveller advised me to try Dr. Chase's Nerve Food and give them a good trial. After the second box I saw that I was getting better, so I continued taking them according to direc-tions, until now, when I am on my sixth box, I am feeling fine, able to do my work, can eat well and sleep well at night. I feel that I cannot recommend Dr. Chase's Nerve Food too highly."

DR. CHASE'S MEDICINES are sold by all Druggists and Dealers in St. John's and in the Outports. Wholesale quotations from GERALD S. DOYLE, Sole Agent, Water Street, St. John's.

Police Court.

Noah Gillingham, 16 year old fishbefore the court this morning chargare working on the Great Housing ed with vagrancy. His story was Scheme for this city, we are asked to that he had been brought here two months ago by a schooner, the captain of which refused to take him back. He received employment at Ruby's farm, near the Goulds, from which place he was eventually turned away. He then went to Petty Harbor, and while there he did odd jobs around, until vesterday some one out there sent for the police, with the result that he was arrested. He has no friends or relatives at home. He had two brothers in the Regiment, one of whom died, the other winning the military medal. He was sent to the Penitentiary for 30 days. This young fice orders, and this command has not lad is half-witted and it is a crying ing under age or through any other giment should be in such a condition cause, are being discharged for good, as he now is. have seen was "Harry Tate's 'Bus." I was told that the name had been painted by a wag who often chipped the pitons of naval and military stores and was told that the name had been paintlot about his fierce moustache. Many strange combinations of colours are found in both allied and enemy squadrons. Black and white stripes, which make the round nose of an aeroplane look something like the old-fashioned bullsteye sweet-meat, are not uncommon in German squadrons. The all-red is well known. The all-black is a rare bird, with a pilot who must be particularly contempt-

uous of Archies, for his craft makes gerents up to the end of this year is a good target against blue sky or cowl of the flying-machine. Presently that awful visage will dive upon and terrify a Hun, who may recognize

that behind it is a pilot with a sure gun and a steady hand. It has been stated by scientists that colours have an effect upon the behaviour of aircraft. This may be fact, as I have noticed when flying a dark-colored machine that it is more susceptible to air bumps and disturbances than a light-colored one.

Parcel Post for Nfld. Expeditionary Forces!

The attention of the public is drawn to the very urgent necessity of strictly observing the regulations published by this Department from time to time conspatch of parcels to members of the Regiment overseas and the following particulars should be strictly observed:

(1) Parcels must not exceed eleven pounds.

(2) Parcels should be addressed with the Regimental number, rank, name and surname of addressee, followed by the last known address of the Unit with which the individual

was serving; for example: No. 0978 Cpl. John J. Kent,

2nd Battalion

The Royal Newfoundland Regt. Hazeley Down Camp,

> Winchester, Hant's Camp,

England. (3) Parcels should bear the name and address of a second addressee to whom the parcel may be delivered or forwarded, if it should prove impossible to deliver to the first. The Original address should be written on the FRONT of the parcel where the postage stamps and customs declaration are affixed, and the second or alternative address should be written

on the BACK of the parcel. (4) If second address is not furnished at the time of posting and delivery cannot be effected, the contents of the parcel, unless of exceptional value or of a personal nature, will be turned over to the Military Authorities for

(5) Parcels containing articles of personal nature or of special value will be returned if request for their return, in case of non-delivery, is made by the sender, such request to be written on the cover of the parcel at the time of posting.

(6) The procedure outlined in (4) and (5) is adopted at the suggestion of the British Post Office, to prevent the waste of a large quantity of perishable food stuffs which form the contents of 90 per cent. of parcels sent to

(7) Parcels should be packed securely.

(8) Attention is drawn to the Notice concerning Christmas parcels recently published by the Postmaster General. All Christmas mail for B. E. F. should be posted in time to arrive at the Pay and Record Office, London, not later than the end of November
