Town and County News.

SHOW ROOM OPENED.—R. Clayton has
just opened his show room on upper
Wyndham street. See his advertisement
in another column.

THE UNION B. C. C. hold their first
meeting of the season at the Queen's,
this evening, at 7.30. Members, and
those wishing to become such, will please
attend.

"EMPTY BARRELS."—On Saturday even-
ing last, a lot of empty barrels, intended
for packing meat, which were placed on
the steps leading down to the tatter
market, fell to the ground with a crash,
giving a practical illustration of the old
proverb about "Empty Barrels."

AN UNSAFE BRIDGE.—We beg to direct
particular attention to the Foundry
Bridge, one end of which is in a very un-
safe state, as more than half of one but-
terfly has been completely washed away,
leaving the bridge in a very shaky con-
dition.

LECTURE.—Rev. L. Warren, formerly
pastor of the Wesleyan Church, Guelph,
will deliver a lecture in advocacy of a
Prohibitory Liquor Law, in the body of
the Wesleyan Church, this evening, at 8
o'clock. No doubt the lecture will be
highly interesting. Admission free.

ORDINATION.—The ordination services
attended the settlement of Mr. J. C.
Mulkish, as pastor of the Baptist chapel,
in Mount Forest, were held on Wednes-
day and Thursday last, and continued
on Sunday. The meetings so far have
been of a highly interesting character,
and have been well attended. Rev. W.
Stewart conducted the services on Sun-
day morning.

Mr. John Anderson has sent us Good
Words and the Sunday Magazine for
April. Both are full of excellent reading,
but the Sunday Magazine is specially in-
teresting this month, as it gives a por-
trait of its late editor, Dr. Guthrie, be-
sides ably written sketches of his life
and works, by Dr. Hanna and the new
editor of the magazine, Dr. Blaikie.
Copies of both periodicals for sale at
Anderson's.

NARROW ESCAPE.—On Saturday morn-
ing last a brakeman on the G. W. R.
named Samuel Kirtlington, had a narrow
escape from being killed. While coupling
one of the Blue Line box cars to an
A. V. coal flat car, he did not observe the
difference in the length of the buffers
until too late to save himself entirely,
and was caught before he could get clear.
He put up his left arm to save his breast,
and received such serious injuries on the
arm and breast that he will be confined
to the house for some time.

CONFECTORY AND FANCY STORE.—As
will be seen by advertisement in another
column, the Misses Andrew's have opened
a confectionery and fancy store, in the
one formerly occupied by Taylor and
Martin, in the Market Square. They
will also execute all kinds of hair jew-
ellery. They have already done a good
deal in that line, and have made some
beautiful specimens of hair work. Hot
coffee, ice cream, and temperance drinks
can be had at their place. We trust
these delightful rooms will secure
a large share of public patronage.

"It's an old Wind" &c.—This well-
known proverb was practically illustrated
on Sunday last, over the destruction of
Goldie's dam. Going to the immense
rush of water consequent thereon, quite
a lot of wood was swept away, and
carried down the stream to the great
benefit of sundry residents along the river,
who managed to land in the greater por-
tion of it, as it floated in to the shore.
Possibly the truth of the proverb floated
through the minds of some of them
while so engaged. In the afternoon a lot
of cordwood, which was piled too near
the water's edge, was carried away, and
met with a hearty welcome from these
same residents, who were keeping a close
look out for its arrival.

Local and Other Items.

It has been decided that Macdonnell,
the suspected Bank of England forger, is
legally held by the United States.

President Grant is reported to have
had a severe attack of illness on Friday
night, but was better in the morning.

DEATH OF A HISTORIAN.—The death of
M. Amedee Thierry, the celebrated his-
torian, is announced from Paris.

The United States Government propose
to bridge the channel between Lakes
Huron and Erie for the passage of rail-
way trains.

Owing to the growing scarcity of wood
the Great Western have obtained some
engines and ordered others adapted to
burn coal.

In the Newton-Stewart murder case,
application has been made, we believe,
on the part of the prisoner, to postpone the
new trial until the summer assizes,
which has been granted.

The Prince of Wales' Hotel, at the
Village of Primrose, has changed hands,
Mr. W. Hand having purchased it from
Mr. E. Henderson. The price paid for
the property was \$5,500.

Edwell, who was under arrest in
Blackana, on charge of being concerned
in the Bank of England forgery case,
made his escape on Thursday, it is sup-
posed by the aid of friends outside the
prison.

SHORT OF COAL.—A Philadelphia des-
patch states that the SS. "Caspian,"
which recently arrived there from Liver-
pool, ran out of coal on the voyage, and
burned up over thirty thousand dollars'
worth of cargo to enable her to reach
port.

THE H. & L. E. RAILWAY.—The Presi-
dent of the Hamilton and Lake Erie
Railway, with the Superintendent and
other officers, inspected the road to
Caledonia, and report that the road has,
on the whole, stood the spring freshets
very well. The road, as far as completed,
will be soon opened for traffic.

DISTINGUISHED ARRIVALS.—The Men-
nonite deputation from Russia, consisting
of three persons, have arrived in Toronto
and are stopping at the Queen's Hotel.
They propose proceeding to Manitoba to
make an examination of the country
with a view to the emigration of a colony
from their native land. Another notable
personage of the same hotel, is Mr. Wm.
M. Tweed of New York.

AMARANTH VILLAGE COUNCIL.—Amar-
anth Council met on the 5th inst., pur-
suant to adjournment; the Reeve in the
chair. Members all present. Minutes
of last meeting read and approved.
Moved by G. Bennett, seconded by J.
Braidan, that Court of Revision be pos-
poned to the 16th inst., and that all
complainants govern themselves accord-
ingly. Carried. On motion the Auditors,
Messrs. Joseph Bank and John
Large, read their report which was ap-
proved. The Council then adjourned to
meet on Wednesday, the 19th day of
April, at the Town Hall, Laurel, at ten
o'clock a.m.

CHAMONVILLE COUNCIL.—The usual
meeting of the Council was held on last
Monday evening. Present—the Reeve,
and Messrs. McKittrick and Pattullo.
The Auditors' Report for 1872 was re-
ceived and ordered to be published. A
number of accounts were passed. Mr.
McKittrick's By-Law for the regulation
of billiard tables was read and passed.
Several parties applied for relief from
taxes that were entered against lots,
which they assert were paid. They were
referred to a committee. Mr. McKittrick
introduced the motion of which he had
given notice, respecting the planting of
shade trees. The resolution was passed.

ST. GEORGE'S CHURCH.—To prevent
unnecessary crowding, and accommodate
all those who may wish to attend the
opening services in connection with the
above church, on Sunday next, the doors
will not be opened until 10.30, a.m., at
which time the first bell will be rung.
Every attention will be paid to the ac-
commodation and convenience of those
visitors who, not being members of the
congregation, may yet wish to be present
on the occasion. The Bishop will preach
at morning service, the Provost of Trinity
College, in the evening. During the
week following, there will be services
every evening, except Saturday, with a
different preacher at each service. On
Tuesday morning there will be a special
morning service, at which the History of
Huron will be presented. The collections
taken up on Sunday next, will be devoted
to the building fund.

THIS MORNING'S DESPATCHES

Great Fire in Detroit.

**"The Tribune" Building De-
stroyed.**
Mysterious Tragedy.
**War Ship to be Stationed at
Ostend.**

DETROIT, April 13th.—About six o'clock
this morning, a fire broke out in front of
the boiler in basement of the "Tribune"
building, in rear of Bolding, in which is
located, engine, presses and editorial
rooms, which was destroyed in a very
short time. The "Tribune's" losses \$5-
25,000 dollars, loss on the Job Rooms,
16,000 dollars. The building was also
occupied by the Michigan Farmer,
which loses 11,000 dollars. Colver
Lithographing Co's loss on stock 40,000
dollars. Commercial "Advertiser" loses
7,000 dollars. The "Tribune" will soon
resume business in old quarters, in the
meanwhile the paper will make use of
their type and presses, appearing as
usual to-morrow.

CHARLESTON, April 14th.—A mysterious
tragedy occurred on Saturday night, at
Cape Roman light house. Mrs. Johnson,
wife of the keeper, was found dead with
her throat cut from ear to ear, and a
razor found lying by her side. A large
sum of money which deceased had lately
drawn from the Bank is missing. Not
known whether she was murdered or
committed suicide.

BRUSSELS, April 12.—The Government
has stationed a man-of-war at Ostend to
prevent English fishing vessels encroach-
ing beyond prescribed limits.

The Spring Floods.

GREAT DAMAGE—DAMS CARRIED AWAY.
Owing to the late sudden rains, and
the consequent sudden break up of the
ice, much damage, during the last couple
of days has been caused by the floods on
the river Speed. On Saturday afternoon,
about one o'clock, Presant's dam was
completely swept away, not a vestige of
it remaining. This was followed, at
about four o'clock, by the destruction of
the wooden bridge, close by the dam, of
which only one end remains. On Friday
evening a portion of Gow's dam was
swept away, the rest remaining intact.
On Saturday evening the apron of Goldie's
dam was carried away, and great fears
were entertained for its safety, which
were, unfortunately, only too well found-
ed, for on Sunday morning, about ten
o'clock, it was found that the dam must
inevitably give way before the immense
quantity of water and ice which was
coming down. The mischief was com-
menced by a huge block of ice which
carried away a piece of the dam on the
stream; after which it was a mere mat-
ter of time. An attempt was made to
lower the water, which proved unsuccess-
ful, as the sluice gates could not be got
up, owing to the machinery being stiff.
The rush of water, night on the breach
already made, quickly undermined the
dam, and about eleven o'clock in the
forenoon about half of it gave way, car-
rying everything before it, including a
small bridge which crossed the river be-
tween the mill and the coopersage. The
excitement consequent on the destruction
of this dam was intense, and quite a
number of people visited the scene in the
afternoon. The dam was a very strong
one, and well built, and had the apron
not gone, might have stood in safety.
As it is, the only part remaining is
practically useless, and is being rapidly
undermined by the rushing waters. The
loss to Mr. Goldie must be immense, as
he can take no steps to rebuild the dam
until such time as the water lowers con-
siderably, and in the meanwhile the
mill must remain idle, as he has no
steam power to fall back upon at present.
He has, we understand, a large and
powerful engine ordered, which will
shortly be erected, but until this is put
in, or other measures taken, the mill
must remain idle. It is needless to say,
that under these circumstances, Mr.
Goldie has the hearty sympathy of the
entire community. The river has fallen
considerably, and, although the flats are
still flooded, there is now no apprehen-
sion of further danger, unless, indeed, in
the event of sudden and heavy rains
such as we have already had.

Serious Illness of the Pope.

His Death is Apprehended.
London, April 12.—A despatch from
Rome says:—On Thursday the condition
of the Pope was the cause of much
anxiety. The usual Easter services in
Catholic Churches in England will be
curtailed in consequence of his sickness.

Rome, April 12.—The Pope is better,
The *Vere Verita* newspaper this after-
noon announces he has continued to im-
prove during the day. He received the
Cardinals and wrote several letters. The
Fanfulla says the Pope suffers from an
unpleasant pain in his left side and from
nausea.

New York, April 13.—The *World's*
special, dated Rome, April 13, says:—
The Pope, after suffering daily hours of
great pain, is now in a lethargic state.
His physicians have forbidden the issue
of bulletins and clerical papers have been
ordered to abstain from making reports.
It is feared his recovery is impossible. It
is believed his death will be kept secret
until the Conclave has elected a suc-
cessor to avoid the interference of Germany
and Italy. All the Cardinals except two
are now at the Vatican. Four hundred
Papal troops are inside, and orders have
been given to allow no one to enter.

London, April 12th.—Despatches from
Rome say that on Thursday the condi-
tion of the Pope was the cause of much
anxiety. The usual Easter services in
the Catholic Church in England will be
curtailed in consequence of his sickness.

Curious Discovery of Stolen Notes.

Steamship "Polynesian" Arrived.
Montreal, April 11.—Last night de-
fective Cullen, while searching for stolen
goods in a low quarter of the city, came
upon a valise containing several thousand
dollars worth of promissory notes, checks
&c., signed and endorsed. A prominent
Montreal merchant has claimed them,
and states they were stolen from him in
a G. T. R. sleeping car in February last.
Thompson, now sentenced for other
robberies, is accused of this and will come
down for trial again.

Montreal, April 14.—The *Polynesian*
arrived at Portland this morning. The
mails left at six a.m.

The Freshet at Brussels.

(Special to The Evening Mercury).
Brussels, April 14.—The freshet here
has done considerable damage, sweeping
up its bridges, mills dams, &c. Mr.
Vanstone, mill owner here, has lost, it is
said, two thousand saw logs, besides
other injuries to property.

INDIAN OUTRAGES.

Notice Murders.
SAN FRANCISCO, April 12.—On the 11th
of March Gns. Swain, John McDonald,
and Geo. Taylor were murdered by a
large band of Apaches. The savages
were pursued by troops and overtaken,
and during the conflict 79 warriors were
killed and 126 women and children
taken prisoners. They followed the
trail of the Apaches, and learned that
Taylor had been captured and subjected
to most horrible tortures. Captain
Randall reports having had an engage-
ment with the Apaches, in which 67
warriors were killed, and seven women
captured.

The news of the massacre of the Mo-
doe Peace Commissioners creates much
excitement here. The policy of dallying
with the treacherous savages is strongly
denounced by all classes of people. By
many persons it is believed that the Mo-
doe are utterly desperate and will fight
till their last man falls and that they
will not leave the caves in the lava beds.
By others it is believed that they have al-
ready made their escape, and will begin
a relentless war upon all the weak parties
of whites they encounter.

SAN FRANCISCO, April 13th.—Latest
from Lava Beds, is that there has been
no important change. Mechem may re-
cover, but his finger will have to be am-
putated. Orders to move are expected at
any minute.

Police Court.

Before T. W. Saunders, Esq., P. M.
Monday, April 14.
Charles Baker was charged by Chief
Constable Kelly with putting night-soil
on a lot in the East Ward, without per-
mission of the Health Inspector. Fined
\$1 and costs.

ACCIDENT FROM A PISTOL.—On Friday
morning, about nine o'clock, some boys
were playing with a pistol on East Ave-
nue, Hamilton, when one of them, a lad
aged 15 years and named James Har-
tins, from West Avenue street, was in-
jured by the exploding, by accident, of
the firearm. It appears the boy was
handling the weapon carelessly, and when
the muzzle was pointed towards his
mouth the charge was ignited, and the
load of shot was discharged almost into
the child's face. The face was much
blacked with burnt powder and the
features which came in contact with the
spot very much swollen and disfigured.
The doctor found the injuries other than
very serious, but thinks that had there
been a full charge of powder the lad
would have suffered grave injuries and
perhaps permanent disfigurement.

News From Ottawa.

NEWS FROM OTTAWA.
(Special to The Mercury).
Ottawa, April 11, P.m.
There is no Parliamentary news to-day.
Today is being observed as a holiday,
and all the Departments are closed.
The Houses of Parliament are quite
deserted.
A large number of members are expected
here to-morrow, when business will
be resumed.
The various committees will begin to
sit again after Wednesday.
The weather is fine, but chilly; with
high wind.
The streets are now becoming more
agreeable for pedestrians.
Ottawa, April 12.—The *Times* again
announces the speedy return of Sir
George Cartier.

The Pacific R. R. Committee.

In accordance with his notice respecting Mr. Huntington's motion, Sir John A. Macdonald, on Tuesday last, moved that a committee of five be appointed to enquire into the grave charges contained in Mr. Huntington's motion; and the following members were elected to form the committee:—Messrs. Blake, Dorion, (Napierville), J. H. Cameron, Macdonald, (Picton), and Blanchet. It will be observed that the Government have a majority of one. It will also be seen that the Government members are amongst the most devoted and able of its followers. The representatives of the Opposition are members qualified specially for the duties which will devolve upon them—duties of a most disagreeable and arduous nature, for accepting the responsibility of which Messrs. Blake and Dorion deserve the thanks of the entire country.

The first step in this investigation has now been made; and further developments will be anxiously looked forward to. Every step in the proceedings will be watched with eagerness and jealousy. The issues at stake are of great importance and interest, and any attempt to hinder justice, any difficulties placed in the way of arriving at the exact truth, will only be regarded as a tacit admission of conscious guilt on the part of the accused Ministry.

Immigration Report.

The Minister of Immigration laid his report for the year 1872, before the House a few days since; and we find therefrom, that in 1872 the number of emigrants who came by the St. Lawrence and Quebec, increased from 65,722 in 1871, to 89,186 in 1872, or an increase of 23,464. A large number of these, however, merely passed through on their way to the States.

We find also, that in 1872 the expenses for immigration were nearly double the expenses in 1871. In 1871 the expenses were \$64,706, in 1872 \$126,124. With respect to the expenses connected with quarantine, which show an increase of \$2,666 during the past year, the report states that it is entirely due to the increase in the staff of agents, and the cost of printing and circulating the various publications respecting immigration. In 1872 the amount expended for assisted passages was \$55,873, against \$22,112 in 1871, showing an increase of \$33,761.

In addition to these expenses we find a combined expenditure for immigration purposes, in the four provinces of Ontario, Quebec, Nova Scotia and New Brunswick, by the Local Governments, of \$114,616. The expenditure for the same purposes by the Dominion Government was \$150,361; and the aggregate expenditure by the Dominion and Local Governments was \$264,977.

The Mail.—We learn that a meeting of the stockholders of the Toronto Mail was held at Ottawa not long since, at which a resolution strongly condemnatory of the course pursued by the journal towards the Right Hon. R. W. Scott, was unanimously passed, and a copy thereof forwarded to the managing director, who has since seen fit to modify his tone pretty considerably, when speaking of the Hon. Commissioner of Crown Lands. We are also given to understand that the course adopted by the Mail in its dealings with all matters concerning Ottawa, has given much offence, and has greatly estranged the people in that section from the party of which it is the mouthpiece.

A Remarkable Story.

The Newark, N. J., Abolitionist of the 21st ult. remarks: "Now being detained at the second prison station house in this city is a disreputable woman about thirty-seven years of age, whose general appearance, dress, lady-like manners and evident culture, stamp her as a person who has indeed seen better days. A description was made some days ago upon the saloon under Graham Hall, a place of notorious reputation, and presiding at the piano at the time was the subject of this paragraph. She was taken in custody with the other parties found in the saloon, but when brought before Judge Lambert she protested her innocence of any criminality; and declared that 'Johnny' had driven her to seek employment as a pianist in the city place which, as a stranger, and without any means at hand to prove her respectability, she could expect to obtain it."

Her culture, manner and conversation, her evident sincerity and unaffected dignity of appearance satisfied the Judge that her representations were truthful; and he took pains to separate her as much as possible from disagreeable prison associations, and subsequently drew from her a brief story of her life. She said she was the daughter of Colonel John Hutchinson Gamble, of Garnerville, near Belfast, County Down, Ireland, who formerly commanded the Fortieth Regiment British Infantry, but is now a retired officer living in wealthy ease at the place which bears his name. Several years ago she was married to William Francis Hall, then cashier of the Ulster Bank, at Belfast, the proprietor of a manor of 160 acres of Killyleigh, near Bellef. Soon after their marriage, which was one not wholly approved by her father, her husband attacked himself to a club, and soon became so addicted to gambling and drinking that accumulating debts, and the threat of dismissal from his position, caused him to abscond to this country, where she followed him soon after. He had saved from the wreck of his fortune some \$10,000, but he continued his

GUELPH, APRIL 1, 1873 dwm

dissipation and gambling in New York and squalid poverty soon drove them to apartments in a garret.

Then came a struggle for which neither was prepared, and after some weeks of deprivation and goading want, the husband caused their three children to be placed on Ward's Island, and then deserted his wife and fled to Canada, which is the last she has heard of him. Mrs. Hall, being an accomplished musician and quite proficient enough to teach it, sought for employment as a tutor. But she was friendless and without endorsement of any kind. Hence she accepted the distasteful occupation of a saloon pianist, and while in that vocation she was arrested. She claims, however, that she had been but a week in the place, and knew nothing of its reputation. Judge Lambert, believing her representations, has written to her father a detailed account of his daughter's troubles, also to Robert, Herron, of Arlington House, Killyleigh, who is her brother-in-law, and one of the wealthiest men of the County Down.

LATEST FROM HALIFAX.

HALIFAX, April 12.—The steamer Kanaroo commenced to lay the shore end of the new Atlantic cable, from the cable house at Freshwater, a point near Chatham Head, where it will be buoyed until the arrival of the Great Eastern, which is to lay the main part of the cable. The following is the latest respecting matters connected with the wreck.—Third officer Brady, who swam ashore with the line from the ship after she struck, had another swim for his life on Thursday. He was stepping on the side of the wreck in the act of stepping into a boat which was waiting for him; a heavy sea washed across the wreck and swept him away. He succeeded in swimming to a boat. The magistrates Ryan and Leonard came to Halifax to report and deliver property and mangled recovered from the persons of the dead. Mr. Ryan handed over to the Collector of Customs all in his possession with list of names. Mr. Leonard retained what he had obtained until after the investigation. The Atlantic Court of Emigration was resumed today. Several local authorities were examined in regard to the current and the precautions used on entering the harbor. The keepers of Sambre and Guebec head lights proved that the lights were burning brightly.

ANNABEL

THE TEMPTATION.

CHAPTER XIV.

MRS. LANGTON DEVISES A SUBLTLE PLOT, WHICH MEETS THE APPROBATION OF BARNARD HAYES, AND OPERATIONS ARE BEGUN TO CARRY IT OUT.

There was a singular resemblance between Mrs. Langton's maid, Ellen Matlocks, and Annabel. In height, in complexion, and even in features they were wonderfully alike, and in certain positions or at certain distances one could easily be mistaken for the other.

As her duties kept her in close and frequent attendance on Mrs. Langton, the latter might have had opportunities of noticing Ellen's gradually increasing weakness and the difficulty she had in doing her work, the languor which oppressed her and the sadness of spirit into which the knowledge of her state cast her.

The horrid idea was founded on the excessive likeness of Ellen to Annabel. Never had the closeness of resemblance struck her so much as now, when Ellen quietly entered to attend upon her.

Ellen started and gave her mistress an alarmed look. The unexpected observation and its probable meaning gave her a sudden pang, and caused the pain in her side to come with an intensity which prompted her involuntarily to press her hand on the spot.

"You do not seem much better," she began, addressing the girl, in a tone of kindness which no one could better assume. Ellen started and gave her mistress an alarmed look.

Guelph, October 25, 1872

Maryborough Reform Meeting. A meeting of the Reform electors of this township was held at Hinton on Monday, the 7th, for the purpose of considering the means to be adopted for resisting the protest against Col. Higginbotham.

Notwithstanding that the weather was very unfavorable, and the roads just breaking up, there was a very respectable number present. W. H. Lowe, Esq., President of the Executive Committee, was called to the chair. After minutes were read, and some general conversation over, the following resolutions were put to the meeting and carried unanimously.

Moved by Thomas E. Brandon, seconded by Thomas Booth, That this meeting has every confidence in Col. Higginbotham, and that he will in Parliament always act for the best interests of the country.

Moved by Elisha Turner, seconded by Jas. Ross, That this meeting condemns the action of Mr. Drew's friends in entering a protest against Col. Higginbotham's election, as we believe there are no reasonable grounds for such procedure.

Moved by William Reid, seconded by Samuel Robertson, That we pledge ourselves to give our moral and material support in assisting Col. Higginbotham to resist Mr. Drew's protest, and shall do our best to raise the amount levied upon Maryborough by the Central Committee.

Speeches were made by the movers and recorders of the several motions; they were ably supported by Messrs. Robb, Bernhardt, Lowe, Cross, Welch, Oliver, Wilson and others, all urging immediate action.

A subscription list was laid on the table, and in a few minutes half the amount required to be paid by Maryborough was subscribed by sixteen of the electors present. Subscription lists were then made out for the collectors in the several concessions.

Moved by Thomas E. Brandon, seconded by Samuel Robertson, That a local committee of three, with power to add to their number, be appointed for each concession, and that the Executive Committee form part of same in their different localities. Carried unanimously.

The committees were then struck out, and the Secretary instructed to notify them. After a vote of thanks to the Chairman, and cheers for the Queen and Col. Higginbotham, the meeting separated.

W. H. Lowe, Chairman. W. Patterson, Secretary.

It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years.
