

Weekly Colonist

FRIDAY, JUNE 8, 1888. From the Daily Colonist, June 8. LOCAL AND PROVINCIAL.

An Excellent Beverage.

Messrs. Savory & Co. have our thanks for a sample of their fine champagne. This firm were the first to demonstrate that apples grown in and around this city were capable of producing as fine a article of champagne as any imported.

Vancouver Improvements.

Vancouver News Item: Mr. Schofield, of Brockville, Ontario, arrived yesterday afternoon in charge of five carpenters and workmen, who will commence the construction of 14 stores, 14 dwelling houses, and the new opera house.

The Vancouver Assize.

Yesterday's train brought from Nanaimo Hon. Mr. Justice Cross, Mr. Chas. Wilson, Mr. S. Perry Mills, Supt. Ross, and others. The assizes will be held at the Nanaimo spring assize. Mr. Mills left for Clinton this morning on professional business.

Victory of British Columbia.

In the March number of the West American Scientist, published at San Diego, Cal., is an article on the "Violence of British Columbia," in which he describes fifteen different kinds of Mr. Lopekote's contributions to this as well as other countries are always interesting and widely read.

Adjourned Assize.

The provincial court met again yesterday morning in the council chambers, as well as other matters were continued before Mr. Wm. Fell. Evidence was taken until 10 o'clock when the court adjourned until 10 o'clock this morning at the request of Mr. Taylor, whose presence at the county court was desired.

The National Park.

John R. Hall, Secretary of the Interior Department, left for Victoria on Thursday night to consult with the superintendent of the Rocky Mountain Park and to attend to other matters connected with the setting apart of a school section. Mr. Hall will also consult with the superintendent respecting the regulations which have appeared in certain papers.

A Handmade Legacy.

That "a better bet" than a horse race, is the case of Mrs. J. W. Martin, of the Pacific Steam Laundry, Esquimalt, who received a letter from the Probate Court judge at St. Paul, Minn., notifying her that her step-sister, who died there, had left her the sum of \$60,000 in cash, valued at \$60,000. Mrs. Martin will leave for St. Paul next month. The will was made ten years ago in California.

Entertaining.

The Winnipeg Golf course is in some ways reduced size in consequence of its "baptism by fire," but as bright and as green as ever. It is not missed, as it is, and promises excellent results. Upon its all its customary effluence in a short time. This is enterprise indeed, and our esteem for the manager, who even more than ever the "set-up-and-get" it reflects in its striking.

Battle Contested.

The James Bay baseball team has accepted the challenge of the Vancouver team for a match on July 2nd at the "berm city," expected to be a close one. \$50 being allowed the Victoria boys. The following will comprise our team: Will Hunter, James Bay, first base; Bob, first base; Gouge, second base; Woodson, third base; Deasy, short stop; Mal, pitcher; and the other members of the team. A good game may be anticipated.

A Four-Story Brick.

J. P. Elford is yesterday awarded the contract for a four-story brick corner of Government and Johnson streets for E. G. Prior & Co. The building will occupy 115 feet on the street, and 54 feet on Government street, will cost \$15,000 when completed will be one of the best in the town. The plans were prepared some time ago by Messrs. E. G. Prior & Co. and are being carried out by the firm. The building will be a fine specimen of architecture.

Grand Opening.

The concert that will be given for the benefit of Madame de La Motte's 14th instant will be under the patronage of His Honor the Lieut.-Governor and Mrs. Nelson. Admission is free, and being made and frequent practice is being held in order that the affair may be a thorough success. The Madame will sing during the evening and will be accompanied by noted composers, and also a duet with Miss Mount, which promises to be one of the features of the concert. The man will give two of his brightest recitations. Tickets can be secured at M. W. Watt & Co., 10 Lombard street, and reserved seats obtained at the store. The programme will be published in a few days.

Improvement of the Coast.

Among the proposals secured by Mr. Chisholm, M. P., says the Colonist, from the government for improvements in the coast of British Columbia, \$1,000 to be expended in clearing the Coastguard of the immense logs, stumps and boulders that now block the river. When the work is completed the river will be in such condition that logs out on the shores of Coquitlam lake can be driven to the Fraser and from thence towed to the mills, thus opening another large tract of timber country to the river of our mill owners. It is adding the price of these obstructions will also prove beneficial to the fisheries of the Fraser, as it is well known that many thousand salmon are yearly killed in the Coquitlam in their efforts to reach the spawning grounds at the head of the river. The appropriation is in every way a good one, and will prove, if judiciously expended, of much more value to that part of the district than is at present anticipated.

Deaths.

Yesterday afternoon, shortly before six o'clock, two boys were walking along the boom near the Royal City Mills on False Creek, when one of them, Harry Symes, a boy, slipped and fell in the water. His companion, a boy named Collier, about 14 years of age, who was standing by the side of the boom, saw him and immediately jumped in to assist him, but the latter's struggles were so violent that he was unable to get to the shore. Collier managed to get to the shore, but the latter's struggles were so violent that he was unable to get to the shore. Collier managed to get to the shore, but the latter's struggles were so violent that he was unable to get to the shore.

Deaths.

A woman named Martin fell from the bulwarks of the ship Trafalgar at Moody's, and broke his leg at the thigh and arm. He was removed to the hospital, and died last night and was taken to the marine hospital. I often went to see in my sister's place when she was a child. The reason so many boys quit the school was because the Chinese boys were so good at it. Mr. Gardner, who is a teacher in the school, says that he has seen a Chinese boy bring a case against a Chinaman in the police court.

Cheap and Valuable Publications.

We have to acknowledge the receipt from William Byers, publisher, of Toronto, of "Molly's Story," by Frank Henry Field, and "Mr. Potter of Texas," by Archibald Clouston Guntor, author of "A Large Number of New York." Mr. Byers is evidently a go-ahead Canadian.

Alderman Braden Breaks His Leg.

We regret to state that Alderman Braden was unfortunately enough to break his leg below the knee last night on Johnson street. He was taken into Harrison and McAllister's store and Dr. J. D. Selinger was summoned, who set the injured man's limb. He was then taken to his home on View street.

He Paid No Money.

Chow Moon, a Chinaman, was arrested last evening by Deputy Sheriff Langley on a capias issued at the instance of Ah Pow, another Chinese. It seems that Moon owed Pow \$300 and was going away without liquidating the debt. Pow, learning of Moon's intention, nabbed him by the means above related, for Moon, rather than pass a night in the lock-up, paid the amount and was released.

Quarries Being.

Word has been received from Nanaimo that Quamlet, the Indian charged with the murder of Miller, and whose trial was postponed until the 26th July, is dying of consumption, and it is thought he will not live to meet his death by hanging.

The Westminster correspondent of the Vancouver News-Appeal says that a new morning paper was soon to be started in Victoria. It is stated that the doctor in this paper is being formed by a company at present, and it is proposed to purchase a new printing plant at a cost of about \$60,000. The doctor was taken before Justice Soderberg and the preliminary trial was held on Wednesday afternoon. It is reported that the doctor's defense was that the alleged assault was either seasonal or that the woman was laboring under a delusion.
