A WORLDWIDE NETWORK OF PROFESSIONALS

Over 300 Canadian Trade Commissioners work for Canadian business in 133 cities around the world. As part of the Department of Foreign Affairs and International Trade, these Canadian trade commissioners work alongside commercial officers who know local customs and business practices. Their job is to promote the economic interests of Canada in the global marketplace. Details are available at www.infoexport.gc.ca

Core Services

Market Prospect — We'll help you assess your potential in your target market. We may have market reports available for some sectors. *Should you need additional market research, we can refer you to local consultants.*

Key Contacts Search — Need a list of qualified contacts in your target market? We can get it. These sources have the local knowledge you need to refine and implement your market entry strategy. *We'll let you know of any charges for access to specialized databases.*

Local Company Information — We'll provide information on foreign organizations or companies you have identified. *You will always be informed of any access charges to specialized databases. Credit checks are generally referred to specialized agencies.*

Visit Information — Once you decide to visit the country you want to do business in, we can provide practical advice on timing and organizing your trip. *Please use your travel agent to make appropriate hotel and travel arrangements.*

Face-to-face Briefing — One of our officers will meet with you personally to discuss the most recent developments in your target market and your future needs. *Simply notify our office of your visit at least two weeks before your departure.*

Troubleshooting — Do you have an urgent business or market access problem? Call us for help. *We cannot enter into private disputes or act as customs brokers, sales agents, collection agents or lawyers.*

Additional Services

For the following services, our offices will refer you to third parties who generally charge a fee: extensive program of appointments, logistical support, business support services, participation in events, temporary office or display space. In markets where this is not possible, our office will arrange for these services at a cost.

HELPING COMPANIES THAT HAVE RESEARCHED AND SELECTED THEIR TARGET MARKETS

The Canadian Trade Commissioner Service works with companies that can demonstrate their commitment to succeed in the global marketplace. Whether you're a small or large company, new or experienced in foreign markets, you need to prepare for the challenges of international business. Trade commissioners can help you.

To maximize your results with trade commissioners, follow these three simple steps:

1. Research and select your target markets

Call Team Canada Inc 1 888 811-1119 or do your research at exportsource.gc.ca

Get in touch with Team Canada Inc to access the Government of Canada's full range of international business development services. An officer can answer your questions about trade missions and events, market reports, export education, and financing, or can direct you to the right contact.

2. Register with WIN Exports — www.infoexport.gc.ca/winexports

Trade commissioners use WIN Exports as their client management database. It's your chance to let them know about your company. By registering with WIN, you will also make sure that trade commissioners can send you timely business leads.

3. Help us serve you better

Make sure you describe your company and your plans when contacting our offices abroad. To help you prepare, here are typical questions asked by foreign clients and contacts:

- What is unique or special about your company, product or service?
- Who are the end-users of your product or service? Who do you sell to in Canada and abroad, and how?
- Which countries or regional markets (e.g. Northwestern U.S.) are you targeting and why? What do you know about your target market?
- How do you plan to enter the market: export, license, joint venture or investment?
- How would you describe the typical buyer, distributor, agent or partner you want to work with in your target market?
- When do you plan to visit the market? Have you considered adapting your product or service literature to the market at that time?

THE CANADIAN TRADE COMMISSIONER SERVICE

WIN IN FOREIGN MARKETS

Many of our most successful clients compete and win in foreign markets every day. Here are their tips for success.

Zoom in on the most promising markets

Successful companies concentrate on entering one foreign market at a time, moving on to the next only after succeeding in the last.

Learn from successful companies

Talk to Canadian companies that have succeeded in your target market. Many are willing to share what works and what doesn't. Contact your industry association to find names of successful companies.

Plan the financial resources you'll need

Exploring foreign markets can take longer and cost more than expected. Be prepared for significant costs for market research, product launchings and several personal visits.

Gear up for demand

Be prepared to meet the increased demand from a successful foreign sale. Don't forget to plan how you will adapt your products or services to the needs and tastes of the target market.

Make personal visits

Building business relationships in foreign markets is best done face to face. Faxes, e-mails and phone calls are great for follow-ups but nothing beats meeting in person.

Study the market and the culture

Business people and customers in most foreign markets will appreciate and reward your efforts to learn about their country and their culture.

Set realistic expectations

Developing foreign markets is a long-term commitment. It takes time, effort and money. Make sure senior management is committed. Be prepared for the long haul and make perseverance your critical success factor.

Your opinion counts!

We're always interested in your feedback, so that we can continuously improve our services.

Call our feedback line at 1 888 306-9991.

INTERNATIONAL ORGANIZATIONS

The activities of a large number of international organizations provide substantial procurement opportunities for Canadian exporters. Most prominent among these institutions are the World Bank and a number of regional development banks, which together lend more than US\$40 billion per year for development projects in developing countries. A number of specific agencies of the United Nations also provide opportunities for Canadian suppliers and consultants, who are experienced exporters. These contracts are usually awarded to companies who have international experience.

The most significant of these institutions are listed below. For additional information on specific procurement activities and bidding guidelines, please refer to the DFAIT's IFInet Web site (www.infoexport.gc.ca/ifinet). Some trade commissioners abroad will also have responsibility for monitoring specific institutions. The corresponding mission, therefore, is provided in the list that follows:

The Asian Development Bank
