BERLIN, via London, June 13, 10.50 p.m.—The Berlin morning papers generally comment more or less extensively on the American note along the lines followed by the Saturday evening papers.

Will Postpone Settlement. The Tagliche Rundschau continues: "The note, therefore, is calculated only to postpone a settlement of German-American relations, and not bring it about."

ITALY IS ABOUT TO STRIKE HARD BLOW AT FOES

All Routes for Invasion by Austrians Are Now Completely Closed.

BIG OFFENSIVE COMING

Italians Inspired by Occupation of Territory Lost Half Century Ago.

ROME, June 13, via Paris.—An official note sums up the first offensive movement of the army. The text follows: "In the Trentino zone our forces went resolutely forward, correcting, at least in part, strategic inconveniences of unfavorable frontier, such as were imposed on us after the campaign of 1866."

Invasion Routes Blocked. In the upper Cadore recollections of Fortunato Castellani are evoked by the occupation of Cortina and other important points.

Never Again Must Germany 'Come Back.'

A proposition has been put out in New York, said to be inspired more or less by people near the Kaiser, that the war might be speedily ended on the basis of "Germany not being permitted in the terms of settlement. This is the most dangerous kind of doctrine."

Let us state again the great issue in this war: Germany is today an autocratic military government, irresponsible to the people and controlled by the Kaiser and the aristocratic Junker party, made up of nobles and landholders, more or less entrenched by the laws of Germany and of Prussia.

For the past thirty or forty years, the railroad system of Germany has been organized as a part of the national defence, and its use for commerce and business is a secondary concern. The universities of Germany today are a branch of the army, as are the schools of Germany a training ground.

ly direction. The attacks of the enemy on the northern sector of this battlefield were also defeated.

Successful Russian Offensive. Further south the Russians are conducting a successful offensive, carrying several villages by storm and a cemetery which the Germans had fortified near Bourgas-Joulny. The Russian Cossacks in a charge on horseback sabred 100 Germans and took more than 50 prisoners.

Fighting in the Kovno region in Russian Poland is also favorably proceeding for the Russians, who have pushed the Germans back some distance on the Kovo-Wirbalen Railway.

Big Attack on Vistula. An attack on the right bank of the Vistula, near Starobez, did not succeed up to the time of reporting. It was preceded by an intense artillery fire and followed up by an infantry attack. The enemy was kept at a distance of 400 paces from the Russian trenches.

Silent About Zuwarna. The battle of Zuwarna is conspicuous by the absence of its mention in the official communiques of the Austrian war office. The statement issued Saturday night mentions fighting in Bukovina, where the Russian army is to slowly withdrawing across the Dniester and to the north of Obertyn, when the Austrians are attempting to throw forces across the Dniester. They report the occupation of two villages.

LONDON, June 13.—In Galicia the scene of the fighting has changed. The Germans, balked in their effort to reach Lemberg from the south, have commenced an attack on the Russians in the River San, north of Peremyshl, and along the Dniester in southeastern Galicia, and in their report to night claim successes in both sectors.

Simultaneously the Germans are proceeding with their attack on the Russian center on the River Rawka, west of Warsaw.

TWO MEN ARRESTED MUCH LOOT FOUND

Frank Velli and Jos. Friske Believed to Have "Worked" North Country.

CONDUCTOR IS INJURED

Wm. J. Macnamally Fell From Running Board of Parliament Car.

After Frank Velli and Joseph Friske were arrested on a vagrancy charge by Detective Levitt yesterday afternoon, Plainclothesmen Dawn and McConnell searched their room at 188 Hamilton street and found about \$500 worth of stolen jewelry, consisting of 10 watches, 25 rings, some lockets and other trinkets.

So far the police have found no owners for the goods. They believe the pair are yeggmen, and as they claim to come from the north country, think they have been working the Sudbury, North Bay district.

Wm. J. Macnamally, 425 East Front street, a conductor on a Parliament street car, was probably fatally injured yesterday afternoon when he fell from the running board of a Parliament street car at the corner of Sumach and Gerrard streets. Macnamally struck his head on the pavement and has a fractured skull. He was removed to the General Hospital.

Brother and Sister Hurt. John and Helen Dixon, age 5 and 7, 224 West Queen street, were run down by a motor car driven by Hugh Haskin, 201 Crawford street, Sunday afternoon at the south end of the Dufferin street bridge, and the girl is believed to be seriously injured.

Haskin says the children ran out into the street from behind a post and were in front of the machine before he saw them. Both were struck down and the rear wheel passed over the girl's head. The boy sustains a fractured right arm. After being medically attended to they were removed from the motor car which struck them.

May Only be Missing. Two boys located an upturned canoe floating in the bay off George street yesterday afternoon and after succeeding in pulling it ashore, found a blue sweater and a hat. The boy said the police do not believe there has been an accident. Several canoes have been reported stolen and missing and this may be one of them.

Reginald Reed, aged 10, and Alfred Reed, aged 11, of 4 Carleton place, were arrested by Acting Detectives Koster and Strohmle last evening, on several charges of shopbreaking. During the last month the lads had stolen and have successfully entered four stores in their neighborhood.

Slipped Into Don. Last evening the police of No. 5 division got a report that a girl had attempted suicide by jumping into the Don River. When a constable arrived he found Viola Logan, aged 21, 640 East Queen street, sitting on the bank with her clothing soaking wet. The girl was arrested on a nominal charge of vagrancy, and declares she merely slipped into the river.

Leo Poni's Army Street was arrested yesterday afternoon, charged with keeping an opium joint. Four other Chinamen were arrested in the premises, charged with frequenting. George Jones, a street car conductor, 215 Teraulay street, was arrested last evening, charged with deserting from his regiment in Toronto.

George Johnston, 81 Jarvis street, was arrested last evening on a warrant, charging him with theft. Harry Clay, 58 Pearl street, was arrested by Detective Murray on Sunday, charged with theft.

WAR BURDEN GROWS

Interest Amount Piles Up Steadily—Pension Fund is Inadequate.

By a Staff Reporter. OTTAWA, June 13.—A statement from the minister of finance shows that the revenue from the special war stamp taxes from April 1 to July 1 will be about as follows:

Bank note circulation.....\$ 248,500 Trust and loan companies... 55,000 Insurance companies..... 77,000 Money orders, letters, etc..... 1,485,000 Total.....\$1,865,500

The amount coming from the taxes on telegraphic messages, railway tickets, etc., will not be known till the first quarterly returns are made by the companies. The interest on war loans from last August to July 1 next will be \$1,100,000. By March 31 there will be an addition of \$3,150,000, and probably more, for the war loans are likely to go over the \$150,000,000.

For war pensions for this fiscal year \$2,000,000 was voted by parliament, but the heavy casualties and the increased number of troops being sent will make a larger sum necessary.

FRENCH GUNS DESTROYED Foe's Big Fortifications

Baden Regiment Destroyed at Toutvent, When Breton and Vendeen Troops Made Great Advance Under Heavy Fire

PARIS, June 13, 11:20 a.m.—"When the French troops captured the important position before the farm of Toutvent," writes the official eye-witness on the French battlefield, "they found nothing remaining of the formidable fortifications installed there but a mass of debris, so deadly had our attack been."

Continuing, the writer says: "The position was held by the 170th Baden Regiment of 1000 men, not one of whom escaped death or capture. Two other companies of 200 men each, in reserve, also were almost destroyed. The assault commenced on June 7, over a front of 1,200 yards and on June 10 a double line of trenches over a front of 1,800 yards and for a depth of from 1,000 to 2,000 yards, had been captured. At five o'clock on the morning of June 7, in the face of a heavy fire from the enemy trenches, the assault began under a storm of shot and shrapnel. A few minutes later the Breton and Vendeen troops flinched and the whole line advanced as one man. The assault was made on two lines of the German trenches.

A Death Curtain. "The orders were to enter trench, there the men pleaded to be allowed to go on. What remained of the enemy's troops were found huddled in the assault trenches. A few minutes later the Breton and Vendeen troops flinched and the whole line advanced as one man. The assault was made on two lines of the German trenches.

The fire of our artillery maintained a death curtain in the rear, preventing reinforcements coming up, and as soon as the position was entirely lost the enemy's four-inch and eight-inch guns of the ground, but our men dug themselves in."

WILL NOT PURCHASE GERMAN TEXT BOOKS

University of Toronto Will Have Books Printed in England or the United States.

Students at the University of Toronto will not study German in text-books printed in Germany, according to the decision of the department of German at Varsity. The change of texts will be brought before the students when the arts calendar is issued next week. Hitherto a large percentage of the German books were shipped from Germany, supplemented by those which are printed in Great Britain and the United States.

While the study of the language of the Teutons will hardly be abandoned, all the books which are authorized by Prof. Neeldier's department will be printed in either England or America. This change will be made without any detriment to the course in German. In other years the cost of the German texts amounted to \$1000, at least half of which went to German publishers.

Manager Hamilton of the university book department has already received most of the text books for next year's work, and the students will begin to get their supply after the calendar is issued by the registrar's department.

ALLIES' SUCCESS ON THREE FRONTS

Italian Troops Have Driven Back Austrian Surprise Expedition.

FROM SUNDAY WORLD

Russians Said to Have Captured Many Prisoners Near Dniester.

Success for the allies is reported on the Russian and Italian fronts, and on the Gallipoli Peninsula. Over the Franco-Belgian front no movements of more than passing importance are under way.

Details have just reached Udine, Italy, of the driving back by Italian troops of an Austrian expedition which attempted to surround an Italian position near Montenero, on the Isoszo River line.

The endeavor was to surprise the Italians in the rear. The Austrians advanced through narrow passes, they were however quickly seen by the Italian sentinels, and the alarm was passed along the Italian lines, the latter taking their positions quietly, thus deceiving the Austrians into believing that their advance was being made in silence. At a given moment the Alpine troops opened fire, which was a heavy fire, and the Austrians, 7,000 strong, fought desperately, but were thrown into disorder and compelled to withdraw.

Fighting Near Gallipoli. Despatches from the Dardanelles state that the allies are now fighting in the region of Gallipoli, having advanced within four hours' march after terrific fighting. The extreme left of the enemy in the entrenchments to the north of the town. A great battle has been in progress since Thursday afternoon 700 Turks, prisoners on the heights near Maidos.

Additional successes for the Russian arms, with the capture of many prisoners and guns, has occurred in several villages on the Dniester, by the Russians on the left bank. In this fighting a section of the Prussian Guard is said to have suffered severely.

TEUTON UNDER ARREST SECRET SERVICE AGENT CINCINNATI, June 13.—Heinz Hardenberg, said to be a member of the aviation corps of the German Imperial army, and possibly the army of German secret service agents of Germany, and who is believed to be wanted in connection with the investigations into the Lusitania disaster, was taken into custody here today by special agents of the department of justice.

IDLE LAND CAUSE OF MUCH HARDSHIP

Single Tax Association Opened Anti-Poverty Campaign Last Night.

SPECULATOR IS BLAMED

Vacant Land in Toronto Would Stretch as Far as North Bay.

The Single Tax Association of Ontario opened its anti-poverty campaign last night at the corner of Rusholme road and Bloor streets. Julian Sals, chairman of the meeting, made a few remarks on the progress and aim of the single tax movement in eastern Canada, and treated it from the standpoint of a practical business man.

Louis A. Kerwin touched briefly on the problem of unemployment. The chief speaker of the evening, A. W. Roebuck, said that the speculator in the northern districts was the bane of the legitimate settler in keeping land idle and forestalling those who would otherwise come in as producers and improvers.

He commented on the fact that the vacant land in Toronto would stretch from near North Bay. The ten-mile belt of vacant and unproductive land, removed from cultivation and producing weeds and harboring rusty tin cans had a real connection with unemployment and was responsible for the long bread line of last winter.

Poverty and War. D. B. Jones introduced A. E. Farmer, who spoke on the topic of poverty and war, and showed how economic depression in Israel cited by the minor prophets are now being reproduced in the countries of Europe now at war with Great Britain and her sister nations.

Statements in Canada, both Conservative and Liberal, in proposing and agreeing to the recent tariff changes had added from 5 to 7 per cent to the cost of living, and from recent returns it had been shown, that the federal revenue had not increased.

The meetings will be continued for two weeks. They are open to the public and the expenses will be defrayed by voluntary contributions.

Dr. O. C. J. Witrow will speak to-night and J. W. Bengough on Tuesday.

Yachting and sailing parties were hurried to shore during the rough water of the lake during the afternoon.

The storm broke on the southern side of the lake and passengers on the Niagara boats stated that there was a veritable cloudburst which did not let up until late in the evening. A barn in the locality of Norway was destroyed during the course of the storm.

Made Flanking Movement. Instead of remaining in their newly won position, the Austrians advanced towards Montefalcone compelling the Austrians to beat a hasty retreat since they were threatened with envelopment. The Italian occupation of Gradisca followed when the enemy's artillery no longer threatened the town, hence the delayed announcement which was given out only when Gradisca was solidly occupied and the Italian advance toward Tarvis, the general advance is the decisive phase of the campaign.

Obviously the advance along the line from Tolmino to Montefalcone aims at Gorizia, the occupation of which would end the first phase of the preliminary campaign. What would follow this is naturally unknown, but I have every reason to believe that important developments are bound to follow, and this the Austrians are already realizing. The Italians, it is to be noted, are only 175 miles distant from Vienna. They threaten the capital more closely than do the Russians on the northeastern frontier, while the Italian advance along the eastern boundary of the Tyrol, which is only 60 miles long, is crossed by two railroads. If these are cut, it will mean the complete isolation of Austria's westernmost provinces. The efforts concentrated against the Italian advance are easily understood when the imminent peril threatening Austria's western provinces is realized.

Task is Difficult. "The note adds that from results obtained the excellence of the army must not give rise to optimistic errors of appreciation concerning the present war, which is severe and difficult. Especially the Austrians, it must not be forgotten that the ground of operations is mountainous and prepared by the enemy for defence a long time and defended by numerous troops hardened by ten months' fighting.

In conclusion the note declares that the army has decided to overcome at any price all obstacles, resistance and difficulties.

Porto Roseto, Taken. The capture of Porto Roseto, three miles south of Montefalcone, is reported in a despatch to an Athens Greek paper, The Weekly Despatch, today. Rovereto and Mori, 18 and 18 miles from Trieste, have also fallen on or about to fall into the hands of the Italians, whose advances have pushed right up to these towns.

Two Austrian aeroplanes today dropped bombs on the Italian towns of Moll di Carl, Polignano and Monopol. A woman was killed at Polignano.

Gradisca Solidly Held. Having obtained possession of both banks of the Isoszo River, with a strong body of troops at Sagraado and with outposts posted along the road to Ronchi, Lieut-General Count Casarotta, chief of the staff of the Italian army, is confident of making the occupation of Gradisca permanent, and now controls all the important military points connected with this city.

GREAT DISORDER IN ENEMY'S RANKS

Austrians Failed to Guard Against a Surprise Night Attack.

DERELICTION OF DUTY

Commander Expresses Hope That Regiment Will Retrieve Its Dishonor.

By MARTIN H. DONOHUE. Special Cable to The Toronto World. ROME, June 13.—Lamentable disorder prevailing in the Austrian ranks has been brought to light by a copy of a divisional circular from an Austrian cavalry commander. This was found upon an Austrian officer taken prisoner during fighting in the vicinity of Montefalcone. The document charges an Austrian brigade with a grave dereliction of duty. This force, it says, was encamped on a plateau protected by a wall of rock. Soldiers were strongly entrenched and assisted under cover of night, a detachment of Alpini scaled the rugged heights, bypassed the Austrian sentries and captured the entire position, chiefly because this Austrian force was wanting in its duty.

The greater portion of the enemy force was asleep when the Italians made a surprise attack, and consequently the Austrian sentries and captured the entire position, chiefly because this Austrian force was wanting in its duty.

Austrian regimental officers are reminded that in no case must they abandon a position in the face of an enemy without orders from superiors. The document adds that the force which was caught napping knew full well the Italians were in the immediate front, yet failed to take precautions to guard against a surprise night attack. The Austrian commander recalls this lamentable episode. He promises a strict enquiry and avers those responsible shall be severely punished.

Sharp Artillery Duel. "Near the Bosphorus on the night of June 10-11 two Russian destroyers encountered the Breslau, whose searchlight lit up our turbine destroyer, which immediately attacked the enemy. The sharpness of artillery duels ensued. Several shots struck the cruiser, an explosion was heard aboard it and she was aflame at the bow. Owing to the darkness it was impossible to ascertain for a certainty the extent of the damage inflicted on the enemy. An officer and six men were wounded aboard the destroyer which attacked the Breslau."

Unionville Commission Makes Application to County Council—Dedication of Organ.

The new coal shutes and elevator under construction for Browne's and Unionville are rapidly nearing completion and within a fortnight or less will be in readiness. The building has now reached a height of 42 feet and is one of the outstanding business structures in the town. When completed the present obsolete sheds along the line of the railway will be torn down.

At a meeting of the executive of the Unionville Methodist Sabbath School held yesterday, it was decided to this year hold the annual outing and picnic at Riverdale Park. The school under the supervision of Mrs. Chas. Silver has made remarkable progress and now ranks among the largest in the county.

Dr. A. Carmichael has returned from a short visit to Oshawa, where he was renewing old friendships formed during his practice in the town.

Dedicated Organ. The dedication of the new organ about to be installed in the Presbyterian Church in Unionville takes place on Wednesday evening, Edgar R. Dowd of Toronto and other well-known musicians will take part in the dedicatory concert.

The football match on Saturday evening between the village team and the Boxgrove men was won by the latter by a score of 4-0. John Coulson umpired to the satisfaction of all.

At a meeting of the village commission held on Saturday night it was decided to make application to the county council which meets today, to reduce the speed limit from 25 to 15 miles, conforming to incorporated towns and cities. This action is being taken owing to the excessive speed of many motorists and several near accidents.

EARLSCOURT
Under the auspices of the Earlscourt Central Methodist Church, the children of the primary school, to the number of about a delightful day's outing in the Royce Park, St. Clair avenue, on Saturday last, when games, races and other amusements were enjoyed. Those in charge of the picnic were: Mrs. J. C. Eaton, Miss Carter, Mrs. Ferguson, Mrs. Archer, Mrs. Wallace and Mrs. Wallace and Rev. F. Bryce.

The Earlscourt Civilian Rifle Association will meet at Earlscourt School on Wednesday evening at 7.15, when they will proceed via Avenue road to the annual target shooting. A token of their good wishes on his approaching marriage.

WILL KINGSTON RETAIN UTILITIES COMMISSION?
City Council Will Ask Ratepayers to Decide Question at Early Election.

Special Cable to The Toronto World. KINGSTON, June 12.—On June 21 the ratepayers of Kingston will have an opportunity of saying whether or not they will continue the system inaugurated two years ago of having the civic utilities operated by a commission. The city council is putting the matter to the people, but in spite of the fact that the election is but a week off there appears to be very little discussion over the matter among the ratepayers, and it would appear as if the council itself was pressing the matter and not the people.

It is known for a fact that many of the city fathers are opposed to government by commission, and some have been very outspoken on the matter and declare that when the vote is called they will do all in their power to give it a black eye.

The aldermen on the side say that the concern that the city should be composed of as good business men as could be secured in the city, but what they do say is that the system is wrong, that there is too much overlapping as a result of the commission and that it is not good business for the city.

The council is big enough to do this work, is the way one leading member of the council put the matter to your correspondent.

That the street railway is not a paying concern and that the city should have it power at the lowest possible figure is the opinion of the management. The street railway company has made an appeal to the utilities commission to help out.

The utilities commission has decided to accept the recommendation of the hydro-electric commission and place their charges for electricity on the floor space basis. The new rates will go into effect on July 1.

PTE. DOUGLAS FREEMAN KILLED IN ACTION

North Earlscourt Soldier Who Came Thru the St. Julien Engagement Unhurt.

Mrs. Grace Freeman, 24 Hatherly road, North Earlscourt, received the following cable from the militia department at Ottawa, last Saturday: "Deeply regret to inform you Pte. Douglas Freeman, No. 24-200, 14th Battalion, officially reported killed in action. Adjutant General."

Pte. Freeman was a Toronto boy, 15 years of age last April, who left with the Q. O. R., first Canadian overseas contingent, but was transferred to the 14th Montreal Regiment.

In the last letter received by his parents, on June 5, he states that he came thru the battle at St. Julien all right, although he lost everything he possessed. "I did not even receive a scratch," he was his concluding words.

The father of Pte. Freeman, who is a member of the Fairbank Liberal-Conservative Association, in an interview with The World, said: "I was present at last Friday's meeting of the York Township Council in refusing to insure the township soldiers, but I was one of the minority who did not."

"My boy worked for a number of years at the Industrial Press, Lombard street and the insurance would come in handy, but all the money in York Township will not compensate us for the loss of our son," said Mr. Freeman. "I wonder if the county council at their meeting on Monday will remember our case when discussing the insurance matter."

NEWTONBROOK REUNION
The annual reunion of the Newtonbrook Old Boys' Association, held at the Exhibition grounds on Saturday afternoon, was a great success. David James of Thornhill, a native of the number of the association, was the speaker, and president of the association, was master of ceremonies, and everybody had a royal time. Following speeches by a number of the old boys, justice was done to the splendid repast prepared by the ladies.

Some of those present, the names of whom are familiar all over the southern part of North York, were the Agars, Munshaws, James, Clarke, Stronge, Streets, Gouldings, Wilsons, Cummers and others. The association will meet again next year.

FAIRBANK
Under the auspices of the Women's Association and Sunday school workers of the Fairbank Presbyterian Church, a picnic for the children of the cradle roll department will take place on the church grounds on Wednesday next. Mrs. J. J. Eaton will deliver an address during the afternoon. Invitations have been issued to the mothers of the children.

WILL PRESENT PETITION TO THE COUNTY COUNCIL

Mount Dennis Residents Would Incorporate the District as a Police Village.

A deputation from Mount Dennis will wait on the county council on Wednesday to present a petition for the incorporation of that district as a police village. The matter has already been fully discussed at meetings of the Ratepayers' Association, and the petition is fully signed.

The executive of the Mount Dennis Liberal-Conservative Association is making arrangements for a smoker to be held on Saturday evening, June 26. Among those invited to deliver addresses are W. F. Maclean, M.P.; Capt. Tom Wallace, M.P., and Dr. Forbes Gouffrey, M.L.A.

SEVEN HORSES BURNED IN HOTEL STABLES

Buildings in Rear of Old Norway House, Kingston Road, Gutted Saturday Night.

About 10.30 on Saturday night fire broke out in the stable at the rear of the old Norway House, 328 Kingston road, and the flames gained such a hold that seven horses in the building could not be released.

Within ten minutes from the time the alarm was given the fire burst thru the roof of the stable, and altho the East Toronto, Kew Beach and Bolton avenue brigades responded quickly considerable damage was done before the fire was under control.

Adjoining property was in danger when the blaze was at its height, and a shed and house caught fire, but this was instantly extinguished by the firemen.

The building was the property of Frederick Schmidt, Ulster street, and was insured for \$2000. The total loss is estimated at \$1600.

NEWMARKET
The Newmarket Red Cross Society are planning a big night on Wednesday, when a concert in aid of the society's funds will be held on E. S. Cane's lawn. The grounds are admirably adapted for the purpose, and the worthiness of the cause will attract a large crowd.

R. F. Schmidt, president of the Office Specialty, entertained a large party of friends at his home on Saturday afternoon.

Reeve Keith and Mr. Pearson, members of the county council, leave for the city today.

GOOD YEAR MADE IN CANADA
Fortified Tires
Rim-Cuts—by our No-Rim-Cut feature.
Blowouts—by our "On-Air" cure.
Loss Treads—by many rubber rivets.
Insecurity—by 126 braided piano wires.
Punctures—by our double-thick All-Weather tread.

Suppose We Pared This Goodyear Fortified Tire

Suppose we pared the Goodyear All-Weather Tread. There still would be a full-built tire left. For this famous tread is double-thick, and the "carcass" beneath is made extra-strong to support it.

That's what men mean when they tell you that Goodyears are built in perfect balance. For what is the good of a heavy tread that you have to discard when the tire beneath gives out prematurely? This fault, in many rival tires, is avoided in Goodyear construction.

Goodyears Rule Because—
Five vital features have put these tires on top in four short years. But these five features we control. And no rival has them:

Goodyear's All-Weather Tread—now double-thick, with deep-cut, close-set, sharp-edged blocks. They grip where average tires slip. They minimize punctures and multiply mileage.

Goodyear's No-Rim-Cut Feature—that fortifies against rim-cutting in the best way science has discovered. This patented method, though widely copied, has never been equaled.

Goodyear's "On-Air" Cure—that protects against blowouts. We give each tire this second cure on bags of air. The air, super-heated, expands and "irons out" any wrinkle the fabric may contain.

No other tire maker goes to this expense. So wrinkled fabric in rival tires causes blowouts.

Goodyear's Rubber Rivets—hundreds of them vulcanized between the tread and "carcass." The exclusive use of this method cost \$50,000. It reduces loose tread risk by 60 per cent.

Goodyear's Braided Wire Tape—six flat bands of 126 braided piano wires in the beads of Goodyear tires. They make it impossible to force the tire from the rim.

Prices Reduced
Yet despite these extra features—despite the war tax on every particle of raw material that goes into Goodyear Fortified Tires—

On February 15th we made a radical price reduction.
This was our third in less than two years, saving the user, in all, an average of 37 per cent.

This saving is due to the amazing demand for Goodyear tires that multiplied our output and cut our factory cost per tire. Last year alone men bought in Canada as many Goodyear tires as there were cars in the Dominion.

Join these contented motorists. Get our new price on your size from any dealer today.

MANY SUNDAY VISITORS AT BARRIEFIELD CAMP

Biggest Crowd Yesterday Since Opening—Strict Orders Issued.

BARRIEFIELD MILITARY CAMP.
Kingston, Ont., June 13.—Ideal weather favored the camp today, and as a result the biggest crowd of Sunday visitors since the camp opened came over from the city. In the morning there was a service for the Roman Catholics, conducted by Rev. Father Hanley, and a Protestant service, conducted by Major Starr.

According to an order issued by the commanding officer on Saturday, soldiers who go out of the city for the week-end must be back in time for the first parade on Monday morning. Owing to war conditions the orders are very strict. Parades must not be missed only under exceptional circumstances.

Nobody seems to know when the next draft will leave camp, but it will go soon. The 38th Battalion and the 7th Artillery Brigade have their men selected, and they are being drilled hard every day to make them ready for the order when it comes, every little warning will be given.

Lieut. Longman of the 43rd Regiment, D.C.O.R., and Lieut. Graves of the G.G.F.G. have been attached to the 38th Battalion for instruction and duty.

A provisional school of infantry opened Saturday for the qualifying of officers of the 38th Battalion and others up to the rank of captain.

A motor ambulance will be supplied to the detention hospital. At present automobiles are used to convey patients to city hospitals.

Forty recruits arrived on Saturday from Ottawa and were placed in the base battalion.

Private Goodall, the Ottawa soldier who was hit by an automobile, is putting up a great fight for his life at the general hospital, where he has been confined since the accident occurred. Ira Miller, the taxi driver, who ran over him, appeared in the police court for a second time Saturday, charged with furious driving, and was further remanded for another week.

CALLS U. S. NEUTRALITY CONCEALED HOSTILITY

Cologne Gazette Considers Dr. Eliot Has Made Damaging Admission.

Special Cable to The Toronto World. BERLIN, June 13.—Referring to some remarks which Dr. Charles Eliot is reported to have made regarding the help that the United States can give the allies without abandoning neutrality, the Cologne Gazette says: "The utterances of this Germanophile agitator contained a remarkable admission, that the United States, by supplying munitions of war, are giving our enemies more help than they declared war upon us. We are quite right, therefore, in regarding the so-called neutrality of the United States as concealed hostility, and in treating it accordingly."

A message from Dusseldorf to local newspapers says that the German steel works has sent the following reply to an enquiry which "the department of commerce in Washington has the impudence" to send to it: "In reply to your letter, we observe that it is a fact that we produce the steel which you mention. In view, however, of the circumstance that the United States are the chief purveyors to Germany's enemies, we regard it as incompatible with genuine patriotism to make you an offer, as the material will doubtless find its way to our enemies and so help to prolong the war."

U. S. REPLY TO BERLIN IS LIKED IN ROME

Belief is That Kaiser Must Make Amends or Take Consequences.

Special Cable to The Toronto World. ROME, June 13.—A special edition of the evening papers on Saturday gave immense prominence to a summary of the United States note to Germany. The firm, energetic attitude, as far as can be judged from the short summary, has given general satisfaction. It is considered that Berlin must give satisfactory guarantees or accept the consequences of a situation which its policy produced.

GERMANS OVERCONFIDENT

No Secret That German Soldiers and Russian Prisoners Are Sowing Wheat on Invaded Territory.

What will the harvest be when the ripe heavy russet heads of the full-grained wheat hang heavy in the August sun?

Unmindful of the ominous grinding forward of the allies the Germans are actually sowing the fields behind their lines of entrenchment, and with all the assurance of peace times that they will harvest the grain despite the gripes which Canada has hung out these days, towards those fair green fields, perhaps before the grain is grown.

The British flag will not stop this side of the Rhine, nor may it stop there if wisdom dictates its further advance, for the Union Jack's import on European soil today is to make the stay of the unbidden guests in France and Belgium as brief as the lavish expenditure of treasure and the courage of its battalions can accomplish.

In France and Belgium the Union Jack is held in as reverent esteem as their own national banners, for British colors backed by British courage, in which Canadians are playing a most meritorious part, stand as a bulwark between them and the monstrous foe of liberty.

Every home in Canada should show the Union Jack from its house-front. The World's generous offer to supply complete flag outfits on practically gift terms is set forth fully on another page of today's issue. Thousands have secured and hung out these flags already, thousands more are arriving for distribution. Get your flag outfit, today—if you have one, get another, but take advantage of this opportunity while you can secure such an excellent Union Jack, pole, halcyons and window socket, at the small expense which only covers the cost of assembling and mailing. BERNSTORFF BELIEVES RUPTURE IS UNLIKELY

He is Quoted as Saying Desired Concessions Are Probable.

Special to The Toronto World. WASHINGTON, June 13.—Ambassador Bernstorff, according to his press release, is highly pleased with the American note and thinks a peaceful adjustment will be reached. He believes his government will give to a considerable extent assurances such as this government asks.

It is pointed out that the German Government may seize on the offer of good offices between Germany and England as reason for its desire for an understanding with this country, may renew assurances that American ships will not be harmed and may say ships on which it is advised there are American passengers will not be molested.

If the ambassador is allowed to help shape the German reply it is generally felt here that there will be peaceful understanding. The question is whether the German foreign office, which does not always coincide with Von Bernstorff, will see things in the same light as he.

LONDON MAN DROWNED
LONDON, June 13.—Wm. Damsen, aged 31, of this city, was drowned in Burrard's Inlet, Vancouver, yesterday, according to word received today by relatives here. Damsen was drowned while canoeing.

WARNEFORD'S ESCAPE WONDERFULLY LUCKY

He Was on Ground Thirty-Five Minutes Before Resuming Flight.

P. PARIS, June 13.—The following official note was issued yesterday in connection with the bestowal of the Cross of the Legion of Honor on the British aviator, Lieut. R.A.J. Warneford, who recently destroyed a Zeppelin dirigible: "The minister of war today sent the

Cross of Chevalier of the Legion of Honor to Lieut. Aviator Warneford of the British army.

"Lieut. Warneford was the officer who recently, flying over Belgium at a great height, encountered a Zeppelin armed with machine guns. He descended to within sixty metres of the balloon and caused it to explode by bombs. Lieut. Warneford's aeroplane was turned completely over and the officer was obliged to make a landing. One of his reservoirs was perforated; he transferred the essence to the second and resumed his flight under the enemy's fire. In the interval he had remained on the ground thirty-five minutes."

TWO WEEKS TO REPLY.
AMSTERDAM, June 12.—Any reply from Germany to the latest American note is impossible within less than two weeks, says The Vostische Zeitung.

Plants Suitable for Borders

This week in answer to very many requests, I think we shall devote to speaking about the various annuals and perennials that have proved themselves good borderers.

True, it is rather late now, to commence the setting out of beds, but even those who, thru some untoward force of circumstances, are behind in this matter, may cheer up. There is plenty of time yet to make your backyard beautiful.

First of all borderers, my gardeners know full well that I shall place myosotis, the old-fashioned forget-me-not or our great-grandmother's times, as the leader of the very first rank.

Over one thousand guests passed thru the wide vine-clad gates which lead into Oaklands, the beautiful home of Miss McCormick on Avenue Road Hill on Saturday afternoon on the occasion of the garden party given in aid of the social service work of the Toronto General Hospital. The weather was all that could be hoped for, and permitted the donning of lovely summer frocks, many well-known society women in striking costumes being present to help swell the coffers of the fund in which the Golden Rule Guild is so actively interested.

The Band of the 48th Highlanders added color and enjoyment to the occasion by their presence in striking uniform and the playing of martial music and plenty of popular airs throughout the afternoon, while hundreds of guests walked beneath the welcome shade of widespread trees or took tea on the terrace.

Mrs. H. T. Bailey, president of the guild, received, assisted by Miss Gunn. Others of the executive present were Miss Snively, Miss Locke and Mrs. Ritchie. Miss Annie Brown was in charge of the refreshment committee, and was assisted by fifty young girls, looking charming in light frocks and drooping brimmed hats. The entire proceeds will be devoted to the social service work of the hospital, and the splendid success of the afternoon was undoubtedly due to the generosity of Miss McCormick in lending her beautiful grounds.

Coming next on my list is the old-fashioned dwarf ageratum, a funny, sturdy, fuzzy-headed blossom that somehow always makes me think of something or other that Kipling describes. See if my gardeners can discover who it is.

Ageratum, too, is a lover of love, and will do just what you want it to do, if you will let it. It grows much more readily than you think it will. It is such a dear, forgetful thing that every spring I waver between this and its pale blue blossoms.

Reduced to Ruins. The Prince of Wales' residence was purchased outright by His Royal Highness last November for \$50,000. The Prince furnished it from Paris in the most elaborate and expensive manner.

During the winter the prince entertained a great deal at his villa. In February last he gave a dinner to Duke Joffre, the King of the Belgians, Gen. French and a number of English and French staff officers that is said to have cost \$4000.

Hosts of the smartest women used to motor from Calais or Boulogne to staff dinners for \$50,000. The most notable of these entertainments was given by Prince Arthur of Connaught at his villa, which was attended by Mrs. Asquith and Mrs. Winston Churchill.

The villa was destroyed last month brought the villa into the danger zone. A few officers, including Prince Arthur of Connaught and the Duke of Roxburgh, managed to get most of their property out of the villa, but the Prince of Wales and several others put off doing so until too late.

The second great attack brought the Germans two miles nearer, and the villa came under the guns of the second house was reduced to ruins, as well as the almost equally luxurious place of the Duke of Westminster, a small villa owned by a Mr. Mills, an officer in the Blues, was hit six times by huge explosive shells and practically obliterated. In it was a Corot painting purchased a month previously for \$60,000.

Lately the villa entertaining was considerably curtailed, as it was strongly objected to by Sir William Robertson, the new chief of staff, under whose rule society ladies find it next to impossible to get nearer the front than Calais or Boulogne, and are not very warmly welcomed there.

At the concert given in the Euclid Avenue Methodist Church, to celebrate their 50th anniversary, Mrs. May Anderson Trechsel, director of dramatic art at the Canadian Academy of Music, produced "The German Spy," a short, one-act sketch which she had written for the occasion.

Opening of Full Steamer Service on Saturday, the 19th, regular summer service of six trips each week day to Niagara will be inaugurated. The same date R. and O. steamers will commence their summer schedule, running every week day to the 1000 Islands, Montreal and Quebec. Tickets may be had at 46 Yonge street, or Yonge street wharf.

Special to The Toronto World. GALT, June 13.—Private Lynn Pattinson, son of Geo. Pattinson, ex-M. L. A., of Preston, reported killed in action, now in the hands of the Germans, wounded of the 1st Battalion.

Mr. and Mrs. R. Barnes, Ball avenue, have been notified that their son, Private R. George Barnes, of the 4th Battalion, formerly of the 11th, has been wounded.

THE GERMAN SPY. At the concert given in the Euclid Avenue Methodist Church, to celebrate their 50th anniversary, Mrs. May Anderson Trechsel, director of dramatic art at the Canadian Academy of Music, produced "The German Spy," a short, one-act sketch which she had written for the occasion.

Military Band Gave Many Numbers and Tea Served on Lawn.

Over one thousand guests passed thru the wide vine-clad gates which lead into Oaklands, the beautiful home of Miss McCormick on Avenue Road Hill on Saturday afternoon on the occasion of the garden party given in aid of the social service work of the Toronto General Hospital. The weather was all that could be hoped for, and permitted the donning of lovely summer frocks, many well-known society women in striking costumes being present to help swell the coffers of the fund in which the Golden Rule Guild is so actively interested.

The Band of the 48th Highlanders added color and enjoyment to the occasion by their presence in striking uniform and the playing of martial music and plenty of popular airs throughout the afternoon, while hundreds of guests walked beneath the welcome shade of widespread trees or took tea on the terrace.

Mrs. H. T. Bailey, president of the guild, received, assisted by Miss Gunn. Others of the executive present were Miss Snively, Miss Locke and Mrs. Ritchie. Miss Annie Brown was in charge of the refreshment committee, and was assisted by fifty young girls, looking charming in light frocks and drooping brimmed hats. The entire proceeds will be devoted to the social service work of the hospital, and the splendid success of the afternoon was undoubtedly due to the generosity of Miss McCormick in lending her beautiful grounds.

Coming next on my list is the old-fashioned dwarf ageratum, a funny, sturdy, fuzzy-headed blossom that somehow always makes me think of something or other that Kipling describes. See if my gardeners can discover who it is.

Ageratum, too, is a lover of love, and will do just what you want it to do, if you will let it. It grows much more readily than you think it will. It is such a dear, forgetful thing that every spring I waver between this and its pale blue blossoms.

Reduced to Ruins. The Prince of Wales' residence was purchased outright by His Royal Highness last November for \$50,000. The Prince furnished it from Paris in the most elaborate and expensive manner.

During the winter the prince entertained a great deal at his villa. In February last he gave a dinner to Duke Joffre, the King of the Belgians, Gen. French and a number of English and French staff officers that is said to have cost \$4000.

The villa was destroyed last month brought the villa into the danger zone. A few officers, including Prince Arthur of Connaught and the Duke of Roxburgh, managed to get most of their property out of the villa, but the Prince of Wales and several others put off doing so until too late.

The second great attack brought the Germans two miles nearer, and the villa came under the guns of the second house was reduced to ruins, as well as the almost equally luxurious place of the Duke of Westminster, a small villa owned by a Mr. Mills, an officer in the Blues, was hit six times by huge explosive shells and practically obliterated. In it was a Corot painting purchased a month previously for \$60,000.

Lately the villa entertaining was considerably curtailed, as it was strongly objected to by Sir William Robertson, the new chief of staff, under whose rule society ladies find it next to impossible to get nearer the front than Calais or Boulogne, and are not very warmly welcomed there.

THE CLOSEST TIE

Mother and child must, of necessity, be intimate; at the outset of the child's life they were one, and that oneness began the intimacy which should never be allowed to lapse. Doubtless most mothers would say that the inmost desire of their hearts is to be intimate with their children, and yet in comparatively few cases does the conduct of the mother absolutely justify this claim. Unconsciously, she would be much more likely to be intimate with herself and her children, than with the child.

The trouble, probably, arises from the fact that she does not realize the necessity of maintaining complete intimacy with the child from his earliest childhood by manifesting an interest in everything that pertains to himself. She is looking forward to the years when, passing out from under her immediate control, she shall desire to be his confidential friend and counselor, and does not realize that this relation must be maintained thru all the preceding years in order to exist at the time she finds it desirable.

WILLIAM COOPER DEAD. William G. Cooper, traveling engineer for the Grand Trunk Railway, died yesterday in St. Thomas. He was born in Montreal 45 years ago, and had lived in St. Thomas for the past 18 years. He was a member of the Masonic Order and leaves a widow, one brother and two sisters.

Where, he asked, would England have been had it not been for the revival of evangelical religion by John Wesley, or Scotland, had the voice of John Knox never been heard preaching the vital importance of truth and religion? It was because Great Britain stood for Christian truth that the Spanish armada was dashed to pieces by the winds of heaven. Once more the British Empire was in an hour of divine need, and must depend upon the favor of divine presence.

Impress Duty From Pulpit. Christian preachers did their duty in fearlessly proclaiming the duty of citizens it was not fair to condemn wrong doing at the national capital. The duty must be impressed from the pulpit that it was the duty of every member of a Christian church to do his or her individual part to put the spirit of Christianity into the nation.

Never had the presence of God in the midst of battle been more clearly manifested than in the present European conflict. If a Christian minister could perceive a vision of God on the plains of Flanders it was doubtful if he would ever get on. War had no ideals for us except for the end to be attained, when war, as in the present instance, became a necessity. War was for the allies a question of how long we could resist this existing regime. I still have hope and pray to live long enough to gain my liberty, but I am not sure that after seven months I am growing in firm and can only take sufficient food to sustain life.

READY FOR CAMP. Orders have been received by Capt. Cassels of the 48th Highlanders to have his quota for the 5th ready to leave for Niagara camp soon. The Queen's Own Rifles and the Grenadiers are also ready to send their quotas.

GUARD DETENTION CAMP. A detachment made up of 19 men from the 5th Mississauga Horse and 17 from the Body Guards left last night for the detention camp near Cochrane. The men were commanded by Lieut. Wright.

THE INDUCTION SERVICE was conducted by Rev. B. J. Trevelyan, president of the Toronto Conference. "No Limited Liability War," said Rev. Dr. Hincks, preaching before the Toronto Methodist Conference at Elm Street Church. This is a war which affects values and interests in Toronto equally as it does those in London.

Writing to the death of Rev. Dr. Bishop the dedication of deaconesses, which was to have been held last night, was deferred, and Dr. Hincks appointed to preach. His topic was "The Great Crisis." He spoke from admonition in Romans, 14-21, "It is good neither to eat flesh nor to drink wine, nor do anything whereby thy brother stumbleth."

Dr. Hincks expressed the opinion that the collapse of the Asquith cabinet and the formation of a coalition government was directly due to the power exercised by the liquor trade to

PRESENCE OF GOD SEEN IN BATTLES

Clearly Manifested in Present European Conflict, Said Rev. Dr. Endicott.

ORDINATION SERVICES

Fifteen Candidates for Ministry Ordained at Elm Street Church.

Elm Street Methodist Church was crowded at the conference service yesterday morning, at which 15 candidates for the ministry were ordained. Rev. Dr. Chown, Rev. Dr. Wilson and Rev. R. J. Trevelyan took part in the service. The ordination sermon was preached by Rev. Dr. Endicott, general secretary of the mission board.

Rev. Dr. Endicott preached on the glory of the Lord as set forth in the sixth chapter of the book of the Prophet Isaiah. Holiness was the chief attribute of the Lord, and it was the most important characteristic for a man, a nation or an empire. It was not true that the greatness of the British Empire consisted of its territorial extent or the vast millions of King George's subjects. The British Empire did not consist of the form of government; it was not based on the idea of monarchy or military or naval supremacy, but upon the principles of righteousness and human liberty. These principles were personified in the life of Alfred the Great, Cromwell, Dr. Livingstone and General Booth.

Where, he asked, would England have been had it not been for the revival of evangelical religion by John Wesley, or Scotland, had the voice of John Knox never been heard preaching the vital importance of truth and religion? It was because Great Britain stood for Christian truth that the Spanish armada was dashed to pieces by the winds of heaven. prevent the Asquith Government establishing prohibition during the war. The trade, he said, acted thru the labor party and the Irish party. The crisis could only be overcome by the formation of a coalition administration.

The fact had been clearly established that the shortage of high explosives was caused by a portion of the men in the factories wasting their time thru idleness. In face of such conditions it was necessary for statesmen to unite their efforts against all party factions and for every subject of the King to set aside personal inclinations, and especially to follow the example of his majesty and Lord Kitchener in the matter of the liquor habit.

TEMPLARS ATTEND SPECIAL SERVICE

Temperance Workers March to the Western Congregational Church.

MUST STAND TOGETHER

Rev. A. Wallace Says Time Ripe for Concerted Action.

Over two thousand and fifty Good Templars, including men and women, attended a special service held in the Western Congregational Church last night. Every temperance lodge in Toronto was represented. The order met at the parliament buildings at 6 o'clock, where they formed in procession headed by Serg. J. E. Smith, who acted as marshal, and marched to the church, wearing the regalia of the order.

F. C. Ward, F. Webster, M. Brown, W. Sanders, J. W. Mathews, D. Brunton, John Patterson, J. H. Day, Mrs. Day, Mrs. Webster and Mrs. Pearson, prominent workers in local temperance movements, were among those who attended.

Rev. A. Wallace of Bloor Avenue Methodist Church preached the sermon. He urged all temperance workers to stand together as co-workers, saying that the time was ripe now to further the cause of temperance as never before.

Rev. James W. Pedley, pastor of the church, in an address of welcome to the order, said: "It is a great privilege to have you here tonight, and it is a good sign of the times to see such a large number of young people in your ranks."

PAPERS OF BERLIN DIFFER IN VIEWS
 Some Think Compromise With U.S. is Not Beyond Reach.

CALL NET FRIENDLY
 But Section of Press Holds Germany Cannot Make Concessions.

(Continued From Page 1)
 England can return for the abandonment of the submarine campaign, "since the plan to starve Germany has finally failed."

Count Von Reventlow in The Times said: "President Wilson persists in his refusal to recognize the German declaration of a war zone, we are not able to conceive of an agreement, or even a real understanding."

The Morgenpost says: "The note is filled with tones of heartiness and friendliness and seeks to open and smooth the way for further negotiations. The offer to recognize Germany and Great Britain will unquestionably be gladly accepted by the German Government, and if mediation in general arrangements, it will be Great Britain's fault."

The Morgenpost praises the uprightness of the U.S. and hopes that it will be possible to demonstrate that Germany is acting within her rights. Tagblatt is Pacific.

The correspondent says: "It cannot be seen why the German Government should not be able to enter into a discussion with the American Government concerning another line and manner of naval warfare. This possibility is increased by the American offer of mediation with England."

The Post is dissatisfied, saying "The note sails the old course and demands the cessation of the submarine campaign, and again emphasizes the remarkable special right of American citizens to voyage across the seas as passengers on ships belonging to belligerent powers."

The newspaper says that negotiations will continue, but a real result can be obtained is questionable, since the demand of the Anglo-Americans for a cessation of submarine warfare is stopped, "lies outside of the scope of practical discussions."

"Quite Unconvincing." The arguments contained in the American note "is unconvincing." "The note," it says, "tries to meet Germany's well-considered arguments with an appeal to humanitarian duties, whereas Germany's humanitarian duty is to protect her soldiers from American ammunition shipments."

The official viewpoint can probably be correctly appraised only after conferences of the imperial chancellor, Dr. Von Bethmann-Hollweg; the foreign secretary, Herr Von Jagow, and representatives of the army and admiralty, the naval and general staff. The emperor, it is believed, will speak the final word.

Conferences at Once. It is understood that these conferences will begin immediately. The answer will certainly not be drafted, and the lines of the German policy will probably not be definitely decided upon before Dr. Antonsen's general conference of the imperial chancellor, Dr. Von Bethmann-Hollweg; the foreign secretary, Herr Von Jagow, and representatives of the army and admiralty, the naval and general staff. The emperor, it is believed, will speak the final word.

HE IS NOT A GERMAN.
 Melepos Golden has come to Toronto from New York, and has opened a store at 573 West Bloor street. Saturday the word spread that he was a German and as a consequence some young closely resembling a riot took place. Last night Mr. Golden stated that he is a Greek and that his wife is Scotch. He remarks that his wife placed a poster in the store window which proclaims the fact that he was a great rearer for Canada and Canadians and wished to live in peace with his neighbors.

VIVID WAR SCENES FIRST IN TORONTO

Exhibition Arranged by The World Portrays Actual Fighting Line Conditions.
RUSSIAN BAND ATTENDS
 Juvenile Organization of Forty-Two Members Will Provide Music.

Seats will be on sale this morning at the Massey Hall box office for this week's showing of the Toronto-World Pictures, which are to be exhibited for the first time in Toronto or anywhere in Canada at Massey Hall on Wednesday night. This will be the first opportunity that Torontonians, and particularly readers of The World, will have to witness a complete exhibition of moving pictures which portray not only the conditions on the actual fighting line itself in Belgium and France, but also in six of the allied countries which are fighting the Germans to maintain the liberty of the world.

The exhibition is divided into three practical parts: the first and chief of which depicts wonderfully vivid active service operations of the English, French and Belgian troops on the allied side of the line, including trench life, big guns in action, captured German soldiers in the hands of the allies, the bombardment of Antwerp, the destructive power of modern shells, as shown in the razed and ruined towns and cities of Belgium, fires caused by incendiary bombs, Belgian refugees fleeing before the German advance, British and French fleets cleared for action in battle array and many other incidents of the great European conflict.

Dealing With Italy.
 The second portion of the exhibition deals entirely with Italy. Britain's latest ally in the great struggle, Canadians generally are unfamiliar with the military and naval achievements of the Italian army and navy, and the films depict mobilization operations prior to the declaration of war against Austria only a few weeks ago. These pictures reached Toronto from Europe, via New York, less than ten days ago, and they have never been exhibited before on the American continent.

The third portion of the two hours and a half display is devoted to the training and tactical exercises which the 19th and 20th Battalions underwent at Toronto prior to their departure for the front. They are shown in sham fighting operations, which were carried out at the Hamber and Cedarvale early in the spring. The pictures likewise have never before been projected on a screen in public, and friends of the soldiers who are now on their way to France will have an opportunity of renewing their recollection of the absent ones. The Vancouver Battalions of the first contingent, and their departure from their home city also form a part of this portion.

Russian Juvenile Band.
 A Russian juvenile band of 42 members will play at each performance, under the direction of Prof. I. Glass, late of Warsaw Conservatory, Russia. This band has only been heard in Toronto on one or two occasions. The artists' ages range from 8 to 13 years, although there are several players who are youths about 17 years old. The instruments used are the most modern, and are of every kind that are used in any band on the continent.

Prof. Glass, who is the director and the conductor, holds a diploma from several Russian conservatories of music, as well as marks of distinction from many noted Russian military bands, whose bandmaster he was, but the professor thinks he has never conducted a more enthusiastic organization than this juvenile band.

Caster D. Soskin, a lad of 9 years, will conduct the band on several occasions during the performance. The band is under the management of the Sanders Concert Bureau of Toronto.

Following the opening on Wednesday night, two performances will be given daily, Thursday, Friday and Saturday, at popular prices. A lecturer will be on the platform to explain and point out features of interest as they make their appearance on the screen.

WILSON'S GREAT AIM TO BE PEACEMAKER
 Washington Opinion is That Germany Will Make Pacific Reply.
 Special to The Toronto World.
 WASHINGTON, June 13.—President Wilson's greatest desire is to be able to contribute in some measure to the re-establishment of peace between the warring nations of Europe. The current controversy with Germany is expected to be adjusted so as to make the official friendship between Germany and the United States even more cordial and pave the way for playing the role of a good friend in the future.

Officials have intimations that German sentiment is more friendly, and this was accepted as indicating that the government is ready for peace measures.

The report that the contents of the note had been telegraphed to Emperor William at the front in Galicia was accepted in Washington as a favorable sign.

M. SANDERS

Manager of the Sanders Concert Bureau of Toronto, under whose management the celebrated Russian Juvenile Band is playing.

GERMAN GIRL SPY WAS IN WOODSTOCK

WOODSTOCK, June 13.—Bert Blair, coal and wood merchant of this city, believes that Louisa Marksfield, the 19-year-old German girl under arrest in Toronto on a charge of espionage, was in his employ as a domestic for several weeks a few months ago. The girl came here from Peterboro.

HAVE TWO NEW DRUMS.

Two new drums have just been received by the Cameronian L.O.L. to be used in the parade July 12. The drums were made in Belfast, Ireland, by Messrs. Hewitt. They bear a photograph of the late Hon. John H. Elliott Cameron, late chief justice of Ontario.

SOCIETY

Conducted by Mrs. Edmund Phillips.
 Sir John and Lady Eaton spent the week-end at their country house in Muskoka, and will return to town tomorrow.
 Mr. Gordon Turnbull of the Royal Bank was the banker in charge of the Rose Day collection of the I.O.D.E., and it was thru his very capable management that the counting of the large amount of money went so smoothly at the King Edward in the afternoon and evening. Very few people are able to realize the stupendous task of counting \$25,000, chiefly in small silver.

The ladies committee of the Toronto Humane Society will meet this morning at 10:30 o'clock to make arrangements for Flag Day, July 1, and will be glad if any one willing to help will be present at the meeting, Humane Society's headquarters, 17 McCaul street, from 10 to 11 o'clock.

Mr. Clive Pringle is in town from Co-bourg.
 Col. Sterling Ryerson, Miss Laura Ryerson and Mr. Arthur Ryerson, are returning to return home the beginning of July.
 The marriage was quietly solemnized in England on June 10 of Antoinette, eldest daughter of Mr. and Mrs. Archibald G. Parker, Ottawa, to Mr. Charles Lionel Turnbull of the Army Medical Corps, son of Rev. and Mrs. Mark Turnbull, Iderton, Ont., formerly of Goderich.

Mrs. Dumoulin has returned from a visit to Ottawa.
 Mrs. J. W. Nesbitt is spending a few days with Mrs. Lynch-Staunton, Hamilton.

Mrs. MacLachlan and Miss Maida MacLachlan are spending some weeks with Mr. and Mrs. MacLachlan, 31 MacLennan avenue, North Rosedale, and later on will go to Ottawa.
 Mr. and Mrs. H. C. Stanton are spending a week or ten days in Detroit and Chicago.

Mrs. Dickson and Miss Macdonald are giving an entertainment at St. Margaret's college this evening in aid of the Red Cross at 8:30 o'clock. There will be a program of music by the faculty and a play by the senior pupils.

Mr. and Mrs. C. Dalby announce the engagement of their eldest daughter, Inez, to Mr. Wilfred Harris Taylor. The marriage will take place in the Church of St. Stephen, Toronto, on the 30th of June.

The exhibition of etchings and prints which is being held at "The Grange" under the auspices of the Secours du Nord will continue for the first three days of this week. Mrs. Murray Alexander will be the hostess on Tuesday and Wednesday Mrs. Arthur Meredith will act in the same capacity.

The Sir Edward Carson Lodge, Daughters of Ireland, will hold a shower of cotton for chapter I.O.D.E. at the house of Dr. and Mrs. T. B. Macdonald, 468 Parliament street, this evening at 8 o'clock. It will be an Irish evening, Irish songs and speeches. The Irish in Riverdale will be invited to the church, and interested will be heartily welcomed by the Daughters of Ireland.

A letter received by the Secours National tells that the price of a reel of cotton in Paris is 30 cents, and only one allowed to each customer. The ladies of the Society for French Relief would be the hostesses on Tuesday and Wednesday Mrs. Arthur Meredith will act in the same capacity.

THE SECRET.

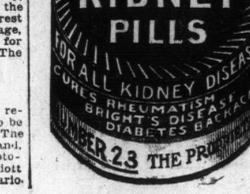

The secret of many a woman's beautiful hair is simple. Two or three times a week, just before retiring at night, if you will rub with the tips of your fingers, Adams' Hair-Rub well into the roots of your hair, massaging the scalp gently, you will have gained the secret.

It will make your hair easy to arrange, wavy and bright. It will also keep both the hair and scalp in a healthy condition, taking up the excessive oil it makes it unnecessary to wash the hair too frequently.

R. L. F. McMASTER DIES AFTER SHORT ILLNESS

R. L. F. McMaster, eldest son of the late Capt. W. F. McMaster, died at his residence, 63 Madison avenue, yesterday morning, June 13, after a few days' illness.
 Mr. McMaster was born in the Township of Otonabee and was educated at the Grimsby Grammar school, and came with his parents to Toronto at an early age. He was associated with the well known wholesale house of A. W. McMaster & Brothers.

After the dissolution of the firm he became secretary-treasurer of the Toronto General Burying Grounds, which position he held at the time of his death.
 He is survived by his widow, a sister of the late Robert Wilkes and two sons, Clarence Wilkes and Percy R. W.

A Flag for Every Home!
NOW

There's no need to be without a flag, out-of-know—the way has been made smooth, the expense almost eliminated, the quality of the flags high. Every emblem is the best procurable of its kind, not to be compared with the cheaply made flags, or small flags, or stamped or ink-printed flags, but a "regular" Union Jack in every sense of the word. Every citizen will have much to celebrate. Victories of Canadian arms, interspersed with holidays, make it essential that every loyal and patriotic home show a flag every day. Get yours while they are still to be had.

PRESENTED BY THE WORLD
 and on view at 40 West Richmond Street, Toronto, and 15 East Main Street, Hamilton.

All enclosed in a box, in which the complete outfit may be permanently kept in compact space when not in use (size box, 24 inches square by 3 feet long).
 The Flag—full size, 22 1/2 ft., A Metal Staff Holder which may be permanently attached to the window sill—allowing the pole to be instantly inserted or removed at will.

Sailing on Saturday

The Q. C. Y. C. held two of the latest star races Saturday afternoon on the course in front of the boat house. The "hang and go-back" race for the Martin Cup. This race was fought out by W. Ward's motorboat, the "Wide-Awake" and Everett's "Traumers". The "Wide-Awake" won the cup by a lead of about 30 yards.

The second race was for the "bug class" of sailing boats. This class is for those boats smaller than dinghies. The results:

1. Pop, Q. C. Y. C. Start. Finish. 22:45
 2. Kesting Bug, A. Y. C. 4:00 4:33.47
 3. Beatie, Q. C. Y. C. 4:00 4:40.15
 4. June Bug, A. Y. C. 4:00 4:43.16

LUCKY KNOCKED OUT FIRST, WENT BACK AND WON THE SECOND

Leafs and Royals Split the Sunday Doubleheader at Rochester Plays at Island Today—Scores and Records.

Special to The Toronto World. MONTREAL, June 13.—After being battered out of the box the first game under a fusillade of hits in less than three innings, the Leafs' Cuban pitcher, Luque, demanded a free chance at the Royals in the second game of today's doubleheader. He was given the opportunity, and being the lucky to nine hits, and beat them, 5 to 4. The Royals won the first game, 17 to 4, smothering three Leaf switters with hits, Luque yielded five for seven runs in less than three innings. Cook lasted three and a third, giving eight hits and the same number of runs, and Cochrane finished out, being the only pitcher of the trio to hold the Royals to a scoreless inning. He was touched for only a brace of runs during his stay on the mound. There was terrific hitting on both sides in the opener, the rough grounds making the infielders' jobs difficult. The Leafs had thirteen hits from Bullet Miller's offerings, as striking the Royals' eighteen, including two home runs by Ray Demmitt, Smith and Hollander of the locals also amassed four-sack clouts, Smith being the big hitter of the fray, with three doubles and a single in addition to his homer. There were all kinds of freak baserunning, the Royals twice scoring on double-plays.

GRAYS ON SUNDAY WIN DOUBLEHEADER

Taking Both From Jersey City—National, Canadian and Federal Results.

At Newark (International)—Richmond won a hard-fought pitchers' battle, the first game of a doubleheader, from Newark Sunday 4 to 3, but lost the second, 5 to 12. Neither side was able to get more than a couple of hits in the first game, which the Virginians won in the ninth. The Indians yielded the willow to good effect in the second, accumulating an even dozen hits. Scores: First game—0 1 1 0 1 0 1 0—4 3 1 Richmond; 0 0 0 0 0 0 0 0—1 2 3 1 Jersey City. Second game—0 0 0 0 0 0 0 0—12 3 1 Richmond; 0 0 0 0 0 0 0 0—5 1 2 Jersey City.

At Jersey City—Providence took two games from the Skeeters, making a clean sweep of the series. The first session was largely a matter of poor fielding by the locals, and the Grays' snappy work in the field and ability to hit the ball when hits were needed. Sherman pitched a good game for the Skeeters, striking out six men, but was taken out in the eighth to allow Tamm to bat. Constock was effective in the second game, holding the Skeeters to a single hit until the eighth, when he yielded a run and a hit. Trussdale hit a liner thru second for three bases. Scores: First game—0 0 1 0 0 2 1 0 0—4 6 0 Providence; 0 0 1 0 0 0 0 0—1 2 3 1 Jersey City. Second game—0 0 0 0 0 0 0 0—6 0 0 Providence; 0 0 0 0 0 0 0 0—1 2 3 1 Jersey City.

At Hull (Canadian)—Ottawa made it three out of four from London by taking the Sunday game. Shockey outpitched Reising, Ottawa winning 4 to 2. Scores: Ottawa 4, London 2.

At Chicago (National)—Chicago defeated Boston 6 to 4 in the first game of the series on Sunday. Scores: Chicago 6, Boston 4.

At St. Louis—St. Louis mixed hits with Brooklyn's errors and won 9 to 2. Scores: St. Louis 9, Brooklyn 2.

Motordrome Results

One of the largest crowds of the season went away delighted from the Motordrome Saturday night, after seeing the twelve good motorcycle, motor-pace and bicycle sprints which were run off. Frank Corry, the Australian motor-pace crack, increased his local popularity by decisively beating Bobbie Withhour of Atlanta in three straight heats of the 5-mile motor-pace fixture. There were half a dozen sprints, and the cycling experts continually see-sawed, while they never were more than a lap apart. The fastest heat was the five-mile dash, in which Corry pedaled the twenty laps in 6:12. Percy Patterson of New York made his first appearance here in the Percy-King Sweepstakes, and he held his own with the speed boys. Chief interest was centred in the thrilling motorcycle con-

tests, in the conduct of Henikman and Burtshaell, the battlers, who have become red-hot rivals. Burtshaell took two out of the three fights on the steep wall, but Henikman saved the Atlanta crack out in the five-mile start by less than a foot. Henikman rode the five miles in 3:51. Patterson was a close third in each race. The fans were disappointed when Art Spencer, the Riverside champion, failed to win out in the half-mile bicycle handicap, as he did one week before. Victory went to A. E. Nichols of the Salem Club, who started from the 12-seed mark, with Penny second and Nell Munro third. Time 3:25. A terrible spill occurred in this race, when Ketteral, a young rider, went down. Other riders fell over him, and in a moment there was a heap of bicycles and men. No one was seriously hurt. Doherty of Detroit arrived in Toronto yesterday to take part in a series of motorcycle features, the first of which will be staged Tuesday night, along with bicycle and motor-pace attractions. **Worth knowing—no wood alcohol in Adonis Hed-Rub. 50c and \$1 bottles at druggists.**

They may disagree on the merits of the play—and on many other subjects—but they agree that motoring there and back with Dunlop Traction Treads was "just fine and sure!"

KINGLY CAPTURES THE WINDSOR CUP

Favourite in Small Field Defeats Commonada by a Nose in Feature at Blue Bonnets

MONTREAL, June 12.—Kingly won his third consecutive state title when he defeated a small but select field in the race for the Windsor Cup at Blue Bonnets today. The previous state victories by this representative of the Mizpah stable were the Toronto Cup and the King George handicap. Out of 23 official nominations for this event only four horses went to the post. The winner was first choice with the talent, but he won only by a nose from Commonada and Tactics had a similar narrow margin with Water-bass in finishing third. **Summaries:** **FIRST RACE—**Handicap, three-year-olds and up, Canadian-bred, purse \$500 added, one mile. 1. WONDERFUL BATTING PERFORMANCE BY CAPT. IRVINE OF RIDLEY COLLEGE

Hitting Up Seventy-Six Runs Without a Chance—Upper Canada Beaten at St. Catharines Under Ideal Conditions by One-Sided Score.

Quite a few visited St. Catharines on Saturday to witness the deciding game between Ridley and Upper Canada for the championship of the Little Big Four college cricket series. Both eleven had gone thru victorious over St. Andrew and T.C.S., and, barring an advantage of the home field, the chances looked fairly even. However, the Ridley side proved vastly superior in every department, not only with the wicket, but also with the bat. U.C.C. bowlers had to perform splendidly against the other rival, but had no terrors for the Ridley batsmen. Changes were frequent throughout, but no effect.

The honors of the day went to "Mickey" Irvine, the popular captain of the team, who was in first with "Shrimp" Mills, and long before the end of the game looked safe from Harry Griffiths' standpoint. Mills stayed at the wicket an hour for 10 and when he went up to McWhinney at square leg the telegraph showed the Ridley side square leg was hitting confidently and actively, scoring his half-century almost entirely behind the wicket—his cutting and to square leg. The side were almost all in batting form. Wood, Turnbull, Garrett, Alexander and Murray also showing a peculiar fondness for the landing.

Irvine's wicket was the fifth to go, but still the batsmen kept on merely rolling up the runs. Late in his innings Irvine displayed some forward hitting, but was not allowed to get a chance until, playing one from Henderson, he raised it to short square leg and retired with 76 to his credit. With Jenour and Gus Porter nicely settled, and Hugh McCulloch and H. Williams eager to get a crack at the ball, the innings was declared closed at 210. U.C.C. had three hours to get the runs, but were not nearly equal to the task. Murray alone mastered the bowling, scoring 21 by the Toronto boys' total was going nicely when he was unfortunately run out. The Toronto boys' total reached 74, or just two less than Irvine's contribution.

The fielding was smart, sharp and clean, and the friendliest of feeling was shown on both sides. U.C.C. had a few hours left, and in the follow-up had no difficulty in batting out time. A feature was a wonderful catch in the field by Porter. Among the Toronto visitors were G. H. Gooderham, M.L.A., and Dr. W. C. C. Wright, day after day, and also the cricketer. In fact, it looked so much like a regular cricket match that the Toronto boys' total was quite a large attendance, and everyone enjoyed the play. The bowlers were in batting, and also Alexander's wicket-keeping. The experts in the pavilion gave it as their opinion that the team was better than last season's champions, and that they would have a great chance to lift the Robertson Cup, should they win the match.

W. Woodgreen beat East Toronto. Woodgreen C.C. defeated East Toronto last Saturday in a game for the Woodgreen League, played on the Woodbine race-course ground, the score being 22 to 49. For the winners Art Green came out with a splendid knock of 32. H. Green 13 and P. White 11, also batted well. The only man to get double figures was Art Green, who made 10. The bowlers on the Woodgreen side were remarkably good, taking 12 wickets for 112 runs, including the hat-trick. This is the third time in the season he has obtained three wickets without conceding a run. Wilkinson had 4 for 12. For East Toronto W. C. Green obtained 7 wickets for 56 runs, and A. G. Greenwood 3 for 16.

HEAVY RAINFALLS MENACE TO WHEAT

Reports From Minnesota and Dakotas Rallied Prices After Break.

CROP CRISIS REACHED

Recent Frosts in Northwestern States Add to Anxiety.

WAR SPECIALTIES ADVANCED SHARPLY

MOVEMENT LIMITED

Standard Railway Shares Neglected - Another Gain in Bank Reserves.

CHICAGO, June 12.-Fear of damage from heavy rains northwest had a good deal to do today with an advance in the value of wheat. The market closed strong at 1 1/2 to 1 3/4 cents above last week's closing. The market was unchanged to 1/4 cent and provisions down 2 1/2 to 2 3/4.

NEW YORK, June 12.-Dealing in stock market issues would have been more than significant had the movement shown greater breadth. Most of the standard shares were neglected, activity and greatest advances again concentrating about war specialties and other stocks more or less remotely within that special class.

In the more direct war issues, Bethlehem Steel preferred rose to the new high price of 119 1/2, with smart advances in the common stock. New York Air Brake, General Electric and half a score of other industrial and equipment shares in the manufacture of munitions of war. Motors were relatively inactive.

Seasoned railway shares, including Union Pacific, Lehigh Valley, New York Central and Atchafalaya were up a point, and United States Steel also held steady until the close, when pressure wiped out much if not all their early advance.

Quite a severe break in the wheat market preceded the final bulge. An upward tendency at the start was for a while more than offset by news that harvest had begun in Kansas with weather of an unexpectedly favorable sort, which promised to continue until Sunday at least.

Bulls controlled the corn market from the outset. Adverse crop reports from Iowa and Nebraska were emphasized by similar advices from other states, notably from Missouri. Demand from the seaboard and country offerings diminished.

In oats the feature was selling pressure on the seaboard and country offerings diminished. Lower prices for hogs affected provisions. On the decline packers came to the support of lard and ribs, but seemed to neglect pork.

Actual bank loans expanded almost \$16,000,000 during the week, with a cash gain close to \$16,500,000, reserves increasing about \$9,900,000. Bonds were steady. Total sales, par value, \$1,385,000.
