LABOR NEWS

STRIKERS' TRIAL WILL START TODAY

Eight Winnipeg Leaders Case May Last About a Month.

Winnipeg, Nov. 25.—All preliminary business aside, the stage is now set for the actual trial of the eight strike leaders charged with seditious conspiracy to begin Wednesday morning. The men who will face a judge and jury on the indictment are John Queen, A. A. Heape, J. H. Johns, W. A. Pritchard, R. E. Gray, George Armstrong, R. B. Russell and Rev. William Ivens, and they will be tried by Justice Metcalfe.

When court resumed this forenoon A. J. Andrew, leading crown counsel, declared he was prepared to proceed immediately with the charges. R. Cassidy, K.C., counsel for the defence, objected to going ahead with the big trial so soon, saying the defence desired to have the indictments against F. J. Dixon, M.L.A., and J. S. Woodworth dropped. After considering the matter Mr. Justice Metcalfe decided to commence trial of the strike leaders tomorrow morning. The strike trial will probably be the longest in the history of Manitoba, lasting perhaps a month, with 167 witnesses called by the crown and a large number for the defence.

RECIPROcity IN AGREEMENTS.

James Miller, business manager for the Union of Freight, Handlers and Stationmen, stated yesterday afternoon that A. O. Wharton, president of the employees' department of the American Federation of Labor, who has taken charge of negotiations respecting the desired 20 per cent. increase in wages, had written to say that the Washington Labor Board would report upon the feasibility of such a policy in a few days. "If the report is favorable and the railwaymen in the United States are granted the 20 per cent. increase this fact will react upon Canada, and very likely the Labor Board at Ottawa will likely act accordingly. The gist of testimony presented by the 20 per cent. increase ourselves. As a matter of fact, if I am correctly informed, there is an agreement between two countries which makes for reciprocity in such matters, and it must not be forgotten that the Grand Trunk and the C.P.R. both have their tributary lines in the country to the south of us."

The above increase is considered in connection with the McAdoo award which to date has granted these men an increase of 59 per cent. At the same time other classes of railway employees have been increased more than 100 per cent. The proposed increase will raise the McAdoo increase up to 79 per cent.

NON-UNION MEN ARE POORLY PAID?

Stationary Engineers Said to Be Working 12 Hours at 32 Cents.

That stationary engineers on shifts are in some cases getting as low as 32 and 40 cents an hour on 12-hour shifts, was the startling statement made yesterday afternoon by a man conversant with the trade in Toronto. He stated that lack of co-operation among members of the craft was responsible for this state of affairs. B. Reid, business agent for the Stationary Engineers' Union, when asked about the matter stated that this information was possibly correct, but that it would have to be made subject of investigation before it could be proven, and this was difficult in most cases, management of firms refusing to give access to union men. He was able to say, however, that union wages were 60 cents an hour minimum, and that if any stationary engineers were receiving as low as 32 cents the argument for organization was decidedly apparent. The union schedule called for eight-hour shifts, and it was well known that many stationary engineers put in as many as 11 and 12 hours, some even 13 hours a shift. It would be easy to show that if men received as low as 32 or 40 cents an hour they would receive as much in 12 hours as the union schedule granted in eight hours. The principle of a twelve-hour day in these days of hygiene and eugenics was obvious to say the least, but when a twelve-hour day gave one man only as much as an eight-hour day would give another the inference was patent.

DAY WORK BY LEGISLATION.

National union bakers are taking every available means of getting legislation enacted to prohibit night work at the bakeries and confectioneries of the province. This was the information given out last night by Tom Watt, general organizer for the Canadian Federation of Labor, and John Drummond, president of the Bakers' Union, who interviewed Hon. Walter Rollo, minister of labor, upon the matter. They stated that this legislation, while considered directly for the welfare of the employees, would also indirectly benefit the public since baking by daylight would be conducted along the most hygienic lines.

DOLLAR AN HOUR

Bricklayers in Strong Demand Both in Town and Country—Record Wages Paid.

Trade is apparently brisk all along the line. Yesterday afternoon John Vick, business manager for the Bricklayers' Union, stated that today business in his trade was such that employers were offering from 75 cents to a dollar an hour. Records, the builders, are looking for 50 bricklayers on the new Loew's Theatre, Bloor street, and the Goodyear Rubber Company is offering a dollar an hour, while Fairbank & Morse, the District Construction Company and others in the western section of the city are offering 95 and 90 cents an hour. Mr. Vick stated that so far as he could now see there would be work during the winter for many classes of the building trade. The present era of brisk trade had not been surpassed in a number of years, certainly not since 1912. It was also noticeable that wages offered this year were better by as much as 40 cents than those offered years ago, altho living expenses had also risen proportionately. However, so far as trade unionism was concerned there was no indication of undue lack of employment in Toronto. Out of 10,000 offers were as high as \$1.15 an hour, but men in Toronto with families and mortgaged homes, did not care to run the risk of either leaving Toronto for more uncertain fields or of maintaining two homes. This created an even more spirited out of town demand for help in the building trade.

HE KNEW NOTHING OF COMING STRIKE

So Says R. J. Fleming—Also Refused to Discuss Unknown Award.

Evidence by E. N. Crompton, fair wage officer, today will conclude the list of witnesses called in the investigation by Judge Barron of the strike of September 3, in the course of which more than 40,000 citizens were sadly inconvenienced at the C.N.E. Arguments of counsel for both sides will be presented at the afternoon session. The chief testimony presented by R. J. Fleming, general manager of the Toronto Railway Company, was that he knew nothing of the strike until 12:30 p.m. the day it occurred, and that he refused to confer with James T. Gunn upon an award of which he knew nothing.

Mr. Fleming stated that he paid little attention to the requests of Mr. Gunn for a conference because he had received so many, and at the time was busy upon very important matters. He further stated that Mr. Gunn, in reporting the matter had carefully deleted witness' explanation for not considering a conference, to wit, "that he could not discuss an award he had never seen." Witness did not see the award until after the mayor had left for the Labor Temple the afternoon of the strike.

Favored Outside Judge.

A rather striking feature of the examination was the fact that it elicited from the witness his opposition to the appointment of Judge Denton as chairman of the board, granting that award on the ground that no Toronto judge could hold an unbiased opinion upon matters affecting the company, because of the influence of the Toronto press. He therefore favored the appointment of an outside judge.

INCREASED BY \$1 A WEEK.

Joseph T. Walsh, general organizer for the International Union of Bakery and Confectionery Workers, has called a mass meeting at the Labor Temple for next Saturday night. He stated to The World yesterday that the international local in Toronto had been successful in getting the wages of their members increased a dollar a week during the past two weeks. Leaders in the international movement will address the meeting, which is in the nature of a mass organization meeting.

OWNERS' GUILD STARTED

Property-holders Organize to Protect Their Interests and Reduce Taxes.

A preliminary meeting was held at 2 Toronto street on Monday, 25th inst. at 4 o'clock, to organize the Toronto Property Owners' Guild, for the following purposes: To protect the interests of Toronto property owners; to secure honest, efficient and economic government and a just and equitable assessment on property; to apply for an amendment to the assessment act to prevent the assessment of old buildings at a higher figure than original cost; to make civic properties pay a fair return on money invested, to procure sale of the city's assets, now run at a large annual loss, and to secure a reduced tax rate and oppose all further increases of the city debt.

PRINCE'S AU REVOIR

His Royal Highness Grateful to the People of Ontario for Their Kind Wishes.

The following telegram was received yesterday from His Royal Highness the Prince of Wales in response to a message sent by his honor the lieutenant-governor, wishing in the name of the people of the Province of Ontario, his royal highness a pleasant voyage home: "I am deeply grateful to the people of the Province of Ontario for their kind wishes, and I hope you will convey to them my thanks. I wish them au revoir, and the fullest measure of prosperity. (Signed) 'Edward P.'"

I.O.D.E. MEETING LARGEST RECORDED

Nine Hundred Members of Forty-Three Chapters Gather at King Edward.

Probably the largest gathering of the I.O.D.E. that has taken place in Toronto was that of its 900 members of 43 chapters that met at the King Edward yesterday. Speakers were Brig.-Gen. C. H. Mitchell, dean of the Faculty of the University of Toronto; Hon. H. J. Gody and Sir Robert Falconer. The occasion was the inauguration of the Toronto War Memorial Fund. Miss Kathleen, regent of the Municipal Chapter, presided at the luncheon, and Mrs. John Bruce, president of the National, represented the Dominion War Memorial Fund. Lady Hendrie was also present.

Sir Robert Falconer spoke on the university war memorial and its relation to the memorial of the I.O.D.E. and gave high commendation to the daughters of the Empire for their determination to raise a fund for scholarships and other educational advantages for the children of soldiers who fought at the front and are incapacitated, or for the dependents of soldiers or sailors killed in action. Dr. Cody spoke along similar lines, and on the work of Canadianizing the children of foreign-born children. The question of Canadianizing foreign-born children resident in Canada is one of the most important questions of the coming generation, said the speaker. The Toronto chapters pledged themselves to raise \$75,000.

Associated Boards Get Message From Prince

At the close of the meeting of the Ontario Associated Boards of Trade and Chambers of Commerce, on Friday last, the following message was forwarded to Sir Lionel Halsey, H.M.S. Renown, Halifax, N.S., regarding the departure of His Royal Highness the Prince of Wales: "The Ontario Associated Boards of Trade and Chambers of Commerce, in bidding His Royal Highness the Prince of Wales farewell, venture to say that nothing has occurred in recent years which has accomplished so much in spreading the imperial feeling as his royal highness' three-months' visit in Canada, and it is the earnest hope that such visits in future may be more frequent."

Board of Education Calls Meeting on Overcrowding

When the city council passes the estimates of the board of education necessary to relieve the overcrowding they will be submitted to the people on New Year's Day. An emergency meeting was called yesterday by Chairman Hensby to discuss the matter and another meeting will be held on Friday at 4 p.m.

Inspector Cowley, in presenting his report on the number of new rooms absolutely necessary to carry on the education of the children of the city, said that small additions to small units of new schools would be necessary at from fifteen to eighteen points in the city.

ALLEGED INSULT TO AMERICAN FLAG

Canadian Nurse in Vermont Hospital Said to Have Called It a Dirty Rag.

Rutland, Vt., Nov. 25.—An alleged anti-American incident reported by nurses at the Rutland Hospital is to be the subject of inquiry at a joint hearing by a committee of the board of aldermen and the directors of the hospital tomorrow night. The incident as reported to the aldermen developed from an alleged conversation between Miss Annie McLane of Woodstock, N. B., and Miss Marion Niles, an American girl, both nurses at the hospital.

Miss Niles, it was said, had shown a postcard picture to Miss McLane, remarking on its beauty, when the Canadian girl agreed, but added: "Except for that dirty rag," referring to an American flag which had a prominent place in the picture. A spirited argument between the nurses followed, and the incident was called to the attention of Miss Annie Aitken, superintendent of the hospital, who is a sister of Lord Beaverbrook of Canada. A demand by American nurses with a demand by American nurses that Miss McLane apologize. When the apology was not forthcoming, the American nurses went on strike as a protest, but returned subsequently.

Miss McLane is now said to be at her home at Woodstock, on leave, or absence. American nurses assert that she has not yet apologized, and on their representations, Ald. C. W. Poucher brought the matter before the city fathers for inquiry.

STATE DINNER TO PRINCE FIRST "DRY" ONE IN EMPIRE

Halifax, N.S., Nov. 25.—The Halifax Herald, commenting on last night's state dinner to the Prince of Wales, says it was "dry." "It was the first state dinner by a national government in the empire at which intoxicating liquors had no place. There were none there—it was a 'dry' state dinner—the first 'dry' state dinner of its kind in our history. This is, we think, a precedent, indicative of the urge of the times."

PATTI LEAVES ESTATE VALUED AT \$580,000

London, Nov. 25.—Adelina Patti, the famous prima donna, who died Sept. 27 at her castle in Wales, left a gross fortune of £118,000. She bequeathed her entire property to Baron Rolf Cederstrom, her husband, with the exception of special bequests of jewelry to Alfred de Rothschild, Marianne Fissler, Clara Fissler and Mabel Woodford and a Pope Leo XIII. stole to Herbert Vaughan, a nephew of Father Bernard Vaughan.

Glace Bay Clerks Call Strike To Support Manager's Action

Sydney, Nov. 25.—A strike of Glace Bay clerks has been called off. The strike was unique in that it was called by the clerks of a Glace Bay concern in support of a manager's action in discharging a fellow-employee by whom he had been assaulted. When the directors reinstated the discharged man the strike resulted. "Kid" Burns, a prizefighter, who was the cause of the trouble, was again suspended and the clerks went back to work.

AIM NOT TO CRUSH, BUT GUIDE EGYPT

Whatever Terms Imposed on Turkey, British Protectorate Stands, Says Curzon.

London, Nov. 25.—Earl Curzon, the foreign secretary, speaking in the house of lords today, said that Egypt was neither able to protect her own frontiers from aggression nor to guarantee a stable internal government. He declared that Great Britain could not wash her hands of a country standing at the door of Africa and the highway to India. The idea that the aspirations of the Egyptian nation were to be crushed, however, he said, was an extravagant misconception.

The Egyptians, Earl Curzon continued, could not be shown too clearly that, whatever peace was imposed on Turkey, recognition of the British protectorate would be one of those terms. Therefore, no provision in the peace treaty with Turkey would alter the task with which the mission headed by Lord Milner, secretary for the colonies, to investigate the unrest in Egypt was entrusted. Lord Milner, he said, had no constitution in his pocket, but was going to consult with the Egyptians with regard to how they could best co-operate in the management of their country under British guidance.

DROP IN COAL PRICE SURPRISES BRITAIN

Some Critics Ascribe It to a Deep Political Move to Influence Elections.

London, Nov. 25.—No domestic event in a long time has so stirred the press as the reduction in the price of coal, announced in the house of commons yesterday by Sir Auckland Geddes, minister of national service and reconstruction. The action, coming as it did, shortly after a statement by the minister that even a six-shilling decrease was impossible, caused general amazement and satisfaction at the prospect of cheaper household coal has been tempered by mystification as to how it was done, on the one hand, and why it was not done sooner, on the other.

In consequence a deep political move is imagined in some quarters to be at the bottom of the matter, one editorial suggestion being that as several by-elections are impending the concession to householders is a vote-catching dodge.

While the coal owners, thru some of their spokesmen, declare the reduction in price means ruin for them, as coal cannot be produced under such conditions, except at a grave loss, the miners and ought to be carried much farther. The latter, and the section of the press which supports them, point out that the net reduction does not affect industrial coal, which remains at what is declared to be an unreasonable price, and will have to be paid for by the public in high prices for commodities which depend on coal for production. They contend that the increase of six shillings in July was utterly unnecessary, and that the government made a huge profit from it.

SHOT FOR POCKETING BOLSHEVIK FUNDS

Riazon, Russia, October 27.—(Correspondence of the Associated Press.)—M. Bakromoff, the president of the Soviet here, who raised a "local fund for the purchase of entente imperialist statements," has been shot by the extraordinary commission for combating counter-revolution, for misappropriating funds intended for spreading Bolshevik ideas.

According to a newspaper report Bakromoff read a detailed report to the Riazan Soviet, declaring that he had bought Premier Clemenceau at France for 150,000 rubles, President Wilson for 200,000 rubles, and the Berlin foreign office for 50,000 rubles. The commission against counter-revolution discovered that the fund was a swindle, and that Bakromoff and two local officials in the mobilization department had pocketed the money.

VETERANS MEND OR END SOLDIERS' AID

Parkdale G. W. V. A. Pass Resolution to Above Effect Unanimously.

"That one of the first operations of the new provincial government should be to mend or end the soldiers' aid commission, that, under the pretext of upholding the provincial jurisdiction in education, it has forced a dual control in vocational training, which has proved as usual control always proved an unjustified nuisance; that governed at it has been by civilians without understanding of the psychology of a soldier, the soldiers' aid commission has been chivalry as the morgue, and as helpful as rich relations in Aberdeen; and that, either a red-blooded returned soldier should be put in the head of it, or it should be struck off the strength."

The foregoing resolution embodied the feeling of Parkdale G.W.V.A. and was passed at a general meeting held last night in the Royal Templar Hall. The members signified their unanimous approval of the resolution and there was not one present who had a good word to say for the commission, although several complained of the treatment they had received upon application to the body for employment.

"No Damn Good." Col. A. T. Hunter, president of the branch stated that with a general clean up and a returned man at the head, the soldiers' aid commission could assist materially in the re-establishment of the returned men, but, as it was conducted at present, he was of the same opinion as over 50 per cent. of the returned men that "it was no damn good."

The meeting requested that the Ontario executive of the association call a general convention as soon as possible, and that notice of the matters to be dealt with at this convention should be communicated to the branches in time to allow the general bodies to form their opinions and instruct their delegates as to their wishes in regard to the matter. The ballot on the advisability of taking political action was recorded, although no results were given out.

GENERAL STRIKE OF RAILWAY MEN NOT DISCUSSED

Brotherhood Leaders Deny Reports They Are Holding Secret Sessions.

Chicago, Nov. 25.—Reports that national leaders of the four railway brotherhoods in session at Cleveland were holding secret discussions as to whether a strike of railway workers in the United States should be called and which gained wide circulation and considerable credence in Chicago railway union circles were denied tonight by W. G. Lee, president of the Brotherhood of Railway Trainmen, and by Timothy Shea, acting president of the Brotherhood of Firemen and Engine Men. President Lee, however, admitted having received a telegram from the Kansas City local saying that the trainmen and yardmen there had decided to strike tomorrow, and that he had warned them that if they thought they were "bigger than the United States government, he had no advice to give them."

Knowledge of the Kansas City situation and of similar pressure from other locals, is what gave rise tonight to the reports which spread so rapidly here tonight. The union officials in Chicago from whom the information was obtained, stated that so far as they were aware the secret conference in Cleveland had not yet reached the point where resolutions or motions for the strike actually had been presented, but that the discussion concerning it today, according to their information, was favorable to the project, and that the tie-up could be expected within three days. A similar announcement was made late today at the convention of the newly organized labor party here.

"No Motion Yet Offered." Cleveland, Nov. 25.—When told of the Chicago story regarding a possible strike by the four railroad brotherhoods, William G. Lee, president of the Brotherhood of Railroad Trainmen, tonight issued the following statement: "No motion or resolution pertaining to a quick strike has come before the conference of general chairman, of the four railroad brotherhoods in session here for action, and I do not know whether any such motion or resolution will be presented."

"I received messages today from Kansas City saying that trainmen and yardmen had decided to strike on the twenty-sixth (tomorrow), unless a favorable reply to their request for increased pay to overcome the high cost of living is granted. I have said to all of them, in reply, that if they think they are bigger than the United States government, which is operating the railroads at present, I have no advice to give them."

Will Spread From Kansas City. Kansas City, Mo., Nov. 25.—Information obtained tonight was that the Local Trainmen's Union had decided to call the action by a vote of forty to one, the draft was sent to the drafting committee for preparation of a formal convention. This will be held at the conference later for formal approval. The one vote against it was that of G. E. Paus, employers' delegate from Norway.

ATTOENEY GREER TO SPEAK. Lieut.-Col. R. H. Greer and Captain Johnson, superintendent of Spadina Military Hospital, are to address a G. A. C. meeting at Central Y.M.C.A. tonight which will be open to all nursing sisters, Y.A.D.'s and masseuses, whether discharged or in uniform.

NEW ORDER IN HITS PROFITS ON BACON (Continued From Page 1.) exceed 25 per cent. of the sale price thereof and that sales at higher prices shall be deemed to bear an unfair profit. All concerned, whether producers, distributors or consumers, shall have liberty to communicate to the board, not later than the twenty-fourth day of December, with reasons, their objections to the bringing into effect of this paragraph of the order.

Reduced Prices Are Basis. It is pointed out that the previous orders reduced the prices of pork and pork products to those prevailing as of March 10, 1919. After these orders were made the market reduced their prices to conform with the order. The present reduced prices are now made the basis instead of those prevailing as of March 10. At the same time to provide for changes in the cost of live hogs, the new order is made of an elastic character. As many physicians prescribe them for indigestion, dyspepsia and other digestive disorders, as they are sold in all drug stores everywhere in the United States, these Tablets, the drug store recommends them as among his steady staples, for they really give relief and are highly appreciated.

CONVENTION LAUNCH FORWARD MOVEMENT

Inter-Church Rally Brings Notable Speakers to Massey Hall.

Yesterday the national convention of the Inter-Church Forward Movement was launched at Massey Hall, the morning session being opened by the Rev. Dr. R. P. McKay, secretary of the board of foreign missions, who said the movement must be saturated by prayer. Rev. Dr. Laird gave an address in which he declared that if the church lost even victorious armies could not make for ultimate complete victory. Each communion was found to be planning great things. Then came the realization that each was pursuing nearly parallel lines, and following this discovery came the desire for co-operation and a concerted effort.

Dr. Laird expressed the hope that the thirteen conventions now being held throughout Canada, might result in smaller conventions, the plans made for the campaign include an appeal to the clergy to have four great common themes preached on four Sundays through the Dominion: Jan. 18, "Inheritance"; Jan. 25, "National Aspect of the Appeal"; Feb. 1, "Foreign Aspect of the Appeal"; Feb. 8, summary and final appeal for workers and gifts.

Canon Gould stated that the Anglican Forward Movement went right to the roots historically of the Church of England in Canada. He also thought that the man or the woman who is God's has no difficulty about the financial side of the movement, and that the all-conclusive possession of God—the owner of all things—settled that point very easily and unmistakably.

Representing the Baptist convention of Ontario and Quebec, Dr. O. C. S. Wallace touched upon the work being done in these two provinces. He said that in the campaign every aspect of the convention, every family and every individual will be reached. Speaking for the Congregationalists, Dr. W. T. Gunn said they had speakers in every church throughout the province, for the far west, and never had the Congregational Church had as many volunteers for missionary work as now. Planning for new work, they wanted \$100,000 new money, and they expected to get it. The aims of the Presbyterian Church were outlined by Dr. W. G. Wallace of Blue Street Presbyterian Church.

Rev. A. Lloyd Smith presented the aims of the Methodist national campaign. The aims are: Membership, 400,000; families, 200,000; intercessors, 200,000; stewards, 100,000; personal workers, 200,000; life service volunteers, 5000; new scholars, 100,000; new Sunday school members, 100,000; new Epworth League members, 50,000; financial, \$4,000,000.

In the afternoon denominational conferences were held at the following centres: Anglican, St. James' parish; Baptist, Jarvis Street Baptist Church; Congregational, Bond Street Congregational Church; Methodist, Metropolitan Church; Presbyterian, St. James' Presbyterian Church.

TENTH TIRE ARREST. The tenth arrest in connection with the theft of motor tires from A. D. Gortie's warehouse, Victoria street, was made last night when Detective Koster arrested Alex Duke, 625 West Queen street, charged with receiving. Duke is alleged to have received 22 of the stolen tires.

HOSPITAL CENSURED FOR FAILING TO TAKE ANTE-MORTEM EXAMINATION. That Josephine Zigman came to her death at the Grace Hospital, on Nov. 18, as a result of peritonitis, caused by the use of an instrument in the hands of an unknown person, was the verdict rendered by a coroner's jury at the morgue last night. A rider was attached, censuring the hospital authorities for failing to secure an ante-mortem examination from Mrs. Zigman.

TELEGRAPH REGISTRATION FEES

That recording registered addresses after January 1 will entail a fee of \$2.50 is the information handed to the press and others by the G.N.W., which further stipulates that firms and others will need to register only with one telegraph company, each company co-operating with all others in this matter. Reversible addresses will be discontinued after the date noted. Present addresses may be retained by making local registration and arranging with correspondents to make similar registration with the telegraph administrations abroad.

THE "FLU" COMING BACK

Are You Prepared?

"HERE is an article about the 'Flu.' It says that the general opinion among physicians is that it will return this winter."

"Have they found a cure?" "No. It seems that at the annual meeting of the American Medical Association, papers were read by physicians who could speak from authority on this subject. There was such a diversity of opinion on the effects of vaccination and inoculation, that these methods cannot be considered a success."

"What is a person to do then?" "Well, statistics show that about three persons out of four are immune to the 'Flu' germs. Investigations of a large number of cases make it clear that this immunity from attack is due to the healthful condition of the system."

"In some districts 24 persons out of 1000 developed pneumonia from the 'Flu.' The germs of these ailments seem to thrive under similar conditions. If you are tired out and run down you are an easy prey to pneumonia germs, and the same applies to the 'Flu' and other germ diseases. The thing to do is to keep fit."

"In what way?" "By living according to the best hygienic laws, giving attention to diet and exercise and keeping the blood pure and rich, for, after all, pure rich blood is the greatest of germicides."

"When your digestive system fails to keep the blood rich there is nothing that will help you so much as Dr. Chase's Nerve Food. This treatment is composed of the elements which nature provides for the building up of the red blood corpuscles. By its use you are enabled to get your vitality up to high water mark and to keep it there. For this reason it is a wonderful help in the fight against all germs which threaten the human system."

W. Campbell; Woodbridge, W. J. Blakey, Mimico, John Kay; New Toronto, Chas. Wood, secretary-treasurer, W. H. Bessey.

It was decided that Toronto should be the place of meeting, and that the executive meet with the county office to arrange a day for the annual meeting.

Dr. Cady spoke. Dr. Cady was the speaker, his address being one of congratulation to the audience on the step they had taken in forming a School Trustees Association, and of advice as to steps for the future.

Teacher is Chief Factor. That the teacher is the chief factor in education was the point emphasized in the address. Dr. Cady told of a school that recently came under his notice in which seventeen teachers had been dismissed in about a month.

Consolidated schools. The consolidated school has other advantages besides those of the educative feature, they mean the reaction of roads for every man in the district knows that it is to the advantage of his children to have good roads, as a consequence these come into being with the central schools.

Campaign Projected to Build Women's Building at Varsity

A campaign is in prospect for funds with which to erect a women's building in connection with University College. The need for this is very apparent when it is considered that there are approximately four hundred women students at University College, almost a quarter of whom have to take up their abode in very unsatisfactory boarding houses.

What You Eat and Drink To-day is Thinking and Working To-morrow!

WHEN you come to drink more milk for every meal you'll know the real joy of living. Brain fog will be rarer. Bodily fatigue will disappear. Remember, good health is the foundation of all success.

Milk points the way. Fresh milk from the Farmers' Dairy is the ideal food for men and women who work with muscle or with brain.

It is everybody's food. Food for the delicate and robust child—for the man who wields the sledge or produces by brain work—for the woman who works downtown or at home—for the sick and the well—for the rich and the poor.

It is an energy food! Farmers' Dairy Milk contains in balanced proportion all the vital elements of nourishment. It is quickly absorbed—and helps digest other food more readily.

It is the digested portion of what you eat that counts. Foods with excess waste in them clog the system, dull the brain. They are luxuries. But certainly not milk. You pay for a quart of milk. Your body gets that quart. And uses it.

Mothers: Consult your recipe book and you will find that milk can be used in almost everything. And it adds a richer flavor. It makes every dish more nourishing. It enables you to cut out costly meat. Your doctor will tell you that a quart a day per person is a good rule. Use it in soup, sauces, creaming vegetables, puddings. Use it for cereals and fruit. Use it as a beverage—at meals and in-between-meals, too. Don't be sparing with it—it is the most economical food in the world.

LIVE STOCK MARKET.

With a run of 1683 fresh cattle yesterday on the market, with the bulk of the stock medium to common, the market slowly and inclined to drag, prices barely holding steady at Monday's decline.

The market is all right for the moment, but the market has been over-run with the poor to common stuff, and packers seem to be fed up on it.

The sheep and lambs market is steady and practically unchanged, and the same probably holds true of the calves, the offerings of which were comparatively light.

The hogs were pretty well off the market, deliveries being exceptionally light, due no doubt to the unsettled condition of the trade and the uncertainty attending this week's price.

It was difficult to get a quotation, but with the threatened decline of the market and the disposition of the farmers and drovers to accept no drastic a cut in the clear of the market, the compromise offered fifty-fifty, making it 105 to the farmer instead of 115.50, as announced, this is only a suggestion, and may or may not be carried out.

Total Receipts. Receipts were 23 cars—1683 cattle, 150 calves, 422 hogs and 1477 sheep and lambs.

BULGARIA'S WHEAT CROP LARGEST ON RECORD

Sofia, Nov. 25.—Large elevators are being constructed at Varna, on the Black Sea coast of Bulgaria, to handle the country's wheat crop, which is estimated as being the largest in the history of Bulgaria and worth \$250,000,000. This work is being carried forward by Premier Stambouliiski in the hope of securing outside help for the country's wheat crop.

ARREST BELLEVILLE MAN ON CHARGE OF OBTAINING \$1900 BY FRAUD

Belleville, Ont., Nov. 25.—(Special)—B. H. Clark of this city was arrested on a charge that he did during the month of November, 1919, unlawfully with intent to defraud obtain by false pretences about \$1900 from the Union Bank at Belleville. The accused was arrested at Montreal and brought back here last night. Clark was the representative of Mason & Risch, Limited, a furniture manufacturer, in Belleville, and it is alleged that he cashed cheques in this city, drawing upon an Oshawa bank, where he claimed to have an account. His trial was fixed for Dec. 3.

TEN THOUSAND SCHOOL TEACHERS SOON TO ORGANIZE IN ONTARIO

Ottawa, Nov. 25.—Ten thousand men and women public school teachers of the province of Ontario are to become organized shortly. They are to be organized into the Federations of Male and Women Teachers of Ontario, respectively, but will co-operate whenever their mutual interests become affected. The Male Teachers' Club of Ottawa is the latest organization to join up with the new federation of men.

APPOINTMENTS IN ITALIAN ARMY

Rome, Nov. 25.—Gen. Armando Diaz, commander-in-chief of Italian forces, during the latter part of the great war, is to be appointed inspector-general of the army, while Gen. Badoglio, former chief of staff, is to become head of the general army staff, according to unofficial reports. Vice-Admiral Paolo Thaon di Revel will be appointed inspector-general of the navy, it is said.

San Francisco, Nov. 25.—Herbert E. Easton, of London, England, secretary of the British Empire Land Settlement League, died suddenly yesterday of heart failure, immediately after concluding an address before the California development board on British plans for aiding former soldiers to become farmers.

HOPE TO ENLARGE EXPORTS OF CORN

Scarcities of Available Supplies Another Factor in Raising Prices.

Chicago, Nov. 25.—Hopes of enlarged export business supplies did not seem to be higher with Dec. 1st closing quotations were strong at 1 to 2 cents net higher with Dec. 1st to 12th 7-8; oats finished 3-8 to 1-2 cents up, and provisions ranging from 15¢ decline to 40¢ advance.

SOME GOOD GAINS BY MINING STOCKS

Public Begins to Show Appreciation of What Rise in Bar Silver Means.

While the interest was chiefly in the silver stocks in the local mining market yesterday, the gold issues were by no means neglected. Bullish sentiment was strong on the floor of the exchange at the close of the trading, particularly in relation to the Cobalt, and this was hardly to be wondered at with the white metal selling at the quiet unprecedent figure of \$137 1/2 in New York.

PRICE OF SILVER

New York, Nov. 25.—Bar silver, \$137 1/2, an advance of one penny.

ALLES MAY DEFER INTEREST PAYMENTS

Postponement "Until the War Reaction Passes" is Under Contemplation.

Washington, Nov. 25.—Interest payments on American loans to the allies may be deferred "until the war reaction passes," it was said today at the Treasury. Negotiations to this end are now being conducted at the request of the allies, but officials explained that the latest advances from the Treasury's representatives at Paris did not indicate an early conclusion.

ANOTHER RECORD FOR BAR SILVER

Bar silver sold at the highest price on record in the London and New York markets yesterday, being quoted at 76d in the former and at \$137 1/2 in the latter market.

NEW YORK CURB

New York, Nov. 25.—The close on the New York curb was fairly strong following a day of rather active trading. The trend was irregular in some issues with the majority of the important stocks showing advances from a fraction to a point or more.

The World yesterday received the following news from C. Larkins: "A cable was received today that the price of the rupee in Colombo at two shillings, two pence; in other words it is now at 2 1/2 to the rupee today than it did in 1914. This is the latest advance taking place in the last week.

NEW EXPECT HON. R. H. GRANT TO BE ELECTED BY ACCLAMATION

Ottawa, Nov. 25.—While definite action has not yet been taken it is generally understood that there will be no organized opposition to Hon. R. H. Grant as premier in the event of a Drury government, who will seek re-election in Carleton county. Some days ago it was reported that Mr. Grant would be opposed by the opposition, but men closely in touch with the situation in the county are of the opinion that this course will not be followed, and unless there is some altogether unforeseen development the new minister of education will get his second election by acclamation.

Viscount Jellicoe to Arrive in the Capital Tomorrow

Ottawa, Nov. 25.—Several members of Viscount Jellicoe's staff have already arrived in the capital, and the others, with the exception of Lord Jellicoe's own flag lieutenant, are expected today and tomorrow. Lord Jellicoe himself will reach Ottawa on Thursday morning. His program while in the capital will remain somewhat indefinite until he has actually arrived here, but it is known that he will address the Canadian Club Saturday and he will also be entertained at dinner December 3, by the minister of naval services, Hon. C. C. Ballantyne.

BIG WATERWORKS VOTE

Brantford, Nov. 25.—(Special)—The plans for waterworks extensions now being worked out by the local authorities will call for an expenditure of from \$500,000 to \$1,000,000. A bylaw for this amount will likely be submitted to the council in the next few days, making almost a million dollars to be voted on.

MERCHANTS BANK CONTINUES TO GAIN

Statement for Half-Year Gives Total Assets of \$198,506,572, A New Record

Deposits Gain \$30,117,802

The Balance Sheet of the Merchants Bank of Canada as at the end of the half-year period, 31st October last, received from the Bank's headquarters here on Saturday, shows continued gains and growth on the part of this well-known financial institution.

The Total Assets have now reached the commanding figure of \$198,506,572, an increase of \$22,882,136 over the corresponding date last year. The readily available portion of the Assets amounts to \$84,014,965, an increase of \$11,566,682, by which is shown that the liquid position of the Bank has been well maintained.

That the Bank has continued to do its full share, both to the Government and the Commercial Community, is shown by an increase of \$4,682,244 in securities held of the Dominion and Provincial Governments, while current Loans and Discounts in Canada have increased by \$19,438,478 during the 12 months' period.

Note Circulation at \$15,827,373 is \$647,100 higher than a year ago with the issue in excess of Paid-Up Capital more than covered by a Deposit of \$8,000,000 in the Central Gold Reserve.

The Deposits amount to \$166,006,015, against \$135,888,213 on October 31st, 1918, being an increase for the period of \$30,117,802, of which gain \$19,368,716 was in Savings or Time Deposits and \$10,749,086 in Deposits payable on Demand—a basis of progress which cannot but be considered satisfactory.

The statement altogether makes very good reading for those who realize the important part that our Chartered Banks play in the well-being of the whole country, industrial as well as agricultural, and the figures are especially interesting, as the period covered, with the exception of 11 days, has been after the date of the Armistice and clearly demonstrates that our large and well-managed financial institutions are continuing their progress and growth on a solid basis with the war a thing of the past.

The main features of the figures of October 31st, 1919, and October 31st, 1918, compare as follows:

REAL CRISIS TO COME, SAYS CHARLIE SCHWAB

Pittsburg, Nov. 25.—The U. S. must gain, thru crisis even greater than the present labor crisis, according to C. M. Schwab. "We have got to turn to efficient and we've got to get thru some sort of a crisis to realize just what this means. The labor crisis is not big enough to produce the desired effect. It must be greater," he declared. Mr. Schwab said he did not believe the country's rejection of the peace treaty would have any effect on business but thinking the senate might have stretched the point and ratified the treaty, he does not believe that national dignity.
